## Court Grants Permit For Hendricks System

Copper Toll Circuits to Connect Floydada, Dougherty, Matador and Crosbyton, Hendricks Says.

Following the issuance of a permit to construct telephone lines in Floyd County by the Commissioners' Court of the county Monday to E. H. Hendricks of Crosbyton, definite announcement was made yesterday by Mr. Hendricks of his plans for the construction of his exchange at Dougherty and also the construction of copper toll lines that will connect that city, Floydada, Matador and Crosbyton. All plans are completed, purchase of the materials for the construction of the exchange at Dougherty and the circuits to the other cities has been made and the first shipment of the materials needed for the big building program will begin arriving within the next two weeks, Mr. Hendricks told a reporter for The Hesperian Monday afternoon.

The feature of the construction that will be particularly interesting to the people in the area that is expected to be served, is that construction "equal to that being done in this territory by Southwestern Bell" will be put in, including copper toll circuits and an all-cable telephone system at Dougherty. The outside system at Dougherty, he said, will cost \$9,000. This is exclusive of the switchboard and a brick building which will house the board and offices.

Construction of a brick building thirty by about fifty feet across Austin Circle south from the L. L. Collins & Company establishment will be among the first things done by Mr. Hendricks. Particular attention is going to be paid to the matter of tying in the rural territory of the new town with good telephone lines, Mr. Hendricks said. "I am going to encourage these lines financially as well as otherwise," he said.

With a water system already completed in the new town, railway service practically ready, gas service promised by early winter, and assurance that Texas Utilities Company will carry their electric lines into Dougherty sometime in October, this announcement by the telephone people makes the list of utilities and conveniences available within the year to Dougherty people practically complete.

Second third, fourth, and consolation prizes will also be given.

Announcement of Mr. Shaw's connection with the bakery business was made Monday, and Mr. Shaw will begin work with the concern this week.

The South Plains Baseball Club Sunday afternoon won handily from the Floydada Club on the diamond at the Floydada Baseball Park, scoring 20 runs while the local boys were making an even dozen.

Next Sunday afternoon the Floydada Club will have as opponents in a game here the Snyder Ball Team. Early in the season the two teams played a close game at Snyder, the latter winning 5 to 3.

## MRS. DOUGHERTY IMPROVING

Frank M. Dougherty, owner of large farming interests in southeast Floyd County and founder of the City of Dougherty on the new line of the Quanah, Acme & Pacific Railway east of Floydada, is here this week looking after business interests. He is giving particular attention to matters in connection with the promotion of the new city.

For several weeks Mr. Dougherty's presence has been required closely at his Fort Worth home by the severe illness of his wife. Her condition was more satisfactory this week while she is convalescing from an operation.

## Severe Hail Destroys Many Crops Near Ralls

A hail storm of the most severe proportions of any this year in the south plains area fell Friday afternoon of last week in the city of Ralls and over an area around that city estimated to cover from 100 to 160 square miles of territory, beating several thousands of acres of fine young cotton into the ground and doing many thousands of dollars damage to city and farm homes in that section.

The reports reaching Floydada indicate that the hail stones were unusually large and fell with terrific velocity. In some instances holes were knocked in roofs, the hail stones penetrating the house coverings and damaging the furnishings. Automobiles and trucks in the path of the hail storm were badly battered up where they were left unprotected or caught on the highways. The hail area extended nearly to Post in Garza County, but with less intensity.

The rain accompanying the hail storm extended as far north as Floydada, slightly more than a quarter of an inch shower falling here, gradually becoming heavier south. The rain was local, covering portions of four counties. At Petersburg and Lockney no rain was reported. South of Floydada in Blanco Community, several farms had two to four inches of rain, and some damage was done by the hail in the south part of the Starkey Community.

## 1928 ASSOCIATED TOURS GUIDE BOOK READY FOR MOTORISTS

Motorists who plan to take a vacation tour, this summer, will be interested to know that The Automobile Club of America has just published the fourteenth edition of its annual road book, the 1928 Associated Tours Guide, which is now ready for distribution.

The Guide in its one hundred and twenty-eight pages, contains a wealth of useful information for exactly planning where to go to your vacation trip and how to get there. The Motor maps, mileages and itineraries shown in the Guide, covering the vast area of the United States east of the Mississippi and eastern Canada, as well as the more popular transcontinental and trans-Canadian routes, afford the motor vacationist a wide range of touring fields from which to select.

## JURY OF VIEW THINKS CHANGE NEEDED IN ROUTING, RESIGNS

L. E. Williams, G. L. Snodgrass, O. B. Gross, J. F. Dollar and Bert Bobbitt, named by the Commissioners' Court last week to view out and assess damages on a proposed new road through the county along the right-of-way of the Fort Worth & Denver, after going over the route last week and spending some three hours in Floydada Monday afternoon in deliberation, "resigned" their job of viewing out the route and assessing damages, after arriving at the conclusion that changes should be made in the proposed routing to avoid rail crossings and to make it tie in better with existing roads in the county.

"The jury of view could not see its way clear to go ahead with the plan for the road on the exact routing mapped out, but did feel that the road, if routed on a slightly different basis, would be a valuable addition to the road system of the county," J. F. Dollar, a member of the jury said Monday afternoon. "However, to make the changes we thought necessary would require a new petition and consequently a new jury of view, so we made our report in the form of suggestions, instead of going to the expense and time that would be required to make a complete report on the route."

The viewers were named on a petition, rather generally signed up and down the proposed road, and presented to the Commissioners in session Tuesday of last week by a delegation of farmers and business and professional men headed by Artie Baker.

## FARM BUREAU GIN COMPANY RE-ELECTS SAME OFFICERS

## Wheat Ripens Fast As Raisers Start Combines

Third of Machines in County Expected to be Going by Middle of Next Week.

Edwards Grain and Elevator reports the first load of wheat in Floydada this year which was raised by Harry Chat-ham of the Sand Hill community and was delivered Tuesday morning at the elevator at 9:45 o'clock. The wheat tested 58 lbs. and brought \$1.20 less deductions for the two points under standard test.

Hot, dry weather has ripened the wheat fast in the past six days with the result that combine harvesters started in half a dozen different localities over the county Tuesday, and indications pointing to the probability that a third or half of the machines in the county will be going within the next few days. Wednesday the number of machines starting up was more than double the number in the fields Tuesday and the number will increase rapidly, barring wet weather.

With normal weather conditions wheat growers had expected to get started in the harvest sometime the latter part of next week or even later, but nearly half of the county had not experienced rain in nearly three weeks and reports from the entire county are that the extreme heat, even where rains have been plentiful or more than needed, has ripened the grain fast.

In the vicinity of Petersburg several machines were started up Tuesday. Heard & Clubb, new elevator men at that point reporting the receipt of several loads of wheat on the afternoon of that day. Aiken also began receiving grain on Tuesday, and the grain movement is expected to start in Floydada today.

Estimates on the probable yield are still varying largely, with indications that much of the late crop will be disappointing. Several tractors have been going this week in widely scattered areas over the county, turning under wheat which showed to be too poor for combining. Many fields of good wheat are reported, however, and barring wet weather which would cause the loss of a part of the crop from weeds, probabilities are that close to a million bushels of grain will be harvested from the largest acreage ever planted in the county.

## CONGRESSIONAL RACE WARMING UP; BELL CHALLENGES JONES

Judge J. Ross Bell, of Paducah, candidate for congress from the Eighteenth District, has challenged Marvin Jones to meet him in joint debate in all of the counties of the district, it was announced last week from Paducah, from which place Mr. Bell wired the present incumbent in office:

"I understand in your speeches you take issue with me on your salary raise and other questions. I challenge you to meet me in joint debate in every county of the district that the people may know the truth about this issue and others."

There are fifty-three counties in the district. Both candidates are filling speaking dates regularly, Jones being in the south plains area this week on a canvassing tour.

## Says No Use

Replying that he has only seven weeks in which to cover the district and that "manifestly I haven't the time to listen to you speak," Congressman Marvin Jones, has answered the challenge of J. Ross Bell, Paducah aspirant for congressional honors for the Eighteenth District, with the declaration that "there is no issue on the salary raise."

"In the limited time at my disposal I intend to make my report directly to the people and strictly in accord with the facts," Mr. Jones' reply stated.

## Floyd's Master Farmer Entrant In 1928 Finals

Eliminations Held Recently Leaves Farmers in Four Plains Counties in State-Wide Contest.

O. W. Fry, Floyd County's entrant in the 1928 Master Farmer Contest in Texas for designation as a Master Farmer, is one of four farmers in the plains area who have passed the elimination stages of the contest and will be judged soon in the finals to determine which ten shall be given the designation and the honors which go with it.

Last year sixteen farmers were chosen. This year the number has been reduced to ten and the competition in this respect made more keen even than last year. Following the eliminations held recently it was anticipated that actual visit to the contestants' farms and the final scoring would be done this late summer. However, information received by Miss Blanche Bass, County Home Demonstrator this week from the Progressive Farmer and A. & M. Extension Service headquarters indicates that the visit for final scoring of the farms will be made sometime next week.

The Fry farm is a most interesting place to visit. Miss Bass and members of the Floyd County committee say. A pretty home with every modern convenience, attractive grounds and well-kept barns and outbuildings are the features of well-balanced farming operations, conducted by Mr. Fry. Dairying poultry raising of hogs for home supply and the market are a part of the balanced farming operations practiced by Floyd County's entrant for this year. "There is no doubt but that Mr. Fry's score will be high," Miss Bass said. "However, with the number of possible winners reduced and the possibility of keen competition from over the entire state, it would be hardening too much to express the belief at this time that he will be among the ten winners."

Westview Farm is one on which power farming is practiced extensively. Its owner has been farming in Floyd County practically ever since his school days and is one of the younger farmers of the county who has found it profitable to employ labor-saving devices and power generally in reducing the cost of farming operations.

Mrs. Homer Looper and two children of Plainview and a friend from Fort Worth were badly bruised and cut when the Buick Sedan which Mrs. Looper was driving overturned about fourteen miles east of Floydada on the Floydada-Matador highway, Saturday afternoon. The car was completely demolished. The probable cause of the accident was a defective steering gear, according to Mrs. Looper.

Mrs. Looper is a sister-in-law of C. P. Looper of Floydada. She had been to Fort Worth to take her daughter, Helen, who entered T. C. U. for the summer session.

## H. M. Hart Sees Good Future For Floydada

That Floydada has grown tremendously since his last visit here three years ago is the impression gained by H. M. Hart, now of California, formerly a resident of Floydada and Floyd County, who is here this week on business.

Mr. Hart still has residence property in Floydada and extensive business interests elsewhere here. An Iowan, he moved to Floyd County many years ago and engaged in farming until his health and that of his wife demanded their adoption of a less strenuous occupation. Mr. Hart has travelled extensively and his idea of values are looked upon as sound.

"There is a good future for Floydada without doubt in my opinion," Mr. Hart told a reporter for The Hesperian Monday. "Conditions are basically sound here, you have a great trade area and the development of the section's natural resources will bring substantial growth to the town," he said. The improvements made and the growth enjoyed by the town in three years are more noticeable to one who has been absent that time than to one who has been a resident of the community during the period, he thinks.

Mr. and Mrs. Hart live in Lawndale, a suburb of Los Angeles. Mrs. Hart accompanied him on the trip to Texas, stopping, however, at Friona to visit with the L. H. Hart family during their stay in this state. White here Mr. Hart is a guest of his niece, Mrs. L. B. Fawver and family.

## Nelson Car, Undamaged, Recovered At Dublin

Sheriff P. G. Stegall early this morning received a telegram from Deputy J. M. Wright and E. Ray Smith at Dublin, advising that the automobile of E. C. Nelson, stolen some six weeks ago from the garage at his home in Floydada, had been recovered undamaged, and that they would reach home with the car sometime this afternoon or tonight.

Slight clues, which the officers have been following, resulted in the re-taking of the stolen car. When Mr. Stegall believed the evidence was sufficient as to the whereabouts of the car, he sent the deputies to Dublin Wednesday morning. They also arrested a man and are bringing him to Floydada.

The car shows to have been driven only a thousand miles since it was stolen. It is not damaged in any particular.

## NEW BUILDING AT CROSBYTON WILL BE OPENED JUNE 29-30

Mr. Hendricks is owner of the new building, which will house the post office beginning Friday of this week. It will also house other businesses, which will be moved in ready for opening day, he said. The building, one of the most modern construction, is 83 by 75 feet in size.

It was hauled into Floydada by a wrecker from the Motor Supply Company.

## Convention Delegates Begin Reaching Home

Floydada Municipal Band Wins Fourth Prize in Third Year Contest at W. T. C. of C. Convention.

The vanguard of the returning members of the Floydada delegation to the tenth annual convention of the West Texas Chamber of Commerce, held in Fort Worth Monday, Tuesday and Wednesday began reaching home last night, tired but reporting a wonderful convention in every way; the remainder of the convention trippers being expected home today and tomorrow, following the official closing of the convention last night.

Late yesterday afternoon announcement was made of the places won by the bands in the annual band contest, a telegram received from Tom Bishop said. Floydada Municipal Band placed fourth in this contest in the third year contest. When the telegram was filed announcement had not been made of the standing of the various contestants in the "My Town" contest in which Miss Robby Archer of Floydada, was entered. 75,000 persons witnessed the pageant Tuesday night, in which "Miss Floydada" in the person of Miss Mary Helen Johnson, was introduced. Her maid of honor was Miss Ouida Bell. Miss Johnson was in the parade with young ladies representing thirteen other south plains cities and towns on a large South Plains float. Fully 100,000 persons witnessed this parade, the wire from Bishop declared.

"Floydada received thousands of dollars worth of advertising at the convention closing tonight," the wire to The Hesperian said, which also advised that El Paso had been chosen as convention city for the 1929 session.

The convention motored from Floydada arrived at Fort Worth Sunday evening between 6 and 7 o'clock, and the band assembled at the Westbrook at 8:30 to go on a serenading tour, taking them to the Texas Hotel, Metropolitan Hotel, Worth Theatre and Star-Telegram office. The boys also played on the street corners while members of the delegation distributed Floyd County literature.

Monday morning the band played in the massed band at 9 o'clock, with ten other bands. In the contest held Bandmaster A. L. Lundgren's organization played at 1:30. From 10:30 to 11 o'clock Monday night the band broadcast over KFOB broadcasting station. Tuesday afternoon at 1 o'clock the big West Texas parade was held in which the Floydada delegation and band had a part. "I don't know how long it was, but it was too long to walk," Floyd Bell, a member of the band who reached home along with a number of others last night, said. "What I mean, it was hot." All members of the bands were admitted to all entertainments free, and the boys enjoyed their trip to Fort Worth immensely, all report.

Those reaching home last night were Floyd Bell, E. B. Massie, Dock Massie, Woodrow Tawwater, E. L. Morris, Chester de Cordova, E. E. Boythe, Clark Meador, T. W. ### PRESENTING THE EVIDENCE

A large number of panhandle and south plains counties are in a movement to carry an exhibit of panhandle and south plains products to a large number of Kansas and Nebraska cities and towns, where the exhibits will be set up and the opportunities of this section expounded, with concurrent publicity of various kinds in an effort to interest many good farmers of that section to move to the plains area. The idea appears to be basically sound, geographically and otherwise. Geographically, because immigration naturally has run either from north to south or from east to west. Practically all the immigration to this section to date has been from the east. Mixing the ideas and practices of the north will be very valuable economically to the country. In the plains country we are in danger of falling into a rut in farm practices because we have practically the same background of experience. Farmers with a different background will get a different reaction to a given condition, with new ideas resulting to the immense benefit of all. Conditions in this section, too, are largely similar to those in states directly north of us.

The likelihood is that Floyd County will not be among those counties cooperating in the effort. What with a large percentage of the farming population of this county nursing the belief that the Chamber of Commerce and all its ramifications are the works of the devil, and a not inconsiderable percentage of the business interests lukewarm or positively of the opinion that its foolishness, the local Chamber of Commerce has been greatly handicapped for lack of funds to do some of the big things that have appeared to its directing minds desirable—in some instances—immensely necessary. In the class of the desirable things comes the business of joining in an effort to get immigration from Kansas and Nebraska. The local organization, it seems, is faced with the necessity of admitting inability to join in the all-panhandle-plains movement to get immigration from the mid-western states for the very good reason that the organization does not have the funds available for the purpose and no place to turn to to obtain the money.

### HOOVER AND CURTIS

Herbert Hoover, of California and the world, with Senator Curtis of Kansas, will be the standard bearers of the Republican party in the November general election.

Senator Curtis attended the convention and took in the proceedings first hand and Mr. Hoover heard as much of the proceedings as he wanted to listen in on by radio and telephone. However, by a silly custom adopted something like a decade ago they will be formally notified some thirty to sixty days hence of their nominations respectively and will rise and answer the call in sonorous tones.

A committee of grown men will make a pre-arranged trip to a pre-arranged point where the candidate is by pre-arrangement and notify him in a speech of which he will have fore-knowledge of every word, and a grown man, smart enough to be president, will rise and reply in pre-arranged words—and then the campaign will be off to a flying start. Until all that hokum is over there might as well be no campaign so far as the public is concerned.

Now, in Floyd County they do differently. When the political bee gets in your bonnet you run down and get your some cards printed and get out among the boys and tell them about it. Some fellow that knows a great deal about human nature and politics is going to get out and knock all this "front porch" stuff into a cocked hat some of these days, shelling the woods in much the same manner the country boys do it.

### BUILDING NEW HIGHWAY

Business men of Lockney and numerous interested citizens along the route are greatly pleased over the prospect of obtaining a state-designated highway up and down the Fort Worth & Denver through the county, a stretch of some thirty miles of highway that would be part of a route from the southwest to the northeast. The application made last week to the Commissioners' Court for the appointment of a jury of view to view out the proposed route along the Denver was the first step toward the actual realization of the roadway on which to lay the proposed highway. Several weeks ago representatives of Lockney business interests visited Austin and received encouragement from the Highway Commission in the belief that the route is feasible.

If all goes well the route will be paved at some future date, possibly not so far distant, either as a part of a county-wide system, or if need be, by the organization of a road district.

The men who are backing the movement believe that highways and the

building of them are the making of communities, that the future highway map of the country will have as much to do with the making or un-making of towns and cities as will railways. Whose city highways will make and whose un-make is the question raised that keeps the citizens of towns and communities from being unanimous on the question. After the farmers get a taste of the highways they demand them, regardless of whose town is made or un-made.

### INVESTING IN YOUR CITY

S. P. Brooks, one-time railroad section hand and now president of Baylor University, one of the south's greatest educational institutions, is reported to have said a thing to Waco people the other day that might as well have been said to any Floydada or Floyd County man regarding his community:

"Our city will not be bigger and better unless we want it to be. It is bunk to expect others to invest in our city unless we have confidence enough to do the same."

President Brooks was talking to men who had spent their money in Waco property and were waiting for some outsiders to come in and, by their investments in Waco enterprises, make the standpatters wealthy. If you think your town is a good enough one for somebody else to spend their money in, is it good enough for you?

### BUYING THE ORIENT

Unless all the signs fail, the Santa Fe Railway Company's application for permission to purchase the Orient, will be granted by the Interstate Commerce Commission, and thus one of the weak railroads, which has at last begun to get on its feet, after losing many millions for investors, will become part of one of the nation's greatest carrier systems.

The Orient is sorely in need of funds with which to carry on an expansion program, it is said. The Santa Fe has the money with which to do anything necessary or desirable to be done to provide ample facilities.

### 'Round The Square

By Old Battleaxe

Well, folks, the C of C Convention in Fort Worth is now past history. The Floydada Band and delegation attended and "strutted their stuff." How Floydada and Floyd County was represented, is a just reflection of this place, be it good or bad.

Time hung heavy round the square last week when one of the huge weights in the court house clock broke its cable and fell. It's lucky that it didn't fall on any one, for "time weights on no man," you know.

There are just two kinds of women round the square who want pretty clothes—blondes and brunettes.

If those awning signs round the square are not taken down soon, some of them are going to fall and knock somebody coo-coo.

The mystery has been solved! Yep, while down at Fort Worth, O. B. has found out that the only reason they hold these conventions is to find out where they will meet next year.

Old Battleaxe is not planning on buying a second hand automobile—gee no! You have to pay cash for them and you can get a new one on time. But if he was going to buy a used car, there is one thing darn certain—he wouldn't buy one that was parked on one of the

## DIZZY Lost Appetite

Mr. M. F. Fink, of Harrisburg, N. C., says: "It must have been fully twenty-five years ago that I began taking Black-Draught regularly."

"I was in town one day, and while talking to a friend I stooped over to pick up something. When I straightened up, I felt dizzy. I spoke to him about this and how I had not felt like eating."

"My friend told me to take some Black-Draught. I knew my mother had used it, and so I bought a package. When I got home, I took a good, big dose, and the next night, another. In a few days I felt much better."

"A good many times I have had this dizziness and a bad taste in my mouth, or headaches, and then I take Black-Draught and get better. I do not have to take it very often. We buy from five to seven packages a year." Try it!

main business streets round the square early Saturday morning with a big "For Sale" sign and left there all day. No sir!

"There ought to be a law" is getting to be as famous a saying as "It won't be long now." But in spite of this fact, O. B. believes that there ought to be a law against parking "second hand" "For Sale" cars on a main business thoroughfare and leaving them there all day. The streets are public property—not a market place. If you have something for sale, put it in your own business house—then advertise it in the Hesperian.

And if you don't think that advertising pays, just look how the cigarette ads got all the addresses to smoking.

All the world loves a lover, boosts a booster, quits a quitter, and kicks a kicker. Take your choice.

No, folks, you need not get alarmed at all these bandages that Old Battleaxe is wearing. Here's how it happened: While in Fort Worth, we thought that we would get shaved by one of those lady barbers. And while we were in the chair, a darn mouse ran across the floor.

## 14 YEARS AGO IN FLOYD COUNTY

News items taken from the Floyd County Hesperian files published in Floydada fourteen years ago.

ISSUE OF JUNE 25, 1914

A call has been issued by J. B. Bartley temporary chairman of a massmeeting held last Thursday, to all citizens to meet at the county court room on next Saturday for the purpose of organizing a permanent fair association.

Mr. R. E. Fry and Miss Ruby Britton, popular members of the Lockney social set, were married at the bride's home in Lockney last Monday evening, Rev. Ed Williams, Pastor of the Methodist church officiating. A number of friends and relatives were present at the ceremony and the wedding feast which followed. Among those were Mr. and Mrs. G. A. Linder of this city.

Last Friday afternoon Mrs. John W. Smith entertained a number of the little folks for her sister, little Miss Francis Edwards. The merry crowd of youngsters enjoyed a number of games and following the games, refreshments were served to the following: Armeta Thompson, Mina Steen, Lena Thagard, Dell Callihan, Ora Slaughter, Nellie Gilley, Dugna Sawyer, Pauline Rushing, Hazel Felton and Marivena Bartley.

L. H. Newell, president of the First State Bank, Jno. N. Farris, president and E. C. Nelson, cashier, of the First National Bank and W. A. Robbins, were among those present at a bankers meeting in Plainview last week.

Mrs. E. P. Nelson returned Friday, June 8, from Long Beach, California, where she was called five weeks ago because of the illness of her daughter, Mrs. Otto Faulkner, who is now convalescent. Mrs. Nelson said, Mrs. Nelson also visited her brother, F. W. Boerner, in Los Angeles.

them that has been bothering him so  
much especially this past winter.

## Cannaday-Welborn Nuptial Vows Solemnized Saturday

The marriage of Miss Belle Cannaday, daughter of Mr. and Mrs. W. I. Cannaday to Mr. Jeff Welborn was solemnized Saturday morning at 10 o'clock at the First Methodist Church, Rev. J. Pat Horton, pastor of the Baptist Church of Plainview, officiating, using the ring ceremony.

The church was transformed into a bower of greenery and colorful flowers, the decorations carrying out the rainbow colors used in the gowns of the bride's attendants. The aisle down which the wedding party passed was marked with bouquets of cut flowers and the altar was banked with smilax and fern with tall palms on either side. Tall wicker baskets with gladioli and snapdragons in various hues added to the effect of the altar arrangement.

Preceding the entrance of the wedding party, Mrs. E. L. Angus sang "Oh, Promise Me" accompanied at the piano by Tate Fry of Canyon. Miss Maurine Byers of Hereford played the violin obligato. Mr. Fry and Miss Byers played Mendelssohn's wedding march as the bridal party entered and the bridal chorus from "Lohengrin" as the recessional. "Humoresque" was played very softly during the ceremony. Mrs. Angus wore a gown of green georgette with a green and yellow corsage and hat to harmonize. Miss Byers wore a lavender georgette gown trimmed in lace with hat and corsage to match.

### Bride's Attendants Enter

Mrs. L. G. Stewart of Wichita Falls, sister of the bride, was the first of the party to enter. She was gowned in yellow georgette with picture hat to match

Two little flower girls, Margaret Stewart of Wichita Falls, niece of the bride, and Frances Ruth Garrett, daughter of Mr. and Mrs. Robert Garrett, of Floydada, preceded the bride and scattered rose petals from tiny baskets tied with pink maline, in the path of the bride. Margaret wore a frock of pink taffeta and silk net and Frances Ruth wore a frock of the same style in blue taffeta and silk net.

The bride entered with her father by whom she was given in marriage, the bridegroom and his best man, Mr. Ed Bishop, entered from the side door and waiting them at the altar.

The bride wore a delicate pink georgette model trimmed in handmade lace with an accordion pleated skirt. Her hat was of pink transparent braid trimmed in rhinestones. She wore slippers of pink satin and carried a shower bouquet of orchids and valley lillies.

### Reception Held At Home

A reception was held at the home of Mr. and Mrs. Cannaday immediately after the ceremony, pastel tinted flowers being arranged about the rooms. The dining table was covered with a beautiful hand embroidered cloth. The center was adorned with a two tier wedding cake placed on a reflector surrounded by summer flowers. On top of the cake was placed a miniature bride and groom. From underneath the cake the members of the wedding party drew their fortunes which were written on pink hearts. The cake was cut by the bride. Misses Mary Louise Truitt, of Friona, Katherine Stewart, of Wichita Falls, Gwendolyn Snodgrass and Ruth Jenkins of Floydada served refreshments of brick ice cream with red bell centers and angel food squares to the members of the wedding party, relatives and intimate friends.

On each plate of refreshments were favors of tiny baskets, part of them with handles of valley lillies and part of them with a miniature bride and groom on the handle. The baskets were filled with rice which was showered on the bride and bridegroom as they departed upon their wedding tour to Yellowstone Park, where they plan to spend about twenty days. Mrs. Welborn tossed her bouquet to her attendants and it was caught by Miss Maurine Byers of Hereford who in turn presented it to the bride's mother.

The bride's going away costume was a navy blue printed chiffon with accessories to match.

The bride is a graduate of Floydada High School and a former student of Baylor Belton, later receiving her A. B. degree from Baylor University. Last summer she was a student of Columbia University, New York, and during the past school term was principal of the Petersburg High School.

Mr. Welborn is the son of Mrs. Nora Welborn of Langston, Alabama, having come to Floydada eight years ago to make his home. He has made many friends in Floydada. He is employed at the First National Bank and also at the Post Office. Mr. Welborn is a former student of Texas University and S. M. U.

**ELECTION OF AL SMITH WOULD BE CALAMITY, SAYS J. J. DAY**

A letter from J. J. Day this week, received too late for use in its entirety, tells of his wife's gradual improvement and also says an eczema from which he has been suffering badly for nearly a month, is also responding to treatment and that they will be at home inside of two weeks if they improve as they hope to do.

Interest in the election is warming up in Colorado, he says in the letter, and declares himself of the belief that it would be a calamity on the nation should Al Smith be elected president. No catholic has ever been chosen president of the country because "the spirit of our fathers who fled from Europe to escape the persecution of the Roman Catholics has lived on in the hearts of their children up to now, and should live in the hearts of their children as long as time shall last."

**FIRST CHRISTIAN CHURCH**

F. L. Davis, Minister.  
Last Lord's day was at the State Christian Endeavor Convention. We went expecting to return Saturday, but found the convention so interesting and helpful that we decided to remain for the close. We were sorry to have disappointed possibly some, but feel that the benefits derived, which will help the work here, was sufficient to pay the disappointment many fold.

Services next Lord's day will be as usual. Sunday school will meet at 10 o'clock with Supt. John A. Enoch in charge and morning worship immediately following. The morning subject of the message will be: "The Whole Task of the Church," at night the Endeavor will meet at 7:15 and night worship at 8:15. At this hour we will have the State Endeavor Convention in Miniature. This service will be one of the best we have had in a long time and you will enjoy it very much indeed. Be sure to come. It will interest both old and young.

While we were at the Convention the District Board met and the Minister of the Church, who was vice President was advanced to the position of President of the District. Bro. F. W. O'Malley, who was president, had gone from the District. We also made out the program for the District Convention which meets at the West Amarillo Church on Sept. 4-5. This is one of the youngest churches in the District. At the close of the first year, which was this month, had over 400 members and a good church building started with the basement finished and now being used for all the services of the church. We should attend this convention to receive and give encouragement. Let's all arrange to attend.

Let's all remember that "it won't be long now" until our Union Revival starts here in town. Are we ready for it? It starts July 15 and we should all determine to make this the greatest meeting ever held in Floydada. We can do it, the Lord is willing to give the greatest results, are we willing to work for that? Are we arranging to attend each service and help by prayers, personal work, and in any way we can. All together and let's put Floydada on the map religiously this year.

**NAZARENE MEETING STILL IN PROGRESS.**

Revival services of the Nazarene Church are still in progress at the City Park Tabernacle. The meeting is now in the second week. Services are held twice daily, morning at 10:30, night at 8:30.

Rev. N. E. Tyler, of Rogers, Texas, is the evangelist in charge. He has had twenty four years experience in this work and is a very earnest, practical preacher. He is a fearless exponent of the doctrines in which he believes but he is not radical nor extreme.

Brother Tyler's evangelistic party consists of Rev. J. G. Atkinson and wife; Misses Bettie Ellis and Hattie Bigham. Brother Atkinson is song leader, Miss Bigham pianist. Special music is a feature of every service. The duets of Miss Bigham and Miss Ellis are very inspiring.

The congregations have been few in number, but the attention has been of the best and the spirit of the services has been very gratifying to those in charge. Only a few professions have

been received at this writing.  
Services for Sunday, June 23, will be held at 11:00 a. m., 3:30 p. m. and 8:30. The revival will probably close with the Sunday night service.

**"It Pays to Pay Up"**

Have you who have charge accounts in Floydada given a thought as to how the Retail Merchants Association gets a line up on your paying record, well it gets it through the merchants whom you buy from or the Bank whom you borrow from. So do not wonder why you are not extended credit at some stores or your check is not taken.

**WHY MERCHANTS ARE GLAD TO EXTEND YOU CREDIT**

Here's the why of it all: The Retail Merchants Association office has your paying record in their files. You may be rated good any line of credit, good but slow, slow undesirable. Why not let it read: Prompt Pay. Nothing is further from the truth than the opinion that the Association is a price fixing organization. The retail Merchants Association is solely a bureau of information.

You should co-operate with your merchants in assisting him to lower the cost of living by settling your account promptly. You should value your credit rating too highly to allow it to depreciate.

You make your credit rating, not the merchants. You may not own a home but you can have A-1 credit rating, its a legal tender anywhere you may go. Do not allow it to depreciate.

**Questions On Health With The Answers**

(From State Department of Health)

**Vaccination Against Typhoid Fever**

1. How often should one be vaccinated against typhoid fever? We lost a young aunt last Summer from typhoid fever. She had been vaccinated once, I think, about 5 years ago and we thought that was enough. How far apart should vaccination be? (Kate Von S. Vernon.)

1. Vaccination against typhoid fever should be renewed every 2 or 3 years to be reasonably sure that the disease may be prevented. Public Health Officials are helping materially in reducing this fever, through the protection of water supplies, in the supervision of foodstuffs and in prompt care of the cases that do occur.

**Does Sunshine Kill All Germs**

2. Please advise me as to whether sunshine will kill all kinds of germs when exposed to the sun. Thanking you in advance for this information, I am, yours truly, (Woodrow W. Hart, Sinton.)

2. The sun is a powerful agent in destroying practically all of the germs that cause disease and in most instances an hours exposure to direct rays will destroy them.

**What About Liver**

3. Is it a good idea to eat liver, even if you haven't any seeming tendency toward anemia? Would having liver largely on the diet list forestall this trouble? (Mrs. Jane Y., Gatesville.)

3. Authorities have announced that while liver has great value in the treatment of pernicious anemia, it has no particular value in the diet of a healthy person. So great is the enthusiasm for new dietary suggestions that liver is quite a fad, and those who really need it have to pay an excess rate because of its scarcity. Liver may no longer be called "the poor man's beef steak."

**Undernourished Children**

4. Will you please tell me what would prove a good tonic to give undernourished children. My two little ones are so frail in spite of all my attempts to build them up. (Mrs. Martin, Cuero.)

4. There are children who do not seem to respond as they should to even the best of care. They may have gotten a wrong start that is difficult to overcome. It has been found in some such cases that a "Health Cocktail" made of cod liver oil and orange juice is both palatable and beneficial.

**ELECTRICAL DEVELOPMENT OF AMERICA HAS ONLY STARTED**

"On one thing I am more positive than I was even forty years ago—the electrical development of America has only well begun," writes Thomas A. Edison, in a foreword to a recently published book, "Aladdin U. S. A." by Ernest Greenwood (Harper and Brothers, New York).

He also declares that "great days are ahead of this nation and the world, and electricity will have a great part to play, granted only that it can be unfettered, with full opportunity for the largest possible individual initiative and energy."

Mr. Edison appears in a reminiscent, as well as a prophetic mood. Telling of the opening of his old Pearl street station in New York on September 4, 1882, the first electric central station in the world, he relates:

"The reporter from the Evening Sun, who came to interview me at the station was an alert and agreeable man, with an average degree of skepticism. It was obvious that the little station with its 'thirty balloon-shaped globes, ranged at intervals on either side of the room' and glowing 'with incandescant horses,' seemed hardly more than an amusing toy to him. He could not conceive that it meant the end of the candle and oil lamp and gas lamp, the end of the horse and carriage, the end of one epoch in civilized life and the beginning of another.

"Some of us saw farther than he did, but even our imaginations fell short of visualizing all the changes that began that night. Many minds, working together, produce progress that outruns the imagination of even the most courageous.

"That was forty-five years ago. Only Well Begun

"I was a young man then. I am an old man now. I have lived to see the street car, the elevator, the electrical railroad, the automobile, the phonograph, the motion picture, the radio, the airplane, and the beginning of television. It seems today to many as it seemed to most men and women in 1882 that no great forward steps remain to be taken which are comparable to those that have been taken.

"It may be that the next forty years will not produce inventions of such revolutionary character. Progress has been so rapid that we may require a breathing spell in which to consolidate our gains and develop present inventions to their full capacity. But of one thing I am more positive than I was forty years ago—the electrical development of America has only well begun.

"So long as there remains a single task being done by men and women which electricity could do as well, so long will development be incomplete. What this development will mean in comfort, in leisure, and in opportunity for the larger life of the spirit we have only begun to realize. Great days are ahead of this nation and the world. And electricity will have a great part to play, granted only that it can be unfettered, with full opportunity for the largest possible individual initiative and energy.

"I look back with happiness to the eventful afternoon forty-five years ago. What will be happening in electricity forty-five years from this evening? I wish I might be here to see."

A "speech department" has been inaugurated in the Pontiac (Mich.) High School. It offers six courses for which credit is allowed by the State Colleges and universities. The department publishes a semiannual, maintains a little theatre of its own, and has a costume library of more than 300 costumes. Funds for support of the department are obtained from the presentation of plays and receipts from the costume library.—School Life.

ORDINANCE OF THE CITY OF FLOYDADA, TEXAS. DETERMINING THE NECESSITY OF LEVYING AN ASSESSMENT AGAINST THE PROPERTY AND THE OWNERS THEREOF ABUTTING UPON A PORTION OF MAIN STREET AND ALLEYS IN BLOCKS NOS. 71, 83, AND 84 ORIGINAL TOWNSITE OF FLOYDADA IN THE CITY OF FLOYDADA, FOR A PART OF THE COST OF IMPROVING SAID STREETS, AND FIXING A TIME FOR A HEARING OF THE OWNERS OR AGENTS OF SAID OWNERS OF SAID PROPERTY OR OF ANY PERSONS INTERESTED IN SAID IMPROVEMENTS, AS PROVIDED BY CHAPTER 106, TITLE STREET AND ALLEY IMPROVEMENTS, GENERAL AND SPECIAL LAWS OF TEXAS PASSED BY THE FORTIETH LEGISLATURE AT THE FIRST CALLED SESSION MAY 9TH TO JUNE 7TH 1927 AND THE ORDINANCE OF THE CITY OF FLOYDADA, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE OF SAID HEARING AND EXAMINING AND APPROVE THE STATEMENT OR REPORT OF THE CITY ENGINEER, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY OF FLOYDADA: That, whereas, the City Council of the City of Floydada, Texas, has heretofore by ordinance duly passed and approved ordered the improvement of the following streets, to-wit:

Main Street, from the South line of Kentucky Street to the North line of Jeffie Avenue.

Alleys in Blocks Nos. 71, 83 and 84 of original townsite of Floydada.

AND WHEREAS: Plans and specifications for the improvement of said streets have been duly prepared and approved as required by Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session May 9th to June 7th, 1927, and the Ordinance of the City of Floydada; and

WHEREAS, as required by the said ordinance and Statutes, after advertising for bids, the said work of improving said street and alleys between the points above named has been let to the L. H. Lacy Co. to improve with a six (6) inch reinforced concrete paving, including excavating, grading and filling and concrete curbs and gutters and other necessary work in connection therewith, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Floydada and L. H. Lacy Company on the 28th day of May, A. D. 1928, for the construction of said improvements;

WHEREAS, the said L. H. Lacy Company has duly given bond for the performance of said work, and the City Engineer of Floydada has, in accordance with the ordinance and statutes, filed his report with the City Council as to the cost of said improvements and as to all other matters required by ordinance and statute;

Now, Therefore, BE IT ORDAINED BY THE CITY OF FLOYDADA: that the report or statement of the City Engineer filed with the City Council, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved.

BE IT FURTHER ORDAINED, that the City Council does hereby determine to assess the entire cost of curbs, and nine-tenths of the total cost of all other improvements, against the owners of the property abutting thereon, and against their property, in accordance with the provisions of Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session May 9th to June 7th, 1927, and the Ordinance of the City of Floydada. That the said assessment shall be made after the notice to such property owners and all interested persons and the hearing mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners and their property shall be in accordance with the Front Foot Rule or Plan in the proportion that the frontage of the property of each owner bears to the whole frontage of the property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances, the City Council shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said portion of said street, having in view the enhanced value of that property and the benefits derived from such improvements, and the burdens imposed upon them by such assessments, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable as follows:

One tenth payable within sixty days after completion and acceptance of the work by the City of Floydada, Texas; one tenth payable one year after said date; one tenth payable two years after said date; one tenth payable three years after said date; one tenth payable four years after said date; one tenth payable five years after said date; one tenth payable six years after said date; one tenth payable seven years after said date; one tenth payable eight years after said date; one tenth payable nine years after said date, together with interest from said date at the rate of eight (8) per cent per annum, and reasonable attorney's fees and all costs of collection in case of default. That the total proportionate part of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, which said sum does not and shall not in any event exceed nine-tenths of the total cost of said improvements, except curbs, is as follows:

Gound-Surginer Wedding Announced At Party.

Announcing the approaching marriage of Miss Wilma Gound, Weslaco, and Leslie Surginer, Floydada, a bridge party was given by the bride's mother, Mrs. C. Gound at her home in Weslaco, May 19.

Leslie is a son of Mr. and Mrs. J. C. Surginer, Floydada, and is assistant cashier at the Floyd County National Bank. He graduated from Texas University this year with the Bachelor of Science degree in Electrical Engineering.

Miss Gound is the niece of Mrs. F. A. Montague and has visited in Floydada frequently.

The following clipping was taken from the Weslaco News:

One of the most attractive affairs of the social activities of the past week was the announcement of the approaching marriage of Miss Wilma Gound, daughter of Mr. and Mrs. C. W. Gound, teacher in the public school and accomplished musician, to Mr. Leslie Surginer of Floydada who graduated this year from Texas University. Mrs. C. W. Gound and Miss Thelma Gound entertained with four tables of bridge the announcement coming as a surprise with the cards hidden beneath plate favors of pink Columbia roses. The following toast to the bride-to-be was given by Mrs. W. H. Baxter Sr: "Here's to the little bride-to-be Winsome, happy and care free

Our love and good wishes are given her to-day And all are sorry she's going away.

In these wishes there's plenty of room To give some to the happy to-be-groom.

To Leslie and Wilma: may their life together

In all kinds of weather Prove both true and strong.

As they travel along May riches galore

Find a way to their door.

And as they grow old

May the rare story be told Of a couple who loved to life's end.

This my dear

Is the wish of each friend here.

A color scheme of pink and pale green was carried out in all the decorations, which consisted of ferns and pink Columbia and Radiance roses, in the Colonial bride tally cards, in the score prizes, and in the refreshments consisting of punch, pale angel food cake with pink border, and a special order of brick ice cream in the chosen colors.

Miss Mary Heller won high score and was presented with a green boudoir pillow; low score was held by Miss Della Crowley who received a green handkerchief. Table prizes of Dresden china wall vases were won by Misses Mary Lou Anderson, Elizabeth Forbes, Gladys Gibson and Mrs. Jake Holcomb.

LOANS, LOWEST RATE, LEAST EXPENSE

We are the first company to offer monthly payment loans at Floydada to build and re-finance homes and business property.

The borrower buys no stock to be charged against the loan. He is not bound by an unknown constitution and by-laws of a foreign corporation, whose business may have to be settled by the federal courts in a receivership, and losses charged against borrowers as stockholders.

We make a \$1,000 to \$5,000 loan at \$12.50 per month, principal and interest, on each \$1,000 per month for 114 months. This is cheaper than \$12.50 per month for 120 months by \$75 on each \$1,000 borrowed. Our 88-month loan at \$15 is \$38 cheaper on each \$1,000 than at \$16 per \$1,000 per month.

We charge no brokerage; small expense. We deliver the loan check when the completed abstract is delivered to us. City loans payable at any time without bonus or penalty.

Farm, and Farm Improvement Loans

The First Trust Joint Stock Land Bank always has the money at 6% interest, payable once a year on December 1.

6 3/4% pays principal and interest. Also, we loan to make farm and ranch improvements at 7% interest.

On July 1 we shall begin the writing of fire and other insurance.

## Rev. Davis Tells Of State C. E. Meeting

Miss Ruth Enoch District Winner in Sharpshooting Contest, Church Gets Enrollment Banner.

"Of all the services of the Thirtieth State Christian Endeavor Convention held in Amarillo June 13 to 17 the most impressive to me was the closing of the meetings each night by Rev. Paul Brown of California" said Rev. F. L. Davis who was in attendance. "All of the lights were turned out with the exception of one candle left burning on the pulpit by which Rev. Brown stood and conducted a song service of old familiar hymns and accompanied with his banjo. Back in the choir loft was

the Christian Endeavor emblem highly illuminated. After the singing of the songs the entire assembly repeated the last twenty-five words of the Christian Endeavor pledge.

"The delegation from the Christian church received the State banner for sending in their full enrollment first. Miss Ruth Enoch was a district winner in the sharpshooting contest, which was the finding and reading of a given number of Bible references the quickest.

"Two of the outstanding speakers of the convention were E. P. Gates, of Boston, general secretary of the United Christian Endeavor Society and Clifton Sherwood, of New York, who made a splendid address on "Christian Citizenship." The singing each day of the program by Alva and Mrs. Hargis, of Fort Worth was greatly enjoyed.

Those in attendance from Floydada

were: Rev. and Mrs. F. L. Davis, Mr. and Mrs. E. C. Nelson, Misses Ruth Enoch, Blanche Enoch, Daisy Lee Gresham and Gwilym Enoch.

# The Icyball \$87.50

The Icyball is easily prepared to begin its work of keeping your milk, butter, cream, eggs, and all provisions. The Icyball makes its own ice and keeps a dry, low temperature at a cost not to exceed 3c per day. Nothing to wear out, nothing to replace, nothing to get out of order. Your first cost is your last cost. Never wears out.

Ready, Making Its Own Ice

Above picture shows the Icyball at work. The picture at left shows the lady preparing the ice making part of the Icyball. Nothing you can't understand. One ball (called the hot ball) is placed over a stove burner, while another ball connected with it (called the cold ball) is kept submerged in a tub (which comes with it) of cold water. This fire drives the liquid chemical from "hot ball" over into the "cold ball," the hot ball then is dipped for half minute in cold water, then place cold ball inside box, hot ball hanging outside. It begins freezing in 40 minutes and keeps it up 24 hours.

### R. B. Gary Becomes Master Farmer Through Rotation And Diversification Of Crops.

In a requested letter to "Rural Community Progress," R. B. Gary, Floydada, master farmer of Texas in 1927, tells "how it is done:"

"Winning out as a master farmer of Texas, in 1927, made that a great year to me. I am proud of my good neighbors, merchants and good friends that helped me go over the top and also proud of my county (Floyd) which offered me 11 years ago a chance to settle down and make a home now known as Lakeside Farm. I have 320 acres of land of which 200 acres is in cultivation, the other in pasture, the fields are in 100-acre separate fields. I farm one field in row crop and diversify and rotate in farming. I plant maize, kafir, red top cane, higar, corn, peas, millet, cotton, beans. I plant wheat in this other 100-acre field and every two years change these fields.

"I raise young mules for market. Also hogs, chickens and dairy. I believe in keeping the very best of stuff, pure bred if possible. I have just purchased a registered Jersey bull, and the community has co-operated with me and I am serving them.

"The time has come when the farmers must in every way possible live at

home. Sell cream, eggs, chickens, hogs, seeds, vegetables and raise corn and go to mill. Instead of having a pay day once a year have it every week. This not only helps you, but it makes times better and helps everybody.

"I am very interested in orchards. I have a nice size one and have had plenty of fruit every year to run us and some to sell until last year, it was short on account of late freeze.

"My vineyard pays extremely well. If the orchard never bore it is well worth its room and time for the looks it gives a farm with about six varieties.

"We have shrubs, shade trees and lots of flowers, which help to beautify the farm.

"Let's all quit knocking on the farmer and educate ourselves on the farmer and the coming generation to be better farmers. Farming is just what you make it. I am proud that I am a farmer. Why shouldn't I be when I have a gold medal that I was awarded last January."

Illustrating Mr. Gary's words, "I'm proud that I'm a Master Farmer," was a cartoon of a beaming-faced gentleman displaying a large gold medal. Another pleased looking man, stuffing bills

into an umbrella illustrated the remark that "with pay day once a week one could save for a rainy day."

### LANDMARK MAKING WAY FOR MODERN HOME ON MISSOURI

One of the early-day residences in Floydada was torn down this week at the corner of Missouri and Third Streets when moving contractors moved a part and dismantled a part of the Tom P. Steen old residence, which T. P. Guimarin has owned and occupied for the past two years, acquiring it from members of the Steen family.

Two rooms of the six-room house dismantled were built at the site in the late nineties and bought with the lots from J. C. Cooper by Tom P. Steen in 1901. Later the four rooms were added by purchase and construction. A part of the dwelling was built by W. A. Robbins on the site now occupied by the home of Mrs. A. P. McKinnon and acquired by purchase from Mr. Robbins some twenty-five years ago.

A modern residence will take the place of the dismantled building, Stephenson & Thurmon having been given the contract by T. P. Guimarin, the owner, last week.

James Thomas, who is employed with J. E. Stephens in the hotel business in Midland, was at home several days this week.

A hot bath each day keeps you fit every way

Four baths a year—how's that for a standard of cleanliness? A progressive citizen of a provincial village in France recently built a bath house, expecting to sell season tickets for one bath a week to all the villagers.

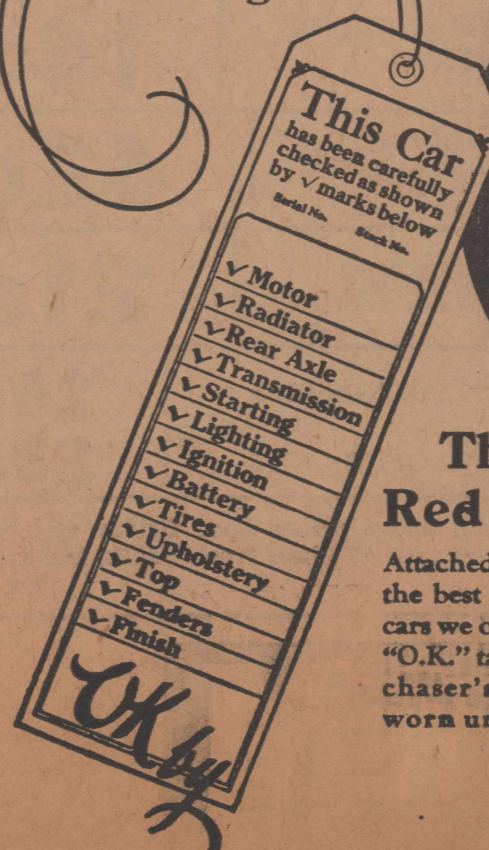

At length the wealthy families agreed to buy season tickets for one bath a month, but soon the novelty wore off and they demanded part of their money back on the ground that one bath in three months was adequate. The bath house was finally pronounced a business failure.

Well, a public bath house probably wouldn't prosper in the average American small town either—but for a very different reason. Here, nearly every home has its own bathing facilities, and even the weekly bath is considered inadequate. The efficiency of gas water heaters is, of course, partly responsible for the luxury of frequent bathing in America. Where there is plenty of hot water on tap, bathing becomes as much a pleasure as a health necessity. A small down payment and the balance monthly with your gas bills brings you the American Gas water heater.

### Estimate Of Cost Made For Democratic Primary

Executive Committee, Unanimous for Majority Primary, Endorses Statutory Pledge on Ballots.

The probable cost of holding the Democratic Primary elections in Floyd County for the current year will be \$1525, the executive committee of the

party estimated in session Monday in the district court room, and assessments were made against the various candidates for the offices to make a total of this amount, after having first voted unanimously for both first and second primaries. This decision was based largely on the ground that this has become the custom in the county after years of precedent and that voters and candidates alike had come to look upon the electorate for the respective offices.

The highest assessment made by the committee was against P. G. Stegall as a candidate for Sheriff and Tax Collector, the highest paid office in the county, assessments being made so far as possible on the basis of "emoluments of the office." The assessment against this candidate was \$100.

Other candidates were assessed as follows: County judge (one candidate) \$50; district clerk (one candidate) \$45; county treasurer, (one candidate) \$45; county clerk, (one candidate) \$80; county attorney, (one candidate) \$50; county superintendent, (one candidate) \$50; county surveyor, (one candidate) \$40; tax assessor (four candidates) \$80 each; county commissioners (13 candidates), \$50 each; Justice of the peace (two candidates), \$10 each; public weigher, (five candidates) \$15 each. There were no applications for places on the ticket for constable in any precinct. Income of the executive committee from district offices is negligible and no income is received from candidates for state offices by the county committee. Notice of the amounts assessed is to be sent to each county or precinct candidate by the county chairman and remittance must be made for the amount required before the primary sub-committee meets the second Monday in July.

In making up their estimates the committee was between two problems; on the one side of providing sufficient remuneration for the hard work done by election holders to partially repay them for their work and time from their businesses; on the other of not making the demand on the candidates so great as to prove too burdensome. In some precincts the job of holding the primaries is not such a hard task, while in others it presents a job for even the most expert clerical workers to complete within a day and part of a night. \$5 per person was the basis assumed for election holders in each election and \$2 to the person making the return outside of the two Floydada precincts, where no allowance was made for expense of making return of the ballot boxes and materials. Ten precincts in the county this year are entitled to the "double" set of election officials, and nine single sets of officials will be used.

Members of the county committee present at Monday's sessions were Judge J. N. Stalbird, county chairman; L. G. Mathews, Precinct One; N. E. Waller, precinct Five; Bert Bobbitt, Precinct Eight; R. M. Haverty, Precinct Nine; G. W. Tibbets, Precinct Ten; R. H. Conway, Precinct Fifteen; J. W. Taylor, Precinct Seventeen; E. Guthrie, Precinct Eighteen; Homer Steen, Precinct Nineteen; Bert Bobbitt, who was on a jury of view did not attend all the sessions of the committee.

A unanimous vote was taken endorsing a resolution passed by the State Executive Committee, as follows: "Resolved, that all white Democrats who are qualified voters under the constitution and laws of Texas and who subscribe to the statutory pledge provided in Article 3110, Revised Civil Statutes of Texas, and none other, be allowed to participate in the primary elections to be held July 28, 1928, and August 25, 1928."

County and precinct candidates whose names will appear on the ticket are:

For county judge, Wm. McGehee; for sheriff and tax collector, P. G. Stegall; for county attorney, Robt. A. Sone; for county clerk, Tom W. Deen; for county treasurer, Maud Merrick; for county superintendent, Price Scott; for county surveyor, Geo. A. Linder; for district clerk, T. P. Gujmarin; for tax assessor, O. B. Olson, J. W. Pitts, J. Fae Moore, C. M. Meredith; for commissioner precinct one, T. T. Hamilton, F. P. Henry, E. W. Henderson, J. L. King, Lee Allmon; for commissioner precinct two, E. H. Rankin, N. T. A. Byars; for commissioner precinct three, M. H. Taylor, Walter Wood, L. H. Randolph; for commissioner precinct four, Geo. L. Fawver, Earl Rainer, W. W. Payne; for justice of the peace, precinct one, J. S. Solomon; for justice of the peace, precinct two, D. C. Lowe; for public weigher, precincts one and four, C. W. Pollan, C. F. Lincoln, R. C. Covington; for public weigher precincts two and three, L. L. Savage, J. M. Floyd.

The name of Judge J. N. Stalbird, at the suggestion and instance of party men and friends will appear on the ticket as a candidate for county chairman.
