

## DISTRICT BAPTIST ASSN. IN SESSION

Twelfth Annual Session of Organization Closes This Evening.

Sessions will begin this morning at 9:30 o'clock in the twelfth annual meeting of the Floyd County Baptist Association which opened at the local Baptist Church Tuesday night. The meeting will terminate this evening after the city or community has been selected for the sessions next year and other business matters have been completed. R. E. L. Muncy of Muncy is moderator of the Association. Dr. Brooks speaks.

Messengers are present from 25 of the 26 churches affiliated with the association. The Rev. P. D. O'Brien, pastor, and members of the local church have had as their guests over four hundred messengers and visitors representing practically every community and neighboring town within a radius of 60 miles.

Registration records in charge of Mrs. E. L. Angus indicate that visiting church members have been in attendance from Center, Fairview, Mayview, Lakeview, Mt. Blanco, Lone Star, Sunset, Roseland, Antelope, Cedar Hill, McCoy and Aiken in Floyd County proper. Other Baptist congregations represented here in the Tuesday registration were: Cone, Lockney, Matador, Quitaque, Ralls, Silverton, Crosbyton, Roaring Springs, Plainview, Lubbock, South Plains, Northfield, Flomot, Owens, Whiteflat, Evergreen and others.

Dr. S. P. Brooks, president of Baylor University, was among the outstanding men of the denomination who have been in attendance. Dr. Brooks delivered an address before the Association Tuesday morning on Baylor University, its hopes, its accomplishments and its future.

J. J. Kellam, representative, also spoke Tuesday morning on Buckner's Orphans Home at Dallas, maintained by the Baptist denomination.

Both talks were delivered in the auditorium of the new educational unit of the Baptist Church now under construction. Capacity crowds were in attendance throughout the morning sessions Tuesday. Many Floydada residents heard the main morning addresses.

Officers Elected Wednesday

R. E. L. Muncy of Lockney was re-elected moderator of the Association at the business session held Wednesday. Other officers were also re-elected. They were: C. J. McCarty, Lockney, clerk; Mrs. W. B. Jordan, Center community, corresponding secretary and treasurer, and K. F. Keller of Matador, chairman of the executive board. Mrs. Jordan was also named as secretary of the executive board.

Members of the Women's Missionary Union went into executive session Wednesday afternoon at 2 o'clock. At the same hour, the executive session was held.

## Local Pastor Elected Secretary Of District

Rev. F. L. Davis, pastor of the First Christian Church, was elected secretary of the association of Christian churches of the Panhandle district at the close of a convention held Tuesday and Wednesday with the West Amarillo Christian church. Dr. Walter P. Jennings of Lubbock was elected president.

After electing officers and selecting Childress as the meeting place for next year, resolutions were passed scathingly denouncing Al Smith as presidential candidate according to The Amarillo Daily News. About 200 ministers and laymen, delegates from 40 counties in northwest Texas attended the conference.

Mrs. Davis and Mr. and Mrs. Lon Davis also attended the conference and the party is expected home today.

## Floydada Observes Labor Day Informally

Labor Day was observed informally in Floydada. No program was arranged and few business firms closed for the day. The barber shops affiliated with United Labor declared a holiday. Employees and officers of the First National Bank and the Floyd County National Bank were in attendance Monday at the district convention of the Caprock Bankers Association held at Spur.

## TO OPEN DRY GOODS STORE IN DOUGHERTY THIS WEEK

Miss Lottia M. Ellison, and Mrs. Martin Duvall, both of Dougherty, announced this week, the completion of their plans for a dry goods store in Dougherty. Present plans are to have the store open the latter part of this week or the first of next week. Ellison-Duvall Dry Goods, will be the firm name, and the business will be operated in the Ellison brick building, on Austin Place. This will be the first dry goods store to be operated in Dougherty.

## Big Increase In Scholastics At Opening Of Schools Here Monday

After being shut down for three months for the annual vacation period, the wheels of the Floydada Public School machinery were set into action again last Monday morning with a new record set for first day attendance. A total of 875 students were enrolled during the first two days of school at the High School, Andrews Ward and East Ward Schools. The Board of Trustees is now faced with the problem of making further preparations to take care for the large number of students, according to Superintendent W. E. Patty.

Many New Students

Approximately one hundred more students were enrolled the first day of school this year than were enrolled the first month of school last term, figures show. High School enrollment is approximately 300 students, more than sixty of whom are attending the Floydada school this year for the first time. Total enrollment at the Andrews Ward School is near 350 and at the East Ward School, near 225.

Two additional class rooms were occupied at the Andrews Ward this year, leaving only one emergency class room in the entire school system. The East Ward building was filled to more than a capacity Monday morning and it was found necessary to transfer some twenty-five students to the Andrews Ward School, Miss Eddythe Walker, teacher at the Andrews Ward, was transferred to the East Ward School and placed in charge of the primary department. An additional teacher will be added to the Andrews Ward faculty to fill Miss Walker's vacancy.

Informal Opening Exercises

At the opening of the schools Monday morning, informal exercises were held at each of the three city schools, with each school principle in charge. Rev. P. D. O'Brien, pastor of the First Baptist Church, and Rev. A. A. Collins, gave very interesting addresses at the High school exercises. W. H. Scoggins, principal, conducted the exercises and introduced the teachers to the student body. Following the opening exercises, announcements as to the general schedule to be followed, were made.

Probably most important of the High School announcements was the new time schedule worked out. Classes will assemble a few minutes before nine o'clock each morning, and will dismiss at 4 o'clock each afternoon. This will allow an extra thirty minutes for a one o'clock period. Each day at one o'clock the Chapel or activity period will be held in the auditorium of the High School.

Rev. Ben Hardy, gave the opening address at the Andrews Ward School Monday morning. Principle A. D. Cummings conducted the opening exercises and following the opening, the students assembled in their various rooms for class organization.

Mrs. A. H. Thornton, principle of the East Ward School, directed the very informal opening at that school. A large number of parents were present to assist in starting the school term. Following the first exercises, some thirty five parents made preliminary organization of a Parent-Teachers' Association for that school. Officers will be elected this week-end, Mrs. Thornton stated.

Supt. Patty Pleased

"Although we are swamped with new students this year, and are handicapped by a limited faculty, we are getting under way in splendid fashion this week, and expect to have everything working fine soon," Supt. Patty stated this week. "Because of the many difficulties that we will necessarily meet in beginning the school work, it is essential that we have the full co-operation of every patron and student. We are asking that they bear with us until we get things underway," he said.

First day enthusiasm by faculty, parents, and students, indicate a prosperous out-look for the local school system, is the general opinion of the school officials.

## Schedule Worked Out For Football Squad

With practically a complete schedule worked-out for the coming football season and with thirty new huskies working out daily on the gridiron, prospects for another championship Whirlwind eleven are good. Twenty seven gridsters reported for action Monday afternoon, answering the call of Coach T. H. Jones, new P. H. S. athletic director, who is starting his first year as mentor at Floydada High.

"The boys look mighty good to me" is the way Jones expressed himself this week after giving his men their first work-outs. "We can't promise the Floydada fans an undefeated team, but we can promise to run true to form and give every opposing team a real battle" he said. Jim Carter, 1928 Captain of the Whirlwinds, viewed his material for the first time Monday, and this mid-week is of the same opinion of that of Coach Jones. "We believe that we've got the stuff" Carter said.

New Whirlwind blood is the most noticeable thing in this year's line-up. Practically an entire team must be built by the new coach, due to graduation last year of several star players. Local fans believe that, in one sense of the word, this will be an asset to the team, since it will

## Certify County's Primary Nominees

No change was made by the official count Saturday by the Executive Committee of the Democratic party from the unofficial vote published last week, all local races tallying exactly with the figures previously published, and only one of the state race figures being altered whatever.

The committee certified E. W. Henderson as nominee for Commissioner Precinct One, M. H. Taylor for Commissioner Precinct Three, W. W. Payne for Commissioner Precinct Four, and R. C. Covington as weigher Precincts One and Four. The names of these men, along with the names of those nominated in July will go on the general election ballot in November in the Democratic column.

## Featherston Funeral Held Wednesday At 2

Petersburg Citizen, Killed Instantly by Lightning Monday, Was Widely Known.

W. M. Featherston, 46, of Petersburg, was laid to rest in the Cemetery at Petersburg Wednesday afternoon following funeral services held at the First Baptist Church of Petersburg, largely attended by friends and relatives of that and other communities, including Floydada. Rev. W. M. Draper, pastor of the Petersburg Church conducted the funeral, and Masonic Lodges of Floydada, Petersburg, Plainview, and other centers, joined in the burial ceremony.

Mr. Featherston was the victim of a stroke of lightning Monday afternoon, when he was killed instantly as he worked in his field about 4 o'clock. His little son, in the field with his father, and Hardy Heard, at work in an adjoining field, witnessed the death of Mr. Featherston. He was running a disc, and when the lightning struck fell from his seat lifeless. His body was carried to the house and relatives summoned.

Scores of relatives and friends from counties in this section, joined neighbors and friends at Petersburg in the last rites for the deceased.

The deceased is a native of Comanche County, Texas, and has resided in West Texas all his life, and for the past ten years at Petersburg. He leaves a wife and five children.

The children are Woody B. Featherston of Wichita Falls, and Gladys, Charles, Moxley and Billie, at the parental home. All the children were present for the funeral service as were the father, Rev. E. B. Featherston, of Aspermont, and brothers and sisters, and numerous cousins. The brothers are W. S. Featherston of Aspermont, C. H. Featherston of Floydada, Solon Featherston, Wichita Falls; surviving sisters are Mrs. E. D. Ashburn of Abilene, Mrs. J. D. Roberts of Lubbock, Mrs. Mary Gardner of Blanchard, Oklahoma; Mrs. Jim Back of McLean. Cousins of the deceased present for the funeral were H. J. Rucker of Olton, T. W. Rucker of Tulsa, E. Rucker of Childress, H. Rucker of Olton, Mrs. J. T. Rucker of Olton, Mrs. L. H. Cardwell of Chalk, Mrs. L. G. Mathews, E. B. Featherston and Pat Featherston of Floydada; Lou R. Featherston, Petersburg.

Several relatives of Mrs. Will Featherston also attended the funeral. They included four brothers: J. S. Roberts, of Anona, L. W. Roberts of Peacock, J. D. Roberts of Lubbock and T. H. Roberts of Wake; and four cousins, Elmer and Wood Roberts of Thalia, Mrs. Blanche Long of Thalia and D. Roberts of Crovel.

## 3 Members Of Family Of Four Are Teachers

Four members in the family and three of them teaching school in Texas this year—that's the way Floyd County is taking an active part in furthering the cause of education in the Lone State.

E. I. Cambron, the father, local gin man, is now occupying the position of the proverbial "chief cook and bottle washer" while his wife, a son and a daughter are filling faculty positions at various points in the state.

Mrs. Lucy Cambron, the mother and wife, is teaching in the primary department of the school at Colorado. Emmett Cambron is located at Verona, Collin County, and Miss Daphne Cambron is a member of the faculty of El Paso High School. They left Saturday to assume their teaching duties and were accompanied to Colorado by Mr. Cambron, who returned Sunday afternoon.

## J. A. MARTIN IMPROVED

J. A. Martin of Weatherford who has been on a visit here with his sons, J. G. and Claude Martin, is reported slightly improved this Thursday. His condition has been considered serious for the past several days. He is ill with acidosis of the stomach.

# AUTO GAMES MADE FEATURE OF FAIR

## Caravan of Boosters Makes Two-Day Invitation Trip in County.

Boosters for the fifteenth annual Floyd County Fair to be staged in Floydada September 26, 27, 28 and 29, will "tell it to Floyd County" in a two-day tour Monday and Tuesday, September 17 and 18, according to announcements made this week by Ed Bishop, secretary of the Floydada Chamber of Commerce, sponsor of the event.

Visit All Communities

One of the largest and most enthusiastic delegations to leave this city upon a similar occasion is anticipated by those in charge of arrangements for the booster caravan. The trip will be made in cars and the itinerary will include 22 rural schools and five towns in the Floydada trade territory. This year the same plan is being followed as adopted and carried out last year in advertising the fair.

It was found more satisfactory to limit the publicity tour to Floyd County, making the invitation a personal one to all citizens and indicating to them that the fair was and is a county-wide undertaking worthy of the co-operation of every individual.

So far as records show, last year was the first time in Texas that a county fair booster caravan had visited only the rural schools and adjacent towns within the county where the exposition was to be held. Many towns this year have announced that they will use the same system that Floydada has endorsed and will use again this year. Incidentally, Ed Bishop is the originator of the idea of "telling it to the county."

## Has Two-Fold Purpose

The delegation this year will have a two-fold purpose, according to Ben Blacklock, chairman of the attendance committee. To spread the news of the fair is the foremost motive, and the other will be to carry a word of good cheer from Floydada citizens.

The Floydada Municipal Band will accompany the boosters. G. C. Tubbs who has charge of the transportation arrangements has announced that cars will have to be provided for the band boys and has asked the co-operation of citizens in providing the number needed. Mr. Tubbs has asked all persons who will take a car and can accommodate additional passengers to notify him or W. L. Fry and H. P. Watson, other members of his committee, as soon as possible.

"They will render their town and community a valuable service by furnishing conveyance for the band boys" Tubbs stated.

Joe M. Day has been named "traffic manager" of the caravan. Day will use one of the fire sirens to give notice upon entering a town or community of the presence of the trippers.

Special fair advertising will be distributed and talks made at each stop. Center community will be visited first and the tour will terminate at Pleasant Valley on the second day.

## Leave Floydada Monday

The caravan will leave Floydada Monday, September 17, and will swing from Center to Baker, visiting eleven other points enroute. Thirteen stops will be made the first day and fourteen the second day of the trip. The trippers will leave at 8:30 o'clock the first day and at 8 o'clock the second.

Speakers for the first day and the point at which they will make an address follow: Kenneth Bain, Center; A. J. Folley, South Plains; H. P. Watson, Sunset; Glad Snodgrass, Cedar; Homer Steen, Fairview; S. N. Tawwater, Campbell.

O. P. Rutledge, Dougherty; T. S. Stevenson, Antelope; F. P. Henry, McAdoo; W. L. Fry, Mt. Blanco; G. C. Tubbs, Lakeview; Joe M. Day, Pleasant Hill; Lon M. Davis, Baker.

For the second trip Wednesday, September 19, the following will make talks at the communities and towns visited: Blanco, L. G. Mathews; Starkey, R. E. Fry; McCoy, C. H. Davis; Petersburg, P. D. O'Brien; Harmony Roy Snodgrass; Sand Hill, Ben Hardy; Irick, F. L. Davis; Aiken, Robert McGuire; Prairie Chapel, J. C. Gilliam; Providence, Ed Bishop; Lone Star, C. R. Houston; Roseland, J. E. Dick-

## LOCAL CHURCH MEN ATTEND PRESBYTERY AT OLTON

Amarillo Presbytery of the Cumberland Presbyterian Church was held at Olton, Friday, Saturday and Sunday. Several from the local Presbytery Church attended the Young People's services held Sunday afternoon at 8 o'clock. Carder Collins was in charge of the services during the absence of the president, F. W. Gross. Pierce King is vice president of the association.

Among those from here who attended were Mr. and Mrs. B. M. Eubank, Mr. and Mrs. Pierce King, Mr. and Mrs. Alpha King, Miss Helen King, Rev. A. A. Collins, Carder Collins and Russell King.

## Hung Jury In Trial Of Flomot Druggist

One of Alleged Slayers of Lee Stegall Tried at Benjamin Last Week.

W. F. Allen, of Flomot, druggist of the little west Motley County city, who is charged with three other men with the murder of Constable Lee Stegall of Flomot, killed on the night of November 28, 1927, was tried in District Court at Benjamin on charge of venue last week, a hung jury reporting their inability to agree Saturday morning at 10:30, after deliberating thirty-six hours. The jury was dismissed by the trial judge.

The jury was reported in Floydada to have stood eleven to one for conviction. Trial of the Flomot druggist opened Monday morning of last week at Benjamin, and the case was given to the jury Thursday, L. G. Matthews of this city, who was one of the attorneys for the prosecution returning home Friday. G. E. Hamilton of Matador was also a member of the prosecuting staff, assisting the state's attorney, Sheriff P. G. Stegall, of this county, brother of the slain man, returned home Friday from Benjamin after attending the trial.

Harmon Mosley, Adolphus Mosley and Paul Landry, all residents of Flomot, were indicted by the Motley County grand jury along with W. F. Allen, as the alleged murderers of Constable Stegall. Stegall's body lying in the front seat of his touring car was found by the side of a road leading out of Flomot toward his home a short time after he bought some medicine at the Flomot drug store, announcing his intention of going home to bed. Persons who heard shots ran to the scene of the death, and the state, from their testimony constructed a circumstantial story of the deceased being waylaid and killed by the defendants.

The defendants were lodged in the Lubbock County jail for safekeeping until the indictments had been returned by the Motley County grand jury, when they were released on bond. A state ranger is said to have spent two or three weeks in Motley County gathering evidence.

Two of the other men charged in connection with the violent death of Constable Stegall have their cases set for October in Cottle County on venue change and the third has been postponed to the February term of court at Benjamin.

## SISTER OF S. O. ADAMS IS BURIED AT FLORIDA HOME

Mrs. W. H. Metcalf, aged 86, of Pensacola Florida, sister of S. O. Adams, of this city, was buried at Bagdad, Florida Tuesday of last week, according to news received Saturday by Mr. Adams. Mrs. Metcalf died at the home of her daughter, Mrs. M. V. Mitchell, with whom she had been living for some time.

Mrs. Metcalf moved to Santa Rosa County Florida many years ago from her birthplace at Tolberton, Ga. She is survived by her husband, three sons and three daughters. Also by one brother, Mrs. Adams of this city, and one sister, Mrs. G. W. Kenyon, of Dawson, Ga.

A large number of friends and relatives attended the burial rites.

Lockney, Wm. McGehee and Pleasant Valley, Ben Blacklock. Lunch the first day will be taken at Campbell and at Irick the second day.

## New Sport Placed on Calendar For First Time In West Texas.

Thrills of an entirely new variety in the field of modern sports are promised visitors to the Floyd County Fair here this month. The feature attraction of the four-day exposition will be the International Auto Games staged on three afternoons of the fair. Auto polo, auto push ball and football will be played for the first time in West Texas.

Completion of arrangements for the new sport was announced Monday, the contract having been closed with representatives of the International Auto Games Company. The organization comes to Floydada highly recommended by the Kansas State Fair, the Sedalia, Mo., State Fair, the Yuma, Colorado, Fair, and various other places where they have played. The team will arrive in Floydada several days in advance their first appearance and an advertising campaign will be put on, according to W. W. Bowen, manager of the games.

In connection with one of the auto games a football game will be played.

In describing the auto games, Bowen said, "Auto ball is entirely new and intensely interesting, demanding a thrilling skill in auto driving, rarely, if ever, witnessed. If there is such a thing as genius in driving an automobile you will find it displayed in abundance in this game. A game in which the spectators will be spirited away in enthusiasm.

## Furnishes New Thrills

"Nothing of the kind has ever been given that will fascinate and awe every person, young and old, will this automobile ball game furnishes thrills and displays of skill never before witnessed on any field.

"Unlike other sports using this game is void of personal injury, yet the fastness of the forming will demonstrate the amount of mind brought into rapid action.

"This game is bound to become national in its scope, as sure as automobiles will be built, auto ball will be the popular out of door sport and in many ways is found to be more attractive than the American base ball.

"A game chuck full of events in which the cars will be competing for place and position and will resemble several armored cars in operation contending with each other striving to get the ball and send it home to the goal," Mr. Bowen said.

The game is played with two automobiles (especially built for this play), in action at a time with a 4 foot diameter pneumatic ball, with one man in each car. The company (Continued on back page)

## Williams Heads Farm Department C. Of

Appointment has been made of T. Williams as head of the Agricultural Department of the Floydada Chamber of Commerce for the next twelve months. He will devote each afternoon to farm work and will assist farmers in the Floydada territory on any project where services are needed, it was announced.

Mr. Williams is vocational cultural teacher at the high school and will conduct his class during the morning hours, maintaining an office at the Chamber of Commerce headquarters in or near its vicinity.

This month the preparatory exhibits by the rural community will be given special attention by Williams. He began his Monday.

## Mayview Enters Fair Exhibit Competition

Mayview Community is to be represented at the Floyd County Fair with an agricultural exhibit. Preparations for one of the best showings ever made by this community are now being made, according to the report of citizens of the community who signed a contract for exhibit space this week.

This brings the total number of exhibits contracted for by the directors to nine and while room only twelve exhibits has been arranged, more space can be secured necessary. No exhibit from the community will be refused but officials of the fair state that signing early will have the preference of their booths. Several have already entered this week.

John W. Henderson, Loper Grocery Co., Hot Springs, New Mexico will spend two weeks fit of his health.

**TOO MUCH FOR COTTON**

The editor of The Hesperian is not an optimist. It pays us to have things moving along. We can't make any selling advertisements and distributions to people, the corners whose mouths are turned the other way.  
 However, we like to look at things as they are, and the way things go far as the cotton crop is concerned, is that they are too wet. The two weeks have been excellent worm weather. We can't learn of a great deal of boll worm damage, in fact, we can't learn of more than the average number of insects considering the moisture is plentiful. However, there is another danger, the danger of too much sap that will keep the weed growing while the bolls fail to mature as they should. Should the condition continue and frost catch the bolls with a lot of water in them, the late ones might do as they have done in times past—simply turn to black water. Some of this is far fetched, but some of it might not be, and we'd hate mightily for bale-to-the-acre patterns to be cut that will have to be patched up with quarter-bale production. Wet weather is the only agency that can beat Floyd County out of tremendous cotton production this fall. However, it's been all-wet practically all August. It might be wet all of September.

**BRING MORE OPPORTUNITIES**

What the new rail transportation means are meaning to Floyd County is only partially sensed even by the most astute observers, we are one to believe, and what they will mean in further advantages to the county who is on the ground to stay even less foreseen. To a right considerable number of people in any county, new facilities or developments mean only a chance to get out at a profit and move further another boost in values. To the developments and enhanced that are coming will not mean a probable.  
 Other means of transportation light and passengers bring the centers closer to us, with marketing facilities, greater

stabilizing of values; even interest rates and borrowing ability will see a reaction beneficial to the borrower. What the new rail lines will mean in lower building costs is already seen demonstrated in the local paving program.  
 Portions of Floyd County which have had the handicap of long hauls and lower consequent real estate values are now among the best-served sections of the county, a fact from which we all get much gratification.

**10 PER CENT PAVING**

The Hesperian does not know all about all the paving that has been done in the southwest for the past few years, and we can't say what per cent of the jobs are being done in other cities and towns where the property owner is paying all but 10 per cent of the bill—10 per cent of all the project including intersections, and all of the curb and gutter work.  
 However, we can point to one concrete example. Over at Hereford a job is being done where the assessments are being made on a basis similar to the basis first outlined by the City Council of Floydada. We hold no brief for the council here, no more than we hold a brief for the property owners who have contended they were being asked to pay too big a proportion of the assessment on Floydada streets. Our contention has been that regardless of how the bill was distributed out it would be worth more than it cost the city and the property owner. The point is that the local council was not acting without precedent. Much paving, a great deal of it in the southwest, is being done on the "9 to 1" basis. And the Hereford example is just another one.

**THE STATE AT ITS BEST**

In October the national convention of the American Legion will be held in San Antonio, and it is doubtful if the great meeting of the Women's Federated Clubs at San Antonio, or the Democratic National Convention at Houston attracted more favorable attention to the state than will this convention, when thousands of Legionnaires from all over the nation, as well as a number of veterans from other countries, will see Texas.  
 The ex-soldiers will come to Texas by the thousands and many of them will come in tourist style for the outing as well as for the convention. Doubtless, many of them will travel through the panhandle to view this section. Wherever they may travel they should be received with a glad welcome, as suggested by Governor Will Mayes, and be given every opportunity to learn more about this state of which they have had many good reports.  
 While the likelihood is that few, if any, of the tourist-veterans will see Floyd County, being pre-warned on the line on account of the bad road

record the county has, at the same time it would not be amiss for Floyd County people to keep the period in mind and should they have opportunity, make the most of it.

**'Round The Square**

BY OLD BATTLEAXE

School days, good old golden rule days. This week the boys and girls are back with their three R's—reading, 'riting and roadsters.

We wonder if the business men round the square really know how much the schools of this city and county mean to them. What they mean to their business today as well as in the future. We sure ought to appreciate our school folks. They're O. K. M. N. X, as you were.

A business man is always crowded for time. But if every man in Floydada will "take out" for a few minutes some day soon and visit one of the three Floydada schools, his time will be well spent. It's an inspiration to see so many youthful minds at work preparing for later life.

And over in Russia, too, the children are flocking back to their little Red School Houses.

T. H. Jones, new coach of the F. H. S. Whirlwinds has a big job before him this year, and if he is given the proper co-operation from both the spectator and the huskies on the field, he can make a team that this city will point out with pride. Why not try to meet the coach, business men, and tell him that you are backing him?

Old Battleaxe failed to get around to see one of his customers last week, and when approached this week, the customer said that absence makes the heart grow fonder—of absence.

Seems that some people are just overloaded with kind words—especially for O. B. and the bill collectors.

Auto Polo—that's a new one on O. B. They say that it's more thrilling than horse polo—and a lot more dangerous. Guess one of the rules of the game is that you can't sock the ball without turning over. Anyway we will soon find out. Got several games matched for each day of the Floyd County Fair. Don't miss it, folks. September 26 to 29.

"And another thing" slung out the Saliva Slinger at the corner of Baker - Campbell Company's store, "When they pave the roads in Floyd County, everybody will go out of town to trade." Whereat O. B. gave a nice little ha-ha up his sleeve, which made an exit through a worn-out elbow. That same fellow ordered a big supply of goods the day before from a big mail order house.

Someone round the square has advanced the opinion that the letter "e" is the most unfortunate letter in the alphabet, because it is always out of cash and is forever in debt; never out of danger, and in hell all of the time. It has been suggested that O. B. change his name to "E".

To the Plainsman in the Lubbock Journal goes credit for this little poem that might easily be applied to Floyd County, as well:  
 "There is no reason why the folks in Hale Should ride on any better roads than we— Except that they've already voted bonds While we were sleeping sound and merrily. But there's a day a-comin' not far off— When Lubbock folks will have a chance to vote And order some good roads on which to drive And saye their eye-teeth many a weary jolt."

**SORE Could Not Rest**

Mrs. J. H. Nichols, who lives at 513 Elm Tree Lane, Lexington, Ky., says:  
 "Some few years ago, my health was bad. I had very severe pains in my sides. My nerves were in a terrible condition. I could not rest.  
 "The lower part of my body was very sore. I did not feel like eating, and did not sleep well at all at nights.  
 "A friend of mine recommended Cardui. I began taking it and saw quite an improvement in my condition. I kept it up until I felt strong and well."  
 About a year ago, Mrs. Nichols says, she found herself in a nervous, run-down condition. "I took Cardui again," she adds, "and it helped me wonderfully. It is a splendid tonic."  
 Cardui is a mild, medicinal tonic, made from purely vegetable ingredients.

**ISSUE OF SEPT. 10, 1914.**

The report that A. C. Bowers, who formerly lived in this county for many years, but last spring moved to the southern part of Montana, is dead, is unfounded. That he has been very sick for several weeks seems to be true from the best information obtainable. He was injured in a wreck.

A measured acre of maize on the farm of Will I. Allen west of town produced 4470 pounds of heads this season. This was the weight after the feed had dried five days in the field. Mr. Allen measured the acre himself, curious to know just what the weight production might be.

Mrs. Jas. K. Green left last mid-week for Austin for an operation for appendicitis.

Judge Thomas F. Turner is in receipt of a letter from Judge J. R. Paul, of Panhandle, which contains some interesting data for the old settlers. Judge Paul organized the oldest bank in the panhandle at Panhandle City on May 6, 1888. For some time it was the only regularly organized bank in the Panhandle.

**CITATION BY PUBLICATION**

THE STATE OF TEXAS, To the Sheriff or any Constable of Floyd County—GREETING:

**A Great Discovery**

When Pasteur discovered, in 1852, that the infection of wounds was caused by malignant bacteria, he performed a service of inestimable value to mankind. Since then medical science has been producing better and better antiseptics, to kill these germs that may enter the smallest cut and give us diseases such as typhoid, tuberculosis and lockjaw. Now, all you have to do to be sure that these dreadful germs will not infect a wound, is to wash that wound, however small, thoroughly with Liquid Borozone, the modern antiseptic. You can get Liquid Borozone, in a size to fit your needs and purse, from Floydada Drug Co.

to Try Title to recover of and from defendants the following described land and premises to-wit:

Lot No. Ten (10) in Block No. Sixty-two (62) in the town of Floydada (Floyd City) in Floyd County, Texas. Plaintiff by special plea alleges in substance that he claiming said land under a deed duly registered has had peaceable continuous and adverse possession of said land and premises occupying using and enjoying the same, and paying all taxes due thereon according to law for a period of more than five years

after each defendants cause of action had accrued and before filing of this suit; plaintiff further alleges that he has had actual adverse peaceable possession of said land, using and enjoying the same and claiming to have good and perfect title to same for more than ten years after each defendants cause of action had accrued and before the filing of this suit; and plaintiff claims said land under both the five and ten year statutes of limitation, and prays that he have judgement for the title and possession of the same against

defendants with writ of restitution and for damages and costs of suit.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Floydada, Texas, this, the 10th day of August A. D., 1928.

Mr. and Mrs. T. M. Jones, who have been here for two weeks visiting her parents, Mr. and Mrs. S. L. Rushing, left Friday morning for their home at San Antonio. Mr. and Mrs. Rushing accompanied them home and will spend ten days there visiting.

Further entrenching itself in its position as the world's foremost automobile producer, the Chevrolet Motor Company last week reached a new milestone in its manufacturing history. With production and sales continuing at a record September clip, the millionth car of 1928 came off the assembly line at Flint last Tuesday afternoon.

Due to the high September production schedule necessary to meet an unusually heavy fall demand, no formal ceremonies marked the occasion although W. S. Knudsen, president of the Chevrolet Motor Company, L. H. Grant, vice-president in charge of sales, C. F. Barth, vice-president in charge of manufacturing and other Chevrolet officials were present.

The record making car was a coach, one of the most popular models in the line. It was a standard model in every respect. Like hundreds of thousands of Chevrolet coaches it was finished in avenue green Duco, with Tartan wheels, black beading and striping in gold.

After a brief informal ceremony the millionth car passed through the usual channels of distribution and was shipped a few hours after it came off the line to a dealer in the middle west.

**DAUGHTER OF O. B. OLSON RECOVERING FROM ILLNESS**

Miss Mildred Olson of this city, who underwent an appendicitis operation recently at the Baptist Hospital in Abilene, is reported to be improving, although slowly, according to her father, O. B. Olson.

Mr. and Mrs. Olson, accompanied by their son, O. B., Jr., returned last Friday after being called to the bedside of their daughter.

Miss Olson became suddenly ill and her condition was considered serious for a time. Immediately after receiving a message of their daughter's illness, Mr. and Mrs. Olson started to Abilene in their car, arriving there at 4 o'clock Sunday morning.

Miss Olson had been attending the summer session at McMurray College. She had just completed her work when she became ill.

J. V. Daniel left at noon Wednesday for Hughes Springs to spend several days with his parents and other relatives.

Harmony, to report more rain, and also had hail that did considerable damage in the east and southeast part of the community. On the road to Floydada the hail was very bad.

No buildings have been reported damaged so far.

Several from this community started to school in Floydada this week. We are all getting ready for our school which opens next Monday.

Mr. and Mrs. L. A. Williams and family spent from Wednesday until Monday at Childress visiting relatives.

Mrs. E. L. Gary and daughters returned last week from Quitaque where they had been visiting her sister, Mrs. Jim Watson.

Mr. and Mrs. W. C. Parkey and daughters, Thelma and Lena Fae returned Saturday from Russell, Oklahoma, where they visited both their parents for several days. They report it is very hot and dry in Oklahoma.

Floyd Trowbridge of Amarillo came Saturday night to visit his mother, Mrs. Charles Trowbridge. He returned home Sunday with his wife who has visited here for several days.

Truettand Watson, a son-in-law of Mrs. Trowbridge also came Saturday and returned Sunday accompanied by Mrs. Watson.

Mr. and Mrs. Perry Tipton and daughter left Saturday for Anson where they will visit relatives for a few days.

We had a good singing at Carr's Chapel church Sunday evening.

The Carr's Chapel League had their regular program Sunday night.

We are very proud of the extension of our rural route No. 4, which makes a five mile loop in the center of our community. We got our first mail Saturday.

Judge and Mrs. M. L. Long of Abilene, Early Long of Ralls and Miss Dolly Long of Grandbury visited their sister, Mrs. O. M. Twain last week and also a niece, Mrs. Lillie Sulvain of Ralls.

Quite a number of families had a very enjoyable camping out on a big lake on Lakeside Farm. Cooked supper on a big bon fire, had iced tea, lemonade, and a watermelon feast and sat around the fire and told ghost stories.

**Pleasant Hill News**

Pleasant Hill, Sept. 4.—Mr. and Mrs. P. J. Wilkes left Friday for Gainesville where they will visit friends and relatives.

Quite a few of the boys and girls from this community are going to school at Floydada. They are: Rande Blankenship, Floyd Wilkes, Clyde Day, Ogie Evers, Winnie Ray Shelton, Elizabeth and Abbie Lee Woolsey and Juanita Hart.

Mrs. C. D. Hart and children spent Friday night with Mr. and Mrs. Wash Hart of Baker.

Mrs. J. R. Evers and children spent Sunday with Mrs. Dan Day.

Mrs. T. S. Towery spent Tuesday night with Mrs. S. L. West.

School starts Monday, Mr. Smalley and Miss Laura Mays are the teachers.

**SANTA FE AGENT AND BRIDE ON HONEYMOON IN WEST**

J. B. Barkhurst, agent for the Santa Fe Railway Company at Floydada, and his bride, who was formerly Mrs. Melvia Jay, are spending their honeymoon on an extended trip through the west, following a visit to his former home at Ringwood, Okla.

Mr. and Mrs. Barkhurst were married in Plainview on August 20, and left immediately to be absent from home sixty to ninety days.

During Mr. Barkhurst's absence his place as agent is being filled by D. D. Boler, of Littlefield.

**ROUTE THREE EXTENSION ORDERED EAST OF CAMPBELL**

An extension of Route Three out of Floydada has been ordered by the Post Office Department, Postmaster J. D. Starks having received notice that the additional mileage on the route would be effective on September 16.

The extension ordered is east of Campbell. It totals six miles and will serve twenty-two additional families. Wm. Salisbury is carrier on the route and his total mileage will be increased to 54.

**SEVENTEEN ENROLLED IN KINDERGARTEN SCHOOL**

Of the youngsters enrolled, seven were first graders and ten in kindergarten department.

**H. G. MOORE HOME**

Horace Grady Moore, son of Mr. and Mrs. Roman S. Moore, of this city, returned home the latter part of last week from New York City, where he studied English and Oratory in the summer school of Columbia University.

The trip, as well as the time in school, was invaluable to him, he said, in that it gave him an opportunity to visit many of the scenes of particular current and historic interest in the east.

Mrs. Mulkey Ezell and three children of Bovina, came last Sunday and spent several days here visiting her sister, Mrs. Joe A. Montgomery. She went from here to Petersburg, where she is visiting another sister, Mrs. Clarence Gamble.

Garner Surginer who has been employed with the South Plains Lumber Company at Quitaque arrived Monday to spend a few days here with Mr. and Mrs. C. Surginer. He will leave the first of next week to resume his studies at the University of Texas.

**And Plover In Texas**

Local Hunters' Activities Somewhat Hampered by Inclement Weather

Inclement weather has prevented activities to a certain extent but several parties of local hunters have been taking advantage of the open season on plovers and doves. Several sport lovers report that the game is plentiful this year.

The open season on doves and plover opened September 1 and will close October 31. The bag limit on doves is fifteen in any one day and not more than 45 in one week, according to the Texas game laws.

Monday, September 10, will mark the closing of the prairie chicken open season period. There is a closed season on these birds in the counties of Collingsworth, Donley and Gray until September 1, 1929.

The season opens for duck and goose shooting on October 16 and will close January 31.

A license is required, according to the state law, for every non-resident hunter, and for a resident hunting outside of his home county, and must be carried at all times when hunting. The Federal law forbids the hunting of migratory birds between sunset and one-half hour before sunrise; the State law forbids all hunting between one-half hour after sundown and one-half hour before sunrise.

**TRENDS IN DAIRYING**

States relatively unimportant in the field of dairy product manufacturing increased their importance in 1927 as compared with the previous year, according to statistics compiled by the United States Department of Agriculture. The important dairy States of Minnesota and Wisconsin did not increase their production in 1927. The total amount of creamery butter manufactured in the year was 1,496,495,000 pounds, an increase of about 45,000,000 pounds over 1926. Iowa achieved a substantial increase. "In general," says the Bureau of Agricultural Economics, "increases are reported in the less important butter-producing States, particularly in the South, the Northwest, and the far West, in which sections it has been generally known the dairy business has been increasing rapidly in recent years."

The manufacture of dry milk in 1927 was nearly 30 per cent greater than in 1926. Cheese was an exception to the general record of increased production of dairy products, as a slight decline is recorded.

**CROSS EYED TIGERS WORSE THAN OTHERS, SAYS TRAINER**

"Never trust a cross eyed tiger under any circumstances," is the advice of Bob McPherson, noted animal trainer, to a writer for Farm & Fireside. He said it with just as much impressiveness as though any of the interviewer's readers might have occasion to pick out a tiger as a pet some day.

McPherson was merely illustrating, however, that tigers have just as much personality as human beings and that they can be judged just as some people judge the characters of others by looking at them.

"Crosseyes in humans don't mean much," he continued, "but in a tiger

an that somewhere in the past there has been misbreeding, bringing into the world a thing that is warped in intelligence which has a predilection toward murder. The next dangerous type is the tiger that is a dunce. He is the one who may be docile for a long time just because he is a dunce and then suddenly become mad with fright at the smallest unusual thing. The normal tiger soon learns his name. That is the first way to test them when they are received at circus. Likewise he learns tricks easily and is the last one to become ferocious after long handling."

Tigers, said the trainer, are like kittens and inclined to play with anything moving thing outside their cages, so one of the first lessons that of keeping their paws inside the bars. When their keepers are absent, however, they indulge in sport with flapping canvas or other objects until a man reappears, whereupon they resume their sedate attitudes.

**DIET OF WORKING MEN**

A nation-wide survey of workers' diets, made by the United States Department of Labor, showed potatoes at the head of the list of vegetables most largely eaten. Ninety-nine and eight-tenths per cent of the workers eat them. Other vegetables ranked as follows: Onions eaten by 96 per cent of those questioned, tomatoes

### Olson Thinks Woy Roads In Floyd Co.

"From Floydada to Abilene the worst roads we found anywhere were right here in Floyd County," was the statement made by O. B. Olson Monday. He had just returned from Abilene, where he had been called to the bedside of his daughter, Mildred, who had had a sudden attack of appendicitis.

"We left here at 7 o'clock one night and did not get to our destination until 4 o'clock the next morning. If we had had good roads like they have in Jones County we would have arrived by 1 o'clock."

"It requires over three hours to make the run from here to Spur."

"Just that trip alone convinces me that Floyd County needs hard surfaced roads and believe me I am for a road bond issue that will help us keep step with good roads building," Mr. Olson concluded.

### Center News

We want to thank the good neighbors who were so kind and helpful during the illness and death of our father and father-in-law, C. M. Craig. Nothing could have substituted for their kindness.

Mr. and Mrs. B. P. Woody.

Mr. and Mrs. Albert Club and little daughter of Petersburg, were visitors in Floydada Thursday.

### CITATION BY PUBLICATION

THE STATE OF TEXAS,

To the Sheriff or any Constable of Floyd County—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Floyd if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, C. L. Newport, Eva Newport, J. N. Hairgrower, Eva Hairgrower, James B. Price, Caroline V. Price and J. K. Gwynn and the legal representatives and heirs of the above whose names and residences are unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Floyd, at the Court House thereof, in Floydada, Texas on the 24th day of September, A. D. 1928 then and there to answer a Petition filed in said Court, on the 31st day of July, A. D. 1928, in a suit numbered on the docket of said Court No. 2073, wherein J. E. Swinson is plaintiff and C. L. Newport, Eva Newport, J. N. Hairgrower, Eva Hairgrower, James B. Price and wife, Caroline V. Price, and J. K. Gwynn, and the heirs and legal representatives of the said C. L. Newport, Eva Newport, J. N. Hairgrower, Eva Hairgrower, James B. Price, Caroline V. Price and J. K. Gwynn, whose names and residences are to plaintiff unknown, are defendants. The nature of the plaintiff's demand being as follows, to-wit:

1. That on or about the 15th day of July A. D. 1928, the plaintiff was lawfully seized and possessed of the following described land and premises, situated in Floyd County, Texas, holding and claiming the same in fee simple to-wit: All of Lot Number Nine (9) in Block Number Eighty-Seven (87) of the town of Floydada (Floyd City) in Floyd County, Texas as shown by the plat of said town of record in the Deed Records of Floyd County, Texas, Volume 2-F, page 294.

2. That on the day and year aforesaid the defendants unlawfully entered upon said premises and ejected the plaintiff therefrom, and now unlawfully withhold from him the possession thereof, to his damage in the sum of One Thousand and no/100 (\$1,000.00) Dollars.

3. Plaintiff would further show to the court that he and those whose estate he has and under whom he claims, claiming the above land and premises under deeds duly registered in the Deed Records of Floyd County, Texas, has had peaceable continuous and adverse possession of the above described land and premises cultivating, using and enjoying the same, and paying all taxes due thereon for a period of more than five years next preceding and before the commencement of this suit, to-wit, July 31, 1928, and for a period of more than five years before July 15th A. D. 1928, and for a period of more than five years after defendant's cause of action accrued, if any, and this the plaintiff is ready to verify.

4. Plaintiff would further show to the court that he has had peaceable, continuous and adverse possession of the above described land and premises, cultivating, using and enjoying the same, having the same enclosed by fence, for a period of more than ten years next preceding and before the commencement of this suit, to-wit, July 31, 1928, and for a period

of a period of more than five years after defendant's cause of action accrued, if any, and this the plaintiff is ready to verify.

Wherefore plaintiff prays the court that defendants be cited to appear and answer herein, and that plaintiff have judgment for the title and possession of the above described land and premises, and that writ of restitution issue, for damages and costs of this suit, and for such other and further relief, both general and special, as in law and equity he may be justly entitled.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Floydada, Texas, this, the 31st day of July A. D. 1928.

### Whippet Sets Another Record

A Standard Whippet Coach was recently driven by an Athens, Texas, man for 171 hours without a stop. A new endurance record, the driver received neither food nor sleep during the test.

The Whippet traveled 2376 miles on 88 gallons of gasoline, an average of 27 miles per gallon. At the start of the test, 5 quarts of oil were placed in the crank case and the crank case sealed. At the end of the run, the crank case contained 2½ quarts of oil, no other oil being added during the test.

The driver made a statement that he had absolutely no trouble with the Whippet Motor during the test and that it made the entire 171 hours without becoming overheated.

### And Another

Speed, power, stamina and economy of the Whippet was again demonstrated when a stock Whippet sedan was driven from Chicago to Denver, Colo., a distance of 1167 miles in 26 hours and 18 minutes. The time of the fastest train between those two cities is 27 hours, 30 minutes, over a route of 124 miles shorter than that traveled by the Whippet. The run was officially timed by representatives of Western Union.

Can you beat these for tests?

**THE STATE OF TEXAS**

TO THE SHERIFF OR ANY CONSTABLE OF FLOYD COUNTY—GREETING:

YOU ARE HEREBY COMMANDED, That you summon, by making Publication of this Citation in some newspaper published in the County of Floyd, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, W. D. QUILLIN and FRED WALCOTT, whose residence is unknown to be and appear before the Honorable District Court at the next regular term thereof, to be holden in the County of Floyd, at the Court House thereof, in Floydada, Texas, on the 24th day of September, A. D. 1928, then and there to answer plaintiff's first amended original petition filed in said Court on the 20th day of August, A. D. 1928, in a suit numbered on the docket of said Court No. 2060, wherein Gay Jacob and Mrs. Sallie B. Slaton are plaintiffs, and A. H. McGavock and Dimple McGavock, A. R. Meriwether, The First National Bank of Plainview, Texas, W. D. Quillin and Fred Walcott are defendants.

The nature of the plaintiffs' demand being as follows, to-wit: A suit upon ten promissory notes executed by A. H. McGavock and Dimple McGavock, dated September 26th, 1924, for the sum of \$650.00 each, payable to J. H. Slaton and Guy Jacob, or order, on or before January 1st, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934 and 1935, bearing interest from January 1st, 1925 until maturity, at the rate of 8% per annum, payable annually January 1st, as it accrues, and providing that past due principal and interest shall bear 10% interest, and providing that failure to pay principal or interest when due shall, at the election of the holder, mature all said notes, and

providing for 10% attorneys fees, if placed in the hands of an attorney for collection, and given as part payment for all of the South one-half of Section No. 11 in Block D-2, Certificate 4/591, situated in Floyd County, Texas, conveyed to said defendants, A. H. McGavock and Dimple McGavock by J. H. Slaton and Guy Jacob by deed dated September 26th, 1924, and to foreclose an express and Vendor's Lien against said land securing said notes, and alleging that The First National Bank of Plainview, Texas holds a note for the sum of \$933.33 and that A. R. Meriwether holds a note for the sum of \$933.33, and that Fred Walcott holds a note from the sum of \$933.33, given by W. D. Quillin to A. H. McGavock as part of the consideration for the conveyance made by said A. H. McGavock and Dimple McGavock for said land to said Quillin, which last mentioned notes are alleged to be secured by the Vendor's Lien against said land subsequent, subordinate and inferior to the plaintiff's Vendor's Lien, and praying for judgment in favor of plaintiffs against the defendants, A. H. McGavock and Dimple McGavock, for the principal, interest and attorneys fees on said ten notes, for costs of suit, and for foreclosure of their Vendor's Lien, as same existed September 26th, 1924, and that the interest of the defendants be disposed of, that the Clerk be ordered to issue an order of sale and that it be ordered that the proceeds of such sale be applied first to the payment of the plaintiffs' debt, interest, attorneys fees and costs of suit, and second, to the payment of the said debts of The First National Bank of Plainview, Texas, A. R. Meriwether and Fred Walcott, and the balance, if any, paid over to the defendants, A. H. McGavock and Dimple McGavock.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

GIVEN under my hand and seal of said Court, at office in Floydada, Texas, this 20th day of August, A. D. 1928.

**Doctors Disagree**

When children are irritable and peevish, grind their teeth and sleep restlessly, have digestive pains and disturbances, lack of appetite, and have itching eyes, nose and fingers, doctors will not always agree that they are suffering from worms. Many mothers, too, will not believe that their carefully brought up children can have worms. The fact remains that these symptoms will yield, in a great majority of cases, to a few doses of White's Cream Vermifuge, the sure expellant of round and pin worms. If your child has any of these symptoms, try this harmless, old fashioned remedy, which you can get at 35c per bottle from Floydada Drug Co.

**Club Exhibits Will Be Judged For State Fair**

In order to compete for prizes in the State Fair of Texas exhibits, all club exhibits must be in Dallas by Oct. 1, according to Miss Blanche Bass, home demonstration agent. It is therefore necessary to judge the exhibits before the county fair which will be held Sept. 26 to 29.

Only one complete exhibit from the women's clubs will be sent from this county to the State Fair. One complete girls' club exhibit for each year of the three will be sent. All clothing and home improvement articles are in Miss Bass' office ready to be judged this week or next by Mrs. Julie Kelly, Hale County Home demonstration agent. The first two winners in the girls' clubs and the winner in the women's clubs will be selected, Miss Bass said.

Floyd County is entitled to send three girls to the State Fair, but only two may be sent, Miss Bass said she believed at this time.

Last year each county was allowed to send three complete exhibits from the women's clubs but the number was cut down to one for this year.

In an alienation case the other day a woman sued for \$10,000 and the jury gave her only \$50, which probably made the man feel cheap.

**Floydada Delegation To Motley Co. Fair**

An organized delegation of Floydada business men and citizens will attend the exposition of the Motley County Fair at Matador. This announcement was made by the directors of the Floyd County Fair following the announcement that the dates of the Motley County event had been changed in order not to conflict with the Floyd County Fair. The Floydada delegation will leave this city, accompanied by the thirty piece Floydada Municipal Band, on Friday, September 21 and spend the afternoon viewing the exhibits and attending the amusements of the neighboring fair.

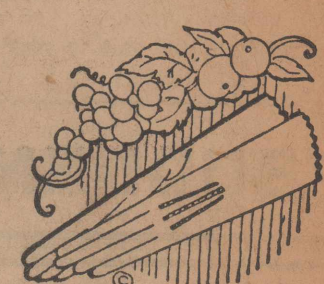

"We are looking for a large delegation of your people to visit us on Friday, the second day of our fair," M. P. Leaming, County Agent of Motley County, informed the officials of the fair here in a telephone conversation announcing the change in the dates of the Motley Fair.

Although there has always been a good attendance from Floydada at the neighboring fair this will be the first attempt to secure an organized delegation. Plenty of amusements and a variety of exhibits are promised by the Motley County Fair officials.

### Caprock Bankers Meet At Floydada In March

Local Members of Fraternity on Program at Spur Meeting Monday.

Floydada will be the next meeting place for the newly formed Caprock Bankers Association of Texas, this city having been selected by a unanimous vote of delegates attending the district convention held Monday at Spur. Mrs. May Montague Garrett extended the invitation on behalf of the local banking institutions for the next session to be held here. The meeting will be held in March.

T. S. Stevenson, president of the Association, with other officials of the organization will arrange a program of round-table discussions, the meetings being held for a study of banking problems and methods for giving patrons the best of service. Details of meeting, including the place and entertainment features will be completed at an early date, it was stated.

The convention in March will bring approximately fifty bankers from the ten out-of-town institutions embraced in the organization. Representatives will attend from Spur, Lorenzo, Ralls, Crosbyton, Roaring Springs and Matador. The counties included in the Caprock Bankers Association are: Floyd, Dickens, Crosby and Motley.

T. S. Stevenson, president of the Floyd County National Bank is president, W. B. Lee of Spur is vice-president and J. V. Daniel, vice-president of the First National Bank of this city, is secretary-treasurer of the Association.

Two of the delegates to the Spur convention from this city gave addresses at the meeting Monday which was held at the Spur Inn. The session opened at 10 o'clock and closed at 4 o'clock in the afternoon. President Stevenson presided.

E. L. Norman, assistant cashier of the First National Bank, talked on "What Are Bankers' Acceptances?" Mrs. Garrett of the Floyd County National Bank spoke before the assembly on "Banking Courtesy," Leslie Surginer, assistant cashier of the same bank, made an address on "Livestock Feeders." All of the talks drew applause from the 100 people in attendance. Many of the Spur citizens joined the banks in the entertainment of the visitors.

A luncheon was served at noon. Floydada representatives praise highly the hospitality and excellent spirit of good fellowship displayed by their hosts.

The Floydada delegates returned late Monday night and Tuesday morning, the heavy roads from recent rains delaying their return.

Those who attended the meeting from this city were: Thomas Montgomery, J. V. Daniel and E. L. Norman from the First National Bank, and T. S. Stevenson, A. B. Muncy, Mr. and Mrs. Leslie Surginer, Mrs. May Montague Garrett and Joubert Clements from the Floyd County National Bank.

Durward Hicks, son of Mrs. J. H. Green, will appear in a piano recital sponsored by the Parent-Teachers' associations of the city at the Andrews Ward school auditorium Tuesday evening, September 11, at 8:30 o'clock.

He is a student of the Arkansas Conservatory at Little Rock, Arkansas and studied piano, pipe organ, trombone and also violin. In musical harmony he excelled in fugue and counterpoint. During the past term he was director of one of the choirs in the school.

In June he visited a short while in Floydada before going to San Angelo, where he has been with the Allen Music Co. during the summer months. Several of his piano programs have been broadcast over radio from that city.

He arrived Saturday for a visit with his mother before returning to the Arkansas Conservatory, where he will again resume his studies this year. He will study violin in Russ Conservatory.

### Cotton Hail Damage Heavy West Of Town

Strip Through Vicinity of Roseland Also Hit in Monday Afternoon Downpour.

Rather extensive damage was done by a hailstorm that accompanied a rain west and southwest of Floydada Monday afternoon and a similar area north of Floydada running eastward from a point about east of Lockney also sustained rather serious damage, according to reports reaching The Hesperian office.

The hail was not as general as the rain that accompanied it, but several hundred bales of mature cotton was stripped from the stalks, these reports indicate and feed stuffs also suffered considerably. The area west and southwest of Floydada affected by the hail ranged from the southeast part of Harmony to the vicinity of Mickey store. However, the entire area was not affected seriously. Crops as close as two or three miles of Floydada southwest were injured.

Since Saturday 1.32 inches of rain has fallen at Floydada. About three-fourths of the county has had more or less rain during the week and in places the down-pour has been heavy.

W. L. Boerner said that no hail damage was reported from the vicinity of Lakeview where his farms are located.

H. H. Graham, twelve miles west of Floydada, said that what little hail he had probably would not damage him. The hail stripped off some of the cotton leaves and will let the sun into his cotton to make it mature better possibly, he said. The hail was "spotted" in this direction from his place.

The south and southeast portions of Harmony community sustained rather heavy losses from the hail, it is said.

The strip of hail that struck at Roseland was two to three miles wide in places and extended east quite a distance, according to the best reports obtainable.

Members of the crew of the States Telephone Company state that the rain extended as far north as Silverton. They stated that roads were heavy all the way and that practically all of the northern section of the county had received from half an inch to an inch of moisture Monday.

Residents of the Fairview community reported that an inch of rain fell there Monday afternoon and the reports indicated that very little hail fell and no damage done.

Earl Rainer Tuesday said that little hail fell at his place and he had heard at that time of little or no damage in Campbell Community.

Miss Blanche Bass, who was a visitor in the home of Mrs. J. W. Sims, said a terrific hailstorm fell there, stripping vegetation in the vicinity of the house. Apparently the crop damage was complete. Incomplete telephone reports from neighbors in the Roseland Community seemed to indicate that the hail in a strip three or four miles wide had been severe.

Reports received by G. T. Assiter indicated that the crops in the vicinity of McCoy had not suffered from the hail.

W. H. Smith reports practically a total loss to the cotton crop on his farm. Grown bolls were stripped from the stalks and beaten open by the force of the hail.

R. B. Rosson, who came in Monday night from Petersburg, said that apparently there was no hail damage across the canyon, but this side in a strip three or four miles wide, the loss must have been practically total. He did not learn how far north and south the strip of damage extended.

Floydada representatives from the Floyd County National Bank and the First National Bank who attended the bankers' convention held Monday at Spur report rains extending as far east and south as Dickens. They state that the roads were extremely heavy the entire distance from that point and that the rainfall was almost uniform over the territory.

J. C. Hay, who operates a Plainview-Floydada truck line, said that his drivers report rain fell Monday over the territory between Plainview and Floydada.

G. L. Ham and his son, C. H. Ham, and family of Vernon, were guests of his daughter, Mrs. Mary Awtry, Friday night. They were enroute to Hereford, to visit his son, Guy Ham, and family.

Automobile accidents in 1920-1926 increased 64 percent in north Atlantic states, 100 percent in middle western states and 230 percent in southern states, according to a statement from the Chamber of Commerce of the United States.

The White Star liner, Majestic, the world's heaviest ship, has been made sixty-nine tons heavier by conversion of non-earning space into cabins.

### Silver Falls Frolic Week Plans Maturing

Jack Armstrong to Direct Week of Celebrations at Amusement Park.

Definite plans for "Fun Week" at Silver Falls Lake September 15 to 23, inclusive, were announced late yesterday by Jack Armstrong, local show promoter. Present plans are for this "Fun Week" to witness the largest and liveliest crowds that ever gathered at "The Playground of West Texas."

Featuring the week of events, will be a masquerade ball on Friday night, September 21. A ball, unequalled by anything in this section, is planned, with a colorful frolic till dawn. An orchestra composed of the best talent from the Plains, is being assembled for the affair. Musicians from Lubbock and several members of the "Nat" Orchestra of Amarillo, will be the music-makers. Dancing each night, except Sunday, with a mid-night frolic each Sunday night, is planned.

A rodeo on both Saturdays and Sundays of Fun Week is expected to attract many who are interested in such features. Rough and Tough rodeo, or bronc riding, steer riding and other wild west events, are promised by Armstrong.

Plans are to have a carnival at the lake throughout the week. Other events will include a bathing beauty revue, beautiful fireworks display and contests of various kinds. More than \$300 worth of valuable prizes have been ordered for the week, Mr. Armstrong stated.

The public is invited to attend and camp at the amusement park throughout the week. Free gate fees are being emphasized by the sponsors.

### 250 Lb. Weight Falls, Crushes 10 Year Old

Daughter of E. G. Lewallen Expected to Recover Following Unusual Accident.

Imogene, ten year old daughter of Mr. and Mrs. E. G. Lewallen had a very narrow escape from instant death and is still in the sanitarium under the care of physicians and nurses, following severe injuries sustained last Thursday afternoon about 5 o'clock when a 250-pound fire escape weight that sustained a fire escape at the New Baptist Church, snapped the cables that supported it and crashed to earth.

The little girl's right leg was crushed from the knee downward, the leg broken just above the ankle and the foot broken as it was crushed several inches into the ground. The weight cut a gash in the side of the child's head and injured her arm as it swept to the ground with great force.

Rev. P. D. O'Brien, who was in his study at the church, and others nearby picked the child up and rushed with her to the sanitarium immediately for medical and surgical attention. This morning the little girl was bright and cheerful between paroxysms of pain, and although her life is not yet entirely out of danger she has shown marked improvement the past two or three days, it was said at the sanitarium.

The little girl, with the three children of Mr. and Mrs. J. J. Davis, was playing in a sand pile at the corner of the church, when the unusual accident occurred.

The building has been completed only a few weeks, having been accepted recently by the church body. The weight which fell was used to counterbalance the weight of the fire escape on the building. Persons who visited the scene said the wire cable shows to have broken.

Mr. and Mrs. W. T. Brown and grandson, Eldon Jones, returned Monday from Burkburnett where they spent a week with their daughter, Mrs. Jane Thomas.

Mr. and Mrs. Eddie Williams of Dallas returned to their home Wednesday after a visit of two weeks with his uncle, W. Edd Brown and family.

Miss Verna Newman, Spanish teacher in McMurray College, Abilene, was the guest of Miss Helen McKinney and Miss Ora Mae Robbins from Saturday until Thursday.

NOTICE

I, Burl Bedford, City Secretary of the City of Floydada, Texas do hereby give notice of the things contained in the following ordinance.

ORDINANCE NO. 121

ORDINANCE OF THE CITY OF FLOYDADA, TEXAS DETERMINING THE NECESSITY OF LEVYING AN ASSESSMENT AGAINST THE PROPERTY AND THE OWNERS THEREOF ABUTTING UPON A PORTION OF VIRGINIA, MAIN, AND WALL STREETS, AND THE EAST AND WEST ALLEYS IN BLOCK 61, OF THE ORIGINAL TOWNSHIP OF FLOYDADA, IN THE CITY OF FLOYDADA, TEXAS, FOR A PART OF THE COST OF IMPROVING SAID STREETS AND ALLEYS, AND FIXING A TIME FOR A HEARING OF THE OWNERS, OR AGENTS OF SAID OWNERS, OF SAID PROPERTY, OR OF ANY PERSONS INTERESTED IN SAID IMPROVEMENTS, AS PROVIDED BY CHAPTER 106, TITLE STREET AND ALLEY IMPROVEMENTS, GENERAL AND SPECIAL LAWS PASSED BY THE FORTIETH LEGISLATURE AT THE FIRST CALLED SESSION, MAY 9TH TO JUNE 7TH, 1927, AND THE ORDINANCE OF THE CITY OF FLOYDADA, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE OF SAID HEARING, AND EXAMINING AND APPROVING THE STATEMENT OR REPORT OF THE CITY ENGINEER, AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY OF FLOYDADA: That, whereas, the City Council of the City of Floydada, Texas has heretofore by ordinance duly passed and approved ordered the improvement of the following streets and alleys, to-wit:

A Street from the East property line of Main Street to the East property line of Wall Street from a point 4.5 feet South of the North property line of Virginia Street to a point 9.5 feet South of the South property line of Jackson Street

WHEREAS, plans and specifications for the improvement of said streets and alleys have been duly and approved as required by Chapter 106, Title Street and Alley Improvements, General and Special Laws passed by the Fortieth Legislature at the First Called Session, May 9th to June 7th, 1927 and the Ordinance of the City of Floydada; and

AND, AS required by the said ordinance and statutes, after advertising for bids, the work of improving said streets and alleys, between the points above named has been let to the L. H. Lacy Co. to improve with a six-foot concrete pavement, including excavating, grading, and filling and concrete curbs and gutters, and necessary work in connection therewith, as provided by the said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Floydada and L. H. Lacy Co. the 14th day of August A. D. 1928, for the construction of said improvements;

AND, WHEREAS, the said L. H. Lacy Co. has duly given bond for the performance of said work, and the City Engineer of Floydada has, in accordance with the ordinance and the statutes, filed his report with the City Council of the cost of said improvements, and as to all other matters required by ordinance and statutes;

AND, THEREFORE, BE IT ORDAINED BY THE CITY OF FLOYDADA: That the report or statement of the City Engineer, filed with the City Council describing the abutting property and giving the names of property owners and the number of front feet and the cost of improvement chargeable against each property and its owner, having been examined, is hereby approved.

BE IT FURTHER ORDAINED: That the City Council does hereby determine to assess part of the cost of said improvements against the owners of the property abutting thereon, and against their property and that the cost of said improvements shall be paid and defrayed as follows:

The total cost of curbs and walks shall be assessed against the abutting property and the owners thereof.

The City of Floydada shall pay an amount equal to the cost of improving all intersections of said streets and alleys with other streets and alleys, said amount being equal to or greater than one-tenth of the total cost of said improvements, (except cost of curbs and walks.)

After deducting the proportion of the costs provided for in sub-sections (a) and (b) above the total remaining cost of such improvements shall be paid by the owners of property abutting on said streets and alleys to be improved, and shall be assessed against them and their respective parcels of land abutting on said streets and alleys and said assessment shall be made in accordance with the provisions of Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas, passed by the Fortieth Legislature at the First Called Session, May 9th to June 7th 1927, and the Ordinances of the City of Floydada. That the said assessment shall be made after the notice to such property owners and all interested persons, and the hearing hereinbefore mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners and their property shall be in accordance with the Front Foot Rule or Plan, in the proportion that the frontage of the property of each owner bears to the whole frontage of the property to be improved; provided that, if such plan of apportionment be found to be not just and equitable in particular instances, the City Council shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said portion of said streets and alleys, having in view the enhanced value of that property, and the benefits derived from such improvements, and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the assessed value of such property by reason of such improvement. That the proportionate cost of such improvements which is contemplated to be assessed against such owners and their properties shall become due and payable as follows:

One tenth payable within sixty (60) days after completion and acceptance of the work by the City of Floydada; one-tenth payable one year after said date; one-tenth payable two years after said date; one-tenth payable three years after said date; one-tenth payable four years after said date; one-tenth payable five years after said date; one-tenth payable six years after said date; one-tenth payable seven years after said date; one-tenth payable eight years after said date; one-tenth payable nine years after said date; together with interest at the rate of eight (8) per cent per annum, and reasonable attorney's fees and all costs of collection in case of default. That the total proportionate part of such improvement which is contemplated to be assessed against such owners and their respective properties, and the names of the owners of property abutting on said streets and alleys, aforesaid, properties to be improved and description of that property, and the amounts proposed to be assessed against them respectively for paving and for curb and gutter, and walks, and the grand total thereof, which said sum does not and shall not in any event exceed nine-tenths of the total cost of said improvements, except curbs and walks, is as follows:

That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements, before the City Council of the City of Floydada as provided by the provisions of Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session May 9th to June 7th, 1927, and the Ordinance of the City of Floydada, which said hearing shall be had on the 7th day of Sept., 1928, at 9 o'clock A. M. in the City Hall in the City of Floydada, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested person or persons, the right to appear and be heard in any manner concerning the said improvements or said assessment, or the benefits thereof to their said property, or to any other matter of things in connection therewith, or to contest said assessment, and at such hearings a full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements.

That after the conclusion of the hearing above mentioned such sum or sums as may be determined by the City Council to be payable by said property owners shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 106, Title Streets and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature, at the First Called Session, May 9th to June 7th, 1927, and the ordinances of the City of Floydada.

That the City Secretary of the City of Floydada, is hereby directed to give notice to said property owners, their agents or attorneys, and to all interested persons, of said hearing, as prescribed by the provisions of Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature, at the First Called Session May 9th to June 7th, 1927, and the Ordinance of the City of Floydada, by publishing said notice three times in a newspaper of general circulation in the City of Floydada, the first of said publications to be made at least ten days before the date set for said hearing. Said City Secretary may also mail a copy of said notice by registered letter to each of said property owners, if known, or their agents or attorneys, if known, said letters to be deposited in a post office in the City of Floydada, at least ten days before the date set for hearing. However, said notice by registered letter shall be cumulative only, and notice by publication shall be full, due and proper notice of said hearing. It shall not be necessary to the validity of said notice of hearing to name any property owner abutting on said street or alley, and the fact that any such property owner or owners are incorrectly named or not named at all shall in no wise affect the validity of the assessment against said property nor the personal liability against the real and true owner, or to contest said property. No errors or omissions in the descriptions of the properties abutting on said street or alley shall in any wise invalidate said assessment, but it shall be the duty of such property owner or owners whose property is incorrectly described to furnish a proper description at the hearing or hearings provided for. No error or omission of any character, in the proceedings shall invalidate any assessment or any certificate issued in evidence thereof.

BE IT FURTHER ORDAINED BY THE CITY OF FLOYDADA: That the fact that the improvement of the streets and alleys herein named is being delayed pending the taking effect of this ordinance, and that the conditions of said portion of said streets, and alleys, endangers the public health, safety and property and creates an urgent public necessity for the immediate preservation of the public peace, property, health, and safety, requiring that the rules providing that no ordinance shall be passed on the day on which it shall be introduced, and providing that no ordinance shall become effective until ten days after the date of its last publication, and requiring that said ordinance be published once a week for two consecutive weeks in some newspaper published in the City of Floydada, be and the same are each hereby suspended, and that this ordinance shall be and is hereby passed as an emergency measure, and shall take effect and be in force from and after its passage.

Regions soon opened. New York.—Sir Hubert Wilkins has removed the last obstacle to the opening of the Arctic regions to travel, unlimited exploration and hunting in the opinion of Vilhjalmur Stefansson, himself a noted explorer of the northern wilds.

"Fear," he continues, writing in the American Magazine, "is the only obstacle to Arctic exploration now that Wilkins has proven the practicability of the airplane, and when he overcame fear, he virtually opened the Polar regions to the rest of the world.

"The Arctic is dangerous because it is a new country with strange conditions that temperate zone and tropic zone people fear. Place one of them untrained in the Arctic and it is as if one were to cast a landsman adrift in the mid-Atlantic. Wilkins came from the tropics, but found he must first forget his preconceived theories and beliefs about cold weather. He was able to do that. He proved the theory that nobody else held, that there was game and food in the ice seas sufficient to sustain life by hunting and he proved that a plane can land upon floating ice and successfully rise.

"These are the primary results of Wilkins' two years of experimenting with flying across the pole and when he crossed by the longest and most difficult route he was rewarded with such a new vision as has never greeted human eyes since Balboa stood on a peak in Darien and saw for the first time the broad Pacific."

MAN CAN BREAK 20 LAWS BEFORE REACHING OFFICE

An ordinary good citizen can break twenty laws on his way to the office mornings and there are some 30,000 others that he can violate without necessarily becoming a bad citizen, if he is not constantly equipped with a library of lawbooks and accompanied by a legal advisor.

This is the estimate of William S. Dutton, writing in the September American Magazine. Mr. Dutton, interviewing Silas H. Strawn, of Chicago, president of the American Bar Association, discovered that there are about 10,000,000 laws and ordinances in theoretical effect on the statute books of the United States, with 200,000 laws and ordinances being added every year. Forty-eight state legislatures, 16,000 incorporated cities, towns and villages and about 3,000 counties are in the law-making business and more than 100,000 lawmakers duly elected, are incessantly busy making new laws.

All of these, declared Mr. Strawn, do not pertain to individuals but a conservative estimate is that there are 30,000 laws, 10,500 of which are federal, which may affect any one citizen. "The Bible," says Mr. Dutton, "covered the whole field in ten laws, while Justinian felt that 2,000 laws were enough to rule the Roman Empire, but our own lawmakers have refused to take a chance with any such flimsy structure and have covered everything from the length of bed sheets in hotels to the hours a housewife may use an electric vacuum cleaner. There are good laws, bad laws and freak laws, all of which cost the public from \$100 to \$600 each."

## How About That House For Cotton Pickers?

There will not be much sledding of cotton this year, so the demand for pickers will be great.

The man who is prepared to take care of several families will have no trouble in getting his crop gathered.

Now is the time to prepare. You could be surprised how economically you can build.

## Local Cotton Crop Best In This Section

Recent Rains Have Increased Danger From Boll Worm Infestation, Says Ginner.

Leaf and boll worms have practically destroyed the cotton crops in the district fourteen miles south of Rails, but north of that city and in the immediately surrounding territory of Floydada the crop is the best in this section, is the opinion of E. I. Cambron, local gin man who returned Sunday from a trip to Colorado.

"I have been watching the situation closely and prospects have been almost perfect but recent rains have increased the danger of heavy damage from boll worms," Mr. Cambron said Tuesday.

Visitors here who have returned recently from eastern sections of the state report that crops there are fair but will not compare with West Texas, insofar as prospects for heavy yields are concerned.

Corn in Travis County and in that section is reported to be good and feed stuffs fair. The first crop of cotton has been gathered with a fair to good yield.

In Brown County the ginning season is getting under full sway and farther westward to the caprock the bolls are opening rapidly, reports indicate.

In spite of the fact that many predict an early frost and freeze and the worms are doing considerable damage, the most optimistic believe that the cotton situation is still one of the best. They point out that the crop is fruiting fast and is much earlier than was the case last year.

Row crops on the whole are said to be in excellent condition and a good yield is practically assured, barring unforeseen circumstances, grain men believe.

### FASHIONS AND CONDUCT

There is a great deal of deploring of the wrong or undesirable things done by the younger generation, but the older folks do not seem to have any clear idea of how to produce higher standards.

The problem is to so change sentiment that such tendencies are regarded as yellow. The way to turn a boy away from a life of crime, is to show him that the crooked things he is doing are regarded with contempt. If he steals a little money out of his employer's cash drawer, and feels that his associates regard him as a smart and daring fellow for such acts, he will keep on perpetrating such things. But if he is made to feel that he is regarded as a yellow cur who is too weak to play the game fair, then he is likely to change his ways.

It is much the same in regard to conduct of girls, and of the girls and boys together. Just at present many of them seem to think that it is smart to engage in practices that are more or less loose or vicious. The most effective way to change that sentiment would be to make them realize that they are regarded rather contemptuously for so doing.

It does not get at them to be told that their elders look down on them. But if they could find that the social leaders in their own set regard them as rather cheap specimens, they would change their conduct. The students in the colleges shape the opinions of their generation to a large extent. If they could be con-

### HIRED MEN ON U. S. FARMS ARE HIGHER PAID

The average wage paid hired men on the farms of the United States is \$2.36 per day, without board, according to the latest report of the Department of Labor. In France, the average daily wage is \$1.05, in Germany \$0.56 and Great Britain \$1.27. In the United States, the average wage ranges from \$1.25 per day in South Carolina, to \$3.80 in Connecticut and Rhode Island.

Higher wages in industry are yearly attracting more and more laborers from the farms of the United States, but in spite of this drift to the cities, agricultural production is as high or higher than ever. Better farming methods, improved varieties of grain and better type livestock coupled with the replacement of hand labor by improved farm machinery is enabling the American farmer to become more whims and fancies of the hired man.

### Locals and Personals

Charles Stroup of Quitaque was a guest here Monday of Garner Surging and other friends. Stroup and Surging made a trip to Memphis the first of the week.

Mr. and Mrs. R. V. Bond and daughter, Wanda Laverne, returned Wednesday of last week from Boulder, Colorado, where Mr. Bond attended the University during the summer. ## Club Play Well Received Fri. Night

The Nineteen Twenty-Two Study Club's musical comedy, "The Flapper Grandmother," presented last Friday night at the High School Auditorium, pleased a crowd that comfortably filled the high school auditorium, although prepared and presented within eight days after the first assignment of parts, by amateur talent of the community.

The play was coached by Miss Mary E. Jurney of the Wayne Lyceum Producing Company, who also furnished the costuming and the royalty play, the local organization paying a royalty and a guaranteed fee for the production. Fifty or more persons were in the cast. Mrs. Bill Daily, Miss Vera Fry, O. T. Williams, Miss Thelma Covington, being among those who had the heavier parts. Mrs. Daily probably carried off honors by handling the particularly difficult and heavy role of "The Flapper Grandmother" in an excellent manner.

The comedy was presented in three acts with a prologue. The latter, an automobile romance, with Thelma Covington and Woodrow Goen, was very clever.

Following is the complete cast: Jimmy Swift—An auto salesman in love with Lena—Woodrow Goen. Lena Spriggins (The wild child, Andrew's daughter)—Thelma Covington.

Andrew Spriggins (Who believes in nothing modern)—O. T. Williams. Mat Spriggins (Andrew's wife who wants to be up-to-date)—Vera Fry. Maggie Pepper (The Flapper Grandmother)—Evelyn Daily.

Dr. Tommy Joy (The village doctor in love with grandma)—Sandford Shaw.

Dick Tate (The speed cop in love with Lena)—Pete Nelson.

Bobby Smith (A nice, sweet sissy boy)—Herbert Sims.

Belinda Spriggins (An old-fashioned girl, Andrew's daughter)—Mary Ella Jurney.

Rastus Jones (A gentleman of color)—W. D. Johnson.

Lily White, (A lady of color)—Dell Reagan.

Count follows (grandma home) Herbert Sims.

Elf—Golden Steen.

Matrons: Mesdames W. M. Massie, Lillie Britton, E. C. Henry, Jennie Bishop, A. P. McKinnon, L. C. McDonald, C. Sarginer;

Door knobs: Virginia Stovall, Inis D. Fyffe, Mary Looper, Gene Williams, Iris Christine Keintz, Vera Nell Marshall, Felita Mae Willis;

Rag dolls: Arlene Fyffe, Nell Stevenson, Katherine Daniel, Gloria Hammonds, Mary Wilson Hicks, Evelyn Hicks, Lela Faye Hicks, Dorothy Dell Stovall;

Flapper debutantes: Audrey Farries, Mozelle Brown, Maxine Norris, Gene Smalley, Audrey Felton, Doris Smith, Ouida Britton;

Jelly beans: Z. R. Felton, Hays Mays, Pedro Collins, Henning Carlsen.

Mrs. Virgie Thomas played the piano accompaniment for the musical numbers, and the Floydada Concert Band played before the curtain and in the interludes.

Thence North 237 1/2 varas; Thence West 237 1/2 varas to the place of beginning. Plaintiffs claiming title as follows:

Patent No. 492, Vol. 27 from the State to R. E. Davis.

Deed from R. E. Davis and wife to Geo. F. Stevenson, dated February 24th, 1896. Geo. F. Stevenson and wife to W. V. Thornton, dated March 15th, 1897. Deed from W. V. Thornton and wife to H. L. Borders, dated July 23rd, 1900. Deed from H. L. Borders and wife to Mrs. E. E. Patric. Deed dated Oct. 21st, 1899, and correction deed dated April 20th, 1916, from Geo. F. Stevenson, the first in which he is joined by his wife, to Mrs. E. E. Patric, who plaintiffs allege is one and the same person as Mrs. E. E. Patric, she having been married at one time to a man by the name of Barre. Deed from Mrs. E. E. Patric joined by her husband, L. T. Patric, to C. L. Young, dated Oct. 9th, 1900. Deed from C.

to Horace Thomas, dated March 28th, 1903. Deed from Horace Thomas and wife to the plaintiff, Lula M. Dial, dated August 1903.

Plaintiffs further set out that the name of the County was omitted through clerical error or oversight from several of the deeds, and that it was intended that the land should have been described and set forth as being in Floyd County, Texas; also, that through an erroneous impression at the time of drawing the deeds, it was thought that this 80 acre survey and the 80 acre survey adjoining on the East was one and the same survey and constituted a 160 acre survey, and the field notes were drawn on the basis of such 160 acre survey, but in fact the land herein sued for was intended to be conveyed;

ed; and plaintiffs ask that the be removed from title by reason of such errors; also, the plaintiffs plead the five and ten years statutes of limitation as provided for by law.

HEREIN FAIL NOT, And have you before said court, on the first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

GIVEN UNDER MY HAND AND SEAL OF SAID COURT, at office in Floydada, Texas, this 21st day of August, A. D., 1928.

Times have changed, and our farmers must keep the growing population of the cities supplied with fresh eggs and produce. But he can't market them himself. He has to depend upon our Cream and Produce houses.

They not only furnish a market for the farmer's surplus, but they keep the cities supplied with the fresh eggs and the produce which they could have in no other way.

Floydada is a good market for cream and produce. Floyd county people have learned to depend upon our produce houses as a market and as a source of obtaining farm products. We need them in this community.

## New Game Thriller For Fair Visitors

(Continued from page one) carries two reserve cars and a large supply of accessories in case of break-downs.

**Stage Fireworks Finale**  
The fair will continue through Thursday, Friday and Saturday, each day being designated as a special day, and will close the Friday and Saturday evenings with a display of fireworks rarely exhibited at free county fairs.

The Copper State Shows, which furnish the carnival attractions for the annual exposition, carries a large assembly of riding devices and shows. Among the list of rides this year will be found the miniature railroad which consists of two miniature locomotives and coaches with 600 feet of track, the glider or mix-up, ferris wheel, merry-go-round, the little kiddie rides and the motor dome. Featured among the shows is the famous South African Headman, the smallest mother and baby alive, the athletic show and the circus side show. The carnival attractions will arrive Monday, September 24.

Wednesday, the first day of the fair, has been designated as preparation day. On this day the exhibits of the rural communities will be put up. Each community exhibiting will be given until Wednesday night to complete the arrangement of their exhibits. The exhibit building will be opened to the public on Thursday morning at 8 o'clock.

Thursday will be the first day of the auto polo and auto push ball and really the first day of the fair in that exhibits will not be open to the public until this day. The auto games will start each afternoon at 2:30 and close at 4:30. Each afternoon's program will be diversified with auto polo, push ball and auto-ball.

### Floydada Day Set

Friday, September 28, has been set aside as Floydada Day. On the afternoon of this day the stores will be asked to close their doors for two hours and attend the double attraction at the Floydada ball park which will consist of the auto games and a football game. Arrangements for the football game have not yet been completed but it is hoped that the Floydada Whirlwinds will be seen in their first game of the season on this day.

Saturday, September 29, has been designated as Floyd County Day and special invitations to every person in Floyd County to attend the fair on this day are being made. Opening the afternoon's program will be the parade of decorated floats. From the interest being indicated there will be a larger and more representative parade than has ever been seen in Floydada before. In addition to the floats being prepared by the rural communities there will be decorated cars representing the different classes in high school, the ward schools, boy scouts, girl scouts auto agencies and business floats.

Following the parade the auto games will be played at the Floydada ball park. Closing this night, as well as Friday, the fireworks display will be put on near the Andrews ward school at 10:30. An old fiddlers contest and square dance will be held on the South side of the square and will close the fair. A prize of \$25 is being offered for first place in this contest.

## Wichita Falls Plans Trip Over New Lines

Hubert Harrison, on Trip to Cavern, Makes Brief Stop at Floydada.

Business men and members of the Wichita Falls Chamber of Commerce are planning a good will trip over the new railroads in Floyd and adjoining counties the first week in October. Hubert Harrison, manager of the Wichita Falls Chamber of Commerce, made the announcement of the proposed visit while he was here last week.

Mr. Harrison was enroute to Carlsbad Cavern and was combining business with pleasure while on his vacation, he said.

That Wichita Falls was anxious to assist Floyd and other counties on Highway No. 28 to secure State and Federal Aid in building a hard surface road through this section of the State was expressed by the Chamber executive. Other counties on the route are looking to Floyd County to vote bonds within the next few months for a paved road through the county from East to West, according to Mr. Harrison.

"We are also glad to announce that the Wichita Falls Chamber of Commerce is planning a good will trip over the new railroads in this section of Texas," Mr. Harrison said, "and we expect either to come out from Wichita Falls over the Q. A. & P. or make the return trip over this road."

Mr. Harrison will be remembered by many as the principal speaker at the annual Chamber banquet held here in February.

### J. E. HORTON IMPROVING

## Building Permits For August Total \$10,500

City Building Permits for the month of August totaled \$10,500 despite the fact that only four permits were issued, according to the records of City Secretary Burl Bedford.

The largest of these permits was issued to J. O. Wilkes, on August 17. The amount was \$3500 for a five room brick veneer residence on Lot Number One in Block 66.

To A. B. Duncan was issued a permit on August 7, for \$1500 for the construction of six frame camp cottages, 10 by 14 feet, and four tile camp cottages, 16 by 18 feet. They will be located on lots number 9, 10, 11, and 12 in Block 143.

W. P. Daily secured permit for \$3000 for the construction of a five room stucco residence on Lots number 26 and 27 in Block 93, on August 2.

Permit for the construction of a \$2500 five room residence on Lots One and Two in Block 104 was issued on August 31 to Calvin Steen.

## Worms Not Imminent

Williams Finds Insects Present and Suggests Remedies if Predations Start.

While many fields in this territory are badly infested with cotton worms, the crop at the present time is not in immediate danger is the opinion expressed by O. T. Williams, head of the Department of Agriculture of the Chamber of Commerce.

He stated that the insects are army worms or leaf worms and not boll worms as is commonly believed. They eat the leaves from the stalks and attack the small squares, causing them to shed. The worms at work in Floyd County fields will eat on almost anything green but do not enter the larger bolls and remain inside as is the case with the typical boll worm, Mr. Williams pointed out.

"I have been making a close study of this matter and completed a trip Wednesday afternoon in which I visited a number of fields," Mr. Williams said.

"I will be in a position to advise when the farmers should start dusting their fields with poison but I do not think it is necessary yet. Although the worms can destroy a crop in the short period of two days, I am certain that the danger of great damage will not increase until the worms form webs. When the insects web up, they lay eggs and the new crop starts its inroads about fifteen days later.

### Worms Web Up First

"The worms have a regular life cycle and if they do not start webbing up before 20 days, I believe that cotton will be far enough advanced so that a minimum amount of damage will be done," he stated.

When asked about the reports of many squares having been found under the cotton stalks, he said that some of the squares had fallen from the natural process of shedding but the worms had punctured many of them. He pointed out that the condition of the fields was improved more than injured by the amount of squares and bolls lost so far, because in many fields the growth was exceedingly rank, due to excessive rains.

Special arrangements have been made with the Lubbock Chamber of Commerce for the furnishing of worm poison in wholesale lots at a cost of seven cents per pound, Mr. Williams said.

In case that the farmers desire to mix their own materials, Mr. Williams suggested that they purchase arsenic and lime and combine them in the ratio of 100 pounds of lime to each five pounds of arsenic. He advised, however, that the cost would be much higher than the ready-mixed poison available at the Chamber of Commerce office.

### Two Methods Suggested

Two methods were suggested for

the "dusting" process, one plan involves the use of a cultivator and the other a sled. All dusting work should be done late in the afternoon, at night or in the morning while dew is on the cotton.

Mr. Williams said in outlining the steps to be taken,

"It is best to make several small sacks, about eight to ten inches long and four inches in diameter. They should be made of cheese cloth or some open material, and when completed, would resemble old-time sausage sacks.

"After the sacks are filled with the 'dust,' they should be suspended from a pole across the cultivator in such a manner that they will strike the cotton stalks and the limbs will act as beaters, thus distributing the powder over the stalks, squares, blooms and bolls.

"By using a barrel on a sled as a seat, the driver can dust the cotton by striking the cotton stalks on the row on each side as the sled moves down the field.

"By using the cultivator plan, it is possible to distribute the poison over four rows at one time; with the sled only two rows can be dusted in a single trip.

"Arsenic is a slow poison and will not cause instant death but the person using it or the ready-mixed material should exercise great care in seeing that it is kept out of reach of children.

"It is wise, too, for the person operating the dusting machine to wear a handkerchief or wet sponge over his mouth and nose while engaged in work."

### SANITARIUM NOTES

## Best Association Holds Annual Meet

(Continued from page one)

Board of the Baptist Association held its meeting in the auditorium of the First Methodist Church. Ben Hardy having extended invitation of his church for meeting to be held there.

J. R. Faust of Silverton was president of the W. M. U. of Floyd County Baptist Association at the Wednesday meeting and G. A. Linder of this city was vice-president. Mrs. Zada Crosbyton was elected secretary.

Wednesday night session opened at 7 o'clock with a message delivered by the Rev. J. M. Hale, pastor of Ralls Baptist Church. He spoke on missionary work as his theme.

Y. P. U. Sessions  
Sessions on B. Y. P. U. work were held Wednesday night. T. C. Carter of Dallas, educational director of the B. Y. P. U. in Texas, presided at the meeting and delivered message on the work.

Registration of the messengers from the various churches, the organization was set up and election of officers and resolutions prepared for final reports of the different phases of Baptist work to be made and discussed.

While all reports had not been made for total church membership, Sunday School enrollment and financial values, officials state that they anticipate a substantial increase over that of any previous year. The meeting here has been unusually well attended, they say, and church

members predict one of the most successful associational meetings in history.

Lunch has been served each day by the women of the local church. Over four hundred visitors and messengers were guests at lunch Wednesday.

The Roaring Springs Baptist Church was admitted into the association Wednesday and will send messengers to the next meeting.

A report from twelve churches with Women's Mission Societies was made Tuesday. The report was made by the churches of Center, Cone, Fairview, Floydada, Lockney, Matador, Quitaque, Ralls, Silverton and Crosbyton. Mt. Blanco and Flomot are also included in the W. M. S. organization. Roaring Springs will make a report next year, it was stated.
