REDUCING FARM HAUL

When all the roads projected into Floyd County are constructed—and there seems to be no doubt that all the mileage planned will be laid just as contemplated in the applications to the Interstate Commerce Commission—when all these miles of railway are built, Floyd County is going to be served as fully as most any county in the entire state. That is saying much, but it is true.

For instance, Judge Wm. McGehee, from a study of the map, on which is indicated the approximate positions of the various lines to be built, tells us that the longest farm haul to a railway in the county is going to be reduced from about twenty-eight miles to about ten miles and that the average farm haul will be about six miles.

This reduction is going to mean a great deal to Floyd County farm interests. It is going to cut the hauling expense nearly or quite half. In this era of intense competition in every line, this big saving in marketing expense is going to mean a great deal to Floyd County farmers.

DENVER'S EASILY OBTAINED

While committeemen and citizens of Lockney and the adjacent territory, directly interested in the Denver project have been at work incessantly for weeks on the matter of signing up right-of-way for that line, the last deeds were signed a few days since for all the land east of Lockney and committeemen are at work on the proposed route south west of that city.

While the work done has been an arduous task in one sense, in another it has been an easy job and present indications are that there will not be any

condemnation proceedings necessary in the whole route through the county. Everybody was anxious for the line. It had to cross somebody's land. So the mutual need prompted all parties to approach the question fairly and conclusions were soon arrived at.

MUCH DEVELOPMENT, TOO

This reduction in the farm haul in Floyd County is bound to be reflected in big development over the county. It means at least six and possibly eight more railway switches in the county, with a demand for two to three dandy little towns to spring up where none now exist, all with plenty of territory to serve properly and adequately.

Transportation, rather lack of it, has been the problem in this county ever since it was opened for development. Seemingly, it is to be our happy lot to be served by three of the nation's greatest railway systems not long hence.

RIGHT-OF-WAY MATTERS

A spirit of mutual fairness should and doubtless will characterize the dealings of committeemen and owners of land across which the Quana, Acme & Pacific is proposed to be built.

In instances the probable damage will be difficult to estimate, whether it be great or little. In numerous instances right of way is being given. In all instances, difficulties of determining the fair and right thing will be made easier if all hands will approach the problem with open minds and a determination to be thoroughly fair to their neighbors as well as to themselves.

1927 EPOCHAL YEAR?

It appears that nineteen twenty-seven is going to be an epochal year to Floyd County generally and particularly to its towns.

To the fact that two new lines of railway have been promised, may be added the promised natural gas lines from the panhandle gas fields and the completion of the loop of the Texas Utilities Company to make a more nearly perfect electric service.

The business index the nation over is said to have a more nearly perfect upward trend than in any year recent history records. Certainly the index for Floyd County could hardly be more rosy.

'Round The Square

'Round The Square hardly looks natural this week. The large turn posts that have so long been an unusual feature of this city are gone. But the demand to keep up with the times has made it necessary to place smaller buttons in the streets and we are glad to see Floydada making this forward step to make this place look like a real city.

The best way in the world to lose friendship is to abuse it.

Now that the "Clean-Up" campaign is nearly over, the next step is to wage a "Swat That Fly" campaign. We hope that some organization here will take it upon themselves to start such a campaign.

In connection with a "Swat That Fly" campaign, someone could start a contest, offering a prize for the largest number, or the largest quantity measured in quarts, of flies killed.

And the wind said "Let there be dust" and there was dust.

Why not change the name of the engine's cow-catcher to "Lizzie Tosser?" Cows are more careful now days than some auto drivers.

Floydada High School has a base ball nine that Floydada should be proud of, but judging by the crowds at the game, no one seems to realize it.

A real "find" in base ball recently was Ashton, the new F. H. S. ball hurler. He will have good chances this season to show his real ability at hurling the pill for Floydada. Let's go see them all.

A peculiar thing happened just now. We thought a thought, but the thought we thought we thought was not the thought we thought we thought.

First Angel: "How'd you get here?"
Second ditto: "Flu."

Artists have striven for years to paint beautiful pictures, but none have ever painted a more beautiful picture than the sunset or sunrise on the West Texas plains in the springtime.

West Texas does not make an idle boast of its "wide open spaces" but somehow there is something in the air that makes you realize that it is the best place in all the world to live.

"Calm and collected." But how in the world can we be calm when being collected from?

If more people would spend more time singing and thinking of the good things in the world there would not be so many bad things.

Without a doubt the bob is passing. A nifty one passed our window just now.

What's Doing In West Texas Today

STANTON—A meeting of all Commissioners Courts and chambers of commerce of the 17 counties containing non-taxable University lands has been called to convene here April 19, by J. V. Bush, manager of the Stanton Chamber of Commerce. A delegate from the West Texas Chamber of Commerce will be present to help formulate a plan of procedure. The idea of the meeting is for all counties to decide just how they want to handle the situation and let the West Texas Chamber attempt to put the proposition over.

PLEMONS—A bond election for voting on issuing of \$1,250,000 bonds for paving or hard surfacing roads in Hutchinson County will be held here April 16.

LAMPASAS—Distinct pleasure at the reception they received during the Heart of Texas tour was expressed by President Arthur P. Duggan and Manager Homer D. Wade of the West Texas Chamber of Commerce here at the close of their good will trip through the Oil Belt District. The tour was started immediately following the banner convention at Baird March 23, and the itinerary included Cross Plains, Rising Star, Cisco, Gorman, Comanche, Brownwood, Mercury, Brady and this place at which point the trip ended. Well-attended, enthusiastic meetings greeted the West Texas officials at each town visited.

GRAHAM—Contract has been let for construction of the road from this point to the Stephen County line.

AUSTIN—Delegations from a number of West Texas towns met Thursday evening in the Stephen F. Austin Hotel for a preliminary conference under direction of Homer D. Wade of the West Texas Chamber of Commerce to formulate a plan of procedure to be followed at the final hearing of the State Insurance Commission. The West Texas representatives aimed to fight as a unit against the proposed raise in insurance rate, believing that granting such a raise would sanction and encourage a policy of continued raising of rates annually.

SAN ANGELO—San Angelo's new sewerage plant will be put into operation within the next few weeks.

STAMFORD—The law firm of Andrews and Coombs is to make use of the upper rooms of the West Texas Chamber of Commerce building. Judge Coombs, past mayor of Abilene, will serve, among other duties at the Stamford office, as counsel for the Swenson Cattle and Land Company. The West Texas Chamber of Commerce building was erected to care for growing needs of the organization and until such time as expansion will make necessary, the upper floor will be rented out.

VERNON—A paving program which cost the city and citizens of Vernon approximately \$175,000 has been completed here.

ALBANY—The Albany postoffice has made application to the department for installation of two new sections or a total of 180 new postoffice boxes in order to relieve general delivery congestion.

AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

LOMETA—The sheep raising industry is increasing materially in this section. More and better flocks than ever before are being raised. Most of the spring clip of wool has been contracted for a reasonable price and as a result, many thousands of dollars have been put into circulation here.

SWEETWATER—Work on the Bankhead Highway is being pushed to the utmost here so that the 18-mile stretch that has already had the nine inch sledge stone base put down will be completed before the real tourist season gets in full swing.

14 YEARS AGO IN FLOYD COUNTY

News items taken from the Floyd County Hesperian files published in Floydada fourteen years ago.

ISSUE OF APRIL 17, 1913.

While numerous efforts have been made of late years to secure rural routes out of Floydada, all of which were unsuccessful on account of roads or other causes, the department last week granted a route out south-west through the Starkey community, and the opening of the route only awaits the necessary signatures of 65 families which will be served by the route.

The track and field team of the Floydada Presbyterian Academy left Wednesday April 16, 1913 for Austin where the interscholastic meet of the state is to be held on Friday and the finals on Saturday. Dr. Bailey is accompanied on the trip by the following boys: Harry Dawson, Oliver Allen, Ross Henry, Pink Maxwell, Boyd and Morris Kimball, Tom Ross, Stokie Bishop, Bailey Green, Carter Andrews and James Colville.

According to the Matador Messenger of last week (1913) it seems that the citizenship of Matador are to build their own railroad from Roaring Springs on the Q. A. & P., to be, quite a large fund having been raised for this purpose.

Mrs. R. T. Stribling and Mrs. C. M. Stribling left last Saturday for Gainesville where they will visit for several days.

Gains and Raymond and Oren Williams left Saturday for Clovis to spend the week on business.

Why We Fit Tillyer Lenses
In a few words, we use this latest optical development because it gives you lenses that have our prescription ground accurately from margin to margin. Ordinary lenses give clear vision only through the center—through the margins, the vision blurs and may cause eyestrain. Quick Starting isn't Enough

OF course, in colder weather, you want your motor to start without overtaxing the battery—but your motor fuel must do more than merely start readily. It must insure rapid pick-up in traffic and full power and mileage.

Conoco Gasoline does all of these things—the year 'round. That's why it is called the triple-test motor fuel. It meets the three requirements of the ideal gasoline.

So every time you fill at the Conoco sign you may be sure that you are getting the cream of the standard-priced gasolines. The long experience and reputation back of the Conoco name make that a fact.

THE STATE OF TEXAS, To the Sheriff or any Constable of Floyd County.—GREETING:

You are hereby Commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Floyd State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

Indigestion

bad spells relieved

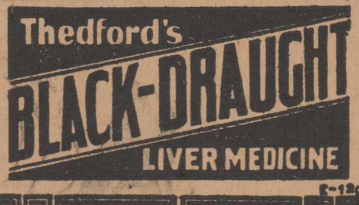

"NOTHING can take the place of Thedford's Black-Draught with us because we have never found anything at once so mild and so effective," says Mrs. Hugh Nichols, R. F. D. 4, Princeton, Ky. "When the children have spells of indigestion and upset stomachs, I always straighten them out with a dose or two of Black-Draught."

"Several times I have suffered with bad spells of indigestion myself and found I would soon get relief if I took a course of Black-Draught. I was troubled with a bad accumulation of gas and severe pains across my stomach and lower bowels. Now when I feel a spell of this kind coming on, I head it off by taking Black-Draught—a dose every night for a few nights will prevent the trouble and save me much pain and suffering."

"My whole family uses Black-Draught for biliousness and constipation."

"It is a splendid medicine."

At a party which Mrs. V. Andrews gave recently for her pupils and their mothers plans were made for the organization of a music club, late this summer, to begin their meetings by the time school begins next term. Both the mothers and pupils will be members of this club and regular meetings will be held, the main purpose of which will be to give the children an opportunity to wear off their embarrassment of playing before a crowd. The mothers will prepare papers on interesting topics dealing with music and composers.

Besides those mentioned in last week's Hesperian who will be members of this club will be Virginia Welch, Hazel Borum and Ruth Key Green, whose names were omitted by error, from the guest list of those who attended the party given by Mrs. Andrews.

High School P. T. A. to Elect New Officers.

New officers for the next school term will be elected at the meeting of the High School Parent-Teachers' Association which will be held Thursday afternoon, April 14. This will be the regular election which is held every two years. The president requests that all members be present.

M. E. Missionary Society Meeting.

The Woman's Missionary Society of the Methodist Church met in regular session at the church Monday afternoon. \$75.00 was the amount reported as collected by the society last week, during their hen or dollar campaign to raise funds for liquidating the parsonage debt. The members are very grateful for the hearty response they received in this campaign.

The society has been asked to contribute \$10.00 for their part to help prepare the camp for the girls at the Palo Duro Canyon, where they will hold their encampment this summer under the direction of Mrs. T. C. DeLaney, superintendent of young people's work. A food sale will be held Saturday, April 16, for the purpose of raising the money for this contribution. Each member will be asked to contribute one cake, two pies or a dressed chicken.

The auxiliary has recently lost several members by their moving away and various other causes and they are anxious to have these vacancies filled by others who would be interested in the work.

Joe Arwine, Jr., Given Party On Second Birthday.

One of the loveliest little parties of the season was the one given for Joe Arwine, Jr., in celebration of his second birthday, Friday afternoon when his mother entertained for him on this occasion. The decorations were suggestive of the approaching Easter-tide, with bunnies, chicks and eggs everywhere in evidence. The idea was further carried out in the dining room. The centerpiece of the dining table was formed by a large mound of artificial grass in which was nestled little Easter chicks and rabbits. A large white cake with two wee little candles completed the appointment. An indoor hunt for Easter eggs hidden under artificial grass strewn over the floor was greatly enjoyed by the little folk. Each child was given favors of toy balloons and chick whistles. B. P. Woody, Jr., received a gold rabbit as a prize for finding the greatest number of eggs.

The birthday cake was served with eskimo pies, orange gelatin and punch to Joe Dick Moore, Thomas Flynn Thagard, Maurice and Phil Steen, Mary Lou Scoggin, LaNell Harmon, Billie Clyde Davis, B. P. Woody, Jr., James and Louise Willson, Jurahee Butler Billie Burke Henry, Eugene Standifer and Virginia Welch.

The mothers were invited and those who were present played games of two, who included Mmes. Frank Homer Steen, Frank Harmon, C. J. M. Willson, R. C. Henry, D. L. Steen, and A. L. Scoggin.

Miss Pennington was assisted in entertaining Mrs. Walter Pennington.

Floydada Ladies Attend Party At Matador.

Mmes. Jack Henry and Roy Snodgrass were guests of Mrs. Bob Echols, of Matador, Tuesday afternoon when she entertained at her home with six tables of bridge. Mrs. Snodgrass received second high score and was given a beautiful hand embroidered vanity set. Both were given guest prizes.

A lovely salad and ice course was served to the twenty-four guests at tending the party.

Andrews Ward P. T. A. Announcement.

New officers for the next school term will be elected at the meeting of the Andrews Ward Parent-Teachers' Association Wednesday afternoon, April 13. All parents are urged to be present as a picture will be given to the room having the greatest number of mothers and fathers present.

A program has been arranged for the meeting in observance of "Music Month."

A district delegate will also be elected to attend the District meeting of Parent-Teachers' Associations to be held at Memphis April 27.

Mrs. Leon Collins Hostess To Club.

The Wednesday Bridge club was entertained Wednesday afternoon with Mrs. Leon Collins as hostess. In the games Mrs. Jack Henry received high score. Delicious refreshments were served by the hostess.

Those present were Mmes. Jack Henry, Robert Eubank, T. P. Collins, Roy Snodgrass, B. K. Barker, Homer Steen; Misses Ruth Collins and Ethel Houghton.

The next meeting will be Wednesday, April 20, with Mrs. Jack Henry.

Lovely Shower Honoring Recent Bride.

Mrs. Ford Butler and Mrs. Worth Shipley gave a miscellaneous shower Monday afternoon at five o'clock honoring Mrs. Brownie Mask, nee Miss Ruth Conner, at the home of Mrs. Butler. The house was artistically decorated with baskets of Easter Lilies and wall vases of flowers in bright hues.

A "Love Affair" contest was passed around to answer with names of well known flowers. Mrs. L. W. Hicks and Mrs. S. W. Ross won the prize, a box of rice.

Each lady present was asked how much longer they had been married than Mrs. Mask. The number of years she one who had been married the longest was forty-six short years and one four long years. All were asked to write some advice or wish in the bride's book.

In a tribute to the bride Mrs. Butler compared Ruth Mask with the Ruth in the Bible as leaving her people for her husband's people and going to his country. Mr. and Mrs. Mask have since moved to Roswell, New Mexico.

Two little pickaninies knocked at the door and announced they had brought Mrs. Mask's laundry-home. When the basket was opened it revealed many lovely gifts for the bride.

The guests were: Mmes. T. M. Cox, I. W. Hicks, Jno. W. Smith, Glenn Jones, Otis Abston, G. V. Smith, Wilson Kimble, E. B. Massie, A. J. Welch, Robert McGuire, Frank Moore, S. W. Ross, Flynn Thagard, Worth Shipley, Henry Cox, Will Johnson, John Hammond, Busser Eubank, D. Ford Butler; Misses Jennie Lewis, Kathleen Snodgrass, Mary Helen Johnson and Genave Shipley.

New Officers Elected For East Ward P. T. A.

New officers elected at the meeting of the East Ward Parent-Teachers' Association Friday afternoon, April 1, were Mrs. J. I. Hammonds, president; Mrs. S. N. Tawwater, first vice president; Mrs. C. R. Houston, second vice president; Mrs. S. W. Ross, third vice president; Mrs. Ed Brown, secretary; treasurer, Mrs. Sam Bishop. Mrs. W. M. Houghton and Mrs. J. I. Hammonds were elected delegates to the district meeting to be held at Memphis.

Miss Emma Lou McKinney's room received the attendance prize for having the most mothers present.

An Easter egg hunt was planned for the children of the East Ward School to be given in the Bartley addition, Friday afternoon, April 15.

The winners in the declamation tryout for the school, Kinder Farris and Jean Bain, gave their declamations which were greatly enjoyed.

J. F. ANTON PROMOTED TO LAS VEGAS SANTA FE DIVISION

Announcement was made last week of the transfer of J. F. Anton, for four years superintendent of the Slaton Division of the Santa Fe at Slaton to the position of superintendent of the Las Vegas Division, effective April 1.

C. A. Barton, formerly assistant superintendent at Wellington, Kansas, succeeds Mr. Anton on the Slaton job.

The change is looked upon as a promotion for both men.

Waldo Houghton Given Birthday Party.

Waldo Houghton, son of Dr. and Mrs. W. M. Houghton, was given a surprise party by his mother and sister, Miss Ethel, on his eleventh birthday, Friday, April 1. His classmates were the invited guests. Games of various kind were played and later in the evening a large birthday cake, adorned with eleven candles, was cut and served with punch and ice cream.

Those present were: Buster Smalley, Pat Stansell, Robert Daniel, Hermas Olson, Lloyd Murray, Floyd Murray, Verne Eastridge, John Edwards Smith, Kinder Farris, F. C. Harmon, Truett Spence, Arthur Earl Gamble; Louis Conner, Dorothy Hall, Janelle Stovall, Elizabeth Daniel, Venita Borum, Selma Louise Linder and Laura Blanche Hilton.

WOOLSEY-VEACH

The marriage of Miss Beatrice Woolsey and Mr. Burley Veach was solemnized Saturday night, April 2, at the Baptist parsonage. Rev. W. R. Hill, pastor, officiating.

Mr. and Mrs. Woolsey are a young couple of the Center community where they will probably continue to make their home.

Sand Hill News

Sand Hill, April 6.—Rev. G. O. Deen, of Olton, will be here the third Sunday of this month. He will preach in the morning, there will be dinner on the ground and in the afternoon there will be singing. Rev. Deen will have his quartet with him and there will also be singers from other parts of the county. Everyone is invited.

The Sand Hill students are hard at work to win the all-around championship cup, class B, again this year and we think we can.

W. D. Wood and son, of Vernon, visited J. C. Cates Sunday.

Miss Blanche Rogers visited in Turkey Sunday.

Miss Estella Harris, of Lakeview, is visiting Miss Opal Lee Shurbet this week.

April 1st proved to be a heyday for Sand Hill. Mrs. Ross and Mrs. Jackson, the primary and intermediate teachers respectively received a grand surprise. As they entered their rooms they were greeted by the sight of a desk loaded with many nice presents from their pupils. No one played "Hokey." This of course was appreciated very much by the teachers. We are glad the old fashioned method of celebrating the first of April has gone out of date.

The pupils also enjoyed a nice treat from the teachers.

The try-outs in the junior boys track events were held Friday afternoon and a splendid showing was made by the juniors, who expect again to win the County championship.

The volley ball girls went to Floydada in the afternoon, where for the third time the F. H. S. girls went down in defeat before the victorious onslaught of the Sand Hill gorrillas. The team also won a 2 to 0 victory over Peppersburg Tuesday afternoon. The girls are out for the County championship this year and are sure going to get it if someone else doesn't.

C. M. Lyles and his band of singers as well as other good singers are to be present and take part in the afternoon of singing. Everybody is invited.

Floydada Nine Defeats Plainview, 9 to 0 Tue.

Pitchers Battle Features Easy Victory for Floydada Hi Over Plainview Team Here Tuesday.

For the first time in two years, the Bulldogs Hi nine held the Plainview Hi Bulldogs scoreless and tallied nine scores to their credit last Tuesday when the two teams met at the Floydada ball park. Dixie White, wonder pitcher of the F. H. S. club, allowed the visiting team only five hits during the game and is credited with thirteen strikeouts. De Jarnett, star hurler for the Bulldogs and who last year pitched a no hit-no run game against the Lubbock nine, allowed the Whirlwinds eleven hits, two of these two-baggers and one, by Henry Bosley, a three-bagger.

Although the Bulldogs were predicted to take the game the Floydada team took the lead in the second inning with four scores and failed to score only in the fifth, sixth and eighth innings. No homers marked the game, the outstanding hit being a three bagger by Bosley with two on bases in the seventh inning.

The line-up of the two teams is as follows: Floydada—Porterfield, ss; Evers, sf; Mowry, 3rd; Hanna and Bosley, catchers; Wilborn, rf; Hill 2nd; Carter, 1st; Swain, l. f.; White, pitcher. Plainview—Visor, c. f.; Hicks, 3rd; Munroe, ss; Craig, catcher; Daffern, r. f.; Sone, l. f.; De Jarnett, pitcher; Cross 1st; and Perkins, 2nd.

CITY HEALTH OFFICER SAYS CLEAN UP BACTERIOLOGICALLY

"Now, since we are experiencing the clean up of private and public premises in Floydada in preparation against the ravages of disease this summer, it is well that we keep in mind the value of prevention of disease individually," Dr. L. V. Smith, City Health Officer, said Monday of this week.

"It seems to be well established by statistical information that in our territory the greatest disease of summertime is typhoid fever. Not only is this disease a serious matter of health, but it is a highly expensive luxury. Typhoid is so dangerous and too expensive for a person to run the risk of contracting it when the manner of prevention is so certain and so inexpensive," Dr. Smith said, declaring that typhoid vaccination should be submitted to by every resident of the community.

Floydada has an excellent record for low mortality rate, and the possibility of keeping down an epidemic of typhoid should be seriously studied by the people of the community, the health officer declared, not only for the sake of the good record but for the good of the individual as well.

FIRST CHRISTIAN CHURCH

F. L. Davis, Minister.

The services last Lord's day were good in the morning. Sunday School was fine and well attended. We did not have night services on account of the Baptist Revival, but the pastor remained at Newland and preached. Had two fine services there.

Next Lord's day the Sunday school will begin at 10 a. m. with assistant Supt. W. Ed Brown in charge. Preaching as follows: Will have Endeavor at 6:30 but no conference last night, on account of the revival.

We did not have our usual conference last night on account of having no prayer meeting. But we will have the conference next Wednesday night, if the revival at the Baptist church closes before that time.

Roads and weather permitting we will fill our appointment at Mayview at 3 p. m. All in that community are urged to be present. The subject will be "What is the Matter with our Parents Today." We will also award the Bible for the best answer to the question "What Must I do to be saved, as recorded in Acts of Apostles" at the close of the service. Be there to see who receives it.

You are invited to worship with us whenever you can come.

BROTHER DIES TUESDAY

Mrs. N. B. Stanley received a message Wednesday morning that her brother, T. E. Manning, had died at his home in Salem, Wisconsin, Tuesday night.

Because of her health, Mrs. Stanley will be unable to attend her brother's funeral. He will probably be buried in Salem tomorrow, Mrs. Stanley stated.

Kirk & Sons
North Side Square

Pleasant Hill

Pleasant Hill, April 5.—The event of prime interest last week was the school picnic on Friday, April 1. Quite a number of the parents met at the school building Friday morning and accompanied the teachers and pupils to Blanco canyon, going in cars and trucks and some of the boys on horseback. A bountiful dinner was spread under a huge tree and everyone seemed to enjoy the day immensely. A surprise feature was a big bunch of bananas, found mysteriously growing on a low bush. Our only regret was that all the pupils could not be there.

Mrs. Hasie Kimble, Mr. and Mrs. E. J. Loe and son, H. G. spent Sunday with Mr. and Mrs. C. P. Owen at Wake.

Mr. and Mrs. Ross Loe and children a Mrs. Brown and daughter of Plainview ate Sunday dinner with Miss Edna Loe.

Grandma Day is visiting her sons in Amarillo and Dalhart.

Mr. and Mrs. W. H. Furrow and family are visiting their daughter, Mrs. Golden of Amarillo, also relatives in Oklahoma.

Mrs. Mabel Scott accompanied her mother, Mrs. Newell last week on a trip to New Mexico, visiting El Paso, Juarez, Hot Springs and other points.

W. F. Brown left this week for Bronco, New Mexico, to find work.

Mrs. T. J. Cardinal and her brother, Tate Jones, were visiting relatives in Ballinger last week, and are expected home today.

Our singing class began Monday night with 75 enrolled with great interest manifested by all. Mr. Morgan, as teacher, seems to be "hitting on four" in putting pep and go into the work. The term is for 18 nights. Come and join us.

SAND HILL AND CAMPBELL TO PLAY BALL HERE TOMORROW

A base ball game between the Sand Hill and Campbell clubs Friday afternoon at the ball park is the latest addition to the Interscholastic League Meet to be held here tomorrow and Saturday.

Although the game is not an official part of the meet, it is being sponsored by the meet and is expected to create much interest. Both nines have established quite a record this season and the battle Friday afternoon is expected to be a stiff one.

The line up of the two teams for the game Friday afternoon is as follows: Sand Hill—E. A. Grigsby, E. Holmes, W. Bollman, R. May, A. V. Womack, J. Holmes, E. Mickey, L. Pope, J. C. Golleher.

Campbell—Perry, V. O. Carter, R. Horn, L. Horn, R. Meeks, E. Carter, Dudley, H. Green, O. Meeks.

MARLAND STARTS WAREHOUSE: 5TH BIG CO. IN THIS FIELD

B. R. Newman, of Wichita, Kansas, construction under foreman for Marland Refining Company, arrived here Tuesday and Wednesday to put a crew to work digging for foundations for a warehouse of concrete and steel 24 by 30 feet. A pump house 8 by 12 will also be constructed.

Permit for the structures was issued by the city Wednesday morning. The location is Lot 11 in Block 79 and the estimated cost \$1500.

Because of the low prices of crude and gasoline prevailing at this time, it is rumored that the company's plans for their big retail and wholesale downtown station, planned to be started at once, will be delayed temporarily. Mr. Newman said he had no information concerning the rumor or the plans of the company.

Marland is the fifth big company to enter local competition in the oil business.

AFTER 42 YEARS VISIT THE CHURCH WHERE THEY WERE WED

Elder and Mrs. J. J. Day, who in company with Leslie Surgeiner, returned the latter part of last week from a visit to Austin, made the trip to the capitol city by way of Fort Mason in Mason County, the scene of their marriage forty-two years ago.

Elder Day said he walked down the aisle again in the old church where his wife "promised to make the biscuit if I'd furnish the dough." He freely admitted that he enjoyed riding on the paved roads during his extended trip, giving it as his opinion that the cost of operating a car on the pavement must be at most not over half the cost on unpaved roads.

Their trip to Austin was the first visit Mr. and Mrs. Day had made to the state capitol in all the many years of residence in the state.

First Material Shipped For Plains Gas Lines

A news story appearing in the Amarillo Daily News of Tuesday, credits W. Graves, resident engineer of the Texas Gas Company with the statement that the first materials for the gas lines to the south plains have been shipped to Lubbock, where the first part of the construction of the immense gas project to supply towns of this territory with natural gas will be started.

In the extension of the company's franchise agreement with the City of Lubbock it is said to have been stipulated that actual construction of the lines in that city had to begin by May 1, and a forfeit of \$5,000 posted at the time.

The story out of Amarillo credits Mr. Graves with saying that the second point where work would start would be at the gas fields, where 12 inch mains will be laid southward to Plainview.

The extension agreement entered into with the Floydada council gave the company ninety days from March 18 to begin their work. At the time of the company officials' visit here, however, A. J. McMahan, heading the party, expressed the belief that active work of laying the mains would begin not later than May.

Mr. and Mrs. C. M. Martin and Mr. and Mrs. W. H. Edwards visited in Lubbock Sunday.

WILL FISH AND HUNT AND VISIT THE FOLKS AWHILE

W. P. Daily leaves Saturday for a two-weeks stay at his boyhood home at Russellville, Ark., where he will spend a brief vacation.

"I plan to fish and hunt some and visit the folks," Mr. Daily said. He has a number of relatives, including a son, Fred, former resident of Floydada, in that section.

Home Demonstration Club News Of County

AIKEN CLUB

The Aiken Home Demonstration Club met with Mrs. Robt. E. Jones last Thursday. Our subject was "Home Conveniences," and as all were interested we had an unusually good meeting.

Our attendance and interest is growing, but we would like to have more of the mothers of the community. Come. Miss Bass was with us and gave us so many ideas that we can use to advantage when we start spring housecleaning and improving. Our regular meeting days are the second and fourth Thursdays.

Following is our program for April 14: Subject "Furnishing the Home," hostess, Mrs. L. McReynolds; roll call, answered with "Something I intend to do to make home life more attractive." Leader, Mrs. J. E. McAvoy.

"Walls, woodwork and floors," will be discussed by Mrs. Robt. E. Jones; "Suitable designs and colors for various rooms," Mrs. O. L. Allen; "Appropriate floor coverings," Mrs. L. L. Rose; "Window draperies," Mrs. C. H. Day; "Pictures," Mrs. Dr. Jones; "Arrangement of furnishings," by the club.

SUNSET 4H CLUB

The 4H girls of Sunset met in the Sunset school building, Friday morning, April 1. Miss Bass was present and helped to cut out the caps. The hot dish holders were finished and some work was done on the caps.

Each of the girls present received a gold star.

The next meeting day will be Friday, April 15.

MAYVIEW DEMONSTRATION CLUB

The Mayview Demonstration Club met Monday, April 4, with Mrs. J. R. Cardwell as hostess. There were 10 members present, two visitors and one new member, which we were very glad to enroll. The house was called to order by the president at 2:00 o'clock. A very interesting program was rendered. The roll call was answered by giving a hint on painting furniture. Miss Bass met

with us and gave a demonstration on removal of old paint. She also gave a very interesting talk on painting articles for home use, which was enjoyed very much.

The next meeting will be held April 18 with Mrs. V. A. Readhimer as hostess. "Furnishing the Home" will be our subject for study with Miss Beatrice Davis as leader. "The Walls, Woodwork and Floors," Miss Thelma McNeill; "Suitable Designs and Color of paper for various rooms," Mrs. H. L. Handley; "Appropriate Floor Coverings," Mrs. T. J. Campbell; "Window Draperies," Mrs. C. E. Bartlett. "Pictures," Miss Jewel McNeill; "Arrangement of Furnishings," Mrs. J. D. Glover.

We hope to have all the members present as we think this will be a very interesting subject and would like for each member to take part in the general discussion.

IRICK 4H CLUB

The 4H Club girls of Irick met with Miss Bass Friday, March 25. Every member was present and answered the roll. After the business was attended to the meeting was turned over to Miss Bass. She gave a very interesting talk. The work on the caps was completed.

By the next meeting the aprons are to be completed and a picture will be made of the club. A soup demonstration will also be given. All visitors to the club are welcome.

Plant Trees For Beauty And Value To The Home

(By Miss Blanche Bass)

Nature abundantly rewards when human hands give to nature that which is rightfully hers. Man built houses are helpless and desolate until trees, shrubbery, vines and flowers are planted. But blessed with these charming things, the plainest, shabbiest, most unpretentious of little houses may have real beauty. Without it the handsome house has a forlorn and desolate look.

There are several big reasons for planting trees and shrubs but the first I would say is to satisfy our love for the beautiful. Where we live has much to do with how we live. We want the trees and shrubbery to give a back-

ground to the house that makes a place look "Homey"—Trees and shrubbery make the home more comfortable by their shades. The money value of the thing cannot be overlooked. Had you ever stopped to think that a large tree is one of the very few things that cannot be bought. If you have a home with plenty of large trees and shrubbery growing, a person would pay very much more for it than he would a place without these attractions. It is so pleasant and refreshing for the speeding motorist to glimpse these beauties as he goes by.

As part payment for the daily enjoyment that one gets from the fine old trees and shrubs, plant those that will survive longest and carry beauty and comfort to other generations. The tendency is to select quick growing ones, but the better trees and shrubs grow slowly. For lawn decoration and shade purposes these qualities should be considered:

1. Sturdy growth and strong structure.
2. Longevity.
3. Good foliage and dense head.
4. Beauty in form and foliage.
5. Clean habits.
6. Free from insect trouble. Some trees which are especially recommended for this section of the country are the Chinese Elm, American Elm, Green Ash, Texas Umbrella and Russian Mulberry (Unbearing.) The sycamore is slow and questionable. Evergreens: red Cedar, Arizona Cypress and Chinese Arborvitae. Shrubbery: Spirea (bridal wreath), Wigilia, Flowering willow, Red Bud and Lilac.

The location of trees and shrubs is of vital importance. To look cozy the house needs a background of trees showing up above the roof line; so this means tree planting in sides and rear of grounds. Trees planted at either end of the house frame in the building. They should be placed just forward of the front line of the house, and not opposite the house ends. Plant stakes and study positions from every angle. They should appear as if nature dropped them there and no set style should be worked out. Appearance of height can be given to a place by planting tall trees. Do not plant trees closer than fifteen feet from wall of house. Each house offers an individual problem, and land scape engineers are laying stress on suiting plants and trees to the type of house and grounds.

There are often unsightly outhouses that may be screened away by trees and shrubs and this adds much to the attractiveness of a place.

A well selected and arranged grouping of deciduous shrubs gives character to a garden. One must keep in mind the height of growth and arrange them accordingly. Use them to soften corners of the house. Tall shrubs should be placed in the background and dwarf ones to the front. Shrubs are useful to connect the house with its surroundings.

Let us plant more trees and shrubs and in every way try to develop a civic pride both in town and in the country.

How Often Do You Use Your Telephone?

Do you use your residence telephone often enough to warrant the expense of a "one-party-line?" Consider the number of hours that your line is not in use, and you will probably conclude that a "selective-ringing" telephone would handle your traffic just as well—and at a reduced expense.

By sharing your line with another subscriber you do not only save money, but you enable the Telephone Company to add more telephones to the exchange—and thus make your telephone more valuable. For the value of your telephone increases in proportion to the number of other telephones you can be connected with.

In other cities where "selective-ringing" service is offered, resident subscribers find that this service satisfactorily meets their needs.

**DO YOU KNOW?
If Not, You Should**

THAT to buy any car, other than the FORD, you have to spend an average of at least \$162.14 more as purchase price alone?

THAT the FORD is the only car now equipped with the FORD Vaporizer, which has so greatly increased mileage per gallon of gas?

THAT the FORD is the only car under the \$3,000.00 class equipped with a Dual Ignition System, so when complicated and delicate battery system is out of order or battery is dead, you can continue using the car with its old reliable magnet ignition system?

THAT the FORD has more horse-power (A. L. & A. M. rating) to each 100 lbs. of weight than any other car?

THAT the FORD has more square inches of tire surface per 100 lbs. of weight than any other car?

THAT the FORD has more piston displacement per 100 lbs. of weight than any other car?

THAT the FORD has more braking power for each 100 lbs. of weight than any other car?

THAT the latest model FORD has 80 per cent braking area on the foot brake and 130 per cent increase braking area on the rear wheels?

THAT the FORD planetary transmission costs more to manufacture and is simpler to operate than a sliding gear transmission?

THAT at 35 miles speed you can instantly go into reverse with the FORD and not hurt the transmission—an operation which will ruin a sliding gear transmission?

THAT material used in the working parts of the FORD are of the best quality known to engineering?

THAT 43 per cent of FORD parts are sold at 15 cents or less?

THAT \$1.00 worth of FORD parts is the equivalent to \$3.00 to \$25.00 worth of the parts of other cars?

THAT the FORD has a torque tube drive, found on such high priced cars as Lincoln, Rolls-Royce, Marmon, etc?

THAT the FORD has the simplest and most positive oiling system of any car?

THAT the FORD has the Thermo Syphon cooling system, and needs no pump with its numerous parts and attachments?

THAT in FORDS the gas flows by gravity to the carburetor, having no moving parts, with no chance of vacuum tank or connection troubles?

THAT the FORD has an all-steel body—the most rigid known?

THAT the FORD is a 3-point suspension car, the advantages of which are too great to detail, but will gladly demonstrate?

THAT the new Pyroxylin Lacquer finish on the FORD car cannot be affected by acids or even hot water? You can pour boiling tar on it and soak it off with gasoline without affecting its lustre.

THAT FORD cars take more abuse and show less depreciation than any other car?

THAT the FORD car has the quickest get-away in traffic and is easiest parked in congested districts?

THAT many a man has suffered loss of a good job, savings and sometimes good reputation by trying to own and operate a higher priced car in both purchase price and upkeep than he could afford?

THAT automobile depreciation increases with investment?

THAT the FORD is really the ONE PROFIT car, because the Ford Motor Company controls its basic sources of supply for raw materials?

THAT the FORD car can break the speed limit on any highway in America?

THAT there have been 163 improvements in the FORD car during the past 12 months?

THAT all FORD dealers' service stations operate on a flat-rate basis—no haggling or arguing—no undercharging one customer and overcharging another?

These Facts have reference to cars Manufactured in the United States of America.

nel 700 feet through a hill, to the point in Mrs. W. D. Long's pasture where it runs out onto the plains is roughly seven and a half miles, and it is safe to say that hundreds of cars were parked on every mile of the route up and down the precipitous hill sides Sunday.

Big Snake Story

The crowds were particularly thick Sunday around the tunnel hill and over the mile or more of lines immediately east and west of that point. Scores of picnic parties and people on an outing swarmed over the hills, parking their cars at advantageous positions and tramping to the point where the big steam shovels are eating out the vitals of the hills in great mouthfuls and by the use of trucks and wagons dumping the dirt into the wide fills that must be made between mountains.

A big snake story, said to have emanated from one of the camps, in the hope that it would scare the crowds away, had the reverse effect and the crowds poured into the Quitaque Creek gulches in even bigger numbers than ever. The snake was described as a giant rattler, weighing six to eight hundred pounds that no one would dare attempt to capture or kill, uncovered in some of the big slides following the heavy blasts that are being set off. As the hoax gathered in size the horrible details in re-telling from mouth to mouth, sightseers for counties around hurriedly cranked up their Lizzies and drove to the scene, hoping to get their eyes full of snake as well as tunnelling, boring and blasting. Newspapers trying to verify the story, uncovered the joke.

An idea of the immensity of the project under way can be gained from the statement that although the canyons along the line are full of crews, with trucks, teams and wagons working at full speed, less than half a dozen of the hills that must be blasted out for cuts have been worked through.

Locals and Personals

Mrs. J. W. Davey and children, Bobbie and Billie Wilson, of Munday, returned to their home last Sunday after visiting Mrs. Davey's parents, Mr. and Mrs. H. T. Smith.

Higher Quality at Lower Prices

because of increasing Volume Production!

January, 1925 — There was introduced a new Chevrolet which scored a tremendous success. Among its many new features were: a new and rugged rear axle, an improved unit power plant, a new single-plate disc-clutch, a much stronger frame, semi-elliptic chrome vanadium steel springs, cowling and dash-lamps, and new Fisher bodies finished in Duco... and the price of the Coach was \$735

August, 1925 — Chevrolet announced a new measure of value based on many new quality features—such as motor-driven Klaxon horn, improved sheet metal construction in the bodies, corrugated steering wheel with walnut finish, new headlamp rim construction and a more convenient gear-shift lever. Yet, despite all the additions the Coach was reduced to \$695

January, 1926 — Another spectacular increase in Chevrolet value—a model offering many mechanical improvements, such as a smoother, quieter motor with three-point suspension, a silent V-belt generator drive, new oil pump, more efficient cooling, an air cleaner, larger brakes, etc. Notwithstanding these improvements... the Coach was reduced to \$645

and now—

- The Touring or Roadster \$525
The Coupe... \$625
The 4-Door Sedan... \$695
The Sport Cabriolet... \$715

Thousands Visit Scene Of Denver Construction

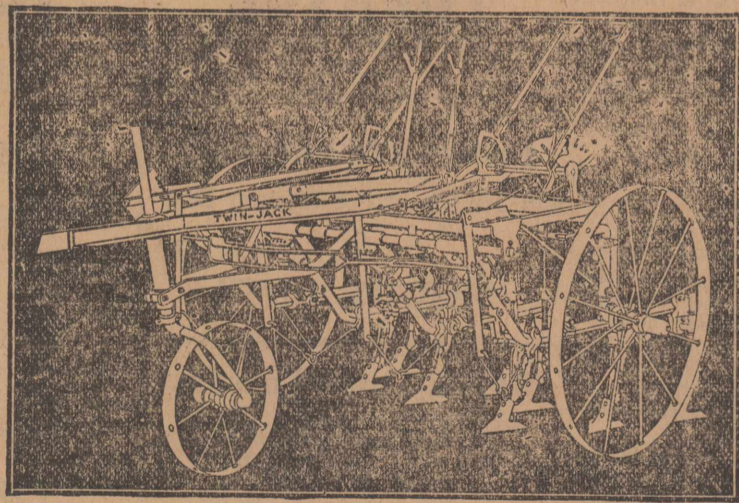

Big Engineering And Construction Feats on Denver's Caprock Climb Attracts Throngs.

The tremendous engineering and construction feat of the Fort Worth & Denver, now under big headway in northeast Floyd County, where the climb up the caprock is being made, is attracting thousands of visitors every week, and on Sundays the crowds are so big as to hinder many of the working crews.

Recent Sundays blasting on the big cuts and tunnel work has been discontinued, the thousands of sightseers swarming over the hills for miles. Probably a dozen counties in this section of the state were represented in the throngs which gathered last Sunday to see the progress being made on the big job of engineering, probably the biggest that has ever been undertaken by a railway system in this portion of the state.

From the point where the railway line will cross Quitaque Creek and tunnel

AVERY TWIN-JACK CULTIVATOR

Easy on both man and team

Avery engineers did a big job in eliminating strain on the operator and lightening the work of the team when they designed the famous Jack Rabbit Cultivator. In the Twin-Jack they have repeated their success, this time in a two-row cultivator that is simple to operate—and easy on both man and team.

The Twin-Jack is sturdy, durable, flexible, easy to handle and comfortable to ride. It has a strong, rigid main frame that will not twist or sag under the hardest conditions. The frame is in perfect balance at all times, with the result that manipulation requires

but minimum effort, the horses are spared sore shoulders, and more ground is covered per day with less fatigue.

Each pair of gangs is controlled by two independent levers, the inside lever raising or lowering the pair simultaneously, when desired. By means of an easy pressure on the stirrups the wheels may be angled to right or to left.

We will be glad to explain the many efficient, time-saving features of the Twin-Jack—or demonstrate at your convenience. There is no obligation.

There is a full line of famous Avery walking, riding and tractor plows, tillage implements and Champion harvesting and haying machines

Bankers Talk Shop In Meeting At Floydada

(Continued from page 1)

creases in the cost of doing banking business. He told his hearers the banks ought to have a service charge to aid the bank in making a fair remuneration. "Banks must make profits to be useful to their communities," Mr. McLaughlin said, and told of the many difficulties which had presented themselves in recent years and made profitable banking seriously difficult.

Mr. McLaughlin also discussed the high cost of "cold checks," and of the possibility of eliminating them, among which possibilities he stressed the value of the co-operation of the mercantile interests and the public in general. A check of the records of Crosby County banks, he said, revealed that ten percent of the deposits in those banks created sixty per cent of the cost of the operation of those banks. Crosby County banks will inaugurate the "service charge" on May 1, he said. The need of a permanent local organization that can "work out our local problems among ourselves," was discussed by the speaker.

Just and Fair

Elmer Stearns, cashier of the First State Bank of Matador, responded briefly with a cordial greeting from Matador banking institutions to fellow workers over the counties represented at the feed. Banking problems in his city are very similar to those outlined by other speakers of the evening, he said.

R. A. Jeffares, cashier of the Guaranty State Bank at Petersburg, told of the services for which his bank makes charge. Although his bank does not make a charge for "service" he considers the charge a just and fair one.

E. C. Nelson, president of the First National Bank, city, in humorous vein, discussed "why banking is so headacheful." Seriously, he told his audience that the service charge which was adopted months ago, by his bank, had been of service not only to the bank

but to its customers as well, in his opinion. Every banking concern will find itself at times in a position where the responsible officials will have to "go on and do just what they think is the right thing."

Wade Cooper, vice president of the Citizens' National Bank, of Crosbyton, declared banks as servants of the public, in a broad sense, had become the general helpers of the public with the result that "service," so-called, had been overdone. "We need to make some profit, in fact, must make some profit to be of greatest worth to our communities," he said. Banks have overdone the matter of service to their public in a scramble for business. The matter of proper valuation on collateral for loans was touched upon briefly by the speaker, who said that banks of this section can build better banks and be of greater worth to their respective communities by working together.

Courtesy Is Necessary

R. E. L. Muncy, a director in the Floyd County National Bank of Floydada, declared that the banker owes courtesy to the public; that courtesy needs to be cultivated in the bank, so that the public will realize the good spirit that prevails in the institution and feel at home. A banker can and should be courteous even when saying "no," he declared.

A. L. Winfrey, vice president of the First National Bank at Ralls, told of the accomplishments of the Crosby County Bankers' Association in its brief existence, and of the avenues of usefulness it had already presented to bankers of that county. "Formerly bankers made money," he said, "and when they begin to realize this the occupation will become profitable again and the bank a more worthwhile institution of the community."

Farris Fish, an attorney of Matador, and director of the First National Bank of that city, responded briefly to introduction as did Jno. K. Crews, vice president of the same institution.

Bankers Are Assets

B. M. Whiteker, agricultural manager of the West Texas Chamber of Commerce, in town for the evening, was an invited guest at the banquet and was asked for an impromptu talk.

"West Texas Chamber of Commerce appreciates and leans upon the bankers of West Texas. We have some good friends among the bankers, and they are great assets of the country," Mr. Whiteker said. "The bankers have stood by, they have gambled on the people and on their country." He declared the agricultural situation in West Texas as a serious problem and that it cannot be settled by a wave of the hand nor will it right itself overnight, in his opinion. Simply to say cut down the cotton acreage will not do, because on a large per centage of the farms the renter has no stock to feed if he puts the ground in feed and no grass to carry the stock on. He declared the banker should learn that a farmer with three cows to milk, 150 purebred chickens and a brood sow or two is a better risk for a \$300 loan than a "straight" farmer for a \$100 loan.

"Unless we begin the study of markets, how to increase the demand for our basic products, and learn to demand less of the things that we could be producing ourselves the situation is going to prove hopeless for our people. By creating markets, enlarging the demand, the South can profitably market an 18,000,000 bale crop of cotton—can market it at 20 cents per pound," he said, and pointed to the fact that \$26,000,000 was spent by gins of the United States last year for jute from India, the equivalent of 400,000 bales of low grade cotton that could have been taken off the market, as an illustration of his meaning. An intelligent study of marketing conditions, he said, was given in the fact that the Petaluma District chicken growers in California last year sold their eggs at 42 cents in Texas against Texas' 15c and 18c eggs. He decried the outcry against the speculator in cotton, declaring the cotton speculator to have been from time immemorial the cotton raisers' best friend.

Jas. K. Green, vice president of the Floyd County National Bank of Floydada, called attention to the fact that the egg crop of the United States last year exceeded the value of the wheat crop by \$900,000,000 and of various other farm commodities.

A. L. Winfrey, asked for a rising vote of thanks for the fine spirit of hospitality shown by Floydada bankers to the visitors, to which unanimous response was made. Wade Cooper, of Crosbyton, invited those present to attend the District Convention of the West Texas Chamber of Commerce at Crosbyton on the seventh instant, and the invitation of Elmer Stearns from the Matador bankers to hold the next regional meeting of bankers in that city was accepted, the date to be set at a later time.

Among the banking fraternity present who did not make addresses were employees of the two banks of Floydada, including O. M. Watson, Frank L. Moore, E. L. Norman, Charles Bedford, Miss Annie Marie Moore, Jeff Welborn, of the First National Bank; Albert R. Clubb, J. G. Clements and C. Surginer, chairman of the board of directors of the Floyd County National Bank; Jno. C. Broyles, cashier of The Security State Bank of Lockney; Russell McCurdy, assistant cashier of the Citizens National Bank of Crosbyton; Carl D. Lewis, cashier, W. L. Betts and Miss Alma Acker, assistant cashier of the Security State Bank & Trust Co., of Ralls; Mrs. F. L. Moore, Mrs. E. L. Norman, Mrs. T. S. Stevenson, Mrs. O. M. Watson, Mrs. C. Surginer and Mrs. Albert R. Clubb, city.

Rev. R. E. L. Muncy said the invocation opening the evening's program and little Miss Nell Stevenson furnished a reading, "Uncle Sam" that her hearers applauded heartily.

WILLSON ON NEW COMMISSION NAMED BY N. W. CONFERENCE

J. M. Willson is on the new commission named by the Northwest Texas Conference in its called session at Amarillo last week to receive and accept the proposal of Amarillo people for the location of Clarendon College in that city. At the meeting last week it was decided to give the Amarillo citizens interested in the proposal, twenty days more time to complete financing the school.

At the meeting to be held on April 18, the commission will carry out the instructions of the conference. W. A. Baker of this city is a member of the board of trustees of Clarendon College, which body was instructed by the conference to liquidate the affairs of that institution.

CALHOUN-KING

Miss Pernecie Calhoun and Alpha King recently stole a march on their many friends here when they drove to Ralls where they were united in marriage on Saturday, March 26th. The young couple kept their marriage a secret until Sunday afternoon of last week, when they made public announcement of the marriage.

Both of the young people were reared in Floydada and attended the Floydada High School. The bride is the daughter of Mr. and Mrs. R. B. Calhoun of this city, and the groom is the son of Mr. and Mrs. E. C. King, also of this city. The young couple were accompanied to Ralls by Mr. and Mrs. Pierce King. They returned home Saturday night. Mr. and Mrs. King plan to make their home in Floydada.

Clarence Wood, of Vernon, is spending the week here visiting friends. He was a former resident here.

LEGION AND AUXILIARY CALL SPECIAL MEETING FOR MONDAY

A special call meeting of the McDermitt Post, American Legion and women's Auxiliary has been called for next Monday night to make arrangements for a series of contests between the local post and the Plainview Post on Friday evening of next week. The contests, which were planned for Friday night of this week, have been postponed until next Friday by the local legion. The acceptance of the challenge offered by the local legionnaires some two months ago, was made last week, but a date for the meet was not set until Wednesday of this week.

The two posts and auxiliary units will compete in dominoes, forty-two, pool, billiards, checkers and other games. A large representation from Plainview is expected to attend the meet.
