THE CONSTITUTIONAL AMENDMENTS.

At the November general election (not the August primary) three constitutional amendments are to be voted upon by the people of the state, one of which should be passed, we feel, without question, while on the other two we are doubtful.

The amendment which we favor on first thought, is that one which would make it possible for a greater number of the old Confederates, and their wives who are indigent, and those who fought in the Indian wars, (protecting the frontiers) to share in the pension fund now being paid out annually. Seven cents on the \$100 valuation is the maximum permitted to be expended for this purpose.

The two amendments which we feel should be studied carefully before they are permitted to become a part of the organic law is one relating to the state educational system and one relating to the exemption for taxation purposes church parsonages and property of associations for religious, educational and physical development.

As we gather from only a hurried study of the educational amendment it would have a tendency to further centralize authority in the educational system of the state. Our idea is that we have already travelled a long way in the business of centralization during the past six years and that, while it might be better for the state's scholastics in the long run to make an additional move in that direction now, on the other hand it is better to digest what we have already done first, seeing how much of it the people are going to put their okey on, when they get the full import of it.

As regards the amendment which would release more property from the general tax, our thought is that it might be well for the property of the associations of various kinds to remain on the tax rolls, since the bill must be paid out of the public pocket anyhow. A precedent of releasing various kinds of property in the state from taxation has already been set and the amendment might with good grace be adopted. On the other hand, there will have to be a stopping place and our idea is the quicker the better.

KEEP YOUR EQUILIBRIUM

The Hesperian has a well-defined belief that the country's best interests would be served by the election of Alfred E. Smith to the presidency, turning the reins of the government over to the Democratic Party. We look upon the attitude of the two standard bearers—Hoover and Smith—on the prohibition question to be very similar, with the difference that the latter expresses himself more freely on the necessity of making changes in the law enforcement act under the constitutional amendment.

However, we do not think that all the neighbors who are going to support Hoover are "nigger lovers" any more than we think that the Smith supporters are "Catholic sympathizers" or drunkards. It might be well for the hotheads to keep this thought in mind, which is that we must continue to live in the same neighborhood with the friends and neighbors that we now have. We don't have to live in the same neighborhood with either of the presidential candidates. Elections have been won and lost before and the country has not gone to the dogs yet. Be yourself, have your

convictions, vote them, but don't fall out with your neighbors with whom you will have to live and labor after November 6 just the same as if there had been no election.

NOT EVEN A FIST FIGHT

Twenty thousand people from a dozen, possibly a score, of plains and panhandle towns and counties had a big time at the Smith Memorial Park Wednesday and Thursday of last week, on the occasion of the West Texas Old Settlers' Reunion. Everybody had a good time, all declare, and from all reports the officers who attended as guardians of the peace and dignity of the state might as well have spent their time fishing somewhere, so far as the demand for their services was concerned. Not even a fist-fight occurred during the entire two days, there was little or no drinking, but just plenty of good, wholesome fun and plenty of happy reunions for the early-day settlers.

Twenty-thousand people in a jam such as that and not a ripple of brawling or untoward conduct speaks rather well indeed for the old-timers and their friends.

MUST MEET COMPETITION

Despite the somewhat discouraging outlook on the possibilities of carrying out the paving program for which The Hesperian has so persistently contended as the next big step toward the development of a real business and residential center at Floydada, we still believe the major portions of this program can and will be carried out, because we believe the logic of the thing is too evident to be much longer ignored.

Floydada must meet competition in civic appearance to keep its step in the ranks of plains cities and towns. We have no personal axe to grind, no personal feeling in the matter. It is pure-think it is business to do the job and lay business or it is purely bunk. We do it up brown.

PAVING THE GAPS

While every county that fails to get an appropriation from the State Highway Commission is inclined to criticize that body, and some of the criticisms may be merited, those who travel the State Highways are forced to commend the present policy of the commission in giving first attention to the closing of gaps in the highways already built. Like a chain, a highway is no better than its worst link.—Will H. Mayes in "Texas and Texans."

BUILDING AND LOAN COMPANIES

Texas has many strong, substantial building and loan associations, in which thousands of Texans are financially interested. These associations have collected vast sums from the people in the form of stocks and bonds and in turn have loaned these funds where they have done great good in the building up of the State. The building and loan companies have become hardly second to the banks in the volume of their financial transactions and in the number of people who have invested in and been aided by them.

These companies are under the supervision of the State Department of Banking and need just as close inspection as the banks. This department has been unable to give this supervision because of lack of funds with which to pay examiners. It is to the credit of the association that they now propose to cooperate in assessing themselves to raise a fund to finance their examinations. This will result in greater confidence and in the elimination of any associations whose practices may be irregular and whose management may be lax. Investors and borrowers alike need this protection and will welcome it.—Will H. Mayes in "Texas and Texans."

Mr. and Mrs. Lon M. Davis and son returned Saturday from a ten days vacation trip to Las Vegas and the mountains of New Mexico. They were accompanied by Mr. and Mrs. Bill Black and children of Canyon.

'Round The Square

By Old Battleaxe

And five days later, when the patient awoke in the Smith and Smith Sanitarium, he was told that it all happened when he sang "It ain't gonna rain no more" on the streets of Floydada.

Yes, the poor fellow had a single track mind—and it jumped the track.

The speed limit in Floydada is 20 miles per hour. If a car traveling half that fast ever leaves the paving, there is sure going to be a bust-up somewhere. Now, people, we don't get any kick out of knocking our streets, but they are in terrible shape. We know it is not good advertisement for the town, but it is a fact that we can't get around. We have honestly got some of the "cussin'est streets" we have ever seen.

And still there are people who declare "Now I ain't going to pave—it just costs too much."

Last week O. B. overheard a woman make the above remark to a crowd of folks—and the fact is, she did not have the least idea how much money it would cost, or how it compared to the relative cost of paving. This woman was honest in her belief, but she was not definite. She was probably doing more harm than a dozen hard working men could counter-balance in a week. Our sentiments are "Get wise folks, before you go to cussin' things."

One fellow round the square said that the tongue of a woman is her sword—and she never lets it rust.

The height of O. B.'s ambition is to lay the corner stone of the Q. A. & P.'s new round house.

By heck, there's only one thing worse than being old and bent, that is being young and broke.

You know, it seems that some of the Floydada men are born kickers while others seem to kick on the theory that the wheel that does the most squeaking gets the most grease.

But not so with this paving problem. The city and paving company have done all of the greasing that they are going to do. It is up to the property holders—or there won't be any paving.

The fellow who thinks he knows it all, still has something to learn—what others think of him.

Rough streets are as hard on dispositions as they are on tires.

O. B. Complained to his doctor that he snored so loud that he woke himself up. "That's easy," Doc said, "Try sleeping in the next room."

Spending Thousands On New Ginning Equipment

Gins of Floyd County have begun to make their annual inspections preparatory to the fall run of cotton ginning, among these being the Haynes Gin Company of Floydada, which is spending several thousand dollars in the purchase and installation of new machinery and burr extracting equipment.

A. V. Haynes, manager of the company, who is supervising the installation of the new machinery, expressed the belief Saturday that the new equipment would be one of the best ginning and cleaning establishments in the county. New gins, new burr-out machines, new feeders and a new Cameron automatic packer make up the major-items for which an expenditure of \$11,000 is being made.

Keep Out of The "DUMPS"

People who wouldn't think of going to any but a good, reputable dealer for food, clothing, or furniture, patronize the worst kind of "dumps" when it comes time to buy a tire.

They do this thinking it is necessary in order to get a tire bargain.

THE STATE OF TEXAS

To The Sheriff or any constable of Floyd County.—GREETING:

YOU ARE HEREBY COMMANDED

That you summon, by making Publication of this Citation in some newspaper published in the County of Floyd, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published once each week for four consecutive weeks previous to the return day hereof Geo. F. Stevenson, W. V. Thornton, H. L. Borders, C. L. Young, Horace Thomas, the heirs of Geo. F. Stevenson, the heirs of W. V. Thornton, the heirs of H. L. Borders, the heirs of C. L. Young, and the heirs of Horace Thomas, whose residences are unknown, and the names of the several heirs of the several parties above mentioned being unknown, to be and appear before the Honorable District Court at the next regular term thereof, to be holden in the County of Floyd, State of Texas, at the Court House thereof, in Floydada, Texas, on the 24th. day of September, A. D. 1928, then and there to answer the petition filed in said court on the 21st day of August, A. D. 1928, in a suit numbered on the docket of said court, No. 2097, wherein J. C. Dial and his wife, Lula M. Dial, are plaintiffs, and Geo. F. Stevenson, the heirs of Geo. F. Stevenson, W. V. Thornton, the heirs of W. V. Thornton, H. L. Borders, the heirs of H. L. Borders, C. L. Young, the heirs of C. L. Young, Horace Thomas, the heirs of Horace Thomas, and Mrs. E. E. Patric, a widow, are defendants.

The nature of plaintiffs' demand being as follows, to-wit: A suit in trespass to try title to recover the title and possession of a certain tract of land situated in Floyd County, Texas, described as follows, to-wit: Fifty acres of land out of and a part of the D. F. Davis Homestead Donation Survey, patented to R. E. Davis as assignee of the said D. F. Davis by Patent No. 492, Vol. 27, more fully described by metes and bounds as follows, to-wit: BEGINNING at the Northwest corner of the said D. F. Davis survey for the Northwest corner of this tract; Thence South 712.5 varas for the Southwest corner of this tract; Thence East 475 varas for the Southeast corner of this tract; Thence North 475 varas; Thence West 237½ varas; Thence North 237½ varas; Thence West 237½ varas to the place of beginning. Plaintiffs claiming title as follows:

Patent No. 492, Vol. 27 from the State to R. E. Davis.

Deed from R. E. Davis and wife to Geo. F. Stevenson, dated February 24th. 1896. Geo. F. Stevenson and wife to W. V. Thornton, dated March 15th. 1897. Deed from W. V. Thornton and wife to H. L. Borders, dated July 23rd. 1900. Deed from H. L. Borders and wife to Mrs. E. E. Patric. Deed dated Oct. 21st. 1899, and correction deed dated April 20th. 1916, from Geo. F. Stevenson, the first in which he is joined by his wife, to Mrs. E. E. Patric, who plaintiffs allege is one and the same person as Mrs. E. E. Patric, she having been married at one time to a man by the name of Barre. Deed from Mrs. E. E. Patric joined by her husband, L. T. Patric, to C. L. Young, dated Oct. 9th. 1900. Deed from C. L. Young to Horace Thomas, dated March 28th. 1903. Deed from Horace Thomas and wife to the plaintiff, Lula M. Dial, dated August 1903.

Plaintiffs further set out that the name of the County was omitted through clerical error or oversight from several of the deeds, and that it was intended that the land should have been described and set forth as being in Floyd County, Texas; also, that through an erroneous impression at the time of drawing the deeds, it was thought that this 80 acre survey and the 80 acre survey adjoining on the East was one and the same survey and constituted a 160 acre survey, and the field notes were drawn on the basis of such 160 acre survey, but in fact the land herein sued for was intended to be conveyed; and plaintiffs ask that the cloud be removed from title by reason of such errors; also, the plaintiffs plead the five and ten years statutes of limitation as provided for by law.

HEREIN FAIL NOT, And have you before said court, on the first day of the next term thereof, this White, with your endorsement thereon, showing how you have executed the same.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT, at office in Floydada, Texas, this 21st day of August, A. D., 1928.

T. P. GUIMARIN,
Clerk, District Court, Floyd County, Texas.

NOTICE

My ranch land, located in the north-eastern district of Floyd County and on the Quitaque River, is again POSTED and the road closed by lock and chain. Owing to the fact that my cattle are grazing on this land, we have found travelers and picnickers are a nuisance. The scattering of cans and papers which is endangering the stock as well as causing more flies, and the difficulty of keeping fences in shape, make it necessary to stop the public from entering said land. Hereafter, any person found therein will be prosecuted accordingly. The Flomot road or Quitaque road leads to the tunnels. The River road is private and CLOSED to travel. All business matters handled at headquarters. N. A. Armstrong. 20tc

Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults — White's Cream Vermifuge, which you can get at FLOYDADA DRUG CO.

NERVES Went to Pieces

"I suffered a long time, before I tried Cardui," says Mrs. Lillie Pruitt, 130 "K" St., Anderson, S. C. "I was badly run-down in health. My nerves went to pieces, and I had to go to bed. I got so bad off, I could not bear to have anybody walk across the floor of my room. The least little thing upset me. Sometimes I became hysterical. I had bad pains in my back and sides, and my head and limbs would take spells of aching, which almost set me wild. One day I saw where a woman, who had a trouble like my own, had been relieved by Cardui. I decided at once to try it. It began to help me from the very first. I took Cardui regularly, for several months, and my improvement was so remarkable my family and friends were delighted." Try Cardui for your troubles.

YOUNG MEN ORGANIZE CLASS AT BAPTIST SUNDAY SCHOOL

Young men of the First Baptist Church perfected the organization of the "Boys' Class" last Sunday morning at the regular Sunday School hour. Fifteen boys between the ages of 18 and 25 years, were present Sunday morning, and a drive for more members is being made this week.

Rev. P. D. O'Brian, new pastor of the First Baptist Church, is the new teacher, and took charge last Sunday morning. Joe Breed is president of the class. All young men within the age limit are urged to attend and become members of the class.

METHODIST CHURCH

Ben Hardy, Pastor

A good day last Sunday. Be on hand next Sunday in Sunday School at 9:45, then for church at 11:00 and again at 8:15.

The young people will meet at 7:30 p. m. to reorganize the Senior League. Let me urge them to be there promptly. There are some interesting things in the near future for them.

FIRST CHRISTIAN CHURCH

F. L. Davis, Pastor

The services last Lord's day were interesting and helpful to all present. The attendance of the young married people's class in Sunday School was somewhat larger than usual and very interesting. This is proving to be a very interesting and helpful class and those who attend frequently speak of the helpfulness of the lessons.

Services next Lord's day will be as usual. Sunday School beginning at 10 a. m. with Supt. John A. Enoch in charge. Remember there is a class for each age and a cordial welcome awaiting you and your folks. The morning worship will begin at 11 and the message will be important and interesting, as well as helpful. The Endeavor will meet at 7:15 and the night service will begin at 8:15. We will continue the study of Matthews gospel beginning with chapter 9:27. This study is expository and is proving interesting to those who attend.

Don't forget the prayer service each Wednesday night. They are getting to be more interesting and more largely attended than they were. The vacation season is about over and we hope the folks will get out more regularly after that.

The next event of importance will be the district convention on Sept. 4 and 5 with the West Side church in Amarillo. This is one of the youngest churches in the district, but has a membership of over 400 and is only a little over a year old. We want a goodly number of our folks to attend and to encourage them and to receive inspiration from them. The program is especially strong and interesting. Some of the best talent in the state will be present and participate. Arrange to attend the first and last session and all the intervening ones.

CALLS FARM TAX SYSTEM "ANCIENT AS CANDLE LIGHT"

Present day systems of farm taxations are as "ancient as tallow candle lighting," declares Farm & Fireside editorially. "Moreover, taxes are becoming increasingly unfair to agriculture," it continues.

"In our earlier days the general property levy was about the best that could be devised," says the article. "Wealth was then mostly derived from land or from other forms of visible property. The value of the property was a fair measure of earning power under those conditions.

"This is no longer true. Many people with very high incomes, especially professional and salaried people, need to own very little property. A man may have a salary or professional income of \$10,000 a year with no more visible property than a little office equipment and household furniture in rented quarters. He can spend it all and enjoy as much good from schools and roads and the benefits and protection of stable government as any farmer and yet, in

"Before farmers in states at all industrialized get a square deal in their taxes they will have to compel their

Seeding Time Binder Time

Soon it will be time to sow another wheat crop. Will you use an old Drill, and a Drill too small for your power equipment, or will you save time and money, and equip with a new McCormick-Deering Double-Run Feed tractor drill, in the 16 hole, or 20-hole size? Let us show you the difference in this drill, and the ordinary horse drill, and we can thoroughly convince you of the economy of new seeding machines over the old.

The new improved McCormick-Deering Row Binders are far superior to anything on the market, and you should have one to save what promises to be the best feed crop we have had for years. The Binder is easier to get to for adjustments, makes a better bundle, pulls lighter, and has fewer working parts than the old McCormick and combines all the good features of both the McCormick and the Deering machines. We have them in stock, with and without tongue trucks, and we CARRY THE REPAIR PARTS IN STOCK. DON'T BE DELAYED DURING HARVEST BY HAVING TO WAIT FOR REPAIRS TO BE ORDERED.

PRIMITIVE BAPTIST ASSN. OPENS TONIGHT AT CROSBYTON

The Primitive Baptist Association in this district consists of seven churches. One of these is in New Mexico, at Tulia, Afton, Tahoka, Lakeview, Sudan, Dalhart and Brownfield. The association will be held with Crosbyton church, beginning on Tuesday night, August 23 and continuing until Sunday night.

Estimate of the attendance by local members is from 2000 to 3000 people. There will be a preacher in attendance here from Tenn. In order to accommodate the large crowd that will be here, arrangements have been made to meet at the compress where there will be plenty of room.

Arrangements are being made to take care of the large crowds. While lots of the visitors will camp on the ground there will be others that will need homes during the association, and according to those who have charge of the arrangements, this will be taken care of by the time the association meets.—Crosbyton Review.

Mr. and Mrs. J. S. Hale left Wednesday for Dallas, where Mrs. Hale will enter the Baptist Sanitarium for treatment and examination. If an operation is done their stay in that city will be of two or three weeks duration.

Mrs. H. W. Smart left Saturday for her home at Colorado, Texas, after a visit here with her sister, Miss Virginia Lewis. Mrs. Smart was accompanied home by Miss Nina Lee Rogers, who spent six weeks here as a guest of Miss Lewis.

Do We Appreciate Our Groceryman?

Do we appreciate the service our
local grocerymen give us? We wonder
if we do.

Our grocery stores here in Floyd-
ada are the community supply depots.
Without them our community would
be hopelessly handicapped.

And by reason of the fact that ev-
ery family is a buyer of food supplies,
the groceryman faces problems not
faced by any other class of mer-
chants.

The requirements of his service
are rigid. He must carry complete
stocks. He must sell on an extremely
narrow margin of profit. He must
be courteous and obliging under very
trying circumstances at times.

So, the next time our groceryman
forgets to include that package of
pepper in your order, or the bananas
are not quite ripe enough to suit our
taste, let's remember that our order
is only one of dozens of others, and
that the groceryman—being human
—is prone to an occasional error the
same as the rest of us.

Here in Floydada we are served by an un-
usually fine group of grocery stores. We
should appreciate that fact. Instead of con-
tinual complaints, therefore, let's surprise
our groceryman with an occasional word of
commendation. He needs and is entitled to
it.
