

## Lee Highway Head on Transcontinental Tour

Dr. S. F. Johnson, president of the Lee Highway Association and sponsor of the highway from New York to San Diego, Cal., which bears the name, spent two hours Tuesday afternoon in Floydada, enroute from Washington, D. C., to San Diego, on a trip of inspection.

While here he conferred briefly with local backers of the organization, who promised financial support for the association and received with considerable interest the report of the president of the association on the progress of the highway toward completion as a transcontinental highway of the first class.

At this time 53 per cent of the highway between Washington and San Diego is hard-surfaced, the definition of hard-surface meaning better than gravel construction, and an even greater per cent of the highway has been put on the straightest line the contour of the country will permit.

Greatest co-operation on the construction of the highway, its construction and advancement, has been received from cities and organizations in the extreme eastern and western states, Dr. Johnson said. At this time the plains counties of Texas are the most backward in backing the association, the doctor said in Floydada.

Floyd, Hale and Lamb Counties particularly have been slow to take up the proposal to build a highway that would be the only transcontinental highway in the country which could be travelled 12 months in the year. Lubbock and cities on state highways east and west of that city have been importuning the association to change the routing south of these counties. Dr. Johnson excuses Floyd, Hale and Lamb Counties with the knowledge that all three have been mulcted by highway associations in the past which did not give value received for their expenditures, he said. Routing of Lee Highway was not based on financial competition between communities, he pointed out, and the executive committee of the association are loath to make any changes. "Kinks" in the highway will have to be removed eventually, he declared, and said this is a highly desirable thing to do before marking is done. Temporary markings will be made next spring in the sections of the route, according to present plans, where "kinks" still exist. In other sections work will be started on permanent markings.

Dr. Johnson will return to Washington about December 1st. He was accompanied here by R. M. Fielder, secretary of the Vernon Chamber of Commerce. The Vernon Chamber of Commerce gets credit for routing Lee Highway through Texas on its present route.

An active campaign for membership will be made in Floydada, it was promised Dr. Johnson by those who conferred with him at the Chamber of Commerce office Tuesday afternoon.

## W. B. Hall Succeeds Gilley at State Bank

W. B. Hall will succeed Marvin Gilley at the First State Bank, the latter having resigned his place there to go to Spur and engage in the Chevrolet dealership.

Mr. Hall has been cashier of the Santa Fe Station in Floydada for the past several years. He will begin work with the banking institution about December 1st.

## Bingham's Stage Wit Like His "Paragrafs"

George Bingham's hour and a half of fun, at the High School Auditorium Friday evening of last week, was enjoyed as much by the celebrated "paragraf" writer as by his audience, it appeared and a "good time was had by all."

Mr. Bingham, famous as the creator of Tobe Moseley, Sile Kidew, Miss Peachie Sims, and other characters nationally known from their publicity in "Punkinville" and "Dog Hill Paragrafs" has a stage humor that much resembles his humor in the newspapers. He was brought here under the auspices of the Senior Class of F. H. S., and a good crowd heard him. The attendance was cut down somewhat by inclement weather.

### DUNAVANT-PARKER

Miss Maude Dunavant, daughter of R. C. Dunavant, one mile south of Floydada, Sunday afternoon was married to C. A. Parker, of Childress, Elder E. B. Mullins officiating at the wedding which was solemnized at his residence.

The bride has resided here a number of years.

They left the following their marriage for Childress, where they will make their home.

## Ground Broken For McDermott Post Home

McDermott Post No. 118, American Legion, will soon have a home of their own. Ground was broken for the foundations for their new hall and club rooms at the corner of Fifth and Virginia Streets Tuesday of this week, and foundation work has been started. L. C. McDonald is contractor on the job.

Since the organization of the local post in 1919, it has had rooms on the second floor of the Barrow Building at the northwest corner of the square. Not satisfied with their location the post has been planning for three years to get in their own building at the first opportunity. The work which was started Tuesday is the culmination of the efforts of the members and officers of the post to this end.

A building fund which the post has been accumulating since its reorganization in 1921 has been accumulating from various efforts of the membership. Picnic barbecues held in 1923 and 1924 netted the greater part of this fund and picture shows, entertainments, etc., added to it.

Completion of the new home for the Post will probably be made within sixty days. C. H. Davis, T. P. Collins and Roy L. Snodgrass, building committee of the post, let the contract the latter part of last week, after several weeks consultation at meetings of the committee and the full membership of the post, where all features of the proposed building were discussed fully.

Plans made are complete. There will be game rooms, shower baths, reception room general recreation club center, reading rooms, library, etc., with musical instruments including piano and victrola.

Possibility that the Legion will take in a limited number of associate members when the club rooms are finished is also being considered by the post.

McDermott Post is one of the strongest Legion organizations in the panhandle plains section. It has an unusual record for number of regular and called meetings held. It has maintained club rooms since its reorganization in 1921 and has been working steadily throughout this time.

## Cafeteria Feed C. of C. Tuesday Night

Special Meeting, With Out-of-Town Visitors, Will Feature Close Of Membership Drive.

The close of the membership drive with the attending big feed at the expense of the losing side will feature the big Chamber of Commerce meeting to be held in the basement of the Methodist Church Tuesday night at seven thirty, November 25th. Ladies will be expected to attend this big meeting, and since attendance at this meeting counts in the contest it is expected that a record attendance will be present.

The program calls for a number of interesting happenings and here it is as tentatively arranged by the committee having the meeting in charge: T. R. Webb, the newly elected president will preside.

Invocation: J. Pat Horton, Pastor, First Baptist Church.

Music by the Floydada orchestra. "The Lee Highway Program and what it means to Floydada."—E. C. Nelson, Jr.

Reading—Mrs. C. H. Davis. "What Our Chamber of Commerce should mean to Floydada."—L. G. Mathews.

Quartet: "Some Pertinent Remarks."—J. L. Henson, Pastor First Methodist Church.

Close of Contest and count of new members.

"How We Won."—by winning captain.

The feed will be served cafeteria style and there will be plenty for all comers according to Glad Snodgrass, and W. C. Grigsby who are vying with each other to see who pays the bill.

Several prominent people from neighboring towns have been invited to attend the meeting Tuesday night just to see how Floydada does things and to see our Chamber of Commerce organization functioning, and to be the guests of the local organization at the feed.

### NOTICE, ODD FELLOWS

The Floydada Lodge I. O. O. F., No. 34, of Floydada, will have a free will donation to the Widows' and Orphans' Home, the election of officers and will serve refreshments on the first Tuesday night in December, 1924. Every member is expected to attend.

Done by order of the Lodge this the 18th day of November, A. D., 1924. S. H. WRIGHT, Secretary.

## "Get That Cotton" Slogan in County Now

Every Gin in Floyd County Doing Double Shift—Bad Weather Temporary Halt—Pass 9,300 Mark.

Bad weather stopped cotton gathering and ginning in Floyd Co. temporarily a part of Friday and Saturday of last week and Monday of this week, and all gins last night had on a night crew, with indications that this would be continued at least until Saturday night. Cotton is moving from the fields rapidly, the last slow opening bollies beginning to give way to frost and almost freezing nights.

"Get that cotton" in a few words tells the story of the activities of about 75 per cent of the population of the county, and the crop is going to be gathered fast. This is indicated by the fact that every gin yard in the county was crowded with cotton wagons last night at 8 o'clock, approximately 300 bales waiting their turn at the nine gins at Floydada, Lockney, Lakeview and Joebailey. Total ginnings at that hour had passed 9,300 bales, a gain of 1,200 bales since the same hour last week.

Every ginning point in the county made a very satisfactory gain. The relative showing at Lockney was the poorest, more rain having fallen in that territory in the week. Yesterday Weigher Dewey Floyd there weighed in 125 bales.

Figures for the gins last night were: At Floydada, 5,019; at Lockney 2,800; at Lakeview 706; at Joebailey (estimate) 825. Total 9,350.

The total gross value of the cotton crop ginned to date represents a value of \$1,000,000, not including the cotton seed.

## Attending Baptist Convention at Dallas

Rev. and Mrs. J. Pat Horton, Mr. and Mrs. W. D. Smith, Mesdames W. I. Cannaday and J. T. J. Dawson left this week for Dallas, where they are attending the State Convention of the Baptist Church. Mrs. Rucker of Lubbock also accompanied the party from Floydada.

They will be absent from home about one week.

## Sanitarium Notes

Mrs. A. N. Bratton returned to her home last Saturday after a three weeks' stay in the Smith & Smith Sanitarium.

Mrs. Alice McCraeve left for her home in Lakeview last Sunday.

Miss Opal Horton also returned to her home last Sunday.

Dorothy Belle Lackey, ten-year old daughter of Roscoe Lackey who lives near Plomat has been discharged from the Sanitarium.

Mrs. W. A. Zimmerman who was operated on last Thursday for appendicitis is now convalescing at the Sanitarium.

Mrs. Tom Lemons, who underwent an operation for appendicitis last Friday is now convalescing at the Sanitarium.

Miss Leota Shurbet, daughter of Will Shurbet of Lockney had her appendix removed last week. She is now convalescing at the Sanitarium and expects to go home in a few days.

### NEW OWNER PITTS TRANSFER ARRIVES IN FLOYDADA

Last Sunday J. C. Hay of Mineral Wells arrived in Floydada to take charge of the transfer business which he bought from Joe Pitts about two months ago, and he and his family will occupy the L. G. Pool residence.

About five weeks ago Mr. Hay started from Mineral Wells with his first load of household goods accompanied by his wife and six children when his truck caught fire and he and his wife and smallest child sustained burns of a very serious nature. Mr. Hay and the baby were most severely burnt and were taken to the hospital at Breckenridge where they were under constant care for over a month.

Mr. Hay has recovered sufficiently to make the trip with his family from Mineral Wells, but will not assume active charge of office affairs until Monday of next week. Until that time Mr. Pitts will continue to run the business as he has been doing since Mr. Hay's severe accident.

Mr. Pitts plans to remain in Floydada for the present, but has no definite business plans in mind as yet for the future.

### MARRIAGE RECORD

License to marry was issued the past week from the office of the County Clerk as follows:

Walter Shadix and Miss Ruth Graham, November 15.

C. E. Mills and Miss Bessie Horton, November 15.

C. A. Parker and Miss Maude Dunavant, November 15.

## Ralls Friday, Canyon Thanksgiving Schedule

Green and White Will Have Tough Bird to Digest Thanksgiving Day at Canyon.

Ralls tomorrow at home. Game called at 3:30. That's the schedule of Floydada High School's football warriors, and Coach J. C. Wester is going to do some "pranking" with the lineup, he stated yesterday afternoon, so the fans may get an idea what the Green and White is going to have to start with next year, if they'll see tomorrow's game. Ralls may win under these conditions—and then they may not. F. H. S. must build a team for next year and Coach Wester said that the game would start with the most of the under-graduates on the side lines and the first and second year men standing the brunt of the battle. The four-year men will get some work however, at least enough to condition them for their tilt on Thanksgiving Day away from home, when they go to Canyon.

In the shuffle tomorrow Green will be started at quarter, Bosley at full, White left half, Sidney Carter at right half, and Pierce and Cates on the ends. Green will be the most experienced man in the backfield until the "subs" go in.

The Canyon game is a return game, the two schools having exchanged for the past four years. It is Floydada's turn to be away from home this year. Coach Wester hopes to swell the sweater and athletic fund there. But it will be a tough bird the boys must digest—a heavy diet for Thanksgiving Day—the Canyon lads having proven to be hard hitters with unusually high class coaching this season. After they digest that dish, however, the Green and White lads may have a better dish the same evening. A story appearing in today's daily press says the Floyd County Club at W. T. S. T. C. is going to have a banquet there and that the F. H. S. squad are going to be guests. Coach Wester said last night that the invitation had not been made by the club as yet.

## Auto Sales Tell Tale Of Prosperity in Floyd

Figures January 1 to November 15th Show 673 New Cars and Trucks Sold in This County.

Automobile sales in Floyd County from January 1st, 1924, to November 15th, 1924, with forty-five days to go before the year is done, show a total of 673 new automobiles and trucks sold in the county for the year, with indications that the sales will considerably exceed 700 before the year is closed.

These figures are indicative of prosperity and a large buying power on the part of the residents of this county, and give an inkling into the vast amount of money which is tied up in motor vehicles in the county. These purchases of new cars and trucks represent a sale of a new motor vehicle for practically every twelfth person in the county.

Figures for the various makes of cars sold in the county in the above period give the following to date:

Ford, 451; Chevrolet 104; Star 24; Buick 6; Hupmobile 4; Overland 18; Dodge 45; Graham trucks 2 Studebaker 9; Nash 2; Willys-Knight 2; Maxwell 1; Durant 2; International Truck 1; Jewett 1; Advance Rumely truck 1. Total 673.

## Many Names Added by C. C. Membership Drive

The membership drive of the Chamber of Commerce that has been in progress now for the past ten days has netted many new members for the organization but the actual figures are a mystery. Neither of the two sides which are competing for honors in the drives will divulge to anyone before Tuesday night the results of their labors.

Glad Snodgrass is confident that his side has the most new members to its credit, but at the same time he is apprehensive of the actions of Grigsby's men contending that a last minute spurt of enthusiasm on that side's part may place them under the rope ahead of him.

W. C. Grigsby was laid up several days unable to work on account a slight attack of the flu, but he hit town Monday morning talking memberships to everyone he met and he has no fear of the results apparently, but when pushed for an estimate as to numbers he grows restless and says it may be possible for the other side to win.

Both captains are mailing out letters to their sides this week advising them of the close of the contest and urging everyone of them to get a new member at once. Both declare that they will not tell how many members they have until the night of the 25th when the official count is taken.

## Turkey Market on Plains Cleared Up

With turkeys selling readily on the markets over the country at 15 cents per pound, deliveries easy and the movement brisk, local dealers have been taking turkeys steadily throughout the week, following the brief flurry of last Wednesday and Thursday, when the picking and packing plants of this territory were overrun and stopped taking fowls from the dealers. At that time dealers believed the condition to be purely local and temporary and events have proven their judgment to be correct.

## Boothe Bros. Buy Abernathy Flour Mill

Boothe Bros., dealers in coal and grain in Floydada for the past four years, are branching out into the milling business, the announcement being made this week of the purchase by them of the Floydada Mill & Elevator from J. A. Abernathy.

Transfer of the property has been made and possession will be given Monday. The Boothe brothers will operate the business, also continuing their coal and grain business at its present location.

## W. U. White Succeeds Father in Business

W. U. White and wife this week are moving to Floydada from Canadian, where they have been residing the past several months, and will take up their residence here as soon as possible.

Mr. White is making preparations to take the management of the motor car agency of Surginer & White, a firm of which his father, A. D. White, was manager for a few months before his death. C. Surginer is the other member of the firm, which is distributing the Star and Durant cars in this territory.

The business will be continued at the same location.

### SON OF J. A. BLACKWELL ILL IN GORMAN SANITARIUM

Last Tuesday afternoon J. A. Blackwell of this city took his oldest son, Edward, to the sanitarium at Gorman maintained by his two brothers, Drs. E. G. and G. T. Blackwell, where the boy will be operated on for an infection in the bone of one arm.

For about ten days the boy had been complaining of not feeling well, and latterly had been running a high fever which made it seem possible that he might be developing typhoid fever. The frequency and intensity of the pains in his arm close to the shoulder became so alarming that an X-Ray of his arm was finally made and it was found that the bone was infected.

Mr. Blackwell will remain with his boy during his stay at Gorman.

A telegram received this morning by Mrs. Blackwell informed her that the operation was performed on her son late yesterday, and from indications the operation was successful.

### THANKSGIVING PROGRAM AT BLANCO THURSDAY NIGHT

A Thanksgiving Program and box supper will be given at Blanco School House on Thursday night, November 27th, to which the public is invited.

Proceeds from the sale of boxes is to be used to buy equipment for the playgrounds.

### OPENING FURNITURE AND SEWING MACHINE STORE

D. L. Heffington of Floydada is opening a new and second hand furniture store and Singer Sewing Machine agency in the Ayres building at the corner of Main and College streets.—Lockney Beacon.

### TWO NEW HOMES

Two new homes are to be built shortly on South Wall Street, one each by W. N. Paschall and Allen McReynolds.—Mr. Paschall is building a 6-room bungalow on the east side of the street, and Mr. McReynolds is putting up a 4-room house on the west side.

### BIRTHS REPORTED

Born to Mr. and Mrs. J. C. Seaton, Floydada, November 15, a son.

Francisco Omondes, of Mayview, November 11, a daughter.

### BAPTIST ANNOUNCEMENTS

In the absence of Pastor Horton I. S. Boyles of Dallas will supply the Baptist pulpit Sunday morning at 11:00 o'clock and 7:00 o'clock in the evening.

Sunday morning theme, "God's Appeal for Wholehearted Service." At the evening's service "The Second Coming of Christ."

## Club Women of Floydada at Federation Meeting

Hard to "Pump" Governor Neff, They Find, On Trip Home—Pageant Impromptu Feature of Convention.

To have been introduced twice to our distinguished Governor Pat Neff and to have talked to him for quite some length on both occasions, were among the outstanding memories that Mesdames J. B. Jenkins, Homer Sanders and Glad Snodgrass were carrying home from the inspiring convention of the State Federation of Women's Clubs held last week in the city of Amarillo. But it was their good fortune to enhance these memories further by having the honor of riding from Amarillo to Plainview in company with Governor Neff and to have spent some delightful hours listening to this very charming conversationalist. And maybe His Excellency wasn't asked the questions; but clever diplomat that he is he didn't always answer them exactly.

To the Convention of the State Federation of Women's Clubs at Amarillo last week, Floydada sent Mrs. J. B. Jenkins, President of the Nineteen Twenty-Two Study Club, and also Mrs. Glad Snodgrass of the Study Club, and Mrs. Homer Sanders, secretary of the Floydada Parent-Teachers Association. The ladies left here Wednesday morning arriving in Amarillo at noon in time to attend a Peacock Luncheon given in honor of the club ladies by the Board of City Development. Following the luncheon, Dr. P. W. Horn, President of the West Texas Technological College gave a wonderful talk on the Educational Survey that has been under way in the State for the past year. He said that the report on this Survey was now complete in 8 volumes that would be presented to the State Legislature to be passed on as they saw fit next January. He talked on the advisability of taking politics out of the county and state superintendency; that a man should be hired for his qualifications alone, and not merely for his political affiliations or ambitions. He urged that the club women take this as a problem to be worked out in all the clubs next year.

Wednesday evening Mrs. Henry Redmond, President of the State Federation of Women's Clubs made an address on "The Club and the Woman." Gertrude Ross, an eminent composer from California, gave a charming lecture on how she came to write the "Pilgrimage," which is the American counterpart of the Oberammergau Passion Play, and which is given each year in a great natural open amphitheatre in the hills of California.

Thursday morning was devoted to business at which time each district president gave her report. The special speaker of the morning was Edith McClure Patterson, Budget Specialist of the General Federation of Women's Clubs from New York City, and also President of the City Federation of Women's Clubs of New York City. Woman is the buyer in the American home, and she must be trained in financial matters. She said that the colleges and schools were making an attempt along these lines, but for women this training must come through the clubs which were now taking this subject up. The spending of the American Budget in her opinion was more important than national affairs. She claimed that many divorcees had as their cause the ignorance on the part of the woman in regard to money matters.

At noon the ladies were entertained at a Japanese Luncheon held at the Country Club.

The principal speaker in the afternoon was Governor Pat Neff who spoke on the necessity of establishing State Parks throughout our wonderful state. He said that our old landmarks should be preserved and made popular in this way, and that the people of Texas could learn to appreciate what a beautiful state Texas really is. For the average middle class man a hotel bill of ten or twelve dollars a day for himself and family is prohibitive and when he started out on a camping trip he really was trespassing all along the way. With the establishing of State Parks a man could have an opportunity of enjoying the scenic wonders of Texas and never need to trespass. He urged the establishing of a State Park in the beautiful Palo Duro Canyon.

On Thursday afternoon at four-thirty o'clock Mrs. Lee Bivens of Polk Street was hostess to all the visiting club women at a delightful tea held in her beautiful Amarillo home.

On Thursday evening a stirring speech was made by Mrs. Lee Joseph of San Antonio who spoke on the "League of Nations." Following her address each of the seven districts in the State gave a pageant depicting the work done in the various districts for the past year. Our own Seventh District, the hostess of the Convention, sat in a group of 69 in the middle aisle directly in front of the platform.

**GIVING THANKS**

The Hesperian next week will be published on Wednesday night or Wednesday afternoon and the shop will be closed all day Thursday—Thanksgiving. Maybe, there won't be much turkey at the printers' and publisher's houses but there'll be some considerable thanks anyhow.

Thanks for friends and health and a chance to get along as well as our ability will permit us to prosper ourselves. That's about our idea of a Thanksgiving Day. The first Thanksgivings were thankful that they had enough corn and wild turkey and pumpkins to run them through the winter—at which modern Thanksgivings would turn up their noses, insofar as it would serve as a regular diet for seven months.

Modern Thanksgivings can be as thankful as they know how to be, at least. That's our ticket—about as thankful as we know how to be—and we're going to spend a whole day at it next Thursday.

**WORKING THE MERCHANTS**

The merchant is an easy mark for all the schemes that come along. He is caught in every public collection. He is roped in every time a drive is put on. His windows are borrowed when advertising space is needed. He is asked to close his store every time two people have a feeling simultaneously that they must sneeze. He must pay taxes to the city, pay taxes to state and county, pay a special license in the city for doing business, pay special taxes for handling certain line of merchandise in addition to the other several taxes, and has to bear all the burdens of hard times, poor collections, high rents, etc.—Thomasville Times-Enterprise.

Yes, the merchants are being made the "goat" in a great many schemes. If they fail to see the proposition in the way it is submitted, they are condemned as "narrow and selfish." Their windows are transformed into billboards. If they demur against closing on a certain day, they bring down a storm of indignation. Some of these days "the worm will turn" and an outraged merchantry turn a deaf ear to the entreaties of various organizations and clubs who persist in "tormenting" them with projects that mean little to the merchants.—Plains Journal.

**ILLITERACY**

Advocates of American Education Week declare that illiteracy in America is appalling and to prove their point, give relative figures for European countries. Comparisons are odious and if the sponsors of Education Week wanted to make the average American mad they couldn't have made a better job of it.

Ordinary every-day Americans would like to be as unlike Europeans, with their petty quarrels and age-old hatreds, and their "stick in the mud"

ways of doing things, as they can. If Europeans are more literate than Americans then "why don't they have some sense", Mr. Average American would like to know.

It takes something more than literacy to make a good, useful citizen. We haven't been to colleges enough to be able to tell the "literacy test" boys all about it, but any average American can tell you so and prove it by examples all about us.

We need education, but there is something wrong with the European variety. We'd not like to have any of that kind.

**REPUBLICANS IN A HOLE**

Texas' bolting Democrats put the Republican party in Texas to a whale of an expense account on General Election Day when they bolted the democratic ticket and went into the republican column enough of them to make the republican total exceed 100,000.

Unless the election law in Texas is changed—which we certainly hope for—at this coming term of the legislature, the republican party in Texas will be required to nominate their candidates by primaries. In Floyd County the cost will be about \$50 per republican.

**TELEPHONE US**

If you have friends visiting you, if you are leaving on a trip or have returned from one.

You are interested in the news of your friends, and it is not unlikely that they are also interested in you. The Hesperian wants all the news. The things you are doing are a part of the life of the county. Don't let "modesty" cheat us out of a good news item or story.

The Hesperian does not have the best printing plant in West Texas, but we do have a good plant, and can handle any kind of an order "shoved at us." In this connection, we are reminded of the mail order situation as regards printing. We'd like to trade our printing business in Floydada for the business that goes out of town. Give us a chance at it, folks.

I am Education. I bear the torch that enlightens the world, fires the imagination of man, feeds the flame of genius. I give wings to dreams and might to hand and brain.

From out the deep shadows of the past I come, wearing the scars of struggle and the stripes of toil, but bearing in triumph the wisdom of all ages. Man, because of me, holds dominion over earth, air and sea; it is for him I leash the lightning, plumb the deep and shackle the ether.

I am the parent of progress, creator of culture, molder of destiny. Philosophy, science and art are the works of my hand. I banish ignorance, discourage vice, disarm anarchy.

Thus have I become freedom's citadel, the arm of democracy, the hope of youth, the pride of adolescence, the joy of age. Fortunate the nations and happy the homes that welcome me.

The school is my workshop; here I stir ambitions, stimulate ideals, forge the keys that open the door to opportunity. I am the source of inspiration; the aid of aspiration. I am irresistible power.

**BURN THE CHINCH BUGS**

"Much of the Southwestern winter wheat territory is literally 'alive' with chinch bugs again this fall," says H. M. Bainer, director of The Southwestern Wheat Improvement Association. He emphasizes that "unless the coming winter should prove unfavorable for them or unless they are burned while the grass is dry before winter sets in, they are sure to do more damage than ever next year. There is no profit in growing crops to feed chinch bugs. Conservative estimates have charged the chinch bug with fully \$50,000,000 damage to wheat, corn, oats and other crops in this territory, each year, for the past two years.

"Chinch bugs hibernate over winter, protecting themselves by hiding under trash, dead grass, around the crowns of bunch grass and in other places. Their winter home, therefore, is along fences, road sides, ravines and on waste lands. Next spring these old bugs will come out, ready to deposit their eggs on the wheat and oats. Each female killed means 150 less first-brood bugs in the wheat next spring and 10,000 less second-brood bugs in the corn next summer.

"The only satisfactory means of killing chinch bugs in the fall and winter is by burning. Experiments and demonstrations show that where these bug-infested areas have been systematically burned during November and early December, the chinch bug problem has been solved for the ensuing year. Thorough burning at this time will result in the destruction of 985 bugs out of every 1000. The burning should be done when the grass and weeds are thoroughly dry and when there is little or no wind. In order to be sure of killing a large percentage of the bugs, it is usually best to back-fire so as to burn slowly against the wind. Burn before Christmas, as bugs not destroyed by the fire will be exposed and will die during the winter. Community campaigns of burning should be organized and even better results would come through the organization of townships and counties."

**PIE SUPPER HELD**

The Pie Supper held last Saturday evening at Lakeview was very well attended and \$42.50 was the net proceeds after a very delightful evening was spent. Some 200 Lakeview folks and neighbors attended the affair.

Besides the auctioning of the pies, there were sandwiches, peanuts, popcorn and hot chocolate on sale.

Two royal tombs from the Valley of the Kings will be erected in the Field Museum of Natural History at Chicago. Each tomb will contain several rooms and in each burial crypt the genuine mummy of a king and queen will be placed in a sarcophagus.

**Music and Art**

Owing to the unsettled conditions in the schools at Crosbyton, caused by the building burning, I shall return to Floydada and shall be glad to talk with pupils who are interested in the study of piano, water colors and oil paintings.

All interested may see me at Martin Dry Goods Co., during the month of December.

**ROAD MACHINERY HERE**

Commissioner W. C. Hanna has received the Best 60 horse power crawler type tractor for use on the roads of Precinct No. 1, and this week started the machine to work.

A similar road working tractor and grader, of different make, was recently received by Commissioner Shurbet in the Lockney Precinct.

**TEACHERS' EXAMINATIONS**

December 5th and 6th are the dates set for the next teachers' examinations, and those who may be interested in taking the teachers' examination must make application with me immediately in order to be eligible. You do not have to see me in person. Write or phone to me, giving your name and address. The examination will be held in Floydada.

County Superintendent.

**Why Not Be Free on Thanksgiving Day?**

You spend hours and hours in the kitchen getting everything ready for Thanksgiving Day, and lo, it is eaten up in a bare fifteen minutes.

We are going to have a real old-fashioned dinner with all the "fixins" Thanksgiving Day.

Why not come and have your Thanksgiving Dinner with us next Thursday and eliminate all the work and worry.

## Wester Must Build New Football Machine

With the close of the football season approaching, Coach J. C. Wester of Floydada High School, whose boys made a strong bid for championship honors in Conference B of District 2, has begun figuring on the team for next year, and in doing so must figure on losing seven of his first string men of this year, whose places will be difficult to fill.

Of the seven he loses Henry, who has been the leader of the team this term and its captain, goes out by graduation and four-years of play, with an unusual record. He has been out of only one game in the entire period, having been injured this year in play against Spur and being out of the Post game. He is one of the hardest tacklers F. H. S. ever produced and his football strategy was always good. He played end nearly all of his high school football career, although he has been in the backfield most of this season. Daily, at the other end of the line, also goes out, and the coach will lose one of the best catch-passers in the conference. This season he has been called back to do the passing most of the time, but heretofore he usually played on the receiving end. He always has his eye on the ball and is most dangerous when his opponent fumbles.

Luttrall goes out on the four-year playing limit. He is a fighting lineman who has played at center most of this season and has distinguished himself throughout his career with the Green and White.

These three have furnished the nucleus around which this year's team has been built of first and second year men, and if the school could hold all of the new men trained this season the problem would not be so difficult. But King, who has been a bear in the line, Jameson also a consistent lineman and E. Carter and Vernon Abbott, fast backfield men, also are expected to graduate.

From present indications it appears that Green will go in as quarter and field general for the Green and White next term and that Cates and Pierce are almost sure for berths on right and left ends.

Mr. and Mrs. J. A. Awtrey and Misses Tommie Lee Awtrey and Ora Scoggins spent Sunday in Plainview.

### SHERIFF'S SALE

THE STATE OF TEXAS,  
County of Floyd.

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, of the 4th, day of November, 1924, by G. C. Tubbs District Clerk of said Court for the sum of One Thousand, Seven Hundred One and 50/100 Dollars and costs of suit, under a Judgment, in favor of Mrs. M. E. Merrick in a certain cause in said Court, No. 1630 and styled Mrs. M. E. Merrick, vs. Mrs. Mattie Griffith et al. and, placed in my hands for service, I, J. A. Grigsby as Sheriff of Floyd County, Texas, did, on the 4th, day of November, 1924, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit: A tract of 55 acres of land out of Survey No. 26 Patent 544 in Floyd County, Texas, described by metes and bounds as follows: Beginning at the S. E. Corner of said Survey, for S. E. Corner of this tract; thence north 47 1/2 Varas; thence West 118 and 3/4 Varas; thence North 237 1/2 Varas; thence West 356 1/4 Varas; thence South 712 1/2 Varas for S. W. Corner this tract; thence East 475 Varas for the place of beginning, and levied upon as the property of Mrs. Mattie Griffith et al. and that on the first Tuesday in December, 1924, the same being the 2nd. day of said month, at the Court House door, of Floyd County, in the Town of Floydada, Texas, between the hours of 10 a. m. and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue for cash to the highest bidder, as the property of said Mrs. Mattie Griffith, et al.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, a newspaper published in Floyd County.

Witness my hand, this 4th. day of November, 1924.

J. A. GRIGSBY, Sheriff Floyd County, Texas

## HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nausealess Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

## Stewards Feast and Plan For New Year

The Board of Stewards of the First Methodist Church, as guests of W. A. Baker, enjoyed an oyster supper at the White Rose Cafe last Thursday evening, after which they adjourned to the First National Bank Building where the regular meeting of the Board was carried on. There were but three absentees.

The honored guest of the evening was Rev. C. B. Meador, of Abilene. Others who were present at the supper were Marvin Brotherton, Pastor Floydada Circuit, Jim Willson, G. R. May, C. R. Houston, W. A. Baker, Roy Baker, Homer Sanders, N. W. Williams, J. V. Daniel, Lee Faulkner, J. L. Henson, A. N. Gamble, and O. M. Watson.

Jim Willson was elected chairman of the board, O. M. Watson secretary-treasurer and H. S. Sanders, assistant secretary-treasurer.

It was the first meeting of the stewards since the beginning of the new conference year.

## Texas Distributors of Oil-Kontrol Rings

Herbert S. Sparks and Jno. W. Maxwell, of this city, have announced the opening of an agency here for the distribution of a piston ring new in this state, which bears the trade name of Oil-Kontrol Piston Ring.

The new ring enjoys a wide popularity in many sections of the country. They will be distributed through garages and filling stations, and salesmen will be put on the road selling them.

The firm name of the new agency will be Sparks & Maxwell. They have distribution agency for the entire state of Texas.

## Some Dessert Recipes For Thanksgiving

A week from today will be Thanksgiving! There will be Turkey and all the "fixins" and there will be so much fun and happiness when the family all gather around the wonderful spread. You will probably no doubt have pumpkin pie but why not do something a little different with that dessert; why not serve it with a delicious cheese sauce? And why not serve cranberry ice with turkey instead of the conventional cranberry sauce or jelly? And a regular Thanksgiving Pudding would not be amiss as a suggestion what to have for dessert on this great occasion. We give recipes for the above suggestions below:

**Pumpkin Pie With Cheese Sauce**  
Cut the pumpkin into pieces and stew until tender. Drain well, dry out all water possible and press through a colander. To each heaping cupful of the pumpkin add a tablespoonful of butter, a teaspoonful of flour, half a teaspoonful each of ground ginger and salt, four tablespoonfuls of sugar and the beaten yolks of two eggs. Add to a cupful of hot milk a little grated nutmeg and cinnamon, and stir in the pumpkin. Last stir in the beaten whites of two eggs. Line a deep pie plate with pastry crust; pour the pumpkin in, sprinkle the top with little brown sugar and a few pieces of butter. Bake in a moderate oven.

**Cheese Sauce**  
Melt half a pound of American cheese in a double boiler; stir in six tablespoonfuls of milk; pour at once, while hot, over the center of the pie. Cut and serve.

**Cranberry Ice**  
1 Quart cranberries, 2 cups water, 2 cups sugar, juice of two lemons.

Cook cranberries in water 8 minutes. Then force through a sieve. Add sugar and lemon juice and freeze to a mush. Use equal parts of ice and salt.

**Thanksgiving Pudding**  
One-third cup suet, 1/2 lb. figs, finely chopped, 2 1/2 cups stale bread crumbs, 3/4 cup milk, 1 cup brown sugar, 1 teaspoon salt, 3/4 teaspoon cinnamon, 1/2 teaspoon grated nutmeg, 1/2 cup English walnut meats, 1/2 cup raisins, seeded and cut in pieces, 2 tablespoons flour, 4 eggs, 2 teaspoons baking powder.

Chop suet and work with the hand until creamy, then add figs. Soak bread crumbs in milk, add eggs well beaten, sugar, salt, and spices. Combine mixtures, add nut meats and raisins dredged with flour. Sprinkle over baking powder and beat thoroughly. Turn into buttered mould, steam three hours, and serve with Yellow sauce flavored with grape juice.

**Yellow Sauce**  
2 eggs, 1 cup powdered sugar, 3 tablespoonfuls grape juice.

Beat yolks of eggs until thick, add one-half the sugar gradually; beat whites of eggs until stiff, add gradually remaining sugar; combine mixtures, and add grape juice.

The United States has an area of 3,026,789 square miles, which combined with Alaska and her island territories, is slightly larger than the Sahara Desert.

**Sand Hill News**

Sand Hill, Nov. 17.—Singing was held at the home of Mr. and Mrs. W. H. Pope Sunday night. Everyone reported a nice time.

Some of the people of this community attended Prayer Meeting at the school house Sunday night.

A nice crowd enjoyed a short program at the school house Friday night. The program was rendered by the Literary Society of this community. The society was given the name of The P. F. C. Society and the motto, "Love, Labor and Laugh." The colors chosen were purple and white. O. S. Miller read the constitution and by-laws after which the program was rendered.

An accident, which might have proved very serious, occurred Sunday evening on the Floydada-Mickey road. A party of young folks—Miss Ruby King and Miss Bertha Webb from Sand Hill and other young people from Lockney, who were riding in a Chevrolet car, were overturned. Although Miss King was unconscious for a while after the accident, no one was seriously injured. The car was damaged some but is still in running condition.

Funeral services for Mrs. John Holmes and infant daughter were held at the church Monday evening. Rev. J. L. Henson and Rev. C. W. Smith conducted the services. Interment was made in Floydada Cemetery.

**Mayview News**

Mayview, Nov. 19.—Those who have cotton fields looking like old Sante dressed up are wishing for about three weeks of pretty weather that they might get up with the cotton picking as the cotton in this community is better than we have had for several years.

Mrs. Fred Emert who was operated on about three weeks ago is improving nicely and was able to attend church Sunday, of which fact her neighbors are very proud.

Preaching service was held Sunday by Rev. Marvin Brotherton. It was a fine sermon and a good crowd attended the service and Sunday School. Vert Readhimer, C. E. Bartlett, and Mr. Holiday are the owners of new Ford cars.

Mr. and Mrs. C. E. Bartlett spent the day Sunday with Mr. and Mrs. Bill Cardwell.

A nice crowd of 90 enjoyed a good singing at L. J. Davis' home last Sunday night.

J. R. Readhimer and son Vert left this week for Louisiana to visit Mr. Readhimer's mother.

C. E. Bartlett is having a new home built.

Mrs. L. J. Hodge is visiting her daughter, Mrs. Barnett at Wake.

Sunday was a beautiful day and every one is wishing for many more like it.

Mrs. R. H. Ashton and Mrs. Nute Nelson visited Mrs. C. E. Bartlett last Monday evening.

**CARD OF THANKS**

During the illness and death of our husband and father, friends and neighbors aided in many ways in ministering to his last needs, in sympathy and in many thoughtful kindnesses. To these good friends we feel deeply grateful, and wish by this means in a small way to express our appreciation, not forgetting either the beautiful floral tributes.

MRS. A. D. WHITE and Children.

**1922 STUDY CLUB**

The regular bi-monthly meeting of the Nineteen Twenty-Two Study Club will be held this afternoon at 3:00 p. m. at the home of Mrs. S. Y. Carter with Mrs. Edd Johnson as leader. An interesting subject will be studied "Grand Canyon National Park" and papers will be read by the following ladies: Mesdames George A. Liden, Jim Willson, Glad Snodgrass, W. J. Burke and M. L. Kizzian.

**Starkey News**

Starkey, Nov. 17.—Everybody is invited to attend the Box and Pie Supper, and also the Thanksgiving Program which will be given at the school auditorium on Friday night, November 28. A cake will be given away to the prettiest girl and bar of soap to the ugliest man. We are expecting some good music. A quartet has promised to come from Lakeview. Mr. Morgan, our music teacher will also have several special numbers. Come and bring some one with you!

School interest seems to be greatly improved through our Starkey community, and the teachers are hoping to make this one among the best schools in Floyd County.

Our Sunday School in inviting people to attend Sunday School. As you know it is our duty to learn more about God's word.

Mrs. Edna Phillips has purchased a new Ford which she now has the pleasure of driving to school.

Mr. Cooper also has purchased a new Chevrolet.

Mrs. M. H. Jennings who has been staying with her daughter, Mrs. Harry Snodgrass for several months, left Wednesday morning for Victoria.

**Court Yard Hitch Rack To Be Removed Soon**

Half of the hitch rack around the court house yard will be removed at an early date, an order for the removal of the hitch rack on the west side of the court house yard and half each of the north and south sides of the same having been ordered torn down by the Commissioners' Court in their sessions last week.

Need of more space for automobiles on the square and less space for wagons and other horse drawn vehicles is assigned as the reason for the order. It will be the first time since soon after the establishment of the county seat at Floydada that the hitch rack will not be in evidence all around the square.

Mr. and Mrs. Claude Martin, Miss Mary Porter, Mr. and Mrs. Ford Butler and Truett Butler made a party that visited in Plainview last Sunday.

**Mrs. John Holmes and Infant Buried Here**

Mrs. John Holmes and her infant child were buried in Floydada Cemetery Monday afternoon at four o'clock following a brief burial service held at the grave side and a funeral at the Church of Christ at Sand Hill, conducted by Rev. J. L. Henson, pastor of the First Methodist Church of this city. The funeral was held shortly after one o'clock.

Mrs. Holmes, formerly Miss Elsie Cates, daughter of Mr. and Mrs. J. C. Cates, of Sand Hill, died Sunday night about 8 o'clock. Mr. and Mrs. Holmes lived near Irick, where they had made their home since their marriage slightly over a year ago.

Deceased was 22 years of age. Both she and her husband were reared at Sand Hill and had many friends there as well as in their home community at Irick, and in Floydada.

**Uncle, 84 Years Old, Visits H. R. Johnston**

A. M. Johnston, of Dunn, Texas, spent Wednesday to Saturday last here on a visit with his nephew, H. R. Johnston, and wife.

An unusual feature about the visit of Mr. Johnston here is the fact that the last time he saw this nephew was 54 years ago, in 1870, in Mississippi. A. M. Johnston is now 84 years of age. He was a young man of 30, when as a lad H. R. Johnston bade him goodbye last.

**Pampa Bi-District Champions Football**

By Winning Friday last from the Slaton Tigers, champions of District No. 2, Conference B, the Pampa Harvesters, champions of the conference in District No. 1, became bi-district champions in football for the season of 1924, and will get a chance to take a "fall" out of the winner of the Amarillo-Vernon game.

Friday's game was played at Slaton. Coach J. C. Wester and several of his football boys saw the game and studied the styles of play used by the two teams. The Pampa team did not play as hard as did the Slaton team, was their impression of the game, the Harvesters seeming to have confidence that they would win with ease.

**ON EVERY CAR**

"Are you sure you have shown me all the principal parts of this car?" asked the fair prospective purchaser. "Yes, madam, the main ones," returned the dealer.

"Well, then where is the depreciation?" Tom told me that was one of the biggest things about a car."

**SHERIFF'S SALE**

THE STATE OF TEXAS, County of Floyd.

NOTICE IS HEREBY GIVEN That by virtue of a certain Order of Sale issued out of the Honorable District Court of Floyd County, of the 4th, day of November, 1924, by G. C. Tubbs District Clerk of said Court for the sum of One Thousand Forty one and 25/100 Dollars and costs of suit, under a Judgment, in favor of W. W. Ryals and Mrs. T. A. Ryals in a certain cause in said Court, No. 1613 and styled W. W. Ryals Et-al. vs. Jesse E. Brown and, placed in my hands for service, I J. A. Grigsby as Sheriff of Floyd County, Texas, did, on the 4th. day of November, 1924, levy on certain Real Estate, situated in Floyd County, Texas, described as follows, to-wit:

All of Lot (10) ten in Block No. (78) Seventy Eight in the Town of Floydada, (Floyd City), Floyd County, Texas, and levied upon as the property of Jesse E. Brown and that on the first Tuesday in December, A. D., 1924, the same being the 2nd. day of said month, at the Court House door, of Floyd County, in the Town of Floydada, Texas, between the hours of 10 a. m., and 4 p. m., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Jesse E. Brown.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian, a newspaper published in Floyd County.

Witness my hand, this 4th. day of November, 1924.

J. A. GRIGSBY, Sheriff Floyd County, Texas.

**PAYS TO SEPARATE AND FEED SCREENINGS TO LIVESTOCK**

There are a dozen reasons why the screenings should be separated on the farm and fed to livestock, says the United States Department of Agriculture. Screenings are an undesirable farm product, consisting principally of weed seeds, cracked and shrunken kernels of grain, chaff, broken stems, and straws, dirt, and other foreign material and often constitute 10 to 20 per cent of the grain as it comes from the thrasher. They should not, however, be regarded as a waste but should be turned to valuable account by feeding them to livestock.

When screenings are sold with the grain they are classed as dockage, and the grain farmer actually gives them away because his grain is docked according to the proportion of screenings it contains. This loss to the grain farmer amounts to huge figures when large sections are considered. In 1923 for example, nearly 12,000,000 bushels of screenings were produced, threshed, and marketed as dockage in the States of North Dakota, South Dakota, Minnesota, and Montana. The sum of \$675,000 was paid by the farmers of those States for threshing their screenings or dockage, and \$860,000 was paid to the railroads for hauling it to the terminal markets. Millions of dollars' worth of good feed was thus given away. The grain farmer was the loser.

The average screenings are more nearly equal to oats in composition than any other common feed. Heavy screenings from which the chaffy material has been removed are nearly equal to corn, wheat, or barley in the percentage of the various nutrients. More than 3,500,000 lambs could have been fed with the wheat screenings that were wasted in the four spring-wheat States in 1923 forming the entire grain ration. The resulting increase in weight of the lambs, at 12 cents per pound, would have brought \$8,500,000 to the farmers. The spring-wheat farmers who cleaned their market wheat on the farm in 1923 gained over 5 cents per bushel as a result of the cleaning.

When a farmer who grows little or no grain wants to feed screenings, he must pay high prices for them in a ready-mixed feed, or must purchase them of the elevator or mill that has separated them. The grain farmer on the other hand, can separate them at the thrasher or grainary and feed them as a by-product of his farm. He pays no freight or middlemen's commission. By means of a cleaning machine, the screenings can be removed from wheat or rye at a cost of 2 or 3 cents per bushel. A number of these cleaning machines will be in operation in the spring-wheat States this year as a result of the work of the United States Department of Agriculture in showing the feeding value of this product for all kinds of livestock and the practicability and economy of separating it and feeding it on the farm.

An ancient inn near Paris, associated with picturesque legends and a reputation four centuries old, is to disappear to make room for a modern building. It is the Compas d'Or, 72 Rue Montorgueil, and is now used as a garage for the market carts that bring their loads of vegetables to the neighboring markets.

**Sick Headache**

"I have used Black-Draught when needed for the past 25 years," says Mrs. Emma Grimes, of Forbes, Mo. "I began taking it for a bad case of constipation. I would get constipated and feel just miserable—sluggish, tired, a bad taste in my mouth, . . . and soon my head would begin hurting and I would have a severe sick headache. I don't know just who started me to taking

**Thedford's BLACK-DRAUGHT**

but it did the work. It just seemed to cleanse the liver. Very soon I felt like new. When I found Black-Draught so easy to take and easy-acting, I began to use it in time and would not have sick headaches."

Constipation causes the system to re-absorb poisons that may cause great pain and much danger to your health. Take Thedford's Black-Draught. It will stimulate the liver and help to drive out the poisons.

Sold by all dealers. Costs only one cent a dose. E-104

Center News

Center, Nov. 17.—Cotton picking is still the order of the day out this way. In fact a large number are just in the midst of the job.

We had quite a full day here yesterday with church and Sunday School in the forenoon, singing in the afternoon and B. Y. P. U. and Prayer Meeting at night. We had an extra good Prayer Service and a large crowd out, so many strangers, and several from Fairview Community.

Mr. and Mrs. Paul Loyd from La Junta, Colorado have been here two weeks visiting Mrs. Loyd's parents, Mr. and Mrs. T. M. Goodman.

J. T. Spence spent last week or part of it at Wellington.

J. B. Jordan had a number of boys to visit him Sunday. There were Ralph and Harold Tubbs, Truett Spence, Elvard and L. D. Golightly and Travis and Gordon Lightfoot.

Miss Gertrude Lightfoot visited with Miss Alma Montgomery from singing till B. Y. P. U. time.

Miss Ima Johnston visited Sunday with Miss Cecille Lightfoot.

O. H. Johnston and wife took Sunday dinner with C. O. Spence and family.

Mr. Noland and family went to Lakeview to services Sunday morning.

Miss Floy Spence took Sunday dinner with Miss Nova Austin.

Mr. and Mrs. A. A. Tubbs took Sunday dinner with Mr. and Mrs. Shannon.

Miss Lillian King entertained some of the young people to dinner Sunday. Some of them were Miss Vera Meredith, Messrs. Wesley Foster and Lee Golightly.

Rev. Scranton didn't get to fill his appointment here as he was called to Dallas to attend a Board meeting.

Brother Hull will very probably not be with us next Sunday as he plans to go to the Convention. If he goes he can't get back in time to fill his appointment here, but we are expecting the Volunteer Band so will have services just the same.

Mr. and Mrs. Herbert Meredith spent part of Sunday with Mr. and Mrs. Goodman.

Many farmers caught with a heavy supply of soft corn this year are making stack silage in instances where their silos are loaded to capacity. One man in Minnesota makes the stack twenty feet in diameter and twenty feet high, keeping the center lower than the outside until the top is reached when the center should be filled to capacity. Butts should be laid to the outside and the stack will then settle evenly and firmly. Top should be covered with hay.

Let's PREPARE Against Misfortune

The year is coming to a close—1924 will soon be as 1923, a thing of the past. Are you keeping faith with your merchant? If not, you should.

The Retail Merchants of Floyd Trade Territory has set the first week in December as Pay-Up Week. Let's try and make that the banner week of 1924. Pay up not later than that week. Keep faith with your creditor. He'll keep faith with you. Should misfortune overtake you, could you go to him, explain matters and ask him to wait for his money, until you could pay it? If you have kept the faith, you can answer this question yourself. If you have paid when you could, and should have paid, your creditor would do just as you know and feel he will do, greet you as a friend and treat you fairly; he will sell you and wait patiently for his pay, because he would know that you had treated him fairly and met your obligations. Pay up during or before Pay-Up Week. The merchant has the right to ask and expect this of you. The Credit Man helped you—now keep the faith! A good credit record is a real asset. It will serve you well during a drouth, misfortune, or panic. How good is yours? Make good those checks the bank did not honor when presented for payment. You signed them, **MAKE THEM GOOD.**

The members of this association will revise their accounts during December, following Pay-Up Week, and from that list a record is made and filed in this office.

**PROTECT YOUR CREDIT!**

**Pay Up! It Pays to Pay Up!**

Your good name and credit standing is the most valuable thing that you possess!

**ON PERIOD NOT  
ER IN THE NORTHWEST**

In the northwestern states as Idaho, the period of depression for the cultural interests of the country said not to be over yet. Over-excitement during the war-time boom will be felt in many sections. This is the impression brought home by S. V. Williams, who this summer sold his land north of Floydada on the Silverton Road to Dr. J. H. Massie with the intention of probably seeking a new location. He made a trip northwest and returned to this county to re-establish himself. He is now living near Lockney. In the Snake River country of Idaho, for instance, although wonderful crops were raised this year, farmers did not realize any net profits, largely on account of high overhead expenses including water rights and taxes based on high valuations.

**Matador and Crosbyton Planning Home Contests**

Matador and Crosbyton are planning to emulate the examples set by Plainview and Floydada in their Homes Beautiful Contest conducted in Plainview for the past three years and in Floydada the past year.

Maury Hopkins of the Chamber of Commerce advises that he is in receipt of a letter from Secretary Metcalfe of the Motley County Chamber of Commerce asking for full instructions about putting on the contest saying that his organization is going to back the proposition over there and that several of his citizens have heard of the plan and want to work it out in Matador.

S. W. Cooper, Secretary of the Crosbyton Chamber of Commerce has also written the Floydada Chamber of Commerce for full instructions about the contest saying that Crosbyton would begin early and they wanted to have some trees planted in time to get them going good before the judging.

In both letters the Hesperian was commended for its progressiveness in promoting the contest in Floydada.

**CITY BUYS SMALL MAINTAINER FOR STREETS**

This week the City of Floydada started the use of a small street maintainer on the streets and alleys.

The maintainer is a machine to be used by one man and was sold to the city by Barker Bros. It is an adaptation of the Fordson tractor for the purpose.

Wallace Covington is on the street grading job for the city.

**ROUTE 5 NOW DAILY**

Route 5 which last July was created as a semi-weekly line operating southeast from Lakeview store was recently converted into a daily line. This change has been made necessary due to the closer development of that territory and to the increase in the amount of mail carried on this route.

The carrier on Route 5 is Jeff Welbourn.

**AN APPRECIATION**

We wish to thank our many friends and neighbors for their thoughtfulness and sympathy shown us during the illness and death of our beloved baby, Lola Marie.

MR. and MRS. PERKINS and Family.

**J. C. GARRET BUYS HALF NEAR CLOVIS, N. MEX.**

J. C. Garret this week is preparing to move to a half-section farm north of Clovis, N. Mex., purchased recently from S. A. Greer. Mr. Garret sold his farm near Starkey to G. T. Assiter of this city.

S. D. Saunders is another Starkey farmer who is moving further west. Mr. Saunders has leased a half section from Mr. Assiter near Bovina and is there now improving it. Mr. Assiter is also improving another half section near that place, which he will lease out.

**Mrs. W. S. Boothe Died Suddenly Sunday**

The death of Mrs. W. S. Boothe, of this city, which occurred Sunday evening about 6 o'clock, was sudden, her demise occurring in a brief period after she suffered heart failure, as she and her husband sat talking and reading.

Funeral services were held Monday afternoon from the First Methodist Church at 3 o'clock, Rev. C. B. Meador, of Abilene, close friend of the family, conducting the funeral service, assisted by J. Pat Horton, pastor of the Baptist Church and Rev. H. E. Smith. Interment was made in Floydada Cemetery.

With her husband, Mrs. Boothe moved to Floydada in 1917, in poor health at that time, and had been an invalid since 1920, when she suffered a severe case of influenza. Being confined to her home she was not widely known, but numerous friends of the family attended the funeral and many flowers attested the regard in which the family is held.

Mrs. Boothe was 64 years of age at the time of her death. She was a native of Harrison County, Texas. She was married to W. S. Boothe in November of 1879. She is survived by her husband and four sons, C. W., Joe F., E. E., and O. W. Boothe, all of whom reside in Floydada.

**Bureau is Granted Restraining Orders**

Injunctions were granted the Farm Bureau Cotton Association against two of its members at Littlefield, J. S. Collins and Frank Yohner, by District Judge R. C. Joiner this week. The order restrains them from selling cotton on the street. They had signed contracts to sell only through the association, the petition of the plaintiff alleges.

The injunctions are temporary and the cases will come up for trial in the next term of court in Lamb county.

C. K. Bullard of Dallas, representing the association, was here. Williams & Martin have been employed to represent the association in Hale and Lamb counties.

I. G. Stone, field representative of the association, was also here on the matter.

Several hundred farmers in this section belong to the association.—Plainview Herald.

**CARD OF THANKS**

We want to thank the good people, friends and neighbors, who were so good to us in the loss of our house. MR. and MRS. GEORGE McPEAK.

**PARTY OF SANTA FE OFFICIALS VISIT FLOYDADA FRI.**

Officials of the Santa Fe visited Floydada Friday of last week, spending a half day in the Floydada District. It was the first trip some of the party had made in this territory of the company's property.

In the party were: E. G. Engle, vice president of the Santa Fe system, and his assistant, Mr. Williard; J. C. Horton, general freight agent of the system; F. L. Myers, assistant general manager of the Panhandle & Santa Fe; T. B. Gallaher, general freight and passenger agent; J. F. Anton, division superintendent; J. W. Walter, division engineer.

**Silverton Woman Died Here; Buried Sunday**

Mrs. D. H. Yancy, whose home was six miles southwest of Silverton, died at noon Friday at the Smith & Smith Sanitarium, where she had been brought for an operation for peritonitis, but was too weak to go on the table Thursday night when the party reached Floydada.

Her funeral was held Sunday morning at 11 o'clock at Silverton, Rev. W. M. Draper, pastor of the Baptist Church there, conducting the service. The body was prepared and returned to Silverton by F. C. Harmon on Friday night, and the remains lay at the home of the deceased's father, E. H. Perry, until Sunday morning.

Mrs. Yancy was 42 years of age. She is survived by her husband, two daughters and a son.

**Reasons Why You Should Prefer**

For Economical Transportation

1— Chevrolet is modern in appearance. All models are of stream-line design, and fine, durable finish. Closed models have genuine Fisher Bodies.

2— Chevrolet is modern in construction. It has standard sliding gear transmission, Remy electrical equipment, modern cooling system, suction fuel feed with tank at rear, demountable rims, safe steering mechanism—in fact all essential engineering improvements found in the highest priced cars.

3— Chevrolet is full equipped as sold. We quote prices on complete cars only. Chevrolet is all there, ready for use as soon as you put on your license plates. Compare the fully equipped Chevrolet with other cars, plus their missing equipment, and satisfy yourself which costs least.

4— Chevrolet transportation averages less cost per mile than that of any other car at any price. This cost includes the list price of car, insurance, operation, maintenance, annual depreciation and interest on your investment. Why pay more per mile for lower quality?

5— Chevrolet has the most powerful motor of any low priced car. Its supremacy for hill climbing and hard going is well known. When there are most hills there are most Chevrolets. Why drive a slow car and hold up the line when it costs less to be a leader?

6— Chevrolet yields solid comfort in riding. This is due to its long wheel base, correct body suspension on extra strong and resilient vanadium steel springs, well-sprung and padded upholstery, deep seats with ample leg room, and correctly inclined backs. The double ventilating windshield and cool motor make driving a pleasure.

7— Chevrolet costs are low because so few hours per year are needed in service stations. Chevrolets are built to stay together, and do not require you to be always near a service station. When adjustments or repairs are needed the Chevrolet Flat Rate System keeps the cost down to the minimum.

8— Chevrolet is a quality car. You are proud to tell of your ownership of a Chevrolet. Your Chevrolet tells the world that you appreciate modern quality and are a good judge of values.

9— Chevrolet is built for safety. It steers firmly and easily and the steering gear will not lock itself. It holds to the road even at high speed on gravel. Its braking power is ample. It is easy to handle and accelerates so quickly it enables you to get out of a bad position promptly. It is one of the few cars granted Class A rating by insurance underwriters.

10— Chevrolet is easy to buy and easy to trade. In buying a home, you always consider what you could get for it if you ever wanted to move. Be sure the car you buy has a good trade-in value, so that when the time arrives to get a new one, you can make a good deal. Chevrolet's trade-in value is high because of the big demand for this well-built, long-lived automobile.

### W. M. U. AND SUNBEAM ANNOUNCEMENTS

The program that was to have been given on last Monday afternoon was postponed until next Monday afternoon.

Those who are on the program will please respond at the next meeting. A general business meeting will be had, together with a social touch, at which time a report of all committees will be had. Those on the committees please take notice. Don't forget to prepare for the bazaar and please remember the date—December 1st.

The Sunbeams will meet each Wednesday afternoon at 4 p. m. Your child will be taught by a devoted Christian leader. We will have material and equipment that will interest and help your child. The early impressions are the lasting ones and have very largely to do with molding the life in after years. How necessary, then that your child have the right leadership.

Mothers, please see that your child does not forget the day of the meeting.

Mrs. T. E. Lemons, who was operated on for appendicitis at the Smith & Smith Sanitarium November 14th is reported improving nicely.

### Locals and Personals
