Four times as many fish will congregate in an area where food is distributed regularly, as compared with normal areas. So, if you want to improve your angling average, try feeding fish on a regular basis.

Some Timely Tips

Long ago we learned that everyone has at least one good, original idea. Also we discovered that no one individual knows all about anything. So in our contact with outdoors people we're ever on the alert for tips to relay to our readers.

We'd like to include a few, right now, for your consideration. Chances are you heard about some of them so long ago that you had forgotten them. If so this will remind you. Anyway here they are:

SEA SICKNESS—If you are afraid of becoming seasick, take along a bottle of Karo syrup. As soon as you feel the least bit woozy take a couple of spoonfuls of the syrup. You'll be in tiptop shape in just a few minutes.

Candy with dextrose ingredients serves the same purpose.

TO FIGHT FIRES—You'll find a heavy blanket, especially an old army blanket, is mighty useful in that boat of yours. Not only will the blanket make a comfortable seat cushion, but there are times when it also provides much needed warmth. A blanket comes in very handy in case of cold winds, sudden rain storms, or emergency camping.

Perhaps most important is its availability to smother gasoline flames. A blanket soaked in water is a mighty potent weapon against a fire.

MOTOR CARE—When you get ready to dock your boat for a few days, leave your outboard motors running while you disconnect the gas line. Your motors will continue to run until the gas in the carburetor is burned up. Purpose is to drain the carburetor completely.

This will help prevent gum inside the carburetor. Also it will keep the cylinders from sticking when you get ready to start up again.

Another good motor tip, especially in cold weather, but a good habit to develop, is to kick the motor over a few times after you tilt it. This will remove all water from the cylinder heads and help prevent freezing.

MOTOR OIL—Many an outboard enthusiast learns too late how all-important oil is to the motor. Every outboard gas can says on it, in jumbo type that you should add one-half pint of oil per gallon of gas. Unfortunately the same instructions also specify one quart of oil for the six gallon can. It doesn't take much of a mathematician to figure that at a half pint per gallon there should be three pints or a quart and a half of oil for every six gallons.

If you think that a quart of oil is enough, just try it for six months. Then take your motor in and have it rebuilt. That's what has happened to a lot of good motors, including a couple belonging to yours truly.

Our advice is to use AT LEAST a half pint of oil per gallon of gasoline. Should you use too much oil the only possible harm is fouling up some spark plugs. They can be replaced a lot cheaper than it costs to overhaul a burned out motor.

GUN CARE—No equipment lasts forever. But you can prolong the life by exercising care and cleanliness. Especially is this true of firearms. Give the gun a thorough going over after every day of firing.

A can of Glidden's silicon will give a nice polish to your gunstock and also improve its appearance tremendously.

SECOND OF A SERIES . . . Africa . . . A Political Jumble

Given differences in geography and differences in social and cultural values, it is inevitable that there would be differences in political organization, even the most rudimentary. And so it was in Africa, irrespective of the colonial factors that have played such a part in the continent even up to the present time. The way people organize themselves into groups, in Africa as elsewhere, has a bearing on the future—ours as well as theirs. Some tribal organizations, as among the Akan states, were quite democratic. The chief was selected by the elders and could be removed from his office for a violation of trust. It is not surprising that this group responded to British tutelage and, along with other similar Gold Coast peoples, helped to found one of the first of Africa's free nations—Ghana. Other tribes are more individualistic, having responsibilities only to their kin groups, and have no chiefs or leaders of their own. Some sport hereditary chieftains. Certain African groups have constituted nations for several hundred years. Ethiopia has been a continuous empire for over a thousand years.

Into this welter of natural development, European nations plunged with vigor during the nineteenth century. Grabbing land, planting flags, dividing peoples, the great powers were scarcely aware of the social systems they disrupted or of the consequences for the future. In fact colonial expansion was so rapid and disorganized that the participating nations were forced into international conferences to straighten out their territorial disagreements.

Between World War I and World War II the political pattern of Africa was stabilized. Today emergent African states seek modifications of the older colonial patterns, or complete freedom from them.

The economic profile of Africa is also a study in contrasts. The continent possesses a large share of the earth's wealth, but the people are among the poorest in the world. All of the tragic accompaniments of poverty—malnutrition, ill health, lack of facilities, illiteracy, ignorance—are found in most parts of the continent.

We have already examined some of the factors that helped to cause such divergence. We know that half of the continent is semi-arid, that unfavorable climate, disease, and pests have reduced other areas to subsistence levels, and that a multiplicity of peoples, languages, and governments has impeded cooperative effort. In short, conditions of living and development are unequal throughout Africa. But not all of this inequality is natural or necessary. Much is man-made. Man-made inequality is a serious moral, economic, social and political problem in today's Africa. It is seen most sharply in South Africa where the government decrees in-

equality in education, employment, community living, and even the church. But some British multiracial areas are dissimilar only in degree. Wage differentials based on race are general.

In the past, although inequality produced tragic social problems, there was little organized effort to secure redress. Since World War II, however, the demand for a decent standard of living, education, self respect, and the human right to hope have been mounting. In some instances this desire for equality has brought new states into being—Ghana and Morocco, to name two—or brought a revitalization of an old state, as in Ethiopia.

If the man-made factors of inequality can be lessened in time many of the natural factors of inequality can be brought under control. Modern developments in medicine, science, and technology can be applied to produce healthful living, control pests and disease, improve agriculture, and develop natural resources. With international help three of Africa's major scourges, yaws, malaria and leprosy, are being reduced even in remote rural areas. Campaigns against the tsetse fly are gaining momentum, and the locust, which has eaten his way back and forth over North and West Africa since Bible times, has been brought under control. This progress makes living possible in great new areas, as well as giving an opportunity for the development of agriculture beyond subsistence levels. Improved farming methods, irrigation, and soil fertilization programs are earning steady acceptance by individuals and governments. The atomic reactor, seen by many people at the International Conference on the Peaceful Uses of Atomic Energy in Switzerland, has a challenging new home in the Belgian Congo. Along with gigantic hydroelectric programs like the Volta River, Owens Falls Dam, and Inga on the Congo River, it offers spectacular promise of industrial development, for Africa's natural resources are perhaps the greatest in the world.

But if Cinderella's golden coach is not to remain a pumpkin, Africa and all Africans must be helped through this period of revolutionary change to become functioning parts of the family of nations.

Part III—The Soul of Africa.

Service Station Operator Studies Modern Methods

W. H. Baccus Jr., operator of the Mobil Service Station at 904 North 1st, Haskell, has recently completed special training in the latest methods of service station operation.

For two weeks, November 9 through November 20, specialists at Mobil Oil Company's Sales Development Center discussed with Mr. Baccus and other dealers, ways to offer better service for the motorist.

Located at 3299 S. 14th, Abilene, the Sales Development Center will also provide Mr. Baccus with current information on design changes and requirements for late model cars, products, all car services, and service station management.

Christmas Party Held Tuesday by B&PW Club

Hand painted invitations, bearing the figure of Jolly Santa Claus, invited members and guests of the Haskell Business and Professional Women's Club to their Christmas party, Tuesday night, Dec. 8 in the community room of the Haskell National Bank.

The room was made gay and beautiful with lovely Christmas arrangements in red and gold, placed about the room.

Members and guests were greeted at the door by the president, Madalin Hunt. Mrs. Clara Biard presented each lady with a dainty Santa Claus corsage. The invitations and the corsages were made by Mrs. Ozelle Frierson, first vice president.

Each member brought a new toy. A very nice assortment of toys was given to the Goodfellows to help Santa bring cheer to needy families in Haskell. The toys were displayed on a table covered with a white cloth. A small musical Christmas tree centered the table. The base of the tree was a Swiss music box as the tree revolved it softly played "Silent Night."

Ozelle Frierson read the Club Collect. The president extended Christmas Greetings to the guests, and then introduced the guest speaker for the evening, Mrs. Ben Charlie Chapman.

Mrs. Chapman gave a most delightful review of the book, "Christmas with Ed Sullivan." After her review each member had a greater respect for this man who has done so much to bring the best talent to America. Mr. Sullivan has also helped many aspiring young artists gain recognition in their chosen fields of art.

The refreshment table was covered with a beautiful Italian cut-work cloth. A candle tree designed in red glass centered the table. It cast a red glow over other appointments on the table.

Fruit cake, dainty cheese sandwiches, olives, salted pecans, and coffee were served by the hostesses.

Officers for 1959-60 are: President, Madalin Hunt; first vice president, Ozelle Frierson; second vice president, Opal Dotson; treasurer, Louise Greene; recording secretary, Edna Mae Lyles; Corresponding secretary, Opal Nanny; parliamentarian, Nettie McCollum; reporter, Virginia Flournoy. The club will hold their first meeting of the New Year, Jan. 12, in the community room. The Career Advancement Committee will serve as hostesses. Miss Nettie McCollum will be director of the program. The theme of the program will be "Self-Improvement." Mrs. R. C. Couch Jr., and Miss Margaret Anderson of Abilene, will be guest speakers.

Garden Club Guest Day, Christmas Program Held In Pierson Home

The spacious home of Mr. and Mrs. Alfred Pierson was the setting for the Garden Club's annual guest day and Christmas program Thursday, Dec. 3. Co-hostess and arrangement committee were Mrs. R. L. Burton, Mrs. C. M. Conner and Mrs. W. P. Trice.

For the occasion, the Pierson home was done in a style in keeping with its usual decor with both traditional and modern decorations in evidence. In the dining room the table was laid with a red cloth with appointments of silver and crystal. Unique and attractive arrangements by members of the Garden Club were made from both fresh and dried material. Among them was a shadow box of antique gold arranged with magnolia leaves and other material, made by Mrs. J. M. Connally, a new member of the club. The buffet was attractive with a cone shaped tree made from soap flakes and glitter flanked by

decorations emphasizing Christmas motif. Mrs. W. P. Trice for the program introduced Mrs. Terry, talented speaker in the Haskell schools. Two of her students, Weaver and Kay, brought a Christmas of unusual spiritual "Beautiful Thought Season."

"Christmas is a celebration is instilled heart. Through how-treating through Christmas has been since that cry came down the ages, 'Behold, I bring you news of great joy, to be to all the people you are born this day is Christ the Lord.'"

"Faith and hope which cannot be bought but only given away wellspring, firm as Christmas Celebrate."

Mrs. Diggs reviewed book "Right Here Right Now" by Margaret T. Apple is the legend of "Madonna" interpreted Negro Spiritual. This was sung by Kay, accompanied by Suzanne at the piano. The president, M. Couch, presided over business meeting and with Christmas of Beautiful Thought Season.

Members who were Mmes. Earl A. L. Burton, Jetty Couch Sr., Ed Fogliani, Scott W. Gre Holt, A. C. Pierson Thornton, W. P. Trice, Ballard, W. P. McCannally, S. W. Luther Burkett, Wyche, John P. Pay Rattliff, Leroy O'Neil Nanny, Terry Miss Nettie McCollum Kay Culberson and zanne Weaver.

Christmas Social Held Tuesday By Harmony Club

Mrs. Henry Withers was hostess in her home Tuesday evening, Dec. 15 at 7:30 for the Haskell Harmony Club's annual Christmas party, a tra-

ditional affair for the music club.

The home was beautifully decorated in a Christmas motif of greenery and berries. A lovely tree, glowing with varicolored decorations stood in a corner of the living room with gifts at its base.

A colorful hanging of candies was suspended from the doorway from which the guests were invited to cut a tasteful bit of sweets.

The fireplace mantelpiece was a Nativity Scene, typical symbol of the Christ Child born in a manger, surrounded by those who brought gifts to honor the King. Lighted green candles magnified the scene.

The members sang a series of Christmas Carols with Mrs. R. A. Middleton at the piano, with Mrs. Clinton Kimbrough singing a special carol as a solo.

The Haskell Songettes, composed of Peggy Thigpen, Lynn Tyler, Claire Kimbrough, Barbara Kimbrough, Diane Hester and Pamela Christedow, sang a number of Christmas songs, with their leader, Mrs. Al C. Williams at the piano. They were accompanied by Mmes. Ira Hester and John Kimbrough.

Mrs. Mart Clifton acted as Santa Claus and presented gifts to the members of the Club from the tree.

The dining table was beautifully laid with a red Belgium linen cloth, centered by a cleverly constructed Christmas tree made from multi-colored balls and lighted tapers. An appointment of silver and milk glass added an attraction in contrasting colors. Plate favors were miniature candy canes.

The social chairman, Mrs. J. F. Cadenhead, served hot mulled apple cider, graham date-nut cake and cheese balls to the following guests and members:

Mmes. O. E. Patterson, Tommye Hawkins, Tannye Squyres, Clinton Kimbrough, R. A. Middleton, Roy Smith, D. A. Morgan, Al C. Williams, Mart Clifton, Guy Harris, J. F. Cadenhead, Henry Withers, John Kimbrough, Ira Hester, Miss Martha Meadors and the Haskell Songettes.

The social and decorating committees had charge of the activities as co-hostesses. The hostess wished all a "Merry Christmas and a Happy New Year."

About 1870, Frank Meana, a Cheyenne saddlemaker, made a saddle with a leather flange extending over the cantleboard, to the rear, which became known as a "Cheyenne roll."

Farm Census Is Half Completed In This Area

The 1959 Census of Agriculture is about 50 per cent completed in this area, it was announced today by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

The census official stated that he was well pleased with the cooperation the census takers are receiving from farmers in the area and has high hopes of completing the canvass within the next ten days. He pointed out that the field canvass of farms is one of the larger costs of the census and that cooperation of farmers in completing questionnaires promptly will be a vital factor in keeping down the final cost of the undertaking.

Quick completion of the census will not only help in keeping costs down but will aid in prompt publication of the results, the field director said. He urged local farmers who have not already done so to complete the census questionnaire and have it ready when the census taker calls.

Notice of Change in Water Rates

To the Patrons of the City Water Works Haskell, Texas:

Most of you probably know that for the past three summers, your City Council and City Water Department has been hard pressed to secure sufficient water for the needs of the City.

We have spent a lot of money in search of new wells that are within a reasonable distance of our water mains, so that the cost of adding them to our distribution system would not be too great and while we have found some new wells, some of the older wells have failed completely or they are no longer profitable to pump them.

After the summer of 1959 we are made to realize that we must search for a supply of water outside the City Limits of Haskell and a considerable distance from any of our water mains.

We have made thorough tests on some land, under provisional lease, one and one-half miles Southeast of town. These tests indicate that water in sufficient quantity to relieve the present shortage can be secured there. A pipe line to this new source, of proper size together with pumps and other necessary equipment, would cost somewhere near thirty thousand dollars.

We have in our maintenance fund of the Water Department about ten thousand dollars that can be used for this purpose and to retire the balance of the cost of this new water supply, it will be necessary to raise water rates in Haskell which are very low when compared to other towns of comparable size.

Our present water rate in Haskell is:

\$1.75 for the first 3M Gallons.

.25 per M for next 22 M.

.15 per M for all over 25 M Gallons.

After a thorough study of the matter, we have decided that beginning with our Jan. 15th billing, we will add .75 cents to our minimum charge and use the following rate schedule:

\$2.50 for the first 3 M Gallons.

.30 for the next 17 M Gallons.

All over 20 M Gallons used to be 25 cents per M Gallons.

We plan to use a type of cast iron pipe that is easily re-

moved and when this source of water is no longer needed in Haskell, we can take up this pipe and use it in the northern outskirts of the city to give better water pressure in that portion of town.

Respectfully yours,
Haskell City Council.

Rotarians Told Of New Merit Rating Plan

Texas' merit rating plan on automobile insurance was explained to members of the Rotary Club at their noon luncheon meeting Thursday by Jimmy Turner, local insurance underwriter with the Barfield-Turner Agency.

Special guest at the meeting was Martha Decker, HHS senior and top-ranking student who had been selected by the club as student-guest for the day.

Turner, introduced by Lon Pate, program chairman, explained that the new merit rating plan becomes effective Jan. 1, 1960 and is mandatory in Texas.

The rate will apply on all insurance written on automobiles classified as "family cars," and applies to premiums on personal liability, medical payments, and collision insurance, as well as other risks.

Purpose of the merit rating is to reward careful drivers with a lower insurance rate, as compared to those drivers who have a record of negligence in operating motor vehicles. A point system is used in computing the rate, based on the number of accidents or moving violations charged against a driver. "A sufficient number of accidents could result in doubling the insurance rate for a careless driver," Turner pointed out.

Tom Roberson led the club sing-song, with Mrs. Henry Withers as accompanist. President Hooper Wilkinson reminded members the club would meet Dec. 23 during Christmas week.

A visitor was Rotarian A. B. Youngblood of Abilene.

Loggerin' is the term cowboys use for riding out of the chute at a rodeo with hand, or hands, gripping the saddle horn.

M. A. Bailey, 85, County Resident 64 Years, Dies

M. Arthur Bailey, 85, who had lived in Haskell County since he was 21 years old, died at 2:45 a. m. Dec. 16 at his home here. He was a retired carpenter.

Funeral service for Mr. Bailey was held at 10:30 a. m. Friday, Dec. 11 at the First Baptist Church with the Rev. M. D. Rexrode, pastor, officiating. Burial was in the Rule Cemetery under direction of Holden Funeral Home.

Mr. Bailey was born Dec. 8, 1874, in Georgia. He came to Haskell County in 1896 from Falls County and married Lillie Augusta Norman here on June 20, 1900.

Survivors include his wife, of Haskell; one son, Norman A. Bailey of Pomona, Calif.; one sister, Mrs. Ollie Hair of Plainview; and several nieces and nephews.

Funeralbearers were Bill Lees, A. D. May, Norris Gibson, Shady Lane, Curtis Pogue, Jim Alvis, Garth Garrett.

MRS. AND MR. BOB FURRH PARENTS OF DAUGHTER

Mr. and Mrs. Bobby Furrrh of Grand Prairie, former residents of Haskell, proudly announce the arrival of a daughter, Lee Ann, on Dec. 6. Maternal grandparents are Mr. and Mrs. F. M. Montgomery of Haskell; great-grandmother is Mrs. Alva Montgomery and great-great-grandmother is Mrs. E. F. Young, both of Rotan. Paternal grandparents are Mrs. V. C. Anderson of Grand Prairie and I. N. Furrrh of Casa Grande, Ariz.; great-grandmother Mrs. Lena Sadler and great-great-grandmother Mrs. T. J. Cannon, both of Rule.

The term "nester," for a range settler, originated when the homesteader cleared a patch of brush and stacked it in a circular form to protect his feed patch from range cattle. It looked like a giant bird's nest.

Completes Army's Radiac Instrument Repair Course

Lenggries, Germany (ATNC) — Sgt. Gilbert K. Peacock, 28, whose wife, Virginia, lives in Woodson, Texas, recently completed the radiac instrument repair course at the Army Quartermaster - Signal School in Lenggries.

Sergeant Peacock was familiarized with and trained to repair instruments used to detect, identify and compute radioactivity.

Peacock, a central office supervisor in the 83rd Engineer Battalion's Headquarters and Service Company in Fontenet, France, entered the Army in 1949 and arrived overseas on this tour of duty in October 1958.

The son of Mr. and Mrs. Gussie G. Peacock, Throckmorton, he attended Woodson High School.

Army Training Now Starts With 15-Day Leave

"Start your Army training with a leave."

SPC Robert Tourville, Army recruiter for this area, has announced the following enlistment policy for the month of December.

Young men enlisting in the Army for three years after Dec. 10, 1959, will be given an immediate 15-day leave so they may spend the Christmas season at home with their family and friends. Both time and pay start on the day of enlistment, so therefore, a young man will be on active duty in the Army two weeks before he has to leave home. In addition to this, all other enlistment options are still available.

For further information you are requested to contact the Army Recruiting Service at 900 North Third Street in Abilene, or phone Orchard 2-5665, collect.

at their farm home. They have owned the place since 1941.

The well-improved farm includes 180 acres, all in cultivation except about 15 acres.

Principal crops are cotton and small grain. Cotton yield this year was light, due to late planting, and amounted to 21 bales. Mr. Mickler did not plant any grain this year, but left a patch of volunteer oats which looked promising for a time. However the yield was disappointing.

Mr. and Mrs. Mickler's four children are all grown, and none are living at home. The oldest son, J. R. Mickler, lives at San Angelo, Robert Mickler lives at Coleman, and Twain Mickler and his wife live at Veda's Camp. The Micklers' daughter, Mrs. Phil Williams, lives at Lubbock.

Winner of first prize in identifying the farm, \$5.00 in cash, is Mrs. W. R. Hager Jr., of Rt. 1, Weinert.

Second prize, \$3.00 in cash given by Woodard Farm Sales, sponsoring advertiser, goes to Mrs. Homer Livengood, Rt. 3, Haskell.

Third prize, a year's subscription to The Free Press, goes to Allen Isbell, Rt. 3, Haskell.

Each unit of the command annually sponsors at least one orphanage for the purpose of making the children's Christmas a happy occasion.

A tank driver in Company F of the 40th Armor, McNiel entered the Army in July 1958 and received basic training at Fort Carson, Colo. He was last stationed at Fort Knox, Ky., and arrived overseas in December 1958.

O'Brien School Attendance Shows Slight Decline

Supt. Elvin Mathis reports that the average daily attendance at Carney Rural High School, O'Brien, showed a decrease of 3 1/2 from the first six weeks reporting period to that of the second which ended on Nov. 20. The figure of the latter was 178.78 compared to 182.33 the first six weeks.

There were 188 enrolled on the last day of the period, 29 of these being in high school and 159 in grade school. Nearly all of the students who attend the O'Brien school during each fall and then return to Raymondsville have withdrawn.

State Collects \$13,155 In Fines On Game Laws

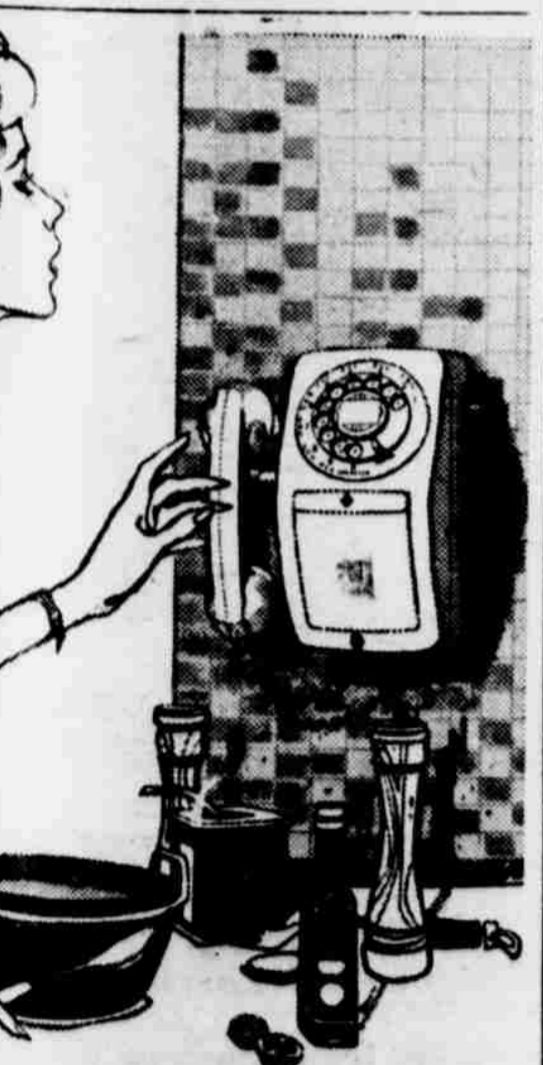

More than 300 Texas hunters paid fines last month for violation of game laws, according to the director of law enforcement of the Game and Fish Commission. In all 461 persons were arrested for hunting and fishing violations. They paid \$13,115.35 in fines and costs. Four served jail terms.

Despite warnings about hunting with unplugged guns, 49 paid fines for carrying shotguns with more than three-shot capacity. Next on the list 46 paid fines for killing too many doves.

Failure to have hunting and fishing licenses brought fines for 98 persons. There were 39 arrests of automobile hunters.

Sagerton News

BY MRS. DELBERT LEFEVRE

Mr. and Mrs. Barney Ross and Yvonne and B. L. went to Abilene Sunday to visit with Mr. and Mrs. Barney Arnold and son, Mrs. Arnold was on the sick list last week and was a patient in a hospital in Abilene.

The Sagerton school children will present their annual Christmas program Monday evening, Dec. 21 at 7 p. m. Everyone is invited to attend. There is no admission. The pageant is entitled The Story of Christmas Carols.

Miss Irene Stewart has announced that school will turn out Dec. 22 at 2:30 p. m. for the Christmas holidays. The children will have their Christmas trees in their rooms after lunch.

School pictures were made Wednesday, Dec. 16. Tentative plans are being made for a school annual this year, if they will be able to sell enough. Cost of the annual will be \$1.50 and pictures of all the children in the school will be included.

Guests in the Joe Clark home Sunday evening for a barbecue supper were Mr. and Mrs. Jack Jones and Kenneth of Old Glory, Mr. and Mrs. Leon Stegemoeller, Clayton, Calvin and Clyde, and Mr. and Mrs. Bill Hertel, Vicki and Carla.

In last week's paper, the news story of Rickey Lehrmann's birthday party should have included his brother, Randy. The party was for both boys, since they both have birthdays close together.

Mr. and Mrs. Otto Lehrmann received word that Mr. and Mrs. Jan Fouts of Lubbock are the parents of a baby girl born Saturday, Dec. 12. Mrs. Fouts is the former Adrienne Lehrmann, Mr. and Mrs. Ed Fouts, who live between Sagerton and Rule, are the other grandparents.

Carl Hertel was honored with a surprise birthday supper on his birthday Dec. 13. Those present were Mrs. Ida Hertel and Mrs. Harvey Duke and son of Benjamin, Mr. and Mrs. Ted Hertel of Munday, Mr. and Mrs. J. A. Hertel of Sagerton, the honoree and members of his family, F. A. Stegemoeller and Mr. and Mrs. W. T. Tredemeyer Jr., and son came later.

Mrs. R. O. Gibson Sr., entertained members of the Stitch and Chatter Club, and as a guest, Mrs. Fannie Gibson, in her home Wednesday, Dec. 9, at their regular meeting. Members present were Mrs. Etta Leach, Ethel Laughlin, Ben Hess, W. T. Benton, John Clark, Ione Sheid, and the hostess.

Mrs. Lizzie LeFevre of Haskell visited here last week with Mr. and Mrs. G. W. LeFevre after Mr. LeFevre was released from the Stamford Hospital following an accident. She visited in the home of Mrs. G. A. Leach and Mrs. Ethel Laughlin one day.

Mr. and Mrs. Glyn Quade and sons and Mrs. Lena Quade went to Big Spring Sunday to visit Robert Hendrick who is a patient in the Veterans Hospital there. The Hendricks live in Albany, and Mrs. Hendricks is the former Lillie Quade.

PAINT CREEK... COMMUNITY NEWS

BY MRS. GENE OVERTON

The community had an inch of rain and maybe more in some places on Monday night and Tuesday. The grain surely needed it, and everything will be all washed off and clean for Christmas. The dirt roads are a sight now, because the rain fell so slowly it sank down and where there is new gravel or dirt it really made a deep mud. But even mud is welcome with a good rain.

In the basketball tournament last week the high school girls won the trophy by defeating Avoca 39-37 in the finals Saturday night, and Coach James Raughton's high school boys won consolation trophy by defeating Goree. Teams entered were Goree, Benjamin, Avoca, Rochester and Paint Creek boys and girls and Mattson boys. The tournament was sponsored by the senior class.

Mrs. Selda Loe left Tuesday for San Diego, Calif., where she will spend Christmas with her husband A-Sc Jerry Loe, who will have a ten day liberty from his ship for the holidays.

Wayne Dilbeck left Monday for Houston where he will enter the Anderson Clinic for further dental surgery. He will probably be there through the holidays.

Eddie Lee Thane came home Sunday for a 15 day leave from his basic training in Ft. Chaffee, Ark. He will go to Korea after his leave. His parents are Mr. and Mrs. Manuel Thane.

Monday night the sophomore class was entertained with a Christmas party at the gaily decorated home of Mrs. Lilla Hefflin in Stamford by Mrs. Hefflin and Mrs. Manley Sikes. After an hour or more of games a lovely refreshment plate of chicken salad sandwiches, fruit cake and cold drinks was served. Gifts were exchanged around the Christmas tree, and guests were Ina Bittner, Ann McLennan, Jane Earle, Mary Ballard, Charlene Alexander, Judy Medford, Willie Faye Petrich, Belva Jones, Mary Beth Sikes and Mike Overton.

Every class in high school had their Christmas party Monday night.

The seniors were entertained at the home of Judy Calloway with her parents Mr. and Mrs. Garland Calloway as hosts. Mr. and Mrs. Bill Tate are the senior sponsors.

The Junior class with Willie Lee Medford as sponsor, had their Christmas party in Abilene where they bowled and skated.

The freshman class had their Christmas party at the home of their sponsor, Miss Billie Boshner. I'll try to get a report on these other parties next week.

The senior class helped Mr. and Mrs. Paul Fischer catch and load their hens the other night. The Fischers are selling the flock and won't get their new chicks until late next spring. They will surely enjoy the rest from egg gathering, I know.

The Ira Colemans have a new pearl-black Pontiac, and the Woods have a new Pontiac. We're glad for them.

Mr. and Mrs. Morris Watts and Marlene moved into Stamford last week and Mr. and Mrs. (Sonny) Clovis Coleman and Mark moved to the Watts place. They have that land rented for next year. We are glad to have the Colemans as new Paint Creekers, though Sonny was reared here and isn't so new.

Mrs. Manley Sikes and Mrs. Gene Overton represented Paint Creek at the luncheon in Abilene Thursday commemorating the 50th anniversary of the University Interscholastic League. They lunched with such dignitaries as Coach Dana X. Bible, Kern Tipps, Mrs. Bing Crosby and almost all of the area coaches and school administrators, as well as the Kiwanas and Rotary club members of Abilene. Supt. Pat Morrison was ill and unable to attend, and his name was listed on the back of the program as one of the honored guests, too.

Mr. and Mrs. Mack Earles, their son Eddie Mac and his friend Gloria Blackwell attended the Stamford-Olney semi-finals game at Wichita Falls Friday night. Miss Blackwell is one of the Stamford cheer leaders.

Mr. and Mrs. Glen Walton were special guests Sunday at the parents day hosted by the sororities of North Texas State

Wichita Falls were guests in the Bruno Kupatt home Sunday. They also visited Mr. Spiser's sister, Mrs. Gus Kleke who is a patient in the Stamford Hospital.

T-Sgt. and Mrs. Ted Terrell and son Clark Don, of San Antonio are here visiting Mr. and Mrs. Reece Clark and other relatives.

The Children's Christmas program at the Sagerton Methodist Church will be held Sunday evening, Dec. 20 at 7:00 p. m.

Mr. and Mrs. B. Kupatt visited in Littlefield with relatives last week.

for District 3, which includes Haskell and 16 other counties. He is Cecil Larimore of Olney who replaces Loys B. Barbour of Iowa Park, director for the past 18 years.

As director, Larimore will represent the following counties on the state board: Archer, Baylor, Clay, Cottle, Foard, Hardeman, Haskell, Jack, King, Knox, Montague, Stone-wall, Throckmorton, Wichita Wilbarger, Wise, Young.
