

SCHOOLS OPEN WITH RECORD ENROLLMENT

Show Increase of 160 Over Number Entered First Week Last Year.

Record totals in enrollment were made this week in the Floydada Public Schools with 858 students listed during this first week of the new term. An increase of 160 is shown over the number of pupils enrolled at this time last year.

Records kept at the high school here show that 698 were enrolled at this period of the term last year. The marked increase this early in the term is considered indicative of an enrollment in the schools here of 1,000 before the year closes.

At the opening of the session at the high school Monday, Rev. A. A. Collins said the invocation. Announcements were made by Superintendent Patty following a short talk by E. C. King, representing the school board.

Announcements were made that the P. T. A. would meet Thursday afternoon following dismissal of school; when discussions would be made on the possible opening of a cafeteria at the high school building.

Informal exercises were held at the other buildings Monday and work was started immediately.

In outlining the policies to be followed, Superintendent Patty said, "We may do the work differently but let us hope that we can make it successful. We can easily make this one of the very best school systems in the state."

Willson Starts Brick On East Side Square

Lot Purchased Last Week From Judge Arthur B. Duncan Will Be Utilized For Mercantile House.

J. M. and D. M. Willson this week will begin the construction of a brick building 25 by 150 feet on Lot 12 in Block 73, east side of the square, immediately north of the southeast corner lot owned by the Odd Fellows Lodge, and the building will likely be utilized by the Willson & Son Lumber Company as quarters for their merchandising department.

Permit for the construction of the building was issued from the office of City Secretary Burl Bedford this week to J. M. Willson.

Purchase of the lot was made last week, Judge Arthur B. Duncan being the former owner.

There is a possibility that the Odd Fellows Lodge will begin their building at an early date also. At a session of the lodge Tuesday night the plans for the building were adopted, and the trustees of the lodge together with a committee of three named to serve with them, instructed to proceed with the details of arrangement looked toward the construction. The plan adopted is for a two-story building, 25 by 150 in area, with three stores on the ground floor, a commodious lodge room and eight office rooms on the second floor.

JOE ARWINE, JR., SERIOUSLY ILL, BUT SLIGHTLY IMPROVED

Little Joe Arwine, two year old son of Mr. and Mrs. J. A. Arwine of this city, is reported this morning as being slightly improved, although his condition is still serious as yet. In the early part of last week, the child was stricken with pneumonia while visiting he and his mother were visiting in Fort Worth. Mr. Arwine left Tuesday of last week to be at his son's bedside, and Herman Thomas, brother of Mrs. Arwine, who was visiting in this city this week was called Sunday. The child is in care of a specialist at Fort Worth and is receiving the best of attention, it was stated.

JAY ATTENDING COACH MEETING OF COACHES AT LUBBOCK TODAY

Coach Ike Jay of the Floydada High Whirlwinds is attending a conference this Thursday in Lubbock. The members of the school teams are working out a schedule for football in this district.

COUNTY FUNDS TRANSFERRED FOLLOWING OKAY OF BOARD

Following a special session of the Commissioners' Court Friday of last week at which time the bond of the Floyd County National Bank as depository for the county and school funds was received and approved, the formal transfer of the funds was completed Tuesday of this week.

Superintendent Local Public School System

W. E. PATTY

W. E. Patty, new superintendent of the Floydada Public Schools who assumed active charge at the formal opening held Monday. Mr. Patty taught last year at Ralls and was formerly connected with the schools at Plainview. He succeeds J. C. Wester, resigned.

Close Missouri Street For Santa Fe Station?

Council Considers Suggestion That Road Wants Close in Location For Their Station.

That Missouri Street will be closed on the town side of the Santa Fe's tracks to accommodate a new freight and passenger station for the Santa Fe, is one of the possibilities that has arisen in the past week.

Monday night, in special session, the city council, had under discussion request from J. C. Barton, Division Superintendent at Slaton, that this street be closed and that it be done at an early date so that he could get the expenditure for a new freight and passenger station in his budget for the ensuing year. The suggestion that the location in Missouri Street be granted the railway company was made in the form of a letter presented through Agent F. J. Barkhurst. The new location would be less than two blocks of the business section of Floydada.

Flapper Show' Of Men Set For September 16

Flapper de-luxe, 1927 models without breaks—perfect in every respect—are scheduled to appear at the womanless "Flapper Show" sponsored by the Floydada Library Association at the high school auditorium, Friday evening, September 16. Mrs. A. P. McKinnon, librarian, made the announcement Wednesday that arrangements were being made for the staging of the show, the proceeds of which will go to the library fund.

Mrs. Ford Butler will direct the program, Mrs. McKinnon said. E. C. Nelson, J. C. Newsome, Lon Davis and others are said to be preparing to make their debut among the bevy of pretty "girls" who will take part in staging the comedy affair.

P-T. A. WILL SERVE LUNCH ON WEDNESDAY, SEPTEMBER 14TH

Andrews Ward Parent-Teachers' Association will serve lunch at the Star Cash Grocery on Wednesday, September 14, the day of the Panther-West Texas All-Star game, according to an announcement this Thursday.

FORT WORTH ATTORNEY WILL PRACTICE LAW IN FLOYDADA

H. D. Payne, of Fort Worth, has moved to Floydada and will engage in the practice of law at the local bar, having become associated with Jeff D. Ayres in a law partnership.

Mr. Payne arrived here last week. He visited Floydada a month or more ago and made the decision at that time to take up practice here.

Game At Floydada Park Called at 3 O'clock; Hundreds Expected.

No other than "Lefty" Holmes, star of many local pitching battles, will probably start on the mound for the West Texas All-Stars when they undertake to tame the Fort Worth Panther nine in an exhibition game here Wednesday, September 14. Manager Harley Sadler of the West Texans indicated in a telephone conversation Wednesday night that Holmes was "going good" and very likely would face the Cats in the opening frame. Elmer Mickey, another Floyd County hurler of real ability, is the other possible selection for opening mound duty. The game will be called at 3 o'clock.

The game will be played in Floydada Wednesday of next week, September 14, instead of on the sixteenth as announced last week, and expectations are that Floydada will have a regular circus day crowd for the event.

Here is the way Mr. Sadler indicated that he will line up his all-stars: Odus Mitchell, 1 b; Hornbuckle, 2b; Gollford, 3b; Ed Holmes or Sheperd, ss; Red Keith, possibly rf; Mathis, lf; Patton, cf; and White c.

The Panthers will likely present the following: Moore, cf; Lindmore, 2b; Sweeney, 1b; Holland, rf; Smith, c; Bonowitz, lf; J. Lewis, ss; Johns or Watchel, p.

Efforts are being made to have the ground in first class condition, it is reported, and everything possible is being done in preparation for a big gate at the game.

Harley Sadler, who is underwriting the game here, is giving the barnstorming Texas League team sixty per cent of the proceeds of the gate. He is believed to have a net profit of \$1,000.

Panhandle's 3 Year Program Brotherhood Theme At Meet

Convention to West Amarillo Next Year.—F. L. Davis Again Vice President.

The three year program of the Christian brotherhood, world wide in its scope, beginning this year and planned to climax in 1930 on the nineteen hundredth anniversary of Pentecost, was the general theme that ran through the program of the session of the Panhandle District Convention of Christian Churches, which came to a close last night in Floydada after a two day session.

Twenty Churches Represented

The closing session of the convention held last night at the Christian Church, was marked by a deep devotional spirit, E. E. Ramsey of Hereford, having charge of the opening devotional services for the hour. Chas. E. Smith of Randolph College, Cisco, had President Roberts' subject "Our Colleges in the Three Year Program," and W. O. Dallas of Amarillo discussed "Texas in the Three Year Program." Special music was a feature of the evening's program.

Eighty-five delegates representing twenty churches outside of the Floydada Church, were present during the two-day session opening Tuesday afternoon. The three year program embraces every phase of the church work divided under five broad heads—worship, Evangelism, Missions, Religious Education and Stewardship. The ideal in all phases of the church work with enthusiastic support of its activities by individual members and churches are the goals hoped to be obtained. The Tuesday afternoon program in its entirety was carried out as planned. Appearing on this program were A. B. Crocker of Clarendon, Irye L. Townsend of Lamesa, Miss Hattie May Wood Amarillo, Mrs. Berta E. McMasters of Fort Worth and John Matthews of Lubbock.

At the great Fellowship banquet held in the City Tabernacle, Rev. F. L. Davis pastor of the Floydada Church, presided. W. P. Jennings, of Lubbock, brought a stirring message on nineteen hundred years of the gospel and Jasper Bogue, district secretary applied the three year program to panhandle churches.

Wednesday forenoon the program was given over to discussions of evangelism and stewardship. Chas. Grace, of Borger and John Mullins, of Childress, were the speakers on the program. Following the devotional Wednesday afternoon Thurmon Morgan of Hereford had the subjects of missions and religious education in the three-year program, and W. O. Dallas of Amarillo the subject, prayer in the three-year program.

Davis Vice President

At next year's convention the West Amarillo Christian Church will be the hostess church, being selected as next meeting place over the church at Childress. The time for the district meet-

BIGGER QUARTERS SOUGHT FOR P. O.

Fifty Per Cent Increase in Postal Business at Floydada In Five Years.

With an increase of fifty per cent in postal business in the past five years and a material increase in that time in the number of employees needed to properly care for the needs of the office, Floydada Post Office has outgrown its present quarters in The First National Bank building and bids are being asked for larger quarters by the department.

Proposals Are Asked

A. S. Page, Post Office Inspector, who was here Monday and Tuesday, announced that the new quarters for the office to be sought for the post office would have to contain at least a forty-five foot increase in floor space over the quarters now occupied, the floor space needed being about 1750 square feet.

That early action on the proposal to obtain more adequate quarters for the office will be taken is indicated by the fact that Mr. Page has posted a bulletin asking for proposals to lease post office quarters. "Sealed proposals will be received up to and including September 20, 1927 for furnishing suitable quarters for post office purposes at Floydada, Texas," the bulletin announced. "At a stated price per annum, including heat, light, water, facilities, safe or vault, and all necessary furniture and equipment, under a lease for five and ten years from October 1, 1927, or date of occupancy. (Proposals to provide quarters of the items of heat and light will also be received and considered.) Floor space of about 1750 square feet is desired."

Good daylight and a reasonable central location are important considerations, it is stated. Specifications and blank proposals may be obtained from the postmaster, and a sample form of lease may be examined in his office. Proposals should be enclosed in sealed envelope endorsed "Lease proposal, Floydada, Texas," and it will be opened

Fast Athletic Card Complete For Fair; Boosters Make County Tour Tuesday

Polo And Football Games Feature Three Days of Sporting Events.

Wichita Falls Polo Club versus the fast Snyder team in three of the hardest fought polo games ever witnessed in West Texas is the bill-of-fare to be served hungry sport lovers during the Floyd County Fair this year. The polo games will open the Fall sport card in this section and very likely will be one of the main features of attraction for the hundreds of visitors expected here during the annual exposition. Further attraction for the sport fans will be the football classic when the Plainview High Bulldogs clash with the Floydada Whirlwinds on the gridiron.

Expect Fast Polo Games

When the Wichita Falls and Snyder polo teams meet here during the Fair, two of the strongest and fastest teams in this state will battle for honors. Sixty head of specially trained polo ponies will be used exclusively in the games. Present plans are for three games to be played, the first on Thursday afternoon, September 22, the second on Saturday afternoon and the third on Sunday afternoon. The officials of the games have made the provisions that no outside horses will be used during the game and only the best of trained polo ponies will play here.

The Snyder polo team, although unknown to many, is reputed as having many of the best players in Texas and is rapidly gaining in popularity in polo circles throughout the state. This team has met and conquered practically every opponent with which they have battled and will be striving for a victory over the Wichita Falls team here during the fair meet. Following the games here, they will go to Abilene where they will play during the fair in that city.

Known better to Floyd County citizens is the Wichita Falls team which defeated the Fort Sill, Okla., players two games here at the fair last year. Visitors at the fair will be privileged to see White, former world's champion bronc rider, in action during the three games. White is one of the featured players on the Wichita Falls line-up and will probably play throughout all three games here. Horace Robins of Wichita Falls, whose name is well known in polo circles, will also be seen in action.

Following the polo games, plans are being made to hold a steeple-chase and various forms of horse races. Although the plans for this feature is not complete, it is believed by officials that the steeple chase, dashes and horse races will be very unusual and interesting. This phase of the entertainment, as well as the management of the polo games, will be under the direction of Roy Spoochgrass, fair official. Mr. Spoochgrass matched the polo games Wednesday afternoon and is very optimistic over being able to secure these two strong teams for the three days of the fair.

FLOYDADA AND PLAINVIEW GRIDSTERS OPEN SEASON WITH GAME HERE FRIDAY

Marking the opening of the 1927 football season at an unusually early date, Green and White will meet Green and White when the pigskin stars of Floydada and Plainview High Schools will meet on the gridiron here on Friday afternoon, the second day of the Floyd County Fair. Rivals of long standing, the two teams will meet here with practically raw material to play their first games.

Guy Allen, coach of the Bulldogs, in a conversation with the Fair Secretary expressed belief that his eleven would be in excellent shape for the game and that they expected to give the Floydada lads a "fight for their money." Although it is very early in the present season to predict what his team may do, Coach Allen has stated that a number of his last year's men are again in the line-up and will have much of that same old "Bulldog fight."

Coach Ike Jay has stated that the Whirlwinds are "raring to go" and will give the Plainview gridsters a strong fight. With eight letter men again in the line-up this year, his prospects for a successful season are very good and plans are to start the season by winning honors over the larger Class A team. Stiff workouts at the high school gridiron is placing the Whirlwinds in excellent shape and it is believed that they will be in condition, physically, for the opening game.

BOY SCOUT DRILL, CONTEST WILL PRECEDE FOOTBALL GAME FRIDAY AFTERNOON

Preceding the Plainview-Floydada football game Friday afternoon, a Boy Scout contest drill open to all Boy Scout troops of this county will be held on the field. The Fair Association has offered a large beautiful American flag to the winner of first prize and, if more than two troops enter, a second prize of five dollars.

The contest will be under the supervision of Scoutmaster W. A. Gound and E. F. Eastridge, it was announced. They are making plans to hold a very strenuous contest.

Boosters Will Visit Rural Communities Tuesday Extending Invitations to Fair.

Everything is in readiness for a big booster caravan of Floydada citizens, to be headed by the forty piece Municipal Band, which will visit more than fifteen rural communities of this County on Tuesday of next week to extend to Floyd County citizens the hand of good fellowship and to offer a hearty welcome to Floydada during the Floyd County Fair, September 22, 23 and 24. The route mapped out by the officials for the unique booster trip will cover practically all portions of the county and through this method it is believed that a more general welcome will be extended to the people most interested.

Change Date of Trip

Because of a baseball game between the Fort Worth Panthers and the West Texas All-Stars which will be played this city next week, the date of the trip has been changed from Wednesday, Tuesday, September 13.

Officials are especially urging the cooperation of the business houses of Floydada on this trip, and are also urging that the citizens of the communities which will be visited be present at the school houses at the hour designated for the visit.

"We are expecting every business man in Floydada to be represented in the caravan and we are expecting every rural community to have a good delegation present at their school house," Ed Bishop Secretary of the Chamber of Commerce stated. Although it will be impossible for the delegation to visit every school in the county it is hoped by the officials that those that are visited will send a large delegation to the nearest point to their community on the booster's schedule and help broadcast the invitations to the Fair.

The caravan of autos will leave the court house square promptly at 8 o'clock Tuesday morning, it is planned, and will visit the Lakeview school first. Dinner will be served at Sunset and the caravan will return by way of the Blanco community, completing the tour of the county. The itinerary worked out by officials is as follows:

5 Residences, One Gin August Building Record

Biggest Item For Month Was \$35,000 Building Permit Issued to Farm Bureau Gin Company.

Building permits totalling \$45,925 were issued from the office of City Clerk Burl Bedford during the month of August, the list including five residences, one gin and a few smaller improvements.

The biggest single item was the \$35,000 per mit to the Farm Bureau Cotton Gin Company. The permit was obtained by Arthur J. Beedy, secretary of the company, for construction of the gin on the north half of Block 26. Issuance of the permit was delayed several days for the council to give consideration to a petition of several property owners and residents of the north portion of town asking that regulations for the construction of gins and similar industrial plants be adopted by the council. The gin has since been under construction for several days, no action being taken on the petition.

Other permits issued in the month include the following: D. T. Curry, \$3000 residence on Lot 11 in Block 105; R. W. Fanning \$1250 residence on Lot 4, Block 20, Bartley Heights; Will Maxwell \$3000 residence in Block 7 Honerhea Addition; C. M. Thacker \$150 garage on Lot 8 in Block 139; E. C. Thomas \$125 addition to residence on Lot 6 in Block 45; R. B. Rossion \$2100 residence on Lot 21 in Block 86; Flynn Thagard \$1800 residence on Lot 5 in Block 109.

Two permits totalling \$7,000 have been issued since the first of September. One of the permits was to G. C. Wood for a \$2000 residence on Lot 9 in Block 136 and the other to J. M. Willson for a \$5,000 brick building on Lot 12 in Block 73, covering the entire lot 25 by 150 feet.

Exhibit Leaves Friday For Tri-State Show

Floyd County's exhibit for the Tri-State Exposition opening in Amarillo on Sunday, September 11, will leave in the morning in charge of Ed Bishop of this city, Faye Guthrie of Lockney, and W. R. Dooley of Sand Hill, who expect to have the exhibit in readiness when the exposition is officially put in motion Sunday morning.

The last week of the preparation of the exhibit has been a strenuous one. Secretary Bishop having used the expert services of O. T. Williams, vocational agricultural teacher in the schools here, freely. Mr. Bishop will likely return home Sunday and Mr. Guthrie within a short time thereafter, leaving the exhibit in charge of Mr. Dooley for the remainder of the week closing Sunday, September 17.

## 'Round The Square

They're coming! The real Fort Worth Cats! They are going to play ball in Floydada on Wednesday, Sept. 14. No, we're not spoofing, but it is an honest fact. The Panthers will cross bats with the best ball players that can be found in this section of the country on this date. The Cats are making an after-season tour and, thanks to Harley Sadler, will play in Floydada. It's going to be a real game, we are assured.

Our Printer's Devil says that faith once moved a mountain, but that was before one could flinger around them, or fly over them.

One interesting thing 'Round the Square in Floydada is the fact that any one part of the business district has only about as good a location as any other part. A new building on the east side of the square, and another planned; one just completed on North Main and another on West California; one new brick on West Missouri and probably a new one on South Main.

In speaking of the Dempsey-Tunney fight, sport writers have made it a point to say "125,000 persons will attend this fight," and not "25,000 persons will see this fight."

Gas ditches in the pavement 'Round the Square are being smoothed out now and, with grass planted in the pavement park on South Main, we're beginning to feel right proud of the pavement again. We only wish we could feel this proud of pavement across the county.

A certain soda skeet 'Round the Square was asked if he had done his bit by making a contribution to the Red Cross. "I sure have" was the reply. "I gave a quarter and now I have done my two bits."

Isn't it funny that when a fellow gets credit that he doesn't deserve, he never opens his mouth; but when he fails to get credit for a little something that he has done, he always gets mad about it.

Two big sets of dates for folks 'Round the Square and in Floyd County. The first, Sept. 14, when the Ft. Worth Cats play here, and the other, the Floyd County Fair on September 22, 23 and 24. Hot Dog!

## 14 YEARS AGO IN FLOYD COUNTY

News items taken from the Floyd County Hesperian files published in Floydada fourteen years ago.

### ISSUE OF SEPT. 11, 1913.

Public schools opened Monday morning with a total of 244 students in all. This is an increase over last year of 24, which is the greatest increase known in the Floydada schools. The graduating class consists of four students.

D. M. Hopper is in Canyon again to attend the normal. (1913) He will finish his work in February.

D. T. Scott of the Harmony community was in Floydada Friday (1913). He says that feed and cotton crops in his community are fair this year.

W. U. White and wife left for Matarador this week (1913) where Ulmer has a position in the City Drug Store in that city.

Last Wednesday (1913) Miss Pauline Goins entertained, honoring Misses Hattie and Zora Triplett. Those enjoying the entertainment were the following: Misses Zora and Hattie Triplett, Clyde Hodge, Nell Claggett, Mary McKinnon and Bernice Henry, and Mrs. T. B. Triplett.

Jesse Martin and family of Dalhart, Texas, left Monday returning to their home after a visit of ten days with his brother, M. W. Martin, and family.

### IT DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by

## SADLER'S WIN TWO, LOSE ONE WEEK-END BASEBALL GAMES

Harley Sadler's Hot Shots won two and lost one of their week-end baseball games played here and at Lockney Thursday, Friday and Sunday. The Sunday game was played at Lockney against Quitaque, Sadler's outfit nosing out with a four-to-two win in a very pretty game which was attended by baseball fans from many neighboring communities, including several automobile parties from Floydada.

Friday's game with Petersburg went seven innings. It was a free-hitting affair with a number of errors on both sides, the score being 9 to 5 in favor of the Hot Shots.

Thursday Sadler's nine and the Quitaque team played in a shower at the Floydada Baseball Park, the Quitaque lads winning 16 to 11, the muddy field making baseball practically an impossibility.

The Petersburg line-up on Friday included Phillips left field, Jay second base, Austin center field, Parr pitcher, Curry short stop, Anderson third base, Hegi right field, Jeffares first base and Davis catcher.

## FLOYDADA HAS SPECIAL DAY AT TRI-STATE EXPOSITION THURSDAY

Along with Lockney and twenty-one other towns, Floydada will have an official day at the Tri-State Exposition at Amarillo from September 11 to 17, inclusive. "Floydada Day" has been designated as Thursday, September 15, according to announcements from the management of the fair.

Three days of automobile and motorcycle racing, with a galaxy of speed stars greater than ever before assembled in West Texas, have been arranged for the Tri-State Exposition, which starts September 11, in Amarillo.

On Tuesday and Friday fair week, there will be automobile racing, and on Wednesday of fair week, there will be the pop pops.

A field of 25 to 30 automobiles, including the Calhoun Special, which will be piloted by Dick Calhoun, the half mile dirt track champion of the world, will face the starter in the motorcar speed events.

And there will be a field of fifteen to twenty-five motorcycles in the one-day grind which has been arranged for them.

Workmen have spent the last week on the dirt track at the fair grounds, tuning it up for the speed events, and when the cars go to the post in the several gasoline derbies arranged for the two day program, they will be on one of the fastest ovals in the country.

Miss Lucille Robinson, of Quitaque, spent the first of this week here visiting with her sister, Miss Edna Robinson and other relatives and friends.

## BOND FAMILY REUNITED

With those members of the family of Mr. and Mrs. E. M. Bond residing out of the county here this week, the Bond family are having an informal reunion this week.

W. D. Bond, professor of English at Simmons University, accompanied by his wife and son, Hall Stanwood, arrived Friday of last week for a ten-day visit with his parents.

Mr. and Mrs. Albert Bond, who are now living at Mereta, Texas, are here for a visit of two or three weeks with his brother, G. E. Bond and family. They accompanied by Hollis Bond, who has been studying at Abilene for the past few months. Hollis will remain here this winter.

Upon the return of Prof. and Mrs. W. D. Bond to Abilene, Miss Annie Bond, will accompany them. She will teach history in Abilene High School this school year.

Miss Audrey Felton, who has been attending school in Dallas during the summer, returned home last Friday.

## OPPORTUNITY AND BUSINESS

With the announcement that the Fort Worth Panthers, fast baseball club of the Texas League, will play an exhibition game here on Wednesday, September 14, comes an opportunity that offers district business advantages.

Over ten thousands circulars, posters and announcements as well as advertisements in twenty newspapers of this section are included in the publicity campaign being directed by Harley Sadler, who will select the local team to oppose the Cats. If weather conditions are good, hundreds of visitors will be here for the big game. Floydada should profit both directly and indirectly—from business gains and from wide publicity for the city.

And just another little thought. At the bottom of the circulars being distributed far and wide is a little "box" announcing the dates of the Floyd County Fair on September 22, 23 and 24. Mr. Sadler took this means of assisting the Fair Association in their plans. It was an excellent idea and Mr. Sadler deserves an expression of gratitude from the citizenship.

With everybody awake to the opportunity, the Panther vs. West Texas All-stars game here should prove valuable to Floydada.

## A MEETING PLACE

Superintendent W. E. Patty wisely planned to have the Floydada Public Schools open Monday with informal exercises at all three buildings simultaneously. There was no central meeting of teachers, pupils and patrons. Why? Because none of the three large auditoriums would singly accommodate those attending.

In any undertaking embracing the combined efforts of several individuals it is very necessary that unity be obtained in order to preserve harmony and insure full co-operation.

There will be unity and co-operation in the public schools here this year, but how much better it would be if a mass meeting of all these people concerned and interested could meet at some central place.

Floydada during the past week has been hostess to two church conventions. Those two groups could perhaps have been even better accommodated if there had been a building available for their meetings.

Every day the need becomes more apparent for a city auditorium, where the citizenship and their visitors can gather when the occasion demands. The movement is yet to be started. The call is still being sent out—"who will take the initiative in building the city auditorium?"

## MOODY WILL SPEAK

As a signal honor to the new school of West Texas none other than Governor Dan Moody will deliver an address Sunday afternoon, September 18, at 3:30 in connection with the opening exercises of Texas Technological College at Lubbock.

This will be the third annual session of the school. It has enjoyed a remarkable growth in every way. New buildings have been recently added to the campus. A larger enrollment of students is registered each year. And in athletic undertakings, Tech is coming to the front. This year the Matadors will meet the strong eleven from A. & M. of the Southwestern Conference.

Tech College is a West Texas school for West Texans and worthy of support.

## MANY LOUD WAILES

Fast and furious are the wailes for "rooms." There is evidently as acute shortage here of rent houses and light house keeping rooms, judging from the number of daily enquirers, almost at every door. Educational advantages plus modern conveniences are real drawing features for this city.

**Floyd County Clubs**

**BLANCO H. D. CLUB**

The Blanco Home Demonstration Club met with Mrs. W. F. Daniels Thursday afternoon, September 1. There were seven members, four visitors present. We were so glad to have Miss Bass with us again after her vacation for we have missed her sunshiney presence and wise council.

As the fair work is on our minds at this time more than anything else, we did not have our regular program; instead we used all the time discussing our booth, fair work, etc.

We are to meet next with Mrs. F. W. Farley on Thursday afternoon, September 15, and as this is our last meeting before the county fair, please let's each member try to be present and bring what you have ready for the fair with you. Also those members who have not given Mrs. Farley, our secretary, their reports of home work for June, July and August, please fill out and mail to her at once.

"Preparation for County Fair," is to be our next subject. Mrs. Snell is leader. Answer roll call by telling what you are contributing to the fair.

1. Value of a county fair—Mrs. Wheeler.

2. Our part in the fair—Mrs. Badgett.

3. Planning the booth and making final arrangements; round table discussions.

The club gave Mrs. Tink Carter, one of our girls who recently married, a miscellaneous shower at the home of Mrs. Daniels.

Glad to see visitors and seems to us all the ladies of the community who can possibly do so, owe it to the com-

munity to join in this good work and help along.

**LAKEVIEW DEMONSTRATION CLUB**

The Lakeview Demonstration Club met at the home of Mrs. H. V. Hambright, Wednesday afternoon, August 24. Most of the members were present. The regular program was not carried out but plans for the County Fair were discussed.

The club will meet September 14, again at the home of Mrs. Hambright. Everyone is urged to come and bring all they have prepared for the Fair. It was decided to make this meeting an all-day meeting. Miss Bass will meet with the club on this day.

**"ROOKIES," WORLD'S FUNNIEST COMEDY AT ROYAL NEXT WEEK**

A picture described at the world's funniest comedy comes to the Royal Theatre next Monday and Tuesday. It is "Rookies," with Karl Dane and George K. Arthur featured as a new comedy team, with Marceline Day in the leading feminine role. Sam Wood directed this new Metro-Goldwyn-Mayer success from a story and continuity by Byron Morgan.

"Rookies" tells an exceedingly amusing tale of life in a citizens' military training camp. Dance has the role of a hard-boiled top-sergeant whose rival for the hand of Marceline Day is a scrubby young private played in imitable fashion by George K. Arthur. The warfare between these two is carried on through scenes of alternate laughter and terror, as many episodes take place in a runaway balloon above the clouds.

Co-operation from the United States Government in staging this production has made possible an authentic and graphic background of military life in the training camps.

**Locals and Personals**

F. G. Tye and family, of White Deer, have been visiting relatives and friends here for several days. Mrs. Tye is a daughter of Judge and Mrs. J. W. Howard, of Starkey.

Mrs. Ada Pruitt left last Monday for her home in Farmington, N. M., after spending some thirty days here visiting with her mother, Mrs. M. L. Fawver and other relatives. Mr. and Mrs. L. B. Fawver accompanied her as far as Friona where they are spending a few days visiting Mrs. Fawver's parents, Mr. and Mrs. L. H. Hart.

Roy Grigsby is taking his vacation this week. He is visiting his parents, Mr. and Mrs. J. A. Grigsby of Plainview.

Woodrow Badgett of Blanco community spent Friday and Saturday in Floydada, the guest of his aunt, Mrs. L. T. Bishop and family.

O. B. Olson, who is associated with W. H. Seale and J. R. Maddox in business at Slaton, was at home the first of the week visiting his family and transacting business. Mr. Olson will likely buy cotton at Slaton this season.

Horace Grady Moore accompanied by Beecher Bennett, of Matador, left Monday for Carlsbad, New Mexico, where they will visit the Carlsbad Cavern. They expect to return home Friday.

**STAGE HIT WILL FEATURE AT ROYAL THEATRE NEXT WEEK**

Another successful stage play has been transferred to the screen. This time it is Myron Fagan's play, "Mismates," which Earl Hudson has just produced for First National, with Doris Kenyon and Warner Baxter co-featured. "Mismates" is coming next week to the Royal theatre on Wednesday and Thursday.

This play is admirably fitted for the screen. It is filled with stirring situations, brilliant spectacle, and has a story beautiful and dramatic. Charles Brabin directed. The story is built around the theme of mother love and a husband who deserts his wife and child, and the subsequent jailing of the wife. The working out of this situation is done in a masterly way.

**RAINER'S HOME FROM VISIT**

Earl Rainer and family returned home last Friday from Merkel, after an absence of several days. At Merkel they visited Mr. Rainer's father, J. G. Rainer, and sister, Mrs. Etta Petty, and also the mother, brothers and sister of Mrs. Rainer.

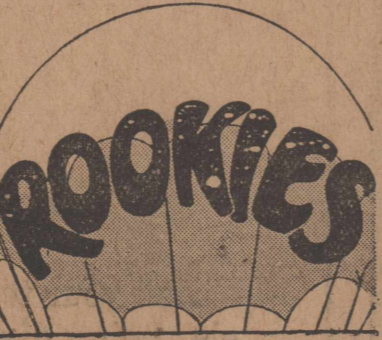

Mr. Rainer, his father and sister made a trip on down to Crawford in McLennan County, where they visited a cousin, J. R. Bunyard, and while there had the pleasure of meeting Mrs. Fronie Bunyard, of Meridian, Mississippi, an aunt of Earl Rainer, whom he had not seen for thirty-six years. Mrs. Bunyard while in Texas will visit the Rainer's here before her return to Mississippi. Rainer found varying crop conditions on his rounds. At Merkel he was told cotton would make about one-fourth bale per acre, while at Crawford the production would run one-fifth to one-eighth bale per acre. "The plains look best to me," he said.

**CARD OF THANKS**

We wish to take this method of trying to thank our many kind and loyal friends for the innumerable deeds of kindness and love shown us during the long illness and death of our dear wife and mother. You were so willing always to do everything that human hands could possibly do, that we do not have words to express our full appreciation to each of you. Our hearts are filled and overflowing with love and gratitude to each one who helped us in any way, either through kind deeds or flowers, to bear our great sorrow.

We pray God's richest blessings on each of you and may you enjoy the blessing of such burden bearing friends and neighbors in time of need.

Very gratefully yours,

**Fawver Family Reunion Climaxed With Feast**

Climaxing a week's reunion of the Fawver children, thirty members of the family met at the home of L. B. Fawver last Sunday to bid farewell to one another. Sunday's reunion at the Fawver home two miles north of town was honoring Mrs. Ada Pruitt, daughter of Mrs. M. L. "Grandma" Fawver and sister of George, John and Len Fawver and Mrs. Nora Willis. Mrs. Pruitt left Monday morning for her home at Farmington, N. M.

The large group of relatives spent a very enjoyable day recounting old times and visiting with "Grandma" Fawver, at noon a picnic dinner was spread under the locust trees and the entire group served at one time. As a guest described the dinner, "When the feast was spread, the table fairly groaned under the weight of the good things to eat, but soon afterwards the groans were heard from a more audible source."

The following relatives enjoyed the day of reunion and the feast. Grandma Fawver, G. L. Fawver and family, John Fawver and family, Lin Fawver and family, Mrs. Nora Willis and family, of Floydada; Mrs. Ada Pruitt, of Farmington, New Mexico; Mr. and Mrs. Clifford Willis and little son, Mr. and Mrs.

**Conditions Generally Good, Says C. F. Barth**

That business conditions generally throughout the country are exceeding fair, with every indication that they will continue so this Fall, was the keynote of a statement issued Saturday by C. F. Barth, vice-president in charge of manufacturing of the Chevrolet Motor Company. Mr. Barth's statement followed the announcement that on August 12 Chevrolet topped its entire output for 1926 by turning out the 732,147th car so far this year.

"We are looking optimistically toward the Fall season," Mr. Barth declared. "There is ample evidence of country-wide prosperity. Crop conditions are considerably better than last year, diversification having helped the South and West. In the Northwest alone the yield this year is expected to be substantially above the average for the past ten years, in Minnesota, the Dakotas and Montana the grain crop being estimated as worth \$150,000,000 more last year.

"Other healthy signs include heavy railway shipping, which stands above the million cars weekly mark; unusually large postal receipts; exports and imports above last year's high figures; and—perhaps the best business barometer of all—dividend increases far outnumber reductions.

"The automobile, like every other staple commodity, is sensitive to any change in the economic situation. Although Chevrolet may not be considered as representative of the industry because the phenomenal demand for our cars has shattered all previous production figures for gear shift cars, their even distribution shows that healthful conditions prevail from Coast to Coast and Border-to-Border. There are of course spotty areas of unemployment and depression, but they are relatively small and not of sufficient numbers to cause alarm or check the general era of good times ahead.

L. Williams and wife, of Chico, who had been visiting their son, N. W. Williams and wife for a week, left Sunday returning to their home.

E. M. Perkins, of Snyder, was here Saturday and Sunday visiting his son, J. G. Perkins, manager of the Floydada Theatres.

**Governor Dan Moody To Speak At Tech Opening**

Lubbock, Texas, Sept. 7.—An address by Gov. Dan Moody to the freshmen of Texas Technological College will be one of the features of the opening of the third annual session. President Paul W. Horn has issued a special invitation to the patrons of the college and the public generally to hear the Governor's address which will be Sunday afternoon, September 18, at 3:30 o'clock in the gymnasium.

President S. P. Brooks of Baylor University will deliver the annual sermon address to the student body Sunday evening, September 25, at 8:00 o'clock in the gymnasium. The public is also cordially invited to hear Dr. Brooks. Other speakers for the opening week will be announced later.

Much emphasis is to be given this year to the freshman orientation period September 16th-19th, during which time all first year students are urged to be present. They will be assisted in finding boarding places, in mapping out their courses of study, and in getting acquainted generally with the institution and its activities. Entrance examinations for students who do not have sufficient accredited units to enter will be held at the college September 15th-17th.

Actual registration of Freshmen will take place September 19th and 20th, and advanced students will register on the 20th and 21st. Regular class work for the fall terms begins September 22nd at 8:00 a. m.

District Court, at the next regular term thereof, to be held in the County of Floyd, at the Court House thereof, in Floydada on the 19th day of September A. D. 1927 then and there to answer a Petition filed in said Court, on the 11th day of August A. D. 1927, in a suit numbered on the docket of said Court No. 188, wherein E. E. Russell, is plaintiff and Hattie Russell is defendant. The nature of the plaintiffs demand being as follows, to-wit: Being a suit for Divorce. Plaintiff alleges that he is and has been for twelve months prior to the filing of this suit an actual bona fide inhabitant of the State of Texas, and has resided in said County of Floyd for at least six months next preceding the filing of this suit; that on or about the 15th day of October, 1925, in Floyd County, Texas, plaintiff was lawfully married to defendant; that they lived together as husband and wife until on or about April, 1923, when by reason of the cruel and harsh treatment and improper conduct of defendant toward plaintiff, he was forced to abandon her; that the plaintiff and defendant remained separated until on or about Oct. 15, 1924, when by the promises of the defendant to refrain from such cruel and inhuman treatment towards the plaintiff, plaintiff agreed to resume the living together as man and wife with the defendant, which he did until on or about the 6th day of July A.

D. 1925, when by reason of the resumption on the part of the defendant of cruel and harsh treatment and improper conduct toward the plaintiff, he was again forced and compelled to abandon the defendant, since which time they have not lived together as husband and wife; that said marriage relations between plaintiff and defendant still exist.

That prior to the marriage of plaintiff and defendant, plaintiff was seized and possessed in fee simple of the following described land situated in Floyd County, Texas, and described as follows: The North One-half (1/2) of Lot No. Five (5), also Lots Nos. Six (6), Seven (7), Eight (8), and Nine (9), all in Block No. One (1) in the Honerhea Addition to the town of Floyd City (Floydada), Floyd County, Texas, as shown by official plat of said addition recorded in Volume 22, Page 119, Deed Records of Floyd County, Texas; that defendant never had any interest in said lots and improvements thereon, but that same was plaintiff's separate property at time of his marriage to defendant, and is still his separate property and that defendant has no interest in same; that defendant by indenture un-

**Was In Misery All Over**

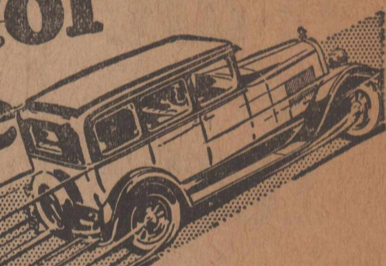

"I was in a dreadfully run-down condition," says Mrs. Chas. L. Lacroix, of Montgomery, La. "I suffered a great deal of pain. I was in misery all over. I could not sit up and I could not lie down. I couldn't sleep and at times I would have dreadful vomiting spells. The aches and pains seemed to cover my whole body.

"One night my husband brought me home six bottles of Cardui and I began to take it. I could tell that I was improving from the first bottle, but I kept on taking the medicine, for I knew that I needed a tonic that would build me up and strengthen me where I was weak and run-down. That is exactly what Cardui did for me. After I had finished the six bottles I felt fine.

"I feel truly thankful for what Cardui has done for me, for I could not have gone on living in the desperate condition I was in."

### Poultry Assn. Meeting Night Of September 14

At the suggestion of members of the official board of the Floyd County Poultry Association, Ed Bishop, its secretary, announced this week that a meeting of the association will be held on Wednesday night, September 14 at the county court room.

Principal discussion of the evening will be on the matter of the date and plans for the forthcoming poultry show to be held this year in Floydada. "Increased interest in poultry over the county leads officials of the association to believe we will have more entries than ever this year," Mr. Bishop said. "And that the competition will be even keener than last year."

O. T. Williams, teacher of vocational agriculture in the Floydada Public schools, has promised to be present and make a talk. Mr. Williams is particularly interested in poultry. An invitation is extended to all poultry raisers in the county to attend the meeting Wednesday night.

### MRS. J. T. THORNTON DIED AT LOCKNEY HOME THIS MORNING.

Mrs. Laura E. Thornton, mother of Burton Thornton, cashier of the First National Bank of Lockney, died at an early hour this morning at her home in Lockney following an illness of several weeks. Some time ago she was stricken with typhoid fever and other complications and died at 1:20 o'clock this morning.

Mr. and Mrs. Thornton moved to Texas 23 years ago and have been residing in Lockney since that time. Mrs. Thornton is a native of Missouri. She was well known in this county, and had many friends in this city and Lockney.

She is survived by her husband, five sons, four daughters, five brothers and two sisters. All were present at the time of her death. Besides the husband, J. T. Thornton, the following children survive: Willie Thornton, of Plainview; Budley of Dimmitt; Edwin, of Floyd County; Claude, Fred and Burton, and Mrs. Ross Cope, Mrs. Tom Cope, Mrs. Clyde Bennett and Dot Cope, of Lockney. Fred was living at the home of his parents at the time of his death.

Funeral services will be conducted at 2:30 o'clock Thursday afternoon at the Lockney home. Elder J. G. Lockney, of Lockney, will conduct. Interment will be in the city cemetery.

### BOOSTERS DUE MONDAY, SEPTEMBER 13

The Boosters will visit the city of next week. "We will cement the good will between the section and to tell out the plans for the 1927-28 Fair which will be held on September 28, 29, 30 and October 1, 2 notices state."

Ada Whirlwinds will play during the fair and it is expected a number of citizens from here will attend one or more days.

### ANGEL & CHILDERS TAKE NATIONAL SECURITY AGENCY

Angel & Childers, of Lockney, for a number of years one of the leading life insurance organizations of the county, last week announced their affiliation as agents for the National Security Life Insurance Company, with head office in Wichita Falls, one of the giant organizations which in the past few years have grown up in the western part of the state with leadership from among the big business men who have cast their lots in this section.

The National Security has enjoyed a phenomenal growth since its organization, Mr. Angel declared in Floydada Monday, and although its policies are based on, carefully prepared actuary's figures it has some very liberal and progressive features incorporated in the policies to make them particularly attractive to West Texas.

The Angel & Childers agency has long been one of the largest producers of life insurance in force in this section and in their new connection are expected to show even greater results than in the past.

### In the Old "Gas Buggy" Days

Doesn't this take you back to the days when you had to get out and hold your horse to let the motorist pass? Photo is of "Old Number One", the first Chevrolet ever built. It ran under its own power in a recent "dress" parade at Detroit.

### Chevrolet Caravan Due On Saturday, October 8

Sponsored by Motor Supply Company, a special exhibition of Chevrolet cars and trucks, traveling as a caravan over the nation, will take part in an all-day event here Saturday, October 8.

As a unique feature for the occasion a Chevrolet parade will be staged Saturday morning and prizes awarded the entrants.

The visiting caravan will carry its own broadcasting and receiving radio set and will send out a report of the days events here.

Roy L. Snodgrass is making arrangements to have every Chevrolet car or truck owner in the county here to enjoy the activities. "We're going to have something of interest to everybody on that day," Mr. Snodgrass said.

There will be over thirty models on display with the caravan, which will come here via Matador.

### WEATHER FOR FISHERMEN

Weather conditions along the Gulf coast and in the northwestern Caribbean Sea region are broadcast by the radio station at Pensacola, Fla., for the particular benefit of local fishing smacks which fish for snapper in the Gulf of Mexico. One of the local companies operates 21 smacks and has equipped all of them with radio receiving sets for the particular purpose of getting weather information from WC OA. The smacks average about 25 days to each trip and frequently go several hundred miles from Pensacola. The forecasts are received regularly and are of great value not only in the protection of the boats from storms but also in fishing operations.

### IMPORTANT HISTORICAL COLLECTION FOR HARVARD LIBRARY

The library of Count Alfred Boulay de la Meurthe, the historian of the Concordat of 1801, has been acquired by the library of Harvard University by recent purchase in Paris. Count de la Meurthe inherited the collection of his grandfather, Count Antoine Boulay de la Meurthe, who, as minister of judicial documents. The collection contained many important official and judicial documents. The collection comprises about 30,000 books and pamphlets and embraces a number of papers collected by the grandson concerning the relations of church and state in France during the nineteenth century.

A great Chilean educational foundation, the Elvira Matte de Cruchaga Seminary for Advanced Study, has been established by Dr. Miguel Cruchaga Torcorral, ambassador to the United States from Chile, as a memorial to his wife. It will be established as an independent institution, but may later be affiliated with some other center of learning. An administrative council has been appointed, and it is hoped that three schools—of foreign service for men and women, a social-service school, and a school for librarians and secretaries—will be opened in March 1928.

School libraries are being installed more rapidly than librarians with the necessary educational and professional qualifications can be found to take charge of them. The number of graduates in 1926 from library schools in the United States was 200 less than the number required to meet the need for graduate librarians.

The origin of the word 'spooning' goes back nearly 500 years. In those days when a young man called on a girl for some time he would make known his marital intentions by giving her a 'love-spoon,' a hand-made utensil with two bowls on a single stem.

### Mrs. J. A. Wyman Dies Following Long Illness

Death Comes Friday Night to Long Time Resident of Floyd County

Mrs. J. A. Wyman, 53, a resident of Floyd County for more than eighteen years, died at her home on South Main Street last Friday night at ten o'clock following several years illness which had kept her confined to her bed for more than a year.

Mr. and Mrs. Wyman moved to Texas twenty-three years ago from Mayfield, Kentucky, coming to the Plains for Mrs. Wyman's health. They made their home in Floyd County for a number of years before moving to California where

they remained for a short time. They returned to Floydada six years ago and have made their home in this city since that time.

Mrs. Wyman's health has been losing strength for the past few weeks and her life stole away Friday night with her husband and son, her only survivors, at her bedside.

Rev. J. Pat Horton, of Plainview and former pastor of the First Baptist church of this city, conducted the funeral services at the Baptist Church Saturday afternoon. He was assisted by Rev. G. I. Brittain also of Plainview. Interment was made in the Floydada cemetery.

The deceased is survived by her husband and one son, Judson, of Dallas. Both were present at the funeral services Saturday afternoon.

FLOOD WRECKS AIR FIELD FOR COTTON-DUSTING EXPERIMENTS

The work of the branch laboratory of the Bureau of Entomology of the United States Department of Agriculture, located at Tallulah, La., has been seriously hampered by the Mississippi flood. A report received from this station says, in effect: "We are very busy salvaging things. \* \* \* Evidently our air field will be under water for a long time yet, possibly a month, but the water has fallen enough so that we are able to start moving out our dusting machinery. \* \* \* All electrical equipment is, of course, ruined, but the remainder of the machinery has not rusted much. Delicate parts are ruined. \* \* \* There are two areas near here which were not overflowed, owing to protection from small private levees, and we think we can soon get started in these areas on our important research work, especially the hopper. One stretch of deep water will probably have to be crossed by boat all summer. \* \* \* All experiments south of Tallulah will have to be reached by boat for a long time, as the highway there is under 10 feet of water in some places yet."

Another laboratory of the bureau, situated at Baton Rouge, La., is on high ground, not affected by the flood, and none of the experiments in progress there have suffered.

HOME DEMONSTRATION WORK INCREASED IN MANY STATES

Home-demonstration work is increasing, according to the 1926 reports received by the United States Department of Agriculture.

Twenty-one new counties employed home-demonstration agents during the year. Sixteen additional counties appropriated funds for the work, after they had discontinued it for a year or more. Ten counties have a definite prospect of putting in an agent in 1927 and 50 counties expressed themselves as interested. Several counties in Kentucky made three-year appropriations, assuring the continuance of the work. In Georgia renewal appropriations were promptly granted in 63 home-demonstration agent counties. In Tennessee there was stronger support of appropriations in practically all the counties.

Thirty-four counties increased their appropriations. Ten counties requested appropriations but were denied by the county commissioners. Twenty-nine additional counties made appropriations and are waiting for Federal and State funds. In 88 counties home-demonstration agents carried on extension work as the only extension representative in the county. The outlook for the further development of home-demonstration work is good.

CHICKEN HAWKS AND OTHERS

Not all hawks are harmful, in the sense that they are supposed to be; that is, in catching chickens and song birds and quail. The Biological Survey of the United States Department of Agriculture points out that there are a number of different species of hawks, and the food habits of all are not the same. Some prey almost entirely upon small mammals, such as mice, ground squirrels, and rabbits, whereas the food of others consists chiefly of birds. The latter are the species that are responsible for the bad reputation of all hawks. The bird eaters should be killed at every opportunity, but it is equally important that the others be spared, for they do a great deal of good in destroying small-animal pests of the farmer. The bird-eating hawks include the Cooper hawk and the sharp-shinned hawk, and these species prefer to capture their prey by swift, fierce darts from the concealment of thick foliage. Most of the other hawks are beneficial to the farmer.

ORGANIZED INVESTIGATION OF CAUSES OF DEAFNESS

To ascertain through scientific research the cause of otosclerosis, a disease which frequently results in deafness, an appropriation of \$90,000 has been made by the Carnegie Foundation. The money will be expended over a period of five years under the supervision of a committee of seven, the chairman of which is the retiring president of the American Otological Society. Other funds exceeding \$100,000 are available to the committee. Immediate efforts will be the collection and publication of all available literature on otosclerosis. The otological research laboratory of Johns Hopkins University will collaborate in the study.

BUILDING PADUCAH RESIDENCE

W. N. Paschall left Monday for Paducah, where he has the contract for the building of a modern residence. He was accompanied by Will Walker and Roy Paschall of Amarillo, who are assisting in the work.

AMERICAN COUNTRIES COMBAT ILLITERACY

Campaigns against illiteracy are reported from many of the Latin-American countries. The President of Honduras has recently authorized country-wide inauguration of vacation classes, to be taught by students of secondary

and professional schools, as well as by pupils in upper grades of elementary schools. In Guatemala City, Guatemala an institute for the reduction of illiteracy has been incorporated. In Colombia an annual prize is given by the director of public instruction of Cundinamarca to the director of the primary school who has taught the largest number of adult illiterates, and other prizes are offered to pupils who have taught other persons to read and write.

POP SELLING FAST

Campbell Bros., operators of the Floydada Bottling works state that since the introduction of their new "Big Boy" soda water, they have been "swamped" with orders. "Don't even have time to advertise, we're so busy trying to fill back orders," Mr. Campbell said.

About 1,200 adult students, many of them professional men and women, were enrolled for study during the winter term in one or more of the 22 courses offered by the New School for Social Research of New York City. The school is now in its eighth year.

A leading collector of 40,000 selected books is possessed by the library extension division of the Illinois State Library. The majority of the calls are for books to supplement English courses, but in many cases large collections are requested by small high schools to supplement the entire curriculum.

### What's Doing In West Texas Today

**JUNCTION**—The "Chuck Wagon" idea will feature the second annual motorcade planned by the West Texas Chamber of Commerce. It has been announced that the 1928 event, which will start at the world-famed Carlsbad Caverns, will be carried out on the plan of a big camping party, and will visit southwest Texas resort points as far as this place, and including probably Menard, Fredericksburg, and Kerrville. Tentative plans for the motor caravan are to be worked out early in the year.

**SNYDER**—More than 3,000 acres of peanuts will be harvested in Scurry County this year, and a good harvest is indicated. This diversified product comes as result of a campaign put on by the Scurry County Chamber of Commerce, which is a comparatively new but extremely active organization in civic life of the section.

**WELLINGTON**—The North Plains-Panhandle area of the West Texas Chamber of Commerce is to be organized into a new division, according to plans made at the Wellington Convention, held recently. The record meeting took other momentous action, signifying among other things that they wanted a full dollars worth for every dollar now being spent in highway construction and asking that fair treatment be given throughout in development and exploit-

tation of the oil and gas industries of the West.

**ELECTRA**—Calcium arsenate to the amount of 1700 pounds has been distributed among farmers of Electra's trade area during the past week in a campaign to control the cotton leaf worm. The infestation has been spotted, and no serious damage has resulted, but preventative efforts are being made to insure a large return from this year's crop. The poison is being distributed at cost by the local chamber of commerce.

**COLEMAN**—Every commissioner's precinct in Coleman County is now in possession of road building machinery which will be used to maintain highways as results of a deal recently made by the commissioner's court. County roads are expected to be kept in first class condition as small expense with the addition of this equipment.

**PALO PINTO**—Palo Pinto County has made an appropriation of \$3,000 to which the Federal Government and the State have added \$1,800 and three trappers will work after the wolves in this section for twelve months. Movement is underway in many other counties also to rid the State of predatory animals.

**CLEBURNE**—A Poultry and Marketing Association is being boosted in the Cleburne trade territory and is receiving favorable comment among farmers and business men here. In connection with the work, a number of boosting trips have been made by the Cleburne Chamber of Commerce and Agriculture, in which speeches and music programs are offered at various points in the county.

**BRADY**—Though Cuero has abandoned plans for its annual "Turkey Trot" celebration, Brady is going ahead with elaborate preparation for the annual turkey show there, and has been assured that the event will be filmed by national picture concerns.

**RANGER**—State and out-of-state visitors will be well entertained here October 21 and 22 when Ranger is host at a Homecoming Oil Jubilee, celebrating the tenth anniversary of the discovery of oil in Eastland County. Many diversion and entertainment features are planned, in addition to informal and educational numbers.

**WICHITA FALLS**—President J. A. Kemp of the Texas Conservation Association and President R. W. Haynie of the West Texas Chamber of Commerce have given their approval to the names submitted for the committee of 25 Texas people who are to study Texas water rights as provided in the Abilene mass meeting. As soon as the appointees are heard from, announcement of the committee personnel will be made.

**STAMFORD**—Personnel of the new Poultry and Dairy Bureau of the West Texas Chamber of Commerce has been given out: Col. R. L. Penick, pioneer poultry advocate of the West, and Father of Stamford, is chairman of the committee. Other members are: Col. R. Q. Lee of Cisco, Gaylord Stone, Fort Worth, J. A. Kemp, Wichita Falls, Wilson D. Jordan, Brady, W. P. Hallmark, Dublin, Herbert Jones, Post, and R. C. Nicholl, Tulsa.

**SAN SABA**—President R. W. Haynie of the West Texas Chamber of Commerce, and Hon. Lon A. Smith, Rail-

road Commissioners, will be two feature speakers on the Hills Country and Pecan Belt District program here September 22 and when that convention meets. A conference of goat and sheep men of the section will be held in connection with the gathering, it is announced, and Col. C. C. French of the Fort Worth Stockyards will preside.

**ABILENE**—Nearly one half of the record expansion made in the area served by telephones during the past year was made in the territory of the West Texas Chamber of Commerce, especially in those sections in which oil play has developed.

**SWEETWATER**—Goat and sheep raising on a large scale may begin in the Sweetwater country. A deal has just been consummated in which a Merton livestock man has leased six sections of land near here on which he will run sheep and goats. The stockman announced that a number of sheepmen of southwest Texas are anxious to move into the Sweetwater country as it is very suited for their business.

#### SADLER COMPANY HAS GOOD WEEK'S RUN IN FLOYDADA

Harley Sadler's Own Company completed their week's stand in the tent theatre here last Saturday and enjoyed a good business, although weather conditions were not the most ideal.

One of the features of Friday night's show was a dancing and singing act by little Martha Lee Sparks, daughter of Mr. and Mrs. Herbert S. Sparks, admirably done and greatly enjoyed by the audience.

#### Locals and Personals

Mrs. L. H. Newell and daughters, Faye and Mrs. S. D. Scott and children, returned home Sunday of last week from Tulsa where they spent the week visiting with relatives.

Mrs. V. Andrews returned Saturday from Sherman, where she has been for the past few weeks visiting relatives.

Misses Ruth and Lois Rosser, of Abilene, spent last Wednesday here visiting with Mr. and Mrs. W. F. Weatherby. They accompanied Mrs. Turner and daughter, Miss Roberta, also of Abilene, who visited here with Mr. and Mrs. O. B. Olson. They were returning to Abilene enroute from Wheeler, where they had been visiting relatives and friends.

Miss Olive Mae Liston, of Lubbock, spent last Sunday here visiting with friends.

**BORN**—to Mr. and Mrs. Glenn Jones, city, September 3, a son, Davis Glenn. Herbert Sims returned Saturday from Denver, Colo., where he has been attending school this summer.

J. C. Cooper and family, of Plainview, were in Floydada for a couple of days last week visiting with the P. M. Felton family. The Cooper's formerly for many years were residents of Floydada and Mr. Cooper at one time was county surveyor.

S. W. McLean of Fort Worth in company with W. C. Cantrell, of the same city was in Floydada several days last week looking after his farm here. Mr. McLean has owned a farm near Starkey for a number of years.

#### FOLGER'S DEMONSTRATION

A demonstration of Folger's Coffee was held Saturday with the Shaw, Felton & Collins market and grocery by Geo. W. Phillips, of Lubbock. A special sale of the coffee was also held in connection with the demonstration.

**Sunday School Classes  
Entertained At McCoy.**

The Sunday school classes of Mrs. H. N. Porterfield of the First Methodist church of this city and Mrs. Will Snell of the Methodist church in the McCoy community were entertained at the home of Mrs. Snell Friday night of last week. Games and memory contests kept the boys and girls busy till a late hour, when refreshments of cream and cake were served to those present.

**Committee Hostesses At  
Luncheon For Clubs.**

The 1922 Study Club had the first meeting of the new club year, Thursday September 1, with Mrs. W. C. Grigsby, J. C. Wester, and C. M. Wilson, members of the Year Book committee, joint hostesses at a beautifully appoint-

ed luncheon at the home of Mrs. Grigsby. The ladies were seated four at a table. The course of study for the year, is "Texas," and place cards which were tiny maps of Texas, carrying out this idea marked covers for each. A basket of yellow flowers formed the centerpiece for the tables.

Luncheon was served in courses by little Misses, Ruth Rutledge, Selma Louise Lider, Virginia Grigsby, and Marilyn Fry, daughters of the club women, dressed in costume of yellow and white, the club colors.

The following delicious menu was served:

- Grapefruit cocktail
- Cantalope Grape Salad
- Fried Chicken Cream Gravy
- Sautéed Pineapple Candied Yams
- Tomato Pepper Rings Pickles
- Light Rolls Ice Tea
- Orange Ice, Individual Angel Food Cake

Following the luncheon the regular program was begun with Mrs. W. I. Cannaday as mistress of ceremonies. Roll call was answered by each lady

giving something pertaining to her subject for the year. The club collect was repeated in unison by the members. Presentation of the new officers was made by the outgoing president, Mrs. W. I. Cannaday, and each made a few very brief but appropriate remarks.

The new president, Mrs. Geo. A. Lider, made a very inspiring talk and brought some very worthwhile thoughts before the club. Mrs. J. M. Willson contributed to the program with a very pleasing piano solo.

Mrs. O. P. Rutledge discussed "What We Ought to Give Our Club this Year" and among the good things that should be done for a club she gave the following recipe for a good woman's club:

- 2 cups leisure.
- 4 cups enthusiasm
- 2 tablespoons of knowledge of human nature
- 2 teaspoons of correspondence with a general Federation and Texas Federation of Women's Clubs.
- 1 cup of common sense.
- 1 tablespoon full of knowledge of the community.
- 1 cup carefully selected keynote people.

Mix above in a preliminary meeting where plans for organization meet, sprinkle with an understanding heart, many ounces of energy and cover with publicity. Place in a big oven during an organization meeting and bake.

Results: Organization for women of your community with unlimited power to give service to nation, state, community, individual, and to bind them together in friendship and understanding.

Mrs. Kenneth Bain favored the club with a reading "Texas."

Mrs. J. B. Jenkins gave a very splendid talk on "What is in our club work today."

Following the regular program there was a business session in which tentative plans for the club year project were made.

A rising vote of thanks was given to the program committee for the beautiful Year Book and the lovely luncheon also a rising vote of thanks was given to Mr. Homer Steen for his help and cooperation in preparation of the Year Books.

The new officers for the year are: President, Mrs. Geo. A. Lider; first vice-president, Mrs. J. B. Jenkins; second vice-president, Mrs. Wilson Kimble; recording secretary, Mrs. Chas. M. Wilson; corresponding secretary, Mrs. W. C. Grigsby; treasurer, Mrs. A. N. Bratton; reporter, Mrs. E. L. Angus; parliamentary, Mrs. E. B. Massie; custodian, Mrs. C. H. Davis.

**Parent-Teachers' Ass'n.  
To Resume Meetings.**

Mrs. Jno. Hammonds, president of the East Ward Parent-Teachers' Association announces that the Association will hold their first meeting for the new school term Friday afternoon beginning at 3:15 o'clock in the auditorium of the school. There will be a program and business meeting combined. All of the parents are urged to be present.

**Daughter Given Party On  
Fourth Birthday.**

Mrs. Paul Williams assisted by her sister, Mrs. J. O. Warren, entertained with a birthday party for her little daughter, Frances Marie, Thursday, September 1, from 4 to 6 o'clock, honoring her fourth birthday. The honoree received many pretty little remembrances.

The birthday cake decorated with four candles was served with banana ice cream to the following: Coleta and Erma Deane Moore, Margaret and Elizabeth Evans, Doris and Douglas Ament, Margaret Adeline Foster, Joyce Alene Warren, Katherine Daniels, Foster Glenn and Jaunell Amburn.

Mmes. Foster Amburn and Everett Warren were also guests during the afternoon.

**Dorothy Dell Stovall Given  
Birthday Party.**

Mrs. E. F. Stovall entertained with a party for her little daughter, Dorothy Dell, Saturday, September 3, from 4 until 6 o'clock honoring her sixth birthday. Dorothy Hall, Irene Kreis and Genell Stovall entertained the children with many games.

Refreshments of banana cream, angel food cake, and lolly pops were served to the following guests: Betye Jane Rogers, Dale Rogers, Thomasine Cox, Leta Hay, Grace June Hay, Mary Lee, Messick, Rudel Messick, Rollin De Cordova, Ruth Kreis, Mary Looper, Nell Stevenson, T. G. Hall, Elizabeth Hargrave, Jesse Belle Massie, Virginia Stovall and the honoree, who was the recipient of many pretty little gifts.

**Miss Helen King Hostess To  
Sunday School Classes.**

The Intermediate Sunday School Class of the Cumberland Presbyterian Church was entertained Tuesday night by the Senior Sunday School class at the home

of E. C. King, with his daughter, Miss Helen acting as hostess.

There were about fifty present, including members and invited guests. A very delightful evening was spent playing indoor games. Delicious refreshments of punch and cake were served.

**Matinee Party Given With  
Miss Troye Willis Hostess.**

Miss Troye Willis entertained with a slumber party at the home of her mother, Mrs. H. J. Willis, Sunday night. The guests were taken to the midnight matinee at the Olympic Theatre to see the picture "Her Father Said No." Mrs. Willis and daughter, Miss Mable, accompanied the party to the theatre.

The guests were: Misses Virginia Meacham, Bama Geze Smalley, Thelma Covington, Pansy Mozelle Brown and the hostess.

Mr. and Mrs. T. M. Noland and daughter, Miss Effie, and sons, Alton and Audie, returned Saturday afternoon after a week's visit with relatives at Erick, Oklahoma and also Goree, Texas.

**CHEAP LAND FOR SALE**

Anyone interested in buying good land at a bargain price for a home or investment should carefully look the Hereford Country over. Although the year 1927 was unusually dry a good wheat crop was made where properly farmed and good feed crop made. This is a great opportunity for the man of moderate means to buy good land at a low price and on easy terms. Why not investigate now before the chance is gone? For information see or write.

**BUICK for 1928**

Bodies by Fisher

When Buick improves upon Buick—the standard for the year is set

Buick for 1928 introduces a higher standard of beauty and luxury than the world has ever known. Buick interiors are as modish as exquisite drawing-rooms—as harmoniously colored—and as comfortable. Buick's new Fisher bodies are low-slung without any loss of head-room or road-clearance.

And so, down to the smallest detail of construction, wherever refinements could be made, Buick has made them. Again Buick has improved upon Buick. Again the standard for the year is set.

## Matador Fair Boosters Invade Floydada Monday

Headed by their twenty-piece band, the Matador boosters of the Motley County Fair, 100 strong, invaded Floydada Monday morning, arriving here at 11:25, an hour behind their set schedule.

G. Ward Moody, director of the band, made a short address of welcome to Floydada people to attend the fair at Matador on September 30 and October 1. "We want you all to come and be with us and we can guarantee that you will have a good time," he said. Carnival attractions, refreshments and addresses were the features outlined by Mr. Moody for the entertainment of their guests.

Novelty whistles and combs were distributed along with other literature by the boosters during their brief stay here. There were eighteen cars in the caravan. They arrived here from Silverton and left at 1:10, after taking lunch here, for McAdoo, Spur, Dickens City and Afton on the afternoon and return lap of their trip. In the morning they visited Turkey, Quitaque and Silverton.

Selections by the band and the Ukulele Club girls were highly appreciated here by the citizens who gathered on the court house lawn to welcome the Matador visitors.

Among the visiting boosters were: Miss Hettie Patton; John C. and J. E. Russell; Cecil Shelton; J. C. Marquis; G. S. Craven; Mayor Randal Whitworth; Dr. and Mrs. A. C. Traweck; H. H. Gilbert and wife; T. B. Edwards; R. L. Sams, coach of athletics at Matador High School; Mrs. Claude Warren, and son, Willard; Mr. and Mrs. Hubert Gilbreath; County Agent M. P. ## MILEAGE—

YOU'RE SURE OF GETTING IT IN  
GOODYEAR ALL-WEATHER BALLOONS

Just because a tire looks sturdy and rugged doesn't mean that it is. Neither does weight indicate durability. The only way you can be sure of getting long, uninterrupted mileage is to buy a tire that is carefully built of the best possible material—a tire that has only the best and purest live rubber in carcass and tread. That's why we say you're sure of getting mileage out of every Goodyear you buy. Only the best materials and the most skilled workmanship are used to build this truly remarkable tire.

Ask us for the names of the people in Floydada who have been convinced by their own experience. Or better still, try one Goodyear—you'll tell other people about it then.

### Good Attendance Marks Annual Presbytery Here

Three Day Meeting of Amarillo District Cumberland Presbyterian Churches Success.

An annual session of the Amarillo Presbytery held in this city on Thursday, Friday and Saturday of last week was marked by good attendance throughout the entire convention. Representatives from Cumberland Presbyterian Churches over all portions of Floyd County and a number of other West Texas counties, were present at the three day meet and attendance by the public was generally good. Rev. A. Collins, pastor of the Floydada church stated.

The program outlined for the session was thoroughly carried out and with the program, it was stated. Residents also greatly assisted by offering homes for the delegates during the meet. Saturday night was designated as Christian Endeavor evening and a large crowd of Lubbock Endevors attended the Rally at the church house. Dinner was served to the visitors before returning to Lubbock Saturday night.

### SEEK MISPLACED CONSTITUTION BY LAWS OF LIBRARY ASSN.

"Somewhere in Floydada" is the constitution and by-laws of the Floydada Library Association, together with the charter of the same. Following the incorporation of the association some five years these papers representing the official existence of the organization were placed in somebody's safe for safekeeping. Since that time the place of officials of the association. If someone knows of the whereabouts of these their return would be greatly appreciated.

Mrs. A. P. McKinnon, who has charge of the library, says interest among readers of the community in the number of books available at the library, continues to grow, and expresses the belief that if business men and citizens in general realized the interest taken in the library, especially by the growing generation, they would take a more enthusiastic interest in its welfare.

### HOPKINS AND FRY INSTALL NEW ODORLESS DRYING ROOM

An up-to-date drying room which, it is claimed, will take all odor of gasoline out of cleaned clothing, has just been completed this week at the Hopkins & Fry Tailor Shop on Main Street. The new structure which has been built onto the cleaning room at the rear of the tailoring shop, is of strong material with plaster work inside. The rooms measure 14 by 8 feet and are only two openings on each side, a small opening near the floor and a corresponding one in the ceiling allows fresh air to circulate at the right portion, it was pointed out. Heat for the room is furnished by three sets of pipe coil carrying steam under high pressure. "The clothes are placed in this room after being pressed and takes all odor out of them. It will dry them just as good in wet weather as it will in dry weather," Mr. Fry stated.

### GIVEN MEXICAN CANE

C. Snodgrass is proudly displaying a new walking cane brought to him by his little grandson and namesake, Carrick and Mrs. Gule Snodgrass, recently returned from a vacation trip to Matamoros, Mexico. They were accompanied by Chas. Smith and family and were gone some three weeks.

Mr. Snodgrass was highly pleased with his gift of hand-carved and beautifully colored Mexican wood. "I appreciate that cane more than I could tell," he said.

#### "COOPERATION"

We've observed where we go That the fellows we know, Who "shoot square" in their dealings with men Will refuse to defame Any neighbor's good name, Or a slanderous story begin.

The stick to their bush, Their own business they push, And to make good in life they're resolved; But they'll play the game fair And will always shoot square Where the other man's rights are involved.

To the man who's in need They will always give heed And will offer a lift when he's down. They are ever alert All their strength to exert, For the good of their fellows and town.

They'll assist if they can, In the other man's plan, They'll not block everything they can't lead, With no envy at heart They will do their own part And rejoice with the men who succeed.

### AN ATTRACTIVE KITCHEN INSPIRES THE COOK!

(Editor's Note: This is one of an unusual series of cooking articles by 6 famous cooks, running exclusively in this paper.)

What fascinating places some kitchens are! Bright and attractive, they literally inspire their owners to better cooking deeds. Every housewife owes herself a well-lighted, cheery kitchen. For she spends more time in the kitchen than any other place.

MISS ROSA MICHAELIS

#### Gray Kitchens

Gray kitchens are very popular these days. In fact, they are more popular than white ones. That's because they are almost as light as white kitchens, and so very much easier to keep clean. White shows every fingerprint. One of the most attractive kitchen cabinets, cupboards and shelves. All are painted a glossy gray which can be quickly washed with a damp cloth. Fresh white curtains bordered in pink are at the white windows. And a neat linoleum, black and gray squared, covers the floor.

#### A Rest Corner

Stove, table, high work stool and cabinet are grouped for easy work—to save steps. And in one part of the kitchen is the housewife's happy rest corner—a rocking chair and table with reading matter. Many a "rest" minute can be snatched while meals are cooking.

Truly, such a kitchen is a happy place in which to work. And, isn't it true that the housewife's happiness is reflected in better meals?

In such a kitchen as the one just described, the work is so much easier that the housewife is often inspired to make new dishes—meat and potatoes.

Miss Rosa Michaelis, New Orleans cooking expert, today gives several delightful recipes of the "inspirational" type.

#### Vanilla Wafer Pudding

1 cup sugar  
2 eggs  
1 cup milk  
1/2 cup flour  
3 tablespoons butter  
2 bananas  
1 teaspoon vanilla extract  
vanilla wafers

Make a custard of all the ingredients but the wafers in a double boiler. Line bottom of baking dish with wafers. Add a layer of sliced bananas. Pour the custard over them. Add bananas, and rest of custard. Beat egg whites stiff and place on top. Put in oven and brown.

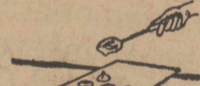

You will find many advantages in the latest development in oil stove cabinets. One of the best has the rest on a single burner when desired. It also has a perforated top which keeps warm air from the stove and placed there.

#### Cocoanut Dainties

These are nice to serve at parties.

2 whites of eggs  
1/2 cup corn syrup  
1/2 cup flour  
1/2 teaspoon baking powder  
2 cups dry cocoanut  
1 teaspoon vanilla

Beat the whites stiff, gradually add the corn syrup, then fold in the sifted flour, cocoanut, salt and vanilla. Drop by tablespoons on greased baking sheet and bake in moderate oven twenty minutes.

#### Skyline Walnut Wafers

You can make these at the same time as the cocoanut dainties, for they require the same baking time. Mrs. Belle DeCraaf, famous San Francisco cooking authority, gives the following recipe:

1 cup brown sugar  
1 cup broken walnut meats  
1/2 teaspoon salt  
2 tablespoons flour  
1 egg, beaten

Mix ingredients in order given. Drop from teaspoon on greased cookie sheet several inches apart to allow for spreading. Bake in a very moderate oven and remove from sheet at once.

#### Sweet Potato Pone

This is a favorite Southern dish. Here's Miss Michaelis' recipe.

4 large sweet potatoes  
1/2 cup brown sugar  
4 eggs  
grated rind of lemon  
1 cup milk  
1/2 cup butter  
1/2 teaspoon each of nutmeg, ground cloves and cinnamon  
1/2 cup molasses

Wash and grate the potatoes, and sugar till creamy; add the eggs, milk. Beat all well together, add rind. Put into a well buttered pan and bake slowly for an hour.

May be served either warm or cold. Usually cut in slices.

Delicious dishes! How one enjoys cooking them in a cheerful kitchen! Brighten your kitchen! You'll be a happier woman and the whole family will benefit.

Porcelain enamel is greatly in demand for kitchen equipment because it is so easily cleaned. The latest in stove tops. Now for the first time you can buy a modern oil stove with a smooth, porcelain enamel top.

**Local Clubs Supporting Candidate From Bowie**

**Mrs. W. R. Potter Announces For Chairman Texas Federation Women's Clubs; District Favorite**

A very prominent club woman of Floydada made the announcement while in the Hesperian Office, Tuesday, that the club women of Floyd County would support Mrs. Potter in her candidacy for president of the Texas Federation of Women's Clubs and released the following information which has been sent to her, concerning Mrs. Potter's announcement:

"Mrs. W. R. Potter was announced by the Thursday Club of Bowie, her home town, as candidate for the presidency of the Texas Federation several months prior to the District meeting this spring. She carries the endorsement of the clubs of her home, and a great number of individual clubs and club women throughout the State of Texas.

"Her record of service to the Federation is a long and splendid story—a story of loyal, devoted effort for the furtherance of Federation standards and Federation ideals. In twenty years of club work she has gained a knowledge and experience of the needs of women in all walks of life that have brought her an understanding that will be of inestimable value to her in the administration of the great organization that has for its chief object the betterment of conditions for the individual, the community, the state and the nation."

"A broad statement that, and one that carries with it a tremendous responsibility, a tremendous need for workers of wisdom, sympathy, loyalty and ability.

"Mrs. Potter's record shows her endowed with those sterling gifts that will enable here to guide the Federation on to the highest and finest fulfillment of its chosen destiny.

**Her Qualifications**  
"The duties of the chief executive of this organization, which represents over forty thousand women, are manifold and call for proved ability. Mrs. Potter has served the Federation in many capacities, and knows the work thoroughly. She first served her District, the First, as chairman of Kindergarten, History, Membership, as first vice-president for two years, and as president two years. During the eighteen years she has belonged to the First district organization she has never missed a meeting.

**Her State Work**  
"From the district where she accomplished work the results of which have remained permanent, Mrs. Potter came into the State work, where she has been a faithful and conscientious worker for a number of years. She has been chairman of the committees of Thrift, Scholarships and Loan Fund, and during the war of the Federation Council of War Work. She was second vice-president of the State Federation and supervised the departments of Child Welfare, Applied Education and Home Economics while holding that office.

"During this administration Mrs. Potter has served as chairman of the committee of Elimination of Illiteracy, assistant State historian, and associate editor of the Texas Federation News. Throughout her club work she has stressed the need of Junior work, organizing many junior clubs, and bringing the importance of this movement before the Federation whenever possible.

"In addition to the work Mrs. Potter has carried on so loyally in the Federation, she is a member of the Texas Woman's Press Association, the oldest

woman's organization in the state, and is this year serving the Association as its president.

"She is a writer, both of short stories and plays, and history, and has won for herself an enviable reputation along these lines. Her county history of Texas has been used as a textbook for a number of years in Texas schools and her essays, reviews, and other articles have been widely quoted and favorably commented on.

**Speaker of Charm and Force**  
"Mrs. Potter is a speaker of force and clearness. She brings to her subjects a thorough knowledge that carries conviction to her hearers, and in addition her charm of personality wins her audience at once. She has spoken before numerous women's clubs throughout the State, has addressed District and State meetings, county organizations, graduation classes, and many similar groups.

**As State President**  
"Mrs. Potter is a native Texan and knows the State and its glorious traditions so well and is so thoroughly imbued with the wonderful possibilities and responsibilities that belong to it that she will bring to her duties as leader of the Texas Federation a sense of devotion and loyalty that will serve that women of the state well through out her administration. More than that, she commands the respect and the devoted service of many of the finest men and women throughout Texas, who will add their sincere, earnest efforts to hers to bring not only the Federation—but this great commonwealth of ours to a high-point of influence and usefulness.

"Mrs. Potter has attended many Biennial meetings and is experienced in the procedure relative to the meeting of this great body of women. The Texas Federation could choose no woman better qualified to greet the thousands of representatives from all parts of the Union and from foreign lands than Mrs. Potter. She will bid them welcome to our State and to our hospitality with such graciousness and sincerity that will convince them of our pleasure at having them, and of our friendship for all years to come.

**Ask Me Another Question**

1. What is a typhoid carrier? (V. D., Wills Point)
2. I understand that there was a severe typhoid epidemic at some place this year? Where was this epidemic and to what was it attributed? (V. D., Wills Point)
3. What is the cause of Pellagra? (Inquirer, Rotan)
4. What is the best thing for prevention of pellagra? (Inquirer, Sour Lake)
5. Do septic tanks ever need cleaning? (J. L. J., Miles)
6. Is the Standard Milk Ordinance suited to small towns as well as to the larger cities of the state? (Householder Del Rio.)
7. Are food handlers in all towns required to have health certificates? (J. S., Corsicana)

**Answers**

1. A typhoid carrier is a person whose urine and bowel excreta contains typhoid germs. Some persons are typhoid "carriers" for a considerable length of time after being entirely well of the disease, thereby infecting others. All discharges from a typhoid patient should be disinfected for at least a month after the patient is up and well, or until analysis of the feces shows the typhoid germ to be absent.

2. One of the most extensive epidemics of typhoid fever of recent years occurred in the early spring and summer at Montreal, Canada. From March 1st to July 16th, more than 5,000 cases of typhoid were reported, with 488 reported deaths. All investigators agreed that the source of infection was a large dairy. If the Standard Milk Ordinance, which has been adopted in some 30 Texas cities, had been in operation in Montreal, such a disaster would probably not have happened, as this ordinance makes provision for strict supervision and enforcement of sanitary regulations in the production and distribution of all milk supplies. Every town in Texas should have this milk ordinance as a public health protection.

3. Pellagra was at one time thought to be caused by a germ, but investigations made by the United States Public Health Service, disclosed the fact that this disease is due to faulty diet. It is not contagious, the reason that several members of a family often have it, being that they all have the same faulty diet.

4. Research has shown that the addition of fresh milk, eggs and fresh meat to the diet will prevent pellagra. If these elements are not readily available, canned fish or canned beef will serve much the same purpose, and fresh or dried yeast is also of great value.

5. Yes. All septic tanks gradually fill up with the deposits which accumulate in them, and when full their effectiveness to settle out the sewage solids is practically nothing. Part of the solids digest, but there is a sort of residue which will not digest. This amounts to approximately two cubic feet per person per year. From this an estimate may be made of the time that will probably be required for the tank to fill with solids. Septic tanks used for only a part of the year will fill less quickly than those in use all the time.

6. Yes, the Standard Milk Ordinance is as well suited for small towns as it is for the larger cities. Some of the smaller towns having this ordinance in operation now are: Brownwood, Bryan, Cisco, Temple, Paris, Nacogdoches, Mineral Wells, and Weatherford.

7. The state law requires all food handlers to have health certificates, but some city officials are lax in the enforcement of such matters, and no health examiner of food handlers is required. Such laxity is a potential health menace, as diseased food handlers, or those who are disease "carriers" may cause infection of the innocent public.

**ROY GRIGSBY TAKING REST**

Roy Grigsby, who has been steadily on the job for more than a year at the city waterworks, especially in charge of the city's fire fighting apparatus, is taking a rest of a few days and visiting his parents, Mr. and Mrs. J. A. Grigsby in Plainview.

Clinton Hamerick has Mr. Grigsby's place while the latter is taking his lay-off.

**BAKER-CAMPBELL TO OPEN GROCERY AT ROCHESTER**

Baker-Campbell Company this week are remodeling a building in Rochester and at an early date will open a new grocery at that point, where they already have a dry goods business.

Roy A. Baker, who has been manager of the company's grocery here for some two years, will be manager of the Rochester grocery department.

**GRASS FOR SWINE**

Grass, some variety of which can be produced on most every farm, is the cheapest feed for hogs, according to E. Z. Russell, swine specialist of the Bureau of Animal Industry, United States Department of Agriculture. Alfalfa is the best hog pasture and red clover a close second, while all clovers are good. Some farmers probably cannot arrange permanent pastures, but many different temporary pastures may be provided; rye, rape, soybeans, cowpeas and oats are all good. When hogs are on pasture practically all the manure is saved, whereas when they are in dry lot some it unavoidably wasted.

**"ARMORED" WHEAT**

Many varieties of wheat well adapted to all districts in this country where flag smut is now known have been found immune or highly resistant to that disease, says the United States Department of Agriculture, among such varieties being the China, Forward, Fulcaster (including Stoner), Fulbio, Gladden, Mammoth Red, Pennsylvania 44, Portage, Red Rock, Rudy, Sheperd, Penquite (Velvet Chaff), and other winter wheats. Perhaps the greatest danger from the disease in this country in the future lies in its possible spread to the Pacific Coast States, where the climatic conditions are similar to those in Australia, and where wheats susceptible to flag smut are grown.

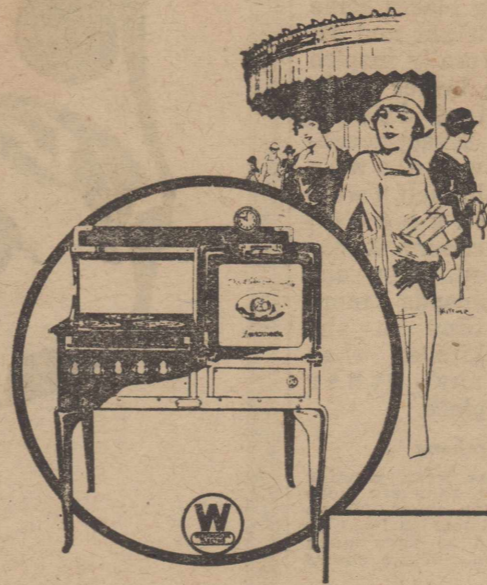

Washing eggs reduces their keeping quality and results in losses, especially if they are to be placed in storage. All very small, very large, or very dirty eggs should be used at home or sold to local consumers and not included with those shipped to market.

The quantity of whole milk produced in this country last year is placed by the United States Department of Agriculture at 120,766,487,000 pounds compared with 116,505,395,000 pounds in 1925, an increase of more than four bil-

lion pounds. The quantity of milk used for household purposes is estimated at 56,417,000 pounds compared with 54,325,776,000 pounds in 1925. This increased consumption of milk has been due to its greater use by the city population.

**To Our Customers and Friends**

Now that Floydada is to be served with Natural Gas the question has arisen as to whether the installation of Natural Gas for heating purposes in business and resident property will affect the Fire Insurance Rates. We take this method of advising our customers and friends that all the Standard Fire Insurance Policies contain a Permit for the use of Natural Gas when supplied through the mains of Public Service Companies, and when your gas connections have been made in accordance with the City Ordinance and approved by an authorized Inspector without any additional charge therefor.

If you have Brick Bracket, or Galvanized Iron flues in your house, after you have installed Gas and no longer need these flues you can reduce your Fire Insurance Rates by removing these flues from your buildings.

We are always glad to have you consult us on any question pertaining to your Insurance. If we cannot give you the correct information off hand we will be glad to get it for you.

We write all kinds of Insurance and can make you a loan on your Modern Residence Property, or if you expect to improve your present home or build a new one we can take care of your needs.

Not with your money, but with your influence.

Every Boy Scout has to study First Aid. This does not mean that he sets out to be a doctor. It does mean, though, that he learns what to do in an emergency, until a doctor comes.

He knows how to apply a tourniquet and stop bleeding from an artery.

He knows how to handle a person who has been dragged unconscious from the water; how to apply splints; how to bandage and make slings.

The so-called play of Scouting has shown many a boy the way.

**Bigger Quarters Sought For Post Office Here**

(Continued from page one)

in Fort Worth on September 20, 1927, according to Mr. Page.

**Substantial Growth Made**

Floydada's growth and the development of the territory adjacent to it, have been very substantial ever since the present quarters were leased ten years ago. At that time the quarters were more than adequate. Conditions in the office at this time are crowded not only for the working force but in the lobby as well. Indicating this growth and the need for more adequate quarters, figures for postal receipts at Floydada Post Office for the five years 1921 to 1926 showed an increase between forty-five per cent and fifty per cent. The receipts for 1921 were \$10,043.46 and for 1926 the receipts were \$14,576.24. The increase in the business of the office for the intervening years, was approximately the same in per centage for each year.

The present force manning the post office includes the postmaster, assistant postmaster, two regular clerks, one auxiliary clerk, five rural route carriers and two star route carriers. The office serves a territory in extent said to be exceeded by only one post office in the state with rural routes.

On his visit here at this time Mr. Page spent most of his time studying the needs of the office and giving information to local post office officials and prospective bidders for quarters for the office. He will return to Floydada after September 20, when the bids are opened, and go over the proposition submitted. The contracts will be awarded from the department at Washington, after all bids are in, together with diagrams and all needed information relative to all proposals submitted.

It is said that several bids for the quarters for the office will be made—probably five to seven.

**Plenty Water Once More In Mains Of Floydada**

Plenty of water once more in the Floydada City Water Works mains following the completion of installation of repairs on the 200-gallon a minute electric driven pump. The well was put back into service Saturday afternoon about 3 o'clock and began delivering in excess of its rated capacity to the storage tanks.

The well had been out for twelve days when trouble developed with the lower half of the large Layne & Bowler pump. A crew of D. L. McDonald were here with the necessary equipment to make the repairs, assisted by Superintendent G. R. Strickland and other employees of the Waterworks Department.

Mr. Strickland Tuesday expressed the belief that, unless serious trouble develops either with the electric or engine-driven pumps in the city's dual system of water supply, no further shortage of water would occur during this year, although the fast increasing demand for water connections from residential owners and industrial concerns make additional sources of supply highly desirable.

**J. R. READHIMER BUYS ANOTHER BUSINESS LOT**

J. R. Readhimer, of Mayview Community, last week completed the final purchase of Lot 30 in Block 71, West California Street business lot, from J. V. Nelson, of Amarillo, the deed completing the transfer having been signed Saturday of last week.

The lot is the second piece of business property to be acquired by Mr. Readhimer in the past sixty days, the purchase of the lot occupied by the Floydada Tin Shop having been made a short time ago from C. W. Mitchell.

R. C. Scott and son, Kirk, left Wednesday morning for points down-state on business.

ing assisted by the Baseball Park Association, whose park will be used, and other local agencies are giving support to the premier baseball event of the season for this section.

Ten thousand heralds are being distributed this week and advertisements and news stories are being run in more than a score of plains and panhandle newspapers telling of the event. "We will have an all-star line-up on the Sadler team, made up of stars of this section, and we feel sure we're going to give the Panthers the fight of their barnstorming tour," Mr. Sadler said Saturday before leaving for Crosbyton to spend the week with his company, playing for people of that section.

"With the prospect we have for real baseball game we can't see any reason why the response of the public won't be general from over a dozen counties."

One dollar will be the admission charge for adults and fifty cents for children of fifteen years and younger.

**Gas Mains Tested And Found Okay Tuesday**

The distribution system of the West Texas Gas Company, begun forty-five days ago in Floydada, was completed Tuesday and given its final test for leaks Tuesday night, by the Southwestern Construction Corporation, contractors, who had a large force of men here for a few weeks.

Agent H. F. Mays, of the gas company Wednesday morning said that the work on the pipelines was progressing well and that only a few weeks will elapse before gas is turned into the mains here. He expressed pleasure at the interest being taken in the matter of gas installations in homes here. Of six residences under construction this week in Floydada all are being piped for gas, he was informed.

Verlon Harmon has been selected as our new director. We are glad that such a capable leader was chosen and we know that he will make a good leader—but to have success we must have co-operation.

**CITY WELL GOING DOWN FOR SOUTH PLAINS WATER SUPPLY**

Supply for a water system of South Plains, new city being developed on the Floydada-Silverton highway, seventeen miles north of Floydada, where the Denver Main line crosses the highway, is going to be furnished initially by an eight-inch well being put down by C. A. Mullins of this city, who has one of the large Rutledge drills on the site this week digging for water.

Contract for the new well was made recently by A. B. Brown, one of the developers of the new city, who has several brick buildings under construction at present and nearing completion at South Plains. Plans for the new well are in line with the recent announcement that water supply would be assured all persons who interested themselves in the new town.

**8 COMMUNITIES ENTER AGRICULTURAL EXHIBITS TO COMPETE FOR PRIZES**

Three more communities have joined with five other rural communities of this county in competition for the \$200 in premiums offered for the best agricultural exhibits at the County Fair. The contracts for the Blanco, Sunset and Roseland communities were returned to the secretary of the fair this week. This assures the showing of at least eight agricultural exhibits at the fair. Other communities which have promised exhibits are Harmony, Sandhill, Prairie Chapel, Pleasant Hill and Campbell.

Anxious to display the spirit of the Roseland community, the contract for this space, which only calls for three names, was returned signed by fifteen interested parties of that community. Miss Anna Sims was instrumental in securing the signatures to the contract and has expressed strong belief that the Roseland exhibit will be one of the best seen at the fair.

W. H. Smith and W. C. Cates returned the Blanco contract this week. They will have charge of the booth and are at work this week securing the products for the exhibit. They have requested that everyone in that community with good products furnish them for the exhibit.

P. L. Orman, a trustee of the Sunset school, heads the list of signers on the Sunset contract. Mrs. J. N. Nelson and C. L. Knierim were the associate signers. Sunset displayed one of the winning exhibits last year and officials expect much of them this year.

**E. R. HARRIS CONVALESCING FOLLOWING SERIOUS ILLNESS**

Friends and relatives of E. R. Harris now believe he is on the road to recovery from a serious illness, which for a time seemed would be fatal, especially last mid-week when he was very low.

J. H. Shurbet, his father-in-law, said this week that continued improvement would see Mr. Harris with a great deal more strength shortly.

Mr. Harris, whose home is at Pleasant Valley, was stricken with an abdominal hemorrhage nearly two weeks ago, while north of Lockney on a cattle trade. He was hurried to his home and has been under the constant care of physicians since. Friday of last week his condition began to show promise of improvement.

**SUMMONS PETIT JURORS FOR SECOND WEEK DISTRICT COURT**

Jurors for the second week of District Court for Floyd County, fall term, are being summoned this week by Sheriff P. G. Stegall and his deputies. District Judge Charles Clements will open the term on Monday, September 19, but the first week of court will be given over to non-jury cases. Petit jurors being summoned are to appear on Monday, September 26. The list as made up of the jury commission at the last term of court is as follows:

- W. F. Ferguson, W. B. Byes, R. A. Garrett, B. E. Vernon, L. R. Powers, C. H. Davis, D. R. Badgett, E. R. Borum, W. F. Weatherbee, J. O. Dudley, W. E. Mooney, G. R. May, J. R. Bowman, E. J. Heard, Galen Holland, B. R. Lybrand, B. E. Cypert, E. S. Randerson, M. Carr, A. L. Scoggin, W. B. Hall, E. E. Blacksear, J. H. Anderson.

**LOCAL MEN WILL EXHIBIT AT TRI-STATE EXPOSITION**

At least three Floyd County raisers of purebred livestock will exhibit at the Tri-State Exposition in Amarillo beginning September 11. They are O. L. Stansell who will carry one cow and four yearling heifers of his purebred herd of Jerseys to the show; J. D. Christian who will exhibit his fine junior yearling Jersey bull; and Ed Holmes who will take Duroc hogs for entries in the Swine Show from the Holmes Bros. Hilltop Farm.

**SANITARIUM NOTES**

W. H. Belyeu, of Lockney, was dismissed from the Smith and Smith Sanitarium on August 27, after remaining in the hospital for a short time undergoing treatment for injuries sustained in a wagon accident.

Arvel Smith, city, was dismissed from the hospital last Saturday after undergoing an appendix operation.

John Broughdom, of Whiteflat, underwent an appendicitis operation at the sanitarium and was dismissed Wednesday, September 7.

Miss Evelyn Maddox, city, was also dismissed Wednesday of this week after undergoing an operation for appendicitis.

Roy Woolsey, of Cedar, was dismissed from the hospital on September 7 after undergoing an appendix operation.

**GRIGSBYS TO PLAINVIEW**

J. A. Grigsby and family are now making their home in Plainview. Mrs. Grigsby and sons, Charley and Albert left last week to take up their residence there.

Mr. Grigsby was sheriff here a number of years and is well known throughout this section.
