

County Federated Clubs Meet at Lone Star

Spring Meeting of County Organization Opens at 10 Saturday Morning

The Floyd County Federation of Women's Clubs will meet Saturday morning of this week at the Lone Star school with the Lone Star Club as hosts. The sessions will open at 10 a. m., with Mrs. G. M. Tate, of Aiken president, presiding. Lunch will be served on the grounds at noon. This spring meeting is expected to draw a full attendance from the eight federated clubs of the county.

A program which will consist of discussions of community and school problems interspersed with musical and reading numbers will be rendered. The program announced is as follows:

- Piano solo.—Mrs. Roy Perry
- Welcome Address.—A. A. Whyte
- Response.—Mrs. G. M. Tate.
- Music.—Joe Reeves and Mrs. Johnston
- Discussion, "The needs of our schools."—J. M. Parsons.
- Reading.—Mrs. O. E. Stevenson.
- Solo.—Mrs. J. M. Parsons.
- Discussion, "The need of rural high schools."—Prof. Leo Cooper.
- Noon.
- Vocal duet.—Mrs. Perry, Miss May Foster.
- "Famous American Mothers."—Judge E. C. Nelson, Jr.
- Vocal solo.—Mrs. E. C. Nelson, Jr.
- "American Home Life in Early Days."—Mrs. M. L. Kizziar.
- Vocal solo, "Mother Machree,"—Mrs. M. S. Penniger.
- Round Table, "Mothers of this age pioneering in Public Life."—Led by Mrs. Stapleton.
- Reading, "Mother o' Mine."—Pauline Stevenson.
- Business session.

Clubs of the county which will be represented at the Lone Star meeting are: Study Club and Parent-Teachers Association of Floydada; Baker, Blanco, Allmon, Lockney, Aiken and Lone Star Parent-Teachers' Associations.

NASH CAR OF R. L. EWING BURNED SUNDAY MORNING

R. L. Ewing's practically new Nash car was badly damaged by fire, which was discovered Sunday morning about 5 o'clock, while the car was in the garage at the Ewing home on California Street.

J. E. Swinson saw the smoke coming from the garage and assisted Mr. Ewing in backing the car out of the garage and extinguishing the flames. Several hundred dollars damage was done by the flames. The loss was partially covered by insurance.

Boy Severely Hurt When Car Overturns

Kenneth Simpson, 4-year old son of Mr. and Mrs. Fred G. Simpson, of Matador, was severely, but it is believed not fatally, injured Tuesday evening 16 miles east of Floydada when he was pinned beneath a Ford touring car which overturned opposite the C. J. Gray farm on the Matador Road. Mrs. F. G. Simpson, Fred G. Simpson, Jr., and Mrs. Albert Daffern, who were in the car with him were only slightly injured.

The close presence of J. R. Readhimer, who was repairing a fence within 20 feet of the accident may be responsible for saving the boys' life. Mr. Readhimer lifted the car off the lad and rushed with the party to the Smith & Smith Sanitarium where the boys' wounds were dressed. A block of ice in the tonneau of the car is believed to have been responsible for some of the severe bruises about the boy's head. One bad cut over the nose had to be stitched up.

In the wreck Mrs. Daffern was thrown clear of the car and Mrs. Simpson and Fred G., Jr., were extricated with little injury. The party had been in Floydada visiting a relative who is in the sanitarium here, and were enroute home.

The injured boy is in the sanitarium apparently recovering satisfactorily from his injuries.

Consolidation of Two Millinery Firms Made

Another business consolidation in Floydada of more than passing interest, following on the heels of the announcement of the merger of C. R. Houston & Company and Clark-Wood Dry Goods Company, is that of The Hat Shop and the Hall Millinery, of which Mesdames E. P. Nelson and Ruth Brown Hall have been respective proprietors.

The announcement is made that the consolidated firm will be known as The Hat Shop and will occupy the entire balcony space in the store which will be re-named The C. R. Houston Company, a space nearly double the present quarters of both the millinery establishments.

Ambitious plans for the new millinery firm include a widely increased range in the assortments of millinery and accessories. The new shop will be made into one of the most inviting and commodious millinery establishments of the South Plains section, it is announced by the new firm.

AUTO SPILL WITH BORUM'S DOES LITTLE DAMAGE

E. R. Borum while returning from Clements, west of Hale Center last Saturday accompanied by his daughter, Audrey Mae, who taught school there the past season, and Hazel and Veneta, little daughter and niece, ran into the open end of a culvert and turned the car completely over down a 6 or 7 foot grade just beyond Hale Center.

Outside of demolishing the top and windshield the car was only slightly damaged. No one was seriously hurt.

MISS BURROWS MARRIES T. E. McNUTT AT LUBBOCK

Miss Agnes Burrows and T. E. McNutt were married Saturday of last week by Rev. White of the Methodist Church in Lubbock.

Miss Burrows is the daughter of Mr. and Mrs. R. A. Burrows of this city, and has been attending the Lubbock Business College since last October. Mr. McNutt is the brother of Mrs. L. N. Thomas of this city. He is employed in the concrete works in Lubbock.

For the present the young couple will make their home in Lubbock.

Cinderella Operetta Tomorrow Evening

Tomorrow evening at the High School Auditorium an unusual entertainment is to be given, an operetta entitled "The Maid and The Golden Slipper" (Cinderella) under the direction of Mrs. Fannie Rush for the benefit of the Senior Class of Floydada High School.

Rehearsals have been going on for some weeks and a very high-class musical play is anticipated. All children and grown-ups who love fairies and fairy tales will find much to enjoy at this operetta, for poor little Cinderella the kitchen drudge who sits in the ashes in her stepmother's kitchen, goes to the ball at the wave of the good fairy's wand dressed in beautiful yellow satin and there meets the handsome prince, just exactly as you read it in that old fairy tale book of yours.

The cast of characters was chosen with great care and a finished performance is to be expected from the following in their respective parts: Mrs. J. G. Clements as the Godmother; Pope Duncan as Cupid; Hazel Massie as Cinderella; Ursula Angell and Georgia Lee Assister as the Stepsisters; Mary Fawver as the Step-mother; Elmer Wood as the Prince Charming; and Johnnie de Cordova as the Duke.

There will be thirty members in the chorus.

WICHITA EXCURSIONISTS WANT TO MEET THE FOLKS

A letter from the Wichita Chamber of Commerce at Wichita, Kansas, advises that their trade excursionists who will be here on Friday, May 1st from 12:45 to 1:45 p. m., "hope that we will have the opportunity to see all the school children in each town visited, as practically each one of the party will have souvenirs galore, while the committee in charge will give away 10,000 big gas balloons on their itinerary."

"We are hoping," the Wichita committee writes, "that wherever possible the merchants will take advantage of the occasion to invite their country customers in, as all will enjoy the incident and share in the distribution of souvenirs."

This will be the first visit of the Wichita trade evangelists to Floydada. Nearly a hundred stops will be made during the trip which will cover nearly 2,000 miles.

CITY AUDIT BEING MADE

E. J. Kiker, representing the firm of Ernst & Ernst, of Dallas, is making an audit of the city's books for the period of April, 1924, to April 1925.

The audit will likely be completed this week, the report to be made within a few weeks.

H. A. TINNEY, LAKEVIEW FARMER, DIED FRIDAY

H. A. Tinney, 53, passed away last Friday, April 17 at his home in the Lakeview Community. Funeral services were conducted the following day by Rev. H. M. Reed of Crosbyton and interment made in the Lakeview Cemetery.

Mr. Tinney is survived by three children, two of whom, a son and daughter, resided with him, and a son who is married. Mrs. Tinney died about two years ago. The family moved to Lakeview about four or five years ago and at the time of Mr. Tinney's death they were living on the Adams farm in that community.

FATHER OF REV. G. P. HUMPHRIES IS DEAD

The father of Rev. G. P. Humphries, pastor of the Cumberland Presbyterian Church of Floydada, A. M. Humphries, of Ladonia, died at 11 o'clock Tuesday morning, a telegram received by the pastor here Tuesday afternoon stated.

Rev. Humphries' father was 69 years of age. Interment was made Wednesday at Pecan Gap, Texas. He is survived by his wife, four sons and a daughter. Rev. Humphries was unable to attend the funeral for his father on account of the distance.

Mrs. J. S. Collins Called by Death Sunday

Death Comes Suddenly.—Funeral Services Monday Afternoon at Baptist Church

Last Sunday morning marked the passing of Mary Jane Collins, 68, wife of J. S. Collins, at the family home in Floydada, the end coming suddenly, after an illness of some weeks from which she was apparently recovering. Funeral services were held at the First Baptist Church at 3 o'clock Monday afternoon with Rev. J. Pat Horton, Pastor of the First Baptist Church, of Plainview, in charge of the services. Interment was made in the Floydada Cemetery.

The Collins family have been residents of Floydada for nine years, during which time Mr. Collins has been engaged in the grocery business, and as a mark of respect to the family all the grocery establishments in town were closed during the funeral service. A large number of friends attended the funeral service.

Mrs. Collins was a native of Georgia. In 1891, the family moved to Texas, and settled near Wolfe City. In 1916 they moved to Floydada.

Mrs. Collins is survived by her husband, J. S. Collins; three sons, W. G. and E. M., city, and Homer, of Leonard, Texas; three daughters, Mesdames Ama Smalley, O. L. Stansell, city, and W. H. Cline, of Dallas. A grandchild, little Miss Edna Mae Nelson, child of a deceased daughter of Mr. and Mrs. Collins, made her home with her grandparents. Other surviving relatives of her immediate family include two sisters, Mesdames J. Q. Carpenter, of Center Community and T. A. Hall, city; and a brother, Dr. E. A. Hopkins, of Miami. All of these were here for the funeral service. Friends and relatives from out of town who were here for the funeral were Mrs. George Lee, of Memphis, sister of J. S. Collins, Mrs. E. A. Hopkins and little daughter, Elizabeth Ann, of Miami; Maury Hopkins, of Plainview; and Mr. and Mrs. Jim Stansell, of Plainview.

Many marks of respect were paid the deceased at the funeral and burial service. The deacons of the Baptist Church, W. J. Burke, E. P. Nelson, C. B. Sims, T. S. Stevenson, Dr. I. W. Hicks and W. P. Daily served as pallbearers. Misses Gladys Covington, Ethel Houghton, Faye Hatchell and Margaret Grigsby were flower girls.

One Day School of Cooking Here May 4th

Mrs. Frances Y. Kline, Educational Demonstrator of the Jell-O Company, who was formerly a county home demonstration agent, district agent and marketing specialist, will conduct a one day school of cooking under the auspices of the home demonstration work being carried out in Floyd County on Monday, May 4th in the District Court Room, Floydada. This demonstrator will provide all her own materials the place and the equipment being the only things required to be provided for her. There will be no charge for instruction.

The school will open promptly at 10:00 a. m. and continue until 4:00 in the afternoon. Instruction will be given in the making of salads, beverages, desserts and protective diet.

All women in the county are cordially invited to take advantage of the superior instruction that will be offered free of charge by this food expert. A personal invitation is to be extended women in the federated clubs at Lockney, Floydada and elsewhere, and all mothers clubs and missionary circles of the various churches.

REXALL STORE'S SEMI-ANNUAL SALE THIS WEEK

Floydada Drug Company, The Rexall Store, is giving its semi-annual Rexall Sale event the last three days of this week, a custom which the store established five years ago, a spring and fall sale being held annually.

"The purpose of these sales is to advertise seasonable merchandise in our store, every-day needs in every home at the season the sale is given being featured," E. B. Massie manager of the store said Wednesday. "The sale also gives us the opportunity to distribute Rexall goods among our trade who will thus learn of the merits of Rexall products."

N. L. Ball and family visited friends in Silverton for a short while Sunday.

New City Fathers Inducted Into Office

Floydada has a new set of City Fathers, at least a big percentage of the council which was sworn in on regular meeting night last week, are new faces on the job.

Judge F. P. Henry, re-elected to the job of mayor, Burt Bedford, re-elected as secretary, assessor and collector, and B. P. Woody are the hold-over officers from last term. New members of the council are Frank Moore, O. L. Stansell, T. R. Webb. One more member of the council was chosen at a special election on Tuesday of this week.

G. R. Strickland is the new city marshal. He assumed his duties last week.

All Floyd County Entries Go in Finals

Athletic and Literary Contestants Furnish Stiff Competition at District Meet.

At the District Meet held at Lubbock last Friday and Saturday it is interesting to note that every contestant who entered from Floyd County went through the preliminaries and succeeded holding a place up to the finals. All made a fine showing and several won the honor of going to Austin to the State Meet.

In the athletic events Hal Scott won first place in the mile run and will be sent to Austin. Owing to the unusually windy and dusty day his record, 5:38 was not as good as he had made in previous runs.

The relay team took second place and will very likely be sent on to Austin. Hal Scott substituted for C. Norman on the team. The others were E. Carter, Terry and Stiles.

Mildred Carter won first place in girls tennis singles and will try for State honors at Austin.

Doyle Greer of Lockney won first place in boys tennis singles.

In the literary events Gwendolyn Snodgrass won first place in the Junior Girls Declamation. Delbert Eubanks won second place in Junior Boys Declamation.

A new ruling does not allow juniors to go to Austin to try for State honors so these winners will have no further contests to enter until another year.

The Girls Debating Team from Lockney won first place in the District and must further compete with the other district winners at a meet to be held in Canyon next week. Velma Still and Emma Sue Buchanan are the members of the team.

The Boys Debating Team from Floydada, Bill Bobbitt and Roy Jamerson were defeated by Lubbock, the winners in the District, by a decision of two to one. Our boys debated three times winning twice out of three and finally losing to Lubbock. They defeated the teams from Crosbyton and Lamesa.

In the Essay Contest, Lockney won second place in Class A.

Mr. and Mrs. G. E. Bond and son, Wilson Gordon, spent Sunday at Spur. Collier Smith of McCoy who has been running a filling station south of Lubbock has just recently sold it and returned home.

American Legion Votes to Stage Celebration

McDermott Post, American Legion, at its regular meeting Monday night voted to stage a Fourth of July celebration again this year, and immediately set plans on foot for the celebration's assured success.

Officials of McDermott Post said Tuesday that the fact last year's event was rained out to all practical intents, made them anxious to see if they couldn't stage a good one this year, and it is their intention to put on a real show this time.

T. SCOTT WILSON'S CAR BURNED ON LAKEVIEW ROAD

T. Scott Wilson's Overland coupe sedan was practically destroyed by fire Wednesday about midnight last week, when it caught fire 8 miles southeast of Floydada on the Lakeview road. He was enroute home from Antelope, when the car burst into flames.

Mr. Wilson walked into town and the wreck was towed in the following day.

The loss was partially covered by insurance.

JIM WILLSON ELECTED TO FILL ALDERMANIC VACANCY

J. M. Willson was elected alderman Tuesday at the city election held to fill the vacancy on the board of aldermen. 102 votes were cast in the election.

T. P. Collins, J. E. Dickey, A. L. Scoggins and F. C. Harmon each received a considerable number of votes in the election.

F. H. S. BOYS SUFFER DEFEAT AT PLAINVIEW

Plainview High School's baseball team showed a complete reversal of form Tuesday afternoon on their home grounds and won 8 to 1 from Floydada Hi's baseball team.

Motley Co. Railroad Sold to Q. A. & P.

A. B. Echols, president of the Motley County Railroad, last week officially announced the sale of this nine-mile line, which has served Matador for several years, to the Quannah Acme & Pacific Railway Company, of which Sam Lazarus is president. The Q. A. & P. is a subsidiary of the Frisco.

The new owners assume all indebtedness of the Matador road.

Mr. Echols and his associates built the Matador Northern several years ago from a junction with the Q. A. & P., east of Roaring Springs to Matador and have kept it in operation continuously during this time, at times under considerable difficulty.

Wood New Director Chamber Commerce

J. G. Wood, manager of the Floydada Insurance Agency, is the new director of the Floydada Chamber of Commerce, chosen to succeed O. P. Rutledge, who became its secretary on April 1st.

Mr. Wood was chosen at the regular meeting of the organization last Friday night, when among other things the near approach of the convention dates for the West Texas Chamber of Commerce was called to the attention of the membership. A committee composed of Lon M. Davis, Roy L. Snodgrass and J. U. Borum was named by President T. R. Webb to canvass the citizenship and get a large, organized delegation to go to Mineral Wells from Floydada. Reservations for camp sites for those who wish to camp during the convention will be made as soon as a check can be gotten on the probable total who will go. Several at the meeting signified their intention of going to the convention.

State Officers A. L. Auxiliary Are Coming

Visit of Legion Auxiliary Officials Will be Occasion for Meeting Monday Night

"There are half a dozen reasons why we'd like to have a full representation of American Legion members, and wives and mothers of ex-service men of Floyd County at our called meeting Monday night at the American Legion home," Kight Dickey, Finance Officer of McDermott Post said Tuesday. "Two of these reasons are that we will have a district and a state official of the American Legion Auxiliary, and several members of Hanson Post, of Amarillo, as visitors, to talk about the organization of an auxiliary for McDermott Post, and that this post is in line for choice as the next meeting place of the 18th district convention next year and we want Amarillo for us."

The meeting Monday night will feature discussions of an American Legion Auxiliary for McDermott Post. Mrs. J. C. Sebastian, of Amarillo, Chairman of the 18th District, American Legion Auxiliary and Mrs. Will Benton, State Vice President of the same organization, will be here. They will be accompanied by J. C. Sebastian, Post Commander of Hanson Post, American Legion, at Amarillo, also the adjutant of that post and several other members, according to Mr. Dickey.

A general good time will be mixed with the business session to be held, refreshments served, and everything done to make the meeting an enjoyable one.

McDermott Post has earned considerable publicity over the state for its activities even before the erection of their new home. The Amarillo visitors are anxious to see the new home of the local post and learn, first-hand what would be the likelihood of this organization taking care of the district meeting in a big way, if Floydada were chosen for the next meeting place.

COMMENCEMENT WEEK WILL OPEN MAY 10th FOR F. H. S.

Commencement week for Floydada High School will begin on May 10th, when Rev. J. L. Henson, pastor of the First Methodist Church of Floydada, will deliver the baccalaureate sermon for the graduating class. This exercise will be held in the high school auditorium Sunday, at 8 p. m.

Other dates for the series of school closing exercises are as follows:

During the week prior to May 10th classes of Mrs. Fannie Rush, teacher of piano, and Miss Green, teacher of expression, will be presented in recital.

On Monday night, May 11th, the Senior Class play, "Be an Optimist," a comedy, will be presented.

Thursday night the Seventh Grade commencement exercises will be held with the Commencement Day program proper on Friday night, May 15th. Diplomats will be presented graduating members of the senior class on that date. Prof. R. P. Jarrett, member of the faculty of West Texas State Teachers' College, will make the class address.

PHILADELPHIAN, LARGE LAND HOLDER, ADDRESSES SCHOOL

Edgar B. Howard, of Philadelphia, one of the Howard Brothers, owners of the large holdings in Floyd, Motley, Hall and Briscoe Counties known as the Howard Lands, spent the earlier part of this week in Floydada, with W. M. Massie & Bro., their agents in this section.

Mr. Howard accepted an invitation to address the pupils of the High School at chapel Tuesday morning, where he was asked to tell of some of the customs of lands in which he had travelled. He talked interestingly in particular of conditions and customs in Turkey. He is engaged in the export business and is familiar with conditions in numerous countries.

Tuesday afternoon Mr. Howard talked informally at a called session of the directors of the Chamber of Commerce, where a conference was held. He left Wednesday returning east.

Mr. and Mrs. Bevis Hanna, of Slaton, visited over last week-end with Mr. Hanna's uncles, W. C. and A. R. Hanna.

General Rains Fall Over Panhandle Area

Reports Indicate Half to 3-inch Rain Fell Last Night Over Immense Territory

Rainfall last night at Floydada was one inch.

Reports from over this county indicate that the fall was as light here as at any point and that in some communities more than twice this amount of rain fell.

This report is augmented by reports which come in from all sections of the panhandle indicating that an immense scope of country was covered in the panhandle. The Amarillo Daily News last night at ten o'clock said they had reports from Clovis, N. M., to Childress and from Dalhart to Lubbock which told of good rains. Ralls, Crosbyton, Cone, Lockney, Plainview, Lubbock, Tulia are some of the points from which reports have been received at the Hesperian office. The lines were out of order last night to Silverton, Matador and Spur. Plainview reports the lightest rain in this territory with slightly under a half inch. However, the greater portion of Hale County, according to this same report, had from one to three inches of rain.

In Floyd County, Pleasant Valley, northwest of Floydada, had two inches or more of rain, Pleasant Hill, southeast, had a "gully washer", Lockney had two inches, Sand Hill and Harmony both more rain than at Floydada. At Lee Montague's place northeast the rain was estimated at two inches. Floyd Trowbridge, at Harmony, estimated the rain at his place at close to 3 inches. D. D. Shipler, miles south, measured an inch and a half of rain at his place. The rain was probably heaviest in the west, north, and northeast portions of the county where the clouds hung for two or three hours before rain began falling at Floydada.

Joe Bailey and McAdoo report the only dry area in Floydada's trade territory. Light sprinkles fell at these places, according to reports reaching Floydada. Lakeview, however, had an inch of rain, this report states, and the territory this side of Lakeview had more rain than either at Floydada or Lakeview.

First impressions gained from talk with farmers is that feed planting will begin in most sections of the county before the end of the week. Preparations are being made for cotton planting, also, on some farms. Wheat reports are more encouraging. Many crops over the county will make fair yields with continued favorable weather. Grass conditions materially improve, and a string of cattle which were gone to Kansas or Oklahoma soon will probably not be moved.

Revival Crowds Are Big at M. E. Church

Audiences for night services at Methodist Revival, which has been in progress since last Sunday morning are the largest in at least five year's history of the church here, all available space in the large auditorium being taken up. Morning service attendance is also good.

John T. Neal, evangelist, who is preaching for the series of services, Sunday morning made a hit with the dog lovers of his audience when he told of the faithfulness of Caleb, one of the viewers-out of the Promised Land, who with Joshua made a good report, while ten others said it couldn't be done. The word Caleb, the evangelist declared, is from a root word meaning dog.

Sunday night the evangelist paid his respects to carnival companies in no uncertain terms.

Morning services are held daily. The evening services begin at 7 o'clock with a prayer service, preaching service beginning at 8 p. m.

The meeting will last through another week, closing Sunday, May 3rd according to present plans.

Prof. R. B. Vaughan is in charge of the song service.

BORN.—To Mr. and Mrs. J. Singleton, Fairview, April 19, a girl.

Sunset Trustees Study School Building

Last Friday the trustees of Sunset Consolidated School District, Ormon, president, R. M. Have secretary, Wade Davenport, C. Wallace, H. T. Bradshaw, P. L. Com, C. L. Jarrett accompanied Price Scott, County Superintendent, W. H. Simpson of Blanco, Mr. Stran of Kerr & Walsh, Architects, Plainview, G. D. Tate, principal of the school, and J. H. Upton, a member of the County Board of Education made an auto trip throughout the county and elsewhere in a study of the different styles and kinds of school buildings being used to the greatest advantage by consolidated district and other large school districts.

In their itinerary was included a new two story and half brick building at Lone Star completed last fall, the "H" Unit Type of school erected at Prairie Chapel and the "T" Unit Type of school that was recently built at Cone in Crosby County.

A RECORD BREAKER

The greatest industrial meeting in America! This is the record the annual meeting of the West Texas Chamber of Commerce has established for the past three years. The 7th of these annual meetings will be held in Mineral Wells, May 4-5-6. Indications now are that the meeting in Mineral Wells will break all previous records in point of attendance and interest, which means that it will bring together upwards of 40,000 souls.

The spirit of good fellowship, enterprise and progress will challenge the admiration of the entire country and for the three days named the eyes of the country will be focused upon Mineral Wells, Texas.

A panorama of boosting and beauty; prosperity and progress; color and culture, fraternity and friendship. These are adjectives that describe one of the annual meetings of the West Texas Chamber of Commerce, but to really appreciate the pleasure and importance of these meetings, it is necessary to visualize, in fact be a part of them.

Low rates on all railroads and Mineral Wells cordially invites her friends everywhere to join in this auspicious occasion.

With an ocean of water less than 130 feet distant, the City of Floydada has a water problem, which The Hesperian believes to be the city's biggest problem. We have in mind what we believe to be the fact that the cost of getting our water supply on top of the ground is too great—at least much too great for the revenue it is producing. While no records are available to us to sustain this argument, we are convinced that every administration since the city's incorporation has been hampered by the cost—and, we think, excessive cost of our water. There ought to be a way out. It is up to the new city board, if they can, to find this way out. Floydada's water supply—its cost per thousand gallons in investment and in operating expenses—needs a solution. We commend the problem to the new city fathers in the hope that they solve it.

The development of Floydada, the whole of Floyd County, by the fact that business men, farmers and the behind-the-counter kind—are planning development. That the real farmer and real business men are not "scared" by the temporary set-back dealt us by the continued dry weather is evidence that they know the country to be basically sound. It is true that the country is dry. It needs rain. But it has been dry before, and it will need rain again some of these days.

Floydada people will rejoice with their neighbors in the good fortune to which they are now headed—the good fortune that will come with more railroads and more development incident thereto. Every town thinks of itself as a potential railway center and all the railways of one kind or another that are to be built in this country, will not have been built in another ten years. Floydada, like every town, would like to be the city to which present railroad arrows are pointing. But this country has too big a future before it for any one railroad to make or mar it. The South Plains and Floyd County in particular are great now. Their possibilities, about which we talk so much, we hardly conceive ourselves. We only half believe what we know to be true—that the development of past ten years is merely an indication of what is coming. That's true, and another ten years of development, no greater even than the past ten, means much building in its store for Floydada. Jealousy has no part in the make-up of a real town-builder. Floydada will not be jealous of its neighbors. Floydada citizens will only be all the more determined to build and build well for the future.

If your business is dragging and you wish you had something to do to make the time pass until it rains, try spending a part of the time in working about the place, fixing up this and that, and maybe filling in about the house for a lawn, and otherwise getting work done that you won't have time for when the rains come and the floods descend. This country likes a lot of being gone to the demerit bow-wows. The man who will be ahead in the long run will not be the man you hear standing around "hollering" about the dry weather. The winner will be the one who is "sawing wood" now.

Although it's not may 1st as yet, the face of the earth, at least that portion of it on the main highways, is covered with tourists who are going east or west, north or south, hunting good vacation grounds. Several tourists every day make Floydada already. If that business man of Fort Worth who said every tourist automobile is equal in value to a bale of cotton to a town then Floydada has several "bales of cotton" coming in every day. It may be well to say that tourists are like cotton in another way. Cotton goes where the market appears to be best. Tourists tarry along the way when they like the treatment they get.

Old timers are telling us this has been the hottest, driest, least windy April of many years.

WORLD'S DEEPEST WELL

The deepest well in the world was completed recently by engineers near Latrobe, Pa., when they struck natural gas at a depth of 7,428 feet, or almost one and a half miles, says Popular Science Monthly. Work on the well was begun in 1922 and drilling continued for thirty months. The gas is flowing at a rate of 500,000 cubic feet a day. The cost of sinking the well was about \$200,000.

NEW FOE OF MOSQUITO PEST

That the mosquito plague may be exterminated by raising a type of stingless mosquitoes guaranteed to expel the stinging variety was the recent statement of Dr. Louis Paul LeGendre to the French Academy of Sciences, says Popular Science Monthly. He says the stingless variety thrives in parts of Brittany.

ODDS AND ENDS FROM ALL OVER THE WORLD

The well dressed young man of the Dinka tribe on the Upper Nile wears copper wrist bracelets so tight that his hands grow numb and useless.

On the face of statistics, the proportion of male convicts in prisons to females is 10 to 1, and the proportion of hardened criminals is 62 per cent to 17 per cent.

The Madri Gras has been celebrated in New Orleans with revelry and elaborate display since 1827.

The first car of butter was shipped to New York in 1880 by Governor Hoard, of Wisconsin, proving the value of the refrigerator car to the world.

A quid made from tobacco, leaves of cocoa plant, and wood ash paste forms a bulge in one cheek of almost every Indian one sees in Bolivia.

Minneapolis has a nine o'clock curfew sounded by the fire stations and enforced by the city police.

The original manuscript of a Beethoven wedding song, composed on February 6, 1819, was recently found by Beethoven's musical publishers in Leipzig, when they were searching for Beethoven's piano concertos written in the master's hand.

A perfectly preserved grain of wheat was found embedded in a piece of pottery used by a Sussex woman 2,600 years ago. It is on view in the Municipal Museum at Brighton, England.

Men are changed to coyotes after death, the Indians of the Klamath tribe in Oregon believe, and they have so opposed the work of the government trappers that there are more coyotes on the Klamath Reservation than in any part of the Northwest.

When Roman numerals were used before the use of figures, all calculation was done with the abacus.

Seventeen states are represented among the 53 members of the football squad of the University of Pennsylvania.

A honey bee gives off a scented trail when it finds a new source of

supplies, that other bees may follow through the air.

Chicago's horses decreased by ten per cent during 1923, and motor driven vehicle licenses increased nearly ten per cent.

A valentine formerly meant a young lady betrothed to a man on the first Sunday in Lent. The agreement was annulled if he did not give her a present on the 14th of February.

Sundays in winter as many as 50,000 Germans pay ten cents each to walk on the ice at Muggle sea just outside of Berlin.

Football in England is first distinctly mentioned by William Fitzstephan in his History of London, 1195.

SHOOTING AT DUST

Shooting at dust with a cannon is a new and strange method by which the Federal Bureau of Mines expects to reduce the annual appalling death toll in mines caused by the many coal-dust explosions, says Popular Science Monthly.

The dust cannon is mounted on a mine car and moved quickly to any part of a mine where danger is believed to be imminent. The gunner, fires a charge of black powder, sending the dust, if there is any, spraying in all directions.

PREPAREDNESS

A certain New Yorker, an advocate of deep breathing, is accustomed to take morning walks, during which he at intervals raises his hands high above his head and then lowers them.

A visitor from out of town watched this performance in amazement for a time and then, approaching him timidly, said:

"Is it possible, sir, that affairs have reached such a state in this city that residents have to practice what they shall do when they're held up?"—American Legion Weekly.

If another man's will is stronger than ours, we do not mind it if he can make us like him.

The largest sheep station in the world is at Tierra del Fuego, the One company shears more than 2,500,000 sheep every year.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 80c, 60c and \$1.20. Powder 30c and 60c. Sold by All Drug Stores

Home Demonstration Club News

Miss Harris County's Best Biscuit Maker

Last Saturday the County Biscuit Contest was held at the High School Auditorium with nine contestants present. Miss Vicie Harris of Allmon Home Demonstration Club with a score of 95 per cent was awarded first place in the contest and officially declared the best biscuit maker in Floyd County. Mrs. Carl McAdams of Lockney was second; and Mrs. C. D. Merrick of Lone Star was third. All biscuits made at the contest were of high quality and the scores much higher than made during the preliminary try-outs held throughout the various clubs over the county.

Miss Vicie Harris is the daughter of A. V. Harris of the Allmon Community and was the only single lady entered in the contest held here last Saturday. The last week in July the State Biscuit Contest will be held at Austin and Miss Harris will try to win honors for Floyd County in that contest. While at Austin she will also attend the short course given during the summer at A. & M. College.

The judges in Saturday's contest were Mrs. J. G. Clements, Head of the Department of Household Economics, Floydada High School, Miss Norfleet Grimes, Home Demonstration Agent from Motley County, and Miss Lelia E. Dye, Home Demonstration Agent from Hale County.

SAND HILL CLUB

The Sand Hill Home Demonstration Club will meet Wednesday afternoon, May 6th in the home of Mrs. G. C. Collins. The subject for discussion will be "Health Habits for the Home". Roll call is to be answered with a suggestion for good health rules to be cultivated in the home.

We hope that every member attends this meeting. It has been some time since some of us have been to the club meetings. Last meeting was postponed on account of the Millinery School. We are glad to report that the school was a grand success.

BLANCO CLUB

The club met with Mrs. J. C. Summers and daughter, Miss Florence, on Thursday afternoon, April 16 with 14 ladies present. We had one visitor and one new member, Mrs. Harry Christian.

Miss Faulkner gave us a splendid demonstration on setting the table and on serving. We meet next with Mrs. L. C. Wheeler our club president, at which time we are to study "Health Habits for the Home". At roll call each member is to suggest a good health habit to be cultivated in the home. Mrs. E. W. Holmes is leader for the afternoon.

We will be glad to have visitors at this or at all of our meetings.

EXTENSION OFFICIALS VISIT WITH CLUBS OF COUNTY

Miss Mildred Horton, State Home Demonstration Agent for the Third District, visited among the Floyd County Home Demonstration Clubs accompanied by Miss Mabel Faulkner County Home Demonstration Agent, two days this week. On Wednesday, they visited the two clubs at Aiken, girls and women's, this afternoon they are visiting the Lockney Home Demonstration Club.

ALLMON CLUB NOTES

The Allmon Home Demonstration Club feel very proud of Miss Vicie Harris, who won first place in the biscuit try-out held in Floydada Saturday and will get the trip to the A. & M. Hope she does as well there.

Remember, our next meeting with Mrs. H. H. Graham as hostess on Friday, April 27th. Let everyone come and try to bring one with you. The study will be making the most of the meal hour with Mrs. H. A. Krause as leader.

Evening courses in chemistry are given at Western Reserve University. These classes provide an excellent opportunity for professional men and women to carry on research under favorable conditions and furnishes an opportunity for Cleveland chemists to receive instruction in recently developed fields.

Poultry Specialist Coming Next Week

On April 29 and 30th, Wednesday and Thursday of next week Mr. Glazier, Poultry Specialist from A. & M. College will give lectures on the subject of poultry at three Home Demonstration clubs for the club members and for the general public who are urged to take advantage of the instruction to be given in these lectures.

Wednesday morning, Mr. Glazier will meet the Girls' Home Demonstration Club at Providence and in the afternoon will meet the Women's Home Demonstration Club at the same place. Thursday afternoon Mr. Glazier will lecture to the women at the Fairview Club.

FAIRVIEW CLUB

Fairview Home Demonstration Club met with Mrs. E. Ray Smith Friday afternoon and we had 14 ladies present. Miss Faulkner gave the lesson on making the most of the meal hour.

We enjoyed the afternoon very much. So many helpful things were said on the setting and serving of the meal as well as some things that make meal time pleasant to the entire family.

Our next meeting will be an open session for every one interested in poultry to attend. There will be a poultry specialist present to conduct the demonstration and lecture also to answer any troublesome question one may have. Come all of you Thursday afternoon at 2:30 on April 30th at Mrs. Cris Mayfield's.

Campbell News

Campbell, April 20.—It is still dry out this way with plenty of sandstorms.

The young folk enjoyed a party at J. B. Tinnin's last Saturday night and many Campbell people attended.

Brother Harberson kept his regular appointment last Sunday.

Everybody is killing rabbits out at Campbell. Mr. Burnett had eight to his credit on Monday.

There were several visitors at school last Friday.

Mr. and Mrs. Will Amburn who have been visiting relatives and friends in Jack County returned last week accompanied by Grandpa Amburn.

Frank Jones has given up his farming and gone to Childress County to work on a ranch.

Lester Jameson is suffering with whooping cough.

SERIES OF SERVICES AT FIRST BAPTIST CHURCH

Tomorrow evening at the First Baptist Church Rev. Carl Moore of Moody, Texas will preach a sermon. Saturday evening and on Sunday at both services Rev. Moore will fill the pulpit.

All members of the Baptist Church and friends are asked to bear these preaching days in mind.

HIS EQUIPMENT

"Mr. Scrawls, the editor, is not very honest and has little ability as a writer," we said with a rising inflection.

"Yes," replied the villager, "but you will note that he has a scraggly beard of which he seems very proud and a wife who rules him with a rod of iron."—Kansas City Star.

Women manage to carry their age well by dropping a few years occasionally.

P. T. C. SOCIETY

The P. T. C. Society of Sand Hill presented "Safety First" last Friday night at their home auditorium.

We want to thank the large crowds that attend these plays. It shows that our efforts are appreciated.

Many people have said that "Safety First" is the best play we have presented. It is a good play, and we also feature some negro comedy and songs between acts.

On account of nearing the close of school and so many plays now being shown, we will not show "Safety First" anywhere until school is over. Shortly after the close of school we will show this play at Floydada and at Lockney and any other places that request us.

Fairview News

Fairview, April 20.—James Nix of Amherst has been at home with his parents, Mr. and Mrs. Mat Nix during the past few days.

Rev. Marvin Brotherton and Rev. Bruce Meador have just closed a great revival meeting at this place, during which many were brought into the Kingdom of Christ.

Bill Beedy is visiting friends at Clarendon at this writing.

Mrs. Estell Mullens was taken to the sanitarium last week where she underwent a very serious operation. We are glad to report that she is doing as well as can be expected.

The Baptist and Methodist young peoples Unions were organized Sunday evening, each with a good number of members. Let us make these unions a great success.

Walton Wilson and John Reeves, accompanied by their teacher, E. Ray Smith and Edd Bullard attended the district track meet at Lubbock last Friday and Saturday. All report an excellent trip. Let's have more pupils qualified next year.

Rev. Brotherton baptized a number of young men Monday evening at Mr. A. A. Beedy's place.

The Baptist Church building is nearing completion. Fairview community is and should be proud of this modern structure.

The seniors of the Fairview school organized last Monday. The class is composed of five members, three boys and two girls. Elections were as follows: president, John Reeves; vice president, Eula Snodgrass; secretary, Winnie Wilson; treasurer, Walton Wilson; critic, Albert Cooper.

WESLEY GIRLS ENTERTAINED

Wednesday of last week the Wesley Girls Class were entertained by Mrs. Jake Gamble, Mrs. F. W. Ansley and Mrs. J. A. Blackwell at the home of the latter.

After various games were played refreshments were served to thirty guests present. A short business session followed the serving of refreshments. New members are cordially invited to attend these monthly meetings and the aim of the committee is to make these meetings as interesting as possible to all.

The engagement ring is worn by Germans and Scandinavians on the third finger of the left hand during the engagement, and on the right hand after marriage.

Center News

Center, April 20.—We are having some extremely warm weather for this time of the year. If some rain would come along with it grass and everything sure would grow fast.

Lots of Center folks have been attending church at Fairview during the revival there. The meeting closed Sunday night with a large number of conversions and additions to the church.

Mr. King and family, Mrs. Montgomery and children took Sunday dinner at the Lightfoot home.

Mr. and Mrs. Fuqua and some of the children spent Sunday with Mrs. Fuqua's sister near Wake.

Mr. Matthews took Mr. and Mrs. W. C. Spence to Lubbock last Wednesday where Mrs. Spence underwent a medical examination.

Mr. Laminack and family visited the Williams family on the Kinnard place last Sunday.

Mr. and Mrs. Dunn and their son and daughter visited Mr. and Mrs. J. H. Foster Sunday.

Miss Amelia and Grace Fuqua visited with Miss Mildred Dunn at the Foster home Sunday.

Mr. and Mrs. N. R. Austin and family entertained Mrs. Austin's niece and daughter and some friends from Lubbock last Sunday.

Mr. Meredith and family spent Saturday night and part of Sunday with Mr. and Mrs. Herbert Meredith.

Mr. and Mrs. C. O. Spence visited Mr. and Mrs. Bryant Sunday.

Mr. Jordan is on the sick list at this writing.

Our W. M. U. meeting was very well attended last week.

Next Monday April 27 we hope to have a better number present and a more interesting meeting. Come, and be with us ladies.

Remember next Saturday and Sunday is our regular preaching day here. We expect Bro. Hull to be with us.

FIRE CHASE

For the first time in the history of Allentown, Pa., a blaze was taken to the firemen when a trolley car that caught fire on the main street, but far from the city's center, was run in front of an engine house, where the flames were extinguished. Starting for the repair house, the car again caught on fire and an excited pedestrian sent in the alarm. The trolley kept going, however, and the firemen had to chase it half a mile before they overtook it and again quenched the flames.

Ninety-eight per cent of the people of New Zealand are of British stock.

Telephones

Res. 330 Office 73

WEDNESDAY BRIDGE CLUB

Miss Virginia Lewis entertained the Wednesday Bridge Club, Wednesday of last week at the home of Mrs. R. H. Willis.

After playing several rounds of bridge, Mrs. Luther Fry was holder of high score.

Refreshments consisting of a salad course with olives, pimento sandwiches, iced tea, sherbet and cake were served to the members and following guests: Mesdames A. N. Bratton, Carr Surginer, Baird Bishop, Luther Fry, L. H. Lewis, John Lewis, Mary L. Fawver, and Miss Jennie Legg.

The next meeting of the club will be at the home of Mrs. P. W. Cloud on Wednesday, April 29.

GINGHAM CLUB

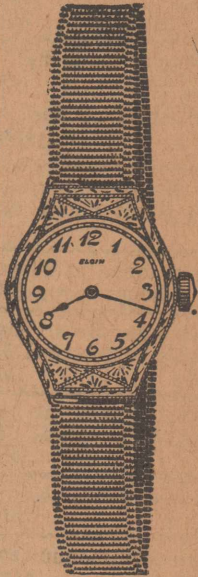

The Gingham Club met Friday afternoon of last week at the home of Mrs. F. S. Truitt. After a delightful afternoon's session of sewing refreshments consisting of a salad course, iced tea, cheese niblets, and angel food cake were served to the members of the Club and the following guests, Mesdames J. A. Wyman, M. L. Kizzlar, I. W. Hicks, and E. S. Shoaf.

Mrs. M. L. Kizzlar will entertain the Gingham Club at their next meeting which will not be until the third Friday in May. This meeting has been placed so far ahead on account of so many church meetings and school activities that will occupy the intervening days.

The "Fly paper women" of Paris streets wear fly paper hats when they call their wares.

We will furnish all outside fences and a well, windmill, and tub, the tenant to get all the crops raised on said land and to pay no rent except taxes and a small handling charge. Also have other lands to rent on different terms. Write or see Meade F. Griffin, Plainview, Texas. 49tc

BIG PAPER MILL PLANNED

It is reported that the world's largest paper mill is planned for northern Ontario. It is to have 1,000 tons capacity and will utilize Smoky falls on the Mattagami river, capable of making 200,000-horse power, and the largest and best power site in Ontario north of the St. Lawrence.

Previous to 1897, when the electron was discovered by Sir J. J. Thompson, a hydrogen atom, whose mass is 1,800 times as great as that of an electron, was the smallest mass known to science.

Sanitarium Notes

Miss Lena Mae Sparks left Tuesday morning for her home in Center Community.
 Carl Rhodes underwent a major operation last Thursday.
 Mrs. Bernice Mullens of the Center Community underwent a major operation last Friday morning.
 Joe Wason of Matador was operated on for appendicitis last Saturday afternoon.

Lorene Friar of Matador underwent an operation for appendicitis Wednesday of last week.
 The small daughter of Mr. and Mrs. Y. T. Jiles of Flomot was operated on for an abscess Saturday.

Bob Echols of Matador was operated on for appendicitis Tuesday.
 The eight year old daughter, Adena, of Mr. and Mrs. J. R. Rock, of Flomot was operated on for appendicitis Tuesday.

SMITH—STARNES

Tuesday afternoon of this week Judge E. C. Nelson, Jr. officiated at the wedding of Hugh Starnes and Miss Gladys Smith.
 The couple are residents living just east of Lockney.

ATTENDING CLINIC

Wilson Kimble left yesterday morning for Dallas where he will attend a three day clinic in optometry to be held in the new Santa Fe building in that city by Dr. A. M. Skeffington.
 While in Dallas he will also attend the meetings of the Texas Optometry Association.

J. I. Hammonds and J. E. Pitts made a tour of the north panhandle from Thursday to Wednesday last.

REMARKS OF BR'ER WILLIAMS

Er you kin send yo' voice clear round de worl': if de airships kin fly 'cross de big sea, an' ef man kin almost raise de dead, what does you think must be waitin' on us in de worl' ter come? W'y, jes' studyin' 'bout it is nuff ter give you de ol' time fibbertigibits an' de rattlin' of re brain!"—Atlanta Constitution.

POST-WAR SOUP

Novelist D. H. Lawrence was talking about post-war Europe.
 "It's almost impossible to get a good meal in post-war Europe," he said.

"A chap in a Roman restaurant one night let out a cuss word and snarled "Waiter, you've spilled that soup all over my trousers"

"Don't be alarmed, signor" said the smiling waiter. "I know the soup here it never rains arter six o'clock."

Lots and lots of clever men don't know how to make money; and they know enough not to try.

Hi Baseball Team Wins From Plainview Hi

The F. H. S. Base Ball Team demonstrated its playing ability last Friday when they won a game from Plainview High School team. The score was 3 to 17.

The visiting team did some good playing until the third inning, when Floydada took the lead by 7 scores.

The score by innings was:
Plainview 100 000 200—3
Floydada 107 012 33x—17

The line up for Plainview, Cleavinger 2b; Williams ss; Boswell cf; McKinney lf; Rosser rf; Terrill 3b; Cross 1b; Craig c; DeJarnet p.

The line up for Floydada: Wilkes 1b; Daily ss; Carter lf; Abbott p; Green c; King rf; 2b; Bosley cf; Moore 3b; Pearce 2b.

The batteries for Plainview: Craig, De Jarnet. The batteries for Floydada: Abbott, Green.

The umpires were Holt of Plainview and F. Curry of Floydada.

GO AWAY

Every man ought to snap down the roll-top desk, put aside his working tools, and go away a little while, at least once a year. We get stale and weary, looking at the same scenes every day, our vision becomes blurred and we do not get the proper outlook.

A night's travel in these days of fast trains will put you beyond the narrow boundaries that hem you in. Somewhere in the frozen north, the balmy South, the breezy West, or the cultured East, you will find much of interest and instruction.

"But I can't get away," the poor old chained slave says. Men have thought that for lo, these many years, and then one night the Grim Reaper beckons to them and they go away and stay away. Does the daily grind cease for those they have left behind?

Not long ago a prominent citizen passed away. He was a man who toiled long hours for others. He put in overtime and was a valuable member of society. "It would be hard to fill his place," they said. Scarcely had the mourning friends and relatives turned away from the new-made grave when the community life flowed on. It was like dropping a stone in the placid lake. There was a splash, a ripple, and the surface of the lake was as before.

It is well to do your duty, to be zealous in your undertakings, to practice thrift and provide for the rainy day. But to slave and hoard is wrong. You owe something to yourself, your health and peace of mind. Take a trip and get in touch with humanity. It is a good investment, money well spent. It is worth the cost of the carfare to "meet up" with men who are facing different conditions from the petty problems that make up your daily existence. If you can't go now, start planning for your summer vacation, and when the time come, take it.

You will be a long time dead, and the world will never miss you.

WAS A FAVORITE

An American bull-fight film gave all the preliminaries of the event, but when it came to the real contest in the arena it was necessary to leave much to the imagination. But when the same film was sent to Mexico. It was a failure and the Mexicans who paid their money did not hesitate to express themselves after the show, which they regarded as a swindle. A section of a film depicting a real bull-fight was inserted and after that the picture was a hot favorite. The whole country went to see it.

Iceland moss is much used for food in the island from which it gets its name. It is ground with flour and added to soups for thickening.

FIRST CHRISTIAN CHURCH

The Meeting closed last night and was a grand success in every way. The results, we believe will be far reaching and the fruits will be gathered for some time to come.

The Bible Reading contest was won by the reds with a total of 17,084 against 16,603 by the blues, a total of 17,637 for both sides. We think that was simply marvelous for so short a time. All expressed themselves as pleased that they had been reading so many chapters. Remember this was Chapters and not verses that were read.

Services next Lord's Day will be held as usual. The S. S. at 10 o'clock and preaching at 11 a. m. and 8 p. m. The subject in the morning will be "The Divine Plan of the Ages". The subject at night will be "An Earthquake, its cause and results". These will be interesting messages and you should hear them. All are invited to attend. Come to the little Church with a big welcome.

CHRISTIAN ENDEAVOR

The Christian Endeavor Program for Sunday, April 26th is as follows: Subject.—Educational Missions

Leader.—Mrs. Pierce King.
Song.—"Day is Dying in the West"
Prayer.
Song.—"The Great World Task."
Scripture Reading.—Acts 18:1-11; 19:8-10.

Why Must we offer Education in Mission Lands?—Vera Harrison.

What Proofs have we Educational Missions are of value?—Alpha King

What Educational Opportunities do our Church Offer Abroad?—Ora McNeal.

Song.—"What Does it Mean to You?"

Business
Benediction

OPPOSITES

We're always wanting it hot in the winter time, and in the summer time we long for the frost. Fat people are forever trying to reduce; thin people try to add to their weight.

The rich imagine they envy the poor, and the poor envy the rich a great deal of the time. What we have we don't want and whatever we haven't we crave earnestly.

Only a few are satisfied and those few won't admit it for fear they will be accused of having no ambition.

A nation builds a great ship. Immediately some other nation tries to build a bigger one. You erect a fancy home, and along comes another man with an envious eye and determines to eclipse you.

An especially difficult task always invites a challenge to master it.

The conspicuous thing about life is the fact that everybody likes it, but few are satisfied with it.

ARGUMENT SURELY MUST HAVE IMPRESSED JURY

Col. Robert M. Thompson, president of the American Olympic committee, said on the American's arrival in New York:

"There was some trouble here and there during the games, of course, but those who growled the loudest were like the lawyer.

"This lawyer was defending a bully who had shot a revivalist in the leg, whereat the revivalists struck him in the face with a hymnal.

"Gentlemen of the jury," the lawyer said in low sad tones, "my client merely discharged his weapon,—a deprecatory shrug and gesture of the hands—'toward the revivalist's leg when—'voice raised in rage and horror—'when that bloody-minded miscreant, a disgrace to the cloth he wears, struck my unfortunate friend full in the face with a hymnal."

In every lift, a few days off should be taken just to be lazy.

Club Calves Bred in Floyd Co. Top Oklahoma City Market

A carload of steers purchased from Fred Bourland of Floydada and fed out by the vocational class of the Davis Oklahoma High School topped the Oklahoma City market at \$11.50 per hundred weight April 14th. This price is reported as being the peak price paid for Oklahoma fed cattle since November 1920 which indicates the quality and finish put on the Texas calves by these club boys. There were 25 head of dehorned Herefords averaging 899 pounds sold at the top figure and the cattle were the outstanding feature of the day at stockyards. A ration of ground ear corn, cottonseed meal, black strap, molasses, alfalfa hay and oat straw made these steers look like "butter balls". Nineteen boys from 15 to 17 years old took care of the calves under the direction of Prof. Oursler of the school and County Agent Lewis.

The Davis Chamber of Commerce and a local stockman-farmer encouraged and financed the transaction which was profitable to the boys as well as educational to them. It was an excellent and practical demonstration of what can be done by feeding cattle for market when stuff of breeding and quality such as the Bourland calves is given a well balanced fattening ration.

FORD'S WEEKLY PAYMENT PLAN PROVING POPULAR

One of the most interesting features of the March sales reports of the Ford Motor Company, as given out at the company's offices in Detroit, is the large number of people who enrolled to purchase cars under the easy method of the Ford Weekly Purchase Plan.

The reports show that plan enrollments averaged more than 1,000 a day for the month, the total for the twenty-six working days of March being 26,826. This gain of about 300 a day over the enrollment figures for the last few days of February.

THIS MIGHT BE ENTITLED "DREAM OF FAIR TYPIST"

"The pretty young secretary admired the iron king (her employer), romantically, and was in the habit of writing his surname after her own Christian name, to see how the combination looked; and when he had departed each morning to contest his latest assessment for super-tax, she would wander through the house planning little changes in the arrangement of the furniture and generally deploring the sober, colorless taste of the first iron queen. So far, her employer returned none of her admiration. He addressed her loosely as 'Miss —er,' and forgot her name; he never noticed what clothes she was wearing, nor the pretty dimples that she made by holding down the inside flesh of her cheeks between her eyeteeth; further he criticized her spelling spitefully."
—From "Tales of Intrigue and Revenge," by Stephen McKenna.

WHY FOREST FIRES

Of the 556 forest fires that took place in the Adirondacks and Catskills last year 172 were due to careless smokers, 88 to locomotives, 82 to fishermen, 70 to campers, 29 to hunters, 28 to berry pickers, 18 to lightning, and 17 to incendiary causes. One of the worst of the lot—and one of the worst in the history of the Catskill region—took place in July in the Shawangunk mountains and was started by the pickers of the famous Shawangunk blueberries.

People took their rum straight a long time before the government provided a chaser.

STRENGTH

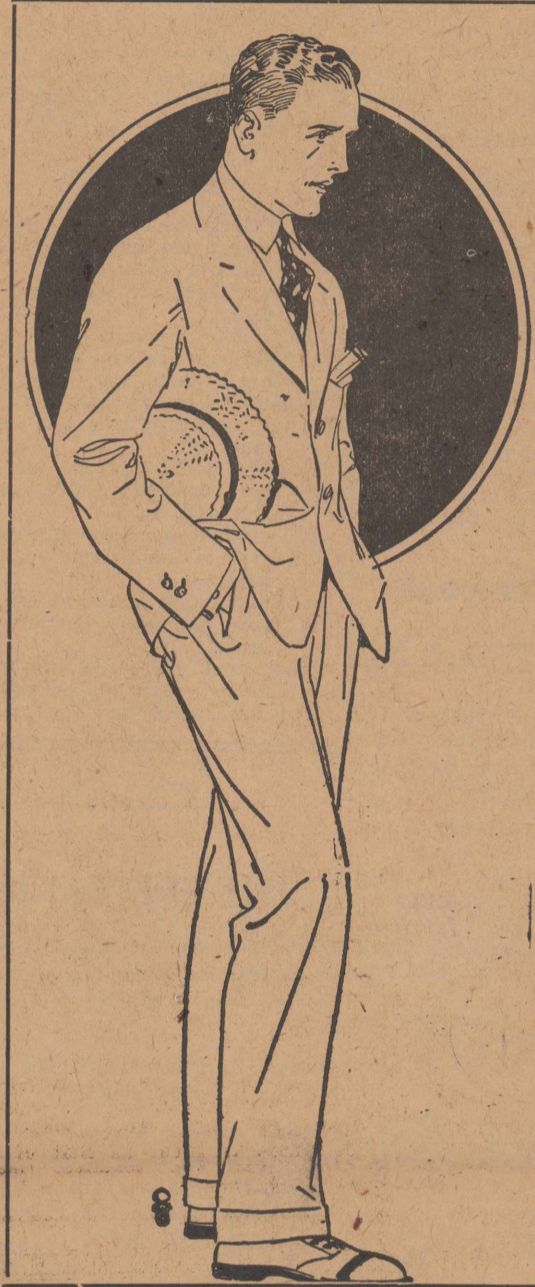

Strength was probably the first attribute of man to be universally admired. Back in the dawn of history this strength took mere physical form. Since, the evolution of this quality has lifted it above the level of the beast; it has been refined with restraint of self-imposed laws; it has sought ex-

pression in all the more civilized avenues of their virile manhood through the attainment of moral courage. Some as the artist, thought the expression of a strong conception of beauty; others, through their unswerving regard for sacred duty—moral, social or industrial. But strength it is—that which makes the man in the eyes of the world. It is

one standard of judgement that was born when man was born, and it will not die until the last man is gone.—W. D. Trotter in Southwestern Machinery.

The oldest known will was executed in 2548 B. C. it being that of the Egyptian Uah.

Suit Values That Mean ECONOMY

These suits spell Economy because they are tailored in the best manner from fabrics noted for their wearing resistance and shape retaining qualities. You'll know how good they are the minute you slip one on.

All wool fabrics in patterns that appeal to the men who want clothes that are right in every particular, in one and two pant.

\$25.00 and up to \$42.50

Men's Gaberdene Suits

For these warm summery days just ahead you'll need a suit that will give the best wear obtainable and hold their shape and are right in every particular. The patterns are particularly appealing this season. You'll like them, drop in and take a look.

\$20.00 and \$25.00

Drop in fellows and get your self a new straw lid We've got the hats you'll like and will be becoming to you. All the new braids and in shapes that men and young men want.

\$2.50 to \$5.00

GOOD SHIRTS

After you've worn them you will know all we mean when we say that these are Good Shirts Carefully tailored, fast colored fabrics, full cut, just snug fitting enough not to feel baggy and the materials will stand many weeks of good hard service. Drop in and supply your summer's needs now.

\$1.00 to \$5.00

Men Get Into a New Straw

Togs for Little Tots

It's so easy to fix the children up for the summer if you come here to make your selections. We have done all the difficult work and the results of our efforts are presented for your convenient choosing. Prices are in most instances, less than you could make the garments for yourself.

A new shipment has just reached us in rompers and suits made of good play cloths and broadcloths, and the colors and combinations are very pleasing and the workmanship is the best you will find.

—\$1.00 to \$2.50

ANNOUNCEMENT OF BUSINESS CHANGE

We wish to announce to our friends, patrons and the public in general that THE HAT SHOP, Mrs. E. P. Nelson, proprietor, and THE HALL MILLINERY, Ruth Brown Hall, proprietor, have been consolidated into one large millinery shop which will hereafter be known under the trade name of

The Hat Shop

This new millinery firm in which Mrs. Nelson and Mrs. Hall are equal partners will occupy the entire balcony in the C. R. Houston & Co. store. All of the equipment and stock of the HallMillinery has been moved up to the balcony and will continue its business under the new trade name.

The business will be very much enlarged, and after all changes have been completed we will have one of the LARGEST EXCLUSIVE MILLINERY STOCKS TO BE FOUND ANYWHERE ON THE SOUTH PLAINS AND THE LARGEST IN FLOYD COUNTY.

We are exceedingly anxious for all of our old customers who have been responsible for the success each of us have enjoyed in the past to continue with us in this, our new business relationship.

We cordially invite all our former patrons and new friends to visit our hat shop. We have a wonderful line of hats from which to make a selection. We have something to please everybody.

The Hat Shop

Mrs. E. P. Nelson

—Props.—

Grasshopper Control

By R. R. Reppert, Entomologist, Extension Service A. & M. College of Texas

(Clip this and keep for future reference.)

It now seems certain that in some sections at least, a grasshopper fight will again have to be waged this year. Already grasshoppers are hatching and damage has been reported in some localities. With the great number of eggs found in the soil, extended damage, especially if warm showers occur during April to hasten hatching is expected. It is believed that the infestation will extend over most of the territory damaged last year, and into adjoining sections besides, where the hoppers migrated in late summer and fall for egg-hatching.

Our "differential" hopper, yellow, when full grown, does the most damage, except in localities where the "jumbo" is a pest. These two may be expected to commence hatching about the middle of April, and damage to cultivated crops will occur about the middle of May and thereafter. Numbers of grasshoppers have already hatched, but most of these are species that ordinarily do not damage cultivated crops. It is thought control of them will be unnecessary. They should be closely watched however, and poisoned if found attacking valuable crops.

Last year farmers would have saved much more had they commenced fighting the hoppers sooner. This year, being prepared by warnings and profiting by previous experience, they should be able to save all of their crops and at a less cost. Instead of fighting them as they attack the cotton and corn, farmers should poison them where they are found hatching in low grass land and along stream banks. The places where they were observed congregating in large numbers during August and through the fall months, furnish an indication where eggs were being laid and where the small hoppers will hatch this spring.

During the first three or four weeks after hatching, the small hoppers range only a few feet from the place where they are hatched. Because of this fact, and because the hatching period will be extended over several weeks, poisoning should be delayed as long as possible. Farmers are advised to watch closely the places just mentioned where hatching may be expected to occur, and to poison over these restricted areas about three weeks after the first small hoppers hatch in considerable numbers. If all farmers cooperate in this poisoning promptly and if all hatching places are treated and poisoned, it is believed that perhaps two such localities will protect the cultivated land on the remainder of the season.

When the hoppers are in the bran mash is advised in the reports of the hoppers. In spite of reports to the contrary, this gave results last year where poison was applied. Failures were due to the departure from directions in some particular. The acetate used in place of acetate gave better results, and it is this year if it can be obtained. The formula recommended is:

Bran (avoid shorts) 25 lbs
arsenic (or Paris Green) 1 lb.
acetate 1 oz.
molasses (avoid cane syrup) 2 quarts

Water in quantity as suggested below.

Thoroughly mix the poison and bran dry. Dilute the molasses and amyl acetate with about two gallons of water and thoroughly mix with bran. Add more water and mix, until a thoroughly wet mash has been obtained, yet not sloppy. It should fall apart easily when sowing, so that it breaks up into particles not larger than the small finger nail at the largest. A good test is to squeeze a handful tightly; if of the proper consistency the water will ooze out between the fingers, but should not run out in streams.

It is important to thoroughly mix after each addition of water, to secure an even distribution of all the materials. After one or two batches have been mixed, the farmer will learn how much water to use, so that no further additions need be made.

Only high grade amyl acetate should be used. Avoid bronzing liquids, which contain so great a portion of other substances as to be repellent to the hoppers. Where high grade amyl acetate cannot be obtained, use six quarts of oranges or the twenty pounds of bran. Squeeze the juice from the oranges, grind the rinds through a meat chopper and add to the acetate, also, and then mix. It is important to include the rinds and to chop finely as advised. Merely cutting up with knife will not do. The quantity named in the formula should cover the acres.

DO NOT PUT THIS OUT IN PILES. The mash should be sown broadcast like sowing seed.

The hoppers feed in the morning, and as the bait is more attractive when wet, it should be sown in the evening, before eight o'clock. Where the acreage to be covered is too great, sowing in late evening may be resorted to. An ideal procedure is to make up the mash in the evening, let it stand over night and sow in the early morning over the places where the hoppers are hatching, or if poisoning has been delayed until damage is being done to the crops, the crop area could be sown well beyond the place where damage is being done, as well as a fair margin of the grass land in which the hoppers are migrating to kill others that may later move to the crops. The flakes of bran sown up moisture during the night and sowing should be effective for several days.

When the hoppers will not be found in the field, two or three days after sowing, as advised there should be a check and very little

if any danger, to poultry and wild birds. Animals may be endangered where it is put out in piles, however, and of course great care should be used to keep batches that have been mixed, out of reach of stock, before it is sown. Common sense will direct that ordinary care be used in handling this substance about the house and barns.

Blanco News

Blanco, April 21.—Our school will close May 15 and our teacher, Miss Eura Horn is preparing a nice program to present at that time.

R. B. Hooten and family attended church in Floydada Sunday night.

I desire to correct a mistake in my notes of last week: Mesdames Cates, Wheeler, McCarty, Earl Rogers, W. H. Simpson, Robert Day and Miss Helen Geer also attended the Millinery School at Lockney last Monday and Tuesday, April 13 and 14 as well as Mesdames Gamblin and Will Simpson from this club.

Mrs. A. N. Bratton and little daughter Janette of Floydada spent several days last week with her sister Mrs. J. W. Haney while Mr. Bratton made a business trip to Electra.

Rev. J. W. Dalton preached at Sand Hill Sunday afternoon.

Several from this community are attending the meeting in Floydada this week.

Will Snell received word Saturday of the death of his 16 year old niece, Edna Brown at Waco.

Misses Irene Cates and Jessie Dalton spent Saturday night and Sunday with Miss Eura Horn at her home east of town.

The ice-cream supper at the home of J. M. Gamblin Friday night was well attended and thoroughly enjoyed. Singing and music helped to make the evening pass very pleasantly.

Will Simpson was at Sunset on business last Friday.

Locals and Personals

Collier Smith left Tuesday for Kansas, where he will take up the sale of Oil-Kontrol Rings.

Judge and Mrs. E. C. Nelson, Jr., spent Friday night in Canyon, where Judge Nelson acted as a judge in the intercollegiate debate between W. T. S. T. C. and E. T. S. T. C., of Commerce. The team of the latter school won the debate.

BORN—To Mr. and Mrs. Aubrey Hanks, city, April 15th, a daughter.

Mrs. J. M. Daniels and daughter, Katherine, of Tulsa, visited last week with Mrs. Daniels' parents, Mr. and Mrs. E. T. Hanks.

Mr. and Mrs. A. M. Allen and son, Rellis, of Lubbock visited in Floydada Saturday to Monday, guests of Joe Hicks and family.

Wilbur J. Snell, son of Mr. and Mrs. Wm. Snell, is attending Brantley-Draughon Business College in Fort Worth. He will be away from home for several months.

Mr. and Mrs. C. Snodgrass, and son and daughter, Gerald and Kathleen, reached home Monday morning of this week after a leisurely cross-country trip from the Gulf Coast, where they spent the last half of the winter.

Dr. Olin May and son, Gordon, of Snyder spent the week-end with Mr. and Mrs. B. M. Gamble and family.

Mrs. A. J. Curtis of Electra arrived last Monday afternoon to make an indefinite visit with her son, Van E. Curtis and wife.

Mr. and Mrs. C. W. Wilson visited here the latter part of the week from Muenster, Texas. They were the guests of Mrs. E. J. Womack, sister of Mr. Wilson.

Harper Scoggins accompanied the Floydada Track Team to Lubbock Saturday.

Mr. and Mrs. J. C. Wester went to Lubbock to the District-Meet Saturday.

Mrs. W. O. Payne and little son, Junior, of Amarillo are visiting with her parents, Mr. and Mrs. S. H. Horn of Campbell this week.

Miss Marie Dodson and Virgil Dodson accompanied by a Mr. Dale of Silverton visited in the S. H. Horn home last Saturday evening.

Price Scott and Arthur McCravey of Lakeview attended the District Meet last Saturday.

BORN—To Mr. and Mrs. J. C. Jones, 16 miles east of Floydada, April 16, a girl.

T. J. Jones of Denver is making a two week's visit with his mother, Mrs. O. H. Jones and two sisters, Margaret and Laulice. He is seeing his sisters for the first time in six years and his mother after an interval of four years.

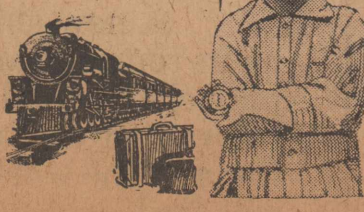

Mr. and Mrs. B. P. Woody and son, B. F. Jr., visited Monday at Jayton. They were accompanied by Jayton by C. M. Craig, Mrs. Woody's father, who will visit at Jayton for an indefinite period.

W. T. Harlan, of Hale County, was here on business one day the latter part of last week.

Laughter lightens a load.

Hundreds Attend B. & A. Birthday Party

Brazier & Arwine, south side druggists, were hosts to hundreds at their first anniversary party at the store Monday evening, more than six hundred persons registering before the crowd grew to such large proportions that the registration booth was moved to make room.

Punch and cream were served as refreshments, and little packages containing a handkerchief and small vial of perfume were favors given the ladies present and cigars to the gentlemen.

The Southern Serenaders furnished music for the occasion, which the visitors enjoyed until a late hour.

The personnel of the orchestra was Ogie Johnson, banjo, Miss Oma Johnson, piano, Mark Duncan, clarinet, Parker Shipley, saxophone, Herbert Hicks, drums.

One of the delightful features of the evening's entertainment was some quartette numbers given by Messrs. R. T. Stribling, E. S. Randerson, Garland Glover and G. C. Tubbs.

FAILURE (?)

(By Gertrude Friend Scoggins) If you sweat and toil and do your best And yet you seem to fail, If your efforts are tried and put to test,

And yet to no avail; And your muscles are tired and your heart hurts, too; Because of no guerdon won, If your days are rain and seem so blue,

For the tasks that are undone, And your conscience chides and you fret and chafe, If your life just seems a dream; If your sun is dimmed and you can not laugh,

And things are not what they seem! You raise your head and steel your heart, And sweat 'mid smiles and song; You toil and work and do your part, And "carry on" and on, and on!

CUMBERLAND PRESBYTERIAN CHURCH

"To everything there is a season, and a time to every purpose under the heaven." "A time to be born and a time to die, a time to weep and a time to laugh." These are coming to all of us. Much of the weeping may be avoided if we will conform our lives to the teachings of Jesus Christ. If we don't while life affords the opportunity we will "cry for the rocks and mountains to fall on us and hide us from the face of Him that sitteth on the throne." Many of us are living too fast—better slow down!

The Lord says, "Come, let us reason together," and that's fine advice. Are you ready to do so? If so, come to church Sunday at 11 a. m. The services at our church will be at the usual hours Sunday and the week following, except at the evening hour we will go and worship with the Methodist brethren.

FREE SHOW ANNOUNCED

Inaugurating the first installment of "The Circus Mystery," a new serial which is creating favorable comment over the country, the Olympic Theatre have announced for tomorrow evening a free show to school children under 12 years of age. To school children over 12 half admission prices will be charged.

LULLABY

(By Gertrude Friend Scoggins.) Go to sleep my precious babe, The stars peep from the sky; The Angels watch above your bed, So rock-a-by, my baby, by.

Your little heart knows no care, Your days are sweet and free; Close your eyes, so blue, so fair, Mother is close to thee.

Be not afraid, the angels keep Their vigils o'er you, child; Close your eyes and go to sleep, And mother sings the while.

Go to sleep, child o' mine, Sweet dreams the whole night thru, While baby stars peep and shine, And God, the Father, watches you.

CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines of children undermine health and so weaken their vitality that they are unable to resist the diseases so fatal to child life. The safe course is to give a few doses of White's Cream Vermifuge. It destroys and expels the worms without the slightest injury to the health or activity of the child. Price 35c. 1922 STUDY CLUB

Nineteen Twenty Two Study Club met at the home of Mrs. M. L. Kizziar last Thursday afternoon. The topic for the afternoon was Yellowstone National Park with Mrs. Wilson Kimble, leader. Papers were read by Mesdames H. S. Sanders, L. C. McDonald and J. B. Jenkins.

Following the regular program Mrs. Harper Scoggins, as guest of the club read several of her original poems.

The next meeting of the club will be at the home of Mrs. H. S. Sanders on Thursday afternoon, May 7.

Olympic Theatre

High Class Productions

P. W. CLOUD, Mgr.

PROGRAM FOR WEEK

THURSDAY, APRIL 23rd.

"STRONGHEART" in "THE LOVE MASTER", with Lillian Rich. It is a great drama of might, love and wonderful dog devotion in the great north with one of the most thrilling dog races ever depicted; a tale of love and villainy in the Canadian wilds, land of eternal snow—a picture so different it will amaze you—Thrill upon thrill in the battles of a giant dog with a robber band and with the gaunt, slinking wolves. Save the woman he loves—"STRONGHEART", the wonder dog of "The Silent Call", and "Brawn of the North" in a picture that eclipses his former successes. "LOW BRIDGE" Comedy.

FRIDAY, APRIL 24th.

"THE TORNADO", featuring House Peters, supported by Ruth Clifford. Here is one not to pass up! A masterpiece; suspense follows suspense; graphic, stirring! one of the best flood scenes ever shown on the screen. Also Beginning "THE CIRCUS MYSTERY"—You will see everything that goes with the circus in this serial, elephants, lions, monkeys, clowns galore. Don't miss the first one, and see one each Friday hereafter. "NOTICE": All school children under twelve years will be admitted FREE to see this picture, children over twelve half fare. Tell your friends. Everybody come! Don't miss this splendid program.

SATURDAY, APRIL 25th

"HOOT GIBSON" in "THE SAW-DUST TRAIL", a striking drama of the Wild West. He can ride! He can act! He can make love! He will make you laugh! It is the wildest romance of his screen career. Between love-making and taming the wildest woman in the Wild West Show, he finds time to perform some of the funniest stunts you have ever seen. You are bound to like this one! Don't fail to see the breeziest personality on the screen in a rollicking, side-splitting, hair-raising comedy-drama. Also Series No. 4 of "THE GO-GITTERS", "A KICK FOR CINDERELLA".

MONDAY AND TUESDAY

APRIL 27th and 28th.

"THE GREAT WHITE WAY" with Anita Stewart and all-star cast. An actual mirror of the great metropolis and a thrilling, tense story of celebrated figures of sport, art, theatre and the newspaper world. The most realistic and interesting reproduction of musical comedy, the prize ring, race track and of night life on Broadway ever filmed. It is the most illuminating film of gay life in New York that has ever been made, and it has been made with overwhelming extravagance and unflinching dramatic power. It includes a cast of the nation's celebrities, and the entire "Ziegfeld Follies" chorus. Truly a great picture. Also "YANKEE SPIRITS" Comedy.

WEDNESDAY AND THURSDAY

APRIL 29th and 30th

"JOHNNY HINES" in "THE EARLY BIRD", with an all-star cast. A sparkling, bubbling draught of entertainment! It fizzzes and foams with glee! Milk, love and laughs—served with a variety of wise cracks! If speed, laughs, humor, fun, thrills and hectic romance could be rolled into one and animated into a living person that personage would be none other than peppery Johnny Hines. Each Hines picture is a cloudburst of action and laughs. Don't fail to see it. Also "STAY SINGLE" Comedy.

Allmon News

Allmon, April 15.—The dry weather still continues in our part of the country. But all still have hopes that we'll get rain soon.

We all are sorry of the sad news that reached us Monday at noon of Mrs. Summer's death. She died Sunday night at 12:30 o'clock. She was put away in the Idalou cemetery. Those who attended the funeral services from here were Uva and Dennis Thorn, Melba Curb and Mrs. Brown. We extend our sympathy to the bereaved family.

Allmon and McCoy boys played a game of baseball Tuesday afternoon.

Miss Uva Thorn returned home last Saturday afternoon from Post City where she had been visiting friends and relatives.

The Wilson show which was at the Allmon school Saturday and Monday nights was well attended.

The Baptist Workers Conference had all day services and dinner on the ground Tuesday at Petersburg. Mr. and Mrs. Thorn and Miss Uva Thorn attended.

Tuesday night last the Parent-Teachers Meeting was held and the teachers rendered a program with the primary pupils. There was a large attendance with hardly standing room for everybody. It was very enjoyable.

There was a nice crowd out at singing Sunday night and the interest in the singing was enthusiastic. We hope to have a big crowd next Sunday night.

SINGERS VISIT PLAINVIEW

A group of local singers were guests of the First Christian Church of Plainview last Sunday at the evening services.

The singers who gave several selections were R. T. Stribling, R. M. Morgan, E. S. Randerson, G. C. Tubbs and Garland Glover.

LOCALS AND PERSONALS

The subject of making sandwiches is rather an important one especially when one is contemplating doing something of a little bit out of the ordinary. Perhaps you will find among the recipes presented this week at least one that will appeal to your special needs.

Southern Sandwiches

4 tablespoons peanut butter
3 sweet pickles
1 cup grated cheese
salt, pepper
cream

Chop pickles finely, grate cheese and mix with peanut butter until well blended. Add salt and enough salad dressing to make right consistency, spread on bread.

Lettuce Sandwiches

Put fresh, crisp lettuce leaves washed and thoroughly dried between thin slices of buttered bread using a teaspoon of Mayonnaise on each leaf.

Fruit Sandwiches

Remove stems and finely chop figs. Add a small quantity of water, cook in a double boiler until a paste is made. Then add a few drops of lemon juice, cool mixture and spread on thin slices of buttered bread; sprinkle with finely chopped peanuts and cover with pieces of buttered bread.

Raisin, Date and Nut

1 cup raisins
1-2 cup nuts
10 dates

Lemon juice
Graham bread
Grind the ingredients and moisten with the lemon juice until thin enough to spread. Fruit juice or cream or oil may be used to moisten instead of lemon.

Ribbon Sandwiches

A left over of all other sandwiches, raisins, date nuts, figs, cheese can be stacked in layers of four for each sandwich. Then weight down and later when well pressed, cut into slices.

Spanish Sandwiches

8 ripe olives
1 egg (hard boiled)
1 stalk celery
1 tablespoon nuts
salt
salad dressing
Chop the ingredients and mix well with salad dressing. Spread on slices of bread and arrange the sandwiches on lettuce leaves.

Oysters Sandwiches

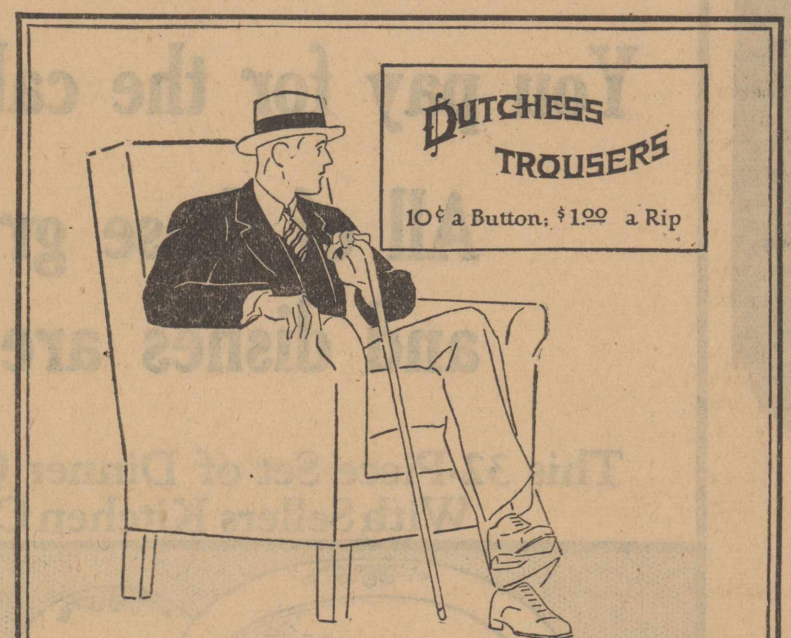

Arrange fried oysters on crisp lettuce leaves, allowing two oysters for each leaf, and one leaf for each sandwich. Prepare as other sandwiches.

AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. TROUSERS that have style and immortal wear

JUST because you give your trousers long hard wear, you don't have to sacrifice style.

Choose the material you want in your size of Dutchess Trousers—put them on and take a look at yourself. Smart? You'll say so.

And will they wear? Well, for thirty years every pair of Dutchess Trousers has borne a warranty label, guaranteeing the payment of

"10c a Button; \$1.00 a Rip"

We make good on this warranty. The manufacturers stand back of us. So you can give a pretty fair guess as to whether Dutchess Trousers are finely made, as well as being cut on the latest lines.

For work, for dress, for play we have your size and your style. Dutchess Trousers are fashionable, long wearing and the price is right.

C. R. HOUSTON & COMPANY

TO ASSOCIATIVE AUDIENCE

Thursday last Mrs. Harper Scoggins read a series of poems of her own composition before the members of the 1922 Study Club upon the invitation of the Club.

A poem entitled "Mother", also one entitled "When a Feller Needs a Friend" and a poem called "Dreaming" were read to a very appreciative group of women.

M. L. Kizziar was at home over Sunday from Silvertown, where he is manager of the Silvertown Lumber Co.

Mrs. D. B. Rambo and baby and Miss Ruby Norton, of Abilene, who have been visiting their parents, Mr. and Mrs. A. F. Norton here for the past two weeks, left Friday returning home. Mr. Norton accompanied them as far as Slaton on the return trip.

Mrs. Clyde H. Davis and little son, Billy Clyde, arrived home last Sunday after a two week's visit with her parents, Mr. and Mrs. D. Durham, at Sterling City. They were met Sunday afternoon at Snyder by Mr. Davis who drove with them to Floydada.

Roy Baker is back from a week's visit in Munday and Wichita Falls visiting friends and relatives at those points.

Pains Very Severe

"I suffered from womanly troubles which grew worse and worse as the months went by," says Mrs. L. H. Cantrell, of R. F. D. 9, Gainesville, Georgia.

"I frequently had very severe pains. These were so bad that I was forced to go to bed and stay there. It seemed to me my back would come in two.

CARDUI

For Female Troubles

"I taught school for a while, but my health was so bad I would have to stay out sometimes. This went on till I got so bad I didn't know what to do.

"One day I read about the merits of Cardui, and as I had some friends who had been helped by it, I thought I would try it. I began to get better after I had taken half a bottle. I decided to keep on and give it a thorough trial and I did. I took in all about 12 bottles and now I am perfectly well. I do not suffer any pain and can do all my housework."

The BULL'S EYE

Editor and General Manager
WILL ROGERS

Another 'Bull' Durham advertisement by Will Rogers, Ziegfeld Follies and screen star, and leading American humorist. More coming. Watch for them.

Those Two Boys Chauncey and Will

I JUST saw a nice write up and Chauncey Depew's picture in all the papers where he told of his first watch which was an Elgin. Said he kept it for years and somebody stole it on a New York Central train. (That's what he gets for riding on his own Railroad.) What does he need a watch for anyway, time means nothing to him. He was in the Follies the other day, and I introduced him and made him make a speech, he said, "I have been entertaining audiences for 91 years and have never found it necessary to use a Lariat yet". The old rascal hung one on me.

Now the moral of his story as I could gather it is don't have an Elgin Watch, somebody will steal it. So my story is carry 'Bull' Durham, they may borrow it, but nobody will steal it.

Now after looking at this I don't know whether it is an ad for Elgin Watches, Chauncey Depew, The Follies or 'Bull' Durham.

Well, they are all good.

Will Rogers

P. S. I'm going to write some more pieces that will appear in this paper. Keep looking for them.

MORE OF EVERYTHING for a lot less money. That's the net of this 'Bull' Durham proposition. More flavor—more enjoyment—and a lot more money left in the bankroll at the end of a week's smoking.

ONE OF THE MOST IMPORTANT DUTIES

of a bank is to always keep in reserve sufficient cash to meet the legitimate demands of the Farmers, Merchant and other varied industries of the community. A bank can only do this by refusing to make loans, no matter how safe, that are not liquid and for a purpose that directly increases the wealth or prosperity of the community.

We keep in mind this one important duty of a bank.

Work Together

In Union There Is Strength

Do you visualize, friends, your children with their books under their arms, gliding off to school?

Their dreams of advancement will have come true because of the wonderful advantages of education given them in this community of yours. Do you realize that you are playing a big role, as you have taxes to pay to help support the schools in this community? Whether you are renting or owning property you come in for your share of the taxes and in most cases it is done graciously; but there are some houses operating in your community that are not paying taxes to help to educate your children. These are the different mail order houses who are operating in your midst and paying taxes only where the main office is located. Not only that, but the moneys so cheerfully taken in, are systematically sent to their respective head offices and are gone from your sight forever, with no chance of getting in circulation in your community.

Kindly think this over, and if you can possibly feel that the independent merchant is your closest friend, then there are many good ways of showing your appreciation for him.

On these pages are many extra special buys in most every line of merchandise. The customer must co-operate with the merchants if the community wishes to prosper. Merchants and customers will have a happier and more helpful attitude toward one another if they realize this.

Let's lend a hand to one another in our daily toil of life, Let's co-operate in this community and live. Let's live for a day as we ought to live, and give our tithes as we ought to give; let's sing our songs as we ought to sing and cling to truth as we ought to cling. Let's toil along as we ought to toil in office, factory, shop or soil.

To live this way and co-operate we could,
A heaven we'd make of Floydada, if we would.

Let's live for a day as we ought to live, let's stop fault-finding and others forgive; unloose our treasure's kindness and smiles and sunshine add to the world's long miles. Let's help our brothers their burdens to bear, let's also pray—we have need for prayer.

To live this way and co-operate we could,
A heaven we'd make of Floydada, if we would.

Locals and Personals

Mrs. Herbert Ralls who left about ten days ago to visit her mother, Mrs. O. D. Hutchinson of Dallas who was very ill, returned home last Saturday. Her mother is recovered now.

B. J. Dooley returned last Friday from Denton County with his wife and three children. The Dooleys have taken up residence in the R. P. Parker house.

J. B. Russell of Quitaque was a business visitor in Floydada Tuesday. Mrs. T. P. Collins and Leon Collins left Saturday morning for Dallas where Mrs. Collins will visit friends and relatives for about a week and Mr. Collins will attend to some business.

Tuesday of last week Mesdames E. C. Henry and Carroll Hopkins accompanied W. A. Baker, who was on his way to Weinert on business. Mrs. Hopkins stopped at Munday to visit her mother and Mrs. Henry continued to Weinert to visit her daughter, Mrs. Pitzer Baker. Mrs. Henry returned home last Sunday. Mr. Baker remained in Weinert one day. Mrs. Hopkins is still visiting at Munday.

Miss Jenny Legg of Calhoun, Missouri, arrived recently to make an indefinite visit at the home of her sister, Mrs. L. H. Lewis.

Mrs. W. E. Huffhines and children left yesterday morning for Commerce where they will make an extended visit with Mrs. J. E. Boykin, mother of Mrs. Huffhines.

Dr. and Mrs. R. C. Smithson of Valosta, Georgia are visiting the partners in the Brazier & Arwine drug store. Dr. Smithson was formerly associated with the firm while they were in Bridgeport. They arrived yesterday morning and will probably remain for a few days.

Mr. and Mrs. W. S. Posey of Lubbock accompanied by Misses Posey and Lillian Baggett of San Angelo spent last week end visiting Mr. and Mrs. W. L. Boerner and other relatives in this city. Mr. and Mrs. Boerner are Mrs. Posey's parents and the grandparents of Misses Baggett.

Misses Faye Hatchell, Aileen Stovall, Ursula Angell and Gladys Covington spent the week-end visiting Rev. and Mrs. J. Pat Horton of Plainview.

W. E. Huffhines left yesterday morning for Denton where he will attend to some business. He will return at an early date.

S. L. Rushing arrived last night from Mineral Wells, where he and his family have been spending the winter.

SOUTH SIDE SINGERS MEET ON MAY 10TH

The South Side Singing Convention will be held on Sunday, May 10th at the Campbell School House, which will be the second Sunday in May. The meeting will take place in the afternoon beginning at 2:30 o'clock. We would like to have a good showing of singers from the different sides of the county present who are interested in the conventional work. Remember this is the regular time for the election of officers and other business matters of importance will be disposed of at this meeting. We will be glad to have all local officials present.

Price Scott
President of the South Side Convention.

BORDER WOLVES CROSS FROM MEXICO TO UNITED STATES

Wolves crossing the International boundary line from Canada and Mexico into the United States present an international problem that will be difficult to solve, according to the Biological Survey of the United States Department of Agriculture. Big wolves have been reduced to a relatively small numbers over much of the West. Since 1915, more than 5,400 of them are known to have been killed, in addition to many which have been poisoned and not found. There are destructive animals in northern Mexico, and some in Canada, and they will undoubtedly continue to invade the United States for a long time to come. For example, of the 22 wolves killed in Arizona during the past year, 17 had recently crossed the border from Mexico. Of 39 wolves killed in New Mexico, 19 were taken by one hunter close to the Mexican border. This hunter, after returning to a locality that had been previously cleared of wolves, in two days found 14 calves killed and 21 mutilated by wolves which had crossed the border.

Some cooperation has already been obtained from American ranchmen in Mexico. They have worked with the leaders of predatory animal work in border states, and report having taken 70 wolves during the past two years. But, as is the case with all animal pests, from wolves down to rats and insects, a clean house of one's own avails little unless the neighbors clean house too. The success that has attended both predatory and rodent control work is largely due to close community and county cooperation, and further cooperation of this kind will be necessary to combat these border marauders in a satisfactory way.

T. E. L. CLASS GUESTS OF MRS. ROSS HENRY

The T. E. L. Class of the Baptist Church was entertained at the home of Mrs. Ross Henry Tuesday afternoon of this week instead of the evening on account of the evening church meetings of this week.

A business session occupied the first part of the afternoon after which followed a social hour during which time some games were played and a reading given by Mrs. E. L. Angus.

Refreshments consisting of angel food cake and pineapple sherbet were served to fourteen members and guests, Mesdames C. Surginer, M. F. Husky and E. C. Henry.

The next meeting of the class will be with Mrs. E. L. Angus on Tuesday evening, May 19.

MCGREGOR'S CARNIVAL HERE FOR THE WEEK

Donald McGregor's Carnival Company is here this week, playing to light crowds Monday and Tuesday night. Wednesday night they were rained out.

The company is larger than the usual carnival that makes Floydada.

MEXICAN BEETLE DANGER SHOWN IN NEW BEAN FILM

Beans—dry beans, baked beans, bean soup—and that arch enemy of the great legume, the Mexican bean beetle, have their places on the motion picture screen in one of the newest educational productions of Agriculture, "Beans or Beetles?"

The new film is designed to arouse the bean grower to the dangers which threaten his crop due to the alarming spread of this enemy insect, and to show him how to combat the pest. Scenes depict the metamorphic stages of the beetle's life history and show the insect actually engaged in attacking and devouring the bean plant. Damage to the entire fields of beans by the ravages of the beetle is shown. Methods of applying poisons with spray and dusting machine—to control the pest—and the results and benefits of these practices are also illustrated.

That our bean crop would make enough bean soup to run Niagara Falls for three hours in one of the interesting comparisons given in the film by means of animated cartoonery which is also used to illustrate graphically the spread of the insect from Mexico to the Southwest States, and then to Alabama and points north as far as Lake Erie. The control scenes were photographed largely in the vicinity of Birmingham, Ala. The film is one reel in length. It will be circulated through the film distribution system of the Department of Agriculture and the cooperating State institutions. Copies may be borrowed for short periods, the only cost being the payment of transportation charges both ways, or may be bought at the manufacturing charge by authorized persons and institutions.

LONDON ASKS INVENTORS FOR FOG EXTERMINATORS

London.—The latest effort of science to rid London of its annoying fogs by means of suction fans has been a failure. The fans were attached to a condenser box which received the dirt-laden fog and, by means of heat, reduced it to ordinary atmosphere, which was allowed to escape minus the soot and dirt. The suction fans varied from three to eighteen inches in diameter and were powerful enough to handle several hundred cubic feet of fog a minute. The inventors took advantage of the several dense fogs during the winter to test their exterminator, but they have now admitted its impracticability because it would take, they say, at least 750 condensers working together materially to effect even a light fog. The condensers would have to be placed in the streets, on roofs and poles throughout the city, and such installations would cost about \$25,000,000.

The London County Council is attempting to arouse interest among inventors to produce a fog exterminator and has offered to finance testing arrangements. The offer of a prize for a successful machine several years ago brought many inventions from Germany and Austria, but they all failed to affect the thick mist which wanders into the Thames Valley in winter time.

Diogenes, seeing a ruined profligate making a meal of a few olives said to him, "If you had dined so, you would not be supping so."

Bamboo whistles tied to the tails of pigeons in China waft plaintive music earthward as the birds circle high overhead.

What Is a Feed Worth?

The relation between the selling prices of commercial feeds and their content of feed utilities is discussed in Bulletin No. 323 just issued by the Texas Agricultural Experiment Station for free distribution. The discussion takes into account the fact that the quality of digestible protein varies in different feeds and also the terms of productive energy. The productive energy of the principal feeds having been carefully calculated and the digestible protein content of the feeds having been determined, various typical market prices of feeds were studied to find the cost of the digestible protein content and of productive energy. In the case of concentrated feeds the selling prices and calculated values were found fairly close showing that feeders have a rather accurate knowledge of the relative feeding values of well-known feeds and that relative market prices are largely controlled by this knowledge. In the case of bulky feeds, however, such as wheat bran, oats, alfalfa, cottonseed hulls and prairie hay, the values calculated on protein content and productive energy were much lower than the market prices. Taking into consideration the value of bulk, a certain amount of which is as essential as digestible protein in feeding animals, it is found that some of the bulky feeds are more popular than their bulk and energy values seem to justify and the conclusion is reached that in the fattening of cattle for instance the bulky feeds must be supplied on the farm at farm prices much lower than current retail market prices used in this study. The cost of digestible protein and productive value varies from time to time, according to market conditions. Feeders by using the information in this Bulletin can judge which feeds are the best and most economical to buy under various market conditions.

HARMONY CLUE

The Harmony Demonstration Club met on Tuesday afternoon with Mrs. L. E. Williams hostess. There were quite a few members absent, however we had one new member and one visitor. Also Miss Faulkner, our Home Demonstration Agent was present, and gave an interesting lecture on table service.

Our members are not discouraged at not having won in the Biscuit Contest. We are planning to enter the bread contest with the hope of being more successful.

Our next meeting will be at the home of Mrs. W. C. Parkey on May 5th. Everyone invited.

1924 NEEDLEWORKERS

The 1924 Needleworkers will not meet until the first Wednesday after the close of the revival, when they will meet with Mrs. A. P. McKinnon from 3 to 5.

GREAT CARE TAKEN AGAINST FOREIGN ANIMAL DISEASES

The painstaking care taken by Federal veterinary officials to exclude animal diseases from abroad is shown in the close supervision over numerous commercial products. While all possible avenues of danger to the livestock of the United States have received regular inspection, additional safeguards are being added. For instance, fragile articles such as china and bric-a-brac imported in large quantities, require careful packing, and for this purpose it has been customary in the past to use hay and straw. It is considered that such packing material, when originating in a country where foot-and-mouth disease exists, may carry infection; consequently official regulations require the destruction of foreign packing material of that sort upon the arrival from an infected country unless accompanied by certificates of approved disinfection issued by American consular officers in the country of origin.

WITHERBEE-SALISBURY CO. RENDER GOOD PROGRAM

Monday of this week Witherbee-Salisbury Company, a trio of artists from Los Angeles, gave a musical recital at the High School Auditorium to an unusually small but very appreciative audience. Their repertoire included selections from the best modern and classical composers and also from the opera and were rendered in most effective manner and with great artistic ability. They proved themselves finished musicians. This concert-recital given under the auspices of the Senior Class at High School, was not very well attended due presumably to the many other counter attractions billed for the same evening all over town.

MANY DISTANT STARS SURPASS SUN IN HEAT SCIENTIST DECLARES

Washington.—Estimating the diameter of ten of the brighter stars by separating their heat into a long spectrum and measuring the heat of the different colors and then calculating the probable temperatures of each of these heavenly bodies, was the work of Dr. C. G. Abbot, director of the Astrophysical Observatory of the Smithsonian Institution during a recent series of field experiments, whose results have just been made public. A star having nearly three times the heat of the sun, was among those observed by Dr. Abbot. This was Beta Rigel, having an estimated absolute temperature of 16,000 degrees centigrade, compared with the sun's 6,000 degrees centigrade. Other stars observed with a greater temperature than that of the sun were: Vega, absolute temperature, 14,000 degrees centigrade; Sirius, the brightest star in the heavens, 11,000; Procyon, 8,000; The other stars were Capella, 5,800; Aldebaran, 3,000; Beta Pegasi, 2,850; Betelgeuse, 2,600 and Alpha Herculis 2,500. The last two have an estimated diameter 500 times greater than that of the sun.

Dr. Abbot used in this work a radiometer, constructed under the direction of Dr. E. F. Nichols, pioneer in measuring the heat of the stars. Utilizing the giant telescope at the Mount Wilson Observatory in California, with its 100-inch reflecting lens, Dr. Abbot was enabled to obtain fairly accurate measurements of the heat of the different colors, even far into the infra-red. Curves were drawn indicating the spectral distribution in the radiation of blue, white, yellow and red stars, and estimates of their probable temperatures were made.

An old English law recently brought to light provided a fine equivalent to 83 cents for a man "making an affray or beating his wife or servant, or singing" after 9:00 p. m.

SPUR HI AND F. H. S. TO PLAY OFF BASEBALL TIE

Spur High School and Floydada Hi baseball teams will have it out tomorrow afternoon at Floydada Baseball Park, when they will play their seventh game of the season to break a tie. In three games at Floydada and three at Spur each team has taken three games.

The game will be called at 3:45 p. m.

FORMER RESIDENTS VISIT HERE ENROUTE TO WEST

Mr. and Mrs. T. R. Ross, former residents of Floydada, visited here the latter part of last week and this with their son, S. W. Ross and family. They have been living in the Texas and Oklahoma oil fields the past few years, and recently disposed of their holdings at Shawnee, to go further west.

Upon their departure from Floydada Mrs. Ross will go to California, where her son, Tom resides. Mr. Ross will go to Gilbert, Nevada, where a new gold strike was recently made.

GENTRY-FUQUA

Justice J. C. Gaither Wednesday night of last week officiated at his residence for the marriage of Mr. W. H. Fuqua, of Quitaque and Miss Bernice Gentry, of Matador.

SUSTAINS BROKEN ARM

Lon M. Davis, Jr., fell while playing on the lawn of the Davis home Thursday afternoon and broke both bones of one arm.

An x-ray picture of the arm was made Friday to be sure it was set correctly for the bones to re-knit.

Mesdames T. P. Collins and Tom Shaw visited their sister, Mrs. W. G. McCoy of Farwell from Saturday morning to Monday evening of last week. Mr. and Mrs. McCoy have moved this week to Carlsbad where they will make their new home.

Mrs. E. B. Bloodworth of Quanah is at present visiting her parents, Mr. and Mrs. Pat Felton of this city.

Mr. and Mrs. C. H. Owen returned Wednesday from Paris, where they had been on a visit with relatives for a week.

Geo. A. Hill, of Amarillo, District Manager of the Bell Telephone Company, was a business visitor in Floydada Wednesday.

—SUPPOSE YOU ONLY BATHED ONCE EVERY MONTH!

We may be getting a bit personal inquiring how often you bathe—but just suppose you only indulged once every month! Gives you a rather disagreeable picture, doesn't it?—a picture of unhealthfulness and unsanitary conditions.

—but what of your clothes?

Think how many people let their suits or their dresses go one, two or sometimes three months without ever paying a visit to the cleaner.

—and your clothes are just as dirty as your skin!

Germ and disease lurk in unclean clothing. The only sure way to eliminate these is to have your garments cleaned regularly by a reputable cleaner.

—and clean clothes give you so much more service that the cleaning soon pays for itself in the added wear that you get from your garments.

Accept This Invitation

Have you ever visited a modern cleaning plant? If not we should like to extend you an invitation to see ours. See how much dirt and grease comes out of a washer of clothes—see how every garment in our plant is cleaned—in sweet, white gasoline—see how our cleaning methods eliminate the gasoline smell from your garments.

RUSSELL'S STORE

Phone 66 Floydada

The Florsheim Shoe

BUYING your shoes here means more than just picking out another pair. It means getting Florsheim quality—Florsheim style—and a correct fit.

THE WALES \$10 Glad Snodgrass

We are cash buyers of Poultry Eggs Hides

Your patronage appreciated

Floydada Pro. Co. Telephone 130

Don't fail to see these soft Flexible imported "Swiss Yed" hats. Panama's and new straws.

WORK CLOTHING AND WORK SHOES

EVERY MAN wants to get the most for his DOLLAR and your work clothes here means more service for each dollar.

CLOTHING that gives long wear and fits right at Glad Snodgrass

MOLINE Implements

We have added Farming Implements to our Hardware line and now have samples of Moline Listers—single and double row, Moline Cultivators—Single and double row, Go-Devils, etc. set up and ready for your inspection. The Moline Implement Company has adopted the Ford Plan in their dealings with the Implement Dealer which means that every dealer must pay spot cash for all Moline Implements. This eliminates losses in bad accounts and expense in collecting. YOU profit by this plan because the dealer gets a liberal cash discount for advance payment and this is passed on to the FARMER.

OUR PRICES on Moline Implements are going to be considerably lower than you have been paying. OUR GUARANTEE on Moline Implements will be all that you can expect—it to be and will be backed to the limit by the Moline Company—one of the oldest implement houses in America. WE SELL FOR CASH OR ON TERMS GET OUR PRICES and compare our MOLINE IMPLEMENTS with all other makes before you buy.
