LIGHTS HELP GREATLY

It wasn't any small thing that Floydada did when the city fathers contracted for the fine street lighting system that was put into operation last week. In addition to the actual value of the lighting system to residents of the city, the advertising value is great, and generally brightened appearance is helpful.

GAS PROSPECTS BETTER

The visit of J. W. McMahan and his associates to Floydada last week on their tour of the south plains cities to be served with gas from the panhandle fields, gave much more plausibility to the statements repeatedly made by Mr. McMahan and his engineers that gas would really be forthcoming. The south plains was to have had gas last fall. Financing was not properly undertaken and the first proposal had to be dropped. However, the people responsible for the efforts to put gas here kept working, and now it is generally accepted by well informed busi-

ness men that the gas system is a well-financed proposition and that it will be built.

Local people will be inclined to overlook the big meaning behind this gas service at this time for south plains cities and towns namely that the Texas Gas Company, or whatsoever they will call themselves, is betting millions on the future of this section and several hundred thousand on the future of Floydada and Lockney.

If local people would sell themselves more thoroughly on this community how much more quickly could be realized the future which is ahead for us. This is the coming country of the United States. Why wait for outsiders to see all the opportunities here? Why not move ahead ourselves?

NOW TO MARKET

It is said that it is good business to look out for eventualities and ward off the wrong kind if you can. In this connection, it should be borne in mind that Floyd county people have gone in strong for more poultry, eggs and various kinds of farm by-products this year than ever before. Floyd County is going to have thousands of pounds more poultry and eggs and cream for the market this year than ever before. Low prices for these commodities when they come on the market this summer and fall won't do. They've got to make money for the men and women who have produced them. Good markets will mean thousands of dollars for Floyd County. Good markets will mean the difference between a return to the one-crop idea with its heavy gamble and a greater increase another year in diversified effort. Poultry dealers, business interests in general, and the people who are now producing this big crop ought to begin to put out feelers, to begin to hedge against low prices in any way possible. We don't know the answer to the question positively, but suggest that to wait until you're ready for the market with your products is too long to wait. A calamitously low price for these products won't do.

BETTER TIMES AHEAD

Agriculture, as a whole, has seen some rather bitter days in the immediate past. Conditions have been wrong, but there appears to be a rift in the offing. It begins to look like the farms and the associated enterprises that go with the farms are in for good returns on the investments made. This is true, it appears, for conditions as they are in Floyd County, at least. Farming is going to make money in this section during the next few years.

CHECKING UP ON THE COTTON CARRY-OVER

One of the measures passed at this session of the Congress is the one which provides for the listing of the grades and staple length of the cotton in the so-called carry over. The original bill by Congressman Marvin Jones was passed by the House in December. A similar bill by Senator Mayfield was recently passed by the Senate. The two bills were combined and as such have recently been enacted into law.

There are between four and five millions of bales in the so-called carry over. There are ten tenable grades of cotton. Hundreds of thousands of bales of the carry over are not of a tenable character. Much of it is of a non-merchantable character. All of this cotton, however, without regard to grade or staple has heretofore been included in the reports and only the total figures given as so many millions of bales. Naturally this affects the market adversely the same as if all of such cotton were of a tenable and merchantable character. By referring to this cotton as surplus or carry over, manipulators have been able to depress the market and reduce the price.

Under the new measure it will be known just how much of this is of a tenable and merchantable character and how much of it should therefore really affect the price.

It is thought by the Department of Agriculture and by those who have studied the question generally that this measure will mean millions in increased prices to the producer of cotton throughout the South.

The measure also provides for abolishing the semi-monthly estimates of cotton production, and substitutes monthly estimates instead, thus utilizing the funds heretofore used in making estimates of production for the listing of the quality of the cotton. It provides, however, for the retention of the semi-monthly ginning reports of actual cotton production.

14 YEARS AGO IN FLOYD COUNTY

News items taken from the Floyd County Hesperian files published in Floydada fourteen years ago.

ISSUE OF MARCH 27, 1913.

J. H. Shurbet, A. L. Bishop, and Jess Shurbet returned last week from Denver and Cheyenne where they have been buying cattle and mares.

The First National Bank of Lockney let a contract recently (March 1913) to a Plainview contractor for the construction of a two story brick building.

Decision to move the Methodist church to lots in the south part of Floydada was made last Thursday when the Quarterly Conference was held at the church with Rev. J. T. Hicks presiding. After being moved, the building will be enlarged and will be one of the best churches in this country.

Sunday, March 23, 1913, friends of the Thagard family all over Floyd County were profoundly shocked when it was learned that C. W. Thagard, for many years a resident of Floyd County, died at his home here. Mr. Thagard was serving his second term as county treasurer at the time of his death. Mrs. Thagard was appointed treasurer after his death. He leaves a widow and five children.

Citizens of the Cone community are asking to have the Canyon road graded at section twelve (The Emma Crossing). In order to make the road passable it would be necessary to bridge a ravine with a 75 foot span iron bridge, costing about \$1000. (This bridge was built some time later and has been serving on the Ralls highway since 1913.)

'Round The Square

Following the vaccination rule at the high school, the following conversation was heard Round the Square between two high school girls:

"You know, I have been vaccinated four times and it never has taken."
"That's nothing, I've been baptised four times and it never has taken either."

Out where the buttons seem a little tighter,
Out where the buckle shines a little brighter,
Out where the girth becomes a little longer,
Out where the straining seems a little stronger—
That's where the Vest begins!

The biggest and best asset a business can have is its good will. Good will never goes out of style; it never changes its face value; it cannot be bought, neither can it be sold.

Good will is created, in a great way, by advertising. It is just as valuable to merchants of Floydada as it is to a large national business. It is often hard for a merchant in a place the size of Floydada to realize that advertising has an effect, even if all the people in the community know already that he is in business and that he wants them to buy what he has to sell. But this fact does not alter the truth established by experience, that advertising does pay!

Fat women get more kick out of a hearty laugh than slim ones. Why not? There's more there to do the laughing.

To err is human; to admit it is foolish.

"As a Woman Thinketh," the name of a play to be presented tomorrow night by the Junior class of F. H. S., sounds all right. But if they can tell us just what a woman really thinketh,

it will be something that we have never been able to figure out.

Last week a jury of the Floyd County court stood eleven for conviction and one for acquittal for several hours on a case. At noon the bailiff asked what they would have to eat. The foreman suggested that they bring eleven first class dinners and one bale of hay.

When the Dutch settled on Manhattan they liked the crabs that were plentiful there because they were edible and were blue and white in color. The British like the crab because it turns red when boiled.

Floyd-Hale Rug Co. Saturday At Plainview

Mrs. Bernice Claylor, State Home Improvement Specialist Principal Speaker At All-Day Meet.

Mrs. Bernice Claylor, State Home Improvement Specialist, will act as principal speaker Saturday at Plainview when the Demonstration Clubs of Floyd and Counties meet in a joint rug contest all-day picnic. Mrs. Claylor is known as one of the most educated men on home demonstration work in Texas. She will be assisted by Myrtle Murray, District Home Improvement Agent.

The Hale County clubs will be the principal speakers in the all-day meeting and picnic. It is believed that this contest will be of the most interesting kind in the state. Both the Hale County clubs are among the best in Texas and competition is expected to be great throughout the meet.

Women from all of the clubs, including Lockney and other towns, are invited and urged to attend the meeting according to Miss Blanche Bass, County Home Demonstration Agent.

The following program has been arranged for the meet:

Welcome address—Mrs. J. P. Murray.

Response—Mrs. A. R. Hanna, Claylor.

Home Improvement—Mrs. Bernice Claylor.

Summary of Development of Home Demonstration work in Texas—Myrtle Murray.

"The Modern Woman of Proverbs"—Mrs. Lon V. Smith, Floydada.

PROVIDENCE 4H CLUB

The Providence 4H Girls' Club met Tuesday at 12:30 at the club room. The house was called to order by the president and the minutes of the last meeting were read and approved.

Miss Bass was present and after the business session took charge of the meeting and proceeded with the sewing instructions. There were only three of the second year girls who had completed their work for the meeting and they were: Olamae Gamble, Mable Turner and Dorothy Pullen.

We were to have completed our sewing bag and patch work but only a few had completed the work so we will have to work on them again at our next meeting. Miss Bass let us inspect an apron made by one of the McCoy girls and it certainly was well made.

If we only try we can accomplish much and our motto is "Try, Try Again." We had only 10 members when we organized and now we have 16 and hope to receive several others soon. We are expecting a visitor at our next meeting, so let us all try to have our work well done for this meeting.

Father Of Will Snell Died At Waco Monday

W. H. Snell, father of Will Snell, of the McCoy community, died Monday morning at his home at Waco. He was born at Columbus, Ga., and would have been 79 years the 11th of June. At the age of 16 the deceased enlisted and served in the Confederate army. He had been a member of the Methodist church since boyhood. During his visits here with his son he made many friends and acquaintances.

He is survived by his wife and the following children: Mrs. S. F. Snider, Denver, Colorado; Mrs. J. E. Gatlin, Paris; Mrs. Lula Brown, Waco; Mrs. M. N. Grimland and Mrs. Ralph W. Helm, Clifton; M. L. and O. K. Snell, Waco, and Will Snell, Floydada.

Mr. Snell received the telegram of his father's death Monday at noon and left immediately. His father was buried at Turnersville.

ATTEND MEDICAL SOCIETY

Dr. Lon V. Smith city, and Dr. A. C. Traweck, of Matador, attended the quarterly meeting of the Lower Panhandle Medical Society in Chillicothe Thursday of last week.

Dr. Smith, upon his return Friday afternoon, said the next meeting of the society would be held at Matador on the second Thursday in April.

A. L. GLENN EXPRESS HIS APPRECIATION FOR HELP

A. L. Glenn, of Sand Hill, who was in Floydada Monday, told The Hesperian of the unsolicited help given him by friends, known and unknown to him over the county, following the recent reverses he has met with, and asked that we express his appreciation to all. "I received \$204.90 in merchandise and money from various sources and certainly appreciate the kindness of the good people of the county who came to my aid," Mr. Glenn said.

About six weeks ago Mr. Glenn became ill and had to undergo an operation. Last week his wife became ill. Friends seeing the situation he was placed in, worked around quietly and when they had finished presented him with the net results of the subscription. The Glenns have lived at Sand Hill the past eight or ten years.

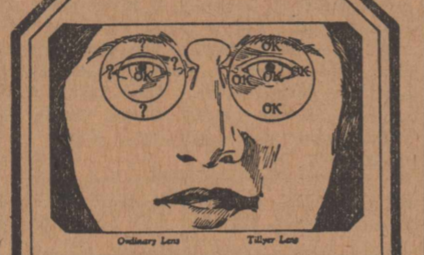

Mrs. Glenn was able to leave the hospital for her home Tuesday of this week.

THIRD SET OF TEETH

Chicago.—Third sets of teeth are the possessions of two Chicagonians, one a youth of 12, the other a veteran of 87. Their positions were reversed, however, the youth having false teeth for his third set, the octogenarian displayed a third set given by nature.

The boy, John Kirby, blamed failure to take care of his teeth for appearance of the false ones, but the 87-year-old former railroad man, George Miller, praised his use of a corn cob pipe since he was 10 years old as responsible for his prolonged health. His third set of teeth has pushed its way through the gums and is "growing every day," he said.

Miss Doris Armstrong spent Sunday visiting in Lubbock.

Why We Fit Tillyer Lenses

In a few words, we use this latest optical development because it gives you lenses that have our prescription ground accurately from margin to margin. Ordinary lenses give clear vision only through the center—through the margins, the vision blurs and may cause eyestrain. Drop in, let us explain why Wellworth Tillyer Lenses are so much better for your eyes.

NATURAL GAS CUSTOMERS INCREASE 92,000 IN 1925.

Domestic consumers of natural gas in 1925 increased 92,000 or about three per cent over the year before, according to a report of the United States Bureau of Mines, says the Pennsylvania Public Service Information Committee. That brings the total of domestic consumers up to 3,356,000.

Indicative of better utilization of that fuel it is worthy to note that while the number of domestic users was increasing, the amount of domestic consumption in cubic feet was decreasing about five per cent in that same period of time.

Interstate transportation of natural gas, carried on mainly for domestic consumption, increased in 1925. The industry is working to preserve the supply, and to that end is urging the consumer to eliminate all wasteful usage.

Women's Council Met Monday.

Mrs. Fred Brown led the missionary lesson on the subject of "China" at the regular meeting of the Woman's Council Monday afternoon. She was assisted by Mrs. J. A. Enoch, Mrs. N. Farris, and Jim Lawlis.

The regular lesson from the "Life of Christ" will be had next Monday afternoon, led by Mrs. F. L. Davis.

Andrews Ward P. T. A. Will Entertain.

The Andrews Ward Parent-Teachers' Association will entertain the members of the East Ward and High School Parent Teachers' Associations at the Andrews Ward School Wednesday afternoon, March 23, at 3:15 o'clock.

A short business session will be held and the following program will be rendered:

Piano solo—Ruth Rutledge.
"Value of Good Books in the Home" discussed from the parents viewpoint—Mrs. Lon V. Smith.

"Value of Good Books in the Home," discussed from the teacher's viewpoint—Miss Lula Belcher.
"The Lure of a Bad Book"—D. M. Hopper.

Reading—Alice May Fyffe.
After the program a social hour will be had. All of the mothers who have children in either of the schools, whether or not a member of either association, are requested to attend.

The Andrews Ward P. T. A. served the Luncheon Club Monday night. Forty plates were prepared and everything was donated by the members.

Boy Scout Talk Will Be Given To P. T. A.

As plans are now being made for a Boy Scout organization in Floydada Rev. W. R. Hill will talk on this subject at the meeting of the East Ward Parent-Teachers' Association to be held Friday afternoon at the school building at 3:00 o'clock. This talk will be given especially for the parents who do not know just what the scout work is and how it is conducted. A reading, "No Place For Boys" will be given by Frank Sitton and a piano solo by Laura Blanche Hilton.

A picture will be given to the room that has the most fathers and mothers present at this meeting.

S. S. Gives To Conquest Campaign.

Raising funds for the Conquest Campaign was the purpose of the meeting and picnic which was at the home of Mrs. George Linder Thursday afternoon from 5:00 to 7:30 by the members of her Sunday School class, "The Fidelis Girls." During the business session the class voted to give fifty dollars to the Conquest Campaign.

Lunch was served in picnic style to the following: Misses Myrtle Terry, Blanche Bass, Addie Williams, Velma Terry, Vera Fry, Maude Williams, Gladys Covington and Misses Fred Jones and Harry Guynes.

Dinner Given At Tulia Honoring Relative.

Mrs. Mandy Fortenberry entertained with a dinner for relatives of the family at her home at Tulia Sunday, honoring her daughter, Mrs. L. C. Koop, of Fresno, Calif. The day was spent in talking over olden times and during the afternoon kodak pictures were made in memory of the event. About thirty-five were in attendance, including the heads of families and their children.

Those present were: Mr. and Mrs. W. T. Brown, Floydada; Mrs. James Thomas and children, Floydada; Mr. and Mrs. W. Ed Brown and family, Floydada; Mr. and Mrs. Robert Jones and family of Alken; Mr. and Mrs. Roy Brown and family of Silverton and Mr. and Mrs. Oliver Fortenberry, of Tulia.

Missionary Society Meeting Held Monday.

There was a large attendance at the regular meeting Monday afternoon of the Woman's Missionary Society of the Methodist Church for the lesson from "The Missionary Message of the Bible." The lesson was conducted by Mrs. H. N. Porterfield. Credits may be obtained on these lessons.

The next meeting will be a social meeting. The lesson will be the fourth, fifth and sixth chapters of the study book.

Slumber Party Honoring Margaret Henson.

Miss Margaret Henson, of Sweetwater formerly of Floydada, was honored at a slumber party Saturday night with Miss Ethna Green as hostess. After a lovely dinner had been served by the hostess' mother, Mrs. J. K. Green, the girls went to the picture show at the Olympic Theatre.

The guests included: Misses Wilma Deen, Winnie Coward, Peggy McKinney, Ina Sims, Capitola Hardgroves, Thelma Swain, the honor guest and the hostess.

Mr. and Mrs. J. G. Martin returned home Friday from Fort Worth, where they attended the Fat Stock Show.

Sunday School Class Entertained.

Mrs. E. L. Norman entertained the members of the T. E. L. Class, of which she is a member at her home Tuesday night. The St. Patrick idea was featured in the games which were played during the evening. A salad course was served by the hostess.

Those present were: Meses. J. W. Clonts, G. C. Tubbs, Kight Dickey, C. H. Davis, L. B. Dawson, Ross Henry, J. V. Daniel, J. G. Martin, L. A. Marshall, Harper Scorghs, E. L. Angus, H. O. Pope and Mrs. S. J. Latta.

Mrs. Jno. Smith Hostess At Announcement Party.

A beautiful party, which will be of more than usual interest because of the announcement that it revealed, which pertains to the plight of two prominent people of Floydada, was given Wednesday evening at the home of Mrs. A. N. Gamble with Mrs. John Smith as hostess.

A program very appropriate for the occasion was rendered in which Mrs. J. V. Daniel gave a piano solo, "The Rosary"; Mrs. C. H. Davis, a reading, "I doubt It"; a vocal solo, "O Promise Me"; Mrs. E. L. Angus, a violin duet, Meses. L. E. Fagan and C. M. Wilson; reading, "To The Bride," Mrs. D. Ford Butler.

Then the hostess made her appearance with a laundry bag and emptied the contents which proved to be a cat with a message tied around his neck. Mrs. Boon Hall finally succeeded in capturing the liberated animal and read the attached message which was Miss Lela Windsor and John E. Horton May 20, 1927.

A toast to the bride-to-be was given by Mrs. Lon V. Smith, a toast to the groom-to-be Miss Virgie Price and the honoree herself in her very witty manner gave a toast to the girls left behind.

Delicious refreshments were served by the hostess assisted by her sister, Mrs. A. N. Gamble. On each plate were favors of violet bouquets.

The guests included: Meses. C. M. Wilson, George Linder, J. V. Daniel, Lon M. Davis, E. L. Angus, Frank Moore, Ruth Brown Hall, H. O. Pope, Pearl Fagan, H. L. Guynes, E. F. Eastbridge, C. H. Davis, R. C. Henry, Hub Russell, Robert McGuire, T. S. Stevenson, Worth Shipley, E. L. Norman, Lon V. Smith, L. B. Dawson, Elmer C. Caudle, Kenneth E. Bain, D. Ford Butler, S. Y. BUYS REGISTERED JERSEYS AT SOUTHWEST EXPOSITION

J. A. Nickles, of this city, returned Sunday from Fort Worth, where in company with his brother, Robert Nickles, of McAadoo, he attended the Southwestern Exposition and Fat Stock Show.

The last-named, who owns a farm near McAadoo and is getting into the dairy and cattle business, bought three registered Jersey heifers and returned with them to build up his herd. "If a man wants to see some pretty Jerseys he would be well repaid by a visit to my brother's farm to see these heifers," J. A. Nickles said Monday.

The heifers cost from \$180 to \$215 on the market, having been purchased in the sale at the closing of the show.

DISTRICT DEPUTY TO VISIT ORDER EASTERN STAR TONIGHT

Mrs. Adams Succumbs To Stroke Of Paralysis

Resident of Floydada For Twenty Years Buried Sunday at Family Cemetery Near Valley Mills.

Mrs. J. W. Adams, 78, a resident of Floydada for the past twenty years, died at her home in the west part of town last Friday morning following a stroke of paralysis on Saturday, February 26. Some two years ago Mrs. Adams suffered a stroke of paralysis and had never fully recovered from the first attack when the fatal stroke came. Death came at 5:30 Friday morning.

Mrs. Adams was 78 years and 7 months old at the time of her death. She was well known in Floydada and surrounding territory. Mr. and Mrs. Adams came to Floyd County about the year 1905, making their home in Floydada. Mr. Adams died in 1912.

Mrs. Adams is survived by four sons: Tom P. Adams, Wichita Falls, George I. and John B. Adams, Meridian; Hugh C. Adams, Mission; six daughters: Mrs. Ed Sears, Mrs. Levi A. Dunlap, Meridian; Mrs. Glad Snodgrass, Mrs. Ed Johnson, Mrs. Ona Mitchell and Miss Julia Adams, Floydada; one sister, Mrs. Martha Adams, Meridian; and five brothers, Alfred of Rock Church, William of Waco; John, Jerry and Hugh, of Meridian, and many other relatives.

All of the children, the sister, and brothers were present at the funeral.

The funeral services were held and interment made at Odle Cemetery, noted burying ground, in Bosque County, where more than fifty of Mrs. Adams' most active years were spent, and near which place she was married in 1866. Mrs. Adams had been a member of the Cumberland Presbyterian church for more than sixty years.

C. Of C. Carnival Plan To Raise Funds For Band

A big carnival for the purpose of raising funds to take the Floydada Band to Wichita Falls with the local delegation this spring, was announced yesterday by the Chamber of Commerce for Friday night, March 25, and efforts will be made to get civic and business organizations and clubs to join in and make it the event of the month. Ed Bishop said last night.

The plan was hit upon when it became apparent that an insistent demand will be made for the band to make the trip and that means of raising an ambitious fund to defray the expenses would have to be worked out. "It will take hundreds of dollars, even with rigid economy to take the band to Wichita Falls, R. E. Fry, president of the Chamber of Commerce said, "And we dislike to have a subscription list on the streets except when absolutely necessary. If we can raise these funds without a subscription and let everybody have a good time at the same time, we will have accomplished our purpose with the carnival."

With the permission of the city the carnival will be held on the square and, it is said, will be a "wide open" affair, with every conceivable "attraction" to create fun and amusement.

WATER BONDS CARRY 11 TO 1 IN VOTE AT LOCKNEY TUESDAY

Water bonds for the purpose of making extensions and betterments of the city's water distributing system at Lockney Tuesday of last week, carried eleven to one.

A \$25,000 bond issue was voted for the purpose.

Mrs. W. E. Miller Wins Nitrate Garden Prize

Remarkable Success of Floyd County Woman With Fertilizer Wins First Prize In State.

Another remarkable record for Home Demonstration Club work was brought to Floyd County last week by Mrs. W. E. Miller of Sand Hill Club, and with it a prize of \$25, when the announcement was made that her garden work as special demonstrator for the club of which she is a member, had been awarded the Grand Championship by the Extension Service of A. & M. College. The announcement came from Miss Mildred Horton, state home demonstration agent in a dispatch from the college last week. Announcement of Mrs. Miller's successful competition was also made by Miss Myrtle Murray, district home demonstration agent, in a talk at the Sand Hill Banquet Friday night.

At the same time it was announced that the garden of Mrs. W. C. Parkey, of the Harmony Club, won second place in the district and state carrying with it a prize of \$12.50.

The contest was arranged by Extension Service agents and sponsored by the Educational Bureau, Chilean Nitrate of Soda Company, of Atlanta, Ga., for women demonstrating Chilean nitrate in their gardens. In addition to the first and second prizes which came to Floyd County, a West Texas woman also won third prize. This was Mrs. Claude Gowen of the McCarty Club, Dawson County.

The success obtained by the use of nitrate in their demonstration gardens by Mesdames Miller and Parkey in this county in their demonstration gardens was remarkable in several respects. Mrs. Miller's report showed that in her garden she successfully raised more than one hundred varieties of vegetables. With leafy vegetables she was particularly fortunate in successful use of the fertilizer.

FLIPPEN HOME BURNS

Entailing of loss probably in excess of \$4,000, the home of J. W. Flippen, seven and a half miles east of Floydada, in Campbell Community, was destroyed by fire Sunday afternoon about 5 o'clock. All the household effects and all the clothing of the family except those they were wearing, were burned in the fire, too, according to J. T. Perry, a neighbor.

A small amount of insurance was carried, and this amount is being supplemented with donations by neighbors and friends this week.

Last week, Oscar Warren purchased the interest of C. M. Hinson in the Floydada Transfer and will be associated with V. H. Boetler who retained his interests in the transfer company. Mr. Hinson's plans at the present are indefinite.

Artie Baker, of Lockney, was a business visitor in Floydada Wednesday.

County School Meet Is Creating Much Interest

Interscholastic Meet Here On April 8 And 9 Will Be Greatest In History of Schools.—Biggers.

"The Floyd County Interscholastic League Meet is rapidly becoming recognized as one of the most important meets in the state. Present indications are that the meet this year will be the largest ever held in this county," stated W. D. Biggers, of Lockney, Director General of this years meet.

The county meet this year will be held in Floydada on April 8 and 9. The most efficient judges available have been chosen from the faculty of the West Texas State Teachers' College. They are Prof. R. P. Jarrett, head of the educational department, Mitchell (Bulldog) Jones, assistant coach of the Buffaloes, and Miss M. Moss Richardson, of the English department.

Program of the county meet will probably be ready for the press by next week, according to Mr. Biggers. Practically the same program carried out last year will be followed this year with the exception that more time will be devoted to the rural school events. All girls track events have been eliminated from the meet and several new entries made in rural athletic events. This will create more interest in all rural events and will increase their

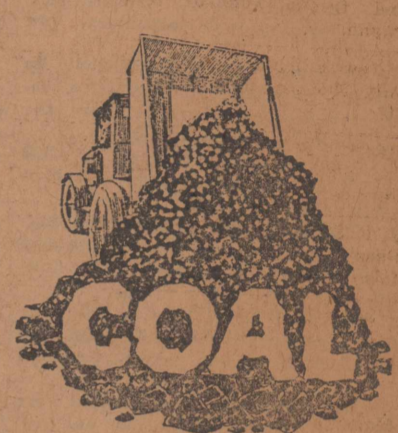

competition with the high schools, it is stated. "A great deal of interest is being manifested in the county as a whole, but we especially urge the co-operation of the rural and Class B schools. It is around their entries that the entire meet is built," Mr. Biggers stated. Some forty silver loving cups will be at stake at the meet and competition in all three classes of schools is expected to be great throughout the meet.

MISSIONARY PROGRAM PLANNED FOR BAPTIST CHURCH SUNDAY

Sunday will be Missionary Day at the Baptist Church as has been designated to be observed by the Baptist churches throughout the South. A program featured by each department of the Sunday School will be given, outlined by the Denomination Publishing house. An Idol which has been worshipped by the Chinese has been received and will be displayed at the service. The program will begin at 10 o'clock and will be continued through the usual time for preaching service. The various ladies in charge of the different departments are: Mrs. Lon V. Smith, Adult; Mrs. George Linder, Young People; Mrs. E. Ray Smith, Intermediate; Miss Virgie Price, Junior; Miss Lula Belcher, Primary; Mrs. E. Caudle, Beginners.

'Citizenship' Contest In Schools Of County

Sons of The American Revolution Offer Medals to Grammar Grade Graduates.

A proposition, which has much merit according to County Superintendent Price Scott, has been advanced for the benefit of the graduating classes of the Floyd County rural schools by J. N. Johnston, of this city, as the representative in this county of the National Society Sons of the American Revolution and the State Society Sons of the American Revolution, and in which Mr. Scott suggests that a number of schools could well participate. The contest is for "Good Citizenship" and in each case the school boy or girl winning the prize will be a graduate of the grammar grades. The contest is outlined in the statement below from Mr. Johnston, and Mr. Scott endorses the proposal with the statement that "we should be grateful indeed to both the national and state organizations Sons of the American Revolution, for sponsoring the contest." Mr. Johnston's statement is addressed to principals of public schools of Floyd County and is as follows in full:

"By consent of your County Superintendent, and by authority conferred on me by the National Society Sons of the American Revolution, and by the State Society Sons of the American Revolution, I hereby offer a bronze medal to one member of the graduating class in the Grammar School for the best grade in "Good Citizenship," as evidenced by the following qualities:

"1. Dependability as evidenced by the record in punctuality, truthfulness, honesty, loyalty, trustworthiness, and self-control.
 "2. Co-operation as evidenced by the record in respect to authority, respect for property, respect for the rights of others, and courtesy.
 "3. Leadership as evidenced by what the pupil has done to make the school a better school.
 "4. Patriotism as evidenced by loyalty to, and knowledge of, the purpose expressed in the preamble of the Constitution of the United States.
 "5. No pupil shall receive the Sons of the American Revolution medal who is not clean in speech, and in personal habits.

"If the youth of our schools are striving for these ideals as outlined and are recognized by the comrades as having in a measure attained them, it is evident that a remarkable achievement has been reached.
 "The medals will have a beautiful motto, and the name of the student engraved on them, and will have other historical features.
 "The Holy Bible the guide in religion; the Constitution the guide in our government.
 Motto on medal: "Our inspiration from the Past; Our duty is in the present; Our hope is in the future."
 The above proposition is open to all schools only. 5 medals will be offered as follows:

"One to each school of the five showing the best average daily attendance on enrollment. To secure a medal a school must have a seventh gradation program."

POTATOES NOT ALWAYS TRUE TO VARIETY NAME

As a result of several years' tests by the United States Department of Agriculture of the seed potato offerings of a considerable number of firms, it has been found that the incorrect naming of varieties is far too frequent and is entirely accidental. Out of 99 named varieties purchased from seedsmen in 1925, 26 were found to be incorrectly named. The most frequent cause of misnaming, or the substitution of one variety for another, was that of a firm from whom three varieties were ordered. When these lots were received it was found that the Spaulding Rose or Rose had been substituted for all three varieties. In other words, the seedsmen had ordered out of a seed catalog a variety not called for. In other cases seedsmen had incorrectly named varieties, but in these cases did the different lots furnished by them consist of the same variety.

Although a considerable number of varieties were ordered in 1926 only 26 were actually received. Of this number only 5 proved to be of the variety specified in the order. Whether a smaller number of orders filled was due to a desire on the part of seedsmen to avoid having their offerings studied by department officials, or whether, as is often the case, they were actually sold out is impossible to determine. The outstanding fact is that less than 25 per cent of those furnished were correctly named.

The danger involved in the use of incorrectly named seed potatoes lies in the possibility of having a late variety substituted for an early one, thereby delaying the market maturity of the crop beyond the normal marketing period. In the absence of effective measures for the control of the abuses mentioned, the only protection afforded the purchaser of small quantities of seed potatoes is to buy certified seed potatoes whenever they are available.

A more wholesome respect on the part of retail seed potato dealers for the correct naming of varieties is highly desirable and can only be brought about through an insistent demand on the part of the purchasing public for the handling of only standard commercial varieties.

BILLIONS ENHANCEMENT THRU GOOD ROADS, AUTOMOBILES

"Billions of dollars were added to our national wealth last year through the enhancement of land and property values due to good roads and good transportation by automobiles," says DuBois Young, Hupmobile president. "Also," he adds, "billions of dollars have been added to the nation's capital wealth through the production, distribution and use of the motor car. Our raised standard of living attributable to the motor car. Automobiles will be used to an extent in years to come. I see no prospect of saturation."

Daytona Beach Man Here To Run Bottling Works

The Floydada Bottling Works, A. D. Summerville proprietor, was put back into operation this week, after the plant has been thoroughly renovated and put into good operating condition.

Mr. Summerville will not run the plant himself, but will give his entire time to the sales end of the business. J. B. Marshall, of Daytona Beach, Fla., has charge of the plant. Mr. Marshall arrived this week. He has had much experience in the business, Mr. Summerville said, having begun bottling nearly twenty years ago.

Mr. and Mrs. Marshall made the trip from Daytona Beach overland by auto. They started in January but ran into heavy floods in Mississippi and were weeks getting across that state on account of washed out roads and swollen rivers. "The best roads we ran over were in Texas, after we left Florida and Georgia," Mr. Marshall said. "We found the unfinished roads of West Texas excellent where rains had not fallen," he said.

WIRE WHEELS ON ALL FORD ENCLOSED CARS

Wire wheels are now standard on all the Ford enclosed cars, according to an announcement made today by E. K. Barker Ford dealer here.

"We have just received word from the factory that wire wheels will be standard from now on not only on the Ford and Tudor sedans but also on the Coupe," Mr. Barker said.

"This should be good news to all who contemplate the purchase of a Ford closed car, for the wire wheels add much to the appearance of the car as well as improving the riding qualities.

"Wire wheels on the car includes a spare wheel, making five in all, and these together with balloon tires, which are also standard on all Ford cars, make riding much easier.

"Another advantage of the wire wheel is that it makes changing tires a great deal easier. As soon as the air is let out of the tire it can be removed from the wheel with far less trouble than is experienced in taking a tire off the rim of the wooden wheel."

GINNING PRACTICALLY OVER FOR SEASON 1926 COTTON

Ginning in Floyd County for the season 1926 cotton crop is practically over, ginners state, the movement of the remnants of the crop having already started, with indications that full time operation of gins will be discontinued soon.

Suffered weak, nervous

"I WAS in a very weakened, run-down condition, surely in need of a tonic and builder," says Mrs. J. R. Wrenn, of Anna, Texas. "I was so weak I had to go to bed, and kept getting weaker."

"I suffered with my back so much. I was very nervous, couldn't rest good at night. I couldn't eat anything—I just wasn't hungry."

"I had read so much of Cardui, I thought best to use it. I took seven or eight bottles, and by the time I had taken them I was stronger than I had been in several years. I can highly recommend Cardui."

Thousands of other women have found that the tonic effects of the purely vegetable ingredients of Cardui were just what they needed to help restore their appetites, to help bring them easily and naturally back to normal health and strength. Its action has been found to be of great benefit in many common female ailments.

3 Tests for — good gasoline

MAKE sure that your gasoline isn't "one-sided." Perhaps it's a good starter, but it may also be a poor finisher. Good gasoline has endurance.

For real efficiency your gasoline should check three ways: (1) for ready starting, (2) for rapid pick-up and (3) for power and mileage.

Conoco, the Triple-Test Gasoline, meets these three requirements. It passes the efficiency test on every count. It is the real motor fuel for year 'round economy and satisfaction.

The long experience back of Conoco Gasoline and the high reputation which it has won for itself in fifteen states are your assurance that it will deliver more and better miles of motoring satisfaction.

To get it, make sure that you deal only at those pumps where the Conoco sign is displayed.

PLEASANT VALLEY CLUB

Mrs. Lena Pratt was hostess to the Pleasant Valley Home Demonstration club Friday, March 11, at her home. A very interesting program was rendered with Mrs. Harris as leader. Mmes. Fry, Payne Shurbet and Henderson gave some very interesting talks on trees and shrubs. Miss Bass met with us and

we all enjoyed her talks. If we would follow her advice and plant more trees and shrubs, our homes would be more like homes.

The fair plans were discussed and all are eager to begin early this year on our Fair work. Nearly all have their rugs ready for the "Rug Contest" to be held at Plainview, Saturday, March 19. Remember the date. Let us all go and take our rugs.

We have several new members and room for more. The next meeting will be with Mrs. Ferguson, Friday, March 25. The subject will be "Home Conveniences."

OLYMPIC THEATRE PROGRAM FOR THE WEEK

Today—Thursday—

"BARDLEY THE MAGNIFICENT"
John Gilbert as a savashbuckling hero. Five thousand people three hundred horses and medieval castles in the screens greatest spectacle.

Also Good Comedy and Western.
Friday, March 18—

"BREED OF THE SEA"

Yo-Ho, a story of pirates, of loot and stolen treasure, of conquests on strange seas, of mysterious tropical islands—of twin brothers and a girl who meet after years of separation! This is briefly the essence of "Breed of the Sea." The picture is filled with the zip and tang of the sea; with the old spirit of adventure when man lived romance and made history. The role of the daring pirate who terrorizes the southern seas is played with tremendous realism and effectiveness by Ralph Ince. Ince also plays the part of the other brother who chooses the ministry as his calling. To Ince goes the credit for the masterly direction of the picture. The cast includes such favorites as Margaret Livingston, Dorothy Dunbar, Alphonz Ethier, Pat Harmon, and many others. The story is by Peter B. Kyne, one of America's most popular authors. The adaptation for the screen was made by J. G. Hawks, and the continuity was written by J. Grubb Alexander.

Also Chapter two of "The Fire Fighters" and good comedy.

Saturday Matinee, March 19—

A big blue streak western—plenty of red blooded action, splendid romance and splitting humor. Also chapter two of "The Fire Fighters" and good comedy.

Saturday Night, March 19—

"LOCO LUCK"

with Art Acord. An epic of the Plains!—and how they tear through it—how they ride—how they fight—how you'll thrill. They are right there for the rescues—they're right there for the romance. You will laugh too at this epic of entertainment. Also good comedy.

Monday and Tuesday—

"THE CITY"

A sensational drama of frenzied love and politics with Mary Allison, Walter McGrail, Richard Walling, Muncy Nash, and Robert Frazier.

Also "Bill Grimm's Progress" and Fox News.

PROVIDENCE DEM. CLUB

Thirteen members attended the meeting of the Providence Home Demonstration Club at the club room Tuesday, March 8. Miss Bass attended the meeting.

We were all glad to have our old friend and former member, Mrs. G. E.

CAMPBELL 4H CLUB

The Campbell 4H Club met Tuesday, March 15, at the home of Mrs. R. V. Bond. Miss Myrtle Murray, District Home Demonstration Agent, was a visitor and made a very interesting talk on "Poultry Raising."

All members were present and all received stars.

NEW WHEAT LAND PLOW

A demonstration of a new kind of wheat land plow for this territory will be given by Rutledge & Company, International dealers, at Floydada, on Wednesday, March 30, it is announced this week.

The new plow, known as the Angell One-Way Disc, was invented by a wheat land farmer and has recently come into quantity production, according to O. P. Rutledge, who says the plow is sure to prove popular here.

FOOTBALL STAR OF MISSOURI WEEK'S VISITOR IN FLOYDADA

F. Lyle Davis, Drury '24, Missouri State high school and Missouri Valley Conference football star, of that and preceding years, is a visitor in Floydada this week, the guest of his parents, Rev. and Mrs. F. L. Davis. His home is at Simla, Colo., where he is athletic coach and teacher in the Simla High School.

During an epidemic that school is dismissed temporarily and Mr. Davis took advantage of the opportunity to visit his parents. He may return to his work the latter part of this week. Mr. Davis was captain of the Drury College football squad in 1924. His position was tackle. In his last year in high school football he was picked as a member of the state's all-star mythical team, and was accorded a similar honor in his last year of college football.

Prof. J. H. Tolminson and wife, Miss Ann and Charles Safferty of Simla, accompanied Mr. Davis on his visit here. They are visiting relatives in Vernon this week.

FOARD CO. HAS NOT VOTED ON BOND ISSUE FOR ROADS

The Hesperian office was informed over the telephone by the county judge of Foard County Tuesday morning that bonds for paving the Lee Highway through Foard County had not been voted.

Elections called in that county for two dates in January were called off. The information was obtained at this office to meet the desire of a number of readers, who wanted to know what disposition had been made of the matter of the bond issue in that county. The last story carried by The Hesperian on the Foard County bond issue was that an election was to have been held on January 28.

\$400,000 in bonds, issuance of which is to be submitted at an election probably in the next thirty days, will be used to hard surface highways north and south and east and west, the Crowell judge said, if the proposal meets with the approval of the taxpayers.

MOVING LAND MARK

Walter Byars this week is moving the Pool house at the corner of First and Missouri from the site recently purchased by Marland Oil Company for a large wholesale and retail oil station, to a lot on Second and Jackson Street.

The residence has stood at its former location something over twenty years. If Mr. Pool is correctly informed, the house was built by A. C. Bowers later purchased and used as a residence by J. T. Pitts and by him sold to Mr. Pool. The house is in a good state of repair.

INSPECTIONS FOR STATE AID COMPLETED BY SUPERVISOR

Although State Supervisor Lee Hensley, from the Department of Education, did not arrive in Floydada as expected Wednesday afternoon of last week, he did arrive before noon Thursday and the schools of the county applying for state aid have been undergoing inspection by Mr. Hensley, who has been accompanied on his trips by County Superintendent Price Scott. Only a portion of the first day's itinerary was disarranged, the remainder of the five days tour of the county being made at the hours set, Superin-

tendent Scott said this week. Mr. Hensley arrived from Motley County where he had been doing similar work.

Inspection of the twenty-one schools applying was completed Wednesday night. On Thursday of last week Campbell, Fairview, Sunset and Lone Star schools were visited; Friday Liberty, Roseland, Prairie Chapel and Providence; Monday Center, Sand Hill, Irick and Aiken; Tuesday, Baker, Pleasant Hill, Antelope and Newland; Wednesday, Blanco, Harmony, Allmon, McCoy and Starkey.

Funds allocated from State Aid are used to supplement available funds for teachers' salaries in order to give the school longer terms, Mr. Hensley explained. He said The Hesperian's statement last week that the itinerary would be disarranged by his late arrival had been the cause of the failure of some of the school trustees to meet him at the times and places designated by the County Superintendent. The latter said he did not authorize a statement to the effect that the schedule would have to be abandoned.

BAPTIST CHURCH

W. R. Hill, Pastor
The entire morning, beginning at ten o'clock, will be used for the Missionary program of the Sunday school. In many places such activities are called children's day. Our people call it Missionary day, since the program is a missionary one. Parents and visitors are cordially invited to be in attendance and enjoy the exercises.

All B. Y. P. U.'s meet at 6:30, Ted Borum B. Y. P. U. director, Evening worship begins at 7:30. A worshipful occasion for all who will come to worship.

The Praise and Prayer hour is 7:30 on Wednesday night. All members are requested to try to come, and the young folks will find fellowship and a profitable time spent. This next meeting will be the last before the revival services, and there are many reasons for special interest in it.

On Monday the Woman's Missionary Society will have a very important session at three o'clock. Much interest is characterizing the Study-course, and we reach the half-way point in the Manual. Let every active member plan to come. Visitors are welcome.

The revival meeting is to begin Sunday March 27. Bro. Clarence A. Morton, of Hamilton and former pastor here will be with us from the first service. The members will get the most from the meeting who attend all the services. Visitors are cordially welcomed to all our gatherings. Come and welcome!

CHURCH OF CHRIST

We had another great day at the City Park Church last Lord's day, a splendid audience both morning and evening with seven additions to the congregation.

Our prayer meeting last week was also good. Young Bro. Fyffe made us a good talk and the others present brought memory verses. Bro. Mack Scoggins will make us a talk at prayer meeting next week and Bro. Dickey will have charge of the service at the hour of worship next Lord's day.

MOTHERS

Watch for symptoms of worms in your children. These parasites are the great destroyers of child life. If you have reason to think your child has worms, act quickly. Give the little one a dose of two of White's Cream Vermifuge. Worms cannot exist where this time-tried and successful remedy is used. It drives out the worms and restores the rosy hue of health to baby cheeks. Price 35c. Sold by Arwine Drug Company

Bible Study begins at 10:00 o'clock a. m.

There was a large crowd at the Campbell school house last Sunday afternoon.

Ira L. Sanders, Minister.

METHODIST CHURCH

Ben Hardy, Pastor
Our Sunday School has 253 in attendance last Sunday. Let us keep climbing. We have classes for all ages and sizes and good teachers.

Dr. Robinson, our presiding Elder, will be with us next Sunday and preach at the 11:00 o'clock hour. Our second Quarterly Conference will be held while he is here.

FIRST CHRISTIAN CHURCH

F. L. Davis, Minister
Last Sunday the reports were given by the secretary of Reds and Blues. The Blues, or the Preachers side, beat by about 10,000 points. When the contest started the preacher and wife and six others challenged the rest of the Sunday School for a visiting contest. The Reds have a treat coming to the Blues. Watch for the treat.

Services next Lord's day will be as usual. Sunday school will begin at 10 a. m. with Supt. Lon M. Davis in charge. Preaching at 11 a. m. Endeavor will meet at 6:45 and night service will begin at 7:45. The subject will be "What is the Matter with the Public Press Today." This is the sixth in the series the pastor is preaching. Come.

Don't forget the meeting in July. The company is in a meeting in Pennsylvania and had 128 additions the first eight days of invitations.

Weather and roads permitting, the pastor will fill an appointment at Newland next Sunday at 3 p. m.

Remember the little church with a big welcome is ready to receive you cordially. Come and enjoy the services with us.

...direction, was pointed out by Williams. He gave numerous examples of good results obtained in Scout work but cautioned against attempting to foster too big an organization in any locality except by gradual expansion. Following his talk eight men were nominated by the Scout committee for the Scout Council from whom the names of J. C. Wester, F. L. Davis, Geo. A. Linder, W. R. Hill and Lon M. Davis were chosen. These will make the formal application for charter, name a troop committee and set the wheels in motion for the actual organization of the boys. Some careful study will be given to the selection of a scoutmaster or scoutmasters, on advice of the Area Scout Commissioner.

Grade Work Started By Denver At Petersburg

Ground was broken by the Fort Worth & Denver at Petersburg Tuesday for the track of their new lines into the south plains, the first work yet done south of Lockney. Work is progressing rapidly from Lockney east on the line all the way to Estelline.

Locals and Personals

W. S. Barger, of Chicago, Ill., is a guest of his daughter, Mr. John A. Lloyd, who lives southeast of Floydada. Mr. and Mrs. Earl Edwards and children and Walter Edwards went to Plainview Sunday. They returned by way of Petersburg and spent the night with Mr. Edwards parents, Mr. and Mrs. J. C. Edwards.

More Than Two Hundred Attend Good Will Feed

age and face different problems to those which prevailed when the present elder generation was young," he said. "But I don't believe the world is getting worse. We do not shut our eyes to the evil in the world, but we must keep in mind that there is also much more good than ever." Declaring that the young people of today are not worse than those of yesterday, the speaker expressed the utmost faith in the integrity and final triumphant outcome of the younger generation. The weak place in our civilization is the older generation, he said.

W. L. Hanna, president of the Sand Hill Home Demonstration Club and of the County Council, welcomed the guests to Sand Hill, expressing the pride of the community in having neighbors from over the county as guests. "We are learning the art of living together," she said. "We are taking pride in the results of our club work and we plan to help put over the biggest fair Floyd County has ever had this fall."

R. E. Fry responded on behalf of the visitors, declaring the occasion an event with him. "We people of various communities do not appreciate each other because we do not know each other," he said, and pointed out that Sand Hill has for years been a leading community in the county, and now is taking the lead in the spread of good will, neighbor toward neighbor and community toward community.

One of the delightful features of the evening was the Ukelele Girls' Club of Lockney, which under the direction of Miss Lauream Christian, sang and played several numbers at intervals. Their opening song was "Hello, dear Sand Hill," an impromptu arrangement that went over big. The Floydada Band, probably the youngest organization of its kind ever to attempt a public appearance, was really good, it was generally agreed. Director A. L. Lundgren gets credit for excellent work in the short time he has been in charge of the band.

Miss Myrtle Murray, District Home Demonstration Agent was particularly happy in the choice of her remarks, and her announcement that two Floyd County women, both of whom happened to be present, had won first and second prizes respectively in the district and state in Home Demonstration Garden Work, Nitrate Division, drew loud applause. The winners—Mrs. W. E. Miller, of Sand Hill, first place, and Mrs. W. C. Parkey of Harmony second, were asked to stand and be presented. Miss Murray's talk was idealistic and added inspiration to the meeting.

Masters Golleher and Masterson in costume did two cowboy songs which went over with a bang. The first was the tragedy of the cowboy who planned to go home "when the works are over in the fall," and the encore a comedy of the tenderfoot's cowhand experience. Praises Sand Hill Spirit Mrs. Lon V. Smith, of Floydada, made one of the most pleasing and pointed short talks of the evening. The write-ups of Floyd County which have gone out to the daily press during the past year, telling of the great work done in the county, have principally been write-ups of Sand Hill, Mrs. Smith said, and suggested that when Sand Hill Community wrote Santa Claus they should request him for something fine for Floydada and Lockney, since "they claim everything we have out here."

Dr. L. V. Smith, city, H. B. Adams, editor of The Lockney Beacon, Miss Opal Wood, Home Demonstration Agent of Hale County, Miss Blanche Bass, Home Demonstration Agent of Floyd County, Lee Hensley, State Rural School Supervisor, Ed Bishop, secretary of the Floydada Chamber of Commerce were among those who made brief talks. Mrs. G. C. Collins, G. C. Collins, Miss Ola Hanna, the "Mabel" of a most enjoyable practical joke played an Ed Bishop earlier in the evening, were introduced.

Faye Guthrie, secretary of the Lockney Chamber of Commerce, made a short talk in which he commended the good fellowship at the banquet and promised aid for any good cause to better conditions in Floyd County. Judge Wm. McGehee made the suggestion in his talk that the boys of the county should not be neglected and said that if the people of the county want a Farm Agent, they should let their commissioners know it. Judge F. P. Henry expressed sentiments endorsing Judge McGehee's talk and asked for a vote by raised hands on the question of the number present who desired the county agent's work in the county. A large percentage of the hands went up.

W. B. Jordan, president of the Floyd County Farm Bureau, said in a short talk that his class was the only one which had not been represented in earlier talks. He declared that production has been stressed until the prices products now bring won't pay for their production, and urged the study of co-operation in every business and social relation.

Elder C. W. Smith, of Sand Hill, said the invocation which opened the evening's program. He is one of the very early settlers in the county and has been actively preaching the gospel for more than thirty years in this county. The 4H Girls Club, junior Home Demonstration workers, of Sand Hill served the banquet in a very acceptable manner.

Principal J. L. Speer, of Sand Hill School, expressed appreciation to the many persons other than those in the club or working with them in the preparation of the banquet for aid given in various ways. Among those to whom appreciation was specially extended were Baker-Campbell Co., Willson & Son Lumber Co., Stansell & Collins, C. Surginer & Son, and Brown Bros. Floydada merchants; C. R. Mickey, Mickey merchant; Floydada Chamber of Commerce; Lockney Chamber of Commerce; The Floydada Band; The Lockney Ukelele Girls, and the Floydada School Board.

Mr. and Mrs. B. L. Blacklock went to Munday, Tuesday on business. They will be gone several days.

ShIPLEY Cases Moved To Parmer Co. For Trial

local state witness has departed for parts unknown, "and no one will come from the mail order house to testify to the fact of the receipt of the checks," are the reasons assigned.

Two charges of forgery, brought by the same grand jury against W. H. Starkey, were also dismissed, the first because, according to the application of the attorney, the indictment is faulty, and the second because the check on which the offense is based, is lost. The defendant is under indictment in Hale County for two similar offenses and will be tried on said offenses, it is stated.

Two Bonds Forfeited Two bonds were forfeited Monday, each in the sum of \$1,000 and the judgement against the bondsmen will be made final at the next term of court if good cause is not shown why defendant did not appear in court. These cases are against Edwin Gass, who was indicted for alleged unlawfully driving an auto on the street while intoxicated.

Today the case of H. A. and Virgil Stevens, charged with the theft of turkeys, was called. They are charged with stealing turkeys from W. M. Collins in the north part of the county. Tomorrow C. D. Keever's trial is set. He is charged with transporting liquor.

Yesterday L. D. Hawkins was acquitted by a jury of a liquor charge. One man has accepted sentence this term of court. He gave his name to officers as J. D. Cline and steadfastly refused to say where his home was, give anything of his past history, employ a lawyer or ask for suspended sentence. He was charged with attempting to pass a forged instrument at the Floyd County National Bank. Assistant Cashiers Clements and Clubb who ran the defendant down the street uncovered him in a pile of sacks where he had hidden in the Yearwood coal bins on the industrial switch.

The petit jury for next week is composed of the following: C. V. Ford, D. C. Hamilton, W. S. Rexrode, W. E. Ellond, C. L. Cowart, S. T. Whitley, Will Langfelt, R. L. Gass, G. E. Tannahill, C. B. Jones, Lee Davenport, Sam Box, Ed Teuton, C. P. Fulkerson, R. J. McLaughlin, K. Sammons, G. Milton, E. R. Tillie, H. P. Coleman, C. T. Wright, C. H. Day, J. M. Cox, J. E. Race, Ryan Speegle, S. W. Perry, J. B. Potts, H. J. Ellis, R. L. Powell, G. B. Johnson, J. E. Tierce, W. H. Kromer, P. M. Smitherman, Carl McAdams, J. M. Cooper, T. W. Rives, J. W. Dines.

Miss Maude Huckabay, of Lorenzo, arrived for a visit with Mrs. J. L. MacNeill.

'My Community' Contest During Co. School Fair

C. Of C. Loving Cup For Closing Feature of Interscholastic Meet Here.

A contest similar in its nature to the "My Town" contests which have been staged at the various district and general conventions of the West Texas Chamber of Commerce, and which Interscholastic officials have agreed will work in nicely with the County School Fair meet events, is being sponsored by the Floydada Chamber of Commerce, according to an announcement made this week.

"Floyd County people including Floyd County boys and girls need to know more about Floyd County," Ed Bishop, secretary of the commercial organization, said Wednesday in announcing the plans, after permission had been given to hold the contest in connection with the annual interscholastic meet here on April 8 and 9. "In fact, we feel need to know more about our own communities, and this contest is being arranged to encourage the idea of broadening our views of our own county, increasing loyalty and community spirit in all our communities, and for our own actual information. For instance, I can say with positive knowledge that Floydada people need to know more about the fine communities—our neighbors—which dot the fertile prairies of Floyd County. We need to know their resources and their possibilities, about their schools and churches their clubs, and various institutions, and we do not need to know it any worse than some of us and them need to know about our own and their own communities," he continued.

The contest will be one of the closing events of the two-day interscholastic program. There will be no preliminaries, according to the information he is sending to the various prospective contestants, teachers and school officials. The speeches will be made and the judges will award the loving cup. It is the hope of Chamber of Commerce officials to have at least one or two entries from every rural community in the county represented at the Interscholastic Contests. In the contest the entrant will study the good points of his community and will tell of them in his address or declamation. The boy or girl who makes the best speech in the opinion of the judges will be awarded the cup.

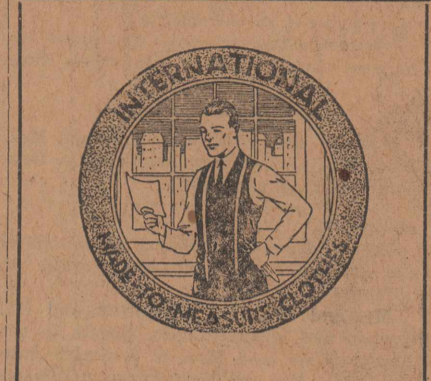

Garland Coleman, of Dallas spent last Sunday here visiting friends and relatives.

Mr. and Mrs. B. P. Woody attended the West Texas Druggist Convention at Abilene last Tuesday.

Myers, Poultry Expert Here Friday 10 a. m.

F. L. Myers, poultry expert of the Plainview Board of City Development, whose services for tomorrow have been borrowed by the Floyd County Poultry Association, will be in Floydada at 10 o'clock, and may be seen by interested poultry raisers at the Chamber of Commerce office, Ed Bishop, Secretary, has been advised.

The study and demonstration of poultry methods is scheduled to begin at 2 o'clock in the afternoon at the R. P. King poultry farm one-half mile southwest of Floydada. Mr. Bishop's information is that Mr. Myers, is a very capable poultry man and that his visit here can be made of more than passing interest and value to poultry raisers.

Formal Opening Texas Utilities Co. 3 To 9

Texas Utilities Company's new office on North Main Street, first door north of the Floyd County National Bank, will be formally opened this afternoon and tonight from 3 o'clock to 9, when music and refreshments will be features as the local company officials are hosts to the more than 600 customers of the light company here. "We are glad to have our new offices open and ready to serve the people of Floydada," S. M. Cole, manager said. "And we are hoping we shall have the pleasure of seeing everyone of our customers sometime during the afternoon or evening." The reception is being arranged with both afternoon and evening hours included so as to give those an opportunity to visit the office during the afternoon who cannot attend at night, and those who cannot attend in the afternoon an opportunity to be present in the evening. Visitor-customers will be asked to register for a useful gift when they call. Mr. and Mrs. Orville Eubank and Mrs. Ben Hardy spent last week-end at Seymour visiting relatives.

Public School News

Spelling Teams in High School Selected The elimination for spelling teams were held Friday, March 11. More interest has been manifested this year in the spelling contests than usual. There were about twenty entries in the contest. The successful contestants in the junior division were Ruth Stegall and Lois Sitton. The successful contestants in the senior division were J. C. Ainsworth and Oleta Jackson. Ainsworth was a winner in third division in New Mexico last year and Oleta Jackson was a member of the Arithmetic team two years ago that won the cup from Lockney. Lois Sitton and Ruth Stegall have both been active in Inter-scholastic League work before. No doubt Floydada High will be well represented by its spelling teams this year. Miss Gladys Collins is director in high school. One Act Play Caste Wins Third Place The one act play caste representing Floydada High at Canyon last Saturday won third place honors. Five schools were represented in the contest. Miami won first place, Matador second, Floydada third and Plainview and Canyon took fourth and fifth places. We are glad to be represented in this contest and proud that the caste did as well as they did. High School Follies April 1 The high school follies will be held at the auditorium on Friday night, April 1st. This in the annual treat to play lovers and the annual contest between the high school classes to see who can present the best one act play. The best caste is decided by vote by those who attend the follies. The plays to be presented are as follows: Freshmen—"Kid Curlers." Sophomore—"Borrowers Day." Juniors—"Rooms to Let." Senior—"A Scheme that Failed." Commercial Club Picnic The members of the high school Commercial club enjoyed an outing on the Canyon Tuesday afternoon. The group met at the High School building at four o'clock and journeyed to the Canyon. The evening was spent in playing games running races and playing pranks of various kinds. Miss Miller Mrs. Scoggins and Miss Collins chaperoned the group. High School Play Postponed The junior class play scheduled to be presented Friday night has been postponed until Tuesday night, March 22, in order not to conflict with the Chamber of Commerce outing on the Canyon Friday night. We are not eager to have many affairs on school nights that will take the students away from their studies, but we do not wish to conflict with anything that is for the advancement of Floydada. Since many of the members of the chamber of commerce are anxious to see the play we have placed it on Tuesday night for their convenience. Chapel Program Monday A varied and interesting musical program was rendered last Monday morning in the dedication of the new high school song entitled "High School Days." The plot of the production was the effort of a composer, played by Truman Webb, to write a song which would be pleasing to every fanciful mood and "live on the hearts of the Floydada High School Students." This hope was encouraged by a friend of the composer, played by U. S. Marshall. A vision appeared to the would-be-composer pleading with him not to discard the old songs which had attracted attention. She told him that each song representative of a particular mood would remind him of its fascination. Clothed in costume to represent each mood, the following song spirits appeared: Spanish song "Marcheta" dramatized by Jessie Merle Scoggins, Lois Hancock, Russell Morris, Georgia Lee Assiter; War song "Let the Rest of the World go by," by Travis Mitchell and Mildred Daniels; Gypsy "Gypsy Love Song" by Artie Mitchell; the old popular songs "Freckles" by Joyce Watkins; Negro southern melodies "Dixie" by Oliver Holmes; the modern jazz by Doris Smith, Golden Louise Steen, Gene Smalley; a sacred number "Face to Face" by Daisy Lee Gresham. As the composer expressed a dissatisfaction at the songs rendered the spirits of song left the stage. He fell into a stupor from which he was aroused by inspiration, played by Robbie Archer, who assisted him in writing his song. Dean Smith, dressed in the high school colors, green and white, appeared on the stage and sang his song, which will be known as the high school song. The play was composed and directed by Miss Delphine Miller, director of music in the high school. Accompaniments were played by Miss Delphine Miller and Ethna Green. Rev. J. L. Henson and daughter, Margaret, of Sweetwater, spent last Thursday and Friday here visiting friends. Mrs. James Thomas and Mrs. W. Ed Brown visited Mrs. Robert Jones, of Aiken Monday. Jim Carter and Clark Meador spent last mid-week in Abilene visiting relatives and friends.

ANNOUNCE LATEST GOODYEAR BALLOONS

The new Goodyear All-Weather balloon tire, announced shortly after January first, is the most important development in the automobile tire industry since the introduction of the cord tire, according to F. F. F. Filling Station tire dealer at Floydada. Ever since balloon tires were introduced, the Goodyear company has been conducting extensive experimentation for the purpose of developing a new and superior tread. During a two-year period 80 different treads were constructed by Goodyear and put into road service covering hundreds of thousands of miles, and out of this practical research has come the new Goodyear All-Weather tread, scientifically designed for balloon tire use.
