

Ed Manning Awarded Contract to Pave Around Court House Square

Ed Manning of Lockney, as the successful bidder for the work of paving around court house square at the bidding held by the Commissioners' Court Saturday morning of last week, the beginning of the work being set at a date later than ten days following the formalities of signing contract and bond. His bid totalled \$21,485.56.

Five Bids Submitted
The bid was slightly more than a hundred dollars under the next lowest bid submitted by four other bidders. His figures for the paving was \$2.69 per square yard, the paving being the largest item of some eight or ten which included curb and gutter, and similar work to make the job complete.

Other bidders on the job were L. H. Lacy Company, Dallas; Jordan Construction Company, Plainview; L. H. Howard, Lubbock; W. M. Colville & Son, Floydada. Howard was next to the low man with a bid of \$22,557.13. Manning's bid was accepted before noon Saturday and the other bidders' checks returned to them.

Two and one-half inch brick on four and a half inch re-inforced concrete was specified in the county's advertisement, the same type as is now laid on the paved area of the square, except that the present paving does not have reinforcement.

Mr. Manning said this week he was ready to begin work at any time, although the actual formalities of contract and bond signing has not been effected.

The contractor on the job has just recently completed some \$25,000 worth of municipal improvements at Dougherty. Prior to that job he did a large municipal water and sewer contract at Lockney.

Geo. A. Linder is the county's engineer on the job.

L. G. Pool Succumbs To Heart Failure Attack

Funeral Services This Afternoon at 3 for Resident of Floydada For Twenty Years.

Funeral services will be held this Thursday afternoon for L. G. Pool, one of the oldest residents of Floydada, who succumbed to heart failure at an early hour Tuesday morning. Rev. F. L. Davis will conduct the funeral services at the residence at 3 o'clock. Interment will be made in the Floydada cemetery, under the direction of the Masonic lodge.

Mr. and Mrs. Pool have lived in Floydada twenty years, moving to this city from Williamson County in 1908. Shortly after moving to Floydada, Mr. Pool built the Pool home on West Missouri Street and the couple have lived there since that time. Near the home, he planted some of the first shade trees in Floydada, and these trees are now among the largest and most beautiful in the city.

Mr. Pool was born in Arkansas on February 17, 1852 and was over 76 years of age at the time of his death. He moved to Texas in his early boyhood and has never left the Lone Star state. His health has been failing for the past two years, and for the past several months he had been affected with heart failure. He was found dead early Tuesday morning sitting in a chair at his home.

Deceased is survived by his wife and three daughters. They are Mrs. D. D. Shropshire, Galveston; Mrs. V. F. Hodge and Mrs. G. M. Hatchell, both of Oklahoma City. He is also survived by two brothers, J. M. and Yell Pool, of Springdale, Ark., and a brother, D. P. Pool, of Sinton, Texas, and a half sister, Mrs. West Salysier, of Heina, Texas.

Mrs. Pool and the daughters will be present for the funeral services this afternoon, but the brothers and sisters will be unable to attend.

AUGUST TIMMERMAN KILLED WHEN GRAVEL BANK CAVES

Funeral services were held yesterday afternoon at Floresville for August Timmerman, 56, Wilson County resident and well-known dairy farmer, whose death occurred two miles south of Floresville Tuesday morning. He was caught in a cave-in of a high sidewalk of a gravel embankment where he was digging gravel, and his head was crushed.

Mrs. Timmerman, his wife, is a double cousin of Mrs. L. G. Mathews and Ed and Pat Featherston of this city, and a cousin of C. H. Featherston. Mrs. Timmerman visited in Floydada in August when the Featherston family reunion was held.

Two sons and two daughters, his father, a brother and six sisters also survive the deceased.

McPHERSON-DENSMORE

Sam Densmore, of Childress, and Miss Sammie McPherson, of Plainview were married Sunday afternoon at the office of County Clerk Tom W. Deen by Rev. F. L. Davis.

The groom is employed with the Fort Worth and Denver railroad and works on the line out of Plainview to Sterley. They plan to make their home at Sterley.

Town Men Serving On District Court Juries

Juries in District Court this week have been composed almost entirely of men who are residents of Floydada and Lockney, the farmers being excused in a large number of cases on account of the urgency of the demand for their time on their farms, where practically all kinds of harvesting, wheat land planting and similar activities are making it essential that every man who can be released for the important work under way.

Judge Clements excused a large number of farmers Monday when the jury panel for the week was sworn in and ordered the sheriff to get out in town and find men who could be spared from stores, banks and shops to take their places. Night sessions have also been held where possible in order to avoid conflict with industry.

The jury for the week beginning next Monday is as follows:

Will Snell, Luther Dorrell, E. J. Womack, R. H. Lotspeich, A. S. Green, O. M. Conway, S. J. Latta, N. R. Rustin, Earl Branson, Jim Dunlap, Claud Patton, M. C. Davidson, Edd Muncy, W. M. Ferguson, John Stalcup, J. C. Covington, C. S. Colson, W. B. Jones, G. H. Gilbreath, H. L. Barton, W. L. Rape, Dick Ashby, P. L. Feagan, D. H. Widner, J. M. Gamblin, Henry Ballard, R. E. Scoggins, J. F. Nixon, A. T. Emert, Ray Blount, J. W. Moore, S. H. Peel, M. Carr, W. J. Casey, D. W. Bybee, V. C. Permenter.

OPTION OF LEAVING FRIDAY ON WEEK-END EXCURSION

Residents of this section who wish to take advantage of the low week-end excursion rate over the Q. A. & P. to the State Fair at Dallas, have the option of leaving Friday evening on the six o'clock train instead of Saturday if they prefer, it was pointed out by W. L. Richardson, general freight and passenger agent of the line here Wednesday afternoon.

"The passengers taking advantage of the special week-end low round trip fare thus could leave Floydada at 6 o'clock Friday afternoon and spend both Saturday, Sunday and Monday in Dallas," Mr. Richardson said, "and still comply with the requirements of the tariff on the trip if he left Dallas before midnight Monday."

The round trip fare is three-fourths of the regular one-way fare for the week-end excursion.

Government's Cotton Report Helps Market

Monday's report from the agricultural department on the cotton crop, forecast a total of 13,993,000 bales against the figures for the previous reporting date of nearly 14,500,000.

As a result the cotton market was steadier, with an upward trend during the week.

HUSBAND DROWNED WHILE WIFE AT FATHER'S FUNERAL

While Mrs. George R. Maddux, of San Angelo, was at the home of her deceased father at Amherst Sunday of this week, where children of the aged man had gathered with friends to bury him, she received news of the death of her husband which occurred presumably sometime Saturday night, and hurried home. He and a companion, J. W. Neeves, were out on the Concho River on a fishing trip.

Associated Press dispatches which gave the principal information obtained by his brother-in-law, Dr. H. Z. Pennington, said the two men apparently were unable to swim when their boat capsized as they were fishing. The two men left San Angelo Saturday afternoon and were to return about midnight or not later than noon Sunday. A searching party sent out found the bodies in the river early Monday morning. The watches in the pockets of the men had stopped at 8 o'clock.

O. W. FRY OPENS PRODUCE AND CREAM STATION HERE

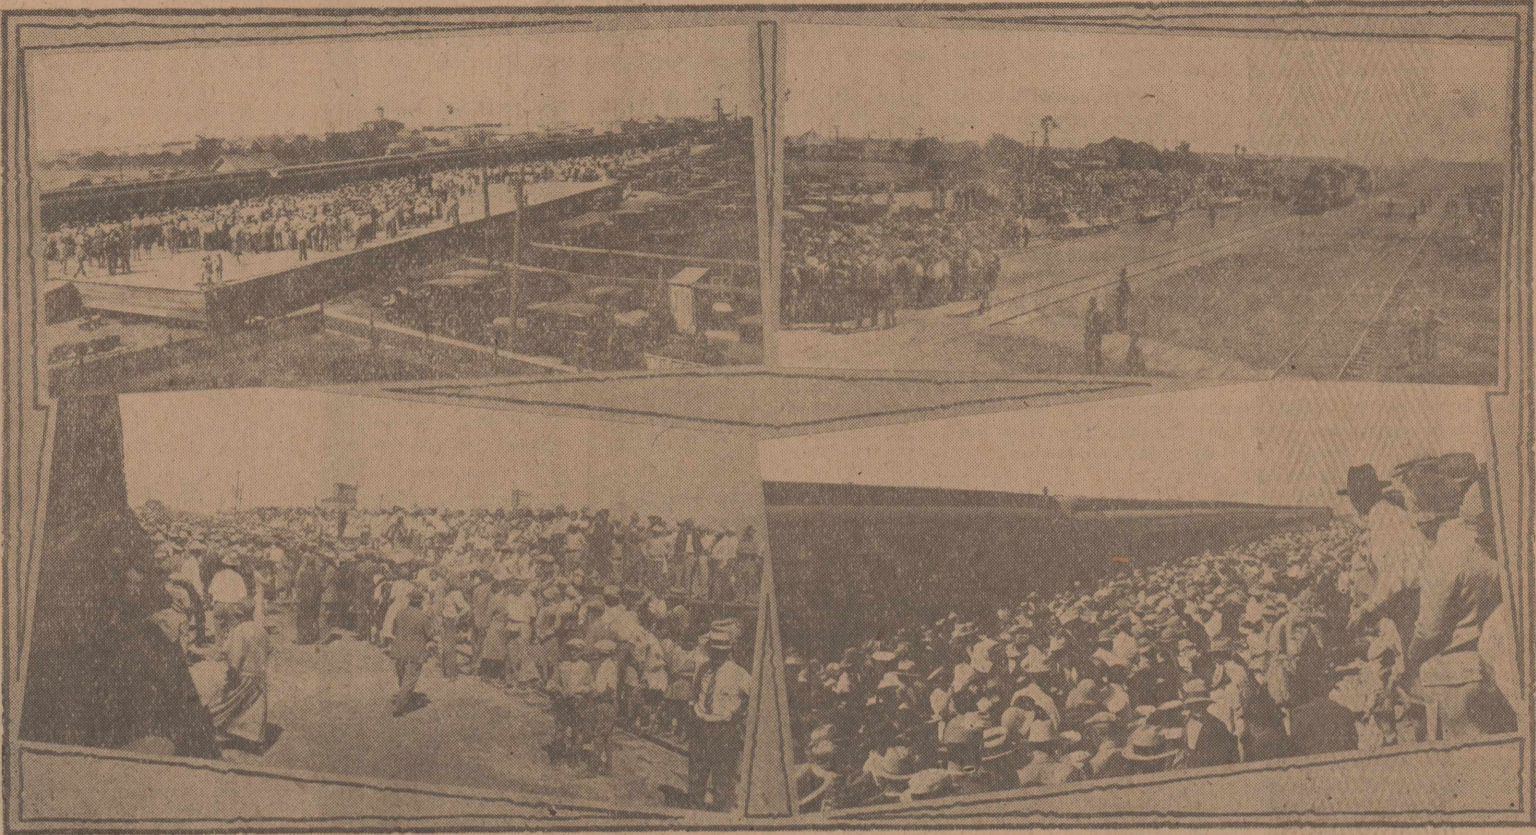

Olin W. Fry, of the Pleasant Valley Community, has opened a cream and produce house in Floydada, making his initial purchases from the producers of the first of the week. The new station is located at the Jones Market & Grocery on West California Street. Chickens, eggs, cream, produce and turkeys are included in the line Mr. Fry plans to handle.

Mr. and Mrs. Guy Buchanan and Mr. and Mrs. R. R. Overman returned home Wednesday of last week from Houston, Austin, and other points in central and southern Texas where they spent half a month on a vacation and visit. They brought home with them some excellent samples of oranges, tame persimmons and soft-shell pecans.

Mr. and Mrs. Toll Nix, of Plainview were guests of Mr. and Mrs. M. L. Probasco last Sunday.

A. N. Gamble left last Saturday for Waco on a short business trip.

COTTON GATHERING STARTS WITH RUSH

County Federation Of Women's Clubs To Meet

"Interesting plans are being made to make the next County Federation meeting in Floyd County the largest we have ever had," Mrs. W. H. Bethel said Saturday in discussing the forthcoming meeting of the federation.

This organization is the only medium for bringing all the women of Floyd County together, it was pointed out.

"We need Lockney, Floydada, and every rural community in the county well-represented. Constructive and far-reaching things can be accomplished if the women of Floyd County will work as one body," she said; "Our county needs a common understanding and a definite goal."

The next program will be composed of numbers selected by Parent-Teachers' Associations, Study Clubs and Home Demonstration Clubs and it is hoped to have it arranged for next week's issue of the paper. The exact date and place for the meeting will also appear in next week's paper, it was promised.

Invitation to attend the forthcoming meeting is extended to every woman in Floyd County whether she is a club member or not.

South Plains Receives First Bale Of Cotton

South Plains Saturday received its first bale of cotton for the 1928 season, which was ginned Monday and sold for \$18.50 per hundred.

The cotton was raised by L. N. Chitty, eleven miles north of South Plains. 1413 pounds of seed cotton turned out a 525 pound bale. The business men of the town gave a premium of \$60 and the Browning Gin Company ginned it without charge. Mr. Chitty's total receipts from the bale being \$172.48.

Sunset News

Sunset, October 8.—Sunday school is progressing nicely. Bro. Nelson gave a very interesting lecture Sunday night.

Visitors with Mrs. J. G. Shearer Monday were Mesdames John Wilkinson, Mary Scott, Dan Piland, and Jessie Counts. Mrs. Shearer has been very sick, but is much improved now.

Sunset school children are rehearsing their play "Mammy's Lil' Wild Rose" with the idea of presenting it to neighboring schools, to buy equipment for the school.

Mr. and Mrs. Chas. Knierim and family attended the North Side Singing Convention Sunday. They reported a good time.

Mr. and Mrs. R. M. Haverty visited with Mr. and Mrs. Newton Nelson Sunday.

Miss Ruth Childress visited Dorothy Stevenson Sunday.

Gathering the 1928 crop of Floyd County cotton got under way this week with a rush, following two-weeks of ideal cotton opening weather, and last night gins of the county checked up their first after-supper runs. Probably half of the cotton fields of the county have plenty of cotton open to start crews to work and pickers are in demand.

Staple Is Good
Last night from incomplete reports gathered by The Hesperian, this office estimated the ginnings to date at 500 bales in the county. About seventy-five bales were ginned in Floydada yesterday before night and ten or twenty bales were ginned after 7 o'clock. McCoy, Joe Bailey and Lakeview were having fairly good runs also yesterday. The gins are not moving so fast in the north part of the county on account of more rain during August slowing down the opening of cotton. South Plains had its first bale on Saturday, which was ginned Monday.

First reports indicate that the crop this year, while certain not to be a record-breaker for yield, is going to be very satisfactory in staple and turn-out. Staple in the general run of the cotton being marketed is running seven-eighths to an inch in length and the grade is averaging middling. Quite a bit of strict middling cotton was marketed in Floydada Wednesday. Both staple and turn-out are in the farmer's favor and the color is good, generally speaking. An occasional sample shows a worm sign.

Coincident with the rapid opening of the crop has come a big demand for pickers. It seems probable from all reports that half of the cotton field in the county are ready to go into and the demand for picking crews began to be felt the latter part of last week, and a large number of pickers could be used this week in fields where there are now no workers at all. Gathering the feed crop is requiring quite a bit of the labor that is available and is adding to the demand for help.

Market Fairly Good
While farmers generally look upon the market as one or two cents under what it should be, on the basis of the government estimate of Monday, the upturn that followed the report has put a generally more optimistic outlook on returns from the crop, with indications that unless too much cotton is thrown on the market the price will likely hold steady for the present. 17 to 19 cents was being paid for the staple in Floydada Monday, with the staple and grade governing the spread between high and low prices paid.

Cotton seed was bringing \$32 at Floyd County gins yesterday, giving the farmer his ginning and from \$2 to \$4 per bale excess in cash. The cotton seed reports gathered at this office indicated that Lockney Cotton Oil Mill Company was receiving a large proportion of the seed being marketed.

Dr. Wilson Kimble plans to leave Sunday for Chicago where he will take a post-graduate course in optometry at the Northern Illinois College of Ophthalmology and Otolaryngology. He will also visit other eastern markets and buy holiday goods. He will be accompanied by Mrs. Kimble.

Mrs. W. H. Alexander has been at Levelland the past several days on a visit with her daughter, Mrs. G. W. Bell.

Jones' Gridsters To Play Matador Friday

Coming from under a heart-breaking defeat last week, the Floydada High Whirlwinds are making efforts to recover tomorrow afternoon when they clash with the Matador eleven on the Matador gridiron. Friday's clash will mark the Whirlwind's fourth game of the season, and their second game away from home. A large group of local football fans are planning to accompany the team to the neighboring town, and efforts are also being made to carry the high school pep squad of fifty girls.

Odds are stacking in favor of the Floydada boys in tomorrow's game. Last Friday the locals took 25 to 0 defeat at the hands of the Paducah team, while the Matadors were defeated by the Lockney Longhorns 30 to 0. Paducah's eleven is considered one of the best in the district, while the Lockney herd is classed in strength about an equal to the Whirlwinds. Floydada is doped to win from Matador.

Coach Jones will take his entire squad of gridsters, but states that he will probably start the same lineup that he used last week-end.

Pennington's Father Dies At Amherst Home

J. L. Pennington, 83, father of Dr. H. Z. Pennington of this city, died at his home in Amherst, Thursday night, Oct. 4, after a long illness.

The Masonic Lodge had charge of the funeral which was held Friday afternoon at the Methodist church at Amherst, Rev. Elder, pastor of the church conducting the services. Interment was made in the Amherst cemetery.

Mr. Pennington is survived by his wife, seven sons, Frank and Tandy of Amherst, Jim of Bluegrove, Joe and John of Post, Thady of Vernon and one daughter, Mrs. Minnie Maddox of San Angelo, and several grandchildren.

Miss Lena Pennington, high school librarian, and Joe Pennington, high school student, are grandchildren of the deceased, and attended the funeral of their grandfather.

Members of the faculty of the high school sent a very pretty wreath of flowers for the funeral bier, expressing their sympathy in the bereavement of the Pennington family.

Muncy News

Muncy, October 8.—Several of the farmers in this community have begun picking cotton this week.

Miss Jewel Williams spent Sunday with her mother at Lockney.

Mr. and Mrs. Jack Hough moved to their home Saturday.

Mr. and Mrs. John McDonald moved to Lockney Saturday where their children could attend school.

Quite a few of the people of this community were in Lockney Monday afternoon.

Not in recent years has an event stirred this section of the plains area more than the arrival of the Quanah, Acme & Pacific Railway Company's first all-steel passenger with Pullman equipment, on October 1. The train carried more than 700 persons.

Upper left, looking northwest toward the business section, is shown the large crowd on the railroad company's cotton platform after the train came to a stop.

Upper right, the train as it pulled into the station with a portion of the crowd awaiting its arrival, the rear coaches hidden by the dust.

Lower right, a part of the crowd of passengers after they began eating lunch for which they were given plates as they alighted from the train.

Lower left, looking over the crowd from a corner of the cotton platform, while the brief speech-making ceremonies were in progress.

The railway company's \$40,000 station, now under construction is not shown in the pictures.

Legion Post Has Big Contingent At Santone

McDermott Post has a big contingent at the National Convention of the American Legion in San Antonio Texas, this week, where a hundred thousand or more Legionnaires are gathered, the first time the convention has come to the southwest since its organization now nine years ago.

Included in the list of those present at San Antonio from Floydada are at least four ex-commanders of the local Legion Post, and the present commander, Thurmon Bishop, and a number of them are accompanied by their wives.

Following is the list of those attending from this Post or with the Floydada contingent, who left Friday morning to Sunday morning, principally by auto: Mr. and Mrs. J. M. Willson, Mr. and Mrs. Robt. A. Garrett, Mr. and Mrs. W. L. Fry, Mr. and Mrs. C. H. Davis, Mr. and Mrs. J. C. Gilliam, Mr. and Mrs. T. P. Collins, Mr. and Mrs. J. E. Dickey, Mr. and Mrs. A. B. Keim, Mr. and Mrs. Robert McGuire, Mr. and Mrs. John H. Reagan; Messrs. Homer Stanley, Thurmon Bishop, Joubert Clements, Jno. W. Maxwell, H. D. Porterfield, E. C. Nelson, Jr., of Amarillo; Misses Jean Ayres, Lucille Mitchell, and Cecil Mitchell the latter of Plainview.

South Plains News

South Plains, October 8.—South Plains Gin ginned their first bale of cotton today.

Mrs. Gilbert Bean and children went to Lamesa last Friday to visit with relatives.

A. B. Brown of Lockney was in South Plains last Saturday on business.

S. R. McKinnon, formerly with the Cameron Lumber Company, of this place, was here last week. Mr. McKinnon has accepted a position in Carlsbad, N. M., with another firm and is moving there soon.

Mrs. W. D. Clark, Mrs. Phegley and children were shoppers in Floydada and Lockney Saturday.

Mamie Lou Jarnigan spent last week in Lockney visiting friends.

Mrs. Homer Harper entertained a number of relatives and friends with a Sunday dinner in honor of her little daughter, Fannie Margaret's birthday.

FLOYD CO. IN NEW ROLE AT ST. FAIR

(By Ed Bishop)
Dallas, Texas, October 10.—The thousands of visitors to the State Fair this year are seeing Floyd County in a different light from any previous year, the exhibit prepared by Floydada and Lockney Chambers of Commerce distinctly bringing out the fact that this county leads all others in the construction of new rail lines.

Feature New Industries
By the use of a map painted on the background, every railroad, highway and town is shown and the population of the county, the valuations and the rural schools. The floor of the booth is used to visualize the county's progress by the use of a miniature electric train, gin, elevator, a rural school, the sand and gravel deposits in northeast Floyd County. The Floydada Country Club occupies a prominent place on the floor showing the nine-hole golf course and Blanco Canyon.

In the opinion of those in charge of the exhibit, the county has never received as much contact advertisement in all the other exhibits as it did on Tuesday, Dallas Day, when more than 140,000 visitors were at the fair.

The booth is non-competitive, as is also Hale and Lubbock Counties.

In the Home Demonstration Department, Campbell Club won third place on best complete exhibit, Allie Glass first on hemmed patch, Donna Belle Murphy third, Allie Glass also won second on history record book.

Floyd County wheat again placed first in general exhibit.

Inspector Checks Up Free Delivery Request

An inspector for the Post Office Department Tuesday of this week made an inspection locally to determine the need for the best manner of providing free mail delivery service in Floydada, and his report will be made to the department upon his return to headquarters.

In company with Postmaster J. D. Starks and J. G. Martin, local business man, the inspector rode over the city checking up on residence locations and determining the most feasible manner of handling the deliveries to be recommended in case free mail delivery is made effective by the department.

More than a hundred local people signed a petition asking for the service recently, following the installation of street intersection markers and house numbers. A check by the Chamber of Commerce indicated the situation here would justify the request for the service.

Band Uniforms Free Of Debt, Lundgren States

Letters were sent out last week by A. L. Lundgren, director of the Floydada Municipal Band announcing that the band uniforms are now fully paid and thanking those whose donations made this possible. Floydada is the only town of its size on the plains that can boast of having a uniformed band, Mr. Lundgren stated.

"The personnel of this band is far superior to any I have ever been connected with, and represents the very best element of our city. Character is of paramount importance in an organization and is being reflected, all our public appearances. He will dig into his pockets for you, deed your friend, and in behalf of the band, its directors, and officers we wish to assure you of our gratitude," the letter stated.

J. R. MADDOX & COMPANY OPEN STORE AT JOEBAIL

J. R. Maddox heads a store which is opening a store at Joe Bailey in the location occupied by the Joe Bailey Cantile Company north of Joe Bailey Gin. A stock purchase of Lockney some weeks ago is being added a general merchandise including groceries.

His partners in the business include some of the leading of Joe Bailey and vicinity.

INFANT CHILD

The infant child of Clarence Smith, of Floydada, died Saturday afternoon in Floydada Cemetery.

Elder E. B. Mullins conducted the funeral at the cemetery.

Miss Mabel Steffy returned the first of the week from a brief stay with relatives in Colorado. Her nephew, Palmer B. accompanied her to Floyd city, returning Tuesday.

Ten Lamb, of Sterley, visited by his two daughters, Harris, visited Monday with J. B.

BUILDING BY ORGANIZING

Just what success Hale and Deaf Smith County dairy organizations will meet with in their competition at the fairs where they are showing their purebred dairy herds this fall, we are not sure—at least what success so far as taking the blue ribbons. As to their success in leading on toward the breeding of better dairy cattle, better production of dairy products at lower costs and similar things, there can be little doubt. And attracting to themselves the attention of the territory and state, they must undoubtedly put themselves in better position when it comes time to market.

Many communities elsewhere have tried the plan and found it lucrative. It is nothing more nor less than getting together and advertising themselves and their products. Where one dairyman could not afford to go to the expense of preparing, shipping and caring for one or more head of jerseys from a small farm, all can throw in together and get almost identical results at a price each can afford to pay. They are doing things in Hale County, and Deaf Smith, that will certainly come back to them in dividends, and indirectly be of great value to the entire section.

CITY OF 15,000

If you are a resident of Floydada and are building for the future here, what is your idea of the future of the community? On what expectation are you building? What is the town's future ten years hence, or twenty years? Are you studying trends and definitely pinning your faith to the community and its future or are you just living here, hired out or in business, just because you've got to live somewhere and it might as well be Floydada? If it is the latter, you should move. If the former, what opinion have you and how are you making your investments "jibe" with the faith that's in you?

A man, a good student of towns, territories and trade possibilities, in Floydada Monday of last week, in a note not for publication, to The Hesperian office, says Floydada should be a town of 15,000 in ten years. Another on the same mail, puts the figures in twenty years quite a bit more than twice that number. One of them tempered his forecast, however, with the thought that a great part of the growth forecast depends upon citizenship. They made a wonderful impression upon him, he said, on the occasion of the first passenger celebration. Then he spent a day or two going over the territory, and his forecast followed. His only question mark was what would the citizenship do. After all, that's the only question, within certain limits, about any community where opportunities abound such as are here.

THE LEGIONAIRES MEET

Members of the American Legion—ex-service men and their wives are meeting in San Antonio this week from all over the United States. They are out for a good time and a reunion with friends of a former day. Floydada is furnishing her quota, and it just occurs to the writer that if all the ex-service men in business in Floydada today were in San Antonio about two-thirds of the jobs would be vacant temporarily.

It hardly seems possible that the world war was ten years ago. Maybe it was only last year or the year before or possibly it was five, one would think without turning back the calendar. Only a year or so ago, it seems, the drums were beating and the boys were marching in squads of ten, twenty and thirty for the camps. And now, on Armistice Day, ten years after the close of the conflagration, they are off for a picnic of a few days out of the stores and factories and off the farms, the backbone of the business—out for a jollification and reunion.

MAKING ENDS MEET

Some are having trouble making ends meet, whether printer, banker, farmer, dry goods merchant or not, read this from the Ham Feather: "The animal has its flea; every man has his trade abuses. Men are disturbed over the question of countless farm and private homes which accommodate tourists for overnight stays located outside the city limits to taxes and obviously for less than city value."

How many of you can count on it? It will not concern itself with the money of any organization. Let chain stores take the livelihood of the retailers, let mail-order houses wax and flourish, let peddlers undermine the strength of those who pay down—public will not interfere. After all, the dear old public is closely concerned with making ends meet to both the business of firms and the individual.

An institution that butter and jam and jam was spread, make ninety

cents equal the purchasing power of a dollar, any corporation that can sell a six-cylinder car for the price of a four, gets the support and the trade of the public.

Don't ever count on a dying institution getting a lot of sympathy from anyone. A certain store was heard to be slipping financially. "Let's not go in and buy this week," the customers whispered. "Next week maybe we'll get things for half price!" So they did.

Business is sometimes hard and cold. The constitution of these United States gives us all full opportunity to prosper or to starve, to death. If we can't make a living operating our own business, we have full permission to quit business and go to work for someone else. Perhaps after all this is the best way. Then if you do make good, it means something.

OUR SCHOOL NEEDS

Needs of Floydada Public Schools are growing, physical needs to meet physical necessities,—housing, equipment, etc.—of the fast-growing student-body. These needs make demand for more money and there is nobody to pay except those who have property within the confines of the district which can be reached by taxation.

What every citizen should appreciate, and will appreciate upon giving thought to the subject, is the fact that the school board is making every effort to hold the school expense to the lowest point consistent with efficiency. Economy below that point would not be economy, of course. School boards and city councils and commissioners courts always have a warm place in The Hesperian's estimation. Nearly always made up of good, substantial citizens who labor, many times, at very considerable loss to their personal affairs, they divide their time between their own affairs and those of the public, and strive to make the most of the money which the public may put in their hands. This is certainly true of the present school board. And, with this thought in mind, that they are not going to spend any unnecessary money, the public is going to support them sufficiently to run an efficient school.

KNIGHTS OF COLUMBUS 'OATH'

During the present political campaign the old Knights of Columbus "Oath," that spurious thing that got into the Congressional Record in the course of a congressional election contest, has bobbed up again, and its capacity for multiplying hatreds and misunderstandings between men of different religious beliefs, is making itself felt.

For those readers of The Hesperian who have some consideration of their own welfare, even in political matters, we suggest the following two things: First, the Knights of Columbus ritual, in its entirety, has been submitted to a committee of thirty-second and thirty-third degree Masons who have exonerated the Knights of Columbus of the heinous charge of taking such an oath.

Second, persons printing, publishing and circulating this "oath" have been criminally prosecuted successfully in five states of the United States and in one province of Canada.

In other words, the further away from this thing a sensible man can stay, the better off he will be.

Mr. and Mrs. A. N. Bratton and children left Friday for Indianapolis, Indiana, where they will visit Mr. Bratton's parents and other relatives. They will also attend the world's series baseball games and return October 15.

T. P. Guimarin spent Thursday and Friday in Lubbock attending the fair and taking treatments for his ears.

'Round The Square BY OLD BATTLEAXE

Old Battleaxe is going to talk about music this week. Yep, we know that we are not musicians, nor music critics, but we are going to talk about music just the same, so there's no need for everybody to get all frustrated.

Mankind has always loved music. In every phase of history, you will find that some form of music has always existed. Even the most savage of heathens have each had some kind of noise that they called music.

A vivid illustration of the savage's music is our modern jazz.

The most beautiful music we have heard recently was the "17-66-94, Hike" at last Friday's football game. It was plumb pitiful, but it was good. F. H. S. suffered the worst defeat this season that she had in years. But it is no fault of the boys, nor this year's coach. Every player put forth his best, and Coach Jones' teaching showed up beautifully. We just didn't have the stuff from last year.

O. B. was trying his best to produce some real high class music last week, when the boss said, "Say, had you just soon sing?"

So we kept quite (for about five minutes). Safety First is our Motto. Which reminds us of a smart crack by one of our California Street friends. We says: "So you call these safety matches, eh? Why, the darn things won't even strike." "Well," he says, "What could be safer?"

"Contract was let Saturday for paving the County's portion of the street round the square"—ah! There is the sweet music of prosperity, and progress. Congratulations, Commissioners.

Funeral march to the tune of "It ain't gonna rain no more" is about the way the High School pep squad did their stuff last Friday. Really, folks that pep squad is about the keenest group of girls we have ever had in this city, and we ought to be real proud of them. All full of pep, and gee whiz, every one of them good lookers too.

With it's new train, gins in action, and building going on all time, Floydada is a town that can be heard a long way. At night, it's beautiful lights loom up in the dark for miles. But one of our prides, the County Court house, it not visible even two blocks from the square. How about some lights on the dome? They will more than be worth what they cost.

After all, folks, there are lots of different kinds of music. What one likes to hear, is music to his ears. This old world is just full of music if you will just listen for it.

That Saliva Slinger round the square says that most of our young boys are all A. W. O. L.—After women or liquor.

But why worry? Modesty can still be found in the dictionary.

Mr. and Mrs. E. C. McReynolds spent last week end in Amarillo visiting his mother Mrs. J. L. McReynolds and other relatives.

Mr. and Mrs. Jim Pennington of Bluegrove, Texas, were here Saturday for a short visit with his brother, Dr. H. Z. Pennington. They were on their way home from Amherst where they attended the funeral of Mr. Pennington's father.

ISSUE OF OCT. 15, 1914.

The 'Floydada High School boys won another ball game on the local diamond last Friday from the Lockney High. The game was a good exhibition of the sport. At the beginning of the last half inning, the score stood 10 to 10. With two men on bases Robert McGuire knocked out a home run that brought in the three scores that won 13 to 10.

Sheriff A. C. Goen returned home Wednesday from an extended official business visit to San Antonio.

The Red Lodge and Blue Lodge of the local Masonic order, who are joint owners of the 50 foot front brick on the northwest corner of the square, are now owners of 22 bales of cotton bought on the Floydada market and paid for from funds secured from rents on the lower story of their building. The Finance Committee paid 6 and 7 cents per pound for the cotton and are planning to hold it until the market reaches a better price.

R. F. Brown has purchased the old McAndy Theatre Building on West California and is this week razing it. He will use the lumber in the construction of two neat residences in the southeast portion of town.

'An Unpleasant Subject'

All of the functions of life are not pleasant to consider. Perhaps this is why some mothers refuse to think that such symptoms as restless sleep, loss of flesh, lack of appetite or itching nose and fingers in their children, can be caused by round or pin worms. Many mothers have proven, however, that a few doses of White's Cream Vermifuge, that sure and harmless worm expellant, will make these symptoms disappear. You can get White's Cream Vermifuge for 35 cents per bottle from FLOYDADA DRUG CO.

Dangerous Bus

Our stomach and digest are lined with membrane delicate, sensitive and easily injured. It is dangerous business, the medicines containing harsh salts or minerals, when we stipulated. In addition to the pain of injuring the linings of our system, these medicines give only temporary relief and may prove harmful. The safe way to relieve constipation is with Herbine, the cathartic made from herbs, and acts in the natural manner intended. You can get Herbine at Floydada Drug Co.

ANNOUNCING THE NEW W-W

HAMMER TYPE FEED GRINDER

We have a complete stock of these feed mills on our floor.

With our abundant feed crop you can well afford to use one of these mills, which will convert your grain and bundles into a well balanced ration for all farm animals.

With this mill, you will find that you can do this work at a minimum cost as you have no gears or burrs to break. No knife to grind.

The only working parts on the mill are two Timpkin heavy duty adjustable roller bearings which run in a bath of oil.

If you are interested in getting 100% of the feed value from your feed, come in and see this mill and let us explain to you their many superior qualities.

Do You Realize that Winter is Just Ahead?

Hardly seems possible, does it? We barely get adjusted to the good old summer time when the cool nights begin to forecast the coming of winter.

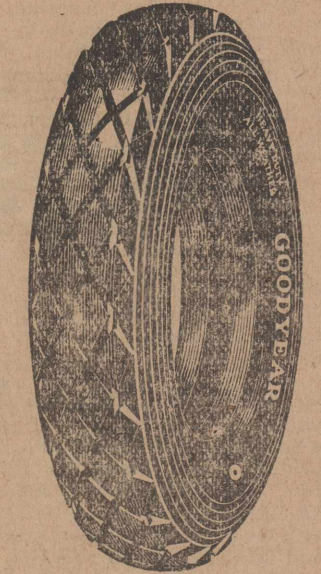

Next on the buying program, therefore, is the winter's coal supply.

That is a task that the average citizen puts off until the family begin to wrap themselves in blankets. Then, when the order is placed, he finds that about a hundred other citizens want their coal just as promptly as he does.

We extend our sympathies to our local coal dealers under these trying circumstances. We haven't heard them complaining, but we know that they are annually subjected to a heavy rush that could just as well be avoided if we all ordered our coal early.

Every year we have winter here in this section of the country. Every winter brings cold weather, and cold weather brings the necessity for heated homes. A little foresight this year in the matter of coal orders will relieve the rush when the first cold snap comes, and will be greatly appreciated by our coal dealers, we're sure.

METHODIST CHURCH

Ben Hardy, Pastor.

We had a splendid service on last Sunday, good large crowd for the morning hour. Our choir practices every Thursday night at 7:45 at the church.

Our Sunday School is doing fine. The high school league is starting out with good promise under the direction of Miss Sadie Miller and Miss Peggy McKinney.

We welcome new-comers and strangers. We had four additions Sunday morning and are having them nearly every Sunday.

Let's put forth effort to close out the year in good shape and keep our record up of everything in full.

PREACHING SERVICES AT LONE STAR AND AT SUNSET

You are cordially invited to attend the following services next Sunday: At Lone Star: Sunday School at 10 a. m.; preaching at 11 a. m.; pray-

ing at 7:15 p. m.; and preaching at 8 p. m.

At Sunset: Sunday school at 10 a. m.; preaching at 3:30 p. m.

Wife and I have been to Chillicothe this week to visit her mother, Mrs. W. H. Lance who has been very ill.

J. N. S. Webb, Pastor.

Announcement

Instead of preaching at Mayview next Sunday at 11 o'clock, I will preach at Dougherty in the Woodridge Lumber Company hall. Plans have been made, the hall will be well-seated and ready for service at 11 o'clock Sunday.

We cordially invite all the people of Dougherty and the adjoining communities to meet with us and work together for the cause and love of our blessed Savior.

AT THE BAPTIST CHURCH

Dick O'Brien, Pastor

We were greatly gratified Sunday by the fine crowds that attended

every service, and the fine spirit that was manifested in the different programs. Our Sunday school is swinging into step on a systematic program that is already showing fine results. We have just started. Two new unions are in full force in the B. Y. P. U. Federation, and we hope to organize two more next Sunday evening at 6:15.

We had a beautiful baptismal service at the home of brother A. A. Jones Sunday afternoon. We are very anxious to get our building completed so we can attend to the ordinance of baptism with more convenience. Two young men, Gilbert Nichols and Marion Heald were baptized.

Last Sunday's program will be continued next Sunday. We will study the second paragraph in the third chapter of First Timothy for the morning hour, and the subject for the evening service will be: "Can we know God; and can we know that we are right with him?"

Visitors always welcome, at our church, "The Church with a Program."

CUMBERLAND PRESBYTERIAN CHURCH

A. A. Collins, Pastor

B. F. McIntosh, Superintendent of Sunday School.

Sunday School at 9:45. Last Sunday was promotion day, a new class of intermediates was organized. This was an advance step for the Sunday school. It is the purpose of this Sunday school to make the hour worth while.

Morning worship at 11. Christian Endeavor at 7.

Evening worship at 7:45. Prayer and study hour Wednesday evening at 7:30.

You will always find a welcome at the Presbyterian Church.

FIRST CHRISTIAN CHURCH

F. L. Davis, Pastor

Services last Lord's Day were well attended in the morning. It was an annual meeting with dinner on the grounds. The dinner was fine and all present enjoyed to the fullest extent. Some were afraid the preacher would eat too much, but he didn't eat any more than he wanted and no evil resulted from it.

The reports showed the church had raised over \$960 for missions and a little over \$4275 for local work and missions. Also showed a balance in the council, Sunday school, Children's union fund, treasury.

The election of officers resulted in the selection of C. T. Stevens as deacon to succeed himself, J. T. J. Dawson, Ed Brown, and C. T. Stevens as trustees, F. L. Davis, Missionary, C. T. Stevens treasurer, J. B. Jenkins, secretary and W. Ed Brown, Clerk. The Sunday school officers were John A. Enoch, superintendent, Lon M. Davis, assistant superintendent, Miss Ruth Jenkins, secretary, Miss Ruth Enoch assistant secretary.

The council had a good meeting Monday afternoon to outline the work for the year. From reports we feel that they are going to work in dead earnest this year.

The services next Lord's day will be as usual. Sunday School at 10 a. m. with a class for each member of the family. Morning worship and communion service will begin at 11 o'clock. The Endeavors will meet at 6:45 and night preaching at 7:45. Preaching morning and night.

Weather and roads permitting, we will fill our appointment at Mayview at 3:30 Sunday afternoon. Those living in that locality are invited to attend.

On the 19th there will be a One day Convention in the First Christian Church in Lubbock. It will be a very interesting program. Missionaries from different counties will speak. We hope several from here will attend. Arrange to go now. The pastor and wife expect to attend.

The public in general and you in particular are invited to worship with us when you can. Remember the little church with a big welcome is anxious to welcome you.

Harmony News

Harmony, Oct. 9.—We had one half inch of rain last Tuesday evening, which was greatly appreciated. It has helped the wheat.

The farmers are making use of this pretty weather. The hum of binders and cluck of maize wagons is in the air very early and late, and this week cotton picking is in order and everybody is wanting hands.

Walter S. Hanna and H. M. Miller have both purchased new Chevrolet trucks.

Gerald Williams and Mr. and Mrs. Buck Adkinson, of Childress spent Sunday with their uncle, L. A. Williams.

Several from this community went to Lubbock to the Fair Saturday. They were Mr. and Mrs. L. A. Williams and family, W. C. Clubb, V. W. Hennessee and B. F. Brooks.

Miss Alta Seward is visiting her parents, Mr. and Mrs. J. A. Seward a few days. She has been employed in Slaton for some time.

Saturday night and Sunday we had some unusual attraction. The new Fort Worth and Denver had four loaded freight cars to derail and had the wrecker lifting them back on the track.

Miss Ruth Johnston was home the week-end from Plainview where she is attending school.

The junior boys were defeated by the girls in a contest in their class in Sunday school and had to entertain them. They had a very enjoyable evening at the home of Mr. and Mrs. L. E. Williams. They were served soda pop and cookies.

Hillcrest News

Hillcrest, October 8.—School is doing well but only seven or eight are in regular attendance now.

Mr. and Mrs. Ethry Hunt and children, of Grayson County, and Mr. and Mrs. Joe Fletcher and children, also of Grayson County, spent the week-end here in the home of their cousins Orval and Oscar Hix.

Mr. and Mrs. Jess Bartlett spent the greater part of last week with her father, Mr. Meek, of Fairview, and helped him gather a portion of his crop.

W. B. Garrison spent Friday and Saturday in Lubbock on business and in attendance at the South Plains Fair.

Mr. and Mrs. L. H. Lewis spent Saturday night in Floydada with their daughter, Miss Jennie Lewis.

Hershell and Annie Swepston were business visitors in Lockney Monday.

Miss Ora Scoggin visited in Silvertown with Miss Iris Crawford Sunday.

Mr. and Mrs. Henry Alexander of Idalou, and Miss Pearl Bartlett of Lorenzo, spent Sunday in this community visiting with their brother, Jess Bartlett, and with former friends and acquaintances.

Mr. and Mrs. J. B. Hurkhead have moved their children to Floydada so they will be more conveniently located for school.

Commodities Of Greatest Importance are Taken for Granted in the minds of those Who Use Them

—and it is especially true in the case of Electricity.

Few of us really take time to think what conveniences and comfort, electricity has brought to our daily lives. In some manner, to all of us it affects our comfort and pleasure—in the home and commerce it is the economical slave, ready and willing to our bidding on the slightest moment's notice—always dependable.

It is the duty of this public utilities to maintain that service to the point where it will ALWAYS be dependable and ready to serve under every condition. It is our pledge to our customers that this will always be the case—that we will keep just a step ahead in the equipment to supply this service—ready to meet the growing needs of the community we serve—ready for every emergency.

NOTICE

City Secretary of the City of Floydada, Texas, do hereby give notice of the things contained in the following ordinance.

ORDINANCE NO. 128

ORDINANCE OF THE CITY OF FLOYDADA, TEXAS, DETERMINING THE NECESSITY OF LEVYING AN ASSESSMENT AGAINST THE PROPERTY AND THE OWNERS THEREOF ABUTTING UPON A PORTION OF MISSISSIPPI STREET IN THE CITY OF FLOYDADA, TEXAS, FOR A PART OF THE COST OF IMPROVING SAID STREET, AND FIXING A TIME FOR A HEARING OF THE OWNERS, OR AGENTS OF SAID OWNERS, OF SAID PROPERTY, OR OF ANY PERSONS INTERESTED IN SAID IMPROVEMENTS, AS PROVIDED BY CHAPTER 106, TITLE STREET AND ALLEY IMPROVEMENTS, GENERAL AND SPECIAL LAWS OF TEXAS PASSED BY THE FORTIETH LEGISLATURE AT THE FIRST CALLED SESSION, MAY 9TH TO JUNE 7TH 1927, AND THE ORDINANCE OF THE CITY OF FLOYDADA, AND DIRECTING THE CITY SECRETARY TO GIVE NOTICE OF SAID HEARING, AND EXAMINING AND APPROVING THE STATEMENT OR REPORT OF THE CITY ENGINEER, AND DECLARING AN EMERGENCY.

BE OBTAINED BY THE CITY OF FLOYDADA: That, whereas, the City Council of the City of Floydada, Texas, has heretofore by ordinance duly passed and approved ordered the improvements of the following Streets, to-wit:

- Mississippi Street, from the West property line of Main Street to the West property line of Fifth Street.
Mississippi Street from the West property line of Fifth Street to the West property line of Fourth Street.
Mississippi Street from the West property line of Fourth Street to the West property line of Third Street.
Mississippi Street from the West property line of Third Street to the West property line of Second Street.
Mississippi Street from the West property line of Second Street to the West property line of First Street.
Mississippi Street from the West property line of First Street to a point 150 feet West of the West property line of White Street.

AND WHEREAS; plans and specifications for the improvements of said streets have been duly prepared and approved as required by the statutes and the ordinance of the City of Floydada; and

WHEREAS; as required by the said ordinance and statutes, after advertising for bids; the work of improving said streets between the points above named has been let to the L. H. Lacy Co., to improve with a six inch reinforced concrete pavement, including excavating, grading, and filling, and concrete curbs and gutters, and other necessary work in connection therewith, as provided by the said plans and specifications; and

WHEREAS; a written contract has been entered into by and between the City of Floydada and L. H. Lacy Co. on the 11th day of September A. D. 1928, for the construction of said improvements; and

WHEREAS; the said L. H. Lacy Co. has duly given bond for the performance of said work, and the City Engineer of Floydada has, in accordance with the ordinance and the statutes, filed his report with the City Council as to the cost of said improvements and as to all other matters required by ordinance and statutes;

Now, therefore, BE IT OBTAINED BY THE CITY OF FLOYDADA: That the report or statement of the City Engineer filed with the City Council, describing the abutting property and giving the names of property owners and number of front feet and the cost of the improvement chargeable against each property and its owner, having been duly examined, is hereby approved.

BE IT FURTHER OBTAINED; That the City Council does hereby determine to assess part of the cost of said improvements against the owners of the property abutting thereon, and against their property and that the total cost of said improvements shall be paid and defrayed as follows:

(a) The total cost of curbs and walks shall be assessed against the abutting property and the owners thereof.

(b) The City of Floydada shall pay an amount equal to the cost of improving all intersections of said street with other streets and alleys, said amount being equal to or greater than one-tenth of the total cost of said improvements (except cost of curbs and walks)

(c) After deducting the proportion of the costs provided in sub-sections (a) and (b) above the total remaining cost of such improvements shall be paid by the owners of property abutting upon said streets named to be improved, and shall be assessed against them and their respective parcels of land abutting on said streets, and said assessments shall be made in accordance with the provisions of Chapter 106, Title Street and Alley Improvements, General and Special Laws of Texas passed by the Fortieth Legislature at the First Called Session, May 9th to June 7th 1927, and the ordinances of the City of Floydada. The said assessment shall be made after the notice to such property owners and all interested persons, and the hearing hereinafter mentioned, and that the said portion of the cost of improvements to be assessed against such property owners and their property shall be in accordance with the Front Foot Rule or Plan, in the proportion that the frontage of the property of each owner bears to the whole frontage of the property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances, the City Council shall so apportion all said costs as to produce a substantial equality between all such property owners abutting upon said portion of said streets, having in view the enhanced value of that property and the benefits derived from such improvements, and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable as follows:

One tenth payable within sixty (60) days after completion of the work and its acceptance by the City of Floydada, Texas;

- One tenth payable one year after said date of acceptance;
One tenth payable two years after said date of acceptance;
One tenth payable three years after said date of acceptance;
One tenth payable four years after said date of acceptance;
One tenth payable five years after said date of acceptance;
One tenth payable six years after said date of acceptance;
One tenth payable seven years after said date of acceptance;
One tenth payable eight years after said date of acceptance;

One tenth payable nine years after said date of acceptance together with interest from said date of acceptance at the rate of eight (8) per cent per annum, and reasonable attorney's fees and all costs of collection in case of default. That the total proportionate part of such improvement which is contemplated to be assessed against such owners and their respective properties, and the names of the owners of property abutting upon said streets aforesaid, properties to be improved and the description of that property, and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof; which said sum does not and shall not in any event exceed nine tenths of the total costs of said improvements, except curbs, is as follows:

man, or have property or effecting to the said A. M. Hickman. The said Answer alleges that the man's Fund Insurance Company is sued its Policy No. 1203, to A. M. Hickman, in the sum of \$500.00 on a 1-story shingle roofed frame building situated on 640 acres of land, situated ten miles South-East of Silverton, in Briscoe County, Texas; also insuring in the amount of \$800.00 a barn adjacent, and \$150.00 on windmill and tower adjacent.

That said Company was served with a Writ of Garnishment in favor of First National Bank of Plainview, Texas, on August 6, 1928; That subsequent to the loss, said loss was adjusted for the sum of \$1300.00, and that said sum has been due to someone since the 20th day of May, 1928; that Garnishees understand that there is some question about whether said insurance money is exempt under the Constitution and Laws of this State to A. M. Hickman and his family.

That said Garnishees have been informed that Great Southern Life Insurance Company, a corporation, has a lien of some kind against the property. Garnishees further show that they do not know the residence of said A. M. Hickman, and pray for an allowance of \$75.00 attorney's fees. HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Floydada, Texas, this, the 13th day of September, A. D. 1928. (SEAL) TOM W. DEEN, Clerk County Court, Floyd County, Texas. 304tc

Law Abiding Attitude Praised By Clements The law abiding attitude of Floyd County people, along with their neighboring counties which go to make up the Sixty-Fourth Judicial District, was praised Monday noon by District Judge Charles Clements, who was a guest at the semi-weekly luncheon of the Floydada Luncheon Club, the judge pointing to the training being given the younger generation in the public schools and churches for better citizenship, "when they shall take our places."

The work of the grand jury during the present term of district court has disclosed that there is little crime in this county at present. Officers elected for the ensuing three months of the club year were W. E. Patten chairman, C. R. Houston, assistant chairman, Joe Breed secretary, and O. T. Williams puncher. Joe Breed and G. C. Tubbs reported on their investigations relative to the various service clubs and P. O'Brien and W. E. Patten made brief talks relative to the requirements of the various clubs, the latter also calling attention of the club to two constitutional amendments to be voted upon which teachers generally favor, he said. The first of these would make the State School Board an appointive office and the second would give a longer term of service to school board members.

A telegram from Ed Bishop urged attendance of a large delegation at the Briscoe County Fair the latter part of this week and a committee composed of Aubrey Bishop and R. Houston was named to work the plans for the trip, which it is suggested by Geo. A. Linder should be arranged to include a sidetrack to the Panhandle Sand & Gravel Company's plant in the north-east part of Floyd County.

BRUNK'S COMEDIANS WILL SHOW HERE ALL NEXT WEEK Showing in Floydada under the auspices of the Floydada Municipal Band, Fred G. Brunk's Comedian entertainers will appear in this city all next week. They will be located at the Martin lot at the southeast corner of the square, and will have shows each night. Brunk's comedians are not strangers to Floydada people, but those who have not heard them this year can not realize the great improvement which is seen in both the orchestra and the cast. Previous performances of the company have pleased highly, but there is a finished quality in both the music and the comedy that entitles Brunk's Comedians to rate as one of the best, if not the best, that has yet appeared in Floydada. A new and much larger tent, rain and dust proof, assures utmost comfort. Beautiful stage settings and brilliant acting make the comedies "go over big." And a new orchestra, too. Brunk's Comedians' orchestra could distinguish itself and win a great army of fans at any radio station in America. Brunk's Comedians will appear in this city this week only, and the show-going public is expected to take advantage of their appearance here.

Paducah Gridsters Smother Whirlwinds In 25-0 Defeat

Floydada High School Team Suffers Worst Defeat in Years Friday At Paducah.

Last Friday, for the first time in four years, Floydada High School Whirlwinds tasted defeat at the hands of a Class B football team before Thanksgiving Day, when they went down for a heart-breaking defeat before the powerful Paducah Dragons. The Dragons piled up 25 counters in the last three quarters of the game, and held the Floydada lads scoreless. This defeat was the worst Floydada High has suffered in years. Many fans claim that is the worst since 1921. Friday's game was the Whirlwind's first game away from home. It was played on the Paducah gridiron.

Although the score, 25 to 0, indicated a one-sided game, witnesses from both Floydada and Paducah declared that it was one of the hardest fought first-season games witnessed on the high school grid. The first quarter was scoreless. Paducah scored one touchdown in the second quarter, one in the third and two in the fourth quarter. In the first minute of play, Floydada carried the ball to within six yards of the Paducah goal line, and from that stage of the game on till the final whistle blew, they fought a terrific game and were making rapid strides toward the chalk line when the game ended.

"They were just the best" is the only alibi Coach Jones and his Whirlwinds are offering for the defeat. Light, inexperienced men facing a heavier squad in mid-season shape, spelled the defeat. Coach Jones started his eleven best men, and with only three substitutions, played the same combination throughout the entire game. The local boys were playing beyond their strength Friday, and although they put up a stiff fight, were unable to hold up under the steady grind of the Dragons.

Sweeping end runs behind perfect interference and an effective tackling and plunging line, proved too much for the local lads. Paducah's halves, Crump and Burkett, are claimed to be the best in West Texas high schools. Crump's speed, combined with his stiff arming and side stepping, made his end runs almost impossible to stop. With their line plunging big holes in the Floydada defense, Burkett drove through the opening for heavy gains. In the third quarter, he went straight through line for forty-five yards for Paducah's second touchdown. Crittington, quarter, and Lee, full back, also made several beautiful plays for Paducah.

In Floydada's squad, it is hard to pick the shining lights. It may be truthfully said that every man played at his best on every down. Welbourn measured up to his regular

standard with effective end-runs. Porterfield and Nelson made some of the prettiest offensive plays, while Newsome, Summerville and West made wonderful tackles on defensive.

The Whirlwinds took to an aerial attack in the early stages of the game and made that their main line of attack through the rest of the encounter. And their passes were so successful that the Dragons were kept in hot water every time Floydada received the ball. Nelson's passes to Welbourn and Porterfield were very effective.

Summary of the game shows the following: First downs—Floydada seven, Paducah twelve; Passes—Floydada completed nine, ten were blocked, two intercepted, Paducah completed six, eight were blocked, three intercepted. Punts and kick-offs, average—Floydada 32 yards, Paducah 29 yards. Scores—Crump scored for Paducah in second quarter with 15 yard end run. Burkett scored for Paducah in third quarter with 45 yard plunge through line. Crittington, Paducah, 15 yards for touchdown, and Crump around right end for 35 yards for touchdown in fourth quarter. All kicks for extra point incomplete except last. Officials referee, Connally, Quanah; headlinesman, Jackson, Lubbock.

Pep Squads in Action
Floydada's team was accompanied to Paducah by over one hundred fans and boosters. Floydada High School's crack pep squad of fifty uniformed girls invaded the city in caravan fashion and held a down-town rally upon their arrival. They were in action throughout the entire game and their snappy pep work won for them a warm spot in the hearts of every Floydada gridster as well as those on the side-lines. Paducah's pep squad of girls showed up well, and the two teams worked in perfect harmony.

The starting line-up of the two

grid teams was as follows: Paducah—Morgan, center; Ralston and Carr, guards; Dollar and Dammig, tackles, McCain and Biddy, ends; Crittington, quarter; Crump and Burkett, halves and Lee, fullback. Floydada—Newsome, end; McAda, tackle, Carter, right guard, Mathews, center; Green, left guard, Luttrell, left tackle; Summerville, left end, Porterfield, quarter; Nelson and Goen halves and Welbourn, full back.

Items Of Interest From Lockney Beacon

Hotel Is Certainty

Sufficient stock has been subscribed to build a \$50,000 hotel in Lockney, and the executive committee is now busy going over the plans and specifications, getting ready to let the contract, so that work can begin on the structure at once.

The hotel will have between 30 and 40 guest rooms, will have lobby, coffee shop, dining room and kitchen on the ground floor, besides there will be space on the ground floor rented mercantile establishments. The dimensions of the building will be 90x100 feet and two stories in height.

Artie Baker is going 50-50 with the stockholders in the building of the hotel, in other words for every dollar sold in stock, Mr. Baker will take one dollar in stock. The hotel is to be located on the northwest corner of Main Street, where the McCollum building now stands.

A board of directors selected recently at a banquet were Artie Baker, chairman, H. M. Mason, Geo. T. Meriwether, A. R. Meriwether, R. H. Wall, A. P. Barker and M. L. Williams.

Resident Building Boom

The building fever broke out in full force this week in the McKoy Place addition to Lockney, and as a result four nice homes will be erected in this addition at once. Those to announce plans to build are Linsay Busby, A. R. Meriwether, Dr. H.

H. Ball, and Uncle Pete McDonald.

Church Ready To Occupy

Some of the members of the Church of Christ have been very busy this week cleaning off the grounds about the new church building, and C. E. White spent Wednesday here leveling the ground off and planting it in blue grass.

If new pews for the church are not delayed, it is thought that they will be ready to begin holding services in the church Sunday, Oct. 7. This is one of the best church buildings in this section.

New Firm Announced

Messrs A. R. Meriwether and H. O. Shurbet have formed a copartnership and will open up an implement store in Lockney November first. The John Deere agency will be their implement line in this territory. Arrangements are now on foot for the erection of a new brick building on Main Street for their business.

Willie Shraeder Injured

Willie Shraeder, 17 year old nephew of Karl Samman, of the Providence community, met with a peculiar accident about 12:30 p. m. last Tuesday, when he was rolled against a barb wire fence and received severe cuts.

He was riding on the side of an automobile when the car drove too close to a barbed wire fence, penning the boy against the fence.

RASCO BUYS LEWIS CAFE

Eugene Rasco of near Dickens City has bought the Lewis Cafe from Lonnie Lewis and moved here with his family last week to take charge. Mr. Lewis moved the last of the week to take possession of a farm near Dickens City which he received in the trade.

With the change of ownership, the name of the cafe will be changed to Rasco Cafe, and Mr. Rasco said that he would be glad to have the people of Floydada come in to see him.

How Much Will Poor Ginning Cost You This Year

In these days of high production costs, there is little profit in raising a cotton crop only to have it improperly ginned.

Not the size of your yield, but the way it is ginned, determines how well you are paid for your work.

MURRAY HIGH SPEED LOOSE ROLL AIR BLAST GIN

will give you a better sample and larger turnout. This famous gin cleans the seed perfectly and prevents crimped, gin-cut "napped" cotton. No matter what kind of staple it is, the sample comes out clean and smooth. And buyers bid for that kind.

East Ward P. T. A. Have Interesting Meeting.

The East Ward P. T. A. met in regular session October 5, with Mrs. C. R. Houston, presiding. The meeting was opened with a prayer by Mrs. John West. The following program was rendered to a good representation of the mothers:

Piano solo—Mildred Houston. Building the Child's Library—Mrs. Harper Scoggins.

Pianologue, Little Boy Blue—Miss Hawkins, Mrs. Virgie Thomas at the piano.

Story telling in the home—Mrs. F. Stovall.

Local sources of books for children—Mrs. O. Stephens.

Piano solo—Arlie Carlton.

Vocal Solo—Mrs. W. E. Patten, Mrs. Ohmer Kirk at the piano.

A business session followed in which the P. T. A. voted to aid Misses Hawkins and Walker in the organization of an orchestra in the first grade. Plans were discussed and committees appointed to put on a Halloween Carnival.

The next P. T. A. meeting will be on October 19, at 3:15 p. m. It was voted to give the East Ward library a book shower on that date. Each mother of an East Ward pupil is invited to be present and contribute towards a better library for her child's use. Any old copies of standard magazines will be welcomed also.

The following officers were elected to fill vacancies: Mrs. Frank Johnson, corresponding secretary, and Miss Vera Hamilton, treasurer. Cooperation in the preparation of the East Ward Halloween Carnival from the parents is especially requested by the president and the committees actively engaged in formulating the plans.

Cumberland Ladies' Aid Meets With Mrs. Eubank.

The Ladies' Aid Society of the Cumberland Presbyterian Church met with Mrs. B. M. Eubank Monday afternoon at two-thirty, and after a devotional and business session they spent the afternoon working on quilts.

It was decided at this meeting that the society would serve a dinner on election day at some suitable place.

Mrs. Eubank served refreshments assisted by her daughter, Mrs. J. L. MacNeill.

All-Day Meeting of Pastor's Helpers.

The Pastor's Helpers Class of the M. E. Church held an all-day meeting Tuesday with Mrs. A. P. McKinnon as hostess, thirteen members being present, of whom three came in the afternoon, and there was one visitor.

At 3 in the afternoon a devotional service was held and singing joined in by the members with Mrs. D. D. Shipley at the piano.

From the dishes brought in by the ladies a delicious lunch was spread and all enjoyed the day, talking, embroidery, and in other ways.

In a brief business session Mrs. Lillie Britton, treasurer, reported a balance of \$15.89 in the class treasury.

If any quilts are obtained to make, the class will meet next Tuesday in the basement of the church to spend the day quilting.

All the class were glad to have with them once more their president, Mrs. R. M. McCauley, after her absence in Temple.

COMMUNITY NEWS

HARMONY CLUB NOTES

Harmony Home Demonstration club met in regular meeting at the home of Mrs. David Battey, Wednesday afternoon, October 3.

Miss Bass gave a demonstration on the Emergency meal that was interesting as well as instructive to the thirteen members and one visitor who were present. The salmon croquettes were delicious and many seemed grateful to learn of such an attractive way of serving this nutritious meat dish. We all found that we really enjoyed the whole wheat muffins and we are sure that they will be served more often in the different homes.

After the demonstration, Miss Bass emphasized the need and economy of serving more fish and oysters. Also vegetables both raw and cooked. She constantly brings home the lesson that the health of our families depends largely on our daily menu.

Also plans for another year were discussed and many good features of our exhibits at the Fair were mentioned. In all we thought it a very worth while meeting.

We were proud of our attendance at this meeting and let us continue to come regularly. We always miss something good when we stay away.

Our next meeting on October 18, will be with Mrs. Ramsey. The program is as follows. Roll call, the vegetable I serve most often; Leader—Mrs. Gary; facts to consider in planning a meal—Mrs. Finkner; Why plan meals?—Mrs. Hale; Classes of Foods—Mrs. Krause; Suggested Balanced Menus—Mrs. Smith.

Our club voted to meet at 1:30 o'clock during the winter months.

SUNSET CLUB MEETS

The Sunset Home Demonstration Club met in the Club room at 2 o'clock Friday, October 5. The house was called to order by the President. We took up some unfinished business and then discussed the Fair.

There were eleven present with five new members. We urge every member to be present on October 19 at 1 o'clock. Miss Bass will give us a demonstration on whole wheat bread.

ROSELAND CLUB REPORT

The Roseland Home Demonstration Club met at the club room Friday, October 5, with eighteen members and one visitor present. We also had one new member. Mrs. Delbert Bybee and Miss Ella Wilson, of Blum, were our visitors.

Miss Bass was present and gave an interesting demonstration on emergency meals.

The club also voted to carry out a co-operative plan in connection with our school this year and to have a Halloween program. Plans to be made for the program at our next meeting, October 19.

At the noon hour Miss Bass met with the school girls and organized

a 4 H Club. We are very glad to have this club in our community.

BLANCO DEMONSTRATION CLUB

Members of the Blanco Home Demonstration Club met on October 4 at 1:30 o'clock at the home of Mrs. J. D. Christian. Eight members were present, and two visitors. Miss Bass gave a demonstration on whole wheat flour and its uses. We made nice dishes which were fine and enjoyed by all present.

Our next meeting will be with Mrs. W. F. Daniels on October 18. Our subject will be "Making Daily work plans," and the following program will be rendered.

Answer roll call by telling "What I would do if I had thirty minutes a day all my own." Leader—Mrs. McPeak; When and How to plan the

work—Miss Noma McPeak; stages of Planning the daily work—Mrs. Daniels; Study of labor saving operations in the home—Mrs. Snell; Making the most of the income—Mrs. Badgett; and Can a house wife have a vacation—Mrs. Henderson.

ROSELAND GIRLS ORGANIZE

Miss Bass met with the Roseland school girls in the club room Friday afternoon for the purpose of organizing a 4 H Club.

The following officers were elected: Jewel Wright, president; Edna Brown, vice president; Ray Hays, secretary; Brucille Roberson, reporter.

We will meet on every first and third Fridays of each month. The first article we will make will be club apron and cap.

A hearing will be given and held by and before the governing body of the City of Floydada, Texas, on the 12th day of October A. D. 1928, at 9 o'clock, A. M. in the City Hall, in the City of Floydada, Texas, to all owning or claiming any property abutting upon said portions of streets, and to all owning or claiming any interest in any such property, or any to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portion of street or highway upon which the property abuts, and concerning the regularity, validity and sufficiency of the contract for, and all proceedings relating to, such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and owners thereof, and such assessments when levied shall be a personal liability of the owners of such property and a first and prior lien upon the property as provided by the law in force in the city, and under which the proceedings are taken, being the Act passed at the First Called Session of the 40th Legislature of the State of Texas, Known as Chapter 106, of the Acts of said Session.

The improvements on each said portion of street or highway constitute an entirely separate and distinct unit of improvement, all to the same extent as if entirely separate and distinct proceedings had been taken with reference to the improvements and assessments therefor in connection with improvements on each such portion of street or highway, and the assessments against the property abutting upon any street shall be and are in no wise affected by any fact or circumstance relating to or connected with the improvements in other streets.

Of all said matters and things, all owning or claiming any such property, or any interest therein, as well as all others in anywise interested or affected will take notice.

Done by order of the City Council of the City of Floydada, Texas, this 22nd day of September, A. D. 1928.

BURL BEDFORD, City Secretary, City of Floydada, Texas.

Fruit enough to make all the vinegar for a year's supply is often wasted in farm homes. Surplus or inferior grades of apples, grapes, peaches, oranges, persimmons, pineapples, and some berries may be used to make vinegar of the ordinary commercial strength (4 per cent acetic acid). The best method, according to U. S. Department of Agriculture, is to mash of the fruit. Nerves are present in human cancer, it is said.

Fire Resisting Materials

—do not add greatly to the first cost of a home and in the long run are cheaper. Brick and good stucco offer economies in heating cost, insurance cost and maintain a more even summer inside temperature. You save on painting cost in this type of exterior, which is becoming more and more popular for American homes.

Nothing can replace beautiful wood for home interiors.

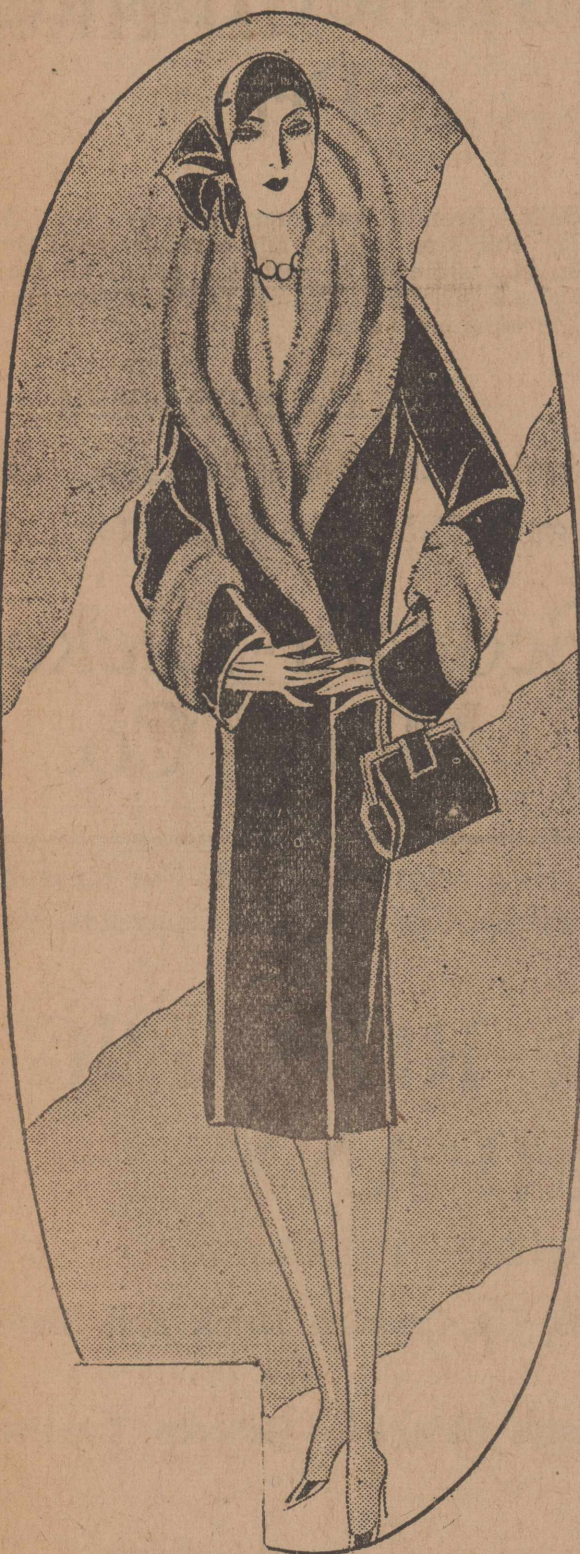

Whether you wish to make your home or building fireproof, fire resisting, or a fire trap we have the materials; but in the interest of through-the-years economy we strongly recommend the fire resisting type of structure.

NOTICE

My ranch land, located in the northeastern district of Floyd County and on the Quitaque River, is again POSTED and the road closed by lock and chain. Owing to the fact that my cattle are grazing on this land, we have found travelers and picnickers a nuisance. The scattering of cans and papers which is endangering the stock as well as causing more flies, and the difficulty of keeping fences in shape, make it necessary to stop the public from entering said land. Hereafter, any person found therein will be prosecuted accordingly. The Flomot road or Quitaque road is private and CLOSED to travel. All business matters handled at headquarters. N. A. A hearing will be given and held by and before the governing body of the City Floydada, Texas, on the 19th day of October A. D. 1928, at Nine o'clock A. M. in the City Hall, in the City of Floydada, Texas, to all owning or claiming any property abutting upon said portions of streets, and to all owning or claiming any interest in any such property, or any interest therein, shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portion of street or highway upon which said property abuts, and concerning the regularity, validity and sufficiency of the contract for, and all proceedings relating to such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and owners thereof, and such assessments when levied shall be a personal liability of the owners of such property and a first and prior lien upon the property as provided by the law in force in the City, and under which the proceedings are taken, being the Act passed at the First Called Session of the Fortieth Legislature of the State of Texas, known as Chapter 106 of the Acts of said Session.

The improvements on each said portion of street or highway constitute an entirely separate and distinct unit of improvement, all to the same extent as if entirely separate and distinct proceedings had been taken with reference to the improvements and assessments therefor in connection with improvements on each such portion of street or highway, and the assessments against the property abutting upon any street shall be and are in no wise affected by any fact or circumstance relating to or connected with the improvements other streets.

Of all said matter and things, all owning or claiming any such property or any interest therein, as well as all others in any wise interested or affected will take notice.

Done by order of the City Council of the City of Floydada, Texas, this 21st day of September A. D. 1928.

CROSS-FLOW RADIATOR

The cross-flow radiators in the cooling systems of the Pontiac Six and the Oakland All-American Six reduce to a minimum the evaporation of water and alcohol. An automatic thermostat prevents water circulation until the engine reaches correct operating temperature. As a consequence the engine warms up quickly and less choking is needed, reducing dilution of crankcase oil. Because of the protection the cross-flow radiator provides against losses of water and alcohol, the Pontiac Six and the All-American Six require less attention in winter than other cars. Also, through their thermostatic control, they reveal far better performance than other cars in their fields when the temperature is low... The cross-flow radiator is available only on the Pontiac Six and the All-American Six. Come in and see it. And learn while you're here of the many other advancements which only these two great General Motors Sixes provide.

Fall Feeding

Severity of seasonal fluctuations in milk production can be reduced to a considerable extent by proper feeding, according to Edgar Jones, manager of a local produce buying station.

"It is of interest to the producers in this region," said Mr. Jones, "to insure maximum milk production at all seasons of the year. Annual production figures can show a considerable increase only if summer and fall feeding is carefully worked out, and cows are given a proper ration. There is too much tendency to let the dairy cow shift for herself as long as there is pasture. This is bad enough in the early summer, when pasture is plentiful, but it is extremely serious in times of short pasture in late summer. Producing cows, to be kept at maximum milk flow, should receive a grain ration throughout the year, and, in late summer, when pastures are drying out or burned out, some roughage, such as silage, hay, or soiling crops is also needed. When the amount of grain fed is small, any farm grains such as corn, barley or oats serve the purpose. The grass supplies a liberal amount of protein. "When there is a grass shortage, such common feeds as wheat, bran, standard wheat middlings, so called 'brewers grain' gluten, cotton seed meal, and linseed meal, all of which are rich in protein, may be fed to good advantage."

If grain feeding has been kept up through the summer, Mr. Jones added, and is supplemented by roughage and protein feed in late summer and fall, there need be little fear of marked reduction in milk flow. The Minnesota Agricultural College has worked out a proper grain feeding schedule for cows on pasture. For Guernseys and Jerseys they recommend three pounds of grain for a cow producing 20 pounds of milk daily, four pounds for a cow with 25-pound production, five and a half pounds for 30-pound production and eight pounds of grain for a 40-pound daily production.

Holsteins, Brown Swiss, Tyshire, and Shorthorn cows will produce equal quantities of milk without losing flesh or getting out of condition on a slightly smaller grain ration. The ratio of the daily grain feed to daily milk production for these breeds is as follows: three pounds for 25-pound production, four pounds for thirty-pound production, 5½ pounds for 35-pound production, seven pounds for 40-pound production, and nine pounds for 50-pound production.

The college has tabulated the results of grain feeding experiments in cow testing associations in Minnesota during the entire pasture season. According to their figures, comparing herds on pasture only and those getting both pasture and grain, an average of \$7.46 spent for additional grain during the pasturing season gave a return of 68 pounds of fat worth \$27.50 at 40 cents a pound.

Many producers will undoubtedly see the wisdom for heavier fall and winter production, because it comes at a time when market values are usually higher than during the summer months.

Corpus Christi—Regular coast-wise service between Baltimore and Corpus Christi will be initiated by Baltimore & Carolina Steamship Company.

SHIPPING PRECAUTIONS SAVE HOGS

Shippers of livestock are paying more heed to the condition of their stock before shipment, proper preparation of cars for loading and proper loading of the cars. This is indicated by a check of two trainloads of hogs received in the course of a period of intense heat at one of the

large terminal markets. It was shown that in the past there were no dead hogs or two cripples. In the other two hogs had died and four were cripples. This was an example that bears out the opinions of supervisors who report to the United States Department of Agriculture that fewer hogs are killed and crippled in transit than was the rule a few years ago. In the past it was not unusual to find from 2 to 10 hogs dead in many cars when a high temperature prevailed at the time of shipment.

Mrs. F. T. Emert has been sick but is able to be up again this week.

Mr. and Mrs. W. W. Emert and son, Bert Lee, attended the Fair at Lubbock Saturday.

The wheat farmers of this place need rain on the wheat to bring it up.

Every one is busy now picking cotton and putting up feed.

CARD OF THANKS

We wish to thank the Chamber of Commerce, The Fair Committee, and the citizens of Floydada for the many courtesies extended us during the Floyd County Fair. And to say "we are glad we are a Floyd County Community."

Mal Jarboe left Friday of last week for Lexington, Okla., to be at the bedside of his mother, who has been ill for the past two months. Tuesday Mrs. Jarboe had word from her husband that his mother's condition showed some improvement.

EDINBURGH SCHOOL BOARD ADVISES ADOLESCENTS

A "letter of greeting and counsel," intended to give guidance in life choices, including spiritual matters, is issued by the education committee of Edinburg, Scotland, to all school children on reaching their fourteenth year. The school authorities impress upon the adolescent boys and girls the far-reaching consequences of their ideals and actions at this age, and the letter suggests

that the child should "seriously and scientifically" take stock of his preference, his possibilities, and how they may affect his after life.

She is Not Afraid of Fire

But YOU are, and should see that she keeps away from it. Observe Fire Prevention Week by safeguarding your home and loved ones from the many ways in which fires start.

In addition, check up on your fire insurance policies, and be sure that you are covered financially in case of destruction of your property.
