

## Q. A. & P. Extension Granted If T. P. & G. Can Finance

### Smallpox Scare Slows Down Wheels of Justice; Court House Is Fumigated

A negro with the smallpox all unwittingly slowed down the wheels of justice in the District Court for Floyd County last Friday morning, caused an outdoor session of the court and the continuance of several criminal cases, among them three cases transferred from Swisher County, which had been transferred here for trial.

The smallpox scare it now appears was all a tempest in a teapot, but it lasted long enough to cause the continuance of practically the entire criminal docket, so far as contested cases are concerned, and create a stir among court, county and city officials. The negro was moved about noon Friday and the building fumigated from top to bottom Friday night under the direction of City Health Officer Lon V. Smith, who said that persons entering the building after that date need fear no danger of contagion.

How the negro came to be in the court house is a mooted question. City Health Officer Smith said he quarantined the negro at a negro house in the rear of the Roy Snodgrass residence several days ago and the next information he had the negro was in the basement of the court house. The negro had left the place where he was quarantined and was found on the streets by a negro named Brown, a trusty at the court house. It is believed the negro was placed there by the negro Brown, Wednesday morning.

Sheriff Maddox was in bed sick at the time and when the suggestion was brought to him that the negro was on the streets without any place to go and that it would be better to have the negro in the enclosure in the basement of the court house formerly used as a jail, he told City Marshal G. R. Strickland to see the county judge and get his permission to put the negro in the old jail until some arrangements could be made. Strickland's statement is that after he left the judge's office he was informed that the negro had been placed in the old jail by Brown, a trusty negro being detained by the sheriff's department.

Both Mayor F. P. Henry and County Judge E. C. Nelson, Jr., disclaimed any knowledge of the fact that it was the intention to put the negro in the old jail building. "After the negro was in the jail Janitor Browning informed me of the fact," Judge Nelson said. "And while I am sure I would not have consented to putting him in the basement of the court house, since he was already there and the city making every effort to get a pest house in which to segregate him, I told the janitor a few hours more probably wouldn't do any more damage than was already done. I was gone the next day and did not know until my return that the smallpox patient had not been moved." Failure to get teams to haul a little house purchased by the city was the cause of the failure to get the negro out of the basement, Mr. Strickland said. "We located the house to put him in and expected to get the negro out and fumigate the building that night," he said. The negro with the smallpox stayed in the old jail from sometime Wednesday until Friday about noon. Friday night the jail and the entire court house building was fumigated.

Friday morning when Judge Joiner returned from his home at Plainview, after an absence lasting three days, he was informed that a smallpox patient was in the basement, and accordingly did not convene court in the District Court Room, but held a session on the lawn to dispose of a trespass to try title case in which the litigants and witnesses were present and waiting. Judge Joiner pointed out that it would be useless to attempt to force any criminal cases to trial where the matter was hotly contested. Monday the special veniremen, numbering 144, as well as the regular jury for the week, were dismissed as soon as court was convened, as were also the witnesses and the defendants in the cases called.

The grand jury which reconvened this morning will transact their business in the court house as usual. Foreman E. C. Henry is quoted as saying yesterday, unless some of the members of the jury or some of the witnesses called are afraid of contracting smallpox, when the session might be moved. Since City Health Officer Smith states that there is no danger of contracting the disease from germs in the building no objection is likely to be raised by any of the members.

While a number of contested cases were continued Monday, it will be necessary to hold at least five trials of cases on the criminal docket, Judge Joiner said Monday. These are for two men who are unable to make bond and are being held on charges and for three others who want to plead guilty.

"While we do not anticipate any further outbreaks on account of the fact that the smallpox negro left the quarters where he was quarantined, the whole matter is much to be regretted," Mayor F. P. Henry said. "Especially the report which has gained credence in neighboring cities to the effect that there are many cases here and the disease raging. We have had a total of three cases in Floydada, two of which were transients and one a resident. We have traced the origin of the outbreak here and find that a negro a few weeks ago came through Floydada with the disease. He left town before we knew of it, and the cases which have followed have been exposures," the mayor said.

### Wet Equinox Brings Good Rain to South Plains Area

Floyd County's March Season Most Ideal in Recent Years. "Worth a Million to Wheat."

More ideal crop and range conditions prevail over Floyd County this year than in any March of recent years, farmers and stockmen are agreed, following rains of Saturday night and Sunday night over an area extending far eastward into Haskell County and westward into eastern New Mexico and north to Amarillo. Reports of the rain vary, from less than a half inch at the last-named point to two inches or more at Post and Slaton. Portions of Floyd County had around two inches of rain while the least reported is more than three-quarters of an inch. At Floydada the total for the two nights was 1.12 inches.

"The rain was worth a million dollars to the wheat crop of Floyd County alone," one prominent wheat grower said. "It gives an ideal season prior to planting time, too, and many row crops will be planted and brought to a good stand on this rain, even if no additional moisture falls," this farmer said. "Wheat was going good before the rain and is looking even better since. Taking the country as a whole the prospect for this crop is good on an estimated acreage ranging from 80,000 to 90,000 acres. Early grass and fine subsoil season are assured for the spring months.

### Paving, Funding Bonds Approved by Atty. Gen.

Early action in the matter of paving in Floydada is expected, following an announcement in Saturday's newspapers that the attorney general has approved the bonds of the City of Floydada for paving and refunding. The reports stated that \$35,970.32 worth of paving bonds and \$95,970.32 funding bonds had been approved. Official notification of the approval is expected by city officials any day. The bonds bear 5% per cent interest and have been sold, subject to approval.

At the city's office it was stated that all preliminaries have been completed, awaiting the approval of the bonds, and that the engineers are ready for advertising the paving work to contractors as soon as the details have been completed in connection with making the bonds valid obligations of the city. Intimation that the money provided by the bond issue may take care of more paving than the engineer's original estimate is coming from unofficial sources. If this is found to be true, when the estimates are finished and the bids are in, it may result in a scramble among property owners to see whose street gets the additional paving. Owners of property on West California Street are said to be anxious to have the paving extended on that street, while a portion of the owners on the two blocks west of the square bounded by California and Missouri and abutting on Fourth Street are wanting Fourth Street paved for one block.

Monday the city council accepted the engineer's specifications for the paving, covering different kinds of materials on which bids will be received. Bids are asked on several kinds of paving advertised to be opened by the city on April 19.

### "MADE IN TEXAS" IDEA SEEN IN WINDOWS OF RETAIL STORES

The "Made in Texas" idea is carried out in the windows of more than a dozen windows of retail establishments in Floydada this week, as business generally observes "Made in Texas" week.

The range of "made in Texas" windows runs from drug stores through to the dry goods establishments, all of which have very creditable windows featuring Texas-made products.

### SMITH MANAGER FOR SURGINER AND WHITE MOTOR COMPANY

F. A. Smith, for several months mechanic at the Surginer & White Motor Company, succeeds W. U. White as manager of the Star and Durant agency. Mr. White resigned last week to take the management of Floydada Drug Company.

T. H. Edwards has charge of the filling station service.

### Mrs. Joe Fox Convalescing

Mrs. Joe Fox, 11 miles southeast of Floydada, is convalescing satisfactorily at her home following an operation last week for appendicitis, performed by Dr. H. Z. Pennington.

### 1500 SCHOOL PUPILS ARE EXPECTED TO ENTER COUNTY MEET, LOCKNEY

Fifteen hundred scholastics, representing twenty-seven school districts are expected to participate in the Floyd County Interscholastic League Meet, which will be held at Lockney March 26 and 27; Floydada schools will send 500 pupils to the meet, it has been stated, and from this number last year's record of thirteen cups and the County Championship Cup will be beaten, supporters of the local schools believe.

W. D. Biggers, superintendent of the Lockney schools, is director general of the meet, and other officials are the following:

Director of athletics—Superintendent J. C. Wester, Floydada.

Rural school director—L. A. Cooper, of the Prairie Chapel School.

Director of debate—Miss Daltis Rea, Floydada.

Director of declamation—Miss Willie Merl Trapp, Lockney.

Director of essay writing—Miss Aileen Tate, Aiken.

Director of spelling—G. D. Tate, of the Sunset School.

Director of music memory—Mrs. Ruby Merrick, Lone Star.

Director of arithmetic—R. L. Glenn, Baker School.

Director of oral spelling—County Superintendent Price Scott.

Director of extemporaneous speaking—E. Ray Smith, Fairview School.

Judges are Mrs. Lang, D. A. Shipley and R. A. Terrell, of West Texas State Teachers College, Canyon.

The schedule of events for both days, the loving cups and their donors are as follows:

Friday, March 26, Literary Day

9 a. m.—Tennis, at high school grounds.

9 a. m.—Stock Judging.

10 a. m.—Spelling contest, senior, junior, and sub-junior, at high school building.

10 a. m.—Extemporaneous speaking. All contestants are expected to be on

(Continued on page 3)

### Judge Ayres Resigns Presidency School Board

Cause, Business Matters; Kenneth Bain Appointed as Successor, Mrs. J. M. Parsons New Faculty Member.

Resignation of Jeff D. Ayres as president of the Floydada school board and appointment of Kenneth Bain as his successor, also appointment of Mrs. J. M. Parsons to succeed Mrs. Lucille Weddington, who has resigned, as a member of the school faculty were the main things which transpired at a meeting of school board members Wednesday night, according to Secretary R. E. Fry.

Pressing business matters caused Judge Ayres to resign his position, effective at once.

Mrs. Parsons, who has been substituting for Mrs. Weddington, will assume her duties as a faculty member at the close of this school month.

### ROUTE TWO EXTENDS INTO SOUTHEAST PART OF COUNTY

Effective April 15, Route Two, Jeff Welborn carrier, will be extended from a run 31.4 miles in length to a route 48.5 miles in length and will reach and serve practically all of that territory from Lakeview east to Joe Bailey and northward from that point to Baker, in addition to the territory southeast of Floydada that it now serves.

Notice of the additional mileage given to the Route Two line was received by Postmaster Starks here this week. 17.1 miles are added to the length of the line, which runs to Joe Bailey store and is changed in the north portion of the route to go by Baker School thence south from Baker to the original line. Route Five was cut down two miles in length effective April 16.

### SECRETARY OF FARM BUREAU FEDERATION HERE FRIDAY

Arrangements for Drive for Farm Bureau Memberships Will be Perfected at Meeting by Leaders.

L. R. Campbell, of Dallas, secretary of the Farm Bureau Federation of Texas, will spend tomorrow in Floydada in conference with members of the Floyd County Federation, with plans in mind for an intensive drive in this county for memberships, it was stated Saturday by J. D. Christian, one of the prominent Farm Bureau proponents of this County.

Mr. Campbell will meet with local Farm Bureau leaders, with the Cotton Association field man, the County Agent, the Home Demonstration Agent and other leaders in agricultural work in this county, Mr. Christian said. The drive will be made later on, if the plans made at this meeting mature.

### WILL COLVILLE MARRIES; WILL LIVE AT WICHITA FALLS

Will Colville, son of Mr. and Mrs. W. M. Colville, of this city, was married Monday morning at 11 o'clock in Hale Center to Miss Mahota Gandy, of that city. Mrs. Colville, mother of the groom, and Jim Curry attended the wedding.

The young couple were in Floydada at noon Monday for lunch with Mr. Colville's parents, but left immediately for Wichita Falls, where they will make their home. Mr. Colville is a concrete contractor in that city. He was reared here and graduated from Floydada High School in 1921.

The bride's father is public weigher at Hale Center.

### MRS. G. L. BAKER DIES

Mrs. G. L. Baker of the Lakeview community, died of Bright's disease and pneumonia last Thursday afternoon at 3 o'clock. She was 51 years old, was born in Arkansas and had been living at Lakeview for a period of 9 years. Four children and a husband survive deceased. Funeral services were conducted by Elders Harris and Denton Friday afternoon at 4 o'clock, and burial followed in the Lakeview Cemetery.

### Col. Massie is Pleased With The Boles Report

Col. W. M. Massie, chairman of the Chamber of Commerce Railway Committee, was plainly pleased with the report of Examiner E. C. Boles to the Interstate Commerce Commission made public Friday, which, if accepted, he points out will serve all the south plains as well as they are asked, picks up the loose ends of at least two railroads and converts them into a part of a consolidated system and in addition gives the people on the T. P. & G. Route their through line at a cost of only a fourth more than if the contentions of the south plains towns only had been recommended.

Its a big victory, he contends, for the Interstate Commerce Commission and the practical application of the law which created it. "Every interest, including that of the public, which pays the bills, and the stockholder, who is entitled to a return on his investment, is taken care of, whereas, in a free-for-all scramble, a less area and smaller population might have been served with three and possibly four lines, none of which independently could have served as acceptably as in the plan proposed in Mr. Boles' report. Millions of dollars could have been saved the American public and as good or better system of railroads provided the whole country had the Interstate Commerce Commission been in operation for the past fifty years instead of the past five," he said.

"For Floydada and our personal interests, the report of Mr. Boles fits in with the idea we have long held, that this town is situated right geographically for a gateway, at the head of the Blanco Canyon and point blank above the best place on the whole Llano Estacado eastern caprock for miles and miles for a railroad to climb to the plains level," he pointed out.

"Naturally, Floydada would be greatly disappointed, if the alternative plan is chosen, and it appears that we could hardly fail to resist that plan. It would not be logical to allow the Denver to construct into the plains country at a cost of \$7,000,000 when approximately the same purpose could be served by the Frisco with an expenditure of only a million."

Mr. Massie believes that, the more the people of the plains country study the plan submitted, the stronger they are going to be for it. This is true at this time, with an exception here and there, he thinks.

### POSTAL CLERKS RECORDS HIGH IN SERVICE EXAMINATIONS

Postal Clerks W. B. Henry and L. T. Bishop, of the Floydada Post Office, made high records in the letter-throwing examinations conducted here last week by the chief clerk out of the Fort Worth office, who gave the local men their examinations Wednesday night of last week. Postal clerks must keep up with all the train connections in the state and adjoining state, as well as in a general way the connections which these trains make with all points of the compass in order that mail may travel the quickest and shortest route to the destination desired by the mailer. For this reason the periodical examinations are held, and although the postal clerk must have a high rating for efficiency and ability when he enters the service, the department does not take chances on inferior service, the periodical examinations being held to maintain the morale of the service as well as the efficiency.

Bishop's grade for mail dispatch was 99.75 per cent and Henry's 99.50. Each "threw" a total of 810 pieces of first class mail. The former's time was 21 minutes with two thrown incorrectly and the latter's time was 24 minutes with four routed incorrectly. N. W. Williams, assistant postmaster and clerk of the Civil Service Department in this county, said Friday the chief clerk credited the local clerks with a mighty good record.

### Floydada's Dream of "Gateway to Plains" Favored in Boles' Report

The story of the report of Examiner Boles for extensions of railroads into the plains country, so far as Floydada is concerned, is a short one. If the Texas, Panhandle & Gulf, Col. Powell's promotion from Seymour to Tucumcari, N. Mex., can attract backing from one of five principal railways of the southwest, other than the Denver or the Santa Fe, Floydada will get an extension of the Quanah, Acme & Pacific from MacBain and will have direct rail connection over a South Plains branch of the T. P. & G. to Fort Worth and Dallas—a one-line haul. In addition it will get another line to Plainview and a line to Lubbock.

### County Fair Discussed At C. of C. Meeting

Plan to Center on Agricultural Products and Combine Home Demonstration, Flower Show Exhibits

A "County Fair Program" featured the regular meeting of the local Chamber of Commerce, held last Friday night in the Boerner building, when George Linder talked on "How To Put a Floyd County Fair Over," Mayor F. P. Henry discussed "Community Exhibits," Miss Blanche Bass told of the Work and Plans of County Home Demonstration Clubs, and Mrs. M. F. Husky discussed the Flower Show. Mrs. George Linder also gave recommendations passed at the last meeting of the Nineteen Twenty-Two Study Club and presented for the approval of the Chamber of Commerce, the city commission and the commissioners' court.

O. P. Rutledge, president of the Chamber, opened the meeting, after which Secretary Eddie Bishop read the minutes of last meeting; they were approved as read, and Mr. Rutledge briefly told of the last Fair, held in 1919, and stated that the proposed Fair for this year was intended to feature agricultural products, also to combine with the exhibits of the home demonstration clubs and the Fall Flower Show.

Proper enthusiasm, particularly in the various rural communities, selection of the fair dates and officers at an early date, sufficient help for the dif-

(Continued on page ten)

### Drug Store Baird Bishop Robbed Sunday Night

Loss of approximately \$200 in merchandise resulted to the drug store of Baird Bishop at Kress Sunday night when three stores at that place were entered by burglars, a telephone message to Mrs. S. D. Bishop Monday morning stated.

An adjoining dry goods store was entered and a quantity of overcoats stolen, while a grocery store in the town was also entered, but a man sleeping in the latter place awoke in time to frighten the would-be thieves away.

Jewelry, fountain pens and a small amount of money were secured at the Bishop Drug Store, and no clues as to who committed the robbery were found. It is thought to have occurred about midnight.

### PLANS FORMULATED TO ORGANIZE FLOYDADA EGG ASSOCIATION

Decision to form an egg association in the Floydada territory was reached last Friday afternoon, when about twenty interested persons met with county agent T. Scott Wilson. Mr. Wilson was appointed to draw up rules for the organization, and no members will be enrolled until the rules are drawn up, which will not likely develop until after the breeding season is over, stated Mr. Wilson, or the latter part of April.

With the completion of the egg association it is expected that a more efficient system of marketing the eggs will develop, and that, eventually, eggs will be shipped in car load lots from this territory, as is now being done at other places. The eggs will likely be classified according to weight and color, and the initial membership in the organization is expected to reach approximately twenty-five persons.

### FINANCE MAN COTTON ASSOC. VISITED CITY LAST WEEK

A representative of the finance corporation of the Farm Bureau Cotton Association was in Floydada last week and a committee was appointed from among different leaders of the Cotton Association of the county to receive applications for productive credit, according to T. Scott Wilson, county farm agent.

The committee members were not made public and other information regarding the meeting and the representative himself is being withheld from publication at the present time.

### Solon Clements Recovering

Solon Clements, prominent real estate dealer of Plainview, is recovering from a severe attack of pneumonia at a sanitarium in Plainview. His condition was very grave all last week. He is a brother of Joubert Clements, assistant cashier of The Floyd County National Bank of this city, and of Charles Clements, District Attorney.

If the T. P. & G. cannot attract backing within six months, Floydada will not get any additional railway facilities.

Examiner Boles' report was made public last Friday morning, but wide scope covered by the report required more than an hour for Washington correspondents of newspapers the southwest to get its principal features sufficiently arranged to put on the wire. The first information received in Floydada was at The Hesperian office, through Maury Hopkins, Plainview, who gave a summary to from a special edition of a newspaper published there about noon. Following on these reports came more complete reports verifying the essentials of the early reports, except that the Q. A. & P. extension is not recommended in case the T. P. & G. do not finance.

Two plans are offered the consideration by Examiner Boles, the second alternative if the conditions of first are not met within a period of six months. The first recommendation is so comprehensive and gives tremendous recognition to the rail needs of the plains country that full import could not be realized first. It, in effect, gives more of connected territory and Fort Worth territory, and is generally hoped for by the people, gives every person a one-line

embraces two short lines, the T. P. and the G. T. & W., which terminators, all for only \$3,000, than would have been expending Santa Fe, the Denver and the P. had their petitions been granted. The T. P. & G. refused.

The line recommended is a G. T. & W., Dallas to Plainview, thence to Silverton, Tullia, Fridley, N. Mex., a distance of 100 miles, and a distance of 100 miles from Paducah to Floydada, Floydada to Lubbock, Plainview, unless in arrangements can be made with the Santa Fe thus recommended to go to the T. P. & G. their main line Fort Worth, and require branches into the territory.

Floydada, perhaps the first plan, that is mentioned. The request is asked for an extension of the Route. They they are given branches to Plainview and Lubbock, constituting Floydada as the first on the east plains, as a gateway to the west.

The recommendations mentioned "remarkable" by president of the Burlington credited as saying even. It will be done to have the recognition set aside and the Burlington given official recognition. Statements from the Santa Fe are cast although no official statement been made by President St. Plainview, Lubbock and L. Less interests are greatly in the findings and will fit the Denver plans adopted, these cities state.

The alternative plan by Mr. Boles, if the T. P. & G. finance and cannot interest system in their project, Denver be allowed to build program from Estelline to Plainview, from a junction near to Lubbock, and from P. Dimmitt; that the Santa Fe tied to build to Silverton; that Q. A. & P. be not allowed its line to Floydada. The Santa Fe to build 15 miles east from Floydada evident part in this decision of Mr. said that this extension of Fe would take care of the southeast of Floydada which for relief.

Predictions in well informed ears are that the final settlement matter may be as long as 18 months. It would appear that the Frisco would put up a branch to Plainview, and extend while other branches are to enter the plains territory second plan proposed. The future, however, as no settlement been made by officials of

That the Rock station to take over is conceded in Missouri Pacific next best position Southern Pacific the Frisco are aminer as the over the project

## MADE IN TEXAS

This is Texas Industrial Week in Texas, and everywhere there has been any considerable gathering of luncheon clubs, farmers and business men, their attention has been called by one or more speakers to the wonderful strides made by industry in Texas in the past two decades. And to the success in manufacturing in the state, many of the speakers have added the thought of the big steps the state has made in broadcasting its agricultural efforts to include things other than the crops of cotton and corn.

In addition to these two thoughts the sea has begun to dawn on Texas people generally that industry of whatsoever kind is only in its infancy in this state and that the opportunities presented in Texas are so big as to be

staggering in their magnitude. In every branch of industry, opportunity ahead in Texas is as wide as the horizon.

In Floydada the luncheon club revealed its members Monday of the idea of "Texas products for Texans" when they had a menu prepared as far as possible, of products manufactured or raised in Texas. It has been the same in nearly every city in Texas during the week. While Texas' population has been doubling in twenty years Texas' industry has increased its output 1,000 per cent. It's a great thing to live in Texas and particularly in this era of the state's history.

## RAILROAD NEWS

The railroad news of the past week, which is Examiner Boles' report, was particularly gratifying to Floydada in that it gives this community assurance that our territory was not overlooked by the examiner but in addition takes care of every other demand of the plains country for more adequate railway facilities. News dispatches do not make it plain whether Floydada is taken care of in case the second alternative is decided upon ultimately, if Mr. Boles' report is taken as a basis for determination. But in the first plan Floydada will have its "front door" opened, whereas we have been served from the "back door" all the time. Floydada people take a great deal of pride in pointing to the fact that this county has developed along with the rest of West Texas, and really ahead of most of it, in spite of the fact that against the geography of the situation,

the town has been appended to cities west of us for all commercial purposes because of the railway situation. Not that Floydada is not proud to be a station on the Santa Fe. Floyd County people maintain the Santa Fe is a real railroad, that it has not been a backward or unreasonable "citizen" in the community, and has helped tremendously to build up the country.

We believe however, that with a "front door" promised Floydada will truly be "the gateway to the plains," as it should have been for years.

It is a source of gratification to Floydada to know that not only have Floydada, Lockney, Plainview and Lubbock—south plains proponents—been taken care of admirably in the examiner's recommendations, but that that great scope of country lying along the proposed T. P. & G. route, long sorely in need of railway facilities, is given a main railway artery that will give that section an opportunity to develop. All of West Texas is good country. All of it needs developing. We do not have any part in that theory that to make a neighboring section develop need injure our section. Examiner Boles showed a bigger vision than we on the ground had, a better grasp of the needs of all the plains than was realized by the people themselves. And he has done admirably to report to the commission like he has done.

It would be better for the whole plains that his first recommendation be carried out, although if this idea does not prevail the alternative proposition will be even better than we expected, probably not for Floydada but for the plains territory as a whole.

## THIS AND THAT

Several discussions on the street during the past week have settled the railroad situation. However, it seems that it has to be settled again every time one man meets another.

Plainview is much dissatisfied with Examiner Boles' report, a dispatch from that city says. The dispatch says the Examiner does not give that city a "main line" to Dallas and Fort Worth, and that the original plan of the Fort Worth & Denver and the Santa Fe will be adhered to by citizens of that city and supported by it. Plainview is not unhappy about the "main line." Their citizens wanted and hoped for the main line and two branches, which they will get if the second plan is adopted.

As a matter of fact, Examiner Boles in effect says the construction he proposes would put Plainview closer to Fort Worth and Dallas than the line they have asked for, and eventually might put them on a one-line haul to the gulf.

Tulia citizens are said to be particularly happy over the prospect of the T. P. & G. project. Tulia was Col. Powell's friend when he had few backers. Practically nobody on the south plains expected the project to be taken seriously by the examiner. The project answers Tulia's aspirations for an east-west route through their town. It means a great deal to them.

Examiner Boles' report may be taken as the place for the real argument to start. John Santa Fe "grew up" with this country when there wasn't much to grow up with. Now, he's not going to divide it up with somebody else willingly. The Denver is also a West Texas pioneer and although it would like some of the south plains pie it would not willingly see some other system come in and take tonnage the Santa Fe has been handing the Denver.

Examiner Boles gives an answer to the argument that if the South Plains needs an eastern outlet, the Santa Fe had as well provide it as some other railway system. The examiner would put greater competitive benefits in this territory, he says, by refusing to let either the Denver or the Santa Fe have the T. P. & G.

It is only an outside possibility that a decision on the railway situation will be reached soon. It is altogether possible that no railroad building will take place for another 18 months, whatever plan is adopted.

The good rain that fell Saturday night means wheat will continue to flourish through the greater part of April.

Little planting will be done following the rain of Saturday night. Some will plant a little feedstuffs. Too early, they say. Because feed is low on the markets the acreage will be cut to some extent, at least, the way some of the farmers are talking.

A dispatch from Lubbock credits A. B. Davis with being the best-posted man on the railway situation of any man on the south plains, and he is quoted as being dissatisfied with Examiner Boles' report. The Attorney General's department and the Texas Railroad Commission are quoted as being well pleased with the action of the examiner. Because the examiner's plan gives Plainview and Lockney both less than they hoped for, it is natural they should be disappointed and dis-pleas'd. Lubbock, however, has no complaint in fact, and will doubtless change their tune shortly. Silverton and Quitaque get as good treatment in the plan proposed as they would have with the Denver, and it would be natural to expect them not to express disapproval of the plan.

A doubtful portion of the examiner's report, and one that Floydada citizens would like very much to have enlightenment on, is what would be the status of the Quanah, Acme & Pacific application if the second alternative is adopted—that is the T. P. & G. fail in their financing plans. Reading the newspaper reports of his findings does not make it clear whether this line would be permitted to extend.

## Concrete Streets in TEXAS

Lumbering, rice growing, oil wells and truck gardening have combined to make Orange County one of the richest ones in Texas and the City of Orange a busy growing town of now some 10,000 people.

Shell surfacing on the city's streets served very well until the oil boom of 1921. Streets that were once smooth and beautiful soon became rutted and rough under the heavy traffic. Property values in Orange took a decided rise. The citizens were prosperous. They recognized the need for better paved streets and fortunately were able to pay for even the most expensive pavement. They were not so much concerned with first cost as they were in last cost. That's why they chose portland cement concrete for paving 22,861 square yards in the business district. Orange citizens had learned the value of concrete from the splendid performance of concrete pavement on the Orange-Beaumont Road.

Since 1921 Orange has added 52,000 square yards to her system of concrete paved streets. Since that night in the Fall of 1921 when the concrete pavement on Fifth Street was opened with a dance on its true, even surface, Orange has been a 100 per cent concrete town.

All of the facts are in our free booklet on "Concrete Streets." Ask for your copy.

## Bad Color (liver trouble)

"OCCASIONALLY I am troubled with spells of constipation and inactive liver," says Mrs. John L. Pence, Broadway, Va. "I always use Thedford's Black-Draught when I feel a spell of this kind coming on, for it saves me a bad headache. My color gets sallow at times. I get real yellow, showing that the trouble comes from the liver.

"I have found Black-Draught to be the finest kind of a remedy for this. I take Black-Draught and make a tea out of it, and take it, along in small doses for several days. I have never found anything that served me so well.

"Since I have known about Black-Draught, I have not suffered nearly so much with headache, caused from indigestion. If I find my tongue is coated, and I wake up with a bad taste in my mouth, I know I have been eating indiscreetly, and I immediately resort to Black-Draught to straighten me out."

# County School Meet

(continued from page 1.)

at 9 a. m., at high school building.  
 9 a. m.—Essay writing, high school building.  
 10 a. m.—Arithmetic match, high school building.

## WHY ONE CATCHES COLD

**English Physician Says Microbes Are the Cause.**  
 A Physician in the Continental Edition of the London Mail.  
 In these days everyone seems to be just catching or just getting over a cold; and, of course he wonders how he caught it.  
 The truth is that microbes cause colds; chills do not. The patient who says he contracted a chill was already infected by the "cold" microbe when he first complained of feeling chilly.  
 Man versus germ is a lifelong contest. You "catch cold" because for a time, the germ wins a victory.  
 The deeply rooted popular belief that colds and catarrhs are directly due to a damp, chilly climate is false. Arctic explorers never catch colds, even during the most inclement weather until they open up baggage that has been collecting germ laden dust since it was stored at their port of departure. Only when this dust is added to the air breathed do colds, catarrhs and influenza become rampant.  
 During the winter months doors and windows are kept closed too constantly. Fresh air, the strongest enemy of the common cold, is excluded. Dust soon accumulates in badly ventilated houses, offices, public buildings and conveyances. The latest medical researches prove that dust, particularly household dust, is largely responsible for the onset of catarrhs and colds.  
 A germ invasion is the direct cause of "catching cold." The invading germ contains the *Micrococcus Catarrhalls* and hosts of other microbes, such as  
 The sense of smell is the strongest sense that insects have. Few of them can see more than three feet, and they hear only through the vibration of their feelers.  
 Locusts, the short-horned grasshopper, have been a recurring plague through all history. This year they have become a devouring pest in British Columbia.  
 In the time of Cicero a Roman senator was prohibited by law from engaging in any business that would take him out of Italy.

stertococci, staphylococci and pneumococci.  
 These germs lodge in the lining membrane of the nose and throat. Here they set up inflammation. Their poisons enter the system and bring on the characteristic symptoms.  
 In health the natural resistance of the body repels a germ invasion. When this resistance is weak and you are feeling out of sorts the germs gain a sure footing. This condition is produced by: (1) Fatigue from over-exertion physical or mental; (2) lack of fresh air during work or recreation indoors; (3) wearing insufficient clothing in wintry weather and getting wet feet owing to boots not being damp-proof; (4) a "run-down" state of general health due to illness, worry, or other mental crisis; and (5) not keeping physically fit in winter by open-air exercise.  
 Isolation of all early cases—for the complaint is infectious—and the intelligent use of antiseptic gargles, sprays and douches would go a long way toward banishing the outbreaks of the common colds that occur every winter.

## DISASTROUS CONSEQUENCES

From the Edinburgh Scotsman.  
 It cost Mr. Neerman very little to buy the mottoes, and he hoped that they would have the same effect on his employees as if he had raised their salaries.  
 So it happened that on Monday morning there appeared above every desk the words, "Do it now!" framed with an embossed, gilt border.  
 But, alas! They took the advice too literally.  
 Next day the typist eloped with the bookkeeper, three clerks asked for a raise, the cashier took a holiday with the contents of the safe, and the office boy became a highway-man, holding out until Thursday before he was caught and disarmed.

**INDIAN INFLUENCE IN MUSIC**  
**Red Man's Themes Manly and Free, Writer Says.**  
 E. G. Reid in Music and Youth.  
 Ensnared in his log cabin—his "house of dreams"—Edward McDowell gave much thought in his latter days to the future shaping of American music.  
 His own instinct taught him that it should seek to establish its roots in the aboriginal music of the red man. He strongly disapproved of the oft-quoted dictum of Deboraak, that American composers should turn to the negro for their inspiration. Indeed he is quoted as saying:  
 "What the negro melodies have to do with Americanism in art still remains a mystery. Music that can be made by recipe is not music, but tailoring. To be sure, this tailoring may serve to cover a very beautiful thought, but why cover it? And, worst of all, why cover it with the badge of whilom salvery rather than with the stern, but at least manly and free rudeness of the North American Indian?"

## Sugar From Artichokes

From Popular Science Monthly.  
 The United States bureau of standards has found a way to get sugar from

the Jerusalem artichoke and is now working to find how to produce it cheaply. The artichoke will grow anywhere in the United States, requires little care, and the tubers, from which the sugar is obtained, can be left in the ground over winter.

## TEXAS MADE Go-Devil Blades

1/4 in. x 3 in. x 40 in. long \$4.00  
 1/4 in. x 3 1/2 in. x 40 in. long \$4.50  
 1/4 in. x 3 1/2 in. x 48 in. long \$5.00  
 These blades are hand-made of the best of steel and are far superior to any factory-made knife. They are sharpened and set, ready to go to work.

## When You Trade Your Car—

Ford owners are continually being approached by automobile salesmen who wish to "accept" Fords as part payment on more expensive cars.  
 It is perfectly logical that automobile dealers everywhere should be eager to trade with Ford owners. The Ford is the most popular automobile in the world. No other used car is so easy to sell as a used Ford—because everyone has confidence in Ford quality. And it is not expensive to re-condition, since Ford replacement parts are lowest in price.  
 Most automobiles carry greater discounts to dealers than the Ford—another reason why other dealers may offer the Ford owner a larger trade-in allowance.  
 But when you come to buy a new car, bear these facts in mind:

The amount of the trade-in allowance you can get is *not* the most important thing for you to consider. *The big thing is the difference you have to pay.* And remember, that the higher priced car will not be so easy to dispose of when you come to trade it in.  
 If you wish to trade your Ford for a new automobile, stick to the car that you know to be dependable, useful and economical. Go to your Ford dealer!  
 He will give you a fair and liberal allowance for your present Ford and will gladly arrange payment of the balance to suit your convenience.  
 When the deal is over, and you have your new and improved Ford, you will have the satisfaction of knowing positively that you took advantage of the greatest automobile value the world has ever seen—and saved a lot of money, too.

SPONSORED BY THE ENGLISH DEPARTMENT FLOYDADA HIGH SCHOOL

## SUPERINTENDENT'S NOTES

The program in chapel this week was exceptionally good.

This is Texas Industrial Week. Merchants in town will display only Texas made products in their windows during the week. The slogan of this week is: "What Texas Makes, Makes Texas." This is a good subject for extemporaneous speaking or essay writing.

The moving picture machine bought by the school from the Memphis Senior class has arrived, and films for it will arrive shortly.

The plays for the "High School Follies" have been ordered. I have picked out five of the best plays and ordered parts for them. The first chooser will get his or her pick of these five. The "High School Follies" given last year was the best program for the money ever given here. The play given in Chapel would make a good one for such an entertainment.

As I suppose everyone knows, the County Interscholastic Meet will be held at Lockney next Friday and Saturday. About the same program will be followed this year as was followed last year. Needless to say there will be no school Friday.

The Meet this year will be the hardest for Floydada to win that has been held for several years. If we win it will be by a narrow margin. We will need every point that we can get. One thing that is fortunate for us is that junior points do not count in settling the county championship, because we have very few juniors, since most of ours are barred on account of attending High School.

## PERSONALS

Woodrow Goen, freshman, was absent last week on account of illness. Lee Bedford has returned to school after an absence of a week on account of illness.

Pete Nelson is absent on account of the mumps. Lucille Snodgrass is absent from school on account of heart trouble.

Ruth Jenkins has returned to school after a two-weeks visit in East Texas. Jack and Johnny de Cordova are absent with the mumps.

Miss Grace Alexander, Head of the English Department, is absent on account of the mumps. Mrs. Eskridge is substituting for her. L. B. Fawver and Albert Cooper are absent with mumps.

The ninth grade will give the program at the next meeting of the P. T. A. A play, "Thirty Minutes for Refreshments," will be given. Miss Rea and Mrs. Jenkins will discuss "Social Life at High School Age." Parents are urged to come if possible.

—Annie Robert

Miss Jewel Manning, teacher at the ward school, made a trip to Dalhart last week-end, in company with Miss Maud Williams and Miss Pauline Stovall.

Herbert Sims made a trip to Abilene Sunday, returning Tuesday.

Home Economics Department is Given High Praise by State Inspector

Miss Peak, State Inspector, arrived here at 10 o'clock Tuesday morning, and inspected the Home Economics Department on the same day. She said that Mrs. Clements had the best class organization of any teacher she had so far visited, and that she intended to recommend that the teachers of Silverton and other nearby towns visit our department.

The program by the sophomores Monday morning was one of the best given this year, and the quality of the programs seems to be improving lately. The sophomore program consisted of two songs, "Work for the Night is coming," and "Tramp, Tramp, Tramp," and a short play entitled "Thirty Minutes

# News of County Home Demonstration Clubs

## SAND HILL CLUB

Our Club didn't have its regular meeting last week on account of Miss Blair, food specialist, being at Floydada on Club day, and we thought it to our good to see the demonstration given by her on yeast breads. There was a pretty good number present from our Club and a few visitors we claimed to our credit.

The demonstration was made on yeast breads and was so beautifully done that every one was eager to go home and try out the recipes, which were as follows:

**Recipe for Plain Yeast Bread, 1 Loaf**  
 1 cup lukewarm milk scalded  
 1/2 Tps. sugar  
 1/2 Tps. fat  
 1 tp. salt  
 3 to 4 cups flour  
 1/4 to 1-6 yeast cake  
 4 Tps. mashed potato.

From this recipe she made one plain loaf, Parker House rolls and plain rolls; these were fine, and those present ate some of all the different breads made.

**Sweet Raisin Bread, 1 Loaf**  
 1 cup lukewarm liquid (milk or water)  
 1/2 cup sugar  
 4 Tps. fat  
 1 tps. salt  
 1 cup raisins  
 2 egg yolks  
 4 to 5 cups flour  
 1/4 to 1-6 cake Fleischman's yeast or 1/4 to 1 Magic yeast.

From this was made the loaf and tea ring. It was just fine.

**Lemon Bread Recipe for 1 Loaf**  
 1 cup lukewarm liquid (milk or water)  
 1/2 cup sugar  
 4 Tps. fat  
 3 egg yolks  
 1 tp. salt  
 2 grated lemon rinds  
 1/4 to 1-6 Fleischman yeast or 1/4 to 1 Magic yeast cake  
 4 to 5 cups flour

This recipe was made into three different breads. A frosting made of 3 Tps. butter, 3 Tps. coffee, 1 Tps. vanilla, thickened with sugar is good on this bread.

The Club will have a call meeting Friday, March 26, to get help and suggestions for the house and apron contest. We will also serve the balanced menu; these are the programs we have missed. Every member is urged to enroll in the dress contest. Be thinking of the kind you want to make.

The next regular Club meeting day is April 7, with "The human machine or digestive system" as subject. Mrs. M. B. Holmes will be hostess and roll call is to be answered with "One good health habit." Following is the program, which is under the leadership of Mrs. A. B. Masterson.

The part the mouth plays in the digestive system—Mrs. C. C. Green. The part the stomach plays in the digestive system—Mrs. Arthur Womack. Preparation of common vegetables in new and attractive ways—Mrs. V. C. Scott.

## BLANCO CLUB

The Club met at the home of Mrs. J. D. Christian on Thursday afternoon, March 18, nine members and Miss Bass being present. An interesting meeting was had, and there was 100 per cent enrollment in the dress contest.

The next meeting will be at the home of Mrs. George R. Smith, Thursday afternoon, April 1, at which time we are to study "The human machine or the digestive system." Mrs. J. M. Gambelin will be leader and each member is asked to answer roll call by giving one good health habit.

"The part the mouth plays in the digestive system" will be discussed by Mrs. J. D. Christian.

Mrs. F. W. Farley will tell "The part the stomach plays in the digestive system."

And "preparation of vegetables in new or attractive ways" will be given by different members of the Club.

It is hoped to have each lady present who can possibly be there.

## FAIRVIEW CLUB MEETS

The Fairview Girls' Home Demonstration Club met Friday, March 19. Twelve girls responded to roll call. We decided to keep adding to our bank account in order that we might send a representative to College Station this summer.

Miss Bass gave us instructions on making our caps and aprons. We will put the emblems on them next time.

She also gave instructions on hem-stitching.

The Club will meet again April 2.

**Burglars, Thieves Pick on Lawyer, Doctor, Preacher**

Burglars and thieves Tuesday night in Floydada used poor judgment. They picked on a lawyer, a doctor, a preacher and a retired stock farmer. And got the most at the preacher's.

Rev. G. W. Tubbs, missionary of the Floyd County Baptist Association lost 17 excellent Rhode Island Red hens. The thieves evidently made a bigger haul than they expected, because they borrowed a sack from him, filling theirs up first, it is presumed, and then his. They haven't returned the sack, and he found none of the chickens Wednesday at any of the poultry houses here or at Lockney.

It is thought possible the same thieves are responsible for pilfering Buster Allmon's smoke house and taking all his supply of meat the

## KENNETH BAIN

First National Bank Building

General Practice

same night. "Tough for a preacher's wife to lose all her chickens from which she is trying to make him a living while he gets out and preaches," Bro. Tubbs said.

Dr. W. M. Houghton was the doctor chosen, but the doctor has the laugh on the bunch. Mrs. Houghton explained over the telephone that she and the doctor went to the picture show in his car Tuesday night, leaving hers at home. The gasoline hunters left a partially gasoline-filled aluminum kettle on the premises near the car, evidently being close-crowded for time to get away when the Houghtons drove in home. "Please tell the owners of the kettle they can have it by calling at our house," Mrs. Houghton asked The Hesperian to say.

County Judge E. C. Nelson, Jr., was the fortunate representative of the bar, whose residence was entered. The light-handed gentry came in at the front door, went through his trousers pockets and left by way of the back door, taking a bottle of milk as their only reward.

At W. A. Shipley's residence, entrance was effected into the house through the south window, where the screen was unhooked. The burglars rifled Mr. Shipley's pockets, got a little silver and molested nothing else so far as they can determine, Mrs. Shipley said.

Reports of chicken thefts and gasoline thefts continue to be common, and the thieves operate smoothly. Poultry dealers think the chicken thieves take their loot into New Mexico for sale. The suggestion is made that the burg-

laries may be the work of art have been run out of the oil to the north of us.

## TWO FLOYDADA STAR ROUTE CONTRACTS LET LAST W

Contracts have been let for Mat Roaring Springs Star Route and the Silverton Star Route out of Floydada for the year beginning July 1. The local post office was advised of lettings last week by the Post Office Department.

Lee Wilkinson, who has the sub-contract at present on the Silverton Route is awarded the Silverton Route for the four-year period beginning July 1 at \$1386.70 per year.

Howard Cline is awarded the Floydada-Matador-Roaring Springs contract beginning July 1 at \$2100 per year, an increase of nearly \$500 over the present sub-contract held by S. M. Davis.

## A GREATER TELEPHONE SYSTEM FOR TEXAS

Vol. I A Journal of Telephone Information Published by the Southwestern Bell Telephone Company No. 2

## GROWING WITH TEXAS

There are fifteen times as many telephones in Texas today as there were in 1900.

### SPIRIT OF SERVICE

Severe sleet and wind storms often damage the pole lines and sometimes interruptions to telephone service are the result.

Unmindful of his personal comfort the lineman works long hours if need be in all sorts of weather, that the telephone may be constantly at your command.

His job is to keep the wires in working order. "Whatever happens, service must go on" is the guiding rule of his work.

### "RIGHT"

A good practice is to acknowledge when the operator correctly repeats a number you have given her. She is instructed to hesitate a moment to make sure she has understood. If you will say "Right" it will save time. Of course, if she does not repeat the number as you gave it, correct her.

February 16, 1846, Republic of Texas becomes state of Texas.

The most extensive organization for research to be found in any industry is maintained by the Bell System. Millions are spent annually for promotion of scientific progress and its effective application in the art of communication, an investment which is returned to telephone subscribers many-fold in economies and improved service.

Texas, to-day, has fifteen times as many telephones as in 1900. Back in the early days of the present century, Texas had a population of a little over 3,000,000 and the entire State was served by about 35,000 telephones—one telephone for every eight-six people.

Consider what twenty-five years has meant in the telephone development of the State. Today, although there are approximately 5,000,000 people in Texas, there are more than 525,000 telephones served by the Southwestern Bell Telephone Company and connecting companies, better than one telephone for every ten persons.

### EARLY DAYS

The telephone, of course, had made its first appearance in Texas in the early eighties, a few years after that historic day when Alexander Graham Bell, inventor of the telephone, first talked over telephone wires to his assistant, Thomas Watson.

But since then not only has the telephone become a commonplace in almost every home and office, but a universal service has been developed which enables a telephone subscriber in Texas to reach any one of 16,300,000 telephones spread over every State in the Union.

### SAFETY FIRST

Insignia of this company's vehicles

On many motor vehicles of the Bell System you will notice one of these "No Accidents" insignia. To be eligible to display this insignia a vehicle must have been in operation a full year, without having had an accident.

NATIONWIDE SERVICE -- 16,600,000 TELEPHONES

**THE CHURCHES**

**BAPTIST WORKERS' MEETING WITH CENTER CHURCH**

Workers Meeting program, to be with the Center Baptist Church, Jay, April 6, has been arranged as follows:

7:30 a. m.—Devotional—G. M. Bullard.  
8:15 to 10:40, The Unbelievers Confronted Before God—R. E. L. Muncy.  
10:40 to 11:05, Redemption—by V. Lollar, alternate R. L. Shannon.

If you love "Spiritual Food," come to the feast!

**FIRST CHRISTIAN CHURCH**

F. L. Davis, Pastor  
Next Lord's Day the S. S. will begin at 10, with Supt. Lon M. Davis in charge and all the teachers in their places, we hope. Morning worship immediately following. The subject of the sermon will be: "The Triumphal Entry." The night service will begin at 7:45 and the subject will be: "Man's Call, God's Response." Both will be interesting messages.  
Roads and weather permitting we will preach at Newland School house in the afternoon at 3. Those living near there will note this and be present, if possible.  
We had intended holding a week's meeting between next Sunday and Easter, but felt that owing to the amount of sickness would postpone it for a while, perhaps the week following Easter. Will decide Sunday morning.  
A big welcome waits you at the Cottage Church. Come enjoy the services with us.

**CHURCH OF CHRIST**

Elder C. W. Smith will preach at the Church of Christ on South Wall Street Sunday morning at 11 o'clock. Everybody invited.

**BAPTIST CHURCH**

Edgar Eskridge, pastor  
Sunday School at 10 a. m. We urge every member to be there on time. Bring a visitor or a new member.  
Preaching at the morning hour and at 7:45 at night by Rev. W. M. Draper of the Silvertown Baptist Church. Due to the amount of interest now being shown at the Silvertown meeting, the people of that city have requested that the pastor be allowed to remain over the Sunday services. However, Rev. Draper is a real live preacher and every one is urged to hear him preach at the local church at Sunday's services.  
Sunbeam Band meets at 8 p. m., Mrs. Leland Dawson leader.  
Junior B. Y. P. U. meets at 4 p. m. Let all boys and girls between the ages of 9 and 12 be there. Don't forget the contest.  
Intermediate B. Y. P. U. meets at 5 p. m.  
The Senior B. Y. P. U. will leave the church at 4 p. m. to go to Matador to give a program for the Union of that place, at 6:30 p. m.  
Wednesday at 7:45 p. m. the mid-week prayer service with Dr. I. W. Hicks as leader.  
Friday at 7:30 p. m. the Royal Ambassadors will meet. Let every boy attend these meetings.  
Every member is urged to attend services Sunday. We should be so thankful for the rain that we will be glad to meet together and worship in the house of the giver of every good and perfect gift.  
Let us be much in prayer for our revival meeting which begins April 11.

**METHODIST CHURCH**

Joseph L. Henson, Pastor  
Preaching next Sunday by pastor at 11 a. m. and 7:45 p. m. "What Think Ye of Christ?" will be the title of the

morning sermon. "Profit and Loss" the subject Sunday evening.  
If the quartette is in trim, they will sing at both services.  
"Come Thou With Us and We Will Do Thee Good."

**FLOYDADA CIRCUIT WEST**

J. N. S. Webb, Pastor  
Sunday School at Sand Hill at 10 a. m. Preaching at Sand Hill Sunday at 11 a. m., on "This Do In Remembrance Of Me." Sacrament of The Lord's Supper administered at the morning service.  
Preaching at Irick at 8:30 p. m. Preaching at Sand Hill at 7:45 p. m. Every one in these communities invited to worship with us.

**HENSON HOLDS CONFERENCE AT CAMPBELL FOR EAST CIRCUIT**

Rev. J. N. S. Webb and Rev. J. L. Henson spent Saturday at Campbell with Rev. A. D. Moore, where Mr. Henson preached at 11 a. m., in the place of the presiding elder, Dr. E. E. Robinson, of Plainview, who was sick, and held quarterly conference for the elder in the late afternoon, following an afternoon service at which Rev. Webb preached, and the sacrament was observed.  
A great dinner was served at the noon hour, that looked like all the grub in a county had been brought in, Rev. Webb said.  
Sickness and bad roads made a change in practically all announced services for the Methodist churches. Sunday morning the presiding elder could not be in Floydada and his place in the pulpit was taken by Rev. J. N. S. Webb, of Floydada Circuit West. Rev. Henson filled his appointment at night, but quarterly conference was not held in the afternoon here as planned. Rev. Webb's presence in town to fill the pulpit for the local church, instead of filling his appointment at Cone, was due to inclemency of the weather, illness in the country and heavy roads.  
Quarterly Conference at McCoy had previously been called off on account of illness in that community.

**FLOYDADA CIRCUIT EAST**

A. D. Moore, Pastor  
Sunday services at Campbell and Lakeview, beginning with Sunday School at 10 o'clock at the Campbell Church, followed by morning preaching; also evening preaching at Campbell, beginning at 7:30 o'clock.  
Preaching at Lakeview at 3 o'clock in the afternoon.  
Church Conference Held at Campbell  
Our second Quarterly-Conference for the Floydada Circuit East was held at Campbell on last Saturday.  
Dr. Robinson was unable to be with us on account of sickness, which we regret very much; but Bro. Henson came and held Conference for us.  
Bro. Henson preached at 11 o'clock, and we all enjoyed it very much. After the sermon there were some up at the front, some at one side of the room and some in the other room, but it was mostly women, for the men had disappeared. But they soon began to return with boxes and tubs, and the table, that was hurriedly made from benches which were handy, was laden with good things to eat and all fared sumptuously for a while.  
At 1:30 we gathered and began our song service, after which Bro. Webb, pastor of the West Floydada Circuit, preached a fine sermon. Then Bro. Henson gave a twenty minute talk on "The Institution of the Lord's Supper" which was greatly enjoyed by all; after the Communion service was over Bro. Henson called the Conference to

order. Reports were made from the different branches of the church.  
Delegates were elected to District Conference, to be held at Lockney in May. They are C. M. Lyles, R. G. Spence, E. J. Hoffman, Mrs. S. L. Rushing, Mrs. C. E. Bartlett and R. H. Conway.  
The Conference adjourned to meet at Fairview for next session, the benediction being pronounced by Bro. Webb.

**Co-operative Missionary Society**

Program for the Co-operative Missionary Society which meets Monday afternoon at 3:30 (March 29) at the Cumberland Presbyterian Church.  
Song, "I Love to Tell the Story."  
Devotional, led by Mrs. Edgar Eskridge.  
Song, "Let the Lower Lights be Burning."  
"The Bible as a Missionary textbook"—Mrs. L. V. Smith.  
"Sketch of the life of David Livingstone."—Mrs. J. B. Jenkins.  
Reading, "David Livingstone's Prayer."—Miss Robbie Archer.  
Solo—Mrs. J. A. Enoch.  
Sketch of the life of Bishop W. R. Lamberth.—Mrs. Howard Porterfield.  
Reading Mrs. Pickett's Missionary Box.—Mrs. Ford Butler.  
Offering.  
Closing prayer.

**SCHOLASTIC ENUMERATION IS UNDER WAY IN THE DISTRICT**

Tax Assessor and Collector E. C. Henry, who is conducting the enumeration of scholastics in Floydada Independent School District, Monday had completed one round of all the district except that portion of it lying east of the Balls Road south of Floydada and south of the Matador road east of Floydada.  
"Some of the people residing in the houses were not at home and several houses appeared to be vacant when I called," Mr. Henry said. "Of these I made a list and will call back. However, there is a good chance that I will miss some scholastics. Everyone of these will mean \$12 to the district the ensuing school year, and I want to ask any whom I may have overlooked, or who know of any that have been missed, to call me, since the enumeration closes March 31. All scholastics within the district at that time should be enrolled in this district, even should they move here only a day prior to the closing time for the enumeration, Mr. Henry pointed out.  
While this is true in Floydada Independent School District, it also applies all over the county to all districts. It is pointed out that the aid of the residents of the various districts may be worth several hundred dollars to the county schools, if the enumerators have the co-operation of the patrons.  
C. W. Mitchell returned Friday from a prospecting trip in Old Mexico.

**Announcement—  
To the Public**

Opening of a Branch of the LUBBOCK LAUNDRY COMPANY in the office building First Door West of Old Hesperian Building about April 1.

Continue to place bundles on front porch or leave at Stanley's or Palace Barber Shop (telephone 295) until further announcement is made.

We like the people of Floydada, have greatly appreciated their business and believe in the future of the city.

**J. A. STAGGS, Route Man**

**Lubbock Laundry Branch To Open in City April 1**

A branch office of the Lubbock Laundry Company will be opened in the city on about the first of April in the small building adjoining the old Hesperian office building on the west, according to announcement by J. A. Stagg, who has been acting as route man in Floydada for the past several weeks.  
"We are going to expect the co-operation of the people," stated Mr. Stagg, "for it is being done in behalf of Floydada as well as Lubbock, and we will take very little away from Floydada." Too, Mr. Stagg pointed out, the expenses of operating in a town so distant are high, yet the laundry promises to give the best of service and take care of all the business in an efficient manner, since the Lubbock plant has an almost new building 90x100 feet, full of modern machinery, including a water softener installed at a cost of approximately \$3,000.  
Officials of the Lubbock Laundry are said to be watching Floydada, and contemplate establishing an up-to-date laundry here just as soon as conditions will justify the high cost of installation of a laundry.  
A telephone will be put in at the present temporary branch, and it is probable that a local person, under the supervision of Mr. Stagg, will be employed to solicit and deliver laundry

in the city. There are three classifications of work done, linen, rough dry and finish; and it is the laundry's claim that everything is laundered from a pocket handkerchief to a feather bed.

**SANITARIUM NOTES**

J. O. Lewis, Matador, having recovered from an appendicitis operation, returned to his home Wednesday.  
Persons recuperating at the sanitarium are Mrs. Nelson Coward and Mrs. F. M. Covington, city; Mrs. A. N. Battey and Nancy Belle Hobbs, Fairview.  
Harper Scoggins was a business visitor in Paducah over the week-end.

T. R. Webb, Ike Jay and Harper Scoggins went to Harmony Monday night as judges in the declamation contest in that school.

**Night Coughing Relieved At Once**

Why suffer continually from a persistent, weakening night cough when you can get almost instant relief, and usually break the cough completely in 24 hours by a new method based on the famous Dr. King's New Discovery?  
Here is the method: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. It has a double action. It not only soothes and heals irritation, but also removes the phlegm and congestion which are the real cause of the coughing. As a result even the worst cough usually disappears quickly.  
Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

### Culling Poultry

By E. S. Shoaf, Secretary Floyd County Poultry Association.

The question of culling flocks of farm chickens is often a bit of worry to the average poultry farmer. No flock of chickens can be culled too close, especially at this time of the year. Spring is here, and no one should keep any fowl on the place that is not a good breeder. The idea that a large flock of chickens should be kept the year round is not good, as eggs from this time on bring a very small price. Hens can be sold at this time for a higher price than they will bring later on, and it costs real money to keep these hens and feed them through the summer. Cull to about twenty to forty of your very best hens and pullets, sell the rest, and this few that you keep will furnish plenty of eggs for your incubator and for table use. The money that you receive from surplus hens that you sell will be much more than what you would receive from eggs if culls are kept.

Bear in mind that in culling only keep bright eyed, red combed, good healthy stock, if possible free from all standard disqualifications. The male bird is half the flock. If your male birds are not what they should be, sell them and buy good sires; it always pays. One thing that should not be neglected: Stick to pure bred stock. It does not cost any more money to feed a purebred chicken than it does to keep a scrub, besides a flock of good chickens of any breed are a source of pleasure and profit to the owner, and are good for the eyesight of the visitor. Choose your breed, the one you like best, give them good care, stick to that breed and they will pay you dividends. Now is the time to cull, reduce to the minimum, and keep only the best.

#### MRS. E. THORNTON IS DEAD; FORMERLY LIVED IN FLOYDADA

Lockney Beacon: Mrs. E. Thornton of Hereford, Texas passed away last Friday night at her home near Hereford with pneumonia following an attack of the flu. Mrs. Thornton took sick with the flu on Tuesday of last week and was seemingly not seriously ill until Friday morning when she took the pneumonia with which she passed away at 8:10 o'clock Friday night.

Funeral services were held at the Thornton home last Saturday afternoon at 2:00 o'clock, interment being made in the Dimmitt Cemetery.

Mrs. Thornton leaves behind her husband, eight children, and one brother, Henry Moore of Long Beach, California, and many friends and relatives who mourn her passing.

Mr. and Mrs. Thornton are well known in Floyd County having made their home in both Lockney and Floydada for a number of years. Mr. Thornton is the son of T. J. Thornton of Lockney.

Those attending the funeral services from Lockney were as follows: Mr. and Mrs. T. J. Thornton, Mrs. T. R. Cope, Mrs. C. K. Bennett, Mrs. Lydia Cope, Mr. and Mrs. Claude Thornton, Mrs. Burton Thornton, Mrs. Ross Cope, Miss Lois Cope, Cecil Cope, and C. J. Thornton.

Mrs. T. J. Embry, in company with her sons, Lloyd and Eloil, and her daughters, Eunice and Lorene, reached home last week from a week's trip down-state, going as far as Winnsboro. They made stops at Mineral Wells, Ft. Worth, Waxahachie, Greenville and Sulphur Springs.

### INDUSTRIAL TEXAS SUBJECT AT BOOSTERS LUNCHEON CLUB

"What Texas Makes—Makes Texas," was the subject at Monday's noon-day luncheon of the Floydada Boosters' Club, with Joe L. Henson and District Judge R. C. Joiner as the principal speakers.

An attendance of 28 members and visitors featured the luncheon, which was served, to carry out the "made in Texas" idea, practically altogether of Floyd County and Texas products. It was one of the best feeds served the club since it has been meeting at the Commercial Dining Room.

The movement toward the south from the far north and east of industrial expansion is a part of a new era we are entering in the life of the nation, J. L. Henson told his hearers. Having the raw products, the trend of the day is to bring the manufacturer nearer the source of supply, which means greater expansion for our state industrially, he said. "We must go on in the lead of the trend of our day" in order to keep our people happy and busy, the speaker said, among other things.

District Judge Joiner told his hearers that at an early date West Texans will be able to build their homes entirely without a stick of wood, from the foundation up, and referred to the tremendous expansion of the gypsum rock industry in many counties of West Texas, where the product of a once waste land is being turned into homes for the people.

Products of our state for which we must look out are the boys and girls, he said. The social upheaval brought about by the World War has caused high crimes of pre-war days now to be looked upon as misdemeanors, and while some observe that these tendencies should be uprooted at once, the solution lies in training them out of the lives of the youth.

F. J. Boesch briefly told of the value of loyalty to home industry to the business man, and Rev. J. N. S. Webb of his pride in Texas, the state of his adoption. Both were received as members of the club.

Mrs. J. B. Bishop spent Thursday to Sunday last in Amarillo visiting relatives.

J. F. Anton, Santa Fe division superintendent of the Slaton Division, was in Floydada Thursday afternoon of last week while on a tour of the lines.

Geo. H. Hill, District Commercial Manager of the Southwestern Bell Telephone Co., spent Thursday of last week in Floydada with the local exchange. Service on the rural lines is much more satisfactory out of Floydada now since the visit of Mr. Hooks to this section, rural subscribers tell him, Mr. Hill said.

John Reagan visited friends in Abilene Sunday.

### OLYMPIC THEATRE

PROGRAM FOR WEEK ANNOUNCED

Thursday, March 25th—  
"WHAT HAPPENED TO JONES?" featuring Reginald Denny with Marian Nixon, Otis Harlan, Melbourne McDowell, Zasu Pitts, Margaret Quimby and a brilliant comedy cast. The funniest picture of the year is here. Not because we say so but because audiences everywhere, in cities big and small, with people simple and sophisticated, have roared themselves hoarse and giggled themselves blue over it. This film is leaving a trail of strained laughs and sore sides in its wake. You simply cannot describe this picture. Don't miss it, that's all. Also, good two reel comedy.

Friday, March 26th—  
"IN THE NAME OF LOVE" featuring Ricardo Cortez, Greta Nissen, Wallace Beery, Raymond Hatton, Lillian Leighton, Edythe Chapman and Richard Arlen. The love Classic of the season. The story of a girl who was tricked into marriage with the man she had tricked in love. Also the last chapter of the "Pacemakers."

Saturday, March 27th—  
"CHIP OF THE FLYING U" with Hoot Gibson in a high class western that is sure to please. Also Felix The Cat in "Blunderland."

Mon. and Tues. March 29th and 30th—  
"THE AMERICAN VENUS," with a great cast headed by Easter Ralston and Lawrence Gray. A galaxy of glorious girls, a display of the latest styles, a sparkling comedy-romance. Actual scenes of Atlantic City's famous bathing beauty contest. Also Chapter five of the "Riddle Rider" and "Æsops Fables."

Wed. and Thurs., Mar. 31st and Apr 1.

"THE BEAUTIFUL CHEAT," featuring Laura La Plant with Harry Myers, Alexander Carr, Kate Price and an exceptional cast. From Cornbeef and cabbage to Russian Caviar—from factory to footlights—from Mamie Callahan to Meritza Chernovska—all in six glorious, hilarious weeks. You'll smile—you'll giggle—then your sides will ache with laughter. Also "Æsops Fables."

Coming Friday and Saturday, April 2 and 3rd—

"THE VANISHING AMERICAN"

### NURSING SICK INDUSTRY IS VERY COSTLY

British Government Has Paid 100 Million Dollars to Aid Coal Mining.

From Nation's Business Magazine.  
A coal industry in distress is highly costly. Last summer, to get a respite in the face of critical difficulties in the British coal industry, the British government undertook to meet out of the public treasury the cost of keeping the industry going for nine months, while an official coal commission tried to arrive at recommendations as to ways in which the industry could be got back upon a self-supporting basis. This temporary subsidy has now been calculated by the British government as certain to cost it well over 100 million dollars.

Meanwhile, the British coal commission is holding hearings. That costs should be reduced most of the witnesses seem to agree. The differences of opinion come as to where the reductions should occur. Incidentally, however, attention is being given to some factors in which British practice differs from our own. For example a question has been raised about the size of the cars used in England. Large numbers carry only eight or twelve tons. Substitution of cars which would carry at least twenty tons, according to one estimate, would reduce the cost of handling coal on the railroads by 20 per cent.

#### ONE IN TEN

Neglecting a little wound, cut or abrasion of the flesh may in nine cases out of ten cause no great suffering or inconvenience, but it is the one case in ten that causes blood poisoning, lockjaw or a chronic festering sore. The cheapest safest and best course is to disinfect the wound with liquid Borozone and apply the Borozone Powder to complete the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by all Drug Stores.

### A FIT REVENGE

From the Youth's Companion.

The French writer, Alphonse Karr, is the author of an entertaining set of books that he calls The Wasys. It is full of amusing stories, one of which we print for the satisfaction of all lovers of cats, especially those whose pets have been abused or perhaps killed by unsympathetic neighbors.

Madame D. rejoiced in a magnificent cat. M. de C. amused himself one day by shooting it, whereupon Madame D. set mouse traps in her house and in the house of her friends. When she had collected about four hundred mice, she put them in a box and sent it to Madame de C. in her chateau. Madame de C. opened it herself, hoping she

would find a number of new go the bottom of the box was a n dressed to her: "Madame you band killed my cat. I send yo mice."

Edwin Woody, of Spur, was a n ness visitor in Floydada Thursda last week.

## Starkey News

Starkey, March 23. A small crowd attended the play at Starkey Friday night. Floydada High School presented the play and it was enjoyed by all.

A small program was held in chapel Monday morning. Travis and Artie Mitchell, Joyce Grigsby, Marian Moore and Georgia Eudy gave their declamations.

Cecil Hanks and Clyde Jonas went to Lubbock Sunday and returned in the evening.

Mr. and Mrs. Will Huckaby are the proud parents of a baby girl, who has been named Willie Mae.

Ruby Joe Atkinson gave a birthday party Sunday; she was 10 years old. Some more families have moved into our community, and we are glad to have them.

There are still some persons on the sick list in this community but they are recovering.

Cecil and Elmo Hanks and Clyde Jonas visited in Amarillo Saturday.

Starkey boys went to Floydada Wednesday and practiced on the track events.

Miss Sallie Rattan spent Saturday and Sunday with Miss Willie Mae Atkinson.

## C-C Has Definite Place In Life of a Community

### Moral Backing Essential for Officers to Feel Free in Carrying Out Ideas of Work.

"No body of men, functioning in a common cause, is immune from public criticism. Constructive criticism which points the way to a greater success is indicative of interest and is proper. But indifference or civic laziness is deadly," Ed Bishop, secretary of the Chamber of Commerce, said Tuesday in commenting on the interest shown recently in Floydada. "Indifference is a millstone the weight of which must be overcome by a loyal few in order to save all."

"A short time ago Floydada Chamber of Commerce held its annual election of officers and directors. Of the membership personnel of 150 only 24 showed enough interest to attend."

Continuing he said: "Many willing horses have been run to death before this because of loyalty to their town and there seems to be no disposition on the part of the public generally to cease the practice."

"The Chamber of Commerce will fall in its larger opportunities just as long as a few of its members are overloaded with work while the rest of the membership holds back and watches them do it."

"The Chamber has a definite place in the life of Floydada. No other agency can hope to do what it can do if it is backed by the citizenship. There is a lot to this idea of moral backing. Officials feel free to carry out constructive matters. They hold back when it is denied because they don't wish their actions to be construed as carrying out their own pet ideas."

"If there is anything wrong in the Chamber's ranks a little more interest on the part of the membership will help correct it. Indifference won't do it."

"A very important meeting was held in the Boerner building last week with only twenty-four members present. Another meeting will be held soon. Every member will be notified, and we would like to count on a full membership present."

## Sand Hill News

Sand Hill, March 22.—We are very glad to report that most of the persons in this community who have been ill with influenza or pneumonia are either well or improving rapidly.

We, the pupils and teachers of Sand Hill School, take this means of thanking Mrs. A. R. Hanna and J. T. McLain

for their donation of two books for our school library. If any other of our patrons have a book or books, which they wish to donate to the library, we would be very glad to get them.

The girls' volleyball game Friday afternoon finally resulted in the defeat of Sand Hill by Floydada. Although we were defeated, we enjoyed the game immensely.

The P. T. C. Society play, "All a Mistake," was presented at Petersburg Wednesday night of last week; at Sunset Friday night, March 19; and at Aiken Saturday night, March 20. Large crowds enjoyed the play at each place.

The date for the school fair is drawing near and we are preparing for it. Elimination contests in field and track events will be held sometime this week. Sand Hill again hopes to win the three cups we won last year and also more if possible.

### P. T. C. Society Notes

Sure, we are enjoying the rain! "All a Mistake" was presented three times last week, and the third time we almost got drowned before we got home.

On account of sickness, we did not get to give the entire program that had been planned. The proceeds at Petersburg Wednesday night were \$23; Sunset, Friday night, \$28.40; Aiken, Saturday night, \$29.80. These communities received the entire proceeds and, in return for our program, will bring a play to our own auditorium.

Any community that wants to trade plays with us or divide the proceeds,

let us know and we will do our best to entertain you.

The main reason why we have one in our community interested in these plays is because we give their money's worth, then turn it and spend the money for school equipment or for some enterprise to build up our community. Try your own community. All you need get started. Then it will be just hard to stop.

## CAR OWNERS

In an emergency you need to have ready a dependable pair of mud chains. Driving is then safer, and your car need not be left stranded over-night—thus running further risk from pilfering.

Our chains cannot be beat, nor can the other things we sell.

Pneumonia Takes Life Mrs. E. M. Latimer

Mrs. Ella Latimer, 40, died of pneumonia at the family home one mile east of Center March 19, at 6:30 p. m., after an illness of ten days.

Born at Cuthand, Texas, September 19, 1885, Mrs. Latimer, whose parents were Mr. and Mrs. C. Bruce, lived in Red River County until January, 1920, after which time she moved to Floyd County and has been living here ever since.

Deceased married E. M. Latimer December 10, 1906, and to them were born four boys and a girl, all of whom are now living. A husband and two sisters, Mrs. R. W. Haley, Cuthand, and Mrs. M. E. Wordlow of Brokenbow, Okla., also survive.

Funeral services were held at the cemetery chapel Saturday afternoon at 4 o'clock, being conducted by Rev. J. L. Henson of the Floydada Methodist Church, Mrs. Latimer having been a member of the M. E. Church South since 1905. Interment took place at the Floydada cemetery.

MRS. PERLA MAY GRESHAM DIES OF PNEUMONIA AT FLOMOT, MAR. 18

Mrs. Perla May Gresham, 24 years of age, died at Flomot last Thursday of pneumonia, after being sick less than a week.

She is the daughter of Mr. and Mrs. Will Allen, Flomot, and leaves a husband and four small children.

Rev. G. W. Tubbs conducted the funeral services, which were held at the Matador Baptist Church, Friday, March 19. A burial followed at the Matador Cemetery.

MARCH CHEVROLET SALES

A car of new models, including sedan, coupe and coach is expected in by April 3.

Audrey Mae Borum spent last weekend with her parents, Mr. and Mrs. E. R. Borum, and was accompanied to Hale Center Sunday by her brother, Ted, near which place she is teaching school.

Rudolph Puryear, now of Bentonville, Arkansas, but who formerly resided in the city, was "howdying" with old acquaintances here Tuesday.

Mr. and Mrs. Roy Paschall of Amarillo visited his parents, Mr. and Mrs. W. N. Paschall, last week-end.

Young Wife Afraid to Eat Anything

"I was afraid to eat because I always had stomach trouble afterwards. Since taking Adlerika I can eat and feel fine." (signed) Mrs. A. Howard. ONE spoonful Adlerika removes GAS and often brings surprising relief to the stomach. Stops that full, bloated feeling. Removes old waste matter from intestines and makes you feel happy and hungry. Excellent for obstinate constipation. For sale by Floydada Drug Company.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of gripe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

JOE M. SMITH CANDIDATE FOR COMMISSIONER PREC. NO. 4

After considering I have decided to do my best to be commissioner of Precinct No. 4, using only honesty to gain my desire, and if elected, use only honesty, with special privileges to none, in the exercise of my duties as commissioner.

I believe in economy in any kind of business to the extent that, if the voters of Precinct No. 4 elect me commissioner I will conduct its business on the inside of its income, not to go to the extremes.

I have lived in Floyd County and in Campbell Community for 17 years.

I propose to talk to and pass everybody in Precinct No. 4 a card, and at the same time give each person a chance to ask me all the questions they desire, as to how I think the business of Floyd County and Precinct Four should be conducted. One and all feel perfectly free and if, after talking with me, you think I am not the man for commissioner of Precinct 4, we are just as good friends as we ever were; but if you can help me be elected I will do my best to make the right kind of commissioner.

Joe M. Smith, (Political Advertisement)

ELECTION NOTICE

Be it ordered by the Board of Trustees of the Floydada Independent School District No. B that an election be held at the Court House in the town of Floydada, Texas in the said Floydada Independent School District on the 3rd day of April, A. D. 1926, for the purpose of electing FOUR school Trustees for the said Floydada Independent School District.

A. C. Goen, J. G. Wood and E. P. Nelson are hereby appointed managers of said election, and said Election shall be held in accordance with the State Law governing Elections, and returns of such election shall be made to the Board of Trustees of said Independent School District in the manner as election returns are made under such State Law.

A copy of this order signed by the President and attested by the Secretary of the Board shall serve as proper notice of said election to be given in accordance with the Law.

In testimony, whereof, witness the signature of the President and Secre-

tary of said Floydada Independent School District, and the seal thereof hereunto affixed this 1st day of March, A. D. 1926.

(Seal) JEFF D. AYRES, President. Attest: R. E. FRY, Secretary. 42tc. Posted March 6th. A. D. 1926.

NOTICE TO CONTRACTORS

County of Floyd, Sealed bids will be received by Board of Trustees, Floydada Independent School District, Floydada, Texas, until 1:30 p. m. April 9th, 1926, for the furnishing of labor and materials for the erection and completion of a two story brick school building.

All bids must be accompanied by a certified check for 5 per cent of the amount of contract and are to be made payable to R. E. Fry, Secretary of Board.

Plans and Specifications may be obtained at the office of Peters & Haynes, Architects, Lubbock, Texas, by depositing \$25.00 as security for safe return of plans.

The Board reserves the right to accept any or reject all bids. (Signed) R. E. FRY, Secretary Board of Trustees. 42tc.

Exclusive Headquarters for "WELWORTH" \$2.00 Wash Dresses

Our Greatest March Attraction

WIRTHMOR WASH DRESSES

"The Country's Leading Dollar Seller"

The low price of \$1.00 comes as a result of concentrated mass buying on an enormous scale by thousands of merchants throughout the country. Co-operating with the manufacturer enables us to secure these popular wash dresses at a price that simply could not possibly be obtained by us or any other store individually.

Beautiful patterns in many fascinating sun fast colors that will launder beautifully.

English Prints Fine Gingham Pongee Prints Novelty Fabrics Original New Patterns

Every garment carries a "Wirthmor" guarantee of satisfaction. The quality of materials and workmanship is positively of the highest type.

Each dress is cut full and made roomy to allow comfortable freedom of action. At the same time a trim neatness is cleverly effected.

Models to meet every individual taste of the young flapper or the comely matron.

Women and misses of all proportions will readily find their sizes.

DON'T LET THE PRICE MISLEAD YOU!

Our one fear is that our \$1.00 price may do these dresses an injustice. These are not mere dollar garments. You can't imagine their beauty and high quality - These illustrations do not even give a slight hint of their loveliness, nor can words truthfully describe the unsurpassed values of these "Wirthmor" wash dresses. Only by seeing these dresses can you do them justice.

Mail and phone orders will be filled if received in time.

Be one of the first to select your choice tomorrow

**FAIR DISCUSSED AT  
COMMERCE MEETING**  
(continued from page 1.)

ent features, and securing of a program to fit the pocketbook and so not a deficit were given as the main reasons necessary to put the Fair over George Luder.

Judge Henry's talk on "Communities," he stated that the only and the best way for any town to have a Fair was to get the various neighborhoods to compete with each other, and that by getting up communities, one gets an interest that is something to the whole county. He stressed offering of the very best premiums possible to the communities for their exhibits, in order to get the best products of the county later to be used in sending a exhibit to the Dallas Fair.

They (home demonstration clubs) were going to take off at the Dallas Fair than any other year and asking that the Fair and help in the communities, Miss Blanche club members were and were going to own any way. She ration work was which touches the evening, food prepared so on. The spirit of the meeting was which is prevalent the county home

demonstration clubs which it is believed, may be expected to really do things worthwhile for the County Fair, as well as at other fairs where their products will be exhibited.

In speaking of the Fall Flower Show, which is already scheduled to be held in Floydada, Mrs. M. F. Husky said the greatest trouble encountered by those sponsoring the Show was lack of funds. The rose is featured in each Flower Show and the organization has as a motto, "Make Floyd County the Beauty Spot of the Plains."

A committee of four women was appointed by Mr. Rutledge to work out a list of premiums to be offered for the Flower Show entries. They are: Mrs. M. F. Husky, chairman; Mrs. M. L. Kizzar and Mrs. E. C. Henry.

Suggestions for beautifying the city and helping put over the Fair as coming from The Nineteen Twenty-Two Study Club and given by Mrs. George Luder are as follows: removal of all signs, paper, etc from the lamp posts surrounding the square; placing of bulbs on each of the globes of the post; more street lights; better care and beautification of the court house lawn; more uniform signs in front of all the stores, or doing away with the hanging ones altogether; cleaning up of the back end of business lots and use of them for parking space; cleaning up of vacant lots in the city and other "eyesores."

The meeting was then opened for general discussion; J. G. Martin, called upon for any further suggestions for the Fair, heartily endorsed the Fair

idea but also favored offering of hogs and dairy stock premiums. President Rutledge stated that a local manager for each of the county school districts which are expected to take part in the Fair would be named soon, also the premiums, so that there would be something definite to work on for the Fair, likely to be held the later part of September.

**ONE NEW CASE OF SMALLPOX  
IN MCCOY REPORTED TODAY**

One new case of smallpox—really variloid—has developed in McCoy Community, where a case of smallpox was reported two weeks ago.

Dr. Pennington the first of the week quarantined this case for Health Officer Andrews, who was sick, and vaccinated the members of two families. He thinks it possible that there will be no further spread of the disease in that community.

**COUCH LEAVES FOR REST**

Jess W. Couch, out of heart with continued ill luck in the wrestling game here, left this week for Houston to visit with his father for several weeks, to return probably in the late spring or mid-summer.

Couch's bad luck a few weeks ago when he suffered a broken shoulder is one of a series of hard knocks he has had in the past three years he has been wrestling in northwest Texas. "I've been broken up several times in three years and have been in wrestling condition hardly more than half the time," he declared before he left.

**Society and Clubs**

**Shower for Mrs. J. M. Wright.**

Friends and neighbors gathered at the home of Mr. and Mrs. J. M. Wright Tuesday morning of last week with dishes of good things to eat and at the noon hour everyone enjoyed a great feast. After the noon hour, while the honoree was absent from the house, the dining table was loaded with beautiful and useful gifts. Upon re-entering the house the honoree was led to the table where she began opening packages, amid laughter and tears.

Those present were: Mmes. C. B. Sims, Joe Holland, E. A. Birch, W. F. Birch, J. T. Perry, T. A. Caudle, Ollie D. Bartley, H. E. Smith, W. E. Walker, R. M. McCalvey, M. F. Swain, W. E. Sims, J. R. Thurston, Galen Golland, V. P. Switzer, R. H. Calhoun, Pearl Wraske.

J. L. Henson called in the latter part of the afternoon for a few minutes, and was invited by Mrs. Wright to offer prayer, which was very touching to all present. In the late afternoon all departed for home, after having enjoyed a great time.

**Interesting Program Rendered By  
1922 Study Club March 18.**

The 1922 Study Club met March 18 with Mrs. H. S. Sanders as hostess. Due to inclement weather the programme scheduled for March 4 was not given, so the two programmes were combined at this meeting.

At the request of the president, Homer Steen addressed the Club on the "Home Beautiful Contest," soon to open. He gave in an interesting manner the origin of The Home Beautiful Contest. He asked for the support of the Club as well as that of other organizations in the project, which was launched and has been constantly sponsored by the Floyd County Hesperian.

Following Mr. Steen's talk, interesting numbers on "Home Beautiful" subjects were given by different Club members.

"Some Sore Eye Spots in our Town" was an eye-opener and an able talk by Mrs. Geo. Luder.

"A pot of paint and its Possibilities" was presented in a most interesting and unique way by Mrs. E. B. Massie.

Then the following program on O. Henry was rendered:

"The Caliph," "Cupid and The Clock," "Lost on Dress Parade," by Mrs. George Luder; "The Green Door" by Mrs. J. U. Borum; "The Furnished Room" by Mrs. S. Y. Carter; Regional Stories, "The Municipal Report" and "The Rose of Dixie"—Mrs. Harper Scoggins.

A short business session followed, in which the Club voted to sponsor and offer a prize for some special feature of the "Home Beautiful Contest," which is not particularly specified and provided for on the present score card.

A committee was appointed by the president to meet with the Chamber of Commerce and Contest officials, and offer the Clubs full support in the Contest.

The next meeting of the Club will be with Mrs. E. B. Massie, on April 1, at 3 o'clock.

—Mrs. Harper Scoggins, Club Reporter

**JUSTICE GAITHER CANDIDATE  
FOR JUDGE FLOYD COUNTY**

Justice J. C. Gaither, of Precinct No. One, this week shies his hat into the political ring definitely as a candidate for the office of county judge of Floyd County, subject to the action of the Democratic Primaries.

In making his announcement for county judge of Floyd County, Mr. Gaither desires us to say that he is a native Texan and quite ancient; that he has lived in Floyd County 18 years and in his appeal for the suffrage of the people he can only say he has discharged all civic duties imposed on him, something each of his opponents might claim and which he freely concedes.

For the past 16 years he has been Justice of the Peace of Precinct No. 1 of this county, and how faithfully he has discharged his duty is to be judged by the people.

He has the reasonable ambition to be county judge and in all confidence submits his hopes to the suffrage of the people.

**Locals and Personals**

Miss Tommie Lee Awtry returned Sunday from Vernon, where she has been visiting her grandparents and other relatives.

Mrs. Henry Edwards returned last Saturday from a two-weeks visit with relatives at Hubbard; she was detained there several days on account of being poisoned.

Pauline and Billie Rushing visited homefolks from last Saturday until Tuesday; they were accompanied by Miss Beryl Nix. All are in school at Abilene.

Miss Florence Green, former head nurse at the local sanitarium but now nursing in Amarillo, arrived in the city Tuesday for several days visit with her father, Bob Green, and other relatives and friends.

Mr. and Mrs. Claude Martin returned from the Fort Worth Stock Show last Wednesday; they visited his father and other relatives at Weatherford while gone, and at Wichita Falls.

Little Virginia Stovall is slowly improving after a severe attack of pneumonia.

Jess Shurbet and family recently moved into the Harrison house southwest of town.

J. G. Wood was a business visitor in Plainview Wednesday; he was accompanied by H. D. Butler, who visited in the home of his son, Frank Butler.

N. L. Ross and Bud Awtry, students at Draughton's business college, arrived in the city Tuesday with Herbert Sims, who motored to Abilene Sunday with Grace Porterfield, also a student at Draughton's.

Mrs. E. B. Massie left the city Wednesday morning for Clovis, N. Mex.; she was accompanied as far as Plainview by Mrs. W. C. Grigsby.

Mrs. C. R. Houston visited Miss Ruby Houston, who has been ill with pneumonia in Plainview Wednesday afternoon.

Mr. and Mrs. W. H. Sharp returned home Sunday night from Lamb County, where Mrs. Sharp had been visiting her parents for several days, Mr. Sharp making the trip Saturday night.

Lucille Snodgrass, daughter of Mr. and Mrs. G. L. Snodgrass, of Harmony, has been very ill for some weeks with rheumatism, which has affected her heart. The condition is believed to be caused by bad tonsils and she will have a tonsil operation as soon as sufficiently recovered, her father said Monday.

Ira A. Connell has purchased the residence of T. D. Woods on East Kentucky Street and will occupy it as a home at an early date.

Mrs. J. M. Baggett, of Ozona, who has been in a sanitarium at Plainview some weeks following a major operation, is here on a visit with her parents, Mr. and Mrs. W. L. Boerner.

Mr. and Mrs. Walter S. Posey, of Lubbock, were here Tuesday night on a visit with Mrs. Posey's parents, Mr. and Mrs. W. L. Boerner, and other relatives.

BORN—To Mr. and Mrs. E. E. Kuykendall, of Mayview, March 20, a daughter.

Lloyd Paschall was in Matador Sunday.

**You Like New Things**

Every one does—so thought you would be interested in knowing that the niftiest patterns the woolen market affords for Spring are in our store. Something bright and fresh—patterns vastly different from those you have been seeing.

Give yourself the pleasure of at least looking them over! We have shoes, hats, caps, shirts, hose and neckwear to go with your suit.

You could have your old suit dry-cleaned and pressed. We make them look almost new.

To Mr. and Mrs. Owen Williams, city, March 21, a son.

To Mr. and Mrs. Jas. W. Jones, city, March 22, a daughter.

One negro family has an additional member in the family. The child is a girl, born to Norman Bryant and wife, March 24.

**Brown Bros. Go to Cash**

Brown Bros., one of the larger retail establishments in Floydada, dealing extensively in groceries, hardware, and auto accessories, will go on a cash basis April 1, they are announcing through The Hesperian this week.

Only those items in their store that are sold on installment or time basis generally, such as washing machines and implements, are not included in the sweeping change in sales policy. The firm has been one of the largest credit sales stores in the county for years.

Use Hesperian Want Ads.

**Fred Bell Receives  
Doubts His Making Hole-in-One  
Card From ??????**

Fred Bell's feat of making a hole-in-one at the Floydada Country Club from a drive of 118 yards has been questioned by a Lockneyite, who clipped a story of the actual actuality as it appeared in the Star Telegram, pasted same on a government past card and inked a conspicuous question mark on either side and directly below the clipping. But the questionsomeness doesn't terminate with that. For the card admits being from "?????" six of them, if you please), and at its topmost portion is another question mark after a scrawling of the letters "noterity-eh" is completed.

Any—and everybody, we are told, has a right to his or her own opinion—hence "?????" is not excluded from her or his own. We, of Floydada, don't doubt that Mr. Bell made the hole-in-one. But there are two doubtful things, puzzling things about the Lockneyite's card and what it contained; one is why he or she mis-spelled "noterity," and the other is how the deuce does she or he pronounce his or her name, "?????"

Mr. and Mrs. H. D. Baker leave this week for Munday at which place they plan to make their home.

**Strictly Cash! Beginning Thursday, April 1, 1926, We Will Sell for Strictly Spot Cash!**

After 10 or 15 years experience in the credit business in Floydada we have decided that we can serve our customers and ourselves to a better advantage by selling for cash.

By selling for Cash we believe we can lower our cost of doing business probably one-third. Our intention is to pass this saving on to our customers. While we realize that by this change we will lose a number of valued customers, at the same time we believe that buying for cash and selling for cash will ultimately prove most profitable for everyone.

NOTE: This does not apply to Implements, Oil Stoves and Washing Machines. These goods will be sold as heretofore.

**BELOW WE GIVE YOU A FEW OF OUR CASH PRICES FOR THE WEEK BEGINNING THURSDAY, APRIL 1ST:**
