Chautauqua Promises To Go Over Big This Year

Four Days of Entertainment in Big Theatre Tent Opens With Hilar-ious Comedy Monday Night.

Chautauqua in Floydada for the sea-Chautauqua in Floydada for the season of 1928, "promises to go over big,"
Superintendent W. E. Patty, of Floydada Public Schools, said yesterday afternoon. "Everything is going along in good shape with all advance preparations wall in hand and the expectation tions well in hand, and the expectation that the opening number Monday night, 'Applesauce' will be seen by one of the largest audiences ever to attend an event of this nature."

Chautauqua, appearing in Floydada for four days beginning Monday night, April 30, and continuing through the afternoon and evening of May 3, is coming under the auspices of Floydada Public Schools, with a sufficient number of advance ticket sales to assure no deof advance ticket sales to assure no deficit, if all collections are made. The site selected for the Chautauqua is at the southeast corner of the square on

the J. G. Martin property.

Dandy Program Offered Belief that one of the most entertain-ing programs given in Floydada in re-cent years is billed for Floydada this season, was expressed by the manager of the Chautauqua in a recent statement. "Take a vacation—it pays," is the slogan for the four days, when, it is insisted that everyone who can attend will thoroughly enjoy each after noon and evening's program.

Opening Monday evening, presenting "Applesauce," with a captivating company, in the big success of last year's six-day circuit, and one of the great comedies of recent years. It is a sure cure for the blues.

Second afternoon: The Ben Nak Players romp thru a diverting enter-tainment of music and novelties. Then, Louis Williams, scientific wizard, with a platform full of apparatus, gives a laboratory demonstration of modern chemical wonders.

Second evening: The Ben Naks come on again for an hour of cheerful nonsense and popular melodies after which "The Wonders of Electricity," with leaping tongues of fire, radio freaks, thrilling phenomena of high voltage are presented by Levis Williams sented by Louis Williams in memorable,

lin, guitar, mandolin, a musical saw, all regular meeting of the winning club. sorts of orchestral combinations, and Saturday will be given over largely to

City's New Well Ready To Develop

Floydada's new source of water supply, the well in Block 4 of the Starks Addition in the northwest part of the city, is ready to develop today, and workmen under the direction of Contractor D. L. McDonald this morning began preparations to give the well gravel treatment. Gas pressure, excellent for this purpose, will be used, Mr. McDonald said.

Asked about the prospect for a good well, Mr. McDonald said he was optimistic over the prospect of getting a good well completed. "The water supply is really bet-ter than we expected to get and we have every reason to believe that we can deliver as good a well as contracted."

The well will be equipped with the Layne centrifugal type of pump. The heavy increase in the demand for water in the city made the expenditure for additional water supply not only desirable but a real necessity, in the opinion of city officials. The well is costing, equipped, \$12,000.

Assistant State Agent Visits Floyd Co. Friday

Judging In Home Improvement Contest Among Demonstration Clubs Begins at Noon Tomorrow.

Miss Bess Edwards, of College Station, assistant state agent of Home Demonstration work of the Extension Service, will visit Floydada this week-end and will assist Miss Minnie Mae Grubbs, row afternoon.

Miss Edwards' visit here is being made on account of the illness of Miss Myrtle Murray, who is at her home ill, Miss

LATE FREEZING WEATHER

not doing any injury.

one of the latest freezes in recent years at least. While snow has fallen in times past as late as May, when an unusual phenomenon of nature occurred, the flakes have melted as they fell and did no damage. Three years or four ago, an April freeze did much damage to or shortly thereafter.

DEVELOPING OUR TALENTS

The Hesperian sometimes thinks that hasty action. the great majority of Floydada citizens are overlooking a development in the community life that should not be overlooked. America, in a large way, has awakened to the fact that a musical nation is a happy one, and that music makes easier to bear the burdens that are to be borne, indeed, makes it easier to throw off these burdens, the solution of the national and community problems more light because music makes a happier, brighter, more hopeful approach possible.

To be commended are those efforts that have been made and the results are not altogether unnoticeable. But if these to altogether unnoticeable. But if these to altogether unnoticeable are those efforts that have been made and the results are not altogether unnoticeable. But if these to altogether unnoticeable are those efforts that have been made. But if the members of the council do not hear from the property owners who three pipe, thirteen lumber, three cement, one posts, two brick, two tile and the council are those efforts that have been made and the results are not altogether unnoticeable. But if these efforts were backed by a deeper community-wide aspiration for greater things musical, the marvelous effect would be apparent within a few short years. Many communities in West Texpears. Many communities in West Texpears. Eloydada we fear the second of th as are learning this. Floydada, we fear, running for office. However, they ceris more backward than some others in tainly like to know they have the moral appreciating this fact.

McNARY-HAUGEN BILL

The McNary-Haugen Bill in Congress, designed by its authors to offer an avenue of relief for the agricultural interests of America, will come up for a vote in the senate this week, and the forecast is that the measure will pass that body and go to the President for his approval or veto practically as passed it or what changes of heart the president has had in two years, is to seen.

The bill is one that has taken hold of agricultural interests of America mightily, many contending that it offers an opportunity for the farming in-terests to meet the unfavorable conditions which have beset the industry and give it an opportunity to obtain parity in living conditions with other indus-

PAVING PROGRAM DELAYED

That receipt of bids on the paving il freeze did much damage to project in Floydada has been delayed by don't know where t' steer

That year, however, the wheat the city council for a few weeks from Fer t' find some true companion who was earlier than usual and in much of the original date until in May, does not the crop had begun to form stems, and the date was about the tenth of April gram as a whole is delayed. Indeed, the program may be infinitely aided by the delay to give the council, the engineers and would-be bidders more time to study the local conditions and avoid the possibilities of error that come with too

However, there is one thing the aver age citizen can do about it in the interim that will be helpful, we think. He can tell members of the council that he carloads of building materials have been wants more paving in Floydada. Rest assured, the men who oppose expenditure of public funds for more paving the freight from the Quanah road at are not failing to so advise the council. Roaring Springs and delivering it over As an improvement measure there is no the new rail line to its destination. one thing more needed in Floydada we support of the community in undertakings they begin.

'Round The Square

BY OLD BATTLEAXE

Old Battleaxe has been asked a number of times recently why he has cnosen ed by the house of representatives recently. How much of the objectionable this name as a pen title. Well, we had really intended this to be on the q. t. but guess that we will have to reveal of it since President Coolidge last vetothe deep, dark secret. To be honest, Old Battleaxe is small in stature, in fact too small to toss verbal rotten tomatoes at the Saliva Slingers, Commissioners, or practically any "man" and expect to get away with it. Hence we hang out the sign "Old Battleaxe." We choose this name with the sole object of scaring off anyone whom we might offend. And here's hoping that every body that might get on their "high hoss' believes in "signs."

Kwitcherbelliakin-and pave.

"You see every four out of five have had it" he explained as she retur. ed his engagement ring.

Yep, it's true that people who have lived here on the plains all their lives know little of hilly country where they have lots of rivers and creeks. A story is told round the square of a teacher in a local school who was trying to com vey the idea of devotion to a bunch of "Native Plains Youngsters." "Now suppose" she said, "a man working on the river bank suddenly fell in. He could not swim and would be in danger of losing his life. Picture the scene—the man's sudden fall, the cry for help. His wife knows his peril and hearing his screams rushes immediately to the bank. Why does she rush to the bank?" One little clod-hopper who had never seen a river in all his life answered: "Why to draw his insurance money, of course.

THERE IS ONLY ONE

FRIGIDAIRE

THIS IS A PRODUCT OF GENERAL MOTORS

In the Frigidaire cabinet everything is fully enclosed. There is no unsightly machinery sticking out like a sore thumb. Take a good long look at the Frigidaire Cabinet then close your eyes and your mental picture will be one of grace and harmony. There are no unforgetful irregularities to mar the picture.

For a number of years a certain automobile manufacturer producing a good car tried to make the public appreciate a new design of the hood. But unfortunately the design was such that seeing it once you could never forget how it looked. This always a mark of ugliness. You would not want anything like that in your home.

You will look at your Frigidaire many times every day for many years. You have a right to demand the beauty of a Frigidaire cabinet.

all the nations of the world (or even the six greatest countries) should put their shoulders under the task, the Great War Lord could be shoved off the

Does "A" stand for aqua in the candidate's name for the presidency, because he is so everlastingly dripping

A country that claims so many privileges in the great galaxy of nations and whose influence and prestige encircles the globe, surely has strength to enforce its self-made laws of protection and prosperity.

We are asking in no uncertain tones that from the highest enforcement officer to the town official that only pros. be put on duty. No president must be elected that through appointive power would trample under foot our Constitution and the things it stands for-We are Americans through and through and for our ocuntry always.

There must be no uncertain sound of voice or action of life in our candidates but that of law enforcement and un-equivocal prohibition. This applies to the highest National officers as also to the smallest town.

People are thinking and pulling their thoughts into action. We have a voice in affairs and will be in tune to the inner voice of conscience, as well.

Remember that May 5 is Primary Convention for election of delegates to the County Convention. This is a call to be at Precinct Convention May 5 which is one week from next Saturday.

Harmony News

Harmony, April 24.—Farmers are very blue on account of the dry weather on the wheat but if it rains pretty soon we still have hopes of making some wheat yet, for some of it is looking pretty

Mrs. O. M. Tinnin underwent an eration at the Lubbock Sanitarium last Saturday morning at 10 o'clock. She is doing nicely. We understand her daughter from Waxahachie is with her now. Several families from here went Lubbock to the District Track Meet. Among them were: Mr. and Mrs. L. A. Williams, Mr. and Mrs. J. S. Hale, Mr. and Mrs. G. L. Snodgrass, Mr. and Mrs. Chas. B. Smith.

In the declamation contest held Friday Latona Hale won first in the junior rural division and Arion Williams won second in the junior boys rural division and Saturday in the finals Latona Hale won third and Arion Williams won also. Raymond Williams, who has been attending school at Floydada, won second in the one-half mile run and will get to go to Austin.

the discus throw. Marshall hurled the of intensive training the Lubbock entry discus 116 feet 7 inches to smash the former record by 1 foot 7 inches. Since a good combination in every department. vitally affected by the factor of accest Lumber Co. this stellar event was the best ever seen in the south plains district, Marshall promises to make a good showing at the state meet in Austin.

John Edwards was another Floydada first place winner in the meet Saturday. Big John put the shot 44 feet 7% inches, coming to within a few inches of the present district record.

For the fourth consecutive year, the Floydada High School will send its crack elay team to the state meet in Austin. Although the quartet only placed second in the meet this year, they were awarded a free trip to the state meet.

According to those who witnessed the

events, the mile relay was the most spectacular of the day's performance. It was closely contested by Lubbock, Floydada, Ralls, Post and Olton teams. The Lubbock racers took the lead from Olcon in the second lap and held the lead until the last quarter when Weldon Moore, fleet local man, threatened to run away with the first place. ever, on the last few yards, the Lubbock man passed Moore and led him by a few inches to cross the tape for the first place. The Whirlwind's squad, second place winners, was composed of Har-rold Porterfield, Raymond Williams, John Edwards and Weldon Moore. The time made by first place winners was minutes 44 seconds

Every track and field entry of the Floydada school won first place in the semi-finals and qualified for the final vents. Results of the meet gave Floydada two first places, three second places, one third place and three fourth places. Five men from the local school will atend the state meet in Austin on May and 6. Those attending will be the our members of the relay team and Marshall, who will throw the discus.

If present plans mature, the Floydada track and field team will enter the Tri-State meet in Amarillo on Friday and Saturday of this week. They are exected to carry away many of the honors if they enter.

Lose Literary Events

Floydada High School entries in literary events at the District Interscholastic Meet in Lubbock this week failed to place in the finals. Miss Ollie Belle Collins, high school girl declaimer of county, entered the final speaking event, and won second place

Rosie Lee Rush and Ruth Enoch, girl debators from this city, won their first lebate, but lost the semi-finals to the Lubbock squad. The Lubbock team won irst place in the meet.

Theron Summerville and Jim Carter, ennis boys doubles entries, won several matches but lost to Lubbock who won this event also. Ollie Belle Collins won second place in essay writing. Other Floyd county entries in the meet failed o win first places.

TIRES

Are Popular In Floyd County For a Good Reason

More Floydada Folk Buy Federal Tires than buy any other make of tire; in fact, if you'll check the tire sales all over Floyd County you'll find a most wide-spread use of Federals. And this in spite of the fact that Federal does not equip any new automobiles with Federal tires.

Federal tires are sold through dealers only. We claim for them that they have "Extra Service" for the car owner; this claim is branded into the name. Federal's have to make the claim stand up.

Constant repeat sales is proof that they do stand up. that they have the extra service—the extra value.

If you have never tried Federals, we suggest you ask the man who uses them. When he gets through telling you his experience with Federals it will be easy for you to find a Federal service station in this vicinity—dealers who believe thoroughly in them. These stations include:

DISCOVERY OF REFRIGERATION

Charles Tellier, the Frenchman, who was born at Amiens in 1828, was years old when he discovered that all kinds of food, flowers and other perishable goods could be preserved for months, and even years by being frozen.

Tellier, besides being a scientist, was a keen economist, and he was greatly distressed to see the waste that went on at certain seasons of the year in his own country. At one time fruits would be so abundant that they would have to be almost given away, while a few months later they would have been worth their weight in silver.

Fruits were already being preserved by boiling and it was known that some fruits and vegetables could be dried without great loss of food value. Tellier determined to find other ways of preserving such foods as could not be kept through the existing methods. He found that cold served almost as well as heat.

In 1873 he announced his discovery and in 1876 sent out from Rouen a ship fitted with a refrigeration apparatus, and it returned from America with a car-

Appear In Third Day Chautaugua Program

and it returned from America with a cargo of meat that showed not the least sign of staleness.

"A triumph for those who love music sizes to the latest popular numbers with and a genuine novelty in every sense now and then a dreamy, exotic Hawaiian of the word," is the way one paper melody, played on the native instrustyled the Alexander Novelty Four, who ments. Loud speakers are being played all are the third day number for Chaumonologues add much clean fun and over the auditorium in a London theatre tauqua this season.

The Alexanders play more than ten guitar, and Spanish guitar.

Every member of the company is versatile and an artist. An audience has no chance to become tired of the music work the name indicates. The instrumental numbers are spiced and interspersed with clever character impersonations, and screamingly funny monologues.

The program is a sparkling onebrilliant, entertaining and original.

The Alexander Novelty Four is headlegitimate instruments in an infinite ed by J. F. Alexander who, as he says, variety of combinations. Their pre- "always could play a band instrument." sentation includes solo. duet, trio and Mrs. Alexander is the pianist for the quartet arrangements using cornet, clar-inet, saxophone, mellophone, violin, ban-jo, banjo ukelele, piano, Hawaiian steel Blair Miller, the third member of the company, is an unusually versatile young lady. She plays four instruments and satile and an artist. An audience has no chance to become tired of the music since it is a genuine novelty program as up the quartet, is a student of the Baldwin Wallace Conservatory at Ohio. She is an accomplished violinist, monologist, and vocalist.

Press comments concerning the Alexanders are unusually favorable:

Barboursville (Ky.) Moutain Advo-Their repertoire varies from the clas- cate: "A wide variety of musical instruments and an excellent repertoire musical numbers, together with fine readings, a delightful readiness to respond to the frequent encores, and the pleasing personality of all the artists made a most favorable impression."

The Washington (D. C.) Post-Rotary Club, Washington, D. C.: "The musical selections rendered by the Alexander Novelty Four were the peppiest and most enjoyed of any given for some time."

De Quincy (La.) . Enterprise: "The name expresses their ability. Their program was out of the ordinary. Strictly professional in every way."

Waterville (Vt.) Record: "They gave the best entertainment that has ever been heard here. All lovers of music are loud in their praise. They were called back until their encores were ex

Pittsfield (Me.) Advertiser: "The Alexander Four are, we believe, the most one of the results of the Mississippi versatile group of artists who have ever floods. The Illinois Chamber of Comgiven an entertainment here.

Consider Roads Public Utility, Duffy Argues

Motor Taxes Nothing More Than Fees For Use of Improved Highways, He Declares.

Highways should be considered as much a public utility as railroads, electric light and power systems, telephone systems and water works, E. E. Duffy, in one of a series of articles on high-ways for the Portland Cement Associa-

Continuing he says: In this hurried twentieth century onrush a good many communities are overlooking this fact. Like Topsy, the roads, to them, "jus' grew." Highways that have been properly improved are earning dividends, and even extra dividends just as definitely as other private or publicly owned utilities.

Michigan's highway system, points out Frank F. Rogers, road commissioner of that state, is paying its way like a well managed utility. The gas tax, license fee and general tax returns to motorists and taxpayers provide for the amortization of the present \$50,000,000 bond is sue, allow all that is necessary for the maintainence of the state highways, pay off \$2,000,000 indebtedness annually to the counties on state aid roads, return at least \$8,500,000 annually to the conties for country road maintenance, take care of the running expenses of the highway department, and provide a reasonable sum each year for new road construction.

But the \$35,000,000 collected by Michgan from motor car owners through the three-cent gas tax and the license fees should not be regarded strictly as a tax but rather as a rental fee for the use of public roads, according to Mr.

This is the true conception of road inancing. The road itself is a tangible thing, but unfortunately the benefits derived from it are not always plainly evident. The automobile can and does travel over almost any kind of a road, but the rougher and muddier the road surface, the more expensive travel over it will be. Consequently when a state through an extensive improvement program betters the roads to such an extent motorists are saved from one to two and a half cents a mile in car operating costs alone, it is only fair to expect that the state be empowered to collect a cental for the use of these highways. By properly applying the surplus more coads may be built, with additional dividends accruing to motorists and tax

YES. WE HAVE NO HORSERADISH!

Chicago—The price of horseradish has advanced 300% to 27 cents a pound as one of the results of the Mississippi merce reports whole counties of horse-radish wiped out. Wild horseradish, which has a fearful kick, is being substituted in the boiled beef industry.

Rev. Cooper Makes Talk

Circles North and South of the Baptist Church held a joint meeting Mon day afternoon at the church to take ad vantage of the opportunity to hear Rev. Cooper, of Fort Worth, talk on plans of carrying on the work of the soci

During the meeting plans were made for several of the members to accompany Rev. Cooper to Cone Tuesday meet with the Cone Missionary Society. Those making the trip were: Rev. Cooper, Rev. W. R. Hill, Rev. R. D. Evans; Mmes. Jno. Horton, Chas. Massey, R. D. Evans, Geo. Lider and Miss Prudie Mae Hamilton.
The Circles will hold their respective

meetings Monday afternoon.

Dr. Dutton Gives Lecture At Study Club.

Members of the 1922 Study Club were high in their praise of the lecture given to the club Thursday afternoon, April 19, by Dr. Deen C. Dutton on "The Heart of the Hearthstone" or "Mother." Dr. Dutton said there were three classes of mothers, the old mother, the middle aged mother and the young mother, and child of Mr. and Mrs. W. E. Oden lived only a few hours and was And if the three classes of mothers in a ommunity or city would work out some olan of co-operation whereby the young mother might assist the elderly mother at certain times, in her problems and vice versa, many would be made hap-

The greater part of the afternoon was given over to Dr. Dutton, however, a short program was had on "The Panhandle of Today." Mrs. L. C. McDonald was leader of the program and topics were discussed by Mrs. Edd Johnson on "Early and Present Day Developments of Railroads" and "The Colleges of the Panhandle," Mrs. J. U. Borum.

A short business session was held and some of the things the club is doing for the city in general were discussed. Among them were the sponsoring of the beautifying of the city water works grounds. Shrubs and flowers have been planted which have added greatly to the attractiveness of the plat. Among other things the club is sponsoring is the organization of the Camp Fire Girls. This very interesting meeting was held at the home of Mrs. Fred Brown.

The year's work will close with a meeting Thursday afternoon, May 3, at the home of Mrs. Ben Hardy.

Missionary Society Begins New Study Book.

Members of the Woman's Missionary Society of the Methodist Church met Monday afternoon at 3 o'clock to begin their new study "Studying the Book of Genesis," led by Mrs. W. W. Porter. There were twenty-eight present and a very instructive and interesting lesson was had from the new book.

The study just begun will last throughout the summer months and all ladies who would be interested in the work are invited and urged to take advantage of this opportunity. The study is very interesting and Mrs. Porter is a very capable teacher, it is stated.

The society will meet next Monday afternoon at the church at 3 o'clock.

Baptist Stewardship Revivalist Tells
Club Rural Work is Helpful to
All Interests.

Much of the time at Monday's noonday meeting of the Floydada Luncheon Club was given over to reports of standing and special committees, and while all committees were not ready with definite reports of work accomplished, practically without exception each has its work in hand and working out details in conferences and discussions.

among whom you live," he told the club members, and suggested the possibilities of a personal emissary from the community as a whole, supplemented by the work of individual firms. "This kind of work will get the results you want," he said. "Knowing your neighbors and letting them know you is all that is necessary to break down any barriers that may exist against neighborliness and mutual confidence," he said. "R. Hill, a member of this committee, cited some recent instances of this kind.

In telling of the coming of the Chautaugua to Floydada next week under the auspices of the high school, Superintendent W. E. Patty asked for a committee to lend any aid that might be needed for putting on this project. C. R. Housting of the coming of the Chautaugua to Floydada next week under the auspices of the high school, Superintendent W. E. Patty asked for a committee to lend any aid that might be needed for putting on this project. C. R. Housting of the coming of the Chautaugua to Floydada next week under the auspices of the high school, Superintendent W. E. Patty asked for a committee to lend any aid that might be needed for putting on this committee, cited some recent instances of this kind. liness and mutual confidence," he said.

His talk was particularly aimed to aid in

GREAT PICTURE TO BE RESTORED ELECTRICALLY

Electric irons will be used in restoring and preserving the most famous painting in the world—Raphael's "Sistine Madonna," which is now the chief of interest in the art gallery of Dresden, Germany, reports the Texas Public Service Information Bureau.

For several years the tendency of the paint of the celebrated work, which was completed late in the Fifteenth Century to scale off from the fabric has alarmed the museum authorities. The only method of restoration which has been followed for centuries past has been to fasten down the loose paint with some type of paste after the colors have been cleaned and freshened. This process has always been fraught with great danger to the irreplaceable work.

It is now proposed to iron down the loose paint with carefully controlled electric heat, using special cementing materials which will be softened by the materials which will be softened by the longer than longe iron but not sufficiently to damage the painting.

NOW SHOWING

The New Whippet Six

"The Lowest Priced Six Cylinder Car Ever Offered"

The wonderful new Whippet Six is being shown for your approval this week in our show rooms. The New Whippet Six has been in preparation for the past year and is now offered to you AT \$50 BELOW THE NEAREST SIX CYLINDER CAR ON THE MARKET.

Here are some interesting facts about this new six:

Seven-Bearing Crankshaft

This new car, for the first time in the history of any six within \$150 of its price, is equipped with a seven-bearing crankshaft, setting a new trend among the light six cylinder cars. Other important mechanical specifications include full pressure oiling system, extra long connecting rods, invar-strut piston, silent timing chain and a single piece pressed steel, banjo-type rear axle.

There are 861/4 inches or springs on either side of the car, the springs being semi-elliptic in type, with seven leaves.

Tryon spring shackles are used. These shackles are self-lubricating and self-ad-

Remote door controls are used in accordance with the modern note in body design. The dash construction is extended under the hood to furnish extra leg room for the occupants of the front seat.

The detailed specifications of the Whippet Six reveal marked attention to quality in general features of design and in material. The motor has a bore of 31/8 inches and a stroke of 37/8 inches, and develops 43 horsepower.

And here are sensational prices:

COACH \$695 **TOURING.. \$615** ROADSTER. \$685

Ball Club Stage Opener Sunday Against Snyder

Amateur Baseball Club Organized Friday with Strong Competition for Places on Diamond.

Captain C. C. Lively will take the mound for the newly organized Floydada Baseball Club next Sunday afternoon when the local amateurs stage their opening exhibition game in Snyder against the Snyder sluggers. Organization of the local club was completed last Friday afternoon when a crowd of diamond fans met at the Floydada Baseball park to complete the organization. Lively was elected captain of the club and T. L. Callaway as manager.

Plenty of recruits turned out for the opening practice and workout Friday and present indications point toward a strong club for this city. Plans are to organize an amateur circuit among the surrounding towns and to have a pennant at stake each season. This phase of the plan has not been worked out as yet, however, and the club members are completing their local organization at this time.

When the Floydada nine toss their first ball Sunday afternoon. they will have on their line-up, many local players who have had a great deal of amateur experience. The probable starting line-up will include such ex-high school stars as Bill Daily, Roy Eubank, Bob Eubank, Jim Curry, Dixie White, Pike Hanna and Leroy McDonald. The starting nine as planned at this time is as follows: Daily, third base; Curry, second base; White, first base; Hanna, catcher; Lively, pitcher; Eubank, short stop, Salisbury, left field; Palmer, center field and McDonald, right field.

The burde each individ sponsible for the stop of the s

All that can take cars and attend the Snyder game Sunday are requested to meet at the Floydada Drug Sunday morn-

FINDS PLENTY OF RAIN DOWN STATE ON GRAYSON CO. VISIT

Mr. and Mrs. T. L. Callaway returned home the first of the week from a visit in Grayson County, where they were guests for a brief time of Mr. Callaway's parents, Mr. and Mrs. J. B. Callaway at Windom. On their return they were accompanied by Miss Myrtle Callaway sister of T. L., who will visit here sever-

During their absence the Callaway's visited in Oklahoma City a short time while Mr. Callaway attended a convention of Buick Dealers.

In Grayson County Mr. Callaway found plenty of rain. "You can say we've been where it has rained," he said. It began raining a few minutes after he reach ed his father's home and the moisture was still falling when they left two or three days later.

Sidney Carter is in Lubbock this week attending a training school for the installion and care of Kelvinator Electric refrigerators. He will be employed and make installation of machines in this city for Stansell & Collins, local dealers of the machines.

Willson & Son Lumber Co.

Joe Breed, of Lakeview, reached home uesday of this week from Abilene, where he has been a student of Simmons University for the past four years, and Wednesday morning began work in the Floyd County National Bank as a ookkeeper. He will succeed Albert R.

imself and O. H. Heard at Petersburg. Mr. Breed has been one of the high-ranking students at Simmons, and he will return to his alma mater in June take his degree of Bachelor of Arts. He is a brother of B. L. Breed, with whom he has made his home for a number of years. Joe has worked his way through school largely as a self-supporting student. He has been business manager of the Simmons Brand, weeky student publication, during this

Revival In Stewardship To Close Sunday Night

Rev. L. L. Cooper, noted financial their revangelist, of Fort Worth, who has been conducting a stewardship revival at the ings has week reports very gratifying results dairy which he maintains. have been accomplished in inducing the members to enlist in Stewardship.

He is earnestly urging each member of the church and Sunday School to become a systematic supporter of church activities along the line of time, talents

The burden of his messages is that each individual on the church roll is responsible for his relation to the church. In other words "Render an account of their Stewardship."

The church and the Sunday School is endeavoring to have 250 present at Sunday School Sunday morning. "In order to have this number present it will take personal effort of everyone in the Sunday School," Rev. Cooper said. Especially are the teachers and officers urged to get in touch with every pupil his or her class.

Rev. Cooper will give his closing address Sunday night at 8 o'clock. "The Last Round Up" will be the subject of message Sunday morning and "Heaven" will be the subject of his message at the night service. He will speak community Friday night on the subject "Who Goes to the Devil First." He is very insistent that the fathers and mothers be in the service Friday evening.

NEW EQUIPMENT INSTALLED BY McGUIRE AND WEATHERLY SHOP

The installation of more than \$750 worth of new drying and cleaning equipment this week in the shop of McGuire and Weatherly, local tailoring firm, will class this shop among the best equipped shops in the state, according to the firm members. The new machinery be ing installed this week-end is the Paris Leader Drying Tumbler.

The new tumbler cleans as it drys. A giant fan making 950 revolutions per minute keeps it well ventilated with fresh air, and a number of steam coils keep it well heated. The method used the tumbler to dry the clothing is o lift them slowly to the top of the container and drop them several feet through the fresh air. The entire proess is done by electricity.

It is planned to have the machine installed by the latter part of this week.

Mr. and Mrs. Truett Butler and little son, Frank Hood, and Mr. and Mrs. Frank M. Butler and children, of Amarillo, spent from Friday afternoon until Sunday afternoon as the guests of their parents, Mr. and Mrs. H. D. Butler.

New Homes Being Built And Improvements Made

Five new homes will be completed in loydada during the next week or so construction was begun on sixth, Monday-on West Missouri Street or C. H. Davis. All of the homes are Clubb in the bank on May 15, when modern and will be quite an addition to Clubb resigns to take the management the city. Minor changes and improvemodern and will be quite an addition to an elevator being constructed by ments have been made recently on several homes and rent houses.

The newest addition to the building program, the home of C. H. Davis, was egun Monday afternoon by contractors Walker and Willis, and will be a five

room stucco, modern throughout.

A seven room brick veneer home will be completed within the next two weeks for Mr. and Mrs. Sam Berry on West Missouri Street. J. H. Harris has the contract for the building.

W. A. Gound will complete the construction on two new homes the latter part of this week, one a five room modern stucco for O. M. Watson, one block south of the City Park, the other a five room modern house in the southwest part of town for J. E. Appling. Mr. Watson and family plan to move to their new home the latter part of this Besides the home other buildings have been constructed on the App-Baptist Church since Friday of last ling premises to take care of the small

Construction is also under way on a five room modern rent house for Mrs. tion. S. D. Greer west of the Methodist church. The new home will take the place of an old one which was sold to Glad Snodgrass and was moved to a new ocation on Mississippi street.

B. F. Manasco had some improvements made recently on his rent house second door west of the Smith and Smith Sanitarium. The house was raised and set on a new concrete foundation. The interior was also remodeled.

H. M. McDonald is building a five room stucco home for C. W. Ginn in the Barker addition.

Mr. and Mrs. E. B. Massie are among those who have added minor improvements to their homes. An additional bedroom has been built and the interior has been refinished.

CARD OF THANKS

We wish, through this means, to try express to our many friends our thanks and heartfelt appreciation for to the young people of the church and community Friday night on the subject during the illness and death of our darling baby boy and little brother. Especially, do we thank the doctors and nurses for their faithfulness and untir-ing efforts. You were all faithful to the end and words fail us when we try express our appreciation to friends, neighbors, doctors and nurses. May the Lord bless each and everyone of you is our prayer.

Mr. and Mrs. A. H. Matthews, children and relatives

TROOP 44 HAS OUTING

Troop 44 of the Floydada Boy Scouts had a very enjoyable outing last Friday evening when some eighteen boys and Scoutmasters W. A. Gound and O. M. Watson held a weinie roast. The troop hiked to a large lake southwest of town and cooked their supper. Weinies were

Besides the supper and the incidental fun making by the troop, the members held their regulation First Aid and Rescue practice. A number of out-door games were played by the boys under the direction of their leaders, also. A trip to the Quitaque canyon is being planned by the troop members for the near future, W. A. Gound said.

Locals and Personals

Mr. and Mrs. B. B. Smith and son of Wenoka, Okla., left the first of the week for home after a brief visit here with Mr. Smith's parents, Mr. and Mrs. H. T.

Mrs. J. W. Davey and children, of Munday, are here on a visit with her parents, Mr. and Mrs. H. T. Smith. After visit of several days they will go to Terrell, Texas, where the Davey family will make their home and Mr. Davey will be engaged with a Hudson-Essex sales agency in Kaufman County.

PEKIN'S POISON SHOP

The sale of Hsi Ho Nian Jong, a chemist's shop in Pekin, once famous for the sale of storks' blood, recalls some curious facts in its history.

Storks' blood was reputed to be such a deadly poison that a few drops made a lethal dose. High-born prisoners, sentenced to death but permitted to escape the ignominy of execution, were taken to this shop and dosed with storks' blood, for which an extraordinary price was charged.

The shop's signboard is said to be worth over \$20,000. It consists of two wooden boards, and the wording is said to have been written by Yen Sung, a councillor of the Ming dynasty, whose caligraphy has become classical.-London Tit-Bits.

ENDEAVOR CONVENTION PLANS MATURE AS DATE APPROACHES Vocational Shop Team

The Amarillo Christian Endeavors will entertain the State Christian Endeavor onvention on June 13 to 17, according o news received here this week from the Convention officials. Work has begun in the local Christian churches for the convention and a number are making plans to attend the meet.

Speakers who have definitely accept ed the invitation to take part in the convention are: E. P. Gates, General Secretary, International Society of C. E. whom the Endeavors of Texas know well Paul C. Brown of California will lead the Quiet Hour Program, Miss Mildred Haggard, Junior Expert, Minneapolis, Minn., will have charge of the Junior were also entered in the meet. Members program, Harold Singer, Executive Secretary of Oklahoma E. C. Union, Roy Bregg, General Secretary, of Kansas C E. Union and E. F. Huppertz, General Secretary of Texas C. E. Union.

The theme of the Convention will be "Crusade with Christ" which challenge was accepted by the young people throughout the continent Easter Sunday, April 8th. The Theme will be carthrough the conferences, discussion periods, study classes and presented by the convention speakers.

way of a real "West Texas" barbecue prepared by a famous cook of the "Old West." It is expected that 1000 delegates will be entertained at this conven-

YEARLINGS \$3 PER HEAD MORE THAN 2-YEAR-OLDS IN 1927

Kansas City Drovers' Telegram, April Cattle trading still goes on in the

Panhandle territory, according to N. A. Armstrong of Floydada, Texas, member of the firm of Coverdale & Armstrong, who landed at the yards today with a shipment of cows and mixed cattle. During the past few months, Mr. Armstrong has handled and disposed of cattle to the amount of \$250,000, and he is still

"Our yearling steers we marketed at the ranch this year brought \$3 per head more than we received for two-year-olds last year," declared Mr. Arm-strong. "Aged steers are scarce, and they command high prices, all cattle prices being as high as we ever saw them in normal times. Buyers from all parts of the country have invaded our territory, and have bought cattle at high prices. This great activity in cattle seems to add weight to the general belief there is a cattle shortage, which we have been talking about for several years, the time at last arriving when it has become a reality.

"While our country needs rain, we can run a little while longer and not suffer greatly for moisture," added Mr. Armstrong. "Rains fell in Oklahoma, a heavy rain being encountered at Waynoka, in coming up this trip. From that point on, rain fell, so we have hopes that it extended farther down.

Mrs. E. J. Paschall, of Vernon, guest of her son, W. N. Paschall.

Wins At A. & M. Meet

Members of the farm shop team of the Floydada high school vocational agricultural class took first place in the saw filing event of the farm shop contest at A. & M. College this week where they were entered in the annual agricultural meet. The winning team was composed of Marvin Williams, Orbie Glenn and J. R. Borum. They were coached by O. T. Williams, vocational

teacher in the Floydada school. The shop team and Mr. Williams were accompanied to A. & M. College by memwere also entered in the meet. Members of this team won first place at Tech College last week, but failed to place in the winnings at A. & M. A large loving cup was presented to them for their winnings at Tech last week. Members of this team were Orville Poore, Jewel Mara, Martin True, and Elmer Cara-

The local teams and the coach will return home this week-end.

Mrs. John Lewis and her mother, Mrs. Entertainment committees are planning to give the delegates a treat in the way of a real "West Teyes" barbers of near Petersburg. Mr. and Mrs. Fuller and Mrs. Seipp are old time friends.

28 Years

This year marks my 28th year since I began working in a Dry Goods and Clothing store in Floydada.

It Took 16 Years

This month marks my 16th year in the MEN'S Furnishing business—A man learns a lot in 28 years, he makes mistakes and profits by them. For six teen years I have specialized in popv priced men's Furnishing and I've le ed a lot. For instance I've found that you can't hope to build a business on low price goods. I also learned that even where price is a major consideration the re-sale power of any merchan-dise lies primarily in its quality for the money. On the basis of those two principles, I began 16 years ago in the game to sell-International Made Measure Clothes, Walk Over Shoes, proof Hosiery and Stetson Hats. I am still selling these items with more added.

I started with an amazingly low head and have managed to keep it despite the rapid advance of my ness. Satisfied customers don't be Ex-customers—They come back and again. You will find an asso here to meet the taste of every

The price is high enough to inclu better fabric and styles, yet it enough to be in proportion with moderate expenditures.

A continuation of your business
