FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, SEPTEMBER 15, 1927.

NUMBER 29

FT. WORTH PANTHERS DEFEAT ALL-STARS

1500 Witness Exhibition Game Against Sadler's West Texans.

Before the largest crowd that ever witnessed a game of any kind in the Floydada ball park, the 1927 line-up of the Fort Worth Panthers ran away with a one-sided baseball game against Harley Sadler's All-star West Texans Wednesday afternoon, to the tune of 21 to 2. The "Cats" found the game an easy one in spite of the fact that Harley Sadler, famous showman and baseball fan, had gathered many of the best players in this section of the Panhandle. Walkup, well known pitcher for the Cats, and Mickey, Lefty Holmes and Mathis, hurlers for Sadler, were on the mound during the nine innings. Gate records show that approximately 1500 persons were in attendance at the Cat-Sadler game.

Regular Panther Nine

The famous Panther nine which demonstrated their skill against the West-erners in the game were the following: Lewis, 3b; Lindimore, 2b; Holland, r. f.; Sweeney, 1b; Smith, c; Bonowitz, c; Kibbie, ss; Sullivan, lf; Walkup, pitcher. Kibbie, a Texas University product, is the only member of the nine who has not been in the regular line-up all the year. He has played a number of games with the Cats this year and has been bought by them for the 1928 season. He made several star plays during the game, and got one home run.

Sadler secured the services of seventeen West Texas stars for the game, and during the nine innings used every player. The starting line-up and that used until the fifth inning was as follows: Clary, ss; Carter, 2b; Mitchell, 1b; Mathis, lf; White, c; Patterson, rf; Hefner, c. f.; Goldforb, 3b; Lefty Holmes, pitcher. In the fifth inning Mickey took the pitcher's box; in the sixth, Ed Holmes went to short stop, and Clary to third; in the seventh, Stover catcher, Thardo, right field and

(Continued on back page)

Plan Community Fair At Campbell Tuesday

With the general idea of perfecting their exhibit at the Floyd County Fair in mind, a general community gathering and get together of the citizens of the Campbell community will be held at the Campbell school house on Tuesday of next week. Elaborate plans are being outlined by the Floyd County Fair committee of this community and by the Ladies Home Demonstration clubs for a complete display of agriculture products and club work.

Products Displayed

Agriculture products displayed at the community exhibit will be judged by the agriculture Vocational teacher of Ralls, it was announced this week by Ed Bishop, Fair Association Secretary. The Home Demonstration work will also be judged by officials, it was stated.

The officials of the exhibit are urging the citizens of this community to co-operate by bringing the best products available. The best products and work shown at the community fair will probably be used in the community exhibit at the county fair, it has been announced.

FLOYDADA MARKET'S FIRST BALE RAISED AT JOEBAILEY

The first bale of the 1927 crop of Floyd County cotton to reach the Floydada market, was raised by W. W. Palmer, prominent Joe Bailey farmer and was brought to Floydada Tuesday morning. It was ginned by the Joe Bailey gin early Tuesday morning.

Star Cash Grocery purchased the cotton at 24 cents per pound, and a premium of \$50 in cash and merchandise among business men here was made up and presented Mr. Palmer through Mr. Nickles, manager of the Joe Bailey Gin Company, who did the ginning free of cost.

Mr. Palmer will be one of the big cotton producers in the county this season. He has excellent crop and is expected to market nearly 100 bales, according to neighbors and friends.

PRAIRIE CHICKEN HUNT

A. N. Bratton, I. C. Surginer, W. C. Grigsby and L. A. Marshall had reasonable good luck on a prairie chicken hunt in Yoakum County last week, bagging enough birds to prove they had been in the prairie chicken country.

Distance to the prairie chicken country has prevented but few of the local hunters getting out after these elusive fowls, since the season opened.

ARWINE HOME; SON IMPROVING

J. A. Arwine reached home Tuesday afternoon from Fort Worth after spending several days there with his little son, Joe Junior. The boy is sufficiently improved that Mrs. Arwine hopes to be able to bring him home in a few days.

On his return to Floydada Mr. Arwine was accompanied by his sister, Miss Mary Lottie, who will attend school at Texas Tech this year, and Pete Thomas.

Floyd Given 5th Exhibit Place At Tri-State Fair

Floyd County's agricultural exhibit at the Amarillo Tri-State Fair this week scored 803 points out of a possible 1000 and was awarded fifth place at the exposition on Tuesday morning. The exhibit, prepared by Ed Bishop, of the Floydada Chamber of Commerce, O. T. Williams, Floydada High School Vocational Agricultural teacher and Fay Guthrie, secretary of the Lockney Chamber of Commerce, was awarded a \$100 prize and drew much favorable comment at the fair. It ranked among the best on attractiveness and completeness, it has been stated.

Deaf Smith County was awarded the blue ribbon on agricultural exhibits scoring 896 points and Garza county second place. Hemphill county scored third place and Hale county a close fourth. All the exhibits scored high, officials stated.

Small grain and grain sorghums featured the exhibit from Floyd County. An idea of the leading crops was given in the background of the exhibit. A large triangle containing the name of the county and smaller triangles at each corner contained smaller crops.

Round Up Old Timers Sept. 20 At Mt. Blanco

Some of the Old Puncters Will Help Cook Set the Sour Dough Night of Nineteenth.

The dedication of the Hank Smith Memorial Park at the old Rock House, formerly Mt. Blanco post office, will be the occasion for a round up of the old timers of Crosby County and West Texas, if the plans of the Crosby County and West Texas Old Settlers' Association are carried out as planned. Invitations to many of the old timers have been sent out with request that the old timers invited also invite any other old timers who may not have received invitations from the association. "We want you to come and to extend a personal invitation to the rest of the old timers who live in your community," the invitation says.

An old-fashioned brush arbor basket dinner, barbecue and trimmings, with speeches, will round out a day long to be remembered, "renewing friendships, talking over hard times and good times of former days."

Although the principal features of the dedication will be held on September 20, together with the formalities of the dedication of the park as a memorial to Uncle and Aunt Hank Smith, a few of the old puncters who can find their rolls, including tarp and saggins, are going to spend the night of the nineteenth at the wagon, which will pitch camp in the afternoon of that day. These old timers plan to help set the "sour dough," taste the "Englishman," carry a little "water and chips."

Whirlwinds-All-Stars Meet In Game Friday

On Friday afternoon of this week, the entire Whirlwind crew will have their first practice game of the season when they meet a group of all-star former Whirlwind players of this city. Selecting the best gridsters that F. H. S. has produced during the past few years, ardent fans have made arrangements for the game Friday. The Whirlwind eleven will meet such battle-scarred gridsters as Bill Colville, LeRoy McDonald, B. Marshall, Roy Swain, Bill Dailey, Hershel Green, Lorrain (Brit) Brittan, Jim Curry, Fay Maxey, Joe Carleton, Henry Bosley and Roy Eubank. Although out of practice, the all-star team plan to give the "lads" a hard game.

Coach Jay plans to use all available material for Friday's game. The probable starting line-up against the all-stars, Jay reports as follows: ends—Jim Carter and Jim Stiles; tackles—J. R. Borum and Winfred Newsome; guards—Wallace Robbins and Orvil Moore; center—John Edwards; quarter back, A. D. White; full back, U. S. Marshall; and halves, Sid Carter and Homer Palmer.

Approximately thirty men have been working out daily in the scrimmage and skull practice, Jay stated. In the all-star game, it is possible that as many as twenty men will be used on the Whirlwind team.

The all-star game has been called for 4 o'clock Friday afternoon at the ball park.

NEW TEACHER ELECTED AT MEETING OF SCHOOL BOARD

At a called meeting of the school board Monday night Miss Lela Swain was elected as teacher of the fourth grade at the East Ward school. Mrs. J. H. Green who has been teacher of a division of the high fifth grade at the East ward school was transferred as were her pupils to the Andrews Ward school. "The purpose of this change," said Supt. W. E. Patty "was in order to combine the class with a small division of the high fifth grade already at the Andrews Ward school to save teacher time."

An appropriation was also made to the library fund of each of the schools.

'EVERYONE INVITED' BOOSTERS GLAD WORD

Fifty Citizens in Caravan Which Visited Rural Com- munities Tuesday.

"Floyd County Fair which will be held at Floydada on Thursday, Friday and Saturday of next week is to be your Fair—not Floydada's—and we are welcoming you and are expecting to see you there"—was the general message broadcasted to thirteen rural schools and communities of this county last Tuesday by a booster caravan of fifty Floydada citizens. Twenty-five members of the Floydada Municipal Band accompanied the boosters on the trip and rendered a few musical numbers at each place stopped. Prof. A. L. Lundgren and his boys were highly complimented at each school.

Scott First Speaker

The caravan, consisting of from twelve to fifteen cars, left the courthouse square in Floydada at 8:15 o'clock driving south-east to Lakeview. A large delegation of citizens of the community received the boosters at 9 o'clock and were addressed by County Superintendent Price Scott.

Spending only a short time in Lakeview, the boosters arrived at 9:45 at Jobailey and the students of this school were addressed by T. S. Stevenson, president of the Floyd County National Bank.

At Pleasant Hill, C. W. Boothe explained the purpose of the trip and extended an invitation to the Fair.

Arriving at Baker at 10:30, the students and patrons were entertained by band music and a welcome extended by G. C. Tubbs. J. G. Wood made the principal address at Campbell, inviting and urging everyone's attendance at the Fair.

Glad Snodgrass drew loud applause after speaking to the patrons and students of the Fairview school. The caravan arrived at this school at 11:15.

Dinner at Sunset

Hot, dusty and tired—the trippers arrived at Sunset at 11:55, the exact schedule time. Following several musical numbers rendered by the band, O. P. Rutledge delivered an address which drew hearty applause from the large crowd of ladies and citizens of the community present. The Home Demonstration Ladies of this community serving a delicious chicken dinner, cafeteria style, which was greatly refreshed the boosters.

Arriving at Roseland at 1:20, the trippers entertained by music and an address by Price Scott. Roy Snodgrass delivered a talk at Prairie Chapel at 2 p. m. and J. C. Gilliam at Aiken at 2:30. A great deal of interest was shown in the caravan at Lockney and the band attracted much favorable attention. A good audience heard Price Scott's address in this city.

Welcome Extended Thoroughly
G. C. Tubbs spoke at Pleasant Valley at 3:30 o'clock. A large attentive audience also heard Ed Bishop at Sand Hill at 4 o'clock. A good representation from this community was present at the school house at the time of the caravan's arrival, although they had been slightly ahead of schedule.

The last stop made by the booster caravan was at the Harmony school house at 4:30. The trippers arrived at this place just before classes were dismissed. Glad Snodgrass explained the mission of the trippers and extended the invitation to the Harmony folks.

After covering over 135 miles on the trip, the boosters arrived in Floydada at 5:10, fifty minutes ahead of scheduled time. The band, under the direction of Prof. A. L. Lundgren, played several musical numbers before the trippers disbanded.

A general opinion expressed by merchants of this city who made the unique trip, was that the journey was well worth the money expended and that the welcoming idea was carried out thoroughly and will result in a much larger attendance at the Fair.

Turn Gas Into Lines Here By September 20

Local Agent H. F. Mays said yesterday that final tests on their gas pipe lines from the north plains gas fields to the city limits of Floydada had been completed and the line shown to be in excellent condition, and the fire test, which is the last before the gas is actually put into the city mains, will be made at an early date.

"We are sure we will have gas in the distribution lines in Floydada not later than Tuesday of next week, September 20," Mr. Mays said. While a number of the residences and business houses in Floydada have been piped for gas, there is still a very large percentage of the homes here that have not been piped, and Mr. Mays is making the suggestion that any who are in doubt as to the proper installation should call on him for any assistance he can give. The company's down-town office is temporarily in the Harmon Furniture store.

LIGHT RAIN HERE

A light rain fell in Floydada Wednesday afternoon and night. The total registered here was two-tenths of an inch.

Showers fell in sections of the county, ranging from a trace to an inch.

All Display Space Taken At Auditorium, Anticipate New Fair Records Next Week

Both Elevens Have Lettermen In Line-up For Fray At Park Here.

Pigskin days are here. The gridiron entertainment program for local fans officially starts with the scheduled game here Friday, September 23, between Floydada and Plainview high schools, as one of the main features for visitors at the Floyd County Fair. Reports from both training camps of the two teams indicate an optimistic outcome of the fray. Dopesters are not making much noise about their selection of possible winner. Win or lose, the occasion will mark the opening of the Fall and Winter's entertainment schedule for lovers of pigskin thrillers.

Whirlwinds Get Ready

With one of the stiffest schedules in several years worked out for the 1927 season, the Floydada High School Whirlwinds are whipping themselves into shape for their opening battle on Friday afternoon of next week when they meet the Plainview Bulldog eleven here during the second day of the Floyd County Fair.

During the past two seasons the Plainview school team has defeated the Floydada team, last year by a score of 14 to 6 and in 1925 by a score of 26 to 6. This year's team of the Bulldogs is a question mark in the backfield, although the team has letter men from tackle to tackle in the line. The ends are new. Norman Magill is the only experienced back. However, the new men are said to be fast and may develop unusual football strength under fire.

Coach Ike Jay, of the Whirlwind team, returned recently from Lubbock where he attended a coaches meet of the South Plains Conference Class B Schools in that city on last Thursday. At the meet, Coach Jay matched the hardest games possible for the season and has made arrangements for five of the

(Continued on back page)

Grand Larceny Charge Against Georgia Man

R. J. Lewis, who has been living in the north part of Floyd County for the past six months, was arrested Monday of this week by Deputies T. B. Hill and Rowe Bryant of Lockney on a bench warrant from Seminole County, Georgia, and is being held for the sheriff from Donalsonville who is expected to arrive today with requisition papers to return Lewis to that state.

Lewis is alleged to have jumped bond on a grand larceny charge and is believed to have been in West Texas most of the time since his departure from Georgia. He was married about seven months ago at Quitaque and moved to the Lone Star community about six months ago. The warrant for his arrest was issued in June of 1925 and a reward of \$100 for his arrest is outstanding.

The accused man will not fight extradition, Sheriff Stegall said yesterday afternoon having signified his willingness to return to that state to stand trial on the charges.

'FLAPPER SHOW' POSTPONED UNTIL FRIDAY, SEPTEMBER 30

"Men Flappers," a womanless Flapper show, sponsored by the Floydada Library Association, has been postponed until Friday evening, September 30, it was announced this week by Mrs. A. P. McKinnon, librarian in charge. Plans were originally made to present the "Flapper Show" on Friday evening of this week, but owing to the fact that many of the characters are working on the fair committees, it will be impossible to present the show until after the fair.

The show will be staged at the high school auditorium, as previously announced. The proceeds will go for the maintenance of the Floydada Public Library.

ALL SCHOOLS IN COUNTY OPENED MONDAY, EXCEPT TWO

With the exception of two, all the schools of Floyd County are in session this week, having opened Monday with generally good prospects for a school year, and better than average opening attendance, according to reports.

At Newland School the term will not be opened for some weeks yet, and at Trick the opening was deferred on account of the illness of the principal R. V. Bond.

Superintendent Price Scott and the teachers of the county spent last week at Canyon attending the consolidated teachers' institute.

BOND ELECTION NOT CALLED BY COMMISSIONERS COURT

In regular session this week no action was taken by the Commissioners' Court on a petition bearing something more than two hundred names asking for a road bond election in the county for \$475,000 to provide funds for hard surfacing Highway No. 28 through the county.

Other routine business of the county was given attention during the session.

It Was No. 13

All that was needed to make it a perfect day for the unlucky was the name "Friday"—for it all took place on Tuesday.

The Floyd County Fair boosters left for the trip on September 13; there were 13 cars and exactly 13 communities were visited.

Officials are jubilant and optimistic over the advance indications of the success of the fair. "Thirteen may be unlucky for some, but we take it as an omen of good," those inclined to be superstitious predict.

Action On Missouri St. Closing Is Deferred

Conference of All Parties at Interest Will Be Held on Matter Some Time Next Week

Action by the City Council on the request of the Santa Fe Railway Company for the closing Missouri Street on the town site of the company's tracks two blocks east of the square, was deferred by the council Monday when the matter was considered by them at an hour's session, at which were present J. C. Barton, division superintendent and Mr. Blair division engineer of the Santa Fe, G. E. Hamilton general attorney for the Quannah, Acme & Pacific, and several local business men.

The railroad representatives were present on invitation of the city council, members of which expressed gratification that the Santa Fe desires an uptown location for its offices and station. Detailed plans for the station and the track arrangements that the change in its location would involve were presented by Messrs. Barton and Blair.

On account of the fact that the proposed station would be on the right-of-way for the exchange track proposed to be constructed by Quannah, Acme & Pacific, Judge Hamilton requested that final action be deferred by the council until such time as the engineers of that company and its officials could present at a conference that would work out a solution that would be mutually agreeable to all parties. This conference may be held some time next week, probably after the twentieth, it was intimated.

That the Santa Fe will be unwilling to permit an exchange track with the Quannah Route to tie in at the point immediately north of Missouri Street indicated on the plats of that latter company, was the expressed belief of Mr. Barton of the Santa Fe. Such an arrangement would injure his railway, he said, and customers they are now serving.

The matter of closing the street was not brought to a vote but is being deferred until all angles of the situation can be studied and weighed more thoroughly.

Early action is asked by the Santa Fe Mr. Barton said, so that he can get the proposed station and the other necessary expenditures on his budget for next year.

JERSEYS OF LOCAL MEN PLACE IN TRI-STATE COMPETITION

Stansell & Sims' two Jersey heifers and cow and J. D. Christian's junior bull placed high in the competition at the Tri-State Exposition Jersey Show at Amarillo this week, placing well up toward the top in spite of keen competition. Besides a large number of panhandle and plains competitors in this division, the Lassater and Taft Ranch Jersey herds were represented at the fair.

Two heifers shown by Stansell & Sims placed second and third and their cow fourth. The Christian bull placed second in his division, according to reports given yesterday morning.

DISTRICT H. D. AGENT TO JUDGE LADIES' DEPARTMENT

Miss Myrtle Murray, District Home Demonstration Agent, has consented to judge the entries of the Home Demonstration Clubs of Floyd County at the Floyd County Fair here on September 22, 23 and 24, Miss Blanche Bass, County Home Demonstration Agent, has been advised.

Miss Murray will arrive in Floydada on the night of September 21 to be in readiness to do the judging and incidentally see the fair in general before she begins her duties.

The general exhibits in the ladies' department at the fair this year will be judged separately from the Home Demonstration exhibits, and the two will not be in competition, it was stated last week by Miss Bass.

MOODY SPEAKS ON FROSH SUBJECT SUNDAY AT LUBBOCK

Lubbock, Texas, September 11.—"If I were a Freshman" will be the subject of Governor Dan Moody's address to the first year students of Texas Technological College Sunday afternoon, September 18, at 3:30. The public generally has been invited to attend and it is expected that the Tech gymnasium which seats 4,000 will be filled to capacity.

Officials Working On Final Details For Exhibit And Entertainment.

Elated over the prospect that every inch of available space will be taken up in the city park tabernacle to be converted into an exhibit hall next week for the Floyd County Fair, Ed Bishop secretary of the fair, is putting forth every effort this week to get as many of the details as possible completed and put everything in readiness for the fair to run along smoothly in every department.

Ten Exhibits Coming

Exhibits now in sight for the fair are sure to fill the hall, Bishop said last night. Ten communities have signed contracts and have reserved spaces. Twelve Home Demonstration Clubs are sure to exhibit and the number may be as high as fourteen. In both instances the number is greater than last year, and rearrangement of the space available in the tabernacle has been effected this week to assure using every inch of space to advantage.

W. M. Gurley, vocational agriculture teacher in the Silvertown Public Schools and M. T. Leaming, county agent of Motley County, will judge the agricultural exhibits. In the ladies' department Miss Myrtle Murray, District Home Demonstration Agent, will do the judging. Demonstration club exhibits will be judged separately from other exhibits entered in this department, it is announced.

In addition to the exhibits of the various communities and clubs, local merchants and dealers will use all available space left for exhibits of their various lines. The amount of space given over to dealers and mercantile establishments will depend upon the space left after accommodating the communities and clubs.

Program Is Complete

The program for the fair this year is well rounded out. In point of entertainment and educational features the fair will be a good one, it now appears.

On the midway, concessions will include the Forsythe Company's ferris wheel, merry go-round and merry mix-

(Continued on back page)

Buy Cotton Goods Early C. R. Houston's Advice

When Present Stocks Are Exhausted Higher Price Levels Sure to Prevail, He Believes.

That people of Floyd County will well to buy their needs, especially staples, in all cotton wearables and materials, is the belief of C. R. Houston, local retailer, who says that regardless of where one makes his purchase he will find lower price levels now than after shipments begin to arrive from the mills that will be priced on a higher basis.

"In many instances, the wholesale price of staple cotton goods is already higher than the present price at which merchants in Floydada are selling at retail," Mr. Houston said, "and with the prospect for good prices of cotton there would seem to be no reason for lower wholesale prices. In fact, the merchant, wherever he may be located, can expect higher wholesale prices as the season advances. The present wholesale listings give all staple cotton goods an advance on the market of twenty-five percent. For instance, boys' overalls that may now be bought from Floydada retailers at \$1 will have to sell around \$1.25 when present stocks are exhausted. Overalls that merchants here are selling at \$1.50 are priced on the wholesale market now to cost the merchant more than that figure."

Mr. Houston continued, "This is not intended as a 'scare' but is given for what it is worth to the forehanded person who would like to take advantage of the situation that exists and is sure to become pronounced at a later date. And whether one plans to buy in Floydada or in any other town or market, he will save money by buying early the things he will need that are made of cotton, especially staples."

Cotton goods and clothing made of staple cotton are cheaper at this time than at any time since the war, and this fact doubles the assurance with which the purchaser of cotton materials may make his expenditures.

TWO FIRMS MOVING THIS WEEK TO MARTIN BUILDING

The Buick agency of Callaway Motor Company and the Smith Battery Station are moving this week to their new location on North Main Street, in the new Martin Building, which was completed and turned over to the owner Saturday last by Canaday & Stark, contractors.

The Buick agency and salesroom will occupy the front of the building and the Smith Battery Station the rear. Service for Buick automobile owners is also being arranged for in the rear part of the building, which gives considerably increased floor space for the large increasing business of the Callaway Motor Company and likewise for the Smith Battery Station.

Removal of both businesses was completed this week and the Callaway Motor Company held its formal opening yesterday evening which was attended by nearly two hundred people.

FEW BRAIN CELLS

There is one popular artist who loves to paint humanity in the act of doing something which evidences that they do not have a brain cell working. It seems that it is quite a simple matter for a fellow to actually demonstrate the exact number of brain cells he really possesses when he gets under the steering wheel of a motor car.

Recently a driver enroute from Floydada resolved that he would pass the car just ahead. He speeded up his motor and attempted to go around the other auto but the width of the road bed would not permit and his car plunged off the embankment.

As if by a miracle that motorist escaped serious and perhaps fatal injury. Remember just this, little suggestion—always sound your horn before you attempt to pass on the road a car that is going in the same direction as your own destination.

FRIENDS THAT ARE

When a fellow needs a friend and that friend is there ready to assist in the difficulty, then it is that a person will realize the value of a common sympathy and understanding.

Often is heard the expression "Oh, I don't owe him anything." It is always wise to remember that somebody he may be just the individual you will need as your friend.

It is not an easy task, sometimes, but it is always best to treat your enemies as though they were your friends.

BOOSTING THE FAIR

Floydada has advertised her fair. She has told the people of the county and of adjoining counties of the annual exhibition here. The time has now arrived to make good those promises. It is your duty as well as the other fellows to make this the banner year of them all.

Do not wait until someone has to come around and ask you to help. See if you can find a place to be of assistance in the general plans.

Hundreds of visitors are coming on September 22, 23 and 24. It will be an opportune time for merchants and citizens to put on the city's "show clothes."

GROWING EACH DAY

Business here is gradually increasing. There are no leaps and bounds to the progressive strides, but substantial growth is very evident.

New homes are started every week; new enterprises open and the other firms broaden their service facilities.

This week Wester's Quality Bakery formally announce the opening of their new plant. It is a move indicative of growing little city.

The bakery plant assumes a place among the leaders of this territory and represents another forward move in progress in Floydada.

SANITARY CONVENIENCES

Public conveniences are very often established and evidently forgotten. Care exercised in keeping everything clean and sanitary will not be effort wasted, but the appearance of some public places very significantly indicate that "effort" is a term unknown.

Keep everything clean—it means more to everyone.

Ain't it funny—a soda clerk is asked by a young woman to name over his list of ice cream flavors.

He says—"Strawberry, Blueberry, Grape, Orange, Banana Nut, Peach, Chocolate, Pineapple, Fudge, Lemon and Vanilla."

And she says—"Well, I'll take a dish of vanilla, please."

Some women seem to think it rather "smart" to boss their husbands. Other women think it rather a necessity.

Our New Location

—IS IN—

THE NEW MARTIN BUILDING

WITH THE CALLAWAY MOTOR COMPANY

Our Battery Station is being moved this week to this new location and will be equipped to serve you better than ever. Bring your battery troubles to us. Look for the sign of the elephant on your battery. It is a signal of sturdy service and long life.

Smith Battery Station

F. A. SMITH, Prop.

Attend the Floyd County Fair, September 22, 23 and 24

'Round The Square

It won't be long now—until everything 'Round the square will be humming with another Floyd County Fair in full swing. Three days of the fair beginning next Thursday and every day promises to be interesting and educational to everyone. Thursday, Friday and Saturday of next week!

A wrecked flivver between Floydada and Lockney recently bore the sign "I do not choose to run in 1928."

Someone 'Round the square has asked the cause of race riots. In a way, these riots are just outbreaks of the old South that will never give up. Aristocratic negroes are the cause of more trouble in the South and Southwest than any other group. In an indirect way the white folks are the cause of lots of this trouble. A negro who is petted and led to believe that he is smart and just as good as the whites, are the actual causes. Floydada is petting her negroes too much and if we continue to allow aristocracy among them we, too, may have a race riot someday just like Childress.

Our sport writer says that Jack Dempsey is going to get kayoed in the big fight next Thursday, but you must remember that he is one person that gets paid for guessing wrong.

A special section of the Hesperian is devoted this week to the new Wester Bakery and E. E. Boothe building on West California Street. Be sure to read this section closely for the new building is truly a credit 'Round the Square and should be visited by every interested citizen.

'Round the square is going to be pretty dull for the "younger generation" now that so many of them are leaving for various colleges.

News was received here this week that the Snyder Polo Club is going to bring a group of rosters with them to "spare it on" the Wichita Falls team. Indications are that the three games played here during the Fair will be fast and furious. Wonder who will win?

"Floydada Day"—tomorrow at the Tri-State Fair. Are you going?

14 YEARS AGO IN FLOYD COUNTY

News items taken from the Floyd County Hesperian files published in Floydada fourteen years ago.

ISSUE OF SEPT. 18, 1913.

During the spring term at West Texas State Normal at Canyon, students from Floyd County were more in evidence than students from any other county in the state. The membership was as follows: D. M. Hopper, Miss Ruby Britton, Mary Applewhite, Ben Baird, Jake Burkett, Evelyn Claitor, Flossie Cone, J. T. Gorder, Maude Dean, Anise Duck, Joe Green, Jessie Green, Cora Hamilton, Luther Ham, P. M. Huddleston, Ohmer Kirk, Mattie Mathews, Nannie Matthews, Ruby Maxey, Lucy McGehee, Ora Moore, Olin S. Miller, Harding Nall, Myrtle Nix, Write Pace, Fletcher Patten, Ruth Pitts, Charlie Rose, Price Scott, Charlie Smith, Emanuel Smith, Wm. Smith, Francis Smith, Edgar Seal, Burton Thornton, Ethel Trowbridge, Irene Trowbridge, Ethel Tubbs, Amy Vandergraff and W. G. Griffin.

Sam Goslee left Friday for Raton, N. M., where he joined the Al G. Barnes' Circus Band and will play in this band for the rest of the season.

W. F. Gregory, of Quanah, purchased the S. L. Rushing 80-acre track two miles of town this week for a consideration of \$31 per acre.

Miss Nina Mae Haynes, of Ft. Worth, left Sunday after a visit with Mrs. E. B. Massie, a girlhood friend.

IF DRIVES OUT WORMS

The surest sign of worms in children is paleness, lack of interest in play, fretfulness, variable appetite, picking at the nose and sudden starting in sleep. When these symptoms appear it is time to give White's Cream Vermifuge. A few doses drives out the worms and puts the little one on the road to health again. White's Cream Vermifuge has a record of fifty years of successful use. Price 35c. Sold by

Arwine Drug Company

THREE YEAR OLD DAUGHTER OF T. L. KING DIED NEAR CENTER

Little Meryl King, three year old daughter of Mr. and Mrs. T. L. King, died last Saturday morning at the King home in the Center community. The child had been ill for little over a week and doctors were at a loss as to the cause of her illness and death. She died at an early hour Saturday morning.

Funeral services were held at the Floydada Centery chapel Saturday afternoon at 3:30 o'clock. Rev. Bost, pastor of the Center church, and Rev. A. D. Moore conducted the funeral services. Interment was made in the Floydada cemetery following the services.

Both parents of the deceased child and the entire family were at the bedside at the time of her death. Mrs. King's parents, Mr. and Mrs. J. P. Breedlove, of Lubbock, were also present.

The funeral arrangements were in charge of the F. C. Harmon Undertaking establishment of this city.

FIRST STORE OPENED AT SOUTH PLAINS SATURDAY

South Plains' first mercantile establishment to begin business was the Burns Grocery, which opened for business Saturday of last week.

The establishment occupies the first brick built at South Plains and the stock is being increased to the proportions of a general mercantile business. Burns Mercantile Company, the owners of the business, are from Gasoline.

A garage fifty by one hundred feet in size will also be put up by this concern at an early date. It will occupy Lot 7 in Block 27, A. B. Brown, one of the developers of the townsite said.

CARD OF THANKS

To our many friends and neighbors who were so kind and thoughtful to us during the recent illness and death of our little daughter and granddaughter, Meryl King, we wish to take this means of expressing our most heartfelt gratitude. Words can not express our thanks for your kindness, during our bereavement.

Mr. and Mrs. T. L. King and children Mr. and Mrs. J. P. Breedlove.

Locals and Personals

A. S. Keel and family of Amarillo, were here Sunday and Monday of last week visiting the W. C. Grigsby family. Mr. Keel is a cousin of Mr. Grigsby.

Mrs. M. E. Williams, of Lampasas, is here on a visit with her daughter, Mrs. J. E. Houston.

Mr. and Mrs. C. M. Wilson spent the first of the week in Amarillo where they attended the Tri-State Exposition, returning home Tuesday.

Casey Pippins, of Post, was a business visitor in Floydada Saturday. Roy F. Brogan with the Dunlop Tire Company with headquarters at Lubbock spent Tuesday here on business.

Mr. and Mrs. Wilson Kimble and children, Mary Ann, and John, visited friends in Plainview Sunday.

Rev. and Mrs. A. D. Moore and son, Sam, visited Mrs. Moore's parents, Mr. and Mrs. J. N. Arnold, of Turkey and Mr. Moore's brother, T. M. Moore, and other relatives and friends at Turkey last week. While there Rev. Moore filled an appointment to preach during a protracted meeting.

Why torture your motor ?

WHY subject your engine to all the abuse which results from knocking? Why shorten its life and run up for yourself unnecessary repair bills?

You can eliminate knocks and insure longer life for your motor by the simple process of filling the tank with Conoco Ethyl Gasoline.

Automotive science worked for seven years to produce Conoco Ethyl. It's the greatest contribution to complete motoring satisfaction since the self-starter.

And it costs just 3c more per gallon than regular Conoco Gasoline. Ask for it at the Conoco sign.

OAKLAND

Announces the Appointment of

SCOGGIN & DICKEY
of Floydada, Texas

As Associate Dealer of

BLACKMAN MOTOR CO., Plainview, Texas

WE announce with pleasure the appointment of a new local dealer who has been selected because we believe his organization will reflect the high standards Oakland has set for selling and servicing its motor cars.

Call on this new dealer. Ask him to show you the Oakland All-American Six, the new car that has won the admiration of all America.

See also the Pontiac Six, selling at surprisingly reduced prices, which is now surpassing the world's record sales made during its first year in production.

And remember that this new dealer is authorized to sell Good Will Used Cars, available only through Oakland-Pontiac dealers and offering thoroughly dependable transportation at remarkably low prices.

Whether or not you are planning to buy, the Oakland-Pontiac dealer will welcome your visit to his salesroom at any time. Stop in and see him.

Community News

Starkey News

Starkey, Sept. 12.—School started this morning with quite a large enrollment. We are planning on our school being a great success this term.

Mr. and Mrs. W. R. Barham and family are visiting with relatives and friends at Fort Worth.

Miss Katie Belle Clay spent Saturday with Miss Edna Marrs.

Miss Fay and Lydia Carter are visiting friends in Bell County. They will return home in three weeks.

J. W. Dalton and family spent Sunday with his brother-in-law, George Sparks of the Lakeview community.

Miss Wanda Howard and Miss Opal McFarland spent Saturday night and Sunday with Miss Opal Carter.

Miss Mary Lott of Cone spent Wednesday with Miss Wanda Howard.

Mr. and Mrs. C. W. Williamson spent Sunday with Mr. and Mrs. A. C. Collins.

Chas. Finley and Miss Collins were united in marriage Sunday afternoon at 4 o'clock. They will make their home at Muleshoe.

Mr. and Mrs. Oscar Sullivan spent Sunday with his mother, Mrs. Mattie Finley.

Miss Clara Tubbs returned home Friday from Canyon, where she has been attending Teachers' institute. Miss Tubbs will teach at the Cedar school this year!

TO HOLDERS OF SECOND LIBERTY LOAN 4 1/2 PER CENT BONDS

EXCHANGE OFFERING OF NEW TREASURY NOTES

Second Liberty Loan bonds have been called for payment on November 15th next, and no interest will be paid after that date.

Notice is given of a new offering of United States Treasury notes, in exchange for Second Liberty Loan Converted 4 1/2 per cent bonds. The new notes will be dated September 15, 1927, and will bear interest from that date at the rate of 3 1/2 per cent. The notes will mature in five years but may be called for redemption after three years.

Interest on Second Liberty Loan Converted 4 1/2 per cent bonds surrendered and accepted in exchange will be paid to November 15, 1927. The price of the new issue of notes, is 100 1/2. Holders surrendering Second Liberty Loan Converted 4 1/2 per cent bonds in exchange will receive, at the time of delivery of the new notes, interest on such Second Liberty Loan Converted 4 1/2 per cent bonds from May 15, 1927, to November 15, 1927, less the premium on the new notes issued.

Holder of Second Liberty Loan Converted 4 1/2 per cent bonds who desire to take advantage of this opportunity to obtain Treasury notes of the new issue, should arrange with their bank for such exchange at the earliest possible date, as this offer will remain open only for a limited period after September 15th.

Further information may be obtained from banks or trust companies, or from any Federal Reserve Bank.

A. W. MELLON, Secretary of the Treasury. Washington, D. C., September 6, 1927.

BLANCO NEWS

Blanco Sept. 14.—School at this place began Monday with the largest enrollment we have ever had. With Mr. Toon as our principal and Miss Floy Alexander as primary teachers.

Mrs. Ham Smith and children spent the week end visiting relatives in Lorenzo. Mr. Smith and Bob Smith went down Sunday and Mrs. Smith returned with them.

Jewell Tinnin and family returned home last week from a two weeks visit in South Texas.

Mrs. J. M. Gamblin and children visited in Electra and Wichita Falls the latter part of last week. While in Wichita Falls they visited Mr. Gamblin's mother who is very ill in a hospital at that place.

Mr. and Mrs. Cloe Cates had as their guests Sunday, Mr. and Mrs. Geo. Smith and children, Mr. and Mrs. Jewell Tinnin and children.

Mr. and Mrs. J. C. Fuller of Plainview spent Thursday with Mr. and Mrs. Ham Smith. Several from this community attended the Sells-Floto circus in Plainview last week.

Campbell News

Campbell, Sept. 12.—Robert Wilson left for Oklahoma Wednesday morning. Dorothy Burgett and Lucille Roberts spent Saturday night with Bernice Murray.

Bryan Hinkle left for Benjamin, Texas Saturday morning.

Mrs. Daisy Hart returned to her home at Friona, Texas and was accompanied home by her mother Mrs. W. A. Amburn and also Mrs. Foster Amburn. The Mrs. Amburns returned home Sunday.

C. M. Lyles and family went to a singing at Halake in Brisco County Sunday afternoon.

Mr. Roberts and family of Sand Hill and Mr. Murray and family and Mr. Haney and family spent Sunday with Grover Billings and family.

Mrs. Verna-Lee Cardinal spent the night with her parents Mr. and Mrs. Haney Saturday night.

Mrs. Chestnut has been sick for several days but is improved some.

Mr. Orvel Easley of Fairview spent Sunday evening with W. F. Hinkle.

Campbell school opened with most all students starting Monday morning.

Mrs. Glover has her mother visiting her now.

There will be singing at Campbell Sunday evening every one is invited to come.

Mrs. Maud Merrick and her son, Harold, and Mrs. W. R. Ivey and son, DenyC left Saturday for San Antonio, where Harold and DenyC will enter Peacock Military Academy. Mrs. Merrick and Mrs. Ivey are expected to return home today.

Floyd County Clubs

THE CAMPBELL CLUB

The Campbell Home Demonstration Club met in regular order Tuesday afternoon, September 6, in the home of Mrs. R. H. Ashton. There were 14 members and 2 visitors present. In the absence of the president, the vice-president presided. After the usual business meeting and roll call, we entered into the discussion of our regular lesson, "Ways of Cooking Meats." Discussions were given by the following Mrs. W. H. Nelson, "The Place of Meat in the Diet," "Danger of Using too much Meat," Mrs. W. A. Amburn; Mrs. M. Jarboe, and others.

As Miss Bass could not be with us we did not have a demonstration on our lesson.

Our next meeting will be with Mrs. M. Jarboe Friday afternoon, September 16, instead of Tuesday as heretofore. We will have our garden show, at this meeting and urge every member to come and bring one of every kind of vegetable you have. Miss Bass will be with us in this meeting. Remember, this will be our last meeting before the fair.

PLEASANT VALLEY H. D. CLUB

The Pleasant Valley Demonstration Club met with Mrs. Watson, Friday afternoon, September 9. Mrs. Shurbet called the house to order and we had an open discussion of "Meat Cooking." After which, the meeting was turned over to Miss Bass, who gave us a talk on the Floyd County Fair Work. Our articles for the fair were judged on September 21.

Our next meeting will be a called meeting at the home of Mrs. Payne. Everyone is requested to bring their articles ready packed to be carried to the fair.

Further notice will be given of our next program.

Locals and Personals

Mrs. H. L. Guynes left Thursday for San Diego, Calif., where she will join her husband, who is in the Naval Service, and will be stationed at that place for several months.

Mrs. E. C. Henry, Mrs. Geo. Smith, Misses Eddy Walker and Avis Austin made a shopping trip to Plainview, Saturday afternoon. While there they visited Mrs. Henry's sister, Mrs. B. F. Jarvis.

H. L. Haynes and J. Barnes were Plainview visitors Tuesday.

C. V. Duncan of Canyon spent the past week-end with relatives here.

Mr. and Mrs. Aubrey Bishop and Jack Henry made a trip to Plainview Tuesday morning.

Mrs. W. P. Splawn and son, Carlton, of Slaton, returned home Friday, after a visit with Mrs. Chas. Williams, and John Splawn, her husband's sister and brother. They also visited a number of friends and old neighbors. Mr. and Mrs. Splawn formerly lived in Floydada and moved to Slaton about five years ago.

Mr. and Mrs. W. P. Fullingem, of Lorenzo, visited with her mother, Mrs. W. A. Shipley, last week.

Mr. and Mrs. T. M. Jones, of Abilene who have been visiting with Mrs. Jones' parents, Mr. and Mrs. S. L. Rushing and family returned home Monday, accompanied by Miss Tommy Lee Rushing. Miss Tommie Lee will attend McMurray College this year.

DEVOURING THE DAMAGE

"How was your peach crop this season?"

"Why a heavy storm blew down 50 per cent of it. And we'd hardly gathered that when another wind came along and took down the remaining 50 per cent."

"Hard luck! Could you do anything with them?"

"Oh, my wife ate one and I ate the other."—American Boy.

Of 573 ex-service men given rehabilitation training at Kansas State Teachers College, Pittsburg, Kans., 40 received the bachelor's degree, 6 took teachers' life certificates, 44 diplomas in practical engineering 7 subcollegiate diplomas, and 13 high-school diplomas. The last of the "vocates" will be graduated this summer.

In a Bad Fix from INDIGESTION

"I had suffered with indigestion for 6 years," says Mr. H. C. Dove, R. F. D. 4, Chester, S. C. "I had gotten to the place where I could hardly eat a thing—everything hurt me. I had smothering spells and fell off 20 pounds. I was in a bad fix."

"I read of Black-Draught and decided to try it. I do not believe that I would have been living today had it not been for Black-Draught. I had gotten to where I only ate milk and crackers, but after taking Black-Draught I began to eat and gradually got my appetite back. I gained in weight and felt better. I have not had a bad spell of indigestion in ten months."

Thedford's Black-Draught is prepared in a powder from medicinal roots and herbs. In use over 85 years.

Sold everywhere. 25 cents.

HIS ALIBI

"Why do you go on the balcony when I sing? Don't you like to hear me sing?"

"It isn't that. I want the neighbors to see that I am not beating you."—Pilot Magazine.

REAL DANGER

"I received a letter from a chap who said he'd shoot me if I didn't keep away from his wife, and I'm scared to death."

"Then why don't you keep away from his wife?"

"The fellow didn't sign his name?"

DOMESTIC ATMOSPHERE

Sergeant (angrily)—Button up that! Married Recruit (absent-mindedly)—Yes, my dear.—Answers.

HOW DO YOU APPEAR

The Napoleon of business should realize that his prospects, his customers and the rest of the world judge him and his firm by appearances as well as by Dun's.—Personalized Publicity.

Beethoven's famous 'Ninth Symphony,' dedicated to King Frederick William III of Prussia, brought the composer a letter of praise and a diamond ring as evidence of the king's pleasure. Later, on the point of starvation, Beethoven was forced to offer his cherished ring for sale. He was stunned to learn that it contained only glass stones.

A stick of long-leaved pine, 10x10, which formed a part of the old roof of the White House, was found to be as sound as the day it was put in, 127 years ago.

QUALITY AT LOW COST

With The Churches

AT THE CHURCH OF CHRIST

After spending the summer in some very successful meetings, I am now back in my work with the City Park Church. Two nice audiences greeted us last Lord's day, and all seemed to enjoy the services. Our hearts were made to rejoice by having four additions to the congregation, two at the morning hour and two more at the night service.

There will be preaching again next Lord's day at 11 o'clock a. m. and 7:45 o'clock p. m.

A special invitation is extended to all to come and be with us. Prayer meeting each Wednesday at 8 p. m.

Ira L. Sanders, Minister.

FLOYDADA CIRCUIT EAST

A. D. Moore, P. C.

The Laymen's program that was to have been given last fourth, Sunday will be given this next third Sunday at Fairview. Mr. Swepston, our Conference Lay Leader, will have charge of the program. The speakers are the best in the conference and will bring us messages that will make us better Christians and workers in his vineyard. The speakers in the program are J. E. Swepston, of Tulsa; Judge Gaunt, of Hale Center; Mr. Griffith, of Lockney; Lee Rushing, of Floydada; and W. A. Robbins, of Floydada.

Every member will be given a chance to speak in the round table discussions. Every member is urged to come, bring your lunch and spread it with us and enjoy the program.

The program will be interesting with special music, both vocal and instrumental. The program starts at 10 o'clock and closes at 4 o'clock. We want to see every Methodist on the East Circuit there and any others who wish to come; you are welcome.

LADIES BIBLE STUDY

The ladies of the City Park Church of Christ met for Bible study with Mrs. A. L. Scoggin last Monday. There was a nice class present. During the afternoon the class quilted a quilt.

The next meeting will be held Monday afternoon, September 19, with Mrs. S. M. Rawdon, just south of town. Another quilt will be quilted and the Bible study will be had at 4 o'clock p. m. All ladies are invited.

BAPTIST CHURCH

W. R. Hill, Th. M., Pastor. Sunday School meets for Bible study at 10 o'clock. Every teacher was present last Sunday. The principles of Christianity must be lived by the people if our great country is to live and bless the world. Will you help or hinder? There is no neutrality here.

Morning preaching service at 11 o'clock. The sermon subject will be "Why Baptists do not Practice Open Com-

munion." This will be a cordial and brotherly consideration for the new members of our church. All are cordially invited.

The B. Y. P. U. Meetings are at 7 o'clock.

Evening Preaching service at 8 o'clock.

The sermon subject will be "Christ Our God." This will deal with the Bible's most wonderful type of redemption.

Visitors cordially invited to all services. Come and welcome!

INTERMEDIATE B. Y. P. U.

The Intermediate B. Y. P. U. will meet September 18, and render the following program:

Subject—"Baptist at Work in the Sunrise Kingdom."

Prayer for the Japanese children—by the president.

Memory verse—Faye Newell. Leared—Mildred Strickland. "The Wall Around Japan"—Mildred Strickland.

"Baptist Begin Work in Japan"—Vera Swinson.

"Persecution of Christians"—Robbie Archer.

"Progress in Japan"—Preston Bullard.

"Present Baptist Work in Japan"—Truett Boothe.

"General Discussion of Lesson"—Virgil Crawford.

METHODIST CHURCH

Ben Hardy, Pastor. We had 275 in Sunday School last Sunday. Let's make it 300 next Sunday, we can if we will.

The Conference year is rapidly coming to an end. We want to make a good report. Let every one do his or her best and we will make a report in keeping with our past record of everything in full, with a good number added to the church.

Be on time for Sunday School 9:45 next Sunday and then stay for church and come back at 7:45 o'clock for the evening worship.

CHURCH OF CHRIST SOUTH WALL STREET

Elder E. B. Mullins will preach Sunday morning at 11 o'clock at the Church of Christ on South Wall Street. The public is cordially invited to attend all services.

JUNIOR CHRISTIAN ENDEAVOR

The Junior Christian Endeavor of the Presbyterian Church will meet Sunday evening at 7 o'clock and render the following program, with Minnie Anon Stanley as leader:

Topic—Zacchaeus, a public officer who entertained Jesus.

Scripture—Luke 19:1-10 read by leader.

Prayer. Who was the Largest Man Mentioned in the Bible?—Robert Daniels.

"What Happened to Him?"—Vivalois Stanley.

"What Are the Things God Cares More about than Size?"—Edell King.

"What Do You Think Attracted Jesus to Zacchaeus?"—Samuel Rutledge.

Song—To be selected.

"How Can we show Jesus that we are sorry for our Sins?"—Margaret Anderson.

Scripture—Rom. 8:10—Junior Rutledge.

Song. Benediction.

FIRST CHRISTIAN CHURCH

F. L. Davis, Minister. The pastor and wife will be back for the services next Lord's day, the Lord wills, and will preach both morning and night; also fill an appointment at Newland in the afternoon. Don't forget the Sunday School at 10 o'clock, with Superintendent Lon M. Davis in charge.

Don't forget the annual Rally Day and Promotion Day the last Sunday in this month. Then the annual church day will be the first Sunday in October. Don't forget these two items. Further announcements will be made later.

'It's Your Fair, Too' Say Lubbock Boosters

"It's going to be yours too," said W. C. Rylander here Tuesday extending with other Lubbock boosters invitations to Floyd County people to attend the annual Panhandle South Plains Fair September 26 to October 1, inclusive. The trippers, some 30 cars of them, took lunch in Floydada and at 1:15 gave a short program down town.

Several selections were rendered by the Lubbock band, and Alfred Galloway and Bob Ellison furnished comedy stunts for the local citizens who greeted the boosters. Souvenirs were distributed and literature announcing the coming events given out.

H. H. Griffith was leader and director of the auto caravan, which left shortly after their program here for Crosbyton and Ralls. They came here from Lockney and were making the first of three trips to advertise the fair at Lubbock.

COLLINS-FINLEY

Miss Etta Collins, daughter of A. C. Collins of McCoy, and Mr. Charles Finley of Muleshoe, son of A. F. Finley of Starkey were united in marriage Sunday afternoon at 3 o'clock at the home of Walter Musgraves, of Sand Hill. Elder E. B. Mullins officiated at the ceremony.

Mr. Finley was reared in this county and the bride has been a resident of the county for some two years. The young couple will make their home at Muleshoe, leaving this med-week for that place.

American Telephone & Telegraph Co. Bell System 152nd Dividend

The regular quarterly dividend of Two Dollars and Twenty-Five Cents (\$2.25) per share will be paid on Saturday, October 15, 1927, to stockholders of record at the close of business on Tuesday, September 20, 1927.

H. BLAIR-SMITH, Treasurer.

Railways And People Have Much In Common

J. C. Barton, Santa Fe Division Supt., Says Glowing Future in Store For This Section.

"This section of the country is growing by leaps and bounds, with opportunities and certain development before it, which can hardly be visualized by any of us," J. C. Barton, Division Superintendent of the Santa Fe, of Slaton, told members and guests of Floydada Lunch-Club at their bi-weekly gathering Monday at the Commercial Hotel dining room. "The railway company and the people whom it serves have much in common. We are here to serve you and help in the development of this great section of country," he said.

Mr. Barton was one of five visitors present at the club meeting. He painted a rosy future for all of the south plains and panhandle area, declaring that the development now is so great and so well under headway that no man can visualize the future only ten years hence. Other visitors who responded briefly were Mayor W. D. Smith, Mr. Blair, division engineer of the Santa Fe of Slaton, Aubrey Bishop, and Judge G. E. Hamilton of Matador.

The last-named was warm in his praise of Floyd County as a wheat and poultry raising territory, and latterly, he declared, has become also a real cotton producing county. "The present outlook for the cotton industry leads to the conclusion that there is immediately in prospect for Floydada and Floyd County a splendid future."

Aubrey Bishop, recently returned to Floydada to make his home, was elected a member of the club unanimously. He told his fellow townsmen in a brief talk of his pleasure at being at home permanently once more after five years. Others who made brief talks were A. J. Folley, W. R. Dooley, J. E. Dickey.

Geo. A. Linder, assistant toastmaster presided in the absence of F. L. Davis, and was credited with making a good job of it.

SANDERS' HOME AFTER ABSENCE OF TWO MONTHS IN MEETINGS

Minister Ira L. Sanders and wife reached home the latter part of last week after an absence since the latter part of June, and Bro. Sanders preached Sunday for the congregation at the City Park Church of Christ.

Leaving here on June 27 Mr. and Mrs. Sanders went to Corinth, Miss., for a visit of a week with his sister, and thence to his boyhood home at Beardstown, Tenn., to visit with an uncle and cousins for a week. Returning to the Southwest he preached in a meeting two weeks at Vinson, Okla., two weeks at Bovina, three weeks at Lake Creek, Okla., and Wednesday of last week finished a meeting at Independence, Okla., missing only one night of preaching during the time he was in the meetings. Attendance, interest and results at every meeting was quite gratifying, Mr. Sanders said.

Floyd County Baptists Hold 1928 Session Here

R. E. L. Muncy Named Moderator Again At Matador Meeting of Association Thursday.

Rev. R. E. L. Muncy was again named Moderator for the coming year of the Floyd County Baptist Association in session last mid-week at Matador. Rev. C. J. McCarty of Lockney is treasurer for the organization during the coming year and Mrs. W. B. Jordan of Center church is treasurer. The next meeting will be held in Floydada in 1928.

The association is composed of most of the Baptist churches in Floyd, Crosby and Briscoe counties, totalling 28 churches. Delegates were in attendance from the local church during the sessions. Over 100 messengers and visitors were present.

The annual sermon was preached by Rev. McCarty who directed his remarks to "Evangelization." The Buckner Orphanage was represented by Dr. Pender of Abilene. A free will offering of \$100 was given.

Reports were considered on state,

home and foreign missions, associational missions, Christian education, orphanage, hospitals and law enforcement. Dr. McDonald of Plainview was also present as an out-of-territory denominational representative.

The Young people's program on Wednesday night was reported as a real success. It was under the direction of Miss Amy Glenn of Matador.

The women held their annual auxiliary meeting Wednesday afternoon. Mrs. Hamilton of Lockney was elected president of the Associational W. M. U. succeeding Mrs. Cap Ellison, who had served several years.

Rev. R. D. Evans was re-elected associational missionary and will continue to make his home in Floydada, as he has done of the past few months. A committee was appointed to submit plans for the parsonage in Floydada to be occupied by the missionary.

Among those attending from Floydada were: Messdames L. V. Smith, E. Ray Smith, G. A. Linder, W. R. Hill, G. M. Bullard and Clarence Foster; Messrs. C. W. Bullard, Rev. W. R. Hill, Rev. R. D. Evans and C. W. Boothe.

Send your weekly message through The Floyd Hesperian.

ANNOUNCEMENT

Aubrey A. (Griggs) Bishop who has for the past two years been connected with one of the largest Insurance Agencies in Amarillo, has moved to Floydada and has entered the R. E. Fry Insurance Agency as a partner, and this Agency will hereafter be known as the FRY-BISHOP INSURANCE AGENCY, and will handle all lines of insurance and Loans.

Mr. Bishop has made a Special Study of Fire, Automobile and Casualty Insurance and will have charge of that department of the Agency, and R. E. Fry who has been specializing in Southwestern Life Insurance and Farm Loans will continue in that line of work.

Our office, which is located over the First National Bank is the same location that Mr. Fry has occupied for the past several years, has been remodeled and we are now in position to render a service to the insuring public second to none. We represent none but the Strongest Old Line Stock Companies, and will appreciate a share of your business.

FRY-BISHOP INSURANCE AGENCY

Floydada, Texas

R. E. Fry

Aubrey A. (Griggs) Bishop

Only a Few More Days Now

Until natural gas will be turned into the mains for use

We believe it would be a wise idea to make your selection of one of our QUICK MEAL Ranges so that you will be sure to get what you want.

Although the Quick Meal Range is the most favorably known line of stoves, we have told you in other issues of this paper about the many conveniences and guaranteed porcelain lined ovens. There is no other oven so easily cleaned nor with any more guarantee.

We have another line of stoves without porcelain lining, some copper.

We will have a display of these stoves on the Fair Ground and a man to show you. Also a display of Phonographs and records.

Dale B. Rogers Given Party on Birthday.

Dale B. Rogers, little daughter of Mr. and Mrs. V. B. Rogers, was hostess to a number of little friends Wednesday evening September 7, from 6 until 8 o'clock, celebrating her fourth birthday. Entertained by Irene Kreis and Genell Stovall, the children played various games on the lawn. After the games all gathered around the dining table to make many wishes for the little honoree. In the center of the table was a large birthday cake lighted with four pink candles.

Dixie cup ice cream and angel food cake was served. Midget French harps were given to the girls, as favors and knives and agates to the boys. Dale received many beautiful little gifts as remembrances from her guests.

Those present were: Myra Lynn Loyd, of Ontario, California; Jessie Belle Massie, Dorothy Louise Allen, Vera Nell Marshall, Gloria Hammond, Marilyn Cole, Mary Looper, Dorothy Dale and Virginia Stovall, Virginia Bell Gamble, Worth Gwendolyn Shipley, Mignon and Mary Beth Lawlis, Dorothy Montague Anna Joe Andrews, Merle Fagan, La Nell Harmon, Ruth Roddam, Doris Allene Banker, Dale and Bettie Jane Rogers, Irene Kreis, Genell Stovall, Mary Ward, Mabel Pawver, Irvin Allen, Jack Jack Powers, Jack and Tommy McIntosh De Alton Umberson, George Quirk, Kenneth Fagan, Leeman Norman, Paul and Harper Scoggins.

Martin Brown Given Surprise Birthday Dinner.

Mrs. Martin Brown assisted by her mother, Mrs. C. P. Looper entertained with dinner Sunday at the home of the latter, honoring Mr. Brown's birthday. The table was arranged appropriately for the occasion with a large cake for the centerpiece.

Covers were laid for the immediate family and several invited guests.

Each of the relatives remembered Mr. Brown with a gift.

Fry Children Have Reunion At Country Club.

Of the ten Fry children all were together with the exception of three, Sunday at an all day meeting and reunion at the Floydada Country Club. Several relations not members of the immediate family twenty-eight in all, were present. Two of the children had just returned from Los Angeles, California, Tate Fry and Miss Vera Fry. Tate has been there during the past year studying piano and Miss Vera had been visiting him for a short while. Mrs. Dora Crain, of Amarillo, Mrs. W. K. Hale, of Fairfax, Oklahoma and Olin Fry of near Lockney were the children who were unable to attend the reunion.

The outdoor sports afforded by the Country Club were enjoyed by the party during the day. At noon a most appetizing luncheon was spread in the club house.

The children present were: Mr. and Mrs. John Fry and daughter, Dalma of Canyon, Mr. and Mrs. Sam Henry and son, Sam Allen and daughter, Elaine, of Lubbock; Mr. and Mrs. Geo. A. Lidier and daughter, Selma Louise and sons, Malcom, and George Fry, of Floydada; Mr. and Mrs. R. E. Fry and daughter, Maxine and Marilyn; Miss Vera Fry, Floydada; and Tate Fry, of Canyon.

Others present were: Mr. and Mrs. Fred Jones, Mr. and Mrs. Jack Henry, Forrest and Fern Charlotte Fry, Mrs. F. P. Henry and Miss Avis Austin, of Childress.

Plans For Increasing Library Theme of Meeting.

A great deal of enthusiasm and interest was manifested at the meeting of the High School P. T. A., which was held Thursday afternoon, September 8, at the High School building. Various plans and methods for accomplishing definite work in the ensuing year were freely commented upon by the members.

Mrs. J. B. Jenkins, the president, suggested possible forms of activities for the consideration of the P. T. A. Mrs. Glad Snodgrass and Mrs. J. G. Wood were appointed as a committee to investigate

the possibility of the Parent-Teacher's Association supporting a High School Cafeteria. Supt. Pattey emphasized the unlimited opportunities which are open to a High School P. T. A. Other very splendid talks were made by Mr. Cummings and Miss Collins.

The feasibility of creating a local interest in the High School Library by soliciting aid from the parents and pupils caused an animated discussion.

Two plans submitted for securing books were:

1. That an honor roll be introduced which will require each person to pay a fee who wishes to be on the library honor roll.

2. That every parent or pupil donate at least one book to the library.

One of the outstanding aims of the High School P. T. A. is to secure the assistance of every parent in making our reading lists in High School contain more interesting and desirable literature.

Reporter.

T. E. L. Class Party Tuesday Night.

Mrs. J. G. Martin and J. V. Daniel will be hostesses to the members of the T. E. L. Sunday School class of the Baptist Church at a business and social meeting at the home of Mrs. Martin, Tuesday night, September 26.

All of the members are requested to be present as there will be an election of class officers.

Willie B. May Honoree At Farewell Supper.

Willie B. May was the honoree at a farewell supper given by his father, G. R. May and wife Friday evening of last week at 8 o'clock. The affair was given upon the occasion of his leaving for college. A three-course supper was served the following: Elmer Caruthers, Jim Carter, Heron Wright, Harold Porterfield, Jno. H. Edwards, Jno. Edward Smith and the honoree.

After the delightful meal, the boys attended a party given at the home of Joe Davis, returning to be the guests for the night of Willie B. May. The following morning an appetizing breakfast was served. The honoree left Saturday for Abilene, where he will attend McMurray College.

Mrs. Smith Guest of Lamesa Club at Luncheon.

Friday night, September 9, Mrs. Lon V. Smith was speaker guest at a luncheon of the Lamesa Study Club. The luncheon commemorated the anniversary of the club and the opening of the club year.

Mrs. Smith reported that a most delicious three course luncheon was served and the club colors of white and gold were carried out in the program, favors, decorations and menu.

The charming and efficient president, Mrs. Walter Harris, presided most graciously over a very interesting program that was rendered between courses. "The Lamesa club have the reputation of excelling in the brilliancy of their women, the variety of their talent and their marvelous achievements." "The luncheon was served in a lovely club house built by the club women of Lamesa, who still know how to entertain with the unparalleled hospitality of the west."

Miss Edna Baker Married In August.

Announcement has been received by friends in Floydada of the marriage of Miss Edna Baker, youngest daughter of Mrs. John B. Baker, to Mr. Valna Minor Metcalfe, of San Antonio, on Wednesday, August 24, at Kerrville, Texas.

Miss Baker was reared in Floydada and is a graduate of the Floydada schools. Mr. Metcalfe is connected with a large dry goods firm in San Antonio. The couple will be at home at 827 Alamo Street, San Antonio.

Mrs. Aubrey Bishop Honoree At Lovely Shower.

Mrs. Aubrey (Griggs) Bishop, formerly Miss Ethel Houghton, whose wedding has just recently been announced was the honoree at one of the most beautiful social functions of the season, a miscellaneous shower given for her Wednesday from 4 until 6 o'clock with Mrs. W. Ed Brown as hostess.

After the guests had assembled a passage way was secured and a procession of a burlesque wedding party entered. As a pre-nuptial solo Mrs. Glass Moier sang accompanied at the piano by Mrs. Martin Brown. All of the costumes were in the style of about fourteen years ago. Mrs. Moier wore a yellow ruffled organdie costume with clashing accessories of unharmonizing colors.

At the conclusion of the solo Mrs. Brown struck strains of a war march

and the wedding party entered. Mrs. J. E. Horton, as the preacher in comical costume came first followed by Billy Brown, ring bearer carrying the ring on a dark brown satin pillow. The flower girl, Gladys Ruth Brown, came next dressed in an old white dress and pantaloons. Then came the bride, Mrs. Lon Davis, wearing her own wedding gown and veil. The bride was made conspicuous by the lack of one tooth. The groom, Mrs. E. L. Angus, wore light-trousers and gray coat. The ring ceremony was used and the bride made many promises to be faithful.

After the wedding the program proper was opened with a toast to the bride by Mrs. Ford Butler. Mrs. Jno. A. Enoch sang a solo and another toast to the bride was given by Mrs. J. E. Horton. Mrs. Glass Moier concluded the program with a vocal selection. Following this Mrs. Bishop was led to the witching well which was filled with innumerable lovely gifts for her.

Punch and wafers were served to about a hundred guests.

F. S. Truitt and family, of Friona, visited in Floydada with friends the first of this week enroute home after a visit of several days at Gainesville.

W. M. Windsor and Judge F. P. Henry were among the visitors from Floydada at the Tri-State Exposition in Amarillo the first of the week.

Prairie Chapel News

Prairie Chapel, Sept. 13.—The Floydada Booster's band gave a fifteen minute program at the school house Tuesday afternoon. They were out boosting for the fair. Prairie Chapel will be there with bells on, she hopes to come back wearing blue ribbons.

Lewis Butch is a student in Wayland College this year.

Ada Foster, Travis and Juanita Cowart will leave Thursday for Lubbock to enter Tech. Joe and Maye Foster will leave Monday to resume their work at Tech.

Miss Mildred Walter will enter Canyon Normal about Sept. 21.

Mrs. W. E. Smith is visiting in Spearman, Texas in the home of her daughter Mrs. Cora Sparks.

Mrs. J. M. Carthel has been very ill from the effects of a spider bite, but is able to be up again.

Mrs. Frank Cunjus and children will leave in about a week for Sweetwater. Prof. Cunjus is teaching at Sweetwater this year.

Miss Lucy Ranchenbech of Plainview is here visiting her friend, Mrs. O. W. Schmidt.

Saturday afternoon at the home of Bro. Harding Nall in Lockney, Bro. Nall performed a double ceremony uniting William (Cap.) Carthel and Miss Irene Harrison and Doyle Harrison and

Miss Velma Carthel. "Cap" and Velma Carthel were reared in our community. Doyle and Irene Harrison have lived here several years and all have a host of friends to wish for them a safe voyage on the sea of matrimony. We understand that both couples will live on farms in this community.

Mr. and Mrs. Floyd Teaff and son Kenneth left Monday for their home in Archer city. They have been here visiting Mr. and Mrs. J. B. Teaff.

Last Friday evening will ever be a pleasant memory in the hearts of the young people who attended the "barn party" given in the new combine barn on the farm of Mr. and Mrs. E. G. Foster. Besides playing games and stunts several of the young people helped to entertain the guests with songs, readings and instrumental music. Horace Grady Moore favored the crowd with a reading and two songs. Miss Pauline Stevenson gave two readings, Jeff and Ronival Fowler played a piano duet. After partaking of refreshments at a late hour the guests reluctantly departed. Those present from outside the community were: Messrs. Grady and Faye Moore, Floydada; Miss Marie Luna, Plainview; Misses Willie and Marie Wallace, Canyon; Theron and Miss Miriam Cross, Rock Creek community.

Mother Shipton Prophesied Changes Now True Reality

Seldom, if ever, has an original poem met with such widespread and sincere interest as the Mother Shipton poem, which appeared recently in which an aged prophet foretold progression, changes and vicissitudes of civilization up to the present, covering a period of 500 years. Many of the papers were purchased especially for the poem and mailed to all parts of the United States. The poem reads:

"A carriage without horses shall go,
Disaster fill the world with woe;
In London Primrose Hill shall be,
Its center hold a Bishop's See.
Around the world's men's thoughts shall fly,
Quick as the twinkling of an eye.

"And waters shall great wonders do—
How strange, and yet it shall come true,
Then upside down the world shall be,
And gold found at the root of tree;
Thro' towering hills proud man shall ride,
Nor horse nor ass move by his side.

"Beneath the waters man shall walk;
Shall ride, shall sleep, and even talk;
And in the air men shall be seen,
In white, in black, as well as green,
A great man then shall come and go,
For prophecy declares it so.

"In water iron then shall float
As easy as a wooden boat.
Gold shall be found in steam or stone,
In land that is as yet unknown,
Water and fire shall wonders do,
And England shall admit a Jew.

"The Jew, that once was held in scorn,

Shall of a Christian then be born.
A house of glass shall come to pass
In England—but alas, alas!
A war will follow with the work
Where dwells the pagan and the Turk.

"The states will look in fierce strife,
And seek to take each other's life;
When North shall thus divide the South
The eagle builds in lion's mouth,
Then tax and blood and cruel war
Shall come to every humble door.

"Three times shall sunny, lovely France
Be led to play a bloody dance;
Before the people shall be free
Three tyrant rulers shall she see;
Three rulers, in succession, be
Each sprung from different dynasty.

"Then, when the fiercest fight is done,
England and France shall be as one.
The British olive next shall twine
Men walk beneath and over stream—
Fulfilled shall be our strangest dreams

"All England's sons shall plough the land,
Shall oft be seen with book in hand,
The poor shall now most wisdom know
And water wind where corn did grow;
Great houses, stand in far-flung vale,
All covered o'er with snow and hail

"And now a word in uncouth rhyme,
Of what shall be in future time;
For, in those wondrous, far-off days
The women shall adopt a craze
To dress like men and trousers wear,
And cut off their lovely locks of hair.

"They'll ride astride with brazen brow,
As witches on a broomstick now.
Then love shall die and marriage cease,
And nations wane as babies decrease.
The wives shall fondle cats and dogs,
And men live much the same as hogs.

"In nineteen hundred twenty-six
Build houses, light of straw and sticks,
For then shall mighty wars be planned,
And fire and sword shall sweep the land.
But those who live the century through
In fear and trembling this will do.

"Flee to the mountains and the dens,
To bog and forests and wild fens—
For storms shall rage and oceans roar
When Gabriel stands on sea and shore;
And as he blows his wondrous horn
Old worlds shall die and new be born."
—Original Mother Shipton's Prophecy

Ted Borum, who is now making his home at Decatur where he has a photograph studio, is here this week on a visit with his parents, Mr. and Mrs. E. R. Borum.

5 GINS IN KRESS TERRITORY WILL NOT FIRE UP THIS YEAR

"From about seven miles north of Plainview there will be very little cotton raised this year," J. Barnes, new manager of the Haynes Gin Company, said Monday. Mr. Barnes, who came here from the Kress territory, states that five gins in the section near Kress will not fire up this year. "Just been too dry to plant," he said. He expressed the opinion that with the right kind of weather this Fall this county will produce a fairly good crop.

Mr. Barnes assumed charge of the gin plant here the first of the week, succeeding A. V. Haynes who has been ill in a sanitarium at Plainview, where he was taken some four weeks ago with bloodpoisoning in an injured foot.

John Fry and family and Tate Fry, of Canyon, spent the week-end here visiting with relatives. They were accompanied on the trip down by Miss Vera Fry who had been visiting in Canyon.

Bill Allmon is spending the week in Ynoka, Okla., visiting with relatives. He left here Thursday morning.

JUST A RHYME

Speak Now—Don't Wait

When you have some good friend
you would like to convince
Of the errors they sometimes espouse,
Do you seek to entice them with
sweet sounding words,
Lest their bitter resentment
arouse?

It is best just to say what you
have in your heart,
To a friend who's gone wrong
in the way?
Or allow him to drift to Destruction's
own gate
E're his steps you make effort
to stay?

Speak the truth! speak it now,
though it stings like an asp
Speak it kindly and firmly,
although
It may drive them in fury and
anger away;
You have done but your duty
you know.

Don't despair, they'll come back
and they'll love you the
more
Since your courage and love
made you speak,
And they'll ask for your help,
your forgiveness implore,
And a clean, better life they
will seek.

Many men drift along from the
bad to the worse
With the thought that no
friends have a care;
Many lives have been wrecked on
Sin's breakers, alone,
When we failed their sad bur-
dens to share.

Let us watch from the lighthouses
signals to flare;
Let us warn of the dangers in
store.
Let us "Throw out the lifeline to
danger fraught men."
As we point to the haven,
ashore.
—C. LEM SONE.

Newland News

Newland, September 12.—After Sunday School, Bro. Moore filled his regular appointment here.

Mr. and Mrs. Night of Frederick, Okla., spent last week with his parents in this community.

Mr. and Mrs. Bloodworth have moved to Floydada. We hated very much to give them up as neighbors and Sunday School workers but wish for them success in their new home. Mrs. Night was elected teacher of Mrs. Bloodworth's Sunday school class.

Bro. Moore and family took dinner at the Carden home Sunday.

Hervey Ross, little son of Mr. and Mrs. H. L. Ross, of Old Mexico, who spent several weeks here during the summer, left Wednesday, September 7, for Albuquerque, New Mex., where he will spend the winter with his uncle, J. C. Ross, and attend school. Hervey came during the summer with his parents and has been here since that time with his aunt, Mrs. E. C. Henry.

Miss Beulah Legg, of Nashville, Tenn. and Miss Roxie Henderson, of Little Rock, Arkansas are guests of Mrs. W. A. Shipley.

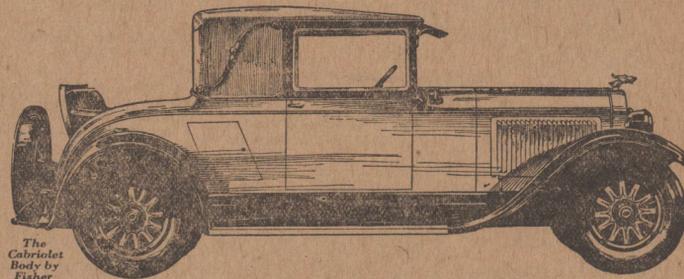

A Bay State hunter shot a noble stag in the deer-shooting season only to find later that it was an abandoned piece of ornamented lawn statuary.

CHEAP LAND FOR SALE

Anyone interested in buying good land at a bargain price for a home or investment should carefully look the Hereford Country over. Although the year 1927 was unusually dry a good wheat crop was made where properly farmed and good feed crop made. This is a great opportunity for the man of moderate means to buy good land at a low price and on easy terms. Why not investigate now before the chance is gone? For information see or write.

Full-Day Meeting of Pastor's Helpers Class

The regular social meeting of the pastor's helpers class, which is held each Tuesday of the month, was had at the home of Mrs. C. O. Thomas, September 13. Mrs. Lillie Britton led the devotional and Mrs. Will Porter led in prayer. Mrs. Johnson, secretary, read the minutes of the last meeting. She also read a letter from the Methodist Orphans home in Waco, giving their wants and needs. The matter was discussed and it was decided to help at home at present instead of the home at Waco.

The class voted to have a booth one day at the fair and appointed Mrs. Will Porter, Mrs. W. H. Alexander, and Mrs. J. E. Eubank as a committee to arrange the booth. Mrs. E. C. Henry, Mrs. Will McGehee and Mrs. W. M. Colville were appointed as a committee to decide upon what would be served at the booth.

As this was the regular time to elect officers Mrs. Will Porter was elected teacher; Mrs. C. O. Thomas, assistant

teacher; Mrs. R. M. McCauley, president of the class; Mrs. L. C. McDonald, vice-president of the class; Mrs. Johnson, secretary and Mrs. Lillie Britton treasurer.

The meeting was held all-day and at noon lunch, which had been brought by the members, was spread together on the table. During the day two quilts were made.

Those present were: Meses. Lillie Britton, F. M. McCauley, Will Porter, W. H. Alexander, E. C. Henry, W. A. Baker, Johnson, W. M. Colville, Geo. Dickey, J. S. Solomon, Ben Hardy, A. P. McKinnon and C. O. Thomas.

Mrs. Smith Hostess At Dollar Social.

Mrs. W. D. Smith was hostess to the Woman's Missionary Society of the Baptist Church at their monthly dollar social Monday afternoon from 4 until 6 o'clock. Mrs. Smith was assisted in entertaining by Meses. J. T. J. Dawson, S. D. Bishop and Elmer C. Caudle. Following a very interesting program a social hour was had during which games and contests were played. Each lady present brought a dollar.

The hostess served ice cream and cake to the following: Meses. P. T. Rucker,

C. B. Sims, Elmer C. Caudle, Fannie Montague, J. T. J. Dawson, S. G. Bishop, C. W. Boothe, I. W. Hicks, E. Ray Smith, W. A. Cates, Edwin Heald, A. D. White, L. A. Moore, R. H. Baker of Nashville, Tenn.; George L. L. W. I. Cannaday, J. E. Horton Miss Lou Boothe and the hostess, Mrs. Smith.

Young People Enjoy Picnic At Day Crossing.

Monday evening a number of young people gathered at the home of Mrs. E. C. Henry and went from there in a body to the Day crossing where they had a very enjoyable picnic. After supper the party gathered around a bon fire, told stories and played various games.

Those present were: Meses Eddythe Walker, Grace Alexander, Mae Colvin, Maud Williams, Avis Austin, Jean Ayres, Blanche Bass, Gladys Covington; Messrs Edd Bishop, Robert Sone, Frank Bass, Jack Deakins, Randell Alexander and Chester Day.

East Ward P. T. A. Holds First Meeting.

Twenty ladies were in attendance at the first meeting, for the new school year, of the East Ward Parent-Teachers' Association which was held at the school building Friday afternoon. A business session was held and the club voted to open the Cafeteria at the East Ward School Wednesday, September 14. Mrs. Worth Shipley has charge of the cafeteria this year.

There will be a called meeting Friday afternoon to elect new officers. All of the parents are asked to be present.

Lesson From World Call At Council Meeting.

The Woman's Council of the First Christian Church met in regular session at the church Monday afternoon. A very interesting lesson was had from "The World Call" with Mrs. J. B. Jenkins as leader.

Another lesson will be had from "The World Call" at the next meeting Monday afternoon, September 19.

Miss Pearl West Former Teacher Here Marries.

Miss Pearl West, who had been re-elected to serve her second term as teacher of Mathematics in the Floydada High School but resigned her place a few weeks ago was married at Denton, to Mr. L. L. McCombs, of that city on Tuesday, September 6, according to announcements received by friends here. Miss West is the daughter of Mr. and Mrs. P. M. West, of Denton. She was a very popular young lady and made many friends during her stay in Floydada.

Mr. McCombs was a teacher in the Fort Worth public schools last year. Plans as to where Mr. and Mrs. McCombs will make their home, have not been learned in Floydada.

Miss Jewel Brock was elected to take the place of Miss West in the High School faculty and arrived last week to take charge of her work.

Hopkins-Warren Wedding Solemnized.

Miss Mattie Lou Hopkins, of the Cedar community and Mr. Roy Warren of Campbell community were united in marriage Friday evening September 9, at the home of Rev. G. W. Tubbs. The ceremony was performed by Rev. Tubbs. The groom is the son of Mr. and Mrs. Tom Warren. Mr. and Mrs. Warren will make their home in the Campbell community.

Miss Hardgrove Hostess At Slumber Party.

Miss Capitola Hardgrove was hostess at a slumber party at her home, Saturday night, September 10. A delicious supper was served at an early hour. The remainder of the evening was spent in playing games and telling stories.

Those attending the party were, Meses Ethna Green, Wilma Deen, Leola Crawford, Peggy McKinney, Erna Lee Crawford, Ina Sims and the hostess.

Andrews Ward P. T. A. Postpones Meeting.

On account of the baseball game Wednesday between the All-stars and Fort Worth Cats, the regular meeting of the Andrews Ward Parent-Teachers' Association was postponed until the next regular meeting. It is probable that a called meeting will be held before the next regular meeting.

High School Students Organize Glee Club.

The Floydada High School Glee Club was organized September 12 under the direction of Mrs. G. E. Bond and the following officers were elected: U. S. Marshall, president; Jessie Merle Scogins, secretary and treasurer; Truman Webb, custodian; and Bernice Gresham reporter.

The glee club work is under the direction of Mrs. Bond, who is maintaining a studio at the high school. Their future plans are to give a concert, using school talent exclusively. The date of the concert will be announced later.

Dr. and Mrs. M. F. Husky and sons, Ocie and Dallas returned Sunday from a business trip to Winters.

Locals and Personals

Mr. and Mrs. Lloyd Puryear of Bentonville, Ark., have been the guests here this week of Mr. and Mrs. Byron Clark. Mr. Puryear was a former resident of this city and has been meeting many of his friends here.

Rev. and Mrs. F. L. Davis who left last mid-week for Springfield, Mo., arrived safely there Monday, according to advices received here. They planned to start the return trip Wednesday morning. Rev. Davis stated that he would be home in time to fill his regular appointment in his pulpit at the First Christian Church.

Dave and J. Clyde Taylor, of Tulia, were here this mid-week on a prospecting trip through the county.

BORN—to Mr. and Mrs. W. N. Nation, Pleasant Hill, Sept. 13, a girl.

Miss Lena Pennington, who has been attending State Teachers' College at Greeley, Colorado, returned home Tuesday. She will spend the winter with her parents, Dr. and Mrs. H. Z. Pennington.

Misses Vanda and LaJuana Hanna, of Hereford were guests of their cousin, Mrs. R. E. Fry from Monday until Thursday of last week, when they left for Lubbock, where they will visit friends before returning to their home.

Vimoutiers, France, has unveiled a statue to its most famous citizen—Mme. Marie Harel, the discoverer of Camembert cheese.

Wise Guy—"Here, Sonny, is a quarter. Does any other fellow besides me call to see your sister?"

Sonny—"I don't think he really calls to see her 'cause they never have any light in the parlor when he's there."

Southwestern Bell Telephone Co. Twenty-Ninth Dividend
The regular quarterly dividend of one dollar and seventy-five cents per share on Preferred Stock will be paid on Saturday, October 1, 1927, to stockholders of record at the close of business on Tuesday, September 20, 1927.
R. A. NICKERSON, Treasurer.

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, SEPTEMBER 15, 1927.

NUMBER 29

Wester Bakery Opening Friday Evening

New Building Is 'House That Floydada Built'

\$15,000 E. E. Boothe Building Is Material Evidence Of "Trade at Home" Theory

"The House that Floydada Built"—such is the new \$15,000 E. E. Boothe office and bakery building which was recently completed on West California Street.

Backed by a man who has been a citizen of Floydada for many years, financed by a product made and sold in this city and constructed by Floydada workmen of material sold here the beautiful new two-story brick which is opened to the public, formally, on Friday evening of this week, is truly a Floydada product.

Boothe Established Bakery

The builder, Ernest E. Boothe, came to Floydada with his parents in 1912, to make this city his home. In 1917 he was called over seas to enter the World War, and after going through actual fighting in France he returned to America, and like many other "Dough-boys" he returned to "the old home town."

In 1919 "Chief" as many had come to call Mr. Boothe, established the E. E. Boothe Bakery and Confectionery in its first location on West California Street. Here it has been housed in the three room frame building until recently. With the exception of a year's lease in 1919, Mr. Boothe has had actual charge of the business since its establishment until some four months ago.

Upon the establishment of a flour mill in this city, Mr. Boothe began the use of Floydada made flour. The Boothe Quality Loaf was baked with the flour made from Floyd County wheat, and was sold to every community of this county. Thus, Mr. Boothe further advanced his belief in Floyd County.

(Continued back page Bakery Section)

50-Mile Radius To Zone Served By Local Plant

Practically every community in Floyd County and residents in sections of Briscoe, Crosby, Motley and Hale Counties are served with products from the Floydada bakery plant.

The territory of trade extends outward from this city, taking in an area within a 50-mile radius, including near-by towns and community stores. Daily fresh supplies are taken to the central distribution points for the hundreds of patrons.

Including Floydada, there are fourteen points, where Wester's Quality products are placed by the delivery service, they are: Silverton, South Plains, Joe Bailey, Cone, Blanco, Sand Hill, Lakeview, Curlew, Alcina, Fairview, Fairview, McCoy and Mt. Blanco.

Merchandise that consistently meets the requirements of the buyers is attributed to the cause of the increasing popularity of Wester's plant.

Chief Baker In Local Shop In Trade 15 Years

E. Y. Lawdermilk, chief baker for the Wester shop, has been following his trade for fifteen years. He has studied the business as the years have passed and has contributed ideas that have proven practical and profitable to his profession.

He has direct supervision over the operation of the shop. He also has charge of the pastry making.

Mr. Lawdermilk is assisted by Carl Baker, who is serving his apprenticeship in the trade.

Except on special occasions, where double shifts are necessary, these two men handle the baking.

Furnishings Featuring Newest Improvements

Latest Fountain Equipment Added; Novel Booths In Bakery Cove.

In the confectionery operated in connection with the new bakery shop which opens formally to the public Friday evening, novel ideas were incorporated in the general plans. Three booths with specially built tables have been added to the standard equipment for serving fountain drinks, pies and cakes. The latest improved fountain with liquid Frigidaire system has been installed.

Athletic Stars Employed

Athletic stars of Floydada High School are employed to serve the trade at the fountain and in the front of the bakery establishment. Bill Dailey, letter man of the local school and Tech College, is in charge of the fountain. Joe Carleton and John Edwards are the other young men who followed "Coach" Wester's instructions on the gridiron and are now doing the same on the field of business.

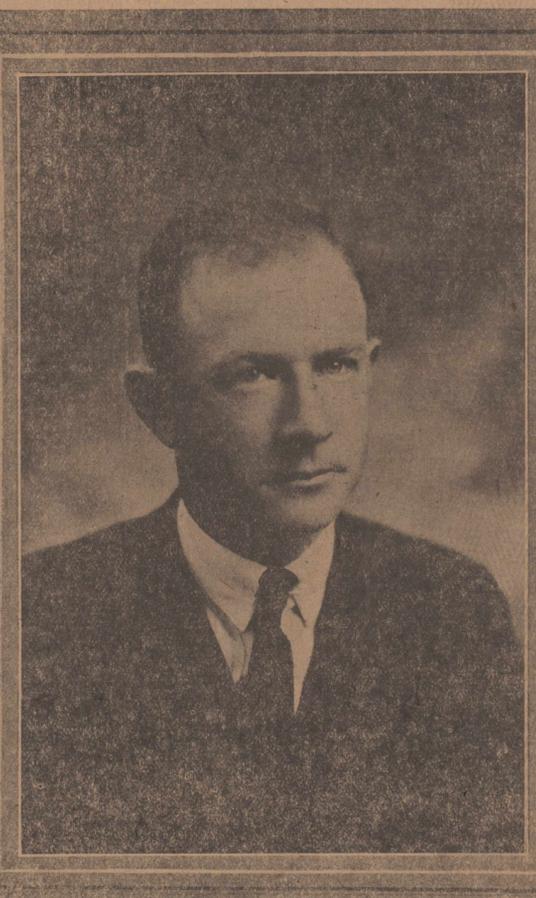

"Service is going to be developed in our shop so that it will mean more than a mere word to our customers," Mr. Wester said. "We have made arrangement to take care of our trade in the most efficient manner possible and we are going to do our best to increase our present patronage."

Everything In Readiness

Everything is in readiness for the opening. Patrons most likely will be interested in the front in the new fountain, Mr. Wester explained. The fountain has six containers for ice cream, which are supplied exclusively, by Misteltoe Creamery at Plainview. All the syrups and fruits are kept cool by the Frigidaire machines. Standard sanitary glass cleaners are included with the equipment.

Mangrove trees flourish in sea water, which is deadly to most flowering plants.

Manager Of New Baking Concern, Floydada's Latest Business Addition On W. California

J. C. Wester, manager and joint owner of the new \$15,000 bakery plant and confectionery which will have its formal opening in the recently completed E. E. Boothe building on West California Street.

Mr. Wester is associated as partner in the ownership of the plant with his uncle, S. H. Wester who also operates a bakery at Plainview. They purchased the bakery and confectionery from E. E. Boothe on June 1, of this year.

Before assuming his present duties as manager of the business concern,

Mr. Wester was connected with the Floydada Public Schools, having served six years as principal and two years as superintendent. He resigned from the latter position to take charge of the bakery. He is widely known throughout this section of the state for his successes in connection with coaching the Floydada High Whirlwind athletic teams.

He states that he is well pleased with the reception given him by the people in this trade territory and expressed the hope that everyone would attend the formal opening and inspect his plant.

Public Invited To See Machines In Operation

Inspection By Patrons Made Between 8 And 11 O'clock Of New Plant.

Wester's Quality Bakery and Confectionery will hold its formal opening Friday evening from 8 to 11 o'clock, according to announcements made by J. C. Wester, manager. All of the machinery will be in action and the visiting patrons will be shown through the plant and the various phases of bread and cake making thoroughly explained and illustrated. "Refreshments will be served, and we hope that all who can possibly do so, will come and be our guests upon this special occasion. We will have a treat for them," Mr. Wester stated.

One Of Leaders

Floydada's bakery in its new location will be the most modern in equipment and arrangement in this section of the state. It will take its place as one of the leaders in its line of industry, those who have studied the situation declare.

Everything in the plant is absolutely modern and as a unit compares with any of the plants serving larger towns on the Plains, Mr. Wester stated.

Visitors at the opening Friday will have an opportunity of seeing just how bread is prepared and baked on a large scale. Machines for mixing, measuring, cutting, and baking will be running, and the series of steps in bread making will be explained.

It has been planned and the machines so arranged that each process brings the bread nearer the salesroom for serving or selling to the customer. The efficiency of the system that has been so carefully worked out will be demonstrated to the visitors.

The story of the daily bread making in the local plant should prove interesting. The flour and yeast, mixed with water in measured quantities, are placed in a large metal mixing box about 11 o'clock each night. This "sponge" is permitted to ferment and rise until 5 o'clock the following morning. The sugar and salt are then added and the electric mixer started. A revolving "dasher," similar in a measure to the stirring blades in an ice cream freezer, mixes the dough thoroughly. This process requires about twenty minutes.

Permitted To "Age"

The dough is then taken and dumped in a large metal "trough" and allowed to "age" for one hour. The next step is the cutting of the dough and scaling it into one pound loaves. The state law requires that a loaf selling as a pound should contain not less than 15 and not more than 17 ounces. Mr. Wester stated that the bread produced from the ovens in the plant here weighed slightly over 16 ounces.

After rounding the loaves on the bench, the baker then places them in an automatic moulder and from the moulder into the special baking pans. From the moulder, the dough comes in the shape of the actual loaf before it has "risen."

The pans are placed in tiers on a portable rack and run into a big tin proof box. It is this particular stage that the housewife in making her bread at home used to demand absolute quiet in the kitchen and Johnnie or Willie had to stay out or tip-toe their way across the floor. These precautions were necessary while the dough was rising.

In the modern-day baking plant, time limits are too brief to permit the dough to rise of its own accord. Artificial means are applied in the form of steam while the dough is in the proof box. This steam has a pressure of 35 pounds. After the dough "rises," it is moved a few feet and placed in the big ovens with a baking temperature of 400 degrees Fahrenheit. The bread bakes in about 20 minutes. It is then taken out and placed on the bread racks to cool. The ovens have a capacity of 344 loaves.

By this time, the loaf, or rather its contents, has described a complete circle of the room. The flour is brought in a door on the north side, the ingredients of the loaf—mixed, cut, weighed, proofed and baked and the completed loaf delivered on the south side, directly opposite from where it was first started.

An automatic wrapper, that cuts the specially prepared paper, wraps and seals the ends, is in itself a most interesting piece of machinery.

Wrapping which is the concluding step before the sale of the bread, is made about 11:15 each morning.

Many features are included in the equipment of Wester's Bakery. An automatic elevator-sifter for the flour is a machine seldom found in smaller plants. An electrically operated bun and roll divider saves many minutes for the baker. In bun making, the dough is sealed in four and one-half pound lots and this quantity will make three dozen buns. A smaller amount is used for rolls.

Electricity is used to operate all of the machines for both bread and cake making. A cake mixing machine is used for preparing cake dough and for whipping icing. Air ventilators in the roof and pipes for carrying off the gas fumes from the ovens; a big sky-light and other details have been added for the comfort of the workmen.

Confidence --IN-- Floydada

It is with pleasure that we announce the completion of the new building in which the Wester's Quality Bakery will hold its formal opening Friday evening.

Unhesitatingly I will state that the best building that money would buy has been added to the business section of Floydada.

Through confidence in Floydada and its future, this building has been constructed. Through confidence, Floydada will become the true "Gateway to the Plains."

We join with Mr. Wester and his associates in inviting you to the Bakery opening and invite your inspection of this building on Friday evening.

E. E. BOOTHE

Congratulations To Wester's Quality Bakery And Confectionery

The electric light and power system installed in the new E. E. Boothe building, both material and workmanship, is in absolute compliance with the National Board of Fire Underwriters specifications and will withstand the most rigid inspection. This method of wiring not only reduces fire risk, but insurance rates to a minimum and assures 100 percent service.

Not only the electric system, but telephone as well, is installed in approved rigid conduit.

Complete installation, including light fixtures, by—

Radio Electric Co.

FLOYDADA, TEXAS

"A well lighted place of business attracts added attention"

Architects Praise Beauty of New E. E. Boothe Building

Undoubtedly one of the best, strongest and most beautiful buildings in Floydada, the new two-story brick E. E. Boothe office and bakery building on West California Street is truly a structure of beauty, architects say.

Probably the most unusual and attractive feature of the new building is the extraordinary awning roof effect over the second story. The awning roof is made of green tile and extends out some two feet from the wall near the top of the building.

The new structure has a frontage of forty-four feet and the ground floor extends back eighty-two feet. The second story portion extends back forty feet, and is built in such a way that an addition may be added whenever necessary.

The ground floor has two store rooms, the smaller on the west side of the building with a frontage of 14 feet and 45 feet deep. The east side of the building is occupied by the Wester's Quality Bakery and has a depth of the entire building. It also occupies the remaining depth of the west side of the building for the baking machinery of the plant.

Adding greatly to the beauty of the building, marble slabs have been placed below each of the four plate glass windows. Other features that add greatly to the beauty are the large white suspended lights and mahogany wood work. The plaster work is all in white.

The entire structure is completely piped and fitted for gas, water, sewer

and electricity. This building, some three weeks ago, had the distinction of being the first building in Floydada to be fitted with piping for natural gas which will supply this city soon.

The cost of the building, when completed, will exceed \$15,000 and will be one of the most modern and complete for several years to come. The formal opening of the building is being held next Friday afternoon in connection with the formal opening of the Wester's Quality Bakery.

WORK ON INTERIOR OF UPPER STORY OF BAKERY STARTED

Work on the completion of the interior of the upper story of the new E. E. Boothe building on West California Street was started Monday morning of this week and will probably be completed in the near future, contractors on the job stated. The interior work consists of plastering and painting of the walls, and making the necessary partitions and changes for office rooms.

Mr. Boothe has stated that, although workmen will still be busy with the interior of the upper story and it may not be complete at the time, the entire building will be open for public inspection and he is extending a welcome to the visitors at the formal opening of the Wester's Quality Bakery, to inspect the building.

J. D. Carr and wife, of near Petersburg, were business visitors in Floydada Friday of last week.

A DESIGNER OF FURNITURE

Important as an influence on furniture forms of eighteenth century America was the work of the four Adam brothers of England, chiefly the work of Robert Adam, whose influence on the furniture of England from 1760 to 1780 was marked.

He was a man of means, a traveler, an architect, a designer and a decorator, but he was not a cabinet maker. He never made a piece of furniture in his life, though it is on his furniture that his fame rests. When he designed a house he also designed the furniture to go in it, even going so far as to mark chalk spots on the floors to show where each piece of furniture was to stand. His designs were painstaking, exquisite in the spirit of antiquity, says Sarah Lockwood, author of "Antiques." He drew his inspiration directly from ancient Pompeii, uninfluenced by his trip through France. His furniture legs were straight, his lines were straight, his backs round or oval. His decoration was purely classic; he often employed the well known Chippendale, for not one trace of Adam's influence is found in the other's work.

OUT-OF-TOWN FIRM BUYERS

Among the out-of-town buyers of Wester's Quality Bread are: Cowart Grocery Company, King Grocery Company, City Cafe, Noah's Sandwich Shop, South Side Grocery and Port & Co., of Silverton; Burns Mercantile Co., at South Plains; Jarret Grocery at Curlew, and others.

FEATURE SPECIALISTS

Cakes, cookies and pies are other featured products that are proving popular along with Wester's Quality Loaf. Specialties are made for any occasion and layer and wedding cakes are featured, also.

Locals and Personals

E. E. Boothe and Clark Meador made a trip to Abilene last midweek. Meador remained to spend the winter. He will teach chemistry in the academy while he will also attend advanced classes at McMurray College.

Rev. W. R. Hill, pastor of the First Baptist Church of this city was in charge of the funeral of Mrs. J. A. Wyman last week and was assisted by Rev. J. Pat Horton of Plainview. Rev. Hill's name was omitted in the story given in The Hesperian last week.

The novelty of bachelor life has already worn off for Homer McDonald, whose wife is in West Virginia for a visit at her former home with relatives and friends. She has been absent from home already three weeks and writes as though her stay might be another month longer, Mr. McDonald says.

Harry Wright, manager of the Quannah Store of Baker, Hanna & Company, was a visitor in Floydada the latter part of last week, with S. N. Tawwater of the local store.

D. L. Hargis and family, of Plainview were here the latter part of last week on a brief visit.

J. W. Hargis and son, F. L., who were here for a week on business, left for their homes at Bentonville, Arkansas, Friday.

Henry Bosley, who spent the summer months at Wichita Falls at work, was among the last year students of F. H. S. to return this year to resume study in the high school.

QUEER THINGS FROM THE SKY

Insects, Frogs, Fish, Are Not 'Rained' As Is Supposed.

From the Pathfinder.
No popular belief is more firmly fixed than that frogs, small fish, angle-worms, turtles, insects and other small creatures are drawn up into the clouds by the sun and later rained down upon the earth. Any thinking man knows that the sun, which cannot vaporize the salt in the ocean and carry it into the clouds, cannot pick up small animals and hold them floating in the atmosphere.

The presence of these creatures on the ground immediately after a shower is probably due to one of two reasons. In the case of frogs, worms, turtles, and insects, they were probably there before the rain and the downpour stimulated the minto activity. In the case of fish and some other creatures, it is quite possible, scientists explain, for a waterspout or cyclone whirlwind to scoop up a pond and its contents and deposit it at a distant point, just as it will carry pebbles and pieces of wood a long distance. So-called "blood showers" usually consist of colored dust, volcanic ash or plant pollen in the rain-drops.

THE COW WAS VALUABLE

A tourist in Scotland came to a wide ferry. It was stormy, and the wind was constantly increasing. The Scottish ferryman agreed to take the tourist across, but told him to wait until he had first taken a cow across.

When he returned and started across with the traveler, the latter became curious.

"Will you tell me why you took the cow across and made me wait," he asked.

"Weel, now," exclaimed the ferryman, "you see the cow wur valuable, and I feared the wind wud increase so the boat might upset on the second trip."—Weekly Scotsman.

The Swedish Government is financing a Canadian hockey team's trip to Europe to demonstrate the game, in an effort to establish hockey in Sweden as a winter sport.

Dogs take no interest whatever in pictures shown on a screen, says a German scientist. Cats, on the other hand, are greatly alarmed at the appearance of a dog; ducks and song birds are panic-stricken at sight of a hawk, and reptiles are completely fooled by picture projections of flies and worms in their natural size.

The only autograph manuscript of Edgar Allan Poe's 'The Raven,' presented by him to Dr. Samuel A. Whitaker, a college chum, has just been sold to dealers. Although the purchase price was not disclosed, the manuscript is valued at more than \$50,000. Poe received \$10 for the poem.

New Building Is 'House That Floydada Built'

(Continued from page 1 Bakery Section)

Plan Larger Plant

Through the development of the bakery business in this section, and the extension of the territory served to other counties, plans were laid for a more modern plant, to be housed in one of the most up-to-date buildings in this city.

With his goal set for this means, and keeping in mind the further development and possibilities of this section, on April 28, 1927, contract was let for the construction of the new building recently completed. Still advancing his belief in the "trade at home" theory, Mr. Boothe let the contract to H. E. Cannaday, local contractor for many years, with the provision that the material be furnished by a local lumber yard. The contract for the building was made at an estimated cost of \$15,000.

Wester Buys Bakery

In order to devote more time to overseeing the building of the new structure, on June 1, Mr. Boothe sold the bakery plant to J. C. Wester.

On Friday evening of this week, Mr. Boothe is holding the formal opening of the beautiful new building in connection with the formal opening of the Wester Bakery plant. He is extending an invitation to everyone to visit and inspect "The House that Floydada Built."

BO-BO GETS CREDIT AS FIRST CHEF TO SERVE ROAST PORK

To Bo-Bo, a Chinese boy, go the honors of originating roast pork, if we are to take stock in the Chinese legend. Perhaps we still would be partaking of this meat in its natural state if Bo-Bo hadn't discovered (accidentally) that the cooked pork was far superior.

It was in the early forgotten ages of China, so the legend goes. Bo-Bo had been left in the family's hut by his mother. With him was his pet pig. The boy could not resist playing with the fire and as a consequence the hut was ignited. He escaped but the pig was burned with the hut. Later, in poking about in the ashes the boy found his pig but burned his fingers when he touched it. Putting his fingers into his mouth to ease the pain he was surprised to find the taste quite pleasing. It was only a short time until every hut in the village was in flames that the populace might have some of the delicious burnt pig.

RETURN A STOLEN PENNY AND 29 YEARS' INTEREST

From the Chicago News. A conscience troubled over the theft of a penny twenty-nine years ago was relieved when a letter signed by Marcel Krauss, New Orleans, was received by the Chicago chief of police recently, and included a check of \$4.61.

"Twenty-nine years ago," read the letter that accompanied the check, "I was in a Chicago street car. A baby

Delicious Ways Of Serving Left Over Bread Portions

Milady very often finds that she has portions of bread loaves left over from meals. These remaining pieces should not present a problem and a waste for the housewife. Many delightful recipes may be easily prepared for their use. Here are just a few suggestions:

CLUB SANDWICH

Toast three slices of bread for each person to be served. On first slice spread mayonnaise dressing, then lettuce and tomatoes, salt to taste. Put on another slice and spread with dressing, add slice of bacon fried crisp. Add last slice buttered and serve with olives and pickles.

BREAD STUFFING

1 cup bread and cracker crumbs 1/4 teaspoon salt
1/2 cup melted butter 1/8 teaspoon pepper
1/4 cup hot water Onion Juice.

Mix ingredients, using only a few drops of onion juice.

SCALLOPED OYSTERS

1 pint oysters Salt and pepper
4 tablespoons oyster liquor 1/2 cup melted butter
4 tablespoons milk or cream 1 cup cracker crumbs
1/2 cup bread crumbs

Brown the crumbs slightly and mix them with melted butter. Sprinkle a thin layer of crumbs on bottom of shallow buttered baking dish; cover with oysters, sprinkle with salt and pepper; add half of oyster liquor and half of milk; repeat and cover top with remainder of crumbs. Bake thirty minutes over medium flame.

BREADED VEAL CUTLETS

Use slices cut from leg. Remove bone and cut in pieces for serving. Beat an egg mix with it a little parsley (pickled fine), salt and pepper, and if desired a little grated lemon rind. Dip cutlets in mixture, then coat with bread crumbs and fry in salt pork fat or butter. Pour over cutlets brown sauce.

STUFFED PEPPERS

1 pound ground meat 1 Egg
1/2 cup stale bread crumbs Salt and pepper
1 large onion chile powder
2 tablespoons wesson oil pinch of paprika
2 tablespoons frying fat 12 medium size green peppers
Fry raw meat until done, add onion, egg, pepper and salt, bread crumbs, etc. Cut slices from the stem end of peppers and fill with mixture. Bake half hour in moderate oven.

THE FATAL FIGURES

held by its mother dropped a penny on the floor. I picked it up and kept it. I also stole 50 cents from my mother when I was a boy. The check inclosed is for the money and interest. Please see that it is put to some worthy use."

The check was turned over to the "conscience fund" in the city comptroller's office for use in charity work.

FUTILE TRAVELING

From the Outlook. "Ah don't ride on dem things," said the old negro woman looking at the merry-go-round. "Why, de other day Ah seen Rastus Johnson git on an' ride as much as a dollah's worth an' git off at the very same place he got on at, and Ah sez to him 'Rastus,' As sez, 'you spend yo' money, but wha' yo' been.'"

SOUR NOTE

"Every person has at least one book in him," according to a Dearborn Independent writer. Generally speaking, it ought to stay in him.—Winston (Ore.) Leader.

Robert Butler of McAdoo was a business visitor here last mid-week.

SEAL HERD INCREASING

Where are all the seals that will furnish the pelts for milady's genuine seal-skin coats in the future?

According to the United States Bureau of Fisheries, 761,281 seals have recently been counted on the Pribilof Islands, the chief breeding ground of the seal, or 38,000 more than were found there a year ago.

The Pribilofs consist of five islands, lying in the Bering Sea, about 200 miles north of the Aleutian chain. St. Pauls and St. Georges Islands, the largest and only ones of the group that are inhabited, are each slightly more than thirty square miles in area. The other three are merely jutting rocks.

The islands are black and desolate. Their barren, volcanic peaks and rocky shores are hostile to vegetation. In the winter they are covered with ice and

snow, and whipped by the frigid arctic gales, while during the summer months the fog that envelops the whole area is so dense that the sun's rays rarely touch the earth. As a result the climate is uncomfortable, cold and damp. Toward autumn the wind clears the atmosphere and here and there grass and mosses make the best of a short fogless and iceless season. Only a few years were entirely isolated from the rest of the world for six months of the year, but the radio has changed that condition.—Detroit News.

HIS INQUIRY

"I dreamt last night that I seed another feller running off with you," remarked Tobe Sagg of Sandy Mush. "What did you say to him?" asked Mrs. Sagg, with interest. "Aw, I just axed him what was his yaw-w-wa!—hurry?"

KIPLING SEEKS SECLUSION

Neighbors are getting too numerous for the Kiplings at Burwash and the invasion of the writer's estate by numerous trippers gave rise to a rumor that upon his return from South America he would seek a more secluded home.

But business representatives of Kipling deny this report. Kipling deserted his former home at Rottingdam, because it became so "touristy" he could not have the quiet he demands. Announcements of Kipling's very official reception upon his arrival at Rio de Janeiro with Mrs. Kipling caused surprise in London, as he always frowned down any attempt to lionize him, and even in London has always held aloof from public gatherings of all sorts.—London Times.

Construction Work of All Kinds

Residences — Business Houses — School Buildings

Churches — Industrial Buildings

LET US FIGURE WITH YOU

What's Doing In West Texas Today

SILVERTON—Agricultural students in the Silverton High School are making practical application of the vocational work offered them by constructing a frame building to the school system which will be used as home for the newly added music department.

ROCHESTER—The Traveler's Hotel is the name of a new hostelry opened in Rochester. The building is first class and well equipped.

BRECKENRIDGE—September 24 has been designated as "West Texas Chamber of Commerce Day" at the third annual Oil Belt Fair to be held here September 20 to 25 inclusive. Officials of the regional organization will be represented on a special program and many diversions and entertainment features will be provided for the delegation of West Texas membership expected to attend from many points.

OLTON—Olton's new high school auditorium-gymnasium has been finished and the school system is now prepared to take care of its student body with one of the best modern and well-equipped structures of this territory.

BANGS—Awning lights are being placed in the business district of Bangs. This construction work is being done by the local office of the Texas Power and Light Company.

ALPINE—All previous building records have already been shattered here

NOTHING LIKE IT ON EARTH

The new treatment for torn flesh, cuts, wounds, sores or lacerations that is doing such wonderful work in flesh healing is the Borozone liquid and powder combination treatment. The liquid Borozone is a powerful antiseptic that purifies the wound of all poisons and infectious germs, while the Borozone powder is the great healer. There is nothing like it on earth for speed, safety and efficiency. Price (liquid) 30c, 60c and \$1.20. Powder 30c and 60c. Sold by

Arwine Drug Company

Next time you buy calomel ask for

The thoroughly purified and refined calomel combined with assistant and corrective agents. Nauseless—Safe—Sure

this year, with the amount passing the quarter-million mark. One of the latest developments is construction of a \$100,000 addition to the Holland Hotel.

ARCHER CITY—The Archer City Wolf Association met recently and conducted a wild chase which netted at its close an animal of small breed strip instead of the expected beast. The organization has proved effective in riding the section of wolves in hunts held at various times.

ARLINGTON—A mammoth lake is to be constructed at a point about 3 1/2 miles north of town, and will cover more than twenty acres. The bed of the lake will extend some three miles above the dam, with numerous necks and coves. The place will be stocked with duck and fish.

STERLING CITY—The county caterpillar tractor is being used as a stump puller in clearing the Sterling City and Del Rio road on Sterling Creek of timber. The road will be opened for travel as soon as the fences are adjusted.

OLNEY—The old Townsite building, located on the corner of Third Street and Grand Avenue here, is being remodeled and will be converted into an up-to-date store and office building.

SEAGRAVES—A Farmers Short Course was conducted here recently, extending over three days. The first day was devoted to home and crops, the second day dealt with livestock poultry and other phases of agriculture. Practical demonstration of field crops and canning were given during the course, these being directed by the Gaines County Agents.

JUNCTION—The Wolf Club of Kimble County met recently and outlined plans for raising funds to start a predatory animal eradication program in this section. The commissioners court is cooperating in the movement.

GORMAN—The De Leon Highway is to be hard-surfaced to the Erath County line. This work will benefit materially trade operations and activities in the Gorman section.

FARWELL—The local high school plant will be one of the best in this region when construction work is completed on the new gymnasium and auditorium just started here.

MRS. BAKER HERE

Mrs. Hattie Baker of Nashville, Tenn., is visiting her niece, Mrs. E. C. Thomas this week. She made her home in Floydada several years ago.

Mrs. Baker just recently received her master's degree at George Peabody College for teachers at Nashville. She will be connected with the faculty at Wayland Baptist College, doing educational work in the school and church there.

Mr. and Mrs. W. M. Boggus and son, of Ranger, left Saturday morning for their home after visiting here with Mr. and Mrs. B. M. Eubank and family.

V. H. Backley, of Purcell, Okla. spent last Saturday night here as the guest of his brother-in-law, Dr. V. Andrews.

Kenneth Henry left Saturday for Fayetteville, Arkansas, where he plans to enter State University.

Cooking Chats with 6 Famous Cooks

(Courtesy of the Domestic Science Department, Perfection Stove Company)

FIVE DESSERTS FROM OLD NEW ENGLAND

(Editor's Note: This is one of a series of unusual cooking articles running exclusively in this paper.)

Sweets belong in the daily food quota. And what more logical than that they be served as desserts? Almost

every lunch and dinner is better when topped off with dessert. But never serve a heavy, rich dessert with a hearty meal. Light, easily digested desserts—fluffs or custards—are the rightful accompaniments of such meals.

Miss Lucy G. Allen, principal of the Boston School of Cookery, and author of several cook-books, gives tested recipes for five pleasing desserts.

Pineapple Fluff
To one-half cup of juice from canned pineapple add one well-beaten egg, one dessert spoon of sugar mixed with one-half table-spoon of cornstarch. Cook till thick in a double boiler, or in a saucepan over hot water, stirring constantly.

When thickened, remove from stove and add one cupful of pineapple cubes cut from slices of canned pineapple. When cool enough, fold in gently one-third cup of heavy cream beaten stiff with an egg-beater and flavored with one-eighth teaspoon of vanilla. Place in sherbet glasses or in a large glass dish, if preferred, and chill. This amount will serve six persons.

For a Lighter Meal
Baked Indian pudding makes a filling addition to light salad-and-soup meals.

Mix six tablespoonfuls of corn meal with three tablespoonfuls of flour and dilute with one-half cup of milk. Add this to one pint of scalded milk and cook until thickened. In a bowl break one egg and beat slightly, add one-half cup of sugar and one-third cup of molasses, one-half teaspoon of salt and one cup of cold milk.

Add this mixture to the hot mixture, add another cup of cold milk and pour into pudding dish. Dot over with tiny lumps of butter and bake in a slow oven for three hours or more. Sweet apples or pears sliced and added last, using two or three of either, make a pleasing addition. Serve with cream or with butter.

A woman can always use shelves in the kitchen. One up-to-date oil stove has a handy base shelf which can be used to hold utensils.

Cracker Plum Pudding
Just about as hearty as the baked Indian pudding is cracker plum pudding.

Roll quite fine eight cooking crackers, add five cups of milk, one-fourth teaspoon of salt, two-thirds cup of sugar and four eggs slightly beaten. Add three-fourths cup of seeded raisins, flavor with a few gratings of nutmeg.

Place in buttered pudding dish; over the top scatter two table-spoons of butter in small pieces, and bake in a moderate oven about two hours. Serve with or without sauce.

Delightful Bread Pudding
No one will ever object to eating chocolate bread pudding. It just touches the spot when one's sweet tooth is aching. And, better yet, from the cook's point of view, it uses up stale bread.

Scald one pint of milk, add one cup of stale bread crumbs which have been rubbed through a sieve, and set aside to cool slightly. Beat one egg slightly, add one-third cup of sugar, one-eighth teaspoon of salt and add to scalded milk.

Melt over hot water one square (one ounce) of cooking chocolate, stir to a smooth paste with three tablespoonfuls of boiling water and add to mixture.

Pour into a buttered pudding dish, set dish in a pan of hot water and bake in a moderate oven. It will take about one hour. Serve with either cream or a hard sauce.

Apple Pan Doudy
Inexpensive and quickly made. These are two of the virtues of old-fashioned apple pan doudy.

Pare five or six large apples cut in eighths and put into an aluminum saucepan. Add three tablespoonfuls water, one quarter cup of sugar, one teaspoonful grated nutmeg, or one-half teaspoonful cinnamon if preferred.

Cover and cook about five minutes. Mix thoroughly 1/2 cup bread flour, three teaspoonfuls baking powder and one-half teaspoonful salt. Cut in with knife two teaspoonfuls butter, then add one-half cup of milk, stirring with knife.

Handle as little as possible and spread the dough over the apples. Cover closely, place on an asbestos mat over the same and cook until done without lifting cover, for about one-half hour. Invert pudding upon serving dish and serve with sugar and cream or the following sauce:

Foamy Sauce: Beat very stiff the white of one egg and then beat in 1/4 cup of powdered sugar; transfer egg beater to yolk of one egg and beat until thick and light-colored, then beat in 1/4 cup of powdered sugar. Cut out and fold mixtures together, beat in two tablespoonfuls hot cream or top milk and flavor with vanilla.

All of these desserts are simple and easily made according to Miss Allen's tested recipes.

For cleanliness. And freedom from smoke and odor. That's why some oil stoves have long chimneys. The extra length of the chimneys insures complete combustion of the oil.

(Watch next week's issue for another worthwhile cooking chat.)

Ask Me Another Question

1. Is the house fly a carrier of the germ causing typhoid fever?
2. Is the fly the only means by which typhoid fever is transmitted?
3. Does the house fly spread other diseases than typhoid?
4. Do many flies survive the winter months?
5. How many eggs does a fly lay?
6. How long does a fly live?
7. How old is a fly before it begins to lay?
8. Do flies travel a great distance?
9. How do flies transmit disease germs?
10. How many cases of typhoid have been reported in Texas this year? (A. L. M., Colorado.)

ANSWERS

1. The house fly is often a carrier of typhoid fever germs, and is a potential health menace. If he has access to filth containing disease producing germs, he becomes a disease "carrier."

2. No. Typhoid fever may also be transmitted by water, milk and uncooked food which has typhoid germs in it. These germs always come from the excreta of the body of one suffering from typhoid.

3. The house fly may also be the means of transmitting cholera infantum, dysentery, diarrhea, enteritis, tuberculosis, and other diseases.

4. Only a few flies survive the winter months, and if these were exterminated at their first appearance in the spring, fly control would be a more simple problem.

5. From 120 to 150 at a time and one fly may live to lay as many as six times.

6. A fly usually lives from two to three months in summer, and for a much longer time in winter.

7. About two weeks old.

8. The number of flies in a community is an excellent index to the sanitary conditions of that community, as flies do not travel any great distance. When

many flies are found around your home, most likely their breeding place is near by. A barn yard is an ideal breeding place for flies, and also accumulate filth of any kind.

9. Flies eat filth and walk over it, getting germs upon their feet and bill; they then fly into the house if not screened out, where they walk over the food, the children's hands and face, leaving specks as they go. These specks are particles of filth, and may contain

many germs. Are you willing to take a chance on eating this filth and possibly contracting typhoid fever or some other disease?

10. There were 355 cases of typhoid fever reported to the State Department of Health by county and city health officers for the period, Jan. 1st to Aug. 31st. This however, does not represent the actual number of cases occurring within the state, as a large number of physicians do not report, to the county and city health officers.

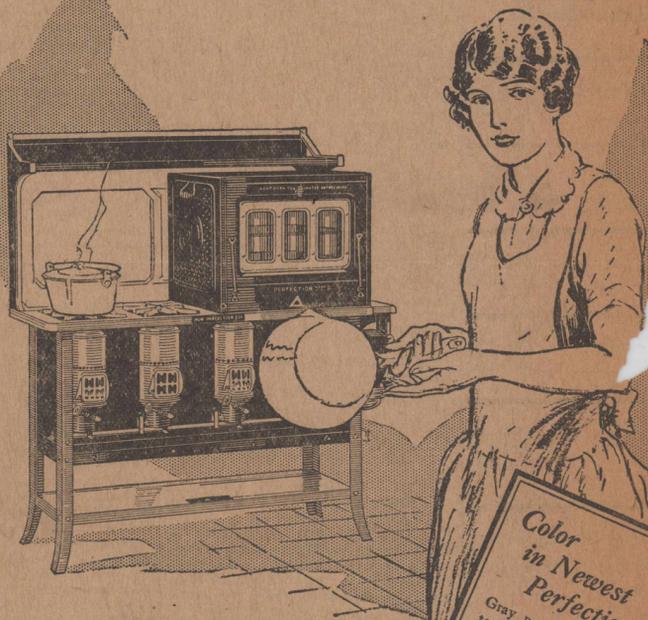

Next Week Is Fair Week

And you'll find our store well prepared to serve all our regular customers as well as visitors promptly and courteously.

Be sure to attend the Fair, and don't fail to visit our store while in Floydada.

Clean heat

No black kettles to scour!

How much pleasanter cooking is, when there are no black pots and pans to scour afterward! Every woman who cooks with a Perfection Oil Stove is spared that horrid nuisance.

There is never a speck of soot. For in the long chimneys, every drop of oil is completely burned before the heat reaches the cooking.

Perfection flames stay at the height you set them, so you need never fear they will "creep up" and make the kitchen sooty.

Soot, as you know, is half-burned kerosene — just wasted heat. With Perfections you have real fuel economy, as all the oil is changed into cooking heat. They burn only kerosene, the safe household fuel.

Miss Allen says—

"Utensil bottoms are free from soot when cooking is done on the Perfection Stove."

MISS LUCY G. ALLEN
Principal, Boston School of Cookery.

With Perfection you will have wonderful cooking results, and your utensils will stay shiny as new. See the newest Perfections at any dealer's—1 to 5 burner sizes. Priced from \$7.25 to \$130.

PERFECTION STOVE COMPANY
Dallas Branch—825 Trunk Ave.

FLOYD COUNTY FAIR, SEPTEMBER 22, 23 AND 24

10 Communities Place Products On Display

(Continued from page one)

up. Telegraphic advices received yesterday said that this organization would be in readiness for the opening. For those who like dramatic productions The Merry Madcaps a dramatic organization, has been engaged for the week beginning Monday. They will be located on the fair grounds the last three days of the week.

Thursday afternoon the first of the series of polo games will be played between Snyder and Wichita Falls, followed by the football game between Floydada High and Plainview High Friday afternoon opening the football season for both teams at Floydada baseball park. Prior to the game Troops 42 and 43 of Floydada Boy Scouts will drill in competition for a large U. S. flag put up by the fair.

Friday judging in all departments is expected to be completed and ribbons placed.

In the parade Saturday morning fifteen communities plan to take part with decorated cars or floats. Ten local organizations and clubs are expected to have places in the parade and the representation of merchants and automobile agencies is also expected to be general. The parade will form in front of the American Legion home on north First Street and end at the fair grounds.

Unless plans are changed Grady Burson (W. T. S. T. C.) will be the referee in the Plainview-Floydada football game, and Aubrey Bishop (S. M. U.) will umpire.

TWO RESIDENCE PERMITS

Two permits for the construction of residences have been issued during the past week by City Secretary Burl Bedford. They were to:

Blanche Bass for a \$2,500 residence on Lot 5 in Block 17 in Bartley Heights Addition, and J. Fae for a \$2,000 residence in Honercha Addition.

Cats Fared Well

If the Panther Cats do as well at all of their stopping places on their barnstorming tour as at Floydada, playing Sadler's All-Stars they will have reaped a nice harvest. Their part of the total gate of \$1052.65 was \$632, or sixty per cent. This means that each member of the barnstorming team got slightly less than \$50 apiece for demonstrating why they are in Class A company before the home fans.

The Floyd County Fair also fared well. Mr. Sadler, after checking up on all expenses had a net balance on hand of \$40, which was donated to the fair funds.

MRS. WALTER PENNINGTON IN CHARGE OF MUSIC DEPARTMENT

Mrs. Walter Pennington is now in charge of the music department of the F. C. Harmon store, the management announced this week. Mrs. Pennington will be at the store all during the business hours and will demonstrate phonographs and records at any time, it was stated.

Mr. Harmon has stated that his music department has grown so greatly during the past few months that it has become necessary to use a full time saleslady. Mrs. Pennington started at the new position Saturday.

HOLD FUNERAL SERVICES FOR 18 MONTHS OLD BOYLE CHILD

James Dugan Boyle, the 18 months old son of Mr. and Mrs. D. D. Boyle of the Sand Hill community, died Tuesday night at the Boyle home in Sand Hill. The child had been sick for only five days. The cause of his death, which came at 11:30 o'clock Tuesday night, was unknown.

The Boyle family had been living in this community for little more than eight and a half months, coming here from Hale County. Besides the parents, the child leaves four sisters and one brother.

Funeral services were held Wednesday afternoon at 2:30 o'clock at the Boyle home with Rev. W. R. Hill, pastor of the Floydada Baptist Church, in charge.

Interment was made, following the services, in the Floydada cemetery.

STARKEY TO EXHIBIT AND HAVE FLOAT IN CO. FAIR

Starkey Community will have an agricultural exhibit at the Floyd County Fair, opening Thursday of next week, and will also have a decorated float or car in the parade of communities, merchants and civic clubs of the county Saturday morning, G. P. Humphries, principal of Starkey School said Monday morning.

The school had a fine opening Monday morning with good attendance, he told a reporter of The Hesperian, and prospects for a good school year are promising. The other two teachers on the school faculty this year are Mrs. Edna Phillips and Miss Sallie Rattou.

POUTRY SHOW PLANNED TO FOLLOW SHOW AT AMARILLO

If plans tentatively made for the Floyd County Poultry Association Wednesday night are carried out the poultry show this winter will be held on dates immediately following the winter show to be held in Amarillo.

"We hope to make the show this year the best ever," A. B. Muncy, president of the association said, "and if we are fortunate enough to carry out our plans as being formulated we will have some fine exhibits from other sections of the county, which will be valuable to Floyd County poultry raisers in seeing the standards being maintained over the southwest."

One especially interesting feature will be the exhibitors' banquet planned for one night of the show, to be sponsored by the Floydada Chamber of Commerce, and another feature which officials hope to work out will be special premiums that will be of interest and practical value to the winners of them.

Pleasant Hill

Pleasant Hill, Sept. 13.—School opened Monday with a full enrollment and without fifteen parents present which was very encouraging to the teachers. Several good talks were made and we feel like we are going to have one of the best schools Pleasant Hill has ever had.

Mr. R. M. Battey and family visited with C. N. Neal's family in Floydada Sunday.

Mrs. J. R. Evers and Marshall made a quick trip to Paducah, Saturday.

Mr. and Mrs. Dutch Nation have a new baby girl.

Grace Shelton and Hazel Blankinship spent Sunday with Abbie Lee Woolsey Winnie Coward and Dora Elsie Lloyd spent Saturday night with Lucille Evers.

R. M. Morgan, Jr., Geraline and Etna Lee Morgan spent last Wednesday with the Blankinships.

Bessie and Orvno Shearer, Stella and Evert Wayne Furrow spent Sunday at the C. F. Lincoln home.

Mr. and Mrs. Ferguson, of Floydada spent Sunday with Mr. and Mrs. W. H. Furrow.

The young folks report a very pleasant time at the party given by Stella Furrow, Friday night.

Don't forget to boost for our County Fair. A number of County Fair boosters from Floydada were here Tuesday. We were very glad to have them and enjoyed the music and talks very much.

Conservative scientists estimate that there are probably 8,500,000 kinds of insects in the world.

F. H. S.-Plainview Open Gridiron Program Here

(Continued from page one)

games to be played on the local gridiron. Coach Jay's enthusiasm at the meet and his prospects for a much better season of football created a great deal of interest among South Plains fans. Even before their opening game, they are being picked by many as probable contenders for the Class B Championship again this year. A Lubbock paper has the following concerning the prospects of the F. H. S. boys:

Floydada Looks Good

"Floydada, at the present writing appears to be a Class B championship contender. The Whirlwinds under the direction of Ike Jay, Simmons University product, has been working with his large group of recruits for the past two weeks. With the return of eight lettermen Jay has better chances of coping the Class B title than any other club. Together with the eight former Whirlwind gridstars Jay has a host of valuable material. The Floydada crew defeated all contenders for the title in this district last season and won the right to meet the Anson high school club. Anson defeated the Whirlwinds by a close score—and then won the state championship by defeating the Marlin crew by a score 3 to 0."

Complete Season Schedule

The schedule worked out by Jay during the coaches meet will line the strongest teams in this district against the Green and White eleven. With only one open date, October 14, the schedule for the preliminary games is as follows:

September 23—Plainview at Floydada.
September 30—Lubbock at Lubbock (Fair date)

October 7—Tahoka at Floydada.
October 21—Hale Center at Floydada

October 28—Spur at Spur.
November 4—Ralls at Ralls

November 11—Post at Floydada
November 18—Lockney at Floydada

November 25—Slaton at Slaton

Slaton High School Tigers, with whom the Whirlwinds have battled for supremacy in this district for a number of years, report poor prospects for the coming season. Odus Mitchell, new coach of the Tigers and former W. T. S. T. C. Buffalo gridster, states that he will be the "under dog" in the district chase for the football title. However, reports state, that he will have a number of lettered men to return to the gridiron and it is probable that a strong team will be moulded around these gridsters.

PLANS UNDER WAY FOR NEW MISSIONARY BAPTIST HOME

G. M. Bullard, of Floydada, C. J. McCarty, of Lockney and W. M. Draper, of Silverton, met in Floydada Wednesday to make plans for the building of a home at Floydada for the District Missionary Baptist Preacher. Plans will be drawn up by this committee and submitted to the executive committee at the Worker's meeting which will be held in about thirty days.

The executive committee is composed of the pastors of the churches and one layman from each church. The district voted to build the home sometime ago.

JUDGES AND COMMISSIONERS MEETING TODAY AT CROWELL

Judges and commissioners of the eight counties on Lee Highway will have a number of visiting officials from neighboring counties at their meeting today in Crowell, which is attended by Judge Wm. McGehee and Commissioner W. C. Hanna of this county.

Tax problems, relations of the courts to the taxpayers, and relations of the courts to the highway department of the state are the principal subjects for discussion in the meeting. The session begins in the basement of the Baptist Church at Crowell at one-thirty today with a luncheon. Mack Boswell of Crowell will give the welcome address and Judge Wiley of Quanah the response.

Discussion on "Why this organization," will be led by Judge Geo. L. Mayfield of Plainview.

"The relation between the people and the Commissioners' Court" will be the second subject for discussion. Judge McGehee of Floydada will discuss the subject from the viewpoint of the court and T. N. Bell, a resident of Crowell from the people's side. Judge Lee of Benjamin, will lead the discussion of the subject, "The tax problems as confronts the Commissioners' Courts," and "The relation that should exist between the court and the Highway Department will be the subject of Judge Jordan of Matador. "Our plan of dealing with the Highway Department in highway maintenance," will be a round table discussion in which all officials present will be asked to take part.

MISS BELL CANNADAY PRINCIPAL OF PETERSBURG PUBLIC SCHOOL

At the opening of the Petersburg Public School Monday morning, Miss Belle Cannaday, daughter of Mr. and Mrs. W. I. Cannaday, of this city, assumed her place there as principal and teacher of mathematics.

Miss Cannaday received her A. B. degree from Baylor University at Commenment in June. Just recently she returned from New York, where she attended Columbia University.

SAND HILL H. D. CLUB

The Sand Hill Home Demonstration Club met September 7 in regular session. Plans were made for the Fair and also the Fall garden show which will be had Thursday, September 15.

The next meeting of the club will be held Wednesday, September 21. The subject for discussion will be "What I Am Contributing to the County Fair," led by Mrs. Arthur Womack. Mrs. A. R. Hanna will discuss "Our Part in the Fair." Miss Bass will give plans for making the booth and suggestions for final arrangements.

R. B. Gary and children reached home Monday from their trip into Mississippi and Tennessee on a visit with relatives Mrs. Gary stopped at Quanah, where she was called by the serious illness of her father, J. H. Steward.

New Grid Rules

When Floydada fans go out this year to "root" the Whirlwinds over the goal line, they are going to find several changes in football rules that have important bearing on the contests. Coaches have pointed out three important changes that the spectators will need to know to fully understand the game. First, they will see the goal posts sitting back ten yards. This means that much of the individual honor of kicking field goals will be gone, and goal after touchdown will be harder. The goal line will thus be in front of the goal posts and sometimes a touchdown may be made without the spectators realizing it. For this reason the goal lines will be heavily marked and flags arranged at the corners of the fields.

If the crowd rushes over the side lines the home team will be penalized fifteen yards. If it is a visitor rooting for the opposing team, that team will draw the penalty.

This year if the safety man drops a kick, opposing players, coming down the field, can recover the ball and it is theirs, but they cannot run with it. While this somewhat changes the play it does not do away with the fair catch.

Probably the last important change for 1927 is the backward pass. On a fumbled backward pass, the ball belongs to the team where the ball fell, and is not carried back to the point of origin as in the forward pass.

PRAIRIE CHAPEL H. D. CLUB

The Home demonstration club met Tuesday afternoon, Sept. 13, at the school house. From now on the club will meet in the homes of the members until school closes again. We did not have any work at this meeting, except locating more exhibits for our community booth at the Floyd County Fair next week. We enrolled two new members at this meeting. They were Mrs. L. Buth and Mrs. O. W. Schmidt. Mrs. Taylor Golden, Mrs. John Belt, Mrs. Roy Golden, Mrs. Frank Cunjus of Sweetwater and Miss Lucy Ranschenbeck of Plainview were our club visitors. Our next meeting will be with Mrs. Will Allen, Tuesday afternoon, September 27.

Following is the program for the date:

- Subject: School lunches.
- Roll call—Answer with favorite lunch.
- Requirements of well balanced lunch—Mrs. Emmet Tierce.
- Disadvantage of unbalanced lunches regarding health and attractiveness—Mrs. William Wood.
- Best method of packing lunch—Mrs. France Carthel.
- Do not forget our meeting dates. Every second and fourth Tuesday afternoon at 2:30 o'clock.

Locals and Personals

Mrs. Dallas Husky returned home Sunday from a visit with her parents, Mr. and Mrs. W. M. Romain, of Crosbyton. She accompanied her sister, Mrs. Aubrey Hardesty and husband, of Borger, to Crosbyton. Mr. and Mrs. Hardesty visited here for several days, last week.

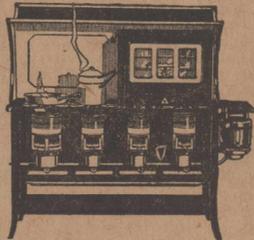

Mrs. May Andreson and daughter, Margaret, and Willie B. May returned Wednesday, September 7, from a visit with relatives at Arkadelphia, and Hot Springs, Ark. They also visited at Waxahachie and Fort Worth.

J. T. Howard left Tuesday for St. Jo, Texas, where he was called by a telegram stating that his mother was seriously ill. His mother has been in a serious condition for months.

Mr. and Mrs. C. M. Wilson spent Monday and Tuesday at Amarillo attending the Tri-State Exposition.

Mr. and Mrs. G. R. May accompanied their son, Willie B., to Plainview Saturday night, the young man leaving that night for Abilene to attend McMurray College. Reports state that Willie B. "is liking his school just fine, so far."

Fiction books continue to find favor with patrons readers of the Floydada Library, according to Mrs. A. P. McKinnon, librarian.

NEW PERFECTION OIL STOVES and NEW PROCESS GAS STOVES

are two of our specialties.

We have all the styles and types of New Perfection Stoves in stock and carry wicks and parts for them. Also Wicks for nearly all makes of oil stoves.

In the New Process Gas Stoves you will find one of the best, one of the most economical, one of the prettiest, and one of the cheapest Gas Ranges sold here.

Get our prices and see our stoves before you buy.

We sell stoves for cash or on installments.
