MAY FETE PROGRAM AS SEEN BY FEMINE SPECTATOR

A spectator's impressions and write-up of the May Fete staged on the evening of May 3 at South Ward School campus by pupils of that school has been given The Hesperian and is being printed in this issue of the paper. The story follows:

One of the loveliest affairs of all our school season took place on the evening of May 3 at South Ward School grounds in the form of an outdoor May Day Fete. There gathered on all sides of an enclosed space for entertainers more than 1000 delighted spectators to enjoy the occasion that had been so ably arranged by South Ward teachers. There were more than 300 pupils who took part in rendering this wonderful program.

First came the beautiful little drama in the form of a "Talking Garden" by fifth and sixth grade pupils. The characters were beautifully dressed in white and green costumes. Each boy and girl wore gay caps, representing the flower they were impersonating.

The first act represented the flowers awakening in early spring from their long winter nap. Then came their leader, Jack-in-the-pulpit, suggesting a party in which they all are now about to enter into. All at once Ragged Robin, the peddler, appears on the scene and is found so clever, is asked to join the merry party. With frogs for music and fireflies for lights, the flowers enter into their folk dance, which was beautiful in its simplicity.

All at once the flower party is broken up and old grim Winter, the king, appears on the scene in all pomp and majesty, wearing his pure white costume and crown. Along with him are his attendants, March, April and May, each dressed as flowers.

The herald now announces the loveliest of all, the Queen "Spring," dressed in a pure white costume, tastefully

trimmed in sprays of flowers, Selma Louise Linder, who was to be crowned queen of the season. Preceding her comes the Ladies in Waiting, escorted by Lords of her court and Princess Helen Ramming, as her attendants. Following them came the lovely little Queen, her train bearers and 20 of the dearest little fairies, dressed in bright costumes. The Queen with her court reaches the throne where old grim Winter, J. D. Moore, abdicates in her favor, handing his crown to March, April and May. Princess Helen places the crown upon the regal brow of Queen Selma.

The court entertainment now began. The different groups were dressed in bright costumes, representing the beautiful Butterfly drill, Tumblers dressed as frogs. Calling Violets, a song by little boys and girls, I See You, by primary pupils in quaint Dutch costumes. Ribbon Drill, Pirates, by boys of several grades, May Pole dances by third and fourth grade pupils. Last of all was a Spring Chorus by pupils of several grades.

The writer never beheld a lovelier outdoor play. We as parents and friends owe much to our well-trained children and the untiring efforts on the part of teachers of South Ward.

CARD OF THANKS

We sincerely appreciate the aid and sympathy of friends on the occasion of the death of our little son Vincent, and will always treasure the thoughtfulness of those who brought the flowers that covered his grave.

Mr. and Mrs. W. G. Collins.

Mrs. E. F. Johnson, of Vernon, accompanied by Mrs. Mollie Berry, of that city, spent last week here on a visit with Jno. A. Fawver and family and other relatives and at Lockney with the M. M. Day family.

CHURCHES OF FLOYDADA GIVE SPECIAL MOTHER'S DAY PROGRAM

Special Mother's Day programs or sermons were given at most of the Floydada churches last Sunday, the observance of which had its beginning in the State in 1909 when the Texas Congress of Mothers and Parent-Teachers Association met in annual session in Dallas.

The program as rendered at the Cumberland Presbyterian Church opened with the song, "All Hail the Power of Jesus' Name," by the choir, followed by devotional exercises led by Pierce King. "Why We Celebrate Mother's Day" was the theme of Mrs. May Anderson's talk; M-O-T-H-E-R was given by Jean Bain; "Thoughts of Mother" by Margaret Anderson; an appropriate reading by Maydelle King; "Left Alone" Wanda Teeple; "Courage" by Opal Virginia Grigsby; "Have You Written To Mother?" Mildred Teeple; the song, "My Mother's Bible" by junior girls; "She Hath Done What She Could," B. F. McIntosh; "The Debts We Owe to Our Mother," Mrs. J. L. King; and closing prayer by E. C. King.

The 11 o'clock hour at the Baptist Church was given over to the following program: opening prayer by K. M. Borum, reading, Nell Stevenson; scripture reading, Verlon Harmon; duet, "Tell Mother I'll Be There," Truett Butler and Jess Wood; reading, Emma Louise Smith; tribute to mothers living, T. R. Webb; solo, "Mother Knows," Patty Looper, accompanied by Mrs. Martin Brown; tribute to mothers in Heaven, Mrs. Harper Scorgins; reading by Garland Foster; solo, Mrs. E. C. Nelson, Jr.

At the M. E. Church vocal numbers were given by the McMurry College male quartet; and a reading, "Home Memories" by Mrs. Ford Butler, while Mrs. Bob Henry accompanied at the piano with "Memories." Rev. Henson, following the recommendations made by

the International Mother's Day Association, divided his sermon into two parts, the first in paying a tribute to motherhood, secondly, awakening of an interest in the welfare of Christian homes.

WITH THE CHURCHES

THE CHURCH OF CHRIST

Announce their meeting to begin at the City Tabernacle on Friday night, June 4, with Evangelist John M. Rice, of Abilene, doing the preaching. Everybody is urged to attend and lend their assistance in this revival.

FIRST CHRISTIAN CHURCH

Frank LeRoy Davis, Pastor. The meeting closed last Lord's Day night with a house full. Had a good meeting and we feel that the membership was helped and those who attended were benefited. It is not always the number of additions a meeting has that determines the permanent good. Some of the best meetings we have ever

held there were several additions "out the back door." There were no such additions, however in our meeting, but one added to the membership.

The Bible reading contest paid big, had there been nothing else. It was a fine contest and 5,988 chapters were read and reported during the week. That was indeed good and 3 people read the entire New Testament thru and one more lacked only 2 chapters of reading it thru. All voted they were glad they had read so much. Services next Lord's day will be as usual, with the exception that there will be no evening service on account of the Baccalaureate services at that hour. Sunday School will begin at 10 o'clock with Supt. Lon M. Davis in charge. Last Lord's day we had a fine Sunday School and a better attendance than usual. Hope to have as many or more next Lord's day. Come and enjoy the services and study of the Bible. Immediately following the Sunday School will be the epraching and message will be vital and interesting. Weather and roads permitting we will preach at Newland next Lord's day at 3:30 p. m. We did not go last Lord's day on account of the Mother's day union services at Antelope of the two communities. But if nothing happens we will be there next Lord's day. Those living near there are invited to attend and enjoy the services with us. Come to the little Church and receive a big welcome.

METHODIST CHURCH

J. L. Henson, Pastor. Next Sunday at 11 a. m. T. J. Rea, pastor of The Methodist Church at Lockney will preach. Our services will be dismissed at 8 o'clock Sunday evening on account of the Commencement Sermon at the Floydada High School auditorium. We will preach at Roaring Springs at 11 o'clock Sunday morning, hold quarterly conference for Bro. H. C. Smith at 3 p. m., and preach at Mator and hold Quarterly Conference for Bro. Smallwood at night.

FLOYDADA CIRCUIT WEST

J. N. S. Webb, Pastor. Sunday School at 10 o'clock, preaching at 11 and at 3:30 at Cone Sunday. Preaching at Farmer at 8 o'clock that night.

W. M. U. Program, Monday, May 17

Subject: Our Hospitals at Home and Abroad. Leader—Mrs. A. H. Maning. Song—"The Great Physician." Scripture reading. Prayer—Mrs. Lon Smith. The Book of Numbers—Mrs. E. R. Borum. Music—Mrs. J. V. Daniel. New Hospitals and Enlargements in the South—Mrs. Clifford Tubbs. Reading—Robbie Archer. Medical Evangelism in China—Mrs. T. S. Stevenson. Solo—Mrs. E. L. Angus. Autumn Gold—Mrs. Herbert Ralls.

CHURCH OF CHRIST PICNIC

Last Sunday just after Church every

one took lunch and went to the canyon, where they had a bountiful spread under the lovely trees. Everyone present enjoyed the day so much that it was suggested they go again some time in the near future.

Christian Church Council Meets

The Women's Council of the First Christian Church met all day Monday with Mrs. L. H. Dorrell. Each woman brought a dish of something good to eat, and the men were invited to dinner at the noon hour. An interesting program was rendered in the afternoon. The secretary, Mrs. E. E. Johnson, is visiting friends in Crowell this week. One of the old members, Mrs. Champ Walters, returned to the city Monday after a long visit with friends in California. Officers were elected as follows: President, Mrs. J. B. Jenkins; vice-president, Mrs. J. A. Enoch; secretary-treasurer, Mrs. E. E. Johnson; reporter, Miss Oma Johnson. A candle stick set was presented to Mrs. Sam Abston, who is moving to Kansas. The Council regrets very much to lose her.

Aiken News

Aiken, May 10.—Sunday was Mother's Day, and the people of this community and neighboring communities enjoyed a splendid Mother's Day program that morning, put on by the two Sunday Schools here. Both Sunday Schools were at their usual high mark of attendance. Ed Brown and family of Floydada and Mrs. Susie Flanary and little son of Ralls spent Sunday with R. E. Jones and family. Mr. and Mrs. G. E. Rigsby and Mr. and Mrs. Robert Self spent Sunday with Mr. and Mrs. D. M. Marshall. W. R. Rutherford and family visited with Mrs. Rutherford's mother of Tulia Sunday. Mrs. Rose of Olton spent Saturday and Sunday with her son, Loyd L. Rose, principal of Aiken School. Miss Myrtle Miller, who is teaching school at Canyon, spent the week-end with her father, J. S. Miller. Miss Madge Day, who has been attending college at Canyon, spent the week-end with her parents. School will be over now before we can realize it. The teachers and pupils are very busy preparing for final examinations. Farmers are taking advantage of the last few weeks of fair weather and have been planting their crops. Some have cotton and feed stuff up. It is looking fine. Guy Ramsey, who has been at Marlin taking baths for his health, has returned much improved, we're glad to report.

Blanco News

Blanco, May 11.—A small hail and nice shower fell in this community Monday afternoon. Farmers are very busy planting feed and cotton between showers. They say weeds and grass are coming fine too. Several from this community attended the services at McCoy Sunday night.

Earl Rogers and family visited relatives in Mitchell County over last week-end. The mother's Day program given at the school house Sunday morning was well attended. We are sorry to report Mrs. L. T. Brown suffering with rheumatism. Hope she is soon better. Rev. J. W. Dalton and children, W. C. Cates and family, J. B. Tinnin and family attended the Mother's Day program at Campbell Sunday. Collier Smith of Lubbock attended the exercises here Sunday morning. F. W. Farley and family visited their daughter at Acuff since our last paper.

Starkey News

Starkey, May 11.—Starkey school turned out Friday. Most children and parents went to the canyon, and every one seemed to have an enjoyable time. Corley Clay and wife from Lubbock spent Saturday and Sunday with Mr. Clay's father. Several from our community visited the church and singing at Cone. No singing, church or Sunday School was held at Starkey Sunday, but hope they will be next Sunday. Starkey community took the play, "Little Clod Hopper," to Sand Hill Friday night. A large crowd attended.

Mrs. Baird Bishop and little son, Kenneth Baird, of Kress, visited relatives here over the week-end.

Judge J. N. Stalbird, of Lockney, was in Floydada Friday last on legal business.

Bishop Gets Article In Texas Highway Bulletin

An article written by Eddie Bishop, secretary of the Floydada Chamber of Commerce, pertaining primarily to this city's very favorable location on the Lee and F. F. F. Highways and the service which the Chamber of Commerce is prepared to render the tourists which pass through Floydada appeared in the April issue of the Texas Highway Bulletin. The Bulletin is published monthly under the direction of The State Highway Department, at Austin.

Eddie's story is as follows: Floydada is preparing to take care of thousands of tourists this year in a way that will make a favorable impression on every person that will have

occasion to travel the highways that pass through here. The value of the tourist "crop" has long been recognized by West Texas.

Floydada is extremely fortunate in being located on the great Lee highway, "The Main Street of America," which extends from New York to San Diego, California. The tourist who travels this route will have the pleasure of viewing the growing towns of West Texas. The "Llano Estacado" or "Staked Plains" are crossed in Texas and eastern New Mexico, where one begins to see the range country. All along this great trans-continental highway, which connects the nation's metropolis with the southwest and California in the most direct route, will be found a remarkable number of those things that attract travel.

Located in the central part of the F. F. F. (three F) highway, Floydada

is recognized as the middle F. Beginning at Fort Worth, the first F, the highway extends to Frisco, N. M. the third F. Those who travel this route will have the opportunity of seeing a variety of country, plains, mountains, lowlands, valleys and every occupation from city industry to ranching. Along the F. F. F. is perhaps the most fertile soil found in either of the two States, Texas and New Mexico.

The Chamber of Commerce will be in position to furnish all the desirable information that will be necessary as to highway conditions, nearest routes, cities located on the highways and Floyd County.

Maps of every bordering State have been secured including a large map showing every important highway from Memphis, Tenn. and St. Louis, Mo. to San Diego, California, where every tourist may select his own route.

The custom of maintaining a free tourist camp ground will be continued and the grounds placed in a clean sanitary condition. Floydada invites the tourist to come and see.

HISTORIC CHEST GIVEN TEXAS U.

Austin, Texas, April 11.—On exhibition in the University of Texas archives is an oak chest of great historic value which has been attracting much attention. Presented to the people of Texas during the recent meeting of the Texas State Historical Association at the University of Texas, it will be kept in the University archives. The chest was made from wood taken from a house in the old state capital at Washington, Texas, and veneered with walnut from the desk on which the declaration of independence of Texas from Mexico was signed. Burnt in the top of the chest is the following inscription:

"This Box was made by Mr. John M. Gould; and, by him, presented to R. R. Peebles of Austin, Texas; out of materials taken from a house in the town of Washington, Texas, wherein sat the General Convention which on the (2nd) day of March, A. D. 1836, unanimously resolved and declared 'That the political relation heretofore existing between the General Government of Mexico and her Texas colony were for real causes and substantial reason, from that day and hour considerably, formally, and eternally ended. Which declaration of independence thus and then made and proclaimed was honorably verified and substantiated by its arms on the Plains of San Jacinto, April 21st, 1836.'"

McMURRY COLLEGE GAINS FIRST CLASS SENIOR RATING

Abilene, Texas—McMurry College has been given first class Senior rating at the meeting of the Association of Texas Colleges. In other words, credits from McMurry will be accepted at full value at any other college or university.

This is a rather unusual accomplishment for so young a college, as this is only the third year of McMurry's history. The first year it was given first class junior college rating, and with the addition of the other two years of work, more equipment, and new courses first class standing has been attained. The college authorities have been assured of recognition by the State Department of Education within the next ten days.

Six B.A. degrees, twelve diplomas from the Academy, and four diplomas from the Expression Department will be given in June.

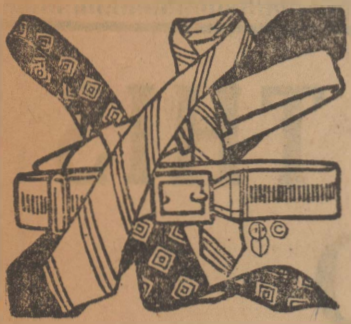

Providence News

Providence, May 10—A big 3-inch rain fell here last week, accompanied by hail which did considerable damage to wheat. Many of the farmers had insurance and went and put in their claims. We have not heard what per cent they got, as the adjuster has not arrived yet.

School will close here this week, with a basket dinner and a program in the afternoon and night, put on by the Children and Ladies Club.

"FISHY POETRY"

We, as the fish,
There is no mistaking,
Do our best
In each undertaking.

So here is a list
Of our classmates dear.
By this, we can
Always remember this year.

Popular Lee Bedford,
The President of our class,
Everybody likes him
And knows he will pass.

Jolly, brown-eyed, Robbie Archer,
The girl who speaks so well,
I know you have heard of her,
And so of her fame, I will not tell.

Winfred Newsome,
Studies Spanish very hard.
For having friends,
He's everybody's "pard."

Mildred Strickland,
So modest and sweet,
All her studies
Are hard to beat.

Pope
A peculiar boy.
Others and girls
Does not annoy.

Edna Oneta Carter,
Who is so quiet, good, and nice,
Adopted a good motto:
Before she speaks, she thinks twice.

A nice boy
Is James Boothe.
For candy and such things,
He has a sweet tooth.

Troy Willis, with the boyish bob,
Troy is always in style.
She sits in her seat,
With her feet in the aisle.

Horace Carr
Is a good boy.
His life is full
Of hope and joy.

Herma Lee Norman
So lively and gay,
She is awfully kind,
In each and every way.

Charles Matthews,
The solemn sage,
He is far advanced
For his young age.

Bashful Mary Gamble,
The nicest of girls,
Her rosy cheeks are natural,
And so are her curls.

Frank Montague
So quiet and nice,
I doubt if he would
Fear the mice.

Cotton-headed Thelma Covington,
The cutest kid in town
Her voice is loud enough
To kill every other sound.

Jim Hardgrove,
Our country clown,
Studies hard since
He came to town.

Golden-haired Ann Robert,
The one we love so much.
She teaches us algebra,
Nice things, and all such.

Bashful Loyd Bedford,
The boy is so quiet,
Everybody likes him because
He always acts good and right.

Jessie Merle Scoggin,
A good sport indeed.
She helps everyone
When they are in need.

Ben Wimberly,
A real fat boy.
He is very useful
An "M" System employee.

Pretty Vela Blasingame,
She is everybody's pal.
Every boy wants to call her
His own little "gal."

Theron Summerville
Is quite a mystery.
Everyone wonders
Why he doesn't like history.

Studious Ruth Stegall,
"The smartest one in the class."
She makes excellent grades,
And at thinking, she's fast.

N. B. Stansell,
A good little chap,
He is always polite
In tipping his cap.

Kathleen Snodgrass,
The "most popular girl" in the room.
No wonder she uses
Face cream and perfume.

Delbert Eubank,
An orator great.
We fish often think,
He's the best in the state.

Gay Ima Johnston,
A better sport you'll never know.
But she's everybody's
Friend and pal also.

good student
Is Arden Brown.
To go to school
He stays in town.

Teva (Skeet) Swinson,
So meek and mild,
But she doesn't hesitate.
To give everybody a smile.

Frank Roberts
In deportment isn't good.
He sits in class
And chews his cud.

Good Annie Bond, the one
We would like to do something for.
But she is better off than we,
Because she has a Chevrolet car.

Eugene Coward
In algebra is very smart,
And I am sure to somebody
His knowledge, he will impart.

Jolly Merle McFarland,
Is liked by everyone,
Although she is usually solemn
She is often full of fun.

Dale Strickland
Is a mischievous lad,
He plays jokes in school
And makes the teachers mad.

Ray Louise Kirby,
So jolly and gay,
Makes new friends
Each and every day.

Good Sam Moore
The boy that wears glasses.
He knows his lessons
When he goes to his classes.

Curley haired Dorothy Daniel,
The one we like so well,
She always has her lessons ready,
When the janitor taps the bell.

Good looking R. V. Husky,
So nice and smart,
It is not often you find
Boys of this sort.

Ruth Enoch's name, each month
Upon the honor roll appears,
She is a good student,
And of failing has no fears.

Good looking Woodrow Goen,
He is a regular shiek.
He wears jelly-bean trousers,
Pressed twice a week.

Marguerite Fox
Loves no boys,
But likes to fill
Their ears with noise.

Duncan Hollums
Is full of fun.
He is a sport,
And sure can run.

Studious Ruth Jenkins,
The girl with the beautiful hair,
When one talks of failing,
Ruth gets no scare.

Sensible Pete Nelson,
Studies so hard and is so mannish,
But Pete is serious,
When he says, he doesn't like Span-
ish.

The poet, Oleta Jackson,
I am sure her poem you all love to
read.
Let's wish her good luck,
For she has wonderful ambition
ahead.

Silly Harold Terry,
Full of fun and chaff.
He keeps everybody
In a rollicking laugh.

Happy Virginia Meachum,
The one who always sings,
Wherever she is,
That place with music rings.

Friendly Rushelle Morris,
The girl everybody likes,
Rushelle like to go on,
Picnics and hikes.

Sensible Lillie Mae Pope
We often see
No one could be nicer
Than she can be.

Good Margie Norton,
No smarter pupil you could find,
But this does not keep her from
Being nice, friendly and kind.

Good Inez Switzer
The one who is so polite.
Inez is never loud,
But usually very quiet.

Mattie Pearl Heard,
So graceful and tall,
She makes good grades
And is not ignorant at all.

These verses, my readers,
If you care to know it
Were written by Mildred Teeple
Our Class Poet.

"JUST A FISH'S DESK"

Good-bye little battered desk
In the 8th Grade study hall
We are off for vacation,
Till school begins next fall.

We hate to leave Miss Robert,
Miss Bond, our good times and joys.
But we are leaving them all behind
For the 8th grade girls and boys.

And when next Fall comes around,
And we come straggling back,
We will not find the 6th and
Seventh grades going in a shack.

And we as fish will not be,
But Sophomore,
A little higher up, you see,
Upon the second floor.

And each year,
Higher up will climb,
Until we have reached
Our heights sublime.
And when we out in the world
Will go, and work our way,
We will think of our business
And not of play.

So good-bye little desk,
For awhile, I leave all strife,
But take with me pleasant memories of
This year, that I'll remember all my
life.

And when I am old,
And my years are few,
Dear little desk,
I'll think of you.
Mildred Teeple, Freshman.

TO LINGUISTIC FALLS

We leave Floydada
To hurry to the old cap rock
We hear the horn as it loudly squalls
It says we are on our way to Linguistic
Falls.

Now we hear someone shout
Put on the old cut-out.
It all seems we go much slower
But still we hear it loudly roar.

As the road of tracks get few,
We have to turn off at Curlew;
Away on ahead we go past the post,
Now we find that ourselves we have
lost.

The lead, dropped near a stack of hay

We called, "Come on, we'll lead the way"
As we go down the crooked fence of wire
The first gate we turned in to in-
quire.

Where is Linguistic Falls? Asked the host.
Right over yonder a mile from the gate post.
As quick as the road we all had learn-
ed
All right around begun to turn.

The front car stopped with mud on its body
And said, "Look at that puddle of water."
We all cried, "That does not matter
Just listen to this old Ford chatter."

They all listened at the old Ford kick
While she went through and did not stick.
So called we, "Come on you runts."
We have already opened up the ruts.

Soon to our real surprise
The cars were headed down a rise.
I my foot on the brake flopped
And turned around to see the others
all stopped.

We went over hills and rocks and all
kinds of barriers,
And the whole bunch returned
through the narrows,
When the crowd had reached the cars,
There was not one who looked like
movie stars.

Our cars were turned homeward bound,
In about a mile to find ourselves
almost drowned;
From then onward we made a blue
streak,
And soon found ourselves on a Floyd-
ada Street.

FOR WORKING PEOPLE

The best of workers get out of sorts when the liver fails to act. They feel languid, half-sick, "blue" and discouraged and think they are getting lazy. It is just the medicine needed to purify the system and restore the vim and ambition of health. Price 60c. Sold by all Drug Stores.

ON THE BIGNESS OF THE PANHANDLE OIL FIELD

The closer we are to a big thing the smaller it looks. People who live in close proximity to Pike's Peak are said to have little interest in this very interesting mountain and residents of that region of Kentucky near the Mammoth Cave are not eager to see its wonders. To both of these, not to mention Niagara Falls, distant people travel by the hundreds to see the wonders of the natural phenomena.

Such is about the situation with West Texas people as regards the North Panhandle oil strike. It is the biggest thing that has happened in Texas, without doubt, since old Spindletop days. It has uncovered an area of oil and gas bearing sands that is already counties long and many miles wide. Its area is only yet guessed at. And the immensity of the wealth that is being poured into the section in development by large and small investors may be only approximated by saying that it is up in the millions. The boom has only gotten well under headway. Towns are springing into cities and new towns are growing into cities overnight, such is the power of the immense wealth going there. But the folks not in the development area are not heated up about the wonders of the transformation that is taking place. It is so close by, the terrain is so familiar as it were, that announcements of new gushers opening new territory to oil development, coming almost daily, barely make a ripple in this close proximity.

WARNING

Notice is hereby given that my pastures along the caprock and under the hill on Quitaque River have been posted and anyone found trespassing on any of these premises will be prosecuted.

This does not mean that I do not want to be neighborly with the neighbors, but picnickers, hunters, wood haulers and sand haulers have torn down my fences and gates and left them down, shot my cattle and run them out of their ranges along the creeks and river until the cost to me has become so high and the annoyance so great that I am forced to take energetic means to put a stop to it.

This full explanation is made so that the public will understand the situation fully. Picnickers are making a regular playground out of these pastures, coming twenty and thirty miles. Every Sunday the premises are so full of people there isn't any range left for the cattle. With this explanation, please take notice as I am forced to take steps to protect my property.

NOTICE TO DOG OWNERS

The taxes on Dogs for 1926 are due and payable at the City Hall to Tax Collector. You will please get your tag and help me get rid of the worthless dogs.

The City Council expects me to enforce the ordinance. From June 1st, 1925, up to this date I have killed nearly 200 dogs. I have not killed any dogs that the license had been paid on.

During 1925, 68 paid licenses on their dogs. If you will help me and report to me any dogs that haven't been paid on, that are loafing or running at large, I will be glad to get the dogs. I will try to enforce this ordinance with due respect to all.

Taxes on Dogs: Male \$1.50; Female \$5.00.

NOTICE
I, Burl Bedford, City Secretary of the City of Floydada, Texas, do hereby give notice of the things contained in the following Ordinance:

ORDINANCE NO. 77
Ordinance of the City of Floydada, Texas, determining the necessity of levying an assessment against the property and the owners thereof on a portion of Main Street, Missouri Street, Fifth Street, Wall Street and California Street in the City of Floydada, for a part of the cost of improving said streets, and fixing a time for a hearing of the owners or agents of said owners...

BE IT ORDAINED BY THE CITY OF FLOYDADA: That, whereas, the City Council of the City of Floydada, has heretofore by ordinance duly passed and approved ordered the improvement of the following streets, to-wit: Main Street, from the North Property Line of Missouri Street to the South Property Line of Virginia Street...

AND, WHEREAS: plans and specifications for the improvement of said streets have been duly prepared and approved as required by Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Ordinances of the City of Floydada; and

WHEREAS, as required by said Ordinances and Statutes, after bids for said work of improvement has been made, said work of improvements was let to Earl W. Baker & Company to improve with a two and one-half (2 1/2) inch brick pavement on four and one-half (4 1/2) inch concrete base, including excavating, grading and filling and concrete curbs and gutters and other necessary work in connection therewith, as provided by said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Floydada and Earl W. Baker & Company for the construction of said improvements;

THEREFORE, BE IT ORDAINED BY THE CITY OF FLOYDADA: That the report or statement of the City Engineer filed with the City Council, describing the abutting property and giving the names of property owners and number of front feet and the cost of improvement chargeable against each abutting property and its owner, having been duly examined, is hereby approved. That the City Council does hereby determine to assess the entire cost of curbs, and three-fourths of the cost of all other improvements, against the owners of the property abutting thereon, and against their property, in accordance with the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Ordinances of the City of Floydada, That the said assessment shall be made after the notice to such property owners and all interested persons and the hearing mentioned, and that the said portion of the said cost of improvements to be assessed against such property owners and their property shall be in accordance with the Front Foot Rule or Plan in the proportion that the frontage of the property of each owner bears to the whole frontage of the property to be improved; provided, that after such hearing, if such plan of apportionment be found to be not just and equitable in particular instances, the City Council shall so apportion all said cost as to produce a substantial equality between all such property owners abutting on said portion of said street, having in view the enhanced value of that property and the benefits derived from such improvements and the burdens imposed upon them by such assessment, and that in no event shall any assessment be made against any owner or his property in excess of the enhanced value of such property by reason of such improvement. That the proportionate cost of such improvement which is contemplated to be assessed against such owners and their properties shall become due and payable as follows:

One-sixth payable within thirty days after completion and acceptance by City of Floydada, Texas; one-sixth payable one year after said date; one-sixth payable two years after said date; one-sixth payable three years after said date; one-sixth payable four years after said date; one-sixth payable five years after said date, together with interest from said date at the rate of 7 per cent per annum, and reasonable attorney's fees and all costs of collection in case of default. That a hearing shall be given to said owners, their agents and attorneys, and any person or persons interested in said improvements, before the City Council of the City of Floydada as provided by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Ordinances of the City of Floydada, which said hearing shall be had on the 20 day of May, 1926, at 9 o'clock a. m., in the City Hall in the City of Floydada, Texas, and which said hearing shall be continued from day to day and from time to time, as may be necessary to give all said property owners, their agents or attorneys, and any interested persons or persons, shall have the right to appear and be heard in any manner concerning the said improvements or said assessment, or the benefits thereof to their said property, or to any other matter of things in connection therewith, or to contest said assessment, and at such hearings a full and fair opportunity shall be extended to said property owners, their agents or attorneys, and to all interested persons, to be heard with respect to such improvements.

That after the conclusion of the hearing above mentioned such sum or sums as may be determined by the City Council to be payable by said property owners shall be assessed against them respectively, and against their respective properties, by ordinance or ordinances, in the manner prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Ordinances of the City of Floydada.

That the City Secretary of the City of Floydada is hereby directed to give notice to said property owners, their agents or attorneys, and to all interested persons, of said hearing, as prescribed by the provisions of Chapter 11, Title 22, Revised Statutes of Texas of 1911, and the Ordinances of the City of Floydada, by publishing said notice three times in a newspaper of general circulation in the City of Floydada, the first of said publications to be made at least ten days before the date set for said hearing. Said City Secretary may also mail a copy of said notice by registered letter to each of said property owners, if known or their agents or attorneys, if known, said letters to be deposited in a post office in the City of Floydada at least ten days before the date set for hearing. However, said notice by registered letter shall be cumulative only, and notice by publication shall be full, due and proper notice of said hearing. No errors or omissions in the descriptions of the properties abutting on said street shall in any wise invalidate said assessment, but it shall be the duty of such property owner or owners whose property is incorrectly described to furnish a proper description at the hearing or hearings provided for. No error or omission of any character in the proceedings shall invalidate any assessment or any certificate issued in evidence thereof.

BE IT FURTHER ORDAINED BY THE CITY OF FLOYDADA: That the fact that the improvement of the street herein named is being delayed pending the taking effect of this ordinance, and that the conditions of said portion of said street endangers the public health, safety and property and creates an urgent public necessity for the immediate preservation of the public peace, property, health and safety, requiring that the rules providing that no ordinance shall be passed on the day on which it shall be introduced, and providing that no ordinance shall become effective until ten days after the date of its last publication, and requiring that said ordinance be published once a week for two consecutive weeks in some newspaper published in the City of Floydada, be and the same are each hereby suspended, and that this ordinance shall be and is hereby passed as an emergency measure, and shall take effect and be in force from and after its passage.
