

THE FLOYD COUNTY HESPERIAN

Old "They Say" is the Champion Liar of Every Town and County in the United States.

VOLUME 31

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, NOVEMBER 6, 1924

NUMBER 36

Conference B Football Championship Friday

Whirlwinds Will Make Slaton Tiger Fur Fly in Classic on Local Gridiron Tomorrow.

With interscholastic honors in Section Two of Conference B at stake Floydada High Whirlwinds, and Slaton High Tigers will stage a football battle at Floydada Baseball Park tomorrow afternoon beginning at 3:30. It is expected to be the hardest battle the Whirlwinds have undertaken this year and the squad have been under high pressure workouts this week with Coach Wester as mentor in skill and field practice.

All of Floydada High School is at a high pitch in anticipation of the game and the infection has spread about town, with indications that many of the retail establishments will be closed for the two hours of the game. The Green and White squad will enter the fray with only one cripple on its list, with Captain Henry leading his squad again, this time at left end, taking the place of Buren Cates who will not be in except in case of absolute necessity.

That the list of cripples is as low as it is is considered very fortunate in view of the fact that Slaton is doped to be the strongest team, having won 6 to 0 from Lubbock, while the latter won from F. H. S. early in the season 7 to 6. Coach Wester says that to win his squad must have developed faster both in individual playing and in team work, as well as in fighting spirit. That the latter is not lacking has been proven in several games this season.

Attendance figures for the game may exceed the attendance at any game F. H. S. has ever played on the local gridiron. Post High School will have a delegation of 100 or more here for the game, all rooting for Floydada, Coach Wester has been assured. Lubbock, Plainview, Lockney, Ralls, Matador and Silverton are expected to furnish big delegations, all being rabid football towns. Floydada High School and the immediate environs of Floydada are expected to be represented by several hundred rooters. The south plains area has been covered with advertising telling of the forthcoming game.

The Whirlwinds and Tigers won the right to battle for supremacy in the district by reason of undefeated conference records this season, the semi-final climax in the race for conference championship having occurred last Friday when the Green and White triumphed over Post High at Post and the Slaton Tigers over Lamesa High at Lamesa. Slaton won over Lamesa 13 to 6 and F. H. S. over Post 20 to 7. Coach Wester is thoroughly pleased with the manner in which his boys were treated by their opponents at Post last Friday and is anxious that the fans accord the Slaton lads every courtesy. Thoroughly competent and disinterested officials will handle all departments of the game here.

The winner tomorrow will meet Memphis High School, Conference B winners in Section One, for bi-district honors and the right to tackle Conference A winners in District One of that conference. Both teams covet the honor and are expected to stage the scrap of their lives.

In preparation for the game tomorrow the high school student body is planning to stage a rally and parade a half hour preceding the game, in the downtown section. Slaton High will dismiss at noon and their students and squad are expected to be here by the (Continued on last page)

Selection of President Main C. of C. Topic

The election of a President of the Chamber of Commerce will be the principal matter of interest at the regular meeting of the Chamber of Commerce in the County Court Room Friday night, November 7th, at 8:00 o'clock. Homer Steen, the present president resigned his position effective October first, and since that time R. E. Fry, Vice-President has been performing the functions of that office.

Notices of the meeting have been sent to all members of the Chamber of Commerce by Maury Hopkins, Secretary of the organization who returned home the latter part of last week from Dallas where he had charge of the Floyd County exhibit.

"This is the first Chamber of Commerce meeting we have had for some time," said Mr. Hopkins, "owing to the fact that we have been extremely busy with other matters and out of town for a good deal of the time, so let's make this meeting a good one. The selection of the right man for successor to Mr. Steen is of vital importance to the success of the Chamber of Commerce, and one that should claim the attention of every member. Come out Friday night."

Cumberland Texas Synod Meets Here in 1925

Convention of Cumberland Synod for 1925 Promised Local Members at Dallas Meeting.

Floydada will be host to the Texas Synod of the Cumberland Presbyterian Church, a gathering of 150 or more people totalling 150 or more persons from many points in Texas, Louisiana and possibly California, in the fall of 1925. This news was brought home to Floydada by Mr. and Mrs. J. L. King and Rev. G. P. Humphries upon their return from the meeting of the Texas Synod and Synodical Missionary Society in Dallas, which was held the latter part of October.

Rev. Humphries said that they succeeded in persuading the church gathering to name Floydada as their next year meeting place, which will be the first time in at least 20 years, or possibly ever, that the Synod has held a meeting on the plains.

The synod was assured by the delegates from the local church that delegates would have every attention and courtesy at Floydada, and would at the same time be offered an opportunity to visit this rapidly developing section of Texas, while attending the church meeting.

Wheat Growers Make Contract With Burke

The Floydada unit of the Floyd County Wheat Growers' Association has made a contract with the W. J. Burke Elevator for handling their wheat crop from this date until the approximate time of the movement of the crop for 1925, and hauling to this elevator was started by several of those growers in the association still having wheat in their granaries, during the week.

T-Bone Dinner For Whirlwind Squad Wed.

The Whirlwind Football Squad got a sure enough feed yesterday evening at 5:30 at Curley's Cafe, where they were guests of Will Stephens and E. E. Boothe at a T-bone dinner, with all trimmings.

The dinner came about because both Boothe and Stephens are strong for the boys in the first place and in the second place declared themselves last week, to the effect that if the boys won the semi-finals at Post the feed would be forthcoming this week.

It was a big feed in every way and greatly enjoyed by the boys and their hosts.

Coach J. C. Wester and 22 members of the squad sat down to the big feed, where the largest steaks that could be bought were set before them by Curley.

Johnny Wood's One Man Band, a considerable show in itself, furnished the music during the dinner.

SOUTHWESTERN AGENTS EN- JOY CONVENTION IN AUSTIN

J. G. Wood who was one of the two representatives from Floydada to attend the Southwestern Life Insurance Convention held at Austin this fall reports a very helpful and enjoyable time during his three days' stay in the capital.

The first and second days were devoted to lectures on salesmanship and other business matters, and the third and last day was given over to pure enjoyment.

On the first day of the Convention the Mayor of the City gave them a welcome address and handed over to them the keys of the city.

The main feature of the second day was an address made by Governor Pat Neff.

On the last day the Chamber of Commerce took charge of the visitors and took them over the city on a sight seeing tour, and allowed them to view the State's capital from the dome of the Statehouse. After the sightseeing tour they had luncheon at the Country Club.

There were about 275 representatives from all over the State attending the convention, their wives making the total come up to about 400.

From this city there went to the Southwestern Life Insurance Convention R. E. Fry and wife and J. G. Wood and wife.

RED CROSS ROLL CALL

According to Judge F. P. Henry, county chairman for the Red Cross, the annual Red Cross Roll Call will commence Sunday, November 9, announcements of the drive to be made from the various pulpits of this County.

Then on Monday, November 10, solicitors will begin their week's work in the Red Cross annual Roll Call.

Mrs. Elmer Wood left Tuesday morning for Olney.

F.H.S. Debating Squad Working Out Daily

15 or 20 Debaters Coaching for Classic Next Spring—Chapel Monday Morning Programs Good.

Floydada High School is going to excel in literary events as well as in the athletic, if the ambition of faculty and student body at the school is realized. Work toward the forensic events in the interscholastic league contests have already started, with Supt. J. J. Wilson coaching his "squad" of debaters, some 15 or 20 in number. A period a day is given to the debaters and the "squad" has been doing some hard work, reports from the high school indicate. Coaching and advance preparations for other literary events in the interscholastic contests of the state will also be undertaken as time and opportunity presents.

One of the most interesting features at the high school at this time is the weekly Monday morning chapel exercise. A departure from the usual exercises has been worked out, by which the various rooms and departments of the school are furnishing the programs weekly. Last Monday morning one of the best of these programs was given by Class 6A, under the direction of Mrs. Hal Lattimore, teacher of English in the grades. It took the form of a 30-minute play in which there was a king, queen and fairies, a prince and princess and the "parts of speech", each of whom had a job in the king's retinue. Next Monday morning 6B will give the program, and the following Monday morning the Home Economics Department. The senior class gave the first program of the series, which will be followed probably for several weeks. The Seniors extracted sawdust, ivory and water from the heads of several juniors in the course of their program, which consisted mostly of "operations" and the juniors retaliated with a program in which auctioneering was the feature. The senior's class spirit, class flag and other belongings went at a new low price, it is said.

The various programs have been attended by several visitors on different Monday mornings. Announcement is made that the public is welcome to attend any of the programs, which begin at 9 o'clock and last usually from 45 minutes to an hour.

Big Yield of Bell Peppers On Small Plot

Proof that small gardens carefully tended pay larger returns than larger gardens worked carelessly is given by the heavy yield of bell peppers from a small plot in the garden of Mrs. A. V. Haynes of this city. To many persons the successful growth of bell peppers is difficult. But Mrs. Haynes' success would indicate that the job is not difficult for her.

Mrs. Haynes' plot planted to peppers measured 17 feet by 26 feet, and it yielded peppers in prolific manner for more than 70 days, until frost killed the plants, and had a heavy crop of peppers when frost came.

Mrs. Haynes kept a record of the sales of peppers from the plot, and after the family had been furnished all the peppers for their own table, her sales totalled 294 pounds from the little plot. The peppers were larger, too, than the average on the market. 294 pounds of green peppers in bulk would make a huge stack.

George Bingham Will Speak Here Nov. 14th

George Bingham, the author of the Punkinville and Dog Hill Paragraphs, which appears in over a hundred leading newspapers of the United States, and is read daily by the people of Floyd County in the Star-Telegram, will appear in person at the High School Auditorium under the auspices of the Senior Class of the school. In his laughable conversation which lasts better than one hour, and the title will be "something else."

Mr. Bingham talks about everything from religion to a bob-haired woman. His talk is not a lecture. Entire change of subject is afforded every two minutes, of good, clean fun and foolishness—just grins and laughs.

Mr. Bingham has been in West Texas for the past sixty days, and has appeared in all principal cities and towns and has been playing to capital houses. Mr. Bingham comes here from Paducah, where he is being sponsored by the Paducah High School.

Lucian Morrow, Bingham's advance man, closed with the senior class Monday afternoon for the appearance of Mr. Bingham here on November 14th.

Mr. Morrow promises that Bingham will give his hearers in Floydada inside information on Sile Kildew, Raz Barlow, Miss Peachie Sims and others of his famous characters of the Muskiet Ridge.

Henson, Brotherton, Dalton Returned to Floydada

Northwest Texas Methodist Conference Closed Sunday Night—Henson Preached Opening Sermon.

J. L. Henson was returned as pastor of Floydada Station, Marvin Brotherton as pastor of Floydada Circuit and J. W. Dalton as supply on Floydada Circuit, by the Northwest Texas Conference at Abilene, which closed Sunday night after announcements were read by the bishop. Lockney appointments were also retained for another year, J. P. Patterson returning as pastor of Lockney Station and T. B. Hilburn as pastor of Lockney Circuit. Rev. Florence was returned to Petersburg for another year and J. W. Baughman to Kress.

W. L. Jenkins goes to Silverton as pastor of that church and L. N. Lipscomb to Plainview.

Other appointments in which readers of The Hesperian will likely be interested are:

L. H. Davis transferred from Abernathy to Crosbyton Circuit. J. E. Howell to Crosbyton Station, R. F. Dunn from Lorenzo to Abernathy. M. M. Beavers was returned to the Canyon Station.

W. M. Lane is transferred as presiding elder from the Abilene District to the Amarillo District. Geo. W. Shearer having been transferred from this conference to the Central Texas Conference and will be assigned by appointments which will be read next week. J. W. Hunt was retained as president of McMurray College and C. B. Meador as conference evangelist with headquarters at Abilene. J. O. Haynes, brother of Mrs. C. D. Hopkins, of this city, goes to Hereford as pastor of the Hereford church.

G. S. Hardy will be presiding elder of this district again.

The churches in the conference, in general, reported one of the greatest years in the history of Methodism in West Texas.

Rev. J. L. Henson, of this city, preached the conference opening sermon Tuesday night of last week. A masterful sermon was presented the assembly of pastors and laymen, it is reported by some of those who heard the sermon, and the local pastor was complimented by many at its close.

Local pastors and laymen who attended the conference have returned home this week.

Floydada Sending 2 Delegates to Amarillo

Floydada is sending two of her club women, Mrs. J. B. Jenkins, President of the 1922 Study Club and Mrs. Wilson Kimble, President of the Parent-Teachers Association, to the Texas Federation of Women's Clubs which is to meet in Amarillo on November 11th to 14th.

Women of national prominence in club work will appear on the program for the Federation of Women's Clubs, and these speakers are to discuss problems of country, and of the home. Among the speakers will be Mrs. Walter McNab Miller of St. Louis, Mo., Edith McClure Patterson of Dayton, Ohio, Mrs. Gertrude Ross, Los Angeles, Cal., and Mrs. John D. Sherman of Estes Park, Colorado.

State officers who are expected to be in Amarillo are: President, Mrs. Henry Redmond of Corpus Christi; first vice-president, Mrs. A. P. Averill of El Paso; second vice-president, Mrs. W. R. Potter of Bowie; recording secretary, Mrs. Carl Godman of Plainview; corresponding secretary, Miss Mildred Seaton of Corpus Christi; treasurer, Mrs. Walker Robertson of Dallas; auditor, Mrs. Mary L. Wright of Fort Worth; official parliamentarian, Mrs. R. E. Buchanan of Fort Worth; Texas General Federation director, Miss Anna Shilton of Fort Worth; historian, Miss Decca LaMar West of Waco.

Two Seriously Injured At Grade Crossing

Two persons—O. E. Stevenson, of Plainview, and a travelling salesman named Grucek, of Cincinnati,—were seriously injured at the grade crossing on the street leading into Plainview from Lockney, near the Ayres Elevator in Plainview Tuesday morning of this week, when their car was struck by the south bound Santa Fe and badly demolished.

The men were badly injured and when they were picked up were thought to be in a dying condition. They were hurried to the Plainview Sanitarium for treatment, where they were reported to be resting satisfactorily, although the outcome of the injuries sustained could not be determined at that time.

A. L. Hurst, of Happy, former resident of Floyd County, was a visitor here Tuesday in company with Harmon Hurst, a cousin, of Grayson County.

Cotton Movement Here Slower This Week

100 to 120 Bales a Day Average Receipts for Week—Pretty Weather, Plenty Pickers.

Pretty weather and plenty of pickers have made an unusual situation in Floyd County. A very large percent of the cotton raisers have finished their first picking and are now waiting for the second picking to be opened by the frosts and cooler weather. As a result gins of Floydada are turning out on an average of less than 150 bales of cotton per day and none of them have put on a double shift as was expected. Present indications are that the peak of the fall run will come the third or fourth week in November, unless bad weather intervenes. Average ginnings since Monday have been 100 to 120 bales per day.

With the let-up in cotton receipts also comes a sharp revision of estimates of ginnings in the county. Estimators who had their figures set at 10,000 bales for the gins at Floydada here, with probable receipts at the Floydada Cotton Yard of 9,500 bales.

Weighter G. Scott King's figures for yard receipts last night was 4,108 bales. Total ginnings to last night were 3,707 bales here.

The Joe Bailey gin is probably one of the busiest in the county. That gin had turned out 525 bales to last night and 20 bales of cotton were standing on the yard. The Lakeview Gin has also been a busy one, exact figures on its turnout for the season not being available.

McDermett Post Plans Armistice Banquet

McDermett Post, American Legion, will banquet at the White Rose Cafe on Tuesday evening of next week, which is November 11th—Armistice Day.

Plans for the banquet include preparation of places for 100 to attend, and a program, which will include at least one unusual and very interesting feature, is being arranged.

Ex-service men from over the county are being asked to attend and the list of guests will include also several persons who are not eligible to membership in the Legion organization.

The program for the evening will be as follows:

- Toastmaster, L. G. Mathews.
- Invocation.
- Toast to the ladies, J. H. Reagan.
- Solo, Mrs. E. L. Angus.
- Toast to the Boys, Mrs. E. C. Nelson, Jr.
- Reading, Mrs. D. Ford Butler.
- Duet, Trauett Butler, Elmer Wood.
- Toast to the Mothers, E. C. Nelson, Jr.
- Five minute talks.

Don't Develop Toothache; Dentists Leaving

Don't develop a toothache next week. Floydada dentists, in common with the rest of the dentists of Texas, will be in Dallas from November 10th to 14th inclusive, at the 66th annual session of the American Dental Association, the national organization of the dentists.

Drs. Hisks and Thacker, of this city, will return from Dallas as soon as the convention is over.

COMMUNITY SINGING AT CAMPBELL SUNDAY

Next Sunday afternoon there will be a community singing at Campbell. All are invited to come and enjoy this singing.

Last Sunday the Volunteer Band from Wayland was at Campbell and there was dinner served on the grounds. Many visitors were at these services.

MR. AND MRS. T. R. WEBB AT DALLAS HAVE DAUGHTER

Word was received by J. G. Wood of the Floydada Insurance Agency, that his partner, T. R. Webb is the proud father of a 7½ pound girl born at Dallas on November 2.

Mr. Webb left two weeks ago to join Mrs. Webb who has been staying with her mother for the past two months in Dallas. Mr. Webb is expected to return to Floydada the latter part of this week.

BIRTHS REPORTED

Born to Mr. and Mrs. J. E. Warren, Center on November 5, a son.

MARRIAGE LICENSE

License to marry was issued last Saturday at the office of the County Clerk to Elmer Hemphill and Miss Ada Boyd.

"Ma" Ferguson Will Be First Woman Governor

Majority of 100,000 Probable Out of 575,000 Vote—Coolidge Elected President of Nation.

Mrs. Miriam A. Ferguson in Tuesday's general election was chosen for governor of Texas, to be the first woman ever elected to the office of governor in any state in the nation. Her majority over her opponent, Dr. Butte, may reach 100,000 votes out of a total estimated cast of 575,000. This is the largest vote ever cast in a general election in Texas. Interest in the governor's race was largely responsible for the increase in the vote, the general election in Texas usually being a perfunctory formality, with less than 25 per cent of the voters going to the polls.

In the presidential, congressional and senatorial races over the country, it seems probable that Coolidge for president has received one of the biggest popular majorities ever received by a presidential candidate and that he will have a better working majority in the next congress than in the present one. His own popularity has, in general, carried many doubtful congressional districts and added a few votes in the next senate to the republican majority. Davis was second, with La Follette a poor third.

Although complete official returns in Floyd County have not been made and probably will not be available before Monday, when the commissioners will canvass the returns, the first 10 reporting officially and two unofficially reported give Mrs. Ferguson 713 votes and Dr. Butte 692. Later returns might change this result and give the republican candidate the lead in this county, several large boxes reporting above gave the constitutional amendment, increasing confederate pensions, a vote of 296 for and 68 against. Many voters did not express themselves as to the constitutional amendment one way or another. Total vote in the county will be about 1650 votes, 5 boxes not having reported.

Of the 12 boxes included in the above figures Dr. Butte carried Lockney by 104 majority, Center by 19 majority, Harmony by 3, Aiken by 7. Mrs. Ferguson's majority at Floydada was 14 votes, at Baker 54 votes, at Lakeview 10, Allmon 2, Sand Hill 3, Cedar 31, Starkey 36, and Antelope 4.

Laying of Cornerstone On Armistice Day

A State wide invitation has been broadcast to Texas to attend the laying of the cornerstone of the Tech College on Armistice Day, November 11th, at Lubbock.

Plans are being made to take care of 30,000 people. Governor Pat M. Neff will make the principal address. Texas Masons will place the cornerstone. Prominent school men, State officials and American Legion officials will take part and assist in the program.

Every town is invited to come as a unit, with their bands, their ex-service men, and join in to make this a great day in the history of this new State institution.

Mr. and Mrs. J. G. Wood and Mr. and Mrs. R. E. Fry who attended the Southwestern Life Insurance Convention at Austin returned home last Monday.

Game Ticket Sale On; Stores Are to Close

Sale of tickets for the Whirlwind-Tiger football battle at Floydada Baseball Park began yesterday, a campaign among residents of the city who plan to see the game—and who doesn't—having been started with considerable success. Putting pep into the local fans has been an easy job, one way of doing it being by means of a yelling squad from the high school which did some of their yells in the main business section.

Interest has been growing daily in the game. Several business houses have announced their intention of closing for the game. Included among these is Glads Store, three drug stores and filling stations. This lead will be followed probably by several other retail establishments which plan to have 100 per cent of their force at the game rooting for the high school boys to win the championship.

Advantages in the advance downtown purchase of tickets to the game Friday are numerous, chief among which is avoiding the wait at the gate, especially for automobile parties. Tickets are on sale at all the drug stores and by buying a day or half-day in advance a wait of a half hour or more at the gate may be avoided, it is pointed out.

DON'T BE A SUCKER

Prosperity in West Texas means that West Texans will have some tempting offers to get rich quick, it being a maxim with the Wallingford's to work where the money is plentiful on the theory that the man with money in his pocket is the man who will fall for glib talk, and glittering promises.

Naturally, the street faker will get some of the loose change. They are, perhaps, a necessary evil. But the man who comes along and takes the big money, most of a man's life earnings, perhaps, is the kind we warn against. Many a man has "cussed" the merchant, the banker and his neighbors generally for high way robbers, ordered his stuff from the mail order house with the idea he was saving money, and then turned his hard-earned wealth over to the easy-talking sucker-hunter on a wild cat gamble that had no chance to make money even with an honest man at its head.

ALLEY WEEDS

On the front streets Floydada's homes look mighty good—nearly all of them. But in the alleys there are heavy accumulations in some places of easily destructible rubbish, so easily destructible that a little raking and a match would improve the looks wonderfully.

If you live in Floydada use this as a reminder to yourself to give that alley the raking you have promised it, and then put fire to it.

A gunny sack or two would likely hold the cans and bottles somebody has dumped in your alley, and this kind of rubbish ought to be sacked and gotten ready for the scavenger. Not much time required. Just an hour or two. Try it.

RADIOS TUNING IN

Thousands of families all over the United States are "tuning in" on the radio again this fall, cooler nights and the frosts having cut the static out of the air. This fall the number of people all over the country who are installing radio sets in their homes is greatly increased over last fall.

The pleasure and profit to be obtained from the programs to be heard from broadcasting stations all over the country is inestimable. Radio brings distant lands to your living room and you get all the pleasures of its varied programs without leaving the cheery fireside of your home.

Radio is to have a great part in the destiny of the nation. The marvel of it is so great we have not really realized it yet.

EDUCATION WEEK

The week of November 17 to 23 is American Education Week and communities all over the United States will observe it.

The program looks good. It deals, as advance notices give it, with "Constitution," "Patriotism," "School and teacher," "Illiteracy," "Physical Education," "Community," "For God and Country," as the main themes of the respective days of program.

We say this program looks good.

because we think that if there is anything wrong with the educational system of this day it is the tendency to allow the younger mind to scoff at authority. Everyone of these subjects point in the direction of esteem and regard for the things that have made America. America's downfall lies in the forgetting of them.

LEARN TO CONDUCT COMMUNITY RECREATIONAL PROGRAMS

At the Grange Community Leadership School, at Pennsylvania State College, August 21 to 27, demonstrations and talks were given in the planning and conducting of rural community programs, play, and other social and recreational activities. Students of the course actually staged the plays, planned the stage lighting, and made the costumes, using only such equipment and facilities as are found in the ordinary rural community. One hour each day was given to talks by prominent rural leaders.—School Life.

MAURY HOPKINS HOME

Maury Hopkins, Secretary of Floydada Chamber of Commerce, returned home Friday of last week, after an absence of nearly 30 days during which time he exhibited Floyd County products at the Texas-Oklahoma and Texas State Fairs, at Wichita Falls and Dallas, respectively.

Both shows were great, Mr. Hopkins says. Floyd County failed to take first place at either show, but was judged third at Wichita and second at Dallas. The county got big advertising at both shows, the Dallas Fair offering, in particular, the greatest opportunity for publicity the county has had in recent years.

IN DRUG BUSINESS

Clarence Snodgrass, who has been residing at Mineral Wells the past several months, was at home for a brief visit with his parents, Mr. and Mrs. C. Snodgrass, and other relatives Friday to Monday leaving Tuesday morning on his return.

He is in the drug business at Mineral Wells, and has a thriving drug store in that city.

More than 3,000,000 rural boys and girls in one-teacher schools are under teachers who have never completed their high-school education. Thousands of them have only an elementary school education.—School Life.

Landrum Memorial to Be Unveiled Nov. 9

Lockney Beacon:

The funds have been raised for the placing of the Willie Landrum memorial in the Lockney cemetery, and arrangements are now being made for the program and ceremonies, to be held at the cemetery Sunday afternoon, Nov. 9th at 2 o'clock. There will be a committee stationed at the windmill to receive the flowers brought by the people for the occasion, and all school children under fifteen years of age will be asked to take part in the ceremonies and drop flowers upon the grave, this means school children from the country as well as those from the town.

The time has been set for Sunday, November 9th, on account of the cornerstone laying of the Tech College at Lubbock on Armistice day and the American Legion rally at Floydada on Armistice day. A special program will be arranged for the day and there will be an address special music and other numbers in keeping with memorial ceremonies.

Everybody is invited to be present and take part in the ceremonies.

Judge E. C. Nelson, Jr., will be asked to make the address of the day.

CENTRAL FILLING STATION ONE OF PLAINS' COMPLETEST

The Central Filling Station, located at the Tourist Camp Ground, corner of California and Fifth Streets, was opened for business this week. With one exception it is said to be the most complete filling station in the plains country.

With exterior walls finished in rock-bond stucco, broken glass dash, and a roof of red Spanish tile, the station is also thorough in its arrangements. It has 3 visible gasoline pumps, 2 three compressor oil tanks and an air-pump installed underground to eliminate noise and vibration.

A. N. Bratton, manager of the new station, states that a line of accessories will be carried and the station will be equipped to do tube work and electric vulcanizing.

J. F. Malone was the first customer of the new station.

"Open School Week" will be observed by the schools of New York City October 14-17. The public schools will keep open house to parents and other interested citizens, hold at least one meeting for parents, and do whatever they can to attract attention to the work of the schools.

Allmon News

Allmon, Oct. 28.—We certainly are having some beautiful weather in which to gather our crops.

Mrs. Winford Falls is doing nicely since she came back from the Sanitarium at Lubbock where she underwent a serious operation.

Parent-Teachers meeting was held last Friday night. There was a good number present. They elected new officers for the year.

Our Home Demonstration Club met last Friday afternoon with Mrs. Krause. There was a nice crowd and Miss Faulkner was present teaching us how to make good salads. We always enjoy having her with us, because she is so interesting and makes very good talks. Our next meeting will be at Mrs. J. M. Douesis. We would like to see another nice crowd.

There are many around here that have lots of cotton but we believe that these have out the most, as they are riding in new Fords: O. Cross, Jess Germany and Mr. Wiggley. Rest of us would like to ride in new Rords too, I'm sure.

Mrs. Oliver Dudley is staying at her mother's Mrs. Charles McReynolds, until her husband gets back from off of a deer hunting trip with Bill Williams and Carl Bodine.

The young folks had a singing Sunday night at Mr. Harrison's. There was a good crowd and the singing was fine.

The Harris girls have a cousin, Pat Lee, visiting them now who is helping them to pick cotton on their place.

Mrs. Baisden's husband who is at Turkey now, while she is teaching school here, made her a visit Sunday.

AT THE METHODIST CHURCH

Next Sunday I begin my third year as pastor of this church. I have a very keen sense of personal need, which I know, God alone can supply. I have a very profound and growing conviction that the Gospel of The Lord Jesus Christ alone can supply the deepest need of men. I appeal to every Methodist for that whole-hearted support, without which any pastorate must fail.

Sunday School at 9:45 a. m. J. V. Daniel, Supt. Let us be on time.

Preaching at 11 a. m. on "Fellowship With One Another."

Preaching at 7:00 p. m. on "Paradise Shut, Guarded and Reopened."

Junior and Intermediate Leagues at 4:00 p. m.

Senior League at 6:15 p. m.

"Come Thou With Us and We Will Do Thee Good."

J. L. HENSON.

Harper Scoggins went to the Lakeview Community Saturday on business.

That cruel burning inflammation is cooled and soothed by

Heiskell's Ointment

Perhaps the trouble is Eczema. Heiskell's Ointment will heal it just as effectually as it does less serious skin trouble. At your Druggist, send for a sample. Johnston, Holloway & Co., Philada.

HIS FOURTH BIRTHDAY

By Gertrude Friend Scoggins

He came to me today—my boy;
And stood there by my knee,
I looked into his little face,
And—he looked up at me.
Could he be four today—my boy?
'No, he couldn't be more than three,
But yes, another year had gone,
He's growing away from me.

His baby ways will vanish,
And new ways he will learn;
But O! how I shall miss them,
I know I'll yearn and yearn
For baby arms to hug me
And a cuddly head to hold;
And a little prayer that's whispered to me,
And a bedtime story told.

Soon—five years will be the span,
And swift the days will fly;
He will be a man and O! how soon
My boy will say "Goodby"
To childhood's sweet caresses
And daily lessons done;
He will no more be "Sonny"
He'll be my oldest son.

Yes, he's only four today, my boy;
But how soon the years pass by;
And in those years that come to me
There'll be that old heart cry
For a "head upon my shoulder,
And a cheek ag'in my cheek,"
And a crooning little lullaby,
To put my boy to sleep.

SCHOOLS OF COUNTY REOPEN AFTER CLOSE FOR HARVEST

Several of the rural schools of the county, which had closed early in October for the cotton picking season, reopened Monday morning last and most of those which did not re-open Monday will begin again on Monday morning next.

With plenty of help available for picking in most sections of the county the need for the school boys and girls will not be so seriously felt and the report is generally that the attendance has been above the average for the time of the year.

GOOD MAIZE

W. L. Whitt cut five rows of maize off his farm the past week that turned out 3100 pounds of maize heads. The rows were one-half mile in length, and measured a little less than an acre of ground from which the 3100 pounds was obtained, being more than a ton and one-half to the acre.—Lockney Beacon.

"Send It to the Laundry"

Sensible advice! For the laundry is the great first aid to modern housewives. It saves time, money and worry for housekeepers whose business it is to see that wearing apparel of the family is kept clean.

When you "send it to the laundry," send it to our laundry. Your washing can be done here far more quickly and efficiently than at home—and washday will be a thing of the past.

Phone 208 For Quick Service

Floydada Steam Laundry

CONTRACTS RESIDENCE

Foundation work for the B. K. Barker residence on South First St., the first residence to be started in the new Barker Addition to Floydada, has been started by H. E. Cannaday, who was given the contract for construction.

The building will be completed this winter, but the walks and other work on the grounds will not be finished until the spring months.

Woman's Statement Will Help Floydada

"I hated cooking because all I ate turned sour and formed gas. I drank hot water and olive oil by the gallon. Nothing helped until I used Adlerika." Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and removes all gas and poisons. Excellent for obstinate constipation. Helps any case gas on the stomach in TEN minutes. Floydada Drug Company.

HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of gripe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

Who owns the Santa Fe?

More than 67,000 stockholders own this great railway. Several thousand live in the states it traverses. All have a voice in its management/

Every Southwest investor should buy a share in the Santa Fe and thus get a valuable interest in an institution that helps build up that section. Let it be Yours, in ownership as well as in service.

The Santa Fe operates in thirteen states and in these states there reside 7,635 of its stockholders. While this is almost the largest number on record, it is slightly below the year before. We should be very glad to see those residing along the Santa Fe Lines become much more generally interested in its stock, although both the common and preferred shares give a smaller return than many other investments promise. The high price is a deserved tribute to the property. Every investor in the Southwest might well buy one or more shares in the Santa Fe.

At the beginning of this year, the ownership of the Santa Fe was divided among 67,118 stockholders with an average of 53.1 shares apiece. Twelve months before there were 64,643 stockholders, averaging 55.4 shares apiece. The number of stockholders has increased steadily for many years and the average holdings decreased, resulting in an ever-widening distribution of ownership.

Among the stockholders are found:

Women	30,370
Men	30,931

This joint enterprise of a great body of our citizens is open to all to participate in as stockholders. Why then should any favor government ownership and the certainty of supporting the railroads as taxpayers?

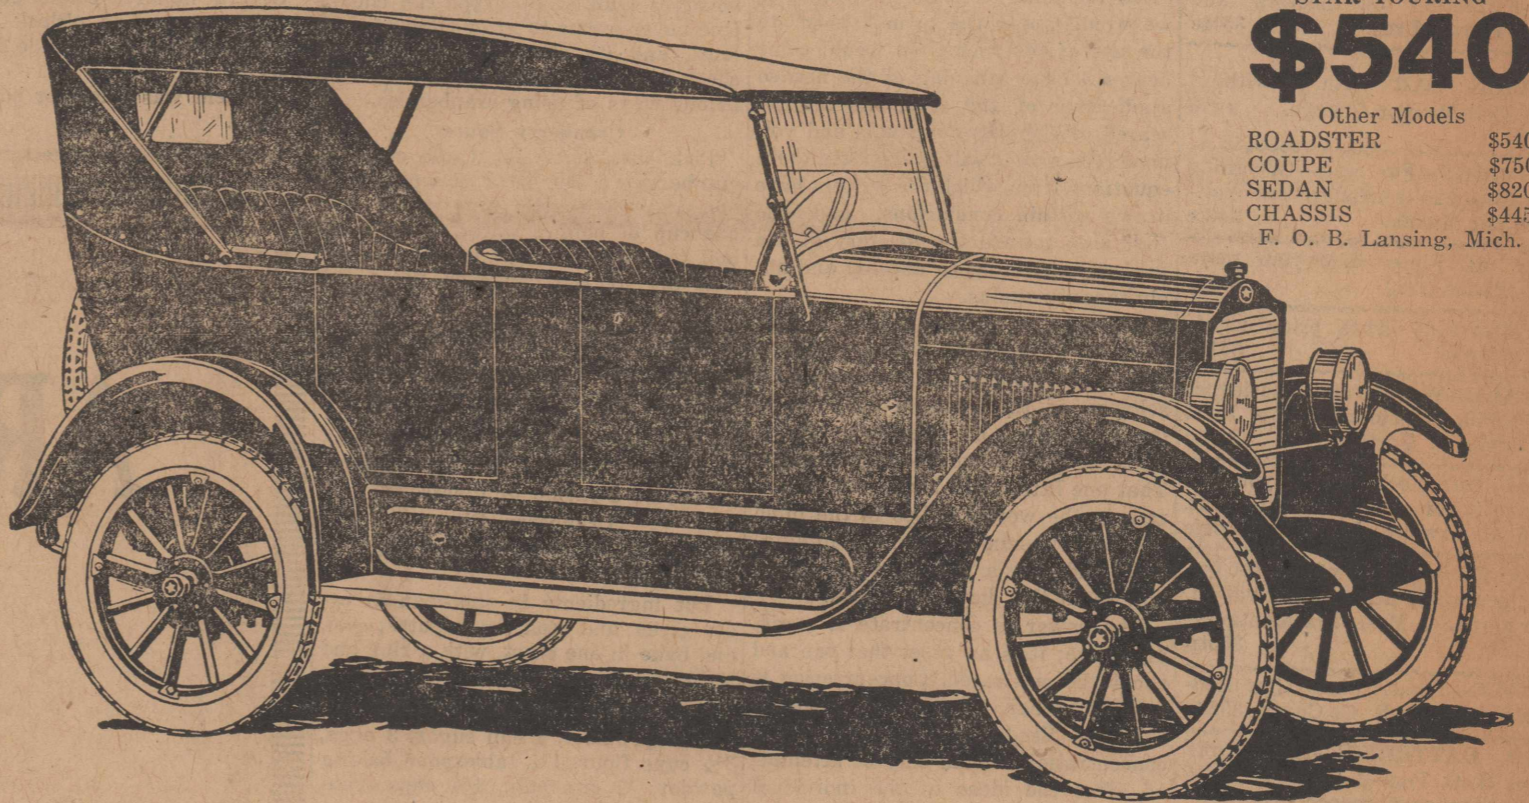

W. B. STOREY, President
The Atchison, Topeka and Santa Fe Railway System

Fiduciaries	2,777
Insurance Companies	114
Religious Organizations	91
Hospitals and Charitable Institutions	115
Educational and Scientific Institutions	109
Banks and Trust Companies	251
Estates	1,095
Various Others	1,265

Since the organization of the present company in 1895 it has not failed in any year to earn its full interest, nor since dividends have been declared to earn them in full. The Preferred Stock dividends are limited to 5%. The first payment was made in 1898 at 1% and in 1900 full payments of 5% were begun and have been maintained for the ensuing 25 years without interruption. Common dividends were begun in 1901 at 3 1/2% and have been maintained steadily since that date with gradual increases, 6% having been paid since 1909.

For the railroads, as a whole, the records of the Interstate Commerce Commission show that at the close of 1923 there were 807,524 stockholders, or 30,392 more than the preceding year. The average dividends on the outstanding stock amounted to \$4.03 per share.

A Million Miles of Proof

An automobile is economical only when a low selling price is followed by low operating costs.

Continual repair jobs change a low-priced automobile into a most costly one.

In reliability of operation and freedom from repair bills the Star has acquired recognized leadership.

Ninety-five owners drove 1,100,307 miles and spent \$563.68, about one-twentieth of a cent a mile, for mechanical repair and re-

placements, according to letters received at our New York offices.

Star owners who made this record live in various States of the Union and in Canada. The record represents Star car performance under all the variable conditions of road and climate that exist in the United States. It is average performance of average Star cars under average conditions every day work.

STAR MOTOR CARS

From	To
8:30	12:00
P. M.	Midnight

Lower Rates Are Charged

Lower rates are charged for Station-to-Station calls when placed between the hours of 8:30 P. M. and 12:00 Midnight. The rate during that time is about one-half the Station-to-Station day rate, and is known as the Evening Rate.

This class of service is very popular for social calls. The charges cannot be reversed, however, on Station-to-Station calls. Neither is the evening rate effective when the day rate is 25c or less. On such short haul messages, the day rate applies.

AN ORDINANCE

BE IT ORDAINED by the City Council of the City of Floydada, Texas, that:

Section 1. That all automobiles and motor vehicles of any kind shall travel upon the right hand side of the street.

Section 2. That all automobiles or motor vehicles of any kind when parked, shall be parked at an angle of 45 degrees with the right front wheel against the curb.

Section 3. That an automobile or motor vehicle shall not be parked at a distance of less than eighteen inches (18) to any other parked automobile or motor vehicle.

Section 4. That any person violating the provisions of this Ordinance shall be deemed guilty of a misdemeanor and shall be fined in any sum not exceeding \$10.00.

Passed and approved this the 14th day of October, 1924.

Attest: Burl Bedford, Secretary. F. P. Henry, Mayor. 343tc

ACQUISITION OF KNOWLEDGE

Our success in life depends, to a large degree, upon our ability to study the daily problems that confront us. If we have understanding of the methods used in studying, we will be better prepared to solve any difficulty that may arise. We study that we may better understand these methods, and that we may be prepared to apply them.

The all important issue in studying is the learning how to study. After we learn how a thing is done, the execution of the act becomes a simple process of natural mechanical action.

There is no set rule of cut and dried formulas on "how to study". If we would apply the term "study" to the use of textbooks, we would come nearer a clear meaning of the needed application of the term. In the research of chemistry manuals and volumes, the reader will find quoted there equations from which the writers have drawn certain conclusions, and the first step toward the mastery of the subject is learning to develop and apply those formulas.

About the most complete definition, rule, or formula, or whatever term might be applied, for the successful solution of the problem involved in the acquisition of knowledge is set forth in the one word—concentration. That one little word is the key to success in the world. It lies in the mind of every human of average intelligence, and only a few have discovered how to fit that key to the lock.

The power to concentrate is a gift of nature; it is an asset that can and should be cultivated. Concentration is nothing other than systematized thinking. Study, a term applied to concentration, should only be attempted after the ideas of the individual have been fairly organized.

Thinking involves and demands the same care as the making and the developing of a kodak picture. In fact, the human mind makes and stores away automatically fully developed thought-pictures as they are brought to it by the respective senses. The care and thoroughness with which the "negatives" are made determine the clearness of the picture. Then in summary, concentration may be defined as the obtaining of a clear thought-picture in which every tiny detail is retained.

Study does not necessarily mean long hours of arduous reading of uninspiring volumes. It rather means "clear thinking in a straight line." There are innumerable fields of study other than text books and dry volumes of history or economics. Right here in every day life great events of import are occurring; scenes of tragedy and comedy pass daily before our eyes. Wake up and observe, and profit by the act. Let it not be said of you, "Ye have eyes and ye see not."

The late Marie Corelli on being asked why she never married said: "There is no need, for I have three pets at home which answer the same purpose as a husband—a dog which grows every morning, a parrot which swears all the afternoon, and a cat which comes home late at night."

Tentative standards for all library training agencies and plans for accrediting such agencies are in preparation by the temporary library training board appointed by the American Library Association. This board was recently subsidized with a fund of \$10,000 by the Carnegie corporation.

Blanco News

Blanco, Nov. 4.—Our school started again Monday morning after a stop of 4 weeks for the children to help save the crops.

Silas Scott who has been in California for the past few months is back home again.

J. R. Brewer and wife of Electra left for their home Tuesday morning after a several days' visit with Mr. and Mrs. J. W. Haney and other relatives.

Several from this community attended the show in town Tuesday afternoon and evening.

Edison Bush and family of Lubbock, W. R. Dooley and family of Sand Hill and Mr. and Mrs. Lee Trice of Floydada spent Sunday in the J. W. Haney home.

Mr. and Mrs. Paul Murff left a few days ago to visit Mrs. Murff's parents at Brice and from there Mrs. Murff goes to her school at Sylvester.

E. P. McCarty and wife have moved to Floydada.

MRS. MIRIAM A. FERGUSON

Who was elected governor of Texas Tuesday.

Cranberry Time

When that most beautiful of all red berries begins to appear in our stores, then we know that Thanksgiving is not far off. The distinctive and piquant flavor of cranberries is such that no other fruit of this type can equal. One never seems to grow tired of this fruit, and its season is always too short a one. We offer below some delicious ways of using cranberries.

Cranberry Sauce

Pick over and wash three cups of cranberries. Put in a stewpan, add one and one-fourth cups sugar and one cup of boiling water. Cover, and boil ten minutes. Care must be taken that they do not boil over. Skim and cool.

Cranberry Jelly

Pick over and wash four cups cranberries. Put in a stewpan with one cup boiling water, and boil twenty minutes. Rub through a sieve, add two cups sugar, and cook five minutes. Turn into a mould or glasses.

Cranberry Pie

1½ Cups berries, ½ cup water, ¾ cup sugar. Put ingredients in saucepan in order given, and cook ten minutes; cool, and bake in one crust, with a rim, and strips across the top.

Steamed Cranberry Pudding

½ cup butter, 1 cup sugar, 3 eggs, ¾ cups flour, 1½ tablespoon baking powder, ½ cup milk, 1½ cups cranberries.

Cream the butter, add sugar gradually, and eggs well beaten. Mix and sift flour and baking powder and add alternately with milk to first mixture, stir in berries, turn into buttered mould, cover, and steam three hours. Serve with thin cream, sweetened and flavored with nutmeg.

Cranberry Ketchup

5 pounds of cranberries, 1 pint of vinegar, 2 pounds of brown sugar, ½ tablespoon of paprika, 3 table spoonfuls of cinnamon, ½ tablespoonful of ground cloves, ½ tablespoonful of salt. Cook the cranberries and vinegar until the berries burst, press through a sieve, add other ingredients, and simmer until thick. Then pour into jars and seal.

The government of Spain gives subsidies to French schools at Alicante, Cadiz, Cordova, Figueras, Gerona, Huelva, Madrid, Malaga, Salamanca, Saragossa, Tarrangen, Valladolid, and Vigo. The number of children in Barcelona alone who attend French schools is 6,155.

Preparations are in progress by the Oregon Humane Society to make effective a law enacted by the recent State legislature which provides that each public school of Oregon shall devote 15 minutes of each school day to the instruction of children on the subject of kindness to dumb animals.

Local campaigns in behalf of kindergartens are becoming active. School superintendents, principals, and kindergarten teachers are besieging the United States Bureau of Education for literature to aid them in establishing new public kindergartens. More than 3,000 requests of this kind were made in September, an extraordinary number.

Locals and Personals

J. W. Rose, of Hale Center, was a business visitor in Floydada Friday of last week.

F. M. Butler and family, of Plainview visited relatives in Floydada Sunday.

Si Scott who has been in the Imperial Valley of California for several months, returned home the latter part of last week.

J. E. Swinson and family, who have been making their home at Clovis for more than a year, returned to Floydada last week to live. Mr. Swinson had disposed of little of his property here and on his return merely had to "move in" to be at home as usual.

C. H. Wallace and family, of Olney, arrived in Floydada this week to make their home and Mr. Wallace will be engaged with the Clark-Wood Dry Goods Company as salesman. Mr. Wallace is a brother of Mrs. Wood.

E. M. Wright, of San Pedro, Calif., spent Sunday here with his parents, Mr. and Mrs. J. M. Wright, enroute to Mineral Wells, where his wife, formerly Miss Viola Rushing, is ill.

Willmon H. Foster has recently arrived from Aubrey, Denton County, with his wife and family intending to make his home in Floyd County.

E. L. Angus was on a business trip to Plainview last Monday.

Mr. and Mrs. T. E. Lemons and family drove to Flomot Sunday.

Miss Arie Gamble went to Post Friday to witness the Floydada Post Football game.

Mrs. A. N. Finklea, who has recently been visiting with her daughter, Mrs. P. W. Cloud of this city, returned to Amarillo where she resides, on Saturday morning.

Mr. and Mrs. Harold Hamilton of Plainview spent Saturday night and Sunday with Mrs. Hamilton's parents near McCoy.

Miss Willie McSpadden of Starkey is visiting a sister at Memphis.

Miss Ruth Newton returned Friday to her home in Idalou after making a visit with Miss Gladys Covington of this city.

Dr. W. H. Alexander spent Sunday and Monday at Paducah, where he went to attend district court as a witness.

COLE BROS. SHOW

Cole Bros. Show, a small circus, visited Floydada Tuesday showing in the afternoon and night.

Several hundred people gathered on the streets at one o'clock were disappointed when the parade didn't take place.

The tent was filled for both performances.

St. Louis Capital Poured Into West Texas Aids Wonderful Development of Section

Remarkable Future Predicted For Section by the St. Louis Times In Widely Ready Story.

St. Louis Times of Monday, Oct. 27.: The bankers, manufacturers, wholesalers and jobbers of St. Louis report that Texas is enjoying unprecedented prosperity. All West Texas is in the "white" on business maps which denotes "very good" business. Month after month, West Texas has been the biggest "white," or "very good" business spot, in the United States. West Texas prosperity is no mere flash in the pan. Month after month the great white spot has been on the map, its area increasing until it now includes the entire plains country. Sudden prosperity, such as oil booms, cannot be compared to the steady, permanent march of business that is going on there.

Texas has always been a constant challenge to the creative impulse of man—as a State it is so big that it fills us with a kind of awe and makes it difficult to convey by means of the written word any adequate description of the opportunities that abound within its borders. From the standpoint of material prosperity West Texas is amazing. The plains country is teeming with life. Sun and soil cry a perpetual invitation to man to join with them in a creative partnership. And as yet this invitation has been very inadequately responded to.

Settlers Needed.

In spite of this year's great production of diversified crops, the potentiality of luxuriant nature still dwarfs the puny enterprise of man. In West Texas today there is ample room for millions of new settlers—not only room but need. West Texas cannot fulfill her manifest potentialities until many new millions have been added to her present population. The hard sledding pioneer phase is passed. There remains the task of building in this garden spot of the world, a proud and rich civilization which will be in some measure an answer to the opulent challenge of nature.

Life today in West Texas is on the whole freer, richer, happier in all probability than it is anywhere else in the world. What life can be tomorrow, and the day after tomorrow, if man does well his part where nature has been infinitely prodigal, is something that can scarcely be contemplated. Among the leading West Texans of 1950 will be the men and women who elect to seize these opportunities and ride to prosperity on the tidal wave of a State development designed, unless all prophecies fail, to triple the population of Texas in the next decade.

In a world disillusioned, maimed and staggering from the catastrophe of the great war, Texas stands forth as a tremendous reservoir of power and productivity of health and youth and hope.

St. Louisans in Texas

Messrs. H. Wurdack and I. R. Kelso, president general counsel of the Kelso-Wurdack Company, 2169 Railway Exchange Building, are touring the Panhandle section of Texas and more particularly what is known as the "South Plains" country. They report that crops and prospects on the South Plains are better this year than ever known, with business flourishing and the largest cotton crop ever produced in this section now being harvested.

The Kelso-Wurdack Company owns four electric light and three ice plants in that section and are building new ice plants at Canyon City and Brownfield. The company is now installing an 800 horsepower oil engine at Plainview at a cost of \$80,000 and erecting a new office building at a cost of \$10,000, together with other improvements in the city costing \$15,000. These extensive improvements appear warranted at this time because President Holden of the Burlington Railroad has testified that he would build a railroad that would connect with Fort Worth and Denver immediately following the authorization of the project by the Railroad Commission of Texas.

They Furnish Electricity.

The Kelso-Wurdack Company operates 120 miles of transmission line in Hale, Floyd, Randall, Lubbock and Crosby Counties and supplies electric service to 12 and ice to 24 towns and cities.

Plainview, Lubbock, Lockney, Floydada, and Slaton each have populations in excess of 3000 people, the largest cities being Lubbock, with a population of 12,000, and Plainview, with a population of 6500. Reports obtained from that section show that the cotton crop will range from one-quarter to one-half bale of cotton per acre over an area of more than 1000 square miles.

The Santa Fe railroad has been active in enlarging its trackage facilities at Ralls, Idalou and Lorenzo, and has conditionally promised a railroad outlet from the South Plains country east. It is also probable that the railroad that is now projected will be built from Lubbock west into New Mexico. Nowhere in the United States do conditions seem to justify the building of railroads so fully as in the South Plains country.

There are more banks and fewer

failures reported in West Texas than any spot in the United States.

Building Movement.

An unparalleled building movement is on at this time at Lubbock affecting all industries. It is due to the rapid development of the country, the influx of immigrants and the fact that cotton raising is an unquestioned success. That the South Plains country is now to be regarded as a great agricultural section is shown by records of the Texas State Fair, held at Dallas annually. Hale County has won sweepstakes in individual entries class for agricultural products for the past five consecutive years, winning more first prizes than all others of the 240 counties in Texas and more first prizes than any other counties combined.

Railroad Factor.

This year Hale County beat all previous records by 30 points with a score of 959.5. Floyd County scored 934.0 and Randall County 930.3 with Floyd and Lubbock counties closely tied. These successes show the South Plains country's agricultural possibilities.

The Santa Fe Railroad has been a great factor in the development of the country, but the railroads have been hindered in their development by the action of the Interstate Commerce Commission not passing on the proposed merger of railroads operating in West Texas. This action of the commission is provoking complaint all over the plains country.

There is much St. Louis capital (outside of the Kelso-Wurdack Company) that is interested in the development of West Texas and more particularly the South Plains country, and St. Louis wholesale and jobbing houses are enjoying the best trade in that section they have had for many years.

A State technological school is now being erected at Lubbock at a cost of \$2,500,000.

Municipal Improvements.

The cities and villages are issuing bond, installing street paving, enlarging their water works systems and building modern schools. A \$250,000 high school building has been erected at Lubbock. The Wayland College at Plainview and Normal School at Canyon City are making extensive improvements in order to relieve the congestion due to increased attendance. Floyd County alone has expended \$202,000 for additional public school buildings in the past two years.

Altogether the Plains Country is reaping the harvests due to increased annual rainfall, and the large acreage of cotton planted and the existence of a great sheet of underground water that appears limitless in quantity and can be reached at a depth of 30 to 80 feet. This water is 99.2 per cent pure and in many sections is used for irrigation without detriment to the soils on account of its purity.

SAN ANTONIO MINISTER FILLS LOCAL CHURCH PULPIT

Rev. Polk C. Webb, of San Antonio, preached Sunday morning and evening last at the First Christian Church, and had a full house at both services. He left for his home Tuesday morning.

The church will hold a meeting on next Sunday morning at the 11 o'clock service, at which all members are urged by church clerk W. Ed Brown to be present. Choir practice will be held Friday evening at 7:45.

Roy Haynes on Staff Of Texas U. Daily

Roy L. Haynes, son of Mr. and Mrs. A. V. Haynes, of this city is now a regular reporter and has also served as assistant issue editor, on the staff of The Daily Texan, official newspaper of the University of Texas, according to advices received here this week.

Haynes is a sophomore in the University this year and has been working with the paper there since his return to Austin this fall. He has been employed as solicitor and reporter for The Hesperian the past two summers during his vacations.

The Daily Texan is published on the University campus by the students of that institution, and is recognized as one of the best college dailies in the south. There are 149 members on the entire staff.

CROSBYTON TO HAVE A BETTER SCHOOL BUILDING

Crosbyton Review: According to the plans of the school board of the Crosbyton school, we are going to have a bigger and better school building than ever before.

Since the burning of the high school building last week, the board has been laboring incessantly in getting things lined up for the balance of the school term which has been done admirably. The school began Monday again, and though under some difficulty things are moving right along, while the pupils as well as patrons are cooperating in making conditions as easy as possible.

Preparations are going forward in making the temporary quarters for the remainder of this term.

The school board is already planning to get under way a new school building that will be bigger and better in every respect than the one that burned down. Architects have been on the ground and plans are well forward for the presentation of a bond issue before the people of this district.

The board visited Floydada on an inspection tour of the school building there. They also visited Slaton with a view of gaining some information of the different structures.

It was decided to circulate a petition at once to present to the board calling for the election, and it is expected that in the next few days the time for the election will be set.

GOOD RESULTS FROM THE USE OF PRINTER'S INK

A peddler knocked at great-grandmother's door, says the Portland Press-Herald. "Want any nutmegs?" he asked, as he showed her his offering of beautiful big nutmegs, at a price ridiculously low. Grandfather and all the then-little great-aunts and great-uncles loved the nutmeg's spicy flavor, so great-grandmother stocked up with a generous order. That night out of the oven came a glorious old-fashioned rice pudding, and out of the cupboard came the grater and one of the new nutmegs to give it the final touch of deliciousness. But the scrape of the nutmeg upon the grater did not produce the tasty flavoring—the result was sawdust. Grandmother had bought a wooden nutmeg from the Connecticut peddler.

We do much better nowadays. Advertised merchandise protects great-grandmother's great-granddaughters. Today the manufacturers use printer's ink to tell about his product and he signs his name to the statement. And then he makes his statement good, for advertising builds confidence, and confidence means trade. The continued patronage of the advertising columns shows that it pays the advertisers; the fact that no wooden nutmegs are sold today is one of the many signs that show how advertising helps readers.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Floyd.

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, of the 4th, day of November, 1924, by G. C. Tubbs District Clerk of said Court for the sum of One Thousand Forty one and 25/100 Dollars and costs of suit, under a Judgment, in favor of W. W. Ryals and Mrs. T. A. Ryals in a certain cause in said Court, No. 1613 and styled W. W. Ryals Et-al. vs. Jesse E. Brown and, placed in my hands for service, I J. A. Grigsby as Sheriff of Floyd County, Texas, did, on the 4th. day of November, 1924, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit:

All of Lot (10) ten in Block No. (78) Seventy Eight in the Town of Floydada, (Floyd City), Floyd County, Texas, and levied upon as the property of Jesse E. Brown and that on the first Tuesday in December, A. D. 1924, the same being the 2nd. day of said month, at the Court House door, of Floyd County, in the Town of Floydada, Texas, between the hours of 10 a. m., and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of

said Jesse E. Brown.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, a newspaper pub-

lished in Floyd County.

Witness my hand, this 4th. day of November, 1924.

J. A. GRIGSBY, Sheriff Floyd County, Texas.

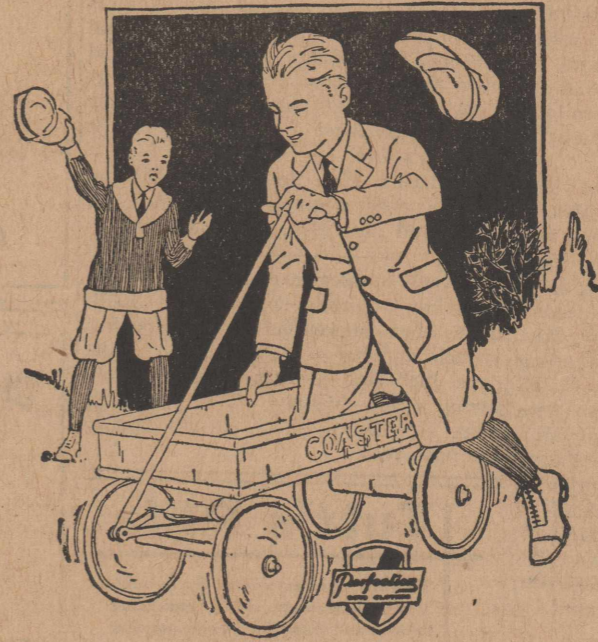

By J. R. MADDOX, Deputy.

HOME DISGUISED AS WITCHES' DEN FOR HALLOWEEN PARTY

Mrs. L. H. Liston held a little girls Halloween party last Friday night in honor of her daughter, Olive Mae Liston. Assisting Mrs. Liston as hostess were Misses Annette Newell, Emma Lou McKinney, Erin Gamble and Mrs. C. M. Wilson.

The guests met in a regular witches' den where black cats, wise owls and pumpkin faces stared at one from every angle. It was a fearsome, nerve trembling den with ghosts talking everywhere and witches running rampant all over the place. But soon the little folks discovered it wasn't a witches' den after all; but it was only Mrs. Liston's house all cunningly disguised in true Halloween fashion.

After many games were played refreshments consisting of nut cookies, popcorn balls, apples and hot chocolate were served to the following guests: Elizabeth McKinney, Thelma Covington, Jewel Abernathy, Veva Swinson, Faye Newell, Annie Ruth Gullion, Lillie Mae Pope, Robin Swinson, Mary Gamble, Frankie Doris Smith, Nell Swinson and Betty Frances Newell.

200 GUESTS AT HOME OF 1922 STUDY CLUB THURSDAY

The Nineteen Twenty-Two Study Club held an At Home to the ladies of Floydada last Thursday afternoon from three to six o'clock in the beautiful residence of Mrs. John N. Farris. About two hundred ladies called to visit the members of the Club and to enjoy a charming informal hour together. The colors of the Club, orange and white were carried out in fine detail in the decorating scheme—fall chrysanthemums in profusion being used to decorate living room, music room and sun parlor. The favors were white cards with yellow leaves which were given with the refreshments.

A very interesting program was arranged for each hour and the following ladies entertained in delightful fashion:

Mrs. E. L. Angus sang two vocal solos assisted at the piano by Mrs. J. V. Daniel; Mrs. C. H. Davis read two numbers; Mrs. E. C. Nelson, Jr. gave two vocal solos assisted by Mrs. J. V. Daniel; Mrs. Glenn Baker was accompanied in her first reading by Mrs. John W. Smith, her second reading had no accompaniment; Mrs. C. M. Wilson rendered a violin solo with Mrs. John W. Smith at the piano; Miss Joye Mills of the High School Faculty, and who has recently completed a course at the Emerson School of Oratory at Boston, gave two readings; Mrs. A. W. Chowning sang two solos accompanied by Mrs. John W. Smith; and Miss Evelyn Kizziar played a solo on the piano.

During the serving of refreshments, Miss Elna Eubank and her orchestra played some very enjoyable numbers.

As each guest made ready to go she was requested to enter the sun parlor and to sign her name in gold on the Club Register there.

Of North Carolina's 550 college graduates of 1923 who became teachers in white high schools, 349 went into the rural high schools and 201 went into the city high schools.

JUNIOR CLASS GUESTS AT HALLOWEEN PARTY

Mr. and Mrs. Harper Scoggins gave a lovely Halloween costume party to the members of the Junior Class at High School on last Friday night. The party was very well attended, some 48 being present out of a class roll of 61.

The house was appropriately decorated in Halloween fashion with a myriad of black cats, owls, witches, and pumpkin Jack o' Lanterns. Then there was a Death House located in the garage where dead man's fingers, bloody scalp and hair, bloody shirt were shown and the victims made to touch, during the which hair-raising screams rent the air.

After escaping the Death House or deal several contests were in order, the first of these an Intelligence Contest which was won by Bertha Roberts who made the unusual score of 100 percent.

In a Physiology Contest Audrey Felton won first place.

Prizes were given for the best costumes which were awarded by popular vote. Evelyn Kizziar and Veda Wooton tied for first place for the best costume among the girls. Jack De Cordova won first prize for the best costume among the boys.

The garage was again pressed into service and this time became a fortune teller's den. There a gypsy officiated in the reading of plans and upon leaving the den each one was presented with his or her fortune in a nutshell, and this was read in turn before those gathered in the living room.

Mr. Scoggins in monk costume gave two readings appropriate to the occasion.

Evelyn Kizziar also read one number.

During the serving of refreshments which consisted of punch and animal cokes, the football boys who had been playing themselves to victory at Post arrived late and were thus able to enjoy at least a small part of the evening's fun.

Assisting Mrs. Scoggins in the evening's entertainment were Mrs. P. W. Cloud and Mrs. T. E. Lemons.

Speech correction classes, started in Cleveland's public schools in 1918, have been successful in eliminating speech defects of thousands of children, including both phonetic and stuttering cases. Nearly 2,500 children were enrolled in these classes during the past year.

HALLOWEEN BRIDGE PARTY

Mr. and Mrs. Roy Snodgrass entertained with a Bridge Party on Halloween night. The Halloween motif was carried out in attractive decorations and appropriate favors and in the refreshments, but bridge was made the feature of the evening's entertainment.

After several rounds of bridge were played F. Cleere was holder of high score. Following the game refreshments consisting of bread and butter sandwiches, opera salad, pumpkin pie and apple cider were served to the following guests: Mr. and Mrs. Frank Cleere, Mr. and Mrs. E. L. Angus, Mrs. Glenn Banker, Miss Gladys Johnston, Mr. and Mrs. Jack Henry, Miss Ruth Collins, Messrs. John Reagan and Robert Maguire.

BOX SUPPER

A box supper for Friday (tomorrow) night is announced at Sand Hill by Olin S. Miller, principal of the Sand Hill school.

Proceeds from the box supper will be used for the library and athletic funds of the school.

A naval reserve officers' course has been established at George Washington University. The course is elective and covers the full four years of undergraduate work, with at least three hours per week on naval subjects during the first year. The Navy Department will arrange to send students who enroll as reserve midshipmen on the regular practice cruise with midshipmen from the Naval Academy.

The Most Automobile in the World for the Money

OVERLAND OUT-POINTS EVERY CAR AT OR NEAR THE PRICE

Overland is a better car for anybody's money—on 10 big counts of greater quality and strength. Like a watch, you've got to look inside of a car to know how good it is. Here, then, is a glimpse inside of Overland.

- Bigger Power.** The bigger Overland engine is more than a match for any sky climbing hill you will ever meet.
- Disc-Type Clutch.** Superior smoothness and great dependability feature the single plate disc-type Overland clutch. It runs in a bath of oil, completely protected from dirt and dust.
- Rear Axle Strength.** No other car at or near the price duplicates the sturdy Overland rear axle construction with so many Timken and New Departure bearings. The axle shaft is Mo-lybdenum steel—the toughest steel known.
- Rugged Front Axle.** Overland's front axle is heat treated—with an elastic limit of 75,000 to 9,000 pounds! Kingbolt bushing longer and larger. Larger wheel spindle. Heavier tie rod. Heavier yoke. Built to stand the gaff.
- Bigger Brake Area.** Overland gives you greater safety in driving. Overland brakes are more dependable because you have one square inch of braking surface for every 19 pounds of car weight.
- Triplex Springs (Patented).** Overland is the only car in the world with Triplex Springs. This ingenuity of engineering gives Overland a springbase 36 to 60 inches longer than any other car at or near its price—smothering the bumps and cradling you in comfort.
- Bigger Propeller Shaft.** The greater strength of Overland is nowhere more in evidence than in the unusual size of the Overland propeller shaft. Being bigger, it is sturdier and more dependable.
- Baked Enamel Finish.** The Overland touring car is the only car at or near the price with an all-steel body finish in hard baked enamel. The enamel is baked into the very pores of the body steel—giving an enduringly beautiful finish.
- All-Steel Body.** The Overland touring car body is both sturdier and better looking because it is built entirely of steel. Made of one solid sheet of heavy gauge steel.
- Complete Equipment.** Overland comes to you fully prepared for a long career of good service. No extras to buy.

These and other features verify beyond question Overland's reputation as "The Most Automobile in the World for the Money!"

Win From Post and Go Into Football Finals

F. H. S. Rookies Are Real Whirlwinds Following Their Successful Fight Against Post High.

It was a triple winning that Coach Wester's Floydada High School rookies made at Post Friday afternoon last, when they successfully hurdled the last barrier before the final fight for Conference B honors in Section 2 of Interscholastic League Football. They won their game 20 to 7, they won the full-fledged right to be called Whirlwinds and they won a lot of confidence they had been lacking. With Captain Henry out of the game from serious injuries to his neck, sustained in the Spur game, the entire squad, except for Daily and Luttrall, were first year men. But they played like veterans, their interference running and tackling at times reaching the superlative. Brant, Post High's triple threat man was smothered and never really had an opportunity to use his toe to advantage, while the open style of play used by Post was also blocked effectively, except for a short period in the second quarter when Post scored its only touchdown of the game.

The score does not really indicate the superiority of the Whirlwinds over their opponents in the game, F. H. S. being penalized a total of 85 yards in the entire game. Three of these penalties came at crucial points in the game and had an effect on the scoring, the first when Bosley went over from the 6 yard line on an off-tackle brush. The score was not counted and the ball put back in to play on the 21 yard line. On a fake Daily went over the line for the first score, stiff-arming four men enroute. The second 15-yard penalty that mixed up in the scoring was also in the second quarter, when Post had the ball in mid-field. Penalized to their 35-yard line, F. H. S. allowed two passes and a center rush to carry the ball to the 8 yard line, and Post carried the ball over on a fake, a tackle brush and two bucks, with only a foot to spare.

On the defensive, Frank Luttrall, center, was the star of the F. H. S. line, his tackling being sensational, especially in the last quarter. Abbott, who tackled the job at quarter, with Green acting captain, did the job like a veteran. His kicking was almost equal to that of Brant, supposed to have the best toe in the conference. Green, Carter, Daily and Bosley who carried the ball most of the time showed up well, the defensive line giving them opportunities to execute their plays.

At the opening of the game Post won the toss and Floydada kicked. Post carried the ball 11 yards in 4 downs, 10½ yards in 3 downs and were held for 4 downs. Starting their offensive with end runs and passes the Whirlwinds carried the ball to the 7-yard line before it went over on downs. Post carried the ball back 13 yards and punted, Abbott returning it to the 40-yard line.

In the opening of second quarter F. H. S. was unable to get closer than the 15-yard line before the ball went over, losing 5 yards for off-side. Post made a poor punt and after two trials for the score Daily went over on a fake. Abbott kicked for extra point.

Floydada kicked to Post, and the latter carried the ball down the field for their first and only touchdown. Brant kicked for extra point. Post kicked and Abbott returned the ball 20 yards. Two long passes, Abbott to Green and Abbott to Daily with two end-runs between, carried the ball down field and across by Daily for touchdown. Abbott failed to kick. Score at the end of the first half. Whirlwinds 13, Post Hi 7.

No scoring was done in the third quarter, although F. H. S. came dangerously close to the Post goal. A fumble caused a loss of 7 yards although King recovered for F. H. S. Each side held the other for downs in a sea-saw across the field.

When the fourth quarter opened up the Post passer started the fireworks in an effort to gain the extra points needed to win or tie. Play started with Post in possession of the ball on their 30-yard line. In the open field play at the 52-yard line Bosley intercepted a pass and made a broken field run for another touchdown. Abbott kicked goal for the extra point. Score 20 to 7.

Floydada kicked to Post who carried the ball down field before it went over, deep in F. H. S. territory. Abbott punted to 30 yard line. With passes as fast as plays could be reeled off Post returned the ball downfield

to the 30-yard line and attempted to kick field goal. F. H. S. blocked and Swain recovered, carrying the ball to Post 40-yard line, when Abbott punted. After slight gains Post fumbled and F. H. S. covered, trying for field goal on the succeeding play from the 25-yard line. Post blocks and recovers ball. Time up. Score F. H. S. 20, Post 7.

25 yards of the penalties assessed against the Whirlwinds came in the fourth quarter, 35 yards in the first two quarters and 25 yards in the third. One serious injury was sustained by the F. H. S. team, Cates, left end, going out with injuries to his weak ankle in the earlier part of the fourth quarter.

EPWORTH LEAGUE PROGRAM

Subject: "How Can we Help to Advance a Nation?"
 Leader—Emma Lou McKinney.

Sand Hill News

Sand Hill, Nov. 3.—The Sand Hill-Harmony Demonstration Club won first prize at the Exhibit which was held at Floydada last Saturday. We are very proud of this prize and the work the Club is doing. We hope to win many more prizes in the future.
 School started again this morning after a week's vacation for cotton picking.

Preaching services were held Sunday morning at the Church of Christ by Elder C. W. Smith.

Services were held Sunday morning at the school house by Rev. G. W. Tubbs.

W. B. Webb purchased a new Chevrolet car Saturday of last week.

A nice crowd enjoyed a Halloween program at the school house last Friday night. After the program the party adjourned to the lower rooms where they enjoyed a number of Halloween games.

Bainer Advises Not to Graze the Wheat

"Fall pasturing seldom benefits wheat; it usually causes a reduction in yield, but there are times when the benefits will more than offset the damages," says H. M. Bainer, director of The Southwestern Wheat Improvement Association. "Under ordinary conditions," he says, "the decrease in yield as a result of pasturing will often amount to as much as four bushels per acre. For the farmer who has plenty of feed there is little to induce him to pasture his wheat, and we would be ahead by not doing so, unless it shows excessive growth. On the other hand, the farmer who has a good growth of wheat and is short of feed, especially if he has dairy cows, can often make a profit from pasturing his wheat, providing he does it judiciously.

"At present there are thousands of fields of wheat that are showing entirely too much growth. If weather conditions remain favorable some of this wheat is likely to be damaged by jointing this fall. Under these conditions, pasturing would consume the extra growth and retard jointing, which would be of great benefit to the crop.

"Many cattlemen and wheat growers in the drier sections of the Southwest consider wheat pasturage secured in the fall as just that much clear gain. This, of course, is not true unless the wheat should happen to prove a failure the following summer. A reasonable amount of pasturing may not do much harm, but the danger lies in over-doing it—turing stock onto it before the plants get a sufficient start, or grazing too closely, thereby leaving the crop without winter protection and the ground in a condition that it is likely to blow. Grazing when the ground is wet will cause more injury than the value of the pasturage. Too much pasturing is sure to give the crop a setback, causing winter-killing, late maturity, more damage from hot and dry weather, and lower yields."

Rattler Poison Fatal to Baby Near Plainview

Plainview Herald:

Arthur C., 4, son of Mr. and Mrs. B. F. Sammann, who live 9 miles northeast of Plainview, died Thursday evening at the Plainview Sanitarium. Late Wednesday he was struck by a rattle snake while playing in the garden at the home with some old cans and was struck by the snake, which had six rattles. Quick medical aid was secured but the poison had been distributed throughout the little fellow's system.

Judge on Hunt

From the arduous grind of district court in the seven counties which comprise the 64th Judicial District, Judge R. C. Joiner generally seeks respite in hunting and fishing. He is one of the best shots with a shot gun on the South Plains, despite the fact that he has a defective eye from an accident early in life.

Shipping Turkeys

The Hale County Turkey 'Growers' Association met Saturday afternoon at the court house and discussed plans for marketing their Thanksgiving crop. About fifteen members were in attendance. Last year they sold their turkeys live at a good price and hope to sell a car of live turkeys again this year direct.

New Road Signs

Roads leading to Plainview are to be posted by the Plainview Board of City Development. Signs two feet long and eight inches high have been received for this purpose. They are arrows, with black letters on an orange background with the legend, "PLAINVIEW, 257 miles," etc. There are 500 of them and ample signs have been secured to mark all highways every mile to a distance of ten miles, then every five miles and further out every ten miles. There will be occasional signs at various highway starting points hundreds of miles from Plainview.

SECRETS OF LIGHTNING YIELD TO RESEARCH

Lightning is a gentleman—it won't strike a man when he's down. The possibilities are that a man standing directly under a storm cloud would be struck fifteen times in one hundred strokes, while a man flat on the ground would be struck only once in a hundred strokes, according to W. E. Peek, Jr., consulting engineer at the Pittsfield Works of the General Electric Company, who presented a paper at the Franklin Institute Centenary program at Philadelphia, says the Texas Public Service Information Bureau.

The figures at first glance seem alarming but it must be remembered that they apply only if the man is isolated and the cloud is directly over him. The chance that a thunder cloud of a sufficient voltage to cause a discharge will be over a particular object is small, and thus the likelihood of any particular object being struck is very slight indeed.

Mr. Peek based his conclusions upon results obtained by him in numerous experiments made in the high voltage laboratory of the Pittsfield Works.

Since a lightning flash is over in a few millionths of a second, the power which is the rate at which the energy is used, may be several million horse-power.

Lightning has a voltage of about 100,000,000, or about one million times the voltage of the house lighting circuit. The current is about 80,000 amperes, and the energy 3.6 kilowatt-hours, or enough to drive an automobile five miles, or to operate a toaster for a day.

One or two per cent of the lightning voltage and two hundredths per cent of the energy may be transferred through space to a transmission line several thousand feet from the flash. The insulation of 220,000 volt transmission lines is sufficient to make them almost free from lightning trouble.

Center News

Center, Nov. 3.—Those whose cotton is opening slow are about up with the work but we are hoping the cotton will take a start to open faster so we can get it out while this pretty weather lasts.

Gradna Tivis continues to be very sick; the children are still here with her.

A goodly number of Center and Fairview people went to Campbell to hear the Volunteer Band last Sunday.

We had a good service and a good crowd Sunday night.

Think Center was pretty well represented in town Saturday.

Mr. and Mrs. Smith, who have bought a farm in the Fairview community, are at Mr. C. O. Spence's to help gather his crop until they get possession of their new home.

Mr. and Mrs. W. C. Spence took

"Not One Cent of Insurance!"

"That's Hard Luck!"

A "Hard Luck" story is told after every fire, if the owner carried no insurance.

Don't have a hard luck tale to tell!

SHERIFF'S SALE

THE STATE OF TEXAS,
County of Floyd.

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, of the 4th, day of November, 1924, by G. C. Tubbs District Clerk of said Court for the sum of One Thousand, Seven Hundred One and 50/100 Dollars and costs of suit, under a Judgment, in favor of Mrs. M. E. Merrick in a certain cause in said Court, No. 1630 and styled Mrs. M. E. Merrick, vs. Mrs. Mattie Griffith et-al, and placed in my hands for service, I, J. A. Grigsby as Sheriff of Floyd County, Texas, did, on the 4th, day of November, 1924, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit: A tract of 55 acres of land out of Survey No. 26 Patent 544 in Floyd County, Texas, described by metes and bounds as follows: Beginning at the S. E. Corner of said Survey, for S. E. Corner of this tract; thence north 475 Varas; thence West 118 and $\frac{3}{4}$ Varas; thence North 237 $\frac{1}{2}$

Varas; thence West 356 $\frac{1}{4}$ Varas; thence South 712 $\frac{1}{2}$ Varas for S. W. Corner this tract; thence East 475 Varas for the place of beginning, and levied upon as the property of Mrs. Mattie Griffith et-al. and that on the first Tuesday in December, 1924, the same being the 2nd. day of said month, at the Court House door, of Floyd County, in the Town of Floyd-

ada, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue for cash to the highest bidder, as the property of said Mrs. Mattie Griffith, et-al.

And in compliance with law, I give this notice by publication, in the English language, once a week for three

consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, a newspaper published in Floyd County.

Witness my hand, this 4th. day of November, 1924.

J. A. GRIGSBY, Sheriff Floyd County, Texas

By J. R. MADDOX, Deputy.

Do Your Glasses Fit?

DR. MILLARD F. SWART, of Lubbock

WILL BE IN

Floydada, Tues. and Wed., Nov. 11 and 12

For the purpose of fitting glasses.

He Will be at the office of Dr. H. Z. Pennington
Brazier & Arwine Drug Store

Pay All Obligations Promptly

It Pays Many Ways

IT'S NO DISGRACE TO BE IN DEBT

—But it is a disgrace to deliberately defraud your fellow man or refuse to pay him for his services, merchandise or cash given you on a check the bank did not honor; and you refuse to make good when notified of its return account "no funds." What opinion do you expect the business man to have of one who does not try to protect his checks? No unkind word, or report is made to this office about those who make their checks good.

What would be your opinion of Uncle Sam if one of his checks given you for a day's work, signed by a bank cashier, were to be returned to you unpaid, marked, "No Funds." There is no difference—you sign one, the banker signs the other.

Some people will meet a chicken thief or robber on the street and fight shy of him as if he had smallpox and right at that moment he may be one of the many who has defrauded his employees of their wages—merchants of their wares or professional men of their services—which is the worst—stealing chickens or stealing the confidence of your fellow man?

To the man who is honestly "up against it"—out of a job or having trouble—

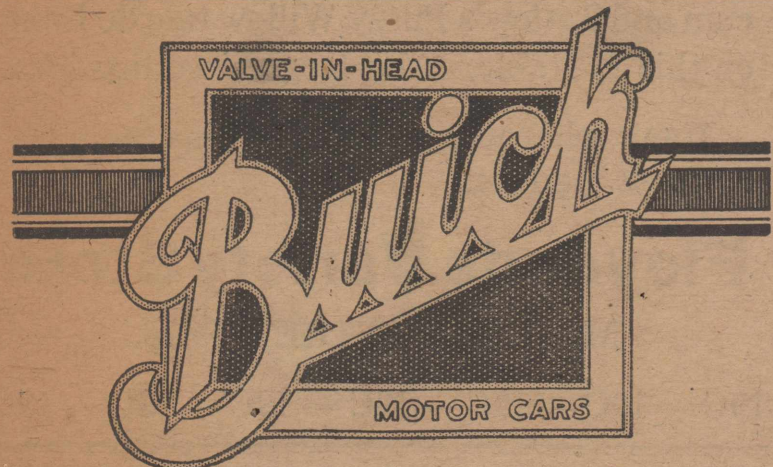

We want you to know that every ounce of energy and influence of the Retail Credit Men's Association of Floydada is with you to protect your reputation and that of your family. Tell us your troubles just as you would tell your physical troubles to your doctor or your legal tangles to a lawyer. It's our business to build credit and character. We're at your service.

To the fellow who deliberately and maliciously "rides his creditors" and pays when he pleases regardless of his promises—"The Goblins will get you if you don't watch out"—You are the fellows that clog up the wheels of progress—Why don't you come clean?

Your Good Name and Credit Standing Is the Most Valuable Thing That You Possess!

TONIC
It Makes For Strength

Old Folks'
Ailments

"I began taking Black-
draught over fifty years ago
and my experience with it
stretches over a good long
time," says Mr. Joe A. Blake-
more, a Civil War veteran
and former Virginian, who is
now a prominent citizen of
Floyd, Texas. "It is the best
laxative I know of for old
people. . . A good many years
ago, in Virginia, I used to
get bilious and I found that

Thedford's

BLACK-DRAUGHT

was the best and quickest re-
lief I could get. Since I came
to Texas I have these bilious
attacks every now and then
and a man will get bilious any-
where, you know—and I find
that a little Black-Draught
soon straightens me out.
After a few doses, in little or
no time I'm all right again."
Thedford's Black-Draught
is a purely vegetable liver
medicine, used in America for
over eighty years. It acts on
the stomach, liver and bowels
in a gentle, natural way, as-
sisting digestion and reliev-
ing constipation. Sold every-
where.

**History of Organization and
Projects of Floyd County
Home Demonstration Clubs**

The Sand Hill-Harmony Home Demonstration Club was organized July 16 with a membership of 20. The present enrollment is 32. The Club has had seven meetings. Mrs. A. R. Hanna is president of the Club.

The Sand Hill-Harmony Home Demonstration Club takes in two large communities, and sometimes the members are obliged to travel over 12 miles to the meetings. Despite this tremendous handicap of distance the Club determined to make their booth at the County Exhibit the finest in the County; and how their efforts were rewarded is attested by the fact that the Sand Hill-Harmony Club won first place in the County Exhibit held last Saturday in Floydada.

Back of the Club is a wonderful spirit of co-operation and worlds of enthusiasm that carried the Club on to victory at the Exhibit last Saturday.

Sand Hill-Harmony Club is considering the possibility of dividing into two clubs since the area that the one club covers is so great a one.

The Home Demonstration Club of Aiken was organized July 9 with a membership of 28. The present enrollment is 36. The club has had seven meetings. Mrs. G. M. Tate is president of the Club.

The Aiken Home Demonstration Club had a fine display of some of the work that has been done by the Club since organization. The two main outstanding features of the Aiken Booth were the two individual exhibits of canned products entered by Mrs. George Rigby and Mrs. W. L. Thomas. There were over 80 containers of various products in each exhibit. There was not one feature of the whole County Exhibit that attracted more attention than did these two individual exhibits. Mrs. Thomas won by a few points.

Another feature of the Aiken Booth was the products put up in the tin cans using the purple can sealer. Aiken was the only club showing anything along this line of work.

The Home Demonstration Club of Allmon was organized August 8. The present membership is 16. The Club has had five meetings. Mrs. A. S. Green is president of the Club.

This Club has a very good report of home work in the preservation of food done since organizing the Club. The ladies have a total of over 2500 quarts of food products to their credit. This record is second only to the record made by the Lockney Home Demonstration Club which totalled something over 3000 quarts.

As their chief project for the year, the Allmon Club are urging the drinking of milk by school children.

The members of the club are also planning to form a Girls' Home Demonstration Club after the cotton picking season is over.

The Home Demonstration Club of Lockney was organized July 8 with a membership of 12. The Lockney Club was one of the first clubs to be formed in the County, Floydada having been the first to organize but having since disbanded. The Club has had nine meetings.

Under the able leadership of Mrs. C. L. Cowart the membership has reached a total of 49. Much interest has always been shown in the Club and an average of 28 is usually present at all the meetings. This Club has the largest enrollment of any other club in the County which is rather unusual for a club situated in a town where there are so many clubs and various other enterprises to divide one's interest.

The report of the home work done in food preservation since organizing the club totals more than any other club. The members have put up over 3000 containers of food products.

The Lockney Home Demonstration Club won third place in the County Exhibit held last Saturday in Floydada.

The Home Demonstration Club of Lone Star was organized August 12 with a membership of eight. The present enrollment is 23. The Club held six meetings. Mrs. Albert King is the president of the club.

Lone Star Club which had the second best booth in the County Exhibit held last Saturday in Floydada, is now planning to furnish one of the spare rooms in the newly completed school buildings at Lone Star, and present it to the school reserving the right to hold Women's Home Demonstration Club and the Girls' Home Demonstration Club meetings there in.

The secretary of the Lone Star Club turned in the best report of any of the clubs: in regard to neatness, arrangement of material and completeness it surpasses all the others.

The members of the club are very hard workers and they never shirk a thing that will help to make their club a success in any way. The Lone Star Home Demonstration Club is certainly doing all it can to help put Lone Star on the Floyd County map.

The Home Demonstration Club of Fairview was organized August 29 with a membership of twelve. The present enrollment is 19. The Club

has had five meetings. Mrs. E. J. Hoffman is president of the Club.

Fairview had more dresses entered in the Dress Contest at Lockney last September according to their membership than any other club, having 11 dresses out of a membership of 16. In this Dress Contest Mrs. T. D. McAfee won second place in the County; this same dress which was exhibited at the Dallas State Fair took second place among the hundreds of other dresses exhibited from the many counties of the State of Texas. This prize-winning dress was expected to have a conspicuous place at the Exhibit last Saturday but unfortunately the dress was not received from the Dallas Fair in time to be placed on display here in Floydada.

Fairview Club takes second rank in good attendance for the club season. Nearly everyone comes to every meeting each time. The chief project of the club is to try to improve school conditions.

The Home Demonstration Club of Blanco was organized October 2, with a membership of ten. The present enrollment is 13. The Club has had two meetings. Mrs. Lucian Wheeler is president of the Club.

At the first meeting the members were told about the Exhibit to be held on November 1st, and the matter of whether or not such a newly organized club should try to maintain a booth at this exhibit was thoroughly discussed at this meeting. It was decided to have a booth from Blanco, and each member voted to make a dress for the Exhibit, since there was not time to prepare exhibits in canning and other forms of home economic work.

Eleven dresses were made for the Exhibit but only eight were placed on display in the Blanco booth on account of the inability of three of the members to bring the dresses personally to town last Saturday. The dresses were made and judged according to the rules and regulations for the dress contest recently held at Lockney on September 27. The dress scoring the highest in the Blanco Booth was that of Miss Helen Geer; the next best was that of Mrs. Will Simpson; and the third best was made by Mrs. J. M. Gamblin.

At the second meeting of the Blanco Club there was 100 percent in attendance with three additional members to add to the roll. The women are showing a wonderful interest in home demonstration work, and although they are the last club to have been organized they are determined to make their club the best in the entire county.

HALLOWEEN PARTY

Little Miss Ruth Jenkins was hostess to a group of school friends last Friday night when she entertained with a Halloween party, from 7 to 9:30 o'clock. All the little guests were in costume, with clown suits the general favorite.

After many games suitable to Halloween were played the children were served popcorn balls, doughnuts and apples for refreshments.

Those present at Miss Jenkins' Halloween party were Oneta Carter, Oleta Jackson, Virginia Meachum, Virginia Bryant, Troy Willis, Audrey Farris, Minnie Belle Wilson, Marie Wilson, Vivian Evans, Mildred Strickland, Dale Strickland, R. V. Husky, Edward Blackwell and Milburn Nelson.

COSTUME PARTY

Miss Juanita Houghton held a costume party on Halloween, last Friday night. First prize for the best costume was won by Aurelia Sanders who was dressed as a clown.

After many games were played suitable to Halloween, refreshments were served.

Those who attended this delightful party were Olive Virginia Rigby, Esther Fern Rothstein, Jeanette Trujitt, Filla Mina Salisbury, Roxie Norton, Aurelia Sanders, Mary Alice Somerville and Doris Manning.

MR. AND MRS. BARTLEY ENTERTAIN WITH MASQUERADE

Approaching a dark porch a few pumpkin lanterns led the way into a dark room decorated in black and gold with one Jack o' Lantern to vanish fears. A black and gold spook then approached whispering, "Follow me." We followed into a black room. We were seated only to hear sighs and moans.

When all guests had assembled other Jack o' Lanterns were lighted and a contest of guessing "Who are you?" was played. Mrs. Frank Moore won first prize. She kept her identity unknown the longest.

After passing names among the crowd such as "Maggie" and "Jiggs", partners were thus secured for games.

Each couple were given 21 questions to answer. First prize went to Miss Dessie Walker and Curtis Carter.

After this game the guests were permitted to remove their masks.

Then each one was taken separately into a dark room where in a curtained off corner in black and gold a gypsy told one's future life. Much enjoyment was had watching the expressions of the folks as they emerged from the Seer's Corner after their fortune had been told; some came out with tears, some with smiles, and some few with puzzled, and bewildered faces.

Many other games and a marshmallow toast were enjoyed until a late hour. A wire was received saying "Beware! You will meet your destiny around the corner." Then refreshments were served and the guests departed for their homes declaring that Mr. and Mrs. Bartley were ideal entertainers.

Those who attended this party were Mr. and Mrs. J. B. Bishop, Mr. and Mrs. Boone Hall, Mr. and Mrs. Frank Moore, Mr. and Mrs. Ray Slaughter, Mr. and Mrs. Flynn Thagard, Mr. and Mrs. Calvin Steen, Mr. and Mrs. Ogie Johnson, Misses Ora Slaughter, Elna Eubank, Roma Swain, Wilma Sparks, Dessie Walker, Messrs. Jodie Day, Curtis Carter, Lee Wilkinson, Stanley Johnston.

CLASS OF '25 ARE HALLOWEEN GUESTS OF GLADYS HILTON

The Fellow Spooks of the F. H. S. Class of 1925 assembled together last Thursday night at the home of Miss Gladys Hilton to celebrate their last Halloween together. Holding the celebration on Thursday night was sure grasping Halloween by the forelock, no, no, Time by the forelock, for according to our calendar, Halloween wasn't due until Friday night, but this was done in order to enable the football seniors to attend when they were scheduled to play Post on Friday.

A majority of the class were able to be present; a total of 46 attended the gathering. After many Halloween games were played refreshments consisting of sandwiches, hot chocolate, oranges and apples were served. And then an earnest discussion of future plans was under way.

Sand Hill-Harmony Wins In Club Competition

Seven Clubs in Competition Presented Array of Activities of Home At Floydada Saturday.

Under the direction of Miss Mabel Faulkner, Home Demonstration Agent for Floyd County, the seven Home Demonstration Clubs of Floyd County held an excellent exhibit in Floydada last Saturday each club maintaining a separate booth where a splendid display of the different activities of the club were shown to the general public. The exhibit had a very good attendance. More than 500 visitors viewed it during the day. Several far-distant communities were attracted to the exhibit to see the club of their friends and neighbors. Mrs. Williamson, of Allmon, travelled 16 miles in a buggy with her five children so not to miss the exhibit.

Seven clubs had booths at the exhibit—Fairview, Sand Hill-Harmony, Lockney, Lone Star, Aiken, Allmon and Blanco.

Sand Hill-Harmony Home Demonstration Club was awarded first prize for the best booth; Lone Star was awarded second place; and Lockney was awarded third.

The booths were judged according to neatness, arrangement, appropriateness of the articles displayed and the economic value. The judging was done between one and three in the afternoon and Miss Naufflet Grimes, Home Demonstration Agent for Motley County, and Mrs. G. J. Clements of the Home Economics Department of the Floydada High School, acted as judges.

Much interest was taken by the members of the different clubs to compare the work of their own particular club with the work of the other clubs at this exhibit. And those women who are always on the alert for up-to-date and efficient methods of doing things pertaining to the household, found much to admire and learn at the exhibit. There was a wonderful spirit of co-operation manifested by all the clubs in helping to make the first showing of the home demonstration work of the County such a complete success. There was a friendly sense of competition that made things hum.

The amount of time spent on the preparation of the work shown at the exhibit last Saturday averages about 2½ months among the different clubs. This year Miss Faulkner has given demonstrations in the various clubs on the preservation of foods such as canning vegetables and fruits, making of jellies, preserves, etc.; on the preparation of foods such as salads, and salad dressings, proper school lunches, etc.; on the subject of clothing such as appropriateness and decorative values in dress, the making of bound buttonholes and set-in pockets; on the subject of dress forms and millinery such as the renovation and remodeling and the making of new hats, etc.; on the subject of poultry such as culling, proper feeding and housing; and on all kinds of home and community improvements.

Since the home demonstration work

began under the leadership of Miss Faulkner 53 dresses have been made by the women in the various clubs according to the rules and regulations that prevailed at the Dress Contest held last September in Lockney. Last Saturday 38 of the club women wearing their contest dresses were taken together in a group picture. The picture will probably appear in an early issue of the Hesperian.

CONFERENCE B FOOTBALL CHAMPIONSHIP FRIDAY

(Continued from page 1)
time the parade is started.

For the benefit of the fans of the town who do not wish to stand in line at the baseball park tickets have been on sale since Wednesday morning. Season tickets will be honored at the gate for this game.

Opening line up for the two teams will be as follows, with Slaton favored in weight:

Floydada	Po.	Slaton
Daily	L. E.	Preston
Swain	L. T.	McAtee
S. Carter	L. G.	Luna
Luttrall	Center	Huckabay
Jameson	R. G.	Napps
King	R. T.	Splawn
Henry (c)	R. E.	McGinnis
Green	L. H.	Stone
E. Carter	R. H.	R. Kendrick
Bosley	F. B.	Wicker
Abbott	Quarter	Woolever

Substitutes: Floydada, ends, Cates and Pierce; guards and tackles, Surginer, Scott, Williams, Boothe, Marshall, Porterfield, Luttrall; half, white; center, Pennington. Slaton: end, Rogers, tackles and guards, Brunner, Kendrick, Thornton; center, Smith; half, Hamilton.

Sanitarium Notes

Little Dorothy Formby who was operated on about ten days ago for appendicitis returned to her home on Wednesday. The day before she left for home she had her tonsils removed.

Mrs. A. N. Bratton who underwent a serious operation about a week ago is now convalescing at the Sanitarium. The Sanitarium has recently installed a Therapeutic Lamp which is to be used in treating sprains, backaches, rheumatism, etc.

Dr. Braker of Silverton visited the Sanitarium last Wednesday.

CHORAL CLUB PLANNED

Under the leadership of Prof. R. M. Morgan a Choral Club is to be organized in Floydada. All who are interested in this project are requested to be present at the first meeting to be held next Monday evening at 7:30 in the County Court Room.

Legion and T. N. G. to Assist at Unveiling

McDermott Post, American Legion, of Floydada, and Battery A, 31st Field Artillery, T. N. G., of Plainview will assist the Lockney American Legion Post in the unveiling ceremonies Sunday afternoon for the memorial erected at the grave of Willie Landrum, former resident of Lockney, who was killed in action in the World War in France.

Announcement of the plans for the memorial service states that the assembly will be made at the Olympic Theatre in Lockney Sunday at 1 p. m., where line of march will be formed to the cemetery, led by the Lockney Band. 20 mounted men from the Plainview Battery, T. N. G., will be in line. At the ceremonies at the cemetery, E. C. Nelson, Jr., former commander of McDermott Post will make the principal address.

Lockney legionnaires urgently request all ex-service men of the county to come and take part in the ceremonies, if possible come in uniform, but if this is not possible to be present and take part anyhow.

Citizens of Lockney in general are taking great interest in the proposal and widespread attendance is expected.

W. M. S. Week of Prayer Program Monday

The Woman's Missionary Society of the Methodist Church will observe their Week of Prayer on next Monday afternoon at the church from 2:00 to 4:00 p. m. The program is as follows:

Opening Hymn, No. 9.
Bible Lesson—"Jesus Teaching About Prayer."

"He Tells His Friends How to Pray."—Mrs. George Dickey.

"He Says God is Kinder than Human Friends"—Mrs. Homer McDonald.

"He says the Heavenly Father is Kinder Than Human Fathers"—Mrs. Meachum.

Prayer—Mrs. Wimberly.
Ten minute talk on the West Virginia Coal Fields.—Mrs. Wilson Kimble.

"Some Conditions Jesus Christ places on Effective Prayer."—Mrs. Porterfield.

Prayer—For Our Local Church—Mrs. West.
Song—No. 119.

Ten minute talk on Mexico Mission Field.—Mrs. P. M. Felton.
Special Music.

Prayer—For our Growing Work in Parral, Mexico.—Mrs. L. H. Liston.
Ten minute on "Bell H. Bennet Memorial"—Mrs. George Smith.

Prayer—For "Greater Scarritt"—Mrs. Will Robbins.
Social Feature.

PRISCILLA CLUB

The Priscilla Club met with Mrs. A. T. Pratt as hostess. Several hours were enjoyed in doing various fancy work after which a most delicious luncheon of Bavarian Cream and lemonade were served to the following: Mesdames O. Z. Smyth, Dan Day, C. M. Battey, C. T. Camden, Fred Battey, C. D. Kelley, Lynn Smyth, D. S. Battey, T. J. Cardinall, Roy Billington, Joe Evers and Irene McIntyre. The next meeting will be with Mrs. D. S. Battey. All members are requested to be present.

HALLOWEEN PARTY

The girls of Mrs. E. B. Massie's Sunday School Class held a lovely Halloween Party for their friends at the home of Miss Georgia Lee Assiter last Thursday evening. Thirty-six guests gathered together for the Halloween festivities.

After many Halloween games were played and the Old Witch had told each one's fortune, refreshments consisting of sandwiches, cakes, hot tamales and tea were served.

1924 NEEDLEWORKERS

Yesterday afternoon the ladies of the 1924 Needleworkers Club held a delightful sewing session at the home of Mrs. Homer Sanders. The Club has been discontinuing its meetings for some time, and the nineteen ladies who met yesterday afternoon have decided to meet every Wednesday from now on.

The next meeting of the Club will be at the home of Mrs. E. C. Henry on November 12. This is to be an all-day session of sewing and each member will bring a dish and have dinner in buffet style.

A hitherto unknown symphony, No. 221, in C major, has been found in the Benedictine convent of Lambach, Austria.

Locals and Personals

Mrs. Lee Howard and children who have been visiting her mother at Memphis returned home this week.

A. L. Bishop is in Lockney this week buying cottonseed on the market, having left yesterday morning.

Gullion & Son delivered an Overland touring model to Charley Meese, Flomot ginner, Saturday of last week.

Mrs. Mary Daniels, head nurse at the Smith & Smith Sanitarium is visiting her mother, Mrs. Haynes at Silverton this week.

The little son of Mr. and Mrs. Robt. E. Jones, of Aiken, who has been seriously ill, is showing a material improvement this week. The lad is a grandson of Mr. and Mrs. W. T. Brown, of this city.

T. J. Hooser of Memphis, was here Wednesday on business.

Maury Hopkins visited in Plainview last Sunday.

Mr. and Mrs. R. N. Burgett took a trip to Clovis, N. M., this week and are visiting their children there.

R. T. Stribling accompanied Dr. George Smith on a trip to visit patients at Spur and Dickens last Tuesday.

Martin Rhoades and Clarence Rhoades, of Wolfe City were prospecting here last week.

Mr. and Mrs. J. R. Brewer returned Tuesday morning to their home in Electra. Mr. Brewer is the father of Mrs. A. N. Bratton who has been critically ill at the Sanitarium, but who is now on the way to recovery.

An increase of 44,881 in the enrollment of the kindergartens of the United States is reported for the years 1921-22 by the Statistical Division of the United States Bureau of Education. The total enrollment is now 550,830. This is 11.7 per cent of the children of the country who should have the benefit of kindergarten training—that is, those from 4 to 6 years old, inclusive.

There is excellent trout fishing in the upper reaches of the highland rivers in India. There are also trout in Ceylon, in the Nilgiris of Southern India, in the foothills of the Punjab and in Kashmir.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Floyd.

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, of the 4th day of November, 1924, by G. C. Tubbs, District Clerk of said Court for the sum of Eleven Thousand, eighty-seven and 82/100 (\$11,087.82) Dollars and costs of suit, under a Judgment, in favor of Lee Bean et-al. in a certain cause in said Court, No. 1402 and styled Lee Bean et-al. vs. O. D. Wofford and placed in my hands for service, I, J. A. Grigsby as Sheriff of Floyd County, Texas, did, on the 5th day of November, 1924, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit:

All of the South, one-half (S½) of Section No. 41, Block B2, Certificate No. 4-348, G. C. & S. F. Ry. Co. Survey, exempt the West 200 Acres of said South one-half of said Section No. 41, containing one hundred twenty acres of land, more or less, and levied upon as the property of O. D. Wofford and that on the first Tuesday in December, 1924, the same being the 2nd day of said month, at the Court House door, of Floyd County, in the Town of Floydada, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said O. D. Wofford.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd

County Hesperian, a newspaper published in Floyd County. Witness my hand, this 5th day of November, 1924.

J. A. GRIGSBY, Sheriff Floyd County, Texas.
