Chester Guthrie Is Candidate For County Judge

Chester Guthrie, retiring business manager of Southwestern Public Service Co. in Stratford, is a candidate for the office of County Judge and Ex-Officio Superintendent of Schools of Sherman County. In making public his desire to serve the people of the county in the office of county judge, Chester Guthrie, made the following statement:

"I wish to announce my candidacy for the office of County Judge of Sherman County subject to the action of the Democratic Primary election May 5.

As of February 1, 1962 I will be retired from my position as local manager for Southwestern Public Service Co. after almost thirty-one years in this position with two different utility companies. I will thus be free to devote all of my time and effort to the position I seek.

I have been encouraged by many of my friends to seek the office of County Judge, and since I feel that there are several more years of service that I can give, this will give me the opportunity to give the same people who have known me over these thirty-one years.

I am a veteran of World War I and have been an active member of the American Legion for thirty-five years and have held every office in the local post at one time or another.

I have been a member of every active Lion's Club since moving to Stratford, and have held some office in the club most of the more than twenty-five years of membership.

For the past several years I have been a member of the Child Welfare Board, which has its members appointed by the district judge and the county commissioners.

My wife and I attend the Baptist Church and consider it our church home.

I am familiar with the workings of the Commissioners' Court and pledge my assistance to them and all other county offices in any manner in which I can be of service to the people of this county.

Your support and good-will will be appreciated in the election to choose your County Judge. If elected, I will consider it a public trust and will conduct myself in every way in a manner which will justify the obligation and trust placed upon me by such election."

March Of Dimes Trap Shoot Sunday

The annual March of Dimes trap shoot is scheduled to start at 1:00 p. m. Sunday, January 21, at the Stratford Gun Club grounds west of the city.

Turkeys and bacon will be given as prizes, Dale Knight, trap shoot manager, announced this week.

Guns and ammunition will be available at the Gun Club grounds, Knight said.

Worry Furnishes Employment

"Worry is like a rocking chair, it keeps you busy but it doesn't get you anywhere."

MR. AND MRS. WALTER H. CLEMENTS

Tom Wakefield Candidate For Commissioner

Tom Wakefield announces his candidacy for a second term of office as County Commissioner of Precinct Four subject to the action of the Democratic Primary election May 5.

Wakefield is a native son of the county, and was educated in the local schools. His business experience is based on the knowledge acquired during the years he has been engaged in livestock and farming operations.

Tom Wakefield believes that the service he has rendered while in office entitles him to the privilege of placing his record of work before the voters of precinct four for their consideration as a recommendation for election to a second term of office.

Wakefield says that he appreciates the support the voters of precinct four gave him in the election four years ago, and the cooperation he has enjoyed in working with them during his first term of office. He will appreciate their continued cooperation and support in the coming election May 5.

"If elected," Wakefield said, "I will do my best to serve the taxpayers of the county to the best of my ability."

Fred Sanders Stationed At Camp Carson

Mrs. Pete Ellison has received the address of her son, Fred Sanders, who went into military service January 2. He would appreciate hearing from his friends. His address is: Pvt. Fred Sanders, RA18620712, Co. H-2, 2nd Batt. 3rd Tng. Reg. (BCT), Fort Carson, Colorado.

Friends and relatives of the vicinity gathered recently in the Dalhart home of Mr. and Mrs. Walter H. Clements to help celebrate the couple's golden wedding anniversary. Their children and grandchildren hosted the happy event. Corsages were furnished by their niece, Mrs. Harold Gray of Stratford.

A two-tiered anniversary cake was the focal point on the pretty refreshment table and gift arrangements of cut flowers and blooming plants provided the decoration of the home. The daughters and daughters-in-law served.

The couple's children are Mrs. Jennie Cantrell, Walter Clements and Jim Clements, all of Dalhart; Mrs. Austin McCown of Texline; Russell Clements of Medford, Oklahoma, and Mrs. Jess Spillman of Modesto, California. All of the immediate members were present other than Russell Clements. He and his wife became parents of a daughter at the time.

During the afternoon, Mrs. Raymond Self, Mrs. Charles Clements and Miss Lavinia Clements, granddaughters, circulated the guest book.

Among those from out of town were Mrs. Harold Gray, Earl Smith, Mr. and Mrs. Jack Seig, Stratford; Mr. and Mrs. R. E. Dayton and Mrs. Ed Clements, Abilene; Mrs. C. F. Hartman and Mrs. John Tillerson, Wichita Falls.

Sending gifts from out of town were Mr. and Mrs. Beul Rogers and family, Hughson, California; Mr. and Mrs. Raymond Spillman, Modesto, California; Mr. and Mrs. Roy McAdams, Lovington, New Mexico; Mr. and Mrs. Ira Perry, Abilene, Texas; Mr. and Mrs. Tom Clements, Gustine, Texas; Mr. and Mrs. B. L. Fisher, Dallas; Mr. and Mrs. Elwood Johnston, Wichita Falls; Mr. and Mrs. Russell Clements and family, Medford, Oklahoma; Mrs. Ruby Webb, Fowler, Colorado; Mr. and Mrs. R. J. McCown of Erick, Oklahoma.

Mr. and Mrs. Walter H. Clements were married in Stratford December 19, 1911. They made their home in Sherman County until 1935 when they

Mrs. M. F. Lowe Candidate For County Treasurer

Mrs. Madge F. Lowe announces her candidacy for the office of County Treasurer of Sherman County subject to the action of the Democratic Primary election to be held Saturday, May 5.

Mrs. Lowe states that this is the first time she has asked for a public office. She has been a resident of the county for more than 30 years. She lived in the county with her parents for 15 years. After her marriage to the late W. J. Lowe, she moved with him to Gruver where they operated the Gruver Service Station for 15½ years. During this period Mrs. Lowe did the required clerical work of keeping the records of the business. She moved back to the county with her husband in May of 1946.

Since the death of her husband, Mrs. Lowe has devoted her time to her home, in which she has conducted a business of sewing and making alterations.

Mrs. Madge F. Lowe believes that the years she has spent in business and in public life have given her the required qualifications for performing the duties of the office she seeks.

Mrs. Madge F. Lowe states that "If elected to the office I seek, I will do my utmost to conduct the duties of the office to the satisfaction of the taxpayers in cooperation with the other county officials."

Mrs. Madge F. Lowe will appreciate the consideration of the voters of Sherman County in the coming campaign, and any support they may give her in the Democratic Primary election May 5.

Arthur Ross Candidate For County Judge

Arthur Ross announces his candidacy for the office of County Judge and Ex-officio Superintendent of Schools of Sherman County subject to the action of the Democratic Primary election to be held Saturday, May 5.

Arthur Ross is a pioneer settler of the county, having moved to Stratford in March of 1903. He and his family lived on a ranch seven miles east of Stratford until 1914, when he was a successful candidate for the office of Sheriff and Tax Collector. He held the office for two terms with an efficient record.

In 1918 he helped organize the Sherman County National Bank, and served as cashier of the bank until 1933 when the two banks of Stratford were consolidated into one bank. At this time, Arthur Ross became vice-president of the First State Bank of Stratford and was also a director and stockholder of the bank. Several years later he became secretary-treasurer of the newly organized Stratford Farm Loan Association and served in this capacity until the Stratford Farm Loan Association was consolidated with the Dalhart and Channing associations. After this time Arthur Ross owned and operated the Ross Dry Goods Store in Stratford.

Arthur Ross has a record of serving the community in many civic endeavors over the past years. He served as mayor of Stratford for a number of years, and was chairman of the Red Cross for a period of years. For the past 18 years Arthur Ross has served as chairman of the draft board.

Arthur Ross states that if elected, he will devote his full time to the office of County Judge. He believes that his many years of service and experience in this community have prepared him for this office and if elected he will endeavor to serve the people of this community to the best of his ability.

Arthur Ross will appreciate the consideration of the voters of Sherman County in the Democratic Primary election to be held May 5.

City To Elect Mayor And Two Councilmen

A mayor and two councilmen will be elected in the city election to be held at the city hall in Stratford on Tuesday, April 3. The terms of office of Mayor W. O. Bryant and Councilmen H. H. Caraway and E. R. Bell are expiring.

Candidates must file with the city secretary at least 30 days before the election for their names to be eligible to appear on the ballot.

Councilmen K. L. Eller, John Knight and Howard Etheridge are holdover officers for another year in office.

Oil and gas are produced in 196 of Texas' 254 counties.

The Sherman County Crops Committee has completed arrangements for the Extension Agronomy Team to visit Sherman County and appear on a farm program to be held in the County Exhibit Building in Stratford January 30. Members of this agronomy team of specialists will discuss local problems and answer farmer's questions at the meeting.

Billy Gunter, Extension Service Agronomist, stationed at Lubbock, will discuss progress made with hybrid sorghums and small grains and general agronomy problems in this area.

Jim Valentine, Extension Soil Scientist, who operates the Soils Laboratory at Lubbock, will discuss soil samples and some of the soil problems they are finding in this area.

Dave Sherrill, Extension Service Irrigation Specialist, located at Lubbock, will discuss improved methods and irrigation problems on the high plains.

The specialists are being brought to the county by request of local farmers through the Sherman County Crop Committee. Horace Sneed, chairman, announced, and they encourage local farmers to take advantage of this opportunity to discuss their farm production problems with these men.

J. R. Marshall Candidate For Justice Office

J. R. (Bob) Marshall announces his candidacy for the office of Justice of the Peace of Precinct Four subject to the action of the Democratic Primary election to be held Saturday, May 5. It will be his first campaign for an elective term of office.

Marshall was appointed to the office by the Commissioners' Court March 1, 1961 to fill the 22-month unexpired term of the resigning official.

He moved to Sherman County with his wife and children in 1926, and has been associated with the farming industry since that time.

In placing his candidacy before the voters of Precinct Four for their consideration, Marshall said, "I appreciate the cooperation and support of the people since I have been in public office. I will appreciate their consideration and continued support in the campaign and coming election. If elected to the office I seek, I will continue to serve the people to the best of my ability."

Nation's Mailmen Are Potent Force In March of Dimes Disease Battle

A small, yellow envelope serving as a harbinger of an expanding war on crippling disease arrives in the mailboxes of 40 million American families this week.

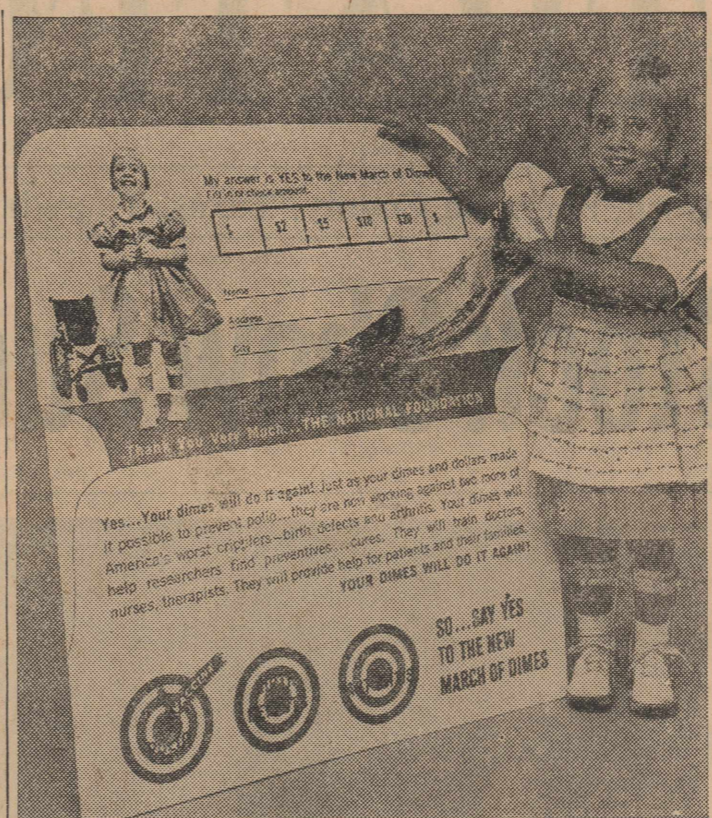

It brings the "mailer" of the 1962 March of Dimes, now dedicated to seeking the answers to birth defects and arthritis while continuing its work in polio. Printed on each envelope is the confident prophecy, "Your Dimes Will Do It Again!" Addressed by tens of thousands of volunteers in the county chapters of The National Foundation - March of Dimes across the nation, this symbol of scientific research and total medical care for the victims of these diseases promises immediate help and future hope through the generosity of the American people.

The prediction on the mailer, "Your Dimes Will Do It Again!" is a reference, of course, to development of the Salk anti-polio vaccine and to the later Sabin oral vaccine. Both were made possible, as were the medical care and rehabilitation of many of those paralyzed by polio, by public contributions to the March of Dimes. Many millions of the dollars so well used to bring about these accomplishments came to local chapters through similar mailers in years past.

Recipients of these mailers, including those in distant Hawaii and Alaska, were urged by March of Dimes leaders this week to return the mailers to local chapters as promptly as possible.

As one chapter chairman said: "Aside from financial outlays needed urgently for research and for total medical care of victims, The National Foundation - March of Dimes must expand its already existing national network of chapter-supported clinics helping those stricken by birth defects or by arthritis."

"The figures give you an idea of the appalling magnitude of

the problem. Each year in this country, at least 250,000 infants are born with significant birth defects and 21,000 die. This we must prevent.

"As to rheumatoid arthritis, fully 30,000 children and adolescents are crippled. Altogether, more than 11 million Americans suffer from the arthritic diseases. This must not happen in the future."

"When we say to the public that 'Your Dimes Will Do It Again!' it's not an empty boast. We mean precisely that. Some folks believed that the answer to polio would never be found.

But our scientists never abandoned hope and, because of March of Dimes contributions from those who believed as we did, the answer was found. Tens of thousands of lives have been saved since then, and tens of thousands saved from crippling.

"None of us, scientists included, knows when the answers will be found to birth defects and arthritis. We just know, as we knew with confidence before the Salk vaccine, that those answers will be found provided sufficient public support is forthcoming."

Mrs. Chesmer Is Hostess To Nu Beta Sorority

The Nu Beta Chapter of Beta Sigma Phi met January 11 at the home of Mrs. Paul Chesmer.

Committee Chairmen reported on details concerning the annual Valentine Ball which will be held February 10, and members voted to sponsor a National Indignation Convention speaker if one is available.

Mrs. Joe Flores gave a program entitled "Speaking On Radio and Television." Members participated by recording their voices on tape, and told of pet peeves associated with TV and radio personalities.

A social hour followed the business meeting, and refreshments were served by the hostess and co-hostess, Mrs. Neil Jackson, to Mesdames Don Dietrich, Oran Howel, Alvin Engelbrecht, Joe Flores, Jack Vincent, Gail McDaniel and Ernest Goule.

Among the Sick

Mrs. F. L. Yates has been on the sick list this week.

Mrs. Darrell Cotney was brought home Monday from Moore County Memorial Hospital where she underwent surgery Wednesday of last week.

Mrs. Grover Keown is in Coon Memorial Hospital in Dalhart for medical examinations. She hopes to return home the latter part of the week.

Mrs. Eugene Hudson was admitted to Memorial Hospital in Dumas Thursday of last week as a medical patient. Examinations are being made in an attempt to diagnose the cause of her illness.

SNOW TOMORROW?

SEE THE SCOUT® TODAY

Winter wonderlands won't worry or weary the new INTERNATIONAL SCOUT. Its 4-cylinder, 93-horsepower Comanche engine packs power aplenty to plow snow or push stalled cars. Front-mounted winch and 78-inch snow plow with hydraulic lift are winter-ready options built especially for the all-wheel-drive SCOUT.

Snug in the weathertight, all steel cab, warmed by a high-capacity fresh-air heater/defroster, you can laugh at winter's worst and keep on going. The SCOUT's 100-inch wheelbase is ideal for tight turns — a full circle in less than two lanes. And its 13-foot over-all length and 68 inch width take less room in the cramped space plowing and winter servicing may allow.

LETTERS To The Editor

Dear Editor:

"You've watched a TV or movie situation in which a man is made to dig his own grave while the villain hovers nearby with a rifle. And you've thought to yourself, 'Stupid, you're going to be killed anyway, why don't you take your spade and paste him one in the kisser?' You may as well go down fighting."

"And, yet, today's taxpayer is being cast in a corresponding role as the Government forces him to dig deeper in order to finance the wildest free-spending spree in history. There is no choice, no voice, for the condemned, we just keep digging.

"Or is there none? Who says we cannot paste our congressman in the face with a spadeful of letters, telling him to lay down that rifle and grab a rein on this run-away gravy wagon."

Russ Metz Editor, The Bath County News-Observer, Owingsville, Kentucky

Dear Editor:

Recently I completed a very alarming book entitled, "The Web of Subversion", written by James Burnham. This book deals with names, dates and specific facts concerning a small portion of the Communist infiltration within our government. These exposures were made prior to May 17, 1954. On that date, by executive order,

Ordinance No. 152 Regulating Speed Of Trains

An Ordinance

Entitled an ordinance regulating the speed of electric, gasoline motor and steam locomotives or trains within the City limits of the City of Stratford, Texas: Providing for a penalty for the violation hereof, and repealing all ordinances contrary hereto.

Be it ordained by the City Council of Stratford, Texas:

Section 1. That it shall hereafter be unlawful for any engineer or other person in charge of any electric, gasoline motor or steam locomotive or train to run the same within the corporate limits of the City of Stratford, Texas, at a greater rate of speed than thirty-five (35) miles per hour.

Section 2. Any engineer or other person in charge of any electric, gasoline motor or steam locomotive or train violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof in the corporation court of the City of Stratford, Texas, shall be fined in any sum not more than one hundred (\$100.00) dollars.

Section 3. All ordinances or parts of ordinances in conflict herewith are hereby expressly repealed.

Passed this the first reading on 26 day of October A. D. 1961.

PASSED second reading on 9 day of November A. D. 1961.

PASSED third and final reading and becomes effective this the 28 day of December A. D. 1961.

President Eisenhower made such further exposures impossible.

Mr. Burnham explains how this 'web' of subversion has been spun around our entire government until no branch is free of communist influence.

We see this influence every day in our newspapers and magazines. Some of our "people planners" want to furnish more monetary aid to our enemies and to heap aid on the so-called "neutrals".

These planners may not be outright communists, but certainly their sympathizings show the degree of Communist influence at work.

Those that press for socialistic measures and the welfare state reflect the spread and depth of the 'web.' The socialistic drift of American domestic policy appears too planned and to well organized to be merely coincidence.

If I may quote Mr. Krushchev shortly before his visit to the United States, "We cannot expect the Americans to jump from Capitalism to Communism, but we can assist their elected leaders in giving Americans small doses of socialism, until they suddenly awake to find they have Communism."

The only way to wipe out this web which has its grip on our government is for all Americans to be armed with a more complete knowledge of Communism and its dangerous workings.

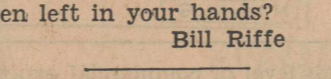

Are you doing anything to preserve the freedom which has been left in your hands?

Bill Riffe

Agricultural Advisory Commission Gives Recommendations To Congress

The National Agricultural Advisory Commission, upon completion of a two-day review of policy and program recommendations which the Administration is preparing for submission to Congress, said the rapidly growing productive capacity of agriculture must be brought into line with attainable outlets.

The Commission's review is one of the final steps in the development of legislative recommendations aimed toward adaptation of agricultural programs to the conditions of the 1960s. This involves not only commodity supply programs but also national land and water policy and national food policy.

Such a comprehensive approach is necessary, in the view of the Commission, because agricultural output long has been and now is outrunning the

growth of U. S. population and export demand. In addition, the Commission noted that the American people are increasingly interested in uses of resources for recreation and additional purposes other than commodity production.

The Commission suggested a high priority for "an expansion of programs to use more effectively the great productive potential of the U. S. farmer to meet the food and fiber needs of all Americans and to a larger extent the needs of the free peoples of foreign lands."

On foreign trade problems, the Commission stated: "We recognize the importance to American agriculture and to the economic strength of the free world the necessity of at least maintaining the current

Gene Guthrie Retiring, Gene Wilson Named Company Manager

Gene Guthrie will retire on January 1 as Stratford manager of the Southwestern Public Service Company, and will be replaced by Gene Wilson, who is associated with him at Stratford for many years.

Chester Guthrie has spent 35 years in the electric power industry, with more than 30 years of that service being in Stratford. In 1957, he was named as Stratford's "Citizen of the Year," in recognition of his many contributions to community life while living here. In 1959, he won the Outstanding Manager award from the Southwestern Public Service Company's Panhandle Division at the Company's annual sales meeting.

Gene Wilson's service with Southwestern Public Service Company, and predecessor organizations, dates back to 1938,

farm products at home and abroad will still leave important segments of American agriculture with a production potential that is in excess of quantities that can be marketed at fair and decent prices.

"We agree that accumulation of stocks in government hands at high and unnecessary expense to taxpayers is not an acceptable escape valve. We are convinced that supply adjustment programs must be developed on a commodity-by-commodity basis, with due recognition of the close relationship existing among particular crops.

"Production adjustment programs should be designed to (1) maintain or increase farm income, (2) insure abundant supplies to consumers at fair and stable prices, and (3) reduce government expenditures. In order to reduce expenses that must be borne by taxpayers, it is necessary to limit production to a level that will in some cases reduce past accumulation of stocks. This can be done efficiently and with minimum cost only if adjustment programs provide for the participation of all producers subject to two-thirds majority vote in a referendum.

"We believe the record shows that open-end production programs with quite low price guarantees do not meet the goals of farm income but do result in unacceptable burdens on taxpayers in the form of high costs of storage and accumulated stocks; witness feed grains.

"On the other hand, tobacco is an example of a commodity program which has met reasonably well all of the stipulated requirements. Although the historical record is not yet so clear, we are convinced that strictly voluntary emergency type programs present a great risk to achieving income objectives at reasonable cost if continued into 1963 and beyond. We therefore urge that the Secretary continue his vigorous efforts to present proposals to the Congress and to the farmers that will meet the requirements outlined in this report."

The Commission considered both Federal Budget problems and the general status of the economy. One of the problems discussed was that of increasing low farm income when there are strong pressures against increases at the expense of the Federal budget and also against an increase in commodity prices that could affect the cost of living.

Some discussion centered on how to make production adjustments favoring commodities wanted in the nation's export outlets. It was agreed that the PL 480 program offer some opportunity for U. S. farmers to shift from commodities for storage into those needed in friendly countries abroad.
