## Gas Stocks At Record High

NEW YORK (AP)—Spiraling prices have continued to cut U.S. gasoline consumption and have helped push the nation's inventories of the fuel to record levels, the American Petroleum Institute says.

The industry organization said 6.64 million 42-gallon barrels of gasoline a day were delivered from oil company storage tanks in February, 8.6 percent below levels of a year earlier.

It also said Thursday that U.S. gasoline inventories climbed to a record 277.9 million barrels in the week ended March 14, up from 273.2 million a week earlier and ahead of the old record of 275.7 million set in the week of March 3, 1978.

## 26 Bodies Unearthed

GUATEMALA CITY, Guatemala (AP)—Rescue workers have unearthed the bodies of 26 people evidently tortured, killed and buried in a remote canyon by political terrorists, authorities in this Central American nation said Friday.

A fire department spokesman in the rural town of Chimaltenango said all the victims were found Thursday with their hands tied behind their backs and had been shot. He said 21 of them were men aged 20 to 25, and the other five were women. Workers planned to continue to search the canyon.

## Advices Local Level Tests

FORT WORTH (AP)—Student performance in public schools should be monitored by stronger, broader local promotion standards and not standardized state-administered tests, the executive committee of the Texas State Teachers Association said.

The committee approved a proposal Thursday aimed at developing procedures for evaluating student performance on local levels. The proposal must be approved by a majority of the 1,500 delegates meeting at the TSTA state convention in Fort Worth before it becomes association policy.

## Still Plugging For Port

HOUSTON (AP)—The Texas Deepwater Port Authority says Louisiana will be the chief beneficiary if an offshore crude oil terminal is not built 27 miles south of Freeport.

The authority refused Thursday to call it quits on the \$700 million project but left no doubt it is only a matter of time.

Bob Casey, chairman, and Gerald Jackson, general manager, were instructed to cut the staff to bare bones and hope major importers will change current positions and pledge sufficient support to make the project financially feasible.

Sherman Fricks, a labor official from Houston, said "I don't want to bury the body until it is dead."

# The SDN Column

Keeping tab on our neighbors:

Capistrano has its swallows and the Caprock country of Texas has its buzzards. Jim Cornish of the Post Dispatch reports that the buzzards came back to the Caprock a day early this year. He attributes his report to R.G. (Wilke) Wilkerson, identified as "chief buzzard watcher."

"The buzzards returned to Caprock country a day early by the calendar this year," Cornish reported. "The normally fly off to warmer climes each Oct. 15 and fly back in to this area March 15."

This year, however, the big, ugly birds flew in March 14.

"You know why?" asked Cornish. "Because this is leap year with an extra day in it. Somebody forgot to tell the buzzards about leap year, or they probably would have waited another 24 hours."

★★★

Glenn Rea of the Azle News says ambition usually progresses through the following states: To be like Dad; to be famous; to be a millionaire; to make enough to pay the bills; to hand on long enough to draw a pension.

★★★

Commenting on some traditions in his St. Patrick's Day column, Orlin Brewer of the Vernon Record asked, "Ever thought about just how much of our tradition is undertaken and preserved primarily for children? There's more of it than you might imagine. For instance, many people who grew up in charge and got tired of it are back now—with their children, just as their parents were—because they don't know of any other way to pass on the morality and integrity they are certain their own lives and society must have if anything worthwhile is to survive for this life, or the next."

"Patriotism is back in style now after a generation of disrepute. We're passing it on to our children in the best way that we can, and many of them are accepting it as a legitimate value. A people or a nation without it have no chance for survival in an unglued world that is bordering on anarchy."

"We're not just tolerating hijacking of airplanes and seizing of embassies and holding of hostages now. Revolutionaries, terrorists, or just plain idiots with any sort of imagined cause are likely to take over the courthouse or city hall in any town, or invade the election headquarters of a candidate for political office."

PREPARING FOR ART SHOW—Hanging paintings entered in the Snyder Palette Club's annual art show scheduled Saturday and Sunday are, from left, Mike Thornton, head of the art department at Western Texas College, Pansy Ray, president of the Palette Club, and Louise Vaughn. The show will be open to the public from 2 p.m. to 5 p.m. Saturday and from 1 p.m. to 5 p.m. Sunday in the Scurry County Coliseum. (SDN Staff Photo)

## Annual Art Show Opening Saturday

The Snyder Palette Club's ninth annual art exhibition will open tomorrow in the Scurry County Coliseum.

The show, which will feature paintings and drawings in all media, along with small sculpture, will be open to the public from 2 p.m. to 5 p.m. Saturday, and again on Sunday from 1 p.m. to 5 p.m.

Awards will be presented in ceremonies set for 4 p.m. Sunday. The sweepstakes winner will receive a \$500 purchase

prize given by the sponsoring Palette Club.

Painting awards will include \$200 for first, \$100 for second and \$50 for third place. Sculpture prizes will be \$200 for first, \$100 for second and \$50 for third, and there will be a number of purchase prizes in various media going to selections made by the donors.

Purchase prizes by individual donors this year will exceed \$1,750. Naomi Brotherton, well-known watercolorist of Dallas, is the juror for the show this year.

## KC Strike Continues...

### Jail Crowded With Firemen

KANSAS CITY, Mo. (AP)—Strikers crowded city jails today as officials battling the second firefighters' walkout in three months issued contempt citations to 700 union members and pledged to start firing dozens more unless they returned to work.

"We're going to go after them all," announced Special Prosecutor John R. Gibson, saying he would seek court sanctions against every fire-fighter in the 900-member union.

"That's the way it should be done. For the firemen this time, it's a hopeless proposition."

Meanwhile, 30 more fires were reported Thursday—none serious—two strikers were charged with setting grass fires and citizens and union members protested the city's handling of the dispute.

Police and non-union fire department personnel have been assigned to battle fires in this city of 500,000 as National Guardsmen stand security watch at fire stations.

However, union spokesman Dominic Raccuglia early today said strikers planned to return to duty temporarily when fires appear to threaten lives.

He said firefighters opened four "life safety stations" to monitor calls, and International Association of Firefighters representative Al Goodfader said the union may place small squads

around the city using private cars and firefighting gear.

The citations were issued after a fruitless day of negotiations between city and state officials and union leaders.

## Cancer Checkup Exams Modified

WASHINGTON (AP)—The American Cancer Society, modifying its recommendations for cancer detection checkups, says annual chest X-rays, Pap tests and breast examinations no longer appear necessary for most people.

In announcing the changes Thursday, the society said it has determined the public can get the same benefits with greatly reduced costs and health risks by using the revised recommendations.

However, the society cautioned that the guidelines do not fit all individuals and urged people to con-

## Ask Us

Q—How much of our oil and oil products were we getting from Iran before this source was shut off?

A—In 1978, the last year for which we have seen any figures, we got about 2.9 percent of our crude oil and refined products from Iran.

## Retreads Make Gain In Market

NEW YORK (AP)—Retreading's share of the bias and bias-belted replacement tire market rose from 19 percent in 1973 to 29 percent in 1979, according to the Tire Retread Information Bureau.

At present, radial tires account for 12 percent of retread production. As more retreadable radial casings become available over the next two years, retreading's share of this market is expected to increase.

## TEACHER APPRECIATION IN IRA

Teacher Appreciation Day was observed today in Ira. From left are Troy Lilly, a science teacher at Ira, Randy Gillum, an agriculture teacher, and Louise Layne, a teacher's aide. The event is sponsored by the Ira Parents and Teachers Association. (SDN Staff Photo)

## But Not Freedom...

# Iranians Giving Hostages Treats

By The Associated Press  
The 50 American hostages in the U.S. Embassy in Tehran will get Iranian new year treats but not their freedom until the shah is returned, a spokesman for the Moslem militants said today.

"We will give them goodies and cookies," the spokesman, reached by telephone from The Associated Press office in Nicosia, Cyprus, said. "It will be a simple ceremony. Tonight you will understand what we will do. We will give prizes to a couple of them." He did not describe the prizes.

Asked whether this meant of the hostages who began their 139th day in captivity today—might be freed, the captor said: "No, none of them will be released. They will not be released until the criminal shah is returned to Iran."

As freedom for the hostages looked farther and farther away, U.N. Secretary-General Kurt Waldheim cautioned the United States against military action in Iran.

"If you think you can solve this problem by force you are wrong."

## Students At Hobbs Going To Roby

HOBBBS—High school and junior high students here will be transported to Roby next term, it was decided in a special meeting of the school board Thursday. Grades kindergarten through sixth will continue at the school facilities here.

The board decided to close the upper grades in a meeting earlier this week. There are about 40 students that will be affected by the decision.

The Hobbs School board had been studying the enrollment situation for some time and had held two meetings earlier in the week. Patrons of the district were invited to attend a special meeting Thursday afternoon and to express their preference and the action was taken at another meeting held Thursday night.

because that would jeopardize the lives of the captives and "create an explosion" in the entire Middle East, Waldheim told a news conference Thursday.

Waldheim, in Washington for a meeting with Secretary of State Cyrus R. Vance, was concerned about a call by Senate Republicans for the Carter administration to consider a naval blockade and mining of Iran's ports.

Waldheim praised President Carter's "restraint and firmness." He said he was confident "patience and perseverance" will lead to the release of the embassy hostages and the three American diplomats who are prisoners at the Iranian Foreign Ministry.

Waldheim said he was hopeful the U.N. investigating commission will be allowed to return to Iran after the new parliament is elected. And he said he had received indications recently that the crisis will end regardless of who wins the election.

He did not say what the indications were. But the U.S. government told the International Court of Justice Thursday the signals coming from Iran suggest the hostages may be held "indefinitely."

State Department legal adviser Roberts B. Owen ended a three-day appearance before the world court at The Hague with

an appeal for a speedy final judgment against the Iranian revolutionary regime. He said the court is the most promising hope for the ultimate release of the hostages. But the Iranians ignored an interim demand from the court on Dec. 15 for the release of the captives, and they are expected to do likewise if the final ruling is not to their liking.

## Mexico To Get Grain From U.S.

MEXICO CITY (AP)—Texas Agriculture Commissioner Reagan Brown said today Mexico has agreed to import 90 percent of its vast needs of grain from the United States.

Brown said in a telephone report to Austin, Texas, Mexico will import 5.5 million metric tons of grain in the next few months.

The grain imports will include 2.3 million metric tons of corn, 1.8 million metric tons of sorghum and 1.2 million metric tons of wheat.

Brown, here with a trade mission of 12 Texas grain producers, said Mexico has been importing only 3.2 million metric tons of grain a year from the United States.

## Pet Vaccination Drive Tomorrow

Scurry County's annual "Pet Vaccination Day" has been set for Saturday.

This is the day when all pet owners are urged to bring in their animals to get vaccinations for rabies and to receive identification tags.

The vaccination line will begin at 9 a.m. at the livestock exhibit building on the Scurry County Coliseum grounds. The vaccinations will continue until 5 p.m. The rabies shots will cost \$5 each, and the City of Snyder will issue dog tags free of charge on this date only.

Sponsoring the event are

Snyder Jaycees, the City of Snyder and Scurry County. The objective is to get all pets in Snyder and Scurry County vaccinated to preclude any rabies problems during the coming warm months.

The vaccination day has been highly successful here in past years with hundreds of animals being vaccinated and tagged.

Attention has been focused on rabies cases that have been reported in increasing numbers in some Texas areas during the past year. Vaccination of animals is the only prevention against rabies.

### CLEAR WEATHER

SNYDER TEMPERATURES: High Thursday, 68 degrees; low, 33 degrees; reading at 7 a.m. today, 37 degrees; precipitation, none; total precipitation for 1980 to date, 1.03.

West Texas - Fair and warmer through Saturday. Highs 60s north to 80s extreme south. Lows 40s.

TEACHER APPRECIATION IN IRA—Teacher Appreciation Day was observed today in Ira. From left are Troy Lilly, a science teacher at Ira, Randy Gillum, an agriculture teacher, and Louise Layne, a teacher's aide. The event is sponsored by the Ira Parents and Teachers Association. (SDN Staff Photo)

change comes slowly

ETTA FORT WORTH STAR-TELEGRAM N.E.B. 80  
HULME

For a one-time pro's pro in the empire business, Britain is displaying an almost unseemly haste to get completely out of it.

In one of the most rapid voluntary transfers on colonial record, the crown's transitional administration in Rhodesia is turning over key powers to the newly elected black leadership of what is still to be proclaimed the independent nation of Zimbabwe.

It may be a desire to wrap things up while they are still moving smoothly. But it also demonstrates that there is no stopping, let alone reversing, history. So better get on with it.

That is a recognition that also appears to be gaining some ground, if ever so slightly, in Rhodesia-Zimbabwe's neighbor, the Republic of South Africa. If the advent of black rule is an historic moment for the former, it could be even more so for the latter.

Back in 1960, former British Prime Minister Harold Macmillan observed that "winds of change" were sweeping Africa, establishing himself not only as a phrasemaker but a prophet. He was referring to the irresistible pressures for black self-rule.

That wind has now swept to the borders of South Africa, the sole remaining political sovereignty in Africa and the world where a white minority governs an overwhelmingly nonwhite population.

South Africa, for all its intransigence to outside pressures for change in its apartheid ways, has not been blind to these developments. The present government, in a radical departure from Afrikaner precedent, is moving very cautiously if clumsily to expand participation of the nonwhite 80-plus percent of the peoples of the country in its affairs.

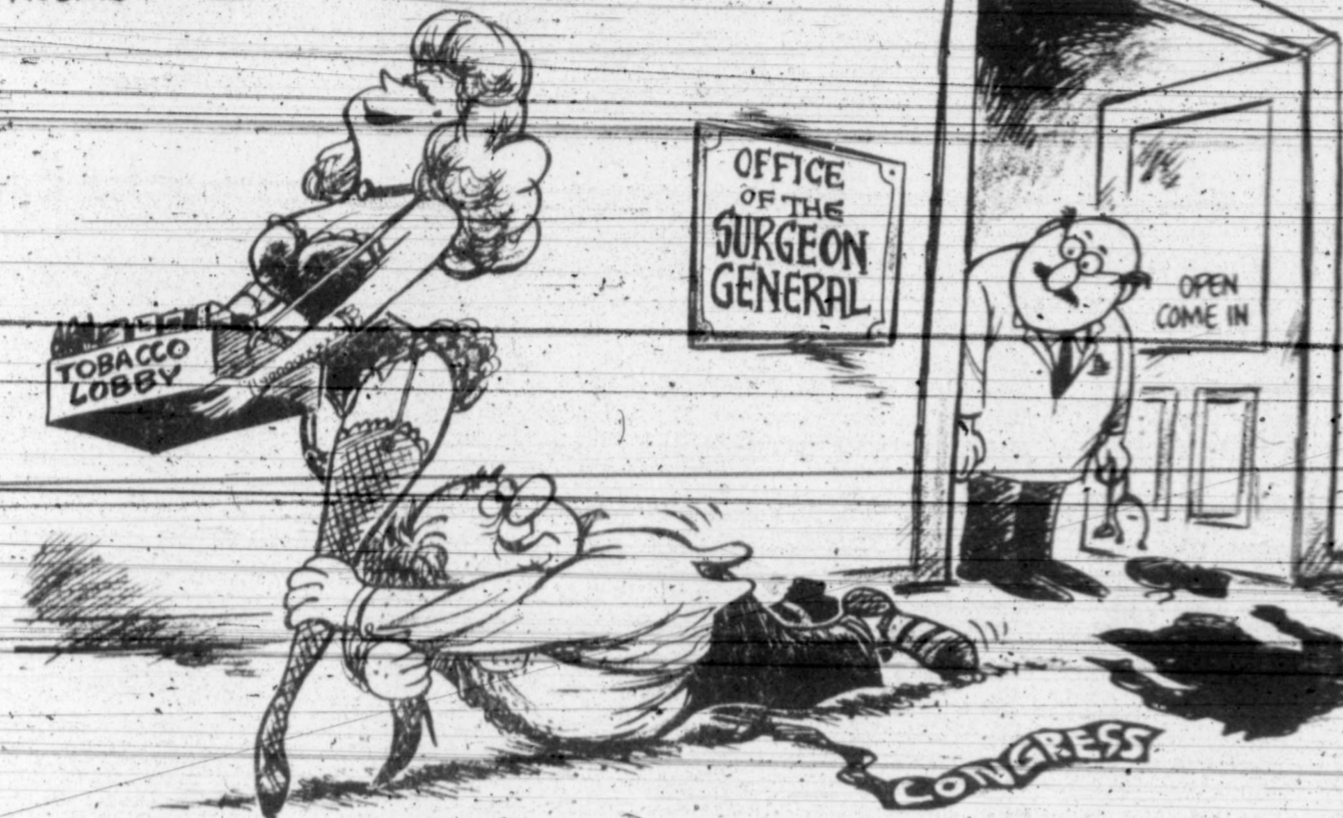

Prime Minister P. W. Botha is pressing constitutional reforms that would involve replacement of the present white-only national senate with a "president's council" proportionately representing whites, Asians and Coloreds. Still no blacks admitted, however, and minimal powers. But still something very new under the South African sun.

The plan is running into flak from both the Coloreds, descendants of the first European settlers and the Cape of Good Hope's indigenous tribes and still smarting from having the vote taken away from them three decades ago, and also from Afrikaner right-wingers, who view Botha's policies as a betrayal.

Under the circumstances, meaningful change is likely to be a long time yet in the coming. Even so, awareness that things are not as they were and that they inevitably are going to be even less so is penetrating even the hard heart of Afrikanerdom.

Earlier this year, Johannesburg's major department stores desegregated restaurants and now serve people of all races. The city is the stronghold of the Anglo-dominated business establishment, which takes a softer line on race. First-class hotels there and in a few other cities, categorized as "international," for some time have been exempt from racial restrictions. And blacks have long been able to shop in the department stores.

Still, the change has been effected with a minimum of fuss that would have been unlikely even a few years back.

"I'd like to quit, but it's one of the few pleasures I have left."

at wit's end

by erma bombeck

As a driver of a car, I feel I'm discriminated against. Every three years I must go to the Department of Motor Vehicles and take a test to determine whether or not I am fit to drive a car. I must know my primary colors: red, yellow and green. I must be able to identify street signs, know who has the right of way, and what speeds are lawful.

Yet year after year, pedestrians are turned loose on society with a pair of unlicensed feet and no idea of what is expected of them. Bicycles, motorcycles, trucks, carts and vans... everything that occupies our roads has a license. But what about pedestrians? What are their rules? I'd like to see the following test given people who walk our streets and roads every day.

1. It is raining and you are carrying a sandwich back from the delicatessen to the office. Do you: (a) Cross in the crosswalk when the light is green; (b) Cross in the crosswalk, holding up a free hand to bring all traffic to a screeching halt as you pass by; (c) Pop out from behind a parked car in the middle of the block and scare the driver half to death?

2. You are jogging on the wrong side of the street, down the middle of the road. When a driver blows his horn, do you: (a) See your error and go to the correct side of the street; (b) Ride the hood of his car and pretend nothing has happened; (c) Make an obscene gesture?

3. Body signals are important. When you open a car door on a busy street and swing your legs out into the traffic, are you saying: (a) My car door is insured; (b) Everybody change lanes and pray; (c) Short people are cute?

4. A pedestrian may not park: (a) In a traffic lane with her shopping cart while talking with a friend; (b) At a drive-in bank asking directions to the post office; (c) In front of a gasoline pump while talking to a biker; (d) In a driveway leading to a public parking lot.

(e) On the freeway with your dog, "Killer." 5. It is a pedestrian violation if you walk: (a) While under the influence of liquor; (b) Recklessly through traffic that is moving; (c) Race another walker; (d) Against the lights. And finally, a note to pedestrians. Don't pollute. If you must sweat, hitch a ride.

my turn

by john dunnam

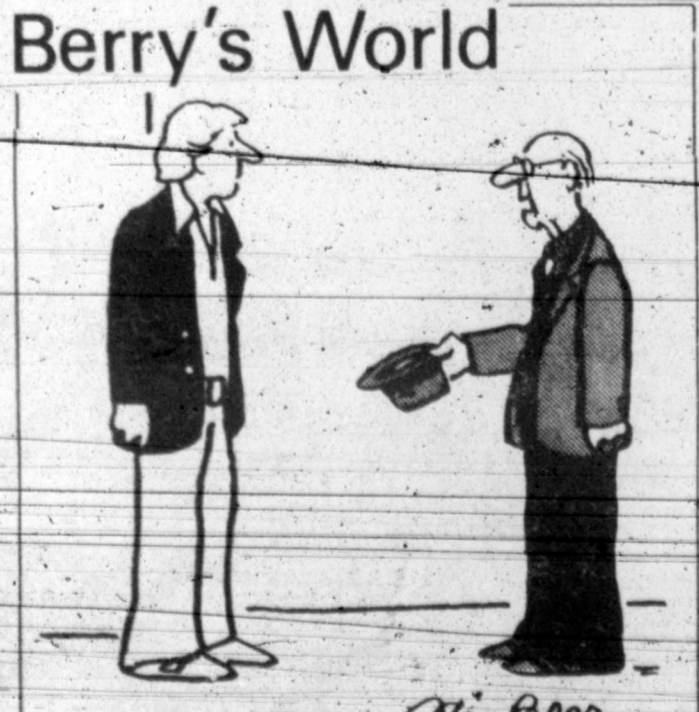

Every now and then a list shows up that tells you when you're getting old. Like, you know you're getting old when your back goes out more often than you do. Or you know your getting old when you sink your teeth into a juicy steak and they stay there; or when you suddenly find that you are getting all your exercise serving as pallbearer for your friends who did exercise.

overnight. It sort of sneaks up on you like the income tax deadline. First you have plenty of time and then bingo, it's there. Psychologists try to tell us that we are only as old as we feel. I think a more accurate description is that we are as old as the world feels we are. Here are a few items to show you what I'm getting at. You know you are getting older when: Your parents rent out your room while you are away for the weekend.

paper that some great sports figure is retiring and he is the same age you are. When you go to a class reunion and... no that is just too depressing to put into words. And girls never miss a chance to let a fellow know he is getting on down the line. Like when you make a pass at some sweet young thing and she calls you sir. Or when she tells you you look just like a teacher she had in school - last year. What really hurt me was when a girl scout approached me the other day on the square and offered to help me cross the street.

When you are asked to show your ID and instead of getting mad you are delighted. When you read in the

But what about us in betweeners. We're not old yet but it's been a long time since we could get in the movies on the junior ticket. Getting old, after all, isn't something you do

"Retirement years are not always happy ones. Remember, you heard it here first!"

john cunniff

prices in 20 years

NEW YORK (AP)—If current inflation were to continue for the next 20 years, it would take courage, a calculator and a big wheelbarrow just to go shopping, because what costs \$1 now would be \$27.39, then. If housing prices rose at the overall inflation rate your \$60,000 residence would have a value of \$1,643,580, which wouldn't be so bad if your \$20,000 income rose at the same rate. It would be \$547,860.

But if experience is a guide, incomes won't rise at the same rate as inflation. A likely possibility would be half that rate, which still produces a good looking income until it is matched against prices.

By today's standards, 20 years is too distant a projection - maybe 20 times too far if you judge from the experience of "experts," who've been unable to establish credibility for even a few months ahead. Try five years. In that time a roast that now costs \$3.25 would be up to \$7.41, a \$1 hamburger, if such exists, would cost \$2.28, a \$6,000 car would go for \$13,680, and a \$60,000 house would sell at \$136,800.

To indulge in such numerical projections isn't to fantasize. Too many fantasies have come true, as J. Peter Grace showed this week in another of his documentations of where we've been and where we're going. Grace, chairman of W.R. Grace & Co., a company whose sales total more

than \$4 billion by today's reckoning, is to put it simply, ticked off by what is going on. So is his esteemed economics department. The result has been a series of detailed examinations that seeks to portray in statistics how taxing policy, inflation and other public actions have almost ruined incentives to produce. Since projected numbers, such as those already referred to, are shocking to the point of unbelievability, Grace and his men have delved into the past, using numbers to detail exactly where we have been.

BARBS

Phil Pastoret

With four-letter words beginning to bore rather than to shock, pop novelists are going to have to try writing to gain attention.

The greatest way to have a feeling of self-importance deflated is to find that you're being watched by the family's cat.

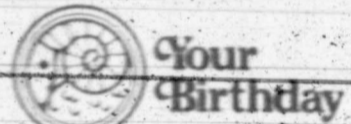

You don't have to be skeptical to take a mug of beer with a grain or two of salt.

When you were 20, you thought how incredibly ancient people over 40 were; after age 40, you marvel at what a perceptive fellow you were at 20.

ASTRO-GRAPH

Bernice Bede Osol

March 22, 1980

A better than normal social life could be in store for you this coming year. Meeting new people and having a good time is healthy. But don't let your work suffer because of it. ARIES (March 21-April 19) You could spend so much time worrying about things that you won't even attempt to accomplish anything. It's needless because all will work out better than you think. Getting along with other signs is one of the sections you'll enjoy in your Astro-Graph Letter, which begins with your birthday. Mail \$1 for each Astro-Graph, Box 489, Radio City Station, N.Y. 10019. Be sure to specify birth date.

TAURUS (April 20-May 20) Continue to be frugal except where basic necessities are involved. You still have a tendency to be ungrateful about your financial position.

GEMINI (May 21-June 20) In a touchy situation at home, it's important to talk things out rather than to let them stew.

CANCER (June 21-July 22) This is not a good time to overindulge and be negligent in matters relating to good health. Be sensible and moderate in all things.

LEO (July 23-Aug. 22) Over-reacting to something somebody says could cause you to pitch in more than your share for a social event. Be your own person.

VRGO (Aug. 23-Sept. 22) In dealing with an authoritarian or dominant individual today, listen politely but don't be bulldozed by what he or she says. Quietly do your own thing.

LIBRA (Sept. 23-Oct. 23) When something doesn't work - out exactly to your liking you could become a bit moody. Being temperamental doesn't become you. Rise above it.

SCORPIO (Oct. 24-Nov. 22) You could come out on the short end financially if you're not careful. Be generous with others, but not to the point of being abused.

SAGITTARIUS (Nov. 23-Dec. 21) Don't allow yourself to get involved today with anybody who can't give you a straight up answer. You'll have little patience for their indecisions, so steer clear of them.

CAPRICORN (Dec. 22-Jan. 19) Counting on another to do you a favor could lead to disappointment today. Stand on your own two feet. You'll get everything done that you want to.

AQUARIUS (Jan. 20-Feb. 18) Differences in viewpoints arise all the time. Rather than get into a hassle with a pal about who is right, change the subject if a meeting of the minds can't be reached.

PISCES (Feb. 19-March 20) Busy hands will enable you to forget a situation that has you a little peeved today. Dwelling on it will only make you miserable.

(NEWSPAPER ENTERPRISE ASSN.)

thoughts

The "potter's field" (Akdama) opposite Mount Zion in Jerusalem can be traced back to the Crusaders, who erected a charnel house on the traditional site, the ruins of which still exist. It is still known as the "field of blood." "And he (Jesus) cast down the peeces of silver - and hanged himself. And the Chief Priests took counsel, and sought with them the potter's field, to bury strangers in." - Matt. 27:3-7

A couple of clairvoyants might get to four spades, which makes easily justified South ruff the first heart.

He ruffed the heart lead and really gave a lot of thought to the right play of spades. If spades were going to break 3-3 he could score an easy 12 tricks. But suppose they broke 4-2 and diamonds broke 3-1. What could he do to insure his game contract?

Finally South worked out an unusual variation of the loser-on-loser play to bring home the bacon.

### Wood Utensils

Wooden cooking utensils need special care—for safety's sake, a clear look and longer useful life, says Lillian Chenoweth, a family resource management specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

Special care should be taken with boards used for raw meat products, she cautions.

Always clean the surface of chopping boards, butcher blocks and other wooden cutting surfaces with a hot, sudsy cloth—or keep the surface wet 5-15 minutes with a bleach and water solution.

Rinse thoroughly and dry with a clean towel.

### Baby Shower Held

V.T. Roberson II, infant son of Mr. and Mrs. V.T. Roberson, was given a baby shower. Hostesses for the event were Margie Thompson and Anita Biggers. The hostess gift was a car seat. Special guests were the baby's great-grandmother, Mrs. Fonorio Thompson, and Mrs. Bernice Davis, his grandmother.

## Camp Boothe Oaks Begins Activities

A new concept in out-of-door training is being ferreted by the West Texas Girl Scout Council at Camp Boothe Oaks on Saturday, March 22, 10 a.m. to 4 p.m.

Jayree Shaw, training coordinator, is presenting an opportunity for a troop leader and her own Girl Scout daughter to train together at the council's resident camp south of Sweetwater.

Twenty-one leaders and their daughters have registered from Snyder, Sweetwater, Abilene and Haskell. The trainees will enjoy firebuilding, outdoor cooking, knots, lashing, compass and maps, tent pitching and knife safety.

A nursery for the younger children will be supervised by an experienced leader and several Cadettes from Snyder. Fathers

coming will join the camp committee members in the annual task of putting platform tents up in Plateau, Sherwood and Gypsy Glen Unit areas.

The West Texas Council is a participating agency of United Way.

Among those from Snyder are Helen and Barbara Cozley; Bobbie and Tammy Gray; Lois and Shelly Gleason; Betty Brown and Lenora McVey; Deborah Rodgers, Robin Rodgers, Zola and Kelly Schlegel, Janet and Jennifer Spence.

FIVE GENERATION-Five generations, all females, met in the home of Mrs. Nelda Thomas in San Antonio recently. From left are Leslie Michelle Shaw, Paula (Thomas) Shaw, Nelda (Barr) Thomas, Maureen (Tate) Barr, all of San Antonio, and Mrs. Blanche Tate of 2203 40th St., Snyder.

## Pruitts Are Honored On Anniversary

A reception and dinner was held at The Shack on March 15 honoring Frank and Elois Pruitt of 2212 41st in celebration of their 25th wedding anniversary. The couple was married March 15, 1955.

Hosting the event were the couple's children Cecile and Mike Kerley of Lubbock, Deborah and Gaylon Boyd, Kyle Pruitt and Kevin Pruitt of Snyder.

Dr. Pruitt teaches at Western Texas College and Mrs. Pruitt is the deputy district clerk.

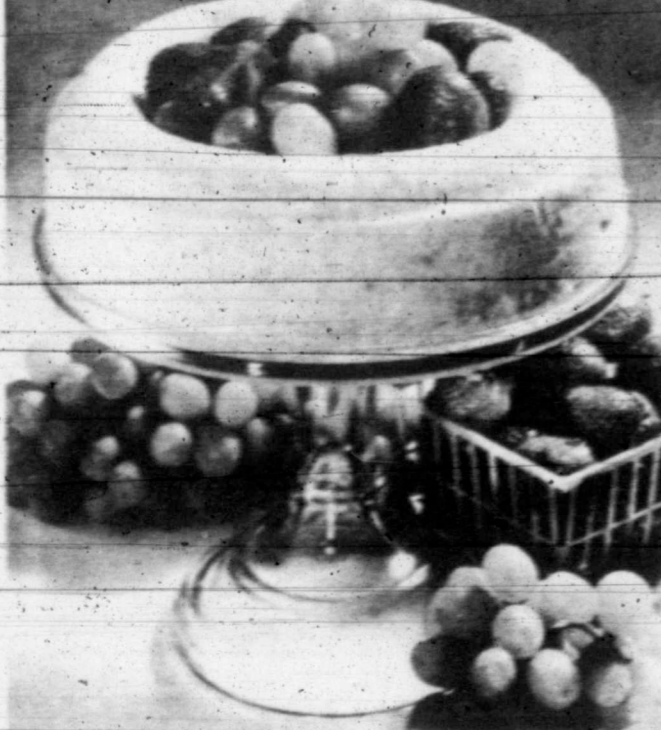

Included in the house-party were Mr. and Mrs. Jimmy Don Everett, Mr.

## Pruitts Are Honored On Anniversary

and Mrs. Kerry Rodgers, Mr. and Mrs. Ned Underwood, Mr. and Mrs. Wayland Walton, and Miss Teresa Hagins.

## Fruit Ring Heralds Spring

CRISP seedless grapes are base for luscious chiffon ring.

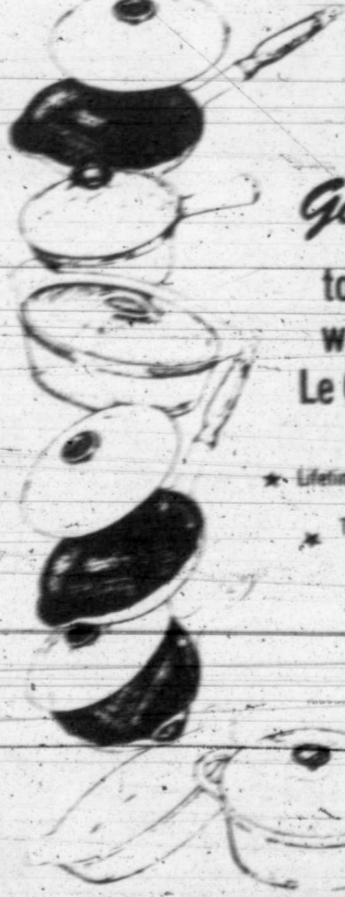

In many parts of the country, molded fruit rings do double duty. They are served as a salad before or with a meal and as a dessert afterward. Some, even, enjoy these refreshing treats for breakfast with a dollop of yogurt or cottage cheese on the side.

A harbinger of spring and summer, this vineyard chiffon ring is filled with fresh seedless grapes, strawberries and whipped cream. It gets added tang from orange and lemon juices.

Pack the ring into the cooler for a different addition to your next family picnic.

Gradually add remaining 3 tablespoons sugar, beating until whites hold soft peaks. In another bowl, beat cream to soft peaks. Stir half beaten whites into syrupy gelatin. Fold in remaining whites and whipped cream. Pour into 8-cup ring mold, rimmed first with cold water. Chill until firm. To serve, unmold on platter. Fill center with grapes and berries. This kitchen-tested recipe makes 6 servings. NOTE: You may substitute 9-by-5-inch loaf pan for ring mold. After unmolding, arrange grape clusters and strawberries around loaf. Or slice and garnish each serving with grapes and berries.

- VINEYARD CHIFFON RING
- 2 envelopes unflavored gelatin
  - 2/3 cup cold water
  - 1 cup plus 3 tablespoons sugar
  - Grated peel of 2 oranges
  - 1 cup orange juice
  - 1/4 cup lemon juice
  - 4 egg whites
  - Dash salt
  - 1 cup whipping cream
  - 2 cups seedless California grapes (about 3/4 pound)
  - 1/2 cup halved strawberries
- In saucepan, soften gelatin in cold water. Add 1 cup of sugar, orange peel, orange juice and lemon juice. Heat, stirring, just until sugar and gelatin dissolve. Cool. Chill until thick but not completely set, 1-to 1 1/2 hours. In mixing bowl, beat egg whites and salt until foamy.

YOU CAN COUNT ON Perkin's Gift Emporium to be the first—with the finest!! Le Creuset Cookware is here. Lifetime guarantee. Three colors to choose from—flame, brown or yellow. Cast iron coated with a diamond hard enamel.

Don't forget... Bridal Registry Now Available. East Side of Square 573-6591.

## Bed, Maybe— But No Board!

By Abigail Van Buren

© 1980 by Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: You would do a lot of elderly single men a favor if you would tell them to change their line when they go courting. This is the message: Most older ladies hate to cook!

Some may like to cook, but my widowed mother, mother-in-law, and all their friends (in their 60s and 70s) are wary of remarriage because it seems that most men just want a cook. After 40 or 50 years of making meals for a husband and family, these women have had it, and they want to eat out as often as possible.

So, Abby, tell the older gentlemen that the quickest way to turn a woman off is to say, "Gee, I sure would enjoy a good home-cooked meal."

But if they want to turn a woman on they should say, "I miss having company at mealtime. What time shall I call for you?"

### HOOSIER MATCHMAKER

DEAR HOOSIER: Inviting a lady out to dine is better for openers than hinting for a home-cooked meal. But feeding a man is a time-honored expression of love.

DEAR ABBY: I am a former ugly duckling. For the last few years I have been on a staunch self-improvement campaign. This includes diet, exercise, and instructions on skin care, makeup and hairstyles. I am 30, married, and considered attractive by most people.

A few times, my husband has given me the following compliment: "Even though you are far from beautiful, you are kind, smart and a good housekeeper."

I realize that I am overly sensitive, but I take this compliment as an insult. During a heated argument over this offense, my husband insisted that in a marriage one must be totally honest about one's feelings, even if the other is hurt.

I maintain that his comments were unnecessary, and damaging to my ego, and he should have kept them to himself.

Who is right?

### CONNECTICUT

DEAR CONN: You are. Your husband's "total honesty" strikes me as being needlessly cruel.

DEAR ABBY: My husband and I were invited to my cousin's home for a gathering of friends and relatives. (About 20 people.) Food and drinks were served.

As we were leaving, we thanked our hostess most sincerely for the enjoyable evening.

About a week later, I ran into this cousin, who told me that I was the only person at her party who didn't call her to thank her again. I felt like a heel.

Abby, is this second thanks necessary? I thought thanking her when we left was sufficient.

### PERPLEXED IN BALTIMORE

DEAR PERPLEXED: A written "thank you" indicates the ultimate in graciousness. A phone call is next. Neither is mandatory—but both show good manners.

However, pointing out your failure to follow through with a second thanks shows your cousin to be more lacking in good manners than you.

CONFIDENTIAL TO "ASHAMED IN KENOSHA, WIS.": George Bernard Shaw said, "The more things a man is ashamed of, the more respectable he is." Wise man, Shaw.

Are your problems too heavy to carry alone? Unload on Abby. For a personal unpublished reply, write to Abby, Box 69700, Los Angeles, Calif. 90069. Please enclose a stamped, self-addressed envelope.

## Licenses Will Be Suspended For DWI

AUSTIN (AP)—Texans convicted of drunken driving after April 1 can count on having their license suspended even if their sentences are probation, the Department of Public Safety says.

DPS director Jim Adams announced the policy Thursday.

A law that took effect Aug. 27, 1979, says a probationed DWI conviction is a final conviction, meaning a convicted driver's license can be suspended.

Before the new law was passed, a conviction with a probationed sentence was not considered final, and the mandatory one-year suspension did not apply.

Attorney General Mark White held on Jan. 29, however, that a person convicted of a misdemeanor DWI and placed on probation is subject to automatic license suspension.

Adams said he has asked White whether the Jan. 29 opinion applies to all DWI convictions since Aug. 27, or only to those convictions occurring after Jan. 29.

Adams said the DPS is delaying action on approximately 6,000 cases until it receives White's second opinion. DWI convictions that become final will be controlled by the pending opinion. Convictions after April 1 will be controlled by the new law, which provides an automatic one-year suspension on final conviction in a misdemeanor DWI case.

The modern Olympic Games started in 1896 in Athens, with eight countries responding. The modern Olympics have been held every four years since then—except for the war years of 1915, 1940, and 1944.

# Skeptical Of Soviets' Answer For Epidemic

WASHINGTON (AP)—Several State Department officials say they are skeptical of the Soviet Union's explanation for an outbreak of anthrax last year in the Ural Mountains.

The Soviet explanation, tendered Thursday, said the outbreak in the city of Sverdlovsk was due to natural causes, perhaps traceable to improper food handling. That was deemed a "satisfactory initial response" by department spokesman David Passage shortly after it was received.

But several hours later, officials said privately that the Russians' story was not compatible with what the United States knows about anthrax and thinks it knows about what happened in Sverdlovsk last April.

Based on what officials call reliable intelligence reports from emigrants who were there at the time, the officials believe several hundred people died in the epidemic.

The Soviet response, the officials said, gave no details of how many people died or how many were affected.

That is a critical factor in the puzzle, because natural anthrax, at least as it is known in the United States, is not the type of disease to spread

rapidly through an urban population. According to Dr. Billy Johnson, an Agriculture Department specialist, anthrax is a bacteriological disease that affects primarily cattle and some other types of livestock. Its spores can stay dormant in the ground for years, breaking out suddenly with the right climatic and soil conditions. Humans can catch it from breathing near infected animals or by touching their hides.

Those ways account for the half dozen or so cases of human infection that occur in the United States a year, Johnson said. The Agriculture Department controls the disease by vaccinating animals in the area of an outbreak.

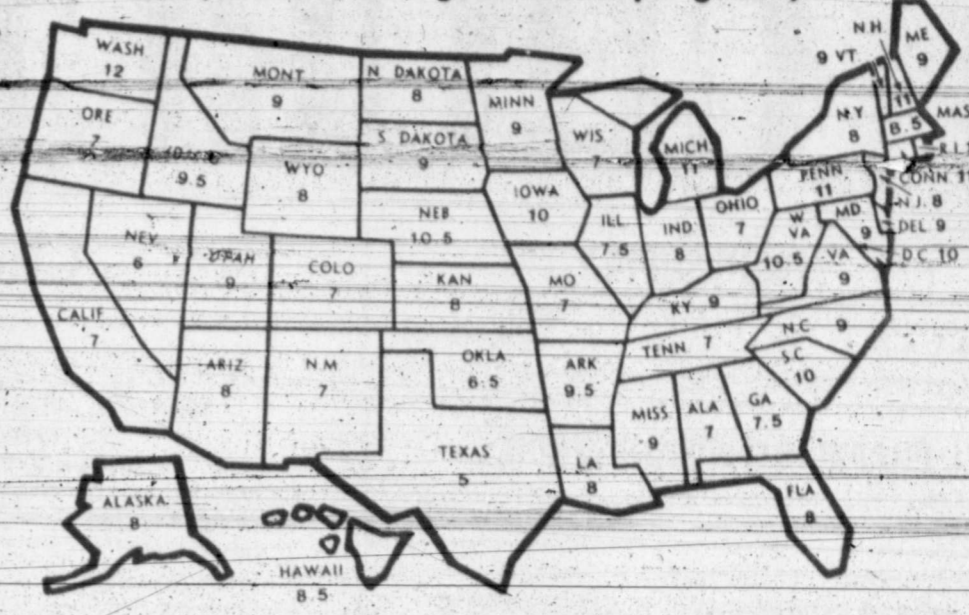

But Johnson said it is not normal for one human to give the disease to another, or for it to be passed along in meat, both of which might account for the urban epidemic the United States believes occurred. "It's difficult to explain by natural causes," one official said.

The State Department earlier this week publicly stated its suspicion that the epidemic was caused by an accident involving biological warfare agents banned by international agreement. It asked the Soviets for the explanation that was delivered Thursday.

The explanation is under study, officials said, while the United States formulates its reply.

## CENTS PER GALLON GASOLINE TAXES AS OF JAN. 1, 1980

(National average: 8.4 cents per gallon)

### Says Clements...

# Higher Gasoline Tax For Texans Next Year

By JACK KEEVER, Associated Press Writer  
AUSTIN (AP)—Gov. Bill Clements says Texas can forget about a general state tax increase next year but can probably count on paying a higher state gasoline tax.

3 presidential primary delegates to the national convention. Clements said, a Ford candidacy would be "very divisive."

In each instance Clements said there would be no special session. He said he was "looking for congressional actions to take care" of the food stamp problem. "Mr. Carter may be dumb but he ain't that dumb," said Clements. He required spectators 1980 is an election year.

Clements told news conference Thursday he would veto any general tax hike. Asked if there were circumstances, such as a drop-off in tax collections, that would cause him to veto a tax bill, Clements said:

The governor dismissed inquiries by reporters over whether certain possible emergencies might require a special session. One question dealt with the possibility of losing federal revenue sharing funds and the other concerned using up all the available money for food

Clements was asked about a 35 percent faculty pay hike proposed by a special committee on higher education, and he said: "I don't agree with that particular recommendation."

"No, there are no such circumstances."

He said, however, "I don't think we will have any difficulty" raising the nickel-a-gallon gas tax, which is one of the lowest in the nation. "We should have done it long ago."

The gasoline tax supports highways, primarily, but also contributes to public schools and the highway patrol.

Clements said he had talked with Lt. Gov. Bill Hobby, Speaker Bill Clayton and other legislators and "found no disagreement" that enacting a gas tax increase "is the proper and appropriate thing to do."

Clements' views were sought on presidential politics, and he said President Carter "will be in deep, deep trouble by mid-summer. All his chickens will have come home to roost."

"Any Republican who is nominated can win this race," Clements said. He added that he had advised as associate of Gerald Ford against Ford seeking the GOP nomination. Clements said he told Tom Reed it was too late for Ford to get on the May

## HEALTH

Lawrence E. Lamb, M.D.

### No love after baby

By Lawrence Lamb, M.D.  
DEAR DR. LAMB—I am 27 years old and my wife is 25. We had a child eight months ago. Ever since the baby was born, almost all affection has gone and things are getting worse. We make love about once a week with no preliminary affection. There's no hugging or cuddling or kissing in our lives. I'm very frustrated and confused. I've tried to do everything I can to try to improve our relationship, but with no success. Do I have a right to be concerned or will this pass?

If your letter is truly an accurate representation of your marital relations, I believe you would both profit from seeing a marriage counselor at an early date. There has to be a reason why your wife does not want you to be affectionate with her. The sooner this is resolved, the better chance your marriage will have of success.

It is true that the birth of a child will sometimes disrupt the normal marital relations. By that I mean the emotional reaction the couple has toward each other. Nevertheless, most couples adjust to this and find there's room for affection for all children and parents—in providing a normal balanced family life.

DEAR DR. LAMB— I had a baby 14 weeks ago and am breastfeeding. I would like to start a jogging program and am interested in your opinion on jogging after childbirth and while breastfeeding.

What is usually a normal amount of sex for people of our age? She seems to believe I'm oversexed because I just want to cuddle before making love. I'm really beginning to believe it's me. I wish you'd comment on this as I know of other couples in our age group with this problem.

DEAR READER— Most wives would be delighted if their husbands were more affectionate, judging from the mail I receive. The usual complaint by the wife is that the man is more interested in just sex than he is in providing any affection. Everyone needs love. It's part of a healthy life style. And when I say love in this context, I don't mean just sex.

There is no set number for the frequency of sexual relationships in marriage. It depends entirely on the people and people do have different levels of sex desire. Hopefully, in a marriage the two partners try to adjust to each other's needs, which might require some degree of compromise on both individuals' part. I must say, though, that once a week is certainly not considered excessive. Many couples would consider it infrequent.

READERS WHO ARE concerned about reports of jogging deaths and want information can send 75 cents with a long, stamped, self-addressed envelope for The Health Letter number 13-4. A Perspective on Jogging Deaths. Address your request to Dr. Lamb, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019. (NEWSPAPER ENTERPRISE ASSN.)

**Grain**

CHICAGO (AP) - Wheat No 2 hard red winter 3.80 1/2 Thursday. No 2 soft red winter 4.09 1/2. Corn No 2 yellow 2.60 1/2. Soybeans No 1 yellow 6.02 1/2. No 2 yellow corn Thursday was quoted at 2.60 1/2 in hopper 2 1/2-in box.

**Cotton**

NEW YORK (AP) - Cotton futures No. 2 were mostly higher at midday dealings today.

The average price for strict low middling 1-16 inch spot cotton advanced 156 points to 82.19 cents a pound Thursday for the nine leading markets, according to the New York Cotton Exchange.

Midday prices were \$1.00 a bale lower to \$1.35 higher than the previous close. May 87.20, Jul 85.20 and Oct 80.70.

**Theft Of Bees**

Deputy sheriffs are looking for a bee thief.

Deputies reported that 27 stands of bees, valued at \$1,725, were taken from Camp Springs Wednesday. They were found that night outside Hamlin in Jones County. They are the property of Foch Walton.

No arrests have been made yet.

**Two Vehicles Are In Mishap**

A two-vehicle traffic accident was worked last night by city police.

The accident occurred at Cogdell Memorial Hospital and was reported about 9 p.m. It involved a parked vehicle owned by L.H. Quiros and a 1975 Ford driven by Rosa Valadez.

The accident was investigated by Greg Patterson.

**Feds Ask For Less Driving**

WASHINGTON (AP) - The federal government wants you to drive less during the next three months than you've been doing. But it's being left to the states to set actual guidelines for reaching gasoline conservation targets.

The Energy Department announced the targets Thursday, calling for a nationwide reduction of 6.7 percent in April, May and June compared to the estimate of "normal" use for the same period in 1979.

The "normal" estimate is greater than actual use last year but makes adjustments for weather variation, supply shortages and statistical differences.

The targets are part of President Carter's goal of cutting average daily gasoline use to 7 million barrels, compared to a 1979 average of 7.4 million. The 7.4 million average has continued for the first three months of 1980, the department said.

**Jury Returns Guilty Verdict**

In a county court trial yesterday, Francis Vernon Hayden of Breckenridge was found guilty of a traffic offense. The case was an appeal from justice of the peace court. Hayden had been ticketed for speeding. The four-

man, two-woman jury found guilty and fined him \$24.50. Serving on the jury were Charles Collins, H.L. Holladay, Amelia Costello, David Henderson, Mrs. Jerry Sorvinner, and Don Gray.

# Bruins Face Tough Task

INDIANAPOLIS (AP)—UCLA Coach Larry Brown knows the tall task facing his Bruins if they plan to write another chapter in their Cinderella success story: Stop Joe Barry Carroll.

"Carroll is a dominating player, certainly the key man on their team. Brown said of Purdue's 7-foot-1, 245-pound All-America center, "The only player on the West Coast who compared to Joe Barry performs for the Lakers."

It may be exaggerating to rank Carroll alongside Los Angeles Lakers pivot-man Kareem Abdul-Jabbar. However, how well the young Bruins meet the challenge Carroll presents will go a long way toward determining the outcome of Saturday's semifinal of the NCAA basketball championship between unranked UCLA, 21-9, and the 20th-ranked Boilermakers, 22-9.

No. 2 Louisville, 31-3, takes on unranked Iowa, 23-8, in the opener of Saturday's doubleheader before a sellout crowd of some 17,000 at Market Square Arena and a national television audience. The winners will meet for the title Monday night.

The first game will feature two of the premier guards in the nation, Louisville's Darrel Griffith and Iowa's Ronnie Lester.

The spotlight in the second game will be focused squarely on Carroll, who is regarded by most scouts as the one college senior capable of stepping into the pro ranks and turning a team around. He averaged 22.1 points and 9.1 rebounds per game during the regular season, and has picked those numbers up to 26.5 and 9.8 for his four NCAA tournament games so far.

Ex-Marquette Coach Al McGuire calls Carroll "an aircraft carrier." DePaul Coach Ray Meyer describes him as "a skyscraper, the kind of guy who scores more points by accident than those little guys score on purpose."

And St. John's Coach Lou Carnesecca, whose team

was "beaten by Purdue 87-72 in the Midwest Regional," says Carroll will need "a Brinks truck" when he turns pro. "Once he gets the ball down low," adds Carnesecca, "he's unstoppable."

Brown knows that all too well, and has designed his game plan accordingly. "There's no doubt in my mind what the key to stopping Purdue is," he said. "We have to keep the ball from Carroll. Once he gets it, there's not much chance for us to stop him."

The problem is particularly acute for UCLA, whose starting center is 6-foot-6 sophomore Mike Sanders, one of the shortest regular pivots in the major college ranks. But it was Brown's mid-season decision to move Sanders, as well as freshman guards Rod Foster and Michael Holton, into the starting lineup that turned UCLA's season around. The Bruins, who struggled to an 8-6 start, went 13-3 with their new lineup of the young trio plus senior forwards Kiki Vandeweghe and James Wilkes.

"We went through some difficult times," said Brown. "We played a lot of people early. When we were 8-6 it was time we started building a foundation for the future. I decided to go with the kids because they deserved a chance to play."

## Girls To Run Saturday In Coahoma Meet

The high school girls track team will be competing in Coahoma Saturday, reports coach Patsy Grimmit. About 20 girls will be making the trip.

Field events begin at 9 a.m. and preliminaries for the running events are to begin at 11. Finals are scheduled for 3:15 p.m.

Pam Brown has an excellent chance to win the 100 yard dash, says Coach Grimmit and Brenda Anderson should do well in the shot put.

"I also expect the relay teams to do well," she said.

**WHITE TEAM**—Shown above is the Little Dribbler Major Division All-Star White team that will be playing in tonight's final game of the season. Front row, left to right, are Jerry Villarreal, Ruben Escobedo, Jeff Rose, Earl Ware and Alan Holt. Second row: Todd Pollard, Lance Aldridge, Don Osborn, Reggie Price and Mike McWilliams. Coaches on the back row are Whit Parks, Brent Taylor, Kris Seale and G.A. Parks, Jr.

**GOLD TEAM**—Members of the All-Star Gold team are (front row) Brandy Hickman, Dennis Martinez, Patrick Malone, Tim Mitchell and Lawrence Barrera. Back row: Ricky Hunter, Chris Sanders, Ray McDonald, Stacy Forbes and Coach Blaine Minney. Not shown are Gregg Stansell and Coach Albert Malone. Two All-Star games are to be played tonight in the high school gym, the Junior Division game at 6:30 and the Major Division game at 7:30. Tickets will be available at the door.

## Baseball Tourney Action Underway

Two days of high school varsity baseball got underway this morning on Moffett Field, and the host Snyder Tigers hoped their own tournament would set the stage for a turn-around in the win-loss column.

Lamesa and Odessa were matched in the tournament opener at 10:30 a.m.

The Tigers, fresh from a fourth place finish in the Monahans and with their season-record standing at 2-8, were to meet Lubbock Dunbar at 12:30. The remainder of the first round schedule had Lubbock Estacado and Brownfield tangling at 2:30 and Monahans facing Levelland at 4:30.

Losers of the first two games will square off at 6:30 p.m. and the winners of the first two games will meet at 8:30 p.m. tonight.

Saturday's schedule will have the losers of the Estacado-Brownfield and the Monahans-Levelland

games playing each other at 9:30 a.m., and the winners of those two games playing at 11:30 a.m. Saturday.

The Tigers haven't seen any action since last weekend. A scheduled game at Big Spring was postponed Tuesday due to a schedule conflict. It will be made up next Thursday.

## Rangers Rip Birds, 11-6

POMPANO BEACH, Fla. (AP)—Back-to-back home runs by Al Oliver and Buddy Bell keyed a six-run fifth inning that powered the Texas Rangers past the Baltimore Orioles 11-6 in an exhibition baseball game Thursday.

The Rangers trailed 4-2 when light-hitting Nelson Norman led off with an infield single against Oriole righthander Steve Stone. Norman had four hits and Dave Roberts added three more to lead the 13-hit Texas attack.

# Trounce Lynx, 100-79 Westerners, Tyler Meet In Semifinals

By BILL McCLELLAN HUTCHINSON, Kan.—Tuesday's lack-lustre win over North Idaho left a lot of folks wondering if Western Texas College's Westerners were really as good as others had made them out to be. But all doubts promptly vanished here Thursday night as the Westerners came alive in the second half to demolish Lincoln College, 100-79.

The win, WTC's 35th of the season, places the Westerners in tonight's 8:15 p.m. semifinals against Tyler Junior College, 73-59 victor over Baltimore Community College.

The other semifinal game will put Yavapai, Ariz., against Jefferson State of Alabama at 6:30 p.m.

Western Texas began slowly last night, and although the Westerners scored the first two points of the ball game, they trailed almost the entire half. Suffering through a bushel of fouls and only fair shooting from the field, WTC found itself down 21-11 at one point.

Lincoln College's Lynx, though man-for-man shorter than the Westerners, won the board game, 29-19, in the early going and did well on the target range, hitting 53 percent of their shots.

Fred Watkins, the Lynx only sophomore player, paced his team's effort with help from Julius Poinsette and Allan Bowman.

Bill Patterson's 14 first-half points kept the Westerners going, and as the 20-minute period wore on, Greg Stewart, David Brown, and Phil Spradling began to warm up.

Spradling laid in a shot, Franklin Bennett followed with a 10-foot jumper and Patterson scored one from eight feet as WTC cut the Lynx lead to two points late in the half, 34-32.

Stewart tied it up at 43-43 and Patterson made it 45-45 just seconds before the buzzer.

Western Texas had committed 16 fouls in the first half, while Lincoln was charged with 10. Four Westerners were hit with three infractions each.

But if the crowd expected those fouls to keep WTC cautious during the second half, they were mistaken. Coach Nolan Richardson's crew came out running in the period, and didn't let up until they were forced to do so by a face-saving Lincoln stall put on in the final seconds.

WTC scored the first seven points of the second

period to take a 52-45 lead. The famed fast-break everyone here had been talking about began to fall into place, and Stewart made WTC a double threat by monopolizing the boards.

The Westerners quickly increased the lead to 11 points and it reached 13 when Dwain Van Tress hit a pair of free throws with over 10 minutes still left in the game.

The killer came on a stuff shot by Pressey which seemed to hammer the Lynx into the floor. The 6-6 sophomore grabbed a missed shot by Stewart with one hand and slammed it through the laces in one motion to delight a near-packed arena. Though the out-

come had been suspect before Pressey's maneuver, it was certain afterward.

Western Texas built the lead to 21 points with six minutes left in the game and was content to go bucket-for-bucket with the Lynx from that point on, despite a couple of slam dunks by Stewart and some fancy ball-handling by Pressey - which drew more raves from the crowd - the game became academic.

Lincoln College actually went into a four corners offense with just under a minute left and rode it out until Bowman hit a free throw with 19 seconds showing on the clock. WTC's final points of the game came when Oscar Alvarado hit a 22-foot jump shot to break the century mark just before the final buzzer sounded.

Stewart's 22 points and

14 rebounds were high for WTC, but five players scored in double figures. Patterson had 20, followed by David Brown with 17, Spradling with 14, and Pressey with 13 points, eight rebounds and five assists. Franklin Bennett added six points.

Watkins paced the Lynx with 24 points. Bowman and Poinsette had 10 each.

WTC 100, LINCOLN 79. WTC-Davis 0-2, 0-0, 1, 0; Patterson 10-7, 0-2, 4, 20; Stewart 11-19, 0-1, 4, 22; Alvarado 1-1, 0-0, 0, 2; Bennett 2-5, 2-2, 2, 6; Portee 1-2, 2-2, 5-4; Spradling 6-12, 2-5, 0, 14; Van Tress 0-1, 2-2, 2, 2; Brown 7-12, 3-4, 2, 17; Pressey 5-10, 3-6, 3, 13; Totals 43-80, 14-24, 25, 100.

LINCOLN—Bowman 4-24-10; C. Jones 2-1-5-5; Poinsette 9-1-5-19; E. Jones 4-2-5-10; Goeken 2-5-4-10; Watkins 9-6-2-24; Cury 1-0-0-2; Totals 31-17-25-79.

## Action Begins At 9:30...

# Tigers Host Annual Reef Meet Saturday

Snyder High School's men's track team is looking forward to the annual Canyon Reef Relays tomorrow after finishing a strong third at Brownwood last week.

Tough opposition is expected from Brownwood, last week's host team, and from Lubbock Dunbar in Division III of the Canyon Reef meet.

Field events are scheduled to begin at 9:30 a.m., along with preliminaries in running events.

Finals in running events will get underway at 2 p.m. and will continue to 5 p.m.

Dale Jenkins, who added six inches to his state-leading pole vault mark last Saturday at Brownwood by clearing 15-6, will be one of the main attractions in the field events.

Coach Winfred Shipp is counting on scoring heavily in the high jump, which Brad Richardson won last week at Brownwood with a 6-9, in the 400 meter dash, in which Lloyd Benson is among the state's leaders, and in the long jump, provided Thomas Selmon is able to go full speed. Selmon, who leaped 23-2 to win at Brownwood last week, has been hobbled with a leg injury this week, but Shipp hopes he will be able to jump Saturday. The Snyder coach also hopes to get his relay team at full strength for the first time this year.

Competing in Division III will be Snyder, Brownwood, Levelland, Dunbar, Tahoka, Post, Sweetwater, Slaton, Frenship

and Abilene Wylie. Division II entries are Aspermont, Brownwood JV, Crosbyton, Hamlin, Haskell, Hobbs, Guthrie, Jayton, Knox City, Lorraine, Lueders-Avoca, Munday, Patton Springs, Rule and Slaton JV.

Division I is composed of 9th grade teams of Brownwood, Crosbyton, Frenship, Haskell, Munday, Snyder, Wylie, Sweetwater, Post and Lubbock Christian.

Reef meet records in Division III include: 400 meter relay, 42.5, Big Spring, set in 1978; 800 meter dash, Hoffman of Brownwood, 2:02.1, set in 1979; 110 meter hurdles, K. Taylor of Brownwood, 14.4, set in 1979; 100 meter dash, Isaacs of Dunbar, 10.5, set in 1978; 400 meter dash, D. Williams of Brownwood, 49.7, set in 1979; 300 meter intermediate hurdles, K. Taylor of Brownwood, 39.8, set in 1979; 200 meter dash, Isaacs of Dunbar, 22.1, set in 1978; 1600 meter relays, Dunbar, 3:27.3, set in 1979; discus, Spurlock of Levelland, 172-2.4, set in 1978; shot put, Matson of Pampa; high jump, Randy Courtney of Snyder, 6-6, set in 1978; pole vault, Dale Jenkins of Snyder, 14-6, set in 1979.

The first unassisted triple play in major league history was made in 1909 by Neal Ball of Cleveland in a game against the Boston Red Sox.
