Burlington Surveying Crew at Quitaque

Crew of Men at Work on Route up Caprock Excites Interest of South Plains

The exploring party of surveyors of the Fort Worth & Denver Railway Company, who have been located just under the caprock this side of Quitaque on the Lockney-Quitaque road since Monday of last week, are working at present on a line that would bring their route up Quitaque Creek and onto the plains through the ranch of Mrs. W. D. Long, in the northeast part of Floyd County.

The party headed by M. A. Stainer, chief engineer of the Denver lines, consists of 15 men, with tents, paraphernalia, trucks and cars. How long they will be there and what their work will disclose as to a "coming up" place is a matter of conjecture, according to W. D. Broome, one of the engineers with the crew who was in Floydada Saturday night.

If their work is successful at the caprock the crew will move east, it is said, and lay out their route from the intersection of the Denver to Quitaque. While officials of the road, so far as appears to be known in this section, have made no announcement of their plans, and will not for a few weeks, those who are connected with the project as workmen or in semi-official capacity, give the impression that the "dirt is going to fly."

People in the section around Quitaque apparently are not over-enthusiastic about the proposal of the Denver. They have their hearts set on the trunk line from Fort Worth westward. The way the crew are pointing their compasses at present in particular is not causing an overamount of enthusiasm on the north side of the river. The crew is working up the hills in a southwestward direction. Northwest is the direction the Quitaque people have their stakes set.

BAPTIST-METHODIST CONTEST GROWS BIG IN INTEREST

Although the Brotherhood Class of the Methodist Church Sunday morning broke all its former records for attendance, the figures for the Baraca Class of the Baptist Church were so large that that class far out-pointed their competitors, and made heavy inroads into the lead which the Methodist class had piled up in previous Sundays. The figures for Sunday reduced the lead of the Methodist class from approximately 1,600 points to approximately 1,200.

The size of the Baraca class has outgrown the room available for it at the church and this coming Sunday the class will hold its meeting at the Olympic Theatre, which has been tendered for the purpose.

A special musical program has been arranged for the opening of the morning's services.

FAIRVIEW BAPTISTS BREAK DIRT FOR NEW CHURCH

Tuesday, March 10th, was celebrated by many of the people of the Fairview Community, as the beginning of work on the new church building. A very appropriate program began at 10 a. m., during which many words of encouragement for the work were spoken. The pastor, Bro. Cal McGahee, gave a very impressive address on how the foundation must be laid in prayer and faith in Jesus Christ, the founder of all things. E. C. Austin, being the oldest member of the church, removed the first shovel of dirt, J. C. Bullard the second.

The church will be one of the best church buildings in this section of the state, and one, no doubt, of which everyone will be proud. Several snapshots were taken during the ceremonies.

Near the hour of 12, well filled baskets were presented and everyone enjoyed a real feast. Following this the ladies met at the teacherage for a study in the course they are taking.

Emory Kincaid returned home this week after a visit of several days with home folks at Nocona.

Game With Spur H. S. Opens Baseball Season

Floydada High School's baseball season will open tomorrow afternoon at 4 o'clock when the team of the green and white will have their first game of 1925, with Spur High School baseball team as opponents. The game will be played at Floydada Baseball Park. Two games Saturday, the first at 10 a. m., and the second at 2:30 p. m., will complete the three-game series.

While the local school team has part of its last year line up the changes made necessary by graduations are such as to make the team's probable strength as compared with other teams of the district problematical. Coach Wester believes, however, that his boys will make a fine showing. He will open the game tomorrow afternoon with the following batting order:

Wester, first base; Daily, third base; center field; Abbott, pitcher; left field; Green, catcher; Jones, right field; Moore, second base; Shibley, short stop; King, third base; Perry, short stop; Williams, catcher.

BECOMES MEMBER OF SONS OF AMERICAN REVOLUTION

J. N. Johnston is one of the few men in Texas who are members of the organization known as the Sons of the American Revolution. Only direct descendants of Revolutionary residents of America can become members of this organization.

Mr. Johnston's notification of his acceptance as a member of the organization was received this week from Sam P. Cochran, head of the Texas branch, of which there are 223 members. There are slightly over 40,000 persons in the national organization of the Sons of the American Revolution.

DR. I. C. ODEN FORMER RESIDENT HERE, IS DEAD

Dr. I. C. Oden, who formerly resided at Floydada for three years, but who has been living in Shreveport, La. for the past six years, was found dead Monday of last week near Washkom, Texas, and a coroner's verdict pronounced his death due to suicide.

A pistol, identified as belonging to his son, was found by his side. The doctor had died from a shot through the heart.

He was 57 years of age. Despondency over ill health is believed to have been the cause of the suicide.

Three months ago a 19-year-old daughter of Dr. Oden was shot and killed by a jealous lover.

Clarity and Party Visit South Plains

F. E. Clarity, vice president and manager of the Fort Worth & Denver Railway Company, of Fort Worth, headed a party of Burlington Railroad men who spent last Friday and Saturday on the South Plains, leaving this section Sunday for Fort Worth. Conferences in this section were held for the reason assigned, that the Denver plans an extension into this territory and have set no definite point at which to connect with the Santa Fe. The first conference was held at Lubbock Saturday, the officials spending Friday night in Plainview. No bonuses are being asked by the Denver, it is announced. However, the attitude toward aiding in securing terminals and right of way is said to have been discussed by Mr. Clarity and his party with the Lubbock business people, a large number of whom greeted the party. Lubbock business interests also notified Lockney and Petersburg citizens who had representatives at that conference, and gave the Denver arguments for traversing the South Plains through their respective points. Mr. Clarity's party Saturday traversed the territory from Lubbock to Lockney. They reached Floydada Saturday night and conferred here with W. M. Massie and Maury Hopkins, secretary of the Chamber of Commerce.

At Floydada the officials were cordially received and Mr. Clarity was reminded of Floydada's long cherished hope of being on the route of the Denver. Thorough co-operation in obtaining terminal facilities and right-of-way were promised.

In the party at Floydada were: F. E. Clarity, vice president and manager, W. F. Sterley, general freight and passenger agent, W. S. Broome, and M. A. Stainer, engineers of the Fort Worth offices of the Fort Worth & Denver; S. A. Covington and W. D. McKay, of the Wichita Falls office, and R. C. Gowdy, of Denver.

GRAND DAUGHTER OF E. A. CHILDERS DIED TUESDAY

E. A. Childers attended the funeral of his granddaughter Ara Hunt who was buried at Lockney yesterday afternoon, with Rev. R. E. L. Muncy in charge of the funeral services.

The deceased was the ten-year old daughter of Mr. and Mrs. T. C. Hunt of Plainview. Mr. Childers left last Saturday for Plainview to attend the bedside of his granddaughter returning to Floydada on Tuesday the day of her death.

JOHNSON BABY DIES

Early Saturday morning the one-day old son of Mr. and Mrs. W. R. Johnson, former residents of Floydada, died at the home of the parents in Lubbock.

A. M. Allen of Lubbock accompanied the body to Floydada and interment was made in Floydada Cemetery Saturday afternoon. Rev. F. L. Davis conducted the funeral services for the infant at the home of J. E. Eubank a brother of the child's mother.

MARRIAGE RECORD

License to marry was issued this week from the office of the County Clerk, Clara Lee Scott to the following:

John D. Meade and Mrs. Camilla Maynes, March 12;
Milton T. McMinn and Miss Ollie L. Vaughan, March 14;
Albert S. Mize and Miss Clara Lorenza Randolph, March 18.

Mr. and Mrs. Will Weatherbee and Mr. and Mrs. Charlie Neil returned last Monday evening after a four weeks' trip to Southern Texas visiting friends and relatives in Donna and the Valley.

Wife of M. E. Pastor Died Friday Evening

Mrs. J. L. Henson, Victim of Tuberculosis, Buried in Cemetery Exter, California

Mrs. Minnie Henson, wife of J. L. Henson, pastor of the First Methodist Church of Floydada, died Friday evening at 8 o'clock at the family residence on South Fifth Street of tuberculosis, and on Saturday morning the body was taken to Lubbock for shipment by way of the Santa Fe through train to Exter, Cal., where the mother of the deceased resides. F. C. Harmon prepared the body for shipment and burial and a number of friends of the family accompanied Mr. Henson and daughter, Margaret, to Lubbock, with the body, to entrain for California. In the party were F. C. Harmon, Roy Baker, S. W. Ross, A. N. Gamble, Mr. and Mrs. E. B. Massie, Lee Faulkner, Edna Faulkner, Mrs. Pearl Wraske and Mrs. S. Y. Carter.

Mrs. Minnie Henson, the deceased, was 35 years of age. She had been sick for the past six years and had been a shut-in ever since the family moved here over two years ago. Her mother, Mrs. E. M. Dresback lives at Exter, Cal., where Mrs. Henson formerly resided.

Many friends of the family, including members of churches other than the Methodist, joined in expressions of sympathy for the surviving father and daughter, and several floral wreaths met them at the train when they started their journey westward. Among those who remembered them with flowers were the Baraca Class of the Baptist Church, the Brotherhood Class of the Methodist Church, and officials of the Methodist Church.

DR. E. A. HOPKINS SICK

Mrs. W. B. Henry and Maury and C. D. Hopkins left Tuesday afternoon late for Miami, following receipt of a message which told of the serious illness of their father, Dr. E. A. Hopkins.

Their father was taken to an Amarillo Sanitarium Wednesday, where the probability of the need for an operation was the subject of a consultation of attending physicians Wednesday night.

Methodist Conference Will Open March 27th

Methodists of the Plainview District will hold conference in Floydada, as guests of the First Methodist Church beginning on March 27th.

Preparations by the local congregation for the entertainment of the 150 churchmen and women are going forward. The meetings will be held in the now-completed church the interior of which is one of the most beautiful in this section.

Exterior improvements are also being made, the curbs being placed and the yard given its spring cleaning.

MRS. CAMILLA MAYNES MARRIED TO JOHN D. MEADE

Mrs. Camilla Maynes, a member of the Hesperian force, daughter of S. O. Adams, of this city, was married Thursday evening of last week to John D. Meade, a stockman of Boise City, Okla.

Rev. Marvin Brotherton officiated at the wedding, which was held at his residence here.

COLLINS & STANSELL NAME OF CONSOLIDATED FIRM

A consolidation of two firms in Floydada was effected this week, when the Collins Grocery Company and the O. L. Stansell Hardware consolidated, moving the grocery company's stock to the Mitchell Building where the two will be continued under the firm name of Stansell & Collins.

Fine Arts Program is Sponsored by Study Club

The Nineteen Twenty Two Study Club will present a Fine Arts Program next Tuesday evening, March 24th at the High School Auditorium. All talent in the concert will be from Floydada with the exception of R. B. Vaughan a visiting singer from Magnolia, Arkansas, who has an unusually beautiful and powerful bass voice and who is one of the directors of the Floydada Normal School of Music in session this month.

The program is varied in its conception with musical numbers predominating thus assuring all music lovers who attend a rare musical treat.

With the presenting of this program next Tuesday evening, the Study Club is launching its initial effort of the year toward making money for its depleted treasury. The ladies of the Club begin the sale of the tickets tomorrow.

SIMPSON'S HOME

Will Simpson and family returned home Wednesday of last week from Monterey and other points in Tennessee, where they visited relatives and friends in their home-state.

They were absent from the county some two months.

1926 Chamber Convention Goes to Littlefield

Floydada, Lamesa Lose to Littlefield—Convention at Slaton Has Big Attendance.

Littlefield won the 1926 convention of the West Texas Chamber of Commerce for this district at the close of the annual convention in Slaton last Thursday, taking the plum away from Lamesa on the second ballot, after Floydada had run third on the first vote.

Floydada sent a delegation of ten automobile loads of delegates to the convention in a caravan. Arriving early they began tagging delegates as they arrived and dispensed "for Floydada 1926" talk until the final session in the afternoon. The delegation warmly congratulated the Littlefield crowd after taking their losing vote.

Attendance at the convention was the biggest of any district convention yet held, according to Porter A. Whaley, manager of the West Texas Chamber of Commerce, who was elected over the big attendance in spite of an extremely disagreeable morning. More than 500 delegates were present from twenty or more towns of the territory, taxing the capacity of the huge dining room where the noon-day banquet had been spread.

Visitors were greeted at the Custer Theatre, where the morning sessions were held, with a warm welcome, special welcoming editions of both Slaton newspapers, and an air of enthusiasm generally. The morning sessions were held at the theatre and the afternoon sessions at the city hall. R. A. Highsmith, field manager for the West Texas Chamber of Commerce, presided at the afternoon session.

Criminal Docket Takes All Time of Court

Trial of Joe Stringer, on Since Monday, Closes This Morning—Hyman Case Follows

The jury in the Joe Stringer case returned a verdict at 11:50 this morning, assessing a penalty of 99 years.

PLAY AND MUSICAL PROGRAM AT LAKEVIEW FRIDAY

Announcement is made that a joint program will be given tomorrow night at the Lakeview School Auditorium by music pupils of Mrs. Jno. W. Smith and pupils of Mrs. R. V. Bond's room in the Lakeview School.

Mrs. Bond's pupils' part in the program will be a short play, and the musical part of the program is expected to round out an enjoyable evening for those who attend.

No admission charges are to be made.

Specialist on Home Improvement Coming

Mrs. Bernice Clayter, Home Improvement Specialist, from A. & M. College will arrive in Floydada, Monday, March 30 and will in the afternoon meet with the Blanco Home Demonstration Club at 2:30 o'clock, at the home of Mrs. J. M. Gambin. Mrs. Clayter will lecture and give a demonstration on home improvement work and all club members from Harmony, Sand Hill, Blanco, Allmon and Starkey are urged to meet at the home of Mrs. Gambin on Monday afternoon to listen to this very beneficial lecture.

On Tuesday morning, March 31, Mrs. Clayter will meet the Girls 4 H Club of Aiken. In the afternoon she will meet with the Lockney Home Demonstration Club in the basement of the Methodist Church at 2:30 o'clock. She will give an interesting lecture and demonstration on home improvement work and all club members from Lone Star, Providence, Aiken and Lockney are urged to be present.

Last Thursday, Mr. Daugherty, Farm Management Specialist from A. & M. College gave a lecture and demonstration to the club women at Lockney on "Home Accounts and how to keep them" which was enjoyed by a great number of women.

Be sure to keep the dates, March 30 and 31st in mind and be sure to attend these interesting and profitable lectures.

Mabel Faulkner, County Home Demonstration Agent

23 Head Steers Sell at \$100 per Head

The biggest price paid in four years for a bunch of steers in this section of the country was paid last week by a local firm, Jones & Howard, who bought 23 head of 3-year-old steers from Ed Thomas, of Briscoe County. \$100 per head was the price paid.

The steers look like prime beef. They have been fed since they were calves.

Delivery date is April 1st.

ATTENDING GRAND LODGE ODD FELLOWS AND REBEKAHS

J. N. Gullion left Sunday for Wichita Falls where he will represent Floydada Lodge No. 34, I. O. O. F., as a delegate to the Grand Lodge of Texas, being held this week in that city.

He was accompanied by Andy Jackson, Clark Bolding, S. M. Woolsey, Mrs. George Woolsey and Mrs. R. M. McCauley. The ladies in the party are delegates from the Rebekah Lodge of Floydada at the Grand Lodge which is also in session at that city.

Mr. and Mrs. Carl W. E. of Lorenza, visited in Floydada Sunday.

Justice J. C. Gaither returned Wednesday from Big Springs where he presided a ten-day visit at the court and family.

SILVERTON HAS RAILROAD AND OIL BOOM UNDER WAY

Silverton and Briscoe County have a railroad and oil boom both under way at the one and same time, according to Fletcher Curry, representative of the Floydada Trades' Day Association, who visited that city Friday of last week.

Prospects for a branch of the Santa Fe occasioned by an offer last week of persons representing that company to build a road to Silverton for a bonus of \$50,000 which was raised in 30 minutes, and also of annexation of the Fort Worth and Denver there, as well as locations for two oil tests in that neighborhood, have risen to create the boom.

Among the new interests there is a new newspaper man, Mr. Strang, who is getting things in shape this week to issue a newspaper for that section. The Silverton Star was recently discontinued. Mr. Strang is establishing a new plant there, according to Mr. Curry's information.

The friends of I. I. Isbell and family will be interested to learn that they are now at Groesbeck, Texas, where Mr. Isbell is teaching. They have been at Denton since June of last year, while Mr. Isbell has been attending the Teachers' College.

Temporary Restraining Order Signed by District Judge Joiner Tuesday Afternoon.

A temporary restraining order was issued out of District Judge R. C. Joiner's court here Tuesday afternoon restraining the city officials, the N. S. Sherman Machine & Iron Works, and C. E. Lee, engineer, from constructing a sewer disposal plant on a 16-acre tract in the southeast quarter of Section No. 91, Block 1, lying southeast of Floydada. Processes were served Wednesday morning on all members of the city council, the engineer and Bob Gowland, superintendent here for the construction company.

G. R. May, R. M. McCauley and J. R. Thurston are named as plaintiffs in the petition presented the court by Williams & Martin and Kenneth Bain attorneys, and the allegations set forth are sworn to by J. R. Thurston. That "irreparable injury" will be done the plaintiffs if the construction of the sewer disposal plant is permitted, and that its construction at the place now contemplated "will practically destroy the marketability of realtors property" are alleged by the plaintiffs.

The case was set by the judge for final hearing at the next regular term of court.

Jeff D. Ayres, attorney for the city, said Wednesday afternoon that an effort would be made to get a hearing in the case at the present term of court.

CHILDRESS WOMAN DIED OF PNEUMONIA HERE TUESDAY

Tuesday Mrs. Dexter Stephens of Childress, 26, daughter of T. F. Jones died at her father's home in Campbell Community. Her death was due to pneumonia following influenza.

About three weeks ago Mrs. Stephens came from her home in Childress to assist in her father's home where all were seriously ill with influenza or pneumonia. A few days ago she was stricken with influenza and Saturday her death occurred. Mrs. Stephens is survived by a husband and two small children. The body was prepared for burial by F. C. Harmon and shipped yesterday to Childress where funeral services will be held, interment and interment made in Childress Cemetery. Accompanying Dexter Stephens, husband of the deceased, and his two children, who left yesterday morning for Childress were Mrs. Kimble and Mrs. Murry of the Campbell Community. T. F. Jones, the father of the dead woman was unable to attend the funeral of his daughter on account of the precarious condition of his ten-year old son who is ill with pneumonia and also suffering with heart trouble.

722 SCHOLASTICS ENUMERATED IN FLOYDADA DISTRICT

722 scholastics have been enumerated in Floydada Independent School District, W. I. Allen, census taker for the district stated Wednesday morning, and unless some children have been overlooked his work is completed.

March 31 is the last day for enumeration and Mr. Allen asks that parents or guardians of children whom he may have overlooked, notify him before that time.

LOVING CUPS ON DISPLAY

The loving cups which are to be presented by business men of Floydada to winners in the forthcoming School Fair and Interscholastic Meet to be held in Floydada next month arrived this week and are now on exhibition in the various places of business throughout the town.

The loving cups are very beautiful and worthy of the permanent place they are to take in the school history of Floyd County.

Marshall Hatchery on Capacity Runs

Marshall Hatchery is now on full capacity and has had some weeks. The incubator opened on February 7th and its close on May 20th the hatchery has turned out 40,000 chicks, which is approximately the rate as the hatchery.

Last week the hatchery turned out 16,800 eggs. An incubator a week in the country.

The plant is in the country. L. A. Marshe is more home-raised in hatchery. One advantage is the fact that the chickens are date the hatchery. A feature over most other hatcheries is that the incubators are placed till they

W. L. MORRIS DISPOSES OF FLOYD COUNTY LANDS

W. L. Morris, of Anaheim, Cal., left today for Wisconsin on business after spending some two weeks here closing up sales in which he disposes of his last holdings in this county.

Of his land in this county he sold some weeks ago his 240-acre farm southeast of Floydada 5 miles to R. C. Sawyer, also of California, and Mr. Sawyer has since sold this farm to Glad Snodgrass of this city. Another half-section southeast of town he has sold to J. G. Martin, of Knox County. His quarter-section farm near Sand Hill he has contracted to M. W. Ellis an Oklahoma man. The last two deals are expected to be closed within the next few days.

Justice J. C. Gaither returned Wednesday from Big Springs where he presided a ten-day visit at the court and family.

Mr. and Mrs. Carl W. E. of Lorenza, visited in Floydada Sunday.

**LOOKS LIKE SOMETHING DOING
BY RAILROADS**

All the talk in West Texas this week is railroad talk, and all the talk is based on what appears to be good grounds. With the Fort Worth & Denver and Santa Fe each with surveying crews in the field, the visit to the South Plains country of officials of the Denver and the clamor of the people generally for more railroads, the topic has been the principal one in every city.

Every city and town, of course, has hopes of being the place where the lightning is going to strike. And out of it all, will come some fortunate cities and some not so fortunate.

Plainview is said to have been promised something in the way of a railroad. Lockney and Petersburg are on the trail followed by the inspection party of the Denver Saturday. Silverton has been offered a railroad for \$50,000 bonus by the Santa Fe and accepted in 30 minutes. Surveyors unloaded Sunday at Lockney and began work on a possible route from that city to Silverton. The Santa Fe already has a survey laid from Silverton to Tulia.

As regards the Denver they have a crew in the field looking for the best route to the Plains from Childress. Whether this route will point southwest or northwest after it gets to the caprock, is the big question mark in the minds of the citizens of a dozen or two dozen towns.

That it is a big checker game between the various railroad people who are believed to be after the great tonnage of the territory, there is little doubt. Happily for the welfare of the country and the state of mind of the people it seems that what is done will be done soon, and those who lose will lose soon and those who win will win.

If, in addition to the movements portended by the Denver and Santa Fe, the Frisco should also get busy in the field, the thing would be taking place sure enough.

To obtain additional railroad facilities and gain a bigger place in the eyes of the country in general would be worth a great deal to Floydada and its citizenship. The cordial relations that have long existed with the Santa Fe do not mean any less that Floydada would like to have more railroads if they are projected this way. And concerted effort toward seeing that no stumbling blocks are laid in the way is essential at this time when the railroad history if the country appears to be in the making on a large scale.

SMITH'S DOING WELL

Floyd County friends of Mr. and Mrs. Ben F. Smith will be glad to know they are doing well at Slaton where they are editors and proprietors of the Slaton Times. Two years ago Mr. Smith and his family moved to Snyder, and about six months ago from that place to Slaton to take over a plant.

They have an excellent office building, good equipment, encouraging patronage, and like their new home and friends fine.

MEAN OF THEM

A woman at Canyon has written The Amarillo Daily News to the effect that she reads in the Floydada paper that we are bragging about our old coins here. The Hesperian is the Floydada paper and has been printing some interesting little things along about some old coins, some of them really rare, owned by various individuals hereabout.

The lady mentioned said her collection of coins far antedated anything here. However, we just remind her and anybody else interested that we were having lots of fun playing with our old coins till she went and made us feel bad about it, because she has coins older and rarer and more everything. And we are going to look about, and see if we can't find some shillings, Richard, the Lion Hearted, had beat out by hand before they learned that anybody could be a coppersmith but a dwarf who lived away up in the mountain fastness. We'll find such a shilling in Floydada if it can be found anywhere and then we're going to say to the Canyon lady, ya-ya. Of course, if we can't find any coins that old we'll be satisfied with some not so old. And if we can't find something made back about the 16th Century or thereabout, we won't say anything at all. But all the time we'll be thinking what a nice time we were having before she went and spoiled the fun.

**TEXT OF THE TEXAS
BOGUS CHECK LAW GIVEN**

What is known as the Texas Bogus Check Law, passed by the last legislature is incorporated in Article 1422 of the new statutes, and is included as Article Four in "Certain Wrongful Acts included" within the meaning of the word "Swindling".

Considerable interest has been evidenced in this new law. Article 4 reads as follows:

"The obtaining by any person of any money or other thing of value with intent to defraud by the giving or drawing of any check, draft or order upon any bank, person, firm or corporation with which or with whom such person giving or drawing said check, draft or order has not at the time of the giving or drawing of said check, draft or order, or at the time when in the ordinary course of business such check, draft or order would be presented to the drawee for payment, sufficient funds to pay same, and no good reason to believe that such a check, draft or order is not paid on presentation the return of same shall be prima facie evidence of the fraudulent intent of said person drawing or giving said check; and provided further, that if such check, draft or order is not paid within fifteen days after the same is returned unpaid, it shall be prima facie evidence that no good reason existed for believing that said check, draft or order would be paid and it shall also be prima facie evidence of intent to defraud and knowledge of insufficient funds with the drawee."

Mr. and Mrs. Jesse Seale and children of Lubbock, and Mrs. T. H. Anderson of Breckenridge, visited in Floydada Tuesday afternoon of last week. Mrs. Anderson was formerly Miss Cora Lee Stanford, of this city. She is visiting her parents in Lubbock.

**Potash Development
in Motley Possible**

Extension of National Potash Company's Operations May be Made Soon

Motley County News:
Dr. A. I. Greit, Sc. D. graduate of the University of Charlottesville, Germany, who has charge of the work being done by the National Potash Company of which Mr. T. J. Woodley is president was in our city Monday and Tuesday, in the interests of the movement to further increase the area of the company's operation, which includes not only Cottle county, but those of Childress, Hardeman, Foard and Motley as well.

Dr. Greit delivered a lecture to the Chamber of Commerce Monday evening, which was interesting and instructive in every detail, and resulted in arousing intense interest on the part of the citizenship generally, in the possibilities and resources of Motley county.

He also delivered a most instructive and comprehensive lecture along scientific lines, before the High School Tuesday morning, which was also heard by a number of citizens.

The object of Dr. Greit's visit at this time was to obtain from Dr. A. C. Traweck a log of the developments shown in the drilling of the Whiteflat oil test.

It is not generally known yet it is a fact that a salt dome was passed through in this drilling at a depth of 400 feet, and other salt found at various depths.

Another important fact disclosed by the occasion of Dr. Greit's visit to our county is that potash is shown to exist in Motley county at a depth of 3,000 feet and this is based on no less authority than the assay sheet of the Chemistry and Geology departments of the State University which Dr. Greit showed to the editor of this paper, and it is no propaganda.

The interest in the development in Cottle county is attracting not only state, but national attention as well, and last week experts and representatives of the Hearst Newspaper syndicate visited the fields, and in Monday's issue of the Fort Worth Record Author Brisbane, in his article of "Today" said that there was more potash between Quanah and Stamford than in all other fields in the world.

Dr. Greit and his associates will be here from time to time and the possibilities and resources of this country given a thorough test.

R. A. Stalcup, of Wake, was among the business visitors in Floydada last week.

**Why
Buy
Land**

in a ONE CROP COUNTRY where cotton is the only money crop. It's all right when it brings 25 cents per pound, but when it goes to six cents, LOOK OUT.

The deep rich soil of the Hereford Country is especially adapted to such crops as WHEAT, OATS, BARLEY, MAIZE, KAFFIR CORN as well as COTTON and its lands can be bought reasonable because we have no BOOM here.

We offer choice plains land, free from blue weeds and ready for the plow at from \$20.00 per acre, and up owing to location. We also have a few good tracts to trade for other property.

ONE OF THE MOST IMPORTANT DUTIES

of a bank is to always keep in reserve sufficient cash to meet the legitimate demands of the Farmers, Merchant and other varied industries of the community. A bank can only do this by refusing to make loans, no matter how safe, that are not liquid and for a purpose that directly increases the wealth or prosperity of the community.

We keep in mind this one important duty of a bank.

EVERY MAN WANTS THE MOST FOR HIS MONEY

Without doubt, "Home Loyalty" in buying will make money for both buyer and seller.

Buying at home is an investment as well as a purchase. It brings returns to the buyer in several ways, one of which is an increased volume of business. The only difference between a large city and a small one lies in volume of business done, in the final analysis. Think it over.

First State Bank

Think of These Things

By this time, Dear Reader, you must have reached the conclusion that we are putting over a REAL SURE ENOUGH HOME LOYALTY CAMPAIGN. If you have not already done so, just keep on reading these articles and by the time we get through you will admit it freely.

We did not start this campaign with any intention of doing the job in a half-hearted manner. Certainly we know that we have stepped on somebody's toes, but we cannot help that. Every good, strong, forceful sermon from the pulpit jabs somebody under the left side of the vest.

To you who have been lax in your duty to your home town we assert: IT IS TIME FOR YOU TO TAKE YOUR STAND FOR FLOYDADA. If your hearts are here your dollars should be also, and the way to keep them here is to patronize home industry. Boosting for a town requires something more than just talk and that something is action. The true value of home buying should be evident to every loyal citizen. The keeping of Floydada money in Floydada should require no further urging or argument. Spending your money in another community is like handing it to the box office of a circus—IT NEVER COMES BACK. You have bade it good-bye and sent it on a long journey to some other community whose loyal citizens will anchor it there forever.

Just Don't forget that and make up your mind to BUY EVERYTHING YOU EAT, USE OR WEAR, RIGHT HERE IN FLOYDADA AND EMPLOY NO SERVICE BUT THAT OF A LOYAL CONCERN. THIS IS LOYALTY, THIS IS ACTION, REAL TANGIBLE COMMUNITY BOOSTING ACTION, THE KIND THAT "BRINGS HOME THE BACON." Try it awhile, folks, and see how good it makes you feel to know that you are doing your full duty to Floydada and her business, commercial and other interests.

The seeming inducements held out by large trade centers are nothing but baits to pull our dollars that way. The so-called commercial glad hand that is extended to you will only be held out AS LONG AS YOUR DOLLARS HOLD OUT. The interest they have in you is nothing but a selfish commercial interest found on a cold, calculating business basis. If you will give this a moment's thought you will admit that this is true.

Surely you will admit that these large trading centers can have no possible interest in the advancement of civic progress of Floydada. They are pulling for their own and adding what they get from you to what they've got and holding on to it. Every time you send'em a dollar they are a dollar better off and Floydada is a dollar poorer.

Here we have much in common. Trading at home among friends our transactions are warmed by pleasing mutuality of interests. We are helping each other; we are living the Golden Rule in business, and step by step we are building for a greater and better Floydada. It has been said that community Patriotism finds its outlet indirectly in all phases of life; that it strengthens our banks, promotes our manufacturing interests, creates jobs for our working men, encourages development and assists in everything that goes to make a city commercially great, socially attractive and widely known.

ENERGY, INTELLIGENCE AND LOYALTY—these three are the chief human contributions to the creation of a CITY WORTH WHILE, and the greatest of these is LOYALTY. Cultivate loyalty, loyalty to your merchants. Then you will be serving your HOME TOWN AS WELL AS YOUR OWN INTERESTS.

BISCUIT SCORE CARD POINTS FOR COUNTY CONTEST

For the benefit of the Home Demonstration Clubs who have not yet received their score cards for the Biscuit Contest Miss Mabel Faulkner, Home Demonstration Agent submits following data to be used as a guide by those who are doing practice work in making biscuits according to recipes for the forthcoming County Contest to be held the latter part of this month:

Score Card for Biscuits

1. General appearance: a. Shape; b. Size and uniformity; c. Color.

2. Lightness

3. Crust: a. Quality and tenderness; b. Depth.

4. Crumb - Color.

5. Texture: a. Grain, size and uniformity of cells; b. Tenderness (not too moist); c. Flakiness or crumbliness.

6. Flavor: a. Taste; b. Odor.

Number 1 counts 15; number 2, 10; number 3, 10; number 4, 5; number 5, 20; number 6, 40. Total makes 100 per cent.

Characteristics of Standard Biscuits

GENERAL APPEARANCE. A plate of biscuits should appear well baked with a rich golden brown crust and evenly risen. The biscuits should be round and uniform medium size. They should not be speckled or floury.

LIGHTNESS. Biscuits should seem lighter than they look and should present a fluffy appearance, not solid. They should rise between two and three times the original height. They should not be compact or soggy.

CRUST. The crust of biscuits should be tender, of medium thickness and of a golden brown color which will indicate the ideal texture within the biscuits.

CRUMB. The crumb should be white according to the flour used and show no evidence of coloring from an over amount of soda or baking powder.

TEXTURE. The grain of the biscuit crumb should be reasonably even with small uniform cells or pores. The crumb should be light, tender and flaky, not dry and crumbly and it should be slightly moist but not compact and soggy, and should still have these characteristics when cold. This will require skilful manipulation and thorough baking.

FLAVOR. Correctly made biscuits should have the pleasing taste of a well cooked cereal. On opening the biscuit there should be no disagreeable odor of soda or baking powder, or unpleasant evidence of any other ingredient.

SAND HILL

The Sand Hill Home Demonstration Club met Wednesday morning, March 4th at Mrs. W. H. Pope's with members present and five visitors. Miss Faulkner was with us also, she gave us the Biscuit Demonstration. All were very much interested, and listened with interest to all the rules and methods used in making the biscuits. The bread was baked and

used in the dinner. Every one had an opportunity to eat some of each kind of bread, the Sour Milk and Baking Powder bread. We also were given the privilege to criticize anything we might find fault about on these biscuits but we didn't find much to complain of. After dinner our president took charge of the business and that was soon all attended to. Then Miss Faulkner with the help of the Club scored the bread we had tried out. Cards were passed out. Every one that would register in the Biscuit Contest. There were ten signed up. We think there will be others. In the afternoon three more club members came making 12 members present. There were 21 present counting visitors, besides children. After all cards were signed Miss Faulkner began the clothing and dress making subject. She took up the house dress as that is what we will use in the Contest. She talked to us about the seams, the finishing touches that might be used, colors and patterns that are best suited to each individual. We will take lessons on making of the set-in pocket and bound button holes next meeting day. Those who have already had these things may assist Miss Faulkner. Every one bring thread, needle, thimble, scissors and scraps of material large enough to demonstrate on. We will have cheese making in the morning. Each woman bring a bucket of whole sweet milk as this demonstration will take quite a bit of milk. Our Club has taken as its project, the fixing or rebuilding of the side walks at our school. We will meet Saturday 14th in the morning. Every one is invited that feels an interest. Our club meets with Mrs. H. O. Shurbet on March 18. Everybody come. Let's learn all we can.

BLANCO HOME DEMONSTRATION CLUB IN MEETING

The Club met Thursday afternoon, March 5 at the home of Mrs. W. H. Smith. There were 15 ladies present and one new member to report, Mrs. G. H. Davis. Miss Faulkner was with us and discussed the Biscuit Contest and other things toward the advancement of the Club work. She also gave the Biscuit Demonstration which was enjoyed by those present. Had two visitors with us, Mesdames Harry Christian and L. E. Hooten. Our next meeting, March 19 was to have been with Miss Ura Smith but as she is away from home, it will be at the home of Mrs. Will Snell at which time Miss Faulkner is to show us how to make cheese and we are also to study clothing. She will also show those who have not already had set-in pockets and bound buttonholes how it is to be done and says for each lady to bring her scissors, needle and two colors of embroidery thread so she can learn us some new embroidery stitches. As it will take some 10 or 15 gallons of sweet milk to make the cheese she requests that each lady who can do so bring 1-2 or 1 gallon of sweet milk. As we have a full program please try to meet early so can begin at 2:00 o'clock

sharp. Our club gave a program at the school house February 27 and we realized \$16.10 from it and the fish pond which is to be used to carry on our work. Remember that visitors are always welcome to any and all of these meetings and now that warm spring days are coming let us all put on our sun bonnets and gingham dresses and go to the meetings when possible at all.

FAIRVIEW CLUB

Fairview Home Demonstration Club met in usual meeting last Tuesday at the home of Mrs. E. C. Austin. We had a very interesting meeting. Our Lesson was studying the colors best suited to different faces, taking complexion, eyes and hair into consideration. Also the shape hat best suited to the different persons. It was a very instructive lesson. Our attendance was still small on account of sickness only nine ladies being present.

Next meeting we will have the Biscuit Contest, also study about the clothing contest. We hope all the ladies are practicing biscuit making by one of the receipts given in the Hesperian two weeks ago, and be ready to enter the contest. We meet March 20 with Mrs. E. C. Austin again because of conditions most favorable to the success of the contest. We welcome all.

Homer Howard, postmaster at Lockney was a business visitor in Floydada Thursday afternoon. Mr. Howard is looking forward to July 1st, when his office will be made a second class post office and he can get more help.

N. W. McCleskey of Big Springs, has been among the business visitors in Floydada the past few days.

J. C. Dickey made a business trip to Matador the latter part of last week.

CITATION BY PUBLICATION

THE STATE OF TEXAS:
To the Sheriff or any Constable of Briscoe County—Greeting:
YOU ARE HEREBY COMMAND-

ED, That you summon, by making publication of this citation in some newspaper published in the county of Briscoe, if there be a newspaper published therein, but if not then in the nearest county, where a newspaper is published, once each week for four consecutive weeks previous to the return day hereof. T. B. Michael, M. J. Michael, Elmira Michael, Thomas Griffith, Ella Griffith, Geo. W. Griffith, Clara L. Gigax and husband Edward Gigax, Mary E. Hahn and husband Louis Hahn, Anna R. Long and husband William Lon, Alice V. Wills and husband Samuel J. Wills, Alice V. Wells, Mrs. Thomas Griffith the first wife of said Thomas Griffith herein named, Francis Wedge, Nicholas J. Wedge, Betsy Wedge, John Wedge, Charles D. Wedge, Mary E. Holston, and the unknown heirs and legal representatives of each of said named parties deceased, all parties whose place of residence is unknown, to be and appear before the honorable District Court of Briscoe County, Texas, at the next term thereof, to be held in Briscoe County at the court house thereof in Silverton, Texas, on the 6th day of April, 1925.

Then and there to answer a petition filed in said court on the 23rd day of Feb., 1925 in a suit numbered on the docket of said court No. 475 wherein all the above named parties are defendants, F. M. Autry and wife Mattie Autry are plaintiffs. The nature of plaintiffs demand being as follows to-wit:

Suit in trespass to Try title, and to recover of and from defendants damages and title to the following described land and premises to-wit: A tract of 3 1/2 acres of land, a part of Survey 21 in Block A, Arnold & Barrett Cert. No. 71 in Briscoe County, Texas, said 3 1/2 acres described by metes and bounds as follows: Beginning at a stake in the North line of said Survey 21, at 1068.8 varas East of its Northwest corner, thence East 118.8 varas; thence South 166.32 varas; thence West 118.8 varas; thence North 166.32 varas to the place of beginning.

Plaintiff pleads five and ten year statutes of limitations and alleges that plaintiffs and those under whom they claim have claiming said land under duly recorded deeds had peaceable, continuous and adverse possession of said land using and enjoying

the same and paying all taxes as due thereon for over five years after defendants cause of action had accrued, and that they have had actual possession of the same under claim of ownership for over ten years after defendants cause of action had accrued. HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Silverton, Texas, this, the 23 day of February A. D., 1925.

HOW

To Eliminate Bad Checks:

1. Do not take any check unless you are personally acquainted with the giver and know that his check has always been good. You have a right, and it is your duty, to know beyond any reasonable doubt a check is good before you trade your merchandise for it. Your customer knows he is getting his merchandise therefore you should know you are getting your money, and every good man (customer) wants you to know his check is good when you take it and cannot be offended if you take steps to find out if it is good. Bad Check Givers are the only ones that take advantage of the fact that merchants are always eager to sell goods and in order not to miss a sale will take chances on a check. They many times come around after Banking Hours and complain they got in town late.

2. Merchants must not take checks from strangers NO MATTER WHOSE NAME IS SIGNED TO THE CHECK. You may know the man whose name is signed to the check and know his check is good, but do you know that he did actually sign the check? Is the signature genuine? Forged checks are rarely ever presented to the bank for payment because banks have the signature on file and can know the signature is not genuine, they give them to merchants who do not have signatures on file.

Then again, in this locality most checks are pencil written and can very easily be raised. According to recent ruling of The Supreme Court if you cash a check that has been raised or accept one for other consideration you lose the amount it has been raised and not the giver of the check. Are all your clerks trained to detect raised checks? Not supposed to be. That is the duty of Bank Tellers. Bank Tellers do not cash checks drawn on their own bank, even if the signature is genuine, should there be any room for suspicion that the check could have been raised.

3. If you accept a check for merchandise and that check is returned by the bank. The average cost of the extra bookkeeping and time you spend in collecting that check will exceed the profit you have made on the sale. In other words it would have been better not to have made the sale, unless you add to the bill an amount sufficient to repay you for the time and work you expend in collecting the check.

By following closely a few simple rules in accepting checks "Cold Checks" will disappear.

Center News

Center, March 16.—We had the largest crowd out to Sunday School that has been out in at least a month. We hope the health of the community continues to improve until all our people are able to attend services again. Mrs. Austin is having the flu now. She was pretty sick Saturday night. Mrs. Montgomery is improving fast now. She is better than she has been since her serious illness early in January.

Mrs. Meredith has had quite a time the past week with erysipelas on her face. It is much better now. Mr. and Mrs. C. Foster attended prayer meeting here Sunday night. Miss Maudie Meredith has the mumps. She will remain at Plainview during her illness.

The Singing Class here changed the singing time from first and third Sundays to second and fourth Sunday afternoons. We invite all who can to come out next Sunday afternoon. Mr. and Mrs. M. C. Fugua and family spent Sunday with Mr. and Mrs. J. H. Foster.

Next Saturday and Sunday our regular preaching days. All who can come out to the services.

BETH PITTS HOSTESS TO THE MARY JANE CLUB

The Mary Jane Club met with Beth Pitts at the home of Mr. and Mrs. J. I. Hammonds on Friday evening of last week. The girls came in costumes and the evening was spent in various games, with plenty of candy and music.

Edna Houghton and Ruth Conner were selected as the best dressed "Janets."

About 20 members and visitors were present.

The next meeting will be held with Louise Hanna at Sand Hill. The previous meeting of the club was held at the home of Jean Ayres.

S. S. CLASS MEETING

The Win One Class of the Christian Church held its regular monthly meeting at the home of Mrs. W. M. Houghton last Thursday afternoon.

After a short program at which time little Hazel Probasco gave a reading, refreshments consisting of a delicious plate lunch and hot chocolate were served to the following members of the class: Mesdames Fred Brown, W. E. Brown, J. B. Jenkins, J. N. Johnston, R. M. Morgan, Dora Reagan, J. E. Stephens, M. L. Probasco, W. M. Houghton, Champ Walters, E. E. Johnson, George McCarty, M. L. Davis, Misses Lena Stephens and Wynell Masterson.

BAPTIST CHURCH

Rev. C. E. Eskridge, of Grand Prairie, Texas, will preach Sunday morning and evening at the First Baptist Church, it is announced.

On last Sunday Rev. A. E. Boyd, of Plainview, preached for the congregation.

Making American Cheese at Home

For this week we will give the following recipe for making American cheese at home that has been submitted by Miss Mabel Faulkner, Home Demonstration Agent, who this week and last week has been giving demonstrations in the various Clubs through out the County in cheese making at home. For the housewife who has an abundance of milk and where cheese is a welcome adjunct to the family table, this recipe for making cheese will without a doubt prove invaluable. In next week's issue there will follow some further hints on successful cheese making.

American Cheese

Take 10 gallons of morning's milk heat to 86 degrees, dissolve 1 rennet tablet in about 3 oz. water. For 10 gallons of milk use 1-2 cheese coloring tablet. Put coloring in first, stir thoroughly, then add rennet tablet and stir well. Stir three minutes and let stand 30 to 40 minutes for curding.

Cut in squares with long knife and stir up. Then start heating until it reaches 100 degrees, and let stand at that temperature until it gives acid test 1-4 to 1-2 inch. Keep in whey about 2 or more hours. It is ready to drain when it gives acid test (1-4 to 1-2 inch).

Drain over whey in colander, keeping warm while draining. Stir enough to keep it from matting (45 minutes to one hour). At that time it ought to give the last acid test of (1-2 to 1 inch) when tried on hot iron. Add 3 oz. of salt to every 10 pounds of curd. Place in flour sack and then place in mold.

This 10 gallons of milk will make about 8 lbs. of cheese. Place a 40 or 50 lb. weight on this amount. Let this weight stand on cheese for one hour. Take cheese out of press and pour boiling water over it (to make it have a better ring). Place back in press and let stand another 12 hours. Then turn over and let stand another 12 hours. Press 24 hours. Then remove from press and hang up in a cool place to ripen. Turn daily for two weeks, then twice a week. Paraffin cheese when 2 weeks old by dipping in paraffin heated to a temperature of 240 degrees F.

SCHOLASTIC ENUMERATION UNDER WAY OVER COUNTY

Scholastic enumeration is now under way in all school districts of Floyd County, and will close on March 31st, at which time all census trustees are required to have their respective enumerations completed.

School apportionments, state and county, are based on scholastic enrollment, and census trustees call attention to the fact that if any children within the scholastic age limit, are overlooked attention should be called to this fact by parents or guardians.

NOTICE TO JAIL CONTRACTORS

The State of Texas, County of Floyd,

Sealed bids will be received by E. C. Nelson, Jr., County Judge of Floyd County, at his office in the Court House at Floydada, Texas, for the Commissioners' Court of Floyd County, Texas, until 10 o'clock, a. m., April 13th, 1925, for a new jail building and appurtenances for Floyd County, at Floydada, Texas, in accordance with Plan No. 1347 and the specifications therefor, furnished by Southern Steel Company, of San Antonio, Texas, which plan and specifications may be seen in the office of the County Clerk in the Court House at Floydada, Texas, and at the main office of the Southern Steel Company, at San Antonio, Texas, and at the branch office of said Company at 614-15 Slaughter Building, Dallas, Texas.

Each bidder will be required to accompany his bid with a certified check, payable to E. C. Nelson, Jr., County Judge, in the amount of five per cent of his bid, guaranteeing, in the event his bid is accepted, that he will enter into a legal contract in pursuance of his bid and furnish a surety bond in the full amount of the contract price, guaranteeing the faithful performance and completion of said improvements according to the contract.

If found practicable, it is desired to heat the proposed new jail from the heater that now furnishes heat for the Floyd County Court House. This is an Ideal Steam Heater No. S-36 9, manufactured by the American Radiator Company, and is located in the basement of the said Court House about 75 feet from the site of the proposed jail. If found impracticable to use the same heating plant, retaining or enlarging its present capacity, then a separate heating plant will be installed as called for in the plans and specifications. All bidders are requested to submit bids both with suggestions as to the adopting one heating plant. The majority bid is received, the Commissioners' Court will award the jail and appurtenances to the lowest bidder. The regular term of the Court will convene on the 13th day of April, 1925. Bids will be rejected if they are not accompanied by the required check, as on this date.

J. N. JOHNSTON HAS TAUGHT SCHOOL FOR 43 YEARS

Texas Outlook, a newspaper for teachers of Texas, in a recent issue had the following concerning a citizen of Floydada, which will be of interest "J. N. Johnston, of Floydada, has retired as a teacher to become active in a business enterprise. For 42 years without the loss of a year he has taught in the Texas schools. He began teaching in 1877 and for fifteen years taught 12 months in the year.

"Johnston comes from a family of teachers, he and his brothers having more than 160 years of teaching to their credit. His ancestors began teaching in Ireland in 1690 and only one of the direct line of descendants has followed another profession until the present time.

"Mrs. Johnston, who has also taught for a number of years, is still following that work."

Commenting on the above article the Weatherford Democrat says:

"The above refers to Prof. J. N. Johnston, formerly of this county, and who taught for a good part of those 42 years in Parker County. He also served four years as county superintendent. He and his brothers were men of ability and they did useful and constructive work. There are hundreds of Parker County citizens now who at some time attended school taught by these men and who will attest to their thoroughness in the teaching profession."

POPULARITY OF CLOSED TYPE CHEVROLET EVIDENCED

Because of the fact that only open cars were on display to the hundreds of thousands who view the new Chevrolet at the various dealers' showrooms throughout the country early in January, it has been decided to make a special display of the new closed models locally, beginning last week by Floyd Motor Company.

Although but few dealers have had any considerable number of the closed models, sales of the closed body types have run into thousands, the majority of which were purchased from a reading of the specifications and a photograph of the particular closed model desired.

Particular interest is attached to this display of closed models due to the decided public preference for the closed car, as attested by the fact that schedules of production for the current year call for more than 50 per cent in this body style, for the first time in the history of industry.

J. B. Jenkins, J. G. Martin and Maury Hopkins made a business trip to Flomot last Monday returning to Floydada on Tuesday.

Night Coughing Stopped Quickly By Simple Treatment

Thousands who are troubled by persistent coughing at night, by robbing them of valuable sleep, weaken their systems and lay them open to dangerous infections can quickly act to prevent this danger through a very simple treatment. People who have hardly been able to rest at all on account of coughing spells have found they sleep the whole night through after disturbed often the first time they try it.

The treatment is based on a remarkable prescription known as King's New Discovery for Coughs. You simply take a teaspoonful of the treatment before retiring, and hold your throat for 15 or 20 seconds before swallowing it without rinsing with water. The treatment has a double effect. It soothes and heals the inflammation, but it quickly loosens and removes the phlegm and the coughing spells, which are the direct cause of the coughing. The result is you sleep soundly the very first night and the entire cough comes in a very short time.

The prescription is highly recommended for coughs, whooping cough, hoarseness, and bronchitis. Wonderful for children's spasmodic cough—no harm. Economical, too, as the treatment is one teaspoonful. At all drug stores. Ask for

Bandits Attempt Robbery

Paschal Hampton, former resident of Floydada, and son of M. F. Hampton, of this city, who has been night watchman at Sanger for some four years, and as such has had a part in two or three attempted robberies there was mixed up in a real thriller Wednesday morning of last week, when he unwillingly aided a bandit gang consisting of four men and a woman as they cut their way with an acetylene torch into the vault of the First Guaranty State Bank of Sanger, and was later tied to a telephone post two miles from town, after the bandits had failed to make entry into the vault when the torch broke, and coolly debated whether or not to kill him to help keep their identity hidden.

About two years ago Hampton had a fight in an alley with a gang who were robbing a dry goods store, wounding one of the men and finally aiding in running the gang down.

Carrying side arms as well as high powered rifles with Maxim silencers the bandits made Hampton a prisoner about 2:10 a. m. as he was on his round of the business district. Having captured him the bandits proceeded deliberately to the bank, left the woman on guard at the car, and a man each at the front and back doors. Entrance was gained to the building by the back door. The safe was located at a front window, where it could be seen plainly from the street. Hampton was forced to hold a tarpaulin over the window with himself between the acetylene light inside the bank and the outside. Telling officers of the situation, he said he lowered the tarpaulin once or twice so that he would be recognized if the robbery was seen from the street and a fight ensued. He was ordered to raise the tarpaulin each time, however.

It took about five minutes to cut into the vault two inches and the safe would have been robbed in another 20 minutes had the bandits' torch not broken. When it broke they began cursing and methodically loading up their tools to leave. They put Hampton in the automobile with them and began discussing the question of killing him. "One of them said I had seen them and might know them, and that they had better kill me," Hampton said. "The others did not have the same idea about it. I told them I had a wife and three children and would appreciate it if they could handle it without doing that." The gangsters finally decided to tie him to a telephone post two miles out of town, where he remained until five o'clock although many autos passed him, he said. His cries for passersby to release him would not have any effect except to increase the speed of the passing motorists, until a Fort Worth Record man came along about 5 o'clock.

The work done by the gangsters at Sanger was similar to that done at Valley View, when two banks were robbed and a city clock burned during the Christmas holidays. The bandits, however, were taking greater precautions at Sanger, using water to extinguish the sparks as they flew from the torch, as it ate into the vault and the fire-hot pieces dropped to the floor. Hampton figured that within an hour and a half all three banks in Sanger could have been robbed with ease, if the acetylene torch had not been broken.

When Hampton lived here he farmed a few miles northeast of Floydada. He was reared at Sanger and returned there after three years in this county.

FIDELIS CLASS "KIDS" HAVE PARTY AT MRS. BURKE'S

Mrs. W. J. Burke was hostess to the Fidelis Class of the Baptist Sunday School last Thursday evening when she entertained with a "Kid's" Party at her home on West Virginia Street. Some thirty guests were present at the party and all entered into the spirit of the occasion. Dignity was an unknown quantity during the entire evening; all looked and tried to behave exactly like little kids. They ate from the time they came until they left; the dishes of animal crackers, striped candy and all-day suckers were thoroughly sampled. The sufficient refreshments in the shape of cake and cream appeared toward the close of the evening and was hailed with delight by the thirty make-believe children. Mrs. Burke, like the proverbial old lady in the shoe, didn't know what to do at times when a half dozen kids got to squalling and cutting up sumptin' fierce, all at the same time.

Fairview, March 16.—Mrs. T. Snodgrass' mother, Mrs. Betty Miller left Wednesday for Jack County where she will make her home with her daughter.

Miss Alice and Artishue Gordon gave a slumber party last Tuesday night, March 10. Those present were Delpha Burgett, Essie Baskin, Eugenia Hoffman, Robbie Horton and Ovida Crabtree. All report an enjoyable time. Anna Austin and Lewis Bullard came home Tuesday to be present during the Baptist Church celebration.

The students of the Fairview school organized a literary society on February 27. There are two sides namely "Dodges" and "Packards". The officers of the "Packards" are as follows: Walton Wilson, president; John Reeves, vice president, Ovida Crabtree, secretary. The officers of the "Dodges" are as follows: Jessie Foster, president; J. C. Bullard, vice president; Winnie Wilson, secretary. The "Packards" gave the first program last Friday night.

The Women's Home Demonstration Club of Fairview Community gave a pie supper Friday night. A short program was rendered before the pies were sold, including a debate by two girls and two boys. The proceeds of the pie supper was about forty dollars which will go to buy lights for the school auditorium and to repair the victrola.

A cake was sold after the pies for the most popular girl, Miss Alice Gordon. The proceeds was a hundred dollars in value which included money, feed, harness, meat, etc. that will be given the Baskin family.

Mr. White and family of Lockney attended the pie supper.

Miss Eula Snodgrass spent the week-end at Abernathy with the Neeley family. She was accompanied by her brother Barney Snodgrass and family.

Mr. and Mrs. Lee Montague and children, Mr. and Mrs. Venson, son Douglas, and nephew Hershall Swepston, spent Sunday afternoon with Mr. and Mrs. Edd Hoffman.

Ouida Crabtree, Essie Baskin, Beulan Foster, Robbie and Opal Horton and Johnnie Mae Lewis were entertained by Miss Winnie Wilson at the Wilson home Sunday afternoon.

Mr. and Mrs. L. A. Horton spent Saturday night and Sunday with Mr. Horton's brother who lives west of Floydada.

Earl Branson has been attending the Singing School at Floydada for the past two weeks.

Rev. Marvin Brotherton filled his regular appointment at this place Sunday morning and evening. We are glad that his wife is able to go with him again.

Edd Bullard and W. B. Wilson spent Sunday at Flomot in interest of raising more money to be applied on the new church building.

J. A. Baskin and family wish to take this means to thank those who were so kind as to help them to replace some of their loss by fire.

Mr. and Mrs. Cooper; also Walter McClutchen were visitors of the school on Friday afternoon. Visitors are always welcome, more especially the patrons of the school.

We do not know that any of the pupils will win any of the prizes given away on the Trades Day but the following pupils have won first honors in a contest in theme writing on the subject "What I would do if I should get the \$100 Prize." Cleo Cosby, fourth grade; Woodrow Wilson, fifth grade; Gladys Bruner, sixth grade; Eugenia Hoffman, seventh grade; Delpha Burgett, eighth grade; J. C. Bullard, ninth grade; Walton Wilson, tenth grade.

Mr. and Mrs. Arthur Beedy are the fond parents of a new girl who came to their home to stay on last Wednesday, March 11th.

BARACAS NEED ROOM; MEET SUNDAY AT OLYMPIC

With 170 members present Sunday morning and an enrollment of 219 members the Baraca Class of the First Baptist Church in Floydada is without doubt the largest Sunday School Class in the Panhandle. Sunday morning standing room was at a premium in the Baptist Church, and the class is being forced to seek larger quarters where they can meet, Mrs. L. V. Smith, teacher of the class, announced this week.

Having in mind that several Sunday Schools in the Panhandle have made use of the theatres of their respective cities for their men's classes Mrs. Smith has sought and obtained the use of the Olympic Theatre in Floydada for the class' meeting next Sunday at 10 a. m. when it is possible the class will even break its own record. "If Amarillo's Baptist Sunday School class of men smaller than ours, must seek new quarters for their meetings, when they have such a magnificent church building available, it seems that our class should also seek another place to meet, temporarily at least, and give the rest of the Sunday School a chance to grow, too," Mrs. Smith said.

A special musical program will feature the opening of the meeting at the Olympic Sunday morning.

BIRTHDAY PARTY

A party of little folks were entertained at the home of Mr. and Mrs. Henry Cox on the evening of the 17th in honor of their little son, Libburn. The evening was enjoyed by games and a reading was given by Miss Twilla Guthrie, also a story by Lois Sitton.

Refreshments of hot chocolate, cookies and lemonade were served to the following: Lois Sitton, Virginia Bess Olson, Emily Violet Sitton, Ruth Gill, Deortha Guthrie, Raymond Baker, Junior Sanders, Virgie Kelley, Junior Sitton, J. F. Guthrie, J. T. Howard, J. T. Minto, Kenneth Guthrie, Lewis Earl Boothe, Alvin Minto and Alpha Boothe.

Mrs. Cox's mother, Mrs. Gragston and Mrs. C. J. Guthrie, were visitors at the party.

STARKEY SATURDAY NIGHT

The P. T. C. Society of Sand Hill has had excellent success of late with their plays.

"Home Acres" was presented at Floydada High School Auditorium last Friday night to an audience of about 250 people; Saturday night at Sand Hill to a crowded house. Many compliments have been passed on the merits of the play and the actors who presented it.

Saturday night, March 21st, this play will be presented at Starkey School Auditorium at regular admission prices, one school child free with each paid "outside" admission.

The new play of the society, "In Plum Valley," will be presented for the first time Friday night, March 20th, at Sand Hill, beginning promptly at 8 o'clock. This is the regular play night for the society at their home auditorium.

The cast for the play will be as follows: Uncle Jared Wilkins, a down-east farmer by W. R. (Bill) Dooley; Dr. Arthur Markham, a young physician by Arthur Walling; Hugh Elkins, an adventurer by Mason Riley; Bill Stouter, who can't stand high altitudes by Fred Gross; Charlie Scott, a Plum Valley rustic by Paul Rogers; Ted Simpkins, a village constable by Leonard Pope; Hazel Wilkins, daughter of Uncle Jared by Miss Glenna Smith; Aunt Lucinda Wilkins wife of Uncle Jared by Mrs. Cella Ross; Sallie Brown, a romantic farm maid by Mrs. Maggie Tinnin; Grace Stollard, a woman with a past by Mrs. C. C. Green.

Newspapers of Section Believe Burlington Branch Will Build to the South Plains

That the Burlington will build to the Plains of Texas, as projected in their recent charter, but that they will first build to the South Plains from their Denver main line at Childress, seems to be the consensus of opinion of the newspapers of this section. At Lockney and Lubbock the opinion seems to be that the road can best serve the territory by building from Quitaque by way of Lockney and Petersburg to Lubbock.

In connection with the visit of the Denver officials, headed by F. E. Clarity, to Lubbock and Lockney Friday and Saturday last, the Lubbock Avalanche says:

Prospects for Lubbock securing a line of the Denver railroad out of Childress or near that point are good, and already towns along the proposed line, including Lockney and Petersburg have exhibited willingness to throw their influence with Lubbock in securing the line.

F. E. Clarity, vice president and superintendent of the Denver Railway Company, will arrive in Lubbock this (Saturday) morning at 11 o'clock with a party of Denver officials. O. L. Slaton, chairman of the railroad committee of the Lubbock Chamber of Commerce, announced late Saturday "They propose building a line to the South Plains, and were uncertain as to where to cross the Santa Fe," Mr. Slaton said.

"Some of the officials of the Denver road rather favor going into Lamb and Costro counties, but it seems to be the wish of most of them to come further south and get where there is more tonnage," Mr. Slaton continued.

They will meet here today to investigate this proposition if the businessmen and other citizens of Lubbock will show sufficient interest in securing a line of the Denver for this city, it is believed by the members of the railroad committee of the Lubbock Chamber of Commerce that they can be induced to build to Lubbock. They are asking for no bonus, but it will be necessary for the Lubbock people to provide terminal facilities and if we show that we are really in earnest in desiring them to come here, it will have a wonderful effect in influencing them, in the opinion of Mr. Slaton.

The conference that will be held here today will be featured by a trip of inspection the officials will make along the line between Lubbock and Lockney when they will be accompanied by delegates from Lubbock, Lockney and Petersburg.

Sentiment throughout this section favors the Denver Railway company which is a unit of the Burlington system and one of the great transpor-

tation companies of this country. It is hard to account the advantage that Lubbock, Lockney and Petersburg would enjoy through the construction of this line, and no opportunity to impress the officials of the system that the line is greatly desired and can be successfully operated along the line proposed by the businessmen of these three towns will be passed.

This report, together with statements from such men as J. A. Rix, W. S. Posey and W. C. Rhylander, indicates that at Lubbock the desire for the new road is keen and in addition to this the businessmen of that city have definitely laid their plans to get the road, if possible, to follow the route from Lockney as laid out a number of years ago for the A. R. & E. P.

At Lockney interest is also keen, as reflected by the Lockney Beacon, which last Thursday issued a call for a massmeeting at the high school auditorium there, saying among other things:

We have had men in the field for the past two weeks securing information concerning the routes of proposed railroads and they have something of special interest to every blooded citizen of the Lockney, Petersburg and Lubbock country, and they expect to let the people present at this mass meeting know what they have found out about the railroad that is to be built from Lubbock north thru this section of the country.

There has been representatives of several different railroad companies in this section during the past few weeks gathering data and getting preliminary surveys on the line of the old Altus, Lubbock & Roswell line through Briscoe, Hale and Lubbock counties, and these men are to be in Lockney at an early date to confer with the people along this line in reference to building the road.

Reports from Austin and Fort Worth state that the Fort Worth and Denver will begin the building of a line of railroad out of Estelline to points on the South Plains within the next few weeks and we are also in line for this line of railroad.

Railroad building will begin in West

Texas within the next thirty days and we are in line for the first road to be built. The first road to be built in this section of the country will be built over the old Altus, Lubbock & Roswell survey, the dump of which is already built and in first-class shape from Silvertown through Lockney, Petersburg to Lubbock.

At Childress the interest is no less keen, although that city is interested more in seeing the branch built than in the direction which it will follow. Says the Index:

The Crew which was taken to Briscoe county last Saturday is still out there working, evidently looking for the best place to run the road up the caprock. As soon as this is settled it is expected the surveying party will run the line to a connection with the Denver Road either at Estelline or between Childress and Estelline.

The company has a large amount of material in the Childress yards, and it is rumored that additional material is arriving by almost every freight train. While of course it is not known if it will be used, but there is about 100 miles of steel in the yards at Childress. This steel was taken off the main line of the Denver Road and heavier steel put down. This steel would be heavy enough to carry the traffic on the new road for several years, but would in time have to be taken up and replaced by heavier steel.

Stand Pipe May Be Moved

There are rumors that the stand pipe in the Denver Yards is to be taken down and moved to the south line of company property. This will have to be done before the new yards can be put in, as the tower is right in the center of the work. The same rumors say the office building will be torn down and all the offices moved to the second story of the new depot building which is to be erected in a short time. Of course these are only rumors and none may be true. This paper has no authority to say any of

the mentioned work will be done.

The Childress Post's version of the new development is as follows:

Under the charter terms, the road is proposed to start from a point near Estelline, and will traverse Hall, Briscoe, Swisher, Castro, Hale, Floyd and Lubbock counties. Nothing has been given out by the railroad officials here to indicate what course the new line, or lines, will take.

Saturday morning a surveying crew of twenty men left Childress with three trucks loaded with camp equipment, and surveying instruments and supplies. A base camp was established about ten miles from Quitaque on the Quitaque-Lockney highway. It is not known in what direction the crew is working, nor the progress of the work at this time.

The long-expected announcement came as no surprise to the people of Childress, as the possibility of the extension had been previously announced and it was generally known that the 80-pound rails, which were replaced on the main line during the past two years, had been stored in the yards here with the probable intention of using them for just such an extension has now been made public.

The proposed 200 miles of new railway will open to rapid increase in settlement a vast area which is known to be as rich and fertile as has ever been put under the plow. It is not a virgin territory in the strictest sense of the term, for it is already thinly settled by as prosperous farmers as can be found. The section which will come within reach of the railroad has been at a great disadvantage by reason of its isolation, and the profit from the farming operations of the present inhabitants will be greatly augmented by their nearness to rail lines.

When the steel stretches through this almost new country there will begin an influx of new population to it which will mean the rapid building

of small towns not yet named, and the equally rapid growth of the already established towns along the route. Thousands of acres of sod lands will yield to the plow and the busy hum of toiling men and women will arise from a land which awaits only the coming of the arteries of commerce.

The air in Childress is electric with the realization on the part of her citizenship that "the day" in Childress' history has come. Favored by geographical situation, in its distance from Wichita Falls and Amarillo, the logical conclusion can be none other than that Childress must and will become the most important city between them.

Coughs Always Dangerous—Quick Way to Stop Them

Chronic coughs and chest colds often lead to more serious trouble. Not only is the infection itself dangerous, but the continual coughing spells day and night so weaken your entire system that you can no longer fight off disease.

So stop a cough the quickest you can. To do this there is nothing better than that old-time tried and proved remedy—Dr. Bell's Pine-Tar Honey. Doctors say there is nothing like pine-tar extract to quickly loosen and remove the phlegm and congestion which are the direct cause of the cough, while the honey both gives a pleasant taste and helps soothe irritation. The quick relief to the stubbornest cough often seems almost magical.

But be sure you get the genuine Dr. Bell's Pine-Tar Honey, and no substitute. Dr. Bell's is the original pine-tar honey and has been known for over a quarter of a century as the best. It is scientifically compounded of just the right proportions of pine-tar, honey and other quick-acting, healing ingredients which the best doctors have found to aid in quick relief.

contains no opiates or other harmful drugs, and can be given even to young children—fine for spasmodic cough. If you want the best, a medicine that often relieves the severest cough overnight, make sure you get Dr. Bell's. Only at all good druggists.

23 Schools Enrolled Interscholastic League

Twenty-three Floyd County Schools had enrolled in the Floyd County Interscholastic League to Saturday afternoon, March 14th, according to Olin S. Miller, Director General, who was in Floydada that day completing plans for the big scholastic event to be held here on April 3rd and 4th.

"It is not too late for schools to enroll for the interscholastic competition," Mr. Miller said while here. "While we have 23 schools at this time, which is encouraging enrollment and means that we may expect a big meet, we would like to make it 100 per cent among the schools of the county, which means we would like to have ten more schools on the list in this county."

Mr. Miller calls attention to the fact that each school in the league should send in their list of entries not later than ten days prior to the date of the meet, if possible.

Judges of the events in the various contests will be R. P. Jarrett, D. A. Shirley and Miss Stewart, members of the faculty of West Texas State Teachers College.

Director General Miller has announced the arrangement of the program as follows:

Rev. G. P. Humphries returned home Saturday afternoon last after spending the week at Nocona on business.

Locals and Personals

Mina Lee Solomon arrived home Wednesday of last week after spending a week visiting in Memphis and taking in the Fat Stock Show at Fort Worth.

Little Jodolph Montgomery who recently underwent an operation for appendicitis at the Sanitarium at Lubbock returned home last week and is doing very nicely.

Miss Wilma Sparks who has been nursing her sister-in-law, Mrs. Ed Sparks at the City Hospital at Fayetteville, Arkansas, for the past two weeks returned to Floydada Tuesday of last week. Mrs. Sparks is now convalescing very nicely.

Mr. and Mrs. W. M. Lisle from Shamrock arrived Tuesday to make a visit with Mrs. Lisle's parents, Mr. and Mrs. A. R. Hanna of Sand Hill.

T. L. Curtis and wife left Friday for Dalhart where they will make their home. Mr. and Mrs. Curtis had been visiting with the former's parents, Mr. and Mrs. Van E. Curtis for the past few weeks.

Mr. and Mrs. Lee Howard went to Memphis Sunday, in response to a message which stated that Mrs. Howard's mother, Mrs. J. E. Bishop, was seriously ill. Mrs. Bishop's condition has improved and the Howard's returned home Tuesday.

C. W. Mitchell, who returned Monday from an extended trip downstate, during which time he spent several days on the coast, tried an interesting experiment on his return from the gulf. He road from Corpus Christi to Floydada on automobile stage lines, making good connections and riding all the time in good automobiles.

MRS. KIZZIAR HOSTESS

Mrs. M. L. Kizziar was hostess to the T. E. L. Class of the Baptist Sunday School last Tuesday evening entertaining with a St. Patrick's party.

A very interesting program was arranged for the evening. Mrs. E. L. Angus sang some solos, Mrs. I. W. Hicks gave a short history of the life of St. Patrick and Miss Wanda Angell and Miss Evelyn Kizziar did a pantomime. A delicious spread consisting of sandwiches, ice tea, potato chips, pickles, cakes and mints was served cafeteria style and all favors and decorations carried out the idea of the day.

The Class plans to meet every third Tuesday in the month and will hold their next meeting with Mrs. Ross Henry.

FIRST CHRISTIAN CHURCH

Fine services all round last Lord's Day. Sunday School was good both in attendance and in interest. Morning preaching service was fine with good attendance with five additions at the close when the invitation was sung. Night services were above the average in interest and in attendance.

Don't forget the Calendar Entertainment at the church tomorrow night at eight o'clock. My Corona last week made me say April 20 instead of March 20. Any way it is to be tomorrow night, March 20th. All the Months are asked to send a card to their Weeks, and the Weeks to their Days informing them of the meeting and urging them to bring the cards for tickets of admission. Those not belonging to the Calendar will be charged admission fee.

We had a fine service at Lockney last Sunday afternoon. Had a good crowd and fine interest. The solo rendered by Miss Myrtice Meador was enjoyed by all. We met some fine people in Lockney and hope to become better acquainted with them.

Next Sunday at 3 o'clock the Pastor will preach out at the Liberty School house. All who live near there are invited to be present.

Services next Lord's Day as follows: Sunday School at 10:00 a. m., with a class for you. Preaching at 11:00 a. m. and 7:30 p. m. You should hear our "Nightingale Quartette" next Sunday. The public in general and you in particular are invited to attend any and all of the services. Come to the little church with a big welcome.

Methodists Near Goal of 500 in S. S.

Last Sunday the Methodist Church of Floydada had the distinction of having assembled the largest Sunday School of any denomination in the Plainview District, having a total attendance of 471 members on that day. The next largest total that the Sunday School had reached was on the previous Sunday when the figures stood at 450. Last Sunday the goal had been set at the 500 mark and with the gratifying total set by last Sunday's attendance, the Methodists are confident that they will have their total of 500 present this coming Sunday.

Last Sunday the Methodist Sunday School was further distinguished by the fact that the church building was in gala attire with the interior just freshly renovated with paint and with new pews and opera chairs for the choir and Sunday School just newly installed. A special program before the beginning of Sunday School session was rendered as follows:

Song by the choir and congregation
Violin duet by Miss Dessie Walker and Mrs. C. M. Wilson.
Orchestra selection by church orchestra.
Vocal Solo by R. B. Vaughan.
Assembly March by the church orchestra.

On next Sunday R. A. (Bob) Underwood, of Plainview, will teach the Brotherhood Class in the absence of the regular teacher, J. L. Henson. Special music will feature the opening of the morning's exercises.

CUMBERLAND PRESBYTERIAN CHURCH

Sunday School opens at 10 a. m. Preaching at 11 a. m., and 8 p. m. The Christian Endeavor meets at 7:15 p. m. The Ladies' Missionary Society meets Monday at 2:30 p. m. in the Manse. Bible study at 8 p. m. Wednesday.

At the close of the Sunday School services a special program will be given. This program leading up to the sermon by the pastor. If you love Fanny Crosby's song poems don't miss this program at "The Church with a Welcome."

G. P. Humphries, Pastor.

NEEDLEWORKERS CLUB

Mrs. J. T. Howard had the Needleworkers Club as guests at their regular meeting yesterday afternoon, 16 members and visitors being present.

Mrs. E. L. Angus will entertain the club at its meeting of Wednesday afternoon of next week.

Mrs. Earl Arnold, of Phoenix, Ariz. is here on a visit with friends this mid-week. Mr. Arnold is an employe of the Case Threshing Machine Company and they have been in the panhandle territory some two weeks.

McCoy Happenings

McCoy, March 16.—The school is progressing nicely and we hope it will continue to do so.
