

## Trades Day Crowd Full of Business

First Monday in June Finds Farmers Mighty Busy.—Lots of Snap in Trading

Floydada's first Monday Trades Day crowd for June was full of business, and although the attendance was almost equal to the attendance at any similar previous event, the crowd was a busy one and carried a mighty brief time. In contrast with the first Mondays of April and May the crowds had "taken in" the drawing, made their purchases and departed for their homes by six o'clock in the evening, and the streets had only their normal week-day population by 7 o'clock in the evening.

It was the peepiest crowd that has been in Floydada in many a day. With all kinds of work at home that must be done before the weeds snap and the moisture from un-planted ground, and a hundred other things to do, swapping yarns and exchanging pleasantries of the day had little part in Monday's program.

## Work on County's New Jail Starts Soon

Work on Floyd County's new jail will begin next week, according to J. D. Rushing, superintendent for the Southern Steel Company, contractors, who was in Floydada Tuesday conferring with County Judge E. C. Nelson, Jr.

Contract for the construction of the jail at a cost of approximately \$47,000 was awarded the Southern Steel Company by the Commissioners' Court some weeks ago. The same company has been building a new jail in Hale County.

Mr. Rushing will be in Floydada early next week to begin his work, he said.

## COMMISSIONERS' SIT AS BOARD OF EQUALIZATION

Commissioners' Court sat as a board of equalization Thursday, Friday and Saturday of last week, going over the various renditions for taxes in the county.

Not many raises in taxable values were made, an unusually small number of changes, either in raised or lowered values being made.

The renditions which the commissioners approved last week will be made official, following the hearing to be conducted soon by the Board of Equalization for the county.

## G. T. & W. Protests Denver Extensions

Yesterday's daily newspapers contained the information, from Austin, that the Gulf, Texas & Western, a line which built west from Fort Worth to Seymour before the war, with the intention, it was stated then, of extending westward, has filed a protest against the building of the Denver & South Plains line from Carey to South Plains points. It is the fourth interest to intervene in the proposed road building plans for this territory for 1925. The Santa Fe, the proposed Texas, Panhandle & Gulf and the Quanah Acme & Pacific are the other interests which have filed interventions.

No announcement of a date for a hearing had been set so far as was learned here yesterday. Announcement of a date for a hearing, to be set by the Interstate Commerce Commission is expected daily.

## ALL SCHOOLS OF COUNTY CLOSED, EXCEPT SUNSET.

All the schools of Floyd County have closed their 1924-25 terms, except Sunset, which school has yet two weeks to run.

## MARRIAGE RECORD

License to marry was granted from the office of Mrs. Clara Lee Scott this week to the following persons: J. M. Salmon and Miss Newell Miller, June 1st.

Elmer Shackelford and Miss Lorena Parkey, May 30th.

## Sunset Voted \$20,000 School Bonds Saturday

Sunset Consolidated School District will have the largest school building of any rural school in Floyd County when their school building program is completed, which will probably be this fall.

The district Saturday of last week voted 29 to 3 to issue bonds in the sum of \$20,000 with which to construct a brick school house and equip it.

## "GRIGGS" BISHOP HEADS S. M. U. BASEBALL TEAM

"Griggs" Bishop's baseball prowess was recognized in very substantial form last week at Southern Methodist University, Dallas, when he was selected as captain for the 1926 baseball team, although he was a non-resident at the time and did not go to school the last half of the 1925 term.

"Griggs" is, without doubt one of the best amateur baseball players Floydada has ever produced. While he was still wearing knee breeches he was playing baseball with grown men and rather fast company at that.

He is one of the hardest, surest hitting little men who has ever played in this section, and his record since he has been at the university has been considerably above par.

Next year he will be a senior at S. M. U.

## Baby of O. R. Medlin Fatally Injured Saturday

The baby of Mr. and Mrs. O. R. Medlin, of Lockney, was fatally injured Saturday on the streets of Lockney, dying Monday afternoon at a sanitarium in Plainview.

Injuries to the child were sustained when the Medlin car was struck by another car. The baby was not thought to be badly injured at the time. None of the other occupants of either car were seriously injured.

Ferrill Medlin, of Wolfe City, and Mrs. T. C. Carpenter of this city, are brother and sister of O. R. Medlin.

## MRS. SALLIE WARREN, SISTER OF J. H. SHURBET, DEAD.

A telegram to D. L. Weaver Tuesday night from J. H. Shurbet informed relatives here that Mr. Shurbet's sister, who lives at Chico, died Tuesday afternoon at 3 o'clock.

Mr. Shurbet was at his sister's home at the time of her death, having been called there Monday when her condition became alarming.

Mrs. Warren had been ill for two or three years. She leaves a family.

No information had been received here yesterday as to funeral arrangements or the probable date of Mr. Shurbet's return home.

## Baptist Revival Will Start Sunday Morning

With Rev. C. E. Eskridge conducting the preaching services twice daily, and T. D. Carroll, gospel singer, of Fort Worth, leading the song service, the Revival Meeting of the First Baptist Church will open Sunday morning, June 7th.

The series of meetings will be held at the City Park Tabernacle.

## WIDOW'S TWO-YEAR-OLD BABY DIED TUESDAY

A two-year-old baby boy, the child of Mrs. Wallace, died in Floydada Tuesday afternoon of cholera infantum, and the little body was buried in Floydada Cemetery Wednesday afternoon. Rev. J. L. Henson conducted the funeral.

The family—a mother and two little sons—have lived in one of the school district's rooms in the school shack on the North Ward Campus the past year. The baby became ill about ten days ago.

## QUALIFY AS NOTARIES FOR BIENNIIUM 1925-27

Eight appointees as notaries for Floyd County for the biennium 1925 to 1927 qualified on June 1st, records in the office of Mrs. Clara Lee Scott, show, out of more than 30 appointed by the legislature in its regular session.

All appointees must qualify by June 10th, Mrs. Scott said, or lose their appointments.

## Cannaday and Hesperian Will Build Bricks

Seventy-five feet of new brick frontage will be added to the retail business section in Floydada during this summer. This information is contained in the announcement that H. E. Cannaday will construct a fifty-foot front brick on South Main Street, and on an adjoining lot The Hesperian Publishing Company will build a brick on a 25-foot frontage. Both buildings will be 100 feet deep.

Work of preparing the site for the two buildings will start this week and materials for them will begin arriving the latter part of next week. H. E. Cannaday will construct the buildings which will be completed in 60 or 90 days.

The Cannaday building will have a tenant ready for it as soon as completed.

The Hesperian's building program follows a recent increase in capital stock to \$20,000. Numerous betterments are planned for the shop to make it one of the best in this section of the state.

Mr. and Mrs. W. P. Daily and son and daughter, Bill and Miss Irene, arrived home yesterday after a visit of a few weeks in Arkansas with relatives.

## Safety First Program for the Wheat Belt

A. & M. and Santa Fe Experts Will Bring Message of Better Methods on Wheat Belt Tour

Amarillo, Texas, May 19th.—A better wheat campaign will be conducted June 8 to 13 in sixteen counties in the Panhandle, served by the Santa Fe Railway. A safety first program for the Panhandle wheat belt has been worked out by the Texas A. & M. College, the Southwestern Wheat Improvement Association, and the Agricultural Development Department of the Santa Fe Railway.

This program will be presented by experienced men, familiar with Panhandle conditions. Meetings will be held in Plainview, Floydada, Crosbyton, Tulia, Silverton, Dimmitt, Hereford, Canyon, Amarillo, Panhandle, Pampa, Miami, Canadian, Higgins, Follett, Perryton, and Spearman.

The topics to be discussed include the relation of wheat to other crops and live stock, preparation of soil and rotation, and pure seed.

J. D. Binsley, General Agricultural Agent of the Santa Fe Railway, will discuss the relation of wheat growing to other farm activities. Stress will be laid on the importance of raising better wheat and more bushels to the acre and the advantage of combining wheat with the production of other crops and live stock. The successful farm program in the Panhandle must include a variety of crops and live stock.

H. M. Bainer, Director of the Southwestern Wheat Improvement Association, will discuss the preparation of soil and rotation of crops. He will urge the early preparation of the wheat land, the need of rotation of crops, the advantages of summer fallowing and better farming methods generally.

A. H. Leidigh, Assistant Director of the Texas Experiment Station will discuss seed in all its relations. He will lay stress upon the importance of pure seed and the necessity of growing the varieties best suited to Panhandle conditions, and urge close attention to maintaining the quality of the wheat crop. He will discuss the milling qualities of wheat and their relation to market price. Mr. Leidigh will also discuss smut and how to overcome it.

J. R. Edmonds, District Agent of the Texas Extension Service in this territory, will also take part in the program.

These meetings are held at this time, though a busy season, to urge the importance of early preparation of land for the next wheat crop. Every farmer growing wheat, will find much in the program of direct interest in his farm operation and a general invitation is extended to all to come to the meetings and bring the wives and the boys and girls.

Among railroad officials with the party will be T. B. Gallaher, General Freight and Passenger Agent; F. L. Myers, Assistant General Manager; J. F. Jarrell, Manager of the Agricultural Development Department and Editor of The Earth; and A. M. Hove, Assistant Editor of The Earth.

The meeting at Floydada will be held at 2:45 p. m., Monday, June 8th.

## Floydada Methodists Going to Petersburg

District Lay Meeting Sunday Will be Mecca for Lay Leaders of Plainview District.

Floydada Methodists will be well represented at the District Lay Meeting in Petersburg next Sunday, a canvass by L. H. Liston, local lay leader the first of the week obtaining 24 names of persons who plan to attend and several have since promised to make their plans to be at Petersburg, according to J. L. Henson, pastor of the Methodist Church here, who says conveyances are being arranged for all who will go.

A survey of the Plainview District by the laymen of the district, discloses the fact that there are 50 rural points in the district, which do not have some kind of religious services every Sunday. The burden of Sunday's meeting of laymen will be the discussion of means to reach these communities with gospel teams or musical organizations, which may give the communities visited a fuller Christian life. W. A. Baker and Olin S. Miller, of the Floydada Church, have prominent places on the program Sunday. J. E. Sweetson, of Tulia, District Lay Leader, will preside, and the sessions will begin at 10 a. m., closing at 4 p. m. The orchestra and quartet of the Floydada Church will be present and aid in the day's program.

Dinner will be served at noon by the ladies of the Petersburg church.

## DISTRICT LAYMAN'S MEETING AT PETERSBURG SUNDAY

Dinner on the Ground. If you are going in your car and have room for some one else, or if you can go but haven't the way phone 4, Roy Baker, or 249, Mrs. A. N. Gamble, or 209. All leave the Methodist Church, at 10 a. m. Meet at east side of church.

L. H. Liston, of the committee.

## Beetle Poisoning is Urged to Save Cotton

Arsenic for Poison Mixture Said to be Available at Very Low Prices in Oklahoma.

Poisoning the black beetle to reduce the damage to this year's cotton crop and aid in exterminating next year's crop of beetles is being urged strongly by J. A. Nickels of the Floydada Gin Company, who declares that business men of Floydada should actively interest themselves in helping the farmer to get rid of the black beetles and save the cotton crop from further damage. County Agent T. Scott Wilson declares the beetle is doing much damage to the row crop, and many farmers also declare that the beetle damage is becoming alarming in cotton lands, especially where wheat land is being planted to cotton. Every place the plow turns up the ground pops up more beetles to attack the little cotton stalks as they come out of the ground.

Necessary to this fight now, it is declared, is arsenic, which must be made available in large quantities at low prices in order to hold down the cost of the poisoning program. This program must be adopted sooner or later, Mr. Nickels declares, and whether the beetles are destroying a particular crop at this time or are merely multiplying to destroy a crop on the ground next year, they ought to be exterminated.

Arsenic for the poison mixture presents the biggest problem as to cost, and Mr. Nickels declares that the increasing use of this poison in so many parts of Texas and Oklahoma, has been the means of larger distribution and lower costs. "I have ordered a barrel against the possibility that we will need it in our own cotton, and if we do not need it, we will have it available for somebody else. I think we ought to get out and fight the beetle and exterminate him instead of waiting and hoping they won't be so bad a little later on or next year. They have been getting a little thicker each year, I am informed, and as long as they are left alone they will continue to damage more of the row crops each year."

"I think the business men ought to get in and boost the matter, scatter the information and help get something done to stop the beetles."

## Eastern Star Installed Officers Monday Night

New officers of the Floyd City Chapter, O. E. S., were installed Monday night of this week at the Masonic Hall.

They are as follows: Worthy Matron, Mary A. Willis; Worthy Patron, M. L. Probasco; Associate Matron, Minnie E. Howard; Secretary, Ella B. Starks; Treasurer, Mary C. Surginer; Conductress, Gladys Howard; Associate Conductress, Eula Thurmon. Appointive officers: Myrtle Henry, Ada; Alta Probasco, Ruth; Lola Hilton, Esther; Virginia Lewis, Martha; Ora Slaughter, Electra; Mrs. Lula Slaughter, Warder; Sam Thurmon, Sentinel.

E. W. Merriott, of Wichita Falls, has been visiting here on business this week.

## Floyd Has Two Seniors at Teachers' College

Tate Fry and Odus Mitchell Have Been Prominent in Student Life at W. T. S. T. C.

Special to Hesperian: Canyon, Texas, May 28.—Floydada has two representatives in the Senior class of the West Texas State Teachers' College. There are fifty nine candidates for degrees this year. The members of this class come from many different parts of Texas and some from other states. Those students from Floydada who are to receive degrees this year are: Tate Fry and James Odus Mitchell.

At the end of the summer term, Tate Fry will receive the degree of Bachelor of Arts. During his two years at the West Texas State Teachers' College, Fry has served as President of the Cousins Literary Society; has been a member of the Floyd County club, the Chorus and the Madrigal club. Fry served for a year as Chief of the Loyal Order of Red Men, pep squad of the College. This organization has done more to keep up the fighting spirit and morale of the athletic teams than any other organization in school.

Mr. Fry was chosen most popular man at the West Texas State Teachers' College this year.

Music is Fry's major and he will continue to teach private classes in Piano at Canyon next year.

James Odus Mitchell of Floydada, and Star Athlete of the West Texas State Teachers' College, will receive the Bachelor of Science degree at the end of the spring quarter. Mitchell has earned the record of four letter man in football, basketball, baseball, and track by playing in these sports four years and keeping his grades up to standard while doing so.

Mitchell was chosen on the T. I. A. A. mythical football team for the year 1924. Mitchell's major is Manual Training.

## POPE AND PENNINGTON LIGHT TESTERS FOR CO.

H. O. Pope & Son, of Floydada, and the Pennington Motor Company, of Lockney, have been designated as light-testing stations. These appointments were made by the Commissioners' Court, under the act of the last legislature.

Approved appliances for automobile lights will be announced by the time the new law is in operation, it is stated at Austin. When the law is in operation it will be necessary for an automobile owner to have his lights tested at an approved station. The law was passed in an effort to meet the condition on the highways of the state, reducing the number of collisions and accidents due to glaring headlights.

## Crops Are Backward; Cold, Wet, Beetles

Cold, wet weather and the black beetles during the past two weeks have been blamed with the slow progress of the row crops in Floyd County, much planting having been delayed on account of too wet fields, while in other fields the cool weather has kept the cotton especially in a backward state. Maize has made a better showing, where it has been gotten into the ground.

Beginning this week, however, more progress has been made, according to reports, and for the main part, only trouble with black beetles is reported. Efforts to control these pests are being made on some farms.

While the row crops have suffered the small grain crop has flourished under the cool weather which prevailed during the major portion of May. Good grain is reported on all crops, although in some fields stalks are thin on the ground. Some of the wheat is ripening.

## HESPERIAN CROSS WORD PUZZLES REAL PUZZLERS

Last week's cross word puzzle in the Hesperian was a real puzzler. The Hesperian to date has received no correct solutions, and only one customer calling to tell of his success in ferreting out the hidden words.

Obsolete words and everything else was mixed in the puzzle and proper names from the four corners.

Read the solution this week and see what some of the words were that stumped you.

B. K. Barker was the cross word puzzle shark, who solved last week's problem.

## REMANDED TO JAIL FOLLOWING HABEAS CORPUS HEARING

On a plea that the testimony on which complaint was based was insufficient to hold a prisoner habeas corpus was asked for W. L. Allen, charged with burglary, by his attorney, J. E. Daniels and C. W. Norrid of Silverton, yesterday afternoon. Judge R. C. Joiner conducted the hearing in chambers here, and refused to grant habeas corpus, remanding the prisoner to the charge of the officers.

Allen has been in the Floyd County jail for approximately four weeks, pending bond in the sum of \$1,000. The state alleges that Allen and a fellow-traveller in a car entered a residence in the northeast part of the county and took personal effects and household goods. They were arrested at Quitaque and a portion of the goods alleged to have been stolen was found in a suit case in the car. Allen's partner escaped from the Briscoe County jail and Allen was released following a jury verdict of not guilty at Silverton, where he was tried on a misdemeanor. Floyd County officers then claimed him on a charge of burglary in this county. The preliminary hearing, conducted at that time, developed the testimony on which Allen is being held awaiting the action of the grand jury in September.

## P.O. Business Booming; Increase 44 per Cent

Post office business at Floydada is booming. Comparison of the business of the local office for May of 1925 with May of 1924, shows an increase of 44 per cent, according to Postmaster J. D. Starks, who says this post office is sure to step another notch higher in the grade of second class offices next year if the stride of the first five months of the year is maintained. The heavy May increase forecasting an even heavier business later in the year.

## BARKHURST AND WIFE LEAVE FOR SIXTY-DAY VACATION

Santa Fe Agent F. J. Barkhurst and wife left yesterday for Enid, Okla., for a brief visit, following which they will travel to Los Angeles, San Francisco and Salt Lake City, returning home by way of Pueblo, Colo., and Wichita, Kansas, on a 60-day vacation trip. They will make the trip cross-country by auto.

C. A. Taylor, of Stockton, Cal., is relieving Mr. Barkhurst as agent during the absence of the latter.

Mr. and Mrs. Harper Scoggins and family are leaving this week for Canyon to spend the summer, while Mr. Scoggins is in school at the Teachers' College.

## Legion Barbecue Requires Carload of Wood

Ralls Band Will Play for Two-Day Picnic and Advertising Trip of Boosters

Some idea of the bigness of the plans being laid out for the big barbecue and picnic in Floydada on July 3rd and 4th, being planned by the central committee of the McDermott Post, American Legion, can be obtained by the statement that a carload of seasoned wood will be used in the preparation of the barbecue. Seasoned wood is expected to do twice as much cooking as unseasoned mesquite grubs, which are commonly used. The seasoned wood, it is believed, will add to the flavor of the barbecue, too.

Announcements of new amusement features, which will be unusual and entertaining, will be forthcoming shortly, the committee states, if their present plans do not miscarry, although it is yet 30 days until the annual event is to be staged.

The Ralls Band, which made such a good showing at the West Texas Chamber of Commerce convention in Mineral Wells in April, has been obtained to furnish music for the two days of the picnic and barbecue. This band will also play for the advertising trip to be made several days before the date of the barbecue. Director C. W. Beene and his band gave a concert in Floydada one day last week. Their playing was complimented highly, and McDermott Post is greatly pleased to be able to announce that the band will play for their celebration.

## Hail Damage Reported in Limited Territory

A hail that was limited in its scope did some damage to crops four to six miles southeast of Floydada Sunday afternoon. Six crops are reported as more or less damaged, at least two of them seriously.

The hail came with a local rain that pointed northeastward from the neighborhood of Starkey and extended through Campbell, east of Floydada.

## MEMORIAL PROGRAM HELD FOR O. E. S. DEAD

Memorial services Sunday afternoon for deceased members of Floyd City Chapter, Order of the Eastern Star, were held but the open-air ceremonial planned was cut short by the rain storm which blew up after the program had begun.

E. C. Nelson, Jr., delivered the principal address after the ceremony had been opened with prayer and song, and R. E. L. Muncy had eulogized the life of Chas. Trowbridge, one of the deceased members, when it became necessary to adjourn.

There are twenty-two deceased members of the order who were members of Floyd City Chapter when they died.

Mesdames J. B. Jenkins, Jno. N. Farris and L. C. McDonald went to Canyon the latter part of last week. Mrs. McDonald is spending the week there with her two sons, LeRoy and Clement, Mimes, Jenkins and Farris returning home Saturday.

Attorneys J. E. Daniels and C. E. Norrid, of Silverton, were here on professional business Wednesday.

## Plan Survey of Floyd County Dairy Stock

D. T. Simons, field man of the Texas and American Jersey Cattle Clubs, will likely spend two days in Floyd County next week on a survey of the dairy cattle supply in this county. He will give particular attention to Jersey cattle, Mr. Simons, who was in Floydada for a brief time Tuesday afternoon, said.

The establishment of Better Sires Clubs is one of the features of Mr. Simons' work. In Hale County a circle of dairy cattle raisers was established last year, and a demand has arisen in other communities for similar circles in that county, he said.

Mr. Simons was here in company with E. W. Thomas, County Agent of Hale County, and conferred briefly with County Agent T. Scott Wilson about his proposed survey here next week.

## Convention at Roseland Sat. and Sunday

The annual gathering of the Floyd County Singing Convention will be a two-day affair this year, Saturday and Sunday being the dates for the convention, and Roseland the meeting place. County President Price Scott and Secretary G. C. Tubbs have sent out invitations to good singers and music men all over the panhandle and plains country, and are expecting to have one of the biggest things in the way of a singing convention that will be held in this section this year.

Saturday sessions will be held morning, afternoon and night, Mr. Scott states, and Sunday sessions morning and afternoon.

**POISON BLACK BEETLES**

Black beetles are menacing the row crop of Floyd County. Damage is reported from nearly every community, especially in those sections where wheat land has been worked up for row crops. Stirring up the undisturbed land pops out the beetle grubs by the hundreds and the crop-vandals at once begin to work.

Authorities say these beetles are now depositing the eggs for next year's crop of black beetles which will eat on next year's crop.

If the reports which reach us of damage being done by the beetles are only partially true they are sufficient to justify some active effort to curb them. And while we are not very strong for the town farmer trying to tell the dirt farmer how to farm, we think the situation is such as to make it imperative for the business man to interest himself in getting the beetles stamped out. There seems to be no doubt that arsenic poisoning and back-turrowing are the most effective means of fighting the beetle. Since the beetles this time are hatching right out in the middle of the fields, plowing furrows against them is impossible in most cases and poisoning is about the only antidote. A. & M. College and the Agricultural Department have tried formulas which they know, from experience, will kill the beetles. Where the town man can help most, we think, would be to use every effort to see that the farmer gets the ingredients at as near absolute cost as possible, and then insist that the farmer protect his crops in this manner. A row crop this year is Floyd County's only practical promise of a surplus cash crop. Conditions are rather flattering except for the beetle. Killing the beetle now also helps against next year's attacks.

**VACATION TIME**

Vacation time has come and everybody who can so arrange their affairs are leaving, or preparing to leave, for the coast, the mountains, the resort to rest or play. Some are heading for nowhere in particular, foot and fancy free as it were to see what they see when they get there.

This last-named will probably have the most fun. What with lack of time table, schedule or routing, nowhere to get under forced driving, his mind will take hold of and enjoy the freedom of the open spaces where he is instead of worrying about getting somewhere else where he hopes his mind will turn loose and let himself just enjoy life for a brief time. But the fancy free driver will also be most tempted to be careless and slovenly with his camping outfit and the camping grounds where he may stop. And this is the man who ought to "watch his step," as regards the rights of those who live where he may be vacationing and those who come on behind on pleasure bent. We are thinking of the condition he may leave the camp grounds in the mornings after he has taken advantage of the hospitality bestowed upon him by the communities along the way. In ten minutes it will be easy to clean up the litter one may have made about the grounds and leave feeling good toward the community, and in turn have the community glad he was among those who came that way. Even a roadside camp should be left clean, and the premises undamaged.

Vandalism and slovenliness should be guarded against. While you are taking a vacation in somebody else's community, remember this somebody else must make his home there and either clean up after you or live by the side of the trash and litter you have left, after you have gone.

"A Short History of American Railways" has been received by the Hesperian from A. M. Hove, assistant editor of The Earth, Santa Fe publication. The history is designed, evidently, to cause people to think more about their railways and the transportation problem in general. This thinking will result in a saner policy toward the railways of the country, which are the backbone of the transportation system of the country and will continue to be indefinitely. The story of the development of the railway system of the country is one of progress over seemingly unsurmountable obstacles.

FLOYDADA

**ANOTHER "LITTLE" THING**

Another big "little" thing that science has made possible, and which we take as a matter of course, is the new way of handling ice cream in shipments, both long and short. The marvel will soon displace the ice cream can, which from time immemorial, has graced the sidewalks of every town in the United States, where it was not prohibited. How the drug store cowboys and the ordinary town loafers will survive, will be left for them to worry about.

It is merely a little container or jacket that fits securely around the frozen cream container. It is heavily insulated and has been "frozen" at a low temperature before the cream is inserted into it. Ten and twelve and even eighteen hour rides have been made by cream shipments received in Floydada, which reached their destination in good condition. No ice nor salt about the shipment. It is another "little" thing, but it is a big one. It serves the purpose better than the wooden container, makes the shipment cost less in express, and eliminates the slop that goes with the necessity of handling the ice and salt in trains and trucks.

**INFORMATION**

Some of these times soon Floydada will need some more paving. And we record here, so that more people will have the information to keep in mind, that Childress has contracted for brick paving like that laid in Floydada, the difference being in the thickness of the brick—2½ inches—at \$2.66 per square yard. Paving generally over the country is being done at a higher figure. Childress' city council turned down the proposal they had—\$3.25 per square yard—as too high. They have saved their city several blocks of paving money by this means.

The paving they will have is described as "standard 2½ inch paving brick on a 4-inch concrete base, with a sand cushion between concrete and brick and asphalt filler between brick."

Other towns are experimenting with other kinds of paving not so costly as the brick type. Floydada people should "watch their step" when they go to contract for more paving. It is not good to "get married" to any particular idea or theory in business if the people get their money's worth for their taxes.

**TEN COMMANDMENTS**

- I. Thou shalt learn to recognize railroad crossings and approach them with extreme care.
- II. Thou shalt look both ways and listen for trains.
- III. Thou shalt be doubly alert if there are two or more tracks.
- IV. Thou shalt always use good judgement at railroad crossings that thy days may be long upon the land and the enjoyment of thy car continuous.
- V. Thou shalt not kill the passengers within thy care.
- VI. Thou shalt keep thy brakes girded with effective brake lining.
- VII. Thou shalt not depend upon the driver of the car ahead.
- VIII. Thou shalt, when in doubt, take the safe course always.
- IX. Thou shalt not try to "beat the train".
- X. Thou shalt Cross Crossings Cautiously.

**GOOD CITIZENSHIP**

"As ye would that men should do to you, do ye also to them."—Luke vi:31.  
"Execute ye judgement and righteousness, and deliver the spoil out of the hand of the oppressor; and do no wrong; do not violence to the stranger, the fatherless, nor the widow."—Jer. xxii:3.  
"Follow after the things which make for peace, and things wherewith one may edify another. It is good neither to eat flesh, nor to drink wine, nor any thing whereby thy brother stumbleth, or is offended, or is made weak."—Rom. xiv:19,21.  
"He that walketh righteously, and speaketh uprightly; he, that despiseth

the gain of oppressions, that shaketh his hands from holding of bribes, that stoppeth his ears from hearing of evil; he shall dwell on high; his place of defence shall be the munitions of rocks; bread shall be given him; his waters shall be sure."—Isa. xxxiii: 15-16.

**ORDINANCE NO. 75.**

An ordinance Assessing and Levying and Providing for the Collection of a Dog Tax on all Dogs that Come Within the Corporate Limits of the City of Floydada, Texas; and Providing a Penalty.

Be it Ordained by the City Council of the City of Floydada, Texas, that: Section 1. That there is hereby assessed and levied upon each and every dog and bitch of the canine species, over the age of three months, which is now in, or may hereafter be brought or permitted to come into the City of Floydada, Texas; an annual tax of One Dollar and Fifty Cents on each Male Dog and Five Dollars on each Female Dog shall be paid by the owner, claimant or person having the animal in charge; said tax shall be paid to the City Tax Collector on or before the First day of June of each year, or as soon thereafter as such animal may be brought or come into the City of Floydada, Texas. Said tax when collected shall be placed in the General fund to be used for the General purposes of said City.

Section 2. That the City Tax Collector shall furnish with each Dog Tax Receipt a metal Tag, the number of the Tag shall correspond to the number of the Dog Tax Receipt. That the owner or person having charge of the dog shall securely attach the Tag to a collar or similar rigging and fix the same securely around the neck of the dog, and be kept upon the neck of such animal for which the tax above provided may be paid.

That every dog that is permitted to run at large within the City of Floydada, Texas, shall be properly muzzled so as to prevent such animal from biting any other animal or person.

Section 3. That any dog found within the Corporate Limits of said City of Floydada, Texas, which does not bear the proper License Tag, or any such animal found running at large within the Corporate Limits of said City without a muzzle as herein provided; it shall be the duty of the City Marshal or any Peace Officer of the City to take up and impound such animal for a period of twenty-four hours during which time the owner or claimant of such animal may reclaim and get possession of same by paying the tax due to the City Collector and One Dollar in addition thereto as a fee to the impounding Officer.

**A SPLENDID FEELING**

That tired, half-sick, discouraged feeling caused by a torpid liver and constipated bowels can be gotten rid of with surprising promptness by using Herbine. You feel its beneficial effect with the first dose as its purifying and regulating effect is thorough and complete. It not only drives out bile and impurities but it imparts a splendid feeling of exhilaration, strength, vim, and buoyancy of spirits. Price 60c. Sold by All Drug Stores

And such animal that may not be reclaimed or the Tax and impounding fee paid, the impounding Officer shall kill the same and have the carcass removed to the City Dump Ground.

Section 4. Any person who shall remove or take such tag from the neck of such animal on which the same has been placed or shall place a tag other than that herein provided for, around the neck of such animal, upon which the tax has not been paid; shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$10.00.

Section 5. Any proud bitch found running at large upon the Streets, Alleys or in any public place within the said City, shall be and is hereby declared a nuisance, and the City Marshal or any Peace Officer of the City, shall forthwith kill each and every animal so found in, or upon such public place.

Section 6. Any person who shall fail or refuse to pay the Tax as herein provided and who shall resist or offer to resist any impounding Officer in the performance of his duty shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$10.00.

Section 7. Any Ordinance or parts of Ordinances in conflict with any of the provisions of this Ordinance are hereby revoked, repealed, and declared of no effect.

Section 8. This Ordinance shall be in full force and effect from and after the date of its passage and approval.

Passed and approved this the 14th day of May, 1925.

F. P. Henry, Mayor.

ATTEST: Burl Bedford, City Secretary 141tc

The Siege of Troy was largely a myth, and, even according to Homer's own account, Helen must have been sixty years old when Paris fell in love with her

**ELECTROCUTING RATS**

Rats became a pest around an electric power station just outside Toronto, Canada. The engineers rigged up a device fastened to the end of a high-tension wire near the ground. A piece of tin was placed beneath. To get the cheese used for bait Mr. Rat steps on the tin, completing the circuit, and his career ends right there. Scores were killed in a single night.

Eighty per cent of electrical household appliances are sold on the "easy payment" plan.

**Campbell News**

Campbell, June 1.—Sunday School met at the usual hour with a very good attendance.

The South Side Singing Convention attempted to hold its meeting for the third time last Sunday afternoon but the fates seemed against it ever coming off. The largest crowd that Campbell has had together for many moons gathered there at the schoolhouse for the annual singing convention. An hour had passed and the singing was in full blast and Price Scott, President of the South Side Singing Convention, who had been delayed had just arrived and led two songs when the biggest and swiftest storm came up. In less than no time the convention had scattered to the four winds and the storm raged its worst. But later we found out that the storm had confined itself to Campbell and beyond our limits everything was comparatively dry. We regret very much that the convention was compelled to be abandoned.

Mrs. Barclay Chestnut is quite sick at this writing.

Grandma Chestnut is visiting Mr. and Mrs. Barclay Chestnut this week.

Mr. and Mrs. Frank Farmer left last Wednesday for San Angelo where they will spend the summer with Mrs. Farmer's parents.

Miss Meryl Ramsey left last Tuesday for her home in Amarillo.

Mr. and Mrs. W. O. Payne of Amarillo and little son visited over the week-end with Mrs. Payne's parents, Mr. and Mrs. S. H. Horn.

Campbell had a very good showing at Trades Day today.

We have a wonderful healthy showing of weeds in the fields since all the recent rains and it sure is going to keep us humping from now on to get rid of them.

**FORTY-FIVE ATTEND SURPRISE BIRTHDAY DINNER**

A large crowd attended the surprise birthday dinner given in honor of Mrs. A. F. Norton at the farm home in McCoy Community on Wednesday of last week. The dinner was prepared by her daughter, Minnie, and Mesdames Barker and Williams, without Mrs. Norton knowing of what was taking place, until about 10:30, when the guests began to arrive.

Mrs. Norton was fifty-four years of age, and it was the first birthday dinner ever given in her honor. It was a very pleasant meeting with all of the old as well as the new neighbors who attended, for it was only eight days since the family had returned to the farm.

Forty-five were served the following menu: Roasted chicken, dressing, ham, pickles, radishes, scalloped eggs, mustard greens, corn, salmon and potato salads, light bread, corn bread, baked sweet potatoes and marshmallows, pineapple preserves, various kinds of pies and cakes and sliced peaches. Dinner was served on a long table so that a large number could be served at one time. After dinner the presents were presented by little Alton Barker, on a large tray.

Following were the guests present: Mesdames Norton, Barker, Williams, George Smith, Martin, W. W. Smith, L. H. Smith, Curb, Mickey, Cates, Pittman, Webb, Neil, Grace, W. E. Smith, and Payne; Messrs. Norton, Barker, Williams L. R. Barker, Taylor, Cates, W. E. Smith, Martin, Ryburn, Neil, W. E. Neil and Webb; Misses Clara and Marie Smith, Etta and Lillian Grace, Alhu and Jewell Germany, Agnes Landester and Minnie Norton; the little boys and girls present were Masters Alton Barker, L. H. Smith, Jr., Edward Smith; Misses Katie Meryle Martin, La Fern Mickey, Viva Curb, Margie Norton, Roxie Norton, Hazel Sparks and Wynona Smith.

**COUNTRY CLUB PICNIC RAINED OUT FRIDAY P. M.**

About the time all the picnic supper had been spread Friday evening by the Country Club picnickers on improvised tables, the rain came and the flood descended. So there wasn't any pow wow after supper was served, about what had been done by the directors and what should be done next to improve their grounds.

Most of the picnickers saved enough of their lunches to bring home and have a late supper at home.

Some sixty members and their families were present, and were very complimentary in their remarks concerning the improvements completed by the executive committee, it is stated.

Just when the picnic will be attempted again has not been stated by Secretary R. E. Fry.

**HAWK BRAND OVERALLS GIVEN FLOYDADA MEN, BOYS.**

C. B. McCaullay, representing the C. R. Miller Company, manufacturers of Hawk Brand Overalls, furnished considerable amusement for a big crowd in front of Martin Dry Goods Company Monday afternoon just prior to the trades' day drawing, when he presented several pairs of overalls to various persons. The biggest, ugliest, oldest, smallest, best-looking men in the crowd all got overalls, while others got honorable mention, especially in the ugliest man class.

Mr. Miller also told the crowd something of the growth of the textile business in Texas, of how it should be encouraged, and the part his company has had in the growth of that business.

**Slumber Party**  
Miss Ruth Conner had the pleasure of entertaining a group of girls with a slumber party at her home Saturday night.

After returning from the show a two o'clock luncheon was served and was enjoyed by all the guests. Those present were:

Rushelle Morris, Dola and Evelyn Maddox, Cecil Covington, Willie Allen and Genave Shipley.

The longest filibuster speech ever delivered in Congress was made by Senator Robert M. La Follette, of Wisconsin, in 1909 when he kept the floor for nearly nineteen consecutive hours, including one entire night. He was blocking a currency bill.

**MRS. ROY CURRY HOSTESS TO WESLEY GIRLS CLASS**

Mrs. Roy Curry was hostess to the Wesley Girls of the Methodist Sunday School Thursday afternoon of last week at the Curry home, four miles south of Floydada.

Following a short business session at which a report on the attendance contest was made, a short program was rendered. At this time Rev. J. L. Henson gave the class an inspirational talk on Class Organization. Misses Margaret Henson and Edna Faulkner rendered a piano duet, little Miss Maxine Fry gave a reading and Miss Desie Walker a violin solo.

In the contest report Mrs. Fry's division the Reds, were shown to have won last Sunday over the Golds, Mrs. Sanders' division.

The hostess served a salad course.

**SATURDAY WAS MOVING DAY FOR TWO FIRMS**

Saturday was moving day for the S. E. Duncan Insurance Agency, which moved to the offices over the First National Bank, occupied for many years by The Floydada Insurance Agency, which agency is being consolidated with the Duncan agency.

The Childers Building, across the street from the post office, is now occupied by the Floydada Produce Company, which formerly had the Truitt building on South Main Street.

Miss Ruby White moves her creamery business also to the new location with the Floydada Produce.

**LONNIE LEWIS WITH BRIDE HOME FOR VISIT**

Lonnie Lewis, of Vernon, son of Mr. and Mrs. R. G. Lewis, was here from Thursday to Saturday of last week for a brief visit with his parents, leaving for Vernon Saturday. He was accompanied by his bride of a week, who was formerly Miss Brown of Davidson, Okla.

They will make their home at Vernon.

The durability of the white pine is illustrated in a house at Salem, Massachusetts, which was sided with white pine in 1684 and today, after 240 years, is in an excellent state of preservation.

**NOTICE BY PUBLICATION OF FINAL ACCOUNT**

No. 352  
The State of Texas:

To the Sheriff or any Constable of Floyd County—Greeting:

Gertrude Pickett, Administratrix of the Estate of John M. Pickett, deceased having filed in our County Court her Final Account of the condition of the Estate of said John M. Pickett, deceased together with an application to be discharged from said Administration.

You are hereby Comanded, That by publication of this writ for twenty days in a newspaper regularly published in the County of Floyd you give due notice to all persons interested in the Account for Final Settlement of said Estate, to file their objections thereto, if any they have, on or before the July Term, 1925 of said County Court, commencing and to be holden at the Court House of said County, in the town of Floydada, Texas, on the 20th day of July A. D. 1925, when said Account and Application will be considered by said Court.

Witness Clara Lee Scott, Clerk of the County Court of Floyd County. Given under my hand and seal of said Court, at my office in the town of Floydada, Texas, this 12th day of May A. D. 1925.

(SEAL) Clara Lee Scott  
Clerk County Court, Floyd County, Texas

A True Copy, I certify:  
J. R. Maddox,  
Sheriff Floyd County

**McCoy Happenings**

McCoy, June 1.—A part of this Community received a good shower last Friday evening.

A very successful school year, with Mr. and Mrs. Moore and Miss Helen Copeland as teachers, closed here Friday. On Thursday night a program was rendered by pupils of Mrs. Moore and Miss Copeland. On Friday night the play "The Adventures of a College Bride," was given by Mr. Moore and pupils. Both programs were enjoyed by large crowds.

Next Sunday is preaching day at McCoy. Everybody is invited to come.

Wilson Spikes has returned from Lubbock High School where he had a very successful year. He was one of the graduating class there and made the highest average grade of the school.

Miss Clara Smith, one of the former pupils of McCoy School, graduated at Ralls High School one week ago Friday.

Misses Lola and Ruby Norton, Adrianna Comer and Theodore Norton, arrived home Tuesday of this week.

Miss Ruby Norton, who is also a former pupil of McCoy School, is graduating from Abilene Christian College this year and will teach English in Floydada High School next year.

Mrs. D. F. McKinzie and children, Jim Pittman and family, and Mrs.

Selma Williams spent Sunday with their parents, Mr. and Mrs. T. L. Pittman.

**CUMBERLAND PRESBYTERIAN CHURCH SERVICES FOR WEEK**

Please remember that Jesus wants us to show forth His suffering and death until He comes. Therefore, we will take the Sacrament of the Lord's Supper at the 11 o'clock hour next Sunday. Do not forget this sacred service and fail to use this means of grace to help you on to God and greater joy in the divine life.

The pastor will tell you something of the proceedings of the General Assembly of our church which was held in Nashville, Tenn., May 21st to 27th. He will also tell you of the Women's Missionary Convention and Young People's Work. Don't fail to hear these reports.

Sunday School meets at 10 a. m.; divine services at 11 a. m. and 8 p. m.; Christian Endeavor at 7:15 p. m.

We will decide about attending the State Christian Endeavor meeting at Wichita Falls, next week. This is an important meeting Sunday evening.

The Ladies' Missionary Society met with Mrs. Pierce King Tuesday in an all-day quilting and had a fine time. Come hear about it next Monday at 2:30 p. m.

G. P. Humphries, Pastor

**Better Wheat Special on the Santa Fe**

To The Farmers:  
You and your families are cordially invited to attend a meeting in **FLOYDADA** Monday, June 8, at 2:45 P. M.

for a discussion of a program for Safety First in the Texas Wheat Belt, worked out by the A. & M. College, the Southwestern Wheat Improvement Association and the Agricultural Development Department of the Santa Fe Railway.

**LIST OF SPEAKERS**

- From the Texas A. & M. College: A. H. Leidigh, Assistant Director of the Experiment Station; J. R. Edmonds, District Agent.
- From the Southwestern Wheat Improvement Association: H. M. Bainer, Director.
- From the Santa Fe Railway: T. B. Gallaher, General Freight and Passenger Agent; F. L. Myers, Assistant General Manager; J. F. Jarrell, Manager of Agricultural Development; J. D. Tinsley, General Agricultural Agent; A. M. Hove, Assistant Editor of "The Earth."

**MAIN PHASES OF THE GENERAL PROBLEM OF WHEAT GROWING TO BE DISCUSSED**

- 1—Relation of wheat to other crops and livestock.
- 2—Preparation of soil and rotation.
- 3—Pure seed.

Special Note No. 1—It is not a scheme to have the wheat acreage increased, nor decreased; but to try to produce more and better wheat per acre.

Special Note No. 2—Farmers are requested to bring their wives and children to the meetings. Subjects of particular interest to them will be presented.

Special Note No. 3—The meeting will be held at **COURT HOUSE**

**COME PREPARED TO ASK QUESTIONS**

**We Advise You to Buy Tires Now**

To our large list of Federal Tires Customers:  
All indications point to an increase in the prices of tires, not only of our make, but of all brands. This rise may be only 10 per cent and on the other hand the next 60 days may see the prices go still higher. Conditions in the rubber market will not permit any lower prices, we feel sure.  
So, if you are in need of tires or will need them in the next few weeks, we think **It Will be Economy to Buy Now**

We have an excellent stock of Federal Tires and Tubes in stock. Federals are the tires that have set the pace in this territory for a number of years. We know you won't go wrong in buying them, either in high pressure or balloon types. Federal Balloons, like other types of Federals, are making a good name for real service and long wear.

Call us for Road Service. Our Wrecker is saving our customers lots of delay. Our charge is reasonable and the service is prompt.

**Motor Supply Co.**  
Roy L. Snodgrass, Manager. Phone 96.

Sanitarium Notes

A new coat of paint has been applied to walls, floors, ceiling and woodwork, both main floor and basement at the Smith & Smith Sanitarium.

Mrs. R. W. Maloney, who has been at the Sanitarium for several days following an operation, returned to her home at Flomot Tuesday.

Mrs. C. P. Looper, city, was at the sanitarium Monday and Tuesday for treatment.

Ben Roberts, city, went home Monday. He is convalescing following an operation for appendicitis.

Mrs. E. F. Stovall returned home Monday, after 3 days in the sanitarium for treatment.

Mrs. Joe H. Smith, of Joe Bailey, was admitted to the sanitarium last Friday for an operation to relieve appendicitis. She is convalescing satisfactorily.

Miss Glennie Mae Pritchett, and Miss Bertha Patton, both of Matador, are patients at the Sanitarium this week. They had operations for appendicitis Saturday and Sunday respectively.

Mrs. Fred Nickels, of Joe Bailey, had an operation Monday for appendicitis.

Mrs. W. L. Marlin, of Flomot, had a major operation at the sanitarium Monday.

Mrs. W. L. Fry, was admitted to the sanitarium yesterday afternoon for an operation. Her condition is satisfactory this morning.

Mrs. Clifford Byers, of Silverton, is here today for treatment.

Mrs. Pleas Skeen and son, Chester, of Silverton, visited the sanitarium this morning, and Dr. A. C. Traveek, of Matador, was here Wednesday.

John Bradshaw, jeweler of Matador, was admitted to the sanitarium this morning for an operation.

SMALLEST VISIBLE OBJECTS

According to Sir William Bragg of London, the tiniest things which the human eye can see are the black spots and patches sometimes visible in soap bubbles. These black areas are so thin that if the soap bubbles could be magnified to the size of the earth and the thickness of the enveloping film increased in proportion, the film would then be only the thickness of a sheet of glass.

DECOYS FOR TSETSE FLY

Scented decoys for the deadly tsetse fly are now employed in up-country districts by Government entomologists, says Science. In order to trap and destroy the insects which cause sleeping sickness, dummy animals are being erected upon which flies light with the intention of biting the animals. If animal odors cling around the dummies the flies will linger about until killed. Images of donkeys with brown paper legs are commonly employed.

The hot springs of Tibet supply a place of refuge in winter where animals and insects can escape the cold.

Local and Personals

Mrs. E. B. Massie and children reached home Monday after a brief visit at Mineral Wells, Eastland and other points in mid-west Texas.

Miss Margaret Grigsby returned home the first of the week from Canyon, where she had been visiting Miss Marivena Bartley.

Mr. and Mrs. G. C. Tubbs and children, Mr. and Mrs. J. E. Eubank and sons, Roy, Delbert and Buster, and Clinton Calley, left Tuesday for a vacation trip of nearly 30 days in the White Mountains and the neighborhood of Elephant Butte Dam.

Mr. and Mrs. W. B. Hall, Mr. and Mrs. E. G. Wood and Fred Jones left Tuesday for Cristoval, near San Angelo, on a vacation trip, to be away from home some ten days or two weeks.

Bill Colville, who has been living in Los Angeles the past three years reached home Monday afternoon for a visit with his parents, Mr. and Mrs. W. M. Colville. Bill was the steppinst full back that ever played on Floydada High's squad, and the boys have been cornering him and playing over some of the games of yesteryear again, since his return.

Kenneth Bain and family returned the latter part of last week from a short vacation trip to Galveston. Ken has been telling his boy and girl about how big the Mississippi River is, and the six-year-old boy, upon seeing the Gulf for the first time suggested to his daddy, "This must be the 'Sippi River, daddy."

Miss Mabel Faulkner left Monday for her parents' home at Canyon, where she is visiting this week.

Dr. Millard F. Swart, of Lubbock, was here on professional business Monday.

Misses Ola and Lillian Hanna left the latter part of last week for Shamrock to visit relatives. They will go later to Oklahoma City and Ringling, Okla.

Ewell Griggs and sister, Miss Bess, of Tulsa, were business visitors in Floydada Saturday.

H. T. Owen, of Childress, visited his mother, Mrs. C. W. Mitchell over Sunday, his two sons accompanying him home upon his return to Childress.

Mr. and Mrs. Hugh Adams, Mrs. Ed Sears and Miss Isabel Sears, of Valley Mills, and Jay Teel Dunlap, of Meridian, were here the earlier part of the week visiting Mrs. J. W. Adams and other relatives.

BORN.—To Mr. and Mrs. B. C. Brown, May 25th, a son.

BORN.—To Mr. and Mrs. T. E. Price, May 31, a daughter.

A. A. Hatchell, of Plainview, visited with his son G. M. Hatchell here Tuesday.

Mrs. C. P. Coates and little daughter, of Fort Worth, have been visiting with Mrs. Coates' parents, Mr. and Mrs. W. D. Smith for several days. They will return home shortly.

Charles E. Smith and wife, of Fort Worth, last week visited here with his parents, Mr. and Mrs. W. D. Smith that Mr. and Mrs. R. M. Abbott and family and Ernest Carter reached home Sunday from Abilene, where they had been on an 8-day visit with Mrs. Abbott's brother and uncle.

Clyde Davis left Wednesday morning for his home at Snyder, Okla., to remain indefinitely.

H. E. Cannaday left Wednesday for Dallas to be gone several days on business.

Mrs. L. H. Newell and son Louis, daughter Faye, and sister, Mrs. J. W. Pitts, returned Monday from a visit to relatives at Rockwall, Roysa City, Greenville and Sulphur Springs.

R. H. Waters and Aubrey Bishop returned the first of the week from Dallas. Bishop planned to spend the summer there but changed his plans and will spend the summer here.

Miss Lela Swain returned home Sunday for a short vacation from W. T. S. T. C. She will return to Canyon next week for the school's summer session.

## Locals and Personals

Mrs. E. B. Massie and children reached home Monday after a brief visit at Mineral Wells, Eastland and other points in mid-west Texas.

Miss Margaret Grigsby returned home the first of the week from Canyon, where she had been visiting Miss Marivena Bartley.

Bill was the steppinst full back that ever played on Floydada High's squad, and the boys have been cornering him and playing over some of the games of yesteryear again, since his return.

Kenneth Bain and family returned the latter part of last week from a short vacation trip to Galveston. Ken has been telling his boy and girl about how big the Mississippi River is, and the six-year-old boy, upon seeing the Gulf for the first time suggested to his daddy, "This must be the 'Sippi River, daddy."

Miss Mabel Faulkner left Monday for her parents' home at Canyon, where she is visiting this week.

Dr. Millard F. Swart, of Lubbock, was here on professional business Monday.

Misses Ola and Lillian Hanna left the latter part of last week for Shamrock to visit relatives. They will go later to Oklahoma City and Ringling, Okla.

Ewell Griggs and sister, Miss Bess, of Tulsa, were business visitors in Floydada Saturday.

H. T. Owen, of Childress, visited his mother, Mrs. C. W. Mitchell over Sunday, his two sons accompanying him home upon his return to Childress.

Mr. and Mrs. Hugh Adams, Mrs. Ed Sears and Miss Isabel Sears, of Valley Mills, and Jay Teel Dunlap, of Meridian, were here the earlier part of the week visiting Mrs. J. W. Adams and other relatives.

BORN.—To Mr. and Mrs. B. C. Brown, May 25th, a son.

BORN.—To Mr. and Mrs. T. E. Price, May 31, a daughter.

A. A. Hatchell, of Plainview, visited with his son G. M. Hatchell here Tuesday.

Mrs. C. P. Coates and little daughter, of Fort Worth, have been visiting with Mrs. Coates' parents, Mr. and Mrs. W. D. Smith for several days. They will return home shortly.

Charles E. Smith and wife, of Fort Worth, last week visited here with his parents, Mr. and Mrs. W. D. Smith that Mr. and Mrs. R. M. Abbott and family and Ernest Carter reached home Sunday from Abilene, where they had been on an 8-day visit with Mrs. Abbott's brother and uncle.

Clyde Davis left Wednesday morning for his home at Snyder, Okla., to remain indefinitely.

H. E. Cannaday left Wednesday for Dallas to be gone several days on business.

Mrs. L. H. Newell and son Louis, daughter Faye, and sister, Mrs. J. W. Pitts, returned Monday from a visit to relatives at Rockwall, Roysa City, Greenville and Sulphur Springs.

R. H. Waters and Aubrey Bishop returned the first of the week from Dallas. Bishop planned to spend the summer there but changed his plans and will spend the summer here.

Miss Lela Swain returned home Sunday for a short vacation from W. T. S. T. C. She will return to Canyon next week for the school's summer session.

## FIRST CHRISTIAN CHURCH

The contest started with a "bang" last Lord's day. J. E. Dickey was selected captain of the Reds and C. T. Stevens captain of the Blues. All present were chosen on one side or the other and everyone entered into it with a vim that spells great success. One purpose in the contest is to help the S. S. and Church and to keep off ole man "Simpsey" during the hot months.

Remember that being on time counts more than being late on the contest S. S. at 10 a. m. and preaching at 11. The sermon of the next Lord's day will be "The Command of Our Risen Lord." In the night services the Childrens day program will be rendered. It will begin at 8:15 Sunday night.

Nothing preventing the Pastor will preach at Lockney Sunday afternoon at 2:30 in the M. E. Church. All in Lockney are invited to be present and hear the message.

Don't forget that the State Convention will be held beginning on the 12th to 16th in Abilene. There are several expecting to attend and it is hoped that at least 4 cars will go filled with interesting folks.

Don't forget to come to the little Church with a big welcome. A glad hand awaits you when you attend.

BRITON OBSERVES SANER TASTE IN WALL COVERINGS

London.—All the jazz arrangements of stripes, circles and triangles in wall paper are rapidly being shuffled into discard, declared Professor Henry G. Dowling, speaking recently before the Royal Society of Arts on the history of wall paper as a decoration of the home.

Immediately after the war a vogue set in for futuristic designs of all kinds, the professor explained, and for a time nothing appeared too extravagant in color arrangement or too wild in motif. But that phase of color decoration is beginning to pass and the idea now is for something more sensible.

"Whatever you have in your room, think first of the walls, for it is they which make your house and your home," asserted Professor Dowling. The artistic treatment of wall space, he insisted, was the first factor in making of a beautiful home, and the rooms would have a kind of makeshift boarding-house appearance about them if this factor were neglected.

The exquisite painter Ko-tsu was often reproached by an industrious friend for his fits of idleness. At last he excused and explained himself by saying, "You are a watermill—a windmill can grind only when the wind blows."—Allen Upward in "Scented Leaves from a Chinese Jar."

A letter addressed to the "Christian & Devil World, Philadelphia, Pa." was safely delivered at the office of the Christian Endeavor World in Boston, where it was intended to go.

## 6 O'Clock Dinner

Mr. and Mrs. Ray Dickey, Mr. and Mrs. W. L. Fry and Mrs. Cyrus Wright were honored with a 6 o'clock dinner Sunday evening at the home of W. I. Allen by Mrs. Herbert S. Sparks.

Mrs. J. C. Parker, of Lorenzo, and Mrs. Floyd Parker, of Falls, were also guests at the dinner.

The honorees were formerly neighbors of the hostess, while Mr. and Mrs. Sparks were making their home in California.

## CHEVROLET SALES

Recent sales of Chevrolet cars, by the Floyd Motor Company include: Roadster to E. C. Thomas, city; coach to Gay Morgan, of Lockney.

Among the enemies of the telephone are bears which climb the poles to find the "bees" they hear buzzing and break the insulators; the gray squirrel that bites the lead cable, and the white headed woodpecker of the West that weakens the poles with his constant pecking.

## WEDNESDAY BRIDGE CLUB

Mrs. Robert Eubank was hostess to the Wednesday Bridge Club Wednesday afternoon of last week.

Mrs. Jas. K. Green will have the club at its next meeting, Wednesday of next week.

Avalanches have been known to start when the climber shouted to his companions across the snow slope.

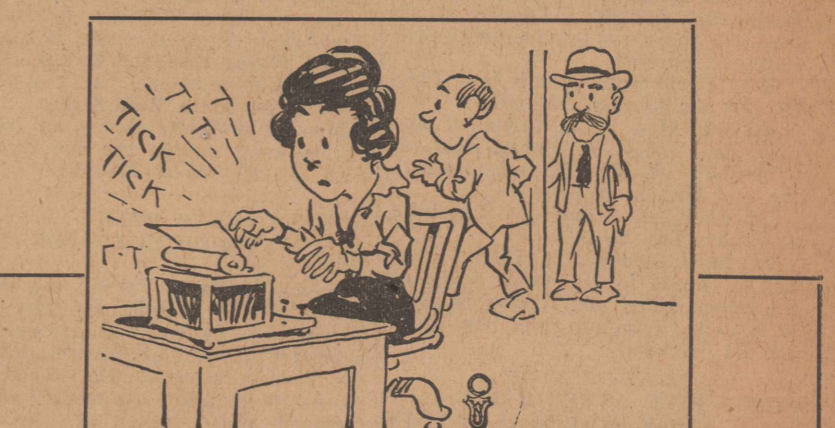

## Special

For Ten Days

FACIAL . . . 50c  
MANICURE . . . 50c

at

Palace Beauty Shop

## Business Stationery

Every business man should have letterheads and envelopes printed especially for him. And it is a matter that he should not economize on by buying the cheapest he can get. Good stationery pays big dividends.

Telephone No. 8 for Prices and Samples.

Hesperian Publishing Company

## Free Swimming

Friday and Saturday  
JUNE 5th and 6th

You are cordially invited to take a free swim at the Marshall Swimming Pool, south end of Main St., Friday and Saturday, June 5th and 6th.

The pool is now full of clean, fresh water and the season opens today. Go down and take a plunge.

## Announcement of Our Club Plan

In order to get away from the public swimming pool idea, we are forming a Swimming Club for the season of 1925, and only club members and their guests may swim in the pool.

Family Season Ticket \$5.00

For a family season ticket for the whole season of 1925 we will charge \$5.00. This ticket will entitle you and all members of your family to swim as many times a week as you want to, and as long as you want to on any day except Sunday, for the entire season The Swimming Pool will be closed on Sundays.

If you bring a guest the charge for the guest will be 25c

The general public will not be permitted to go in.

Buy your season ticket now and have a whole season of fun swimming at a very reasonable charge for the whole family.

MARSHALL BROS.

## Revival Meeting

—at—  
City Park Tabernacle

—Beginning—

## SUNDAY, JUNE 7th

Rev. Edgar Eskridge, pastor Baptist Church, will do the Preaching.

Mr. T. D. Carroll, of Fort Worth, will lead the song services.

T. D. Carroll, Gospel Song Leader

## SERVICES MORNINGS AND EVENINGS

All are cordially invited to attend

**BeetlePoisonFormula**

County Agent T. Scott Wilson gives the following as the most practical and successful poison formula for black beetles:

1 sack Wheat bran; 4 lbs. arsenic; 2 gallons molasses; 2 dozen small oranges; 1 oz. Anise oil.

Mixing: Poison should be put in solution and the bran wet with the poisoned solution, then other ingredients added. The whole mass, when mixing is finished, should be barely wet enough to stick together. Containers in which mixtures are put together should be clean.

Baiting: Poison bait should be sown broadcast about 4 or 5 o'clock in the afternoon. The above mixture will poison 12 or 15 acres.

Spoiled canned fruit may be substituted for the oranges called for in the formula and if this is used less molasses will be necessary.

**BLACK BEETLE'S CYCLE COMPLETE IN 2 YEARS**

The grub worm that the plow or cultivator is turning out of the ground this spring is the black beetle of next year, according to County Agent T. Scott Wilson, who was for eight years entomologist for the Department of Agriculture at San Antonio, and has studied the history of practically all of the bugs and insects that infect Texas crops.

Black beetles, on account of the fact that their life cycle is two years, do best in land which is not stirred so frequently, such as wheat land, which accounts for the fact that the wheat land this spring is furnishing such a heavy percentage of the black beetle population. This is another argument for crop rotation. Mr. Wilson says. Crop rotation will kill a large percentage of the bugs in wheat lands. This is evidenced by the fact that land which has been in well-cultivated row crops have few beetles bothering them.

The beetles now working on the crops in Floyd County are laying the eggs, which next spring will be grub worms. Next fall these worms will go into the pupal stage and will hatch out as beetles the following spring with the first good rain. The late rains this year caused all the beetles to hatch at practically the same time, which is why they are so numerous at once. Had rains come earlier the bugs would have hatched out along during the spring, instead of coming out of the ground all at once.

**GOING AWAY? CALL AN AERIAL TAXICAB**

Few people probably realize it, but the airplane today is at the disposal of everybody. There is scarcely a city of importance in the world without its commercial airfield. You call the airplane company, and five minutes later a car is at your door to whisk you to the landing field. There a plane already is out. Its whirring propellers hum a welcome at your approach. Three steps up, a gentle lifting thrill, and you are winging toward your destination. The air taxi at last!

"In an emergency the airplane taxicab is indispensable," writes Robert E. Martin in Popular Science Monthly. "To reach a dying patient, close a business deal in a distant city, send a salesman, catch a ship that has left a dock, or to go a distance in the shortest possible time, nothing beats the speeding airplane. And there is one at the disposal of whoever requires it."

One American company operates forty-six taxis in its district. Another with eleven planes has terminals at New York, Key West, Miami, Detroit and Cleveland. London dwarfs all with sixteen distinct and independent air lines to all parts of Europe.

But London may lose this prestige before long. Chicago and Dayton promoters are organizing a company to build aerial cabs and operate cabs and operate them between Chicago, Cleveland, Detroit, Boston, New York and Washington, maintaining regular schedules, and making trips also. The cabs will be equipped with air meters that will clock the air miles and in other respects will strikingly resemble the land taxis.

In France, likewise, commuters are taking to the air. Where formerly it took two hours to cross Paris, the trip now can be made in ten minutes. Devices for making commercial flying absolutely safe are being developed rapidly. One of America's leading commercial fliers declares that in seven years of flying, during which he has taken up thousands of passengers he never has had an accident.

As long ago as ten years Wilbur Wright spoke of the development of the air taxi as inevitable. Now its day has dawned in actuality.

**DON'T BLAME THE EDITOR**

If you fail to see anything horrible startling, scandalous or hair-raising in the Advance-Reporter from week to week, don't jump on the editor about it. He can't help it if Jones don't elope with Brown's wife, or Smith fails to commit suicide, or the two banks escape being robbed, or the court house misses being burned up. Don't blame us. We can't help it. Anyway, you'd better be glad that nothing like the above has happened in our town or county. Likely you'd hate to hear of one of your neighbors and his family getting killed or horribly wounded in trying to beat the Arkansas tern across the crossing in their Lizzie. And because we've had things like the above to chronicle we're thankful, instead of kicking because of the so-called lack of news. Certainly what happens that's fit to print we'll have it.—Waldron (Ark) Advance-Reporter

**ROOSEVELT'S NINE POINTS ON CHURCH-GOING**

1. In this actual world, a church-less community, a community where men have abandoned and scoffed at or ignored their religious needs, is a community on the rapid down grade.
2. Church work and church attendance mean the cultivation of the habit of feeling some responsibility for others.
3. There are enough holidays for most of us. Sundays differ from other holidays in the fact that there are fifty-two of them every year—therefore on Sundays GO TO CHURCH.
4. Yes, I know all the excuses. I know that one can worship the Creator in a grove of trees, or by a running brook, or in a man's own house just as well as in a church. But I also know as a matter of cold fact that the average man DOES NOT thus worship.
5. He may not hear a good sermon at church. He will hear a sermon by a good man who, with his good wife, is engaged all the week in making hard lives a little easier.
6. He will listen to and take part in reading some beautiful passages from the Bible. And if he is not familiar with the Bible, he has suffered a loss.
7. He will take part in singing some good hymns.
8. He will meet and nod or speak to good, quiet neighbors. He will come away feeling a little more charitable toward all the world, even toward those excessively foolish young men who regard church-going as a soft performance.
9. I advocate a man's joining in church work for the sake of showing his faith by his works.

**FUN FROM THE PRESS**

If only the brakes would get tight when the driver does.—St. Thomas Times-Journal.  
Alton D. Parker and John W. Davis lost the Presidency, but they have the Gould litigation.—Philadelphia record  
Still, if you slow down to enjoy the scenery, passing cars will make you eat it.—Quincy Whisk-Journal.  
Henry Ford has added a new runabout to his line; it's a grandson.—Falls City (Nebr.) Journal.  
There's small choice. Refuse him ten and you lose a friend; lend it and you lose the ten.—Huntington Herald  
The only real obstacle to everlasting peace is the fact that there are more dogs than bones.—Sherbrooke (Que.) Record.  
Another of the very desirable features of honesty is that practically no confederates are needed to carry it out.—Detroit News.

Renewed Anti-Saloon League activity is reported out West. Doubtless inspired by the feeling that wheat has taken a drop too much.—Norfolk Virginia Pilot.  
If all the mortgages in the country were placed end to end, it would seem scarcely possible there was enough gasoline in the world to run them.—Philadelphia Inquirer.  
A defaulting Spanish public official has been sentenced to 308 years in prison, but we presume there will be the usual reduction of time allowed for good behavior.—Columbus Dispatch.

Perhaps there is, as former Vice President Marshall says, "more good than bad in the world", but it doesn't get on the front page so often.—Philadelphia Inquirer.  
The trappist order of monks, driven away from their monastery at Banz, Bavaria, by tourists, are looking for a place to establish one of their abodes of silence. The might try Democratic Headquarters.—Life.

**POOR SHOWING IN ATHLETICS TRACED TO PLAYING GOLF**

London.—England's deterioration in athletics, as measured by international contests, is due to paying too much attention to golf, in the opinion of Leo Maxse, editor of the National Review  
England has been beaten year after year by the Australians at cricket, avers Mr. Maxse, who goes on to say. "We play second fiddle to America at polo, and third fiddle to America and France at lawn tennis, and we cut a poor figure at the Olympic games in Paris last year, all because the talents and enthusiasm that we ought to devote to real games have been wasted on the lazy, selfish, paltry pastime of golf."

**THE AGE OF INNOCENCE**

How sweet is childhood, muses Jack Harris in the Ottawa, Kan. Herald. How fresh, naive, innocent are children; unconscious hedonists, continually experiencing new pleasures unmarred by the necessities and hardness of mature life! The little girl standing on the corner talking to a boy, about 7 years old, roused everything sentimental in one. She was fair, pink cheeked, with curly blond hair. Her dress amusingly paraphrased the latest style, and plump knees filled in the space between the bottom of her dress and the top of her rolled stockings. As we neared we could make out what she was saying to the boy beside her, in a soft high voice: "You get the devil out of here or I'll kick you in the face." How sweet, how very sweet is childhood.

**AT A DEPTH OF 1,200 KILOMETERS THE TEMPERATURE OF THE EARTH IS ABOUT 1,200 DEGREES CENTIGRADE**

Ninety-five per cent of the aspirants Great Britain are rejected by doctors, to enrollment in the police force of the general deterioration of the nation's physique and the after effects of war-time privations are showing in those who have not reached manhood.

A single ray of sun shining through a rent in the cover—or through an aperture in the roof of a hut—in the Niger River country of Africa, will, in certain seasons, kill the man on whose head it strikes or make him delirious in a few minutes.

King John of England, from whom the barons obtained the Magna Charta could not write. He placed his seal on the document in a pavilion erected on Runnymede.

**Blanco News**

Blanco, June 2.—The farmers are very busy since the sunshine days are here, getting their row crops planted and trying to get the best of the weeds and grass that the showers brought us.

Miss Pernie Badgett, of White-wright, spent the past week in the home of her brother, D. R. Badgett. Foy Rogers, from over west of town spent last week with his brother, Earl Rogers and family.

We are sorry to report Edwena Christian, daughter of Mr. and Mrs. Harry Christian, as not doing so well. The surgeon intends to give her a mastoid operation today (Tuesday.) She has been in a sanitarium at Lubbock for ten days.

Miss Maude Shepherd is spending the week with her aunt, Mrs. Will Snell.

Horace and Will Simpson have had as their guests the past few days their brothers and families, Jim and Luther Simpson, of Dallas, and sister, Mrs. Keaton and sister-in-law, Mrs. Donald Simpson and two children of Tennessee.

Messrs. Tom Millican and family and Earl Rogers and family attended church at Sand Hill Sunday morning. Mrs. W. C. Cates spent Friday night in Lubbock with relatives.

Miss Velma Deen, of Floydada visited her friend, Miss Nell Jones since our last paper.

Lowell Dalton, who has been attending school in Austin returned home Saturday.

**BIRTHDAY DINNER**

Mr. and Mrs. L. H. Lewis honored their son, Lawrence, with a birthday dinner Sunday, at the ranch home of the family northeast of Floydada.

Among those present were Misses Virginia and Bettie Lewis, Mabel Faulkner, Kate McFall and Florence Green; Messrs. Henry Edwards, Lawrence and Charlie Lewis, Mr. and Mrs. G. B. Bostick, Mr. and Mrs. John Lewis.

**MAY FORD SALES**

Ford sales for May made by Barker Bros., local Ford and Fordson dealers. Touring models: M. J. Tinney, R. Riley, A. H. Matthews, G. L. Snodgrass, C. B. Sims, A. R. Hanna, M. Easterling, M. W. Herring, W. H. Simpson, W. E. Huffhines; Roadster: W. P. Sims; Coupe: H. E. Cannaday; Trucks: Zell Probasco, G. T. Assiter, John Willis; Tractor: Lee Rushing.

**THE NEW IMMIGRATION LAW AND THE FARMER**

How much of prosperity there is ahead for agriculture these next few years is not yet clear. President Coolidge holds up to farmers this somewhat dubious hope—that sooner or later American manufacturers will become so extensive and business industrial population so great that we shall become a food-importing rather than a food-exporting nation, and then we can put a tariff on food products that will help increase prices on what the farmer has to sell in the same way that tariff on manufactured products now increases the prices on what the farmer has to buy. But such an outcome is still a long time off, and it is poor encouragement to agriculture to think that it must be bled for the benefit of manufacturers until conditions naturally reverse themselves.

However, the new immigration law (if manufacturing interests do not gradually repeal it) will help farmers in somewhat the same way and more quickly. This law shuts out the vast hordes of cheap European laborers that have heretofore been brought over by the millions for the factories, mines, workshops, and railroads of America. Consequently, these manufacturing enterprises must hereafter get their surplus labor from the farms of America instead of from Europe. The negroes of the South are especially likely to be attracted by the high wages in the North, as will "transient labor" from all the farming sections of America. This will decrease American crop production and thereby boost prices for those of us who keep on farming.

In the South, for example, we complain of "scarcity of labor", but we should have been better off if labor had been scarce enough to cut the 1924 cotton crop 2,000,000 bales. The hard-pressed serfs who make cotton under the direction of those "time price" merchants who are really interested, not in making cotton, but in making profits on the merchandise they sell to the man who makes the cotton—such serfs would be better off if they went North to get better wages, and the real farmers of the South would also be vastly helped.

It is this competition of "cheap labor" cotton (cotton made for the purpose of helping supply merchants and not made by men who are farmers at heart)—it is this competition which makes "overproduction" and low prices, and which has thereby forced poverty on millions of Southerners who really love farming. It is time to change a system whereby real farmers are subjected to such ruinous competition,—this competition which results from the combination of supply merchants and the more ignorant and easily-imposed-on Negroes. Hence, if the new immigration law helps change the system, it will help the South and the Negro and all Southerners who really love farming.—The Progressive Farmer.

**EDISON REPAIRED HERON**

If in your travels you find a blue heron with an unusually short bill, don't believe that you have discovered a new species. It is probably the bird that Thomas A. Edison fixed at Fort Myers, Fla. He came across a blue heron with a mutilated upper bill, which made it almost impossible for the bird to obtain its food. Upon the suggestion of Mr. Edison, the bird was captured and its lower bill trimmed to match the upper. When last seen the bird was contentedly standing in water catching fish.

**U. S. NAVY PLANS BIGGEST DIRIGIBLE**

Dwarfing the giant proportions of the Los Angeles and the Shenandoah and even the two great dirigibles ordered by Great Britain, is an airliner proposed recently by United States naval experts. It would be by far the largest airship in the world.

With a capacity of 6,000,000 cubic feet, nearly three times that of either of the American dirigibles and 1,000,000 cubic feet more than the British ones, it could be used for regular trans-Atlantic trips, says Popular Science Monthly. It would carry eighty passengers on a voyage and at least thirty-two tons of mail and freight. Counting on forty trips a year between New York and London it is estimated that the Leviathan would make a net profit for the Government of nearly \$5,000,000.

In design the airliner differs radically in several ways from any others previously built. The R-100 and the R-101, the two ships that the British are planning for passenger service between England and India in 1927, are to use hydrogen in their gas bags. But while hydrogen has greater lifting capacity, United States officials favor helium on account of its safety.

By using hydrogen in conjunction with helium the advantages of both may be retained, and this combination is included in plans for the proposed American dirigible. Hydrogen would be used for the inner gas space surrounded by a layer of helium that would act as a protector from fire.

The cabin, which for passenger service would contain luxuries comparable to those of ocean liners, would extend nearly half the length of the ship.

Ordinarily the ship would operate from the mooring masts. The one at Lakehurst, N. J. which is 167 feet high, could be used, but others of greater height would have to be erected. For repairs, a shed of huge dimensions would be necessary.

A dirigible with 10,000,000 cubic feet capacity, according to experts, would be capable of making nonstop flights around the world.

Rear Admiral William A. Moffett, chief of the bureau of naval aeronautics, estimates the cost of the proposed air line at \$6,000,000.

**VILLAGE VIOLIN MAKERS**

Everyone has heard of Antonio Stradivari, the famous violin maker, who constructed some of the finest violins which have ever been made. He was a simple countryman, living in a humble cottage, but the work of his hands is known the world over.

Will a similar fame be won by any of the cottagers of the little village of Markneukirchen, in Saxony? For some generations now the villagers there have been hard at work fashioning handmade violins. Each instrument is made entirely in one humble home, and it is possible to find three generations at work in the same cottage and at the same bench.

The villagers are artists—they do not care so much about the monetary value of their handiwork as about its quality. But when they carry their products to the market there is never any doubt of their violins commanding a ready sale.

**BALANCED MIXTURES FOR COWS MEAN MORE MILK**

In spite of the much experiment to determine the best ration for milk cows, there are still farmers who feed unbalanced mixtures that do little more than keep up the animal's normal weight, leaving only a small amount to produce milk.

Prof. W. J. Frazer of the dairy department of the University of Illinois says a great loss of milk production among cows is due to insufficient feeding, and a still greater loss to an unbalanced ration. He has been making an intensive study of the way Illinois dairymen feed cattle and urges them to feed a better mixture, which will return more than enough extra money in the cream or milk check to pay for the additional trouble and expense.

He says alfalfa and clover are the crops needed to balance corn in the necessary supply of protein and minerals, and that the dairyman's lowest factor today lies in his failure to grow enough legumes for this purpose.

Airplane ambulances have been used with continuances success for two years by the French operating in Algeria, Morocco, and Syria.

**BUILDERS' Service**

We have complete builders service and will be glad to help you plan your new home or improvements.

All kinds of building materials.

### Surveyors Set Denver Stakes In Lockney

New Gin Announced to be Ready for Fall Crop.—Other News of Lockney Section.

From The Beacon:

The Fort Worth & Denver South Plains Railway Co.'s surveying crew has been in Lockney since Friday of last week surveying out the road through town and the switch yards and depot site.

Mr. Broom is the engineer in charge of the work, and is running various lines through the town in order to ascertain the best route for the road.

The Denver application will be heard before the Interstate Commerce Commission within the next few days, as May 25th, was the last day for filing of protests by other railroad companies.

Geo. T. Meriwether and Ed Whit-fell have just returned from Dallas, where they have been buying machinery for a 5-70 saw Lummas Air-Blast Automatic Gin plant to be erected on the lots just east of the Lockney Gin Company gin plant on South Main street.

The new gin is to be installed in time for this year's cotton season and will be pulled by a steam engine, and the housing facilities will be of sheet iron material. Work will begin on the construction of this new plant right away, and it will be operated by the Lockney Gin Company in connection with their other plant, giving them more than double their present capacity.

Burglars entered the office of the Lockney Coal & Grain Company Saturday night, and attempted to force open the safe, by chiseling off the combination. However, they failed to get the safe open, but succeeded in ruining the combination and door of the safe. They gained entrance to the office by prizing the office door open.

T. J. Gilbert of near Lockney, received a message that his brother, J. G. Gilbert of Cameron, Texas, was killed Friday morning at 11 o'clock, by being run over by an automobile. Mr. J. G. Gilbert is survived by his second wife and ten children.

Prof. Leo A. Cooper, principal of the Prairie Chapel school, underwent an operation for appendicitis at the Plainview Sanitarium Sunday at noon.

Mr. and Mrs. W. S. Cope expect to leave Sunday for Fort Worth and Mineral Wells, to stay for some time for the benefit of Mr. Cope's health.

### PASTOR BAPTIST CHURCH AT CLOVIS IS ROBBED

Clovis, N. M., May 30.—Rev. J. F. Nix of the First Baptist Church had the misfortune to lose a high priced watch, a new coat and several other valuables while he was having a good time at a B. Y. P. U. party at the home of F. M. Lane.

Mr. Lane lives several miles north of Clovis on the Grady highway.

Becoming very warm while playing games with the young folks, Rev. Nix pulled off his coat and hung it in his car. In his coat was a \$65 watch and some valuable papers besides other articles, he prized as keepsakes. During the evening some people going by there in a coupe, stopped for a drink and watched the merry making for a while before driving on. Afterwards, Rev. Nix missed his coat and its contents and although the officials are following every possible clue, the missing articles have not been found.

No. 12692

### TREASURY DEPARTMENT

Office of Comptroller of the Currency

Washington, D. C., April 23, 1925

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The Floyd County National Bank of Floydada", in the City of Floydada, in the County of Floyd and State of Texas, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of banking;

Now, therefore, I, J. W. McIntosh, Comptroller of the Currency, do hereby certify that "The Floyd County National Bank of Floydada", in the City of Floydada, in the County of Floyd, and State of Texas, is authorized to commence the business of Banking, as provided in Section Fifty-one hundred and sixty-nine of the Revised Statutes of the United States. Conversion of the First State Bank of Floydada, Floydada, Texas.

In testimony whereof, witness my hand and seal of office this twenty-third day of April, 1925.

(Seal) J. W. McIntosh, 910tc Comptroller of the Currency.

### GATHERING OF FRIENDS ATTESTS APPRECIATION FOR REV. J. W. DALTON

More than sixty friends of Rev. J. W. Dalton and children gathered at the Dalton home Sunday for an all-day neighborly assembly, to attest their appreciation of himself and family and to celebrate the home-coming of his son, Lowell. The latter has been in school at Austin and reached home Saturday.

The day was much enjoyed by all present, and by none any more than Mr. Dalton, who was a guest of honor in his own home. Dinner, prepared by Mesdames W. C. Cates, Tom Millican, Earl Rogers, D. R. Badgett, and Adrian Sparks, the latter of Center, was spread at noon, and so well did the ladies prepare for the event that, after the afternoon had been spent very enjoyably, all had supper too, before leaving for their respective homes.

In the afternoon an impromptu program of songs, talks and prayers was held.

Among those who enjoyed the day with Rev. Dalton and family were Rev. Preston Florence and family of Petersburg, S. F. Smith and daughter, Miss Ura, of McCoy, W. C. Cates and family, Tom Millican and family, Herman Millican and wife, Earl Rogers and family, D. R. Badgett and family, Wm. Snell and family, Adrian Sparks and family, of Center, W. A. Cates and wife, of Floydada, Horace Simpson and family, Mrs. Donald Simpson, of Tennessee. Several others called during the afternoon.

### CAMPBELL SINGING RAINED OUT ANOTHER TIME

The South Side Singing Convention to have been held at Campbell Sunday afternoon was rained out again, although a number of visiting singers arrived before the downpour began.

W. A. Amburn and others of Campbell suggest that The Hesperian do not announce the dates again, giving them an opportunity to slip up on the weather man and have the convention when the weather man is not suspecting.

### TOURNG SOUTH TEXAS

Mr. and Mrs. A. V. Haynes and Mr. and Mrs. I. C. Surginer left Saturday afternoon last for Austin, where they are to be joined this week by their sons, Roy Lee Haynes and Leslie Surginer on a 30-day tour of South Texas, which they plan to include the Rio Grande Valley.

Gulf Coast points as far east as Galveston will also be visited, the party returning home about July 1st.

Tropical fruits in a fully ripened state, dipped in a rubber composition which shuts out all air, preventing decomposition, may soon appear on distant markets. The composition becomes brittle when cold and is easily removed from the fruit.

You owe yourself some flannel trousers

FOR style and for comfort you cannot well do without flannel trousers.

Cut on full lines with the wide bottoms demanded by fashion, Dutchess Flannel Trousers are smart to the last detail.

We have them in white, in Dutchess Gray and in the newer shades, both plain and striped. The first cost is moderate and the last cost is lowest, for don't forget: Dutchess Flannels won't shrink. And they are made for long wear.

Come in and choose a pair and at the same time look over our assortment of knickers and other Dutchess Trousers for every occasion.

### Locals and Personals

Baird Bishop returned home Thursday of last week from Albuquerque, N. Mex., where he took a druggists' examination before the New Mexico State Board. He has been absent from home the greater part of the spring months, studying pharmacy at Brunswick, Mo.

J. F. McCarty and wife left the latter part of last week for Rio Hondo, where Mr. McCarty recently purchased a home. Mr. McCarty has been at that place for several weeks, Mrs. McCarty having remained here until last week.

W. M. Windsor came home Friday from Plainview after spending several days with his brother, who had been seriously ill there.

Mr. and Mrs. Ray Dickey, who are making their home in Los Angeles, reached Floydada Friday of last week for an extended visit with relatives.

Mr. and Mrs. W. J. Burke returned to Floydada Friday from points downstate. Mr. Burke attending the convention of the Texas Grain Dealers' Association and Mrs. Burke visiting at Athens with her parents.

Mrs. Clarence Snodgrass, small son and daughter, arrived the latter part of last week from Mineral Wells and the family will make Floydada their home. Clarence Snodgrass is now employed with the Motor Supply Company.

Carl McAdams, of Lockney, was in Floydada Friday of last week on business.

Mr. and Mrs. Fred Zimmerman spent several days last week in Wichita Falls.

BORN.—To Mr. and Mrs. D. F. Butler, May 30th, a daughter.

Homer and Eldridge Watson, of San Angelo, visited last week in Floydada with C. E. Neil and wife, and other relatives.

Mr. and Mrs. C. E. Neil and son spent two days last week in Amarillo visiting Miss Evelyn Neil.

Mr. and Mrs. Hollis Moore returned Friday from Albuquerque, N. Mex.

During the absence of M. Easterling and wife John White has charge of Zeek's Cafe, which it was announced last week, would be closed for repairs during June. At the last minute the plans were changed to keep the cafe open during the month.

C. B. Bailey, of Lockney was a business visitor in Floydada Monday.

Homer Howard, postmaster at Lockney, and Judge J. W. Howard, of Starkey, returned home Saturday from the reunion of the sons of their parents, Mr. and Mrs. C. W. Howard, at Paris, last week. Their gathering was occasioned by the fact that the elder Mr. and Mrs. Howard celebrated their 60th wedding anniversary Wednesday of last week. Mr. and Mrs. C. W. Howard are 84 and 79 respectively. Their six sons were with them at the anniversary.

Lon M. Davis is always doing something and as a result The Hesperian is always using his name in print. His latest stunt is a case of the mumps, which gives us another excuse. He is practically recovered at this time.

Mr. and Mrs. J. V. Daniel and Truitt Butler left Tuesday for Medicine Park, Okla., where they are spending a brief vacation.

Mrs. S. A. Henry and children, Sam Allen and Elaine, of Lubbock, have been here this week visiting Mrs. Henry's mother, Mrs. R. F. Fry, who has been seriously ill. Mr. Henry was here Sunday.

Bonner Baker, who has been attending W. T. S. T. C. during the term just closing, returned home for the summer Saturday.

Henry Cox and family visited in Crosbyton Sunday.

Bush Mayfield of Woody-Mayfield Drug Co., Roaring Springs, was a business visitor in Floydada Saturday.

Ross Henry made a business trip to Lockney Monday.

Mrs. Otis Harris and Miss Ina Collins, of Lockney, were visitors in Floydada Sunday.

Misses Nova White, Tommie Merrick, Margaret Jarnagan, and Opal Steinbow, of Lockney, were visitors in Floydada Sunday afternoon.

Henry Alexander, of Brownfield, accompanied by Jameson McKinney, made a brief visit last week with his parents, Dr. and Mrs. W. H. Alexander.

Irvin Bennett and family, of Lockney, were in Floydada Saturday.

Dr. L. V. Smith, wife and daughter, Emma Louise, returned home the first of the week from a visit of ten days in Denver, Colo.

A. C. Goen and three sons, accompanied by E. L. Morris, Jr., are at Ranger this week, having left last Thursday with the expectation of returning home tomorrow or Saturday.

Miss Lois Richards, who has been visiting in Corsicana since the close of the public school term at Crosbyton, left the latter part of last week from Corsicana for Rochester, Minn., where she will undergo an operation at Mayo Bros. Sanitarium. After leaving Rochester, she will visit in New York City and Philadelphia.

Mr. and Mrs. Clarence Maddox, Mrs. Worth Shipley and children, Mrs. J. R. Maddox and daughters, Dola and Evelyn, and H. D. Snodgrass, left the first of the week for California, making the trip cross-country by auto.

### SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by All Drug Stores

Solution of Last Week's Puzzle

Ices for Hot Weather

Nothing is more delicious than home made ice cream for dessert these hot days. Can't get too much of it; and every bit is wholesome and good.

**French Vanilla Ice Cream**  
 1 pound sugar  
 2 quarts cream (light)  
 6 eggs  
 2 tablespoon vanilla  
 Method—Beat eggs and sugar together; turn into heated cream and stir vigorously for five minutes over fire in a double boiler. Cool, add flavoring. Strain into freezer can and freeze.

**Ginger Ice Cream**  
 1 pound sugar  
 2 quarts of cream (light)  
 6 eggs  
 2 tablespoon vanilla  
 1-2 cup preserved ginger root cut fine  
 Method: Beat eggs and sugar together; turn into heated cream and stir vigorously for five minutes over fire in a double boiler. Cool, add flavoring and ginger. Freeze. Let stand 2 hours after freezing. Serve with following sauce.

**Sauce**  
 1 pound sugar  
 1 cup water  
 1-2 cup preserved ginger cut fine  
 Method: Cook altogether for 10 minutes. Chill.

**Ice Cream-Pan-American**  
 Make a custard of 6 eggs, the grated rind of an orange and a cup and one-half of boiling syrup made of sugar and water. Beat with an egg beater, taking care not to let it boil. Add one and one-half cups cream mix well and strain. Freeze and serve in sherbet glasses.

**Ice Cream-Hawaiian**  
 Make a pint of strong coffee. Strain and pour slowly over the yolks of 4 eggs that have been beaten till creamy with 1-3 cup of sugar and a small pinch of salt. Return to a double boiler and stir constantly till it thickens, taking care not to let it boil. Cool and add 1 pint of cream and 1 teaspoon vanilla. Strain and freeze. Serve and decorate top with whipped cream mixed with cocoanut.

NEW DATE FOR "SAFETY FIRST" FRIDAY, JUNE 5

A new date for "Safety First" Sand Hill P. T. C. Society's best play, has been set, and tomorrow night, June 5th, is that date. The new date was made necessary by the fact that last Friday night's crowd was scared away by the rain storm that didn't materialize, in town, although considerable rain fell over portions of the county. Tomorrow night's program will have for between-act features special songs by Prof. Morgan, Mrs. Calvin Steen and members of the Sand Hill Choral ab. At Lockney Saturday night weather was bad and the play poorly advertised so that the crowd was small. However, the play was so well presented the players had the congratulatory members of the Mothers' Club, sponsored the play at Lockney, the club refused to take any of the proceeds which were their part of proceeds.

N. F. SHEPPARD, AGE 83, DIES AT EULOGY, TEXAS

N. F. Sheppard, of Eulogy, Texas, father of Mrs. J. A. Huckabay, of this city, died Friday night at 8 o'clock, a message received here Saturday morning by the Huckabay family, advised, illness due to advanced age being the cause.

Mrs. Huckabay planned to attend the funeral, but a short time before the family were to leave for Eulogy a message stated that the funeral and burial would be held Saturday afternoon at 4:30.

Mr. and Mrs. John Briscoe, of Muleshoe, came as far as Floydada enroute to Eulogy for the funeral, when they learned that the burial would be held before they could reach that place. Mrs. Briscoe is a sister of Mrs. Huckabay.

METHODIST CHURCH

We are expecting a big delegation of Floydada Methodists to go to Petersburg next Sunday to the District Lay Meeting. We expect our orchestra and Quartet and a number of our people to have part on the program and a great meeting is anticipated. Dinner "on the ground" will be served by our Petersburg congregation.

All our regular services will be held here in Floydada as follows: The Senior Orchestra will open Sunday School at 9:45 A. M. with a musical program. Our good Supt. J. V. Daniel, being away on his vacation, H. S. Sanders will be in charge. The pastor will preach at 11 A. M. on "God".

At 8:15 P. M. the sermon will be on "Man". The Girl's Choral Club will sing.

Both the Junior and Intermediate Leagues meet at 3 o'clock Sunday afternoon. The Senior League at 7:15 P. M. The Women of our Missionary Society meet next Monday at 4 P. M. for Mission Study. Our mid-week Prayer Meeting is from 8:30 to 9:30 now. Although a bad night last week, we had 27 present. Not many cars in this country run well without gas. The prayer meeting is a sort of Spiritual Filling-Station.

We received the Church Certificate of Mrs. G. F. Klebold and sent for the Certificate of Mrs. W. L. Fry last Sunday.

The following delegation attended the District Epworth League Conference in Hereford last Saturday and Sunday: Misses Grace Porterfield, Mildred Carter, George Lee Assiter, Captola Hardgrove, Edna Faulkner, Margaret Henson, Onita Carter.

Men if you are not already lined up come to the Brotherhood Class Sunday. "It's a Wonderful Class" and we want you with us.

J. L. Henson, Pastor

Birthday Party

Mrs. William Salisbury gave a party Wednesday afternoon of last week in honor of her little son, Harold D., who was nine years old. There were nine boys who attended the party and enjoyed the games.

There were many who could not come because of the weather conditions. Miss Oletha Jackson and Miss Willamina Salisbury assisted the hostess in entertaining the guests. Refreshments of ice cream and cake were served to the following: Cap Felton, Don T. Shaw, Junior Sanders, Hunter King, J. W. and Arthur Earl Gamble, John Edward Smith and Elam Morris.

NOTICE OF DISSOLUTION OF PARTNERSHIP

This is Public Notice that the partnership composed of J. G. Norris and J. E. Newton, heretofore doing a Mercantile business at Wake, in Crosby County, Texas, under the firm name of Wake Mercantile Company, was, on the 27th day of April, 1925, dissolved by mutual consent.

In the future the business will be owned and conducted by J. G. Norris, individually, who has taken over the stock of merchandise, notes and accounts, heretofore owned by said partnership, and has assumed all financial obligations of the same.

J. G. Norris,  
 J. E. Newton.

So Weak Couldn't Stand

"My wife's health broke down and for years she was just a physical wreck," says Mr. Thomas Glynn, of Gibson, La. "We did everything we knew, yet she seemed to get worse and worse. She was so weak till she couldn't stand, and had to be carried like a baby. It looked like nothing would save her that had been done."

CARDUI For Female Troubles

"I began looking around. I knew that Cardui was for women. I decided to try it for her as all else had failed. She couldn't eat, she couldn't sleep, and I was desperate. "After taking a few doses of Cardui, we were so glad to note that she wanted something to eat, and with each bit of nourishment, and each day's doses of Cardui, she grew stronger and got up out of bed. She is now able to cook, and stronger than in a long time." Cardui has been in successful use for nearly 50 years in the treatment of many common female troubles. All Druggists' E-108

This is Better Mailing Week; Observe It

This is better mailing week all over the United States, and postal employees all over the country, are giving their surplus time to calling attention of the public to the immense waste the carelessness of the patrons of post offices are causing.

Postmaster Starks said Tuesday that figures compiled by the Post Office Department showed that carelessness in addressing letters and packages, and wrapping packages, is costing the United States \$2,000,000 a year.

"Dead letters and 'nixies' could be eliminated almost entirely if patrons of the post offices would simply wrap their packages securely, and put their return address on the corners of their envelopes," Mr. Starks said, "And the change could be made in a week. But, of course, it's all up to the public. As long as the public continues the carelessness there will continue to be lost letters that take the time of experts to unravel addresses, and lost packages with no means of identification. While our instructions require us to be careful of the packages we receive for transportation, at the same time a large part of the problem is solely for the public to remedy." "Every man knows his own address if not that of his correspondent," and "Is your return address on the envelope," are two slogans being used in the campaign for more careful mailing.

Gypsies now deal in automobiles, this business having replaced horse trading.

PREVENTS INFECTION

The greatest discovery in flesh healing is the marvelous Borozone, a preparation that comes in liquid and powder form. It is a combination treatment that not only purifies the wound of germs that cause infection but it heals the flesh with extraordinary speed. Bad wounds or cuts which take weeks to heal with the ordinary liniments mend quickly under the powerful influence of this wonderful remedy. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. OVERLAND ADDS 2-DOOR SEDAN TO "FOUR" LINE

Willys-Overland announces the addition of the Standard Sedan at \$655 f. o. b. Toledo, to its Overland four-cylinder line.

According to specifications submitted by the factory at Toledo this latest Overland car is a big, roomy, sturdy two-door Sedan, beautifully upholstered in durable Bedford Cloth and finished in a rich blue, with deep beading, its color scheme resembling that of the popular All-steel four-door Sedan.

Production of the new type commenced in March and during the month of April, 2,200 of these cars were produced and shipped immediately to the dealer organization. Early sales reports indicate instantaneous approval of the new type by the motor buying public.

A number of unique sales features possessed by the new Standard Sedan were largely responsible for the immediate enthusiasm which greeted the new car.

G. P. HUMPHRIES HOME FROM GENERAL ASSEMBLY

Rev. G. P. Humphries reached home Friday from Nashville, Tenn., where he had been as a visitor to the General Assembly of the Cumberland Presbyterian Church which convened from May 21st to 27th inclusive.

Mr. Humphries, who is pastor of the Cumberland Presbyterian Church here had been absent from home two weeks.

What Good Does It Do You to Know Something?  
 Advertisements in all Papers and Magazines are all trying to appeal to the intelligent. Now this one is for the great majority. Reliable authority, in fact it was the Draft Boards during the War, figured out that the intelligence of the average Adult of this Country was that of a 13 year old Child. (Now that is giving us the best of it because a 13 year old Child is about the smartest thing we have in this Country), but the 13 year old Child they referred to was one who had been raised on the milk of human Kindness (which is mostly Water) and weaned on a Hard Boiled Egg. You know the smarter the Man the more dissatisfied he is, so cheer up, let us be happy in our ignorance. What do we care how little we know if we get what we want? "Bull" Durham needs no Literacy Test, it is with minority in quality, and with the majority in usage.  
 Will Rogers  
 P. S. This last sentence is all that saved the last.  
 P. P. S. There will be another piece here two weeks from now. Look for it.  
**SIXTY-FIVE YEARS AGO!**  
 In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

**State Highways Will be Policed After June 16**

Announcement is made that all state highways will be policed after June 16th. This is in accordance with a law passed by the last legislature. The highway police will have the authority of a deputy sheriff and will be under the direction of the highway department. Each officer will carry a loadmeter, and will keep a lookout for stolen cars, speeders, automobiles without licenses and overloaded trucks. The law requires the highway officer to stay out in the open, wear a badge all the time and forbids his laying a trap to catch anyone violating the law.

**Epworth League**

Program for Sunday, June 7th. Striking instances of the Friendship of Jesus. Leader—Grace Porterfield. Song—"Footprints of Jesus." Scripture Address, by leader Special Music.—Mrs. John Smith. "What Is Friendship."—Amster Hatchell. "The Story of Lazarus."—Helen McKinney. "The Story of Zaccaeus."—Lee Wilkinson. "Friendship with Christ."—Belva Solomon. Benediction. The contest is putting pep into the League. Let everyone be in their places Sunday evening at 7:15 and bring someone with you.

Heligoland is now no more than a fishing station and pleasure resort, as the British Admiralty, under the terms of peace, have demolished the fortifications which cost Germany \$17,000,000.

**Children's Day Program**

The Children's Day Program at the Christian Church this year will be held Sunday evening at 8:15 and will be in the form of a pageant entitled "The Way of Christ in China." There will be 25 or 30 children used and will show the great work being done in the Hermit Nation. It will graphically picture the work of the Bible Women, the nurses and doctors in the hospitals.

The Sunday School in China will be interesting. The Dragon Brat Festival will show the heathen side of the people. In short, it shows the full scope of the work done by the missionaries and will give you a slight idea of the difficulties they have to encounter.

Don't fail to be present and enjoy this interesting and helpful program. Don't forget to come prepared to help in the offering.

**HONOR DEPARTING GUEST WITH ALL-DAY PARTY**

Mrs. W. L. Fry Tuesday honored her sister, Mrs. W. C. Wright, of Long Beach, Cal., with an all-day party at the Fry home in the teacherage. Mrs. Wright leaves the latter part of this week returning home after a visit of several weeks here with her mother, Mrs. G. V. Slaughter, and other relatives.

Guests for the day enjoyed themselves very much, a noon-day dinner, being one of the pleasant features.

The guest list included Mesdames Jesse Seale, J. B. Bartley, Jr., W. T. Beasley, W. A. Savage, Frank Moore, Oliver Allen, H. S. Sparks, Clarence Snodgrass, Carroll Hopkins, C. C. Wright, city; J. F. Pundt, of Megargel R. B. Rosson, of Lubbock; Ray Dickey, of Huntington Park; Clarence Goins, of Lockney; Guy Shaffer, of Los Angeles; John Colville, of Weatherford; and the honoree, Mrs. W. C. Wright, of Long Beach.

**T. P. Guimarin Home From Credit Meeting**

T. P. Guimarin, secretary of the Floyd County Retail Merchants' Association, returned Tuesday afternoon from Austin, where he attended the meeting of the Texas Retail Merchants' Association, with which the local organization is affiliated. The meeting was held at Austin.

Four days of the business sessions were interspersed with very pleasant entertainment features, one of which was a reception by Governor Miriam Ferguson. Incidentally, the Governor was in the receiving line but was not shaking hands, because the task was too huge. She shook hands with Mr. Guimarin.

Dallas is the next meeting place of the association. Mr. Guimarin put Floydada in nomination.

The very largest retail firms in the state were among those which were represented at the meeting, and many associations from over the state had representatives at the meeting.

Mr. Guimarin also visited the Fort Worth and Amarillo retail credit offices in an effort to get the local work on a more efficient basis by a study of the methods used in these offices.

**Locals and Personals**

E. D. McMurtry and Bruce Gerdes, of Tulsa, were in Floydada Wednesday enroute to Stamford.

Mr. and Mrs. M. E. Moses of Paducah, were in Floydada a short time Sunday afternoon enroute to Plainview to attend the funeral for Mrs. Morey C. McGlasson.

A. N. Bratton and family are visiting relatives in Electra.

Mr. and Mrs. Newman, of McCoy, have returned from a business trip to Mineral Wells.

Misses Josie and Estelle Cates are in Cleburne visiting relatives. County Attorney W. E. Huffhines spent Tuesday in Plainview on professional business.

Rev. F. L. Moore of Wayland College has been called to the pastorate of the Baptist Church at Sand Hill school house. And will preach every first Sunday in each month. Beginning next first Sunday he will preach at eleven o'clock. There will be special music, and everybody is invited to attend.

Turner Sparks who has had the typhoid fever for twenty-one days, is convalescing at the home of his sister, Mrs. John Hopper who lives west of town.

John Holmes and John Bryant, of St. Joe, Texas, were in Floydada for a short time Wednesday and visited with J. T. Howard. They were enroute to Littlefield.

Dr. A. C. Traweek, of Matador, was in Floydada Wednesday.

District Judge R. C. Joiner and District Attorney Chas. Clements visited Floydada Wednesday afternoon, the judge conducting a habeas corpus hearing in chambers.

Harry Wright, manager of the Paducah store of Baker-Hanna Company, was a business visitor in Floydada Tuesday.

J. W. Clonts, carrier on Route 1, with his family returned home the first of the week from Grand Prairie and Fort Worth where they had been on a ten-day vacation. Roy Holmes substituted on Route 1 during Mr. Clonts' absence.

Mrs. Hubert Lewis and Miss Irene Swain, of Wichita Falls, visited last week-end with the latter's mother, Mrs. M. F. Swain here.

Wiley Boyle, of Plainview, was a business visitor in Floydada Monday. Mr. and Mrs. N. W. Williams left the first of this week on a vacation during which they will visit at Memphis, Fort Worth, Dallas and other down-state points. Mr. Williams will return in about two weeks, while Mrs. Williams will spend most of the summer down-state.

Geo. L. Simpson and wife, of Dallas, Mrs. D. C. Simpson, and Mrs. D. A. Keaton, of Sparta, Tenn., visited Will and Horace Simpson and families from Thursday of last week until Monday. Geo. L. Simpson is a brother and Mrs. D. A. Keaton a sister of Will and Horace. Mrs. D. C. Simpson is their sister-in-law.

**ENGLAND'S BILL FOR RATS**

It has been estimated that the damage caused by rats to the food supply and buildings in Great Britain alone represents a loss of something approaching 50,000,000 pounds a year. In addition to this, the rat is a serious menace to society as a carrier of disease; the occurrence of infectious jaundice in epidemic form on the western front during the war and more recently in Scotland, where a mortality of 40 per cent of cases occurred, has directed attention to a new danger near home, for which the rat is responsible. It is common knowledge that rats are prolific, but few people realize the rapidity with which their numbers increase. The litter in an adult rat varies from eight to sixteen. Rats breed throughout the year, the period of gestation is only twenty-one days and impregnation may again take place within a few hours of the birth of a litter.

A very moderate estimate of the number of descendants of one pair of rats born during one year is well over a thousand, and these in the course of three years will have increased to a quarter of a million; these calculations are based on litters of ten, and only six litters in the course of a year are allowed for. A single pair of rats will eat more than eighty loaves or their equivalent in a year, and their descendants in the same year will eat more than 46,000 loaves or their equivalent in wheat or flour.

One man walking the length of the Shenandoah, the United States Government airship, when the engines are not running, changes her level three degrees, so carefully is she balanced. After the ship is under way the men can move at will, as the elevators by their resistance to the air keep her trim.

**DICKEY FAMILY IN REUNION**

Mr. and Mrs. J. C. Dickey are enjoying the pleasure of entertaining a number of their children and grandchildren this week, who are here for a reunion of the family.

Besides the children who reside here Mr. and Mrs. Ray Dickey, of Huntington Park, Cal., Mrs. A. P. Horn, of McKinney, and Mrs. Edward McReynolds and little daughter of Wichita Falls, are here for the reunion. Mrs. McReynolds is a granddaughter and her child a great granddaughter of Mr. and Mrs. Dickey.

Mrs. H. H. Hatchett, another daughter, of Clinton, Okla., will arrive this week and will complete the family circle here. The reunion will last two or three weeks, possibly a month.

**DRUG STORE DISAPPOINTED. SPECIALIST DIDN'T COME**

Floydada Drug Company was disappointed this week, when their specialist from the United Drug Company, The Rexall Stores, failed to come to demonstrate Cara Nome preparations for ladies of this section.

Advices were received too late for broadcasting through the Hesperian, of an enforced change of plans for the demonstration.

E. B. Massie, manager of the store, said yesterday he had positive assurance the Cara Nome demonstrator would be here for next week.

**NOTICE, PRESBYTERIANS**

Announcement of regular Sunday evening services at the Cumberland Presbyterian Church was made before learning of the revival services planned by the Baptist Church to begin Sunday at the City Tabernacle.

Our Sunday evening service will not be held, but instead we will worship with the Baptist Brethren. G. P. Humphries, Pastor.

**MATCH MAKERS TO WORLD**

Jonkoping, Sweden.—A match a day for every man, woman and child in the world is now being turned out by the factory owned or controlled by the Swedish Match Corporation, according to a report issued here.

The average output now amounts to 30,000 matches a second, or 10,000,000,000 boxes a year. If placed in a single pile the match boxes made in eight months would reach from the earth to the moon, it is alleged.

Practically all raw materials used for match making in Sweden have to be imported; the aspen wood comes chiefly from Russia.

**Will Present School Play at Cone Saturday**

"Diamonds and Hearts", a royalty play, presented by pupils, teachers and residents of Pleasant Hill School at the close of the school year at Pleasant Hill last week, will be taken to Cone for presentation at the Cone High School Auditorium Saturday night of this week, June 6th.

Miss Annie Bond, who taught in the Pleasant Hill school the past year, is directing the players.

The cast of characters in the play includes ten persons as follows: Mrs. D. S. Battey, Misses Winnie Coward, Elizabeth Woolsey, Annie Bond, Mrs. Roy, Messrs. Jewel Mara, Roy Mara, Folk Brown, Frank Pratt and Clark Battey. The play is a comedy-drama, and the proceeds from its presentation will be used for the benefit of the Pleasant Hill School.

**Providence News**

Providence, June 2.—The dance at the W. A. Boedeker home Saturday night was well attended.

Mr. and Mrs. Dieter and Mrs. Knight were in Plainview Monday.

Several were working in the fields Sunday as most are behind with their work, and so much rain lately it has delayed farming considerably.

The new home of Ben Quebe was struck by lightning the last rain and considerable damage was done. They had not moved into the house when it was struck.

Mr. and Mrs. D. J. Kennedy and daughters were in Lockney Monday on business.

Max Brandis was taken to Mineral Wells Wednesday for his health.

Mr. and Mrs. Gilbreath and Mrs. Smith were in Plainview Monday, Trades' Day.

Quite a crowd from here attended the memorial services at the cemetery in Plainview Saturday.

A large crowd from Providence took in the First Monday Sale in town Monday.
