The meeting was called by Dude Mercer, president of the Little League, and Bill Railiff. vice president. Desmond Dulaney is secretary-treasurer of the local organization.

Tuesday's luncheon program Changes in rules, along with plans for next year's Little League program in Haskell will be discussed at Saturday night's meeting.

### HHS Choral The four talented students brought a very pertinent and timely program concerning facts about past presidents of the United States, coupled with a humorous reading by

Ted Dement about dieting.
Wallace Cox, Jr., was in charge of the program, and introduced the students. One of the top entertainment programs of the year was pre-sented at the luncheon meeting Lions voted to turn over the of the Rotary Club Thursday Boy Scout Fund on hand, to the Methodist Church for by The Nine Teens, talented High School choral group and their directors, Mr. and Mrs. Burnett King, member of Hubert Bell.

The group was introduced by Rotarian Bob Herren, program chairman for the day. With Linda Speer as piano accompanist, the girls sang two popular numbers and an original Negro spiritual with the words this committee Virgil Wall and Fred Brown set to music by Linda Speer. of The Nine Teens, Twyla Hipp, was unable

to be present. Dorothea Rueffer, HHS Senior and daughter of Mr. and Mrs. Martin Rueffer, was introduced as "Studem Guest" of the Rotary Club for the month of November.

Other guests were Gaston Hattox and John Darnell of Haskell, and out-of-town visitors were Ronald Carothers of Rule, J. L. Hill and Rev. Bergen Watson of Stamford.

Members voted to invite as a guest each week, someone from a neighboring community as a part of the club's ruralurban relations. Members also voted to take part in an attendance contest with Rotary Clubs of Stamford, Rule and Rochester.

A committee to supervise arranging a Rotary Club float for the Christmas Parade was appointed, composed of E. J. Stewart and Desmond Dulaney, co-chairmen Alton Hester, Ed

Hester and Tom Barfield. "Rotary In Japan" was the Ratliff, chairman of the club's Rotary Information commit-

out in record numbers for a general election Tuesday to give the Democratic nominees, Sen, John F. Kennedy and Sen. Lyndon B. Johnson a better than 3-to-1 majority for president and vice president over Republicans Richard M. Nixon and Henry Cabot Lodge.

Nationwide, voters also gave the Democratic ticket a smashing majority, with the Kennedy Johnson slate receiving 272 electroal votes to 177 for Nixon and Lodge.

The vote in Haskell County was, Kennedy Johnson 2776, Nixon-Lodge 866, out of a total of 3644 votes polled.

This compared with 3,300 votes cast in the 1956 election, when Demo nominee Adlai Stevenson received 2306 and President Eisenhower 988.

For U. S. Senator, Haskell County voters gave Sen. Johnson 2985 votes while his Republican opponent John Tower received

The Tanner Paint voting box about four miles south of Rule, voted solidly for the Democratic nominees in all races, 29-to-0.

Straight Republican vote in the county was probably best indicated in the vote for Governor and for State Treasurer. Gov. Price Daniel polled 3249 votes over Republican Wm. Steger, who polled 392, and State Treasurer Jesse James had 3240 votes to 369 for his Republican opponent, James Lacy. Only a scattering vote estimated at less than 50 in the county-went to nominees of the Constitution and Prohibition

parties on the ballot. Amendments Carry County voters favored all four constitutional amendments, although only about 60 per cent the voters registered a decasion on the proposed changes. This followed the statewide pattern in which all amendments carried on the basis of

almost conclusive returns. Haskell County vote on the amendments was as follows: Hospital districts: For, 1010; gginst 816.

Veterans land bond interest increase: For 1294, against 582. Annual salary for legislators: For 1001, against 994. Loan company regulation: For 124, against 762.

### Frisco Newsman Buys Rochester Reporter

Change in ownership of The Rochester Reporter was announced Nov. 3, with the newspaper being purchased by Bob tovall of Frisco, Texas, from Mr. and Mrs. Dale Graham, owners and publishers of The Reporter for the past 12 years. Stovall, and his wife. Eva Nell, took over as editors and publishers last weekend. In recent months they published the Frisco Enterprise. Previous to that, Stovall was employed by he Dimmitt News. He is the son of Dr. and Mrs. O. Thompson of Rochester.

No plans for the future have been announced by the Grahams, who retained the ownership of the building housing the newspaper and have not yet sold their home in Roches-

#### Haskell Couple's Daughter, Family Moving to Ohio

Mr. and Mrs. J. M. Sloan of this city spent last week end in McKinney, visiting in the home of their daughter and family, Mr. and Mrs. M. P. Chambers and children Jack, Clint, and Mitzi.

Mr. Chambers, who has been with the Veterans Administra-

with the Veterans Administration at McKinney for 10 years, has been given a prom and transferred to the chasing department in headquarters at Dayton, Ohio. He is to report there Nov. 21, and the family is preparing to move to that city this week.

Also visiting the Chambers during the weekend were Mr. and Mrs. Wayne Hill and children, Carl and Mickey Jo of Lubbock. Mrs. Hill and Mrs. Chambers are sisters.

Chambers are sisters. PARENTS OF DAUGHTER

Mr. and Mrs. Giles M. Kemp of Houston are the parents of a daughter, Kerry Jean, born Nov. 7 in that city and weighing six pounds, 13 ounces. Paternal grandparents are Mr. and Mrs. Giles Kemp of Health.

#### Industry in Investment

We hear a lot of talk these days about bringing industry to this community or that community in Texas. And we hasten to agree that new industry will do a lot for the local economy. However, we often forget to count the blessings that already are ours in the way of financial insurance for the future. This has been brought to mind by the Texas Press Association-sponsored education program on U. S. Savings Bonds. We were surprised to learn that it is estimated that Haskell county has approximately \$3. 300,700 cash value in Series E and H Bonds currently being held by the thrifty folks of this area. Recent improvements in these bonds have pushed the earning power up considerably. Those now being issued and those issued since June 1949, are earning at least 34% compounded semi-annually from now till maturity. Those issued prior to that date earn at least 31/2% to next maturity. Just to be on the safe side, let's use the 31/2% figure to see approximately how much will accumulate to the bond holdings of our people in this county in 1960. According to our grocery store arithmetic, this would amount to \$115,500. It's easy to see that this is the equivalent of a good size industrial payroll.

Through the years this accumulation of Savings Bonds is al-

ways readily available to be poured into the spending stream in times of economic reverses. It could buy a lot of seed wheat, groceries, or pay the rent. It adds stability to local business. Too people with savings are not afraid to spend from current income Savings Bonds offer us as individuals a systematic plan for set ting aside a part of our income for education of our children, ex pansion of business or farming interests, a more comfortable re tirement, and to finance some of the "big things" in life. E and H bonds are guaranteed by the full faith and credit of our government. It's a comfortable feeling to have such a nest egg of se-

#### Water Problem Faces Most Communities

One out of every five communities is deficient in its basic supply of water, whether from wells, stream or lake, according to Thomas F. Wolfe, managing director of the Cast Iron Pipe Research Association, Chicago.

"Two out of five communities are deficient in water treat ment capacity and three out of five are deficient in water distrib-ution capacity," Wolfe continues. "In addition, one of every three sewage treatment plants is not adequate and one sewage treat-ment plant in seven needs to be completely replaced.

In view of the alarming number of already deficient water facilities, every community should study its water utility program with an eye to the expanding future."

#### Advertising Texas

Like a debutante daughter in bouffant gown, Texas' many charms have been wrapped in a lavish, full-color booklet and presented for the attraction of free-spending visitors. First of its kind ever published in Texas, the 32-page bro-

chure was compiled by the State Highway Department and is being distributed free, First printing of 400,000 copies is being sent to travel agencies, clubs, newspapers, anywhere that it may be used to draw tourists to Texas.

It is one of the first big steps in a program to reverse Texas decline in tourist revenue.

Texas is "twenty years behind the times" in advertising tourist attractions, says Tom H. Taylor, director of the Travel and Information Division of the Highway Department. Next goal is to get the Legislature to appropriate \$300,000 to be used for media advertising over the country, as other states do.

their families. Though another World Wat has been fought and won since then, V-E and VJ Days never

attained the emotional imporance given Armistice Day which marked the surrender of the Kaiser's forces to the victorious Allies.

More than likely, because it's easy for a younger generation to forget, they'll only be a few flags flying Friday. But there'll be no forgetfulness of this data for more than 200 of this date for more than 300 veterans of the AEF who are still living in Haskell County.

For a good many years, start ing in 1919, celebration of Armistice Day was generally rambunctious affair, a sort of glorified Fourth of July and Hallowe'en in one package. Veterans were literally given a free hand to do whatever they wanted as long as they stayed within reasonable limits.

Although that was during the Prohibition Era, with the entire nation "dry," the veter-ans managed to get hold of ample stimulants for the occa-

In 1920 or 1921, paving of the courthouse square and laying of the sidewalks around the courthouse lawn had been completed only a few months before Armistice Day. The street light standards, or poles, had not been placed, and the ago. wide sidewalk made an inviting thorougnfare.

Came Armistice Day, and the boys started whooping it up. Someone, W. E. Lavender, Wes Whaley or possibly Marvin Mathison, conceived the idea of using the wide side walk as a racetrack.

For the next hour or so, the stretch of sidewalk surrounding the courthouse lawn resembled the Indianapolis speedway with cars zooming around at top speed, sometimes skid-ding off on a corner turn, then bouncing back over the curb to get in the race again. Why someone wasn't killed or

badly injured is a mystery, but they all survived, but the next day their bravado as daring race drivers had been replaced by the meekness and humility of an honor Sunday School student.

We've always been willing to admit that there are some pretty sharp men directing the Internal Revenue Service who make it difficult for us to hedge on our annual Income Tax tithe. They seem to have a sixth sense which tells them you didn't actually spend all that money on Aunt Cornelia's doctor bills, and that it was five instead of hundred bucks you gave the orphan's home. Now we've learned what we

should have known all the time. Or suspected at least. An old Haskell County boy heads the portant agency of Uncle Sam He is Jim Cooner, whose

father was a prominent O'Brien landowner and farmer in the early days. Jim's official title is Chief

of the Intelligence Bureau, in the Dallas headquarters of IRS. A more detailed story of Jim and his work appear else-

made good.

The phantom lion, panther, or king-size wildcat which has been seen several times recently southwest of Haskell, has made another appearance here in town.

About six weeks or two months ago, a Haskell woman saw the big 'cat about 3 a. m, when she was awakened by her dog barking excitedly at he strange animal. This was in the northwest part of town. Last week, two residents in

the area north of the high school, reported seeing what they believed was a panther or lion in the area east of what is known as the Reynolds place. And Justice of the Peace

Merle Weaver still believes the lion or panther has a den in the rough country southwest of Haskell. He has made several trips there hunting the animal and

critter. Then there is Ben Smith. retired carpenter, who claims he saw the panther, lion, or what-have-you, in broad daylight south of town a few days

intends to keep after it in his

spare time until he bags the

"That panther was running like h - - trying to get away from a wild turkey," Ben declared.

Damocles, the Greek we read about who had to sit at a banquet with a sword hanging over his head suspended by a single hair, had troubles enough to make him nervous.

He was in a bad spot, but at that he had only one thing to worry about. Consider the plight of a friend of ours, a Haskell man who has a real problem. He received a note through the mail advising him: "If you

don't stop making love to my wife, I'll kill you," The

trouble is the note wasn't

signed.

Reminds us of an incident years ago when the late Dick Nolen operated a movie house on the east side of the square, and we proudly had the title of "Concession Manager." We sold popcorn and swept out the

theatre after each show. That was in the days of si-

where in this issue. You'll en- lent movies, when there was joy reading about another always a brief lapse while Haskell County boy who has

One night during one these brief intermissions, No-len stepped out on the stage and announced: "There's a man waiting in front of the theatre with a gun who claims his wife is in here with an-other man. I have told him different. However, if anyone cares to leave at this time, the

rear exit is open."

Three couples left through the dimly-lighted exit.

#### Hair Stylists On Program at B&PW Club

("If wrinkles must be written on our brows, let them be written upon the heart. The spirit should not grow old," A quotation from James A. Garfield revealed the theme of the meeting of the Haskell Business and Professional Women's Club Tuesday evening in Christene's Beauty Salon when the Telephone committee, with Pauline Norman chairman, served as hostess for the evening

Opal Dotson, club president, welcomed members and guests. Christene Greene introduced Manuel Hall and Chuck Schaubert, hair stylists of Wichita Falls. Mr. Hall introduced his models Carol Watkins and Connie Stockard and commented on the style of each as he combed each. Mr. Schaubert, a comb-out artist, showed minute details in the style of his models coiffure, one of high styling and one for show demonstration chiefly, worn becomingly by model Olivia Hamilton of Wichita Falls. Christene Greene and Margaret Rainey showed hair styles best suited to the business woman, Models were Jerry Cox wearing her hair in the bubble; Mildred Berry with a pouff crown style Freida Adkins with a short hair off the face French roll. Delores Gibson's styling was the very popular under fluff. Charlene Therwhanger showed the longer hair style with a comb and fluid bang detail and Thelma Adams style was enhanced by color tints.

Mrs. Hassen, program leader for the afternoon, introduc-ed Miss Laurice Hlass, assistant director, Arab Information Center, Dallas, who gave an informative lecture on the Middle East.

Miss Hlass introduced to her audience the Arab world, its peoples and its problems. The Arab world which Miss Hlass

The Haskell Magazine Club spoke about includes the ten met Nov. 4 for another pro- Arab countries of Iraq, Jordan, tal of Finland ranks among the World's Going On-In the di Arabia, Sudan, Tunisia, United Arab Republic and Yehave charge of the next meeting, a dinner meeting with the Rev. Rogers Durham, minister of First Christian Church Mrs. Jack Pippin.

Middle East.

On arrival, the club members and guests were greeted by Mrs. Robert Wheatley and lems and Druzes live in the Arab countries outlined above. A tea plate of delicious Arabic food, prepared by Mrs. S. Hassen, was served from an altractive table in the scull state of the exports from Denmark, bacon, ham, cheese, milk and butter, go to Britain. Copenhagen is the capital and said, Language is the house of Copenhagen is the the soul." then the Arabic a beautiful city. language Miss Hlass proclaims. is both a "house and a temple." The Arabic language, also one of the most definite marks of the "Arabs," is one of the most expressive and beautiful tongues and is spoken and written language of the 85 million Arabs living in the Arab States.

Other unifying elements bind-ing the Arabs together include a common culture, similar traditions, a common destiny, common problems

common aspirations.

A notable feature of the Arab world today is the living force of nationalism which binds the Arab people together. Arab nationalism is dynamic, constructive, unifying and peaceful, Miss Hlass remarked. Arab nationalism seeks to free the Arabs from foreign domination and hence embodies Arab aspirations for freedom, unity and progress. The Arab world which Miss Hlass presents and represents conains 75 per cent of world oil reserves and supplies Europe with 95 per cent of its petroleum requirements.

Miss Hlass also touched on values, cultures and ways of life as they exist in the Arab

#### Travel Brochure Points Up Texas Beauty Spots

The release of a full-color, 32page travel brochure on the State of Texas was announced today by the Texas Highway Department.

D. C. Greer, State Highway Engineer, said the new brochure is specifically designed for free distribut on to attract out-ofstate trurists. First of its kind ever published in Texas, it is intended to serve as a showcase of Texas' scenic, historic, recreational, and cultural attrac-

Greer described the colorful brochure, which covers the entire state geographically, as 'another milestone in the travel promotion program conducted by the Highway Department.

He said the next step in this program is the submission of a media advertising budget to the in January. The Highway De. Eill 152 stated that funds for

Phone UN 4-3161

partment has asked, with the concurrence of the Texas Development Board, for an appropriation of \$300,000 a year for the next two years to advertise the tourist attractions of Texas

The media advertising program," Greer said, "is a neces-sity to halt the appalling downward trend of the Texas tourist industry. The amount we will ask for media advertising (\$300,-000 a year) is the minimum required to shore up the rapid deline in tourist revenue which Texas now faces.

Greer reviewed the progress made in establishing a tourist promotion program in Texas. He noted that in the past Texas had been unable to compete for tourists by advertising because was prohibited by the State Constitution, A constitutional amendment was approved by popular vote in 1958 allowing the advertisement of the state's tourist resources.

The Texas Legislature in 1959 set up the legal machinery authorizing state media advertising and delegating the responsibil. ity for this program to the Texas Texas Legislature, which meets Highway Department, Senate

media advertising must come from the General Fund, but no money was made available in 1959 for this purpose, (Highway Department funds were used to pay publishing costs of the new travel brochure and for other collateral phases of the travel promotion program including publication of the Texas Official Highway Travel Map and oper-ation of the Highway Tourist Bureaus.)

Greer expressed confidence that funds for state advertising would be made available by the coming session of the Legislature. "I feel that since the pec ple of Texas made their wishes known by voting favorably on authorizing state advertising the Legislature will follow this mandate from the people by providing adequate funds for an effective media advertising

program," Greer said, Texas has fallen years behind the times" in advertising its tourist attractions. said Tom H. Taylor, Director of the Travel and Information Division of the Highway Department. He pointed out that reve nue from the tourist trade had fallen to a low of \$431 million in 1959, a drop of \$100 million in only two years. This rapid drop, he said, is attributable to the advertising campaigns of

other states competing for tour-Noting that tourists currently pay some \$17 million annually in direct state taxes. Taylor said an effective media advertising program could increase tourist revenue brought to Texas and lighten to some extent

the state's heavy tax load.
"The tourist in Texas is good for everybody," Taylor declar-ed. "The money he brings into cur state is new income, earned eisewhere but left here in our communities to be passed around among all regardless of trade or profession.

Explaining the contents of the new travel brochure, he said it depicts all parts of the state in illustrations and color pictures. Topics covered include

Texas' romantic and tumultuous history and examples of Texas folklore and legend. Recreational opportunities for the vacationer, ranging from hunting and fishing to water sports on Texas lakes and on the Gulf Coast, camping, picnick-ing, and horseback riding in

State Parks. Safety information including highway speed limits and explanation of highway regulatory signs, information on fishing and hunting license requirements for vacationers, and an outline of house-trailer regula-

The back cover shows an example of the free travel information services offered to travelers by the seven Tourist Bureaus operated by the Highway heretofore licensed. The tofore licensed. The subscattered around the state's

Taylor said that due to the anticipated large demand for the new travel brochure, the Highway Department will unable to furnish it in quantity. However, requests for quantities of the brochure can be referred to the publisher and purchases made at the same price at which the brochures available to the Highway Department, he added.

#### CARD OF THANKS

I would like to express my thanks to each of you that have been so nice to me since I have been sick and during my stay in the hospital. First let me say that you can never thank you for the pretty flowers and cards, for each one who set up with me and to ed by law. those who sent food to our home, and to the doctors and nurses for being so nice to prayer is that God will richly bless each of you.-Mrs. W N. Viney.

A Council-wide fall Camporee for all of the Boy Scouts in the Chisholm Trail Council Boy Scout of America will be at Fort Griffin State Park, 15 miles north of Albany on Saturday and Sunday, Nov. 12-13. It is expected that there will be between 350 and 400 Scouts be between 350 and 400 Scouts and their leaders at this Camp-

The Scout Troops will check into the Camporee on Saturday morning and will be assigned to campsites where they will set up Camp Patrols. The actual Camporee competition will start with general assembly at 1:30 p. m. Saturday. Ten competitive events have been set up which include Height Judging, Firs. Aid, Relay, Nature Identification, Signaling by

test, Uniform and Insignia, of the early settlers of the

fires. The early evening will be devoted to trading and visiting among the Scouts. The Campfire program on Saturday tive, who will serve a menu of night will be highlighted by a beef stew cooked Boy Scout visit and a story from H. G. Grant, Shackelford County historian and teacher. He will ex-plain to the Scouts the history of Fort Griffin and the area around it.

Sunday morning will find the Scouts preparing an early breakfast so they will be ready for the religious services at 8:30 a. m. Rev. Robt. Brown of the Albany Methodist Church and A. W. Hayhurst. Church of Christ minister of Albany minister of a minister of Albany minister of a minister of of Christ minister of Albany plenty of game and ideal will conduct the services.

The remainder of the mornthe remains of Fort Griffin ern submarine, the crew must Morse Code, Scout Silent Sig- and the Scouts will have an conduct 225 individual operanals, Compass, Flapjack Con- opportunity to visit with some tional and equipment checks.

Following Sunday dinner the Scouts will break camp and prepare to return home. The Each event will have a Judge and the Scouts will be scored on their proficiency. and their Patrol Spirit.

Following the competitive events each Patrol will cook its own supper on charcoal fires. The early evening will be presented.

Following Sunday dinner the Scouts will break camp and prepare to return home. The Camporee closing ceremony will be held Sunday afternoon at 2:00 at which time the awards to the winning Patrols will be presented.

On Saturday nitght all of the judges will be supper guests of Henry McGinty, Scout Execu-

EASIER GOING FOR THE DRIVER AND IE LOAD. LONGER LIFE FOR THE TRUCK

you don't think scrapping the front axle has made a world of difference, you haven't driven a Chevy in a while. A few minutes behind the wheel and you can be why drivers are happier and breakable loads are better protected. But the biggest advantage of all, you'll realize, is that the truck itself (sheet metal, tires, thassis components, everything) takes less abuse. With independent front suspension soaking up road shock and vibration, the truck lasts longer, goes extra housands of miles before trade-in time. Add that to what everybody's always known about Chevy dependability and you find yourself looking at the soundest truck investment you could bet your business on.

A panel and two pickups that put a thrifty air-cooled engine in the rear, the driver up front and as much as 1,900 pounds of load space in between! That's more capacity than a conventional half-tonner. Yet these Corvair 95's are nearly two tet shorter from bumper to bumper. Highly maneuverable. Built to last and bound to save on a busy schedule!

rate returns."

Jim Cooner's job as Chief of the Intelligence Division is to see to it that cheaters of a daughter, Mrs. George M. the Federal Tax law are caught and prosecuted. He feels that John D. Nance. Jim Cooner his special agent's job is becoming more difficult because to convicting tax cheaters. He those who defy tax laws are benefitting from the past interests near Haskell and mistakes of others. The investigations tigations may take weeks, months, and even years to complete. Mr. Cooner explains a special agent has to be an accountant, criminal investigator, psychologist, and businessman rolled into one. It is normal to let a suspect know that he is under investigation instead of letting him learn it from another source. To secure a fraud conviction, the government must prove that the taxpayer has wilfully evaded

A. G. Weaver, Assistant District Director, has this to say about Jim Cooner, "The In-Revenue Service deon voluntary compliance of taxpayers to carry out the tax laws. In most cases, taxpayers would not be willing to voluntarily comply with our tax laws if they did not feel that they could rely on outstanding tax men like Jim Cooner to enforce our tax laws. Mr. Cooner is certainly one of the outstanding tax men who helped make the Internal Revenue Service an outstanding organization over the years."
Incidentally, A. G. Weaver Incidentally, A. G. was trained as a special agent by Jim Cooner and served with Jim Cooner on several sensational tax cases before

"cheated" on his taxes.

### Chemicals Give Good Control Of Mesquites

or SCS.

helps everyone.

More and more farmers and ranchmen in Texas' "mesquite belt" are resorting to chemicals for control of pasture brush. Diesel oil or mixtures of diesel oil and 2,4,5-T have generally proven effective for controlling mesquite. As a result of this control, many landowners now have excellent pastures where there was only sparse grass be-fore, ays G. O. Hoffman, exten-

sion range specialist. An example of the success accorded chemical treatment comes from Gonzales County Agent F. M. Stockton. He reports that grass recovery in areas sprayed has been exceptional this year. One of the local ranchers said of the spraying ing, "The amount of grass that came where there hadn't been

grass for six or eight years is almost too good to believe."

J. C. Mayfield, a Val Verde ccunty rancher, is another strong supporter of spraying. He treated an area of his ranch 15 months ago, and he says that the results already received made the application econom-ical. "Once the leaves fell off the mesquite, the grass under-neath jumped a foot," he ex-
