

Elks Will Crown Queen Before Game Friday

Stratford Elks will crown their 1961 football queen in a coronation ceremony at 7:30 p. m. Friday on the Elk field preceding their homecoming game with the Gruver Greyhounds.

Donna Boner, a senior, Joyce Scott, Yvonne Gamble, and Charlene Wisdom, juniors, and Billie Roberts, a sophomore, were nominated by the Elks as their choice for the team queen.

Secret ballots were cast by members of the Elk squad and the elected queen will be revealed at the coronation ceremonies Friday.

The Stratford High School Student Council will sponsor a homecoming dance in the American Legion Hall following the football game. Students and ex-students up to four years out of high school are invited to attend.

The dance is expected to start about 10:00 p. m.

Stratford Elks and Gruver Greyhounds will appear on the field as two well-matched teams. It will be the first conference game for the Elks. By comparison of scores with teams the Elks and Greyhounds have played, the Elks hold a slight edge in scoring ability. However the Greyhounds are not to be underestimated. They recently turned on the powerful Perryton Rangers to hand them a defeat. The Rangers were supposedly out of the Greyhounds' class.

Gruver has six returning lettermen. Stratford has seven returning lettermen. Stratford, an underdog of the 1960-season, defeated the Gruver Greyhounds on their own field last year. The Greyhounds will be out for revenge in the game here Friday night.

The Gruver team is composed of 140 pound Tom Hale, an end; 170 pound Doyle Sturman, a halfback; 135 pound Jim Cooksey, a quarterback; 130 pound Danny Riley, a quarterback; 170 pound Tommy Lowry, a tackle; 140 pound Spunky Smith, a halfback; 140 pound Wesley Eddleman, an end; 140 pound Gary Winkler, a guard; 175 pound Ronnie Riley, a fullback; 170 pound Curtis Harris, an end; 145 pound Mart Hart, a halfback; 130 pound Bill Cator, a halfback; 160 pound Wayne Leatherman, a fullback; 170 pound Roger Vernon, a quarterback; 140 pound Francis Shapley, a halfback; 165 pound D. A. Cator, a tackle; 150 pound Tony Shapley, a center; 150 pound Allan Saltzman, a guard; 150 pound Jerry Gumfory, a center; 160 pound Ronnie Ward, a guard; 140 pound Rex Shapley, a tackle; and 130 pound Ronnie Graham, an end.

Leon "Corky" Chapman coaches the Gruver Greyhounds assisted by Bill White.

Elks opposing the Greyhounds include: 115 pound Dwight Brooks, a guard; 133 pound Phil Dettle, a guard; 122 pound Lynn Allen, an end; 138 pound Bobby Seaman, a back; 141 pound Pat Donelson, a back; 145 pound Duane Pittman, an end; 155 pound Gary Garoutte, a back; 154 pound Scott Whorton, a back; 140 pound Gary Hudson, a back; 149 pound Dean Roper, a guard; 130 pound James Britten, an end; 173 pound Dennis Plunk, a center; 160 pound Mike Peterson, a center; 174 pound Doug McBryde, a back; 171 pound Dan Newman, a tackle; 155 pound Jack Standefer, an end; 156 pound J. D. Schaffer, an end; 180 Bobby Stone, a tackle; 185 pound Jerry Dyess, a guard; 175 pound Charley Crabtree, a tackle; 183 pound Bill Kirkwood, a tackle; and 195

Mrs. Willard Scarth Is County H. D. "Woman Of The Year"

Mrs. Willard Scarth

The annual Home Demonstration Tea honoring Mrs. Willard Scarth as Sherman County "Woman of the Year" was held October 2 from 2:30 to 4:00 P. M. in the County Exhibit Building.

Home Demonstration Club plays an important part in Mrs. Scarth's life. She is vitally interested in the work and participates in many activities that result in making her home attractive and comfortable and in making Stratford a better place to live. At home, she works both inside and outside, maintaining a garden of flowers, shrubs and a variety of trees, as well as a vegetable garden. This year she has emphasized this part of her work, as she and her husband have recently built a new home and landscaping was one of the big follow-up projects. She planted rose bushes, japonicas, juniper and spruce. Also, she has seeded a large blue grass lawn which makes the setting for her many flowers and border trims. Aside from mere beauty, Mrs. Scarth has added useful plants as strawberries and grapes; these have done well and she has shared the produce with friends and neighbors. From her vegetable garden and farm produce she has frozen four hundred pounds of meat, one hundred fifty pounds of fruit and two-hundred and twenty-five pounds of vegetables in her home freezer.

A new home necessitates many inside projects and much work. Mrs. Scarth sews well and made all her own draperies. Through Home Demonstration training meetings she learned to upholster, and did one large chair completely. Also through the county-wide-work shop set-up, she took a course in refinishing furniture and refinished three pieces of beautiful and useful furniture. She demonstrated this to the Star Club in a regular meeting. She did some of the finishing details in their house, both inside and outside. She put ceramic tile on her kitchen wall and cabinet tops and painted the outside trim on her house. She also helped with the sanding and varnishing inside the house. By making use of the things she had, sewing and refinishing, she bought very little for her new home. She made a six by

Funeral Rites Friday For Mrs. Flores

Funeral services for Mrs. Tim Flores, 81, will be held in the First Methodist Church at 2:30 p. m. Friday. Her remains will lie in state at the church for one hour preceding the funeral service. The casket will not be opened after the service.

Rev. Raymond T. Dyess, pastor of the First Methodist Church, will conduct the funeral assisted by Arthur L. Golden, minister of the Church of Christ, Rev. M. E. Upchurch, pastor of the First Baptist Church, and Rev. H. Cecil Bever, minister of the First Christian Church.

Mrs. Flores died Wednesday morning in Neblett Hospital in Canyon. She celebrated her 81st birthday with a group of relatives and friends in Stratford on July 26.

Mrs. Flores came to Stratford in 1901. She and Tim Flores were married in Stratford December 20, 1903. Seven children were born to this union.

Tim Flores preceded his wife in death in 1938, and one daughter, Faye Lynn, died in 1942.

Survivors are: three sons,

J. W. Flores and Hose Flores of Stratford, and S. F. Flores of Monahans, Texas; three daughters, Mrs. Joe Munger of Canton, Ohio, Mrs. John Boney of Gruver, and Mrs. George Cannon Jr. of Amarillo; one sister, Mrs. Faye Cresens of Amarillo; 13 grandchildren and 11 great grandchildren.

Interment will be made in the Stratford cemetery.

Last Rites Monday For Mrs. Foreman

Funeral services for Mrs. W. P. Foreman, 81, were conducted in the First Methodist Church Monday morning by Rev. Raymond T. Dyess. He was assisted by Rev. M. E. Upchurch, pastor of the First Baptist Church, and Rev. Frank G. Oglesby, pastor of the Lakeview Church of Dalhart.

Mrs. Foreman died at 4:15 p. m. Friday in Coon Memorial Hospital in Dalhart. She had been in ill health for about 12 years.

Mrs. Foreman had been a resident of Sherman County for about 56 years.

She is survived by her husband, W. P. Foreman; one daughter, Mrs. K. L. Eller; four brothers, Byron Fedric and Lacy Fedric of Stratford, R. M. Fedric of Clarendon and E. T. Fedric of Dalhart; and two sisters, Mrs. Dan Foreman of Stratford and Mrs. W. A. Spurlock of Sunray.

Navy Sends Tommy Lovett Back Home

Tommy Lovett returned home last week from San Diego, California after serving 15 days in the U. S. Navy. Lovett was given a medical discharge.

Navy medical officers found him to be suffering from Neurodermatitis Disseminata, which disqualified him for retention in naval service.

Scottie Golf Tournament October 15

The Ladies Golf Association will sponsor a Scottie Golf Tournament Sunday, October 15, at 1:00 o'clock. Each lady will bring a sack lunch consisting of sandwiches and the sack lunches will be sold for \$1.00 each. The purchase will determine the partners.

Golf balls will be given as prizes.

A business meeting was held at the home of Mrs. O. L. Mahen Monday. There will not be another meeting until March of 1962.

Football Contest For 35 Young Boys Saturday

Practice time is nearly over for the 35 boys of the Stratford area who will be competing Saturday at 2:30 p. m. in the first, punt, pass and kick competition.

The public is invited to the Elk field to watch grade school boys aged 6 through 10 test their skills in punting, passing and place-kicking footballs. Entrants will receive one point for each foot the ball travels through the air, and will lose one point for each foot the ball lands on either side of a center line.

C. H. Wisdom, parts manager of Stratford Motor Co., Inc., and director of the contest, said each ball would be marked at the spot where it lands, and that distances immediately would be measured by the judges. Judges will be local men who do not have boys competing in the contest.

In case of ties in the competition for the first, second and third place winners in each age group, the competition will be repeated by those boys. First prizes will be football uniforms, second prizes will be warm-up jackets, and third prizes will be footballs.

In addition to winning the football uniform first prizes, the most skilled boys in each group also will be the running for an appearance at one of the games of the Dallas Cowboys, when regional winners will punt, pass and kick in an elimination to determine the five National Champions. Scores from every P. P. and K. competition in this area will be compared, and the best competitor in each age group chosen for the elimination appearance at the Dallas Cowboy game.

Grass Fire Tuesday

Stratford Volunteer Firemen were called to put out a grass fire 2.5 miles southwest of Stratford along the Rock Island right-of-way at 4:15 p. m. Tuesday. The fire had burned for a distance of 3 of a mile in the high wind before firemen arrived at the scene of the blaze.

Start Drive For New Scout Hut

A finance committee has been organized to raise funds for the erection of a permanent Boy Scout Hut in Stratford. Approximately 1,000 concrete tile blocks, at a cost of 25 to 28 cents each, sand and cement for mortar, and shingles will be needed for the building.

The committee believes that sufficient labor will be donated to erect the structure.

Land for the building site east of the ball park was donated to the boy scouts by the city. By using their funds which they had raised for a camping trip, the scouts managed to have a 15x40 foot concrete slab and foundation to support a building poured. They also purchased a tool shed used here by a construction company and had it moved to the building site.

By utilizing the lumber in the tool shed, it is believed a roof can be built over a permanent building with no other cost than the shingles.

W. O. Parvin, Ted Reynolds, Doyle Robinson, Orland Lasley, J. B. Wilson and Max Stephenson compose the finance committee. They will make a canvass of the city to raise the building fund.

"I believe that we can build a permanent structure which is needed by the scouts," W. O. Parvin said, "if we can get the cooperation of the people of Stratford in making small donations to the building fund."

Hampton-Hager Wedding Vows Read Saturday

Mrs. Ronald Duane Hager

Wedding vows were solemnized Saturday, October 7, in the sanctuary of the First Methodist Church, for Miss Lela Muriel Hampton, daughter of Mr. and Mrs. Grover B. Hampton, and Ronald Duane Hager, son of Mrs. Harry Hager and the late Mr. Hager of Texhoma.

Rev. Raymond T. Dyess, pastor, read the double ring ceremony at 4:00 p. m. before an arch decorated with greenery and white mums, in the presence of members of the families and close friends of the couple.

Mrs. Martha Harrison, organist, played appropriate selections and the traditional wedding marches.

The bride was escorted to the altar and given in marriage by her father. She wore a ballerina length dress fashioned of white lace over white satin, with a bouffant skirt and a fitted bodice which featured a high neckline and long sleeves tapering to a point over the hands. Her fingertip length veil of nylon tulle was attached to a rhinestone covered tiara. She carried a colonial bouquet, featuring a large white mum, surrounded by small white mums.

Miss Beverly Baker, who attended the bride as maid of honor, was attired in a street length dress of pink chiffon, and a white half hat. Her corsage was of white mums.

Herb Hager, served as his brother's best man.

For something old, the bride wore a diamond and pearl decorated locket which had belonged to her maternal great grandmother. Something borrowed was her veil, belonging to her sister-in-law, Mrs. Ralph Hampton. For something blue and something new, she wore a new blue garter.

The mother of the bride wore a two piece brown dress with brown and beige accessories. The mother of the bridegroom wore a brown dress and her accessories were also brown and beige. Both mothers wore white mum corsages.

Immediately following the ceremony, the bridal party was honored with a reception held in Fellowship Hall of the church.

The bride's chosen colors, lilac and white were featured in the decorations. The serving table was laid with a lace cloth over lilac, and was centered with an arrangement of white dahlias, flanked by lilac candles. On the ends of the table

Gene Marshall Given Captains Commission

Ira Gene Marshall, son of Mr. and Mrs. J. R. Marshall, has been promoted to the rank of captain in the United States Air Force. The announcement was made Sunday by the headquarters of the Air Force in Washington, D. C.

Captain Marshall is the budget officer at Headquarters of the Southwestern Communications Region, Randolph AFB, Texas. He graduated from Stratford high school in 1951. Later he was married to Betty Jo Huggins, daughter of Mrs. Ruby Huggins of Stratford.

Marshall has served in the U. S. Air Force for 5½ years.

Army Calls Naugle And G. Calahan

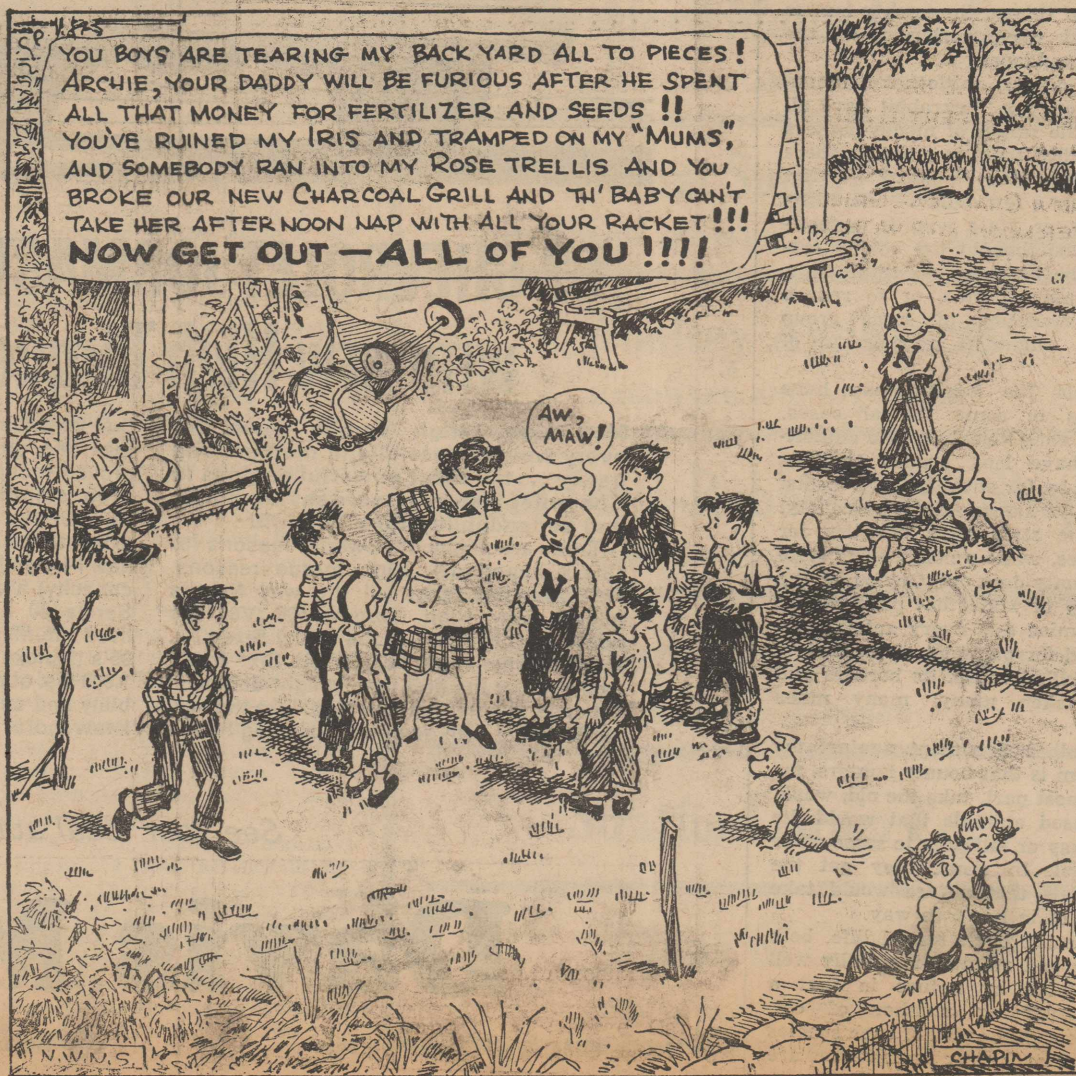

Glen Ray Naugle, son of Mr. and Mrs. Willis Naugle, and Gerald Calahan, both ex-service men, have been called from the inactive reserve for duty in the U. S. Army. They received their orders this week and will leave Stratford October 24 for Fort Hood, Texas. They will be stationed at Fort Polk, Louisiana.

Naugle had completed two years in service at Fort Lewis, Washington prior to his discharge.

Mrs. Naugle plans to remain in the home of her parents, Mr. and Mrs. Alton Brewster of Kerrick, until her husband can acquire suitable housing in Louisiana.

We don't have to show the wife who's master in our house. She knows.

Outlines Formation Of County Soil Conservation District

One petition for a Soil Conservation District in Sherman County has been returned to the county office with 12 signatures attached. Two other petitions are still being circulated in the county. Apparently no one is circulating a petition in the Stratford community.

Last week this column discussed preparations for calling an election by petition for a Soil Conservation District in Sherman County. This week it will present some information about setting up a district and the function of the Soil Conservation District Board of Directors.

If two-thirds or more of the

land owners, who vote, vote "yes", the State Board will go ahead with the organization of the district. The county will be divided into five near equal areas and the landowners in each of these 5 areas will elect a farmer or ranchmen to represent them on the district board of supervisors. These five men will be the governing board of the district. In setting up the district for the first year, the State board appoints two of these supervisors and three are elected. There after, all five members will be elected by the landowners in their respective areas.

The district board of supervisors will have similar duties in connection with the Soil Conservation District, as the Commissioners Court has in your county; your school trustees for your school district; or a city council for a town or city, except that the Soil Conservation District cannot issue bonds or levy taxes. One of the more important things a district board of supervisors does after its election is to adopt a program

A BARGAIN HOPPER is liable to hop up anywhere, jumping about from place to place, town to town. He can make some momentous leaps, consuming time, money and energy, often fruitlessly.

Add the "S" and what have you? A BARGAIN SHOPPER. Everybody knows what a BARGAIN SHOPPER

and a plan of work for the district. This program might be called an inventory.

It is a study of the amount of damage already done by water and wind erosion. The plan of work is an outline of what needs to be done and how and when it will be done.

This program and plan of work is drawn up by committees of landowners that may be appointed by the district board of supervisors for that purpose. These committees or district board of supervisors may call on all government agencies or organizations for advice or assistance.

Once conservation work starts in a district it is the duty of the district board of supervisors to call on the state and federal agencies which are represented in the district for help in carrying out the plan of work. The board of district supervisors may also call on the state board for assistance and guidance. In the same way, a farmer or rancher who needs help with his conservation work makes application to the board of district supervisors for work to be done. The individual farmer may accept or refuse any plan of work proposed by the district unless ninety percent of the farmers vote to enforce some type of land use ordinance.

It's father who is put on the pan if he doesn't bring in the bacon.

THE "bounty hunter" disappeared in the Old West many years ago. Today, as we learn more and more about wildlife and nature's own way of taking care of things, the bounty hunter is fast disappearing from the world outdoors.

The coyote, rattlesnake, mountain lion, fox, jackrabbit have all been the target of money-hunters who killed them in great numbers to collect the "reward"—a few cents or a few dollars—offered by county or state wildlife authorities who thought the bounty system the best way to eliminate a particular species, or to reduce the population of some group which might be getting out of hand.

While the bounty may have merits in some special cases, many enlightened wildlife authorities have long argued that its faults by far outweigh its benefits.

Let us assume that one county, or one state pays bounties for coyotes, while a neighboring state or county does not. Obviously, the county or state that pays cannot determine that every animal presented for payment of the bounty was killed within its borders and not taken many, many miles away.

Another argument against the system is that bounty hunters, for the most part, take the old, weak, diseased animals that would die anyway or fall prey to some other animal. In short, they get the animals that nature would take care of in her own way.

The life cycle for wildlife, both birds and animals is usually well regulated by nature in that a corresponding number of old, weak and diseased of each species die off each year as new ones are born.

Invisible Government

The Council on Foreign Affairs and its affiliates have become the invisible government of the United States.

We claim to be a world-leader, but our government urges timid policies of appeasement and surrender. This makes us a world whipping-boy rather than a world leader. We claim to believe in the dignity and worth of the human individual, yet the modern liberals who run our invisible government urge an ever-growing welfare state which is destroying individualism.

What can Americans do about it?

It has been suggested that a full-scale investigation by the F.B.I. might be the answer. But the fact is that the F.B.I. has no jurisdiction to investigate the kind of activities en-

gaged in by the Foreign Policy Association and its related affiliate organizations. The Foreign Policy Association is not a communist organization. If it were it could be handled easily. The Attorney General and committees of Congress could sim-

ply post it as a communist organization. Then it would receive support only from people who are willing to support the communist conspiracy.

Could the Treasury Department take action against the Council on Foreign Relations?

The Treasury Department could destroy all of the organizations making up the invisible government by simply withdrawing the tax-exempt privilege. It is unlikely that this will ever happen since the Council controls (Continued on Page 3)

Hawkins Observe 50th Wedding Anniversary

Mr. and Mrs. Carl Hawkins, parents of Wesley Hawkins of Stratford, observed their 50th wedding anniversary quietly at their home in Texhoma September 29. Because of illness they were unable to hold open house for their friends as they had planned.

Mr. and Mrs. Hawkins came to this area in the early days. They were married in Stratford on September 29, 1911 by Rev. J. L. Mahan, and lived on a homestead near Griggs until 1935. At that time they moved to Arkansas, but returned to the Oklahoma Panhandle in 1938.

the Department. Douglas Dillon, Secretary of the Treasury is a member of the CFR.

It has even been suggested that a congressional committee investigate the Council on Foreign Relations and the other interlocking organizations. Two different committees have tried to investigate some big tax-exempt foundations. Both committees were viciously denounced and ridiculed not just by the official communist party press but by internationalists in the Congress and by big respected publishing and broadcasting firms which are a part of the controlled propaganda network of the CFR.

The ultimate solution lies in many profound changes in the policies of government which cannot be effected until a great many Americans have learned a great deal more about the American constitutional system than they know now.

Citizens should write their Congressmen. It does do some good!

Where will you find a college professor or a school teacher who will not defend the large Foundation which gives 25 million dollars to raise their salaries?

Where will you find a plain citizen who is not favorably impressed that the hospitals and colleges in his community have received a multi-million dollar gift from a big foundation?

In every significant movement to destroy the American way of life we find that it has been directed by tax-exempt organizations which are entrenched in public opinion as benefactors of our society.

There is only one way to stop this great and rapidly growing evil — and that is to cut it out as if it were cancerous which it is. The only way to cut it out is to eliminate the income tax system which spawned it.

The job of every American who knows and cares is to make sure that all of the people in the invisible government network know exactly what they are do-

Color is the only visual means of determining the quality of a hay. A bright green color is an indicator of high quality, says U. D. Thompson, extension animal husbandman, and should be looked for when hay is purchased.

WHAT is the most difficult wing shooting of all? Ask a dozen hunters and chances are not many of them will agree. You'll get votes for quail, mallards, grouse and doves, most likely.

In this writer's opinion, there is no more difficult target on wings than the dove. His speed is deceptive and his flight pattern is erratic. He seems to be ambling along in straight flight until you bring up your gun sights and then he darts from side to side with amazing rapidity.

Dove shoots, traditional in the South, are a boon to ammunition manufacturers. A dozen or so hunters will scatter about a field where doves are likely to feed creating an apparently impenetrable gauntlet for even the speediest dove. And yet it happens: a dove will fly over the field, accelerate his flight with the first gun blast and zoom clear across the field untouched. As many as ten hunters may have fired at him.

Of course, many doves don't get away. Shooting over a good field, in good dove territory, ten hunters may each get their limit. Usually, however, they expend plenty of ammunition in the process.

This is true, as we said, because the dove is a tricky fellow, given to quick bursts of speed which make him a difficult target. Often, the inexperienced dove hunter will misjudge not only the bird's speed, but his altitude, taking many impossible shots... shots at birds too high, shots at birds too far away.

Bob White creates an explosive atmosphere when he rockets into the sky. The mallard is swift and alert to danger. A startled grouse is no easy mark. But the whistling sound of a dove in full flight is an exciting sound and a solid challenge to any sportsman's shooting ability.

This one takes the roof off!!!

You've never seen anything like the Scout — for work, play or what-you-will. It's got an all-steel top that comes off in minutes. An all-steel body that hauls man-size loads of cargo.

JUST OUT...the SCOUT!

It carries three passengers on a full-width front seat, has extra seating on full-length rear wheel housings. And it's powered by the husky INTERNATIONAL 4-cylinder Comanche engine that saves on gas and oil. Optional all-wheel drive provides off-road traction. Optional Travel-Top converts it into a town delivery.

A whole new idea in low cost transportation!

This is the Scout, a neat and nimble pickup. Small in size, light in weight. Fun to drive for business or pleasure.

Same Scout with the roof off. Top is removed in minutes, to give you a vehicle for any kind of activity.

Same Scout stripped for action. For special duty, doors, windows lift off, windshield folds down or detaches.

What Compells a Man?

"And he said to them all, If any man will come after me, let him deny himself, and take up his cross daily, and follow me."
St. Luke 9:23

THIS is one of the most compelling statements Jesus ever made: His invitation to everyone to follow Him. Hundreds of them did as He asked — they followed Him even when it meant discarding worldly possessions, loved ones, and hardships one can not imagine today.

What is more amazing, however, is that this call is literally being answered in our modern world. An article in a national magazine recently told the story of hundreds of men — successful lawyers, doctors, engineers, accountants and even policemen who have abandoned well-paying jobs to become ministers at ages ranging from 40 to 65, when most men are settled into a routine or preparing for retirement.

What compels a man who is successful to give these things up for the daily task of an underpaid ministry?

This is one of God's mysteries, but it is evident that the lessons of the Bible are still being enacted in our modern world.

Mrs. Cartrite Is Hostess To Southside Club

The Southside Home Demonstration Club met Tuesday, October 10, with Mrs. Arthur Cartrite.

The meeting was called to order by the president, Mrs. Joe Everett.

Mrs. T. F. Baskin led the group in singing "Li'l Liza Jane".

Members answered the roll call by answering the question, "Did you plant tulips? and how many?"

Mrs. Sweny and Mrs. Cartrite prepared the demonstration of variety meats, and each lady was given these to eat with the refreshments. The group agreed

that most of them were delicious.

Those present were Mrs. Crunch, Mrs. Vernon Morris, Mrs. Ray Morris, Mrs. Joe Everett, Mrs. Don Ellison, Mrs. Neal Spurlock, Mrs. Troy Welch, Mrs. Vernon Carter, Mrs. Emma Naylor, Mrs. John Lavake and Mrs. Meritt Sweny.

Mrs. Ruby Campbell, Home Demonstration Agent, started a sewing course Thursday afternoon at the home of Mrs. T. F. Baskin.

The next meeting of the club will be October 24, with Mrs. Don Ellison.

Casey Kay Speaks At P-TA Meeting

The Stratford P-TA held its first meeting of the school year Monday at 8:00 p. m. A large attendance was on hand for the interesting and inspiring program of the evening.

The audience joined in the Pledge of Allegiance to the United States Flag, and to the Texas State Flag, and to the national anthem, "The Star Spangled Banner," followed by the fifth grades singing, "Texas, Our Texas," and a beautiful interpretation of "Where Else But In America," under the direction of Mrs. Lorraine Mehner, the school music director, who was commended highly on her fine work by the speaker of the evening.

Casey Kay, vice president of Industrial Relations and Public Relations at Lubbock Christian College, who travels thousands of miles, and make hundreds of speeches each year, stated that this was the most inspiring thing he had seen in a school, and praised the student, faculty and school administration.

In a challenging and thought provoking analysis of the American heritage, and the future of the country, Mr. Kay stressed the importance of the duty of each and every citizen to be well informed on local, state, national and world affairs, and to take an active part in politics by voting for principals, instead of for a party, and by letting individual thoughts and wishes be known through messages to the elected representatives.

In a shocking review of the spread of Communism, the speaker traced the plan for conquering the world, as outlined by Lenin, from its beginning through the present, and stated that according to information in the Congressional Record, America is to be infiltrated and taken over by Communism in 1973.

"The Peoples Planners of this nation do not believe the people to be capable of thinking for themselves and are being led down the path toward Socialism, with the inevitable result that apathy will be the rule, rather than the exception, among the workers and youth of this great land. Ambition will be a thing of the past. Initiative will be non-existent. As an example, suppose that one student has an average grade of ninety, and another an average of 70. If 10 points are taken from the 90 and added to the seventy, then both students will pass.

Or, to begin with, just give everyone a 75, and all will be equal. Your money would be

distributed in such a manner under socialism, to produce, achieve or to create.

In the past twelve years, the government has given foreign aid to the astronomical amount of 89 billion dollars. Not just

your tax dollars, but the children's future tax dollars. And in few countries, which have been the beneficiaries of this aid, would the United States win a popularity contest.

A Church Loyalty Crusade begins at the Christian Church this Sunday, October 15 and continues on through December 3, 1961. The program is named "Eight Memorable Sundays in God's House," and will be featured by a series of sermons by the pastor, H. Cecil Bever. The morning sermons will be based upon the Teachings of Jesus and the evening sermons on Great Chapters of the Bible. Each member of the church keeps his own attendance each Sunday by turning his Name Card on a large Attendance Board for the eight Sundays. Special Features will be in evidence each Sunday night. Some of these are: "Sunday School Night," "Fill A Pew Night," "Family Night," "Youth Night," "Men's Night," and "Birthday Night." This Sunday night, October 15, will be known as "Bible Night." Each worshiper is encouraged to bring his Bible to Church and there will be a table display of Old, New, Large, Small and Unusual Bibles. Anyone having such Bible is asked to contact the pastor, that it might be displayed. There will also be a "Service of Recognition For Teachers," at this service. The pastor will preach on the theme, "Genesis — Beginnings."

Governor Sees Fewer Youths In Car Accidents

Climaxing the third annual Texas School Traffic Safety Week, Governor Price Daniel said Friday that new figures from the Texas Department of Public Safety and the Texas Education Agency indicated "major progress in reducing involvement in fatal traffic crashes through the steady expansion of driver education

classes in Texas public schools."

The Governor said: "The Texas Education Agency, reports that 184,937 Texas public school students passed driver education courses in the four years between 1953 and 1956. During that same period of time, the Department of Public Safety reports that 2,384 Texas drivers between the ages of 15 and 24, the high school and college age group, were involved in fatal highway crashes.

"During the last four years," the Governor continued, "the Department of Public Safety reports that 1,888 drivers between the ages of 15 and 24 have been involved in fatal highway accidents, a reduction of 496, or

Two County TSTA Meeting In Dumas

The first meeting of the Moore-Sherman Texas State Teachers Association was held in the high school building in Dumas at 7:30 p. m. Tuesday. All of the Stratford teachers attended.

APPRECIATION

Many thanks to all my friends and relatives for the visits, cards, gifts and flowers I received while I was in the hospital, and thanks to the teachers and class mates for helping me on my return to school.

Paulette Bardwell

SINCERE THANKS

My wife and I wish to express our thanks and appreciation to our relatives, friends and neighbors for all their visits, flowers, cards, food and other acts of kindness while I was in the hospital, during which time my wife stayed with me in Dumas, and since our return home.

W. L. Hankey

EXPRESSING GRATITUDE

With deepest gratitude we express our thanks for the many kind acts of sympathy by neighbors, friends and relatives in the loss of our loved one. For the cards, flowers, and personal calls she received during her illness. For the floral offerings, your time and the food so freely given, we are most appreciative.

Erma Ford New Inter-State Fair Queen

Miss Erma Ford, 17-year old daughter of Mrs. Reggie Ford, was chosen Queen of the 1961 Inter-State Fair in Dalhart at the Rita Blanca Coliseum Thursday night of last week.

Runners-up were Susan Langhorne, daughter of Mr. and Mrs. Robert A. Langhorne of Dalhart, and Laura Belle Robinson, daughter of Mr. and Mrs. W. A. Robinson of Textline. They served as attendants of the queen.

Miss Juanita Carol Thompson of Keyes, 1960 Queen, crowned Queen Erma, and Pete Priestly, master of ceremonies, presented a bouquet of red roses to the queen.

Fair President O. J. Seago presented the queen's trophy, a gold loving cup, and a check for \$25.00. He also presented trophies to Miss Langhorne and Miss Robinson, and a smaller one to each of the other 13 contestants.

The new Inter-State Fair Queen was born at Robstown. She plans to take business as her college major.

A style revue, under the direction of Mrs. Charles Durr of Kerrick, followed the queen's contest.

Garland R. Marshall on October 1 became a resource development specialist for the Texas Agricultural Extension Service. His headquarters will be at College Station and his work will be on a statewide basis.

eight foot braided wool rug. To make an extra bed, she bought one new mattress and box spring. Other than this, she redecorated used pieces and made her home even more attractive with the familiar family furnishings than it would have been with new furniture. She uses her home for the pleasure of her friends and family, entertaining club and community groups often.

Mrs. Scarth is a member of the Baptist Church and attends regularly—teaching an adult Sunday School class each Sunday morning. She also belongs to the Woman's Missionary Union of the Baptist Church and is currently treasurer of this organization.

Home Demonstration Club work occupies much of Mrs. Scarth's time and abilities. She enjoys the work and is always willing to serve in any capacity. In the past year, she has been chairman of finance in council and is at present chairman of the Yearbook committee. She attended District Meeting in April and State Meeting in August. Aside from these general activities, she has been available through the year for special activities and projects, such as helping serve Lions Club to help finances and helping with 4-H work. She was narrator for the 4-H Dress Revue in July, which she did willingly and well.

Other candidates were: Mrs.

HIGH BALL TIME . . . Shapely Carol Maye keeps in step with the football parade these days as she leaps high to grab the pigskin during a Las Vegas, Nev., game.

The Texas County Agricultural Agents Association in their annual meeting in San Antonio, October 2-3, elected R. B. Tate, Bexar county agent, president; A. S. Milikien, Dallas, first vice president; Billy Percival, Fayette county assistant agent, second vice president and T. J. Kennedy, Young county agent, secretary-treasurer.

Ralph Renner of the Lone Star Club of Texhoma, Mrs. J. L. Naylor of the Southside Club of Spurlock, Mrs. Oma Ellison of the Happy Hour Club of Stratford, and Mrs. Arline Baker of the Better Homes Club of Stratford. Judges were officers of the Carson County H. D. Council and reached a unanimous decision after viewing each candidate's accomplishments in the home, club, county, church, community and character. Mrs. Virgie Bidy gave an interesting book revue of "Especially Father" by Gladys Taber. Twenty-five friends attended the tea.

SCRAMBLED EGGS . . . Guard bars at the back of this delivery truck gave way and 12,000 eggs were spilled into the street to form a giant omelet on the street in San Diego.
