PLAINVIEW HERALD INSTALLS NEW DUPLEX PRINTING PRESS

The Plainview Evening Herald, Friday of last week turned out their first issue printed on their new Duplex Perfecting press just installed in that office. The paper turned out by the new press is seven columns wide, each column standard width, and an even print is registered throughout the paper.

The new press is one of the latest models put out by the Duplex Printing Press Company. The paper is printed from rolls, each roll of paper being seventy inches long and thirty inches in diameter. As the paper moves through the press, both sides are printed and cut to the regular paper size. The new machine has a rated capacity of 6,500 completed copies of an eight page paper per hour.

The press formerly in use by the Herald has been sold to the Motley County News of Matador, and the machine is being moved to that city this week. Mr. Mitchell, editor of the Matador paper, passed through Floydada last Saturday on his way to Plainview to move the press.

C. OF C. CONVENTION PROGRAM COMPLETED FOR LARGE MEET

Wichita Falls, Texas, May 1.—The official program of the Ninth Annual Convention of the West Texas Chamber of Commerce was made public here today by Manager Homer D. Wade, of that organization.

Final plans are now being made for the convention which meets in Wichita Falls May 16 and 17. Plans are being made by the host city to care for 50,000 visitors. Based on reports which are being received from all sections of West Texas and eastern New Mexico, the attendance goal will be reached. The program, it is believed, is one of the

most educational, constructive and entertaining that the organization has ever announced.

The two outstanding features of the entertainment program are the Congress of Nations on Monday afternoon, May 16 and the Court of Nations on the evening of the same day. In the Congress of Nations idea, it is planned to have cities and towns to come prepared to represent some foreign country and for their delegates to dress in costumes common to the country represented. Approximately thirty cities and towns have joined in this feature and some unusually unique and colorful features are promised in this parade. In addition to those representing a foreign country, there will be a section of the parade for delegates to the convention who do not represent foreign country. Already, more than sixty towns have entered one section or the other of this parade. This event will start promptly at 1:30 and it is expected to be concluded by 4 p. m. A complete motion picture of the parade will be taken.

Some of the outstanding men of the nation are scheduled for addresses. Hon. James J. Davis, Secretary of Labor in President Coolidge's Cabinet, will speak on the first day of the Convention. Hon. Robt. R. Ellis, who will then be President of the United States Chamber of Commerce, will speak the morning of the second day. Other outstanding speakers will be: Governor Dan Moody, of Texas; Governor R. C. Dillon, of New Mexico and Governor Henry S. Johnston, of Oklahoma; and United States Senators from Texas.

Wichita Falls is making arrangements to care for all visitors. Hundreds of homes have been thrown open and, in these, the delegates to the convention will be cared for. In this connection, it is announced there will be no raising of prices in Wichita Falls during the

Convention. Already, many thousand reservations, or requests for hotel accommodations, have been received. The Housing Committee promises a home for everybody.

ATHLETES TURN TO SOUTH FOR FALL AND WINTER TRAINING

Belief that the South offers the greatest advantages for the highest physical development seems now to be almost unanimous in professional and amateur athletic circles. Great and ever greater is the winter and spring migration of clubs and individuals to the South for indulgence in sport in the cold period of the North and for training for summer activities in other sections.

Latest of the announcements on this line is a statement that the Baltimore team of the International Baseball League will train at Auburndale, Fla. And this, in baseball circles, is esteemed no small honor for that town. For, be it known, the Baltimore "Orioles" are the direct successors of those famous "Orioles" of years ago who won championships in their game and graduated to the world of athletics and arts and letters, not to mention two or three professions, such athletes as Wilbert Robinson, president of the Brooklyn "Dodgers;" "Jawn" J. McGraw, manager of the New York "Giants;" "Jack" Dunn, owner and manager of the present "Orioles;" "Joe" Kelly, whose father-in-law is political "boss" emeritus of the great city of Baltimore, and a dozen other citizens of renown.

Seven consecutive championship pennants in their league have been won by Dun's "Orioles," and it would be fitting for Auburndale to erect a flagstaff for each of these pennants.

Apparently, Mr. Dunn is as good a judge of climate and other attractions as he is of "south-paws" and batters. For Auburndale is blessed with a balmy atmosphere, is midway between the emerald ocean and the blue Gulf, fairly surrounded by crystal lakes. Yet, other cities are equally attractive to the discriminating athletes, for, as we get it, no less than a dozen baseball clubs will do their training in Florida and an equal number of others will "condition" in other parts of the South.

Add to these hundreds of baseball players the thousands of golfers, tennis players and other professional and amateur sportsmen and sportswomen who annually turn to the South, and it will be seen that the attractions of that section are without rival in the athletic mind.

CHARM AND BEAUTY FOR COUNTRY HOME

College Station, Texas.—Farm homes as well as city homes, little houses of the country side as well as palatial residences of the city, may with the proper thought and planning become places of much beauty and charm, Miss Jennie Camp, district home demonstration agent of the Extension Service, A. & M. College of Texas, has pointed out in a series of radio talks on planning the broadcasting station.

Lawns and trees go farther toward adding beauty to the homesite, Miss Camp pointed out. "Liveable home grounds are well located and well planned," she said. "They are also well planted. When grounds are well planted they make the buildings appear as if they belonged there, as if they naturally fitted into the landscape. Natural scenes in woods and fields may be imitated or duplicated. The passer-by sees a pretty picture in which the house is the central figure. Those in the house see pleasant views, lovely pictures near at hand on their own property and in the distance on that which belongs to someone else.

"The first element to be considered in improving the home grounds is that of a good lawn. The lawn is the foundation upon which the beauty of a place rests. It forms the background for the owner to keep it but it should be as far as possible large enough to give the place a proper setting. The large unbroken lawn gives the effect of expanse to the place and provides restful views at hand. If only a small area can be devoted to the lawn, great care should be taken not to break it with walks. This may be done by having drives swing to the steps at the door or side porch, or by having a short walk swing from the front steps to the driveway at the side. Under no circumstances should flower beds be placed in the lawn of the farm home

ground. They give a spotted, cluttered, confused appearance in themselves when the lawn should be restful."

In the matter of trees, Miss Camp said that if trees are to frame the house, they should be planted to the side and back of it. "Avoid putting trees too close to the house," she added. "They obscure the light, shut out the air, they are noisy and their free growth is often hampered. A fairly good rule for locating trees is to draw an open curve from the edge of the yard on a line with the front steps on one side, around the back of the house to about the same location on the other side. Let the trees follow this in an irregular way as far as possible, missing all windows and doors."

Shrubs and flowers properly used enhance greatly the beauty of a place, Miss Camp went on to say. Shrubs and vines may be used to screen unsightly objects and create interesting recesses. Shrubs should be planted along the base of the house, along borders, at curves in walks and drives, in positions to screen unsightly objects, such as the poultry yard, the outhouses, portions of the barn yard. Flowers present the most pleasing effects when planted along the borders of the shrubbery or walks, or in separate flower gardens.

John Hardy, of Dallas, was here for a short time last week visiting W. T. Rogers and family. Messrs. Hardy and Rogers have been long-time friends.

Bilious dull feeling

"MY old stand-by is Thedford's Black-Draught—I have used it off and on for about 20 years," says Mr. W. S. Reynolds, of R. F. D. 2, Arcadia, La.

"I get bilious and have a bad taste in my mouth. My head feels dull. I don't just feel like getting around and doing my work. I know it isn't laziness, but biliousness.

"So I take a few doses of Black-Draught and when it acts well, I get up feeling like new—full of pep and ready for any kind of work.

"I can certainly recommend it." In case of biliousness and other disagreeable conditions due to an inactive liver, Black-Draught helps to drive the poisonous impurities out of the system and tends to leave the organs in a state of normal, healthy activity.

Black-Draught is made entirely of pure medicinal roots and herbs and contains no dangerous or harmful mineral drugs. It can be safely taken by everyone. Sold everywhere. Price 25c.

CHEVROLET

Beautiful Chevrolet

Never before — So many fine car features at such low prices!

The Most Beautiful Chevrolet embodies the largest number of fine car features ever offered in a low-priced automobile.

Bodies by Fisher, for example... beaded, paneled and finished in attractive colors of genuine Duco... smartened by narrowed front pillars, upholstered in rich and durable fabrics... completely appointed—and enhanced by such marks of distinction as full-crown, one-piece fenders and bullet-type headlamps.

And, in addition, the Most Beautiful Chevrolet provides many mechanical improvements. A new AC oil filter and AC air cleaner add to the performance and dependability of the Chevrolet motor. A full 17-inch steering wheel, coincidental steering and ignition lock, improved transmission, new gasoline gauge, new tire carrier—all of these are now standard equipment on the new Chevrolet.

Come to our salesroom and see the new car that is breaking every precedent for popularity. Learn for yourself why it has everywhere been acclaimed as the greatest automobile value of all time.

A ruling has been made by the French Government providing for the elimination of every candidate for a scholarship whose examination paper has five mistakes in spelling.

The Lobo, or Large gray wolf, is rapidly vanishing in the stock-raising regions of the West. During the last year only eight were taken in New Mexico, eighteen in Arizona, twenty-eight in Montana, one in Oregon, six in South Dakota, eight in Utah, twelve in Wyoming and one in Colorado.

A group of farmers near Rosthern, Saskatchewan, are planning to introduce camels into Canada for agricultural work.

The highest court of France, the Court of Cassation, has ruled that pedestrians are subject to traffic rules as are vehicles and may be fined if they disobey the rules.

It requires seven years for an orchid to reach its maximum size and begin to bear the highly prized mauve and lavender blossoms.

DOING GOOD WORK

(By F. L. Davis, Secretary Boy Scouts Council of Floydada)
The Boy Scouts are doing fine work in learning the work. Already six boys of troop No. 2 have passed their Tenderfoot examination. There may be some in troop No. 1 but we have not learned of them. Troop No. 3 is about ready for the test. This is doing fine. We are going to have a bunch of Tenderfoot Scouts here before you hardly know it. Watch them grow.

Whenever a death occurs in the village of Casaree, Turkey, a public crier shouts the news through the streets. Even though the death occurs in the depth of night the crier immediately shouts out the doleful tidings, awakening the village with his loud cries.

A Cleveland man has invented a device that controls traffic signals by sound and by the mere shriek of the fire engine's siren will change and halt all vehicles.

The latest statistics from France show that in 1920 there were 90,129 bachelors paying the tax on celibates, in 1921 the number rose to 208,449, in 1924 to 238,544, and in 1926 to 260,000.

The ant was one time used by surgeons to bind the edges of a wound. When brought into contact with the wound the pugnacious creature closed its jaws, biting through the skin and joining the two edges.

WITH THE CHURCHES

FIRST CHRISTIAN CHURCH

F. L. Davis, Minister
The services next Lord's day will be as follows:
Sunday School at 10:00 o'clock with Supt. Lon M. Davis in charge.
Preaching immediately following at 10:50. This will be a Mother's Day service. The sermon will be on the subject "Mother" and special singing in honor of the occasion. We will give one of the large print Bibles to the oldest mother present. It does not matter what church she is a member of, or if a member of any church, she will get the Bible unless she is too modest to tell her age.
There will be no services, either Endeavor or preaching at night on account of the Baccalaureate services at the High School Auditorium.
Weather and roads permitting we will fill our appointment at Mayview at 3 o'clock in the afternoon. The subject will be "What is the Matter with Our Home Today?" This sermon is by request.

YOUNG PEOPLE'S M. E. SOCIETY

The Young People's Missionary Society of the Methodist Church will have their program meeting Thursday afternoon on the lawn at the City Park. They will meet at 7:00 o'clock. All members be present and bring a new member with them.
Mrs. Chas. M. Wilson, Supt. of Young People.

CHURCH OF CHRIST

The services of the City Park Church were good last Lord's day. Bro. Clark preached another good sermon. The prayer meeting service last week was also fine.
Next Lord's day is our regular preaching day and a special invitation is extended to all to be with us. Subject at 11:00 a. m. "Mother Home and Heaven."
On account of the school program we will not have any preaching at the night service.
Young people's meeting at 7:00 o'clock p. m.
Ira L. Sanders, Minister.

THE CHURCH OF CHRIST

Will meet at new building, on next Sunday, May 8th, at 11 o'clock a. m.
Will study the 8th chapter of Matt. Communion services after scripture reading and study.
Just pure, simple Bible study and practice.
Come, worship with us. If you desire to study God's Word, come visit us.
Everybody invited to attend these services.
By the Elders.
CUMBERLAND PRESBYTERIAN CHURCH
A. A. Collins, Pastor
F. McIntosh, Superintendent of Day School.

Sunday School at 9:40.
Morning worship at 11 a. m. The Church will observe The Lord's Supper at the morning service.
Christian Endeavor at 7 p. m.
There will be no evening service at the church. We will dismiss for the Baccalaureate sermon at the High School at 8.
Remember that Sunday is Mother's Day. Go to church somewhere.
Prayer and study hour Wednesday evening at 8 p. m.

CHRISTIAN ENDEAVOR

The Cumberland Presbyterian Christian Endeavor will meet at the Church Sunday evening, May 8, at 7:00 o'clock p. m., with Raymond King as leader. The topic is "Elements in Ideal Home Life."
Song.
Scripture, Ephesians 6:1-9 read by Carder Collins.
Prayer.
"Prayer in the Home"—Mrs. Pierce King.
Solo, "Home Sweet Home"—Gladys Collins.
"Music in the Home"—Gene Bain.
"The Bible in the Home"—B. F. McIntosh.
Questions by Miss Julia Adams.
Business.
Benediction.

METHODIST CHURCH

The pastor is glad to be back ready for work after a pleasant trip. Next Sunday is "Mother's Day." There will be appropriate services in honor of our Mother's, living and dead. Be at Sunday School and stay for the Mother's Day Service.

PROTRACTED MEETING AT CHURCH OF CHRIST

Elder Alva Johnson, of Turkey, will begin a protracted meeting at the Wall Street Church of Christ on Thursday night, May 19 and continuing over two Sundays, according to an announcement made this week by that church.
Elder Johnson has held several meetings here before and is well known here. The meeting will be held in the new church building, it was announced.

FLOYDADA CIRCUIT EAST

A. D. Moore, P. C.
Will preach at Mayview at eleven o'clock Sunday. There will be a program given in honor of the Mothers of the neighborhood.
Bro. W. A. Robbins, Layleader of the Church of Floydada, will speak at Newland at eleven o'clock. There will be a program rendered in honor of the Mothers of that neighborhood.
Everyone is invited to attend these services.
O. C. Powers from Lorenzo arrived last week to take the place of S. S. Powers in the sales department of the Powers Dry Goods Co. S. S. Powers will make his home in Lorenzo with his mother, Mrs. S. E. Powers.
F. C. Harmon made a business trip to Plainview and Lockney, Wednesday.

Starkey News

Starkey, May 3.—Misses Pearl Atto- way and Opal Smith spent last Sunday visiting with Jessie Dalton.
Mr. Clay and family spent Sunday with Mr. and Mrs. Kropp.
Mr. Carter gave the young people of Starkey a party Wednesday night. It was enjoyed very much by those that were present.
Mr. and Mrs. Lakey and daughter have just arrived home from New Mexico.
Starkey boys played base ball with Cone last Friday afternoon and the score was 8 to 9 in favor of Cone.
Fred Taylor's mother and sister are visiting with him this week.
Elder J. J. Day and wife took dinner with J. T. Carter Sunday.
Coy Williamson and family spent Sunday afternoon with A. C. Collins and family. Mr. and Mrs. Allmond visited with them Sunday also.
Miss Sallie Patton spent Sunday with Miss Letha Elmooore.
There were quite a number of young folks visiting in the home of Misses Etta and Esther Collins Sunday afternoon.
Pete Lowrance's mother, of Lubbock, is visiting with him.

Allmon News

Allmon, May 3.—A number of improvements are being made in this community.
H. A. Krause is installing an electric lighting plant in his home. He is stuccoing the outside of the house and using sheet rock on the inside.
Mr. and Mrs. J. S. Jackson of Lorenzo visited with Mr. and Mrs. T. W. Phillips Sunday. W. A. McBeer accompanied them.
Mr. and Mrs. H. G. Johnson had as their guests on Sunday Mr. and Mrs. Vanderburg and children.
Miss Lucille Smith spent Saturday with Miss Fairy Blalock, of Petersburg.
Mrs. J. C. Worley spent Saturday with Mrs. E. G. Williams.
Hugh Dunn, of Floydada and L. D. Jones, of Farmer, visited Sunday with N. O. Phillips.
Mr. and Mrs. Clay Wristen and family of Lorenzo visited J. S. Jones Sunday.
W. W. Caudle spent last week-end in Hale Center visiting his brother, J. J. Caudle.
Miss Faye Wristen, a student of Tech, spent Saturday night and Sunday with Miss Pearl Jones.
Miss Ivent Caudle, Mr. and Mrs. Joe Wigley and little daughter spent Sunday in Plainview and Hale Center visiting with friends and relatives.
Lester Foster, of Lubbock, spent last week with his cousin, Dennis Thorn.
Mr. and Mrs. J. H. East, of Lubbock, visited with Mrs. East's sister, Mrs. Edwin Case, last Sunday.

MARRIAGE RECORD

License to marry was issued to only one Floyd County couple during the past week, the contracting parties being:
G. R. May and Mrs. Stella Elma Smith, April 29.
Mr. and Mrs. W. M. Peck from Concordia, Kansas, have been in the city for the past several days attending to business and visiting with Mr. and Mrs. T. S. Stevenson.

TO HEAR NORFLEET SPEAK

J. Frank Norfleet, noted confidence man hunter, spoke to a capacity house at the Sand Hill High School auditorium Friday night, April 29, on "The Denver Raid." And held his audience spell bound as he told his thrilling experience of capturing thirty-four members of a notorious gang with the assistance of several Texas Rangers at Denver, Colorado while peace officers of the city, he said, urged him to return home and leave the task to them.

Mrs. W. S. Pool, of McAdoo, was visiting and shopping in Floydada Wednesday.

Mr. and Mrs. I. R. Rogers, of Lamesa, returned home Friday after a visit here with their son, V. B. Rogers and family.

NEW SHOW WINDOW

The Russell's Store is remodeling their men's clothing department on the west side of the building, stalling a new front and further back, giving more entrance and better display. Two up-to-date displays will be installed, one on each side of the door way, leaving ample room for display. T. C. Russell, proprietor of the store, stated.

The work will probably be finished the last of the week, Mr. Russell stated.

C. H. Featherston, of Wichita is here on business, having arrived Tuesday of this week.

Oh-mister Boreas—

But it's not so funny when roofs are lifted and houses smashed by a destructive windstorm!

THEN you need a protective wall—WINDSTORM INSURANCE—as a financial safeguard.

FLOYDADA STEAM LAUNDRY

Easy To Handle
Easy To Lubricate
Easy To Adjust

—and It Get's The Grain!

In addition to the fact that the "Holt" has steel frame and body, anti-friction ball and roller bearings, pressure gun lubrication, safety snap latches, and many other features that mean endurance, reliability and easy operation, it gets maximum grain profits, because

IT PUTS THE GRAIN IN THE TANK

The "Holt" is built on the correct principles to save all the grain—it has proved efficiency in grain separation.

Allow us to show you the features of the "Holt" that have made it so popular with Texas, Oklahoma and Kansas wheat growers. Remember the price has been revised downward.

HARRIS BROS.

DEALERS

Floydada, Texas

MILES and More MILES

BEFORE your next week-end trip, fill your tank with Summer Conoco Gasoline. Then keep tab on your mileage. When you arrive back home, figure up your miles per gallon. That's the way to check our claims that Summer Conoco is packed with extra miles.

This summer make your gasoline deliver—make it deliver miles. And we promise you this: that—provided your car is in good condition—you'll never be disappointed when you use Conoco.

It pays to be particular when you buy gasoline. Careless motorists penalize themselves every time they allow inferior fuels in the tank.

Their cost per mile of motor operation is out of all proportion to what it should be. They are paying a premium simply because they never take the trouble to figure out the miles they get per gallon.

So play fair with your pocketbook. Use Conoco regularly and keep down your motoring costs.

Just look for the Conoco sign on service stations and garages.

SUMMER

Boy Scouts

The Boy Scout Uniform

For fear of some misunderstandings and possibly hard feeling we feel that a word on the subject of the Boy Scout uniform will be helpful.

It is the rule of the National Council that in each town or county where the boy scouts start that only one store handle the things the boys will need, such as uniforms, handbooks, knives, axes, ropes, etc. All of these things are sold at the same price as a boy would have to pay were they to send to the National headquarters. There is really little or no profit to the store handling them. These stores have their laws relative to the uniform in particular. This uniform is protected by U. S. Copyright or patent and must not be worn by any except real Boy Scouts. The store is not allowed to sell a uniform to any boy who does not present his Boy Scout card. This card is issued by the National Council as soon as a boy passes his Tenderfoot examination, and no boy is entitled to wear the uniform until he has this card. If all the boys who are entering the troop will remember this it will be a great help. Do not take your scout Master along to the store to satisfy the store, for this will not do. You must have your boy scout card. Don't forget this nor try to get special privileges, because your dad is

IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by

rich or prominent or anything. One thing scouting teaches is that there is no special privileges, except efficiency in scouting.

Then there is another boy who is likely to cause some confusion. That is the boy who has not joined the scouts either as a candidate, not connected with scouting. He is likely to become impressed with the uniform and want to get it. He is likely to go to the store and get it. Now this boy is laying himself liable to serious trouble. Any American Legionaire or loyal American citizen can take the uniform off of any boy who is not entitled to wear it. It is a violation of the federal laws to wear it unless he has the right to wear it. We are asking the Boy Scouts to help impress this rule on all boys and their parents. Remember, too, Boy Scouts, this uniform is not to be worn all the time. Ask your Scout masters when you can wear it. Then, too, if you disgrace the uniform, by the violation of the Scout Rules you can be made to turn in your uniform. If the store handling the outfitting goods violates the rules the privilege will be taken from them. This we do not want to occur. By all co-operating in this work we can all be happier and better off than by going a slipshod way. The parents of all boys can help materially in the matter. Let's all put over Scouting according to the rules and we will be better off.

FOUR TRACK MEN WIN THIRD PLACE IN ABERNATHY MEET

Four members of the Floydada Hi track team entered an invitation Track and Field meet held at Abernathy last Saturday, and in spite of the fact that other teams entered an average of fifteen men each, Floydada won third place at the meet. Lubbock and Amarillo, winners of first and second places, each had fifteen men entered in the meet, the F. H. S. boys stated. The Lubbock High School team won first place with 54 points, Amarillo second with 52 and Floydada third with 31½ points. The Floydada mile relay team, who lost first place in the district meet to Lubbock, easily won this race at the meet, running the mile in 3 minutes 32 seconds and beating the time of the record breaking run at the district meet. John Edwards won first place in the shot put, putting the shot 41 feet, and also first place in the discus throw. Weldon Moore won second place in this event.

Floydada won first, second and fourth places in the javelin throw. Stiles won first throwing the javelin 135 feet. Terry and Moore won second and fourth. Moore won third place in the pole vault also.

The four men entered in the meet representing Floydada High School were Jim Stiles, Buford Terry, John Edwards and Weldon Moore. All four members will compete in the state meet at Austin this week.

J. A. CALLIHAN CHICKEN HOUSE AND GARAGE ARE BURNED

A chicken brooder house and garage belonging to J. A. Callihan caught fire Tuesday of last week at about 8 o'clock and burned to the ground. The out-buildings were at Mr. Callihan's home about one-half mile east of town. The fire is believed to have started from a brooder that had been burning in the chicken house.

The estimated loss of the out-building is about \$250, there being no insurance carried at the time of the fire. The chicken house was comparatively new, having just been finished about a month ago. Besides the building a brooder and incubator in the chicken house also burned.

Mr. Callihan was away from home at the time of the fire. He is spending the week in New Mexico visiting relatives.

MEN, SEEKING WORK 'RUSH' FLOYDADA PAST TEN DAYS

"Floydada is being 'rushed' right now by men out of employment, looking for something to do," Ed Bishop, secretary of the Chamber of Commerce, said Monday. The Chamber of Commerce office has been visited by twenty-five or thirty men without jobs who said they understood there was plenty of employment for extra labor here at this time.

The Chamber of Commerce nor any agency, so far as known, has not sent out any calls for extra outside labor recently, Mr. Bishop said.

LONG DISTANCE CALLS SHOW BIG INCREASE

Ten years ago there were 280,000,000 toll telephone calls a year in this country. Five years ago there were 485,000,000 such calls. A year ago there were 800,000,000.

In 1915 the average speed of service of toll calls was 5.5 minutes. Due to post-war conditions, there was a slowing-up to about 7 minutes in 1920, but since that date there has been a marked improvement, with the result that the average today is 2.6 minutes. By the speed of service is meant the interval from the time the subscriber places his toll call until the call is completed, or until he receives a definite report that the telephone station desired does not answer, or that the called line is busy, or that the particular person desired is not available.

Recently improvements in toll board service from an average speed of five or six minutes to an average of from two to three minutes have been made possible by the development of a new method known as the combining line and recording method. So fast is this method that many calls on which the calling subscriber gives the number of the telephone desired can be handled while the subscribers remain at the telephone—just like local calls. The introduction of this method is going ahead rapidly.

It is important that the calling subscriber should give the operator the number of the telephone desired, even on calls for particular persons, although, of course, this isn't absolutely necessary. If the number is not given, however, the operator must secure it from a directory operator before she can proceed with the completion of the call, which slows up the service on other calls.

500 CHILDREN CRIPPLED BY EX- PLOSIVES EACH YEAR

Stump removal, tree planting, road building, ditching, and various other operations on the farm often require the use of explosives. While some explosives may be handled with less danger than others, none of them is foolproof. In cooperation with the Institute of Makers of Explosives the department is interested in doing everything possible to lessen the number of accidents attributed to carelessness with explosives.

One form of carelessness which is particularly censurable is to have these dangerous materials where children may find them. Approximately 500 children are crippled each year in the United States by playing with blasting caps which they have picked up in the vicinity of mines, quarries, or in the fields where agricultural blasting has been done. Some of them go through life with mangled hands, faces, arms and legs. Some of them are killed.

The blasting cap is particularly attractive to children because of its bright copper color. It is a powerful little thing and needs but slight disturbance to explode. One cap will blow a child's hand off. A box of them will blow a hole through a 2-inch oak plank. Children often play around places where blasting has been done and sometimes pick up stray caps and start to investigate them. They may know they are dangerous but they do not realize how sensitive they are to the slightest friction.

The point to remember is that all explosive material should be kept carefully guarded and out of the reach of children especially.

Mrs. Clarence Goins and little daughter, Jo V. of Dimmitt, returned home the latter part of last week after a visit of several days with Mrs. Goins' father, Dr. V. Andrews and wife.

RURAL PHONE SERVICE IMPROVED

The great improvement in telephone service has spread to the rural districts. It was not so many years ago that farmers in various sections of the country were unable to call their friends unless they were subscribers of the same company. Inter-connection has so progressed that the farmer can now make long-distance calls as easily as the man in the city.

The city of Shanghai is built on piles driven into what was once a malarial swamp. This desolate swamp land was given the foreigners by the Chinese because they thought the whites would soon become disgusted with the new acquisition and desert it.

The word 'lent' comes from an Anglo-Saxon word meaning spring.

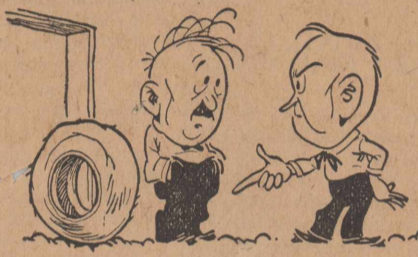

Nevada has the largest per capita wealth of any state in the nation, with Iowa, Wyoming, South Dakota, Montana, Massachusetts, New York, New Jersey, Nebraska and California following.

A chimpanzee, a pet of a Berlin postman, amuses itself by turning in fire alarms and sitting by and watching the fire engine come.

Corkscrews are said to have been invented in 1512, by the seventeen-year-old daughter of a French blacksmith in the village of Ternant.

African Pygmies have strict marriage laws. When a wife dies or is divorced the husband loses a finger at the first joint.

It is believed that some of Sebastian Cabot's navigating papers are now lying in some obscure depository in Seville or Madrid, Spain.

F. H. S. Commencement Programs Next Week

(Continued from page 1)

helpers assemble and Spring enters and banishes Jack Frost to the Northland. Then Spring is crowned queen.

The main characters of the operetta are Truett Spence, Louise Conner and Jean Bain. Other characters are portrayed by groups from all of the grades of the school.

Senior Class Night

Wednesday night of next week has been designated as Senior class night. The members of the senior class will present an entertainment and play at the high school auditorium on this night. The play is entitled "The Set of the Sail," and represents the high school graduate sailing out into the sea of life. Many complicated conditions appear but the class "sails clear" and makes a successful landing. The entire membership of the class will take part in the play and entertainment.

The seventh grade commencement program and closing exercises of the R. Andrews Ward school will be held the Andrews Ward auditorium next Saturday night, at eight o'clock. Mrs. V. Smith will deliver the address to the seventh grade graduating class at their exercises. The following is the program outlined by Principal D. M.

Hopper, for the commencement program:
 Invocation—Rev. Ben Hardy;
 Salutory—Hazel Probasco;
 Song, "Springtime"—Class Chorus;
 Piano Solo—Vivian Stegall;
 Address—Mrs. Lon V. Smith;
 Vocal Solo, "Sing Along"—Patty Loop-er;
 Valedictory—Ruth Rutledge;
 Presentation of Diplomas—Principal D. M. Hopper.

Following is a list of the members of the senior class of the Floydada high school who will receive their diplomas at the graduation exercises held Friday night:

Misses Willie Allen, Georgia Lee Assiter, Mamie Carson, Jessie Mae Carter, Ina Copprell, Mildred Daniels, Wilma Deen, Mildred Dunn, Daisy Lee Gresham, Capitola Hardgrove, Opal Jones, Francis Kinnard, Opal Nelson, Hazel Massie, Velma Nelson, Bertha Roberts, Ina Sims, Dean Smith, Audrey Stiles, Thelma Swain, Kathryn Swift, Mattie Katherine Walker, Bessie Moore and Martyn Childers;
 J. C. Ainsworth, Ben Ayres, Alan Berry, Henry Bollman, Elma Cummings, Jack de Cordova, Oliver Holmes, Alberto Massie, Willie B. May, Mobley McMurray, A. D. Moore, Herbert Sims, Jack Sims, Arvil Smith, Richard Stovall, Roy Swain, Randolph Wilson and Buford Terry.

M. A. Crum, of Friona, was here over Sunday visiting his sisters, Misses Mollie and Lucy Crum.

Floydada Ladies Enjoy Convention At Memphis

"Our trip to Memphis to the fourth annual convention of the eighth district of Texas Congress of Mothers and Parent-Teachers which met at Memphis Wednesday, Thursday and Friday of last week was enjoyed immensely by the delegates from the Parent-Teachers' Association of Floydada," said Mrs. R. E. Fry, president of the Andrews Ward Parent-Teachers' Association.

"One of the most enjoyable affairs of the convention was the Blue Bonnet Luncheon given by the Federated Missionary Society of Memphis. Prominent speakers for the occasion were Dr. Paul W. Horn, of Lubbock; Miss Pauline Wherry, of Dallas who spoke in the interest of Girl Scout Work, she is doing work in five states; W. A. McIntosh, Supt. of Amarillo Schools; Mrs. C. E. Maddox, of Ranger, State president of Parent-Teachers' Association and Mrs. Ira L. Cain, State Chairman, of Juvenile Protection, of Wichita Falls. Of course one of the most important things to us" said Mrs. Fry "was the compliment paid the Andrews Ward P. T. A. by Mrs. S. M. N. Marrs, vice president of the National Congress of Mothers and Parent-Teachers. Each organization keeps a press and record book and prize were given for the best. On account of our book not being made the correct size it could not win a prize, however, Mrs. Marrs said our book contained the best local press publicity she also asked for pictures and a story of the Andrews Ward Cafeteria and dining room which will be used in a P. T. A. Magazine."

Delegates from the East Ward Parent-Teachers' Association who attended are: Mrs. J. U. Borum and Mrs. Jno. Hammonds; from the Andrews Ward Parent-Teachers' Association are: Mrs. R. E. Fry, Mrs. W. C. Grigsby, and Mr. and Mrs. Lon M. Davis; from the high school Parent-Teachers' Association are Mrs. M. F. Husky, Mrs. J. A. Enoch and Mrs. J. B. Jenkins.

COTTON ASSN. TO MAKE FINAL DECISION ABOUT CO-OP GIN

The final decision as to whether the Floyd County Farm Bureau Cotton Association will establish a co-operative gin in Floydada next season, will be made at the District Court room next Friday afternoon, when the association meets in a special call meeting, according to Arthur Beedy, secretary of the county organization.

"The committee from the local association who visited the Co-operative gins at Chillicothe and Crowell will make a report at this meeting and a deciding vote will be taken on the matter of establishing such a gin in Floydada," Mr. Beedy said. The committee visited the neighboring gins is composed of J. B. Rutledge, A. W. Dunn, B. B. Gulley and T. J. Gill.

At the meeting of the association last Saturday afternoon, John Orr, of Dallas, president of the State Farm Bureau Cotton Association, addressed the local organization. M. S. Hudson, District Director, also spoke at the meeting, explaining the policies and plans of the state organization. Checks to the amount of \$84,000 were made out by J. Krank Triplett, district director, as the final payment on the cotton sold by the association, up to March 1st.

Mr. and Mrs. J. W. Davy, of Munday, arrived to visit her mother, Mrs. H. T. Smith, who is ill in the Smith and Smith Sanitarium. Mr. Davy returned home Tuesday evening. Mrs. J. W. Porter, of Shawnee, Oklahoma and Mr. and Mrs. E. B. Smith and baby, of Cushing, Okla., are also at the bedside of Mrs. Smith. Mrs. Porter is a daughter and Mr. Smith a son of Mrs. Smith.

LUNCHEON CLUB MEETS NOON MONDAY INSTEAD OF EVENING

Plans for holding next Monday's regular meeting of the Floydada Luncheon Club have been changed. It was intended to have the meeting at night and make it ladies' night. However, on account of conflict with commencement week exercises, this idea has been abandoned, G. C. Tubbs, president of the club said.

As changed the plan is that the meeting will be held beginning at 12:30 Monday at the East Ward Cafeteria for members only.

JOE WILLIAMS ON STAFF AT TEMPLE SANITARIUM

Friends here have learned that Joe Williams, former Floydada high school boy, who last year completed a medical course at Baylor Medical College, has been added to the staff of the Scott & White Sanitarium at Temple, one of the leading sanitariums of central and north Texas.

He had been serving as an interne at the sanitarium for the past year.

WHIRLWINDS SPLIT TWO GAMES WITH SLATON, WILL PLAY ROTAN

The Floydada Hi Whirlwind baseball team split a two-game series with Slaton last Friday and Saturday at Slaton, when they lost their first game, 10 to 8 and won their second 4 to 3. The results of these games gave Slaton one victory out of four games with the local team, having been defeated by F. H. S. nine times here during the first of the season.

Dixie White twirled the ball for the Whirlwinds in their first of the two games against the Tigers at Slaton. White's pitching was accurate but the Tigers batting was also good and they scored ten runs on the Whirlwinds.

Clarence Ashton took the box in the second game of the series and shut the Tigers out with only three hits. Fewer fielding errors on the part of the local nine also accounted for the victory, coach Ike Jay stated. Pike Hanna caught for Floydada in both games.

The Whirlwinds leave Friday for Rotan where they will play their last two games of the season with the Rotan High School nine, on Friday and Saturday. The Rotan team have established a record of very few losses this season and coach Jay is expecting a hard game. Ashton and White each will pitch a game, coach Jay stated.

Mrs. Jno. West received a letter from her father, J. F. McCarty, of Rio Hondo, last week saying that he was leaving at once for Dallas where he would accompany his old neighbor and friend, Judson Heath, to the Baylor Hospital. Mr. Heath has been ill for several weeks the letter stated. Both Mr. Heath and Mr. McCarty are former Floyd County citizens.

Will Finley and family moved to their new home, which has just been completed in the south part of town.

L. W. Hayhurst and J. Frank Copeland, of Gunter, were in Floydada visiting friends the first of the week.

SOUTH SIDE SINGING

The South Side Singing Convention will meet in their regular annual spring convention at the Blanco school next Sunday afternoon at 2 o'clock, according to Price Scott, County Superintendent. This meet is the last held before the regular county convention, Mr. Scott said, and attendance is urged at this convention.

The regular county convention will be held this year at the Sunset school on Friday and Saturday, June 4th and 5th, Mr. Scott stated. Following the county convention, the district convention will be held.

W. T. Noblitt, of Beaumont, visited over Sunday with his sisters, Mrs. E. C. Nelson and Mrs. A. D. Summerville.

CONSTRUCTION PROGRESSES ON NEW PETERSBURG HIGH SCHOOL

Construction work on the dandy new high school building at Petersburg, for which \$50,000 in bonds was voted last fall by the citizens of that community, is moving along very satisfactorily, according to R. A. Jeffares, cashier of the Citizen's State Bank, who said over the telephone last week that the basement had been completed by the contractors and materials are on the ground for much of the remainder of the building.

The new school plant will be thoroughly modern in every respect. It was made necessary by the fast-growing needs of the scholastic population of the school district.

REMODELING OUR STORE

IN ORDER TO BETTER accommodate the public, we are this week remodeling our store, putting in new front, new fixtures, and repainting. This change was made necessary in order to properly care for YOUR trade in men's wearing apparel.

Our cleaning and pressing department is also being worked over and being put in better condition to deliver better cleaning and pressing work than ever before secured in Floydada.
