VOLUME 34

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, JUNE 9, 1927.

NUMBER 15

Hopes to Complete Cap Rock Climb By Oct. 1

Contractor Holt Rushes Work On Q. A. & P.; Many See Actual Construction In Special Caravan.

Hope that the construction work on the Cap Rock climb and his division of the work will be complete by October 1, has been expressed by Fred P. Holt in charge of a section of the contract on the Q. A. & P. extension from MacBain to Floydada.

Mr. Holt said Wednesday that Matt Smith on the Harry Campbell place would begin work just as soon as survey stakes had been placed. He indicated that he would put on his double shift in the very near future and everything rushed to completion.

A. F. Sommer, vice-president and general manager of the road, on an inspection trip to the camps on the extension Wednesday said that things were moving along as nicely as could be expected. He was accompanied by J. Buel, roadmaster, and J. C. Turner, master mechanic, with headquarters at Quanah.

All of the right-of-way has been cleared as far as the town section with the exception of a few instances, according to W. A. Baker, chairman of the committee in charge of the work. He said that proceedings had been started to condemn the land yet in controversy.

E. C. Nelson in charge of the committee obtaining funds for the right-of-way said that more liberal response had been made during the past week and he expressed the hope that "the people" would keep up the good work.

"We lack about \$15,000 now," he said. Between 500 and 600 people witnessed actual construction work on the Q. A. & P. line last Tuesday afternoon at the Holt camp 21 miles east of this city. A caravan of 500 people left the square at Floydada at 4 o'clock Tuesday and drove to the place where work is being done to ascend the caprock. A delegation of some one hundred people from Roaring Springs headed by G. F. Stevens, secretary of the Roaring Springs Chamber of Commerce, also witnessed the work.

A large dynamite blast which blew a hole 25 feet square out of one of the hills, was set off by Foreman C. M. Luckie when the delegation visited the work. This blast was one of the first set off to remove one of the hills in the line of construction work.

Contractor Fred P. Holt has one large power shovel and a large crew of men at work breaking the caprock where the grade ascension is being made. The Holt camp is located nine miles from Roaring Springs and approximately six miles from the end of the Q. A. & P. line at MacBain. At the present time they are working in the Matador Land and Cattle Company's pasture in Motley County. Approximately one hundred yards into the side of a hill had been dug by the power shovel Tuesday afternoon and grading work for the line had been practically completed for a distance of 400 yards.

Four camps are now located on the new extension line between Floydada and MacBain. Two material yards are located at the end of the line at MacBain and supplies for the construction work are being placed there. The Montgomery camp is located one mile west of MacBain and the crew is using a grading excavator to remove dirt for the grade. The Holt crew at the caprock is making rapid progress in lowering the drop from the Plains to the lower country. The Vanetta camp is the nearest camp to Floydada and is located immediately south of the Holt camp on the Plains. Rapid work is being done at all four camps, it is reported.

3 Fire Trucks Called When Burke Home Burns

Three fire trucks and the volunteer departments of two cities were called into action Friday afternoon of last week when the W. J. Burke residence on West Virginia Street was destroyed. The blaze of unknown origin was discovered about 3:45 o'clock. The total loss, partially covered by insurance, has been estimated at \$23,000.

The home and its furnishings were a total loss, the fire department having been unable to check the flames or remove any personal belongings of the family. Both trucks of the local fire department were called out and for a time it appeared that the equipment would be insufficient to prevent the blaze spreading eastward to the residence of B. C. Blacklock and perhaps others. The furniture was removed from the Blacklock residence when it seemed that the home would also be consumed by the blaze.

Three streams of water were continually played on the blaze by Fire Chief Roy Snodgrass and his volunteer fighters, who have since been highly complimented for their effective work.

A strong wind from the west made the task more difficult and several times fanned the fire until it was almost beyond control.

The Lockney Fire Department responded to a call for assistance from City Fire Marshal G. R. Strickland and made hose connections for a short time, the local department having complete control of the situation when they arrived.

M. L. Stansell, father of Mrs. Leon Collins died at his home at Jackson, Tennessee, Thursday, June 2, from injuries sustained in an automobile accident about a month ago. Mrs. and Mrs. Collins were at the bedside.

Everything Ready Here For 4H Club Meetings

Two-Day Session Opens Friday Morning of This Week at City Park Tabernacle.

Everything is in readiness for the commencement at the City Park Tabernacle Friday and Saturday of this week of 4H Club girls of Floyd and Hale Counties, according to Miss Blanche Bass, County Home Demonstration Agent, who is in charge of the program.

Attendance is expected to reach the 150 mark before the sessions close Saturday afternoon at 2:30. Addresses will be delivered by club officials and local speakers. Sue Blanton will deliver the welcome to the club girls and Leola Hudgins will give the response. Miss Blanton is president of the Irick Club and Miss Hudgins is from Prairie View.

Miss Daisy Gordon, home demonstration agent of Spur, has charge of the recreational and entertainment features of the two-day program.

Registration will begin Friday morning, June 10, at 11 o'clock.

Dresses entered in the clothing contest will be on display in the district court room at the court house Saturday, it was announced this morning by Miss Blanche Bass. This display was originally planned to be held at the city park tabernacle but decision was made this week to hold it at the court house. The display will open about 9 o'clock Saturday morning and will continue until about 3 o'clock Saturday afternoon, Miss Bass stated.

MATADOR UKELELE GIRLS SCORE HIT IN PROGRAM HERE FIRDAY

Appropriately clad in the costumes of the famous sportsmen of Spain which they represented, the Ukelele Club Girls of Matador were received with generous applause at their initial appearance here at the Olympic Theatre in a feature number Friday night of last week. A. Watson, their director, was highly complimented on the quality of music the girls produced.

The group was dressed in black blouses and knickers with gold trimmings. Wide sashes and maroon ties to match were combined to make an attractive uniform.

Several concert numbers were given on the streets before the performance of musical numbers was rendered for the Olympic Theatre patrons.

The organization was formed last September and has rapidly become popular over this section. They broadcast over WBAP at Fort Worth May 7, and received numerous congratulatory messages from radio fans who "listened in."

Members of the club giving the program here were: Misses Marion Warren, Allie Traewek, Opal Patton, Lottie Carter, Lorene Frier, Corrine and Dorine Russell and Vivian Estes. In company with the ukelele girls were: Mrs. A. Watson, Mrs. Claude Warren, Mrs. A. L. Frier, Mrs. Lillie Armstrong, Miss Nannie G. Morris and little R. L. Watson and the director of the club.

Editor Highly Praises County Master Farmers

High praise has been given by the editor of the Progressive Farmer on the score cards sent in for the three Floyd County entries in the state Master Farmer contest. The scores were among the highest sent from over the state and were among the best entered, the notice received here this week by County Home Demonstration Agent Miss Blanche Bass. "The letter was encouraging, indeed," Miss Bass said.

R. E. Gary of Harmony community, E. E. Cowart, Prairie Chapel, and K. Samman of Providence were the three farmers who qualified in Floyd County out of a group of twenty eligible entries.

The contest is sponsored by the A. & M. College Extension Service and the Progressive Farmer magazine. The fifteen winning farmers, selected because they have featured diversification and made a marked success on the farm, will be given free trips to Dallas and entertained there. This is the first year that Floyd County has had entries in the contest.

Judges who made the selections in this county were: O. P. Rutledge, J. V. Daniels, Mrs. J. N. Farris, County Judge Wm. McGehee and Miss Bass.

HORACE GRADY MOORE AWARDED SCHOLARSHIP AT TEXAS TECH

Horace Grady Moore, son of Mr. and Mrs. Roman S. Moore, of this city has been awarded the Lewis T. Carpenter scholarship of \$100 for the young man adjudged by the faculty of Texas Tech as being the best college citizen. Moore has been librarian at the school during the past session and has served on the staffs of the college publications.

The honor scholarship award has been announced following several days deliberation in which a large number of students were considered by the committee. President Paul W. Horn made the presentation at the commencement exercises Monday.

Scholarships and prizes given students at the college this year amounted to \$2,400, official report.

L. O. F. IN CALLED MEETING HERE TUESDAY NIGHT, JUNE 14

Notice of a call from the Grand Master for a meeting of all Odd Fellows at the lodge hall Tuesday night, June 14. Important business is to be transacted, according to S. H. Wright, secretary.

Crested Animals Worry Brains of 'Classify' Fans

"They are as poisonous as a rattlesnake; one killed a negro in South Texas the other day five seconds after he had bit him; I wouldn't touch one of those things for \$10." Such were the words of comment passed by the curious sightseers investigating two rather vicious looking monsters of a small variety housed in a quart glass jar in a local shoe shop window.

The little animals had legs, unwebbed feet, and all the identification marks of lizards but that they were not, evidently. Then, there were a wreath of fleshy crests around their necks; and there were gills like those of a fish and there was the tail similar to the tadpole's. In short, the animals in question composed a conglomeration of several species that local authorities on general subjects found difficulty in classifying. And the "fish" were swimming in a jar full of water!

One animal and bug "fan" dug up his encyclopedia and brought forth a verdict that the thing-a-majigs were nothing in the world but plain old amphibious crested newts of the fourth division of vertebrates, intermediate between fish and reptiles, which in their early stages breathe by gills and fabled by the ancients to be fire-resisting salamanders.

In English, his words interpreted meant that the animals in the jar were nothing in the world but plain old water dogs, of the cold, clammy skins; as harmless as a grub worm.

Subscribes Eighteenth Year For His Hesperian

F. L. Hargis has sent his renewal for the Floyd County Hesperian, making this his eighteenth year as a subscriber. Mr. Hargis keeps in close touch with conditions in Floyd County as well as those in Bentonville, Ark., where he is residing at present. He has the following to say about crops in Arkansas:

"We are having quite a lot of rain in the Ozarks and hope some of it has reached here by now.

"The Ozarks had a killing frost May 15, which damaged the fruit crop. The strawberries were about a half crop. The apples were damaged considerably; however, there will be some apples that will mature.

"Not much grain sown here on account of so much rain. Lots of sweet and Irish potatoes raised. With the continued rains they are going to be extra fine this year. Also, all varieties of vegetables are fine."

BUFORD TERRY RETURNS HOME FROM HOSPITAL AT AMARILLO

Buford Terry, who has been in an Amarillo hospital for the past two weeks after suffering a fractured skull, returned late Wednesday evening to his home near this city. Attending physicians state that his condition is improving, although he is not yet out of danger. They have requested that friends not visit the boy for several days, as his condition is yet very serious.

Terry was injured in an automobile accident at Canyon on Monday, May 23, and was rushed to St. Anthony's hospital at Amarillo. He has been unconscious a large part of the time since the accident, intervals of consciousness being longer and more regular within the past few days. Hopes for his recovery are becoming more definite each day, relatives said.

Berry Family Hold First Reunion In 42 Years

A reunion of the Berry children is being held this week at the home of W. J. Berry, 13 miles southwest of Floydada. There are six children, three brothers and three sisters, all together for the first time in forty-two years.

They are, W. J. Berry, who has been a resident of Floyd County since 1913 and moved here from Hunt County; J. E. Berry, wife and little grandson, of Dayton; G. P. Berry, of Allen; Mrs. Jim Ford, of Allen; Mrs. Robert Smith of Allen and Mrs. D. H. Lasater Princeton.

Besides the above mentioned the following children of Mr. and Mrs. W. J. Berry are present: C. L. Berry, wife and baby, Tulsa; Lou, Etta, Fred, Argerie, Margie, Evelyn and George all at home. Two daughters, Mrs. Curtis Wilson, Umatilla, Florida and Mrs. W. B. Kemp, McKinney were not present.

The guests arrived Tuesday and plan to leave for their homes Saturday.

W. A. JOHNSTON DIED AT HOME IN WEATHERFORD LAST WEEK

W. A. Johnston, of Weatherford, brother of J. N. Johnston of this city and father of Mrs. Walter Hanna of the Harmony community, died at his home in Weatherford, Monday, May 30, following a long illness. Mr. and Mrs. Hanna and Mr. Johnston were at his bedside at the time of his death and attended the funeral services.

Funeral services were held Tuesday afternoon of last week in Weatherford. They were conducted by Rev. C. H. Ray, pastor of the Baptist Church, and interment was made in the Weatherford cemetery.

The deceased is survived by a wife, eight children, four brothers and three sisters. All were present at the funeral services except two sisters, residents of Tennessee. Mr. Johnston returned home Friday of last week.

Panhandle Bankers in Meeting at Plainview

Mrs. May Montague Garrett Addresses Association in Twenty-third Annual Convention.

"Efficiency and Courtesy" was the subject discussed by Mrs. May Montague Garrett, Assistant Cashier of the Floyd County National Bank, when she addressed the Panhandle Bankers Association in their twenty-third annual convention at Plainview Wednesday afternoon. Mrs. Garrett was highly complimented by W. M. Massie, President of the Texas Bankers' Association of Fort Worth, and also by W. H. Fuqua, prominent banker of Amarillo, Texas. Approximately 200 Texas Bankers were in attendance at the two-day meeting held yesterday and this Thursday at the Ware Hotel, Plainview. They were entertained Wednesday evening at the Floramoor Farm, ten miles east of Plainview, with a chicken barbecue. Practically all of the bankers and employees of the two banks in this city attended the barbecue.

Among the bankers from this city attending the convention Wednesday were the following: Messrs. and Mmes. J. V. Daniels, R. A. Garrett, G. J. Clements, Frank Moore, O. M. Watson, E. L. Norman, T. S. Stevenson, Albert Clubb, and J. V. Daniels; J. B. Jenkins, E. C. Nelson and Leslie Surginer. Mr. Nelson and Mr. Daniels are attending the meeting this Thursday.

WILL ELECT SUPERINTENDENT AT BOARD MEETING SATURDAY

Following the resignation of J. C. Wester as superintendent of the Floydada schools at a Board meeting last Monday night, the School Board of Trustees made plans to elect a new superintendent for the schools at a special called meeting of the board Saturday night, June 11.

Mr. Wester's resignation was formally presented to the board last Monday night, with his request that it take effect immediately. It was accepted by the board. Mr. Wester has been connected with the Floydada schools for the past eight years, serving six years as principal of the high school and the past two years as superintendent of the four city schools.

Last week Mr. Wester, in partnership with his uncle, S. H. Wester of Plainview, purchased the Boothe Bakery and confectionery. He plans to remain here in active charge of the new firm.

SISTER OF MRS. LON M. DAVIS PROMINENT W. T. S. T. C. SENIOR

Tip Bradford Carruth, sister, of Mrs. Lon Davis of this city, received her B. A. degree this year from W. T. S. T. C. at Canyon. Mrs. Carruth was president of the Elphelpan Literary Society and figured prominently in dramatic club and senior class work. She was also a leader in social activities at the college.

Mr. Carruth also received his B. A. degree. He was president of the senior class, the largest in the history of the institution. Mr. and Mrs. Carruth were both outstanding students, according to the Prairie, student newspaper published at Canyon.

The Rev. J. Pat Horton of the Plainview Baptist church, and former pastor of the local church delivered the Baccalaureate sermon to the class of 1927.

RETURNS FROM BORGER

Mrs. Alice Ford returned the first of last week from a short visit with her son, Joe Ford, at Borger. It was the first time she had visited her son in six years.

Mrs. Ford said that crops in the North Panhandle were far inferior to those in Floyd County. She said that oats near Borger were not over hand-high and were headed.

She stated that good drinking water in the oil city was selling at the rate of fifteen cents for ten gallons and was delivered over the town in a wagon.

T. A. CAUDLE SERIOUSLY ILL IN AN AMARILLO HOSPITAL

T. A. Caudle, of this city, who was operated on for appendicitis at an Amarillo hospital on Wednesday of last week, is in a very serious condition and reports yesterday afternoon were that his strength was slowly failing.

All of the children of the family have been at Mr. Caudle's bedside since last Sunday evening. Elmer Caudle and Mrs. J. B. Bishop went from this city. A daughter from Colorado Springs and one from Austin are also in Amarillo with their father.

MAYVIEW SCHOOL BOND ISSUE DEFEATED SATURDAY 18 TO 15

Mayview's proposed school bond issue of \$15,000 was defeated last Saturday by a vote of 18 to 15, and the \$1 tax lost by a similar vote, official records show.

Possibility of consolidating another school district with Mayview was indicated to have been the cause of the sentiment unfavorable for erection of a new school at this time.

LOCKNEY FIRE TRUCK DRIVES TO FLOYDADA IN 13 MINUTES

In making the run to Floydada on an emergency call Friday, the Lockney Fire truck made the eleven-mile drive in thirteen minutes, according to one of the seven members of the department from the neighboring city. The average was slightly over fifty miles per hour.

Condie Davis was driver of the Lockney truck.

Wheat Records Set In Floyd County As 1927 Harvest Gets In Full Sway

Wheat Yield on Plains Heavier Than Forecast

"Wheat yields in Floyd and adjoining counties is considerably larger this year than we anticipated," said E. A. Tusha, travelling freight and passenger agent of the Santa Fe Lines, who was here Wednesday in company with J. D. Tinsley, general agricultural agent for the railroad, on an inspection tour of this section.

"We based our figures on the anticipated yields of this territory indicated in advance reports given at Amarillo recently by grain dealers in session there. The grain men estimated the yield would average from five to ten bushels per acre and on the contrary the check shows that the yield is from ten to thirty with fifteen possibly the average over the territory at this time," Mr. Tusha said.

He stated that the officials of his road were making the survey of the wheat situation in order to meet the increased demand that is being made over the number of shipment cars first indicated as sufficient to handle the crop. Effort is being made to prevent such a shortage as occurred last year, he stated.

Floyd County's crop is fairly even and would average more than other counties to the north that heretofore have approached the totals yielded here. They had not completed the survey at the time, Mr. Tusha said, but some of the wheat near Floydada was some of the best they had seen.

Save All Fair Exhibits Now Ed Bishop Suggests

Every person who is planning to enter bundle stuff in the Floyd County fair this year should store them away now, states Ed Bishop, secretary of the Chamber of Commerce. Some of the best samples of the grain crop should be put up before its is threshed, he said.

Oats, barley, wheat, rye and other grains will be needed for local and state exhibits and co-operation of the producers will be necessary for a complete showing, it was stated.

Bishop has been making daily trips to various communities obtaining grain samples before it was cut. He is rapidly gathering his exhibit material but needs assistance from the farmers in the matter, he said.

SMALL FIRE SATURDAY

Smoldering fire in maize "pummies" in the feed lot of a sheet iron storage barn near the Edwards Elevator was extinguished by the fire department shortly after it was discovered at 6:30 Saturday afternoon.

VISIT CARLSBAD CAVERN

Vacationists from Floydada are leaving their car tracks on the sand of time over many sections of the state this year. The most recent party of trackers included Messrs. and Mmes. Woody and little son, B. P., Jr.; E. P. Nelson; Glad Snodgrass and daughter, Gwendolyn, and H. O. Pope and son, Troye, and Mrs. E. F. Eastridge. They left Monday morning for the Carlsbad Cavern in New Mexico.

Some members of the vacation group may visit at other points before returning home.

Settle Foster Damage With Compromise

Monday of this week the suit of Mrs. Tennie Foster, for herself and five children, filed in February against the Texas Utilities Company for damages resulting from the death of her husband T. J. Foster on January 28, was settled by compromise, the agreement being reached the latter part of last week. \$4,400 was the amount agreed upon by all parties to be paid to Mrs. Foster and her children. Settlement has already been made and the case finally disposed of.

T. J. Foster sustained injuries on January 28 from which he died the following day, when he was struck by a heavy charge of electricity from the high voltage wires of the Utilities Company. W. C. Mooney, a neighbor, who was with Mr. Foster at the time he was killed, said that Mr. Foster was repairing a rural telephone line that had been broken down by ice. He had ascended a Southwestern telephone pole at the northwest corner of Floydada to connect the rural line. According to Mr. Mooney, the latter had just helped Mr. Foster, the latter had just reached the top of the telephone pole with a length of telephone line around his arm, when the high voltage energy seemed to arc across the space intervening between the telephone and power lines. The impact knocked Mr. Foster off the pole. He dropped some twelve feet into the wagon load of telephone equipment, breaking an arm but apparently being only bruised elsewhere. The arm around which he had wrapped the telephone wire, however, was severely burned, an artery being severed. Mr. Foster rallied in about two hours and it was thought for a brief time that he would survive.

The deceased left, besides his wife and five children, his aged parents, Mr. and Mrs. W. H. Foster, who live in south Floydada.

With the harvest in full blast under ideal weather conditions, Floyd County is rapidly making the 1927 wheat crop a matter of history. A total of 130 cars, averaging 1,350 bushels each had been shipped from Floydada this Thursday morning, a check on local elevators showed. This brings the production figures for the new crop to 175,500 bushels, exceeding even the most conservative estimates made earlier in the year to cover the local crop.

Many Records Broken Record after record has been smashed this year in both early marketing and in high grades. The early movement of the grain in such large quantities has been a record in itself.

One of the outstanding features of the new grain is the consistency with which it tests first grade, No. 1. Grain men say that of the early grain 98 per cent tested 60 and above. The late yields are showing some smut and there is a drop in the quality to a slight degree, it was said.

Y. B. Switzer has been recorded as having produced the highest testing wheat of the year and sets a new record for this territory, grain dealers said. On measured land two miles east of Floydada, an average of 192-3 bushels was made on 78 acres and according to a local elevator tested 64 to 65. It was first class wheat in every respect and was the best ever tested here, it was said. It was black hull wheat and was cut by Orville Harris.

J. W. Hargrove had a 63 1/2-64 test on his grain. R. C. Officer's wheat also tested near 64.

J. I. Hammonds has the record so far on the production. He averaged 30 1/5 bushels on part of 40 acres and 20 bushels on his early crop.

On the 3,300 acres of the E. E. Stringer place, it is estimated that a 15-bushel average yield will be made and a total of 50,000 bushels harvested from the land.

The market this Thursday morning showed a decrease to \$1.20, having stood at \$1.25 most of the week. The market opened at \$1.30 for the first load of the 1927 crop.

E. F. Stovall harvested 4,360 bushels from 215 acres, practically of it being early stuff. His average compares with that of last year and slightly surpasses it as a total.

THREE NEW RESIDENCES

Work is nearing completion on a new four room bungalow in southwest Floydada being built by J. F. Boothe. The home is to be modern in every respect, Mr. Boothe said. The walls were made of reinforced concrete.

A. H. Manning this week began the construction of a five room house on West Kentucky street. The residence will have a stucco finish. L. B. Maxey is the contractor in charge of the work. Mr. Manning is building the new home on the site where he has just razed a frame structure.

Miss Daltis Rea also has a new home under construction on West Virginia Street. H. M. McDonald is supervising the work. The home will have five rooms and a bath and build along modern lines.

THANKS EXTENDED LOCKNEY

"We certainly appreciate the co-operation Lockney gave us Friday in answering our call for aid to assist in fighting what at the time appeared to be the most serious fire Floydada has experienced in years," G. R. Strickland City Fire Marshal said Monday in expressing gratitude for service given when the W. J. Burke residence was destroyed last week.

"It is certain that the Lockney department would have been of invaluable aid last week had the fire spread to near-by homes from the one destroyed. "Floydada has promised to send their truck to our neighboring city at any time they need our assistance," Mr. Strickland said.

BOYS' WEEK IN FLOYDADA TO BE OBSERVED DURING JULY

Boys' Week in Floydada will probably be observed in July, the second or third week, if the plans of the Floydada Luncheon Club, made at their regular meeting Monday noon at the Commercial Hotel Dining Room, are carried out. Ben Hardy, chairman of this committee, reporting for himself and associates, suggested three principal activities for this year. "Boys' business Day," they suggested, should be Wednesday of the week, on which day the business of the town will be given over to the boys as largely as possible. The Father and Son Banquet is set for Friday night of the week on Sunday night boys will be used as largely as possible in the services of the various churches.

The report of the committee was adopted, leaving final decision of the date to the committee. S. N. Tawwater and C. W. Boothe are the other members of the committee.

Geo. A. Linder gave a report of the organization of commissioners and judges in counties through which Lee Highway passes. This organization was formed at Matador recently.

Roy L. Snodgrass presided at the luncheon.

J. M. Willson made a business trip to Tulsa, Friday.

GIVE THEM CREDIT

Valiant work on the part of the Floydada Volunteer Fire Department members and other citizens who assisted them possibly prevented two homes from destruction last week. The fire was fanned by a heavy west wind, and the boys worked at a disadvantage but they kept the flames under sufficient control during the blaze that destroyed the W. J. Burke residence to prevent its spreading to other sections of the city.

Credit goes to the department for their work. Everything might not have been done just right at the proper moment but they did the very best they could and they are to be congratulated. An expression of thanks and appreciation are due also to the Lockney department, which responded with their truck in a matter of very few minutes.

THE JOYFUL VACATIONS

It is rather peculiar if you stop and think of it a moment, that a man's idea of a vacation is to get out in the woods beside a little stream and just camp there. Just plain old human nature for him to want to get away by himself or with a party of other "stags" and just have a carefree outing. But sometimes the wives go along, too, and it seems to be just beyond the men's grasp of thought to figure out just why the women folk don't enjoy things as much as they evidently should. At home they get to prepare things over a stove and in the skillet. On the fishing trip or outing the skillet is in evidence again and the only change for the Madam seems to be from the stove to the open fire. Not so romantic after all and perhaps that explains things.

Well, anyway, a vacation is a fine thing if you happen to be one of the lucky person so privileged, no matter how or where it is taken.

SUCCESS AND ADVERTISING

Arguments are often advanced that good roads and railways encourage the centralization of trade in larger markets. Instances have proven that some small towns have suffered but such has not always been the case. Trade will naturally go where it is invited and is given the proper inducement. The larger cities send out advertising messages through newspapers to hundreds of homes to all sections of the country.

It is a problem for the smaller town merchants to solve and they can do it as it has been done in numerous other localities. They can advertise consistently their goods through their local newspaper and offer attractive features that will draw the trade to them.

Now is the time to stress advertising. Keep the people in the habit of trading at home and when inducements are offered later from larger trade centers they will receive little or no response.

Two business men of Floydada began advertising their standard products years ago. In the files of the Hesperian back in 1913 ads were carried by these two firms and this year these same businesses carry at regular periods advertisements on the same line of goods proportionately in keeping with their volume of business and of course modern in style.

Their is a lesson worth following—success throughout the years and always consistent advertisers—always sending their messages to their patrons through the local medium.

Other firms have similar histories here and wise they are in keeping their trade satisfied and habitually coming again.

TEACH FIRE PREVENTION

Parents should insist that their children be taught the value of fire prevention. A bill was introduced in the recent session of the Texas Legislature proposing that a subject of this nature be taught in all the schools of the state. The Senate passed it without objection. The House passed it with an amendment providing that the subject "may" be taught. So it ended with no law on the subject.

The State Superintendent of Public Instruction, however, will publish an outline of a course of study in fire prevention in his "Manual and Course of Study, Elementary Grades, Public Schools of Texas." This is felt to be the greatest achievement yet made in the advancement of the teaching of fire prevention in the public schools. This course will be out for the beginning of the terms next September. Every school teacher would serve their State and community by keeping this outline in mind, watch for its appearance, and impress its value upon the minds of their pupils.

This and That

Records show that an average of four bucks escaped hunters for every one that was bagged last season. The estimation is also made that there are four times as many does as bucks. Mebbe the meaning of the "term" buck is misunderstood here but there certainly has been a scarcity of bucks around this immediate vicinity. Does or bucks, gimme, gimme. They're all dear to us.

For the first time in its history, it is reported, the Texas Fish and Game Department will begin operating September 1, without using any money from the General Revenue, maintaining itself solely by collections of fish and game fees. Must be several suckers in the game.

Readers of newspapers in Broadway, England, probably conceived the idea that the world was getting ahead of itself when just recently a headline in the society column read, "Merry-Christ-mas." It was only the announcement of the marriage of Miss Merry and Mr. Christmas.

Land is so fertile in Floyd County that the people can raise anything from cane to umbrellas.

It does not take a hunter to keep track of the cents.

Funny how some wives object to the lack of artistic forethought on the part of hubbies who paper the floor on Sunday.

Somebody should do something with the secretary of the Floydada Volunteer Fire Department. Ed Bishop who is supposed to serve in the capacity was seen by several people last week in the full act of shirking his duties. Instead of taking notes on the various events in connection with a fire, he busily engaged himself with the business end of a hose nozzle.

'Round The Square

We like to start this column off every week with a good joke. The joke in this issue is "The county's beautiful pavement 'Round the Square."

But who knows? Someday, somebody may get tired of hearing us holler about the square being only half paved and get busy and advocate that the county pave its share. Let's hope so.

We got awful industrious during the past week and tried to help out the bookkeeper. We added up a column of figures ten times, and then gave her all ten answers. But we ought to be good in arithmetic. We could always add up the ciphers without the least bit of trouble.

Collegiate, collegiate, oh yes we are collegiate. In fact the whole town is collegiate. Floydada can boast of as many students attending various colleges as any other town of proportionate size in the country. They are all returning home for the summer.

Big business concerns do their most successful advertising during quiet, dull times. That is the time people are looking for bargains and if you have any to put out, let the people know it.

"Bing, I killed two with one shot," a Floydada boy was heard to say while out playing with toy guns recently.

"Say, we are playing Indian, not Chicago," his little companion said.

What a man stands for isn't the whole thing. What he falls for also counts a great deal.

Wheat, wheat everywhere. An entire ocean of wheat. Not as much wheat made as was expected at first it is true, but Oh Man, how that extra money will help out.

A stranger 'Round the Square was recently heard to exclaim "If Floyd County can produce this kind of a wheat crop in dry weather, what will it do when it rains."

When a fellow gets to thinking he is superior it is a pretty sure sign he isn't.

One of the "Knights of the Balloons" who has just returned home from college made the crack that "To attain happiness, one must vibrate in tune with one's environment." If that is true, our idea of complete joy would be a victim of Saint Vitus Dance attending a jazz concert.

14 YEARS AGO IN FLOYD COUNTY

News items taken from the Floyd County Hesperian files published in Floydada fourteen years ago.

ISSUE OF JUNE 12, 1913

Teachers in Floydada Public Schools for the year of 1913-1914 have recently been chosen and the following list announced by Dr. V. Andrews, secretary of the board: High School, F. E. Savage, Supt.; T. H. Yarbrough, principal; Miss Prudence Moorehouse, Grades—Misses Elsie Savage; Bee Collier, Maggie Warren, Pauline Smith and Virginia Rucker. Primary—Miss Roxie Ivey.

Thursday night (1913) the Floydada Methodist church choir elected officers for the ensuing term as follows: A. N. Gamble, G. C. Tubbs, Mrs. Sawyer, Miss Windsor, Miss Etella Edwards, Miss Edith Edwards.

Floydada merchants carrying ads in this, June 12, 1913, issue of the Hesperian are as follows: Old Joe Bowers, dry goods; Morris Bros., dry goods; Glads, men's clothing; Haines-King, tailor shop; S. E. Duncan, grocery; C. Surginer, hardware; Newell Bros., coal dealers; Mathis-Martin, dry goods; First State Bank; First National Bank; Williams-Brown, groceries; Kelley Bros., dry goods. (It is interesting to note that Martin Dry Goods (Mathis-Martin) advertised Hart Schaffner & Marx suits and that Glad's store advertised Walk-Over Shoes. Both are still dealers in these articles.)

Locals and Personals

Maurice Burke has been here since Friday on a visit with his parents, Mr. and Mrs. W. J. Burke.

Misses Lena Stevens and Bess Houston, who have been attending Tech at Lubbock, returned home last Saturday.

BOB—To Mr. and Mrs. A. O. Beck, of Campbell, June 1, a son.

Mr. and Mrs. W. I. Cannaday and their daughter, Miss Belle, spent the week-end in Amarillo.

Mrs. J. B. Jenkins and daughter, Miss Ruth, returned Friday after a visit with relatives and friends in Abilene. They were accompanied from Lubbock by Dan Jenkins, who has been enrolled in Tech College.

Mr. and Mrs. R. H. Lowrey of Lubbock spent Saturday here on business. Mrs. Carrie Bishop and two children of Liberty, Missouri, are spending the summer here with Mrs. Bishop's mother, Mrs. J. A. Grigsby, and other relatives.

Mrs. Wilson Kimble and children, Mary Ann and John Wilson, Jr., accompanied Mr. Kimble and his father, H. Kimble, to Plainview Sunday. The Messrs. Kimble were enroute to San Angelo on a business trip. H. Kimble was enroute to his home in Benbrook, Tarrant County.

TEXAS TECH COLLEGE PASSES FIRST ACHIEVEMENT MILESTONE

Lubbock, Texas, June 8.—Texas Technological College passed the first milestone of achievements recently when 14 students were awarded the bachelor of arts degree by the institution in its first commencement exercises which were held at the college assembly hall. Twenty-eight students were in the first class, the other fourteen are to receive degrees in August.

Dr. W. B. Bizzell, president of Oklahoma University, addressed the graduates in the program which was attended by more than 2500 students, townspeople, and out-of-city visitors and friends of the school. Dr. Bizzell's address was on "Qualitative Education." In true academic style with the entire faculty and class attired in the cap and gown, a very impressive ceremony was enacted as the procession filed into the hall. The graduates occupied honor seats.

Following Dr. Bizzell's address, Clifford B. Jones, of Spur, chairman of the board of directors, presented the first degree to be issued by the college to Mary Dale Buckner, of Lubbock. She was the lucky one in a drawing held prior to the presentation. Dean James M. Gordon, of the school of Liberal Arts then conferred degrees upon the following: Mayme Alexander, Lubbock; E. M. Barnett, Lubbock; E. W. Camp, Lubbock; Claude S. Denham, Shallowater; La Thaggar Green, Lubbock; Esther E. Groves, Lubbock; Annie Wood Howell, Lubbock; Kathleen Ingram, Lubbock; Charles W. Ratliff, Lubbock; Pauline Roach, Clarendon;

Renew Your Health by Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs,—once or twice a week for several weeks—and see how Nature rewards you with health. Calotabs are the greatest of all system purifiers. Get a family package, containing full directions. Only 35 cts. At any drug store. (Adv.)

What's Doing In West Texas Today

MILES—An up-to-date, 15-room hotel is under erection here. The building is a two-story structure, located in the heart of the town, and is under management of Joe Theile.

BRECKENRIDGE—A conference of oil men in the West Texas Chamber of Commerce territory has been called to meet here at 6 p. m., June 13, for the purpose of more fully co-operating efforts, and for taking some definite action on the recommendation for creation of an Oil and Gas Bureau of the West Texas Chamber. Members of the Texas Railroad Commission, the president of the Mid-Continent Oil and Gas Association and many other prominent professional leaders will attend the conference. The proposed Oil and Gas Bureau of the West Texas Chamber of Commerce would have for its purpose "the exploitation, conservation, protection, and development of the Oil and Gas Industry of the West." The advisability of such a bureau will be discussed and decided upon at the Breckenridge meet.

PYOTE—Organization of an active chamber of commerce was effected here recently at a mass meeting of the Pyote citizenship. Men from every phase of the commercial and civic life enlisted in membership of the body. Among officers elected were the following: Paul S. Cotner, president; A. J. Sittin, vice-president; and J. J. Ross, secretary-manager.

CISCO—Notable and prominent leaders of West Texas and the State will be in attendance at the Board of Directors meeting of the West Texas Chamber of Commerce to be held here June 13. This gathering will mark the first official executive session to be held by the board appointed at the ninth annual convention. Momentous action is expected to characterize the meeting at which a comprehensive program for the year will be outlined.

DALHART—Cream receipts for the Kaufman Creamery Company, which has been located in Dalhart for the past two years, totaled \$5300.60 for the month of May up to noon of May 27. This amount is more than twice the business of May 1926. More than 450 farmers are patrons of the creamery. The establishment has promoted introduction of several carloads of dairy cattle.

SWETWATER—Sweetwater will be the assembling point for the distinguished personnel which will make up the motorcade party sponsored by the West Texas Chamber of Commerce to the Davis Mountain section of West Texas and to the scenic wonderland of Eastern New Mexico. Cars will gather here July 2, and will proceed with Alpine, Texas and Cloudcroft, New Mexico, as objective points, at which places district West Texas Chamber of Commerce conventions are scheduled. Short stops are to be made at towns enroute and three days will be spent in side trips to points in the Davis Mountains. One or two days will be spent in El Paso. An exploring party through the famed Carlsbad Caverns will climax and close the trip.

SLATON—Construction is in progress on between fifteen and twenty blocks of street paving in the residence section of the city. When completed, there will be 40 blocks of pavement in Slaton. It is all of brick laid on a concrete base.

McCAMEY—An emergency fire works system is under completion here, giving McCamey fire protection which it has needed since the town was first built. Actual proceedings have been started toward building a road to the Yates Oil Field, thereby giving McCamey additional 25 miles of trade territory and giving the town connection with the greatest shallow oil field in the world. Erection of \$200,000 worth of new schools is also under way. All

these projects are being sponsored by the chamber of commerce which recently reorganized with the following new officers: Tryon Lewis, W. H. Chiles, J. W. Schooler, G. L. Hildebrand, H. L. Cole is secretary-manager of the commercial body.

ALEXANDER—HAMBRIGHT

Miss Ethel Alexander and Will M. Hambricht, both of the Lakeview community, were united in marriage last Saturday afternoon at about 4 o'clock at the home of Ira L. Sanders, minister of the Wall Street Church of Christ. Directly following the marriage ceremony they left for Amarillo where they spent a short honeymoon, returning home this mid-week.

The bride is the daughter of Mr. and Mrs. C. Alexander, who have resided in this county for the past two years. The groom is the son of Mrs. H. B. Hambricht. He was reared in the Lakeview community. Both the young people are well known in Floydada and in the Lakeview community.

Mr. and Mrs. Hambricht plan to make their home in the Lakeview Community, near the bride's former home.

FAWVER—CORLEY

Miss Mary Jane Fawver and Travis R. Corley, both of this city, were married at McAdoo last Saturday evening, June 4. The ceremony was performed by Elder D. N. Hollyman.

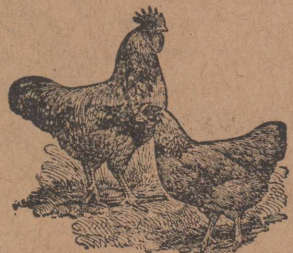

The bride is the daughter of Mr. and Mrs. J. A. Fawver, of this city. She was reared here and is well known in this city. The groom has been a resident for several years.

Mr. and Mrs. Corley plan to make their home at Joe Bailey for the present.

20 BUSHELS OAT AVERAGE

Oats on Mrs. M. B. Holmes place at Sand Hill cut last week was averaging around 20 bushels per acre. There were about thirty acres in the field.

Harvesting crews report that dust is unusually bad this year in the fields, due to drouth and the fact that the sickles have to be placed near the ground to properly cut the grain stalks which in most instances are unusually short.

Get ALL your motor's power

YOUR motor was designed to deliver a certain number of revolutions per minute. When "knocking" occurs the revolutions immediately drop. This means loss of power and wear and tear on the engine.

Conoco Ethyl eliminates knocks—delivers all your motor's power. That's why it pays to deal at the Conoco sign.

Society & Clubs

Mothers Honor Band Boys With Banquet and Party.

Nothing on earth tastes better than a mother's cooking and no person on earth knows how to entertain boys as well as a mother—that is the testimonial given by members of the Floydada Municipal band following the banquet given in their honor Thursday evening of last week at the home of Dr. and Mrs. M. F. Husky. As an appreciation for the excellent work done by the organization in the contests at the Chamber of Commerce Convention at Wichita Falls, the mothers of the band mem-

bers tendered the informal banquet and get-together party. Following a special down-town concert, the boys were taken in cars to the home in east Floydada where everything was in readiness. Tables had been arranged on the lawn and attractively decorated with freshly cut flowers.

Ed Bishop, secretary of the Chamber of Commerce, acted as toastmaster and under his able direction the enjoyable affair was effectively carried through as arranged in the impromptu program. Roy Baker, drum major, directed the question box, much to the discomfiture of some and to the hilarious enjoyment of others who made the trip to Wichita Falls.

Bandmaster A. L. Lundgren in a brief talk discussed points relating to the proposed trip next year to enter con-

tests at the W. T. C. of C. convention at Fort Worth. He stated that he hoped to have sufficient funds in the band treasury to provide all expenses and at the least give sufficient notice of needed arrangements, making it unnecessary to call on the merchants and citizens to assist in the matter.

Mrs. Lundgren and other mothers of band boys made brief addresses, expressing their appreciation for the success and progress the band was making.

There were 37 of the 40 band members present at the banquet, and from the expression heard, they enjoyed themselves individually and collectively to the "fullest" extent.

Special music that "livened up" the affair was given by the Floydada ukelele girls. Those taking part in this feature of the program were: Misses Hazel Massie, Willie Allen, Lois Hill, Mrs. Fred Jones, Georgie Lee Assiter, Evelyn Maddox, Rushell Morris, Cecile Covington, Velma Nelson and Mrs. Ruth Mask.

A most delightful menu was served. It consisted of fried chicken, potatoes cream gravy, fruit salad, hot buns, fresh tomatoes, deviled eggs and for dessert, home-made ice cream and cake.

Among the mothers assisting in the serving at the banquet were: Meses. Elder Morris, Fred Bell, Ted Chowning, E. B. Massie, M. F. Husky, Sam Berry, Sam Bishop, W. A. Robbins, O. L. Stansell, and Mitchell, Mrs. Lillie Brittain and Misses Virginia Lewis and Henrietta Mullinax.

The mothers have extended their appreciation for the cooperation and assistance of Wester's Quality Bakery, Roy Snodgrass, George and Kirk Sherrill and S. M. Cole.

Family Reunion First In Eleven Years.

A reunion of the Henderson children, the first in eleven years, was held from Saturday until Tuesday morning at the homes of Mrs. G. C. Tubbs of this city and Mrs. W. B. Jordan of the Center community. The affair had been planned as a surprise for the sisters and brother living here who were unaware of the meeting to be held until the children residing elsewhere had arrived.

A dinner at Mrs. Jordan's home Sunday and at Mrs. Tubbs' home Monday were features of the occasion.

The children present were: W. H. Henderson, Floydada; F. S. Henderson, wife and baby, of Temple, Oklahoma; E. D. Henderson, Borger; Mrs. Ray Rankin and baby, of Borger; Mrs. Albert Ross, of Temple, Oklahoma, Mrs. G. C. Tubbs and family, Floydada, and Mrs. W. B. Jordan and family of the Center Community.

Each of the members of the party left Tuesday morning for their respective homes. E. D. Henderson is moving to Seminole, Oklahoma, to make his home and Mrs. Ray Rankin will make her home at Borger.

Kenneth Bain, Jr., Given Birthday Party

Saturday afternoon from 4:00 to 6:00 o'clock, Kenneth Bain, Jr. was honored with a party on the occasion of his eighth birthday. Quite a number of his friends came to enjoy the affair. Various games were played, after which refreshments of ice cream and cake were served by Margaret Louise Anderson and Jean Bain.

The guests were T. G. Hall, Irvin Allen, Harold D. Salisbury, Truman Kirk, Billy Boy Brown, Raymond and Thorey Fanning, Bob Lewallen, George Quirk, Malcolm, Lider, Ted Sparks, J. W. Gamble; Ima Gene Lewallen, Blanche King, Nell Stevenson, Worth Gwendolyn Shipley, Irene Mathews, Dorothy Ruth Scott, Rebecca Smith, Dorothy Louise Allen, Minnie Anon and Viva Lois Stanley, Margie Kirk, Eddie Lois Sparks, Gladys Ruth Brown, Evelyn and Mary Wilson Hicks.

M. E. Society Meeting Monday Afternoon.

A short business and devotional meeting of the Woman's Missionary Society of the Methodist Church was conducted Monday afternoon by the president, Mrs. J. M. Willson.

Mrs. L. C. Mathews will lead the next meeting which will be held Monday afternoon, June 13, at the parsonage with Mrs. Ben Hardy.

W. M. S. Meets With Mrs. Dawson.

Mrs. J. T. J. Dawson was hostess Monday afternoon to the Woman's Missionary Society of the Baptist church in a business and social meeting.

The next meeting will be held Monday, June 13. The place of meeting, as yet, has not been made definite.

Recent Bride Given Shower.

Mrs. E. C. Thomas, a recent bride, was honoree at a miscellaneous shower given for her Tuesday afternoon at the home of Mrs. L. A. Marshall with the members of her Sunday School class of girls and several members of the Woman's Missionary Society of the Baptist Church assisting hostesses.

The party was a very beautifully arranged outdoor affair. Mrs. Clyde Davis, Mrs. Harry Guynes and little Nell Stevenson gave readings very appropriate to the occasion. The bride was told to follow a string to the end of the rainbow and enroute she found many lovely gifts scattered in her pathway.

Punch and wafers were served by the hostesses to about forty friends of the bride.

I. M. Swinson, who has been in Clyde and Baird Texas visiting friends and relatives, returned home last Monday.

Miss Bernice Bishop is spending the week in Kress visiting her brother, Baird Bishop and family.

Joe Breed returned home last Monday from Abilene, where he has been attending Simmons University.

Miss Kathleen Snodgrass, who has been visiting for the past two weeks in Amarillo with relatives and friends, returned home last Sunday.

Mr. and Mrs. Jim Houston, left last Thursday for a two week's tour of Central Texas, where they will visit relatives and friends.

H. H. Lyon and family, of Buffalo, arrived Monday night for a visit in the home of Mrs. Lyon's uncle, J. S. Solomon.

Boy Scouts

Boy Scouts of the M. E. Church troop made a "tenderfoot hike" on Wednesday night, June 1, to the Blanco canyon. Scoutmaster R. A. Son: was in charge of the boys.

They left the Methodist church at about 5:30 p. m. and spent the evening in Blanco canyon near the Falls crossing. After a good swim they served supper, scout style, and took another dip in the creek after the meal.

At 9:30 o'clock they started home, a tired but happy bunch of boys. "These are the type of boys that will be the leaders of our people in only a few years, and the public should encourage all scout movements," Sone said.

Miss Gladys Collins left last Sunday for Norman Oklahoma, where she will enter Oklahoma University. She was accompanied by her mother, Mrs. A. A. Collins, Miss Ollie Bell and Carter Collins, who returned home late Sunday evening.

A. V. Haynes and Roe McCleskey made a business trip to Quanah the first of the week.

D. D. Shipley and son, John, of Clovis arrived Monday on a short business trip. They have been guests of Mr. Shipley's mother, Mrs. W. A. Shipley of this city.

Clayton Moore who is making his home in Lubbock spent Sunday here with friends and relatives.

Judge and Mrs. Wm. McGehee have as their guests, their daughters, Mrs. Kenneth H. Burns and little son Kenneth, Jr., of Santa Anna, Calif., and Mrs. Ross Stark of O'Donnell. They are here on an extended visit.

Mrs. Mattie Moore, of Graham, is a guest of her son, R. S. Moore, and family.

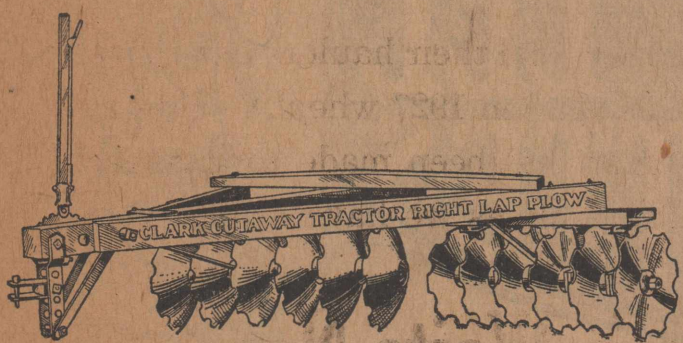

Minister and Mrs. Ira L. Sanders left Tuesday for Claude, where he will conduct a ten days meeting.

Mrs. V. B. Rogers returned Sunday from Lubbock where she had been for several days with her little daughter, Dale, who has been undergoing treatment in the Lubbock Sanitarium.

W. C. Spence left Saturday for Gaines County on an extended visit with relatives and friends.

Mrs. Jack Woodward, and baby of Plainview, have returned home after a visit of several days with her aunt, Mrs. W. F. Weatherbee.

Mrs. P. D. Bedford and sons, Charlie and Lloyd, spent Sunday in Lubbock with Mrs. Bedford's sister, Mrs. Johnson.

Right Lap Plows And Harrows

We have at present a stock of wheat land tools. We advise that your orders be placed now to insure delivery. Last year we were unable to get these plows when they were needed. We have also plain harrows and tandems.

WITH THE CHURCHES

SENIOR EPWORTH LEAGUE

Program for Sunday, June 12, beginning at 7:30 o'clock:
Sons, "Take My Life and Let it Be", "In the Garden".
Prayer—Willie B. May.
Bible Verses—Rushelle Morris, Peggy McKinney, Harold Porterfield, Jim Carter, Wayne Gound, and M. F. Swain.
Bible Lesson, Willie B. May.
Roll Call—Sudie Miller.
"Some Modern Athletes Who are Christians"—Wallace Robbins.
"The Body An Organ of the Spirit"—Georgia Lee Assiter.
"Keeping the Body Fit"—Inez Switzer.
"The King is Coming"—Corinne Osborne.
Benediction.

METHODIST CHURCH

Let me urge you to be on time at Sunday School next Sunday. We need you. Then we want you to be at the 11:00 o'clock and evening services as the pastor has a special message for each hour. Come to League at 7:30. We urge the boys and girls and young people to be on hand and then stay for the evening service.

Let each of us be in our places. "If every member of this church was just like me, what kind of a church would this church be?"

The laymen (men and women) are leading the prayer meeting on Wednesday evenings at 8:30 for the next three months, come and help them.

FIRST CHRISTIAN CHURCH

F. L. Davis, Minister
Tonight is the time we go to Crosbyton for the Every Church Visitation Program. We expect the Choir, and any others who can go, to make the trip. We want to leave the church at 6:30. The ladies at Crosbyton will serve refreshments at the close of the meeting.

Services next lord's day will be as follows: Sunday School at 10 o'clock with Supt. Lon M. Davis in charge. He has returned from his trip to Houston and will be ready for work.

The preaching service will be held immediately after the Sunday School and the subject will be "Children's Day." The Endeavor will meet at 7:15, Mrs. F. L. Davis is leader.
The night hour for preaching will be taken by the Children and they will render the Children's day program. This will be an interesting and helpful program and you should hear it.

This is the annual offering for Foreign Missions with our Brotherhood and we are looking for a good offering to help make the children of the heathen countries happy and prosperous

as our own, for it is only the Gospel that can do that. I am sure you will want to help in this work. So be sure to come. Then you like to hear the children sing and recite do you not? I sympathize with the person who does not love the childish voice and doesn't want to encourage them.
Lord's day afternoon the pastor will fill his appointment at Mayview at 3:30 o'clock and the subject of the sermon will be "What is the matter with our Homes Today?"

This is the third in the series of sermons we have been preaching by request there. Those interested and living near there are urged to be present and enjoy the services.

Remember we always have a cordial welcome awaiting you at the Little Church. Come get in on the "Hold That Line Contest", that is on in the Sunday School. Be sure to be on time and bring someone with you.

INTERMEDIATE B. Y. P. U.

The Intermediate B. Y. P. U. will meet Sunday, June 12, at 7 o'clock and give the following program:

Leader—James Boothe.
"What is a Mosaic"—Leader.
Georgia—Gordon Bullard.
Virginia—Mildred Strickland.
Kentucky—Pattie Looper.
Arkansas and Louisiana—Oraelen Coppell.

Everyone who has part on the program will have a report of what the Baptists are doing in the State which they are to discuss.

Come and help us build up our union.

BAPTIST CHURCH

Rev. W. R. Hill, Pastor.
Sunday School at 10 o'clock.
Morning Worship at 11. The subject of the sermon will be, Some Practical Things In Church-work.

B. Y. P. U. meetings are at 7:15.
Evening Worship at 8:30. Sermon-subject will be, Why Baptize? At the close of this service there will be the baptizing of some five or six candidates for membership with us.

A cordial invitation is extended visitors to all the services of this church. Come and welcome.

CUMBERLAND PRESBYTERIAN CHURCH

A. A. Collins, Pastor
Sunday School 9:45.

B. F. McIntosh, Superintendent.
Preaching services will be held at 11 a. m. and 8:30 p. m.

Christian Endeavor meets promptly at 7:30.

Prayer Meeting Wednesday evening at 8:30.

You will find a hearty welcome at all services.
Mrs. Kennedy and daughter were visitors at Kress Sunday.

LADIES BIBLE STUDY

The ladies of the City Park Church of Christ had a good lesson last Monday. They have now changed the time of meeting from 3:00 p. m. to 4:00 p. m. each Monday afternoon.

All ladies who are interested in Bible study are invited to meet with us. Ira L. Sanders, Minister.

Miss Hester West, a student in the Baylor School of Nursing, Dallas, arrived last Thursday and will visit with her parents, Mr. and Mrs. Jno. L. West, until Sunday, when she will leave to resume her work.

Mrs. A. J. Welch and daughter, Virginia, and son, Billy Joe, left Tuesday morning for Dallas, where she will do mid-season buying for her millinery shop. Before their return they will visit relatives and friends at Sherman, Collinsville and Wichita Falls.

Mrs. B. F. Smith and daughter, Ruth, and son, Frank Duggin, of Eldorado, Oklahoma, visited with Rev. and Mrs. A. A. Collins Tuesday night, enroute to Hereford, to look after their property interests there.

Miss Ruby McMurray, who has been attending West Texas State Teachers' College, Canyon, came home Saturday to spend a few days with her parents, Mr. and Mrs. J. H. McMurray, of Mt. Blanco community, before returning to resume her studies in the summer school.

Mr. and Mrs. H. H. Hatchett, of Elk City, recently visited her parents, Mr. and Mrs. J. C. Dickey, Mrs. Hatchett's sister, Mrs. Cella Ross returned home with them and will visit for about three weeks.

Mrs. Verne Nelson and little daughter, Laverna, of Amarillo, returned home Saturday after a visit with her parents, Mr. and Mrs. R. I. Teeple and other relatives. She was accompanied home by Mr. Nelson's sister, Velma, who will spend the summer with them.

Mrs. J. B. Jenkins, Mrs. Geo. Finkner, and Mrs. A. P. McKinnon, attended the funeral of O. Holland which was held at Plainview, Monday afternoon. Mr. Holland was 78 years old and had been a resident of Hale County for a number of years. Mrs. H. A. Krause who lives southwest of Floydada is a daughter of the deceased.

Little Miss Bert Ione Smith returned home Wednesday after a visit of two weeks with her aunt, Mrs. W. L. Holloman, of Lamesa. Her mother, Mrs. G. R. May and Mr. May met her at Plainview.

Mr. and Mrs. Lon M. Davis and son, Jr., returned home Monday from Houston, where Mr. and Mrs. Davis took a course in cotton grading in the Anderson-Clayton Cotton School. They were accompanied home by Mr. and Mrs. A. V. Montgomery, who made the trip with them and visited during their absence at Sinton.

Willie B. May returned home Friday after a visit with his grandparents, Mr. and Mrs. W. M. Nelson, of Ellis County and an uncle, Robert May, near Dallas.

Mrs. A. N. Gamble and Mrs. G. R. May were called to Petersburg, Monday on account of the illness of their mother, Mrs. J. C. Edwards, who was quite ill but is reported to be somewhat improved.

Mrs. R. B. Mitchell, of Plainview, is spending the week with her daughter, Mrs. Robert McGuire.

Mrs. W. D. Long, of Lockney, was a guest at dinner in the home of her mother, Mrs. B. K. Barker, Wednesday evening. Other guests were Mrs. Alma Boyle, of Boston, Mass and Mrs. Kitty Webb, of Los Angeles, both are spending the summer with their sister.

Mr. and Mrs. Knight Dickey left Wednesday afternoon for Los Angeles, California, where they will visit Mr. Dickey's brother, Ray Dickey and family.

Will Boothe returned home Monday from Abilene, where he has been attending Simmons University during the past year.

Mr. and Mrs. Jack Henry are visiting at Munday this week with Mrs. Henry's brother, Carroll Hopkins and family. They will also visit at Weirter with Mr. and Mrs. Pitzer Bateer. Judge F. P. Henry accompanied them to Crosbyton, Wednesday.

Jessie Kennedy, of Lubbock, spent Sunday with his family here.

Mrs. Harriett Heagerty, of Los Angeles, is here for a ten-days visit with her parents, Mr. and Mrs. W. P. Daily.

Mr. and Mrs. A. H. Kreis and, two daughters, of Knoxville, Tennessee, arrived Monday to make Floydada their home.

Even Better Service

Floyd County farmers and their haulers have given us a good business this year on 1927 wheat and we appreciate it. Every effort has been made to give each customer a square deal, just as we have always done.

No More Waits Now

We are glad to announce that we have the assistance of Mr. and Mrs. Lon M. Davis and S. W. Moore at the north elevator and S. E. Duncan at the concrete elevator. Everything is arranged now so that there will be no delays.

We are prepared to give you prompt and efficient service. Thank you, again, for the business. Come and see us.

"We Would Be Glad To Buy Your Wheat."

46 Floydada Residents Listed Among Notaries

Appointments of the notaries public for Floyd County confirmed by the Fortieth session of the State Legislature have been received by County Clerk Tom W. Deen from Jane Y. McCallum, Secretary of State. There are 57 names in the list, with 46 indicated residents of Floydada and 11 indicated residents of Lockney. Their term of office begins June 1, 1927 and expires June 1, 1929.

Legal notices have been sent out by Mr. Deen for the appointees to appear and qualify and commissions will be issued by the Secretary of State.

The list of appointees includes: Jeff D. Ayres and the following all of Floydada: Kenneth E. Bain, Roy A. Baker, B. K. Barker, G. A. Barton, J. B. Bishop, Lillie Britton, W. R. Childers, W. B. Clark, L. L. Collins, Dona Covington, Lucy E. Crum, Winnie Maye Dickey, Arthur B. Duncan, Arthur B. Duncan, Jr., Mark Duncan, S. E. Duncan, Thyra Eubank, A. J. Folley, R. E. Fry, J. C. Gaither, A. N. Gamble, A. C. Goren, J. K. Green, Maud E. Hollums, J. N. Johnston, L. H. Liston, L. G. Mathews, Geo. T. Meriwether, Frank L. Moore, E. L. Norman, Katie Pittman, Mrs. Harper

Purcell, R. C. Ramsey, R. C. Scott, Belva Solomon, J. S. Solomon, T. S. Stevenson, Flynn Thagard, Burton Thornton, G. C. Tubbs, O. M. Watson, T. R. Webb, Ollie B. Webster, A. J. White, and J. G. Wood.

Appointees from Lockney were: W. W. Angel, David Bates, Geo. M. Brewster, A. B. Brown, John C. Broyles, L. H. Gruver, E. Guthrie, Mrs. Vertis Smalley, M. R. Snyder, Ryan Speegle, and J. N. Stalbird.

FINDS NUMEROUS FLOYDADA PEOPLE AT HOT SPRINGS

The following letter has been received by The Hesperian from Carey Griggs, at Hot Springs, N. Mex., former resident of Floydada, which contains several items of interest concerning people of Floyd County.

"The writer and wife arrived in Hot Springs April 13 of this year. We thought we were among strangers but in a day or so I heard of Uncle Frank Leonard, so we called on him and found Mrs. Leonard and daughter here. Uncle Frank was soon able to be up and left. We also met Mrs. L. H. Newell, who came here for the hot baths, which gave her great relief.

"Wade Davenport and family, and his father, from the south part of Floyd County also came here for rheumatism and stayed several days. Walter Phillips and wife, of Curlew, spent a few days here drinking hot water and taking baths.

"Mr. Wilhoit, a brother of Mrs. C. Surginer, an old-timer of Floyd County, spent several days here and took a course of twenty-one baths for his health. We also found our old-time friends, Mr. McCleskey and family, of Lockney, living here.

"J. E. Swinson and family in company with Mrs. Dickey, Mrs. Bob Henry and children, arrived here May 19.

"Boon Hall and wife, Mr. and Mrs. Robert McGuire, Fred and Ruth Jones, passed through the city enroute to Albuquerque, Santa Fe and other points north.

"Louis Newell and bride, of Floydada, arrived here May 24 and spent a few days in Hot Springs on their honeymoon, and left May 27. Mrs. L. H. Newell is returning home after a two-month stay in Hot Springs. The writer also finds many friend and acquaintances of West Texas here. After all, we are not so lonesome.

"Here is why I came here. Last October 22 a horse ran into a fence with me and I sustained a broken thigh, so after sixty days on my back and trying to get around on my crutches in another three months, I contracted rheumatism in my arm."

Macyl Burke returned Friday from Lubbock, where he has been attending school at Tech College for the past nine months.

Leroy McDonald is at home for the summer. He has been enrolled at Tech during the past long session. He returned Friday.

TAKES SON TO SHRINERS' HOSPITAL FOR TREATMENT

Mr. and Mrs. D. L. Hargis, of Plainview, were through Floydada last week enroute to Dallas, where they are taking their four-year-old son Marvin to the Shriners' Hospital for an operation. The little boy has a crippled foot which they hope to cure. They will be absent from Plainview two or three months, probably.

INSTALL NEW SCENERY

New scenery is being installed this summer at the High School auditorium. The work is being done by the Oklahoma City Scenery Company, and when completed will represent one of the most attractive stage settings for a high school in this section of the state.

The curtain, painted with a scene of Shakespeare's birth place, Stratford-On-Avon, operates as a section and will not roll up as the former type used.

Locals and Personals

B. Marshall returned Friday morning from Simmons University where he received his A. B. degree this year. His mother, Mrs. L. A. Marshall, and her sister, Mrs. A. O. Woody attended the graduation exercises at Abilene and returned Friday.

Floyd B. Powell, state agent, and H. P. Vanabel, general agent for the Central States Life Insurance Company of Saint Louis, were business visitors here the latter part of last week. The Floydada Insurance Agency represents the company locally.

Mr. and Mrs. J. M. Ford and their little granddaughter, Nina, have been making an extended tour of East Texas, visiting friends and relatives at Seminole, Hico and other points.

Mr. and Mrs. Charles A. Guy of Lubbock spent a short time here Saturday morning. Mr. Guy is editor of the Lubbock Daily Journal.

Mr. and Mrs. Odus Mitchell of Childress spent a short time here Saturday morning visiting with his brother, Jay Mitchell, and wife. They were enroute home after visiting in Amarillo, Canyon and Hale Center.

Mr. and Mrs. E. C. Thomas returned Thursday of last week from their honeymoon trip in New Mexico. They were married recently in Plainview. The bride before her marriage was Miss Virgie Price. They will make their home in Floydada.

Locals and Personals

E. M. Ballengee, principal of the Junior high school of Plainview, was a business visitor here Thursday.

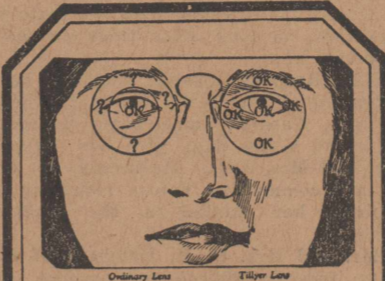

Miss Geraldine Massie is at home from Texas University. She was met in Plainview by her brother, Alberto, late Saturday afternoon.

Clarence Boothe, who has been attending North Texas Agricultural College, returned home last Wednesday to spend the vacation holidays with his parents, Mr. and Mrs. C. W. Boothe.

Miss Clara Tubbs, who attended W. T. S. T. C. during the past school term, returned home last Saturday.

Miss Mildred Orsburn, a student at W. T. S. T. C. at Canyon this year, returned home last Saturday to spend the summer vacation with her parents, Mr. and Mrs. E. L. Orsburn.

Mrs. E. B. Massie and daughters, Jessie Bell, and Miss Hazel, spent Sunday in Plainview as guests of Mrs. Massie's sister, Mrs. P. S. Wolfe.

Why We Fit Tillyer Lenses

In a few words, we use this latest optical development because it gives you lenses that have our prescription ground accurately from margin to margin. Ordinary lenses give clear vision only through the center—through the margins, the vision blurs and may cause eyestrain. Drop in, let us explain why Wellworth Tillyer Lenses are so much better for your eyes.

Prove Ads Not Expense But Sound Investments

By J. W. Craig

The merchant who looks upon advertising as a business proposition rather than an expense, and puts time and thought in his advertising is the one who profits most. Advertising is a business, just as essential to the handling of good merchandise as employing competent help. It requires knowledge to write effective advertising. Some merchants do not know how to advertise—therefore they have not seen the result from it they expected. Instead of analyzing the situation and trying to find the cause of failure they have decided advertising didn't pay. All advertising has a reason for its success or failure. It may be circulation, poor copy, unseasonable merchandise or other reasons why some advertising has not paid. It takes time to build confidence through advertising. All the advertising in the world won't sell inferior goods over a long period of time. Soon, people will not believe the advertising statements of this store, no matter how alluring the advertisement. Therefore, good merchandise and truthful advertising are most essential to the building of a business. To slight advertising is to slight business for there are opportunities every day in the way of advertising and a merchant can avail himself of these many opportunities if he will look about him. Advertising is the show window of your store, presented to the prospective customer through the newspaper. No merchant who is successful would think of slighting his show window. He takes special pride in it, but only those who pass the window see it. On the other hand the newspaper carries its show window to the homes, and the word picture will attract people to the store instead of a glance at the window as they pass hurriedly by.

Advertising has been responsible for every advertisement of modern times. Several millions of dollars more have been spent in 1926 for display advertising than in 1925 and as long as advertising continues to excel prosperity will not come to an end.

FEDERAL FOREST FIRE LAW UPHHELD BY SUPREME COURT

The Supreme Court has just decided that carelessness with fire need not be confined to Federal forest lands in order to constitute a criminal offense under Section 53 of the United States Criminal Code. Leaving a fire near a Federal forest without totally extinguishing it even though the fire is started on private land is a criminal offense in the eyes of the court, and punishable by fine or imprisonment if national forest timberland is endangered. The decision is especially important to national forest protection, according to the Forest Service of the United States Department of Agriculture, for their many thousands of miles of boundary are subject to the grave danger of fires that originate on adjacent private lands and may sweep into national forest land.

Florida sustained the demurrer and the case was brought up to the Supreme Court.

The statute involved reads in part: "Whoever shall build a fire in or near any forest, timber, or other inflammable material upon the public domain, shall, before leaving said fire, totally extinguish the same; and whoever shall fail to do so shall be fined not more than one thousand dollars, or imprisonment not more than one year, or both." In handing down the opinion of the Supreme Court, Justice Oliver Wendell Holmes said: "The purpose of the Act is to prevent forest fires which have been one of the great economic misfortunes of the country. The danger depends upon the gearness of the fire; not upon the ownership of the land where it is built—The statute is constitutional. Congress may prohibit the doing of acts upon privately owned lands that imperil the publicly owned forests—Taken in connection with the danger to be prevented it lays down a plain enough rule of conduct for anyone who seeks to obey the law."

The Forest Service points out that 90 per cent of the fires which annually burn over vast areas of public and private lands in the United States are man caused, and therefore preventable by the exercise of care.

EGGS LED TO TRAIN WHISTLES

The destruction of a load of eggs on the country crossed in 1833 was directly responsible for the invention of the first locomotive whistle, according to E. W. Merdreaux, mechanical draftsman of the Maine Central railroad.

When country roads were all crossed at grade and when people used to sit on their doorsteps and watch the ox carts whiz by, Mr. Merdreaux said, locomotive engineers had no way of giving warning of their approach except by blowing a tin horn, and naturally the engineer's lung capacity determined the volume of warning of approaching trains.

The story as told to Mr. Merdreaux was that on one spring day in 1833 a farmer approached a railroad crossing on his journey to market with a load of eggs and butter. Just as he came upon the track, a train approached. Luckily the engineman blew his horn but the farmer was so deeply immersed in pounds and dozens, shilling and pence, that he did not hear it.

Crash! Dozens of eggs and pounds of butter were transformed in a twinkling into an unsalable omelet, widely distributed over the right of way. A claim agent checked up on the case, resulting in the railroad company paying the farmer the value of his butter, eggs, horse and wagon.

A director of the company, Ashland Baxter by name, went to Alton Grange where George Stephenson lived, to see if he could invent something that would give a warning more likely to be heard. Stephenson went to work and the next day he had a contrivance, which, when attached to the locomotive boiler, and the steam turned on, gave out a shrill, discordant sound.

The railroad directors, greatly delighted, ordered similar contrivances attached to all the locomotives. This has developed into the locomotive whistle as we know it.—Ex.

POULTRY INDUSTRY GROWING

Since 1880 when poultry raising was first included in the National farm census, that industry has grown by leaps and bounds to a place at the top in the agriculture of the nation, as brought out in a recent discussion on the American hen by E. N. Holmgreen, poultry specialist of the Extension Service, A. & M. College of Texas. Poultry raising today is a one and a quarter billion dollar industry in the United States, according to Mr. Holmgreen. The farm flock is now considered one of the most efficient branches of farm operations.

"So important has the poultry industry become," Mr. Holmgreen said, "that it is now greater in value per year than all the cattle raised in the same period in the United States. It is seven times greater than the value of all sheep; ten times greater than the value of all wool; nine-tenths as great as the value of all hogs; half the value of all corn; three-fifths or more than one-half the value of all cotton; and brings in \$265,000,000 more than oil."

The severe drought over the greater part of Texas in 1925 has done a very great deal to the advancement of the farm flock in Texas. Those who were fortunate in having a small flock of good birds, well housed and cared for, soon found that the lowly hen was just about the only thing which was producing, and their flock was furnishing the only income on which the family was to live.

"A flock of 200 or 300 hens, properly housed and cared for, should bring in from \$250 to \$500 per year. A farm flock affords a steady income, but is not a get-rich-quick proposition. It means 365 days of steady employment during the year, but produces for the family a delightful and healthful food, as well as an income that will cover the grocery bill.

"There are several points that must be kept in mind if the flock is to prove the means of feeding the family. The flock should be well-bred, no matter what variety is chosen. The flock should be comfortably housed, but the investment need not go over \$1.50 per hen. If the flock numbers 200, the investment need not go over \$300. Feed and care for them properly. Bulletins, radio talks, farm papers, and county agents are sources of information. Produce and sell only the highest quality of infertile eggs. Cull and keep culling out the poor producers.

"There are other factors that enter into the poultry raising, but if the above points are observed the flock will prove a steady income that will feed the family. The farmer can successfully tie this poultry program in with other farm operations."

Locals and Personals

N. A. Armstrong, C. Sargner, and T. S. Stevenson returned Monday from a business trip to Brownwood.

Mrs. J. F. Pundt has returned to her home at Megargle after a visit with her mother, Mrs. A. D. White. She was accompanied by Mrs. Tom Anderson and little son, of Graham, who have also been guests of Mrs. White.

Mrs. N. A. Armstrong and daughter, Mrs. Wanda Banker, and baby, Doris Eileen, were shopping in Plainview Saturday.

H. Kimble of Benbrook, who has been visiting here for the past two weeks with his son, Wilson Kimble, and family left for home Sunday. He was accompanied by Wilson Kimble to San Angelo, the latter returning home after a short business visit there.

Mr. and Mrs. T. P. Guimarin had as their guests the past week-end their sons, Tom and Laurin, and their families of Olney.

John Gamble, returned home from W. S. T. C. at Canyon, last Saturday.

Miss Miriam Olson, who has been teaching in the high school during the past session at Abilene arrived Tuesday of last week for a short visit here with her parents, Mr. and Mrs. O. B. Olson. She left Monday to join the faculty of McMurray College. Miss Olson will teach Spanish during the summer term.

Miss Belle Cannaday arrived Thursday from Baylor University at Waco, where she received her degree this year. Her parents, Mr. and Mrs. W. I. Cannaday, in company with H. E. Cannaday and Jeff Welborn attended the graduation ceremonies.

Misses Emma Lou McKinney and Lela Swain made a trip last mid-week to Canyon. They plan to take summer school work at W. T. S. T. C.

Miss Macy Smith has returned to spend the vacation months here. She has been attending school at Canyon.

Miss Erin Gamble is at home for a few days from W. T. S. T. C. at Canyon. She will return for the summer session.

Misses Rena and Clara Osborne of Cone were in Floydada a short time Saturday, returning home from school at Canyon.

Miss Grace Camack of Matador was in the city Saturday. She was enroute home from school at the West Texas State Teachers College.

Miss Ora Robbins was among the students returning Saturday from college at Canyon. She will spend the summer with her parents, Mr. and Mrs. W. A. Robbins.

Miss Angie Stiles is at home to spend the summer with her parents, Mr. and Mrs. W. T. Stiles, having returned Sunday from Galveston, where she completed the second year's work on her M. D. degree at the University of Texas Medical School. Miss Stiles has received B. A. and M. A. degrees for previous study at the University at Austin.

Mr. and Mrs. Kenneth Bain and children left Tuesday for Amarillo, where they will visit for several days.

Mrs. A. C. Horn and sons, Jack and Hugh Allen, of Amarillo, came down Saturday to spend a week with her sisters, Mrs. Roy Snodgrass and Mrs. T. C. Russell. They were accompanied by her brother, Hugh Gooch, who returned home Monday morning.

E. W. Marriott, of Wichita Falls, is here this week having his wheat crop harvested.

J. B. Scott of Plainview, general manager of the Texas Utilities Company of this district, visited the local office Saturday.

S. M. Cole made a business trip to Plainview Monday.

Miss Mary Lottie Arwine, of Bridgeport, who has been visiting her brother, J. A. Arwine, left Monday for Waco, where she will enter Baylor University.

CUCUMBER MOSAIC CONTROLLED BY REMOVING WILD HOST PLANTS

The most effective means of controlling the mosaic disease of cucumbers, according to the United States Department of Agriculture, consists in the elimination of the agencies by which this destructive disease is carried over the winter.

The cause of the disease is unknown, but diseased plants contain a form of infection which may be transmitted to healthy plants by such insects as the melon aphid and the striped cucumber beetle. The disease does not live in the soil and is not carried in the seed of the cultivated cucurbits, but is known to live from year to year in certain wild plants, some of which occur in most of the cucumber-growing sections.

The known wild plants which carry the disease are the wild cucumber, milkweed, pokeweed, two species of wild ground cherry, and catnip. The disease is carried over winter in the root of these plants, except in the case of the wild cucumber which carries the infection in the seed. Insects feeding on these infected wild plants in the spring and on the cucumbers in the field spread the mosaic disease. In a number of fields where the average mosaic infection had been approximately 40 per cent, eradication of the wild host plants in and near the fields reduced it to 3 per cent.

Before planting, the field itself and all land within 75 yards should be carefully inspected and all wild host plants, whether healthy or diseased, should be pulled out. If the cucumber field can be surrounded by other cultivated crops, the work of eradication will be simplified and insects are likely to be less prevalent.

Mosaic cucumber plants are dwarfed, the younger leaves are mottled with green and yellow, and the fruits are mottled and misshapen; the darker areas forming warty projections on the surface. When such plants appear early in the season they should be removed immediately to prevent further spread of tree infection by insects. It is also advisable to use insecticides to reduce the number of insects. Where several fields are adjacent to one another it is essential that all growers cooperate in removing the wild host plants about their fields.

Locals and Personals

Roy O'Brien and Byars Golightly of Center community have returned home after taking a course of study at a business college in Abilene.

Mr. and Mrs. Arthur Jordan who have been on a visit with his parents, Mr. and Mrs. W. B. Jordan of Center left early last week to spend a short time with relatives at Channing before returning to Louisville, Ky., where Arthur Jordan will complete his studies for the ministry.

Mrs. Fred Zimmerman and Mrs. Wanda Banker returned Friday from a visit to Dallas and Wichita Falls. Mrs. Zimmerman's daughter, Helen, who has been attending Hockaday's school at Dallas, came home with them.

APPLIANCES REDUCE COST

The increasing use of gas in the home for heating, cooking, refrigeration, incineration, etc., has focused attention upon necessity for efficient use of gas.

Every cubic foot of gas should be made to do as much work as possible. In cooking, the use of the simmering burner, covering of vessels, and use of a low flame wherever possible, will reduce the gas bill.

Realizing that high gas bills are a deterrent to expanding business, gas companies are anxious to help customers by recommending the most economical gas appliances and by telling them how to avoid waste by using them intelligently.

The United States Weather Bureau was established fifty-seven years ago. Although originally in charge of the Army Signal Corps, it was reorganized in 1891 under the Department of Agriculture. The first English weather bureau, the Meteorological Society of London, was formed in 1825.

The homely man pays the largest barber shop checks, barbers say, because he goes in for mud packs, massages, scalp treatments, and so forth.

Japanese women are engaged in a campaign to save a half-cent daily to aid in paying their country's foreign debt, said to be about \$739,000,000 at the present time.

COTTON CHARMEUSE NEWEST COTTON FABRIC PLACED ON MARKET

One of the most attractive new materials shown this spring is cotton charmeuse. It is not actually a new material but an improved quality of a very old and familiar fabric—sateen. According to the Bureau of Home Economics charmeuse usually is lighter in weight than sateen, more highly mercerized, and the warp forms the surface instead of the filling, as in sateen.

Printed patterns have been applied to sateen for many years. These were designed primarily for coat linings, and were large, scrolly designs unsuitable for dresses. This spring cotton charmeuse has appeared in small neat patterns much like those used in English prints. Because of its lustrous surface and lovely texture it has become increasingly popular for house dresses, sports dresses, smocks, and children's dresses. Many mothers like it for the baby's first rompers because it is one of the smoothest and softest of the cotton fabrics.

Cotton charmeuse is also woven in striped and checked patterns in plain pastel colors. In this form it is used largely for underwear and night wear, such as bloomers, chemise, slips, pajamas, and nightgowns.

Ordinary sateen is still used a great deal because of its durability and wide range of plain colors. In blue, tan, and green sateen makes excellent play suits for the small boy and girl. Sateen has long been used as a lining for draperies, but it is now being used for a drapery fabric itself. It comes in fast colors and is an economical and serviceable fabric to use for pillow covers, bedspreads, and covers for comforters. It combines well with cretonne as valance or trimmings bands. In a heavier weight, warp surface fabrics commonly known as Venetian satin, it is used for upholstery purposes.

HORSE AND MULE SHORTAGE IN FIVE YEARS PROBABLE

Work stock—horses and mules—is the one class of animals in which practically every farmer is concerned whether he is a stock farmer, cotton planter, wheat grower, or cane raiser. The approaching shortage of good work stock is therefore of vital concern to all farmers, says John O. Williams, in charge of horse and mule investigations for the United States Department of Agriculture.

Estimates of all the horses and mules on farms the first of this year showed a total of 21,013,000 head, a decline in work stock population of 17 per cent since 1920. It is practically certain that the next five years will show a reduction of the present numbers by 30 or 40 per cent unless breeding is resumed. This rapid reduction is expected to develop into an acute shortage in those States where the animals on farms are the oldest and where fewest colts are coming on as replacements. There are more horses over 10 years of age in the Northeastern and Southeastern States than elsewhere. The Southeastern States have the largest percentage of mules over 10 years of age.

Although the average age of horses has increased considerably the aver-

age value during the past three years has not changed much. The present low prices may not be expected to continue indefinitely. In fact, there is a definite market demand at present for high-class draft geldings and saddle horses of merit at good prices. Inferior horses of all types will undoubtedly continue to be a drag on the market. Farmers in the Corn Belt where surplus work stock has previously been raised should consider the possibility of increasing the production of the types of horses and mules that are suitable to meet the expected demand from the Eastern and Southeastern States. Furthermore, says Mr. Williams, it is important that farmers thoroughly study the relative advantages of animal and mechanical power for their own conditions in order to convince themselves of the necessity of planning to raise colts for replacement purposes before the inevitable shortage in desirable work stock occurs.

The United States has sixty-three per cent of the world's telephones, Europe twenty-six, and the rest of the world eleven per cent.

A motion picture studio in Shanghai is operated and controlled by Chinese who are American citizens.

American doughboys now carry a pack of but fifty-one pounds, the lightest in use by any army. Articles to be carried in the future by accompanying transportation made possible this reduction of twenty-eight pounds in the weight of the American infantryman's pack.

The principal parties to a recent wedding in Broadway, England, were Miss Merry and Mr. Christmas.

Arlington, Illinois, a town of 700 persons, has neither a barber shop nor a beauty parlor.

Colville Sells Lumber in 1 Day After Use of Ad

W. M. Colville sent out a little classified salesman last week, perhaps you remember him, and the next day brought in results. Here is the ad:

USED LUMBER for sale. About 3,000 feet, consisting of two-by-fours and one-by-sixes. See W. M. Colville.

If you have anything to sell or trade, you will find that Classified Ads in The Hesperian produce results. Your message reaches not only your neighbors but prospective listeners all over the county. Lost and found articles are very often returned to owners through services rendered by this special section of your paper. Use the classified ads—the cost is small.

SNAP IT!
Snap and keep a picture record of your delightful summer outings and vacation days this year. They'll be memories you'll enjoy recalling time and again—not only in months to come but for years!
Bring your films to WILSON STUDIO and have them developed in the Right Way.

CONGRATULATIONS AND HONORS GIVEN FLOYDADA "MY TOWN" CONTEST WINNER

In addition to bringing numerous honors to her town, Miss Ollie Bell Collins, student in the Floydada High School during the past term, has received many presents and letters of congratulations for winning first place in "My Town" district contest at Crosbyton and third place at the West Texas Chamber of Commerce convention at Wichita Falls recently. Miss Collins spoke in competition with some fifty contestants in the meets. Her picture has appeared in several state magazines and newspapers since the contest.

Among the many presents received by Miss Collins is a twenty-five dollar cash prize offered by the West Texas Chamber of Commerce, a white gold wrist watch and a beautiful silver medal presented by the District Chamber of Commerce. Her trip to the Wichita Falls convention was given Miss Collins by the Floydada Chamber of Commerce, that organization paying all expenses of her trip to the two day meet. She was also given a scholarship to W. T. S. T. C. in a letter of congratulations from President J. A. Hill.

Whitehead Sends Congratulations

Many letters of congratulations have been sent the successful Floydada speaker. Among these, Miss Collins recently received the following letter from E. H. Whitehead, Publicity Manager of the West Texas Chamber of Commerce:

"Dear Miss Collins:
"Permit me to congratulate you again upon winning third place in the "My Home Town" contest at Wichita Falls. The people of Floydada should be proud to know you have again put their town in the class with the larger cities of the region. All honor is due you for your success.

"Please send me a picture of yourself for our magazine "West Texas Today". I should also like to have a copy of your speech for our magazines and newspapers.

Very truly yours,
E. H. Whitehead.

The speech prepared for the Wichita Falls contest by Miss Collins is as follows:

My Home Town

In the formation of this wonderful old world of ours, our great Heavenly Creator, in contemplating his work thus far, realized that there was something lacking. The mountains towering in majestic splendor above their smiling valleys, testified nobly to the stupendous energy expended. The azure lakes in their transcendent beauty, the crystal pools, the sparkling seas, still there remained the need for something different, something characteristic of the true life of man. With his great omnipotent hand, he built one vast plateau, smoothed out the indentations and created what we love to call the South Plains of West Texas.

In the midst of the broad rolling prairies of Western Texas, is located a mecca city of beauty and convenience. With its wide, well cared for streets, its comfortable, attractive homes, its happy carefree folk, its places of learning, its revered alters of worship, our youthful city of Floydada is indeed one of which we may be justly proud.

Some towns may be blessed with good water but I am sure that the unhampered flow of pure clear water of Floydada, coming from an average depth of 60 to 120 feet cannot be surpassed. The air at this high altitude has a tinge of fragrance which only the rolling wheat fields can give. In this city of pure sparkling water, and clean fragrant air, it is no wonder that there are so few deaths and so little sickness, for many a year has passed since a raging epidemic has possessed our city of health.

Our trade territory is an agricultural delight, a natural home for cattle, hogs and poultry. Floyd County ranks among the first as a producer of cotton, wheat and forage grains, making Floyd-

ada the center of tremendous production.

Although I could dwell at length upon the business facilities of this Western Pride, I shall scan over these briefly, then present you with the greater things. The beautifully paved square consists of every conceivable place of business, excluding gambling holes and pool halls, for with all else, Floydada is a city noted as a dispeller of vice. Among these are two cooperative farmers establishments, indicative of the congenial spirit existing between the monarchs of the town and the monarchs of the country.

Leaving the commodious courthouse and adjacent property, we soon discover a city park where nature's cunning workmanship and the ingenuity of progressive citizens have created a veritable bower of loveliness. The American Legion Home portrays the interest of men in one another, and the Floydada Chamber of Commerce is truly the greatest force in elevating name and reputation of this fair city.

Since the beginning of civilization, its three greatest forces have been the institutions of the home, the school and the church. My Town is truly the home of good schools, the instigator of all that's high and noble in the education of the youth. To prove this assertion, upon investigation, you will find two well equipped ward buildings, where every educational advantage is obtained. Floydada High School, unsurpassed in athletic and literary achievements, is the home from which marches forth the indomitable spirit of the Whirlwinds. Truly we, as students, love our unconquerable Floydada High.

Six beautiful churches have been erected in Floydada, as fitting monuments to the praise due the Almighty God for creating this home of homes. Some towns are composed entirely of houses containing a group of people commonly known as a family. Without vain boasting but with pardonable pride, I can truthfully say that I live in a town of true homes. Every structure that bears the name of home is one in substance and not merely in form.

Thus we find My Town a city of health, the promoter of every noble cause, be it righteous or educational,

the instigator of civic rights, of civic pride and greatest of all the upbuilder of real homes. With the clear blue sky above us, the pure free air filling our lungs, the life-giving water and the works of nature all about us, we cannot help having a happier smile, a step containing more spring and buoyancy than the unfortunate person who has never been privileged to live in Floydada.

Then, with a heart full of love, respect and admiration for the truly Western city of the heartier handshake and truer friendship, I pay homage to the city I am proud to call my own—Floydada.

Three cheers for our Floydada,
We give them with a zest;
For in all of Western Texas,
We class her the best.

EXHIBITS LARGE EGG

"I have heard several out-of-town folks brag about large hen eggs, so I have brought you an actual proof that eggs laid in town are just as big as those laid in the country," said W. M. Goode last week when he brought an extra large egg to the Hesperian office. The egg measured 7 3/4 inches around the longest way and 6 1/2 inches around the smaller part.

Mr. Goode said the egg was laid by one of his White Leghorn hens at his home in the northwest part of town. He has a small flock of these hens and all are good layers, he said.

DESKIN WELLS MARRIES

Henry Deskin Wells, editor of the Wellington Leader, was married Monday, May 16, to Miss Marian Geraldine Atkins, according to announcements received this week by friends here.

Wells is vice-president of the Panhandle Press Association and one of the younger outstanding members of the journalistic fraternity in West Texas.

A SPLENDID FEELING

You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price 60c. Sold by

Arwine Drug Company

New Marshall Elevator In Operation Here

L. A. Marshall's elevator, the newest addition to the industrial section, is now complete and has been in operation since June 1. Machinery was installed last week, Mr. Marshall said.

The structure which replaces the elevator destroyed on the same site by fire last winter, represents an investment of \$15,000. The new building is fire-proof throughout, having been built of concrete and steel. It will have a storage capacity of 15,000 to 18,000 bushels of wheat and is electrically equipped with loading and dumping machinery.

Large capacity for loading cars and quick handling of grain is the feature

of the plant, Mr. Marshall pointed out. The old building was the largest elevator in Floyd County, having had a capacity of 80,000 bushels. It burned at a net loss, Mr. Marshall stated, of approximately \$10,000, only \$12,000 of the original cost of \$27,000 having been covered by insurance.

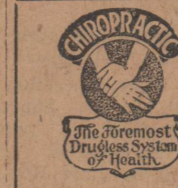

Work on the new elevator was started in March and will be completed at the end of a 90-day period.

Read The Hesperian \$1.50 A Year.

B. P. Adams of Denton has been in Floydada since the latter part of last week on business.

For Your Decoration Day Trip and All Season— Enjoy the Safety, Comfort and Economy of **Firestone GUM-DIPPED TIRES**

Firestone Round Tread Balloon

MANY Firestone Dealers are prepared to take in your old tires, offering you a liberal allowance on a new set of Gum-Dipped Balloons.

Firestone Dealers are given the advantages of attending Tire Educational Meetings held throughout the country, where tire design and construction are discussed. The sections of used tires reproduced here are a part of this program. Study these two sections and you, too, will understand what Firestone means by tires built for service and tires made to sell.

OLDFIELD TIRES

at Low Cash Prices

30x3	Fabric .	\$5.85
30x3 1/2	Fabric .	6.85
30x3 1/2	Cord .	7.35
29x4.40	Balloon	8.40
32x4	Cord .	13.40
31x5.25	Balloon	15.35
33x6.00	Balloon	18.35

Oldfield Tubes
also priced low

The Firestone Gum-Dipped Balloon with its scientifically designed tread permits free flexing, easier riding, extra comfort and safety.

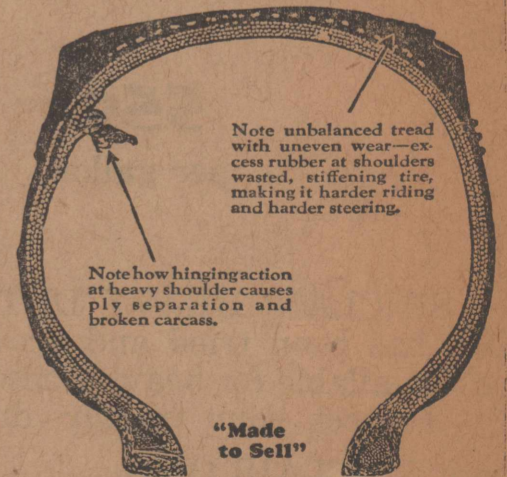

The balloon tire with heavy, flat tread design is obviously stiffer and rides harder. The excess rubber, placed for appearance at the edges of the tread, is not only wasted but produces hinging action causing ply separation and "shoulder breaks."

Firestone designed and manufactures Oldfield Tires and Tubes, distributing them direct to Firestone Dealers only, through 148 Factory Warehouses. This efficient and economical distribution assures tire buyers everywhere, clean, fresh stocks of Firestone and Oldfield Tires in all types and sizes, and has helped to make possible today's remarkably low prices—the lowest in tire history. See the Firestone Dealer today.

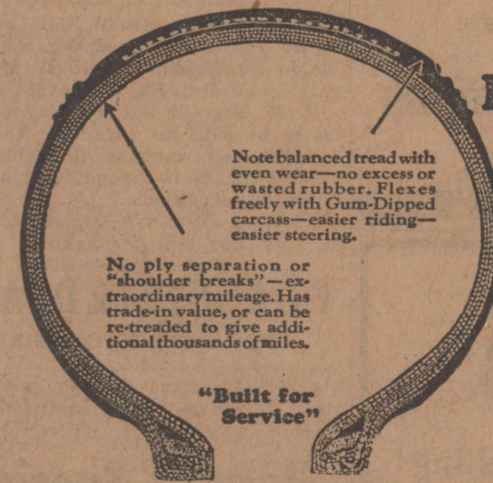

Following Dealers Can Save You Money and Serve You Better:

BARKER BROS.

FLOYDADA, TEXAS.

Flat Tread Balloon

Note balanced tread with even wear—no excess or wasted rubber. Flexes freely with Gum-Dipped carcass—easier riding—easier steering.

No ply separation or "shoulder breaks"—extraordinary mileage. Has trade-in value, or can be re-treaded to give additional thousands of miles.

"Built for Service"

Note unbalanced tread with uneven wear—excess rubber at shoulders wasted, stiffening tire, making it harder riding and harder steering.

Note how hinging action at heavy shoulder causes ply separation and broken carcass.

"Made to Sell"

Pains disappeared

"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed."

Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength.

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."

Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

CARDUI
For Female Troubles

Ira Marshall, who recently received his degree from Simmons University, returned home last Monday from Abilene for a short stay here with his parents, Mr. and Mrs. L. A. Marshall.

Home Demonstration Club News Of County

SAND HILL CLUB

The Sand Hill Demonstration Club met on their regular meeting June 1, instead of having their program on "Appropriate Dress". We put in our time working on our Club room. We have fixed a kitchenette, and remodeled it all over in general. It looks real home-like and it will be a pleasure to the club to meet there.

We have also added three new members to our list since the last report.

The club will send their secretary Mrs. Jim Holmes to A. & M. Short Course. She also won first in the County on her kitchen in class II.

Our next meeting will be June 15. Roll Call—Each one name an emergency dish.

Leader Mrs. W. H. Pope. "What the pantry should contain"—Mrs. F. Probasco.

The convenience and economy of a well planned pantry. "Suggested emergency meals"—Miss Bass Demonstration on preparation of emergency meals.

BLANCO CLUB

Blanco Home Demonstration Club met with Mrs. Will Snell as hostess June 2.

Roll Call—Each one name an emergency dish.

Leader Mrs. W. H. Pope. "What the pantry should contain"—Mrs. F. Probasco.

The convenience and economy of a well planned pantry. "Suggested emergency meals"—Miss Bass Demonstration on preparation of emergency meals.

Our next meeting will be June 17. We meet with Mrs. J. B. Tinnin as hostess.

Roll Call—Each one name an emergency dish.

Leader Mrs. C. R. Smith.

The program will be as follows: "What the pantry should contain"—Mrs. Snell.

"The convenience and economy of a well planned pantry"—Mrs. W. C. Cates. "Suggested emergency meal"—Mrs. Daniels. "Demonstration on preparation emergency meal"—Miss Bass.

We all want to have our score cards for the county-wide kitchen improvement plans filled out by the next meeting. All members be present.

MAYVIEW CLUB

The Home Demonstration club met Monday June 6 with Mrs. L. J. Davis. Miss Bass was with us and much valuable information was given on appropriateness in dress.

She gave a very interesting talk on the colors and styles we should wear which was enjoyed by all. There were seven members present and three visitors. We are always glad to have visitors meet with us.

On account of the harvest the club will not meet again until the first Monday in July. Let all the members try to be present as Miss Bass will give a Demonstration on preparing an emergency meal. The Club will meet with Mrs. R. W. Lotspeich.

HARMONY CLUB

Harmony Home Demonstration club met with Mrs. L. A. Williams Wednesday, June 1st. Eight members, one visitor and Miss Bass were present. Our attendance was not so good as usual, but several of our ladies were out of the community and some were doing their bit to aid harvest work.

This meeting was a very busy one as Miss Bass was with us and she is always our "Bureau of Information." Our club voted unanimously to send our President, Mrs. W. C. Parkey, as a delegate to the Short Course at A. & M. College the last week in July.

Miss Bass told us an easy way to earn some money for our club during the month of June. A committee was appointed to take a score card for the county Kitchen Contest to each woman in our community, and to persuade each to add some improvement to her kitchen and count an improvement which has been added since November 1st. The members of this committee are, Mrs. R. B. Gary, Miss Fannie Harris, Miss Anna Carr, and Mrs. W. C. Parkey.

The number on the program assigned Miss Bass, "Classification of Type of Individuals with Regard to Personal Coloring and Color Suggestions", was very instructive. She brought her material along and showed us the colors which suited each type. We learned many things from her talk.

Our next meeting will be with Miss Ruth Carr on June 22. Let's all be there. Our subject will be "Emergency Meals."

Mr. and Mrs. Grady Hall have as their guests this week Mr. and Mrs. Waldo Fitzgerald, of Dallas. Mr. Fitzgerald and Mrs. Hall are cousins.

K. M. Sherrill left Tuesday for Dallas to be with his wife, who has been spending her vacation in Dallas and became ill. It is thought that her condition is not serious.

BORN—to Mr. and Mrs. D. L. Weaver, City May 9th, a daughter.
