

Reporters Ordered Out Of Afghanistan

KABUL, Afghanistan (AP)—The Soviet-backed Afghan government has ordered all American journalists out of the country, accusing them of biased reporting and "interference in the country's internal affairs," a U.S. Embassy official told the journalists today.

Authorities detained the Americans at Kabul's Intercontinental Hotel, where most were staying, and told them they would

be expelled Friday. About 50 or 60 of the approximately 200 Western correspondents, photographers and broadcast crew members now in Afghanistan are American.

Most arrived early this month after the Soviet Union poured tens of thousands of its troops into this central Asian country, where they helped overthrow one Marxist government and replace it with another and have been helping the Afghan army put down an anti-communist rebellion in the countryside.

The Afghan order came three days after Ayatollah Ruhollah Khomeini's regime in neighboring Iran ordered all American journalists out of that country.

A Western diplomat in New Delhi, India, said initial reports said only American citizens were to be deported from Afghanistan. It was not clear whether this included

non-Americans working for U.S. organizations.

The Soviet news agency Tass quoted an Afghan Revolutionary Council decree as saying "phony" American correspondents had entered Afghanistan and were "practicing in fabrications and insinuations, one being more

absurd than another. Their aim is to step up tension in our country, disrupt the normal life of the Afghans."

It mentioned in particular the New York Times, Washington Post and Christian Science Monitor newspapers and "American Reporters Page 13

ALL-STATE CHOIR MEMBERS—These Snyder High School students have been named to the all-state choir following competition in Lubbock. At top are Belinda Scott and Teresa Smith (first alternate), and below are Laquita Reaves and Darrell Collins. They are members of the Snyder High School Choir directed by

Bill Lyon and will perform with the all state choir in San Antonio during the Texas Music Educators Association Convention Feb. 15-16, he said. The convention is taking place in the HemisFair facilities. (SHS Photo)

Clements May Thatcher Backs File Suit On Moving Olympics

White's Ruling

AUSTIN (AP)—Gov. Bill Clements said today he is considering filing suit over Attorney General Mark White's opinion clearing the way for spending up to \$117 million on a new state office building.

Clements said in a statement White's opinion that Clements could not block the expenditure "dangerously erodes the governor's veto power and virtually strips away a constitutional 'last line' of protection for taxpayers against irresponsible fiscal practices."

At a news conference, Clements said the money for a Texas Department of Human Resources building had been "hidden to keep me from being able to veto it."

"We're considering the possibility of taking this into court... probably right on to the Supreme Court," said Clements.

The governor referred to the proposed building as a "welfare Taj Mahal."

LONDON (AP)—British Prime Minister Margaret Thatcher today declared her government's support for moving the Olympic Games from Moscow in retaliation for the Soviet intervention in Afghanistan.

Carter administration officials say they are considering the idea of trying to shift the Olympic site as an alternative to boycotting the Games. A boycott has found little official favor among the NATO allies.

Canadian Prime Minister Joe Clark was the first Western leader to call publicly for moving the Games from the Soviet capital.

Mrs. Thatcher told the House of Commons that Britain should act with its allies in an approach to the International Olympic Committee, which would have to make the decision on changing the site. The president of the IOC, Lord Killanin, has insisted that the long-planned Moscow Games must go on.

Mrs. Thatcher said her

government "believes it would be right to try to move the venue away from Moscow."

"We cannot just stand back and see the Russians doing what they have done in Afghanistan, deplore it and take no action at all," she said.

Mike Douglas Being Replaced

HOLLYWOOD (AP)—Mike Douglas, host of a popular syndicated television talk show for 18 years, is being replaced, the show's producers say.

The announcement Wednesday by Group W Productions followed reports that negotiations with Douglas over a new contract were foundering. Douglas' current contract expires in June.

Ask Us

Q—Why are city and county officials permitted to work their farms and tend to personal business during the hours they are being paid by taxpayers?

A—Your question is so general that it makes a specific answer virtually impossible. First we need a definition of "hours they are paid by the taxpayers." Public officials, like persons in private business, generally are free to spend their time as they please when not on duty, just the same as bankers, lawyers, employees in stores and in the oil fields. Some of them find their duty hours extending beyond the traditional business period and at the same time they are free during times when other people are working.

Rebates Of Sales Taxes Show Gains

Snyder received \$17,062 in city sales tax rebates this month, an increase from \$14,300 at the same time last year, but less than some other cities of comparable size.

However, the office of State Comptroller Bob Bullock said increases on this rebate are due more to changes in bookkeeping systems and late sales tax returns from taxpayers than significant increases in sales.

"A substantial number of taxpayers filed 1979 third quarter returns late and the rebates are included in this January's allocation instead of December figures," the comptroller reported.

The January rebates of other area cities included Levelland, \$18,676; Sweetwater, \$18,392; Lamesa, \$15,608; Pecos, \$11,756; Monahans, \$8,755; Brownfield, \$8,462; Colorado City, \$5,254; Post, \$3,330; Rotan, \$1,001; Roscoe, \$555. Roby did not receive a rebate check this time.

JERRY RICE

Rice Seeks 2nd Term On School Board

Jerry Rice has announced that he will be a candidate for a second term on the board of trustees of the Snyder Independent School District.

Rice, 49, is sales manager in this area for Mrs. Baird's Bakeries and is completing his first term as the Place 4 member of the board. He is the second candidate to announce in the school board race.

Michael Reed is a candidate for Place 3 on the board, a post now held by Bill J. Voss who has announced that he will not seek re-election.

A third post on the board, Place 5, now held by Bill Clayton, also will be filled in the election, which is scheduled for April 5. Clayton also has announced that he will not seek re-election. The filing deadline for candidates is Wednesday, March 5.

Bringing Back Letters From Hostages In Iran

By The Associated Press. American Indian activist John Thomas heads for the United States today with a precious cargo of letters from the American hostages now in their 75th day of captivity by Iranian militants in Tehran.

Thomas stopped in Frankfurt, West German to deliver his first letter to Anna Holman, whose husband Sgt. Donald Holman is listed among some 50 Americans held since Nov. 4 by the militants at the U.S. Embassy. Holman was stationed with the U.S. Army in Frankfurt before being assigned to Tehran and his wife remained in Germany, informed sources said.

Thomas went to Tehran two weeks ago at the invitation of the militants to attend an international conference of liberation movements. He is due to fly on to the United States later today, with some 150 letters from the hostages to their relatives. He said he hopes to deliver as many of them as he can by hand.

The oldest of the American hostages in Iran has written The Washington Post asking for help "to free us from this terrible situation."

because of the constant noise it is almost impossible to sleep," said the letter from Robert C. Ode published in today's editions of the Post. The letter from Ode, a 64-year-old retired career Foreign Service officer from suburban Falls Church, Va., was written Dec. 26 and received by the newspaper Wednesday.

Discrimination Still Plagues Minorities

SAN ANTONIO (AP)—The federal government hasn't effectively enforced civil rights laws, and as a result, minorities and women in Texas face almost as much discrimination now as they did in 1968, says the head of the U.S. Civil Rights Commission.

It will take "vigorous, stepped up and meaningful" federal enforcement in the 1980s to improve the situation, Arthur S. Flemming said Wednesday at a symposium on civil rights in Texas.

Such enforcement of affirmative action and equal employment opportunity laws, Flemming added, must be supported by a "national movement" of public and private leaders.

Thursday update

Injunction Eases Tension

HOUSTON (AP)—An injunction that prohibits harassment and property damage has apparently eased tension along picket lines set up by striking oil workers, according to several refinery spokesmen.

Members of the Oil, Chemical and Atomic Workers union entered into the injunction after two oil firms and a construction company filed suit against the union.

The suit alleges that union members were blocking plant entrances, verbally abusing people, scattering nails along the roads to the plants and throwing rocks onto plant parking lots.

Airline Strike Continues

DALLAS (AP)—The impasse continued today as striking Southwest Airlines workers charted new strategy in the four-day-old walkout and management considered hiring new employees to replace the 106 striking mechanics, cleaners and stock clerks.

"We are not anti-union," said Howard Putnam, president and chief executive officer of Southwest. "But we feel we have the right to keep the money coming into the till. And that's what we are trying to do."

Car Theft Ring Probed

LUBBOCK (AP)—Authorities here are investigating a car theft ring believed operating a "salvage switch" scheme in Texas, Oklahoma, Kansas and California.

Theft charges in the case were filed against three persons Wednesday, but as of today, only one person has been arrested. Eleven stolen cars have been recovered in Lubbock.

Gold Bounces; Dollar Steady

LONDON (AP)—Gold prices plummeted and then rebounded in hectic trading today as the dollar remained fairly steady.

In London, where gold hit a record \$765 an ounce Wednesday, the mid-morning price was down to \$730.50. The morning gold fixing was \$728.50, and the metal later traded at a median \$726.50. But it then rebounded and the afternoon fixing price was \$750, almost back to Wednesday's closing price of \$752.50 an ounce.

The initial dip was seen as a natural reaction to Wednesday's giant 10 percent price leap, with some investors gathering profits while they could.

Following Wednesday's surge, in which gold jumped \$81.50 in Zurich in one day, prices bounced up and down in New York and then slumped in the Far East early today to close in Hong Kong at \$728.42, down \$4.94.

Silver, which hit a record \$48 at the London afternoon fixing Wednesday, fell back to \$44 this morning.

In London, a pound cost \$2.2670, compared to \$2.2763.

In Tokyo, the dollar closed at 238.675 yen, down from 238.80. In the last month, the price of gold has risen from \$470 per ounce as war fears brought on by the Soviet military intervention in Afghanistan added fervor to the already active gold market.

Concern over the health of Yugoslavian President Josip Tito also has driven some investors to put assets into gold, analysts say.

The SDN Column

The liberation movement is making women more and more equal, according to an article in the Wall Street Journal.

There is no doubt that women have lagged considerably in several areas for many years, but they are catching up, and rapidly, according to the article by Joann S. Lublin, whose by-line suggests that she is a woman.

For example, women are closing the gap on the use of cigarettes, on death from heart disease, on auto accidents, on suicides, longevity and crime. Men have traditionally been far out front in all of these fields, except longevity.

As for suicides, women may have had the urge before, but in most cases they used to take overdoses of drugs when the suicide impulse hit, which meant that they often could be revived. Now, according to the WSJ article, the women are adopting male methods, such as hanging, gunshot and deliberate car crashes which are more permanent.

It is believed by the researchers that women are becoming more involved in crime because more are in the labor market than ever before. Women on jobs have more opportunity to steal, they suggest.

Feminists argue that the statistics are not conclusive, but the researchers say it is a fact that women are drinking more, smoking more, having more traffic accidents, committing suicide more and stealing more and at the same time their pace of longevity is slowing down. Their life-expectancy increased over man by about one year per decade from 1900 to 1960, but some social scientists think it won't be increasing at all soon. It's one of the prices of progress.

★ ★ ★
We had a lot of letters to Santa Claus to publish in the SDN on Christmas Eve, but this is the first year we have had any thank-you notes addressed to the old gentleman in the red suit. These three came in earlier this month, all of them from Northeast Elementary School.

"Thank you for the presents," wrote Joe C. Castillo. Jara Kirby and Blair Williams summed up their appreciation with "Thank you for everything."

★ ★ ★
Another sign of the times: Americans ate more than 80 hot dogs each during 1979. That's a two percent increase over 1978. One of the more popular numbers now is the quarter-pounder.

★ ★ ★
The cactus patch philosopher says some people get lost in thought because it is unfamiliar territory. —WACIL McNAIR

something to believe

What are you going to believe? According to one school of prediction, cancellation of a scheduled 17 million ton U.S. grain sale to the Soviets in retaliation for the invasion of Afghanistan is likely to prove more painful for the erstwhile sellers than the would be buyers, an excellent example of the perils of using food as a weapon.

at wits end

by erma bombeck

Remember back in the '70s when our children used to sit around and watch all that violence on television? Well, thanks to electronic games, violence on television is a thing of the past. Now the kids are living it firsthand.

I sat down and put the control in my hand. Within minutes, my husband had sunk three of my subs. He laughed about it. "I don't see anything humorous about three subs being sunk, but I suppose that's the traditional macho, male, militaristic attitude."

NEW YORK (AP)—Forty-four percent of all families reporting to University of Michigan economists last November said they were worse off financially than they were a year earlier.

while and saw that if he could score five trump tricks, one heart and two diamonds he would be home. Then he took dummy's ace of hearts, ruffed a heart, led to dummy's ace of diamonds, ruffed another heart, led to dummy's king of diamonds and ruffed a third. This line of play is called a dummy reversal in that Eddie had managed to reduce his trump length to less than dummy's. He also had six tricks in and was going to get two more to bring home the contract. Dummy reversal is an important procedure to remember. Normally one prefers to ruff in the hand with fewest trumps, but extra tricks can sometimes be scored by taking advantage of a void or singleton in what would normally be the master hand. Dummy now becomes master and his short suit is used to collect opponents' trumps.

Crossword puzzle grid with clues and answers.

FUNNY BUSINESS

Crossword puzzle grid with numbers 1-61.

WORSE THAN CRANKY... SHE'S INTA MONSTER.

Dear Abby

This Bed-Bug Is Real Louse

By Abigail Van Buren

1960 by Chicago Tribune N.Y. News Synd. Inc.

DEAR ABBY: My husband (I'll call him Joe) and I live in the same house but have separate bedrooms because I've known for years that Joe can't leave other women alone. I got tired of fighting with him about it, so I just gave up. In fact, I don't even care anymore.

I'm staying with him until our daughter grows up. Barbara is 11, and Joe is a very good provider.

A few weeks ago Joe went to Colorado to visit his brother, Frank, and he took Barbara along. When they came home Barbara told me that after Uncle Frank went to work, Daddy and Aunt Jennie would lock themselves in the bedroom for a long time. She said Daddy told her not to tell anyone.

Abby, should I let this go or make a stink? After all, Jennie isn't just another woman. She's his brother's wife!

NAMES CHANGED

DEAR CHANGED: What's to be gained by making a stink? Your husband would probably turn on Barbara for turning him in.

Since your daughter is being exposed to some raunchy behavior on the part of married folks, be sure she understands that not all married men behave like Daddy, nor do all married women carry on like Aunt Jennie.

DEAR ABBY: My old lady and I are having an argument and hope you can settle it.

I say pigeons are still being trained to carry messages, and the wife says that pigeons haven't carried anything but diseases since the Civil War.

Who is right?

ANDY IN FORT WORTH

DEAR ANDY: You are. Pigeons are still being trained to carry messages. (They were used in World War II for that purpose.)

DEAR ABBY: What is a mother supposed to say when her child asks, "Can Kevin stay for supper?" and Kevin is standing right there looking up into your face?

I always say, "Of course, but Kevin has to call his mother and get her permission first."

Then my brat says, "Mother, you call Kevin's mother. He's afraid to."

So, like a ninny, I call Kevin's mother, and she says, "Are you sure he has no trouble?" Then what am I supposed to say? Anyway, I think you have the picture.

I really don't mind having one more for supper because mine is an only child, and it's nice for him to have someone to play with. But I don't like being maneuvered into it, and my son pulls this often. Also, after supper they play until it's dark, and guess who has to take the dinner guest home?

Is there a solution?

CONNED IN CONNERSVILLE

DEAR CONNED: Your resentment at being outsmarted by a couple of junior con artists is understandable, but you're lucky your son has friends. Simply instruct him to ask you privately if he may have a guest for supper.

CONFIDENTIAL TO "IN LOVE WITH A CO-WORKER WHO'S TRAPPED IN A LOVELESS MARRIAGE": Get out of that office and out of his life. It would be easier to smudge down past a rooster than to hide the fact that you two are madly in love.

Teens: Are there some questions you just can't ask anyone about sex, drugs, your own feelings? Get Abby's new booklet, WHAT TEENAGERS OUGHT TO KNOW. Send \$2 to Abby, 132 Lasky Drive, Beverly Hills, Calif. 90212. Enclose a long, stamped (25 cents), self-addressed envelope.

Nelson Fans To File Suit

DALLAS (AP)—Ticket-holders angry about being turned away from a Willie Nelson concert Tuesday night vowed to file a class-action lawsuit against the concert promoter today.

Fire and police officers sent home about 350 fans after too many tickets were sold to the Nelson Delbert McClinton concert at Dallas Sportatorium.

The influx of concert-goers was halted after 4,216 ticket-holders were admitted. The overflow crowd milled about until 11 members of the Dallas Police Department's Tactical Squad were called in and told them to leave. The crowd left peacefully.

Assistant Chief Jerry Lambert said the Dallas Fire Department sent officers to count the concert-goers after receiving a complaint from a woman who said the concert had been "oversold by 1,000 tickets."

'Silver Burglar' Makes Texas Debut

HIGHLAND PARK (AP)—A man who made headlines for two decades in Ohio as "The Silver Burglar" is now making ripples in Texas.

Kermit Francis Gabel Jr. is accused of stealing three valuable cases of silverware from a home in this exclusive Dallas suburb last week.

And now that police have learned of his penchant in the past for stealing silver, they're questioning him about 18 burglaries here in the past 18 months in which \$200,000 in silverware has been taken.

The father of three was arrested last Thursday night as he jumped from the upper branches of a tree outside a Highland Park residence. A resi-

dent called police and said he found several sets of silverware and a silver coffee service when he went downstairs to investigate suspicious noises.

Dressed in Army fatigues, combat boots and a baseball cap, Gabel carried no identification, and he was charged only with breaking into a home and stealing three valuable cases of silverware.

Then, Highland Park police learned he had been arrested 14 times since 1956 in connection with silver and jewelry bur-

glaries in swank neighborhoods near Cleveland and Youngstown, Ohio.

Gabel made \$25,000 bond from the Dallas County Jail Tuesday but by 2:40 a.m. Wednesday he was back in custody again. Police chased a man they saw running near some houses and, minutes later, found Gabel hiding under a tree between two houses.

It was less than two blocks from where he was picked up last week. This time, police filed a habitual criminal charge against Gabel, which carries a life prison sentence. He was arraigned Wednesday and bond set at \$200,000.

"We call him the silver burglar because he allegedly steals silver and melts it down," said Harry Eidan, a detective in the Cleveland suburb of Shaker Heights.

Gabel has served a half dozen jail sentences since 1955 for burglary, grand larceny, arson, mail fraud and possession of burglary tools, Ohio officials said.

Gabel currently is awaiting trial in Cleveland on two counts of aggravated burglary and two counts of possession of criminal tools, Eidan said.

"He's served about 20 years in jail, off and on," and has a "lengthy record dating back to the 1950s," Eidan said.

OBITUARIES

Mrs. Johnson

Services for Mrs. Patsy L. Johnson of Dallas were held Wednesday in Archer City. She died Jan. 14 in Parkland Memorial Hospital in Dallas after a brief illness.

She was the mother of Tommy and Charlie Johnson of Snyder. She is also survived by one daughter, Mrs. Margaret Seaton of Guyton, Okla.; five sisters; two brothers and three grandchildren.

Swedish chemist and philanthropist Alfred Nobel died in 1896

HARLEY BYNUM

Bynum Deputy Grand Master Of District

Harley Bynum has been appointed by the Grand Lodge of Texas to serve as District Deputy Grand Master of the 79th Masonic District for 1980. Lodges in the district include, Scurry (Snyder), Ira, Hermleigh, Dunn, Loraine and Colorado City.

Bynum was raised to the Sublime Degree of a Master Mason in 1974 in Snyder at Scurry Lodge 706. He became a 32nd degree Mason that same year at the El Paso Scottish Rite Temple.

He then became a member of the Shriners, Noble of the Suez Temple in San Angelo.

Bynum is a past Master of Scurry Lodge and has a dual membership in the Masonic Lodge at Hermleigh. He is a member of the order of the Eastern Star in Hermleigh and is currently serving as Worthy Patron in the Eastern Star Chapter.

The Bill of Rights, the first 10 amendments to the Constitution, was adopted in 1791.

Father Searching For Abandoned Daughter

DALLAS (AP)—Jamie Fernando Ponce de Leon, fearing his 6-year-old daughter soon may be adopted by a Dallas family, has begun a frantic search to locate the little girl who was taken by his ex-wife and probably abandoned in this area.

The child, Mary Rosana Ponce de Leon, has been involved in a see-saw custody battle since her parents were divorced in 1975, according to New Orleans police.

Ron Gannatella, a New Orleans child abuse investigator, said Mary was taken by her mother, Linda Faye Chammiss, in August and police believe she was abandoned here before her mother left town.

"She may have just abandoned her little girl near Dallas and the family that took her in believes they have an orphan," he said. "The probably do not realize the child has a father who desperately wants his child back."

"We don't want to lose her," he said. "We all loved her very much. I don't want anyone else taking her."

Miss Chammiss, 28, originally was given custody of the little girl following the divorce, Ponce de Leon said, but returned her to him while having financial problems. Ponce de Leon said he eventually got legal custody.

Ponce de Leon, a 31-year-old car salesman, said he last saw his daughter in August, when his ex-wife, Miss Chammiss, came to visit.

"She told me she wanted to take our daughter to see her grandfather, who was very sick," he said. "She said her father was about to die and she wanted him to see our daughter one more time. They left, and I haven't seen either one of them since."

New Orleans police said Ponce de Leon recently was contacted by a New Orleans attorney who said he had been in touch

with Miss Chammiss. The attorney, Hugh Exnicious, told the father in a letter Miss Chammiss left Mary with a Dallas family who was going to adopt her, police said.

Gannatella said the search has been slowed by the court systems.

"Court records involving adoptions are listed in the name of the prospective parents," he said.

HEALTH

Lawrence E. Lamb, M.D.

Relieving colon spasms

By Lawrence Lamb, M.D.

DEAR DR. LAMB—I had some rectal bleeding and went in for an examination and the doctor did a proctoscope, barium enemas and all the usual things. He said I had internal hemorrhoids, muscle spasms in the colon and a few moderate diverticula. The doctor had his nurse tell me that the situation was normal for me and to continue as I

am. I am 47 years old, don't drink, smoke or take in caffeine or other drugs. I am trim and in general good health.

What I want to know besides the cause and the meaning of these findings is what I could possibly do to lessen or remove them. Irritation can cause cancer, can't it? Is it a matter of trying to live as calm a life as possible or exercising or perhaps eating or avoiding eating certain things?

DEAR READER—First, let me say you did the right thing by having an examination. Anyone who has unexplained rectal bleeding must have an examination because it is sometimes the first sign of cancer. You can't just guess that it's due to hemorrhoids. Not only that, some hemorrhoids pop out from the pressure caused by a tumor further up in the rectum above the hemorrhoid area.

I'm glad your doctor didn't find anything that was really serious or life threatening and you'll be happy to know that irritations of the sort that you're referring to do not cause cancer. Obviously, I can't cover all your problems in this one column but I can send you three different Health Letters that will give you a lot of information on them: Number 13-12, Hemorrhoids; New Treatments For An Old Affliction; Number 5-6, Diverticulosis and Number 2-1, Irritable Or Spastic Colon And Constipation. Other readers who want any one of these issue can send 75 cents for each with a long stamped, self-addressed envelope for it. Send your request to me in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

The best thing you can do is to develop good bowel habits. That will help relieve the colon spasms which some people think are the cause of the diverticula, those little pockets that develop on the side of the colon. Your bowel training will be discussed in the issue on spastic colon that I'm sending you.

The bowel training program should include adding an adequate amount of bulk to your diet, particularly cereal fiber as found in whole wheat cereals. This may cause an increase in gas formation during the first three weeks but if you stick with it and get through that phase, adding an appreciable amount of bran to your diet will help to improve your colon function and relieve the spasms.

Bran absorbs water and will soften your undigested food material so that it's less inclined to irritate your hemorrhoids.

Now if you just have internal hemorrhoids but no external components, you'll find out that many of these can be treated with injections. If they continue to cause you any problems, you might see a physician about possible treatment. Not all hemorrhoids require surgical excision. But, of course, it depends on whether they're just internal or also involve an extension to external areas.

SAFEWAY

Copyright 1980, Safeway Stores, Incorporated

The announcement of Ms. Jordan's appointment was made today by Mr. Percy R. Millard, Director of the U.S. Bureau of Census Regional Office in Dallas.

In Lubbock, census office, to be located on the 3rd Floor, Metro Tower Building, 1220 Broadway, will employ approximately 700 temporary workers at the peak of census operations next spring. Hiring for most of these jobs will begin early in 1980. The temporary Lubbock office will remain open until census operations are completed, expected to be sometime during the summer of 1980.

It will be responsible for counting all persons and housing units in these counties: Andrews, Bailey, Borden, Cochran, Cottle, Crosby, Dawson, Dickens, Ector, Fisher, Floyd, Gaines, Garza, Hale, Hockley, Howard, Kent, King, Lamb, Lubbock, Lynn, Martin, Midland, Mitchell, Motley, Nolan, Scurry, Stonewall, Terry and Yoakum.

The 1980 census will be taken largely by the mail-out, mail-back method. On Friday, March 28, 1980, the Postal Service will deliver a census questionnaire to each U.S. household. Residents will be asked to complete the questionnaire and return it four days later, on Tuesday, April 1. Census Day—in a postage free envelope. The questionnaires will be returned to the temporary census office where they will be checked and processed by census workers. If questionnaires are not mailed back, census takers will make household visits to get the required information.

Ms. Jordan is one of 21 census district office managers to be named in Texas and one of 409 to be selected throughout the nation.

BABY STROLLING WEATHER-The middle of January usually isn't associated with baby-strolling but neither are temperatures in the 70s. This pair of mothers could not resist the temptation to show off their offspring and soak up some of the sunshine before Old Man Winter realizes his mistakes and sends in the cold. On the left are Mrs. Kay Kemer and Robyn and on the right are Paula Howard and Jeremy. (SDN Staff Photo)

Midwest Reports Snow

By The Associated Press
Travelers' advisories were posted throughout much of the Midwest today as snow sifted down on parts of Iowa, Michigan, Minnesota and Wisconsin.
Rain was mixed with snow in central Pacific coast to the Northern Rockies, with snow in higher elevations.
Some pre-dawn temperatures and weather conditions around the nation:
Eastern U.S. - Atlanta 54 cloudy, Boston 28 cloudy, Cincinnati 53 cloudy, Cleveland 51, windy, De-

troit 43 cloudy, Miami 63 clear, New York 34 clear, Philadelphia 35 clear, Pittsburgh 45 cloudy, Washington 42 cloudy.
Central U.S. - Chicago 41 cloudy, Denver 32 hazy, Des Moines 31 cloudy, Fort Worth 46 clear, Indianapolis 52 cloudy, Kansas City 33 clear, Louisville 55 cloudy, Minneapolis 30 cloudy,

Nashville 53 rain, New Orleans 64 foggy, St. Louis 42 cloudy.
Western U.S. - Anchorage 10 snow, Los Angeles 59 partly cloudy, Phoenix 54 clear, Salt Lake City 41 cloudy, San Diego 61 rain, San Francisco 54 clear, Seattle 41 cloudy.
Canada - Montreal 18 partly cloudy, Toronto 36 partly cloudy.

Thunderstorms In Southeast Part Of Texas

By The Associated Press
Thunderstorms rumbled through Southeast Texas early today and dense fog cut visibility to near zero along the upper Texas coast.
Dense fog was blamed for the collision during the night of a tanker and an offshore crew boat near the entrance to Galveston Bay. Two persons were reported missing.
While thunderstorms and fog plagued Southeast Texas the remainder of the state had clear skies and mild temperatures.
Forecasts called for the thunderstorms to continue along the upper Texas coast. Northern and western sections of the state were to have clear to partly cloudy skies and continued unseasonably warm temperatures.

Industry Lines Up To Fight New OSHA Plan

By OWEN ULLMAN
AP Labor Writer
WASHINGTON (AP)—American industry is lining up for a fight over a new government regulation designed to increase worker protection from hundreds of potential cancer-causing chemicals found on the job.

Several industry groups are going to court to challenge the regulation, which the government hopes will speed up the lengthy process of identifying and regulating some 500 chemicals that may threaten the health of hundreds of thousands of workers.

The regulation, announced Wednesday by the Labor Department's Occupational Safety and Health Administration, would replace the current policy of regulating carcinogens on a slow case-

by-case basis. OSHA's administrator, Eula Bingham, estimated the new approach would enable the agency to establish worker exposure limits on about 10 chemicals a year, up from the current two per year. A 1977 survey by the National Institute of Occupational Safety and

Health indicated that 1 million Americans may be exposed to known cancer-causing substances on the job. The government also estimates that between 20 percent and 40 percent of the nearly 400,000 cancer deaths each year are attributable to job-related factors. The chemical in-

dustry, however, contends that only 1 percent to 5 percent of cancer cases are occupationally related. Representatives of the chemical, petroleum and plastics industries complained Wednesday that the new regulation's method of identifying carcinogens is scientifically

flawed, and that compliance could cost business billions of dollars. The U.S. Chamber of Commerce called the government policy "regulatory extremism" and "administrative over-reaction." The American Petroleum Institute, contending that the government's

criteria for labeling a chemical as a carcinogen are too lax, said it has asked the U.S. Court of Appeals in New Orleans to review the regulation. The Society of the Plastics Industry and a group composed of industrial producers and users of chemicals said they would join in the appeal.

Organized labor said it also would seek an appeals court review of OSHA's action, but for different reasons. George Taylor, director of the AFL-CIO's occupational safety and health department, praised the agency for the way it identifies hazardous chemicals.

But he complained that the agency removed from its original policy, proposed two years ago, a requirement that mandatory worker exposure limits be established for any substance found to pose cancer risks. Under the final policy, OSHA has the option of setting exposure limits.

ASTRO-GRAPH
Bernice Bede Osol

January 18, 1980
Many opportunities are going to be presented to you this coming year. At the outset some might appear difficult, but your persistence and wisdom will direct you to the brass ring.
CAPRICORN (Dec. 22-Jan. 19) If you set your mind to it you can get quite a bit accomplished where your self-interests are concerned. Get going, it will be quite rewarding. Find out more of what lies ahead for you in the year following your birthday by sending for your copy of Astro-Graph Letter Mail \$1 for each to Astro-Graph, Box 489, Radio City Station, N.Y., 10019. Be sure to specify birth date.
AQUARIUS (Jan. 20-Feb. 18) There should be no doubt in your mind today regarding the do's and don'ts related to achieving a personal goal. You'll know the formula for success.
PISCES (Feb. 20-March 20) You may have an opportunity today to reinforce a friendship that needs a little shoring up. It will please this person to know you're loyal.
ARIES (March 21-April 19) Being surrounded by progressive people gives you the courage to put to work some ideas you've been pondering. It'll prove rewarding.
TAURUS (April 20-May 20) You know how to take a philosophical view of things today. This will help you to simplify complex situations and take problems in stride.
GEMINI (May 21-June 20) An earnest discussion with a no-nonsense approach will help correct a cogitation at home that has been causing you some frustrations lately.
CANCER (June 21-July 22) Aiding others will come easy to you today because you have the knack of looking at things realistically and the courage to call a spade a spade.
LEO (July 23-Aug. 22) Careful planning and common sense give you a fine head for business today. Negotiate now for those deals on which you've had your eye.
VIRGO (Aug. 23-Sept. 22) The way you organize your time today gives you a good balance between work and play. By day's end you should feel fulfilled in both areas.
LIBRA (Sept. 23-Oct. 23) Family interests and responsibilities are your prime concern today and take priority over outside affairs. You'll get joy out of handling them effectively.
SCORPIO (Oct. 24-Nov. 22) Someone you may not have seen for a long time might try to get in touch with you today. If he or she does, include them in your family function.
SAGITTARIUS (Nov. 23-Dec. 21) There is something that may be presented to you today that could be profitable to you personally. It won't come on a silver platter, though. You'll have to work for it.

Bomb Rips
6 Rooms In
London Hotel

LONDON (AP)—A bomb explosion ripped through six rooms of a popular London hotel this morning killing a man of "Arab origin," injuring a West German and sending terrified guests, many in nightclothes, fleeing into the chilly streets, police said.
Nearly five hours later, a second bomb exploded, apparently in the rubble. It injured no one, police said, but it created a second emergency and streets which had been reopened after the first blast were closed again.

U.S. Looking For Additional Grain Markets

By DON KENDALL
AP Farm Writer
WASHINGTON (AP)—The United States, selling Mexico some of the millions of tons of grain embargoed for shipment to the Soviet Union, wants to expand sales to other countries, an administration official says.

He said the United States was looking into the possibility of having other countries buy more of the grain that had been destined for the Soviet Union, announced Wednesday an agreement under which Mexico will buy just over 1 million tons of the 17 million metric tons of corn and wheat embargoed to the Soviets.

On Jan. 4, President Carter canceled the Soviet grain orders in retaliation for the Kremlin's military intervention in Afghanistan. The government bought up the grain ordered by Moscow but has no desire to hold

it if suitable markets can be found. Mexican Commerce Secretary Jorge de la Vega joined U.S. officials in announcing the deal, which he said was sparked in part by poor Mexican harvests caused by a drought and an early frost.

The agreement calls for Mexico to buy 4.8 million metric tons of farm products "above and beyond" what it had already ordered this calendar year, bringing total sales to about 7 million metric tons, said Hathaway.

That's about twice as much as Mexico bought in each of the last three years, he said. Other administration officials said later that sales to Mexico for this year had been projected at about 6 million tons this year prior to the hastily arranged deal announced Wednesday.

The officials, who asked not to be named, pegged Mexico's total commodity orders at 7.15 million tons in 1980. That would mean the net effect of the new deal would be to increase Mexico's 1980 purchases by about 1.1 million tons from what had been expected.

Included in the agreement would be 1.7 million metric tons of corn, 1 million tons of sorghum, 650,000 tons of wheat, and 500,000 tons of soybeans. Other commodities Mexico agreed to buy were: edible beans, 250,000 tons; sunflower seed, 300,000 tons; soybean meal, 200,000 tons; tallow, 80,000 tons; rice, 50,000 tons; and soybean oil, 30,000 tons.

In addition to suspending sales of corn and wheat to the Kremlin, the president halted shipments of about 740,000 tons of soybeans, 400,000 tons of soybean meal and 30,000 tons of soybean oil.

The agreement with Mexico involves commercial transactions, agriculture officials said. No U.S. government credits were involved, they said.

The two countries began negotiating the deal Tuesday after de la Vega arrived here, Hathaway said. Talks were completed shortly before the announcement was made.

American Back On Schedule

By The Associated Press
American Airlines was back on schedule late Tuesday after brief wildcat strikes by thousands of ground employees delayed 100 flights across the country.

About 7,000 passengers were affected when members of the Transportation Workers Union walked off the job, a company spokesman said.

Employees were reported off the job at airports in Los Angeles, San Diego, New York, Chicago, Dallas-Fort Worth, San Francisco, Salt Lake City and Tulsa, Okla.

The TWU represents about 14,000 ground workers, including fleet service clerks, baggage and air freight handlers, aircraft cleaners, mechanics stock clerks and other ground personnel.

Vincent Modugno, director of public relations for American's Eastern division in New York, said supervisory personnel took over during the walkout.

Art Jackson, of American's headquarters in Fort Worth, said some flights were canceled, but added the airline may cancel several flights a day for various reasons.

He said there were no flight cancellations in the New York area or "to my knowledge, anywhere in the system. But it did cause five-to 10-minute delays."

VA Employee Warns WW II Vets Of Hoax

ABILENE (AP)—A Veterans Administration employee in Abilene has urged the VA to warn World War II veterans of a nationwide insurance claims hoax that threatens to burden the agency with tons of paperwork.

The hoax, which has popped up sporadically for years, now has "blossomed like wildfire," said Jack Townsley of the Taylor County Veterans Service Administration.

He said the VA does not know when or where the hoax originated, but added it has been around at least the seven years he has been with the VA.

The hoax is in the form of a circular that promises World War II veterans 55 cents for each \$1,000 of GI insurance they carried for each month they served, even if the insurance is no longer in force.

The circular says Congress recently passed a bill allowing the claim, and carries the address of the Philadelphia VA center that handles claims. Included is a questionnaire to aid veterans in filing their claims.

"It could be someone is mad at the VA and wants to load them down with paperwork," Townsley said.

**McCormack
New Coach**

BALTIMORE (AP)—Mike McCormack, a standout lineman for the Cleveland Browns in the 1950s and 1960s, was named coach of the Baltimore Colts Wednesday.

McCormack's appointment, which had been expected for several days, was announced at a news conference by General Manager Dick Szymanski.

It is McCormack's second head coaching job in the National Football League. He served three years with the Philadelphia before being fired after the 1975 season.

He succeeds Ted Marchibroda, who was fired as Colts coach after two consecutive 5-11 seasons. The Colts won division titles in Marchibroda's first three years at the helm.

Los Angeles' Defense Matches Up...

Rams Will 'Discourage' Steelers

LOS ANGELES (AP)—How do you defend against Lynn Swann and a John Stallworth? Simple, says Dave Elmendorf. "You do it with a Pat Thomas and a Rod Perry."

That may well be the most critical matchup in Sunday's Super Bowl game, with Thomas and Perry, the Los Angeles Rams' cornerbacks, trying to muzzle the Pittsburgh Steelers' terrifying tandem of deep threats.

No other team has really been able to stifle both wide receivers. Double-covering one meant handling Pittsburgh quarterback Terry Bradshaw and engraved invitation to exploit the other.

"But no other team has two cornerbacks that are as capable as ours," Elmendorf, the Rams' strong safety, said Wednesday before the team began what Coach Ray Malavasi described as its two hardest days of workouts.

"When you've got guys who are as capable as Rod and Pat and you're matching them up against Stallworth and Swann, you've got two natural battles there - and I think that in the past we've won the

battles," said Elmendorf, reflecting on the Rams' 10-7 victory over the Steelers during the 1978 season. In that game, Pittsburgh's two wide receivers were limited to just 69 yards on five receptions.

"We'll be up in their faces just about all day," said Thomas, who missed half the season with a knee injury and returned as a starter in the Rams' 9-0 shutout of Tampa Bay in the National Conference championship game.

Swann's biggest asset, Thomas said, is his concentration. "The guy can catch a needle in the dark - he can catch anything," he said. "If the ball hits his hands, he's got it. That doesn't intimidate me at all - but I think we can do a few things to intimidate him. I think it's my job to destroy the will of the receiver. Swann is a man; he's human. And you can destroy his will to catch the ball."

That sounded strangely like talk from Oakland's Jack Tatum and George Atkinson and Dallas' Cliff Harris a few years back, when Swann suffered a concussion in the American Conference championship game against the Raiders, then killed the Cowboys in the Super Bowl with one magnificent catch after

another.

"Making a sure, solid tackle, that's basically what Pat was talking about," said Perry. "If you hit him hard enough, maybe you can make him lose his concentration. We're not talking about going to try to deliberately hurt a person. But when you get a person thinking, 'Where's Pat Thomas?' or 'Where's Dave Elmendorf?' get him thinking about something other than the ball for one split second, you've got an edge on him."

One edge the Rams had in their upset of the Cowboys two playoff games ago was knowing when Dallas quarterback Roger Staubach was likely to throw. In third-and-long situations the Cowboys shifted to the shotgun formation, an almost certain throwing formation.

Knowing that, the Rams flooded their secondary with seven defensive backs, effectively shutting down Tony Hill, Drew Pearson and the rest of the Cowboys' receivers.

The Steelers, though, aren't so predictable, throwing on first down, running on third down. "We'll have to think twice before we throw seven defensive backs into the game," Malavasi said.

And how does Los Angeles expect to compensate for that? "That's why we're playing the game," the coach said. "We'll find out Sunday."

Nolan Cromwell, the Rams' free safety, suggested one way to compensate for the loss of the seven-back defense. "A strong pass rush," he said. "That's a prime reason we did well against the Steelers last year 1978."

"We were able to put pressure on Terry and cause him to change his rhythm. And whenever you change anybody's rhythm on a pass pattern or whatever it throws that timing off a little bit and it'll hurt; I don't care what the quarterback says. When you change his rhythm it shakes him a little."

**Bowl Tickets Going
For Gold-Like Sums**

PASADENA, Calif. (AP)—Tickets for Super Bowl XIV sold originally for \$30 each yet those trying to secure them now reportedly pay up to \$350 for choice seats.

End zone seats go for \$125 and up.

A multi-million dollar business, Sunday's game will sell out in the Rose Bowl, which has more than 100,000 seating capacity. The television rights were sold to CBS for approximately \$6 million. Businesses in Pasadena, Los Angeles and environs

also realize big profits from the game which matches the Pittsburgh Steelers and the Los Angeles Rams.

With a home club in the Super Bowl for the first time, business might not be quite as big as with two outsiders, but the prices for resold tickets have soared.

Fred Burkhardt, manager of research and economic development for the Pasadena Chamber of Commerce, sets his dollar projection for the Super Bowl at between \$750,000

to \$1 million in that city alone.

Most hotels in downtown Los Angeles are sold out. How about the tickets? A National Football League spokesman said that 101,629 tickets were divided with 27.5 percent going to each of the participating teams, 30 percent to the rest of the league teams and 45 percent to the league office.

The Rams says they received 27,000 tickets, sold 18,900 to season ticket holders and distributed the remaining 8,100 among players, staff, advertisers and others.

**Nets Halt Houston;
Celtics Tracked Again**

HOUSTON (AP)—Mike Newlin can't explain the New Jersey Nets' dominance of the Houston Rockets, but said "we'll take anything we can get" after the Nets' 122-112 win over Houston Wednesday night.

It was the Nets' third win in four meetings this year with Houston, and Newlin dumped in 30 points - 14 in the fourth quarter - to snap a five-game Rocket winning streak.

The Nets led 62-53 at half-time, then Houston rallied in the third quarter to take a 90-89 lead as the quarter ended.

But the Nets took off at

the start of the final quarter, out-scoring the Rockets 17-8 in the first six minutes to move back into a comfortable 106-98 lead.

And the Nets not only outshot the Rockets, they out-rebounded them by a 17-7 margin, despite Houston center Moses Malone, who pulled down a game-high 19 rebounds and led all scorers with 31 points.

"We didn't have top effort," said Houston coach Del Harris. "Coming in, I thought we would play well. We had won five in a row and had a good practice Tuesday."

"We weren't there defensively, and we just got outplayed."

Harris said the Rockets "threw everything" at Newlin in an effort to slow him down, but nothing worked.

New Jersey Coach Kevin Loughery said his team "had control of the game most of the way. We've lost 15 games by six points or less this year. We've stayed close by control.

Tonight, we came through.

"We've been lucky to play them (Houston) well," said Newlin. "Every win is exciting to us because we scrap hard. That's how we win."

Rick Barry hit the 25,000th point of his NBA-ABA career in the second quarter, joining Wilt Chamberlain, Oscar Robertson, John Havlicek and Jerry West in the exclusive club.

Rudy Tomjanovich had 20 points for Houston and Barry added 16. Cliff Robinson hit 22 and Calvin Natt had 19 for New Jersey.

Amarillo Strong Opposition

Western Texas College basketball fans will get to see the Westerners and Dusters at home for the first time since 1979 tonight, and against two of the toughest opponents in the conference, no less.

Amarillo College, boasting women's and men's teams that are almost a shoo-in for their respective Region 5 tournaments this year, will be attempting to prove that size does indeed make a difference in college basketball.

Against New Mexico Junior College. Illustrating just how tough Amarillo is, WTC Coach Nolan Richardson said, "Two of their losses came from Midland. Both were by one point each, both in overtime, and both without Victor Mitchell." Midland, which WTC edged 87-81 in the ABC Classic, is 16-1 and ranked No. 4 in the nation.

He added, "Amarillo is the biggest, most physical team in our conference. They have a great inside game with good, strong rebounding. A team like that can stop a lot of fast breaks because they'll rebound for a second or third shot."

Joining Mitchell, who also leads the conference in field goal percentage (.754), will be 6-6 freshman David Bradley, 6-8 sophomore Tom Perry, 6-6 freshman Mark Sommers, and 6-2 sophomore Kevin Parker. Bradley averages 14.6 points and 5.7 rebounds a game. Parker averages 13.0 points and 5 rebounds.

up. We're going to have to make it tough on them to score points."

According to Richardson, his two players which missed the ABC Classic are back in the fold, Joey Rosales and James Hutcherson. Rosales had had a stomach virus while Hutcherson had injured a toe.

However, a dominate force in the Westerner lineup - Bill Patterson - may miss the game because of a wrist injury suffered in practice Sunday. Patterson, who averages 13.1 points a game hits 626 from the floor and 707 from the line and has 42 steals to credit this

season, has not been able to work out with the team, but has been running all week.

WTC's Dusters are looking for a down-to-the-wire affair also. Amarillo nipped the Dusters 78-73 in the finals of the Lady Aggies Tournament (College Station) last weekend.

The Lady Badgers boast 6-2 Olivia Jones, the conference's leading scorer (21.6 points) and No. 2 rebounder (11.3). Team-mate Pam Cobb is second in the conference with a 16.3 scoring average.

WTC Coach Joe Cushing has also been impressed with 6-0 Jessica Wiley (10.7 points, 10.1 rebounds), and 5-10 Cheryl Robinson.

The Lady Badgers, 13-3 on the season and 1-1 in conference play, are currently ranked No. 14 in the nation according to the latest NJCAA poll. The Dusters, 14-6 and 2-1, had been rated in the 13th spot, but a 2-3 record since the holiday break has knocked them out of the chart. The only other Texas team ranked, also a member of the WJCAC, is Odessa, at No. 15.

WTC men, ranked No. 1 in the nation, are 17-0 and 5-0. Amarillo men are not ranked according to the latest poll.

ON THE DRIVE—Paul Pressey, 6-5 sophomore from Richmond, Va., concentrates on nothing but the basket as he drives for a layup in recent Western Texas College action against South Plains. Tonight, the No. 1 ranked Westerners take on Amarillo College at 8 here. The show begins at 6 when the Dusters and Lady Badgers take the coliseum floor. See related article above. (SDN STAFF PHOTO)

Terrapins Upset Clemson, Reach Atlantic Summit

By The Associated Press The Atlantic Coast Conference has five of its eight teams in the Top Twenty but Maryland, which isn't one of them, is No. 1 where it counts ... in the conference standings.

The Terrapins made it to the top of the standings Wednesday night by edging No. 17 Clemson 84-63 on Greg Manning's short driving one-hander with three seconds to play. A desperation shot by Clemson's Billy Williams went in but came after the final buzzer.

Manning was one of several options on that play. Maryland Coach Lefty Driesell explained, "There were a lot of things we could do, but when he comes off a pick, we can give it to him. He beat Duke on the same play last year."

Wake Forest almost beat Duke Wednesday night but the fifth-ranked Blue Devils held on to nip the Demon Deacons 67-66 behind Mike Gminski's 27 points. In another tip-and-tuck ACC game, ninth-ranked North Carolina ended No. 16 North Carolina State's 11-game winning streak 67-64. Another

ACC member, 12th-ranked Virginia, clobbered Penn 69-39 in a non-league contest.

In other games involving members of The Associated Press Top Twenty, 10th-ranked St. John's turned back Boston College 66-63, No. 13 Missouri trounced Iowa State 85-70 and No. 14 Louisiana State trimmed Auburn 93-82.

Tigers Try LCHS

LUBBOCK—Snyder High School and Lubbock Christian meet in their rubber match here Friday, a meeting which all but brings to a close non-conference play for the Tigers.

Snyder's boys, 16-4 on the season and ranked No. 3 in class AAA, will begin District 3-AAA play Jan. 22 against Sweetwater. The Tigers won't see another non-conference opponent until Feb. 5, and it will be the final one.

The boys lost to Lubbock Christian in Lubbock 55-51 in the Plainview Tournament earlier in the season, and later defeated the Panthers 56-55 in overtime in Snyder.

For Snyder's girls, 13-6 on the season and 2-0 in district competition, this will be the second meeting with the Panthers. Snyder held a 10-point lead in the third quarter against LCHS in their earlier con-

test, but eventually lost 42-39.

Snyder had two girls out with injuries for the game, including starting guard Jamie Hataway, the team's leading scorer. Hataway, who pumped in 16 points and had nine steals against Brownfield in a 45-40 Snyder victory Tuesday, should be in the lineup against LCHS this time as should Sam Halford, who also missed the first Feline-Panther affair.

Tip-off time for the quadruple-header will be 3 p.m. as both girls' junior varsities take the court, followed by the boys' JVs, varsity girls at 6:30 and varsity boys at 8.

Next Tuesday, both Sny-

der varsities will host Sweetwater in district competition at Scurry County Coliseum.

Bengals On Road Tonight

Snyder eighth and ninth grade boys' basketball teams will be on the road to Colorado City and Big Spring tonight.

Snyder ninth grade, 6-0, will take on the Wolves at Colorado City at 5 p.m. At Big Spring, in double-header play, the local eighth grade Black team contests the Brahmas at 5:30, followed by the ninth grade Black team versus the Brahmas at 7.

Cats Tip Off Tournament

Snyder seventh and eighth grade girls' basketball teams were to host tournament play here today and this evening.

Gold to take on Colorado City Black at 2:15; and Seminole and Spur to bout at 6; all at the high school gym. Also today in the seventh grade bracket, Lamesa and Post will meet at 7:15 in the junior high gym.

The eighth grade bracket also calls for a game between Lamesa and Post at the junior high at 6.

All other eighth grade bracket games will be held at the high school, and include Snyder-Black versus Colorado City at 3:30; Spur versus Midland Christian at 4:45; and Seminole versus Snyder Gold at 7:15.

The tournament concludes Saturday.

Six penalty shots on goal in the history of the Stanley Cup produced only one score.

Celtics Win

(continued from page 10) three periods. Erving scored 13 points and Maurice Cheeks 12 to lead the Sixers' third-quarter assault.

Lakers 97, Warriors 96 Kareem Abdul-Jabbar scored 10 points in the final quarter and sent Los Angeles ahead to stay on a free throw with 1:44 remaining. Jamaal Wilkes led the Lakers with 27 points while Abdul-Jabbar and Spencer Haywood had 25 apiece.

76ers 121, Trail Blazers 110 Julius Erving scored 26 points and Philadelphia snapped the 19th tie of the game and went on to beat the Blazers. Portland's Kermit Washington tied the score 69-69 with 5:51 left in the third quarter but Darryl Dawkins hit on a reverse layup to start a 20-9 surge that carried the 76ers to an 89-78 lead after
