THE CROSSINGS TOLL

Railroads are spending much time, energy and money attempting to protect automobile drivers of the United States from themselves and they are justified in expecting thinking people everywhere should join them in educating the public to give some thought to the proposal of the railroad companies that reasonable care does and will prevent crossing accidents.

Annually the railway companies carry on an educational effort to bring to the minds of the public the big toll that railway crossing accidents take each year in deaths, maimed persons and destroyed property. Usually, this effort begins when the spring and early summer traffic begins to grow heavy. Such a campaign is now on.

Last year railroad crossing accidents took a toll of 2371 in killed and 6613 injured. There were a total of 5,640 such accidents, everyone of which could have been avoided with reasonable care, we are told. And the care that must be taken is on the part of the driver of the car. "He knows that he must stop for the train, not the train for him," says the United States Supreme Court in a case which it adjudicated in October, 1927, putting the responsibility squarely on the driver.

"In such circumstances it seems to us that if a driver cannot be sure otherwise whether a train is dangerously near he must stop and get out of his vehicle, although obviously he will not often be required to do more than to stop and look. It seems to us that if he relies upon not hearing the train or any signal and takes no further precaution he does it at his own risk. If at the last moment Goodman found himself in an emergency it was his own fault that he did not reduce his speed earlier or come to a stop. It is true as said in *Flannely v. Delaware & Hudson Co.*, 225 U. S. 597, 603, that the question of due care very generally is left to the jury. But we are dealing with a standard of conduct, and when the standard is clear it should be laid down once for all by the courts."

CARELESS DRIVING COSTLY

However, railroad crossings do not furnish all the accidents on the highways today. In fact, less than one-fifth of the accidents on highways last year were chargeable to crossings, more than twenty thousand persons having been killed, largely through reckless and careless driving, at street intersections, on the highways. 798,700 persons were injured in addition to the 25,000 killed, and doubtless the figures are not complete.

Faulty equipment on automobiles, thoughtless driving, indifference, are the principal causes of accidents on highways, and the railway crossings accidents serve only to furnish the more dramatic incidents of the maiming and killing.

Only a few accidents are of the unavoidable type. The bill for the unavoidable accidents is small. It is the other kind that cost so heavily.

CELEBRATION AT STERLEY

Celebration of the building of the Fort Worth & Denver Railway Company into

the South Plains will be held at Sterley, junction in north Floyd County, it was decided at a meeting held in Turkey recently by representatives of the many cities on the new line, together with Memphis and Childress representatives, who left the date for the celebration open until a later date.

According to the information given out from Fort Worth the celebration will be made a monster thing, with officials of the Denver coming in special trains, Hale Holden, of Chicago, being among the notables in the railway world, expected to have a part in the big doings. The Denver officials will ride the first passenger into Sterley and following their train will also be trains carrying delegations of other cities and towns having had a part in the building of the new lines.

The cost of the celebration is expected to run into the thousands of dollars, each town being expected to furnish its pro rata of the expense.

REGISTRATIONS ARE NEEDED

In connection with the announcement made recently of the change by the State Department of Health in handling birth and death records in Texas, attention is called by Dr. J. C. Anderson, head of the department, to the belief in the department that only about 55 per cent of the births and deaths in this county were reported and recorded in the first three months of the year.

The estimate made by the department doubtless was based on the averages provided by mortality tables and vital statistics experiences in past years.

Whether the estimate of the department is correct, or only partially correct, if it is only one-tenth of one per cent correct in its deductions the situation is such that it should be corrected. A complete record, through registrations should be kept of the births and deaths.

POLITICAL SPOTLIGHTERS

Even a careless glance at the "political news" in Texas reveals that most of those whose names appear most prominently in the daily press are the same old spotlighters who are ready to stir up almost any kind of a political mess in Texas every two years if only they may be written about by the political reporters or get their newspaper contributions published in the "Public Opinion" columns. As regularly as a Texas election comes around they trot themselves around for public inspection and at times really come to think they are stirring up great political dust. During presidential years, opportunities being nearly twice as great for attracting attention, they feel like they are in a political heaven. Be patient with them. It is a delusion of a kind for which there is no restraining law in this State.—Will H. Mayes in "Texas and Texans."

'Round The Square

By Old Battleaxe

Again we ask that age-old question "What Price Glory?" Since Old Battleaxe announced his official writing title, he has been nick-named everything from "Batling Bozo" to "Axe Handle."

Just a word to the Band Boys before they leave on their "Ever-to-be-remembered" trip to Fort Worth: Remember, boys, your trip is being made possible by interested Floydada and Floyd County citizens. Because of their whole-heartedness in giving you financial backing, you owe this trip to them. Remember that you are just in their employ and must be real representatives for them.

Of course, we don't mean that the band boys have not done their share in raising the funds to defray their expenses to the convention. They have done wonderful work—but they would have raised very little money, had it not been for the Floydada people who were backing them.

Paving is like life insurance—it's better to have it and not need it, than to need it and not have it.

One fellow round the square pulled a real clever joke over the phone the other day. He asked for number 9268. "I don't have that number" the operator informed him. "Well," came the reply, "what numbers do you have?"

We've just read of the Scotch lass who was so close that she wouldn't use perfume on a windy day.

"Now aint that a beautiful sight". Look down Main Street in Floydada and you see a landscape of awning signs—and how! Small, large, wood, tin, round, square, oblong, or what have you. Take it or leave it, folks, you've got your choice of worn-out signs. How about a campaign round the square with the slogan "down with the awning signs?"

We've got one of these railroad radios. The kind that whistles at every station.

Somebody round the square said that he heard one of Floydada's prominent merchants say that a candidate for County Commissioner said that he really believed the County's portion of the street round the square should be paved! Gee we wonder if there is somebody that agrees with us.

Well, folks, O. B. is going to sign off with this and take out for the Chamber of Commerce convention. You may never have the privilege of reading this again (sniff, sniff), for we are going to attend our first press meeting while at the convention and you never can tell what those boys will do to you. But if the worst comes to the worst, we know that you won't feel so bad, for we know you are not reading this stuff for amusement. If you are looking for interesting reading, we would suggest the Congressional Record.

14 YEARS AGO IN FLOYD COUNTY

News items taken from the Floyd County Hesperian files published in Floydada fourteen years ago.

ISSUE OF JUNE 18, 1914.

Hon. G. E. Hamilton, of Matador, will speak Monday night at the court house on "prohibition." The submission of a prohibition amendment to the Texas Constitution will be voted on July 25th. At the election in 1917 pros lacked only 5000 votes of carrying the state.

The Evening Herald of Plainview will continue to be issued daily by the Herald Publishing Company, who announced recently that the daily would be discontinued.

Mrs. J. T. J. Dawson left Saturday for Galveston. She will visit at that place several days with her niece, Mrs. Ashley Scudder.

Miss Marie Hughes left Monday for Fort Worth where she is visiting with her aunt in that city.

Dr. M. F. Husky says he intends to make another round of the residences of the town again next week to gather up the noncombustible rubbish, tin cans, etc., to haul to the dumping grounds. This will be his last trip under his present contract with the city.

Mr. and Mrs. J. J. Foster left Monday for Jacksboro near which place they will spend some three weeks on a visit.

SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

A hot bath each day keeps you fit every way

Four baths a year—how's that for a standard of cleanliness? A progressive citizen of a provincial village in France recently built a bath house, expecting to sell season tickets for one bath a week to all the villagers.

At length the wealthy families agreed to buy season tickets for one bath a month, but soon the novelty wore off and they demanded part of their money back on the ground that one bath in three months was adequate. The bath house was finally pronounced a business failure.

Well, a public bath house probably wouldn't prosper in the average American small town either—but for a very different reason. Here, nearly every home has its own bathing facilities, and even the weekly bath is considered inadequate. The efficiency of gas water heaters is, of course, partly responsible for the luxury of frequent bathing in America. Where there is plenty of hot water on tap, bathing becomes as much a pleasure as a health necessity. A small down payment and the balance monthly with your gas bills brings you the American Gas water heater.

NOTICE

I, Burl Bedford, City Secretary of the City of Floydada, Texas do hereby give notice of the things contained in the following Ordinance.

ORDINANCE NO. 110

ORDINANCE OF THE CITY OF FLOYDADA, TEXAS. DETERMINING THE NECESSITY OF LEVYING AN ASSESSMENT AGAINST THE PROPERTY AND THE OWNERS THEREOF ABUTTING UPON A PORTION OF MAIN STREET AND ALLEYS IN BLOCKS NOS. 71, 83, AND 84 ORIGINAL TOWNSITE OF FLOYDADA IN FOR A HEARING OF THE OWNERS OR AGENTS OF SAID OWNERS OF SAID PROPERTY OR OF ANY PERSONS INTERESTED IN SAID IMPROVEMENTS, AS PROVIDED BY CHAPTER 106, TITLE STREET AND ALLEY IMPROVEMENTS, GENERAL AND SPECIAL LAWS OF TEXAS PASSED BY THE FORTIETH LEGISLATURE AT THE FIRST CALLED SESSION MAY 9TH TO JUNE 7TH 1927 AND THE ORDINANCE OF THE CITY OF FLOYDADA, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE OF SAID HEARING AND EXAMINING AND APPROVE THE STATEMENT OR REPORT OF THE CITY ENGINEER, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY OF FLOYDADA: That, whereas, the City Council of the City of Floydada, Texas, has heretofore by ordinance duly passed and approved ordered the improvement of the following streets, to-wit:

- Main Street, from the South line of Kentucky Street to the North line of Jeffie Avenue.
Alleys in Blocks Nos. 71, 83 and 84 of original townsite of Floydada.

AND WHEREAS: Plans and specifications for the improvement of said streets have been duly prepared and approved as required by Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session May 9th to June 7th, 1927, and the Ordinance of the City of Floydada; and

WHEREAS, as required by the said ordinance and Statutes, after advertising for bids, the said work of improving said street and alleys between the points above named has been let to the L. H. Lacy Co. to improve with a six (6) inch reinforced concrete paving, including excavating, grading and filling and concrete curbs and gutters and other necessary work in connection therewith, as provided by said plans and specifications; and,

WHEREAS, a written contract has been entered into by and between the City of Floydada and L. H. Lacy Company on the 28th day of May, A. D. 1928, for the construction of said improvements;

WHEREAS, the said L. H. Lacy Company has duly given bond for the performance of said work, and the City Engineer of Floydada has, in accordance with the ordinance and statutes, filed his report with the City Council as to the cost of said improvements and as to all other matters required by ordinance and statute;

Now, Therefore, BE IT ORDAINED BY THE CITY OF FLOYDADA: that the report or statement of the City Engineer filed with the City Council, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved.

BE IT FURTHER ORDAINED, that the City Council does hereby determine to assess the entire cost of curbs, and nine-tenths of the total cost of all other improvements, against the owners of the property abutting thereon, and against their property, in accordance with the provisions of Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session May 9th to June 7th, 1927, and the Ordinance of the City of Floydada. That the said assessment shall be made after the notice to such property owners and all interested persons and the hearing mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners and their property shall be in accordance with the Front Foot Rule or Plan in the proportion that the frontage of the property of each owner bears to the whole frontage of the property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances, the City Council shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said portion of said street, having in view the enhanced value of that property and the benefits derived from such improvements, and the burdens imposed upon them by such assessments, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable as follows:

One tenth payable within sixty days after completion and acceptance of the work by the City of Floydada, Texas; one tenth payable one year after said date; one tenth payable two years after said date; one tenth payable three years after said date; one tenth payable four years after said date; one tenth payable five years after said date; one tenth payable six years after said date; one tenth payable seven years after said date; one tenth payable eight years after said date; one tenth payable nine years after said date, together with interest from said date at the rate of eight (8) per cent per annum, and reasonable attorney's fees and all costs of collection in case of default. That the total proportionate part of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, which said sum does not and shall not in any event exceed nine-tenths of the total cost of said improvements, except curbs, is as follows:

That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements, before the City Council of the City of Floydada as provided by the provisions of Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session May 9th to June 7th, 1927, and the Ordinance of the City of Floydada, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, the right to appear and be heard in any manner concerning the said improvements or said assessment, or the benefits thereof to their said property, or to any other matter of things in connection therewith, or to contest said assessment, and at such hearing a full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements.

That after the conclusion of the hearing above mentioned such sum or sums as may be determined by the City Council to be payable by said property owners shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 106, Title Streets and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session May 9th to June 7th, 1927, and the Ordinance of the City of Floydada.

That the City Secretary of the City of Floydada, is hereby directed to give notice to said property owners, their agents or attorneys, and to all interested persons, of said hearing, as prescribed by the provisions of Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session May 9th to June 7th, 1927, and the Ordinances of the City of Floydada, by publishing said notice three times in a newspaper of general circulation in the City of Floydada, the first of said publications to be made at least ten days before the date set for said hearing. Said City Secretary may also mail a copy of said notice by registered letter to each of said property owners, if known, or their agents or attorneys, if known, said letters to be deposited in a post office in the City of Floydada, at least ten days before the date set for hearing. However, said notice by registered letter shall be cumulative only, and notice by publication shall be full, due and proper notice of said hearing. It shall not be necessary to the validity of said notice of hearing to name any property owner abutting on said street, and the fact that any such property owner or owners are incorrectly named or not named at all shall in no wise effect the validity of the assessment against said property nor the personal liability against the real and true owner or owners of said property. No errors or omissions in the descriptions of the properties abutting on said street shall in any wise invalidate said assessment, but it shall be the duty of such property owner or owners whose property is incorrectly described to furnish a proper description at the hearing or hearings provided for. No error or omission of any character, in the proceedings shall invalidate any assessment or any certificate issued in evidence thereof.

BE IT FURTHER ORDAINED, BY THE CITY OF FLOYDADA: That the fact that the improvement of the streets herein named is being delayed pending the taking effect of this ordinance, and that the conditions of said portion of said streets endangers the public health, safety and property and creates an urgent public necessity for the immediate preservation of the public peace, property, health and safety, requiring that the rules providing that no ordinance shall be passed on the day on which it shall be introduced, and providing that no ordinance shall become effective until ten days after the date of its last publication, and requiring that said ordinance be published once a week for two consecutive weeks in some newspaper published in the City of Floydada, be and the same are each hereby suspended, and that this ordinance shall be and is hereby passed as an emergency measure, and shall take effect and be in force from and after its passage.

PASSED AND APPROVED This 12th day of June 1928. W. D. SMITH, Mayor. ATTEST: BURL BEDFORD, City Secretary, (SEAL)

Leans Come From Behind To Win Game From Fats

The Leans came from behind last Friday afternoon in a sixth inning rally to win their annual clash with the fats in a baseball game with a score of ten to eight. The fats started out like a house afire and played the leans off their feet offensively and defensively for the first four innings, when the score was 8 to 1. When the leans got their heavier brothers "winded," however, the fireworks began, and it was a case of too bad for the Fats in the fifth, sixth and seventh frames.

Most of the Fats were not very fat and most of the Leans were not very lean, but all of them had been out of harness, in baseball parlance, long enough that their efforts were amusing mostly. Occasionally an old head would flash a little of the stuff he used to do in the old days. No injuries were sustained, Fred Zimmerman, drafted by the Fats as umpire, being the most nearly injured man, when Lean sympathizers threatened him with plenty of instruments of warfare. He maintains he received considerably less than he was

promised, and when the Fats failed to carry out fair pledges made, aided the Leans all that could reasonably be expected of an umpire in the latter innings.

The starting line-up for the fats was: Moore, pitcher; Thomas, catcher; Rutledge, first base; Johnson, short stop; Davis, second base; Collins third base; Smith, right field; Henry, center field; Stevenson, left field; For the Leans: Wester, catcher; Brown pitcher; Snodgrass, first base; Maxwell, second base; McGuire, short stop; Callaway, third base; Hammond, center field; Pope, left field; Collins, right field. Practically all comers had an opportunity to show their wares before the game was over.

Floydada Municipal Band furnished music for the occasion, and did the job very acceptably. The band convention fund was recipient of the net proceeds of the game, something near \$80.

E. M. Wright made a trip to Sweetwater on business the latter part of last week, returning home Sunday. He reported a good rain from that city north to Old Emma.

HEARD & CLUBB'S NEW ELEVATOR AT PETERSBURG IN OPERATION

The new elevator of Heard & Clubb Grain Company at Petersburg, was opened for business last week, receiving its first purchase of grain on Thursday. Albert R. Clubb is manager of the new business which is established on a good location on the Denver's new line into the South Plains. The elevator has a capacity of 15,000 bushels.

Indications are fairly good for a wheat crop in the section which the elevator expects to serve, Mr. Clubb said in Floydada one day last week.

The Denver has announced that it is now ready to accept carload shipments at its Petersburg station, although the station is not yet completed.

One other elevator will serve the trade at Petersburg, an elevator constructed by A. G. Hinn, Plainview flour and grain dealer.

MALONE CHILDREN IN REUNION WITH MOTHER AT PLAINVIEW

Mr. and Mrs. Sam Malone and family, of Abilene, spent Monday night in Floydada, guests of Mrs. Malone's uncle, J. B. Jenkins and family, enroute home after spending Sunday at Plainview, where they had the pleasure of attending a reunion of the Malone brothers and sisters, sons and daughters of Mrs. Kate B. Malone. Mr. Malone formerly taught journalism in Simmons University and at present is editor of The West Texas Baptist.

All the children of the family were present and all the grandchildren, except one, Mrs. Alton Clifford of Weslaco, Texas. L. E. Malone of Richmond, Va., travelled further than any other member of the family to be with his mother, whom he had not seen for ten years.

The Malone family moved to Floyd County in 1903, moving to Plainview in 1907. The late deceased W. C. Malone, husband of the honoree at the reunion, was commissioner in Floyd County from Precinct No. 3 from 1904 to 1906. He died in 1919. L. M. Blakemore, a brother of Mrs. Kate Malone, who was among those present at the reunion, was also a former resident of this county.

J. N. JOHNSTON RECOVERING FROM RECENT INDISPOSITION

J. N. Johnston returned home Saturday from Dallas after an absence of a week during which time he had treatment for an affection of the spinal column which had incapacitated him for active work for several days.

He expects to regain his normal strength and condition rapidly since his return.

FLOYD DAIRYMEN WOULD SELL CREAM THROUGH PLAINVIEW

Directors of the Hale County Dairy Association have taken under consideration a request, made by the Floyd County Dairy Association, that the local organization handle the Floyd county cream. The request was made formally at a meeting of the Hale directors at the courthouse by a committee composed of Messrs. George Meriwether, Artie Baker, J. B. Potts and Mr. Crawford.

More than two thousand cows are pledged to the cooperative creamery by dairy men in this county, the directors said.

MANY NEPHEWS AND NIECES FOR "AUNTS, LTD."

Recent years have brought the institution of aunt-hood out of obscurity and made an aunt available for everyone, points out to Woman's Home Companion.

With formation of Universal Aunts, Limited, in Europe and a similar women's organization in New York professional aunts now are available for every sort of emergency. They no longer are relegated to a quiet fireside in some isolated farm houses where cookies and marmalade covered slices of bread are supplied to hungry nieces and nephews. In the alphabetical list of things the modern aunt will do one may find the following:

Advice and help in all emergencies. Children escorted to dentists, doctors. Companionship for short and long periods.

Girls and boys put up for the night and taken to their destinations.

Letters to lonely people overseas.

Universal aunts undertake any commission at any time.

In one case recently a mother visiting in Paris feared she must forego a visit with a titled lady because the mother's small boy must be taken and he was apt to cause a scene. Tim, the boy, wanted to go fishing and an "aunt" volunteered to take him.

"She got the special license that was necessary," says the magazine, "and they took the train to a little village an hour or so from Paris and at the edge of the village the two of them sat on the bank of the stream and fished."

So the mother had her afternoon, the child did something that few visiting American children do in Paris and the aunt got more than aunts used to, both a fee and a fine afternoon with an adopted nephew.

NOTICE OF APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS, To the Sheriff or any Constable of Floyd County—Greeting:

You are hereby Commanded to cause the following notice to be published in a newspaper of general circulation which

has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Floyd State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

NOTICE OF APPLICATION FOR PROBATE OF WILL, AND LETTERS TESTAMENTARY

THE STATE OF TEXAS:

To all Persons interested in the Estate of Mrs. E. M. Luttrall, Deceased, Arthur B. Duncan and J. A. Carruth, have filed in the County Court of Floyd County, an application for the Probate of the Last Will and Testament of the said Mrs. E. M. Luttrall, Deceased, which will be heard at the next term of said Court, commencing the Third Monday in July A. D. 1928, same being the 16th day of July 1928, at the Court house thereof, in the City of Floydada, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Floydada, Texas, this 8th day of June A. D. 1928.

(SEAL) TOM W. DEEN, Clerk County Court, Floyd County, Texas. 1632c

Why Delay??

When you are practically assured of a Wheat Harvest, though it may not be a bumper harvest, but will be enough that you have to use your Harvester-Thresher, why not look your machine over, and put all needed repairs on while you have time to work it over carefully, and efficiently. It is always more expensive to do a half-way job of overhauling, than to be thorough, for all weak parts break during the actual cutting season, requiring expensive delays, and a possible loss of crop. Look over your machine, and come in and get all necessary repairs, while our stocks are complete.

If you have wheat, and no machine, remember that our terms will enable you to harvest your crop with your own Harvester-Thresher, with two years to take care of the payments, should it be necessary.

The McCormick-Deering Tractors and Harvester-Threshers are well-proven in Floyd County, and we have them on hand, for immediate delivery, should your order be placed in a reasonable time before Harvest.

3 Acres of Perfect Seed Bed for the Cost of 1

The 10-foot Emerson-Brantingham GREAT PLAINS One-Way DISC PLOW

Not an Experiment—This tool was developed from the famous Emerson-Brantingham tractor disc plow and disc harrow thereby insuring a substantial one-way disc that has proved to thousands of farmers by actual demonstration that it meets every requirement. Its 20-inch, heat-treated discs, spaced 6½ inches apart, pulverize all of the surface soil thoroughly to a uniform depth and leave the furrow bottom perfectly flat.

The Great Plains Plow is ideal for preparing the seed bed for small grains, for summer fallow and wheatland, and for destroying Russian thistles and cutting up cornstalks. Don't buy until you see the superior features of the E-B Great Plains Plow demonstrated. There is nothing like it!

CUMBERLAND PRESBYTERIAN CHURCH

A. A. Collins, Pastor
B. F. McIntosh, Superintendent of Sunday School.
Sunday School at 9:45. We hope to have a full attendance.
Rev. J. W. Burgett will preach at the morning hour.
Christian Endeavor at 7:30. Prayers and study hour Wednesday evening at 8:30.
It is very important that all members come to prayer meeting next Wednesday evening. We want to make some arrangements for the union meeting which begins July 15. For the past two years we have had splendid union meetings. We ask the cooperation of all for real victory in Jesus' name.
Rev. C. M. Zwingle spent several years in the evangelistic work, at present a successful pastor. The Scott's are great singers.

AT THE CHURCH OF CHRIST

We are still making progress in our work at the City Park Church. Two more additions were made to the membership of the church at the 11 o'clock service last Lord's day. There was a large attendance present, if you are interested in Bible study we invite you to come and study with us.

LADIES BIBLE STUDY

The ladies of the City Park Church of Christ had a very interesting study last Monday and will meet at the church building for study again next Monday at 3 o'clock. Let us all be on time.

FIRST CHRISTIAN CHURCH

The services last Lord's Day were interesting and there were three additions to the church by statement, one from the Dallas Church and two from the First Christian Church at Little Rock, Ark. We are glad to have them come and feel they will be a great help to the church.

We are going to attend the State Christian Endeavor Convention at Amarillo this week. We are going to try to bring one of the speakers back with us to speak next Sunday, if we can get the one we want, and we believe we can. You better come to church next Sunday and be sure to hear him if he comes. If he does not come we will have a good sermon anyway.

The services next Lord's Day will be as usual. Sunday School at 10 o'clock. Supt. J. A. Enoch in charge. Morning worship immediately following. There will likely be room for you in both the Sunday School and worship.

Several from the church and Endeavor will also attend the Convention in Amarillo this week. Look out for our Sharp Shooter in the Contest of finding Bible References first. The one who beats our entrant will have to hustle some. We expect to bring back some banners from the Convention.

Remember there is always a cordial welcome for you and your folks at the little church with a big welcome. Come and see.

Weather and roads permitting we will fill our appointment at Newland next Lord's Day afternoon at 3:30 o'clock.

Those living in the community are urged to attend and enjoy the services with us.

Miss Margaret Matthews, of Tucumbis, Ala., arrived last Friday afternoon to visit with Mr. and Mrs. C. E. Neil and other relatives. Miss Matthews plans to spend the summer here.

Floyd County Clubs

'TRIP ROUND THE WORLD' IS PLANNED BY LAKEVIEW CLUB

"A trip Round The World" is an unusual entertainment feature being planned this week by members of the Lakeview Home Demonstration Club for Friday night of next week. Unusual interest is being taken in the entertainment, Mrs. Earl Edwards, Club secretary, reports.

Starting from the Lakeview school, which will represent America, the trippers will leave, via automobiles, for the home of Mrs. Wayne Wright, where they will visit in China. The second stop round the world will be in Africa, where they will visit with Mrs. Ollie Conway, and the last stop in Holland, at the home of Mrs. J. E. Newton. In each country, games will be played and refreshments served to the guests.

SAND HILL DEMONSTRATION CLUB

The Sand Hill Home Demonstration Club met Wednesday afternoon, June 6, at the club room. There were six members present and three visitors. The lesson for discussion was "Making Daily Work Plans." Mrs. Jim Holmes led the program. Mrs. Hanna discussed "When and How to Plan the Work," "Study of Labor Saving Operations in the Home," Mrs. Green and "Can a Housewife Have a Vacation?" was discussed by Mrs. Miller. The club is making a quilt and after the program some blocks were cut for the quilt.

The club will meet again Wednesday, June 20. All of the members are urged to attend.

ROSELAND CLUB WILL PRESENT "THE OLD MAIDS CONVENTION"

Roseland Home Demonstration Club met at the club room Friday, June 1. Quite an interesting program on "Making Daily Work Plans" was enjoyed. Miss Bass was unable to be with us, having gone to San Antonio.

The ladies of the club will present "The Old Maids Convention" Friday night, June 15. Everyone is invited to attend. Admission free.

PRAIRIE CHAPEL CLUB

The Home Demonstration Club of Prairie Chapel met Tuesday, June 12, at the school house, with twelve members present. Our subject was "Planning the Home Work."

For our next meeting we have decided to have Miss Bass give a demonstration on simple desserts. During the summer we will have all our meetings at the school house.

A MAN MUST LIVE

Deputy E. Ray Smith, of the Floyd County sheriff and tax collector's force had a long telegram from Floyd County's sheriff, who with his family is spending several days at Hot Springs, Arkansas, for the benefit of the health of his two daughters, Vivian and Ruth. The wire asked for information on several matters in connection with the office, and wound up with a request that Smith wire him \$50.

Fairview News

Fairview, June 12.—We have been having threatening weather for the last few days, but no rain yet.

Sterley May Dominate Area, Says T. V. Murray

Sterley Junction, Named for W. F. Sterley, Expected to Become Thriving City of Floyd County.

Sterley Junction, nothing but prairie land now at the junction of the Denver South Plains Railway in Northwest Texas, will soon be a thriving town that may dominate that area. T. V. Murray, general agent of the Fort Worth & Denver Railway Company at Dallas, is quoted as saying, by the Dallas Morning News. Continuing that newspaper quotes Mr. Murray as saying:

"Sterley Junction is the point where the north and south and east and west segments of the new line meet," said Mr. Murray Friday. "Here is where the

celebration for the completion of the new line will be held in August. It will probably dominate its area not only because of the rich, fertile farming land surrounding it, but because it will have a commercial advantage due to its position on the railway. The vicinity has been held back for years simply because it did not have adequate transportation facilities.

"Sterley Junction was named after W. F. Sterley, general freight and passenger agent of the Fort Worth & Denver for thirty years. He was connected with the company for thirty-five years and had started as a clerk. He was one of the best known traffic authorities in the country. He died about two years ago at his home in Fort Worth."

Mr. Sterley supervised much of the preliminary work for the new line and for that reason the junction point was named after him. He was also imme-

diately interested in the planting of trees, declaring they aided in the bringing of rain and consequently caused many of them to be planted along the Fort Worth & Denver right of way in West Texas.

RESOLUTION OF RECOMMENDATION ADOPTED FOR REV. W. R. HILL

Resolutions recommending Rev. W. R. Hill as being a good, safe, and sound Missionary Baptist preacher, defending the Baptist doctrines at all times without fear or favor, and in such a way as not to offend others of different views were adopted by the Active board of Deacons of the First Baptist Church of Floydada in a called session held Tuesday, June 5.

The resolutions also further read in part "We can also speak for his being a high-class christian gentleman of high ideals, and having a family that is a credit to any community. And as he goes from us we pray God's richest blessings upon him and his family."

Mrs. T. S. Stevenson and her little daughter, Nell, have returned home from Lubbock after nearly six weeks spent in that city. During that time the little daughter had an operation for a mastoid infection and has been in a sanitarium.

Attends Marriage And Graduation Of Sons

Rev. and Mrs. F. L. Davis returned Friday from an extended visit in Missouri with their two sons and their daughter, Mrs. L. L. Austin, of Atlanta, Ga.

On June 2 they attended the wedding of their son, Lyle, at Springfield.

On May 30 they attended the graduation of their youngest son, Allen, from Drury College. Allen is expected to visit here this summer with his parents prior to going to Simla, Colorado, where he has been elected principal and High School coach.

Mrs. Davis has been visiting with their daughter, Mrs. L. L. Austin, of Atlanta, Ga., for the past three months and joined Rev. Davis at Springfield in time to attend the graduation and wedding of their sons.

Rev. and Mrs. Davis were accompanied home by a nephew, Walter Casey, of Heyworth, Ill., Mrs. Harry Morckel, of Floydada and Mrs. Morckel's brother, J. W. Buchanan, of Springfield. Mrs. Morckel and Miss Mary Patterson, long a friend of the family, accompanied Rev. Davis on his trip to Missouri.

In telling of their trip from Springfield to Joplin last Sunday Rev. Davis said "We drove all day in a downpour of rain and never got in the mud, driving on what we need in Floyd County, paved roads."

SALE OF HART TOWNSITE LOTS AND ELABORATE PROGRAM TODAY

ON EDGE Worried A Lot

"I took Cardui at intervals for three years, and have been in good health since last fall," says Mrs. Noble J. Hayes, of Waterloo, S. C. "My improvement after taking a course of this medicine was really remarkable."

"I am much stronger and can accomplish so much more work now. My weight increased twenty pounds, and my color is good. For a long time I had been feeling poorly. Some days I dragged around the house and had not enough energy to do my housework."

"I worried a lot about myself. I did not seem like myself, and my nerves were all on edge. I did not sleep well, and my appetite left me."

"I found Cardui to be an excellent tonic. After I had taken it a few weeks, I began to pick up and to gain in weight and strength." At all drug stores.

Mr. and Mrs. J. E. Parks and son, of Dallas, spent Monday night in Floydada, the guests of Mr. and Mrs. L. B. Dawson, while enroute to Boulder, Colo., to spend several weeks. Mr. Parks is superintendent of Buckner High School. He will study and attend school while at Boulder.

An Investment with an EXTRA DIVIDEND

THERE'S a big difference between an investment and a speculation. You can speculate in any old gasoline and hope it will deliver a satisfactory number of miles per gallon. You can invest in Summer Conoco and be sure of an extra dividend—a bonus of extra miles.

Your purchases of gasoline during the touring season represent a substantial investment. Make sure that the returns from that investment are the highest you can get.

Fill at the Conoco pump.

"Patches" That Don't Stay Put

ARE RESPONSIBLE FOR A LOT OF FLATS YOU HEAR ABOUT!

Recently, our Service "Wagon" went on a call and brought in a battle-scarred tube that had, among other proofs of use, four "patches," one on top of the other, which, if they cost the customer 50c each, had set him back a total of \$2.

After removing these four Cold and Shaler Patches, our Steam Vulcanizing service was given the tube, restoring it to many miles of useful service and stopping that particular tube and pocketbook leak for all time to come.

This is not an unusual or peculiar instance—we run into similar ones every day—where Steam Vulcanizing done by an experienced operator is about the only answer to trouble-free tire service.

STEAM VULCANIZING COSTS NO MORE BUT YOU GET A LOT MORE FOR YOUR MONEY!

More Mileage per patch, more freedom from tube worry, longer life for your tire and tube.

Another quality item you'll find here—Federal Extra Service Tires and Tubes—hundreds of Floyd County users in repeat purchases furnish the proof.

Mrs. Clark's Father Dies At San Angelo

C. A. McSpadden, father of Mrs. C. A. Clark of this city, died at San Angelo, Texas, June 1. Interment was made in San Angelo.

Mr. McSpadden was eighty three years, one month and ten days of age. He was born in Georgia, April 22, 1845. With his parents, he moved to Texas when six years old and has lived in Oklahoma and Texas since. For the past fifteen years he was a resident of Floyd County, having lived on a farm southwest of Floydada until a year ago when he made his home with his daughter Mrs. Clark of Floydada. Two months ago he moved to San Angelo.

July 15, 1874, Mr. McSpadden married Miss Sarah Amelia Hammon at Clifton, Texas. To this union were born fifteen children, eight girls and seven boys, twelve of whom are now living.

All the children were present at the funeral except one daughter, Mrs. Ola Baucam, Altus, Oklahoma, who was unable to be there because of illness. Those present were: John McSpadden, Littlefield, Texas; Mrs. C. A. Clark, Floydada, Texas; Mrs. E. S. Steel, Altus, Oklahoma; C. A. McSpadden, Lubbock, Texas; Joe McSpadden, Elk City, Oklahoma; Mrs. T. B. Brooks and Miss Willie McSpadden, Amarillo, Texas; H. F. J. R., Lee, and Ruby McSpadden, San Angelo, Texas.

Mr. McSpadden is survived by his widow, the above named children, many grandchildren and one sister, Mrs. Mary E. Anderson of Oklahoma City.

Mr. McSpadden, at the age of thirty two, joined the Presbyterian Church, but later joined the Methodist Church. He was a faithful Christian the greater part of his long life.

Harm

Harmony, June 12.—We were all very proud to see Mrs. D. T. Scott out at church at Carr's Chapel last Sunday. It was the first time she had been able to attend church in about three months or more and we have missed her very much.

Two of the Sunday School classes have had an attendance contest and the winning class entertained the other with a weiner roast at Blanco Canyon last Tuesday night. All reported a very enjoyable time.

Mrs. D. S. Battey went to Matador Thursday and visited her mother, Mrs. Pitts. She returned home Friday and was accompanied by a sister from Amarillo.

John Bagwell, of Dimmitt, formerly of this community is spending a few days this week with his parents, Mr. and Mrs. J. A. Bagwell.

Several from this community attended the District Missionary Society meeting last Wednesday and Thursday which was held at Floydada. They were as follows: Mr. and Mrs. G. L. Snodgrass, Mr. and Mrs. L. A. Williams, Mrs. R. B. Gary, Mrs. Chas. Trowbridge, Mrs. Chas. B. Smith, Miss Anna Carr, Mrs. W. H. Carr and Mrs. D. S. Battey. They report an interesting program and a good dinner was served.

Albert Clubb and Hardy Heard are very proud of their new elevator which they now have in operation at Petersburg.

Rev. M. P. Hines filled his regular appointment here Sunday at 11 o'clock and also at night.

The Epworth League had a program Sunday night just before church.

Miss Inez Kennedy, of Olton, returned home Thursday after spending a week with her aunt, Mrs. Wm. McGehee.

STUDEBAKER COMMANDER

Tops
Uniontown's famous hill
at 60-mile speed

Smashes all records!

World's Champion Car

Over the top of Uniontown Hill at 60 miles an hour! That's the spectacular performance of a strictly stock model Studebaker Commander Sedan, sweeping aside decisively the best previous record of 51 miles an hour.

And that is not all! As further clinching assurance of The Commander's unmatched mountain climbing ability, it later swept up the heart-breaking, tortuous grade and over the top at 31 miles an hour, with 14 persons swarming upon its running boards (a total of 2296 pounds).

Automobile editors of Pittsburgh newspapers were passengers in The Commander and certified the exact speeds attained. Pittsburgh police certified the accuracy of the speedometer. Mayor L. S. Crawford of Uniontown and scores of spectators observed the tests.

"A Ball of Fire"

—that's what one owner calls his Commander. "A 'hill hound'—knocks the 'l' out of altitude," writes another. "If my Commander had claws it could climb trees," declares a third. When this World's Champion car can be bought for \$1435 f. o. b. factory, why be content with less?

In four price fields Studebaker offers you champion cars—each backed by Studebaker's 76 years of manufacturing integrity! The Erskine Six, \$795 to \$965; The Dictator, \$1195 to \$1395; The World Champion Commander, \$1435 to \$1625; The President Straight Eight, \$1985 to \$2485. All prices f. o. b. factory

Refund Of Revenue Tax Given To Club Members

\$886.50 Illegally Collected on Capital Payments by Internal Revenue Agents Treasury Dept.

A refund of \$886.50 made up of sums illegally collected by the Internal Revenue collectors of the Treasury Department, has been made by the department in the right recent past, R. C. Scott, secretary of the Floydada Country Club told the members at their annual meeting held Monday night, and this amount will be refunded to individual stockholders. The funds consist of a 10 per cent assessment made against capital stock payments of members and was paid in on instructions of an agent of the Treasury Department. "We were given ten days to get the money paid in," Mr. Scott told members, "and it took us six months to get it back."

The board of directors of the Country Club elected Monday night are Roy L. Snodgrass, G. C. Tubbs, B. P. Woody, J. D. Starks, V. Andrews, R. C. Scott and Lon M. Davis. Of these Andrews, Scott and Davis were re-elected. Dr. Andrews was president of the club last year and Mr. Scott secretary. These directors were chosen from fourteen names submitted by J. G. Wood, Glad Snodgrass and E. C. Nelson, the nominating committee appointed by the chairman.

The date and arrangements for the annual picnic of the club was voted to be left to a committee composed of R. E. Fry, Mrs. Jno. N. Farris and E. S. Randserson.

One change in the by-laws of the club was unanimously adopted, this being that twenty-five members should constitute a quorum of the stockholders for the transaction of any business of the club, except making a change in the constitution or by-laws, in which case it will require fifty-one members present to constitute a quorum.

MARVIN JONES OWNS A HEN THAT CROWS LIKE A ROOSTER

A three-year-old hen that crows like a rooster is owned by Marvin Jones, who resides in the southwest part of Floydada, the hen having developed the looks and ways of the male species of the bird in the past six months.

The hen, until her transformation, was the regular cackling variety that scratches in the garden and lays eggs. Some six months ago, this hen and another were scratching in the road, when a passing motorist killed the other hen outright and injured the hen that escaped with her life. Following the accident, the owner put the hen up for safe-keeping and soon thereafter, noted that she began to make efforts to crow. Gradually, also, the fowl began to change in appearance, looking more and more like a rooster. Now, the transformation is appearance has become complete and the hen can crow along with the best rooster that wakes folk up in the morning, Mr. Jones says.

A WISH

Oh, that I might kinder be
To every one I know,
And never say an unkind thing
Of neighbor, friend or foe.

Oh, that I might truer be
To ones I hold most dear,
And nothing but their goodness see
And help their loads to bear.

But oh, full well I know that I
Oft fail to kindness show,
And in my heart there is a prayer
That I may truer grow.
Mrs. Jessie Brown Thomas.

Some of the cost of operation against predatory animals is returned to the Federal Government and cooperating agencies through sales of pelts from animals trapped or poisoned. A large fur sale was held by officials of the Biological Survey of the United States Department of Agriculture in the New Mexico district. A total of \$6,256.58, equivalent to 40 per cent of all operating costs for the district, was realized. High prices were paid at this sale, and the condition of the pelts showed that proper care and preparation was being given them in the field.

Questions On Health With The Answers

(By State Health Department)

Is There Hookworm in Texas?
1. Something sure ails my boys. They are so triffin—neighbors say "hookworm." Is that worm working in Texas and what can we do about it, if anything? (John Innis, Livingston.)
1. Yes, there frequently come in reports of hook-worm in East Texas. Sometimes even the moderately afflicted carry as many as 20 worms each. Each parasite can produce 10,000 eggs a day, or a total of 1,000,000 eggs for each victim of the disease. This estimate seems unbelievable but if the plan for relief might be consistently carried out, a contaminated soil could be cleansed from infestation at no late date and a suffering population freed from this loathsome plague. It has been determined that the larva of the hookworm lives only six weeks under ordinary conditions. If the breeding of fresh larvae is stopped by the approved treatment of infected persons and soil pollution arrested by prescribed measures—there is well founded hope that the hookworm may soon be as rare as the fabled dodo.

Snake Bites

2. Is there a snake bite remedy? Please hurry up with a snake bite cure. (J. M. O., Victoria.)
2. There is indeed an effective serum, newly discovered, that neutralizes the venom of snakes' bites if given reasonably early. It is urged for every health officer to see that even a small quantity is kept on hand at each drug store in his county for emergency use. This serum is supposed to retain its potency for a period of 5 years. All country physicians should know where this serum may be obtained without delay.

Nervous Breakdown Pending

3. I feel on the verge of an illness—no direct pain—but just exhaustion from any trivial exertion. I have been told just to go to bed and rest. Would you advise this as a probable cure? (Mrs. Maude J., Liberty Hill.)
3. A day spent in bed in a well ventilated room with extremely light diet is sometimes sufficient to save one from severe illness. Rest is one of Nature's simplest and most effective aids in healing and if taken in time it may be warranted far superior in therapeutic value to any quantity of drugs taken after the damage is done. A day or so, spent in bed, permitting no annoyance, or ordinary responsibilities of life to interfere with complete relaxation will often times be of more benefit than travel over long distances for a change of climate. Be careful to heed Nature's warnings.

THE WELFARE OF THE NATION

Lord Rothmere, the eminent British publicist, writes, "Whoever visits the United States is struck with the truth that the economic welfare of the country is based more than anything upon the fact that she has 29,000,000 horsepower of electrical power established in her factories—a force estimated as the equivalent of 290,000,000 workers."

"The day is visibly approaching," he says further, "When practically all the hard manual labor of the United States with its 118,000,000 people will be done by electricity, and done far more swiftly and cheaply than human labor could accomplish it."

Mr. and Mrs. W. O. Tye and children, of White Deer, have returned to their home after a brief visit with Mrs. Tye's parents, Mr. and Mrs. S. B. McCleskey.

LOANS, LOWEST RATE, LEAST EXPENSE

We are the first company to offer monthly payment loans at Floydada to build and re-finance homes and business property.

The borrower buys no stock to be charged against the loan. He is not bound by an unknown constitution and by-laws of a foreign corporation, whose business may have to be settled by the federal courts in a receivership, and losses charged against borrowers as stockholders.

We make a \$1,000 to \$5,000 loan at \$12.50 per month, principal and interest, on each \$1,000 per month for 114 months. This is cheaper than \$12.50 per month for 120 months by \$75 on each \$1,000 borrowed. Our 88-month loan at \$15 is \$88 cheaper on each \$1,000 than at \$16 per \$1,000 per month.

We charge no brokerage; small expense. We deliver the loan check when the completed abstract is delivered to us. City loans payable at any time without bonus or penalty.

Farm, and Farm Improvement Loans

The First Trust Joint Stock Land Bank always has the money at 6% interest, payable once a year on December 1.

6 3/4% pays principal and interest. Also, we loan to make farm and ranch improvements at 7% interest.

On July 1 we shall begin the writing of fire and other insurance.

Immense Legal Value In Birth And Death Record

Aid of All Citizens Asked by Health Department in Securing Complete Vital Statistics.

The following statement was issued last week out of the office of J. C. Anderson, State Health Officer of Texas, at Austin, Texas:

"Floyd County has now been organized in accordance with the new Vital Statistics Law, by the appointment of registrars for each justice precinct and each incorporated town or city. In some cases, two or more precincts have been combined into one district, where it seemed best so to do.

"Every birth is required by law to be reported to the local registrar of the district in which it occurs, by the attending physician or midwife, or if there was neither, then by the father or mother, within five days after the birth.

"The law prohibits the burial or removal of a dead body before a death certificate properly and completely filled out, has been filed with the local registrar, and a burial or removal permit has been secured.

"The immense legal value of these records makes it important that the citizens of Texas be given this protection by having a complete, legal record properly filed in accordance with this law.

"In the first three months of 1928, there were reported from Floyd County 58 births and 10 deaths. This indicates only about 55% of the total number which probably occurred. Let's go 100% from now on.

"Below is a list of local registrars of your county, and it is urged that you make every effort to comply with the law and to aid in securing complete registration in your county.

"J. S. Solomon, Floydada, precincts 1, 4 and Floydada.
"D. C. Lowe, Lockney, precincts 2, 3, and Lockney.

WAYLAND SUMMER SCHOOL

Plainview, June 9, 1928.—The doors of Wayland opened June 4th to receive the largest enrollment in the history of the Summer School according to Z. T. Huff, dean of the college. One hundred and sixty one have enrolled to date which makes the enrollment taking the regular college curriculum at least one-third larger than ever before. There are twenty-five experienced teachers enrolled taking educational work under R. B. Sparks, teacher of Education during the Summer Session. Thirty-two juniors are enrolled in the elementary grades and a greater per cent of the enrollment are students that have never attended Wayland before.

DRUG TO MAKE CRIMINALS TELL

Will criminals of the near future confess their crimes while under the influence of a drug? This amazing possibility is suggested by a professor who states that peyote the mystic fruit of Mexico, may render unnecessary the attendance of juries at our courts.

This rare species of cacti, found on the Mexican heights and by the Rio Grande, is said to cause amazing visions and to possess remarkable psychological powers.

The ancient Aztecs were familiar with its dream producing qualities, and the South American Indians have been eating it for centuries.

When the fresh fruit is eaten a stimulating effect is produced, while the dried variety is said to create the visions, although the addict does not sleep.

Sworn affidavits of peyote-eaters tell of mysterious people, weird voices, flying colors and arrows, singing women and animals whose claws can be felt—all materialized in a dream!

Many quaint ceremonies are observed by the Indians who go in search of the fruit; they are forbidden to eat during the days of journeying until they approach the land where the peyote thrives and then they may take only pinole, a variety of maize. Arriving among the peyotes, a cross is erected and the raw fruit eaten. When intoxication has worn off, the crop is gathered and the party returns. Months are some times spent on the trail. Certain tribes send their hardest men, arrayed in strange costumes, a distance of four hundred miles to seek "hicouri," as they style the "divine" plant.

According to the professor, the drug aids the physical and enlivens the intellectual attainments of the user. We may soon see it employed in higher medical science; then it will be the turn to try it on criminal suspects.—London Tit-Bits.
