NO PAVING IN 1929

Reports appearing in the public print last week to the effect that L. H. Lacy Company are checking out of Floydada means that so far as this company's present contract is concerned there is to be no more paving in Floydada.

Various and sundry of the elders think no paving should have been undertaken in 1928, that no such expenditure should have been made. To say to them that the community stopped with the present needs for paving only half filled is almost like adding the last straw to the camel's load.

BUILDING NOW FOR 10,000

It has been remarked a number of times that C. H. Sommer, president of the Q. A. & P. said regarding their station building plans in Floydada—that they foresaw and were planning to serve a city of 15,000 people.

Other utilities people, who have made a study of Floydada and its territory, are not far behind the Quannah officials in their plans and certain of them are making their outlays on the basis of a town of 10,000 population.

Investors and town-builders might well overlook the visionary forecasts of a country newspaper, which we are told oftentimes is filled with ravings in the hope that the column can be filled that way hurriedly. When directors in a distant city resolve to spend their money, however, and do spend their money, then that is different. It should not be ignored. It is a sign of things that are happening.

THE TOLL OF INFLUENZA

The toll of influenza in America this past winter and spring probably not so great as in 1918, has been higher than in any year intervening according to reports from over the United States.

HOME DEMONSTRATION WORK

The work of the Home Demonstration clubs in Floyd County, started five or six years ago among Floyd County women, has been one of the greatest things in the county's community life that could have happened.

Much of this good work has been due to the untiring effort and good common sense of the present Home Demonstrator, Miss Blanche Bass. Miss Bass retires from the job within a short time with an official record that will undoubtedly afford her a great deal of gratification in years to come.

FARM POPULATION LESS

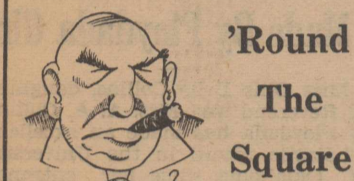

The farm population of the United States, a recent statement of the Department of Agriculture declares, is less than it has been any year in the past twenty, and is 4,500,000 less than it was in 1909 when the farm population of the nation was at its peak, 32,000,000 people.

This year's low population figure is indicated in spite of a slight improvement in agricultural conditions and a slight slackening in employment and in industrial occupations. Decrease in the population in rural America would have been much greater except for the high birth ratio and the low death ratio.

SCHOLASTIC MEETS USEFUL

Interscholastic meets, when pupils of a county or district gather to test their strength and skill, mental and physical, are serving a mighty good purpose not only in the value the contests prove to the student body as individuals, but in their broadening influence as well on the whole scholastic population.

Another thing that is making the interscholastic meets more valuable is the recognition by school authorities of the part the three R's should have in these contests. After all, if a kid goes through high school he ought to be able to do reading, writing and arithmetic.

With Old Battleaxe (Himself)

Bring on your mourners—hang out your black crepe. The town of Floydada is dead! But prepare for the wonderful crowning of a new King—"The City of Floydada now rules. "Long live the King!" Yes sir, folks, Floydada graduated this week. With the completion of the stop lights, she became a city.

It is funny about these stop lights. People of Floydada take them as a joke. They grin every time you mention them—but the folks from out of town—from neighboring towns—congratulate us upon having them. The difference is this—our visitors are more far sighted as to the growth of our city than we are ourselves.

Yes sir, next to building a Municipal auditorium and painting the court house, we believe it is one of the best things this town could do.

That guy on California Street says that there is one good thing about this younger generation. Whenever they start sowing their wild oats, they don't insist on singing "Sweet Adoline."

Who is going to sponsor that "Beautiful Lawns" contest? This subject, like the subject of more paving in Floydada, and a Municipal Auditorium, and a street sweeper, is always dropped like hot lead.

The fellow who is opposed to more paving in Floydada met the fellow who is opposed to voting a tax to build a municipal auditorium.

"Why?" asked the other. "Because I've always said that if I ever saw anyone who was tighter than I am, I would shoot him." was the reply.

"Four years ago, I suffered with heartburn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation. I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught."

"Well, brother," said the other, "if I am tighter than you are, just go ahead and shoot."

And that is the way, folks. We are always glad to see the other fellow's mistakes and short comings, but do not notice our own. Some folks don't see it that we need a municipal auditorium, and a very few don't think that we need any point on that court house nor a street sweeper.

Believe it or not: The home for blind cripple kittens hasn't got a thing on Floydada as the "Home for stray cats and dogs." For gosh sakes, folks, when you get a capacity supply on the farm, please do not bring them to town and dump them. Shoot 'em, drown 'em, or starve 'em to death, but don't bring them to us. We've got so many dogs and cats now that we have got three fourths of the state's population of ferals.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE OF MARCH 25, 1915

The City Council opened seven bids for the purchase of the Floydada Water Works bonds and the construction of the system on Tuesday night and let the contract for the construction of the system to the Sherman Machinery and Iron Co., of Oklahoma City.

County Clerk Tom W. Deen is confined to his home on account of rheumatism. W. B. Clark is remaining in the office with the regular deputy, Miss Walling.

Tom B. Triplett Druggist's piano contest closed last Saturday and Miss Clyde Hodge was winner of the beautiful piano. The contest started in November and the final count was: Miss Hodge 2,660,000 votes and Miss Henry 2,095,000 votes.

A number of young people were delightfully entertained by Mrs. Ivey Saturday evening March the twelfth in honor of Mr. Ivey's brother who is visiting here.

Lee Hillburn and family of Amarillo spent Sunday with Mrs. F. V. Hillburn, his mother. Mrs. Hillburn has had bronchial pneumonia but is feeling better this week.

Providence News

(Too late for last week) Providence, March 12.—A very bad wind storm passed through here Monday evening. Some hail fell and a good shower. No damage was done.

Mr. Terrell's baby is improving after an attack of pneumonia the last week.

Gene McCullough was in Plainview Monday afternoon on business. Mr. and Mrs. J. W. Davenport were given a birthday surprise party Saturday night.

The deputy sheriff of Floydada was in this community the first of the week on business.

Mr. and Mrs. Bennett are entertaining company from East Texas. Five new pupils enrolled this week in school. This looks good for Providence.

A. A. Brock was around Monday taking the school census for Providence. He is also taking the names of infants one year and under.

VERLON HARMON ON VACATION

Verlon Harmon, who for the past three and one-half years has been associated with his uncle, F. C. Harmon, in the furniture and undertaking business, left Monday for Humboldt, Tennessee, where he will spend the summer with his parents, Mr. and Mrs. E. W. Harmon.

Bob Webb was here the latter part of last week from his home near McAdoo, on business.

J. J. Davis returned home Sunday from Carlsbad, New Mexico, where he had been several days on a visit with relatives.

FREAK EGGS SHOW BIG CONTRAST IN DIMENSIONS

W. T. Hopper Monday was showing two freak eggs from his flock of hens that are among the spring's first "big and little of it" in the local poultry world.

One of the eggs was so small that except for its color it could have passed for a partridge egg. The other was an immense one weighing four ounces, and measured the long way in circumference 9 inches, and six and a half inches around the middle.

"Spring Trips North Again This Year--"

Spring is generally regarded as a time of repairing and re-stocking. Spring housecleaning is the housewife's inventory of her household needs—and there are always roofs to be repaired and fences to be fixed.

Perhaps that's the reason spring has come to be regarded as the biggest merchandising season of the year. The merchants recognize it as such, and their stocks are never better or more complete than in the spring.

Right now here in Floydada the store windows are reflecting the new merchandise for spring. And by simply passing through the front door into our business houses, you can see that the windows are only a reflection of the complete stock.

A visit to our stores will convince you that Floydada merchants have stocked everything for your needs.

Plan to spend a day just visiting the stores here in Floydada and looking over the new spring merchandise. It will be worth your while.

SOCIETY

Miss Lewis Entertains With Tacky Bridge Party.

Mrs. Jack Henry took the prize for being the tackiest guest at a tacky party given by Miss Virginia Lewis at her home Wednesday evening of last week.

The tacky idea was not omitted in any detail, the house being decorated with artificial flowers and pictures of every description were on the walls. Much originality was shown in the costumes of the guests.

Fifteen tables of bridge were in play, Mrs. John Hughes of Lorenzo, and Luther Fry winning high score. Mrs. W. R. Ivey of Big Spring was presented with a mop and D. Johnson a cob pipe for booby prizes.

Roasted peanuts were served while the games were played. Later refreshments were served to Mr. and Mrs. John Hammonds, Mr. and Mrs. W. H. Hilton, Mr. and Mrs. Fred Brown, Mr. and Mrs. S. W. Ross, Mr. and Mrs. Flynn Thagard, Mr. and Mrs. Calvin Steen, Mr. and Mrs. D. Johnson, Mr. and Mrs. Otis Abston, Mr. and Mrs. Jerry Morrow, Mr. and Mrs. Ray Dickey, Mr. and Mrs. N. A. Armstrong, Mr. and Mrs. Robert McGuire, Mr. and Mrs. Luther Fry, Mr. and Mrs. Jack Henry, Mr. and Mrs. Joe M. Day, Mr. and Mrs. Frank Moore, Mr. and Mrs.

Bob Willis, Mr. and Mrs. Ed Johnson and Mr. and Mrs. John Hughes of Lorenzo; Mrs. E. L. Angus, Mrs. E. E. Brown, Mrs. J. A. C. Workman of Plainview, and Frank Horton of Dallas.

Mr. and Mrs. Rutledge Give Forty-Two Party.

Mr. and Mrs. O. P. Rutledge entertained the Owl's forty-two club at their home last Thursday evening.

The St. Patrick's day idea was carried out in the score cards and in the refreshments. Between the games candy was served in green miniature hats, and later angel food cake and ice cream was served.

Mrs. E. B. Massie won high score. Guests were: Mr. and Mrs. J. G. Wood, Mr. and Mrs. E. P. Nelson, and Miss Eddythe Walker; members present were: Mr. and Mrs. Lon M. Davis, Mr. and Mrs. E. L. Angus, Mr. and Mrs. R. E. Fry, Mr. and Mrs. R. C. Henry and Mr. and Mrs. E. B. Massie.

The next meeting of the club will be with Mr. and Mrs. R. C. Henry, Thursday evening, April 11.

P. T. A. Votes to Examine Pre-School Children.

East Ward P. T. A. met Friday afternoon, March 15. The session was opened with a prayer by Mrs. Foster and then the following program was given:

Song, Sappho Ward.
Reading, Bernice Smith.
Song, East Ward girls.
Declaration, "To the Man Who Fails," Wilma Lee Smith.
Declaration, "The Test," Jim Bob Johnson.
Story, "The Three Bears," Adeline Foster.

Declaration, "The Bravest Battle," Mildred Houston.

The P. T. A. will sponsor a physical examination for children of pre-school age before next September, it was stated. A tree planting committee was appointed with Mrs. Mal Jarboe as chairman, and Mrs. G. R. May, Mrs. Bob Smith, Mrs. E. C. Wood, Mrs. O. Stephens, Mrs. M. B. Martin, Mrs. J. L. West, Mrs. Sam McCleskey, Mrs. D. L. Weaver and Mrs. A. H. Thornton.

Officers for the coming year will be elected at the next meeting, March 29, and a nominating committee was appointed.

Mrs. Hazel Hughes' room was given a picture for having the most mothers present.

Presbyterian Society Met Monday.

The Woman's Missionary Society of the Cumberland Presbyterian Church met Monday afternoon at the church at 2:30 o'clock. There was an increase in interest and attendance. Mrs. Kenneth Bain, vice president, conducted the devotional. A short business session was had. Mrs. W. M. Massie conducted the lesson from the missionary book "Our Friends of Africa."

Circles Held Regular Meetings Monday.

The South Circle of the First Baptist Church met Monday afternoon with Mrs. G. C. Tubbs. There were five members present. The regular Bible lesson was had and the meeting was concluded with a short business session.

Mesdames I. W. Hicks, S. M. Cole, Jerry Withers, B. L. Blacklock, O. Stephens, H. L. Crow and R. E. Bost attended the meeting.

Shower for Recent Bride of McCoy.

A lovely shower honoring Mrs. J. E. Elliott, recent bride, was given by Miss Clara Smith at the home of her mother Mrs. W. W. Smith, in the McCoy community last Wednesday evening. Mrs. Elliott will be remembered as Miss Lucille Raley, daughter of J. C. Raley of Lakeview.

Among other things, the reading of the bride's and groom's life history from babyhood proved very interesting. Then a basket of gifts was brought in by Wynona and L. H. Smith who were dressed as miniature bride and groom.

Refreshments were served to the following guests: Misses Lou Berry, Ima Nell Jackson, Thelma Smith, and Mildred Raley; Mesdames R. F. Day, G. A. Tardy, Harvey Tardy, J. W. Jackson, R. E. Smith, L. H. Smith, C. H. Payne, J. P. Foster, and G. L. Smith, and Mrs. W. W. Smith.

Given Surprise Party On Birthday.

Mrs. Thurmon Bishop was hostess Friday evening at a delightful surprise party for her husband in honor of his birthday. After the guests arrived tables were arranged for bridge and Mrs. A. A. Bishop got high score in the games for the ladies and J. C. Gilliam was winner of high score for the gentlemen.

Mr. Bishop was presented with a white gold watch as a gift from the guests.

Potato salad, sandwiches, fruit salad with whipped cream and lady fingers, olives and coffee were served to Mr. and Mrs. A. A. SOWS AND PIGS ON SELF-FEEDER

No hog raiser wants to waste his time and money on runts, and the U. S. Department of Agriculture, at its Animal Husbandry Experiment Farm, Beltsville, Md., has found that the plan of placing sows with their litters on self-feeders during the suckling period has produced fewer runts than any other system used, and also has saved feed. When the sows are on full feed after farrowing, they are put in a lot, sometimes 12 or 14 on the same self-feeder, and given access at all times to shelled corn, tankage or fish meal, shorts or middlings, and a mineral mixture. After the pigs are about 3 weeks old they get feed from the same self-feeder as the sows. Weaning the pigs is very high is built around the feeder, 2

or 3 creeps provided for the pigs, and the sows are shut off from the feed. The sows soon discontinue giving milk and the pigs will not try to nurse after 3 or 4 days from the time the sows are shut off. The sows are then driven away and the pigs allowed to continue on the feeders.

STRAWBERRIES—EARLY AND LATE

If you like strawberries—and who doesn't?—and want to plant some that will bear fruit after the usual season in the farm garden plant one of the co-called everbearing varieties, says the U. S. Department of Agriculture. These produce berries under favorable conditions, in late summer and fall until hard frosts occur and again in early summer of the following year. To

a good yield of fruit the first year, plants of an everbearing variety should be set in early spring, as soon as the ground is in good condition and the blossoms kept till July. A fertile soil with moisture supply is essential.

A study of costs of operators on 175 New York farms by an extension worker of S. Department of Agriculture indicated that it cost, on the average, cents an hour to operate a tractor not including the operator's. On the fruit and crop farms used, tractors had replaced from 2 to 4.7 horses, but on the dairy farms they had replaced only 1.3 horses.

SOUND SHOW COMING

Every year or two there comes a show that is outstanding in its unusualness. Such a show is presented by the Sound Show Co. tomorrow night at the Royal Theatre. "Sonia" the feature picture has a complete synchronized accompaniment with voice and sound effects. The New York Ghetto gives birth to this story of forbidden love and race prejudice.

"Sonia" is the first synchronized picture to play in Floydada. Those who have not heard and seen this new type of entertainment have a treat in store, for when one hears as well as sees the picture the realism is uncanny.

The Sound Show is due to arrive in the morning owing to complicated machinery hours of hard work are necessary to install and have ready this equipment for the performance. Some of the equipment carried are, Long Horns, (over 6 feet), Bull Horns, Dynamic Horns, requiring a voltage of over 450 volts. These are just the horns necessary, but there are many other pieces.

The Advance Audio-electrician was favorably impressed with the possibilities of the Royal Theatre and stated that the Theatre tested very high for sound pictures. This being the case "Sonia" should prove one of the Season's best offerings for the public of Floydada.

Friday night's feature is expected to be a distinct novelty. Friday night's feature is expected to be a distinct novelty.

MAY DIVIDE TROOP FORTY-FOUR INTO TWO GROUPS

The probability that Troop 44, Boy Scouts of Floydada, may be divided into two groups according to age, is indicated by Scoutmaster Walter A. Gound following a conference Sunday afternoon at the Methodist Church with parents of boys in this scout group. Not a large attendance of parents was had but the meeting was an interesting one.

Until such time as a scoutmaster can be found for the second group Mr. Gound will act as scoutmaster for both the troops now making up No. 44, if the change is made.

W. C. Clubb visited with his daughter Mrs. Floyd Trowbridge of Amarillo last week-end.

Will Finkner of Harmony and Geo. M. Finkner of Floydada returned Saturday from the Fat Stock Show where they had been since Wednesday.

Mrs. L. E. Williams made a short visit with her sons and daughters at Dimmitt and Hereford last week. Her daughter, Mrs. Albert Clubb of Petersburg accompanied her on the trip.

Miss Edith Piller was ill last week. Mr. and Mrs. D. S. Battey spent Sunday evening with his parents, Mr. and Mrs. O. F. Battey of Floydada.

In eliminations in junior girls' declamation of the Harmony School held Tuesday night, Latinae Hale was given first place and Blanche Gary second place. Harmony's sub-junior girl, junior boy and senior boy declaimers who will enter the county contest, also spoke. Mrs. A. H. Thornton, principal of Floydada East Ward School, Dorothy Biebel, head of the English Department of Floydada High, and Joe Breed, of The Floyd County National Bank, were the judges.

County Superintendent Price Scott and Joe Breed made interesting talks. Mr. Breed discussed the well-organized community, and Mr. Scott gave the history of the Harmony school from its beginning twenty-five years ago.

SHAKE THEM FIRST

If rag rugs are to retain their attractive appearance, they must be washed before they are badly soiled. The Woman's Home Companion gives the following suggestions for washing:

First is a thorough shaking to remove all the loose dust. Then comes a lifting up and down by the hands or a machine in lukewarm soap suds. If the washing is done by hand, an effective method is to lay the rug on the floor or table and scrub it with a brush and soap suds.

If the rags are thin, starch them before hanging up to dry. Otherwise they will wrinkle and refuse to lie flat on the floor.

The Oakland car has been in continuous production since the organization of the Oakland Motor Car Company in 1907.

ELECTION NOTICE

Be it ordered by the Board of Trustees of the Floydada Independent School District No. B of Floydada, Texas that an election be held at the Court House in the town of Floydada, Texas in the said Floydada Independent School District on the 6th day of April 1929, same being the first Saturday in April, for the purpose of electing three Trustees for the said Floydada Ind. School District, same to hold office for a term of two years.

Lon M. Davis, Aubrey A. Bishop, Mrs. Jno. H. Reagan and Mrs. Wells B. Henry are hereby appointed managers of said election, and said election shall be held in accordance with the State Laws governing elections, and returns of said election shall be made to the Board of Trustees of said Independent School District in the manner as election returns are made under such State Laws.

A copy of this order signed by the President and attested by the Secretary of the Board shall serve as proper notice of said election to be given in accordance with the Law.

In Testimony, whereof, witness the signatures of the President and Secretary of said Floydada Independent School District, and the seal thereof hereunto affixed this 5th day of March A. D. 1929. (SEAL) C. R. HOUSTON, President.

Attest—R. E. Fry, Secretary. 34tc

ORDINANCE NUMBER 142 An Ordinance Prohibiting the keeping of more than one cow on each premise within the corporate limits of the City of Floydada, Texas, providing for a penalty for violation thereof; defining the meaning of the word "premises;" exempting cattle of a certain age and declaring an emergency.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS, that:

SECTION 1. It shall be unlawful for any person or persons to keep or to knowingly allow to be kept more than one cow on any one premise within the Corporate Limits of the City of Floydada, Texas.

SECTION 2. The word "premise" for the purposes of this Ordinance shall be construed to mean any lot or contiguous lots, not separated by an alley, owned individually or jointly by two or more persons.

SECTION 3. The provisions of this Ordinance shall not apply to

the offspring of the cows legally kept in accordance with the provisions hereof, until such offspring becomes three months of age or until same is weaned before becoming three months of age.

SECTION 4. Any person who willfully violates any provision of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not to exceed Twenty-five (\$25.00) dollars. Each day a cow is so illegally kept shall constitute a separate offense.

SECTION 5. The fact that there are a great number of cattle kept within the Corporate Limits of the City of Floydada, Texas, and the same is a menace to the health of the Citizens thereof creates an emergency and public necessity and this Ordinance shall take effect and be in force from and after the date of its passage and approval.

PASSED AND APPROVED this the 13th, day of March, 1929. W. D. SMITH, Mayor.

ATTEST: Burl Bedford, City Secretary. 41tc

THE BILL GRUTCH AFFAIR

A story of Texas Rangers in four Parts—Part 2.

One day, while I was a captain in the Ranger Service of Texas, I was notified that I had again been selected to go on a dangerous mission. This time it was to go into the Deadwood Country to help promote peace and order. Although I knew that it was very dangerous to go into the Deadwood country, I went without a word of grumbling. I knew that the officials had picked me over several other men who were capable of shooting guns quick and fast. At this time I was only nineteen years of age but I was the quickest man in the Ranger service on the "draw."

I arrived at Deadwood on the stage coach a short while before sundown one afternoon soon after I had left the Ranger camp. I was somewhat thirsty after my long ride; so I went into the Joe Hutchins Bar which was near the stage coach station.

When I entered the saloon and ordered a light drink, for Rangers never drink intoxicating liquors, I noticed a rough looking man standing near by. Presently I heard him laugh and say to some men near him, "Look at the kid with his pa's guns." I had two forty-fives on my hips.

Then the man came up to me and said, "Son, we don't allow minors to wear guns around here." I asked him who "we" was. He said, "I, Bill Grutch for one, order you to take off your guns and get out." I looked about the bar room until I saw a man in one corner of the room smoking a cigarette. I told Bill to watch this man. I then quickly pulled one of my trusty forty-fives and shot. The man's cigarette was minus its ashes. When Bill saw that I had shot the ashes from the cigarette, he changed his mind about my having to remove my guns.

Bill shook my hand as his super-

ior, and caused me no more trouble during my stay in Deadwood.

F. F. T. CLUB

There has been some discussion in the F. F. T. Club about organizing a baseball squad. All of the members seem to be in favor of organizing a baseball squad if a good way can be found to finance it.

All of the second year boys, who had sufficient records, were elected Texas Farmers at a meeting held by the F. F. T. club Friday. This is the second of these degrees offered in the F. F. T. Club. We are expecting some of these boys to be elected Texas Planters next year, however this is an honor not easily obtained. There are only fifteen Texas Planters; so naturally we could feel proud should some of our boys receive this honor.

PERSONALS

Clyde Snell, who was hurt sometime ago in javelin practice, is improving. We hope to have him back at school soon.

Eula Mae Gullion is away from school due to an appendicitis operation which she underwent a few days ago.

We are glad to have Mr. Cunningham back with us after a week's absence.

Former Floydada Girl Gets Boost In Paper

The following article concerning a former Floydada girl appeared in The Abilene High Battery, publication of the Abilene High School, in the issue of March 13. Her picture also appears with the item.

"Ladies and gentlemen and fellow sufferers, it has fallen my lot to express my opinion, which is an appreciation, of a certain girl in our high school; and at this very embarrassing moment, yet pleasing in its nature, I would be greatly

aided if you would give me your whole-hearted attention for just a few minutes.

"First: In June, 1929, Abilene high school loses a student who has never shirked a duty in any activity. She takes the lead in many phases of social organizations. Some of them are:

"Pep squad—'27 and '28, secretary '28.

"Quill and scroll—'27 and '28, secretary '28.

"Rainbow—'27 and '28.

"Tennis—'27 and '28.

"Battery staff—'27 and '28.

"National honor society—'27 and '28, vice president '28, and G and G.

"My! exclaimed someone. How in the world did she ever pass her school work?"

"Her technique is one of brilliance and one of keenness.

"Her easy manner of living and loving carries her through life without any assistance or suggestions.

"She wields a racket with such grace and dignity that a saint with wings and a harp looks positively crude.

"You have often heard it said: Pretty is as pretty does."

"A lover of sports, a friend maker and a friend keeper, a lover of things to help someone else, and a lover of gaining ideals through service. This is the young lady of many dreams.

"Now, I am sure the suspense is nerve-racking so I'll introduce to you everybody's friend and pal, Miss Oh Nita Carter."

Mrs. F. J. Barkhurst last week attended the Fat Stock Show at Fort Worth, and will visit at Denton and Sweetwater before her return home.

H. H. Campbell, of Matador, was in Floydada Monday of this week.

Hillcrest News

Hillcrest, March 18.—Laurice Hopkins left last week for Knott, Texas, where he will join his wife, who is visiting her parents, Mr. and Mrs. Orval Hix.

Mr. and Mrs. A. T. Swebston were business visitors in Lockney Saturday.

Buck Leator was a guest in the Holloday home near Mayview Sunday.

Mr. and Mrs. H. R. Blum visited a part of last week here with their daughter, Mrs. J. C. Jones, and their son, Lewis Blum. They went from here to Amherst on business and expected to go from there to their home in Memphis.

Mr. and Mrs. Robert Thomas have moved from the Lewis ranch to the Featherston ranch.

Clarence Phillips visited with his home folk near Cedar Hill over the week-end.

Mrs. W. B. Garrison and sons, Porter and Guy, visited with relatives in Fomot Sunday.

Weaver Holloday was ill last week, but his sisters, Alma and Eva, his brothers, Tom and Burleson, and his grandmother are ill at the Holloday home this week.

Mr. and Mrs. J. O. Dudley and children visited with her relatives who live near Petersburg Sunday.

Providence News

Providence, March 18.—K. Samman has purchased a new feed grinder and is now able to grind his own cow and chicken feed to suit himself. Nothing like progress, and that is what we farmers around Providence are on the lookout for.

Mrs. C. W. Crouch was in Plainview Saturday shopping.

W. A. Boedeker and family, Mr. and Mrs. Lawe, and Mrs. Chas. Boortz and baby were shopping in Plainview Saturday.

Clayton Terrell and brother were in Plainview Saturday on business.

The club ladies met Tuesday last and held their meeting. There were twelve present. Miss Bass was present and gave a lesson on the modern pantry and what to have in it for a quick lunch or company dish. Those who didn't get to hear the talk missed a treat. It was also her last meeting with us as she has resigned and a new Demonstrator will be with us at the next meeting on the second Tuesday in April, as we have decided to meet only once a month from this date. Please bear the new meeting date in mind.

The Crouch brothers threshed grain for H. J. Ratjen Saturday last.

Mrs. John Starkey and children of Hart, Texas, visited her parents last week here.

Mrs. McLaughlin has been on the sick list the past week.

MRS. BERT SMITH SICK

According to the Lorenzo Enterprise, Mrs. Bert Smith, of Littlefield, former resident of Floydada, is ill at the home of her sister, Mrs. Taylor Allen at Idalou.

Mrs. Smith was carried to a Lubbock Sanitarium for treatment and later to her sister's home for care.

Buford Terry was among the students of West Texas State Teachers' College here for the week-end visiting his parents, Mr. and Mrs. J. R. Terry. He returned to Canyon Tuesday. Ray Horn and Ernest Carter were also here from Canyon for a visit with relatives between terms.

Dr. J. H. Massie, of Wichita Falls, was in Floydada Monday for a short time.

Mr. and Mrs. Byron Clark, Mrs. R. F. Jackson and Miss Oleta Jackson spent Sunday with Mrs. Jackson's daughter, Mrs. Edgar D. Tarpley and family of Clovis, New Mexico.

Season Ticket Plan Is Successful At Sand Hill

P. T. C. Organization There is Vital Force in Life of Community

Success in presenting the play, "Hold that line, Jimmie!" at their own auditorium three times and at the auditorium at Erick, Starkey, Flomot and Petersburg, since the beginning of their new year, lends encouragement to the belief that the fifth year of the plan of the Sand Hill P. T. C. Society to sell season tickets and trade plays with neighboring communities is going to be the greatest in the history of the organization.

We now have one first year, six second year and two third year girls. Our next meeting will be held March 22 at our club room.

PROVIDENCE GIRLS CLUB

The Providence 4-H Girls Club met at the club room March 18. Five members were present. Miss Bass was also present. We had our guest towels finished and started to making clothing garments.

The next meeting will be April 9. Everyone be sure and come as our motto is to "make the best better."

Eat plenty of any kind of fish, but especially the salt-water fish and shell-fish, both fresh and canned. All fish contribute to the day's supply of "efficient" protein, similar to that furnished by meat, eggs, milk, poultry, and cheese. The salt-water fish, or true "sea foods" are also the best known sources of iodine, one of the minerals needed to keep the body strong and healthy. Lack of iodine leads to disturbance of the thyroid gland, which result in goiter.

Fine steel wool makes aluminum saucepans shine. It is under various trade names. Whiting, or vinegar, or dilute oxalic acid, may be used to remove food discoloration. Never use strong alkalis such as washing soda or lye on aluminum or even scouring powders or soaps containing free alkali. After cleaning wash the utensil thoroughly before cooking in it.

Idea Seems Proven

"We believe this idea of season tickets and trading plays is the greatest idea in the world for rural communities, and we believe we have proved it. Sand Hill has an auditorium second to none in rural communities. 630 comfortable, stationary chair seats on an inclined floor. Our stage is lighted with Delco lights, equipped with three interior and one exterior scenes; a special drop for between acts and a front drop. We have all the furniture that is needed for plays, consisting of a living room suite, tables and chairs. All of this equipment is paid for and is the property of Sand Hill community, made possible through the P. T. C. Society. P. T. C. stands for "Pupils-Teachers-Community." This gets them all and the hearty co-operation from this body backing the school in the Interscholastic League meet means that Sand Hill is hard to beat and this is proved by the fact that Sand Hill has never been defeated in an Interscholastic League meet or in the "My Community Contest."

In the near future Starkey, Aiken, Erick, Flomot and Petersburg will present plays in the Sand Hill auditorium. The season tickets that are out will be good for these plays. Starkey will present "Parlor Matches," in the Sand Hill auditorium Friday night, March 22.

Through The Hesperian dates for the other plays at Sand Hill will be announced. Watch for them and attend.

Mr. and Mrs. O. Stephens left Tuesday night for Mineral Wells, where Mr. Stevens will take medical treatment for several days.

WHY A WAR VETERAN SHOULD JOIN THE AMERICAN LEGION

1. Because the Legion keeps alive in the veteran that high plane of loyalty to country and ideal citizenship, upon which he stood while in the service of the colors.
2. Because it identifies a man as one of standing in his community and makes of him an example of good citizenship for his children and neighbors.
3. Because the Legion has been the organization which caused every bit of legislation to be passed for the benefit of the veteran, and the veteran MAY NEED THE LEGION AGAIN.
4. Because, if veterans do not uphold the strength of the Legion now, while its power is at its peak of ten years of existence, future benefits for all veterans will be affected.
5. Because, except for the Grace of God, the veteran might easily have been one of the disabled today, and he owes it to those boys who suffer all the days to uphold the strength of the Legion in order that justice may continue for them.
6. Because, some day the veteran's own orphans or his own widow may need the Legion's guardianship and help.
7. Because, he owes it to his mother, sister or wife to lead them into the wholesome association of the American Legion Auxiliary.
8. Because, good fellowship among the comrades of the Legion, whether they meet, is an open door to many life-long business associations of mutual benefit to veterans.
9. Because, the public trusts and has abiding faith in Legion effort.

ESSEX WILL MAKE SPEED DRIVE EL PASO TO PAMPA

Driving a 1929 Essex Challenger Coach, Jack Callaway, endurance driver, will leave El Paso next week on a 510 mile speed test drive to Pampa, Texas. If weather conditions are favorable. Mr. Callaway expects to average between fifty and sixty miles per hour.

Mr. Callaway, who spent Wednesday in Floydada with the Rutledge Motor Company, local Essex dealers, stated that he would make the entire drive with both the switch and hood locked. His route will be mapped by way of Alamogordo, N. M., Tularosa, Roswell, Portales, Clovis, Farwell, Hereford, Canyon, Amarillo, and Panhandle.

The speed test is being made by the Hudson-Essex Dealers of the Panhandle, under the auspices of the Automobile Association of America.

T. J. MARSHALL, LOCKNEY VICTIM OF HEART TROUBLE

T. J. Marshall, of Lockney, uncle of L. A. Marshall, of this city, died last Friday afternoon at Big Spring, where he and his wife had gone for his wife's health. Mr. Marshall was well known over Floyd County, having resided at Lockney for many years. Heart trouble caused his death.

Funeral services were held Sunday afternoon in Lockney, and interment was made in the Lockney cemetery. L. A. Marshall and family of this city attended the funeral services.

The deceased is survived by his wife and two children. One brother and one sister, also survive the deceased.

HONEY USED IN RADIATORS AS ANTIFREEZE SOLUTION

Another agricultural product finds a new use. This time it is honey. Honey, mixed with water, has been tested as an antifreeze solution by private motorists and State agricultural colleges. Practically all reports of these experiments have been favorable, says James I. Hambleton, agriculturist in charge of the Bee Culture Laboratory of the United States Department of Agriculture.

The proper proportion of honey to water varies according to the lowest temperature expected, says Mr. Hambleton. Where zero weather is expected, equal parts of honey and water are commonly used. Such a mixture begins to form slush at zero, however, and a greater proportion of honey is required for best results at lower temperatures. In the northern part of the United States and in Canada a mixture of three parts of honey to two of water, or even two to one, may be best. A quart of alcohol added to each three gallons of the mixture will improve the circulation.

To make the solution, use a cheap grade of extracted honey, stirring it into hot water. Heat the mixture to a boil and skim off the scum. If alcohol is used, stir it in and boil from three to five minutes. Fill the radiator and maintain the level by adding water as needed.

Mr. Hambleton cites a number of advantages of the honey mixture. Because it boils at a higher temperature than water there is no loss from evaporation, and it is necessary to add only water from time to time. Honey solutions expand much less than water when freezing, and when in proper proportions they do not freeze solid but form a slush. This tends to eliminate the danger of bursting radiators.
