

THE FLOYD COUNTY HESPERIAN

VOLUME 34

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, AUGUST 25, 1927.

NUMBER 26

Whirlwind Encampment Begins Monday Morning

Coach Ike Jay Sees Bright Prospects For F. H. S. Eleven as Season Opens.

Twenty stalwart F. H. S. huskies will trot out on the practice gridiron next Monday to begin their fight for positions on the Whirlwind football squad, when the gridsters leave on their annual Football Encampment, according to Ike Jay, who this year begins his third term as coach of the Whirlwinds. Present indications are that Coach Jay's lads will form one of the strongest eleven in this district, however, it was pointed out by Jay, much depends upon the quantity and quality of raw material that turns out for the encampment next week.

Beginning Monday morning, the training camp will continue throughout the entire week, lasting through Friday, September 2. The encampment will be held on one of the nearby canyons, probably at Silver Falls Lake, as in the past two years, it was announced. Coach Jay has worked out a daily schedule to be followed during the football training period. According to his plans, the boys will do their own cooking, and will have two workouts during the day. The remainder of the day may be spent by the boys as they like. They will carry bedding and camping outfit and will "sleep out" during the entire period.

Captain White Leads.
Under the leadership of Captain A. D. (Dixie) White, three-year Whirlwind demon, the prospective squad members will limber up and begin the first of their strenuous practices of the season on Monday afternoon. With the crude material at the first tryouts, Captain White will begin the molding of his eleven.

However, with eight letter men back in the fight again, White will have an excellent start on building his team. Four letter men will begin their work to secure their old positions in the backfield again this year. Including White, Coach Jay points out that he will have Sidney Carter, U. S. Marshall and Jim Stiles, four men who have proven in the past that they are worthy of holding down backfield positions, again will be backing the squad.

In the line of scrimmage, four more men who have lettered in past years will endeavor to secure their old positions. These men, John Edwards, Jim Carter, J. R. Borum and Harold Porter, field, have a number of times, starred in Whirlwind games. Coach Jay is very optimistic over having these four men again in the "Whirlwind brick-wall" and hopes to uphold the slogan made famous by other Floydada High teams.

Need New Men
Although these eight experienced men mean much towards a successful season, much more depends upon the material produced in the encampment, and it is the belief of Coach Jay that several valuable men will be available from the rural schools. He is looking forward with much interest to these members.

"I want every able bodied high school boy who is willing to fight for his school and wants to enjoy the many thrills of football, to report for training during the encampment," Coach Jay stated. He is requesting that all the boys who plan to go on the encampment to report to him before Monday and to be on hand at the High School building early Monday morning.

Sadler Shows Open Here Monday Night For Week

New plays, new vaudeville and a splendid band and orchestra will feature this week's engagement of Harley Sadler's Own Company in Floydada, which opens Monday night of next week August 29. The opening play, to be presented Monday night will be "The Elder Brother."

The company is larger and better than ever and is expected to enjoy its usual wide patronage while here. At Lockney this week they are playing to capacity crowds and have just finished a two weeks stay in Plainview. This is Mr. Sadler's own company, and he has no connection whatever with any other amusement enterprise in Texas, it is stated.

ABILENE PUBLISHER VISITS SCENES OF EARLY CHILDHOOD

E. C. Hendrix and family of Abilene, were here and at Lockney last week on a visit with relatives while on a vacation. Mr. Hendrix being a nephew of Mrs. H. M. Ragle of Lockney and Mrs. Hendrix a niece of Mrs. D. T. Scott, of Harmony.

Mr. Hendrix, who is a member of the Fisk Publishing Company, is a son of Will F. Hendrix, now deceased, and a nephew of John Hendrix, first Floyd County attorney, who lived in this county as a pioneer. When a baby, E. C. Hendrix was presented with two valuable lots which he still owns in the town of Lockney, when the town was still young and was being developed by J. A. Baker, its founder.

The Hendrix family also visited in Amarillo, Tulia and Plainview while on the plains taking their vacation.

WILLSON'S RETURN FROM TOUR

Mr. and Mrs. J. M. Willson returned home Tuesday from a tour of a number of states and the western coast. They have been gone about three weeks, going by way of Salt Lake City, Utah, to San Francisco, and up the coast to Victoria, Canada.

They returned by way of Denver, Colorado.

DISTRICT COURT CONVENES MONDAY, SEPT. NINETEENTH

Full term of District Court for Floyd County will convene on Monday, September 19, and although few cases have been filed recently the court will have a fairly heavy civil docket, the records in District Clerk T. P. Guimarin's office show. Five divorce suits have been filed since July 11, only two other civil suits having been filed in the same period.

Gas Service Sept. 20 Expected For Floydada

Vice President Hinchey of West Texas Gas Company Says Work Far Ahead of Schedule.

Unless something altogether unforeseen develops, residents of Floydada may expect to have gas piped into the distribution system here not later than September 20. Vice president and General Manager R. A. Hinchey, of the West Texas Gas Company, told The Hesperian over the telephone yesterday afternoon.

The local distribution system is nearing completion and Mr. Hinchey expects that Southwestern Construction Corporation, contractors on the job, will turn it over to the company not later than the first of September. Meanwhile gas has been put into the company's pipe lines as far south as Canyon, where it was unofficially reported this week, gas had been turned into the distribution system, Canyon thus being the first of the twelve or fifteen plains towns to receive the gas supply for consumption.

Tests of the pipe lines have been made as far south as Happy this week and Mr. Hinchey said field reports indicate that the tests would be completed today or tomorrow to a point near Kress. A few miles of construction are yet to be done on the main line but this will not consume much time, and the control stations will also go in rapid time, so that although much work remains to be done, it will be finished and the company ready to give service in Floydada by September 20.

Asked as to the plans of the company for the line from Floydada to Ralls to complete the circuit from towns in this immediate territory, Mr. Hinchey said the line, although contemplated, would not be constructed this fall. "It is very likely we will build from Floydada to Ralls next spring and we have changed our line from Lockney to Floydada with this in view," he said. Some two weeks ago the company moved pipe already on the ground paralleling the highway from Lockney, to a line considerably westward of the highway, and the explanation at that time was that the change would save mileage when the gap between Floydada and the Crosbyton Branch was spanned.

Band To Give Regular Concert This Evening

A special concert by the Floydada Municipal Band will be held this evening at Band Stand at 8:00 p. m., according to Roy Baker, business manager of the organization. The band has been entertaining with special concerts Thursday evenings throughout the summer, and every appearance has proven popular with the public. During the past three weeks, the weekly concerts have been discontinued because of the union revival which was held in this city and which closed last Sunday night, and the entertainments will continue as in the past.

Prof. A. L. Lundgren, bandmaster, has made the announcement that the regular practice, as well as the regular concert, will continue this week.

AULD LANG SYNE PROGRAM AT ANTELOPE SATURDAY NIGHT

An Auld Lang Syne program and an old fashioned concert will be presented at the Antelope school house by the Home Demonstration Club of the community, Saturday night, Aug. 27, beginning at 8:30 o'clock. The program which is promised to be a very entertaining one will be presented in costume.

The proceeds of the admission charge, which will be 25 and 15 cents will be used to pay for a new canner which has just recently been purchased by the club.

PARTY ATTENDS ENCAMPMENT

Friday, Rev. W. R. Hill accompanied by D. I. Bolding, G. M. Bullard and son; C. W. Boothe and three sons, James, Truett, and Dan attended the annual encampment of Baptists at Ceta Canyon, near Happy. The encampment closed Sunday, August 21.

The Floydada people were accompanied by a very distinguished visitor, Dr. J. C. Hardy, president of Baylor College. Dr. Hardy spent Thursday in Floydada.

Misses Fannie and Inez Bolding went up earlier in the week and returned home with the party.

PURCELL SUPT. OF SCHOOL

Dr. and Mrs. N. C. Purcell, who have made their home in Floydada during the past year moved to McAadoo, Tuesday, where Dr. Purcell has accepted a place as superintendent of the McAadoo school for the coming term.

SELLS-PLOTO AT PLAINVIEW

The Sells-Ploto circus will pay its annual visit to Plainview Wednesday, September 7, according to an announcement made this week.

The afternoon performance will begin at 2 o'clock and the evening performance at 8.

Pleasant Hill Plans Strong Fair Exhibit

School Also Expected to Have Float in Parade.—Roseland Will Be Well Represented.

"Look out for Pleasant Hill!" is the warning sent out from that live community who this week decided to enter an agricultural exhibit at the County Fair to be held in Floydada September 22, 23, and 24. Under the leadership of A. E. Shelton, R. M. Morgan, T. T. Pratt and W. L. Woolsey the community is planning to place an exhibit at the Fair that will rank among the best. Another meeting has been called for Saturday night when final directions and plans will be worked out. It is planned to give everyone in the Pleasant Hill Community an opportunity of helping with the exhibit. The school will probably enter a float in the parade which was to be held on Friday, noon but has been changed to Saturday in order to give the rural schools a better opportunity of entering.

Although it is doubtful that the Roseland Community will place an agricultural exhibit at the Fair there is no doubt that the Community will be well represented. Already the ladies of the Roseland Home Demonstration Club are preparing their exhibit and though this is their first year to be organized they are expecting to carry off many of the ribbons offered in that department. G. C. Hilburn, one of the trustees of the Roseland school and a live worker in his community, will have charge of the community float to be entered in the parade. Mr. Hilburn is a strong advocate of the County Fair and believes that his community should have a prominent part in every department.

Old Timers Get Ready For Big Time Sept. 20

Old timers of this section of the state are getting ready for a big time at the barbecue and general get-together to be held on September 20, at the Rock House in Blanco Canyon, on the occasion of the dedication of the Memorial Park for Uncle and Aunt Hank Smith.

Long-time residents of Floyd, Motley, Crosby, Dickens, Briscoe, Hall, Hale Swisher and Lubbock are sure to be present in considerable numbers. Several local people who have been residents of this county for twenty-five years or more have signified their intentions of attending the dedication.

R. B. Smith, who is giving the memorial grounds to the state as a park, said Tuesday afternoon that Johnny Parker, famous as a cook in the old days when he ran the chuck wagon for the Matadors and the Spurs, will have charge of the chuck wagon at the barbecue. "We are going to have the chuck wagon set up on the night of the nineteenth, so that if any of the old punchers drift in they'll have an outfit to join and a place to eat," Mr. Smith said.

Mayor Pink L. Parrish, of Lubbock, is expected to be one of the principal speakers at the formal exercises dedicating the park. An old-timer himself, he is helping in the plans to make the barbecue a success.

A. V. Haynes Placed In Plainview Sanitarium

A. V. Haynes of this city, manager of the Haynes Gin Company, is in a Plainview sanitarium where he was taken Sunday morning of last week, suffering with an infected foot.

Mr. Haynes said that he was working at the gin the first of last week and dropped a heavy piece of machinery on his right foot, but after the first pains suffered with the injury he had paid little attention to it. He noticed an unusual soreness in his leg and foot Thursday morning and a medical examination Friday indicated an infection.

Blood poisoning developed and Dr. E. O. Nichols of Plainview was called for a consultation with local physicians. Mr. Haynes was taken to Plainview Sunday and placed under treatment there. He has been steadily improving, reports state.

Among those accompanying him to Plainview were: Mrs. Haynes and son, Roy; Mrs. Roy Haynes; Mrs. Fannie Montague and daughter, Miss Wanda, and Robert A. Garrett. All returned home Sunday evening with the exception of Mrs. A. V. Haynes, who remained at the bedside of her husband.

PROTRACTED MEETING BEGUN AT FAIRVIEW FRIDAY, AUGUST 19

Rev. A. D. Moore, East circuit pastor, began a meeting at Fairview, Friday, August 19, with much interest being shown. Rev. and Mrs. Chas. Baker, of Denton county are in charge of the song service and young people's work.

The attendance is unusually good with several of the surrounding communities being represented including Floydada.

Rev. Ben Hardy, pastor of the Floydada Methodist Church, has been doing the preaching since Monday.

SOWS FARROW BIG LITTERS

Two of the biggest litters of pigs farrowed by sows in this county recently numbered fourteen and sixteen respectively. The sows, which are Duroc owned by Geo. L. Fawver, of Baker, farrowed the litters last week.

OLD TIMERS REUNION

Old timers of Motley and Dickens Counties today are holding a reunion at Roaring Springs, and a number of local people are attending.

RE-ARRANGING ROYAL STAGE TO ACCOMMODATE VAUDEVILLE

J. G. Deakins, manager of the Olympic and Royal Theatres this week is making an excavation at the Royal Theatre preparatory to changes in the arrangement of the stage at that show to accommodate vaudeville. The excavation will permit a different arrangement of the silver screen and curtains, without affecting the excellent projection of pictures.

Mr. Deakins said he planned to make the Royal the feature and vaudeville theatre for the fall and winter season, while featuring the western type of pictures at the Olympic.

Plans For Annual Fair Are Nearing Completion

Automobile Show and Merchants Displays Expected to be Best Ever This Year.

With twelve Home Demonstration Clubs and five rural communities signed for agricultural exhibits, and work started on the flower and art show, plans for the Floyd County Fair, which will be held in this city on September 22, 23 and 24, are nearing completion, according to announcement this week by officials. Merchants of this city are preparing their advertising booths and a number of automobile agencies are contemplating entering the automobile show, a new feature of the annual exhibition. Among the communities that have already signified their intention of competing for more than \$200 in premiums are Prairie Chapel, Sand Hill, Harmony, Pleasant Hill and Campbell. Practically every home demonstration club in the county will be represented, it is believed.

With a merry-go-round, a ferris wheel and a merry-mix-up already contracted for the week of the Fair, the amusements for the younger generation are assured. Football games, croquet and horseshoe tournaments will be offered the visitors during the three days of the Fair, besides the large number of shows on the midway. Special features for the occasion are also being arranged for by the local theatres.

What seems to be a very good idea in regard to the automobile show and merchants advertising booths has been worked out by the officials of the Fair. An extension of the tabernacle from the north entrance to the street will be built forming an entrance from the street. The building will afford ample space for both the automobile and merchants booths. Those interested in this method of advertising are asked to get in touch with the secretary at once in order to complete the plans for this phase of the Fair.

With a goal set at \$2500 the finance committee began their work this morning and expect to finish with the next few days.

Marvin Jones To Speak In Floydada Saturday

Marvin Jones, congressman of the Eighteenth District, will speak in Floydada Saturday afternoon of this week if the weather proves to be favorable, he announced the first of this week.

Congressman Jones spends much of his time, when he is not in Congress or at work with committees, over his district meeting his constituents, studying conditions and filling speaking dates.

Unless plans are changed before the hour for the speaking here, Congressman Jones will make his talk on the court house lawn at 2:30 in the afternoon.

STYLES OF OLDEN DAYS TO BE SHOWN SATURDAY NIGHT

Those who are interested in again seeing the styles of the olden days will have that opportunity next Saturday night when the Sunset Home Demonstration Club will give a program at the Sunset school house.

According to Mrs. Newt. Nelson, president of the club, the program will be full of good clean comedy and styles as far back as 1650 will be portrayed. In connection with the program being offered there will be an ice cream supper. The public is cordially invited.

ROGERS ATTENDING CHEVROLET SCHOOL AT OKLAHOMA CITY

L. V. Rogers left Saturday for Oklahoma City to attend a Chevrolet Mechanics' School for two weeks, and following his return will continue his work in the Motor Supply Company's agency for the Chevrolet and Dodge. Mr. Rogers has already had special training in the mechanical work of the Dodge.

"Every man I work must have Dodge and Chevrolet School training and be qualified to work on any car we sell," Roy L. Snodgrass, manager of Motor Supply said this week.

NEW TOMATOES EXCELLENT

Although the tomato crop in Floyd County this fall is not generally large according to reports, those who do have them, report excellent yields of uniform size and good texture.

One of the nicest lots of Floyd County grown tomatoes to reach the Floydada market was brought here Wednesday by N. B. Pace of Sand Hill. The tomatoes were grown in a sod garden and were uniform in size and of good color with few specks or blemishes.

McKINNEY MAN BUYS HERE

N. L. Talkington, of McKinney, has purchased the T. D. Woods place in southwest Floydada and with his wife has moved to Floydada to make their home.

'Master Farmers' Being Judged By Committee Of 3

Judging to determine the fifteen men in Texas who are to be termed "Master Farmers" in the state-wide contest, sponsored by the Progressive Farmer, Dallas farm paper and the Extension Service of Texas A. & M. College, is under way at this time. A committee of three, composed of Paul Huey, representative of the farm paper, John Egan district farm demonstration agent for this district, and Miss Myrtle Murray district Home Demonstration Agent, are going to judge in this district.

This committee is expected to spend tomorrow in Floyd County, visiting the homes of two Floyd County farmers who are still in the race, following the first eliminations. The judging in this county will be completed on this trip of the committee.

R. B. Gary, of Harmony, and Karl Sammann, of Providence, are the two Floyd County farmers whose farms will be scored, and incidentally Floyd is said to be the only county in this district in which there is more than one contestant left after the preliminary eliminations.

Revival Crusade Closes With Record Attendance

Three Week's Gospel Meeting Conducted by Evangelist Lockhart and Party Closed Sunday

Climaxing with an enormous and glorious meeting Sunday night, the Union Gospel Crusade which has been waged in this city for the past three weeks by Evangelist Wm. J. Lockhart and party, of Des Moines, Iowa, was drawn to a close with a record crowd in attendance and a record in conversions. A total of 171 persons came forward during the 22 days of the meeting to confess and dedicate their lives, the Evangelist's records show. Approximately 1,800 persons were present at the close of the revival meeting Sunday night, and 31 came forward when the invitation was given.

Evangelist Lockhart and two sons, Billy and George, and daughter, Clara, composed the party that has been attracting widespread interest and enthusiasm in the revival meeting.

"Beyond doubt, the meeting which has just closed has been one of the greatest ever held in this city, and has met and gone beyond all expectations" are the words of Rev. F. L. Davis, pastor of the First Christian Church, sponsors of the meeting. "Dr. Lockhart and his party and their wonderful work will be loved and remembered by Floydada folks for years to come, and I am sure that they will reap many blessings that they have been in this meeting," he said.

The First Christian Church, together with the Methodist Church and the Cumberland Presbyterian church and other churches of this city, are very optimistic over the outcome of the meeting. According to the finance committee, the expenses of the meeting were taken care of, and a goodly sum paid the evangelistic and his party.

Dr. Lockhart, accompanied the three members of his family, left early Monday morning by rail for their home in Des Moines. At Des Moines they will be joined by Mrs. Lockhart and will spend the remainder of the summer at their summer home near the Canadian border.

J. W. PITTS FAMILY, LAKEVIEW, HOLD REUNION AND GATHERING

Honoring their son, Levon, of Los Angeles, who is here visiting with his parents, Mr. and Mrs. J. W. Pitts, of the Lakeview community, held a family reunion and entertained a host of friends and relatives at their home last Sunday.

The friends and relatives began gathering at the Pitts home early Sunday morning and at the noon hour a delicious dinner of the old style "with everything good to eat" was served to approximately twenty-five persons. Following the "feed" the guests proceeded to spend the remainder of the afternoon in various ways. Many remained at the home to "talk over old times" and others went swimming, or kodaking. A large crowd of the guests spent the afternoon taking pictures at the Old Rock House.

The immediate members of the Pitts family present were the following: Levon Pitts, Los Angeles; Melvin Pitts, city; Mrs. Ira Reed and daughters, Amarillo. Other relatives and guests present were Mr. and Mrs. Louis Newell, Mr. and Mrs. Shelly Scott and two children, Mr. and Mrs. Lloyd Paschall, Mrs. Mary Awtrey, Mrs. L. H. Newell and daughter, Fay, city; Mr. and Mrs. Sims Lakeview; Mr. and Mrs. Earl Newell and son, Tulia, and the host and hostess, Mr. and Mrs. Pitts.

BISHOP INSTALLS NEW FOUNT.

Baird Bishop, formerly of this city, now of Kress, this week completed the installation of a new soda fountain in the Bishop Drug Store at Kress, according to news received here. The new fountain is of the latest type Frigidaire attachment style.

Frigidaire equipment in the fountain was installed by Bonner Baker, Frigidaire dealer and distributor of this city.

Assn. Will Urge Road Bond Issue In County

Reorganized Lee Highway Association Sees Danger of County Losing Main Artery.

Fear that Floyd County will lose the opportunity presented to have one of the country's greatest highways traverse it, unless the county adopts the plan to hard surface Highway No. 28 through Floyd County, and belief that the adoption of measures to issue road bonds to pave this highway through the county is one of the biggest and best business opportunities in its history, was expressed at a meeting held in the county court room Monday night.

The meeting was made up largely of owners of land and business holdings in the county who are deeply disappointed that the bond issue did not carry August 1. E. C. Nelson was named county president of the organization of the Lee Highway Association, A. P. Barker president of the Lockney unit and Roy L. Snodgrass president of the Floydada unit. The organization is pledged to carry on an aggressive campaign favoring the bond issue, and will ask the commissioners' court for another election at the first meeting of the court holds.

"This road bond matter is purely a business proposition, the way I see it, and I believe that surely we can convince enough people in the county to carry the bond issue in another election," E. C. Nelson said. "For its development Floyd County needs transportation facilities and this main artery would be the greatest thing we can accomplish for the county at this time, especially in view of the fact that we undoubtedly will obtain the highway at one-third its actual cost through state and federal aid."

A similar issue lacked 135 votes of a two-thirds majority on December 31 last year and 48 votes on August 1.

Capture Alleged Liquor Bootlegger Wednesday

Belief that the capture late yesterday afternoon by Deputy E. Ray Smith of a man named Deavers in the edge of Motley County had stopped the principal source of supply of high grade bootleg whiskey in Floydada, was expressed this morning by Sheriff P. G. Stegall, the deputy bringing the man, his car and two half-gallons of whiskey to Floydada. The car and whiskey are being held for evidence and Deavers was lodged in jail with a charge of transporting liquor, pending a preliminary hearing.

Deputy Smith said Deavers was busily engaged in breaking up the half gallon of liquor with a heavy iron when Smith, accompanied by L. E. Williams, crowded him to the side of the road this side of the Echols pasture gate in Motley County. The car contained nearly a score of jar tops, much broken glass and the two unbroken jars when Deputy Smith grabbed Deavers and stopped the wreckage.

Deavers formerly resided in Floydada. He took up his residence in Plainview about three weeks ago, Sheriff Stegall said.

MRS. M. E. CASTEVENS DIED AT AGE OF SEVENTY-NINE

Mrs. M. E. Castevens, 79, of Cleburne, died at the home of her daughter, Mrs. R. A. McPerson in that city Monday of last week at two o'clock following an illness of two or three months, which became serious a week before her death. J. W. Miller, of Floydada, is a son of the deceased, and he in company with his wife and daughter, Miss Lois, left for Cleburne immediately after learning of Mrs. Castevens' condition, arriving three days before her death.

Funeral services were held at the First Baptist Church of Cleburne Tuesday afternoon of last week and interment was made at Pleasant Point Cemetery. Besides Mr. Miller and Mrs. McPerson, the deceased is survived by two other sons, L. A. Miller, of Dakota, and W. M. Miller, ex-sheriff of Johnson County.

Mrs. Castevens is well known among Floyd County people, who are former residents of Johnson County. She has visited a number of times here with her son during his residence in Floyd County.

FLOYDADA MUTUAL ABSORBED BY PLAINVIEW INSURANCE CO.

The Floydada Mutual Life Insurance Association Circle No. 2 of which R. E. Fry is secretary has been absorbed by the Plainview Mutual Life Insurance Association, according to announcements made this week. Knoohuizen, Boyd & Davenport, Plainview, made the purchase of the Floydada Association recently.

Through the acquisition of the local association and the addition of members from other places, the Plainview Mutual Life Insurance Association has become one of the strongest and largest in the state, officials state.

SADLER'S GETTING GOOD

Harley Sadler's baseball team is getting as good as his show—almost. At least, that's what the baseball fans say who have seen his team in action in their annual tour of the country.

"Get the best you can, we're pretty good," Sadler is telling the team managers in the towns where he is playing. This week the show is in Lockney and the team, made up of members of the company, has been seen in action against the Lockney nine by several local fans.

The Sadler show will be in Floydada all next week.

TRAVELING PUBLIC DREGS

"Would you like to buy some beautiful flowers? Let me show you a dandy little folding basket that every home needs." Perhaps you have heard those statements from the lips of ragged, dirty-faced little children as they go from house-to-house or from store-to-store pleading for sales "that they may use the money for their father who has broken his leg and for their mother who is in ill health."

In some instances these children represent people who are in need and are making an effort for an honest living, but in a great many other instances those waifs are only pawns in the hands of some worthless man or woman who is taking advantage of an appeal on human sympathy to leech the citizens of every possible dollar.

It is only fair and just to the people of this and other cities that they be protected from these continued appeals from these dregs of the traveling public. Every case should be studied by local authorities and if a family is in dire need and worthy of aid, then it should certainly be given, but from a public fund maintained for such a purpose.

Arrangements should be made so that a person upon being solicited for funds could answer, "We have a local committee that takes care of such cases as yours. I would appreciate it very much if you would see them for any funds you may need."

A BETTER PRICE

Every American citizen has a right to save money. That is an indisputable fact. But a question arises as to the limit or means the citizen uses as protection and enjoyment of that right.

An observation made recently in a local office to the effect that, "You have a great deal of your printing done out-of-town, don't you?" brought the following answer: "Yes, you see, we can get so much better prices than the local printers can give us." That man acted in good faith when he placed his order for his printing to be done in another city. He failed, however, to make the discrimination that printing is a service and a sale of goods just as those of any other firm or institution.

That same merchant would and in fact did let out a howl when he saw a set of car casings purchased from a mail order house. "Patronize the fellows here in town who are helping pay the taxes and help support the local schools and churches," was his comment.

A slogan to the effect "sold in Floydada" would perhaps help impress upon every person's mind the importance of the trade-at-home idea as applied to every business, as it properly should be done. Every article or piece of merchandise carrying the words, "sold in Floydada" would be saying in substance that the men and women who are most interested in your own welfare, that those who care for you while you are ill and who are the first to come to your aid in a financial crisis have given a part of their time and energy in supplying certain needs of the community. Certainly they have made a profit, but it has been only a legitimate one and those dollars will come back to you again before the year is gone.

"Keep the big eagles at home and let them help take care of the buffaloes." Try to be fair enough to look at the matter from every angle before you buy anything in any city other than Floydada. It is not difficult to figure out, is it, that after all, a supposed saving on an out-of-town order of fifty cents is not a saving but in reality a loss eventually of the same amount to you—for a dollar sent away is "so long Letty."

MORE ON CLIMATE

Every new comer or every person residing in this section who has spent a few weeks in the eastern portions of this state or other southern states

WHY WORRY OVER YOUR LAUNDRY

Hot summer days are not days for you to worry over your laundry. A laundress in your home causes you much worry and inconveniences you greatly.

Women all over Floydada are readily recognizing our work of superior quality as the best available. We want you to send us just one bundle—then you be the judge and jury as to the quality of our work.

PHONE 141
FLOYDADA
STEAM
LAUNDRY

always has some remarks of praise to make for the climate of West Texas. "Ah, these cool nights and these fine mornings," they say.

Very profitably, indeed, could Floyd County tell the world that this is the place "where winter spends the summer." It is something worth thinking about anyway.

NEEDED EVEN MORE

Summer months are accentuating the need for a city auditorium. The revival meeting brought to a close Sunday night demonstrated without question that Floydada has no conveniences to accommodate its citizenship in mass meetings.

The Floyd County Fair would be easily fifty per cent more impressive and effective if the exhibits could be placed in a beautiful and imposing building. The quicker a move is started for a municipal auditorium the sooner the entire county will profit from the investment.

'Round The Square

"Business men of Floydada are more enthused and more energetic over their business than in any town I have ever seen," recently stated an out-of-town visitor 'Round the Square. Why, sure they are enthused over their business because of the great possibilities of this little city.

Yes, Dizzy Dora, some towns are so backward that its citizens think that Lindbergh is the name of a make of cheese.

Hit that line!—Hit that line!—rah, rah, rah. And again the Whirlwinds have started practice for another championship season. From the very first game to the last game of the season business men 'Round the Square' and citizens of Floydada should back the F. H. S. eleven. Go out and see each game—and boost for the local boys. They will appreciate it and it sure can't do you any harm.

Very few people have given it much consideration, but it won't be long now before Floyd County will be facing the wet and dry issue. When the Fall and winter rains begin falling over Floyd County's unpaved roads, the wet and dry issue will indeed be the subject of much thought.

14 YEARS AGO IN FLOYD COUNTY

News items taken from the Floyd County Hesperian files published in Floydada fourteen years ago.

ISSUE OF AUGUST 28, 1913.

Claude V. Hall has announced that he will again take up educational work and will follow it as a profession. He has accepted a place as teacher this year in the Matador High School where he will have Latin, Physics and English.

Olin S. Miller, Ohmer Kirk and Miss Ruth Pitts were among the students who returned home last Saturday (1913) from Canyon, where they have been attending the Normal.

Lee's Summit, Mo., Aug. 21, 1913—Cole Younger, notorious bandit and outlaw, became a member of the Christian Church at a revival meeting here to-night.

W. M. Colville is completing this week (1913), a concrete silo for R. H. Buckingham on his place northwest of town three miles. This is the first concrete silo to be erected in this county.

T. F. Beall, of Irick and one of the trustees of that school district were in Floydada Thursday of last week (1913) on school business while here conferring with H. E. Cannaday, contractor on the new building. While here Mr. Beall stated that, "We are proud of our new building because it is the best school building in Floyd County. It is the first to be arranged scientifically for heating, lighting, and for ventilation." Construction is well under way on the new building.

O'BANNER BEST FIDDLER

Charlie O'Banner, of Floydada, won the \$50 fiddle at the old fiddlers' contest held at Starkey Thursday night of last week.

B. Martin, of Fairview, had charge of the contest, which was attended by a good crowd.

Jay Mitchell returned the latter part of last week from a vacation of several days, spent with relatives at Hale Center.

MAKES 'FLYING' TRIP

Joe Hart of Chickasha, Okla., spent a short time in Floydada Sunday. He was enroute in his plane to Abernathy on business and stopped in Floydada for gas.

Mr. Hart said that he left Chickasha Sunday morning and would be back home by three o'clock that afternoon. He arrived here about 10 o'clock Sunday morning.

FOR HOME AND STABLE

The extraordinary Borozone treatment for flesh wounds, cuts, sores, galls, burns and scalds is just as effective in the stable as in the home. Horse flesh heals with remarkable speed under its powerful influence. The treatment is the same for animals as for humans. First wash out infectious germs with liquid Borozone, and the Borozone Powder completes the healing process. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by Arwine Drug Company

YOUR VOICE

Direct—Persuasive—Accurate

Your voice conducts your business. Directions that you give personally are quickly and accurately executed, because your associates cannot fail to understand you.

Each inflection has a meaning for them.

You would not think for a moment of writing a letter to your assistant in the outer office. How about your representative in Kalamazoo or Sacramento? The telephone will bring him to your desk in a few minutes' time. It is not necessary to trust the cold written word—send him your voice—yourself—by Long Distance telephone.

Ask the Long Distance operator, about Station to Station calls. If possible, take advantage of the low rates prevailing after 8:30 p. m.

Your Voice is You—Visit Them by Telephone

for Economical Transportation

World's Lowest Ton-Mile Cost

Tens of thousands of users have learned by actual comparison that Chevrolet provides the lowest ton-mile cost* in the history of the commercial car industry!

This matchless economy is due to advanced modern design . . . extremely low operation and maintenance costs . . . exceptionally slow depreciation . . . and the most amazing price ever placed on a modern, gear-shift truck—a combination of economy features found in no other commercial car in the world.

Whether you operate one or many trucks,

*Ton-mile cost is the cost of transporting a ton of material one mile—or its equivalent.

come to our salesroom and learn for yourself how Chevrolet is designed and built to save you money. Go over the chassis, unit by unit. Note the advanced, modern engineering—typified by a powerful valve-in-head motor, with three-speed transmission and sturdy single-plate disc-clutch. Mark the rugged, quality construction throughout; heavy channel steel frame—massive banjo-type rear axle—long, extra-leaved, heavy steel springs, set parallel to the frame.

Then, go for a trial load demonstration—and see how perfectly Chevrolet meets your own haulage requirements!

1/2-Ton Truck Chassis \$395

1-Ton Truck Chassis \$495
1-Ton Truck Chassis with Cab \$610

With The Churches

METHODIST CHURCH

Ben Hardy, Pastor
Our Sunday School is still going under full head of steam, 314 being present last Sunday. Let's see that we do not fall below the record these last Sundays.

I will be at Fairview this week assisting Bro. Moore in a revival. I will be back and preach here next Sunday morning. There will be quite a number to receive and some to baptize at the close of the morning service. Have received more than 30 the last two Sun-

days and will have 15 or 20 more to receive next Sunday. Come to Sunday School and stay for church.

BAPTIST CHURCH SERVICES

Rev. W. R. Hill, Th. M., Pastor
The Sunday School, with Mr. Gilliam the Supt., meets at 10 o'clock. There were nearly 250 present last Sunday. Let us try to make it 275 next Sunday. It is an hour of Bible-study. This will be done under direction of capable teachers for all classes. Our nation is built upon the principles of the Bible. Our greatest statesmen are telling us that our national safety calls for the undergirdings of religion. Who will be 100% American Sunday!

Preaching hour is at eleven o'clock. This is preeminently a service of worship. The singing is congregational and worshipful. The sermon-subject will be, "Continuing in Well-doing." There will be the reading of the "Church Covenant" and reception of new members. The Right-hand-of-fellowship will be given those recently admitted to our membership.

The Young People's Unions all meet at 7 o'clock p. m.

The Evening preaching hour is 8:30 for one more Sunday night. The sermon-subject will be "Becoming and Being A Christian." Following the reception of members on invitation new converts will be baptized. We look for this to be the greatest service in our church this year. Electric-fans that make it comfortable if weather is hot. Come and welcome.

FIRST CHRISTIAN CHURCH

The meeting is now history. Were you helped by the strong sermons, by the fellowship and associations of christians? Can it be said of you, "The Harvest is Past" and my soul is unsaved? If it is, why not come to services next Lord's day and give your heart to God and obey his Christ? Some should do that next Sunday.

It was a great meeting and its influence will live. The last service alone was worth all the meeting cost. Wasn't it a great service? Did you ever see a crowd enjoy any service more than that one?

We had a fine Sunday School last Sunday and a good attendance too, but not quite so many as on the previous Sunday. We had a fine young peoples' class, the largest attendance we have yet had. We hope to see them all back next Lord's day.

Services as usual next Lord's day.

Sunday School at 10:00 o'clock a. m. with Supt. Lon M. Davis in charge.

Preaching by the pastor immediately following Sunday School. The subject of the message will be, "The Loneliness of the Soul."

Endeavor at 7 o'clock p. m.
Preaching at 8 o'clock p. m. The pastor will be ready to Baptize any who desire it, at close of services.

Weather and roads permitting we will go to Newland Sunday afternoon, at 3 o'clock. Those near there are invited to be present.

Don't forget the District Convention that meets with us on Sept. 6 and 7. The program is interesting and helpful. There will be some fine speakers with us. Watch for the program in next week's paper.

CUMBERLAND PRESBYTERIAN CHURCH

A. A. Collins, Pastor
B. F. McIntosh, Superintendent of Sunday School.

Sunday School at 9:45. Come on time we are looking for you.

Morning service at 11.

Christian endeavor at 7:30.

Evening service at 8:30.

Prayer and study hour Wednesday evening at 8:30.

The big meeting is over. But we can keep the vital force living if all do our duty. Can we count on you?

You will find a real welcome at the Presbyterian Church.

BLANCO NEWS

Blanco, Aug. 23.—Several from this community are attending the meeting which is being held at McCoy.

Mr. and Mrs. Tink Carter and Mr. and Mrs. Warren, of Campbell, spent Saturday night with Mr. and Mrs. Tinnin parents of Mrs. Carter.

Mrs. Guy Thomas, of Electra is spending several days here visiting her brother-in-law and sister-in-law, Mr. and Mrs. Jim Gamblin.

Mr. and Mrs. Jewell Tinnin attended the singing at Campbell Sunday afternoon.

Mr. and Mrs. Orbit Christian of Wellington, visited with his brother, Harry Christian from Sunday until Tuesday.

Mr. and Mrs. Ham Smith had as their guests last week, the following: Mr. and Mrs. T. B. Floyd and son and daughter, Bernie and Mary, of Memphis; Mr. and Mrs. Parker Floyd, and son, of Lakeview, Texas; Mr. and Mrs. Rider and two sons and daughter, of Marlow, Okla.; Mrs. Bill Howard, Mrs. Williams and Mrs. Rube Prator of Memphis. Everyone had a very enjoyable time as there was something very entertaining going on all of the time.

Mr. and Mrs. Louis had as their guests Sunday, Mr. and Mrs. Nyals, of near Floydada.

Miss Raye Parker, of Crosbyton, spent Tuesday and Wednesday here visiting with friends and relatives.

F. L. and J. W. Hargis, of Bentonville, Ark., arrived here the first of the week to spend several days on business and renewing acquaintances. They formerly resided here for a number of years.

J. A. Arwine is one of the most recent purchasers of Buicks through the Callaway Motor Company. His purchase was a brougham sedan.

ORDINANCE NUMBER 103

AN ORDINANCE ENTITLED AN ORDINANCE REGULATING GAS PIPING, APPLIANCES, FIXTURES AND APPARATUS IN ALL BUILDINGS AND STRUCTURES OF GAS CONSUMERS, AND THE INSTALLATION, CONSTRUCTION, RECONSTRUCTION, ADJUSTMENT AND REPAIR THEREOF, PROVIDED FOR BONDS TO BE GIVEN BY THOSE WHO DO SUCH WORK, PROVIDING FOR LICENSE, PERMITS AND PENALTIES AND DECLARING AN EMERGENCY.

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF FLOYDADA, TEXAS:

SECTION 1: That the City Plumbing Inspector and his assistants be and they are hereby authorized, empowered and directed to supervise all gas piping, appliances, fixtures and apparatus whether now or hereafter existing, placed in or in any manner connected in any building, tent, or structure of any character, whether used for business or residence purposes, in the City of Floydada, and the installation, construction, reconstruction, adjustment and repair thereof and to see that all the rules and regulations of said City of Floydada with respect thereto are properly complied with and to inspect all such gas piping, appliances, fixtures and apparatus and the installation, construction, reconstruction, adjustment or repair thereof whenever and so often as they shall deem it desirable or necessary, and to do so in order to prevent fires, accidents or injuries to persons or property, and the said City Plumbing Inspector and his assistants be and they are hereby authorized, empowered and directed to cause all such gas piping, appliances, fixtures and apparatus and the installation, construction, reconstruction, adjustment and repair thereof to be such as not to cause fire or accident or injury to life or property and any and all such gas piping, fixtures and apparatus now existing as well as the installation, construction, reconstruction, adjustment and repair thereof shall be subject to the foregoing inspection and supervision.

And it is further ordained that no gas appliance, fixture or apparatus, either for heating, illuminating or hot water heating, be installed until type of said gas appliance, apparatus or fixture has been approved by the City Plumbing Inspector or his assistant.

SECTION 2: That the said City Plumbing Inspector and his assistants shall be subject to the order and direction of the Mayor and City Council of the City of Floydada, and they are hereby vested with full authority to enter any building or premises or structure, subway, or other places, either public or private, at any time in the discharge of their duties, and to pass upon and decide upon questions arising under the provisions of this ordinance or any ordinance hereafter passed or any rules and regulations already adopted or hereafter adopted by the Mayor and City Council relative to any such gas piping, appliances, fixtures or apparatus or the installation, construction, reconstruction, adjustment and repair thereof or relative to the materials used therein, whether the same be the original construction and erection or in any alterations or repairs thereof.

SECTION 3: No person, firm or corporation shall enter upon the installation, construction, reconstruction, or repair of such gas piping appliances, fixtures or apparatus or any change thereof, (nor shall any such person, firm or corporation undertake for any other person, firm, or corporation, the adjustment thereof) until the said individual, firm or corporation shall have secured a license as hereinafter provided and shall have executed and delivered to the City of Floydada a good and sufficient bond in the sum of Two Thousand Five Hundred (\$2,500) Dollars having therein two or more sureties, approved by the Mayor and City Council of the City of Floydada, one of which sureties shall be a surety company duly authorized to do business in the State of Texas, conditioned for the faithful performance of all such work entered upon or contracted for in strict accordance and compliance with the terms, requirements and provisions of this ordinance and such further and future ordinances of the City of Floydada as may be hereafter passed. Said bond shall be further conditioned that such person, firm or corporation shall without additional cost to the person for whom the work is done, remedy any defect therein due to faulty workmanship or incorrect construction or due to the faulty material furnished or used by such person, firm or corporation, and that such person, firm or corporation shall reconstruct or repair such work to the satisfaction of the City Plumbing Inspector of the City of Floydada, and after forty eight (48) hours notice from the City Plumbing Inspector to reconstruct or repair the same. In the case of gas leaks of any nature, upon order of said City Plumbing Inspector or any of his assistants, the gas shall be cut off immediately from the premises forthwith without notice and likewise the said City Plumbing Inspector or any of his assistants may in the interest of public safety order the gas supplied to any customer shut off immediately without notice. In case the bond therein provided for shall be decreased on account of any recovery which may be obtained or arising out of the violation of any conditions of the same, the Mayor and City Council shall require, upon notice of such fact, an additional bond to be given by such person, firm or corporation in accordance with this ordinance in any amount sufficient when added to the unexpired amount of the original bond to be at all times equal to the sum of \$2,500.00. The City of Floydada, may for itself or for the use and benefit of any person injured or damaged by reason of failure to repair any defective gas piping or any defective installation, construction, reconstruction or repair thereof or for the failure or refusal of any person, firm or corporation to pay any of the fees required by this ordinance, maintain suit on said bond in any court having jurisdiction thereof or suit may be maintained thereon by any person injured or damaged by reason of any breach of any of the conditions of said bond. The bond herein required shall expire on the first day of January, next following the date of approval of such bond by the Mayor and City Council and thereafter on the first day of January a new

bond in form and substance as herein required shall be given by any such person, firm or corporation to cover all such work as shall be done during the year beginning on such January first.

That upon approval of said bond by the Mayor and City Council the individual, firm or corporation desiring to do such work shall secure from the City Secretary of the City of Floydada a license which shall run until the first day of January next succeeding its issuance unless sooner revoked and shall not be transferable, in the event of the dissolution of any company or partnership holding such license, the member retaining such license shall be required to renew the bond herein provided for before doing any such work provided herein. That the names of each and every member or representative of any firm or corporation obtaining the license shall be given to the City Secretary of the City of Floydada and all such names shall be inserted in said license. The person, firm or corporation obtaining such license shall pay to the City Secretary of the City of Floydada, the sum of Fifty (\$50.00) Dollars as an annual license fee therefor, provided that if said license is issued after January of any year the license fee shall be the proportionate remaining part of such year computed from the first day of the quarter in which the same is issued.

SECTION 4: The size of the pipes shall not be less than called for in the following tables; and shall be of good grade black pipe:

FOR GAS LIGHTING
 3/4 in. Pipe, Not more than 26 feet for 3 lights.
 1 in. Pipe, Not more than 30 feet for 4 lights.
 1 1/4 in. Pipe, Not more than 50 feet for 20 lights.
 1 1/2 in. Pipe, Not more than 70 feet for 35 lights.
 1 3/4 in. Pipe, Not more than 100 feet for 60 lights.
 1 3/4 in. Pipe, Not more than 150 feet for 100 lights.
 2 in. Pipe, Not more than 200 feet for 200 lights.

FOR GAS RANGES
 3/4 in. Pipe, not to exceed 70 feet to the point of opening.

AUTOMATIC WATER HEATERS
 No. 3 Water Heater, 1/2 in. Pipe, not to exceed 70 feet to point of opening.
 No. 4 Water Heater, 3/4 in. Pipe, not to exceed 100 feet to point of opening.
 No. 6 Water Heater, 1 in. Pipe, not to exceed 100 feet to point of opening.
 No. 8 Water Heater, 1 1/4 in. Pipe, not to exceed 125 feet to point of opening.

FOR INSTANTANEOUS WATER HEATERS
 1 in. Pipe, not to exceed 70 feet to point of opening.
 1 1/4 in. Pipe, not to exceed 100 feet to point of opening.

The following specifications must be strictly adhered to in piping houses:

For 1 Fire or opening, 1 1/4 in. Pipe from Main to point of opening.
 For 2 Fire or opening, 1 1/4 in. Pipe from Main to First Opening and 1 in. to second opening.
 For 3 Fires or openings 1 1/4 in. Pipe from Main to First opening, 1 in. to second opening and 3/4 in. to third opening.
 For 4 Fires or openings, 1 1/4 in. Pipe from Main to First opening, 1 in. to second opening and 3/4 in. to third and fourth openings.
 For 5 Fires or openings 1 1/4 in. Pipe from Main to first opening, 1 in. to second opening and 3/4 in. to third, fourth and fifth openings.
 For 6 Fires or openings, 1 1/4 in. Pipe from Main to second opening, 1 in. to fourth opening and 3/4 in. to fifth and sixth openings.
 For 7 Fires or openings, 1 1/4 in. Pipe from Main to second opening, 1 inch to fourth opening and 3/4 in. to fifth, sixth and seventh openings.
 For 8 Fires or openings, 1 1/4 in. Pipe from Main to third opening, 1 inch to sixth opening and 3/4 in. to seventh and eighth openings.

For hot air furnaces, boilers, etc., using burners having two or three air mixers, 1 1/4 inch pipe.
 The same with four or five mixers, 1 1/2 inch pipe; for larger installations, approval of size shall be secured from City Plumbing Inspector.

Air mixers must not be placed in air tight ash boxes, but where a free flow of air can reach them at all times.
 By the Term "OPENING" as used in this ordinance, is meant the point where the pipe comes through the floor or baseboard to the appliance.

Service pipe from main to building must be 1 1/4 inch inside diameter or larger, no pipe less than 1 inch inside diameter will be permitted on horizontal run.

Vertical pipes or risers in two and three story buildings must be 1 inch inside diameter or larger, depending on the number of fires or openings.

The use of street Elks, Bushings or Plugs is prohibited. Use as few elbows as possible; elbows not absolutely necessary will be condemned. When impossible to get through an obstruction such as a beam offset the pipe rather than use elbows.

For large buildings the plans for piping should be taken up directly with the City Plumbing Inspector before any pipe is installed. All piping for fixtures with a great number of burners on them will have to be made larger accordingly.

Gas is never to be supplied from a smaller pipe to a larger one.

Pipe must be free from obstructions. White lead or other joining material should be used sparingly as not to clog the pipe and only the male threads doped.

The riser must be extended to a point within 18 inches of the proposed location of the meter, and to right of same at least 20 inches above floor.

Meter should not be located near furnace or ovens; locked in compartments or placed in any other position where they will be accessible or liable to injury. Under no condition will a fitter or plumber or other person disconnect any meter, connect to or disturb piping between main and meter.

When, to accommodate different tenants, one or more meters are desired in a given building, the gas supplying company will set as many meters as there are separate customers but unless for specific reasons and where special permission is granted by the Plumbing Inspector a separate service line must be laid from the property line to each meter.

Union and valves must not be used in concealed work, but long threads, if necessary, should be used.

Long runs of horizontal pipe should be firmly supported at short intervals by metal fasteners to prevent sagging.

All branch outlet pipes should be taken from the sides or tops of running lines, never from below.

Bracket pipes should be run from below when practicable. Drop extensions must be supported with at least three supports, one under pipe at drop, one across drop between cap and ell or bend and one half-way between drop and main pipe. All supports are to be 3x1 or larger lumber. Two supports must be used for all bracket extensions, one directly under riser ell and one half-way between ell and main supply pipe.

House pipes should be so run and covered as to be readily accessible. No cast iron fittings smaller than 3 inches are to be used.

No individual, firm or corporation shall enter upon the installation, construction or reconstruction of any work provided for herein until a permit has been issued by the City Secretary covering each installation or addition to be made, and when required by said City Secretary plans and specifications for the proposed work must be filed with him with the approval of the City Plumbing Inspector before the permit is granted or during the progress of said work; provided, however, the City Secretary may issue a general permit to any individual, firm or corporation owning or controlling any building for a term not exceeding three (3) months from the date thereof, authorizing minor alterations or changes, but such permit shall be revocable. No permits will be required for the repair or adjustment of gas piping appliances, fixtures and apparatus.

SECTION 5: When the plumber or fitter has completed the system of piping and has full drop and bracket extensions and heater openings firmly and permanently fastened, he shall test the piping and if found tight file a written application for tests with the City Plumbing Inspector and the City Plumbing Inspector or one of his assistants will call and inspect the piping and witness the test, and if the City Plumbing Inspector or such assistant finds the piping tight and the sizes and work in accordance with the provisions of this ordinance, the City Plumbing Inspector or such assistant will issue and deliver proper certificate to such effect.

The piping must be tight under a pressure of ten inches of mercury column or fifteen pounds air pressure. This test will be made before the fixtures are hung and appliances connected and before the piping closed in. The use of gas filter's cement for repairing leaks is strictly prohibited.

All gas using appliances shall be connected up solid. No rubber or metal tubing will be permitted.

Any additional piping of outlets installed after a certificate is granted must be reported for inspection and test.

No gas fitter, plumber or other person doing work in any house or structure shall conceal any of said gas piping until certificate of inspection is issued and inspection card attached to said piping.

Running service lines under buildings between curb and meter location is prohibited.

Gas service lines shall not be laid in the same ditch with water or sewer lines.

No riser or elbow will be permitted on any yard service line, trench must be dug on level with curb stop or main except in case of high terraces. In which case special permission may be granted by Plumbing Inspector to make offset bends.

All yard service pipes must be 1 1/4 in. under the surface of the ground.

SECTION 6: If any person, firm or corporation shall fail or refuse to remedy any defects found by the City Plumbing Inspector or his assistants in any work, provided herein, within seventy-two hours after notice to do so, the City Secretary shall not issue any further permits to such person, firm or corporation until said defects are remedied; or if it is shown that said person, firm or corporation is incompetent to do such work, then the license of such person, firm or corporation shall be subject to forfeiture by the Mayor and City Council. The Mayor and City Council may forfeit the license of any person, firm or corporation for violation of any of the provisions of this ordinance or such future ordinance of the City of Floydada as may hereafter be passed; provided, that the forfeiture of any such license shall not in any manner affect the liability of the principal or sureties on the bond of any person, firm or corporation for any work here-in provided for previously done by any such person, firm or corporation; also, provided, that in the event that the license of any person, firm or corporation issued under the terms of this ordinance is forfeited for any violation of this ordinance or other ordinances of the City of Floydada, pertaining thereto, said person, firm or corporation shall not be granted another license for the period of one year after the date of the cancellation of previous license.

SECTION 7: Any and all gas piping, fixtures and apparatus or material, which may at any time become defective and in the opinion of the City Plumbing Inspector or his assistants likely to cause leaks, fires or accidents or to endanger persons or property, shall be condemned by the said City Plumbing Inspector or his assistants and when, in his opinion, it is deemed necessary in order to prevent such accident or danger, said City Plumbing Inspector, or his assistants, is hereby authorized to disconnect such gas piping, appliances, fixtures and apparatus, or to cause the service of gas to such consumers to be discontinued until the person or persons owning or using such gas piping, appliances, fixtures, apparatus or material shall cause the same to be put in safe condition and tested and approved by the City Plumbing Inspector.

When any gas piping, appliances, fixtures, apparatus or material of any nature whatsoever has been in any manner disconnected and rendered inoperative by the City Plumbing Inspector or the service disconnected, as set forth in the foregoing provisions, it shall be unlawful for any person or persons to in any manner reconnect the same or

cause the same to be reconnected to any supply of gas or to use the same as a part of any gas piping system until they have been put in safe condition and a certificate of acceptance has been issued by the City Plumbing Inspector.

SECTION 8: In every gas installation all piping and attachments must be of at least such capacity as will supply gas up to the full maximum requirements of all appliances contemplated to be connected thereon according to the requirements of this ordinance.

No gas piping, appliances, fixtures or apparatus, or the installation, construction, reconstruction or repair thereof, for which a permit is issued shall be put to use or connected to any supply of gas until inspected and accepted by the City Plumbing Inspector.

All applications for inspection will be held at least twenty-four hours after the same are filed. It is required that said individual, firm or corporation or his or its representatives shall personally inspect every installation before a card for inspection is filed and that all work for which the inspection is asked shall be complete.

Applications for re-inspection must be made out on new cards the same as the original application, stating whether the first, second or third application. Telephone or verbal requests will not be considered.

When any gas piping, appliances, fixtures or apparatus is found to have been installed without a proper permit or not in accordance with the provisions of this ordinance, the City Plumbing Inspector, or his assistants is hereby authorized and empowered to prevent any supply of gas thereto or to the consumer until such permit has been secured from the said City Secretary and such work inspected, and approved.

Application for inspection shall be filed with the said City Secretary and recorded in a book kept in the office for that purpose. A fee of One Dollar and Fifty Cents (\$1.50) shall be charged for the first inspection and One (\$1.00) Dollar each for the second and third inspection on condemned installations.

Before any such gas piping, appliances, fixtures, or apparatus constructed or furnished under permits hereafter granted, shall be approved, or any certificate of acceptance of the same be granted, the said work must be complete, and in compliance with the provisions of this ordinance.

Plumbers or gas fitters shall consult gas company for the location of meter before starting job. The plumbers or gas fitters shall be held responsible for any changes in meter risers installed in locations not authorized by gas company.

SECTION 9: Any gas installation not especially covered by this ordinance must be approved by the City Plumbing Inspector.

SECTION 10: All powers conferred by this ordinance upon the City Plumbing Inspector are hereby likewise conferred upon his assistants and such assistants and each of them may likewise exercise all such powers.

SECTION 11: That any person, firm or corporation who shall violate any of the provisions of this ordinance, or who shall fail to comply with the requirements of this ordinance, shall be fined in any sum not exceeding Twenty (\$20.) Dollars, and each and every days continuance of any violation of the provisions of this ordinance shall constitute and be deemed a separate offense. That in case of any such violation of the terms or provisions of this ordinance by any corporation the officers and agents actually in charge of the business of such corporation or the person or persons actually performing the work for such corporation, shall be subject to the penalties herein provided.

SECTION 12: An emergency is hereby declared to exist. By reason where-

Attest:—BURL BEDFORD,
 City Secretary.

Mrs. T. H. Hamrick Died At Idalou August 11

Succumbs to Attack of Heart Trouble Enroute to Scurry County From Floydada.

Mrs. T. H. Hamrick, for ten years a resident of Floydada until a few months ago when the family moved to Scurry County, succumbed Thursday evening, August 11, to a sudden attack of heart trouble while a guest of a cousin of Mr. Hamrick, Mrs. George Onstott, of Idalou.

Mrs. Hamrick died as she sat in a rocker, after having arrived at Idalou from Floydada in company with her daughter, Miss Floy. They were enroute to their home in Scurry County after a visit of a few days here with Conrad and Clinton Hamrick, sons of the deceased. Mrs. Hamrick and daughter left Floydada intending to reach home the same afternoon. Rains and heavy roads prevented and they stopped for a rest at the home of the relative.

Funeral services were held at Lorenzo Cemetery Saturday afternoon, the pastor of the Baptist church there officiating. Mrs. Hamrick was 52 years of age. She is survived by her husband two sons and two daughters. The sons are Conrad and Clinton Hamrick of this city, Miss Floy, who lives at the parental home, Mrs. Mabel Laminack of Scurry County.

The Hesperian \$1.50 year.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of Floyd County—GREETING:
YOU ARE HEREBY COMMANDED,
That you summon, by making Publication of this Citation in some newspaper published in the County of Floyd if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, Hattie Russell whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Floyd, at the Court House thereof, in Floydada on the 19th day of September A. D. 1927 then and there to answer a Petition filed in said Court, on the 11th day of August A. D. 1927, in a suit numbered on the docket of said Court No. 1880, wherein E. E. Russell, is plaintiff and Hattie Russell is defendant. The nature of the plaintiffs demand being as follows, to-wit: Being a suit for Divorce. Plaintiff alleges that he is and has been for twelve months prior to the filing of this suit an actual bona fide inhabitant of the State of Texas, and has resided in said County of Floyd for at least six months next preceding the filing of this suit; that on or about the 15th day of October, 1922, in Floyd County, Texas, plaintiff was lawfully married to defendant; that they lived together as husband and wife until on or about April, 1923, when by reason of the cruel and harsh treatment and improper conduct of defendant toward plaintiff, he was forced to abandon her; that the plaintiff and de-

fendant remained separated until on or about Oct. 15, 1924, when by the promises of the defendant to refrain from such cruel and inhuman treatment towards the plaintiff, plaintiff agreed to resume the living together as man and wife with the defendant, which he did until on or about the 6th day of July A. D. 1925, when by reason of the resumption on the part of the defendant of cruel and harsh treatment and improper conduct toward the plaintiff, he was again forced and compelled to abandon the defendant, since which time they have not lived together as husband and wife; that said marriage relations between plaintiff and defendant still exist.

That prior to the marriage of plaintiff and defendant, plaintiff was seized and possessed in fee simple of the following described land situated in Floyd County, Texas, and described as follows: The North One-half (1/2) of Lot No. Five (5), also Lots Nos. Six (6), Seven (7), Eight (8), and Nine (9), all in Block No. One (1) in the Honcher Addition to the town of Floyd City (Floydada), Floyd County, Texas, as shown by official plat of said addition recorded in Volume 22, Page 119, Deed Records of Floyd County, Texas; that defendant never had any interest in said lots and improvements thereon, but that same was plaintiff's separate property at time of his marriage to defendant, and is still his separate property and that defendant has no interest in same; that defendant by indenture under date of July 6, 1925, for valuable consideration, by written instrument and under oath, relinquished and quitclaimed unto plaintiff all and any interest she may have had in above described land;

Wherefore plaintiff prays the court that defendant be cited to appear and answer herein and for judgment dissolving said marriage relations, and that the above described land be set aside as the separate property of plaintiff, that all interest of defendant therein, if any, be divested from defendant and invested in plaintiff, for costs of suit, and for such other and further relief, both general and special, as in law and equity plaintiff be justly entitled.

HEREIN FAIL NOT, And have you before said Court, on the said first day of the next term thereof, this Writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in Floydada, Texas, this, the 11th day of August A. D. 1927.

T. P. GUMARIN,
Clerk District Court, Floyd County, Texas.
By Burl Bedford, Deputy. 254tc

RAILROADS SPEND LARGE SUMS FOR FOREST PRODUCTS

Purchases of forest products, including cross-ties, by the railroads of the United States last year amounted to approximately 12 per cent of their total expenditures for fuel, materials, and supplies, according to information furnished to the Forest Service, United States Department of Agriculture.

The railroads of the country in 1926 spent a total of \$1,559,032,331 for fuel and supplies, of which \$186,291,234 went for lumber and other forest products. In 1925 the railroads spent \$170,305,031 for forest products out of their total purchase of \$1,392,043,000.

Last year the railroads purchased 93,759,913 cross-ties at a cost of \$101,000,000.

This was an increase of approximately 6,000,000 ties compared with the preceding year, but a decrease under the two previous years. Other purchases of forest products included switch and bridge ties, lumber and timber for car repairs, and maintenance construction.

GROWING COLLECTIONS OF QUAKER LITERATURE

Chief depositories for Quakeriana in America are the libraries of Swarthmore and Haverford Colleges, Pa. The collection of Quaker books and relics at Swarthmore was started in 1870 with a gift of \$1,000 contributed for the purpose by a New York Friend. It contains as its chief treasure the original manuscript of John Woolman's Journal. Different "meetings" of the Society of Friends have agreed to make the library at Swarthmore the repository for their historical records, books, family papers, pictures, and other valuable material. The Friends Historical Library at Swarthmore now possesses 8,000 books and pamphlets.

F. C. and Verlon Harmon returned last mid-week from an extended tour of points in Tennessee. They were accompanied by F. C. Harmon, Jr., and J. R. Borum. They were away some three weeks.

NEW SALARY SCHEDULE FOR CINCINNATI TEACHERS

Teachers of Cincinnati are divided by the salary schedule recently adopted into four groups. Those of Group 1 have had two years of normal-school preparation; their minimum salary is \$1,400, which may be increased by annual increments of \$100 to \$2,000. Group 2 embraces teachers with three years of normal-school preparation; they receive \$1,500 as a minimum, and may advance by annual increments of \$125 to \$2,500. College graduates comprise Group 3; their minimum salary is \$1,600, and they may advance by annual increments of \$150 to \$3,250. In Group 4 are those who have the equivalent of a year of professional preparation in addition to four years of college credits, and who have served at least a year at the maximum of Group 3; they will receive a minimum of \$3,400 and a maximum of \$3,500.

AN EXHILARATING EFFECT

A bottle of Herbine on the shelf at home is like having a doctor in the house all the time. It gives instant relief when the digestion gets out of order or the bowels fail to act. One or two doses is all that is necessary to start things moving and restore that fine feeling of exhilaration and buoyancy of spirits which belongs only to perfect health. Price 60c. Sold by

Love at First Sight

Just the Appearance of this New
Lorain Equipped
QUICK MEAL
Gas Range Will Make You Want
to Own It ~ But That is Not Half

For the first time, the advantages of broiling by *direct radiation*, as in the old-time fireplace or over the grid at the barbecue, have been secured in a kitchen range. Take the first opportunity to see this remarkable range.

8 Reasons for Leadership

Lorain Oven Heat Regulator. With the Lorain you need never worry about "unlucky baking days," and you can cook an entire meal without watching, and canning is made so much easier.

Radiant Broiler. This broiler was developed after many laboratory tests. An old but overlooked principle of broiling was revived and placed in a range for the first time.

No Visible Hinges and No Door Catcher. This was accomplished for the sake of appearance. The gentle motion of the door prevents jarring of delicate bakings.

Boltless Front. Just to make the rest of the range correspond with the improvements, all exposed and projecting bolts were eliminated from the front.

Top Burner. You must really see and use this burner before you can appreciate its superiority. One distinct advantage is the fact that it will not rust or clog with soot, another is that efficiency is brought to the very highest peak.

Neat Top. This new non-rusting black enameled top is unexcelled for neatness and cleanliness.

Concealed Manifold. The gas supply pipe usually exposed in front of a range is concealed within the range where grease and dirt will less easily collect. Out of sight and out of the way.

Porcelain Enameled Throughout. As easily cleaned as a platter, and rust will not destroy hard-to-replace stove parts. Even the oven and broiler linings are fully enameled, so that they will not corrode or discolor.

F. C. HARMON

Society & Clubs

Woman's Council Makes Plans For District Meeting.

The Woman's Council of the First Christian Church met Monday afternoon at the church, after having been dismissed for several weeks on account of the revival meeting which closed Sunday night. The main purpose of the meeting was to make plans for entertaining the District convention of Christian churches which will be held with the Floydada Church, September 6 and 7.

Elaborate plans were made for entertaining the visitors. On the first night of the meeting a banquet will be given, probably at the church.

Co-operative Meeting With Methodist Ladies Monday.

Monday, the regular meeting day for the Missionary societies, will be given over to a co-operative meeting, which is held each three months, each society taking turn about in acting as hosts. This meeting which will begin at 4 o'clock will be held at the Methodist church. The theme of the program will be "Helpfulness." A most cordial invitation is being extended to all of the

women of Floydada to attend. Mrs. J. W. Wood will preside during the meeting.

The program arranged is as follows: Song—"Help Somebody To-day"; Devotional, "Am I My Brother's Keeper?" and "Who is My Neighbor?"—Mrs. I. W. Hicks. Song—Mrs. J. A. Enoch. "You Can't Live Your Own Life"—Mrs. Kenneth Bain. Song—"Somebody Did A Golden Deed"—"Helpfulness by Health Preserving"—Mrs. Jno. Farris. Song, "Others"—Girls. An hour with Methodist Women socially.

Early Day Settler Given Dinner Honoring Sister.

Mrs. C. W. Mitchell, one of the early day settlers of Floyd County and than whom few boast of more friends and acquaintances was very pleasantly surprised when her host of friends gathered at her home Thursday and gave her a surprise dinner. The affair was given in honor of Mrs. Mitchell's sister, Mrs. M. A. Elliott, of Duncan, Oklahoma, who is a guest of her sister for the first time in sixteen years. Each lady who came brought a dish of delicious food and when spread together the table fairly groaned under its load of delightful salads, pies, cakes, fried chicken, roasts and vegetables. Those who participated in this very joyful occasion were: Meses. Dora Reagan, I. C. Surginer, Roy L. Haynes, Walter Pennington, W. A. Shipley, A. D. White, S. N. McPeak, J. D. Starks, Jack Henry, C. Snodgrass, M. A. Elliott, Rip Snodgrass, A. P. McKinnon, J. C. Dickey, A. B. Duncan, Lon M. Davis, M. F. Huskey, M. J. Moore, Robert McGuire, E. P. Nelson, H. J. Willis, J. T. Kirk, Misses Ruby White and Zelma Chambless.

Raymond Allen Marries Oklahoma City Girl.

An announcement which will be of interest to many people of Floydada is that of the wedding of Raymond Allen, who was reared in this city. Mr. Allen was married to Miss Evelyn Grimes, of Oklahoma City, Friday morning at 10 o'clock, Aug. 12, at the First Christian church in Oklahoma City.

During the past several years Mr. Allen has been making his home at Lubbock and is now employed at the Lubbock Cotton and Oil Mill. Mrs. Allen has been a teacher in the Lubbock High School for the past three years.

The bride and groom spent the weekend here with his sister, Mrs. Herbert S. Sparks and family. They will continue to make Lubbock their home.

Miss Mamie Carson Entertained Tuesday.

Miss Mamie Carson was very agreeably surprised on the event of her birthday last Tuesday at noon when Miss Inez Paschall and other friends entertained with a noonday lunch at the Paschall home on South Wall Street.

Those present at the surprise lunch Tuesday were Misses Clara Tubbs, Inez Paschall, and Mamie Carson; Mr. and Mrs. Lloyd Paschall, and Mr. and Mrs. W. M. Paschall.

F. C. Harmon, Jr., Entertained On Eleventh Birthday.

Mrs. F. C. Harmon entertained a group of children at her home on South Wall Street last Monday, for her son, F. C. Jr., on his eleventh birthday. The children spent the afternoon in games and other entertainment. Prizes of the afternoon were won by Gladys Ruth Brown and Kinder Farris.

Delicious refreshments of ice cream and angel food cake were served to the following guests: Misses Wanna Tawwater, Mabel Tubbs, Irene Kreis, Genell Stovall, Dorothy Hill, Martha Hill, Blanche Hilton, Hazel Borum, Gladys Ruth Brown and Masters Verne Eastridge, Waldo Houghton, Billy Joe Welch, Robert Daniel, John Harvey Scoggins, Herwin Strickland, Elam Morris, Kinder Farris, Joe Hill and the honoree.

W. M. S. Meets In Business Session Monday.

A business meeting of the Woman's Missionary Society of the Baptist Church was held Monday afternoon at

4 o'clock at the church. Mrs. Sam Bishop presided in the absence of the president, Mrs. Geo. Linder.

Definite plans were laid for a Dollar social to be held at the City Tabernacle the first Monday in September.

A class for the study of social hygiene, organized by 50 mothers of school children in the District of Columbia, is one of the number of study circles promoted by parent-teacher associations in the District.—School Life.

Locals and Personals

Edwin Dumas, Matador Ranch cowboy, who has been in the Smith & Smith Sanitarium for the past several days following an operation, continues to improve. He was very ill for several days. His father, M. E. Dumas of Plains, has been here during the young man's illness.

J. G. Deakins and Bud Kelley spent Sunday at Snyder and Post visiting relatives.

Mr. and Mrs. H. H. Hatchett, of Elk City, Okla., were here for a brief visit over Sunday with Mrs. Hatchett's parents, Mr. and Mrs. J. C. Dickey and other relatives.

Rev. G. W. Tubbs, pastor, closed a successful meeting at Mt. Blanco, Monday. He was assisted by his brother, Rev. W. L. Tubbs, pastor, at Grapeland. Rev. Tubbs returned to his home Tuesday.

Fall Term—Opening September 5th

The Figures Stir Their Youthful Pride

One dollar entered under the names of your youngsters and written in a Bank Book will look as big to them as a thousand does to you. Time and again, you're apt to see them peeping at the figures for "just another look, Daddy, to see how much money we've got."

There is a youthful pride worth encouraging... leading to the cultivation of the Thrift habit which means so much to them in later life. Teach them the value of it by opening a Savings Account for them with this dependable Bank.

GOOD POULTRY HOUSES IMPORTANT FACTOR IN MAKING FARM FLOCK PAY DIVIDENDS

By O. T. Williams
Often it is said that humans can not improve on nature. From nature's standpoint probably they can not; but from the business point of view and for the purpose in mind individuals often can improve on nature. For example, nature's object, with poultry, is to cause the hen to reproduce herself and maintain the race to which she belongs. For the hen to do this under natural conditions, she must live an exceptionally healthy and vigorous life.

The hen in her natural or wild state is required to lay but very few eggs, and those only in the spring of the year. She maintains her vigor by roosting in the open where there is an abundance of pure air. The hen that roosts in the open is endowed with a great amount of vigor, but loses decidedly in egg production for she is exposed to severe climatic conditions.

The business hen is required to lay many eggs, and the effort to make her do so frequently results in a weak and pampered hen, from nature's standpoint. The natural vigor of the hen is likely to be sacrificed somewhat, for the sake of heavier production, unless special precautions are taken to safeguard her health by methods of proper feed and management.

It is necessary to house poultry in order to secure a yearly supply of eggs evenly distributed throughout the year, more so during the winter months when eggs are bringing a good price. The real problem in poultry housing is to determine how to balance the conditions that makes for nature's method of maintaining health and vigor, and the conditions that produce man's commercially profitable hen.

Good Hen Home

The best egg production is secured from hens that are comfortable and happy. To do this the hen must have the proper kind of environment which includes all phases of management that have to do with the care of the hen.

To a large extent, the comfort of the hen is directly dependent upon the kind of a house she occupies. A major

part of her time is spent there. There is where she receives most of her care. The word "home" usually suggests "comfort." The hen house should be a place of comfort, safety, contentment, cheerfulness, and happiness. Given these, the hen responds. Egg production is based on a contented mind, not merely a satisfied stomach. The hen's attitude toward her surroundings will go far in egg production. The hen does not "will" to lay, nor the seed to generate, but, if given the proper environment, both will respond.

Necessity of Pure Air

One of the most important factors in securing comfort for the birds is pure air. If you limit the amount of pure air, a loss in vigor results. Very often we think that all that is necessary in constructing a poultry house is to protect the flock from the wind and rain. Very little attention is paid to the ventilation of the house. Protection from wind and storm is necessary, but a constant supply of pure air is absolutely essential for egg production. The hen breathes very rapidly, thus using much more air in proportion to her size than other domestic animals. Tests have shown that the average hen uses about 40 cubic feet of air each day. It is much cheaper to construct small houses with the proper ventilation that larger ones with poor ventilation. As a disease preventative, a health promoter, and a factor in good egg production, pure air stands high in importance. There is nothing cheaper.

In this country the houses should be constructed with at least 50 percent of the south side open. It can be enclosed with one inch wire netting, but should not be enclosed with glass.

A canvas curtain can be used to let down during very cold weather. At all other times the south of the house should be left open. Not only does this let in the much needed pure air, but it will let in the direct sunlight. The sunlight is important for keeping the house dry and killing disease germs. The discovery of the ultra-violet rays of the sun has given another important factor as to the need of sunshine in the hen house. Since glass filters these rays there should be an open space that will let in the direct sunshine. Not only does this opening in the south side of your poultry house let in pure air and sunshine, but it lets out the air that is laden with an excess of moisture.

Since the hen breathes very rapidly, the humidity of the air becomes very high in a few hours if the house is not properly ventilated. Moisture is much more to be feared than cold.

Size of the House

The size of the house will depend upon the size of the flock. The larger the flock, the fewer square feet of floor space is needed per bird. On an average each bird should be given at least 2 1/2 square feet.

The type of the house is not important. We find successful poultrymen using each type. Only one factor that might be noted and that is the width. The narrower the house the better will be the sunlight and the ventilation. The house needs not be constructed with double walls, but the walls should be constructed out of a good grade of siding so there will not be any cracks to cause a draft.

The poultry yard should be located on a well drained soil if possible. The house should be located in the north side of the yard. Then the house will protect the flock from the north winds, thus giving the flock more open range on cold days.

The average height of a Japanese man at twenty years is a trifle over five feet three inches.

THE LIGHTNING ROD HAS REDUCED FARM FIRE LOSSES

Lightning, which annually causes large life and property losses, is, according to the United States Department of Agriculture, probably the chief cause of farm fires. Recently the seriousness of these losses caused the farm fire protection committee of the National Fire Protection Association to give special attention to this problem. Three of the members of this committee are from the Department of Agriculture, and the chairman is David J. Price of the Bureau of Chemistry and Soils of this department. This committee recently gave out the following statement regarding lightning-caused losses on the farm:

"The annual farm property loss from lightning may be estimated at \$20,000,000 as a minimum. This loss can in large measure be prevented by proper lightning protection on buildings and by the simple expedient of grounding at reasonable intervals all wire fences in enclosing pastures or yards for livestock. The annual number of farm persons killed by lightning is between 400 and 500 and the number of such persons injured from this cause is more than twice the number of deaths.

"Available statistics indicate that lightning rods, both good and defective, as hitherto found on farm buildings have reduced lightning losses by about 85 per cent of the loss incurred from lightning on corresponding exposures of unrodded buildings, and that properly installed and well-maintained rods have shown an efficiency in the prevention of lightning damage of well nigh 10 per cent.

"A substantial metal roof with all parts thereof in good electric contact can, according to available evidence, be utilized as a part of the lightning-protection system for a building and thus in part be made to serve a double purpose. The cost of grounding and making other necessary electrical contacts with interior masses of metal is relatively small.

"The cost of lightning protection is more than justified when the added personal safety and avoidance of temporary deprivations, as well as the saving of property, are concerned.

"The committee calls attention to a 'Safety code for protection of persons and buildings against lightning,' prepared by a committee working under the direction of the American Engineering Standards Committee. This committee consists of representatives of the United States Government and a number of national organizations. The code has been published in tentative form by the National Fire Protection Association, Boston, Mass."

FIREWORKS USED TO BREAK UP CITY ROOSTS OF MARTINS

Martins, birds somewhat smaller than robins or starlings, sometimes gather in flocks by thousands just before migrating and establish roosts within small areas, where they become exceedingly obnoxious. The noise and filth they make and the breaking of branches of trees where they roost are very objectionable in residential districts. Although the law forbids shooting martins, it is generally possible to break up their roosts.

Last year the townspeople of Newport, Ark., found themselves suddenly beset by ten or fifteen thousand of these birds, and at first turned to the police for help in getting rid of them. The police, however, were advised by the Biological Survey of the United States Department of Agriculture that it was illegal to shoot martins, and suggestions were made for other methods of control. The birds were finally scattered by turning the fire hose on them by shooting Roman candles through the trees after dark, and by firing blank black powder shotgun shells. The Roman candles proved especially effective. Other places in Arkansas troubled by objectionable bird roosts were similarly treated.

A world record in weight-lifting is claimed by Corporal Will Attenborough of the British Royal Horse Guards, who recently raised 415 3/4 pounds with his left hand.

An Indian prince has his private train equipped with a huge tobacco pipe, mounted in the locomotive, from which smoke is piped to each compartment for passenger's use.

Dreaded Aches, PAINS Disappeared

"My health had been poor for ten years, before I took Cardui," says Mrs. Anna Cronin, of Rockport, Ind. "I was lifeless and 'no account'. I dragged around day after day, every move an effort, and never feeling the joy of being well.

"At times, I had a dreadful ache across my back, and my sides hurt me. I worried along, sometimes hardly able to leave my bed, but the demands of a growing family had to be attended to; so I would get up, do what was absolutely necessary, and then lie down again.

"One day, someone suggested Cardui to me. I took it for several months, and all the time I was growing stronger, and less nervous. My aches and pains finally disappeared.

"That was two years ago. My improvement has been permanent. The good health, which followed the taking of Cardui, is still with me, so I do not hesitate to recommend it to my friends."

Center News

Center, August 22.—People are beginning to get up with their work but a good rain would start it all over again, as wheat sowing would begin at once.

T. J. Gill and family left last Wednesday for Mount Vernon. Elvis Gill and wife and Mr. Hollums and family with Walter Hollums and wife left this morning for Jones County for a week's visit.

Miss Doris Spence came home Friday night after a two week's visit with Mr. and Mrs. Tom Adair near Muleshoe.

C. O. Spence and family spent a few days last week with Mrs. Spence's sisters near Abernathy.

The following named families surprised Mr. Golightly and family and C. E. Meredith and family with a farewell ice cream supper last Tuesday night: A. A. Tubbs and family; Tom Jernigan and family; C. M. Meredith; J. D. Woolsey; A. L. Spence and family; Brit Mankin and family; Mrs. Montague and children, and W. B. Jordan and family. We all took our freezers filled ready for the ice to freeze and had arranged to have the ice arrive at the proper time. We had all the cream we could eat and a good time besides.

Mrs. Austin has a sister visiting her today.

Roy O'Brien spent Sunday night with the Golightly family at Plainview.

Miss Lillian King spent the week-end out here and the young people enjoyed a social at Joe Woolsey's given in her honor. She is spending today with Misses Maudie and Vera Meredith of Aiken.

A goodly number of the Center folk went to Campbell to sing Sunday afternoon.

Providence News

Providence, August 22.—Mr. and Mrs. Boertz and son have moved on the Phillip's farm vacated by Tom Weeks and family recently and will farm the place the coming season.

Mr. and Mrs. McCulough and children were in town Saturday shopping.

A fine shower fell here early Saturday morning and another Sunday morning, which was greatly needed. Most all the farmers are through breaking their wheat land and are ready to sow when the time comes to drill.

Miss D. L. Pullen and mother spent a few hours with her sister at Snyder last week.

Mr. Gilbreath and Mr. Sammann were business callers in Floydada last Thursday evening.

The teachers' home is about complete and it is a fine building, which adds much to the improvements of the school here and surrounding community.

Mrs. F. M. Kennedy and two daughters were callers at Lockney Tuesday on business.

Newland News

Newland, August 22.—On account of the big revival in Floydada, Sunday School was dismissed Sunday. Part attended the revival while others attended church at Antelope.

All come back next Sunday.

Bro. Moore's meeting closed last Wednesday night. He started another meeting at Fairview Friday. Bro. Smith's meeting at Roaring Springs also started Friday.

Mrs. H. D. Bloodworth and son, Wayne, are visiting relatives in Wise County. Also, John Custer and family are visiting there.

Mr. Knight and family attended church at Antelope Sunday. Also, Mr. Furrows and family.

Dad Buster and wife are back from their visit.

D. J. Carden and S. Y. Smith made a business trip to Lubbock the first of the week.

Locals and Personals

Mr. and Mrs. Clarence Bosley, of Gainesville, visited his brother, H. C. Bosley and family during the week-end.

J. G. Wood made a business trip to Amarillo, Monday, returning home Tuesday.

Rev. Marvin Brotherton and wife, former circuit pastor of Floydada Methodist Church, visited Rev. A. D. Moore last week while enroute from their home at Kirkland to visit Rev. Brotherton's mother at Lockney.

M. J. Landrum, advance man for Harley Sadler's Own Company, was in Floydada on business Tuesday.

Floyd County Clubs

BLANCHE DEMONSTRATION CLUB

The club met with Mrs. W. C. Cates, August 18, with 9 members present and one visitor. Roll call was answered by short individual talks on "The part I have ready for the fair." Mrs. Wheeler was leader. The program was as follows:

1. Food value of whole wheat flours—Mrs. Daniels.
2. Variety of dishes in whole wheat flour—Mrs. Dood.
3. Demonstration using whole wheat flour—Miss Blanche Bass.

Our next meeting will be held with Mrs. Daniels on September 1. The subject will be, "Ways of cooking meat." Mrs. Daniels will be hostess. Roll call will be answered by a talk on "My favorite method of cooking meat." Mrs. Will Snell will be leader. The following program will be given:

1. The place of meat in diet—Mrs. Wheeler.
2. Danger in using too much meat—Mrs. Badgett.
3. Principles of cooking meat and demonstration, showing different methods of cooking meats—County Home Demonstration Agent, Miss Bass.

We are all planning to exhibit something in the fair. We urge all members to be present next meeting and are sure that they will miss something if they are not there.

SAND HILL CLUB

Most every one has been very busy or taking a vacation this month, so we have not had much club meetings. But every one please remember our next meeting will be September 7. Every member is urged to be present as we are to make plans for the county fair.

The subject for the meeting in September will be "Ways of cooking meat." Roll will be answered with, "My favorite method of cooking meat." Mrs. Alice Knight will be leader.

"The Place of Meat in the diet"—Mrs. Jim Holmes.

"Danger in Using Too Much Meat"—Mrs. C. C. Green.

Principles of cooking meat and demonstration, showing different methods of cooking meats—Home Demonstration Agent.

Mrs. Eli Johnson, of Vernon, who spent last week here visiting relatives, left for her home Monday of this week.

Locals and Personals

Mrs. Agnes Rosser, of Kingsville, is here this week visiting with friends and relatives. She was a former teacher in the Flomot school.

Ira Ainsworth, of Snyder, spent last Saturday and Sunday here visiting with his sister, Mrs. Jim Lawless.

Mrs. Ira Reed returned to her home in Amarillo last Tuesday after spending several days visiting her parents, Mr. and Mrs. J. W. Pitts at Lakeview.

Mr. and Mrs. Earl Newell returned to their home in Tulia last Sunday after visiting here with relatives. They were accompanied home by Mrs. Newell and daughters, Faye and Mrs. Shelley Scott and two children, who will visit with them for a short while.

BORN—to Mr. and Mrs. M. L. McAda, Cone, August 20, a daughter.

Mrs. N. A. Armstrong and daughters, Mrs. Wanda Banker and little daughter and Miss Doris, returned home last mid-week from a two week's vacation at Colorado Springs, Colorado and Santa Fe and Taos, New Mexico.

Miss Jennie Lewis and Mr. and Mrs. John Lewis returned Monday night from Abilene and Colorado City, where they visited relatives for several days.

Mrs. M. Wiley, of Calhoun, Mo., aunt of L. H. Lewis and Dr. and Mrs. D. A. Pollard and Mr. and Mrs. Phil Maupin, also of Calhoun, Mo; cousin of Mr. Lewis, arrived Saturday for an extended visit in the Lewis home.

Little Maxine Fry is convalescing at home from a tonsil and adenoid operation which she underwent at the Plainview sanitarium Tuesday morning. Mrs. Fry remained at her daughter's bedside and Mr. Fry went after them Wednesday.

Mrs. Phil Scott and children, of Silvertown, spent last Sunday here visiting friends and relatives.

Mrs. A. A. Collins and daughter, Miss Ollie Bell, accompanied by Miss Helen King left in their car Tuesday for Norman, Okla., where they will visit until Monday. Mrs. Collins will be accompanied home by another daughter, Miss Gladys, who has been attending Oklahoma University.

Miss Lucy Ross, of Plainview, spent the week-end with her sister, Mrs. E. C. Henry. Mrs. Henry and her daughter, Mrs. Geo. V. Smith took Miss Ross home Tuesday. Mrs. Smith's little daughter, Margaret and Margaret's cousin, little Hervey Ross, Jr., are spending the remainder of the week with Miss Ross and her sister, Mrs. B. F. Jarvis.

Quincy Kizziar, of Abilene, spent the first of this week here visiting with his sister, Mrs. Bill Daily, and other friends.

J. D. Porterfield, last Monday to Lubbock where he plans to home. Mr. Porterfield has been painting business in this city for time.

Mrs. Edd Johnson's

Master Farmers Use Good Business Methods

Model Plains Farm Result of Efforts of Providence Man

The story of the sixteen years of Karl Sammann's business career in Floyd County, from the January in 1911 when he arrived and began farming on the shares until the summer of 1927 when he produced as his principal crop in excess of 10,000 bushels of wheat, is that of the careful practice of the art of thrift and the application of business principles to his efforts.

Gets Radio Markets

A recent visit to Mr. Sammann's farm by a representative of The Hesperian forcibly impressed the fact that the business man on the farm must study his markets as well as his production. As the writer was welcomed to the home the head of the house was taking the markets from the radio as the loud speaker of the six-tube radio set brought them in clearly. Not only wheat and the other grains interested him but the general trend of the markets were obtained to get a well-rounded idea of the commodity price movements in the central markets.

And after the excellent high noon dinner served by the gracious hostess a short trip over the farm, the barn yard, implement houses, and chicken lot disclosed some of the reasons why Mr. Sammann might well be termed a "master farmer" though he should capture no such prize in competition with other men in the farming business in Texas.

Mr. Sammann is not following a practice that is depleting the state of its young horses. In fact, he is following a practice that will always keep his farm protected in its needs for young work stock that can keep the wheels moving at a fast clip. One to two good young colts he raises every year of a heavy breed that is steady and yet not too sluggish to get over the ground. So that he has seven head of horses and mares within the working ages from five to eight, a mare or two possibly a little older and three or four colts ranging from four down to yearlings. Mr. Sammann puts his horses to work steadily at five. Four he considers a little too young to put a horse into the collar for a whole hard season's grind.

Chickens And Cream

A good garden, plenty of chickens and ample housing for them, too, with separate lots for the growing chickens (the layers) and milk cows that produce good revenue daily from a part of the plan of Mr. Sammann for producing the general running expenses of the farm. By means of these he keeps his living expenses of the place from rising up the profits of the general farming operations. Five good dairy cows furnish amply the needs of the home for milk and a surplus for the market. Indeed, it is likely that these dairy cows and a flock of more than a hundred laying hens provide more than the actual cash purchase of the family. From some six hundred young chickens now approaching maturity some three hundred and fifty young layers will be left when the roosters and culls have been marketed to best advantage, which will be completed before mid-winter likely. Aged hens will be sold out, too, as it appears they need to go to market, the same care being observed in these small matters as in the marketing of the big wheat crop or in caring for the valuable stock or farm machinery. And although Mr. Sammann has found that chickens work in better with his farm plans than hogs, he has not neglected these either, having a purebred Poland China sow followed by a litter of dandy pigs that will make good porkers this mid-winter and furnish stock for his needs as conditions may justify.

With all these cows, horses, chickens and hogs Mr. Sammann has found it wise to be careful of a feed supply that will not be too expensive, so he has in the large barn in excess of wheat that he will sell to make room for more maize as this year's crop matures, or keep if the market conditions are not satisfactory.

Protects His Implements

Checking up on Mr. Sammann's way of handling his business, it reads like the book farmer's dream of how the actual farmer ought to attend to his affairs. Besides ample protection for his stock, his chickens and hogs, with brooders and laying houses and green feed supply for the acres of Rhode Island Reds, he provides a place to protect the heavy farm machinery which goes with the operation of a big scale farm. The large combined harvester, having finished its work for the year, has been cleaned up already and the big investment protected from the elements with a house that just fits it, far enough away from any other improvements to assure it will not burn should other improvements burn down. And similarly the other implements are housed in an implement shed at another location convenient to the fields. The only unprotected implements the writer saw were two tractors and two wheat-land plows that have been in use to finish up the wheat ground for the fall planting. And with all this finished the next work will be preparation for the actual sowing. Another piece of preparation for a future crop that Mr. Sammann has already finished is a seventy-acre field of this year's wheat stubble already listed and perfectly clean to catch any fall or winter rain and snow for a row feed crop next year, seven months before the actual planting is to take place. "If I get any rain or snow at all this winter we ought to be able to gather a little feed anyhow in the fall of next year," Mr. Sammann said, with a smile.

Majors in Wheat

Mr. Sammann "majors" in wheat. "I was reared in a cotton country," he said, "and I used to think that no man

Beauty And Utility Combined At Gary's 'Lakeside Farm'

"Lakeside Farm," the home of R. B. Gary, one of the prospective Master Farmers of Floyd County, is located thirteen miles Southwest of Floydada in the Harmony Community. It is this farm that Mr. and Mrs. Gary have improved from a small unattractive place to one of the most modern and best equipped farms in the County and "Lakeside" was one of the unanimous choices of the local judges when making their selection of the three best farmers and farm homes in Floyd County.

Efforts Are Rewarded

Coming from Hardeman County eleven years ago these people, firm in their determination to make a home that they could be proud of, selected their present home and begun the work that is now being recognized by everyone in Floyd County, but more especially in the Harmony Community. Unable to buy the place when they first came to the County they paid rent for some time but remained firm in their determination to own their own home.

For seven years now Mr. Gary has been, building and adding to the improvement of his farm and as a result he has a splendid house, a large barn used for a granary, car shed, horse shed, cow shed and machinery shed, well equipped poultry house with 150 grown Rhode Island hens and 400 fryers, a garden and orchard covering approximately an acre, 320 acres of land of which 200 acres are in cultivation, seven head of horses, six mules, four milk cows, three calves and twenty-eight hogs. This does not include several hundred dollars worth of farm implements and a black-smith shop. While the above mentioned assets are a part of the farm briefly summed up, they are only a small part of this well equipped farm home.

"For several years I have read and heard the proposition discussed about how to keep the young people on the farm, and I have come to this conclusion bring the city conveniences to the farm," Mr. Gary stated, "and so we have added the little conveniences that are so essential to pleasant living and have found that we have no desire to move to the city but instead we have found even greater enjoyment on the farm." Added to the pleasure of making a home has been the aiding of the growth and development of his community. Strong in his belief that good schools are essential to the rural communities, Mr. Gary has supported every school bond issue and is in part responsible for the \$10,000 school building that is now under construction in the Harmony Community. Leader of the song services at his community church and a teacher of the young men's Bible class, this man is one of the leaders in his community in practically every progressive movement. He has served the community as a trustee at one time and still takes an active part in the school programs.

OWNER OF LAKESIDE FARM

R. B. GARY

Proprietor of Lakeside Farm at Harmony, has earned the reputation of all-round good farmer and business man. He is one of the county's entries in the Master Farmer Contest.

Viewed from the public highway the Gary home is one of the most attractive to be seen. The front yard is covered with flowers and shrubbery of every description. Dahlias, morning glories, holly-hocks, wisterias and many splendid seting for the house which is well painted and kept in perfect repair.

Even though the Gary family are proud of the spacious house they are even prouder of the modern conveniences that add so much to the pleasure of living on the farm. Electric lights are to be found in every room in the house, the barn and poultry house. Switches that are placed handily turn the lights on in either the barn or poultry house from the house. An electric washing machine lightens the burden of washing day for Mrs. Gary and an improved electric churn saves time for everyone. Running water to the kitchen and bath room eliminates the worry of carrying water. An electric iron makes ironing day a pleasure. These conveniences gives Mrs. Gary time to attend the meetings of the Harmony Home Demonstration Club of which she has served as president. She is also secretary of the Harmony Missionary Society.

One cannot visit the Gary home without noticing the neatness of the rooms which are all well papered in very suitable colors. The kitchen is equipped with a built in cabinet that serves many different purposes. Bath room and winter room are both painted and papered and in perfect condition.

In Mr. Gary's belief managing a farm is just as important as managing a business and so should be conducted strictly on a business basis. A complete record of every penny spent and every dollar made is kept and an inventory made each year of the earnings of the farm. Every trip to Floydada, which is the Gary's trading place, is made a business trip. "We try to carry something to sell every time we go to town," Mr. Gary stated, "and always make a check up after returning home."

Of the 200 acres in cultivation on the "Lakeside Farm" 100 acres are in wheat, eighty acres in feed and twenty acres in cotton. Rotation of crops is made by planting hegrira, millet, maize, kaffir and sudan.

From the garden and orchard enough is made to increase the income of the farm and at the same time furnish the home with enough for their own consumption. Chickens, being a part of every diversified farm, take a prominent part on the Gary farm. Chickens and eggs are offered for sale practically all the time and the home is never without either for the family table.

When asked about the Master Farmer contest Mr. Gary said, "Regardless of whether or not I am selected as one of the Master Farmers of the State I feel highly honored by being entered in the contest. Already the interest taken by the local judges has enthused us so much that we have been making every possible improvement in order to make our home everything that it should be."

Floyd County Entrants Alert For Tested Ideas

The most distinct impression gained from a study of the farms of the Floyd County entrants in the "Master Farmer" contest now being judged under the patronage of the A. & M. Extension Service of Texas and the progressive farmer, is that the contestants themselves are alert business men and are applying modern business methods to the conduct of their respective businesses.

Alert For Ideas

That these men are alert for ideas, but not so over-zealous to be modern that they do not test these ideas thoroughly before incorporating them into the farm plans, is evident from their talk and from the impression of substantial progress to be seen on their farms. For instance, Karl Sammann was reared in the cotton belt of Texas. From his early youth he had "cotton farmed" and, although he arrived at the conclusion soon after he arrived on the plains to carve out a future for himself and family, that he could get the best results under the conditions he found, by supplanting cotton with wheat as his major crop, he was slow to adopt the change. And the same careful consideration was given when he got ready to purchase power machinery for his farming operations. He studied all the new ideas advanced, and when he had satisfied himself he bought the kind that seemed to fit his needs best.

Nor are these men prejudiced against ideas from any source. Practice on their own farms they supplement with the ideas gleaned from books, from treatises on best methods and best varieties, and from farmers' "trade journals."

Are Public Spirited

Wherever information or knowledge having a bearing on the possibilities of their chosen profession can be obtained, the contestants are among those who take advantage of the opportunity to give an outsiders' views of their work close study and thought. And naturally, they are successful business men. They know the businesses they are conducting because they study them, keep books on them, and watch for the "breaks" that mean a difference between profit and loss on the business venture.

Fortunately for their respective communities, and indirectly for the whole county, men of this stripe are not so thoroughly engrossed in their own affairs that they cannot give some of their time to the problems and needs of the communities in which they live. The modern idea that "no man lives to himself," but that each must give of his time and means toward bettering conditions in the community where he makes his home, is exemplified daily by these men. Schools, churches, and all the civic efforts that tend to improve community conditions have their support and best efforts either in the ranks or as leaders.

Whether such men as R. B. Gary and K. Sammann are adjudged as two of the "master farmers" in the state, is not so important in its value to the community and the county at large as is the fact that they take pride in their work and are glad of the opportunity to measure themselves and their farms by the score card of experts in the study of farming and of farm life.

Locals and Personals

Mr. and Mrs. Frank M. Butler and children and Mrs. Dora Crain, of Amarillo, spent the week-end here with Mr. Butler's parents, Mr. and Mrs. H. D. Butler. Mrs. Butler who spent from Tuesday until Friday in Amarillo with her two sons, Frank M. and Truett came back with them.

W. L. Morris and family of Ananaim, California, are visiting here this week with A. B. Masterson and family, and other relatives, having arrived Monday following an overland trip by automobile. The Morris' were long residents of Floydada and Mr. Morris is still interested extensively here.

Mrs. Ohmer Kirk and two children returned home last week from an extended visit with relatives at Denver, Colorado. They also visited at Estes Park, Colorado, and Salt Lake City, Utah.

J. L. Duncan and family had as guests from Thursday last week to Wednesday of this, his mother Mrs. J. M. Duncan, his sister, Miss Margaret, his brother, Jess, and a niece Miss Beulah Castle, all of Shannon, Clay County.

Mr. and Mrs. J. C. Parker who have been making their home for the past six weeks at Ralls, spent the week-end here with Mrs. Parker's sister, Mrs. Herbert S. Sparks and family. They left Monday for Vernon where they will make their home.

MASTER FARMER ENTRANT

KARL SAMMANN

One of the outstanding farmers of Floyd County, whose farm will be visited tomorrow by the scorers in the Master Farmer contest. He lives in Providence Community.

could make a living unless he had cotton for his surplus crop. Experimenting for a few years and trying not to be too anxious to get away from cotton, I have found, after a few years trial that we are able to get along as well without the cotton as with it. Before my boys got big enough to help about the place, I was almost forced to quit cotton on account of the difficulty of getting labor." He has not raised cotton for seven years, except for a small field occasionally, although he considers this a good cotton country. His place is ideally arranged for his purpose and he has produced not only sufficient money to gradually add the extensive improvements, equipment and stock that he now has but has also invested in additional real estate.

Mr. Sammann's total row crop this year is three rows. One row of maize, one of hegrira and one of feterita. However, it should be explained that he has nearly eighty acres in these three feeds, divided about equally between them. He used the single-row system on his forage crops because it makes them less expensive to gather when binding time comes. His row binder makes a ninety-degree turn at corners instead of a complete turn if the rows ran from one end of the field to the other, saving time, manpower and horse or tractor power, too. These little short cuts help in the farming business the same as in any other, he says. He expects to get the eighty-acre of maturing feed off the ground next month and put the land in wheat. He planted the feed wide row and has a good mulch on top of the ground right now with a firm seed bed.

An Attractive Home

And while these things have been done Mr. Sammann in his sixteen years of plains farming experience, the convenience and attractiveness of the home have not been overlooked. Flowers, grass and trees grace the lawn, he reads by electric lights produced from a plant in the milk house, and has lights in his barns and sheds where they are likely to be needed. When wash day comes

FLOYDADA'S MOST UP-TO-DATE STORE

What's Doing In West Texas Today

LORAIN—The people of Loraine have organized into a Citizen's League the purpose of which is to promote the upbuilding of Loraine and the surrounding country. C. E. Green is president and Alonzo Phillips secretary. Meetings are to be held semi-monthly. The League will affiliate with the West Texas Chamber of Commerce.

McCAMEY—The McCamey Chamber of Commerce is working upon a membership drive. Though the movement has not been completed, already 80 new members have been added to the roll. There are more than 250 paying members in the organization at this time.

WICHITA FALLS—The nationally known Kraft Cheese Company will establish a large cheese factory at Wichita Falls. Contract with the concern was effected through efforts of J. A. Kemp and other workers for the "City That Faith Built."

TRENT—Despite decrease in business at the oil field and usual inactivity of this season, Trent is continuing to grow, and is preparing to take care of a big business this fall. Several business buildings and residences are undergoing improvements and many are under construction.

WELLINGTON—Elaborate plans are underway for entertainment of Panhandle-North Plains delegates who will attend the district convention of the West Texas Chamber of Commerce here August 25. A number of prominent speakers have been obtained, and an interesting agricultural program provided.

SLATON—The sixth monthly luncheon of the Slaton Chamber of Commerce was staged this week, and proved to be one of the most enthusiastic held this year. The program was in charge of the industrial committee of the organization and brought to light many phases of industrial development in this section.

De LEON—A record purchase of fourteen carloads of fine Hereford and other pedigreed stock of cattle has been made in the De Leon territory within the last thirty days. The purchase indicates a part of the movement here toward greater diversification.

SWEETWATER—Sweetwater's handsome \$200,000 Municipal Auditorium has been formally opened. The Sweetwater Gold Medal Band, official music

makers for the West Texas Chamber of Commerce this year, played at the opening program and has been given an official headquarters in the building where it will hold practice hours Wednesday night of every week.

GRAHAM—Major Turner E. Camp has been officially installed as secretary of the Graham Chamber of Commerce and has started work on a program of progress for this place.

BALLINGER—Twenty-five blocks of new paving have been ordered by the City Commission here. Work on this project will start within thirty days. A cost of \$75,000 is represented by this movement.

BOWIE—The Oak Grove Hatchery has opened for business in this city. The hatchery will do a regular commercial hatching business. A number of electric incubators having a capacity of 6,000 eggs have been installed already, and larger units and incubators are to be added later.

WHITE DEER—Contract has been let for 3 blocks of brick paving. A white way system is to be installed as soon as the paving program will warrant the same.

LAMESA—The new Lamesa National Bank has opened up and a good business has been resumed.

NOTICE OF APPLICATION FOR PROBATE OF WILL

THE STATE OF TEXAS
To the Sheriff or any Constable of Floyd County, GREETING:

You are hereby commanded to make service by publication in a newspaper in Floyd County, Texas for twenty days of the following notice:

Estate of Susie Clubb, Deceased, No. 401, pending in County Court of Floyd County, Texas:

To all persons interested in the above entitled suit notice is hereby given, that W. Clubb has filed in said suit the last will of Susie Clubb, deceased and applied for probate of same as such will, and has also filed in said suit a copy of interrogatories to be propounded to A. W. Canfield residing at Sweetwater, Texas, who signed said will as witness, and commission to take the answers of said witness to said interrogatories to be read in evidence on hearing of said cause, will be issued after twenty days from first publication of this notice.

Given under my hand and seal of said Court this 16th day of August, 1927.

TOM W. DEEN,
Clerk, County Court, of Floyd County, Texas.

And of this precept and how you have executed the same make due return.
(SEAL) TOM W. DEEN,
Clerk, County Court, Floyd County Texas. 254c

WEST TEXAS ASSOCIATION OF PRIMITIVE BAPTISTS MEETS

Several Floyd County people, members of Primitive Baptist Churches in the West Texas Baptist Association, attended the associational meeting in Hale Center from Thursday to Sunday last.

Several counties in this section of the state are included in the West Texas Baptist Association, which has been organized for many years. Elder W. J. Higgins and son, Dalton, of Pluvanna, were here Thursday enroute to the meeting.

Locals and Personals

Ira Gamble returned this week from Dallas where he has been for several weeks attending business.

Mrs. C. W. Watkins and daughter, Joyce, of Petersburg, spent the first of this week here visiting with Mrs. Watkins parents, Judge and Mrs. Arthur B. Duncan.

Misses Cecil and Ina Owens, of Fort Worth, spent last week-end here visiting with Ira Gamble and other relatives. They were on their return trip to Fort Worth after spending several weeks in California on a vacation trip.

Misses Thelda and Ina Mickey, of Lubbock, spent last Sunday here visiting with relatives and friends.

Marcus Pitts, of Red Oak, Texas, spent last Thursday here as a guest of Clarence Boothe.

H. E. Ross and family, of Burr Oak, Kansas, were here Wednesday and Thursday of last week visiting E. T. Williamson and family. The Ross family have spent the past year in Colorado.

Cooking Chats with 6 Famous Cooks

(Courtesy of the Domestic Science Department, Perfection Stove Company)

Carolina and California Meat Recipes which Satisfy

(Editor's Note: This is one of a series of cooking articles by 6 famous cooks.)

"Almost everyone enjoys meat," says Miss Rosa Michaelis, the New Orleans cooking authority. "It's highly nutritious, because of its high protein content. It contains valuable fats, mineral salts, and important vitamins."

Carolina Broiled Steak

"Steak is especially good when prepared 'Carolina broiled.' Be sure to select a tender steak, preferably 1 1/2 inches thick. "Have the skillet piping hot, and salted. Put in the steak, searing it quickly. Turn often. Use two forks, and try not to puncture the steak. Keep all the juices in. "Steak should be cooked rare in 10 minutes. Well done in 15. When done as you prefer it, place on a heated platter. Season with pepper and butter, and serve piping hot."

For frying steak you need a very hot fire. If you use an oil stove with long chimney burners, you will get most satisfactory results by turning the flame until yellow tips appear, about 1 1/2 inches high above the blue area.

California Peppers

Mrs. Belle DeGraf, San Francisco home economics counsellor, is very fond of California stuffed peppers and West Coast pot roast.

For the former, select short, plump peppers; cut off tops and remove seeds. Put in a saucepan and cover with boiling water to which has been added a bit of soda the size of a pea. Let peppers stand in water about 10 minutes. Drain and place each pepper in a greased muffin pan. Then fill with the following mixture:

Mix 1 1/2 cups boiled rice with 1 cup of minced ham and 1 cup of savory sauce. Add 2 tablespoons of melted butter to 1/2 cup of dry fine bread crumbs and place on top of filling. Serve with sauce.

West Coast Pot Roast

Select not less than 4 pounds of beef from the round. With a sharp-pointed knife make deep incisions and force in stuffed olives. Make about 15 incisions. Sprinkle meat with salt and pepper then dredge with flour.

Heat 2 or 3 tablespoons of beef drippings and brown meat on all sides. Then add 3 cups of boiling water, 1/2 teaspoon salt and one onion for each person. Stick 2 whole cloves in each onion and add to meat.

Cover closely and cook over a low flame under boiling point until meat is tender, about 1 1/2 hour for each pound of meat. Keep about the same amount of water in the kettle, adding more as it cooks away. When cooked, remove meat and onions and thicken gravy.

The best oil stoves are designed for woman's convenience and comfort. Their cooking surface is 32 inches from the floor, just like a kitchen table. This makes bending or stooping totally unnecessary.

Veal Birds

Try veal birds once, and you'll want to cook them often in the way suggested by Mrs. Kate Brew Vaughn, director home economics department, Los Angeles Evening Express.

6 slices veal off loin cut thin (1 1/2 lbs.)
Flour, salt and pepper to taste,
6 tablespoonfuls bread crumbs
Savory Dressing
1 tablespoonful lemon juice
1/2 onion
2 tablespoonfuls butter
1/2 cup cream

Brown well on one side. Dredge with flour, salt and pepper and put in the center of each a tablespoonful of bread crumbs seasoned with savory dressing and a few drops of lemon juice and onion (1/2).

Bring the birds together as nearly in the shape of a bird as possible and tie with a strong string. Fry slowly until a golden brown in two tablespoons butter in a pudding pan.

Then cover with 1/2 cup cream. Place in hot oven for 20 minutes (450° F.). Remove the cover from the vessel and allow to brown for seven minutes. The drippings in the pan may be used for gravy, if liked.

Ham and Raisin Sauce

Ham with raisin sauce is delicious, and can be cooked in 60 minutes according to Mrs. Vaughn's recipe.

1 slice ham (1 lb. 10 oz.)
1 cup brown sugar
1 tablespoon cornstarch
1/2 cup water
1/2 cup vinegar
1/2 cup raisins

Place slice of ham in oven 400 degrees F. in a small baking pan. Mix sugar, cornstarch in saucepan and add water and vinegar slowly, stirring until thick. Add raisins. Cook ham for 40 minutes, pour the raisin sauce over ham and continue to cook for 10 minutes longer.

Mildewed linens may be restored by wetting and soaping the spots. Then cover with finely powdered chalk and rub it in well.

(Be sure to read next week's cooking column for more good recipes.)

No Paralysis Epidemic Says Roswell C. Of C.

Roswell, New Mexico, reports that at no time has that city had enough cases of infantile paralysis this summer to warrant the term "epidemic" and attributes "wild rumors" as the cause for undue alarm, especially among tourists and prospective visitors from other states. Claude Simpson, secretary of the Chamber of Commerce at Roswell sends out the following communication:

"Wild rumors have been floating around over the country regarding infantile paralysis in Roswell. Many people who wanted to come here or through here, to visit the Lincoln National Forest, or the Carlsbad Cavern or merely to pass through on a transcontinental trip have been kept away by these rumors.

"Roswell has no infantile paralysis. Since the appearance of the disease early in June, there have been a total of six cases in Roswell, four of these in one block, far from the center of the city. The onset of the last case was July 25, and all cases have been released from quarantine. Moreover there is none in the county. There are under quarantine in the entire state of New Mexico at this time approximately fifteen cases, a smaller number than exists in some moderately sized cities in other states.

"We would not expose a child to this disease under any circumstances. We have a full time county health officer who promptly reports every case of contagious disease and enforces strict quarantine on the home of the patient. At no time has he permitted any lax practices. We feel that we are free of this disease, and at no time has there been enough of it to warrant the term epidemic."

Mr. and Mrs. G. C. Tubbs and children reached home Friday of last week, after spending a time in Amarillo with Mr. Tubbs' sister, Mrs. Wells.

Locals and Personals

Calton Moore, who has been employed at Lubbock for the past year, is spending the week here visiting with his mother, Mrs. Jossie Moore, while on a short vacation.

R. A. Childers returned Sunday after spending a few days with friends and relatives at Chillicothe.

Mr. and Mrs. Mark Manning and two children left this week for their home at Hamilton, after spending a week here on a visit with their son, H. R. Manning of Sand Hill. Their daughter, Miss Stella, of Amarillo, was also here from Friday to Sunday.

Leslie Carter of Lockney in company with his brother, Otis Carter of Snyder spent a short time here Saturday with friends.

FROM THE HEART OF A LITTLE GIRL

By Annie Denman

Daddy, if you know we're hungry, Know that we are very poor, It must break your heart in heaven 'Cause you never did insure! Mamma wonders why you didn't Save the dimes you threw away; But you felt too strong and healthy For insurance, people say.

You were taken without warning, Leaving us to fight alone; You'd have taken out insurance, Daddy, if you'd only known! 'Twasn't that you didn't love us, I recall how dear you were; But your little girl must suffer 'Cause you failed to save for her!

Mamma just can't make the living! She is wearing out, she said! I shall have to miss some schooling For the sake of daily bread. When she's gone I guess they'll take me To a place of charity To be clothed and fed; but daddy, It can ne'er be home to me!

Mary's daddy left insurance, And their home will still be theirs. They're not hungry. Sometimes Mary Gives me cast-off clothes she wears. They don't have to take in sewing. Mary's mamma doesn't cry, For her daddy left insurance, But you didn't daddy—why?

MISS 'BILLIE' SADLER, A CHARMING INGENUE OF HARLEY SADLER'S OWN COMPANY HERE SOON

Pleasant Hill

Pleasant Hill, Aug. 23.—Mrs. L. Y. Woolsey and three daughters spent Monday afternoon with Mrs. West and Mrs. C. D. Hart.

Mr. and Mrs. Tom Hall have been staying at his father's the past week. Mrs. Hash and two girls from Wichita Falls are visiting in the Lloyd home this week.

The Morgan family drove up to the new town of South Plains Sunday afternoon, returning by Roseland for Singing.

The people there are planning to have a community exhibit at the fair.

We had an enthusiastic meeting here Saturday night, though small in number, and voted unanimously to put on an exhibit at the Floyd County Fair. A. E. Shelton was made chairman and authorized to appoint all needed committees. He called another meeting for Saturday night of this week to complete plans and we hope to have a fuller representation of the entire community. This is also our regular singing night so everyone come and have a good time with us.

PRESBYTERIAN CHURCH

The Amarillo Presbytery of the Cumberland Presbyterian church will meet at the Presbyterian Church, Thursday September 1, at 8 o'clock.

Roll Call.
Opening sermon by the moderator.
Friday Presbyterial business.
8 o'clock p. m. platform meeting conducted by Women's Missionary Society.

Saturday Presbyterial business. 8 o'clock p. m. platform meeting conducted by the young peoples society.
Come and be with us.
A. A. Collins, Pastor Host.

LAYMEN'S PROGRAM POSTPONED ACCOUNT OF LEADER'S ILLNESS

The Laymen's program which was to have been given Sunday, August 28, at Fairview has been postponed indefinitely, on account of the illness of J. E. Swepton, of Tulia, conference Lay leader.

Mr. and Mrs. C. Surginer and Garner, in company with Mrs. W. R. Ivey and son, Dennis C., returned Friday of last week from a vacation trip to Carlsbad (Cavern and El Paso).

Miss Wilma Gound of Weslaco is a guest this week of Miss Wanda Montague. She arrived Wednesday morning.

Locals and Personals

T. G. Hall and Verlon Harmon left Wednesday morning for Amarillo where they will spend a couple of days, attending to business.

E. E. Brown, who has been at Odessa the past several weeks in the electrical contracting business, was here this week for a short time.

Mrs. W. H. Cline and little daughter, Mary Francis, of Dallas, is here on a visit with her father J. S. Collins and other relatives, arriving Monday of this week.

Fred Houghton and two children, Dona and Lyn, of San Angelo, arrived Saturday for a visit with his brother, Dr. W. M. Houghton.

Miss Mildred Carter, of Abilene, who has been here for the past week returned to her home Tuesday. She accompanied Quinby Kizzar who visited his sister Mrs. Bill Daily, Monday night.

Mr. and Mrs. Geo. Lider are in Lubbock with their daughter, Selma Louise whose tonsils they had removed this week.

Mrs. Lon M. Davis left Wednesday for Mineral Wells. She was accompanied by Dan Jenkins and Miss Audrey Farris who went from Mineral Wells to Dallas. Dan will visit and attend to business while there. Miss Audrey will visit her aunt, Mrs. E. C. Swallow.

Mr. and Mrs. Elbe Dolan, of St. Louis were the guests of Mr. and Mrs. E. C. Nelson, Thursday. Mrs. Dolan will be better remembered as Miss Mildred Bucheimer, who taught voice in Floydada about ten years ago.

Mrs. N. A. Armstrong and daughter, Mrs. Wanda Banker, visited in Lubbock Friday.

F. C. Harmon and son, F. C. Jr., and nephew, Verlon and J. R. Borum returned home Wednesday, August 17, from Tenn. At Humboldt they visited Mr. Harmon's mother, Mrs. J. G. Harmon and his sister, Mrs. W. A. Moore and a brother, E. W. Harmon, Verlon's father and at Wartrace, another one of Mr. Harmon's brothers, T. W. Harmon. They returned by way of Justin for Mrs. Harmon and little daughter, La Nell, who visited with relatives during their absence.

Mr. and Mrs. E. W. Solomon and children, of Memphis, who have been here during the past week visiting his parents, Mr. and Mrs. J. S. Solomon, left this morning for their home. Mr. and Mrs. Solomon have also had as their guests their daughter, Mrs. Alfred Hutcherson, and family of Memphis. They returned to their home Wednesday morning.

Mr. and Mrs. Charlie Moore and family, of Bagwell, are spending the week here visiting with Mrs. Moore's sister, Mrs. J. T. Kirk and other relatives.

Mrs. V. Andrews left Wednesday morning for Sherman where she will spend several days visiting with her daughter, Mrs. O. B. Cantwell.

Miss Mamie Latham, of Jacksonville, is spending the week here at the guest of Mrs. E. L. Angus. She arrived last Friday.

S. N. Thornton left Wednesday to spend several days in Dallas on business.

Mr. and Mrs. N. W. Williams, who have been quite ill since Sunday are reported to be much better this morning. Mr. and Mrs. Williams accompanied by Mrs. Williams' brother, E. W. Solomon and family, of Memphis, started to San Angelo Saturday night but on account of rain had to return.

PONTIAC SALES

Sales of the new Pontiac agency, Scoggin & Dickey, last week included deliveries made to L. D. Moss, manager of the ice plant of Texas Utilities Company, and Dr. C. M. Thacker.

Mr. Moss bought a coupe and Dr. Thacker a sedan.

Too Late To Classify

STREET SALE

Don't Wait

Till the Gas is Ready to be Turned On—

—to have the plumbers and gas fitters to pipe your home or business establishment for gas, but be ready to take advantage of this low-priced and most efficient heating and cooking fuel the day that the gas is turned into the pipes in Floydada.

IF YOU WAIT TILL THE LAST MINUTE YOU ARE SURE TO BE DELAYED

in getting service because the plumbers and gas-fitters cannot take care of the pressing demand for their services that is sure to develop when the gas is turned into the distributing mains.

Natural gas is the most economical of all modern conveniences. Not only does natural gas afford you and your family greater conveniences and comfort—it actually saves you money.

WE ASSURE YOU GAS BEFORE COLD WEATHER

And I recommend as a good man to do your gas-fitting and plumbing, Mr. C. C. Lively, who has come to Floydada to make his home. He has had nine years of experience in the work and we believe him to be thoroughly reliable. I urge that you take advantage of the opportunity to pipe your residence at once ready for the meter to be set in.

Call 148 or see Mr. Lively in person at the William Bros. warehouse across the street east from the Woodriddle Lumber Co.

Floydada Plumbing and Gas Fitting Co.
