How would you spend \$5,000?

What a fantastic question to have the privilege of answering on the behalf of Stratford Junior High!

With a new school year fast approaching, I would like to take the opportunity to thank Monsanto, BA Donelson, and Jon Englebrecht again for the \$2,500 grant that I received this last spring. The renovation work is well underway in the science labs. Soon our new classrooms will be completed and ready for a new group of kids. Now, we will have some new equipment to use as well.

Monsanto has the window open for entries from August 1st thru November 30th to area farmers that would like the possibility to win a \$2,500 grant like this one that can then be given to any local non-profit organization. If you would like to enter or find out more about how this grant can help our community, you can access the official rules and entry form at the following website.

<https://www.americasfarmers.com/grow-communities/>

After I received the Monsanto Grant, I was told that I should apply for a matching grant from the Stratford Area Foundation. They graciously approved my request making the amount I get to spend on science equipment an astounding \$5,000!!! It has allowed me to shop for even more big ticket items that would have been very difficult to buy without the generosity of these two groups of people.

Having these grants, has allowed me to update and expand the resources that our 5th, 6th, 7th, and 8th graders will be able use in the years to come. Thanks to these grants we will have some new digital and updated student microscopes, a solar telescope, triple-beam balances, and so much more that will make science a more hands-on learning experience. I have been able to buy, not just wish for, many of the things that sparked my interest, and will hopefully spark an interest for our students also. Things such as a rock and mineral identification game, an atom (model) building set, and a new supply of rocks to polish in my rock tumbler.

I am overwhelmed with gratitude and wish to send a huge thank you to all of those involved in making my wish lists a reality.

Stratford Family Medical Clinic is pleased to announce Blanca Rangel Nurse Practitioner as the newest member of the team at the clinic

I would like to introduce myself I am Blanca Rangel and I am the Stratford Family Medical Clinic new Nurse Practitioner.

I am accepting new patients and look forward to Joining the Stratford Family Medical Clinic. I am bi-lingual. You may call the Clinic to make an appointment.

One of the most precious blessings of my life is to have been born to Maria and Graciano Pena. I was raised in Sunray, Kermit and Dumas Texas. I am a middle child with the fortune of having two protective older brothers and a sweet younger sister.

My calling to the medical field came at a young age when my mom became critically ill. She was in a coma when I was 8 years- old. I did not understand much of what was happening, but I knew the team surrounding my mom were there to save her life. At that moment, I knew one day I would be a part of that team.

I continued my education with a clear understanding of my calling in life. I graduated from Dumas High School. Received my Associates Degree in Science as a Registered Nurse from Amarillo College. I worked in the Moore County Hospital Emergency Department for 5 years as I pursued higher education. I received my Bachelors and Master's Degrees in applied Science from West Texas A&M University in Canyon, Texas with a title of Family Nurse Practitioner (FNP). I graduated with FNP in 2015 and have experience in primary care, urgent care and emergency department.

Today, I call Sunray Texas home. The Lord has granted me a loving husband in Antonio Rangel. We have been blessed with 4 children. Tony is an active 11 year-old; playing football, basketball and baseball. Emaley is 9 years-old and is fluent in the art of slime making. Zander is a rambunctious 2 year-old. Finally, Evelyn is a curious 6 month-old. I am honored to be the newest member of the Stratford Family Medical Clinic.

NOTICE OF 2018 TAX YEAR PROPOSED PROPERTY TAX RATE FOR SHERMAN COUNTY

A tax rate of \$0.674698 per \$100 valuation has been proposed by the governing body of SHERMAN COUNTY. This rate exceeds the lower of the effective or rollback tax rate, and state law requires that two public hearings be held by the governing body before adopting the proposed tax rate.

The governing body of SHERMAN COUNTY proposes to use revenue attributable to the tax rate increase for the purpose of MAINTENANCE AND OPERATIONS.

PROPOSED TAX RATE	\$0.674698 per \$100
PRECEDING YEAR'S TAX RATE	\$0.674970 per \$100
EFFECTIVE TAX RATE	\$0.668018 per \$100
ROLLBACK TAX RATE	\$0.721459 per \$100

The effective tax rate is the total tax rate needed to raise the same amount of property tax revenue for SHERMAN COUNTY from the same properties in both the 2017 tax year and the 2018 tax year.

The rollback tax rate is the highest tax rate that SHERMAN COUNTY may adopt before voters are entitled to petition for an election to limit the rate that may be approved to the rollback rate.

YOUR TAXES OWED UNDER ANY OF THE ABOVE RATES CAN BE CALCULATED AS FOLLOWS:

$$\text{property tax amount} = (\text{rate}) \times (\text{taxable value of your property}) / 100$$

You are urged to attend and express your views at the following public hearings on proposed tax rate:

First Hearing: 08/24/2018 8:30 AM at Sherman County Commissioners Courtroom
Second Hearing: 08/31/2018 8:30 AM at Sherman County Commissioners Courtroom

Notice of Public Hearing on Tax Increase

The SHERMAN COUNTY will hold two public hearings on a proposal to increase total tax revenues from properties on the tax roll in the preceding tax year by 0.999973 percent (percentage by which proposed tax rate exceeds lower of rollback tax rate or effective tax calculated under Chapter 26, Tax Code). Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the change in the taxable value of your property in relation to the change in taxable value of all other property and the tax rate that is adopted.

The first public hearing will be held on August 24, 2018 at 8:30 AM at Sherman County Commissioners Courtroom.

The second public hearing will be held on August 31, 2018 at 8:30 AM at Sherman County Commissioners Courtroom.

The members of the governing body voted on the proposal to consider the tax increase as follows:

FOR: Dana Buckles, Comm. Prct. 1; Randy Williams, Comm. Prct. 2; Jeff Crippen, Comm. Prct. 3; David Davis, Comm. Prct. 4; Terri Carter, County Judge.

AGAINST:
PRESENT and not voting:

ABSENT:

The average taxable value of a residence homestead in SHERMAN COUNTY last year was \$78,285. Based on last year's tax rate of \$0.674970 per \$100 of taxable value, the amount of taxes imposed last year on the average home was \$528.40.

The average taxable value of a residence homestead in SHERMAN COUNTY this year is \$78,954. If the governing body adopts the effective tax rate for this year of \$0.668018 per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$527.43.

If the governing body adopts the proposed tax rate of \$0.674698 per \$100 of taxable value, the amount of taxes imposed this year on the average home would be \$532.70.

Members of the public are encouraged to attend the hearings and express their views.

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY

NOTICE OF RECEIPT OF APPLICATION AND INTENT TO OBTAIN AIR PERMIT

PROPOSED AIR QUALITY
PERMIT NUMBER 152882

APPLICATION EXUM FARMS, LLC, has applied to the Texas Commission on Environmental Quality (TCEQ) for:
Issuance of Permit 152882

This application would authorize construction and operation of a Biogas Flare at Exum Farms. The dairy farm is located 10.5 miles west on Highway 281 from the intersection of Highway 281 and Highway 287, Cactus, Hartley County, Texas 79013. This link to an electronic map of the site or facility's general location is provided as a public courtesy and not part of the application or notice. For exact location, refer to application. <http://www.tceq.texas.gov/assets/public/ftp010/index.html?lat=36.024015&lng=-102.174012&zoom=13&type=r>. The facility will emit the following contaminants: carbon monoxide, hydrogen sulfide, nitrogen oxides, organic compounds and sulfur dioxide.

This application was submitted to the TCEQ on July 25, 2018. The application will be available for viewing and copying at the TCEQ central office, the TCEQ Amarillo regional office, the Killgore Memorial Library, 124 South Bliss Avenue, Dumas, Moore County, the Sherman County Courthouse, 701 North 3rd Street, Stratford, Sherman County, and the Hartley County Courthouse, 900 Main Street, Channing, Hartley County, Texas beginning the first day of publication of this notice. The facility's compliance file, if any exists, is available for public review in the Amarillo regional office of the TCEQ.

The executive director has determined the application is administratively complete and will conduct a technical review of the application.

PUBLIC COMMENT/PUBLIC MEETING You may submit public comments, or request a public meeting or a contested case hearing to the Office of the Chief Clerk at the address below. The TCEQ will consider all public comments in developing a final decision on the application. After the deadline for public comments, the executive director will prepare a response to all public comments.

The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application will be held if the executive director determines that there is a significant degree of public interest in the application, if requested by an interested person, or if requested by a local legislator. A public meeting is not a contested case hearing.

After technical review of the application is complete, the executive director may prepare a draft permit and will issue a preliminary decision on the application. Notice of Application and Preliminary Decision for an Air Quality Permit will then be published

and mailed to those who made comments, submitted hearing requests or are on the mailing list for this application. That notice will contain the final deadline for submitting public comments.

OPPORTUNITY FOR A CONTESTED CASE HEARING You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision. Further, the Commission will only grant a hearing on those issues submitted during the public comment period and not withdrawn. **The deadline to submit a request for a contested case hearing is 30 days after newspaper notice is published. If a request is timely filed, the deadline for requesting a contested case hearing will be extended to 30 days after the mailing of the response to comments.**

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, and daytime phone number; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; (6) a description of how you use the property which may be impacted by the facility; and (7) a list of all disputed issues of fact that you submit during the comment period. If the request is made by a group or an association, one or more members who have standing to request a hearing must be identified by name and physical address. The interests the group or association seeks to protect must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

If a hearing request is timely filed, following the close of all applicable comment and request periods, the Executive Director will forward the application and any requests for contested case hearing to the Commissioners for their consideration at a scheduled Commission meeting. The Commission may only grant a request for a contested case hearing on issues the requestor submitted in their timely comments that were not subsequently withdrawn. **If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact or mixed questions of fact and law relating to relevant and material air quality concerns submitted during the comment period.** Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

MAILING LIST In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application by sending a written request to the Office of the Chief Clerk at the address below.
