

Ralls Eleven Tackle Whirlwinds Tomorrow

Game at 3:30 on Floydada Gridiron Expected to Be Revelation Of Whirlwinds.

With their newly discovered power as material evidence of what they can do on the gridiron, the Floydada High School Whirlwinds are expecting to give another revelation tomorrow afternoon when they clash with the Ralls Jackrabbits on the local grid.

Although the Whirlwinds have taken two defeats this season, they are not expecting another defeat tomorrow. Monday they displayed a new brand of football and held the Post eleven to a scoreless tie.

Ralls defeated Crosbyton last Monday 6 to 0, and the local boys took a defeat by the same score at the hands of the Crosbyton squad.

Whirlwind fans insist, however, that Floydada has a different team now and predict a close game, and may be a victory for the locals.

Friday's game will mark the first "at home" game since the Matador game.

The Ralls team are receiving excellent backing by fans and expect to bring a large delegation of rooters.

Following the officials' special will come Wichita Falls, Dallas, Fort Worth, Amarillo and Childress in the order named, unless plans are changed.

Thousands of Floyd County people are expected at Lockney to witness the spectacle of the six big specials, the like of which has never been seen in this section before.

Two Routes Longer As Star Route Taken Off

Rail Service From the East Supercedes Motor Star Route From Matador.

With the discontinuance of Matador Star Route out of Floydada effective tomorrow, extensions and changes in Routes Two and Five out of the point southeast will also become effective, it was stated this week by Postmaster J. D. Starks, whose instructions from the Post Office Department were to make the necessary changes in Route Two to give people on the Star Route adequate service, following an inspection made recently by an inspector.

The changes in the two routes will make both of them longer. Route Five, served by Carrier G. N. Shirley, is extended by the order from a length of something less than twenty-five miles to fifty-three miles, and Route Two, carried by L. J. Welborne, is extended to a length of fifty-six miles. With the discontinuance of the Star Route the Route Five carrier will start out from town on the route heretofore served by the star route carrier.

Discontinuance of the Roaring Springs Route closes the chapter for the last vestige of the early-day service which was the first made by which Floydada and people of this section received their mail. The route ran out of Childress and made daily round trips by mule teams and hacks over a route more than a hundred miles in length. Relays of mule teams every nine miles were used and the teams always left town in a lopsided, good weather and bad, little wry mules being used for the purpose. About 1909 the first rail service was instituted into Floydada from the northwest and about the same time the first service by mail was given the cities and towns along the old route under the carcock, and the length of the route reduced nearly seventy miles. The route from Roaring Springs by way of Matador has been in operation nearly twenty years under various contractors who have served it with motor cars.

Rail service over the Q. A. & P. has superseded the Star route service that has served to give communication by mail to Floydada, Matador and Roaring Springs.

Lions Club Organized At Meeting Tuesday

Will Meet Each Monday Noon; Thirty-Five Charter Members Present At Organization.

More than thirty-five business men of Floydada became active charter members of the Lions Club of this city last Tuesday evening when organization of the club was completed in a meeting at the First Baptist Church. The Floydada club will be affiliated with the National organization and the charter will be issued out of the National headquarters at Chicago this week. The Lions Club in this city will replace the Floydada Luncheon Club which has been active for the past three years.

W. C. Davis, president of the Childress Lions Club, presided temporarily Tuesday evening, and directed the organization of the club. He explained the purpose of a Lions Club and emphasized the fact that the main ideal of all such organizations is "service," combined with "fellowship." Mr. Davis was assisted in the organization of the Floydada club by J. S. Mullen and A. L. Landrith, members of the Childress club, and J. S. Pitman, member of the Wichita Falls club.

W. E. Patty, superintendent of the Floydada schools, was elected president of the local organization. The following board of officers was recommended and unanimously accepted: J. C. Gilliam, first vice president; S. W. Ross, second vice president; J. G. Wood, third vice president; E. L. Norman, secretary and treasurer; John Maxwell, tail twister; and W. L. Fry, Lion tamer. A board of directors composed of W. H. Henderson, P. G. Stegall, O. P. Rutledge and C. H. Davis, was also elected.

The organization meeting Tuesday evening was filled with enthusiasm and was thoroughly enjoyed by the new members. Members of the Childress Lions Club were elated over the interest shown and predicted a very successful club in this city. President Davis stated that the Childress branch had organized five clubs in this section and that a large representation was present and more interest manifested in the Floydada club than any they had organized.

Decision was made Tuesday to hold meetings each Monday at 12:30 o'clock. A committee composed of C. R. Houston, Joe Eased, and Glad Snodgrass was appointed to make arrangements for the meeting place. A delicious chicken dinner was served by the Ladies Sunday School Class of the First Baptist Church. Small rose buds made very attractive plate favors.

J. S. Pitman, of Wichita Falls, gave a piano selection, and after several peppy songs by the club and rousing "Oo-wah" club yell, the members adjourned.

Two Hundred Banquet At School Dedication

Completion of Fine School Plant At Allmon Celebrated Last Friday Night.

Dedication of the new \$14,000 brick school building of the Allmon District was held Friday night, November 9, with a banquet in the auditorium of the building. Two hundred and ten people from the community and neighboring communities were seated at the banquet tables.

The Allmon school marks the completion of the twenty-first brick school in the county. It is composed of three standard size class rooms, a teacher's office and reception room, library, and a large auditorium, with a hall down the center of the building. The auditorium can be easily converted into two class rooms when the need should arise. The school boasts of a good piano and is fully equipped with the exception of seats for the auditorium. Proceeds of the banquet will be used for that purpose. A four room teachers' home has just been completed.

Trustees of the school are J. S. Jones, president; E. M. Carmickle and E. F. Foster.

Miss Lou Featherston, principal, Miss Blanche Wartes and Miss Fay Wristen are teachers of the school. Dean Z. T. Huff of Wayland College, Plainview, gave the principal address of the occasion. Dean Huff who had been called upon at a late hour to take the place of Clark M. Mullican, of Lubbock, district judge, who was unable to attend, responded very graciously on the subject of "The Value of an Education."

In beginning Mr. Huff said "Our Schools constitute one of the biggest businesses of our country" and went further to give instances where college trained people are preferred in business to those poorly trained. In conclusion Mr. Huff gave four points which he said he considered the most important for the student to consider in choosing a vocation and they were, vocation you like; one that gives you pleasure; good pay—furnishing the necessities of life and some of the luxuries; one that does not endanger morals or health; and one in which you can render a service to humanity. "But above all choose a profession you like," His motto he said was "Enter to learn, leave to serve."

The opening number of the program was the singing of "America" by all. G. W. Phipps gave the invocation. Grandma Allmon, who has been a resident of the community for a number of years and for whose husband the school was named gave the welcome address.

The history of Allmon school was given by H. A. Krause. His comic comment upon the various stages of the growth of the school kept the entire audience in a constant uproar of laughter.

Short talks were made by J. S. Jones, of Allmon; G. L. Snodgrass, Harmony; Coke Fullingim of Lorenzo; Mrs. Smallin of Petersburg; Artie Baker of Lockney and Rev. Ben Hardy, Edd Bishop Joe Breed and Miss Blanche Bass of Floydada, Price Scott, County Superintendent, in a short talk urged the school children to take great care of their new building.

One of the feature numbers of the program was a vocal selection by the Petersburg trio, composed of Herman, Vernon and Ray Ely. They responded with several encores.

Fifteen minutes of fun was furnished by negro characters in the persons of Gordon Cox, Ernest Jones John Case, Paul Carmickle, Joyce Jones, Katherine Chapman, Dorothy Smith and Mary McElroy, who sang danced and told jokes.

L. G. Mathews, of Floydada, presided as toastmaster. Floydada Band furnished music throughout the evening. The menu consisted of baked chicken, dressing, glazed sweet potatoes, green peas, pineapple salad, pickles, cranberry jelly, cherry pie and coffee.

New Order Sets Dec. 18th For Road Bond Vote

The Floyd County Commissioners yesterday afternoon shortly before the close of their regular monthly session entered an order setting the date for the \$400,000 road bond election as December 18, the new order being entered when it was found that this would be necessary on account of an error in one of the four notices posted in the county covering the December 1 election date.

The court rescinded their former order setting the date for December 1 when the error was found and it became apparent that an election held under it would be invalid.

New notices will be posted and published according to law, Judge Wm. McGehee said late yesterday.

Rain Slows Gathering County's Row Crops

Continued damp weather throughout the past week, with a light shower Tuesday night of this week, has materially slowed down farming operations in the county, with the result that tremendous quantities of cotton and maize are still standing in the fields, awaiting better weather.

Probably not over four full days of gathering has been possible in the past fifteen days. Gins are running only part time, whereas normally they would be doing a double shift six days a week.

MINISTERS TO MEET

The Ministers Alliance will meet Monday morning at 11 o'clock at the Chamber of Commerce room, according to announcement made Wednesday by Rev. F. L. Davis.

All pastors and ministers of the city are urged to attend the meeting.

METHODIST CHURCH

Ben Hardy, Pastor
A good day Sunday with 275 in Sunday School. Next Sunday is our last before annual Conference which meets at Lubbock Nov. 21. Be sure to be on time next Sunday for Sunday School and for the other services of the day.

At night a summary of the years work will be given.

The three delegates from our church to the Conference are Mrs. H. N. Porterfield, J. M. Willson and W. A. Baker. A number of our folks will attend the Sunday of the Conference.

FIRST CHRISTIAN CHURCH

F. L. Davis, Minister.
Parsonage, 321 W. Georgia St., phone 316J.

Last Lord's day was a good day in most respects, although there was gloom cast over the entire church on account of the news that the Stevens family is going to leave this week. They are moving to Tulsa, where C. T. will become the agent of the Pierce Oil Corporation. We sure hate to lose them but we don't blame them for he has a better agency, than is here.

We are mighty anxious to have a full attendance of the membership next Lord's day at 11 o'clock as we will have to elect some officers to fill the vacancies caused by the leaving of C. T. Stevens. Come out and help elect those whom you want to fill these vacancies. You better come for we might elect you to one of the offices.

We had a fine time at the Farewell party last Monday night. Sorry you were not there. We found we had some real poets in the church. You may hear from them later.

The council meets each Monday afternoon at 3:30 o'clock at the Church, except when they have their birthday parties, then they meet at one of the homes. Prayer meeting each Wednesday night at 7:15. Last Wednesday we had the largest attendance we have had for some time. The Junior Endeavor meets at the Parsonage each Wednesday at 4 o'clock.

Next Lord's day the services will be held as usual: Sunday School at 10 o'clock with the superintendent, J. A. Enoch in charge. Morning worship at 11 o'clock. Endeavor will meet at 6 o'clock and preaching at 7 o'clock at night. The pastor will preach both services. At night he will give the second in the series on God, "God of Nature," being the subject.

Remember the little church with a big welcome is anxious to greet you at the services anytime. Come.

Weather and roads permitting we will fill our appointment at Newland next Sunday afternoon at 3 o'clock. The last time we were there was no one present, except two dogs. They came over when we arrived and remained until we left. The reason was because of sickness. But we had left our dog sermon at home and so did not have services. Come out next Sunday and let us have a god service. It is the only day the Lord really asks us to attend his worship and why rob him of it?

You Might Just As Well Have The Best

There still seems to be a great many people who have the idea that Kelly-Springfields cost more than other makes of tires.

This impression speaks well for the Kelly reputation, but, as a matter of fact, Kellys don't cost any more than the ordinary tire of the better grade. In other words, whether you buy Kellys or not, you are paying for Kelly quality—and you might just as well have what you are paying for.

NOTICE

My ranch land, located in the northeastern district of Floyd County and on the Quitaque River, is again POSTED and the road closed by lock and chain. Owing to the fact that my cattle are grazing on this land, we have found travelers and picnickers are a nuisance. The scattering of cans and papers which is endangering the stock as well as causing more flies, and the difficulty of keeping fences in shape, make it necessary to stop the public from entering said land. Hereafter, any person found therein will be prosecuted accordingly. The Flomot road or Quitaque road is private and CLOSED to travel. All business matters handled at headquarters. N. A. Adults Contract Children's Diseases

Adults can, and do, contract many children's diseases. And, usually, they suffer from them much more than children do. For instance, many adults contract worms, an ailment usually associated with children. Sometimes they suffer intensely and take expensive medical treatments, without realizing that worms are the cause of their troubles. Yet, the symptoms are the same as in children, loss of appetite and weight, grinding the teeth and restless sleep, itching of the nose and anus, and abdominal pains. And, the same medicine that surely and harmlessly expels round and pin worms from children will do the same for adults — White's Cream Vermifuge, which you can get at Floydada Drug Co.

To the first half-million new Ford owners

TO THE half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring.

The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

One of the best ways to do this is to take your car to the Ford dealer every 500 miles for oiling and greasing and a checking-up of the little things that have such a great bearing on long life and continuously good performance.

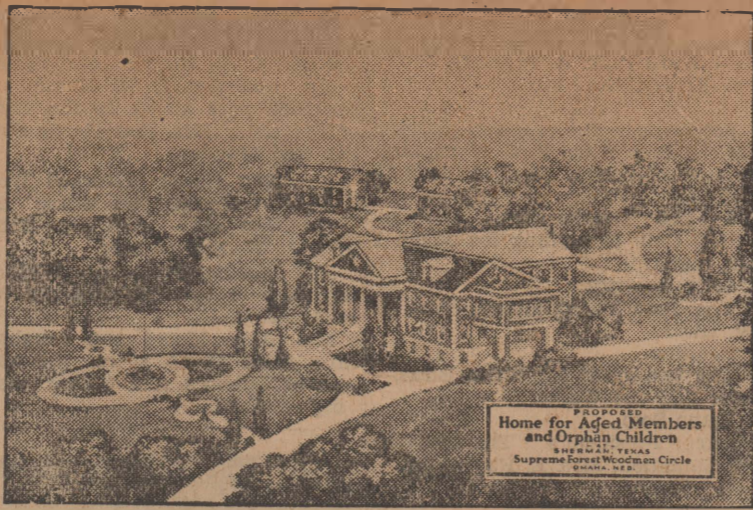

Such an inspection may mean a great deal to your car. To you it means thousands upon thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at a minimum of trouble and expense. That is the true meaning of Ford Service.

Woodmen Circle Breaks Ground For Aged Home

Wednesday, November 14, ground will be broken for the first building of the Woodmen Circle Home for Aged Members and Orphan Children at Sherman, Texas.

An interesting sentiment connected with the choice of November 14 as the date to break ground is that it is the birthday of National Secretary Dora Alexander Talley of Omaha, Nebraska. Mrs. Talley was born in Texas and made her home in the state until she became national secretary. For many years it has been her ambition for the society to have such a Home as is now being started.

Immediately after the groundbreaking ceremony active work will begin on the excavation for the Administration building. It is the aim of the Woodmen Circle eventually to have not just one home but rather a community of homes at Sherman.

National President Mary E. LaRocca of Omaha, Nebraska, will turn the first dirt with a silver pick which is treasured by the Sherman Chamber of Commerce.

The ceremony will be a birthday celebration in another way, for State Supervisor Etta Davidson of Houston, a member of the home committee, has announced that all applications received by the 14th will go to make up a huge Birthday Class in honor of Mrs. Talley. Texas recently began a year's campaign, the Rainbow of Progress, with the goal set at four million dollars worth of new business.

Mrs. Ella B. Starks financial secretary of grove No. 1033 is among the secretaries who are sponsoring the Rainbow of Progress for November.

There is to be a beautiful Avenue of Trees leading to the Home. The trees will signify the devotion of members of the society to their loved ones, for members have the privilege of contributing the sum necessary to buy a tree and each tree will bear a small metal band giving the name of the donor. Many trees will bear the loving sentiment beginning, "In memory of."

Texas members have contributed more than \$10,000 to the home fund. They have also made many pledges of articles to help furnish the Home and these articles will be exhibited at the state convention to be held next spring. Names of individuals contributing \$10 to the home fund will be

placed in the corner stone of the Administration building. These names will also be inscribed in a large memorial register which will be kept in the reception hall of the same building.

BE IT ORDAINED BY THE CITY OF FLOYDADA: That, Whereas, the City Council of the City of Floydada, Texas, has heretofore by ordinance duly passed and approved ordered the improvement of the following streets, to-wit:

WHEREAS: as required by the said ordinance and statutes, after advertising for bids, the work of improving said streets, between the points above named has been let to the L. H. Lacy Co. to improve with a six-inch reinforced concrete pavement, including excavating, grading, and filling and concrete curbs and gutters, and other necessary work in connection therewith, as provided by the said plans and specifications; and

WHEREAS, a written contract has been entered into by and between the City of Floydada, and L. H. Lacy Co. on the 21 day of Sept. A. D. 1928, for the construction of said improvements;

Now, therefore, BE IT ORDAINED BY THE CITY OF FLOYDADA: That the report or statement of the City Engineer filed with the City Council describing the abutting property and giving the names of property owners and number of front feet and the cost of improvements chargeable against each property and its owners, having been duly examined, is hereby approved.

Harmony News

Harmony, Nov. 12.—Farmers are very much pleased over the pretty weather this week and are making use of it too. Most everybody got behind during the continued wet spell, however the good season was appreciated and the small grain is looking fine.

HANNA SAYS ERROR SOME WHERE IN PAVING SUITS

That his reported connection with the suit instituted by property owners on West Mississippi Street as a plaintiff against the city, is erroneous, that he had not filed a suit to prevent the paving nor had contemplated such action, was the statement of W. C. Hanna, property owner on that street Friday of last week, following the publication by The Hesperian of a list of the names of sixteen persons who were indicated as parties in a suit filed in district court alleging that the paving would amount to confiscation of their property and also making other allegations opposed to the program, and asking for relief of the court.

"It is true I protested to the council against the paving and gave my reason; which was that the improvement would cost more than I was willing to pay for it at this time. It is also true that I refused to sign the petition for the paving, but did so on the ground that I would be unwilling to force an expense on someone else that might not be able to pay it. However, after the majority over ruled me and the council decided to go ahead with the paving, it was not and is not my intention to fight paving the street. The way I look at it, I can stand it if the rest of 'hem can.'"

Evidently his name was included in the list of plaintiffs through error, as he did not authorize the use of his name in the case, Mr. Hanna said.

FEDERAL AGENCY THIRD BEST IN THIS SECTION

The Floydada agency for Federal tires and tubes, handled by Gullion & Son, local tire dealers and tire service house, is the third largest in regard to volume of business in the territory served by the Amarillo Branch, which includes fifty-three points, according to a statement made last week by H. J. Bobbitt, president of the Shook Rubber Company of Dallas, jobbers in Texas for the Federal line.

The Amarillo Branch of this company serves practically all the panhandle and south plains and the local agency is in competition with several towns and cities two and three times the size of Floydada.

Mr. and Mrs. John Lewis, of Silvertown spent Saturday night and Sunday here on a visit with his parents, Mr. and Mrs. L. H. Lewis at the ranch.

Mrs. C. S. Gilliland of South Plains, has returned from Scott and White Sanitarium, where she underwent a serious but successful operation, and is doing nicely.

H. M. Houston, of Austin, was here the latter part of last week. Mr. Houston has been interested in Floyd County property a number of years.

Mr. and Mrs. W. A. Robbins, who are now making their home in Lubbock, spent last week-end in Floydada on business and pleasure trip.

Horse And Buggy Days Are Ancient History

You don't have to worry about the hold back strap any more. But in the place of the belly band and the horse and buggy trappings have come the Four-Wheel brakes and their demand for quick stops.

Four wheel brakes Make a Tremendous Demand on Tires and Tubes. If there is a weak spot on any of the four wheels it is likely to give way under the pressure.

That's why you should take our advice and use the vulcanizing process in tube repairs. Cold patches, "flat fixin'," just slap 'em on any old way, might have done for another day, but the time is here when the repair must be as strong as the rest of the tube.

We've had seven years in Floydada as Steam Vulcanizing experts. We have the equipment and we think we know how. Whisper "Got a Flat" to Telephone 83, and let the fastest road service wagon in Floyd County get on the job.

Fighting Whirlwinds Hold Post Scoreless

Floydada Gridsters Surprised At Newly Discovered Strength in Armistice Day Game.

Completely upsetting all dope and displaying a brand of football heretofore unknown in this year's line-up, the Floydada High Whirlwinds who have twice tasted defeat this season, held the powerful undefeated Post Antelopes to a scoreless tie Monday afternoon in an Armistice Day game on the Post gridiron. Had the Whirlwinds been one ounce heavier or swifter the story would have been a different tale, for twice the Floydada squad carried the ball to within eight inches of the goal line with three downs to put the pigskin across, and each time were held motionless by the heavy Post line.

Evidently, Coach Jones' gridsters found themselves last week when they took the Lockney team under for a 30 to 0 defeat and this week's game was a demonstration of their newly discovered power. They were doped as heavy losers, with odds stacking two to one against them, and their superior playing set the football fans of this district agog. And among all the fans, there was none more surprised at their strength than were the Whirlwinds themselves.

Dopsters have it that the Post eleven were a little overconfident, while the local lads were expecting their hardest game of the season and played a game that put all of their past encounters in the shade. At any rate, both squads displayed a wonderful brand of football and the Armistice Day game may easily be declared one of the best games in the Class B division of high school football in this district this season.

Cross Races 45 Yards
For the first three quarters of the game, the ball changed hands often, played in first one territory and then in the other. A break-neck game with each play bringing out brilliant playing by both the backfield and lines of each team. Only once did either team threaten to score in these three quarters of the game, but that one play was the outstanding play of the whole game.

With the ball on their own forty yard line, the Antelopes called for a pass to the right end—their most dangerous formation. Luman, Antelope quarter, shot-gunned the pigskin ten yards into the awaiting hands of Cross, right end, who broke through the Whirlwind line and raced down the grid for forty-five yards for a touchdown. And here the eagle-eye of Referee Griggs Bishop, saved the day for the Whirlwinds. A Post man was called offside and the ball brought back to the line of scrimmage and the score counted no-goal.

When the ball was brought back on this play and The Post squad drew a penalty, Luman called the very same play for a fifteen yard gain. This play and an off-tackle play were the two biggest ground gainers made by the Antelopes in Monday's game. Bill Cravy, 190 pound full back and a four year man, carried the ball on the off-tackle play and often around end for heavy gains. Chaney and Rea, were also outstanding players on the Post line-up.

Last Quarter Thrilling
If the first three quarters of Monday's game are termed as exceptionally good high school football, and fans admit that it was easily that, then the last quarter may be termed as super-football. Not until this quarter did the Post gridsters awake to the fact that the Whirlwinds were about to win the game. In the last four minutes of the game, Floydada had the ball on the Post eight inch line and were held for three downs. The ball went over and the Antelopes attempted a punt which was fumbled and covered by a Whirlwind.

Again, with less than a foot to go, they were held by the Antelope brick-wall line until the ball went over on the fourth down. A punt placed the ball in mid-field and the Post lads soon regained the possession of the ball. A series of long passes, Luman to Cross, carried the pigskin within eight yards of the goal line, and here the time-keeper's whistle ended the struggle.

Another All-Star Game
To pick the Whirlwinds that starred in this game would mean but one thing—to name the eleven first string men. To Dave Luttrell, right half, belongs an unlimited amount of credit for the Whirlwind game. Dave was in every play, whether offensive or defensive. Pete Nelson stood out as an offensive star, while McAda, Carter, and Summerville were outstanding defensive players. Welbourn and Porterfield were also demonstrative of the new Whirlwind fight.

A summary of the game shows that Post took to an aerial attack with ten passes completed and twelve incomplete. Floydada com-

pleted six passes out of twelve attempted. Because of their successful passes, the Antelopes made more first downs than the Whirlwinds. Floydada made nine first downs and Post twelve.

Although Floydada's punts were longer than those by the Post squad, they were not nearly as well placed. Post's average punt was thirty yards and usually well placed to go out of bounds, while Floydada's average was thirty four yards in mid-field. Floydada drew thirty yards penalty and Post thirty-five yards.

The following gridsters started Monday's game: Floydada—Terry, left end; Newsome, left tackle; Carter, left guard; Mathews, center; Green, right guard; right tackle, H. McAda; Summerville, right end, Porterfield, quarter; Nelson, left half, Luttrall, right half, and Welbourn full back. Post—Sewalt, left end; Askins, left tackle, Benton, left guard, Thaxton, center; Cearly, right guard; Mathis, right tackle; Cross, right end; Luman, quarter; Rea, left half; Chaney, right half, and Bill Cravy, full back.

Post Ideal Host
Between one hundred fifty and two hundred Floydada football fans accompanied the Green and White gridsters to Post City. The F. H. S. pep squad of fifty girls staged a down-town rally before and after the game and both the Green Pep-

pers and the Post pep squad participated and all were high in the praise of the sportsmanship of both sides.

Floydada visitors in the neighboring town declared Post an ideal host. Hesperian Want Ads Pay.
