

# THE FLOYD COUNTY HESPERIAN

VOLUME 33

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, MAY 20, 1926.

NUMBER 12

## District Convention Of Cotton Assn. Saturday

Delegates From 11 Counties Coming—Wheat Growers Officials Will Also Be Here

In addition to delegates from eleven counties comprising the Nineteenth District of the Texas Farm Bureau Cotton Association, numbering possibly 100 persons, officials of the Southwest Wheat Growers' Association will also be here for the district convention which opens Saturday morning at 10 o'clock. Sessions will probably be held at the court house.

Following the morning session, at which considerable business of the cotton organization will be transacted, delegates will be guests at a luncheon at the Boerner Building to be served by the Blanco Home Demonstration Club at early noon, it is announced. A brief program, principally of entertainment, will be given at the luncheon, following which business sessions will be resumed at the convention place.

Besides the nomination of two men for the office of director from the district, much information both to cotton growers and wheat growers who attend, will be given out. J. D. Christian, one of the local leaders in commodity farm organization, said. Of the two men nominated for district director of the cotton association, one will be elected by a mail vote.

M. S. Hudson, of Hale Center, district director of the cotton association and Judge L. Gough, president of the Wheat Growers' Association, will be among the out-of-town notables here for the convention. Every county in the district will be represented, Mr. Christian said, although the fact that farmers are extremely busy at this time getting their crops in the ground, makes the matter of the size of the various delegations problematical.

## Hail Damages Windows, Car Tops at Plainview

Considerable damage was done at Plainview late Tuesday afternoon by a hail storm, smashed windows and perforated car tops being the principal items of damage, according to the reports reaching Floydada.

Some of the hail stones which fell were very large and there was some damage to roofs.

From the same source of information it was learned that the hail damage in that portion of Hale County was not very extensive, although some wheat was reported injured west of Plainview and southeast of that city.

From Petersburg similar reports indicated no severe losses were sustained in that section which had been learned of as late as Wednesday noon at Petersburg.

## REV. DAVIS AND WIFE LEAVE FOR MONTH'S VACATION

Rev. and Mrs. F. L. Davis of the First Christian Church leave the city Wednesday morning for a month's vacation.

They will first go to Springfield, Mo., where two of their sons are attending Drury College, the elder, F. Lyle, being among this year's graduates of the college. The older son of Rev. and Mrs. Davis is also a resident of Springfield, shortly after graduation exercises at Drury they will be joined by their daughter, from Georgia, and will all motor to Heyworth and Clinton, Ill., where they were reared. While at Heyworth the brothers and sisters of Mr. Davis will hold a family reunion. And, incidentally, the thirtieth anniversary of Rev. Davis' ordination into the ministry at Heyworth will likely be celebrated with a sermon at the Christian Church of that place.

The party will camp out going and returning from the trip, and fishing will be indulged in if "fishy" places are found.

No arrangements have been made for preaching services at the church here during Rev. Davis' absence, although Sunday School will be held each Sunday.

## Teachers' Exams. June 4-5

Examinations for the Teachers' Certificate are to be given in Floydada on June 4 and 5, according to announcement from County Superintendent Price Scott, who states that any one expecting to take the examinations should register with him immediately by letter, in person or by telephone.

## Clean-Up Day Set, Mayor Proclaims Monday, May 31, Date For Laundering

Mayor F. P. Henry this week issued his proclamation calling on citizens of Floydada to complete the "Spring House Cleaning" and setting Monday, May 31, as the final date for the drive to be completed.

"Please thank the residents of the city through The Hesperian, on behalf of the city officials, for the work they have already done," Mayor Henry said. "I don't believe I ever saw as many places of residence in a city the size of Floydada so spotlessly clean at this time of the year. It speaks well for our community. By putting their rubbish cans that can't be burned in convenient places they have also made it

## FAIRVIEW SCHOOL CLOSING EXERCISES SET FOR TONIGHT

Commencement exercises at Fairview School will be held tonight, and appropriate exercises will also be held Friday. Saturday night the school play is on the program.

E. Ray Smith, principal of the school, announces that dinner on the ground will be served Friday, and a general rally of school people held in the afternoon, when several talks will be made.

The play to be presented Saturday night will be the closing feature of the year of school work.

## Assiter & Son Building A Gin at Estacado Now

G. T. Assiter & Son will have another gin for the opening of business this fall, their newest venture being a gin at Estacado in the edge of Crosby County. Already the well for the gin has been completed and part of the material for the gin is on the ground.

Four eighty-saw stands will be installed. The company already has a gin at McCoy, which operated last season successfully.

## School Representatives Dine Here On June 3

Trustees from every rural school district in Floyd County will be invited this week to attend a banquet in Floydada on the night of June 3, when the Floyd County Fair, and particularly the Community Exhibits division of the fair will be the topic for brief talks and a round table discussion. Ninety-eight invitations are being sent out this week by Ed Bishop, secretary of the Chamber of Commerce on instructions from the committee having plans for community exhibits in charge. Judge F. P. Henry is chairman of this committee.

Not less than \$250 will be expended for prizes in the community exhibits department, it was announced this week by the committee, who put the first prize at \$75, the second at \$50, the third at \$35 and the fourth at \$20. All other communities exhibiting will be awarded \$10 prizes. As nearly as possible score cards governing exhibits at the Texas State Fair will be used and will govern the exhibits here.

Plans for the community exhibits division will be gone over fully at the feed on June 3, and entertainment features will also be included in the evening's program.

## Republican Primaries In Only 2 Precincts Likely

C. E. Wells, chairman for Floyd County of the Republican Party, who was in Floydada on business Monday, said that very likely Republican Primaries will be held in only two voting precincts in this county—Floydada and Lockney. A definite decision on this point will await the conference of Republican county and state leaders in Dallas the later part of this week, but that is the probability, Mr. Wells stated.

A primary election, in order to keep the organization functioning in the county, would be necessary in only one voting precinct, Mr. Wells said, but since a primary at Floydada and Lockney would get an expression from a large majority of the republicans in the county, and the expense of a primary can be made very light, it is thought as well to hold an election at those two places.

A majority of Floyd County Republicans think that State Chairman Cramer is correct in his stand as against Congressman Wurzback of the Fourteenth District. These two leaders have staged a wordy battle during the past few months over Texas patronage matters and their controversy has been the subject of debate in the halls of Congress. Republican Congressional leaders have also taken a part in the fight.

## SANITARIUM NOTES

R. C. Cudd of Matador, who underwent an appendicitis operation May 7, returned home last Sunday.

Ruby Draper had her tonsils extracted Tuesday of this week, and returned to her home in Silverton Wednesday.

Mrs. C. H. Norton of Whiteflat had an operation Wednesday.

Miss Lucile Robinson, Whiteflat, is visiting her sister, Miss Edra Robinson this week, the latter being one of the sanitarium nurses.

## Will Hold Commencement Exercises Friday Night, School Auditorium

Commencement exercises tomorrow (Friday) night beginning at 8:30 o'clock will bring to a close a successful school year for Floydada schools. The class address will be given by Dr. A. W. Evans of Tech College; Gertrude Davis, valedictorian, will give "The Spirit of the Winner;" and Ethel Rhoades, class salutatorian, will take as her theme "The Man on the Fence."

Other parts of the Commencement are as follows: Invocation by Rev. F. L. Davis of the First Christian Church; "The Marvelous Work," Hayden-Sherwood-Chorus; solo, "I've Done My Work," Carrie Bond Jacobs—by Marie Parkey; presentation of diplomas, by Supt. J. C. Wester; awarding of scholarships, Principal Harper W. Scoggins; and benediction by Elder J. J. Day.

7th Grade Exercises Tonight Seventh Grade Commencement exercises are to be held at the High School auditorium tonight, beginning at 8:30. Opening the program will be "The Hoot Owl," a play by members of the Class; which will be followed by Jesse Mae Wood's Salutatory; then a Class song, "Welcome to High School" will next be given by Elmer Cummins, after which Clayton Fuller, Valedictorian will make a talk. Superintendent Wester's presentation of diplomas will conclude the exercises.

Horton Gave Baccalaureate Sermon Baccalaureate services were held at the school auditorium last Sunday evening with Rev. J. Pat Hornton of the First Baptist Church of Plainview delivering the Baccalaureate Sermon. Taking his text from John 14:6, "I am the Way, the Truth and the Life," Rev. Hornton delivered a very practical sermon, the keynote or thought of which was belief in Him is essential to the

## 11 F. H. S. Seniors Began School Days Together in City

Eleven graduates of Floydada High School this year began their school days together in the city and they will be entertained with a special dinner by their mothers at the city park Friday noon. Only one of the group has been in attendance at any other school during the eleven years of their school days.

The plate dinner will consist of chicken and dressing, with salad and all the other "trimmings," ice tea, followed by cake and pie, and will be for the "eleven" only. They are: Audrey Felton, Arie Gamble, John Gamble, Helen King, Clay Willis, Troye Pope, Tom Bishop, Polk Goen, L. B. Fawver and A. D. Summerville. Arie Gamble is the only one who has not attended school in Floydada throughout the time all started together.

## City Officials' Office Moved to Court House

City Hall headquarters were moved from the Martin Building to the old jailer office in the basement of the County Court House Wednesday.

Unoccupied since the completion of the new county jail, the former office of the jailer has been cleaned, and the walls calcimined, while the space afforded slightly more room than did the former office of City Hall officials.

The old county jail, adjoining the new City Hall location, is being renovated and thoroughly cleaned, the walls and ceiling calcimined and the cells painted, and will be used as a city jail—though, in an emergency, it will also be used to accommodate county prisoners.

## OPEN HOUSE SATURDAY FOR FRIENDS PLANNED BY HOCUS POCUS STORE

Open house all day Saturday for stockholders and friends of the store is planned by Community Supply Company, for their Hocus Pocus store, which will be launched as a business enterprise at that time.

Ownership of the store is vested in approximately 400 stockholders, with T. Scott Wilson, formerly county agent of the county, in charge of the business. Music will be an all-day feature, it is announced.

## Lee Highway Through Floyd Co. To Be Marked in Short Time

Contract for marking of the Lee Highway through Floyd County was let Tuesday, calling for 25 galvanized iron signs and 20 board signs. The galvanized signs are to be 12x15 inches and will be placed a mile apart, while the wooden signs' dimensions are 12x36 inches and will probably be placed five miles apart, entering the city from both Matador and Lockney. The latter will have the number of miles into town, and "Courtesy of the Chamber of Commerce" on each one.

B. & B. Sign Company of Plainview was awarded contract for printing the signs, and work is expected to begin thereon within a short time.

greatest success in life. A crowd that completely overflowed the auditorium assembled for the program of the night, which opened with a chorus, "The Earth Is the Lord's," Rev. J. L. Henson of the Floydada M. E. Church gave the invocation, followed by Scripture reading by Rev. A. D. Moore, pastor of the Floydada Circuit East. Another chorus, "Awake, Put on Thy Strength," preceded Rev. Horton's sermon; and Rev. F. L. Davis gave the benediction.

Observe Class Night Class Night was held at the High School Wednesday night of this week. The program, in two parts, opened with the appearance on the stage behind a huge book of the Senior Class roll of Ruth Rutledge and Gwendolyn Snodgrass, dressed as fairies, and who introduced the forty-eight members of the graduating class, who emerged from either side of the large class book as their names were called.

The Senior Class funeral opened the second part of the program, a hymn by members of the Junior Class preceding the funeral march, "Class Chronicles" by Arie Gamble, "Class Revelations" by Marie Parkey, "Class Elegy" by Lena Thomas, "Class Resolutions" by Richard Stovall were then given in an interesting and amusing manner, after which L. B. Fawver, Senior delivered the Key of Knowledge to Kate Stiles, president of the Junior Class. As a grand finale Mr. Jay made a fake presentation of diplomas to the Seniors; then the hilarity ceased with a closing song.

"Much Ado About Betty," senior class play was presented Tuesday night to a large audience, and, in spite of the threatening weather, over \$200 was realized. Proceeds will be used in defraying graduating expenses.

## W. T. C. of C. Convention Headquarters Are Chosen

40,000 People Expected At Amarillo on June 21-23 According to Present Estimates

Selection of Floydada headquarters at Amarillo during the West Texas Chamber of Commerce Convention, which is expected to draw a crowd of 40,000 people to that city on June 21, 22 and 23 was made by Eddie Bishop, secretary of the local Chamber of Commerce who visited in Amarillo last Friday for that purpose and to further investigate general conditions relative to the Convention. The place chosen is at 406 Polk Street, with the Panhandle Hardware Company, and is ideally located, being in the center of Amarillo business activities and situated so as to get full "benefits" from all parades which will take place, Bishop stated.

Due to the enormous crowd of people which are expected to come to Amarillo for the Convention, it will be necessary for some of the visitors to camp out; and churches, hotels, schools the Fair Ground and homes are to be thrown open to those attending with as few restrictions as possible.

Floydada is to have a half-page advertisement in a special edition of the Amarillo News-Globe, with several news articles paid for by the Chamber of Commerce. There will be 25,000 copies of the special Convention edition, and they will be placed in pullmans, hotels and various other places for advertising purposes.

Probability that Secretary Goodwin of the Amarillo Chamber of Commerce will visit Floydada and make a booster's talk on the Convention was expressed by Bishop, although no definite arrangements have been made for the talk.

## Harmony Hardest Hit By Hail Tuesday Afternoon

Harmony Community was hardest hit of any in the county by the hail that fell Tuesday afternoon, which was accompanied by a light rain over practically all the county and a few "streaks" of extremely heavy downpour. J. M. Gamblin, L. E. Williams, W. C. Clubb, M. W. Heard, George Finkner, W. C. Hanna and G. L. Snodgrass were among those who sustained hail damage to wheat in Harmony Community. The Heard and Clubb losses may run 50 per cent or higher. L. E. Williams estimated his loss at between 20 and 30 per cent. G. L. Snodgrass' loss will run probably 10 per cent, according to the estimate made. The hail damage was practically negligible a short distance this way from Harmony, and also dwindled out south of that community.

H. A. Krause of Allmon, estimated his damage at 10 per cent. J. T. Howard and F. P. Henry, who have farms in that section, lost heavily on their wheat.

No extensive damage to buildings was done by the hail.

## HOLDS QUARTERLY CONFERENCE MATADOR AND ROARING SPRINGS

Rev. J. L. Henson, pastor of the Floydada Methodist Church, conducted quarterly conference for Dr. E. E. Robinson, presiding elder, at the Matador and Roaring Springs churches last Sunday.

W. A. Baker and J. M. Willson, of the local church, accompanied Rev. Henson on the trip.

## 'SOUNDER' AT KIMBLE'S GIVES CORRECT TIME AT 11 DAILY

Early this month Wilson Kimble Jewelry & Optical Company installed a "sunder" at their store, which connects through Western Union with Washington, D. C., and gives the correct time. Time is taken daily at 11 a. m.

The Kimble establishment is official watch inspector for the Santa Fe Railway Company, and the installation of the sounder was made to give correct time for trainmen who can out of Floydada.

## Yearling Steers Delivered To Buyers Wednesday

Coverdale & Armstrong and J. B. Jenkins delivered 200 head of yearling steers to Roy McMurtry, of Talia, here Wednesday. Mr. McMurtry will put the cattle on grass in Briscoe County. This is the second bunch of cattle sold to the Talia man by the local cattlemen this year. 120 head of yearling heifers were delivered earlier in the spring.

## Roy Haynes Is 'Jumbo' In Austin Newspapers

Roy Haynes, son of Mr. and Mrs. A. V. Haynes of this city was editor-in-chief of The Austin Statesman, morning daily of that city, Wednesday. His aides were members of the journalism class at Texas University.

Both the Statesman and the American, another daily published in Austin, are edited one day yearly by students of journalism at T. U. They have all the responsibility, the regular staff taking the day off.

Roy's name was in the headlines of Monday's edition of The Statesman, which announced the forthcoming edition by the students. His school nickname is "Jumbo" and this is the title he was given in the story and the accompanying photograph. Roy took to the newspaper making like a duck to water from the time he first did reporting for The Hesperian. The fact that he was chosen as editor-in-chief of The Austin newspaper on students' day is taken to mean that he is one of the outstanding members of his class.

Following the close of school early in June, he will return to Floydada for a rest and visit with his parents. He has been offered a place with The Hesperian and is also considering another position.

## Visitors Report Building Boom on at Matador

Matador is on a building boom, business men and residents of Floydada, who have recently visited that city, report. Buildings are either under construction, contracted or imminently contemplated, that will cost in excess of \$100,000.

Among these is the new Masonic home to cost about \$20,000, the new Methodist Church to cost \$16,000 and two or three business houses. Several of the most imposing residences in this portion of the state are to be constructed there this summer also.

## JACK DOSS, OF RALLS, WINS IN FIGHT WITH FLANNIGAN

Jack Doss, Ralls welter-weight, won the popular decision over Spike Flannigan, Oklahoma City puncher, at the Crystal Theatre in Ralls Monday night. It was an eight-round go, under the auspices of the American Legion.

Several local men attended the fight. Ben Roberts was referee.

Doss had the best of five rounds, drew one round and Flannigan was given the other two.

## HEARING ON PAVING PROPOSAL

Hearings are being held today by the city at the city offices on the paving proposals, the program for which includes nine blocks in the business district and adjacent blocks.

## TIME EXTENDED FOR FILING BRIEFS IN T. P. & G. CASE

Time for filing briefs in the case of the Texas, Panhandle & Gulf railway proposal, has been extended to June 1, according to reports. The briefs were to have been filed on May 20.

Five petitions for permits to construct railways in or into the panhandle and south plains are consolidated in the case.

## Voluntary Ass'n Maintains Floydada Cemetery With Funds Contributed

(An Editorial) The only means available at this time for the maintenance of Floydada Cemetery is through funds obtained from voluntary subscribers. Floydada Cemetery Association is an organization which works, without profit to anyone, to keep Floydada Cemetery clean and sightly. Its funds are obtained through dues assessed against persons who voluntarily subscribe their names for the purpose.

This association plans next week to renew and new sub-association, and the will put a sexton to

## Quanah Line Excepts To Proposal Of Examiner

Frisco Subsidiary Insists on Building Permit to South Plains In Its Own Right

Insisting on its own right to extend from MacBain to Floydada, the Quanah Line Monday of this week filed exceptions with the Interstate Commerce Commission to the report of Examiner E. C. Boles, in which the examiner recommended that the T. P. & G. acquire in fee or by trackage rights the use of the Quanah Route in the railway construction program outlined for the South Plains territory. The Quanah Line, the exceptions noted, does not want to sell out to the Texas, Panhandle & Gulf, insisting that more than 20 years ago the Quanah road began construction that would give the South Plains railway facilities. The brief of exceptions was filed by Cecil H. Smith, general counsel of the line. "Before the other roads had their dreams the Quanah road spent its money," according to the newspaper stories carried Tuesday setting forth the main features of the exceptions taken to the Boles report. The Quanah's objective is the Mexican border, the brief states.

Objection is taken to the examiner's report as to the consolidation of the Quanah road and the T. P. & G., because it destroys the ultimate plans of the Quanah and amounts to a confiscation of its property, the argument states. "The underlying idea of the report seems to be for the Quanah road to sell out and quit business. But the Quanah road does not want to sell out, and if it did, it is questionable whether it would get for its road what it knows it to be worth," the exceptions recite.

All briefs of exceptions, five in number, are required to be filed by June 1. The Quanah is the first to file its statement.

## Big Singing Convention In City June 5 and 6

One hundred one-of-town singers are expected to be present at the Floyd County Singers Convention, which will hold its regular session in the city June 5 and 6. Oklahoma, New Mexico, Eastern and Northeastern Texas, as well as various portions of the West and Plains sections will have representatives at the Convention, according to Clifford Tabbs, secretary. Special quartettes, including the V. O. Stamps Quartette from Jacksonville, another from Spur, perhaps Abilene and other towns are listed among the features for the two-day session.

Arrangements to care for the singer-visitors in private homes is being made, and the Convention will, it is believed, be held at the school auditorium.

## KITCHEN TOUR THIS AFTERNOON TO BE MADE BY MANY PEOPLE

Many people from over Floyd County, including a number of Floydada people, are expected to make the Kitchen Tour sponsored by Miss Blanche Bass and the County Home Demonstration Clubs, this afternoon.

Three kitchens will be visited in the rounds, all in Sand Hill Community. That of Mrs. W. E. Miller, state winner in 1925, will be first, and from this home the caravan will go to the homes of Mrs. Tom McLain and Mrs. Arthur Womack, respective county winners in Classes II and I.

Before returning to their homes these who go on the tour will stop at Sand Hill school house for refreshments and a brief program.

The entire trip will require only a few hours time, and promises to be of great interest.

## BELIEVES WHEAT CROP OVER-ESTIMATED IN THE PANHANDLE

Will McGehee, of Lockney, who was in Floydada Tuesday on business, expressed the belief while here that wheat over the panhandle, or at least in Floyd County, is somewhat over-estimated generally.

"Prospects look good for at least a fair crop," Mr. McGehee said, "But prospects generally do not look like the tremendous production predicted by newspaper writers and millers."

Some of the wheat is going to be needed rain almost at once, although, of course, much of the county has all the rain needed for awhile, is Mr. McGehee's opinion.

work to cleaning up the cemetery. Contributors in Floydada are urged to make it easy for these volunteers to obtain annual dues. Non-residents, who are readers of The Hesperian, and who feel sufficiently interested are asked to mail \$3 for annual dues to the association. Proper receipts are issued and an accounting of funds expended is given at any time.

Floydada Cemetery belongs to the public forever. It cannot be maintained any other way than through voluntary contributions, so far as we know. If you would be loyal to the memory of your dead who now rest within its confines, pay the nominal dues asked and aid in cleaning up the cemetery further beautifying it.

### PAVING HELPS WONDERFULLY

The paving Floydada is preparing to do is going to add 100 per cent to the appearance of the business district, and it is to be regretted that the prospects are not good for an extension of this paving program into the residential sections, especially on the streets leading to the highways. The business section here looks good. It will look 50 per cent better when the paving that is contracted, is completed.

"Lift Floydada out of the mud" might well be taken as the business man's slogan until more paving is done. Paving is the cheapest improvement that can be done in a city, and it adds more per front foot to the value of the property than any other form of public improvement.

### TREES ADD DISTINCTION

For a good many years Floydada has been looked upon as the most backward community in the south plains in the matter of pretty shade trees, and justly so, we sometimes think. True enough, a few home owners early planted good varieties of trees and have kept them well cared for, with the result that many homes have pretty trees, adding greatly to the distinction and attractiveness of these premises.

But until two or three years ago, it seemed impossible to get a whole street of home-owners to grace their homes with shade trees, or if so, some of them would have hard luck and lose their trees from disease or poor care. But this spring many streets are beginning to look different. Home-owners are seeing the fruits of proper care for their trees the past two or three years, with the result that these streets seem more restful to the eye, less barren and more like the homes of people who have decided to "stay put" for awhile.

### CITY OF ROSES

Every town on the plains would like to be called "The City of Roses." A few years since it was found that roses grow and bloom wonderfully in the plains country, and at once the many beautiful varieties of roses began to take the place of the old-fashioned yellow rose that bloomed a few weeks early in the spring and then ceased to bloom for the rest of the year.

Some of the prettiest rose gardens we have seen are in Floydada. Their growth and cultivation is a distinct addition to the beauty of the premises they grace.

### COMMUNITY OF EFFORT

Working through the years one looks back in a cursory way and wonders if the efforts put forth in private and public ways have been productive of as much good as they should have; wonder, after all, had the nature of events been allowed to take their course, if just as much development would have taken place, if the sum total of human happiness would not have been just as great.

However, a more careful survey of the past years, a summary, at it were, of the things accomplished, furnishes proof that the efforts put forth have not been entirely fruitless. Counting the things that have been done because of community of effort that would have been left undone had only individual effort been put forth, one is convinced that community of effort, by whatever name, is a valuable asset to a community and the surrounding communities, adding to the general welfare, broadening the individual, and raising the standards in every respect. Community effort pays good dividends.

### WHAT IS A CHAMBER OF COMMERCE?

See how well the following definition of a chamber of commerce fits in with your conception of the term. This definition is given by Hollis B. Moore, now of Bellevue, former Floydada boy:

The chamber of commerce is the voice of the city and county.

It reflects the ideals of the community.

It gives direction to the aims of the citizenship.

It combines the efforts of those who think in terms of helpfulness.

It reduces unorganized elements to an organized unit.

It speaks in defense of the good name of the city and county.

It defends the city against the trader.

It is the spotlight that reveals activities that are worthy.

It pleads in behalf of the voiceless.

It is the center of worth-while enterprise.

It is the magnet that draws the outside world to your midst.

It is the clearing house of civic pride.

It is the power house of progress.

It is a composite picture of a city or county as its citizenship would have it.

Geo. W. Gartman, of Goldthwaite, was here from Saturday to Monday on business. Mr. Gartman spent last year in Floydada engaged in the piano business. A big oat crop is ready to cut in the Goldthwaite country, he said while here.

W. B. Hall, who has been employed as cashier at the Slaton office of the Santa Fe, has returned home to spend his vacation.

## VANOGRAMS

By Van

The hand embroidered, fur lined bath tub shood bye awl meens go to the hi skool gradyoueight from the ole hoam town who sint us a invitashun ann sed knot ter sind thim a thing for the faver, alsow dunn!

Speekin of bottled korn, a feller 'lows "2 pints make 1 quart, 1 quart makes 1 wild."

News itim:—votes to incorporate, 2 to 1. Peers as how their shood be mowwer peepul n it than that ad thay'd nkorporate.

Inn the naberhood of 70,000 peoples saw this year's Kentucky Derby. Now, who'd a thunk sich funny hats is all that populer!

"Here, take this match and strike out," replied the "old man" to his daughter's boy friend.

"Waiting"—a wurd quite frequently herd during the middle of a telephonic conversashun.

Their is sum trees long the sidewalk of this town that air axually crowding the sidewalkableness off 2-wards the owners home—that is 'less 1 iz very stunted in growth!

## Saw-Scenes

Man trying to hide fact that water from fountain on court house lawn did not get all over (almost) his face, also spectacles, as he stopped to get a drink.

Family honking car at dad as they passed him on their way home.

Man walking in middle of road and his horse following directly behind as if being led.

Town clock stopped for about three hours Saturday morning.

Girl "returning" magazine to neighbor she had never borrowed.

Woman having husband come to their home on second block from business district and crank car so she could go to town!

Boy climbing locust tree to get blooms therefrom for bouquet.

## This and That

Kansas rabbits will be imported into the plains of Texas for coursing events because they have more speed, is the gist of a story appearing in the newspapers. West Texas has the fastest jackrabbits in the world. So fast they can't be caught. So they send to Kansas for rabbits that are faster than the old broken down rabbits in this section that can be caught.

Lynch Davidson says enough of his planks were used in Dan Moody's platform to entitle Dan to the wholesale discount.

The way a lot of Dan Moody men are looking at it, he is the man for the governor's job but they will be glad to vote for Davidson to beat the Ferguson's. The Davidson men mainly look at it the same way, it seems.

Jim, the water and kindling totter for governor, says the way things now stand his wife will carry 225 counties.

These big wheat predictions the daily press are carrying, give us the thumps. We so badly want to see this two million bushel wheat crop materialize that we'd like for everybody to hold his breath for another forty-five days.

Max Bentley's report in the Star-Telegram, reprinted this week, will be interesting reading to Floyd County people. Floyd County led the field in 1924 by 600,000 bushels. Mr. Bentley has probably investigated more closely than we have, but we have been of the opinion that the acreage in this county this year is somewhat less than in 1924. He gives it as an increase.

So many graduates this year from the seventh grade in Floydada Public Schools they can't find room for all them on the auditorium stage.

For some reason, much of the wheat in this section is going to be earlier than usual this year. Many crops are in full head and will fill out the grain on the moisture now in the ground.

Only a single series of Summer Normal institutes has been authorized by the State Department of Education, it is stated, and these only at the State Teachers' Colleges, the report states.

## Blanco News

Blanco, May 18.—Our school is out Friday. We will have a program by school pupils Thursday night and play Friday night, to which the public is invited. Misses Alexander and Snider have taught us a good school, we think.

Earl Rogers and family spent the week-end with her parents, Mr. and Mrs. Tom Millican, at Acuff, who returned home with them for a short visit.

Mr. and Mrs. P. E. McCarty had a telegram that his father was very sick at Fort Worth last Tuesday. They left at once and returned home Saturday, leaving Mr. McCarty some better but still pretty sick.

W. F. Farley had a very fine milk cow to die a few days ago.

Grandma Smith is visiting in the home of her son, W. V. Smith, this week. Mr. Smith is working at the Central Filling Station in town this week.

Farmers of this community are surely taking advantage of the fine sunny weather we are having by planting cotton and feed. It looks now like spring really has come at last.

Rev. J. W. Dalton and children went to Fairview last Sunday, where he preached at 11 o'clock.

Horace G. Moore has been invited to attend the annual feast of the Order of Book Fellows in Chicago on May 26. Mr. Moore will probably not attend the meeting of writers because of his duties in school.

C. E. Wells, of the north part of the county, was in Floydada transacting business Monday.

# Everybody says "It costs so little to Own and to Operate"

Although it is bigger and more rugged than other low-priced cars, Chevrolet has a world wide reputation of costing less to own and to operate!

This reputation has been won, first, by the longer life, slower depreciation, and freedom from repair that result from Chevrolet's modern design—and, second, by the oil and gas economy of Chevrolet's powerful valve-in-head motor.

Hundreds of thousands of Chevrolet owners will tell you this car is not only powerful, speedy, comfortable and smart appearing—but that you can enjoy its exclusive advantages at a cost which is lower than you imagine. Come in—get a demonstration and let us show why this is true.

**SATURDAY, MAY 22nd**

**HEINZ**  
CHILI  
SAUCE

Since 1869 H. J. Heinz Co. has been noted for the 57 varieties they pack and to-day it is the most widely known brand of merchandise in the world. The 57 varieties can be found on the shelves of the leading Grocery Stores in all four corners of the globe. So widely known are the 57 varieties that you can approach most any school boy in any hamlet or city in the country and ask him what 57 stands for, and he will readily answer, "Heinz." It is a name known wherever civilization reaches. To-day H. J. Heinz

Company sells the entire produce of 125,000 acres, employ 100,000 harvest workers and besides the main plant at Pittsburg, they have 58 sales and branch houses and 70 foreign agencies.

Mr. W. P. Blanton, factory representative, will be with us all day Saturday and demonstrate the entire line. He will have souvenirs for the kiddies.

Mr. Williams Luce the best known coffee man in Fort Smith, Arkansas will demonstrate the excellent flavor of Gold Plume Coffee during the day.

## Allmon News

Allmon, May 17.—We are all enjoying these warm, sunny days.

School Closes, Has Picnic

Our school closed Friday with an all-day picnic. We met at the school house that morning about 11 o'clock, and went to the home of Grandma Allmon, for whom our school is named. Here Rev. Strong of Petersburg gave a splendid talk. He paid a beautiful tribute to our teachers, who have been so faithful and loyal to their duties. He also gave some good advice to parents and pupils, stressing how necessary it is that parents co-operate with the teacher.

At noon a bountiful lunch was spread picnic style; this was thoroughly enjoyed by every one.

Miss Brewer presented the play, "A Couple of Country Kids." Each one knew and acted his part so well that the play seemed almost perfect.

Mr. and Mrs. Clarence Gamble were Lubbock visitors Saturday.

H. H. Graham and family visited in the Roseland community Sunday.

Miss Brewer left Sunday for her home in Quitman.

## LEE HIGHWAY LUNCHEON

A Lee Highway luncheon will be held Monday at the Commercial Hotel, according to Secretary Eddie Bishop. It is desired to have a large representation present on that day, which is the regular time for the bimonthly meeting of the Luncheon Club.

Mrs. E. F. Connell and son, George, of Hereford, and daughter, Mrs. J. L. Trussell and baby of Brownwood have been visiting with Mr. and Mrs. Ira A. Connell.

## CHEVROLET PLANS EXPANSION PROGRAM OF HUGE PROPORTIONS

Detroit, Mich. May 18.—The largest expansion program in the history of Chevrolet Motor Company involving the expenditure of \$10,000,000 and increasing the company's production facilities to a peak capacity of 1,000,000 cars per year, will be inaugurated June 1, according to an announcement made by W. S. Knudsen, President and general manager of the Chevrolet Motor company.

Building plans have been completed, machinery ordered and by Jan. 1, 1927, the company will be fully prepared to build 1,000,000 Chevrolet cars during the coming year.

Under the new program, company employees numbering 20,000 during full time operation, will be increased proportionally.

Closed body production facilities will be 750,000 annually, constituting 75 per cent of the total production of Chevrolet cars.

Sixty per cent of the \$10,000,000 will be spent in installing improved machinery and equipment of the most modern type and the remainder will be expended in erecting additions to various plants of the company in the United States.

## Dr. S. M. Johnson Reports Cross-Continent Trip

Running Time Washington to San Diego Seven Days on Lee Highway, Says Assn. President.

Washington, D. C., May 8.—"The average of Lee Highway from the Zero Milestone in Washington, D. C. to the Pacific Milestone in San Diego, California is higher for safety, comfort and economic operation of motor-vehicles than is the average of the streets of Washington" was the statement of Dr. S. M. Johnson who returned from San Diego by train arriving in Washington yesterday. Dr. Johnson, accompanied by Jas. A. Whitcomb, a capitalist of New York and Major I. C. Barber, holding meetings in the interest of the Association in 33 towns and spending two days at the sixth annual convention of Lee Highway Association at Frederick, Oklahoma April 20-22 and arriving at San Diego April 29. The actual running time for the cross-continent trip was seven days.

With the exception of a comparatively short stretch of primitive wagon-trail in western Arkansas, Lee Highway is a well graded and drained road throughout. In response to Dr. Johnson's call to the local Chambers of Commerce a bridge that was lacking was built within a week of the call and citizens of the region between Hot Springs and Dierks, Arkansas are now organizing in answer to his call to "build a road in a day," so that soon the only section of Lee Highway left unimproved will be put in condition.

"We found only 14 miles of rough road between Washington and Hot Springs, Arkansas," said Dr. Johnson "and that was southwest of Roanoke, Va. on a new grade where a \$35,000 a mile road is under construction. From Hot Springs to San Diego we found only eight miles of slow going, on a plank road across the sand-dunes in California just west of Yuma, Arizona, where the State is now building an 18-foot concrete road.

"In southwest Oklahoma, however, we were unfortunate enough to encounter the heaviest rain in 30 years. We were going over a splendid class A, grade, smooth as concrete, but while the rain did not make heavy going and we did not put on chains, our car did the Charleston on the slippery surface. There was no danger as the grade was wide, but we slowed down to five miles an hour. We used this as the basis of our appeal to Oklahoma to hard-surface this section, with a probably favorable result."

"Our convention was most successful, the auditorium seating 1200 not being able to accommodate the delegates. We dedicated a new bridge across Red River connecting Oklahoma and Texas, the bridge a mile in length, built for Lee Highway and the only free from toll bridge in all the 1400 mile length of Red River. Every community from Washington to San Diego is strong for Lee Highway Association and believes that Lee Highway is destined to be the most traveled road in the country."

## INSTALLING CITY WELL PUMP

Bill Ineman, of Hereford, driller with D. L. McDonald, water engineer, is here this week installing the Layne pump for the new city well, completed last fall.

Following the completion of the installation, the well will be put on test and will be ready for the city to hook into the city water system in approximately two weeks, Mr. Ineman states.

Mrs. Grace Bass and daughter, Miss Blanche, visited their son and brother at Munday over the past week-end; Mrs. Bass remained there for a further visit.

Flynn Thagard has succeeded J. B. Bishop as head of the parts department at Barker Brothers Motor Co., following the resignation of J. B., who hasn't yet announced his plans for the future.

Miss Maude Lee returned to the home of her parents at Clyde Monday after an extended visit with her sister, Mrs. B. F. McIntosh.

## FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. Neglect of these symptoms might result in a sick spell, therefore the sensible course is to take a dose or two of Herbine. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by all Drug Stores.

## STAR PARASITE REMOVER

A GREAT POULTRY REMEDY  
Given fowls in drinking water or mixed in feed thoroughly rid them of all blood-sucking parasites, including lice, mites, ticks, and other insects. Its formula is sulphur and other ingredients known remedies for improving the appetite, purifying the blood, toning the system and preventing disease. Better prevent than try to cure. Contains no alcohol or poison. Can be given to all kinds of chicks, old fowls and turkeys, any kind of weather with good results.

Its cost is very small—one dollar bottle will last 100 fowls more than 100 days. The manufacturers are anxious for all poultry raisers to try it 60 days at their risk on the following conditions: After using 60 days if your flock has not improved in health, produced more eggs—signs that hatch stronger and thrifter young chicks—come back to your dealer—he is authorized to refund you money.

### News of County Home Demonstration Clubs

#### JUDGING IN DRESS CONTEST POSTPONED UNTIL MAY 29

The Dress Contest judging for Floyd County Home Demonstration Clubs has been postponed until May 29, according to Miss Blanche Bass, county home demonstration agent. It was to have been held Saturday of this week, but inability of some of the Club members to participate on that day has caused the postponement.

House dresses and cook aprons will be judged from eight Women's Clubs. Miss Juanita Spott, District Agent from College Station, will be in the city as one of the judges; she will be assisted by Miss Bass, Miss Gladys Short, Hale County Home Demonstration Agent, and Mrs. Joubert Clements, home economics teacher in Floydada High School.

Women entering the Contest are requested to bring their dresses and aprons to the office of Miss Bass prior to the day set for judging.

#### BLANCO CLUB

Our president, Mrs. L. C. Wheeler, had a call meeting at her home Monday afternoon, at which time the menu to be served next Saturday, May 22, in Floydada was decided upon. It will be baked chicken and dressing, chowchow, creamed potatoes, fruit salad, pie, cake and ice tea. Each member was assigned her part to prepare, after which Mrs. Wheeler, with the assistance of some of the members, made three different kinds of candy which, with the addition of apples, was thoroughly enjoyed by young and old.

Twelve or thirteen ladies were present. So glad Mrs. Hooten was able to meet with us again. We hope to turn out 100 per cent Thursday on the inspection of the kitchens winning in the contest.

#### LONE STAR 4H GIRLS CLUB

The Lone Star Girls' 4H Home Demonstration Club met Wednesday, May 12, at the home of Mrs. Workman. Miss Bass was present, but there were only four members present. Miss Bass taught us another needle-work, the "beanmoda baggy." After our lesson in needle work, we went to the kitchen and made soup and served it.

When lunch was finished, we returned to our room and talked further about the sewing. Miss Bass next taught us how to make the set-in-pockets, after which the way to make dresses for the garments for the Contest.

It was decided to meet at the home of Mrs. Albert King at 1 o'clock for the next meeting. We urge all Club members to be present and have another good meeting as the one we had at Mrs. Workman's. The members will make biscuits and talk more about the Clothing Contest. Even though you know how to make biscuits, come and be with us.

#### HARMONY CLUB

The Demonstration Club met May 14 with Mrs. O. H. Heard as hostess. Miss Bass gave the salad demonstration; this proved very interesting, as most of the salads were made of materials found in nearly all homes, but things that many have not thought of combining with other foods and making delicious salads.

Another part of the afternoon's work that was especially good was the various attractive methods which were used in serving the salads. There will be no regular meeting on Wednesday, May 16, as the entire Club is planning to go on the Kitchen tour on Thursday, May 20.

#### IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by all Drug Stores.

#### RE-TIRE UR CAR WITH BUCKEYES!

30x3½ cord with tube at \$12.50  
30x3½ Fabrics, with tube \$11.50  
Michelin 30x3½ casings at \$13.00  
Beginning May 15, passengers desiring to go to Matador or Roaring Springs may arrange for trip at this station.

#### MAGNOLIA FILLING STATION

#### WE GIVE—

ONE SET OF YOUREX TEASPOONS

#### Absolutely Free

With each wedding ring sold.

WILSON KIMBLE Optical & Jewelry Co. Floydada, Texas

#### PROVIDENCE CLUB

The Providence Club met at their Club room on April 27. Miss Bass was present, made and served juncket and marguerites; we all enjoyed them very much. Most of our program members were absent, but Miss Bass called on several others to take their places. Our lesson was quite interesting.

There were fourteen members present and one visitor. Each member was asked to bring a tea towel or hand towel or such article as is needed at our Club room.

A committee was appointed to buy several utensils needed in the Club room demonstration lessons. We hope to have our Club room complete in a few more weeks.

Remember to come to our meetings, and enjoy these good lessons we have and watch our Club grow. We are glad to entertain all the visitors who wish to come.

The Club met on May 11 at 3 o'clock. Our agent and also president were both absent, but the vice-president being present, we had a business meeting and voted to have the salad lesson next time—May 25.

There were fourteen present and two visitors; and we enrolled five new members as follows: Mrs. J. W. Hamilton, Mrs. J. W. Carter, Mrs. R. L. Brown, Mrs. A. B. Cunningham and Miss Jewel Carter. Mrs. Jones and daughters were the visitors.

Each member answered roll call with her favorite salad recipe.

We feel like complimenting the committee that was elected to buy different utensils and things for our Club room, as they selected. Some very pretty and useful articles for use in our Club room, some pretty hand and tea towels and a few dishes have been donated, all of which helps in furnishing the Club room, which is our 1926 project. We feel proud of how some have brought such pretty things to help and hope others will do the same.

We had a big May 14, the last day of school. Had a big ball game in the afternoon and the ladies made and sold ice cream both afternoon and night to a large crowd; got about \$20 more to put in our treasury, and then had a fine program given by the school, also a good play by the ladies, which was very much enjoyed by all.

Every one come to our next meeting and meet our District Agent, who will be present.

#### MAYVIEW CLUB

We met with Mrs. T. J. Campbell Monday, May 17. All enjoyed the evening very much. We made three or four different kinds of salad and discussed several other subjects. It was finally decided to have a demonstration with the steam pressure cooker next meeting, which will be with Mrs. R. W. Lotspeich; but all remember it will be three weeks off, as there are five Mondays in this month.

The boiled salad dressing recipe is being given for the benefit of those who did not get it at the Club's meeting:

3 tb. butter, 3 tb. flour, 3 tb. sugar, 1 tsp. salt, 2 egg yolks, ½ cup vinegar, 1 cup milk.  
Cheese and pimento salad: 2½ apples, 4 pickles, 10 crackers, ¼ lb. cheese, 1 can pimentos.  
The biscuit recipe given is as follows: 2 cups flour, ½ tsp. salt, 3 to 4 tsp. baking powder, ¾ cup sweet milk, 2 tb. fat.

#### Mayview Girls' Demonstration Club

The regular Club meeting was held at the home of Mrs. T. J. Campbell May 17. All members were present.

The girls worked on the tea towels and hot dish holders. They intend to have them completed by the next meeting.

Members will work on their aprons and caps at the next meeting, which will be held at Mrs. R. W. Lotspeich's.

#### Lone Star News

Lone Star, May 18.—J. W. Kolb, who was principal of the Lone Star School this year, was chosen as principal for another year, but he went to Lubbock and got a school near there, where he and his wife could both teach. He then came back to Lone Star and resigned his position.

There was much sorrow over the community about his not teaching here another year.

## Floydada Public School News

Ben Ayres Editor-in-Chief

SPONSORED BY THE ENGLISH DEPARTMENT FLOYDADA HIGH SCHOOL

We have made a careful check on all people who entered the senior class so that they might not fail. We simply wish to be human, but there is no excuse for people wasting time and not doing the work required of them. Commencement is not the time for one to regret the lack of study.

There will be a percentage of failures in all grades and we intend to see to it that this work is properly made up before entering the next grade.

#### Year's Honor Roll Pupils

Seniors: Gertrude Davis—93.53, Ethel Rhoades—93.2, Hal Scott—93.16, Arie Gamble—91.72, Betty Lewis—90.6.  
Juniors: Ina Mickey 94.96, Ben Ayres—93.41, Margaret Henson 91.12, Thelda Mickey—90.76, Oliver Holmes—90.6, Arvil Smith—90.44, W. B. May—90.4.

Sophomores: Ila Wright—90.84.  
Freshmen: Ruth Stegall—94, R. V. Husky—92.32, Oneta Carter—91.84, Winifred Newsome—91, Virginia Meachum—90.6, Ruth Jenkins—90.28, Margie Norton—90.2.

Averages of grades of Honor Students of each class: Seniors, 92.442; Juniors, 91.67; Freshmen, 91.462; Sophomores, 90.84.

These are the averages of students making above 90 throughout the year. The class averages for honor roll students are also shown.

Harper Scoggins.

#### 7th Grade Commencement Program Thursday, May 20, 8:30 p. m.

The Hoot Owl—Play by members of class.  
Salutatory—Jesse Mae Wood.  
Song—Class.  
Welcome to High School—Elmer Cummings.

Valedictory—Clayton Fuller.  
Presentation of Diplomas—Superintendent J. C. Wester.

#### Class Honor Students

The honor students in the Grammar School graduating class for this year are as follows: Clayton Fuller, valedictorian; Jesse Mae Wood, Salutatorian.

In looking over the averages of grades it will be noticed that the junior and freshmen classes tied for first place in number of students having an average of 90 or over for the entire year. It is also to be noticed that the freshmen class, although smaller than the sophomore class, beat it by a huge margin in both average standing of honor students, and in number of honor students, the sophomore class having but one member on the honor roll for the entire year.

Every year, in spite of the attempts of the faculty to prevent it, there are a certain number of Seniors who either fail completely, or have to be pushed over the line, barely making the grade and graduating. It is often necessary for teachers to give tests over several times before these students manage to pass on them. Undoubtedly it is a very sad occurrence for a senior to fail to pass or graduate at the last minute, but they should think of it about nine months earlier than they usually do.

Mr. Wester asks that parents, relatives or friends kindly refrain from sending up flowers to members of either the grammar or high school class on the night they graduate. He says that it is quite common in places where this custom is followed for the class dumbbell to receive more flowers than the valedictorian, and furthermore it is a very expensive custom in this country where most flowers for this purpose must be bought from a greenhouse.

#### PERSONALS

Miss Joye Mills, who was head of the English department last year, visited with Miss Robert over the week-end, leaving Tuesday morning for her home at Tullia. Miss Mills is now teaching English and Dramatics at Arapahoe, Colorado.

A Latin dinner was given to both Latin I and Latin II classes, on Friday evening of last week.

The following menu was served: Baked hen, fruit salad, pickles, gravy and dressing, ice tea, pie a la mode.

#### SPANISH CLUB PICNIC

The Spanish I Club went on a trip to the canyon Wednesday of last week. They left the school house about 3:30 and arrived at the Canyon at about 4 o'clock, accompanied by a light shower. An excellent time was had, and after eating miscellaneous rations they returned to town, arriving at about 8 o'clock.

The 10 L. English Class went on a trip to the Canyon last Thursday. About fifteen people went along, including Mr. Scoggins. As is usual in such instances, everybody had a good time.

Monday afternoon the junior class carried their play "Job 13" to Post, and the baseball team went along to return a game to Post. We lost the game, a seven-inning one, by a score of 2-3, and took in about \$35.00 on the play all of which will go to Post High School.

First grade—Jack Stansell.  
High 2nd—John Kimble.  
Low 3rd—Dorothy Thurmon.  
Low 4th—Maxine Finley, Ruth Rod-dam.

High 4th—J. T. Williams.  
High 5th—Alpha Boothe, Joe Boothe, Samuel Rutledge, Elton Goen, Faye Newell.

#### SOUTH WARD TEACHERS SPEND THEIR VACATION AS FOLLOWS

Miss Maud Williams goes to Canyon Friday afternoon, and soon afterwards will leave for Dallas or California. Her decision will be made while in Canyon. Mrs. J. M. Parsons will teach a summer school of 8 weeks here in Floydada.

Miss Emma Lou McKinney plans to visit in Abilene a part of the summer. Miss Myrtle Terry goes to Pecos for a visit, then on to Alpine to attend Sul Ross College.

Mrs. A. H. Thornton plans to do work in Boulder, Colo. But on account of illness in the family may stay in Lubbock and go to Tech College and visit in Colorado later.

Mrs. Truett Butler will visit in Canyon with her parents just after school closes.

Mrs. Klebold will spend the summer at home in Floydada.

Mrs. J. N. Johnston plans to visit her homefolks at Newcastle for a month or more immediately after school closes.

Mrs. Elmer Caudle will leave Saturday morning to visit a week or more with her parents, Mr. and Mrs. W. Hamilton, near Kress.

Miss Ruby Norton will spend a few days in Abilene; the remainder of her vacation will be spent at different points on the plains.

Report Cards Friday at 1 o'clock. Report cards, promotions and certificate of attendance will be given at 1 o'clock Friday afternoon. Pupils must not come to school Thursday or Friday morning.

Pupils will go to their respective rooms at 1 o'clock Friday afternoon.

Picnics  
Mesdames Johnston and Klebold pupils had a picnic at the city park recently, at which paper plates and napkins were used and the lunch served individual style.

The following menu was served to each pupil: two sandwiches, stuffed eggs, pie, cake, ice cream and bananas.

Mrs. Thornton's room went for a picnic Friday afternoon after recess to the trees out by Mr. Massie's home.

A game of ball was enjoyed first, then a picnic supper. Mr. Ryals donated soda pop for the crowd.

Mrs. Elmer Caudle's room enjoyed a picnic at the Frank Stovall home. At 11 o'clock W. O. Jones came to school and the High Second Grade pupils and Mrs. Caudle were loaded on the big truck. In about fifteen minutes they were unloaded at the Stovall home. Mr. and Mrs. Stovall had prepared seats, tables, ice water, a big freezer of cream, and a sumptuous lunch was served. Mr. Ryals sent soda pop for the crowd. And a stacked dish of fried chicken was prepared by Mrs. Stovall.

Fifty-two were present, including the pupils, teachers, Mesdames Lon Davis, C. R. Houston, J. H. Johnston, Orbe Tye, Sam McCleskey, S. B. McCleskey, L. C. McDonald, Wilson Kimble, Miss Lulu Belcher, and the Stovall family.

#### Mayview News

Mayview, May 18.—Mrs. Hodge is visiting with her daughter for a while. All enjoyed the program rendered Sunday evening by the Fairview Epworth League, also Bro. Moore preached a very helpful sermon afterward.

Several of our people attended the baccalaureate sermon Sunday night. Beatrice Davis is spending the week in town.

Mr. and Mrs. Williams left yesterday morning for their home in the eastern part of the state.

#### SHERIFF'S SALE

THE STATE OF TEXAS, County of Floyd. NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, on the 6th day of April 1926, by G. C. Tubbs, District Clerk of said Floyd County, Texas for the sum of Five Hundred Ninety Three and 10/100 Dollars and cost of suit, under a Judgment, in favor of J. M. Willson in a certain cause in said Court, No. 1756 and styled J. M. Willson vs. J. E. Eubank and placed in my hands for service, I, J. R. Maddox as Sheriff of Floyd County, Texas, did, on the 4th day of May 1926, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to wit: The East half of Lot No. 13 and all of Lot No. 12 in Block No. 108 in the Town of Floydada, Texas, and levied upon on the property of J. E. Eubank and that on the first Tuesday in June 1926, the same being the 1st day of said month, at the Court House door, of Floyd County, in the Town of Floydada, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said J. E. Eubank.

And in compliance with law, I give

this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said date of sale, in the Floyd County Hesperian a newspaper published in Floyd County.

Witness my hand, this 4th day of May 1926. J. R. MADDOX, Sheriff Floyd County, Texas.

Mrs. Fred Bell and children, accompanied by Miss Maude Lee visited in Plainview Friday, last week.

**NOTICE**

I, Burl Bedford, City Secretary of the City of Floydada, Texas, do hereby give notice of the things contained in the following Ordinance:

**ORDINANCE NO. 77**

Ordinance of the City of Floydada, Texas, determining the necessity of levying an assessment against the property and the owners thereof on a portion of Main Street, Missouri Street, Fifth Street, Wall Street and California Street in the City of Floydada, for a part of the cost of improving said streets, and fixing a time for a hearing of the owners or agents of said owners of said property or of any persons interested in said improvements, as provided by Chapter 11, Title 22, Revised Statutes of Texas, of 1911, and the Ordinances of the City of Floydada, and directing the city secretary to give notice of said hearing and examining and approving the statement or report of the City Engineer, and declaring an emergency.

BE IT ORDAINED BY THE CITY OF FLOYDADA: That, whereas, the City Council of the City of Floydada, has heretofore by ordinance duly passed and approved ordered the improvement of the following streets, to-wit:

- Main Street, from the North Property Line of Missouri Street to the South Property Line of Virginia Street.
- Main Street, from the South Property Line of California Street to the North Property Line of Mississippi Street.
- Wall Street, from the South Property Line of California Street to the North Property Line of Mississippi Street.
- Missouri Street, from the West Property Line of Main Street to the West Property Line of Fifth Street.
- California Street, from the West Property Line of Main Street to the West Property Line of Fifth Street.
- Wall Street, from the North Property Line of Missouri Street to the North Property Line of Virginia Street.
- Fifth Street, from the South Property Line of Missouri Street to the North Property Line of California Street.
- Missouri Street, from the East Property Line of Wall Street to the West Property Line of Eighth Street.
- California Street, from the East Property Line of Wall Street to the West Property Line of Eighth Street.

AND, WHEREAS: plans and specifications for the improvement of said streets have been duly prepared and approved as required by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Ordinances of the City of Floydada; and

WHEREAS, as required by said Ordinances and Statutes, after bids for said work of improvement has been made, said work of improvements was let to Earl W. Baker & Company to improve with a two and one-half (2½) inch brick pavement on four and one-half (4½) inch concrete base, including excavating, grading and filling and concrete curbs and gutters and other necessary work in connection therewith, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Floydada and Earl W. Baker & Company for the construction of said improvements;

THEREFORE, BE IT ORDAINED BY THE CITY OF FLOYDADA: That the report or statement of the City Engineer filed with the City Council, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Council does hereby determine to assess the entire cost of curbs, and three-fourths of the cost of all other improvements, against the owners of the property abutting thereon, and against their property, in accordance with the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Ordinances of the City of Floydada. That the said assessment shall be made after the notice to such property owners and all interested persons and the hearing mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners and their property shall be in accordance with the Front Foot Rule or Plan in the proportion that the frontage of the property of each owner bears to the whole frontage of the property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances, the City Council shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said portion of said street, having in view the enhanced value of that property and the benefits derived from such improvements and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable as follows:

One-sixth payable within thirty days after completion and acceptance by City of Floydada, Texas; one-sixth payable one year after said date; one-sixth payable two years after said date; one-sixth payable three years after said date; one-sixth payable four years after said date; one-sixth payable five years from said date, together with interest from said date at the rate of 7 per cent per annum, and reasonable attorney's fees and all costs of collection in case of default. That the total proportionate part of such improvement which is contemplated to be assessed against such owners and their respective properties and the names of the owners of property abutting upon said street aforesaid, properties to be improved, and the description of that property and the several amounts proposed and the description of that property and the several amounts proposed to be assessed against them respectively for paving and for curb and gutter, and the grand total thereof, which said sum does not and shall not in any event exceed three-fourths of the total cost of said improvements, except curbs, is as follows:

# Wheat Harvest in the Panhandle Begins Soon

## 38 Counties of West Texas Expected to Produce 20,000,000 Bushels Wheat

(By Max Bentley, in the Fort Worth Star-Telegram, Sunday, May 16.)

Amarillo, May 15.—If the present condition holds through the harvest, this year's West Texas wheat crop will equal the record-breaking crop of 1919, and there is a chance it will exceed it, though not a very bright chance.

Without another drop of rain the Panhandle-Plains production will equal its 1925 crop, which was 5,500,000 bushels.

The harvest is going to be early this year, from some cause which wheat growers are not entirely able to explain. Combines will move into many fields the last week in May, and by mid-June the greater harvest will be in full swing.

The present condition is practically perfect. It could hardly be better. A conservative estimate on the Plains-Panhandle yield, covering 38 counties, is 20,000,000 bushels, which is based on 1,100,000 acres planted to wheat and producing 18 bushels per acre as a round average.

### They All Say The Same

The above conclusions are drawn from three sources: First, a tour made by the writer; second, talks with farmers as to condition and prospects; and third, talks with millers who are experienced in estimating acreage and yield.

For example, Walter Barlow of the Great West mill, Amarillo, has made a careful county-to-county check for these 38 counties, including the lower tier of Floyd, Hale, Swisher, Castro, Briscoe and Crosby. It is Barlow who estimates the present Plains-Panhandle acreage at 1,100,000 and the yield at 20,000,000 bushels. Barlow's figures indicate a 250,000-acre increase over 1924, when the same territory harvested 12,000,000 bushels.

"I have never seen wheat in finer condition at this stage of the growing season," he said, "and I have never seen the crop more advanced. Normally, with wheat growing so rankly, the harvest should be late, but it is not going to be late. Just why I can't say. It may be that better planting—55 per cent of the fields were Summer fallowed—gave the plant better rootage and caused it to advance rapidly when the March snows set in. I have seen a few fields in Potter, Gray and Swisher Counties which were abandoned, due to winter grass and cut worms, but that is not serious—less than 1 per cent in those counties."

### Predicts a Dollar Price

Barlow is a miller and, therefore could not be expected to enthusiastically predict a \$2 price to wheat farmers; but he is, also a conservative, safe and well-informed man, and what he says about wheat is accepted in the Panhandle as gospel. He said this, as to price:

"The market holds steady. We are now paying the farmer \$1.50 a bushel, but that is for the old crop. I look for the new crop to be marketed at around a dollar—90 cents to \$1.10 is the range I give it—and that is predicted on the certainty of a very large crop for Texas, Oklahoma, Kansas and New Mexico. Texas has about 1,750,000 acres planted in wheat, and I believe we are going to get 30,000,000 bushels. Oklahoma will probably double Texas, while the Kansas production is estimated at from 175,000,000 to 200,000,000 bushels.

"On the other hand, the present condition in the Spring wheat states of the Northwest is unsatisfactory. There is no telling what will happen between now and harvest. Europe, depleted of wheat, may invade the America market in August and buy 200,000,000 bushels; and if so, it will run the price up. Speculators are now paying farmers \$1.10 for July wheat, and it remains to be seen whether they win or lose."

### Leading Counties

Of course, said Barlow, a wheat crop equalling 1919 will bring no such revenue to the farmer as 1919 brought, for then wheat went to \$2.60 a bushel. But, he says, it is going to be a highly profitable crop. Last year's price to the farmer averaged \$1.55.

The indications are that Gray County will take its accustomed place as first in Panhandle wheat production, with Floyd and Hale running a nip-and-tuck race on the South Plains. Each of these three looks good for 2,000,000 bushels. For Carson County, 1,500,000 bushels is conservatively predicted.

Broadly speaking, the Texas wheat belt may be said to lie between the Texas and Pacific and Fort Worth and Denver Railroads with the upper Panhandle added. While West Texas accounts for 75 per cent of the all-Texas wheat yield, that yield is not altogether made in the Panhandle and Plains.

Not by the proverbial jugful. In 1928 eight counties below the caprock and tributary to the Wichita Falls eleva-

tors produced 3,365,532 bushels, and this year, with 650,000 acres planted, and at 18 bushels per acre, they will produce 11,700,000 bushels.

### Records Made in 1924

Counties—	Bushels.
Foard	834,001
Wichita	637,295
Wilbarger	560,231
Hardeman	436,092
Clay	339,459
Taylor	270,333
Knox	174,319
Throckmorton	113,802

Moreover, Archer County, for all of its oil fields, produced 316,457 bushels; Young County 281,764, Taylor County 138,890, Jones County 109,183, and Runnels County 107,000. These 13, plus the Panhandle-Plains, were the only West Texas counties producing more than 100,000 bushels in 1924.

### Plains-Panhandle Production

The following are the Government figures on wheat production in the Plains-Panhandle region for 1924. Add about 80 per cent and you will have a fair indication of this year's yield by counties, in their order—assuming that the present condition holds:

Counties—	Bushels.
Floyd	1,878,988
Hale	1,220,559
Gray	1,060,860
Carson	1,053,812
Ochiltree	890,136
Lipscomb	885,123
Swisher	880,258
Hansford	592,864
Roberts	526,403
Randall	394,438
Sherman	364,881
Deaf Smith	271,406
Crosby	253,977
Castro	235,408
Oldham	231,900
Armstrong	231,318
Hutchinson	150,915
Hemphill	137,826
Wheeler	130,582

First National Bank Building

Childress 102,503  
Potter 102,363  
The foregoing were the 100,000-bushel counties only. All others omitted.

Joe E. Keliher is Hale County's largest wheat grower. While Keliher reckons the present condition of the crop as nearly perfect, he says a period of excessive rains in May might cause damage, the grain shriveling to low grade and the plant going to stalk. "Anything can happen," he said. "We haven't forgotten that the 1924 crop was made after May. What we want now is plenty of sunshine, with a light rain in 10 days and a good shower early in June. Wheat is entering its most critical time. To be harvested with combines the crop must be dead ripe, and a rainy period at that time will simply play the mischief down our way. With ordinary binders one can cut a partly ripe field and allow the grain to mature in the shock—but not with combines."

### Two Wheat Capitals

Amarillo and Plainview are the wheat capitals of West Texas—two of 'em. Walter Barlow confidently predicts a 2,000,000-bushel movement through the Amarillo gateway during July, August, September and October—this will be about 5,000 cars. With its elevator capacity of 550,000 bushels, Amarillo can handle an enormous wheat concentration. Plainview's five elevators have 375,000 bushels capacity, with one, the Harvest Queen, 250,000 bushels. J. B. Wallace, the licensed grain inspector at Plainview, handled 3,600 cars in 1924 and expects to handle 5,000 this year, for Hale, Floyd, Swisher and other South Plains counties.

Amarillo ordinarily handles more wheat than Plainview, but this year the story may be different. A revision of freight rates last October, raising the common point maximum rate 5 cents, and the maximum distance along with it, may have a tendency to send more wheat through the Plainview gateway for inspection.

### Plenty for Many

In either case, however, there will be plenty for both Amarillo and Plainview. Plenty to fill Wichita Falls' 1,100,000-bushel elevators, all of Fort Worth's and Houston's and Galveston's, and some left over.

If West Texas does not raise a wheat

crop exceeding the 12,000,000-bushel mark of 1924, put it down as a real disaster, as crushing and unexpected as the October freeze which nipped the South Plains' cotton crop last year.

### WARNING

Notice is hereby given that my pastures along the caprock and under the hill on Quitaque River have been posted and anyone found trespassing on any of these premises will be prosecuted.

This does not mean that I do not want to be neighborly with the neighbors, but picnickers, hunters, wood haulers and sand haulers have torn down my fences and gates and left them down, shot my cattle and run them out of their ranges along the creeks and river until the cost to me has become so high and the annoyance so great that I am forced to take energetic means to put a stop to it.

This full explanation is made so that the public will understand the situation fully. Picnickers are making a regular playground out of these pastures, coming twenty and thirty miles. Every Sunday the premises are so full of people there isn't any range left for the cattle. With this explanation, please

Although Dallas is obligated to the  
Fort Worth & Denver Railway, Geo. A.  
Lider, member of the executive com-  
mittee of Floydada Chamber of Commerce,  
expressed it as his belief that the Dal-  
las News is to blame for the ill-feel-  
ing which exists against Dallas among  
West Texas towns not in the plans of  
this railway company. He believes The  
News is misinterpreting the stand of  
Dallas Chamber of Commerce on West  
Texas railway construction generally.  
Mr. Lider was one of the members of  
the committee which conferred with  
John Boswell, representative of the  
Dallas Chamber of Commerce here  
Thursday afternoon of last week.

S. N. Tawwater, another member of  
the executive committee in the confer-  
ence, expressed the belief that the ex-  
pressions of Mr. Boswell should be  
taken as a tactful statement that the  
Dallas Chamber of Commerce is un-  
changed in its attitude, and that any  
project which might conflict with the  
Denver's proposals will be fought by  
that body. He and Mr. Lider told the  
local body that the Dallas attitude  
would be made explicit in that city's  
brief, to be filed soon, according to  
their understanding. A copy of this  
brief will be forwarded to Floydada,  
they stated Mr. Boswell promised.

Report from the paving and bridge  
committee also asked for more time,  
this committee having been prevented  
from inspection trips by heavy rains.

J. D. Starks, G. C. Tubbs and R. C.  
Scott spent Tuesday to Wednesday  
night in Wichita Falls attending a  
gathering of Royal Arch Masons. From  
Wichita Postmaster Starks goes to Dal-  
las to a convention of postmasters and  
thence, to Waco before his return.

E. C. Thomas visited in Plainview  
Sunday.

missioner of Precinct Four, subject to  
the Democratic Primary. He will ap-  
preciate your vote and influence.

Dan Day, candidate for Commissioner  
Precinct Four, subject to the Demo-  
cratic Primary, asks your consideration  
for the office.

W. W. Payne, Democratic candidate  
for Commissioner Pre. 4, will appre-  
ciate your vote and influence.

Joe M. Smith will appreciate your  
vote and influence in his race for Com-  
missioner Pre. No. 4, on the Demo-  
cratic Ticket.

J. S. Solomon, Candidate for Justice  
of the Peace Precincts 1 and 4, on the  
Democratic Ticket, will appreciate your  
vote and influence.

C. M. Wilson and Dr. I. W. Hicks  
were business visitors in Lockney Mon-  
day morning. Mr. Wilson leased quar-

ters for a studio while there, and  
expects to visit Lockney weekly for  
sittings.

Mrs. W. R. Dooley and children left  
Sunday for a visit with relatives near  
Denton.

# Firestone TIRE DEALERS

## Serve You Better We Are Tire Specialists

Our experience and equipment help you get the most mileage,  
comfort and safety from tires.

Gum-Dipping—the only known method of insulating every fiber  
of every cord with rubber—gives the strongest construction possible.  
And the special Steam-Welding process makes Firestone tubes both  
leak-proof and long-wearing—further  
increasing the life of the tire.

### We Also Sell and Service Oldfield Tires and Tubes

These well-known tires are built in  
the economical Firestone factories and  
carry the standard guarantee.

We offer them at these low prices.

HIGH PRESSURE CORDS	
30x3 1/2 Regular Cl.	\$10.25
30x3 1/2 Extra Size Cl.	11.40
30x3 1/2 Extra Size S.S.	14.00
31x4 S.S.	18.00
32x4 S.S.	19.20
32x4 1/2 S.S.	23.70
33x4 1/2 S.S.	24.75
33x5 S.S.	31.50

OVER-SIZE BALLOONS	
29x4.40	\$14.05
29x4.75	16.75
30x4.75	17.50
29x4.95	18.55
31x5.25	21.95
32x6.00	25.15

The proof is demonstrated by the  
biggest taxicab and bus fleets—by  
race champions and in everyday  
service of hundreds of thousands of  
motorists.

Let us see that your tires are  
properly mounted, inflated and cared  
for.

We repair your tires, when neces-  
sary, by the new and better Firestone  
method.

Equip your car with these famous  
Gum-Dipped Cords and Steam-  
Welded Tubes. *We will take your  
old tires in trade*, giving you liberal  
allowance for unused mileage.

## Locals and Personals

Judge J. W. Howard, of Storkey, Lee Howard of Floydada, and Homer Howard and son, Homer, Jr., of Lockney, left Sunday for north Texas points to be gone some two weeks on a visit with relatives. They reached the home of Mr. and Mrs. C. W. Howard at Paris Monday. Homer Howard will attend the Postmasters' Convention at Dallas while away.

Ed Burleson of Silvertown, and Roy McMurtry, of Tulia, were business visitors in Floydada Wednesday.

L. H. Earthman, of Amarillo, was a business visitor in Floydada the latter part of last week.

R. T. Stribling, former business manager of the local sanitarium, arrived in the city last Wednesday. He will visit in Matador, Flomot and other near-by communities and return to El Paso Saturday, from which place he is headquarters for a colonization project into Mexico.

E. D. McMurtry and C. C. Garrison, ranchman and sheriff of Briscoe county, respectively, were Floydada visitors last Friday. Mr. Garrison lived south of the city about 25 years ago. Both report conditions good in their county.

Senior Epworth League Program At M. E. Church, May 23, 7:30

Mission Study Sunday. Leader—Georgia Lee Assiter. Song service. Prayer.

Lesson—Romans 1:5-8; 16:25-27, by leader.

Reading—"From Over the Border"—Miss Daltis Rea.

Business—Roma Swain.

Benediction.

### FIRST CHRISTIAN CHURCH

Frank LeRoy Davis, Pastor

The Church yard cleaning was good last Wednesday evening. Had a goodly number present and fine lunch and a good crowd to see the picture of the Holy Land, so kindly loaned us by Prof. Wester. All present enjoyed the pictures very much.

The services last Lord's Day were interesting and well attended and the Sunday School was good also. Services at night, at the Baccalaureate services were fine. The singing was good and the address was very practical and helpful. Glad we were present.

Services next Lord's Day will be as follows: Sunday School at 10 o'clock with Supt. Lon M. Davis in charge. Preaching immediately following. The subject will be "Pentecost" as this will be really Pentecost Lord's Day, that is 50 days after the Crucifixion. At night we are sure we will be able to use the new picture machine. We have ordered it and it has been shipped, and are sure it will be here in time to use it at that time. We have ordered the machine and 2700 Bible pictures, illustrating the various Bible Characters and stories. Have ordered it on approval and if it proves satisfactory will keep it. We feel that it will be a fine thing to visualize the Bible stories and characters.

Weather and roads permitting we will preach at Newland School house next Lord's Day afternoon at 3:30. The subject of the sermon will be "Lot." This is a very interesting character and gives us many practical lessons.

We are anxious to have all the members present Lord's Day, for this is the last Lord's Day before the pastor and wife leave on their vacation. We expect to leave on next Wednesday morning. So be sure and be present at both services.

The committee was appointed last Lord's Day to prepare the children's day program, and it promises to be a good program for it is a good committee and we are sure all of the children will be glad to take part. They are all to meet at the Church tomorrow (Friday) to get their respective parts.

The public in general is invited to attend any and all of the services at the little church with a big welcome.

### METHODIST CHURCH

J. L. Henson, Pastor

Preaching at 11 a. m. and 8:15 p. m. by the pastor.

Sunday School at 9:45 a. m., J. V. Daniel, Supt.

Junior and Intermediate Leagues at 3 p. m.; Senior League at 7:30 p. m.

### FLOYDADA CIRCUIT WEST

J. N. S. Webb, Pastor

Sunday School at 10 a. m., at Sand Hill.

Preaching at 11 a. m., and at 8 p. m., by W. A. Robbins.

The pastor leaves for Vigo Park Charge Saturday, where he is to begin a protracted meeting for Rev. Green B. Patterson on Sunday at 11 a. m.

## Locals and Personals

Rev. R. F. Dunn and wife and Dr. Sam Dunn have been guests in the H. N. Porterfield home. Dr. Dunn has left for New York for three months study.

Dr. C. M. Thacker, Dr. Watt of Quanah and Mr. de Cordova are spending this week fishing near Quanah.

Mr. and Mrs. H. H. Moore and children of Paducah visited his brother, Rev. A. D. Moore, Saturday and Sunday.

Mrs. H. N. Porterfield visited her sister, Mrs. Pat Hardy Flynn, in Plainview this week.

Tom W. Arnold of Turkey returned home Monday after several days visit with his sister, Mrs. A. D. Moore.

BORN—To Mr. and Mrs. B. L. Breed, of Lakeview, May 19, a son.

## BOARD BUYS FURNITURE FOR WARD SCHOOL MONDAY NIGHT

At a called meeting Monday night Floydada School Board purchased shades, desks, assembly chairs and arm chairs for the new ward school now under construction.

Five firms bid on the various kinds of equipment needed. Of these the Southwestern Seating Company was awarded the contract for the shades and the Wichita School Supply Company the contract for the desks and chairs of various kinds, including the assembly chairs for the auditorium-gymnasium.

HARMON AT CONVENTION OF FUNERAL DIRECTORS' ASSN.

Mr. and Mrs. F. C. Harmon and little daughter are in Fort Worth this week attending the convention of the Texas Funeral Directors' Association.

They will likely be absent from home until Saturday or Sunday.

CASE OF SMALLPOX AT CEDAR WILL BE DISMISSED SOON

A daughter of H. J. Mathis, one and a half miles southeast of Cedar, who has smallpox, will be dismissed and the family released from quarantine Saturday, unless some other member of the family develops the disease, Dr. V. Andrews, County Health Officer said Tuesday.

All other members of the family have been vaccinated and precautions taken to prevent the spread of the contagion. Dr. Andrews said.

So far as is known this is the only case of smallpox in the county.

Holmes Brothers Win 2 Games For Lockney Against Post Nine

L. Holmes and E. Holmes, batteries for Lockney, won the first and last games of a series of three games with Post City last Friday, Saturday and Sunday at Post City.

The score of the first game was 2 and 1, of the last game, 13 to 0. The second game was won by Post City by a score of 11 to 0.

Some good ball games are expected to be in order when Post City returns the games to Lockney in the near future.

## Baylor Medical Graduates Include Joe Williams, Hubert Seale

Hubert Seale and Joe Williams, graduates of Floydada High School in 1917 and '18, respectively are among those graduating from the Baylor University College of Medicine at Dallas this year, commencement exercises for which are to be held May 31 at the First Baptist Church of Dallas.

Seale's present home is at Crosciana, where his mother resides; he attended Southern Methodist University before beginning his medical work. Williams is the son of J. S. Williams, now living in Simi, California, and a brother of Miss Maud Williams, teacher at the Floydada Ward School. He was a student at Baylor University, Waco, prior to entering the medical college.

MARRIAGE LICENSES

Licenses to marry issued from the office of County Clerk Clara Lee Scott are the following:

Ben York and Miss Alma Hudgins, May 11.

Frank Hogland and Miss Minnie Southall, May 15.

NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 30c, 60c, and \$1.20. Powder 30c and 60c. Sold by all Drug Stores.

Dr. Lon V. Smith and wife attended a meeting of medical and surgical practitioners at Plainview Saturday, where a large number of doctors and their friends were guests at a luncheon.

## Society and Clubs

Rev. and Mrs. Pat Horton Given Luncheon at Canyon Monday Evening.

A picnic and lunch honoring Rev. and Mrs. Pat Horton was given at the canyon Monday evening by a group of friends. Rev. Horton, former pastor of the local Baptist Church, having preached the baccalaureate sermon of Floydada High seniors Sunday night and stayed over-night and the next day with Mr. and Mrs. Glad Snodgrass.

Those present on the occasion at which was spread "everything good to eat" were Mr. and Mrs. W. L. Fry, Mr. and Mrs. Glad Snodgrass and daughter, Gwendolyn, Mr. and Mrs. Ed Johnson, Mr. and Mrs. E. P. Nelson, Mr. and Mrs. Truett Butler, Mr. and Mrs. H. O. Pope, Mrs. J. V. Daniel and daughter, Mary Catherine, Mrs. Dora Crain, Miss Lela Windsor, and Mr. and Mrs. S. W. Ross and daughter, Mary Anna, of Rochester, Texas.

Gladys Covington Gives Supper.

Miss Gladys Covington was hostess at an informal supper for a small group of companion-friends at the Covington home on South Wall Street last Wednesday evening from 8:30 to 11:30 o'clock.

Victrola and ukelele music, singing and conversation afforded a pleasant means of entertainment for the guests until a late hour, when those present, couple by couple were summoned by the hostess for a sojourn into a special room, sans light save for two lighted candles on a small table; seated at the table, which was artistically decorated and otherwise beautified by carnations in the center, ham sandwiches and pie a la mode were served each individual couple, who remained mum as to the supposed mysteries of the room from which they emerged.

Present for the affair were Misses Lorene Carter, Pauline Stovall, Blanche Bass, Maud Williams, Maurine Andrews of Amarillo, the hostess, and Roy Baxter, Jack Folley, Eddie Bishop and Jeff Welborn.

Embroidery Club to Meet.

The 1922 Embroidery Club will meet Tuesday in an all-day meeting at the home of Mrs. F. P. Henry. The Club has not met for some time, it was stated, but old members are expecting to have regular meetings with the close of school.

Every one intending to be present at the Tuesday meeting is requested to bring a dish of something to eat, dinner to be served cafeteria style.

Mr. and Mrs. R. E. Fry Entertain For Mr. and Mrs. Hugh Dumas, Houston.

Mr. and Mrs. R. E. Fry entertained last Friday from 8:30 to 11:30 in honor of Mr. and Mrs. Hugh Dumas of Houston, Mrs. Dumas being a sister of Mrs. Fry.

Forty-two was played at four tables, and a salad course was served to the following: Mr. and Mrs. C. D. Hopkins, Mr. and Mrs. W. L. Fry, Mr. and Mrs. Joe Day, Mr. and Mrs. Carter Andrews, Mr. and Mrs. A. N. Bratton, Mr. and Mrs. Calvin Steen, Mr. and Mrs. J. B. Bishop, Mrs. Lillie Britton and the honored guests.

## Graders Going On Roads Of Precinct Four Again

Commissioner Payne Tells of Plans for Spring Road Work in Various Portions of District.

Commissioner W. W. Payne, of Precinct Four, gives the following information for people in his district who are interested in his plans for road work this spring:

"Owing to the wet weather we haven't been able to make any headway in road work for the last thirty days. Everybody who knows anything about road-building knows that we cannot make good roads in mud, and all fair-minded, reasonable people know that we cannot get to all the roads at the same time.

"I have my plans laid and intend to grade all the roads in my precinct just as soon as I can get to them. Am glad to say that I have the money in my fund to do it with and then some. We are now grading in the Lakeview Community, which has never been worked but one time in the last three years. This being true, I think they are due their share of the road tax. All roads north of the highway have been gone over twice, and some three times in three years. I am doing my best to give every man a fair deal, regardless of anything, and hope you will be fair and patient. We will get to your road just as soon as we can.

"I am thinking of going off of the country roads just before harvest time for thirty days on account of wheat hauling. Think this will meet with the approval of all who have wheat to market."

Respectfully,  
W. W. Payne.

ORDINANCE NUMBER 78

AN ORDINANCE REGULATING, LICENSING, TAXING AND CONTROLLING CERTAIN OCCUPATIONS WITHIN THE CITY OF FLOYDADA, TEXAS, AND PROVIDING A PENALTY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS: that there shall be levied on and collected from every person, firm, company or association of persons pursuing any of the occupations named in the following subdivisions of this Ordinance, an occupation tax, which shall be paid annually in advance, except where otherwise therein expressly provided, on every occupation or separate establishment, as follows:

Section 1. TRAVELLING VENDORS OF PATENT MEDICINES.—From every travelling person selling patent medicines or other medicines; and establishments commonly known as Medicine Shows, a tax of Five (\$5.00) Dollars per day; provided, this tax shall not apply to commercial travellers or salesmen making sales, or soliciting trade for merchants engaged in the sale of drugs or medicines by wholesale.

Section 2. AUCTIONEERS.—From every auctioneer an annual tax of Forty (\$40.00) Dollars.

Section 3. SHOOTING GALLERY.—From every person or firm keeping a shooting gallery at which a fee is paid or demanded, a tax of Five (\$5.00) Dollars per day.

Section 4. HOBBY HORSES, ETC.—From all persons keeping or using for profit any hobby horse, flying-jenny, merry-go-round, ferris wheel, or device of that character, with or without a name, a tax of Five (\$5.00) Dollars per day.

Section 5. THEATERS.—From every theater or dramatic representation, tent theater, repertoire show, or show of that character with or without a name, a tax of Five (\$5.00) Dollars per day for every day they perform; provided, that theatrical or dramatic representations given by performers for instruction only, or entirely for charitable purposes; or presented by home-talent or local clubs, societies or associations, shall not be herein included; provided, however, that this tax shall not be collected where performances are exhibited in regularly recognized opera houses or theaters; but in lieu of said tax the managers of said opera houses or theaters shall pay an annual occupation tax of Twelve (\$12.50) Dollars and Fifty Cents.

Section 6. CIRCUSES.—From every circus or wild west show wherein, among other acts, broncho-busting, rough riding, equestrian or acrobatic feats are performed or exhibited for which pay for admission is demanded or received, for each day or part thereof on which performances or exhibitions are given a tax of Fifty (\$50.00) Dollars per day.

Section 7. MENAGERIES, MUSSEMS, CARNIVALS, ETC.—From

every menagerie, wax-works, side show or exhibition, whether connected with a circus or not where a separate fee for admission is demanded or received, a tax of Five (\$5.00) Dollars per day.

Provided, that where any carnival, or carnivals, shows, amusements or entertainments are held under the auspices, direction, or control of the American Legion, Chamber of Commerce or other similar organizations in this City, it shall not be necessary for such carnivals, shows or entertainments to pay said tax.

Section 8. ACROBATIC PERFORMANCES.—From every exhibition where acrobatic feats are performed and an admission fee charged for profit, not connected with any circus or theater, a tax of Five (\$5.00) for each performance.

Section 9. SKATING RINKS AND DANCE HALLS.—From every skating rink and dance hall where an admission fee is demanded or received a tax of Twenty Five (\$25.00) Dollars per day.

Section 10. That any person, firm, company or association of persons who shall pursue or follow any occupation, calling or profession that comes within the meaning of this Ordinance without first paying the tax to the City Tax Collector and obtaining a license therefor, shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not to exceed One Hundred (\$100.00) Dollars and each day in violation thereof shall constitute a separate offense.

Section 11. Be it further ordained that any Ordinance or parts of Ordinances in conflict with this Ordinance are hereby repealed and declared of no force or effect.

Section 12. This Ordinance shall be in full force and effect from and after the date of its passage and approval.

Passed and approved this the 12th, day of May, 1926.  
Attest: Burl Bedford, City Secretary.  
(SEAL) F. P. Henry, Mayor.

ORDINANCE NUMBER 79

AN ORDINANCE REGULATING THE LOCATION OF CIRCUSES, CARNIVALS, TENT THEATERS AND SHOWS OF SIMILAR CHARACTER WITHIN THE CITY OF FLOYDADA, TEXAS; AND PROVIDING A PENALTY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS, that

Section 1. It shall be unlawful for

6 miles east of Lockney.

E. E. Wells, Owner

any person, firm, company or association of persons to locate, place or erect any circus tent, theater tent, canvas, corral or any equipment pertaining thereto within five hundred (500) feet of any residence, business house or public building in the said City of Floydada, Texas.

Section 2. Be it further ordained that any person, firm, company or association of persons violating any pro-

vision of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not to exceed One Hundred (\$100.00) Dollars; and each day in violation thereof shall constitute a separate offense.

Section 3. This Ordinance shall be in full force and effect from and after the date of its passage and approval. Passed and approved this the 12th,

day of May, 1926.  
Attest: Burl Bedford, City Secretary.  
(SEAL) F. P. Henry, Mayor.

Mrs. Frank L. Moore and little son, Joe Dick, are visiting in Amarillo this week, guests of her sister, Mrs. W. A. Savage.

Miss Thyra Eubank has accepted a position as bookkeeper with the Community Supply Company.

Tom B. Triplett, owner of the Triplett Pharmacy in Amarillo, has purchased another store, the Lane Drug Store in San Jacinto Heights. W. A. Savage is manager of the suburban store.

S. W. Ross of Rochester, Texas, arrived in the city recently and was accompanied home by his wife, who has been visiting her parents, Mr. and Mrs. W. L. Boerner.
