

'Unloaded' Silver To Late

DALLAS AP—Nelson Bunker Hunt says he and his brother Herbert "should have unloaded" some of their vast holdings in silver late last March instead of letting the market crumble around them.

Hunt told the Dallas Morning News that the price of silver fell too high and he wished now that he had dumped his holdings and had not tried to outlast the vast fluctuations in the precious metal's price.

The newspaper reported in a copyright article Sunday that Hunt and his brother Herbert and a Hunt-controlled, Bermuda-based company had controlled the trading of silver bullion, futures and forward contracts on Jan. 2 worth more than \$5.4 billion.

The newspaper said the Hunts' personal holdings were equivalent to 36 percent of all the silver produced and 10 percent of new silver produced by the world's coal mines in 1979.

Discuss Stalled Talks

JERUSALEM AP—Special U.S. Ambassador Sol Linowitz met with Prime Minister Menachem Begin for three hours today to discuss the stalled Israeli-Egyptian negotiations on Palestinian autonomy.

From the unusually long session, Linowitz said he had explored fully various of the most important issues. He declined to give details.

7 Escape Rig Explosion

HOUSTON AP—Seven people were injured but 42 others escaped from a gas rig exploding Sunday afternoon in a residential area and caught fire in the city's southeast.

The explosion occurred at the intersection of Houston and the rig received some damage in the 12:30 a.m. explosion. The gas rig started out when the rig exploded.

The explosion occurred for about an hour and then stopped. Somewhere deep the hole the gas rig exploded and the gas stopped.

10 Dead In Bridge Wreck

DALLAS AP—Thirteen persons were killed and 10 others were missing when a motor scooter plunged off a bridge over a river in a police spokesman said today.

The accident occurred on a highway between Semarang and Surabaya. But the scooter crashed into the river 35 feet from the shore.

Actor's Strike Continues

HOLLYWOOD AP—The strike by 6,000 actors that has crippled the film and television industry during the past week is expected to last at least a day today.

The American Guild of Actors and the Screen Actors Guild are demanding a 10 percent pay raise and other benefits.

The strike is expected to continue until the two sides reach an agreement. And that means that many TV networks that already have scheduled programs will have to cancel them.

GIRL SCOUTS WORK OVERTIME—These members of Girl Scout Cadette Troop 266 were working overtime this morning manning telephones at the chamber of commerce office in the Muscular Dystrophy campaign. Beginning in the foreground, clockwise, are Crystal Gibson, Denise Derrick, Peggy Vernon (troop leader), Dawn Farmer, Laura Shifflet and Lesa Barkowsky. They had recorded pledges totalling \$1,005 after 13 1/2 hours on the job. This included \$755 in response to the Jerry Lewis MD Telethon and \$250 in hard money for the "celebrity" prisoners held in connection with the local Jaycee campaign. (SDN Staff Photo)

Special Registration Set Tuesday At WTC

West Texas College is planning a special registration session Tuesday night as enrollment for the fall semester begins the deadline.

"We feel there are many adults who have not yet registered for evening classes because of our August starting date," Duane Hood, Dean of Student Services, said. "Now that the Labor Day holiday is over and people are getting back to their fall schedule, we would like to give students the opportunity to enroll in our new semester."

The Tuesday night registration will be held in the Administration Building from 7:00 p.m. to 10:00 p.m. Registration is free and open to all students.

Classes at WTC began last Wednesday, but students who register Tuesday will still be able to make up any work they have missed. Some even may have had work on Tuesday.

Most Strikers Back On Job

GDANSK Poland AP—Most Polish strikers returned to their jobs today after winning government promises of major reforms but workers at eight Silesian coal mines remained out, the Polish news agency said.

The government dispatched a special commission under Minister of Coalmining Wlodzimirz Lejczaka to the southern coal region where miners and workers in related industries walked out last Friday.

Buses and trolleys packed with workers moved through the streets of Gdansk for the first time in more than two weeks. At the Lenin Shipyards, headquarters for the strike, workers poured through the iron gates.

The portrait of Polish-born Pope John Paul II that the strikers had put on a fence was gone.

"We got everything that could be obtained in the present situation," said strike leader Lech Walesa. But the strike leaders recognized the continued supremacy of the Communist Party, leaving in doubt the ultimate effect of the concessions to them.

And the impact on other countries of the Soviet Bloc was unclear.

The transport strike in Lodz, Poland's second largest city, was reported over and radio stations in the cities of Wroclaw and Szczecin reported transport and all other enterprises operating normally there.

In Warsaw, the government released five of the 23 political dissidents who were arrested for support of the strikers. More releases were expected later.

Survey Shows Reagan Ahead

WASHINGTON AP—Republican challenger Ronald Reagan has a comfortable lead in the presidential election, a Gallup poll says.

Reagan's lead is 11 points over Jimmy Carter, according to a survey published in this week's edition of Newsweek magazine.

Newsweek reported that a state-by-state breakdown shows Reagan leading in 27 states, Carter in 19, and the election undecided in 14.

The survey also shows that Reagan has a lead in the swing states of Florida, Ohio, and Pennsylvania.

Muskie Sends Letter To Iran

By The Associated Press—Secretary of State Edmund Muskie has sent a message to Iranian Prime Minister Mohammad Ali Rajai.

The message was delivered by the Iranian news agency Pars, which reported that the letter was not disclosed, but it was assumed it dealt with the 52 American hostages who were spending their 303rd day in captivity.

Pars said the letter was delivered by the Swiss charge d'affaires in Tehran during a meeting with Rajai Sunday afternoon.

Rajai said he would discuss the letter at his next public interview, the Iranian agency reported, but it did not say when that would be.

Ask Us

With Labor Day on the scene, and a lot of auto workers still out on strike, we thought we'd ask you a few questions.

1. How do you feel about the current economic situation?

2. Do you think the government is doing enough to solve the problems?

3. What do you think the future holds for the economy?

4. How do you feel about the current political situation?

5. Do you think the current administration is doing enough?

6. What do you think the future holds for the country?

7. How do you feel about the current social situation?

8. Do you think the current government is doing enough?

9. What do you think the future holds for the world?

10. How do you feel about the current global situation?

11. Do you think the current world is doing enough?

12. What do you think the future holds for humanity?

2 Wounded In Shooting

An early morning argument erupted into gunfire that injured two Snyder men, both being hit by shotgun blasts.

Taken to a Lubbock Hospital was Gary Durst, 27, who sustained facial and eye injuries. Taken to Cogdell Memorial Hospital was Jimmy Brandon, 36.

A hospital spokesman said Brandon received superficial wounds to the face and chest but was not seriously injured.

Police arrested a 34-year-old man for the shootings. The shootings occurred about 12:30 a.m. today in the 400 block of Ave. M.

The traffic toll included four Liberty residents killed in a truck accident in Houston and three children who died in single vehicle wrecks, said DPS spokesman Richard Grummett.

The DPS has predicted 45 would die in Texas traffic accidents between 6 p.m. Friday and midnight Monday.

We have a large number of DPS troopers working with local officers and we have several unmarked patrol units on duty to keep an eye on the speeding drivers and those who have been drinking.

The Houston collision took the lives of Nettie Blakes, 41, Ethel Blakes, 18, Roy Del Callicutt, 15 and 2-year-old Kevin Kirkwood.

A 15-month-old Vietnamese girl was killed in an auto-pedestrian accident in Amarillo and an 8-month-old girl died when the car she was riding in went out of control and overturned in Midland County.

The body of an unidentified motorcycle accident victim was found in Grapevine Sunday.

where learning begins

With the opening of school Tuesday, pupils will be starting another year of intense activity. The 175 days the children spend in the classroom will be packed with all kinds of activities to help them learn how to live their lives.

With their teachers, they will be involved in procedures designed to teach them to master various skills necessary for their future. Schools obtain the best teachers available, the best equipment available and the best learning tools available to accomplish this task.

But the one vital ingredient to insure that children are successful at school is obtained outside the classroom. It is the parents who provide a vital factor in the child's learning experience.

By example, parents teach more than any teacher or any book could ever impart to the pupil. By their attitude toward the school, their teachers, learning in general, parents effectively teach children how they should react to these things. By showing respect for authority and willingness to conform to rules of behavior, parents show their children the proper way to conduct themselves.

Whether they realize it or not, parents tell their children, "Do as I say, not as I do," but they respond, "What you are speaking so loudly that I cannot hear what you say."

If you want your children to have a successful year in school, begin at home by showing the proper attitude toward their teacher and their studies. If they hear you criticize a teacher or a coach, they are likely to criticize their teachers. If they see you reading a book, they may read a book and if they see you transfixed by television night after night, they too will become hypnotized by the tube while studies are neglected.

When school begins, remember, it may not necessarily be the "stuffy school system" or a "poor teacher and prejudiced coach" that is responsible for a failure. Just be certain that your child doesn't bring his troubles to school from home.

onward and upward

Speaking of inflation, as who isn't these days, the International Labor Organization has taken its measure worldwide.

The leader, if that is the right word, is Argentina with 1979 price rises of 140 percent. The runnerup was Israel, with 111 percent.

In Latin America in general inflation rates topped 30 percent and in Africa, 20 percent.

While the United States has been suffering with better than 10 percent inflation, things obviously could be worse.

And if we just wait long enough, they probably will be.

thoughts

A publican in the days of the Roman Empire was one regardless of race who farmed out the collection of taxes and public revenues. Some were oppressive and therefore detested.

"As Jesus sat at meat, many publicans and sinners came and sat down."

Matt. 9:10

at wis out

Everyone said that once the energy crunch hit, we'd get back to the basics.

It was to be a time of sharing, getting close to one another, rekindling the values set by our forefathers in the tradition of Little House on the Prairie.

In my mind I was doing, dropping by to spend the afternoon, watching our dog chasing its tail, the family standing around the piano singing, and Every Mountain in the peace as I sat in the glow of the candlelight, stitching a blanket on a towel.

Well, I am here to tell you that you cannot make a Little House on the Prairie out of Kool-Aid and margarine. We have come a far way. We have spawned a generation that did not come with the traditional unbiblical cord, but was born with extension cords that had to be plugged into any number of supply systems.

To name a few of them: bottle warmers, vaporizers, blankets, sterilizers, night lights, TV stereo, hair dryers, transistors, curling irons, shavers, sewing machines, tooth brushes, electronic games, typewriters, blenders, computers, and electric garage doors.

Every time we have a three-day weekend, I get an attack of Olivia Walton. I want to have a picnic with fresh-baked bread and homemade ice cream. I want to play softball and cook hamburgers over an open fire. I want to be surrounded by my children and look good without makeup.

As I told the family, "We should do something for our country to cut down on our outrageous consumption of energy just for a day."

WEDNESDAY
Honey Do's Extension Homemakers workshop, coliseum annex; 9:30 a.m.
Sparkle City Squares workshop; National Guard Armory; 8:30 p.m.

Rise And Fall Of Food Prices

COLLEGE STATION—Why do food prices keep rising? A quick glance back to 1978 and 1979 can shed some light on the subject, says Rose Tisdall Postel, a foods and nutrition specialist.

Citing three major reasons for 1979 price hikes, Dr. Postel notes that the consumer has decreased the "chunk" of his total disposable income spent on food down to an average of 16.5 percent during the past five years.

Dr. Postel is on the home economics staff of the Texas Agricultural Extension Service, The Texas A&M University System.

Three Major Reasons
Three major reasons account for rising food prices, the specialist says. In 1979 the reasons were 1) reduced beef and fruit production, 2) an 11.4 percent increase in the farm value of the market basket, and 3) an 11.9 percent increase in food-marketing costs.

Explaining "farm value of the market basket," Dr. Postel says this means that factors which influence the cost of farm production have caused more money to be spent to grow and harvest food items.

Actual Percent Totals
Although food prices did rise significantly during 1979, they did not increase as much as some other commodities, the specialist points out.

In 1979, retail food prices rose 10.9 percent, while the overall inflation rise was 11.3 percent.

DEAR READERS: TIRED IN LINCOLN, NEB., wrote: "At age 50 and after 30 years of marriage, I would like to forget about sex altogether. I can't believe I'm the only woman who feels this way. Please poll your readers, Abby, and if they're honest, I think you'll find I'm right."

As of today, I have received:
TOTAL RESPONSES: 227,606
Agreed with TIRED: 114,005
Disagreed: 113,601
Culled from the mail, some interesting comments:

"TIRED should be grateful her husband is normal. My husband and I, dedicated Christian Scientists, were programmed against "sensuality" (sex). After the birth of our only child, at age 37 my husband wished to return to the celibate life—married, but no sex. I suddenly came to my senses, divorced him, and now I am married to a normal Presbyterian."

ANONYMOUS

"I'm also tired. Tired of living with a slob. I have to nag my husband to shower and use a deodorant. I don't think he knows where his toothbrush is. So if he can live without a toothbrush, I can live without sex."

FM 53 HE'S 58

"TIRED is gonna be surprised when she finds out there's sex after death, 'cause if there isn't, how could it be heaven?"

FWY IN ST. PAUL

"We took a poll at our office. Nine women agreed with TIRED, and six disagreed. (Five out of those six were under 30. What do they know?)"

THE OFFICE GANG IN CHICAGO

"I'll be 85 soon, my husband is 90, and we still make love regularly. This is my second marriage and his third. I wholeheartedly disagree with TIRED. Poor thing. Her husband must be a poor lover."

ST. PETERSBURG, FLA.

"I'm 69 and my husband is 79, and I have been pretending for years that he satisfies me. He doesn't, but he'd be crushed if he knew, and besides, it takes less than a minute."

FIRST CLASS ACTRESS

"After 35 years of marriage to the same man, I equate sex with any other bodily function—like blowing one's nose. I'm with TIRED."

BORED IN TEXAS

"Just before I was married (at 19), my mom gave me a little pep talk about sex. She said, 'Honey, sex is a man's game, and women aren't supposed to enjoy it, they are just men's playthings. So pretend you're enjoying it and put up with it to make him feel like a man.'"

"I said, 'But, Mom, what if I like sex?'"

"She said, 'You're just like your father.'"

ALLENTOWN, PA.

"Tell TIRED IN LINCOLN, NEB., if she's still faking it after 30 years she can send her husband to Milwaukee. I'm 62 and my husband is dead, but I'm not."

WILLING IN WISCONSIN

"So TIRED submits to sex as a favor to her husband. Tell her if she wants to do something "nice" for the man she loves, to bake him a cake!"

ALASKA LADY, AGE 56

"Thanks for asking for this survey. I thought I was the only 50-year-old woman who was tired of sex. I'm also tired of cooking."

WINNIPEG, CAN.

"Would you believe after 25 years of marriage my husband still sets the alarm for 6 a.m. so he can have sex before breakfast? You'd better believe I am also tired!"

HOUSTON

"Ask TIRED IN NEBRASKA if she wants to negotiate a trade. I'm 53, my husband's impotent, and I'm hungry for love in Iowa."

SIoux CITY

"I'm 82 and my wife is 80, and after 50 years of marriage, we still enjoy our conjugal relationship. Abby, why are you asking only the women? Please take a survey to poll the men. It will open your eyes, Dearie."

SEATTLE

DEAR SEATTLE: Thanks, but not for a while. I'm "tired" from the deluge of mail precipitated by TIRED IN LINCOLN, NEB.

the more interesting hands here.

Alan: "This is an early hand. All four South players opened one spade and wound up at four, although strangely enough there were four different bidding sequences. We are showing the one used by Ron Smith and Hugh Ross."

Oswald: "At all four tables the six of diamonds was opened and a low diamond played from dummy. Two East players rose with the ace and gave their partner an immediate diamond ruff. Then they got in with the ace of spades to give partner a second ruff for down one."

Alan: "At the other two tables East chose to play the nine of diamonds. South won with the queen and went after trumps. East cooperated, by taking his ace and leading a trump back. South cashed dummy's ace of hearts, drew the last trump and conceded a diamond and a heart to make his game."

Oswald: "That nine of diamonds play led to a bad result. We also feel that it was incorrect, but when you consider that two out of four of the best players in America made it, it had to be reasonable."

NEWSPAPER ENTERPRISE ASSN.

By Oswald Jacoby and Alan Sontag

Oswald: "The four teams in the semi-finals of this year's Vanderbilt played the same hands. Let's discuss some of

Family running shoes. Sale 10.99

Athletic shoe of vinyl suede and nylon on molded rubber sole. Padded vinyl collar, cushioned insole with arch support. Sizes for men, women, and boys. Children's sizes 9-99

Lawrence E. Lamb, M.D.

Quit tobacco use.

By Lawrence Lamb, M.D.

DEAR DR. LAMB — I'm a 47-year-old male who has smoked since 17 years of age. The last five years I've smoked four packs of cigarettes daily. I'm certainly not proud of the fact that I've never had the will power to quit even though I've tried on numerous occasions. Recently I've found that chewing tobacco is quite effective in reducing the cigarettes. As long as I chew, I don't smoke. However, when I'm at the office I must swallow the juice. Now friends tell me that swallowing the tobacco juice is worse than cigarette smoking in causing cancer and heart disease. What is your opinion?

DEAR READER — My opinion is that you should quit both. The truth is that there has not been a long-term study of large populations concerning the effects of chewing tobacco or health. After all, there aren't that many people who indulge in this unpleasant habit.

Even without the available large population studies through time, there are certain conclusions you can make. When you inhale a cigarette, nicotine and other substances are absorbed into the circulation through the lungs. The lung tissues become the barrier. That's also why they become the site for lung cancer. The tars are strained out by the tiny air sacs and deposited in the lungs. When you swallow tobacco juice, nicotine will be absorbed just as it's absorbed through the lungs, only the process is slower. That means the body does get a nicotine effect. This can be an anti-fitness response and you would expect it to cause an increased resting heart rate and some other physiological changes that may not be desirable.

Chewing tobacco may pose other hazards besides those from tobacco. Some popular brands contain natural licorice. This substance has the same effect as one of the powerful hormones produced by the adrenal gland (aldosterone). If you swallow the tobacco juice with licorice you may have high blood pressure, loss of potassium and other adverse reactions.

When you chew tobacco, you won't get carbon monoxide effects as you do from smoking cigarettes. Carbon monoxide is one of the factors that contributes to problems with heart attacks. You can also be fairly certain that you're not likely to get cancer of the lungs or the other extensive forms of lung damage that occur with chronic lung disease from inhaling cigarette smoke.

Beyond that, you've got other problems because the nicotine and tars that used to be processed through the lungs now enter the digestive system. Does the long-term exposure of the lining of the digestive tract to tars and other substances in tobacco increase the likelihood of having cancer of the colon or other organs of the digestive system? We really don't know but I would be strongly suspicious that it would.

I suspect that the chronic long-term tobacco chewer who swallows the juice simply ends up increasing his chances of having cancer of the digestive system while decreasing his chances of having cancer of the lung.

I'm sending you The Health Letter number 2-6, Tobacco: Cigarettes, Cigars, Pipes. Other readers who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it. Send your request to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

Chewing tobacco is also very bad for your teeth. It damages the gingiva (gums) and other soft tissues of the mouth. This can lead to pyorrhea with bone loss. The tobacco juice may also cause leukoplakia, a white patch that can become malignant.

Runaway Gas Well's Flames Put Out

PORTO'CONNOR (AP) — Soaring flames that engulfed a runaway gas well have been extinguished, but officials say it may be days before workers can board the twisted rig to search for three missing men.

An oil company spokesman said that the well bore apparently collapsed Sunday, sealing off the flow of gas that had fueled the inferno.

"There is no bubbling at the rig, no fire on the plat-

form or coming from the hole itself," said Kent Young, a spokesman for Tulsa-based Cities Service Co.

Two men were killed and seven others injured by the blast Saturday that turned the wildcat rig into a torch with flames leaping 100 feet into the air.

Flames still spouted 75 feet into the air early Sunday at the well located about 18 miles out in the Gulf of Mexico.

The roaring blaze and

intense heat hindered the search Saturday, and Coast Guard officials said they cancelled it Sunday because they thought it unlikely the three missing men were in the water.

"We had aircraft and surface vessels on the scene so quickly it kept the search area very small, very well concentrated. We feel like there was virtually no chance that anybody was in the water without being detected," said Coast Guard Lt. Jerry

Robichaud in Corpus Christi.

"When the fire is put out and we're able to get on the rig, then the Marine Safety Office will look at it and conduct the investigation," he said.

But Young said boarding the rig "is not going to take place very soon."

"The longer it stays bridged over the safer the rig becomes. But we probably will not have anyone board the rig for several days," said Young.

He said the bridging had failed and the well reignited several times Sunday morning before the bridging finally held.

A spraying barge was in position at the well site Sunday, and Young said it will try to keep the well cool with its spray should the well blowout again.

He said the company planned to begin moving equipment into position today to drill a relief well.

Bob Hutton, Cities Service production mana-

ger, had said earlier it could take up to 60 days to complete the relief well.

John F. Kennedy was assassinated Nov. 22, 1963.

Anderson Men's Club Champ

Larry Anderson had no challenge in taking the 1980 Men's Club Championship event at Snyder Country Club over the weekend.

Anderson, a former club champion here, breezed out scores of 69 and 70 for the two-day, 36-hole tourney to wrap up the victory by a cool eight strokes over second place finisher Buck Rambin.

Anderson's total was a 139, while Rambin's 148 left him a solid second, another 23 strokes in front of the third place finisher in the Championship Flight.

Competition wasn't much closer in the First Flight where Lanny Wadleigh tallied a pair of 74s to finish at 148, nine strokes ahead of Larry Hildreth and Dutch Stehley, who tied for second at 157 apiece.

Scores began to bunch up with most of the remaining flights, however. Joe L. League got off a fine 76 start on Saturday, but lofted to 83 on the final day of play for a total of 159. Ewell Mackey, who hit 81 to open the event, almost caught League in the second round, but his 79 added just a stroke short at 160.

Snyder High School golf coach Mackey Greene won the Third Flight with scores of 82 and 77 for a 159. John Reed took second place with a 162 (82-80).

The Fourth Flight was another battle, but Mike Jordan's consistency, 83-83, netted him a three-stroke margin of victory over Malven Stevenson and Don Sealy, who tied for second. Sealy was three strokes behind Stevenson going in to the final round, but put together a second-day 81 to lock for the honors.

Rod Waller trimmed the course for an 82 in the first-day's rinning, and

that was good enough for him to take first place in the Fifth Flight, despite a 92 on Sunday. Pinky Ferguson carded a 90 and an 88 to finish second, four strokes behind, at 178.

Tommy Lay, who also led off with an 82, came back Sunday with an 84 to win the Sixth Flight by a stunning 13 strokes. Bill Leinen, 92-87, was second with a 179.

Texas-Arkansas Open Collegiate Grid Season

AUSTIN (AP) - Texas Coach Fred Akers and Arkansas Coach Lou Holtz feel the earliest Southwest Conference football game in history tonight is to their disadvantage. But there were no regrets - at least not before the 8:10 p.m. kickoff.

Both agree it beats what they had ahead of them. Texas would have had to play Oklahoma and Ar-

kansas back-to-back.

For Arkansas, the regularly scheduled mid-October date would have meant consecutive games against Texas and Houston, which has visited the Cotton Bowl three out of the last four years.

"We knew the advantage would be with Texas," said Holtz. "Texas has a much more experienced offense which is the most

difficult thing to prepare early.

Akers countered: "We will be younger than Arkansas we are not as good in any phase of the game as we will be by mid-season. We are not a top football team at this point.

The payoff figured considerably in the plans of the two schools.

GOODYEAR SERVICE STORES

12-MONTH TUNE-UP! ...Saves Gas All Year Long.

Your gas-saving Goodyear tune-up should last at least one year, but just to make sure, we'll recheck your engine free of charge...not once, not twice, but THREE TIMES during the next twelve months! See Service Agreement below.

TIGERS REJOICE-Snyder's Tigers took the first annual Snyder Volleyball Tournament championship here Saturday by edging Seminole in three games. Above, left to right, Sherri Rich, Kathy Northcott, Shana Pate, Toni Elrod, Kelly Dryden and Sherry Mayes celebrate after the winning point. (SDN STAFF PHOTO)

Tigers Find Going Tough But Claim Tourney Title

Forced to the three-game limit in both of its final two matches here Saturday, Snyder High School met the challenge by outlasting its opponents and capturing the first annual Snyder Volleyball Tournament championship.

Snyder's Tigers, who boosted their at-home win streak to 46 straight over the weekend, stopped semi-final opponent El Paso Irving 15-17, 13-10 and 15-13, then took out rival Seminole in the championship match, 15-5, 13-15 and 15-11.

Earlier in the two-day tournament Snyder had defeated Abilene High and Big Spring.

In other finals Saturday, Lamesa nabbed consolation by outlasting Odessa Permian 15-12 and 15-12, and San Angelo Central took third by defeating Irving, 15-6 and 15-11.

Snyder seemed headed towards an easy title victory when Coach Joyce Elrod's girls pasted Seminole 15-5 in the first game of the title match. But Seminole, guided by former Snyder assistant coach Lynda Jackson, was not to go down so easily.

The Indians, led by all-tournament players Jamie Johnson and Edna Bustamante, put Snyder behind 0-6 in the second game. Lisa Cobb, voted Outstanding Spiker of the tournament, got the hometown girls rolling when she blasted a near 45-degree fireball over the net that Seminole had no chance of returning. From there, Kathy Northcott served up three more Tiger points to cut the margin to 8-12.

Cobb and all-tournament teammate Sherry Mayes continued to batter the Indian defenses with a combination of hard spikes and soft position shots - all set-up by Snyder's third all-tourney player, setter Toni Elrod.

The Tigers eventually tied the score at 13-13, but lost the serve and Seminole took over, marching to a 13-15 victory.

The third and deciding game opened with neither team able to gain on the other. Shana Koonsman served up three straight Tiger points mid-way through the tilt to give Snyder an 11-9 lead, but Seminole fought its way back and locked the totals at 11-11 with 1:35 left.

Both teams traded serves until Koonsman fashioned a cross-court shot to the open corner to put Snyder

on the offensive again. Sherri Rich then set the ball in play to buy Snyder's 12th point with only 56 seconds remaining.

Seminole again regained the serve, but was unable to capitalize this time as Cobb literally stuffed the ball past two would-be defenders. It was Mayes who then closed the doors on the opponent, giving Snyder a two-point edge (13-11) with an accurately aimed shot three-quarters down the line.

Though the Indians got the serve back with 27 seconds left, Mayes came

through again - on a 40-degree slam - to put the game in the history books.

Snyder Volleyball Tournament Championship Match: Snyder def. Seminole, 15-5, 13-15, 15-11. Third Place: SA Central def. EP Irving, 15-6, 15-11. Consolation: Lamesa def. O. Permian, 15-12, 15-12.

All-Tournament: Spike: Odessa Permian, Marilyn Jackson; Lanessa; Elise Wheat, Big Spring; Karen Hall, El Paso Irving; Jamie Johnson, Seminole; Clara Casarez, S.A. Central; Edna Bustamante, Seminole; Sherry Mayes, Snyder. Outstanding Server: Toni Elrod, Snyder. Outstanding Spiker: Lisa Cobb, Snyder. Most Valuable Player: Ruthie McDevitt, S.A. Central.

Exhibition Series Closes With A Lot Of 'Iffing'

By BRUCE LOWITT
 AP Sports Writer

Exhibition games don't count. Everyone knows that. Still, it's got to make you wonder...

...if Dallas Cowboys quarterback Danny White really is ready to fill Roger Staubach's shoes, ...if Los Angeles Rams quarterback Pat Haden has won back his job the same way he lost it through an injury, ...if anyone's going to be able to stop the New York Jets' passing game, ...if the Green Bay Packers will win a game

and if General Manager Coach Bart Starr will still be around when they do.

"Preseason doesn't make a hill of beans," said Terry Bradshaw, who played Saturday night's National Football League exhibition game as though the title were on the line.

Bradshaw completed 13 of 29 passes for 211 yards, including a 24-yard touchdown pass to tight end Randy Grossman as the Steelers warmed up for next Sunday's regular-season opener against Houston by mauling White and the Cowboys 31-10.

In Saturday night's other games it was Los Angeles 34, San Diego 17; the New York Jets 32, the Denver 38, Green Bay 0; Oakland 24, Philadelphia 23; Minnesota 38, Cleveland 16; Detroit-15, Cincinnati 10; San Francisco 31, Kansas City 21, and St. Louis 21, Chicago 13. Last Friday night it was Atlanta 51, Baltimore 35; Tampa Bay 11, Washington 6; Seattle 30, New England 23, and Miami 20, New Orleans 0.

The absence of Staubach may make a difference, too. White, excellent in his first three exhibitions, was dismal against the Steelers, hitting just 16 of 29 passes for 150 yards and throwing three interceptions. The boos swirled through Texas Stadium.

Haden, who lost his job last year when he broke a finger in midseason, then watched Vince Ferragamo quarterback Los Angeles' into the Super Bowl, may have regained his job thanks to Ferragamo's pulled hamstring - not to mention his own performance against the Chargers. He completed 17 of 29 passes for 188 yards and three TDs.

The Packers played five exhibitions and didn't win any of them. In fact, they scored only 17 points in that span, by far the fewest in the league.

Guards Probed In Smuggling

MCLESTER, Okla. (AP)—Two state prison guards are expected to be fired as early as this week for allegedly smuggling marijuana to Oklahoma State Penitentiary inmates, prison officials confirmed Sunday.

Campaign

(Continued From Page 1) nessee and Mississippi as well as several Alabama communities, Carter was headed back to the White House to play host to an outdoor gathering of 1,000 labor leaders.

Though Reagan clearly has cut into the Carter's grip upon the South, most union leaders are returning to the president's fold after many had bolted in favor of Sen. Edward M. Kennedy.

One, United Auto Workers President Douglas Fraser, declared Sunday that "When our membership gets to know and understand Reagan...our membership will support Carter with enthusiasm."

But Reagan, in New Jersey, took his case directly to the blue-collar voter.

"Eight million out of work," he declared, "inflation running at 18 percent in the first quarter. Black unemployment at about 14 percent, four straight major deficits run up by Carter and his friends in Congress. The highest interest rates since the Civil War."

"This human tragedy is Jimmy Carter's. He caused it. He tolerates it. And he is going to answer to the American people for it," Reagan said.

Reagan said that in his proposal for a 30 percent tax cut over three years, "we are talking about a way to bring labor and management together for America. We are talking about jobs, and productivity and wages. We are talking about doing away with Jimmy Carter's view of a no-growth policy."

Reagan said that in his proposal for a 30 percent tax cut over three years, "we are talking about a way to bring labor and management together for America. We are talking about jobs, and productivity and wages. We are talking about doing away with Jimmy Carter's view of a no-growth policy."

Daily Oklahoman, the officials said they had knowledge of an investigation of drug dealing and contraband smuggling at the institution.

Four members of the prison infirmary staff have resigned in recent weeks as the probe examined that area, the officials alleged.

Those resigning were identified as Phyllis Koontz, a diet technician; Virginia Nelson, a registered nurse; Betty Price, a records clerk; and W.B. McKinney, a prison paramedic, the story said.

In August 1979, Nelson was held hostage for two hours by a convict armed with a scissors blade in the prison medical services building.

Nelson resigned in July, while the other resignations occurred in the past two weeks.

According to a prison source who asked to remain unidentified, some of the resignations may have been the result of inmate-employee relations discovered by prison officials.

The Oklahoma Bureau of Narcotics and Dangerous Drugs has been investigating for several months, but according to prison sources, the agency has delayed action on the alleged violations due to the volatile situation believed to exist at the prison.

New policies and procedures recently enacted by Warden Al-Murphy have sparked unrest among inmates and staff members as well, department officials, including Murphy, say.

A new policy prohibiting inmates from transferring money from one trust account to another prisoner's account may have indirectly contributed to the amount of smuggling activity inside the prison, officials said.

Prison sources indicated that the infirmary may be one of the key links in the movement of currency to inmates.

Surplus Of Oil Provides Cushion

NEW YORK (AP)—A "huge cushion of surplus" oil could delay for more than two years a new world oil crunch in the event that OPEC's biggest producer, Saudi Arabia, cut production by 1 million barrels daily, an oil industry newsletter says.

But Petroleum Intelligence Weekly cautioned Sunday that "despite the

present surplus, there's little reason for oil-consuming nations to feel complacent about the future supply outlook."

A recent reduction in Organization of Petroleum Exporting Countries oil output to a 4 1/2-year low of about 27 million barrels a day "has succeeded in bringing current supply into line with actual current consumption," it said.

Total Western world inventories are expected to peak at 5.8 billion 42-gallon barrels by early fall, the newsletter said, and a "huge cushion of surplus stocks, could linger for another one or two years."

One-Room School Closes Down

AUSTRALIA ISLAND, La. (AP) - It's empty now and its former students prefer going to classes elsewhere, but Louisiana's last one-room schoolhouse belongs to posterity. It will be lifted from its foundation at the edge of the Mississippi River and taken to Northwestern State University in Na-

tchitoches. It will become part of the school's Center for History of Louisiana Education, said director Maxine Southerland.

In addition, she said, film was taken last year of a typical day at the school starting when Ms. Mable Parker brought the children to school in her pickup and ending when she took them home.

"When they go to see the school, we will show them the film," Mrs. Southerland said. "We felt we were preserving history." Australia Island is an appendage of Louisiana,

almost surrounded by Warren County, Miss., and cut off by the Mississippi River from the rest of Madison Parish. In fact, the only land route to the "island" is through Mississippi.

When the parish school board decided after months of deliberations to close the one-room school, it also decided to pay tuition to Warren County.

Officials did not expect the children to have any trouble with their work, since Mrs. Parker's students consistently scored above the parish average

on standardized tests for elementary and junior high school students.

Freddie Rader, his brothers and sisters were the last students taught by Mrs. Parker, who retired after spending 12 of her 22 teaching years at Australia Island.

Freddie, 13, his seven younger brothers and sisters, and a 13-year-old cousin now take the bus to two schools in Redwood, Miss., 27 miles away. All but 6-year-old Carol Ann Rader spent a year or more with Mrs. Parker before their first day in

Redwood schools Friday.

"I like it. It's bigger than our other school," said Teresa Rader, 13.

She and Freddie agreed that they'll have more homework and more rules to follow at West Central Junior High than they had under Mrs. Parker. But they like the new school better, anyway.

Teresa said she likes having "a buncha teachers."

"The rooms are easy to find. The numbers are up above the door," she said. A small van takes the children - including Lula,

12; Michael, 11; David, 9; Patrick, 7; and their cousin, Stanley Wayne Ross - from the 3,000-acre cotton plantation where they live to the closest blacktop road. There, a Warren County school bus picks them up.

Asked what the biggest difference was, Freddy said:

"Well, you can't really be talking when the principal and teacher is in the room. And when you ask the teacher a question, you have to raise your hands. When the bell rings you have to go out and get to another class and the principal says 'No running down the hall.'"

"They gave us a rule book on how to follow the rules in school."

Pecan Weevil Is Making His Move

COLLEGE STATION-- Pecan weevils usually make their move this time of the year and can cause heavy damage to the pecan crop unless controlled.

Adult weevils emerge from the soil, usually from mid-August to mid-September, and lay eggs in nuts. Larvae (worms) that hatch then feed on the kernels from the gel to the shucksplit stage, explains John Cooper, pecan pest management agent with the Texas Agricultural Extension Service, Texas A&M University System. The adult pecan weevil

looks a lot like the cotton boll weevil but is a little larger and is dark to medium brown in color. Larvae are creamy white with reddish brown heads.

For effective control of pecan weevils, growers must spray after adult weevils emerge from the soil but before they lay their eggs in nuts, emphasizes Cooper. This "lag" time generally is three to five days. Carbaryl (Sevin) has been the most effective insecticide for controlling the pests, and it gives good control for 8 to 12 days after application.
