Carter Asking UN For Sanctions Now

WASHINGTON (AP) - With Iran officially in defiance of a United Nations deadline for freeing the 50 American hostages in Tehran, President Carter is seeking immediate Security Council action to punish Iran through adoption of economic sanctions.

Carter, brushing aside suggestions by U.N. Secretary General Kurt Waldheim that sanctions won't be effective, said through a spokesman Sunday night that the council must take action against Iran without delay.

Waldheim was due to report today to the Security Council on his three-day visit to Tehran last week. However, White House spokesman Jody Powell and diplomatic sources in New York said the timing of a public meeting on Iran was in doubt because the United Nations has been occupied with the question of Soviet intervention in Afghanistan.

U.N. observers indicated the council would do no more than adopt an agenda today concerning Iran, with work on the sanctions resolution beginning later in the week.

But with the hostage crisis now in its ninth

week and with the administration facing increasingly heavy pressure from Republican presidential candidates for decisive action, Carter apparently feels he can wait no longer.

"The United Nations should go forward and do what it said it would do," Powell told reporters Sunday night.

Carter and his top advisers received a report Sunday from Waldheim on his Iran trip. Waldheim also told reporters that Iranian authorities believe they can count on outside support to overcome the effects of any U.N. move to apply sanctions.

On Dec. 31, the Security Council gave Iran until today to free the hostages. In the event of non-compliance, the council decided it should "adopt effective measures" under articles in the U.N. charter authorizing economic sanctions against nations found to be a threat to peace.

The resolution containing today's deadline was approved 11-0 with four coun-

tries abstaining, including the Soviet Union.

It was not clear, however, whether the United States would be able to muster similar support for the formal adoption of sanctions. A two-thirds vote of the 14-member Security Council is required.

China and Zambia, for example, have said they were reserving judgment on the sanctions issue even though they supported the United States in the New Year's Eve vote.

In addition, the Security Council's rotation system has placed four new members on the council and removed four others.

And U.S. officials have acknowledged privately that the American campaign to denounce the Soviet Union for its intervention in Afghanistan could induce a Soviet veto on the Iran issue.

Also uncertain is the impact of Waldheim's view that sanctions would not be effective in inducing Iran to free the hostages.

CHAMPIONSHIP DEFENSE—Snyder junior varsity girls won a local JV tournament over the weekend here, defeating Midland High in the finals, 50-47. Above, LaDonna Halford slows up a Bulldog ball handler as teammate Cynthia Taylor races to get into position. In the background is Snyder's Kelly Jones. See Story Page 8. Monday update

Gold Hits \$673 In Hong Kong

LONDON (AP) - The gold boom again gripped world markets today as bullion hit a new high of \$673 an ounce in Hong Kong. But it slipped back to close at \$653.61 while in Europe the price dropped from \$645 to \$635.

Trading was volatile with prices swinging up and down. Some analysts predicted a major shakeout after the doubling of the price in the past four months.

The U.S. dollar was mostly lower.

Aid To Tourism Planned

ARLINGTON (AP) - The state of Texas plans to pump almost a million dollars into tourism to help overcome a series of disasters that cut into the industry last year and may hurt in 1980.

Frank Hildebrand, executive director of the Texas Tourist Development Agency, said icy roads, spring floods, tight gasoline supplies and the world's worst oil spill conspired to cut attendance at Texas attractions by 4 percent in 1979.

"It was not a particularly bright year for the Texas travel industry or the nation as a whole," Hildebrand said, during an energy and tourism conference.

Airlines Battle For Route

MIAMI (AP) - A new "Battle for Britain" is raging among 10 U.S. airlines. To the victor will go the lucrative air route between Miami and London, now served by National Airlines.

National, however, is merging with Pan American World Airways, effective today, and a condition for approval of the merger was that it surrender its busy Miami-London flight.

Air Florida, American Braniff, Delta, Eastern, Republic, Trans World Airlines, Western and World Airways have jumped into the fray, claiming they could best serve the route.

But Pan Am and National, which when merged will be known simply as Pan Am, say they won't give up the route without a fight.

Grain, Oilseeds Exports Up

WASHINGTON (AP) - Shipments of grain and oil seeds to foreign countries increased by 7.1 percent last year from 1978 levels, according to preliminary Agriculture Department figures.

The data, made available to The Associated Press at the request of a reporter, also showed that railroad and port stoppages last summer failed to prevent record shipments during the period when strikes were at their height.

Appraisal Board Meeting Tonight

The new Scurry County Tax Appraisal Board has scheduled its first meeting for 7:30 p.m. tonight at the Snyder City Hall.

First item on the agenda is organization of the board and adoption of rules or order. The five-man board was elected several weeks ago by the taxing agencies of the county and it will have the responsibility of providing the machinery to appraise all property for taxes for all agencies.

Four members of the board, Kenneth Wilson, Bill Harston, Peie Hester and Ross Blanchard were sworn in last week, and the fifth member, John Reed, is scheduled to take the oath of office tonight.

Reed was out of town last week when the other members were sworn in. Representatives of the taxing agencies have been invited to sit in on tonight's session. Members of the county appraisal board have indicated that they want to discuss with agency representatives a schedule for putting the unified tax appraisal system into operation.

The various agencies must use the valuations provided by the new system, but they may still collect their own taxes once the system goes into effect.

Members of the county appraisal board are beginning two-year terms of office.

Afghan Rebels Continue War

By The Associated Press

Moslem rebels in Afghanistan admitted Soviet troops inflicted heavy losses on them, but diplomats in neighboring Pakistan reported the rebels and anti-Soviet troops of the Afghan army were continuing to battle the Russians in at least four areas of the country.

On the diplomatic front, five non-aligned members of the U.N. Security Council circulated a draft resolution calling for the immediate withdrawal of all foreign troops from Afghanistan, and the United States urged the council to denounce the Soviet military intervention. The council's debate on the Soviet action was continuing today for the third day.

A rebel radio broadcast Sunday said the guerrillas battling communist rule for nearly 20 months suffered heavy casualties in fighting near the eastern town of Jalalabad, which Soviet troops occupied last week. Jalalabad is 75 miles east of Kabul, the Afghan capital, and 50 miles northwest of the Pakistani border and the Khyber Pass.

The rebel broadcast vowed a "fight to the finish" to drive the Russians out of Afghanistan and bring down the communist government in Kabul. It claimed the insurgents had been reinforced by "considerable" numbers of Afghan army troops who deserted during fighting elsewhere in the country following the coup in Kabul Dec. 27.

Diplomatic sources in Islamabad, the Pakistani capital, reported fighting was continuing in the northeastern Province of Badakshan, in Paktia and Jalalabad, between Kabul and the Pakistani border, and in Parwan, 50 miles northwest of the capital, in Kandahar, 270 miles southwest of Kabul, and in Herat, the chief city in western Afghanistan, 75 miles from the Iranian border.

Refugees from Herat who fled to Iran reported a general uprising in their city last Friday. They said men and women fought Soviet tanks with sticks and stones in the streets, and many Afghans were killed.

Grand Jury In Session Here Today

A grand jury was to convene this morning and determine whether indictments should be issued in a variety of cases ranging from forgery to theft of services.

The forgery case involves Stephen Michael Logsdon and Kenneth Ozzo Burt Jr., two Knox City men charged with forging R. Lee Holder's name to a payroll check last October. The check was written for \$386.

Named in a theft of services charge is John Wayne Lee of Colorado City. The charge alleges he failed to pay for a lodging bill he incurred between Oct. 19 and Nov. 8 at the Travel Lodge Motel here in Snyder.

Also to be presented to the grand jury this morning was a burglary case. Named in it were Lonnie Henry and Johnny Alaniz, both of Hermleigh. The men are alleged to have pilfered 44 sacks of feed from the Ezell-Key Feed Mill last month.

Refugees from Herat who fled to Iran reported a general uprising in their city last Friday. They said men and women fought Soviet tanks with sticks and stones in the streets, and many Afghans were killed.

Diplomatic sources in Islamabad, the Pakistani capital, reported fighting was continuing in the northeastern Province of Badakshan, in Paktia and Jalalabad, between Kabul and the Pakistani border, and in Parwan, 50 miles northwest of the capital, in Kandahar, 270 miles southwest of Kabul, and in Herat, the chief city in western Afghanistan, 75 miles from the Iranian border.

Refugees from Herat who fled to Iran reported a general uprising in their city last Friday. They said men and women fought Soviet tanks with sticks and stones in the streets, and many Afghans were killed.

Congressman Charles W. Stenholm of the 17th District of Texas is scheduled to attend a public meeting here Wednesday evening.

The meeting has been set for 7 p.m. Wednesday in the Fine Arts Theatre at Western Texas College. Stenholm is scheduled to meet with members of the West Texas Royalty Owners Association and the general public is invited to sit in on the session, spokesmen from Stenholm's office in Washington said this morning.

Ask Us

Q: How does a candidate get his name on the ballot for the primary elections?

A: He must file with the county chairman of the political party with which he is affiliated. Scurry County's Democratic Party Chairman is Gene Bowlin, and the Scurry County Republican Chairman is B.J. Fritzel. The deadline set by state law is 6 p.m. Feb. 4. Also, a candidate must immediately designate a campaign treasurer (himself or someone else) and file this designation with the county clerk in the courthouse.

Records Set Here By Bank, S&L Deposits

Deposits in Snyder financial firms hit an all-time peak of \$134,505,250 at the end of 1979.

The new figure eclipsed the previous record of \$128,223,156 set at the close of 1978.

Deposits in both savings and loan firms and in banks set new records.

However, loans had declined slightly with a total of \$82,248,651, compared to the record of \$84,567,438 at the end of the second quarter in 1978 and \$84,080,415 at the end of 1978. This was attributed largely to higher interest rates and the fact that for several weeks during the past year Texas usury laws prohibited interest at rates then prevalent in other states.

Bank deposits totalled \$89,307,509, a new record, and bank loans amounted to \$44,376,116, down from

the all-time record of \$46,078,619 set a year ago. Bank deposits a year ago were \$84,140,088.

Snyder National Bank had deposits totalling \$48,141,684 at the end of the year, while its loans amounted to \$23,737,299.

At West Texas State Bank, year-end deposits amounted to \$41,165,825 and loans \$20,638,817.

Deposits in local savings and loan firms at the end of 1979 amounted \$45,197,741, while loans of those firms totalled \$37,872,545, down from \$38,001,796 a year ago. Savings and loan deposits a year ago totalled \$44,083,068.

Snyder Savings and Loan had deposits of \$29,820,065 and loans of \$27,631,141.

First Federal Savings and Loan had deposits

totalling \$15,377,676 and loans of \$10,241,394.

Ambulance Bids Due

The Snyder City Council tonight will consider bids for the purchase of a van-type ambulance.

The council's regular meeting is set for 6:30 p.m. at city hall.

In other business listed on the agenda for tonight's meeting, the council is scheduled to authorize the city manager to seek bids for the purchase of five vehicles and for the purchase of rock for seal-coating city streets and for a year's supply of liquid alum and chlorine. A proposal to make city dump trucks available for special trash pickup assignments during idle hours also will be discussed.

Key To Chrysler Corp. Future Held By Its Workers, Bankers

WASHINGTON (AP) - Although President Carter is signing into law legislation giving \$1.5 billion in loan guarantees to Chrysler Corp., the future of the financially strapped automaker still hinges on crucial decisions by its workers and bankers.

The legislation, which the president was signing at an afternoon ceremony today, makes the federal guarantees contingent on \$462.5 million in wage concessions from Chrysler's hourly workers and other private help including \$500 million in bank loans.

The latest concession, amounting to \$243 million in lost wages, is yet to be approved by members of the United Auto Workers union, which represents all but about 4,000 of Chrysler's 105,000 unionized employees.

Representatives of 184 UAW locals meet tomorrow on whether to endorse that concession, which union bargainers and the company agreed to Saturday. A rank-and-file ratification vote should be complete by the end of the month, officials said.

Saturday's agreement "stinks," said Joe Zappa, chairman of the union bargaining committee and head of a Detroit local. But he predicted UAW members would approve the pact anyway "to save their jobs."

About 90 percent of the new UAW concessions would come through eliminating 17 paid personal holidays scheduled in 1981 and 1982. In addition, a pair of 3 percent annual wage increases were delayed several months and a day's bonus pay in December was eliminated.

The UAW members had earlier agreed to \$203 million in wage concessions.

The bill also requires white-collar workers to give up \$125 million in expected wage increases. Chrysler in turn is required to turn over \$162.5

million in stock to its workers.

Chrysler must still raise a total of \$1.43 billion from selling its assets and from its banks, suppliers and the states and cities where it has plants.

Chrysler representative Richard Muller said talks were continuing with bankers, who refused during congressional hearings to say whether they would come up with the money necessary to trigger the loan guarantees.

Muller said meetings also were being held with state and local officials, who are down for \$250 million under the financing plan.

Some of this aid, Muller said, would require action by state legislatures that are not yet in session or would have to wait legal opinions by state attorneys general.

Suspect Murder In Adamson's Death

NAIROBI, Kenya (AP) - The Kenyan police announced today they believe Joy Adamson, the conservationist author of "Born Free," was murdered and are questioning three persons about her death last week.

Commissioner of Police Ben Gethi said in a statement that the death of Mrs. Adamson is being treated as a murder case following new information on the circumstances surrounding the death. He gave no details.

The 69-year-old Austrian naturalist, a longtime resident of Kenya, was killed Thursday night in the Shaba Game Reserve about 175 miles north of Nairobi. She was taking a walk outside her tent camp, where she was conducting experiments on leopard behavior.

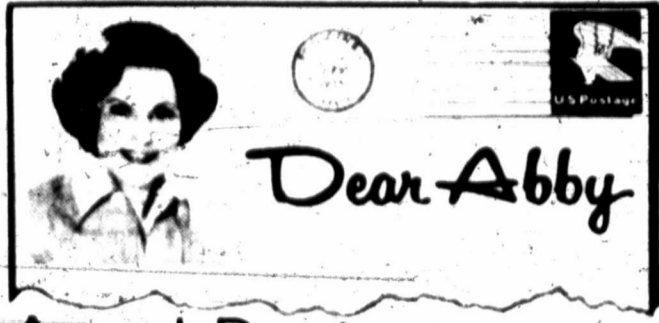

First reports from police and her co-workers indicated she was mauled and killed by a lion. But the Sunday Standard newspaper reported the police reopened their investigation after receiving reports that there was little blood at the site where Mrs. Adamson was reported killed, that there were no claw marks on her body and that her car had been stolen.

PARTLY CLOUDY

WEATHER

SNYDER TEMPERATURES: High Saturday, 49 degrees; low, 31 degrees; reading at 7 a.m. Sunday, 39 degrees. High Sunday, 68 degrees; low, 23 degrees; reading at 7 a.m. today, 24 degrees; precipitation, none; total precipitation for 1980 to date, 0.00.

Angel Dust = Devil's Brew

By Abigail Van Buren

DEAR ABBY: I will be straight with you. I am 14 and smoke pot, but I am no pothead. A dude has been telling me about angel dust. He says it gives you a super cool high. Some kids I hang out with who do drugs say angel dust can mess up your head worse than acid. What is the story? Please don't use my name.

CHICAGO

DEAR CHICAGO: I have just completed some extensive research on drugs for my new booklet, "WHAT EVERY TEENAGER OUGHT TO KNOW," and I can tell you that angel dust is one of the most dangerous drugs on the street today. The following is a quote from my booklet:

PCP (OR ANGEL DUST)

"The boy woke up with a badly gasped hand. He found his mother in another room, stabbed to death. He had no memory of what had happened. But police said he had written on a wall with a red marking pen: 'I love my mother and didn't mean to kill her.'"

That is from the files of the New York police. They said the boy had smoked two 'nickel bags' of angel dust - phenylidine, or PCP, also known as peace pills, white powder, superjoint, busy bee, hog, elephant tranquilizer, crystal and green tea.

By any name, it's a mind-destroyer, one of the deadliest drugs on the street. And alarmingly, the most widely used among teenagers, who mistakenly think it's just another form of pot. It's not!

"That's the tragedy of the drug," says Dr. Mitchell Rosenthal, head of the Phoenix drug rehabilitation program. "The country has gone soft on grass, so kids think angel dust is not dangerous, that it's just a kind of superjoint." It's readily available and cheap. Many who sell it aren't aware of how dangerous it is.

Angel dust brings on hallucinations, paranoia and violence. There is evidence that those who use it might suffer long-term brain damage.

Some other chapters in this booklet: ARE YOU READY FOR SEX & WHAT TO DO ABOUT VD; HOMOSEXUALITY; HOW NOT TO GET PREGNANT; POT, COCAINE AND HEROIN; WHEN PARENTS SPLIT.

To obtain "WHAT EVERY TEENAGER OUGHT TO KNOW," write to ABBY, 132 Lasky Drive, Beverly Hills, Calif. 90212. Enclose \$2 and a stamped (28 cents) long, self-addressed envelope.

DEAR ABBY: I have a solution for the woman whose husband had a habit of getting a little drunk on Saturday night and inviting everyone within earshot to come to his home on Sunday morning for Bloody Marys and brunch.

I ran into the same situation a number of years ago in Annapolis, Md.

We were at a club when Mr. B. started issuing invitations. Mrs. B. simply went to all within earshot and quietly inquired, "Have you seen my husband's calling card?" Then she handed us each one, upon which his name was in the usual place, but on the back it read: "Don't believe anything I say tonight unless you hear it from me in the morning!"

We all had a quiet chuckle. No one's feelings were hurt, and Mrs. B. was off the hook!

BETTY IN LOS OSOS

CONFIDENTIAL TO "ONLY A HOUSEWIFE": What do you mean, "ONLY?" The job of a housewife is an executive position. In your home you are the Director of Health, Education and Welfare, the Secretary of the Treasury, the Head of Entertainment and Public Relations, and Chairman of the House Rules Committee. And you'd have to be married to a millionaire to be paid what you're really worth!

AFS PROGRAM-Silvia Donadel, American Field Service student from Switzerland, presented the program at the Fireman's Auxiliary meeting Thursday evening at Central Fire Station. There were 12 members and one guest attending with president Glenda Freeman presiding. Wenona Evans, Rosemary Kohl and Charlotte McDowell are on fire call for January. Hostesses for the February meeting will be Frances Williams and Trudie Wood. Shown above are, from left, Nell Scott, Miss Donadel and Mrs. McDowell.

BRIDGE

Oswald Jacoby and Alan Sontag

Partner's signal misread

Oswald: "The suit preference signal is a valuable tool when used properly but like most modern expert conventions it can boomerang against its user and hit him right in the face if not used properly."

Alan: "One time when it is likely to go wrong is when your partner opens a suit and you attempt to tell him to shift to a specific suit rather than play a high card to suggest that partner continue and a low card to suggest that he shift to some other suit."

Oswald: "East played his ten of diamonds at trick one. West read this as a come-on and continued whereupon South took his ten tricks quickly and chalked up game and rubber. East felt that his ten had called for a spade shift since West knew that South was going to ruff the second diamond."

Alan: "I agree with East that West should have led his king of spades at trick two. However, I would have played the deuce of diamonds, not the ten."

Oswald: "Naturally. You have raised diamonds. You want your partner to shift and there is no way that you can want a club shift so that deuce cannot be a suit preference signal."

Weekend Bridge Results

The Duplicate Bridge Club met Friday with seven tables and Sunday with three tables playing Mrs. Howell Movement.

A.L. Bethel directed Friday's games and Mrs. Bill Zimmerman directed Sunday's game.

Winning Friday were Mrs. Verdi Kimbro, Mrs. Preston Morrow, first; Mrs. Prestis Bass, Mrs. Douglas Hill, second; Mrs. Leroy Brown, Mrs. Billy Null, third; Mrs. G.G. Lowe, Mrs. R.L. Haney, fourth; Mrs. Skipper Joyce, Mrs. J.R. McCrary, fifth; Mrs. Clyde Hall, Mrs. Merle Newton, sixth.

Sunday's winners were Mrs. Roger Mize, Mrs. Billy Null, first; Mrs. Ruth Keenan, Mrs. Charles Snyder, second; and Mrs. A.G. Furlow, Mrs. W.M. Landau, third.

The club's membership game will be held Friday Jan. 11: Those playing must be a member of American Contract Bridge League. Persons interested may join ACBL that day.

Get thin... Stay thin!

Here's a New Year's resolution you can live with...

At the Diet Center we offer a nutritionally sound weight loss program that results in a predictable reduction of 17 to 25 pounds in just six weeks. If necessary, you can sustain that weight loss until you have lost 50, 75 or even 100 pounds and more. Unlike many diet programs being marketed today, the Diet Center relies on sound nutrition and the daily support of a counselor who cares. She cares because she's been there. She has overcome her own weight problem the Diet Center way. In addition, she will help you learn the sound, wholesome eating habits that will help you stay thin for the rest of your life.

He needs milk substitute

By Lawrence Lamb, M.D.

DEAR DR LAMB I've read in your column that older people need a quart of milk a day to insure strong bones. My husband is 57 years old and we were dairy farmers so we always liked milk and we were heavy milk drinkers. Now he's not able to drink milk or use any foods that contain it. If he does, his eyes water continuously and they feel like he has sand in them for as long as three days after using any food that has milk in it.

How can he possibly get his milk to keep his bones strong? Also is there a pill to put in the milk so that he can overcome this condition?

At one time he went to an allergist for shots every week but this was very expensive, along with the fact that after a time the shots no longer did very much for him.

DEAR READER Usually when I talk about milk intolerance, I'm referring to the inability to break down the double-sugar (lactose) found only in milk. That's because there's an absence of an enzyme in the small intestine that normally does this.

Your description of your husband's problem does not sound like this at all but rather sounds more like an allergy. I would suggest that your husband see an allergist again to see if there's anything else that can be done. Meanwhile, there are a number of milk substitutes that contain none of the milk protein. Usually if a person is allergic to milk, as opposed to having the problem with milk sugar, the allergy will be to the milk protein, not the sugar.

You might check the different milk substitutes that are available in the infant food section. Milk allergy is more common in infants and that's

why those products are developed for infants. Some of these are made purely from soybean products that contain no milk at all. Others do contain lactose but the milk protein has been removed. You might wish to experiment with different ones of these to see if there is a milk substitute that he could use that would at least provide him some satisfaction and would definitely provide the calcium.

Men usually don't have as great a need for calcium supplements in the middle years as do women. Men do develop softening of the bones in the course of time if they're on a calcium deficient diet and there are other factors involved too. This usually doesn't occur until about 20 years after the time we see it occurring in women. This probably has something to do with the difference in sex hormones. A woman's sex hormones will diminish at the time of the menopause. This does not occur in men. Usually in healthy men there is no significant decrease in the level of sex hormones after the early 30s.

Of course, your husband should receive an adequate amount of calcium, even though he may not need as much as a woman his age would require. And if the milk substitutes won't work, you might want to get a doctor to prescribe some calcium tablets for him.

I am sending you The Health Letter number 7-2, Milk Products: Good And Bad. Other readers who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

Little Things Make Big Difference...

Staying Warm Without Going Broke

By LOUISE COOK Associated Press Writer High fuel costs are making it harder to keep warm this winter, but you don't have to choose between shivering and going broke.

"In energy conservation, even little things mean a lot," says the trade and consumer protection division of the Wisconsin Department of Agriculture. Among the "tested, no-risk, common-sense" measures the department suggests are controlling indoor temperatures, limiting air leaks and reducing heat loss through windows.

Here are some specific dos and don'ts:

-Don't heat unoccupied areas. If a particular

room is seldom or never used in winter, turn off the radiator and keep the door closed. Bedrooms don't need to be kept warm during the day, turn the heat on an hour or so before you retire for the night.

-Do take advantage of the energy generated by the human body. Rooms where several people are gathered need less heat than areas occupied by only one or two individuals.

-Do turn down the setting on the thermostat if you haven't already done so. Temperatures of 65 degrees Fahrenheit during the day and 55 degrees at night are comfortable for most people, although the elderly

should check with their doctors before lowering temperatures. The U.S. Department of Energy says even infants can cope with temperatures in the range of 60 to 70 degrees if they are dressed warmly and the humidity is relatively high. Each degree you lower your thermostat should cut your fuel bill by 3 percent.

-Don't forget to turn the thermostat way down when you will be away from home. "Contrary to popular opinion, warming your house back up does not use more fuel than you have saved," says the Wisconsin consumer office.

-Do consider storm windows or inexpensive plas-

tic taped over regular windows. The air pocket created by the extra layer of glass or plastic sure that windows can be opened quickly if they are needed as an emergency exit.

-Do plug leaks. Cloth or newspaper can be used to seal attic doors and to fill cracks around windows on a temporary basis. If cold air still seeps through, get some tubular-gasket weatherstripping at the hardware store and apply it around the edges of windows and doors.

-Do take steps to keep pipes from freezing. Wrap them in specially designed insulation tape or in layers of old newspaper, overlapping the ends. Cover the newspa-

per with plastic film to keep out moisture. When it is very cold, let the faucets drip a little. You'll waste water, but you may prevent freezing damage. If the pipes do freeze, open faucets wide, remove any newspapers, rewrap the pipes with

rags and pour hot water over them until they have thawed.

Legislators Go Back To School

JACKSON, Miss. (AP)—Workmen have been scrambling for months to prepare the deserted red brick building in downtown Jackson for the thousands who will meet in its rooms and huddle in conferences in its halls. The Mississippi Legislature is going back to school.

When the gavels bang Tuesday for the opening of the 1980 session, the old Central High School will be the focus of Mississippi's government. Lawmakers will occupy the building for three years as the capitol one block away undergoes a \$11.2 million restoration to its 1903 grandeur.

Bill Gartin, secretary of

the Senate, said some former Central students are now legislators or capitol employees — and have found their new quarters unsettling.

"Some of them remark, in jest, that they feel like they're going back to school," Gartin said. "It's along the lines of having an errie feeling, like they're being sent to the principal's office."

The 122 members of the House will meet in the school auditorium. Upstairs, the 52 senators will conduct business in what used to be the library and adjacent rooms.

The Legislature purchased the school for \$1.2 million, and spent another \$1.2 million to remodel it. Paint cans and office furniture littered the halls as the deadline neared, but legislature officials said almost everything would be in working order for the opening day of the four-month session.

Drilling Pace Has Increase

Drilling activity picked up again last week in Permian Basin oil fields, according to Reed Rock Big Company's weekly survey.

The county showed 307 units working, an increase of four over the previous week. There were 264 rigs running in the Basin during the corresponding week in 1979.

Lea County, N.M., led the survey with 36 operations. Pecos County was the Texas leader with 22.

Scurry County had seven rigs in operation last week, compared to six the week before. The count for other area counties, with last week and the week before, in order: Borden 4 and 5; Sawson 6 and 2; Garza 5 and 7; Howard 9 and 10; Kent 1 and 1; Mitchell 3 and 2; Nolan 1 and 1.

Tax Appraisal Board In Kent County Organizes

JAYTON—Kent County's first county-wide tax appraisal board was organized when County Judge Donnie Carriker swore in Howard Goswick, Mike Owen, Garth Gregory, W.H. (Bill) Parks and Buddy Gallagher as charter members of the Board of Directors.

Buddy Gallagher is a native of Kent County and is also president of the Jayton-Girard Independent School District Board of Trustees. He is employed by Mobil-General Crude as supervisor of the Salt Creek Field Unit.

Howard Goswick, a 20-year resident of Kent County, is a well known cattle buyer with extensive farming and ranching interests.

Garth Gregory is a Kent County resident living in Girard. He is vice president of Jayton-Girard Independent School District

Board of Trustees and is a farmer.

Mike Owen, who has lived in Kent County for the past 10 years, is a member of the Jayton City Council and is owner of the Kent County Lumber & Supply.

The fifth member of the Board is W.H. (Bill) Parks who is also Commissioner of Precinct 1, Kent County, and has extensive ranch holdings.

Garth Gregory was elected president and Mike Owen secretary of the board of directors. These men will serve a two-year term in this capacity.

The Board also approved entering into an agreement with Kent County, the City of Jayton and the Jayton-Girard Independent School District to furnish appraisals of all taxable property in Kent County for 1980 at 100 percent of value. The board agreed to be responsible for the residential homestead exemptions and ag-use exemption for agricultural lands and also to be responsible for the handling of renditions.

In other actions of the board, Jarri Parker was appointed chief administrator for the Board.

The appraisal board made plans to enter into a contract with the Jayton-Girard Independent School District to furnish appraisals for all of the local property of Kent County. The appraisals made by the tax office of the Jayton School for the 1978 tax year will be updated and utilized with new appraisals made for property out of the jurisdiction of the school system.

The school tax office will serve as the main office of the tax appraisal board with the employees of the office available for information and assistance. The county tax office will also be available to handle renditions, residential homestead exemptions, and ag-use exemptions for agricultural lands.

The collections of taxes will not be changed under this new plan. The City of Jayton taxes will be collected by the tax office at the City Hall. State and County tax collections will be handled as usual by the tax office in the Court House in Jayton. The school taxes will be collected at the School tax office.

The board of review of the Appraisal district was discussed and appointments were made. George Sweet, retired contractor and farmer, who lives west of Girard, was appointed along with Norman Hann, past County Judge of Kent County, and presently operating farm and ranch properties. The third member of the Board is Buddy Barndridge who has recently moved to Kent County and is co-operating family ranching interests.

Carburetor Repair Course Scheduled

Western Texas College will sponsor a short course on repairing carburetors Monday through Thursday, Jan. 14-17.

The course is being offered by the Mobile Automotive Program of Texas State Technical Institute-Waco Campus and will be taught by Don Childs, program chairman.

Area garage and service station owners, service managers and mechanics may enroll in the class, which will meet in the automotive department of WTC from 7 p.m. to 10 p.m. each night. Students may register and pay the \$20 fee during the first session. The fee includes hand-out materials to be used in the course.

Training will focus on new model carburetors, mainly in relation to engine operation and controls. Some projections will be made concerning 1980 models of American-made cars and trucks.

Students will be awarded certificates of completion at the end of the short course. Further information may be obtained by calling Jim McDonald at 573-8511.

Reminder for Women

There are two items every woman should mark on her personal calendar: once a month do breast self-examination for possible cancer, once a year have a Pap test for cancer of the uterine cervix. Both these forms of cancer are most curable when caught early.

ASTRO-GRAPH Bernice Bede Osol

Your Birthday

January 8, 1980

Lady Luck is going to take an active role in helping you get things started this coming year. She may even have a few adventuresome activities planned as well.

CAPRICORN (Dec. 22-Jan. 20) Your concepts and their applications have tremendous worth and will be treated with the respect they deserve when presented to others. Find out more of what lies ahead for you in the year following your birthday by sending for your copy of Astro-Graph letter. Mail \$1 for each to Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

AQUARIUS (Jan. 20-Feb. 19) Situations having an air of mystery about them or with glamorous overtones should bring you good luck today. They'll add some excitement to your life as well.

PISCES (Feb. 20-March 20) An undertaking about which you may have been a little dubious will work out fantastically well today, thanks to the cooperation you'll encounter.

ARIES (March 21-April 19) Present your ideas to anyone who is in a position to develop them. One, if put to work, could turn out to be extremely valuable.

TAURUS (April 20-May 20) Things could be brightening for you materially today because of the intervention of a friend. The favor could be a really big one.

GEMINI (May 21-June 20) You could be exceptionally lucky for yourself, as well as for those with whom you come in contact today, because of your cleverness.

CANCER (June 21-July 22) You're not fooled today into thinking the grass is greener in someone else's backyard. Because of this you'll experience the greatest pleasures with your loved ones.

LEO (July 23-Aug. 22) Helpful contacts and your clear thinking is the perfect recipe for putting together an extremely successful day. You'll achieve that which you envision.

VIRGO (Aug. 23-Sept. 22) By all means take the leadership role in any dealings today involving others. Lady Luck guides you so you shouldn't make any mistakes.

LIBRA (Sept. 23-Oct. 23) Your hunches and insights are extremely valuable today. Trust them to steer you toward who you should be with and what you should be doing.

SCORPIO (Oct. 24-Nov. 22) This is one of those unusual times when others are willing to give you almost anything you want in return for a kindness you render them. Make your deal now.

SAGITTARIUS (Nov. 23-Dec. 21) Something quite sizable could be placed in your hands today, but it calls for you to use your smarts in developing it. You're more than up to it.

(NEWSPAPER ENTERPRISE ASSN.)

Life is not the only thing that can begin at 40. It's a good idea to ask your doctor for a "procto" when you have your regular health examination. This procedure can help find colorectal cancer in an early stage, when it's most curable. So while enjoying life after you turn the magic number, make sure it's for keeps, says the American Cancer Society.

WHAT THE WHITE HOUSE once termed as a "third-rate burglary" at the Watergate offices of the Democratic National Committee eventually forced the president's resignation.

Iranian Crisis Picked As Top Story Of '79 By AP Editors

By DAVE GOLDBERG
AP Newsfeatures Writer

The Iranian revolution and the international crisis that began with the taking of the U.S. Embassy in Tehran has been voted the top story of 1979 by Associated Press editors and broadcasters.

More than 80 percent of the nearly 700 voters picked as their top choice the turbulence in the oil-rich, strategic Persian Gulf country. The revolution began in late 1978 with street demonstrations that led eventually to the downfall of Shah Mohammed Reza Pahlavi, the rise to power of Ayatollah Ruhollah Khomeini and the eventual taking of the embassy and 50 American hostages.

International and national events which will continue to have their effects on the 1980s dominated the choice of the Top Ten stories of 1979, which included the energy crisis, inflation, the SALT treaty, events in the Mideast and Cambodia, the Three Mile Island nuclear accident and the grounding of the DC-10.

The AP editors and broadcasters also chose the Watergate crisis as the top story of the decade in a separate ballot.

Here is the order of finish in voting for the Top Ten stories of 1979:

1. The Iranian Revolution and hostage crisis.
2. The accident at the Three Mile Island nuclear plant in Pennsylvania.
3. The continuing energy

crisis, which led to gas lines at American service stations for the first time since the Arab oil embargo of 1973.

4. The American economy, marked by the decline of the dollar overseas and an inflation rate that rose 13 percent over 12 months.
5. The crash of an American Airlines DC-10 in Chicago that killed 273 and the subsequent worldwide grounding of that wide-bodied plane.
6. Mideast peace, as Israel and Egypt signed and put into effect the treaty that had been worked out at Camp David.
7. The visit of Pope John Paul II to the United States and Ireland.
8. Starvation in Cambodia after a decade of revolution, counter-revolution and invasion.
9. The signing of the second Strategic Arms Limitation Treaty - SALT II, and the debate over its ratification.
10. The challenge to President Carter by Sen. Edward M. Kennedy.

ISRAELI PRIME MINISTER Menachem Begin and Egyptian President Anwar Sadat embraced following signing of their Camp David agreements.

lines appeared for the first time since the 1973 Arab oil embargo and within a month had spread to many other states. The price of gasoline broke the \$1-a-gallon barrier.

But by midsummer, the lines had disappeared and the energy crunch again seemed like history, not reality.

But Palestinians were still dissatisfied with provisions for a separate Palestinian state, militant Arabs were unhappy with Egypt in general and some Israelis were still anxious to resettle on the West Bank of the Jordan River.

Iran. The 25-year reign of Shah Mohammad Reza Pahlavi ended on Jan. 16. He was succeeded by the moderate, Western-educated Shapur Bakhtiar.

But the Ayatollah Ruhollah Khomeini returned from Paris after 15 years in exile and proclaimed the creation of an Islamic republic on Feb. 1. The Bakhtiar government evaporated.

Ten days after, the shah entered the United States for cancer treatments; the U.S. Embassy in Tehran was seized. At year's end, the embassy and 50 hostages were still being held. The shah, refused a visa from Mexico, settled in Panama.

2. Three Mile Island
On March 28, the worst accident ever at a civilian nuclear power plant occurred when a series of mechanical failures and human errors resulted in a loss of cooling water and over-heating of the reactor core at the Three Mile Island plant, located on an island in the Delaware River south of Harrisburg, Pa.

Nobody was seriously injured, but the accident led to a re-evaluation of the move toward nuclear power.

4. The Economy, Inflation
Even with the Carter administration's 7.5 percent wage and price increase guidelines, everything was going up. Oil prices spearheaded the increase. Chopped meat averaged about \$1.40 a pound a year ago, but went up to \$2.

The dollar continued its decline, down 5 percent for the year against the German mark and declining also against the Japanese yen, the Swiss franc and the British pound.

7. The Pope's Visit
Pope John Paul II, first non-Italian pontiff in 400 years, set out from the Vatican in late September for Ireland and the United States. The Polish prelate visited Boston, New York, Philadelphia, Chicago, Des Moines and Washington. Millions saw him and millions cheered, although some questioned his stands on some church issues, including his refusal to consider women for the priesthood.

5. The DC-10
On May 25, as an American Airlines wide-bodied DC-10 bound for Los Angeles lifted off from Chicago's O'Hare Airport, the engine on its left wing fell off. A total of 273 people died, making it the worst airplane crash in the United States.

On June 6, the FAA ordered all DC-10s grounded. The order, which applied to any plane flying to the United States, kept more than 200 planes out of service for six weeks as the summer tourist rush was starting and raised questions about aircraft licensing procedures.

6. Mideast Treaty
On March 26, Egypt and Israel signed a peace treaty worked out at Camp David in November 1978. Despite loud denunciations by the more militant Arab states, the treaty was holding at year's end.

8. Cambodian Refugees
For Cambodians, 1979 was the most turbulent year in a decade of turbulence. Vietnam invaded Cambodia and ousted the Pol Pot regime. The Vietnamese confirmed stories of resettlement and torture that had trickled out during the four years following Pol Pot's defeat of the U.S.-backed Lon Nol government.

When the refugees began straggling out of the Cambodian jungle to Thailand with stories of disease, famine and pestilence that had reduced a once-prosperous nation of 7 million people to perhaps 4 million.

9. SALT
After nearly seven years of negotiations, the United States and the Soviet Union agreed in May to SALT II, a new treaty aimed at regulating the strategic arms race. But by year's end, with the dispatch of Soviet troops to Afghanistan, the treaty was in abeyance on the floor of the Senate, which had to ratify it by a two-thirds majority.

10. Kennedy
Sen. Edward M. Kennedy, as inheritor of his family's political heritage, entered the Democratic presidential race in November on a wave of popular support. But soon after his announcement, his standing in polls dropped, the result of a variety of circumstances ranging from the 1969 accident at Chappaquiddick to his criticism of President Carter's handling of the situation in Iran.

3. The Energy Crisis
In late April, gas stations in California began running short of fuel. Long

Pat Walker's presents: the Splendor of being Slender

Obviously, Frances Lewis solved her waistline problem!

Stunning as she is today, Frances Lewis used to worry about her waistline—and habitually wore long blouses and covers up to hide her large abdomen.

"I never liked to admit I had a weight problem," she writes, "so I attributed my 33-inch waist to a large bone structure. I envied all the girls who could wear fitted clothes—especially bikinis."

Frances Lewis BEFORE Pat Walker's

When she dieted, she simply lost weight in the wrong places. But at Pat Walker's she achieved a beautifully proportioned figure, reducing from size 14 to size 7 and losing a total of 20 pounds and 29 3/4 inches (including 9 inches off the waist).

You also can reach your ideal weight on our proven program of weight correction—pleasantly, privately, without stringent diets

or strenuous exercises. Among the numerous amenities you'll enjoy are safe passive exercise, a personalized program; luxurious surroundings and the guidance of trained professional counselors.

Call today for your complimentary treatment and figure analysis. There's no obligation; just call to reserve a time for your free appointment.

Shocked To Find Kids Victims Of Pornographers

HOUSTON (AP)—The parents of half a dozen young boys were surprised to discover the three men who gave their children candy and took them to ballgames also paid them to pose for nude photographs, according to police.

"There could be another 100 kids involved as far as we know," said juvenile officer John Freeman, after officers questioned six boys aged 9 to 14. Charles of indency with a child were filed Saturday against Golden

Preston Hatcher, 54; Frederick Keller, 34; and Jon J. Johansen, 64. Bond for Hatcher and Keller was set at \$35,000 apiece. Johansen, whose bond was set at \$30,000 was still being sought late Sunday. Officers said they ar-

rested Hatcher early Saturday in his apartment, where they found photographic equipment and pictures of nude children, plus jars filled with candy, cookies and "anything a kid would like to have," according to Sgt. R.R. Benestante.

Keller was arrested about 30 minutes later as he drove into Hatcher's driveway with three boys he had taken to a wrestling match. Benestante said the men would approach disadvantaged children, offering them entertainment their

parents often could not afford, such as trips to the movies and to sporting events. The men often received parents' permission to keep the boys overnight after taking them out, police said. The investigation began

officers said, after a woman called police when she became worried after talking to her son. Benestante said the parents of the children were "very surprised" that a man they had known for three years had been accused of abusing children.

Police said the boys were paid from \$5 to \$15 for posing for the photographs. "Psychologically, the kids liked this guy (Hatcher)," Benestante said. "He is a likable fellow. But they didn't know what was going on."

Trio Claim Wins; Play Again Tonight

By The Associated Press
Texas A&M, Texas Tech and Arkansas were the only three Southwest Conference basketball teams to survive unbeaten after the first week of the 1980 season with Texas providing two big surprises, one of them pleasant.

The Longhorns started the week by losing for only the second time in the Super Drum at home, then shocked Southern Methodist on the road without the help of freshman guard George Turner, who was a nosehow for the car ride to Dallas.

After Texas had lost to Texas Tech on Thursday night, Texas Coach Abe Lemons asked a writer: "Did George even score?" Turner had missed last Tuesday's practice, complaining of back problems. Lemons said Saturday,

"I've never said anything but 'Hi' to George. I had a kid once who would leave every week or two. He'd just leave a note, saying 'I had to go. But he always came back.'"

Lemons inserted another freshman guard, Fred Carson, into the game and he teamed with 6-foot-10 frosh center LaSalle Thompson to dominate both ends of the court in an 85-75 victory.

"We surprised a lot of people tonight, including myself," said Lemons.

Carson had six assists as Thompson scored 25 points and collected 17 rebounds.

"They just destroyed us on the boards," said SMU Coach Sonny Allen, whose Mustangs lost to Arkansas Thursday night. "They just kept getting all those second shots. That was the story."

The Aggies beat Baylor, 74-57 behind forward Vernon Smith's 26 points and 13 rebounds; Rice downed Texas Christian, 57-47; Texas Tech trimmed Houston, 77-70, and Arkansas downed Northeast Louisiana, 74-51, in a non-conference game.

Tigers Chalk More; Defeat Ballinger Two

Snyder basketball teams grabbed back-to-back victories here Saturday night, pushing their varsity record to 14-4 and giving the junior varsity a second win in a row.

Tuesday, the teams return to action in a quadruple header this time — hosting Lubbock Christian in Scurry County Coliseum. Snyder girls' varsity, idle over the weekend, will take on LCHS at 6 p.m., followed by the JV boys.

Ballinger, 10-6, took a two-point, 12-10 lead at the first quarter buzzer here Saturday, but the Tigers hit big in the se-

cond, 20-13, to take a 30-25 halftime lead. Snyder then outpointed the visitors 17-16 in the third stanza and 8-5 in the fourth, to take the 55-46 victory.

Brad Richardson slammed in 22 points to lead all scorers. Kyle Short added 10, while Eric Arnold basketed 9 and Mark Preston accounted for 8. Marty Atkins led Ballinger with 18 points.

Earlier in this evening Snyder's junior varsity bunch rolled over the visitors 61-21. Nolan Richardson put up 19 points, while D.W. Lofton ripped the nets for 10 and Keith Wallace and Housden added 8 apiece.

Snyder JV Eases Past Dogs...

Felines Take Crown!

Coach Ken Housden's junior varsity team rallied from a 10-point deficit to bypass Midland High and win the Snyder JV Tournament here Saturday night, 50-47.

In the freshman division, Rotan took the prize with a 48-29 thumping of Coahoma.

Midland High jumped out to a 15-8 lead, and though the Cats trimmed it to 34-32 by halftime, the Bulldogs came back to go ahead by 10 points in the third quarter. Snyder enjoyed the strong shooting of Michelle Townsel however, who smacked in three consecutive buckets in the game's late going to help turn the game around.

Midland, which got most of its early points from the free throw line and off of a number of steals, found its offense in trouble late in the game as Snyder got around the quick-handed Dogs by utilizing a good passing game.

Joyce Barnes and Kelly Jones added 9 and 8 points respectively to the Snyder effort, and good defense, led by LaDonna Halford, keyed the overall team effort. Shana Koonsman put up 4 points, as did Halford, while Vickie Gregory and Jill Brown notched 2 points each.

Earlier in the day, Snyder

freshmen fell to Lamesa 26-15 despite an 8-point effort by Tonya Mitchell. Mary Brown led the visitors with 8 points.

A 16-point effort by Joann Medina helped Lamesa to a 36-26 consolation victory. Rotan took first place as Kelly Pease poured in 19 points against Coahoma.

In the JV portion of the meet, Sweetwater's Pam Castillo scored 11 points to aid the Mustangs in a 35-33 consolation win over

Coahoma and Merritt ripped in 17 points to help Midland over in a 59-23 victory over Colorado City for third place.

Tables listing scores for Freshman and JV tournaments, including teams like Sweetwater, Coahoma, and Midland.

Frosh Fall In Lamesa

LAMESA—Both the "A" and "B" teams from the ninth grade Black basketball group lost out in the Lamesa Tournament here, held Friday and Saturday.

The "A" team was defeated in the first round Friday by Big Spring, 64-58. Whit Parks and Casey Peterson scored 22 and 20 points respectively and Mathew Davis pulled down 13 rebounds.

The "B" team was eliminated from the tourney in the second round when they lost to Brownfield "A", 54-48. David Nicholson scored 16 points and Davis pulled down 10 rebounds. The team hit 39 percent from the field and 52 from the line in the two games.

Snyder "B" squad lost to Levelland "A" in the opening round, 85-24. Joe Uruegas scored 10 points and Mark Cypert, a freshman varsity tennis player helping out because of a shortage of freshman basketball players, pulled away 9 rebounds.

In the second round of play Snyder "B" won over Brownfield "B", 40-35. Gerald Hicks and Cypert scored 11 points apiece in the winning effort. Hicks pulled down 12 rebounds.

In the final round, the team lost to Brownfield "A", 71-27. Cypert scored 9 points and led in rebounds with 9. The team averaged 30 percent from the floor and 45 from the charity stripe.

Next action for the ninth grade Black will be Tuesday when they meet Big Spring's Brahmas in Big Spring. The eighth grade will open play at 5:30 with the ninth grade playing at 7 p.m. The Black team has a season record of 2-2.

District play for the Tigers begins Jan. 22

Table listing district play schedules for various schools, including Snyder, Ballinger, and others.

Wilson Records West Victory

STANFORD, Calif. (AP)—Brigham Young's All-American quarterback, Marc Wilson, and little-known Joe Rose of California proved to be a winning combination in the 55th East-West Shrine Game.

Wilson, who set several national collegiate passing records this past season, hit on 19 of 29 attempts Saturday to help the West win 20-10. His main target was Rose, the second-team All-Pacific-10 tight end from Cal.

With many National Football League scouts watching, Rose snared seven passes for 102 yards, earning the game's Outstanding Offensive Player award. Lineman Jacob Green of Texas A&M was named the top defensive player. He made 11 tackles, and West teammate Brad Vassar, a linebacker from Pacific, was credited with 13.

One of the biggest crowds in East-West Game history, 71,000, was at Stanford Stadium. Hula Bowl

HONOLULU (AP)—To the fans, Saturday's 34th annual Hula Bowl, in which the East topped the West 17-10, was not the exciting matchup of top senior collegiate all-stars they had expected. And four players are much to blame.

Strong defensive all-star games just aren't that exciting and Texas defensive tackle Steve McMichael and Oklahoma State linebacker John Corker for the West and Michigan linebacker Ron Simpkins and Oklahoma linebacker Geroge Cumby for the East did their jobs well.

McMichael, who won the game's most valuable defensive player award, made unassisted stops on the East offense nine times and was in on five other tackles. He and Corker, who has six unassisted and five assisted stops, helped restrict Oklahoma's Heisman Trophy winning running back Billy Sims to just 57 yards rushing, allowing Auburn's Joe Cribbs only 56 and Dennis Mosley of Iowa 29.

NEW ORLEANS (AP)—No more Mister Nice Guy. Winston-Salem Coach Billy Hayes decided to play it that way for the second half of the Black College All-Star Bowl, and almost brought his East football team to victory.

Hayes explained that it was a question of priorities, not players, after the West team held on for a 27-21 overtime victory Saturday.

The East roared back from a 9-0 halftime deficit, scored 21 points in the second half, and put the game into overtime.

But a 2-yard touchdown plunge by Alcorn's Otis Womley 12:15 into overtime brought the West victory before fewer than 5,000 spectators in the 72,000-seat Louisiana Superdome.

Quinn Buckner of the pic basketball team that Milwaukee Bucks was the 1976 gold medal captain of the U.S. Olympian at Montreal.

Newlin Nails Cavs, 108-100

By The Associated Press
The New Jersey Nets got Mike Newlin for a second-round draft pick and \$25,000.

Boy, what a steal. Since moving from Houston this year, Newlin has become the heart of the Nets' offense, once scoring 52 points and six times going over 30.

It was another one of his high-powered games Sunday night, when Newlin scored 34 points to pace the Nets to a 108-100 National Basketball Association victory over the Cleveland Cavaliers.

"I always know I can do it in the fourth quarter," said Newlin after putting in eight of his points in the last period to hold off a Cleveland surge. "I can be missing the whole game and still feel confident I can make the shots in the fourth quarter."

Bucks 113, Lakers 103
Trailing by 19 points less than two minutes before halftime, Milwaukee stormed back behind Brian Winters, Dave Meyers and Marques Johnson to beat Los Angeles.

Meyers put in 21 of his 28 points in the second half, Winters 11 of his 25 and Johnson 19 of his 25 as the Bucks broke the Lakers' four-game winning streak.

Clippers 105, Sonics 103
Brian Taylor's short jump shot with 2:54 remaining put San Diego ahead and the Clippers went on to a tight victory over Seattle.

Taylor's shot broke a 101-101 tie and Lloyd Free gave San Diego a four-point advantage 21 seconds later with a layup. The Clippers didn't score after that, but Seattle

could manage only a pair of free throws by Dennis Johnson with 59 seconds to go.

Kings 128, Nuggets 101
Bill Robinzine came off the bench to score 14 points and grab 12 rebounds, leading Kansas City over Denver. The Nuggets, losing a road game for the 11th straight time, were playing without two of their normal starters, George McGinnis and Charlie Scott.

"You just can't wish Scott or McGinnis is here or that Kim Hughes' back is going to get better," said Denver Coach Donnie Walsh, not wishing to feel sorry for himself. "Everybody should be ready to play. You can't talk about hardships."

Pittsburgh Too Tough For Hopeful Houston

PITTSBURGH (AP)—The controversial call stands, the gutsy Houston Oilers have fallen, and maybe the Pittsburgh Steelers should just list the Super Bowl on their schedule.

"This WAS the Super Bowl as far as I'm concerned. Pittsburgh is going and they're going to win," Oiler quarterback Dan Pastorini said Sunday after he had a potential touchdown pass erased by the officials and Pittsburgh won the American Football Conference title game, 27-13.

The actual Super Bowl comes Jan. 20 in Pasadena, Calif., when first-time finalist Los Angeles meets a Pittsburgh team aiming for its fourth title in six years.

Can the Rams beat Pittsburgh? "Who knows? We haven't beaten them yet," said Terry Bradshaw, aware the Steelers are 0-3 against Los Angeles in the past decade.

Meanwhile, the question of whether Houston is the second best team in the game is a matter for debate — just like one of Pastorini's passes was until the referee settled things by way of the back judge, side judge and field judge.

"One thing for sure, the score stands," Steeler cornerback Ron Johnson said after the ruling that receiver Mike Renfro did not have control of the ball while inbounds on an apparent scoring pass.

The play came with Pittsburgh leading 17-10 in the third quarter of the title rematch between the two Central Division rivals.

"A TD would have changed the whole complexion of the game," said Renfro.

"There was clearly a lot of pressure on us at that point. They had gained the momentum," said Pittsburgh's Joe Greene.

Earlier, Bradshaw had a first-quarter pass stolen and returned 75 yards for a touchdown by safety Vernon Perry, who worked defensive magic in the Oilers' semifinal upset of San Diego.

Bradshaw countered with touchdown tosses to John Stallworth and Bennie

Cunningham to give Pittsburgh a 17-10 halftime lead.

In the third quarter, Houston had first down at the Steeler six and a chance to tie.

Pastorini lofted the ball to Renfro in the corner of the endzone. "We had you on that one," Pastorini later told Johnson.

Renfro leaped and grabbed the ball as he tumbled beyond the endline. "I thought right away that he was out of bounds," said Johnson.

"I knew I was very close," said Renfro.

Line judge Donald Orr did not signal touchdown.

Oiler Fans Pack Astrodome Again; Support Fallen

HOUSTON (AP)—A tearful Houston coach Bum Phillips told 55,000 screaming, banner-waving fans in the Astrodome what they wanted to hear Sunday night.

"Last year we knocked on the door," Phillips said, dabbing his eyes. "This year we beat on the door. Next year, we're gonna kick in the SOB."

The Oilers had just been escorted into the packed Astrodome upon their return from Pittsburgh, where they had lost to the Steelers 27-13 in the American Football Conference championship game.

Quarterback Dan Pastorini, running back Earl Campbell and linebacker Robert Brazile led the procession, riding "on the backs" of Houston police motorcycles.

The fans, some of whom had been waiting since 5 p.m., let out all the emotions that had built up over the past several hours.

And Phillips' emotions welled over, also.

"I want to tell you why I don't want to say anything," Phillips said, his voice quivering. "It's because I'm crying."

After being prodded by several players, Phillips said, "I'm not eloquent enough to tell you how I feel about this reception. I said last year you'd never top that rally. Well, you topped it."

"Gates to the Astrodome opened at 5 p.m. and within 30 minutes the stadium was half-full. Officials closed the gates at 7 p.m.," saying the "Dome was filled to capacity."

Houston police estimated another 20,000 fans were left in the "Dome parking lot and crowding surrounding freeways, unable to get in."

Battered Rams Make It!

TAMPA, Fla. (AP)—The battered Los Angeles Rams praised the Lord, passed the gauze and didn't stop until they had ended six years of frustration, leaving the Tampa Bay Buccaneers tending to their wounds at the end of a Cinderella season.

The upstart Bucs, who made it to their first National Football Conference title game with the same starting lineup that opened the season, lost all-Pro defensive end Lee Roy Selmon and linebacker Cecil Johnson to ankle injuries, quarterback Doug Williams with a torn bicep and defensive end Wally Chambers with a knee injury during a 9-0 loss to the Rams Sunday.

Severe injuries weren't enough to stop the inspired Rams.

"It's hard to conceive what we've accomplished here today," said end Jack Youngblood, who played despite a hairline fracture in his left leg.

"That's the most injuries we've had all year, but I would just say the Rams out-hit us," Bucs' Coach John McKay said.

"We tried to knock a couple of them out, but they'd limp out and limp back in."

Placekicker Frank Corral booted second-quarter field goals of 19 and 21 yards and a fourth-quarter clincher of 23 yards — despite a hamstring pull suffered in his kicking leg last week. Halfback Wendell Tyler, who gained 86 yards rushing on 28 carries, played despite twisting a knee that underwent surgery

last year.

"All year, everybody's been playing injured on this team. We've got a lot of guys who are going to need operations when this is over," said linebacker Rich Saul, who climbed out of a hospital bed with a raging fever the previous week to play in the Rams' 21-19 upset of Dallas.

The Rams, shedding themselves of a hard-luck clobber image that dogged them through playoff losses the last six seasons, were subdued after the game.

"We've had so much frustration," Saul said. "We've had great teams who couldn't do it. Nobody thought this team had a chance, but we kept the faith in the Lord, and we feel he showed us what we should have realized

before — that we couldn't do it on our own."

"The Lord wanted us to win," said wide receiver Preston Dennard. "In all those past years, he was just testing us. Today, he gave us our reward."

Youngblood sucked in breath sharply as he maneuvered through the locker room. Grimacing with pain, he said: "I think it's the type of thing where if you're strong enough you can block it out. I honestly believe the good Lord blessed me with some kind of healing power that let me play today."

"When you see Jack Youngblood making those big plays, it helps us. He just played as long and as hard as he could," defensive tackle Larry Brooks said as he watched Youngblood hobbling.
