Taxpayers Money Wasted

An audit made recently by one of the County Commissioners
of nearby Taylor County has revealed a waste of approximately
\$24,000 in taxpayers' money over a period of about two years.

This waste of \$1,000 in tax money each month resulted from
excess purchases under a haphazard system of buying, and over-
charges by firms furnishing supplies to the county. In many instances
Taylor County paid three to five times more than the established
price on some materials and supplies.

Revelation of such shocking waste of taxpayers' money em-
phasizes a point which this newspaper and the press of Texas gener-
ally has advocated for years.

Wasteful spending of tax money by a county or other govern-
mental agency could not continue very long if full and complete re-
ports of receipts and expenditures were published at frequent inter-
vals. The public, and taxpayers in particular, would soon detect any
unwarranted spending of public funds.

Realizing this fact, our lawmakers have wisely made provisions
which call for published reports by the governing agencies, including
county, municipal and school, at periodic intervals.

These statutes are observed in many Texas counties, but com-
pliance with the publication laws has never been practiced in Haskell
County. We believe that the people of Haskell County would appreciate
an opportunity to review detailed reports covering receipts and
expenditures in connection with the operation of all tax-supported
governing agencies, county, city and school.

Such reports, in brief and understandable form, would keep
citizens and taxpayers in closer touch with local government, its
needs and its problems. To our way of thinking, public officials
should also welcome the periodic reports as an opportunity to give
an accounting of the responsibilities entrusted to them.

We believe that every man, woman and child has the right to
know what our public officials are doing with the responsibilities
given them by the electorate. Election to public office is both an honor
and a trial. It is an honor manifested by the faith that voters have
shown in the successful candidate. But it is a trial of that candidate's
inherent honesty, ability and willingness to serve his constituency.
Accounting for his stewardship directly to the men and women who
elected him is the duty and obligation of every elected official, and is
an essential part of American government.

Welcoming Our New Citizens

Haskell has long enjoyed the reputation of being a friendly
town, doubtless a heritage from the early West, when pioneers were
noted for the friendly welcome accorded strangers.

Women of Haskell's Progressive Study Club are determined
that this reputation for friendliness shall not only be maintained, but
enhanced.

Teaming up with the Chamber of Commerce, the two organi-
zations have adopted a joint project to contact and welcome all new
residents moving to Haskell. Newcomers will be made to feel at home,
and will be given information about Haskell, its churches, schools,
and civic enterprises. Cooperation of local business concerns will be
solicited in providing a token of hospitality to be presented our new
citizens. We are sure the project will receive the cooperation of
Haskell merchants in whatever measure is needed.

Such a program will be of immeasurable benefit to our com-
munity in promoting closer, friendlier relationship among our entire
citizenship.

The women of the Progressive Study Club are to be com-
mended for their civic awareness in initiating and helping carry out
a community project of this nature.

Rice Springs Park a Community Asset

One of Haskell's most valuable community assets, one which
is more or less taken for granted by some local residents but which
draws praise and favorable comment from visitors, is Rice Springs
Park and swimming pool.

The park, with its playground equipment and picnic facilities,
attracts many families and groups during the spring and summer.
The park is also the scene of numerous family reunions and similar
gatherings of people from a wide area in this section.

With the outdoor season approaching, a clean-up and bright-
ening up of the entire park area is in order and we are sure that
city officials have this scheduled at the proper time.

A visit to Rice Springs Park some Spring evening would be a
pleasant outing and a delightful surprise to many Haskell people
if they have not visited the area in several years. The many facilities
for picnicking and the array of playground equipment make it one of
the nicest municipal parks in this entire area.

PEOPLE, PLACES, AND THINGS

BY A. PATE

The severe weather warning, or
"tornado alert" as it is generally
interpreted, kept practically the
entire citizenship on edge Friday
afternoon, but fortunately, Haskell
was in the fringe area of a Spring
windstorm and downpour.

However, as a result of the
warning of possible storm condi-
tions, many storm cellars were
cleared of winter accumulations,
pots, plants, etc, and made
ready for use.

This column agreed with Mrs.
Vernon Ivy the other day when she
remarked that the degree to which
science has developed the art of
tracking storms has made people
more "tornado conscious."

"I'm sure we are not having
any more storms or tornadoes
than we had, say ten years ago.
But TV and radio reports of
threatening storms have created
a 'tornado complex' I guess,"
Mrs. Ivy said.

Most of us can't help but feel
a little jittery after hearing an
advisory weather bulletin that
tornado conditions exist. Then, if
the fire siren is sounded, cellar
doors start slamming all over
town. Ours is not the last one
closed, either.

If Constable Raymond Denson
of Rule knows the identity of the
persons responsible for a prank
which frightened three Negro men
out of a year's growth recently,
he's not saying anything about it.
In fact, the officer wouldn't ad-
mit any knowledge of the incident
—but he couldn't keep from laugh-
ing when asked for particulars.

The way we heard it, three
youths had caught a full-grown
bobcat in a steel trap in broken
country between Rule and Ro-
chester. Looking for some sort of
box or cage, they found an old,
discarded suitcase. Finally man-
euvering their angry, snarling
captive into the suitcase, they
tied it securely closed with a
rope.

Starting home with their trophy,
they had a better idea. Leave
the battered valise near the high-
way and watch someone pick it
up. Laying it just off the pave-
ment, the boys drove their car in-
to a pasture then slipped to a
vantage point to await develop-
ments.

Several cars whizzed by, ignor-
ing the suitcase. Then an auto-
mobile occupied by the three
Negroes passed, slowed down,
then backed up. One of the occu-
pants jumped out, grabbed the
suitcase and the car sped
away.

About 100 yards down the high-
way the watchers saw the car
literally "explode," doors flying
open and occupants bailing out in
all directions as the driverless car
came to a stop in a borrow ditch.
As the freed bobcat streaked off,
the Negroes warily circled and
returned to their ditched car,

J. U. Fields, and John W. Pace,
aldermen.

A campaign for membership in
the Ozark Trail Association was
started here last week, which re-
sulted in securing 51 members at
this place.

Mrs. O. V. Payne returned Wed-
nesday from San Antonio. Her
son, Lt. J. P. Payne returned
home with her and will visit here
several days. Lt. Payne is sta-
tioned at Camp Travis, being
among those who received com-
missions at the First Officers
Training Camp at Leon Springs.

Claude Norman of Camp Bowie
visited relatives in the Pinkerton
community Saturday and Sunday.

The Haskell County Poultry As-
sociation is making plans for a
poultry show to be held here Fri-
day and Saturday, April 12 and
13.

C. C. Malone of Denton has
purchased the F. M. Bentley home
in this city and the 480 acre Bentley
farm three miles west of Haskell.

R. L. Medford of Howard
brought to town Saturday 16 doz-
en eggs and several pounds of
butter for which he found a ready
market. This is a weekly habit
with Mr. Medford, who finds it
very profitable.

The Haskell Ice, Light & Water
Company is making extensive
improvements and additions to its
plant. Chief of these is the addi-
tion of a 35-ton block system re-
frigeration.

News reached here early this
week of what appears to have
been an unprovoked and diabolical
murder in the neighboring county
of Stonewall. On Friday the 20th
inst., the body of an old and in-
offensive German man was found
in a field where he had been
working. He had apparently been
shot with a .22 caliber rifle and
his skull had been crushed with
an axe. There were no witnesses
to the brutal murder, but cir-
cumstances surrounding the slaying
has led to the arrest of three
men in connection with the kill-
ing.

One night last week the store of
Spicer Bros., at Sagerton was bur-
glarized. Thursday of this week
Deputy Sheriff Lagrone arrested
two men in connection with bur-
glary, the officers recovering a
part of the merchandise stolen
from the store.

E. P. Elkins was in one day
this week and told us one of the
first snake stories of the season.
He said while at the mouth of
Little Rocky Creek fishing last
week he came upon two rattles-
nakes, one of which he killed but
the other escaped to its den. He
said the one he killed measured
six feet in length and was two
and one-half inches between its
fangs, which were very large,
and it had 19 rattles.

J. J. Stein has purchased Setve
Neathery's 500 acre farm just
south of town for \$17,000.

Just a flick of the wrist and both lift-gate and tailgate open. You

Music in the Home Theme of Harmony Club Program

"Music in the Home" was the theme of the Haskell Harmony Club program presented Thursday evening at 7:30 at the HHS Homemaking Cottage.

Mrs. M. E. Helber was director and presided at the business meeting. Mrs. Tommie Hawkins, the president for 1958-59, was elected as delegate to the State Convention of Texas Music Clubs in Ft. Worth April 9-12. The State Song, Texas Our Texas, and the club collect was given by club members.

Mrs. Helber stated our Federation is stressing music in the home and community to encourage better music for the young students as players or as concert pianists. To make them conscious of our type of music in folklore or more classical type. The "rock 'n roll" is emotional type, typical of today's youth to express the enthusiasm of popular music. If we expose our children to better music we bring them the true value of

the inner soul of music.

Jo Nored Boone played two numbers pertaining to folklore which is portrayed in The Little Brown Jug and Indian Love Call.

The Bell twins, June and Jane, sang two songs, Faraway Places, and Now is the Hour, typifying the trend of popular songs. They were accompanied at the piano by Mrs. Bell.

Joyce Cook, daughter of Mr. and Mrs. Roy Cook, presented a tap dance number which is popular today.

Mrs. Hubert Bell brought an interesting discussion on the evaluation of orchestras. She stated that we have had some type of music from the beginning of time.

Martha Jane Bynum performed with skill the beautiful Piano Concerto No. 1 by Tchaikowsky, one of the well known masters.

Linda Spears played very deftly with finesse the exciting "Tarantella" by Charles Deree.

Vicki McClure and Jeanne Branch as primo and secunde rendered the lovely "Blue Danube Waltz" by Strauss as a piano duet.

The social committee composed of Mesdames Hawkins, Mart Clif-

ton and Miss Beryle Boone, served hot punch and cookies to the following present: Special guests and performers, Mrs. Roy Cook and daughter Joyce, Mrs. Nored Boone and Jo Nored, Vicki, Mrs. Clure, Jeanne Branch, Martha Jane Bynum, Linda Spears, Mrs. Hubert Bell, June and Jane Bell; and members, Mesdames M. E. Helber, C. J. Robinson, Dr. Gertrude Robinson, F. L. Harrison, C. L. Lewis, Guy Harris, Mart Clifton, Tannye Squyres, Tommie Hawkins, Ray Smith, Hill Oates, J. F. Cadenhead, Miss Beryle Boone.

We realize the laudable part our churches play in community life . . . their contribution in both a spiritual and material sense toward community welfare and common good. These churches, their teachings and their membership exert a tremendous influence that touches every home and every business. This function they have in common with our schools, civic bodies and other organizations, all of whom through various methods perform services for the good and benefit of all. In recognition of the splendid ideals and achievements of the Haskell churches, we urge everyone to attend an Easter church service.
