Club News Of County

The ladies of the Lakeview munity met at the home of Mrs. Hall and daughter, Miss Myrtle, Wednesday afternoon, March 16, and with the assistance of Miss Blanche Bass, Couny Demonstration Agent, organized a Home Demonstration Club. Miss Bass made a very interesting talk on the purpose and value of such club work.

The following officers were elected: President, Mrs. Earl Edwards; vice president, Mrs. John Lloyd; secretarytreasurer, Mrs. Elmer Newton; reporter, Mrs. Tom Hopper.

The next meeting will be held at the April 13, at 2:30 o'clock. A short proam will be given on the subject of The Magic Paint Brush." Other topcs to be discussed will be "Reasons for Painting," Mrs. Hambright; "Possibilities in Old Furniture," Mrs. Ba-

We enjoyed a very interesting program on "Home Conveniences." Mmes Rivers, Fields, Mmes Rivers, Fields, Arrangement of Furnishings" "Lighting" and "Small Equipment for the Kitchen," respectively.

Our next meeting was to have been with Mrs. Fields on April 8, but Mrs. Fields was not able to have the club who would be interested in such a club meet with her on that date, and as it is also the day of the "school fair" and so many will attend the fair, the club

will be April 22, with Mrs. Bloxom. We are quite proud of our club in the 'Rug Contest" held at Plainview. Mrs. Henderson won first and the club received second place for the number of rugs displayed. Floyd County should be proud of her "rug makers."

AVERY Corn Cultivators

Give a good crop a good start

When your listed corn is young, is the time to lay a foundation for profitable growth. Careful cultivation at this time brings a generous reward.

Listed corn farmers who work their corn through the early stages with Avery Sled and Two-Row Cultivators, bring down to the young crop exactly the required amount of finely pulverized soil and give their crop the best possible start. They do the most for the crop, in the easiest and best way, when good care is most needed. In designing the Avery Sled Cultivator, which runs in the furrow astride the row, every essential has been provided for doing the work

easily and accurately. The Avery wo-Row

Listed Corn Cultivator offers a broader development of the same principles, but due to the exclusive Avery equalizers and other features, it cultivates two rows with the same ease and accuracy as does the single-row machine.

Avery Sled and Two-Row Cultivators bear the unmistakable quality characteristics of all Avery tools. Because they do better work and last longer, they are the most economical in the end to buy. They are built in America's finest implement factory—to meet a need that springs direct from the soil—by men inspired by 100 years of implement-building leadership.

Ask us for the details. We will gladly give you all the facts upon request.
