EXACTLY FILLS THE BILL

Last week's rain exactly filled the bill, for the wheat growers and the row crop man as well. For the wheat growers it affords ample season for all needs for some thirty days, and the row crop farmer can go ahead with the preparation of his land, conserving his moisture till planting time and get good stands during the latter part of the month.

However, we have said this is a different type of country to the country that most of our farmers emigrated from. It gets dry and mighty dry here. It averages up higher in production over a five-year period than the average of many countries where land prices are much higher. But we must study our country, learn how to meet its varying moods to get the most profit from it. Betting everything on a rain in Floyd County won't do. About the best lesson to be had from the rain the latter part of March is this, that it does not do that way in March very often in this country, and the odds are against the man who bets that in March of 1930 we'll have a good rain again.

ON ENTERTAINING PEOPLE

Had it occurred to you that by the fifteenth of April, Floydada will have entertained various conventions, assemblies and meetings of one kind and another since February first, by which more than five thousand visitors from various parts of Floyd County and the plains-panhandle area have been drawn here? And the impression these folk gained of Floydada is of vital importance to us.

Strangers within the gates figuratively speaking, make or un-make a town. Our responsibilities in that respect are growing rapidly.

LOTS OF BUILDING

The Hesperian has been of the belief for a number of years that Floydada has not been as good a town, physically, in the way of a plant for handling business, or however you want to express it, as the territory surrounding it. This belief has also been held by some fairly good business men among the residents of town and country alike.

Apparently, Floydada set out last year in a serious way to remedy this defect, and it is a mighty encouraging fact that this state of mind still exists in 1929. Nearly \$70,000 in business construction now under way, the equipment and interior fittings for which will bring the bill up to \$125,000 or more, gives an idea of what the town is doing in this respect. This doesn't include many new residences being built.

If one were to offer any criticism right now, relative to the building program for the year, as it has projected itself so far into 1929, it would be to say that not enough good, big homes with adequate landscaped grounds are being built in proportion to other construction that has been and is now going on.

NOT NECESSARILY A FAULT

There is a good answer to the criticism, if such it might be called, that not many elaborate homes are being constructed, however. This answer is that this is a growing and expanding country and that for every dollar available there are five places for it to be used, so far as leaders in business, enterprise and industry are concerned. It is difficult for a man whose business is expanding and demanding new money all the time to make up his mind to take the money he would like to take to build the kind of home that otherwise he could readily afford. This may be the explanation of why you can find captains of industry, leaders in business and professional lines, many of them, in Floydada, housed in modest apartments or residences.

The Hesperian \$1.50 per year.

NEWSPAPER CHANGE

Another newspaper change in the panhandle fraternity was announced last week, when J. Claude Wells and Deskin Wells sold their interests in Memphis to a new company, formed by Lyman E. Robbins and William Russell Clark, who took over the Memphis Democrat.

The younger Wells is manager of The Wellington Leager, and will continue his work there. J. Claude Wells, the announcement says, will retire from active journalism after twenty-six years in the harness. He is one of the panhandle's veterans.

WHEAT A BAD BET

Now, while everything is lovely and the goose is hanging high with the grain growers, we want to go of record that wheat is a bad bet. However, we want to qualify that somewhat.

Wheat is a bad bet, just like cotton or any other one crop, when it becomes the sole or the almost exclusive source of income which the family may have. An all-wheat country is just as bad as an all-cotton country. When either, or both possibly, becomes a part of a well-rounded farm plan, then it can be profitably grown in this section, it has been demonstrated.

But we do advise our friends, just like The Hesperian were an oracle or something, that if they have gambled this year on wheat, and do happen to "ring the bell," let up, change the tactics instead of making another gamble.

FLOYDADA'S TAX VALUATIONS

All of us like to complain and criticize as we please, about the cost of government, high taxes and even high tax valuations. Since we foot the bill we like to make some noise about it. At times, quite often possibly, we have just complaint about valuations fixed that are out of line with somebody else's valuations.

But did you know that this general statement will stand up: The value of buildings constructed within the corporate limits of Floydada in the past six years is greater than the present taxable valuations as assessed by the city.

'Round The Square

With Old Battleaxe (Himself)

Written with a toothache. Gee, folks, ain't it awful to have a toothache? The first statement is incorrect, however, cause we don't know whether that dog gone tooth is hurting or not. We went to the dentist and had it pulled out.

A toothache is a funny thing—especially when they give you laughing gas. When a fellow has a toothache, he has rotten teeth. And when he has a head ache...?

Did you ever hear of a town having the toothache? Well, we have. Floydada has a bad one. She has one awful rotten tooth that needs fixing. That dog gone court house needs painting.

And Floydada has a cavity in one of her teeth that needs filling. That City Park needs a big, high-powered Municipal Auditorium.

Gold Crowns on front teeth are nearly a thing of the past. But not for the bad teeth of towns. Lights on the dome of the court house will add the finishing touch to the dentist's job.

That ain't all, either. Floydada has got halitosis. Shhhh—don't tell anybody, cause even your best friends won't tell you. But it is a fact, and Listerine won't help a dog gone bit—not even a thousand bot-

LAND

We have land to Sell and to Lease for Farming, Stock-Farming and Grazing purposes, from about 80 acres up, in Floyd, Briscoe, Hall, Motley and other counties. Also large list of Lots in Floydada.

bles (of Listerine, of course). Halitosis (bad breath) in Floydada is caused by that delicious odor that arises from the corners of the banks and warm sides of the buildings round the square. Here the Saliva Slingers gather to cuss and discuss the younger generation.

Yep, folks, Floydada's whole dog gone set of teeth needs a thorough cleaning—buy a street sweeper. Who is going to start this dentist job in Floydada?

And while we are talking about our facial blunders—we might pitch in a good word. Floydada recently had part of her face lifted—outta the mud. Pavement in the residential sections did the job. But just imagine how a woman would look with only half of her face lifted! That's our present state. How about finishing the job with some more street paving?

And we need a shave and a haircut—more than six bits worth, too. Shave the weeds and prune the trees.

Then, just to top the job off right, buy a new Spring Hat. Not just an ordinary one, you know, but be like the lady of the house, have something different. A five story hotel would be just the thing.

We've got one good set of real "town dentists" here, to say the least—the car dealers. Last week Old Battleaxe jumped on them, tooth and toe nail, for leaving Used Cars for Sale parked in the best parking places Round the square. And last Saturday, there were only four, taking up good parking space, compared with more than sixteen week before last. Much oblige, fellows, you make pretty good "town dentists."

Oh, that dog gone tooth,—or rather where it used to be!

HAL SCOTT IS INSURANCE AGENT FOR NEW DISTRICT

Hal Scott, for the past eighteen months Floyd County agent for the Harvester Life Insurance Company, of Dallas, was last week appointed district agent over this section. His appointment came through a series of remarkable records set by Scott in selling insurance. He was recently awarded a diamond studded gold medal for selling the most insurance in this section. His new territory covers about five counties in the south-plains.

Scott is the son of Mrs. D. T. Scott, of the Harmony community.

S. T. Neeley, of Abernathy, was in Floydada Saturday on business.

Mr. and Mrs. L. J. Davis and family spent Sunday in Plainview with her sister, Mrs. C. E. Billingsley.

W. H. Finley Monday was showing down-town a freak egg that was unusually small and unusual, too, in the coloration. It was almost a chocolate brown. It was laid by a Rhode Island Red hen.

FLOYD COUNTY 14 YEARS AGO

News items taken from files of the Floyd County Hesperian published in Floydada fourteen years ago.

ISSUE OF APRIL 8, 1915

Congressman Richard P. Hobson, of Alabama, spoke Thursday night at the court house. His main theme was "The Destiny of America," in which he pointed out the necessity of a stronger navy, and the need of a national prohibition law. He predicted that we would have prohibition in 1920.

Contest between the junior declaimers of the Floydada schools will be held on Saturday night. The following juniors will give their declamations: George Beedy, "Paul Revere's Ride;" Ford Butler, "What is a Minority?" Byron Clark, "The Signing of the Declaration;" Peyton Keown, "A Plea for Prohibition;" Frank Moore, "America's Uncrowned Queen;" Verna Rolfe Wagner, "The Prisoner's Plea."

W. T. Montgomery was re-elected mayor of Floydada over M. C. Sadler in Tuesday's election by three votes; aldermen who were drafted on the same ticket with Mr. Montgomery were N. A. Armstrong, R. A. Childers, A. D. White, C. C. McMillan and Jno. N. Farris. Montgomery received 66 votes. Tom P. Steen was chosen for City Marshal.

Judge L. G. Mathews returned Saturday night from Austin, where he had been in a case before the Court of Criminal Appeals.

Ever Think About Your Dairyman?

In the early hours of the morning before you're out of bed, does it ever occur to you that your dairyman is up and hard at work preparing your daily milk supply?

Operating a dairy is not an easy task. Anyone who is seeking a soft, easy-going job, should give the dairy a wide berth.

Yet the dairy is an essential part of our daily requirements. Milk, the scientists say, is our best food. Children, particularly, should have it regularly in order to insure their proper nourishment.

So, the dairyman sticks faithfully to his task, performing his work under rigid sanitary restrictions that will insure the purity of his product.

Let's give him a thought occasionally—a word of sympathy or encouragement. He is one of the most important factors in our civilization.

The dairy herds of this community are carefully and capably managed. Our dairymen are reliable and trustworthy. The value of these institutions to our community cannot be estimated.

Pure Rubber For Commercial Purposes

Product is White Milky-Like and With Traces of Mineral Salts.

Rubber is a vegetable product and varies according to the soil where grown. Eliza Gullion of Gullion & Son, Federal dealers for this district, said this week, while speaking of the processes through which it must be put before it becomes the commercial product now so much a part of the automotive and other industries.

"Rubber is obtained from certain trees which thrive in the tropical zone," he continued. "As it comes from the tree it is a white milky-like liquid, consisting of about 58% of water and the remainder rubber with traces of mineral salts. The water is evaporated off and a soft plastic substance remains. This is the commercial rubber or raw rubber used to manufacture rubber goods. In its natural state, raw rubber is very plastic and shows a great permanent set, in other words, lacks the chief characteristics of rubber as it is commercially known, namely, the ability to return to the original form and size after being stretched or distorted."

"Rubber for commercial uses must be cured by being subjected to heat and pressure after being mixed with the proper curing agent, such

as sulphur, antimony or an accelerator. "Pure rubber has little resistance to abrasions and so for use as treads, where subjected to wear, it must be toughened. The principal chemicals used for toughening are similar to those for toughening steel and other metals, namely carbon, which results in black rubber; antimony which produces a red rubber, and zinc which makes a white or grey rubber.

"For tubes which must remain airtight even under high pressure and which require a high degree of straight without injury, a very fine grain is required. For this purpose almost pure rubber is used, there being added only sufficient sulphur and toughness to produce the required grain strength and elasticity. Sulphur, antimony or zinc are the usual ingredients used for this purpose and these only in small amounts."

PAINS

In Side and Back

"I HAD BEEN miserable for a long time. My health was poor, and I suffered a lot from weakness. At times, my strength was so little that I could not stand on my feet. I would have to give up and go to bed. My sides and back hurt dreadfully.

"I grew discouraged, for I could do so little. I worried about myself, and almost gave up hope of ever being strong and well. I could scarcely lift a bucket of water. My household work went undone, for I was not strong enough to do it.

"After I had taken Cardui for a little while, I began to feel better. I grew stronger, soon found that I could do my work with less effort, and the pains in my back and sides left me. I think Cardui is a wonderful medicine. My health has been excellent since then."—Mrs. D. L. Beckner, W. Main St., Salem, Va.

Miss Mattie D. Garner of Plainview spent the week end with home folks.

K. Briggs and children of Turkey spent Saturday night with P. Q. Haney.

Mrs. Joe Smith spent Sunday with Mrs. Sherd Horn. Mrs. Horn has been sick for several days, but she is able to be up now.

Joe Smith who has been sick for the past few months is going back to the sanitarium at Lubbock Tuesday. All his friends wish for him a speedy recovery so he can be at home again.

Several interesting ball games were played Monday evening at Campbell. Teams that played were South Plains, Center, Fairview, and Campbell.

Revival meeting will start at Campbell Monday, April 8. Rev. H. H. Green of Lubbock and Rev. W. H. Owens will be in charge. Everyone is urged to attend each service.

Floyd County Clubs

LAKEVIEW CLUB

Because of bad weather the Lakeview Home Demonstration Club did not meet Wednesday, March 27. The members expect to attend the P. T. A. and Mothers Congress meeting April 8, 9 and 10. As this is our regular club meeting date, we will not meet again until Wednesday, April 24.

BLANCO DEMONSTRATION CLUB

On Thursday afternoon, March 21, the Blanco Home Demonstration Club met at the home of Mrs. Otis Wall. Seven members were present and we were glad to enroll one new member.

"Texas Day" was the subject of the program. "Natural Resources of Texas" was the subject discussed by Mrs. D. R. Badgett. "Indians of Texas and where Located" was

given in round table discussion. "The Development of Floyd County" given by Mrs. J. D. Christian was very enlightening.

The next meeting will be held today with Mrs. Wright. "Distinctive Dress" will be the subject of the program.

Mrs. Jay Laverty, of Denver, arrived Wednesday to be here with her husband at 115 West Mississippi Street. Mr. Laverty is employed with the Rutledge Motor Company. Their son, Ralph Laverty, and wife of Denver, accompanied Mrs. Laverty here for a short visit.

Invited To Help Entertain District Convention At Tahoka

The Floydada Primary Band, above, has been invited to attend the West Texas Chamber of Commerce District Convention at Tahoka in April, the invitation received by Mrs. A. H. Thornton, principal of East Ward this week.

The instrumentation of the "band" includes the saxophone, tambourines, slides, castanets, triangles, and bass horns. They also are working up a repertoire of readings and similar features that will go well with their band music. Miss Brown-eyes Hawkins and Miss Eddythe Walker, teachers in the school, organized the band, which has appeared before the Lion and Rotary Clubs and has been officially adopted by the latter organization. The personnel of the band is as follows, reading left to right:

Judges of the Floyd County Interscholastic School meet Friday and Saturday at Floydada are: W. E. Lockhart and Mr. Tabor, Athletic judges; L. A. Osgood, Mrs. Tommie Monthford, and Miss Dorothy Walker, Literary Judges. All are from the West Texas State Teachers' College.

Officials and directors of the 1929 meet are W. D. Biggers, Director General; W. E. Patty, Director of Declamations; J. B. Allen, Director of Debates; Miss Alice Bridges, Director of Essay; Miss Mary Chambers, Director of Music Memory; Joe Hutchinson, Director of Spelling; Troy Jones, Director of Athletics; Price Scott, Director of Oral Spelling; Miss Ola Hanna, Director of Arithmetic; and J. A. Rucker, Director of Play-ground ball.

LOCAL PLANS UNCERTAIN FOR W. T. C. C. CONVENTION

Just what part Floydada will take in the annual West Texas Chamber of Commerce convention, which is held this year on the 13, 14 and 15 of May in El Paso, is not decided but discussions of the possibility of sending the Floydada Municipal Band and an organized delegation to the convention can be heard from many different quarters. No official action has been taken by the Board of Directors but it has been indicated that because of the date of the convention, which is the closing week of school here, and the almost prohibitive cost of sending the Band that no attempt to be officially represented at El Paso would be made.

Information from the Rock Island Railroad states that a round trip fare from Amarillo to El Paso for the convention will be \$17.85—C. of C. News.

PROTECT YOUR SKIN from CHAPPING

Your skin will grow coarse and thick in self-defense if you allow it to be chapped and dried by the cold. Always, before you go out, protect your skin with a film of cream under your powder. Elizabeth Arden suggests one of these:

- Venetian Amoretta Cream: flaky skin. Softens and smooths the skin, a flattering powder foundation. \$1, \$2.
- Venetian Crème de France: An exquisite finishing and protective cream. A becoming and protective base for powder. \$1.25.
- Venetian Ultra - Amoretta Cream: The same cream, slightly oilier, for a dry

Why

over 300,000 have already chosen the new Chevrolet Six

Smooth Six-Cylinder Performance

The Chevrolet Six delivers its power easily, freely and without annoying vibration or body rumble—assuring at every speed the quiet, luxurious comfort that everyone expects of a fine automobile.

Distinctive Bodies by Fisher

Longer, lower and roomier... and offering such fine car features as Fisher VV windshield, adjustable driver's seat, and Ternersted hardware—the new Fisher enclosed bodies give the Chevrolet Six an outstanding measure of distinction.

Better Than 20 Miles to the gallon

Due to finer carburetion and improved manifold, this marvelous six-cylinder performance is delivered with fuel-economy of better than 20 miles to the gallon of gasoline—with extremely low oil consumption.

Every Modern Driving Convenience

The new Chevrolet Six is equipped with full ball bearing steering mechanism... quiet, non-locking 4-wheel brakes... theft-proof Electrolock... automatic stop and tail light... rear vision mirror... and foot-controlled adjustable beam headlights.

A Six in the Price Range of the Four

Many people do not realize that this marvelous new six-cylinder Chevrolet is actually offered in the price range of the four. Compare total delivered prices as well as factory prices when determining automobile values. You will find Chevrolet delivered prices include the lowest handling and financing charges available.

QUALITY AT LOW COST

the Telephone that Tinkled all Day long

Mrs. WALTERS measured nervously, put two more pins into the hem of Jane's new party dress. The dress had to be ready by 8 o'clock—and already it was 6:30.

"No!" she answered her husband, who was rumpling his hair irritably in the sewing room door, "Supper isn't ready yet, and—stand still, Jane."

This last to blond, 16-year-old Jane, who posed stiffly on the low table while her mother fitted the garment on her.

"—and don't ask why!" she finished sternly, through a mouthful of pins. "It's a wonder I've accomplished anything! I've spent the afternoon running downstairs to the telephone—down to give Maisie Jones my cake recipe—down to answer the butcher, the preacher, and goodness knows who else!"

"I've a notion to move this sewing room downstairs, where I can grab that 'phone the moment it rings!"

Walters, moving ruefully toward the stairway, turned his head to agree with her:

"Either that," he answered, "or have a telephone put in the sewing room."

Telephones where you need them save time, patience, housewifely strength.

Few know that one or two additional instruments cost considerably less than the single telephone they now have!

By a wisely-placed "extension" or two, and perhaps a rearrangement of the equipment you already have, an expert telephone man can often double the convenience of your telephone service. Just mail the coupon.

300 White Leghorn baby chicks were received this week by R. A. Ferguson. Mr. Ferguson is in the poultry farm business at Dougherty, and is without doubt making a success of that business.

Mr. and Mrs. W. L. Ellison made a business trip to Crosbyton this week.

Dr. and Mrs. W. H. Freeman of Sentinel Oklahoma are spending a couple of weeks on their ranch just two miles out of Dougherty. Accompanied by their nephew John Freeman and wife, who have charge of the Freeman Ranch, they left Wednesday for the Texas Panhandle-Plains Dairy Show at Plainview. Dr. Freeman says that he is especially interested in adding to his dairy stock from the better dairy breeds. A new mechanical milker has been recently installed in the new dairy barn built a few months ago. The milker was installed on trial, but John Freeman tells us that it has proved to be such a labor-saving and time-saving device that they will not think of giving it up.

Dr. Freeman has on this visit become a member of the Dougherty Chamber of Commerce and tells us that he expects to help this organization in every way possible as much as his absence will permit. We are very glad indeed to add Dr. Freeman's name to our membership roll.

W. E. Oden and R. A. Ferguson are building a four-room house on the ranch belonging to H. H. Campbell.

W. S. Poole will ship three cars of cattle Saturday to Oklahoma City.

J. E. Newton cleaned up all his cotton seed for the season and shipped them to Fort Worth Wednesday.

The Edwards Grain and Elevator Co., shipped one car of cane seed to Fort Worth Wednesday.

CAMPBELL CLUB MEETS

Mrs. A. C. Jackson was hostess to the Campbell Home Demonstration Club last Tuesday when the club met at the Jackson home. "The distinctive dress" was the subject for discussion. "The Value of Good Taste in Dress" was discussed by Mrs. M. Jarboe. "The Dress a picture" was discussed by Mrs. Joe Glover. "Factors to Consider in Dress" was discussed by Mrs. Alvie Jackson. We had nine members present and a real interesting meeting.

The next meeting will be held on April 16 at 1:30 p. m. with Mrs. S. H. Horn. At this meeting, Mrs. M Jarboe will give us a demonstration on plaque work.

Mr. and Mrs. E. B. Massie left Saturday for California where they will find a place to locate, after which they will return for the children.

Mr. and Mrs. O. Stevens returned Friday from Mineral Wells where they spent ten days for Mr. Stevens health. He is now able to resume his work at Willson Lumber Co.

MY IDEAL

My ideal is an old maid school ma'am who has the ability to comment on the scandalous and unseemly actions of the youthful students. I think the ideal subject to teach is history.

My ideal is to be independent of the influences or attractions of any man. As school teaching is especially conducive toward this end, I choose that as my ideal career.

The very idea of having to darn socks and wash the dishes for the same man, and maybe tend to several squalling babies strikes me as very painful indeed.

I think any woman can aspire to higher things than to be the slave to a man and family. This talk about the woman's place being in the home is merely out of date. When the time comes for me to choose my career, you can wager your family jewels that I will be the old maid school ma'am as mentioned above.

The Floydada Dramatic Club entered a One Act Play contest which was held at Lubbock, Saturday, March 30. Many interesting plays were presented and although Floydada didn't take a place, much good was derived from it. First place was given to Levelland who presented "Mansions" and second place to Plainview who presented the same play. Third place was given to Slaton who presented "Trifles."

On account of the rain the Floyd County Meet was postponed from March 29-30 to April 5 and 6. This extra week will be used in gaining strength to beat Lockney.

W. T. S. T. C. Band entertained the Floydada High School student body in chapel Tuesday. The music was enjoyed by everyone and the director of the band told of the many good things that could be attained at that college.

What's Doing In West Texas Today

Spearman will be burning natural gas by August 1st. Six inch pipe lines are to be laid to the town from Stinnett fields to supply the commodity. The price is to be reduced from 75 cents to 65 cents per 1000 cubic feet of gas.

Fort Stockton is experiencing a lively building boom. The new opera house when completed and furnished will represent an expenditure of \$75,000. Brick business houses costing \$20,000 are being built and plans for more made. Many substantial residences are going up.

Santa Anna, after completing a new school building and a modern city hall has now started excavation preliminary to paving five blocks of the town's main streets. Plans are being considered for additional paving to be done upon the completion of these five blocks.

Although having an adequate water supply at the present time Childress is preparing for the future by purchasing a tract of 280 acres of land at a price of \$16,000 to be used in drilling water wells. A dam may be built later to make a lake.

Contract has been let for the new Silverton high school building to cost approximately \$85,000. The building will be completed by September. It will be modern in every respect and will be built and equipped with the latest and most modern of conveniences and material.

More than 500 car loads of maize, kaffir and other sorghum grains have been shipped from Tahoka this season. One hundred cars are yet to be shipped. A car load of heads consists of about 20 tons, and bring about \$17.00 per ton.

Ten percent of the farmers in Dickens county took advantage of the poultry and dairy short course conducted by E. N. Holmgren and E. R. Eudaly at Spur, and are putting into practice the knowledge gained. Many farmers have taken up the idea of diversification in farming around Spur.

Secretary C. C. Williams of the chamber of commerce has mailed out rules and regulations.

Two well known west Texas women will be on the program of the Oil Belt District Convention of the West Texas Chamber of Commerce which will be held on April 18. They are Lexie Dean Robertson, poetess of Rising Star, and Christine Carter, vocalist of Breckenridge.

ORDER FOR SCHOOL ELECTION IN COMMON SCHOOL DISTRICTS NUMBER 8 AND 24 FOR THE PURPOSE OF CONSOLIDATION.

THE STATE OF TEXAS,
County of Floyd
Whereas, on the 21st day of March, A. D. 1929, a petition was presented to me for an election to be held in Liberty Common School District No. 24 of this County, and whereas on said date a petition was presented to me for an election to be held in Sunset Consolidated Common School District No. 24 of

this county, on the question of consolidating said Districts for school purposes, both of said petitions bearing the requisite number of signatures of legally qualified voters of the respective districts, and being in every respect in conformity with law; and—

It appearing that Floyd County contains a population of 9758 according to the last United States census; and—

It further appearing that Liberty Common School District No. 24 was heretofore to-wit on the 5th day of February, A. D. 1917, redefined and rebounded by the County Board of School Trustees by order which is of record in Book 1, Page 6, Minutes County Board of School Trustees, and Sunset Consolidated Common School District No. 8, was heretofore to-wit on the 4th day of May 1925, established by The County Board of School Trustees by order which is of record in Book 1, Page 58, Minutes County Board of School Trustees; and—

It further appearing that said Districts are contiguous in their territory;

Now, therefore, I, Wm. McGehee, in my official capacity as County Judge of Floyd County, Texas, do hereby order that an election be held in each of said Districts on the 20th day of April, A. D. 1929, the election in said District No. 24 to be held at Liberty School house in said District No. 24, and the election in said District No. 8, to be held at Sunset School house in said District No. 8 as said Districts were established by the respective orders here-in-above referred to, to determine whether a majority of the legally qualified voters of each of said Districts desire that said Districts be consolidated for school purposes.

G. C. Beedy is hereby appointed presiding officer of the election to be held in Liberty Common School District No. 24, and W. F. Cook is hereby appointed presiding officer of the election to be held in Sunset Consolidated Common School District No. 8; and each of them shall

select two Judges and two Clerks to assist them in holding said elections, and the said G. C. Beedy and W. F. Cook shall within five days after holding said elections, make due return thereof to the Commissioners' Court of this County as is required by law for holding a general election.

All persons who are legally qualified voters of this State and County and who are residents of the respective school districts aforesaid shall be entitled to vote at said election held in the district of which they are residents, and all voters who favor the proposed consolidation of the aforesaid districts shall have written or printed on their ballots the words:

"FOR CONSOLIDATION OF SCHOOL DISTRICT"

and those opposed to the proposed consolidation shall have written or printed on their ballots the words:

"AGAINST CONSOLIDATION OF SCHOOL DISTRICT"

The Sheriff of this County shall give notice of said elections by having this order published for four weeks prior to said elections in

some newspaper of general circulation that has been continuously and regularly published for more than one year previous to the date of this order, in Floyd County, Texas. Dated at Floydada, Texas, this 21st day of March, A. D. 1929.

Wm. McGEHEE,
County Judge, Floyd County, Texas.

BISHOP TO ATTEND MEET OF C. OF C. EXECUTIVES

Ed Bishop, secretary of the Floydada Chamber of Commerce, will leave Sunday of this week for Dallas, where he will attend the annual meeting of the Texas Commercial Executives' Association. He will attend the Secretary's school three days, returning home Thursday.

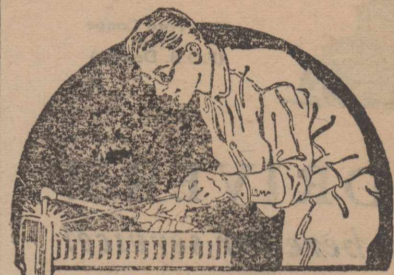

The Texas Commercial Executives' Association is composed of Chamber of Commerce secretaries and managers of Texas organizations, and this year will hold a joint meeting with the Southern Secretaries Association. Three days of discussion of various Chamber of Commerce problems will be held and

some of the most prominent Commercial Executives in the United States have accepted invitations to take part in the program. Mrs. Bishop will accompany the secretary to Dallas.

Mr. and Mrs. G. T. Massie, of Corpus Christi, left Tuesday for Littlefield for a brief visit with her parents, Mr. and Mrs. W. H. Badger, after a brief visit with friends and relatives here over the week-end and the first of this week.

PAINFUL INDIGESTION

"I suffered a good while before I found something that would help me," writes Mr. E. W. Barry, of Neosho, Mo. "My trouble was indigestion, pains in my chest and a tight, bloated feeling that would make me feel smothered. Speaking of this to a friend of mine, he told me that Black-Draught was good for this trouble. I bought a package. It certainly did help me, so I continued to use it. I am in the transfer business, and sometimes when I would be hungry and ready to eat, I would have a call and would have to eat later. Then I would eat too much or too hurriedly. This would cause indigestion. After I started using Black-Draught, I found it did me a world of good."

A TRULY improved lubricant is DIAMOND "SEVEN-SIXTY". An oil new in specifications... new in characteristics... new in what it will do... new in the abuse it will withstand. It is the successor to the original DIAMOND Motor Oil... long recognized for its quality... a lubricant which has rendered millions of hours of satisfactory service in all types of motors.

Q Motors change and lubricating oils must keep pace. Speed... high operating temperatures... these are the forces the oils of today and tomorrow must combat. And, in keeping with our refiner's policy of producing lubricants of a quality even in advance of immediate requirements, their chemical and engineering staff after months of research has developed DIAMOND "SEVEN-SIXTY".

Q DIAMOND "SEVEN-SIXTY" Motor Oil passes a volatility (evaporation) test at 760 degrees which insures a wide margin of safety above the temperatures of the working parts of even the new high speed, high compression motors. This means decided economy and longer life for both oil and motor.

Q DIAMOND "SEVEN-SIXTY"—as was its predecessor—is refined from select 100 per cent paraffin base crude oil... made and graded to meet the maximum specifications of the Society of Automotive Engineers.

Q DIAMOND "SEVEN-SIXTY" is the first oil of its kind on the market. It brings to you a new degree of satisfaction, safety, and motor performance. For sale today. Try it!

What is "760"?

DIAMOND "SEVEN-SIXTY" Motor Oil derives its name from a new standard test, the purpose of which is to determine the adaptability of lubricants for use in the new high speed, hot running motors. In this test, oils are heated to the extreme temperature of 760° F.

Under this terrific heat, DIAMOND "SEVEN-SIXTY" shows a negligible evaporation loss. It is practically a 100% heat resisting lubricant.

What this means to you as an automobile owner is explained in an interesting, non-technical booklet, "AHEAD OF THE PARADE", which is yours for the asking at any DIAMOND service station or dealer.

FIRST METHODIST CHURCH

G. T. Palmer, Pastor
Easter Sunday was a great day in the Methodist Church. The Sunday School attendance was very encouraging, and the interest good. Our Sunday School is doing very fine work and we appreciate the fine spirit of co-operation. If you are not attending we shall be glad to have you come to our school.

We had splendid congregations both morning and night. While we did not accomplish all that we had hoped to accomplish in our evangelistic services we are indeed grateful for all the good that was done. There were thirty additions to the church and many accepted Christ as their personal Savior.

The pastor will preach at 11:00 a. m. At 7:45 p. m. the Senior and Junior Leagues will have charge of the service. We hope that the older people may encourage the League workers by attending the evening service.

Let us make the coming Sunday another great day in worship and service.

CHURCH OF CHRIST

The revival meeting now in progress at the City Park Church is being well attended, however we still have room for you. All services are as fine as can be. Just plain simple preaching and singing.

G. K. Wallace of Stamford, Texas, is doing the preaching. Come and hear him. Services begin promptly at 10 a. m. and 8 p. m. "Come let us reason together."

We look back with gratitude to the services of last Sunday. We had 408 in Sunday School and a packed house for the morning preaching service. We had no evening preaching service on account of the revival at the other churches. Many of our people report great services

The TOWN DOCTOR

(The Doctor of Towns)

SAYS

NO TOWN EVER LOST A CUSTOMER FROM BEING TOO CLEAN

Calvin Coolidge, addressing The American Federation of Arts and The American Association of Music, said, "If clothes make the man, and certainly good dress gives one a sense of self-respect and poise, how much more is it true that clean, beautiful surroundings lend a moral tone to a community?" And added, "We are gradually getting rid of the oppressive ugliness of our communities."

Oppressive ugliness: a good house next to a shack; a beautiful lawn with a vacant lot overgrown with weeds adjacent; unsightly outbuildings; highway entrances cluttered up with nondescript, claptrap, unpainted and otherwise obnoxious billboards; store signs of every sort, shape and description protruding at all sorts of angles from store buildings—some high, low—all derogatory to any sense of attractiveness; poorly kept streets, open dumps, unpainted buildings, a dilapidated square, tin can alleys, visible pollution of streams, and ugliest and most oppressive of all—a citizenship with an inferiority complex one devoid of civic pride.

Oppressive ugliness is that which makes residents of a community say, "Oh, you won't mind that after you've lived here a while"; and the absence of which makes a stranger say, "I like this place."

Oppressive ugliness is that which creates atmosphere. How often have you gone into communities or mercantile establishments and given as a reason for not being sold on the place that there is no "atmosphere?"

Atmosphere is that which invites or repels; atmosphere is the making or losing of sales, prestige and good will.

Oppressive ugliness relates materially to appearance. How does your community look to a customer? Eighty percent of these things purchased today are sold through, or influenced by the eye. Therefore, how your town or community looks is important.

This is the season of the year when everything oppressive should be annihilated. Nature is ready to help make things attractive. Start now to help take your town or community to a good old-fashioned house-cleaning: clean it up—scrub it up—dress it up—and keep it up!

Include yourself in the cleaning: get rid of the mental cobwebs that make everything about your place of abodes so commonplace. Rid yourself of the superstition and prejudice that your town cannot be as modern, attractive and interesting as any city anywhere.

Like life, your town or community is what you and the rest of the people like you work to make it. It is just as big or just as little as the people in it.

Exactly what you need!

For the small family, a "five foot" refrigerator is usually sufficient. But consider what else you get in the famous Copeland N-5-Special:

Over 5 cu. ft. storage; over 7 1/2 sq. ft. shelf area; lacquered steel exterior; solid one-piece porcelain interior; Coldtray for crisping salads; no insanitary drain pipe; 108 ice cubes, 6.95 lbs. ice; 3 ice trays, 1 double-depth for frozen desserts.

Economical, quiet operation, and low price. The model N-5-Special is only \$210 at factory—compare that with any other self-contained electric refrigerator and you'll quickly realize the surplus value Copeland gives.

Of course there are other Copelands—all sizes, all colors, all prices. But we believe this N-5-Special is exactly what you need!

Wheat Growers Make Charter Application

Completion of their stock selling and preparations for application for charter was effected Friday of last week by stockholders of the Floydada Wheat Growers' Association in their meeting at the county court room in the court house, and W. C. Cates, J. R. Readhimer, W. N. Jones, Geo. M. Finkner and J. D. Christian were named as the members of the board of directors.

Application for the charter to incorporate will go to the secretary of state this week. The authorized capital will be \$12,000.

W. C. Cates, in addition to being secretary of the organization will also be manager of the business succeeding E. C. Caudle, who has been manager for the thirty-four months since the original organization was made. Cates assumed his

duties Monday of this week, but Caudle remains with the business for a few days to acquaint his successor with the details.

Strong commendation for the capable and efficient manner in which Mr. Caudle has handled the affairs of the association during the nearly three years he has been manager, was expressed by J. D. Christian, chairman of the board.

Harmony News

Harmony, April 2.—Raymond Williams spent the week-end with his parents, Mr. and Mrs. L. A. Williams. Raymond is attending Tech College. Joe Seward accompanied him home.

Following Sunday School Sunday, we had a very nice Easter program, and in the afternoon had an Easter egg hunt.

BORN—to Mr. and Mrs. Gaston Hampton, a son, March 31.

We had our annual cemetery working today. Also did some work around the church.

The Harmony community is right proud of one of our farmer resi-

dents, W. C. Hanna, who was elected Mayor of Floydada today. We extend our congratulations to Mayor Hanna.

G. L. Snodgrass, H. M. Miller, Everett Miller, L. E. Williams and R. B. Gary were among those from Harmony to attend the Dairy Program at Floydada Tuesday night. They sure had a fine program.

FLOYDADA STUDENT AT TECH AUTHOR OF AMATEUR PLAY

The Sock and Buskin Club of Tech College, will present a play the latter part of April entitled "The Stronger Call," written by Horace Grady Moore, son of Mr. and Mrs. Roman S. Moore, now in his senior year at that school.

Mr. and Mrs. J. B. Bishop, and Mrs. Bishop's mother, Mrs. T. A. Caudle, and Miss Dessie Walker returned Saturday from South and Central Texas where they spent last week visiting with relatives and friends. Mrs. J. J. Hayes, of Gatesville, returned with them for a visit with her sister, Mrs. Jennie Bishop and family.

Suffered For Twenty Years; Regains Health

"I suffered from inactive liver for twenty years and about three years ago I became so terribly rundown I could not attend to my household duties without stopping to rest.

MRS. JULIA OAK

"I would have such severe pains in my stomach after meals that I would have to run for the soda box. Dieting did not help me, and even the best medicines I could buy did not reach my case.

"But Sargon went right to the root of my trouble without losing a minute's time. I never saw anything like it. I felt better from the very first dose, and now I eat anything I want without any ill effects. I am not the least bit nervous and I feel so well and strong that even after I get through with my household work I want to be up and on the go.

"Sargon Soft Mass Pills completely overcame my liver trouble and constipation. They act so gently that they did not upset my system or make me the least bit sick.

"I know from experience that the Sargon treatment will end stomach and liver complaints. I feel just like I have been made all over like new, and I want all my friends to know what this grand medicine will do."

The above statement was made recently by Mrs. Julia Oak, well known and highly esteemed resident of R. F. D. 1, Box 157, San Antonio, whose motherly kindness has endeared her to hundreds of friends throughout her community.

Sargon may be obtained in Floydada at Floydada Drug Co., and in Lockney at Stewart Drug Co.

CARD OF THANKS

In the dark cloud of sorrow and grief that has settled over our home in the death of our loved one, there has come so much comfort and the load has been made much lighter by the many kind words and services of our many friends and neighbors. For all these we wish to express our deepest and most sincere thanks and gratitude to one and all.

Mrs. J. J. Ryals and daughter.
Mr. and Mrs. I. J. Lloyd.
Mr. and Mrs. P. M. Leatherman and family.
Mr. and Mrs. C. A. Smith and family.

Clay Willis, who has been with the Willson Lumber Company at Tulia for the past few months, returned to Floydada last Friday to be employed in the local yard of Willson & Son.

SHERIFF'S SALE

THE STATE OF TEXAS
County of Floyd
NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, on the 19th day of March 1929, by T. P. Gulmarin Clerk of said Court for the sum of One Thousand Two Hundred Fifty and 71/100 Dollars and costs of suit, under a Judgment, in favor of Thurber Brick Co. in a certain cause in said Court, No. 1695 and styled Thurber Brick Co. vs. J. W. Blair et al, placed in my hands for service, I, P. G. Stegall as Sheriff of Floyd County, Texas, did, on the 23rd day of March 1929, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit:

All of Lots Nos. 1 and 2 and 3 in Block 38, Particularly Described as Beginning at A point 240 feet North and 70 feet West of the Northwest Corner of the Ira E. Davis 80-acre Homestead Survey, Same being Northwest Corner of the R. E. Davis 80-acre Homestead survey, Same being 30 feet North and thirty feet east of the Northwest corner of Block No. 3, in the town of Lockney; Thence North 90 feet; Thence East 140 feet; Thence South 90 feet; Thence West 140 feet; and levied upon as the property of J. W. Blair, J. N. Jordan, H. B. Jordan and W. M. Hale and that on the first Tuesday in May, 1929, the same being the 7th day of said month, at the Court House door of Floyd County, in the State of Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. W. Blair, J. N. Jordan, H. B. Jordan and W. M. Hale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, a newspaper published in Floyd County.

Witness my hand, this 23rd day of March 1929.
P. G. STEGALL,
Sheriff Floyd County, Texas.

Turkey Growers Club Holds Second Meeting

Floyd County Turkey Club met Saturday afternoon, March 30, at the court house for the first time since the organization March 15.

Mrs. L. C. Wheeler, secretary, read a letter asking Congress for a 16c protective tariff on turkeys. The letter was approved and will be sent to Congress. Monthly meetings of the club will be held, it was decided, and Saturday, May 4, was set as the next meeting date. Officers of the club urge that every member be present at the next meeting as by-laws will be adopted and other important business will be discussed.

The club now has a membership of 45 Floyd County turkey growers. It was organized for the main purpose of trying to obtain a heavier duty on imported turkeys to protect home producers. Mrs. J. D. Christian is president of the club, Mrs. L. C. Wheeler, secretary, and J. D. Christian, vice-president.

J. J. McKinney has been at home since the latter part of last week from the north plains, where he is operating a plowing rig.

Essex Test Averages 55.1 Miles Per Hour

Challenger Makes 510 Mile A. A. A. Speed Test From El Paso To Pampa.
Fifty-five and one tenth miles per hour was the average speed of a stock Essex Challenger Coach in a speed drive from El Paso to Pampa Texas, last Tuesday, sponsored by the Hudson-Essex dealers of the Plains. Jack Callaway, well known speed driver, made the drive of 510 miles in nine hours forty minutes.
More than 120 miles of the distance made by the Essex in the speed test was in the mountainous districts of New Mexico. The route made from El Paso to Pampa was made by way of the Ruidosa Valley to Clovis and Farwell. Arrangements for the speed drive were made by the American Automobile Association and the drive was sponsored by that organization.
Leaving El Paso at ten forty-five Tuesday morning, Callaway made the entire drive without a stop for refueling or making adjustments. He arrived in Pampa at eight twenty-five Tuesday.
The Rutledge Motor Company, local dealers for the Essex cars, were posted by messages during the speed test.

Mr. and Mrs. A. D. Cummings spent the week end with her father, Dr. V. M. Stewart, of Canyon.

A. N. Gamble was in Wichita Falls Wednesday on business.

Rev. G. W. Tubbs, Rev. R. E. Bost, Rev. E. D. Morgan of Lockney, and Mr. and Mrs. W. B. Jordan attended the fifth Sunday meeting of the Floyd County Baptist Association at Silverton Sunday.

Mr. and Mrs. Metz Heald, of Abilene, have been guests of Mr. and Mrs. Edwin Heald and Miss Blanche Bass since Monday. While here Mr. Heald attended the Dairy Show at Plainview.

Murder Charge Filed Against Local Negro

A charge of murder has been filed against Joe Brown, a local negro, following the death of Sylvester Jones, another negro from knife wounds at about 9 o'clock Sunday night, in negro quarters of the city.
The Jones negro was stabbed once in the throat and once in the hip. The throat wound proved fatal in a very short time.
Examining trial for Joe Brown is being held this morning at 10 o'clock. He was apprehended early Monday morning by Sheriff P. G. Stegall, after a fruitless search for him until a late hour Sunday night.

UMBERSON'S BUY INTEREST OF HAMRICK IN RESTAURANT

Announcement was made Wednesday of the purchase of Clinton Hamrick in the Busy Bee Coffee Shop by Joe and Frank Umberson, former partners in the business with Hamrick. Hamrick and Joe and Frank Umberson purchased the Busy Bee Coffee Shop some six weeks ago from H. A. Grigsby.
The shop will be located at the same stand and will continue business under the same name.

Mr. and Mrs. J. B. Jenkins returned Friday from a three weeks visit at Ft. Worth and Mineral Wells. After attending the Fat Stock Show at Fort Worth, Mr. and Mrs. Jenkins went to Temple, where Mr. Jenkins went through the clinic and from there they went to Mineral Wells, there they spent a week.

Mrs. G. J. Robinson and children of Fletcher, Okla., spent the week end here with her brother, J. R. Black and Mrs. Black.
Mr. and Mrs. A. H. Kreis and family returned last week from Miami, Florida, where they spent the winter.

Mr. and Mrs. J. I. Staley and family of Wichita Falls were guests this week end of his sister, Mrs. Fred Zimmerman.

Mrs. Wanda Banker and little daughter Doris spent Sunday here with her parents, Mr. and Mrs. N. A. Armstrong.

FATHER OF ROBT. MEDLIN WILL BE BURIED FRIDAY

Robert Medlin, of Roaring Springs father of Robert Medlin, Jr., agent for the Q. A. & P. Railway in this city, died at an early hour Wednesday morning following a major operation. He underwent the operation Tuesday at Matador and died at a Matador hospital.
Mr. Medlin, who was 70 years of age, had been a resident of Roaring Springs for 12 years and was well known over this section. He was born in Fannin County, Texas. He is survived by his wife, six daughters and one son. The daughters are Mrs. A. B. Cranston, Abilene, Miss Bessie L. Medlin, Roaring Springs, Mrs. W. J. Ely, Snyder, Mrs. G. C. Henderson, Los Angeles, Mrs. A. Carpenter, Lefors, and Mrs. W. K. Bagley, Eastland.
Funeral services will be held Friday afternoon at Abilene, and interment will be made in the Abilene cemetery. Mr. Medlin, of this city, will attend the funeral services.

DOLORES DEL RIO COMING TO ROYAL IN 'RED DANCE'

More than a score of beautiful gowns, creations worn by Dolores Del Rio and Dorothy Revier in Raoul Walsh's super production of "The Red Dance," were designed after the Russian vogue, and executed on the Fox lot.

Inasmuch as the action of the picture takes place at a period just prior to the Menshevik revolution in Russia, technical research was employed so that the gowns will pass inspection not alone by authorities in this country, but in the exact locale of the picture, for Fox Films have a great vogue in Russia.
"The Red Dance," which has been playing to capacity audiences at the Globe Theatre in New York, is coming to the Royal Theatre Monday and Tuesday.

A BOX OF MONKEYS, PLAY GIVEN RECENTLY AT IRICK

"A Box of Monkeys," another one of those good Sand Hill plays, was given at Irick Monday night of last week, a report to The Hesperian states. "It went over in good style and we think it one of the best plays ever given here from Sand Hill," the report declares.

The characters were composed of the school faculty, G. D. Tate, Floyd Meacham, Mrs. Glenna Jackson, Mrs. Cella Ross and Miss Ola Hanna.

The kitchen band composed of Home Demonstration ladies gave two numbers between acts. The instruments were made of kitchen utensils which were very clever. Other between act features included a negro song and readings by school pupils.

"We want Sand Hill to know how very much we enjoyed your peppy little program, and want you to come again, as we feel it has been an inspiration to our community." The Hesperian's correspondent adds.
