Sandra Allred, popular Haskell High School senior and daughter of Mr. and Mrs. Ark Allred, has been named Student Guest of the Rotary Club for the month of February. She is a member of the HHS Band, and is on the staff of both the school annual, The Chief, and the school newspaper, The War-whoop. She was elected for the Rotary honor by her classmates and will be a special guest at all meetings of the club this month.

Haskell Woman Suffers Critical Burns Sunday

Mrs. Marion Long, 59, received severe burns Sunday morning when her outing sleeping gown caught fire from a bathroom heater. Her son, Larry, 15, awakened by his mother's screams, helped beat out her burning clothing and summoned neighbors who called an ambulance.

HHS Stage Band Wins Trophy at Quanah Meet

In Quanah last weekend, the Haskell High School Stage Band was judged the outstanding band in its class. The Haskell entry was in the first year class.

COMPLETES BASIC NAVY TRAINING

Dewey Calvin Wester, son of Mr. and Mrs. Dan Wester of this city, recently completed his Navy basic or "boot" training at San Diego, Calif., and has been assigned to the Navy base at Memphis, Tenn., for further training.

Backlash of Winter Brings Rain, Snow

A backlash of winter weather which included rain, sleet and snow, laid an icy coat over this section during the weekend, just as final traces of a similar blast had thawed and disappeared.

Water Dept. Receipts Hit Record High

The average bill of \$4.60 represents water consumption of 10,000 gallons per meter each month, at a cost of 46 cents per 1,000 gallons to the consumer.

Water Dept. Receipts Hit Record High

Bill Introduced Calling for New Water District Vote

W. P. Curtis, 77, Dies Tuesday; Rites Today

W. P. Curtis, 77, retired farmer and resident of Haskell County for 50 years, died of a heart attack at 8 p. m. Tuesday at the family home, 502 North Avenue F.

Central Baptist Church to Host Singing

The Haskell County Singing Convention will meet at the Central Baptist Church in this city Sunday, Feb. 12, for an afternoon program of singing.

A.C.C. Japanese Student Speaks at Rotary Club

A young Japanese student in Abilene Christian College was guest speaker for an interesting program at the Rotary Club luncheon and meeting Thursday.

Lions View "Skit" From Negro Minstrel

A short "skit," from the Negro Minstrel scheduled here Thursday and Friday nights, February 9th and 10th, was presented at the Tuesday noon-day luncheon meeting of the Haskell Lions Club.

A. C. Pierson Is Speaker At Jaycees Meet

A. C. Pierson, Haskell banker, was guest speaker at the meeting of the Junior Chamber of Commerce Tuesday night.

Another obstacle loomed this week in the path of the North Central Texas Municipal Water Authority in its efforts to develop a source of municipal water for Haskell, Munday, Rule and Goree.

Newest attack on the water project is in the form of a Bill introduced in the Legislature by Rep. J. C. (Carl) Wheatley of Haskell. It would require directors of the Authority to call elections in each of the four towns to determine if any or all of the towns desired to detach from the water district.

The bill introduced by Rep. Wheatley takes no account of the fact that the Authority was created by a majority of tax-paying voters in three separate elections held in each of the four towns.

The bill will require that all outstanding obligations of the Water Authority must be paid in pro rata share by towns withdrawing or "detaching" from the district.

From best information available, existing obligations of the Authority are now between one-third and one-half million dollars.

The bill provides that the water district's board of equalization, tax assessor and collector, and other officers shall continue to possess full authority to levy, assess and collect taxes in the "detached" area until all such bonds and indebtedness have been finally paid and discharged.

Since the district had collected an estimated 80 per cent of the 1960 taxes, some taxpayers were wondering if this money was "going down the drain" and whether they would have to pay additional taxes in future years if the bill becomes law, and the district is killed.

Rumors that Rep. Wheatley was being urged to introduce legislation to "kill" the water district had been current for some time.

However, less than two weeks ago a local business man said the Haskell legislator had assured him he did not intend to introduce the bill.

The bill then was introduced on Jan. 30 or 31, as an uncontested measure.

Rep. Wheatley, contacted by the Free Press by telephone Monday, stated that he had introduced the measure in behalf of a petition signed by several hundred citizens. He stated he did not have the petition at the time, but had been assured it had several hundred signers.

The bill has been referred to the Conservation and Reclamation Committee of the House. J. W. Buchanan of Dumas is chairman of the committee.

A public hearing had been set for Feb. 14 in Austin, but was postponed until Feb. 21 on request of Haskell people supporting the water development program.

More than 300 guests are expected in attendance at the Indian Booster Club's annual All-Sports Banquet Saturday night, honoring members of the Indian football squad and HHS basketball teams.

The affair will be held in the Elementary School auditorium, beginning at 7 p. m.

One of the outstanding features of the banquet will be the presentation of the club's "Most Conscientious Player" award, and two Sportsmanship awards.

The Jaycee Sportsmanship Awards will be presented by Joe Warren.

Included among honor guests

Allen L. Reid of Australia Here To Visit Mother

Visiting in Haskell this week is Allen L. Reid of Sydney, Australia, who arrived Tuesday for a visit in the home of his mother, Mrs. Ruth Reid, 1506 North Ave. F., and other relatives and friends.

Mr. Reid is manager of the Far Eastern division of Prentiss Hall Publishing Company. He and his wife and their three children live in Sydney.

Mr. Reid and his mother will leave Saturday for Dallas. From that city, Mrs. Reid will go by plane to Australia and will make her home in Sydney with her son and family.

From Dallas, Mr. Reid will leave by plane for a world tour on business for his company before returning to Sydney.

Paint Creek and Aspermont high school girls basketball play-off for the title in District 16B has been scheduled next week in Stamford High School gymnasium.

Team winning two out of three games will win the district championship.

First game is set for 7:30 p. m. Tuesday, Feb. 14, second game at the same time on Friday, Feb. 17, and the third game, if necessary, on Tuesday, Feb. 21.

Sgt. Royce Linch Made Instructor in NCO Academy

Sgt. 1/c Royce Linch, stationed at Ft. Sill, Okla., has been promoted to Instructor in the Non-Commissioned Officers' Academy at Fort Sill.

Sgt. Linch is the son-in-law of Mr. and Mrs. W. E. Brady of Haskell and he and his wife, Beulah, and their three children have frequently visited here.

Sgt. Linch is a veteran of 11 years service in the Army, and has served at overseas stations in Panama and Alaska.

New System of Telephone Numbers To Become Effective on April 11

Haskell and Weinert telephone customers will be using a new numbering system beginning April 11, the date set for distribution of General Telephone Company of the Southwest's 1961 directory.

Known as the All Numerical Calling Plan (ANC), each telephone number will be composed of seven digits. F. A. Robinette, district manager, explained that the new system will replace the more familiar two-letter, five-number (2LN) system inaugurated when the telephone industry first launched its long-range program to permit operators and/or customers to dial direct from one city to another.

The present Haskell prefix is UN 4. Under the new ANC plan the "UN 4" will be replaced by "864". For instance the Haskell Free Press number, which is now UN 4-3113 will become 864-3113.

The present Weinert prefix is OR 3. Under the new ANC plan the "OR 3" will be replaced by "673".

Robinette pointed out that the 2LN system is being replaced as rapidly as possible in order that all number combinations appearing on the telephone dial can be utilized.

The old 2LN system requires a prefix such as TUsado or Porter," Robinette stated.

Robinette emphasized that the new numbers represented a "paper-work" change in most instances, since the old "UN 4" and the new "864" numbers in Haskell and the "OR 3" prefix and "673" numbers in Weinert require identical paths of the dial.

However, because no words in the English language begin with the letter combination WX or WY or JK or JL, telephone numbers beginning with 90 or 55 could not be utilized, thereby limiting number assignments.

As the number of customers being assigned 2LN numbers throughout the nation increased, the necessity of using all possible number combinations on the dial also increased.

"In some areas," Robinette said, "we are running out of possible letter prefixes."

As a result of this realization, a study was undertaken in Wichita Falls, Texas, to determine whether assigning seven digit telephone numbers proved satisfactory to customers and operators.

Conclusion of the extension study was that the ANC plan not only was satisfactory, but even eliminated some previous dialing errors resulting from confusion between the numeral "1" and the letter "I" and numeral "zero" and the letter "O".

Robinette emphasized that the new numbers represented a "paper-work" change in most instances, since the old "UN 4" and the new "864" numbers in Haskell and the "OR 3" prefix and "673" numbers in Weinert require identical paths of the dial.

New Farm Outlook In Washington

An immediate attack on the vital short range operating credit problem for farmers, along with a more favorable prospect for cotton producers, are the two major developments of the Kennedy-Johnson administration anticipated for the near future by Texas Agriculture Commissioner John C. White.

A Question of Fair Play

The people of the U. S. have always been noted for a sporting instinct of fair play. In public affairs they have at times been confused by political shenanigans, advanced in the name of the people but which in the last analysis have limited or destroyed individual opportunity.

People, Places & Things

By A. PATE Feb. 6, 1942

New daylight saving, or "war time" will go into effect at midnight Sunday, when clocks and other timepieces will be moved ahead one hour. A check this week with business concerns, offices and schools indicates that the regular business schedule will be observed, merely being stepped up one hour.

was followed by a light freeze, the first since early in January. Grass is getting green and winter has been unusually pleasant. Mrs. Gray Jenkins of Buffalo Gap is visiting her parents, Mr. and Mrs. T. J. Lemmon in this city.

60 Years Ago—Feb. 5, 1931

Deputy Sheriff Luther Highnote left Tuesday for Belton, to return a Negro man to Haskell to face charges of burglary and theft in connection with the burglarizing of the John Behringer home near Rule.

60 Years Ago—Feb. 9, 1901

Postmaster B. H. Dodson announces that sealed proposals will be received at the post office until Feb. 18 for carrying the mail from Haskell to Marcy and return three days a week.

30 Years Ago—Feb. 11, 1911

Mrs. T. J. Watson of Rule was a visitor at the home of her son-in-law, J. E. Walling, Sunday evening, and Monday. She says that Haskell is the prettiest town she ever saw.

Haskell County History

Similarity of names was being discussed at the Rotary Club meeting Thursday, when Jones County Commissioner Hollis Haynes of Stamford told about two men he knew several years ago who had identical names.

planning to include the Homecoming in their vacation plans for this year. We were reminded of this fact by a reader in Big Fork, Ark., who wanted to be certain that a 1961 Homecoming would be held.

Jason Smith, local abstractor, says he's heard all his life that a mule wouldn't run into a barbed wire fence, as horses often do. In fact, horses have been known to inflict crippling and sometimes fatal cuts by running into a wire fence when frightened.

Now comes the Texas Almanac with its wealth of informative tables, one of which gives the altitude of Texas towns. From it we learn that Stamford (alt. 1603) is exactly 50 feet higher than Haskell (alt. 1553).

POINTS OF INTEREST TO WOMEN

State Federation President Guest Speaker at Progressive Study Club

The Progressive Study Club had Mrs. Harry Griffith, state president of the Texas Federation of Women's Clubs, as guest speaker at the regular meeting Thursday held in the community room of the Haskell National Bank.

The room was decorated with posters and bulletins representing the departments of Federation work: home life, international affairs, public affairs and Texas heritage.

Club president Mrs. Hudson Plummer presided over the meeting. Other guests for the evening were Mrs. John F. Ward of Lubbock, president of Mesquite Valley; Mrs. Fred Adams of Winkler; and Mrs. J. O. Brown of Haskell.

Mrs. Griffith made a report on the state of the Federation of Women's Clubs and the progress of the state conference at the annual meeting in Houston. She also presented a report on the state of the Federation of Women's Clubs and the progress of the state conference at the annual meeting in Houston.

Hair Stylists Attend Dallas Beauty Show

Several hair dressers from Haskell attended the All-Texas Beauty Show in Dallas Feb. 6-7. Among those attending were Sue Alton, Mary Sears, Geraldine Rice, Christine Greene, Ethel Richardson, Gully Lark and Lucie Cook.

While there they attended an evening hair styling class taught by Miss Peggy White and Woody Klinger of Florida, two of America's best known hair stylists.

Sunday evening they saw a show of models and fashions from Texas until Monday night. Models from various parts of the state and hair styles by the State Beauty Council were shown.

Thursday through the close of an interesting four days with a trip to Dallas and Mexico City given away.

Robertson-Curry Ceremony Held in Plainview

Mrs. Mary Beulah Robertson of Haskell became the bride of Frank Curry of Plainview at a marriage ceremony held Monday evening, Feb. 9, in the home of the bridegroom's parents, Mr. and Mrs. Hoyt Curry in Plainview.

Mrs. Curry is the daughter of Mrs. Laron Robertson and the late Mr. Robertson of Haskell. Her father, James Beulah Robertson, is pastor of the Methodist Church of Haskell at the time of the marriage.

The couple were decorated with arrangements of pink carnations and geraniums.

For the marriage the bride wore a simple white tulle and tulle gown with a train and a carriage of flowers.

Miss Joyce Soden and J. E. Graydon Jr. were the couple's only attendants.

Miss Soden wore a figured tulle dress with black accessories and a carriage of flowers.

A reception was held in the home following the wedding.

The bride is a 1959 graduate of Haskell High School and attended Wayland Baptist College. She is employed at the Haskell County State Bank.

The bridegroom graduated from Plainview High School. He is a member of the ABEF Club and of the Civil Air Patrol. He is an employee of Elton Stationery.

The couple will live at 1312 W. 13th, Plainview.

The bride's mother, Mrs. Laron Robertson and sisters, Patricia Sharon and Leanna, attended the wedding from Haskell.

Australia Topic For Study At Magazine Club

The Magazine Club met Friday Feb. 6 in the club room. "What is the World's Going On - In Australia" was the lesson topic discussed by Mrs. Arlene Weaver. The government in Australia was given by Mrs. Turner. The general development of the country was discussed by Mrs. W. A. Lykes.

The president, Mrs. Hill Gates presided at the business meeting. The hostesses, Mrs. Virgil Bailey and Mrs. Arlene Weaver served tea and coffee to the following members: Katherine Turner, Arlene Weaver, Mrs. Hill Gates, C. A. Bennett, Virgil Bailey, Jack Pappas, E. H. Hester, W. E. Huse, C. J. Robinson, Raymond Jones, Fred Monte, C. V. Payne, Wallace Cox Sr., R. C. Couch, Jr., Olla Freeman, W. A. Lykes, J. M. Plaster, K. H. Thornton, Joe Tappan, and Miss Nellie McCollum.

Earnings Limits Raised for Social Security Payees

Beginning last month, many more beneficiaries who work will be able to be paid some of their social security benefits, according to R. R. Tuley, Jr., district manager of the Abilene social security office.

As before, Tuley said, beneficiaries who earn \$1200 or less a year still get all their social security checks for the year. But, beginning in 1961, a person earning between \$1200 and \$1500 in a year will have only \$1 in benefits withheld for each \$2 earned over \$1200. When earnings are more than \$1500 a year, \$1 in benefits will be withheld for each \$1 earnings over \$1500.

Until now, earnings of even \$1 over \$1200 could cost the beneficiary not only his entire monthly benefit, as high as \$120.00, but also any benefits payable to his dependents.

To illustrate the new provision, Tuley cited the example of the 66-year-old worker who receives social security benefits of \$100 a month for himself and his 66-year-old wife. Beginning in 1961, this man could work all year, earn \$1500, and he and his wife will still get at least \$50 in benefits for the year. If he works all year, and earns \$2100, they can receive \$1000 in benefits, giving them an income from combined earnings and benefits of \$3100 a year. Under the former law, no checks would have been possible for them, except as mentioned next.

He also indicated that some people who applied for their benefits in years past may have overlooked certain provisions which have been in effect for some time. A beneficiary, regardless of his total earnings for the year, may receive his full benefit check for any month in which he does not earn more than \$100 or do substantial work in his own business. Also, beginning with the month of his 72nd birthday, a beneficiary may be paid all his benefits no matter how much he earns in that month and later.

Tuley urges working people past retirement age (65 for men, 62 for women) who have not yet applied for their social security benefits, to visit their social security office now or meet with a representative of that office when he is in their town. Even though earning fairly substantial annual amounts, many persons may now be able to collect some benefit checks during 1961 and later years. Schedules showing when the representatives will visit the various towns are furnished all post offices.

Card of Thanks

If you can find words in the dictionary to better convey our gratitude we would use them to express our sincere feelings toward the good nurses, hospital staff, doctors and our neighbors and friends. They were wonderful to Mr. Price while he was in the hospital.—Mrs. W. L. Price and family, 6p

Mrs. Winchert Directs Weinert Club Program

The arrangement of Mrs. Lynn Stephens, daughter of Mrs. and Mr. Al Arund of Haskell, and William Edmund (Bill) Rainey, son of Mr. and Mrs. Eugene Rainey of Winkler, is being announced. The couple plan a June wedding.

Weinert Mothers Club met Thursday at the Homeopathic school at Winkler High for a regular meeting. Mrs. W. C. Winchert directed the meeting on Better Family Relations. Roll call was answered with "When Can I Do to Promote Unity?" A panel discussion was held by Linda Adams, Hollida Alton, Arlene Weaver, Shurley Sanders, Linda Cunningham, and Mary Adie Davis as moderator. The topic was "What can I do to Develop a Better Understanding of our Family Members?" All are members of Weinert Homeopathic classes. They also presented a play representing members of a family: father, mother, two sisters and brother.

The meeting was dismissed with prayer led by Mrs. P. F. Weinert.

The next meeting will be a Valentine party, Feb. 14, at the Community Center at 7:30 p.m. Guests will be husbands of members.

Eleven members attended. Mrs. H. W. Liles was hostess.

Valentine cookies and punch was served. Attending were: Maudie Fred Monte, W. C. Winchert, W. A. King, W. B. Gussie, R. C. Liles, C. G. Hamner, R. J. Rainey, A. M. Turner, C. C. Newason, P. F. Weinert, and the hostess, Mrs. H. W. Liles.

Weinert F.H.A. Makes Plans for Area Meeting

The Weinert F.H.A. Chapter met January 31 and elected Mary Davis as a candidate for an area office. Also, they named Linda Adams as a voting delegate, and Shurley Sanders and Linda Cunningham to sing in the area chorus.

Plans were also made for the F.H.A. Sweetheart Banquet, February 9.

SCHOOL LUNCHEON Menus

School lunch menus for week of Feb. 13-17:

Monday: Beef and spaghetti, green beans, cabbage-apple salad, hot rolls, butter, peanut butter cookies, milk.

Tuesday: Tuna sandwiches, potato chips, buttered corn, pear and cheese salad, apricot cobbler, milk.

Wednesday: Pinto beans, buttered broccoli, mashed potatoes, onion rings, cornbread, butter, apple crisp, milk.

Thursday: Pigs in blankets.

Hazel Reynolds Memorial Group Meets

Former members of the Hazel Reynolds Memorial Group met in the Mesquite Club house Saturday evening, Feb. 7. It was a happy time for greeting old friends and meeting old times. Mrs. E. L. Foster returned and shared a delightful and hot supper with the members. After singing Mrs. Reynolds' two favorite songs, "The Lily of the Valley" and "At Evening Prayer," a number of letters were read from members who could not attend.

The Hazel Reynolds Memorial Group was organized in February 1960. Its purpose is to continue a fund started when Mrs. Reynolds was the teacher for the education of a brilliant student. This student is to be assisted by Mrs. Mary Ed Taylor as long as she is on that field. If there are further members of the club, what Mrs. Reynolds was the teacher, who have not been contacted they are urged to turn in their name and address. All contributions are voluntary.

Those attending were: Allie Payne, Edna Payne, Helen Gates, Della Tracy, Nellie McCollum, Louise Greene, Emma Queen, Marie Marie Felker, Frances Lane, Ruby Smith, Joyce Ruth, Alice Ballard, Cora Pearson, Mabel Faye, Leola Connor, Lela Christian, Verma Wilson, Jerry Cox, Opale Priebe, Edna Mae Lyles, Leola Pearson, Hattie Cook, Mrs. Durston and Hazel Robertson from Abilene, Della Lee from Rule, Opal Nancy, former in-charge teacher of the club, and R. C. Couch, an assistant teacher to Mrs. Reynolds.

Attend District THDA Training Meeting

The Texas Home Demonstration Association training meeting was held Monday, Jan. 20, at the Mesquite Club house in Haskell. Attending from Haskell County were Mrs. Barbara McAnelly, county home demonstration agent, Mrs. Travis Smith, county THDA chairman, Mrs. T. M. Patterson, county council chairman, Mrs. O. W. Winchester and Mrs. Paul Cochran.

Mrs. Wesley Trammell, district 3 vice president, presided at the meeting. There were 12 of the 15 counties represented, with 4 in attendance. The business of the Mesquite Club served coffee and doughnuts to guests on arrival. The business meeting was held in the court room.

Those appearing on the program were Mrs. Christine Davis, state treasurer of the association, who spoke on the THDA fund; Mrs. Noel Weaver of Jones County, who told how to present a resolution; Mrs. Douris Davis of Wilbarger County, who gave the duties of the county THDA chairman; Miss Fern Hodge, district agent, gave the main program on "Let's All Grow Together."

Book Reading First Book-Read

A book reading was held on Tuesday, Feb. 10, at the Haskell National Bank. The book was "The Story of the Bible" by J. O. Brown. The program was held in the bank.

are visiting their daughters, Lois and Dorothy at West Columbia, and Mr. and Mrs. Bill Aske and daughters at Waco.

The Sagerton School teachers and school employees entertained the school trustees and their wives at the Stamford Cafeteria Saturday night, Feb. 4, and later went to the home of Mr. and Mrs. Hollis Haynes to play "84" and "42." Those present were: Mr. and Mrs. John Teichelman, Mr. and Mrs. Alvin Ulmer, Mr. and Mrs. Melvin New, Mr. and Mrs. Carl Hertel, Mr. and Mrs. M. Y. Eenton, Mr. and Mrs. Cliff LeFevre, Mr. and Mrs. L. E. McNeil, Mr. and Mrs. Hollis Haynes, Miss Irene Stewart, and Mr. and Mrs. Delbert LeFevre.

Several local cutting horse men attended the Cutting Horse Contest at Petersburg Saturday, Feb. 4. Baby Jeff, owned and ridden by Paul Jones, placed first in the open; Snoddy Mac, owned by Harry McDaniell of Petersburg, and ridden by Delbert LeFevre, placed second; and Checker Mac, owned by Mark Ellard of Petersburg, and ridden by Delbert LeFevre, tied for third and fourth places with Flicka, owned and ridden by Hugh Peacock of Petersburg; and Johnny Spitzer's horse, Carbon Girl, placed fifth.

Sonny Coleman of Stamford placed second with Hollywood Vixen, owned by Dr. Middleton of Haskell, in the novice rider class, and Delbert LeFevre rode Mark Ellard's horse, Checker Mac, for third place in that class. Sonny Coleman also tied for second place on Hollywood Vixen in the novice novice class.

Mr. and Mrs. Herbert Stremmel, Mr. and Mrs. Edwin Stremmel and sons, and Mr. and Mrs. August Angerman visited in the home of Mrs. Albert Stremmel, Hilda and Emil, Thursday evening, Feb. 2, in honor of Emil's birthday.

August Stremmel was released from the Hamlin Hospital last week, and is feeling better.

The snow and ice cut down church attendance at the Sagerton Church Sunday and no service at all was held at the Methodist church, since the roads were bad and Bro. Lyles did not make the trip from Abilene. School went on as usual Monday, but classes were turned out at 2:30.

Basic Research Needed on Soils And Water

Basic research is needed to develop new knowledge of the mineral nutrition of plants, behavior of water on agricultural watershed, and new principles of rangeland soil management, said the USDA's Soils, Water and Fertilizer Research Advisory Committee at their annual meeting held recently in Westlaco.

In making their recommendations, the committee said that understanding of the mineral nutrition of plants, particularly the complex processes taking place between roots and soil, is essential for future soil-management studies as well as for national conservation programs.

Research on how precipitation runoff in agricultural watershed is affected by soils, land use, conservation practices and watershed features is another need cited by the committee.

Other areas which the committee said need expanded research include rangeland soil management, forest and related watershed management, irrigation water conservation, and accurate erosion prediction.

W. Lewis David of Corsicana is a member of the committee, which was established under the Research and Marketing Act of 1946. The committee's detailed recommendations for research will be submitted to the USDA within the next few weeks.

Savings Bonus Have A Birthday

Retiring Treasury Secretary Robert B. Anderson (left) and the new Secretary of the Treasury, C. Douglas Dillon, joined in ringing a replica of the Liberty Bell to signal the 20th anniversary of the U. S. Savings Bond program. The recent ceremonies took place on the west steps of the Treasury Building, opposite the east entrance to the White House. Americans now own over \$43 billion in series E and H Savings Bonds. This is an all-time record high.

The Liberty Bell replica in the Nation's capital has counterparts in every state, donated by leading American companies as a feature of the Independence Savings Bond drive in 1950. State governors, as honorary bond chairmen, will rally their volunteer forces with similar bell-ringing ceremonies this spring.

ST. JOHN'S METHODIST Special Service for Re-Opening Of Remodeled Church in Stamford

St. John's Methodist Church of Stamford, will have a re-opening of their sanctuary at the morning worship service on Sunday, Feb. 12. For the past three months the worship services at St. John's have been conducted in the Fellowship Hall, due to the extensive remodeling program.

During this time the sanctuary has been completely remodeled, the walls paneled in oak, ceiling beams have been cased in oak, and acoustical ceilings have been installed. New lighting fixtures have been purchased and a refrigerated air conditioner system and heating system have been added. At the same time, a Memorial Chapel has been built in memory of C. P. Amerson by Mrs. Amerson.

At the special re-opening

services at 10:50 a. m., Dr. Robert E. Goodrich Sr., pastor of St. John's in 1910 when the present building was constructed, will deliver the sermon.

A special opening service for the Amerson Memorial Chapel will be held at 2:00 p. m. Dr. Burgin Watkins, pastor of St. John's Methodist Church, will conduct the service.

Open house and reception for former pastors and district superintendents will be held from 3 to 5 p. m.

The evening worship service will be held at 7 with the Rev. Newton Starnes, pastor of First Methodist Church at Canyon, and former pastor of St. John's preaching.

Church choirs will sing at all services, with Mrs. N. M. Phy, organist.

Haskell National Will Close Monday For Legal Holiday

The Haskell National Bank will be closed all day Monday, Feb. 13, in observance of the legal holiday commemorating the birthday of Abraham Lincoln.

Since the holiday comes during the weekend, merchants and other bank patrons are reminded to keep the closing date in mind in arranging their weekend banking transactions.

CARE WITH FIRE NECESSARY

Winter woods are dry and easy to catch fire, so take the proper precautions to prevent fire.

Hold burnt matches until cool, then break them. Shred your cigarette butts, as soldiers are taught to do. Douse your campfire thoroughly with water—then inspect it carefully before leaving.

New Texas Almanac Is Compilation Of Valuable Facts and Information

The new Texas Almanac, 1961-1962, published by The Dallas Morning News, just off the press, has been intentionally delayed one year in order that the new 1960 census figures may be included. It includes final official population census figures for the state and its 251 counties, and all incorporated cities and towns, and all unincorporated places of more than 1,000 population. It also includes the 1960 summary figures on the census of agriculture and there are census figures on manufacturing, wholesale and retail trade and the service industries.

There is an extensive roundup of the situation relating to water resources and the problems of conservation. There is a list of all Texas lakes and reservoirs, arranged alphabetically, giving location, surface area and capacity of each. An interesting chapter on the history and characteristics of Texas rivers is included.

The two-year period since the publication of the last Texas Almanac has seen the greatest era of cave and cavern discovery and exploration in the history of the state, establishing Texas as one of the leading states in the number, size and beauty of its caverns, which will add greatly to its attraction to tourists. New and old caverns are described in an article by James H. Estes of Abilene, one of the state's leading speleologists (cavern explorers and scientists).

All Texas resources are reviewed and latest developments reported—climate, soils, forests and other plant life resources, including flowers and grasses, wild game life, oil and other minerals. Late industrial developments are detailed with sta-

tistics on production. Latest figures on commerce and finance are included—railroads, ports, air commerce, banking, insurance, savings and loan, credit unions. Other chapters include labor and employment, highways and public roads, athletic records, public school education, universities and colleges, state and local governmental agencies and finances, tourist attractions and a guide thereto. There is a list of all state-wide civic and commercial organizations; also all state, district and county officials, and all mayors and city managers.

The articles on counties, cities and towns have been rewritten and new maps drawn to stress detail and accuracy in late developments.

Besides the articles covering all important aspects of Texas government, civic activities, agriculture and industry, there are many interesting items on odds and ends. For example, do you know what tectites are and where they are found in Texas? Do you know where emmer and speltz are grown as commercial grain crops?

The new Texas Almanac has 704 pages of everything about Texas.

This will be the last Texas Almanac edited by Stuart McGregor, native of Coleman County, who has edited the volume since 1925. He retired December 31, after 33 years of service on the editorial staff of The News.

State revenue funds which support the public school program in Texas are derived from 50 different sources.

Thirty-two Texas counties operate county-wide school districts.

PAINT CREEK . . . COMMUNITY NEWS

BY MRS. GENE OVERTON

Our high school basketball girls won the consolation trophy at the Hardin-Simmons Invitational tournament last weekend. We lost to Duncanville in the first game and then beat Trent, Old Glory and Eula girls, to win. Carolyn Livengood was chosen guard on the first all-tournament team. If our girls beat Mattson Tuesday night they will be in the play off for District Champions. They have won all their district games except one with Aspermont. Play-off games will probably start next week. The boys team is playing better and better, and though they don't win, they have improved in their last three games. In the O'Brien game last Friday four boys scored 10 points apiece and one scored two. Martindale Coleman, Mike Overton, Jeff Smith and Butch Kahout all scored 10 points, and Mike Shaw made two. I thought that was sort of unusual.

The junior girls and boys closed their season last week. The girls won all their district games, and only lost two games in tournaments. The boys didn't win any district games, but won games in tournaments.

Barbara Grand, daughter of Mr. and Mrs. John Grand spent the between-term holidays with her parents. She attended Houston University the first semester, but transferred to Texas Tech this second semester. She is a sophomore majoring in Biology.

William Overton and Dolin Hughes, students from N. T. S. C. in Denton spent the between term holidays at home with their parents. Mr. and Mrs.

Gene Overton, and Mr. and Mrs. Morris Hughes.

William began his practice teaching at Fort Worth Technological Senior High School Monday morning. Bobby Sego of Haskell is also teaching there. William will teach two senior English classes, two junior English classes and one sophomore English class. Bobby will teach business courses. They teach nine weeks and then return to N.T.S.C. campus to take three accelerated courses the last nine weeks before graduation.

Cadet Wallar Overton, Dan Riley Griffith, Dub Sims, Jimmy Griffith, from Texas A.M. spent last week at home before returning to school for the second semester. Wallar had as his roommate, Steve Weisk from Hempstead, New York and David Lorms from San Antonio. The boys left Wednesday to spend several days with David before returning to school. They are all three seniors in company A-1.

Margaret Fischer spent last weekend with her parents, Mr. and Mrs. Paul Fischer, Clara Ann and Paulette. She is a student at the Metropolitan School of Business in Fort Worth. She came home to see the basketball games at the Hardin-Simmons tournament.

Mr. and Mrs. R. V. Earles and son, Bob, and niece, Doty, visited their daughter, Judy, in Abilene last Thursday and attended the Hardin-Simmons tournament.

Mr. and Mrs. Garland Callaway and daughter, Judy, are in Houston at the Anderson Hospital where Judy will undergo further treatment. Her address is Room 311, B. W. Third Floor, Anderson Hospital. Judy will be there for several weeks and will appreciate cards and letters.

Bill Russell arrived home from Greenland last Thursday and is visiting his wife and parents, Mr. and Mrs. Cub Russell in Haskell. Bill has been in Greenland for the past year. He will be stationed at Davis Mantham Air Base near Tucson, Arizona.

Miss Billie Boshier, Home-making teacher at Paint Creek was called to Garland Saturday to attend the funeral of an uncle. He was her mother's brother-in-law.

Arthur Montgomery suffered a heart attack last Thursday night and spent two days in the Stamford Sanitarium. He is at home now and is doing nicely. There was no clot, and he will just have to rest and take care of himself, and not eat certain foods. His daughter, Mrs. Boyd Cathey, her husband and daughter, Elizabeth, came from Grand Prairie Friday afternoon, and Mrs. Cathey is spending the week with her daddy.

What this community needs is for someone to own a helicopter. Then we could hire him to fly around and drop hay and feed for our cattle, when there is all this snow on the ground. We might hire him when it is too muddy for a pick-up to get down in the pasture, too. Gene Overton lost his Shorthorn herd bull during the snow last weekend. The bull was just three years old, and he was up in the lot, and just laid down and died. Gene supposed he ate some old poisoned feed and it killed him. Anyway, Gene now has a new red Angus herd bull from Herman Henry's Red Angus herd.

R. C. Couch, Allen Isbell and William Overton held a Board of Review Saturday morning for the scouts of troop 48 who were ready for First Class. The Court of Honor will be held at the luncheon at the school Wednesday night with all the parents invited to come. This Court of Honor will cover all the awards for the past several months. Parents will bring sandwiches, cookies, and cold

drinks for their family, and this will be our Scout Week event. Next Sunday the scouts will attend church in a group at the Paint Creek Methodist Church, to close Scout Week.

Two boys from Paint Creek High School won in the essay contest sponsored by the California Creek Soil Conservation Association. The title of the essays was "What Soil Conservation Means to Me." Celeste Craig of Stamford won First, Jeff Smith of Paint Creek won Second, and a little girl from Anson won Third. Edwin Livengood of Paint Creek won Fourth. First place winner receives \$25, Second \$15, Third \$10, and Fourth \$5. Because of the Interscholastic League rules, the winners cannot receive the money, but it is placed in a trust fund, and they will receive it when they finish high school. The money will draw interest, and they may add to it if they wish. There were 27 essays entered in the contest, and we are very proud of these young men who won. The four winning themes are entered in the state contest

and the prizes are much larger there.

Mrs. Jim Cox from Fort Worth spent the weekend here visiting her brother, W. A. Montgomery and her sister, Mrs. W. S. Cox and Mr. Cox.

WEINERT NEWS

MRS. MILDRED GUESS

Mr. and Mrs. Richard McCampbell of San Leandro, Calif., have been visiting her mother, Mrs. Lura Mayfield and brother, Arlie, of Haskell, and Mr. and Mrs. Clyde Mayfield, Mr. and Mrs. J. A. Mayfield and other relatives of Weinert. They left with the J. A. Mayfields for Dallas, to take a plane to their home in California.

Mr. and Mrs. Clyde Mayfield, Mr. and Mrs. Verma Teague and Jeff, and Tiffen Mayfield and Lynn Paris of Denton, attended the Stock Show in Fort Worth Saturday.

Mr. and Mrs. John Alex Mayfield, Arch, Evelyn and Alexis attended the Stock Show at Fort Worth last week.

Mr. and Mrs. R. C. Liles attended the Stock Show in Fort Worth last week.

ORDER AND NOTICE OF ELECTION

THE STATE OF TEXAS)
COUNTY OF HASKELL)
ELECTION ORDER

I, J. E. Walling, Jr., Mayor of the City of Haskell, Texas, by virtue of the power and authority vested in me by law, do hereby order that an Election be called in the City of Haskell, Texas, for the purpose of electing (2) Two Aldermen, to serve for a term of (2) Two years.

The said Election to be held at the City Hall, in the City of Haskell, Texas, on Tuesday, April 4th, 1961, that being the First Tuesday thereof, and the following persons are hereby appointed managers of said Election.

V. A. Brown, Judge
Mrs. V. A. Brown, Asst. Judge
The Chief of Police of said City of Haskell, is hereby directed and instructed to post a properly executed copy of this Order and Notice of Election at the City Hall in the City of Haskell, Texas, where this Election will be held, and this notice shall be posted five days before the Election.

Signed and sealed 6th day of February, 1961, at the City of Haskell, Texas.
J. E. Walling, Jr., Mayor
T. J. Arbaugh, City Secretary

brought about by the ever increasing number of registered vehicles in Texas.

The Texas Highway Department estimated that vehicle registration in Texas for 1960 will total 4,800,000. This places Texas third in the nation in registered vehicles following California and New York.

"Texas should reach the seven-million mark by the end of this decade," Greer said. "There are more vehicles in Texas today than there were Texans in 1920 and the percent of increase in motor vehicles in Texas in the last four decades is 20 times the percent of increase in population. There are two Texans for every Texas-registered motor vehicle."

Greer stressed the importance of registering all automobiles and trucks in the county of the vehicle owner's residence.

"Do not ask the County Tax Collector to violate the law. He is required to demand to see your certificate of title and 1960 license receipt before he can issue your 1961 plates."

The penalty for operating a vehicle without home-county license plates is the same as operating a vehicle with no plates at all. Court fine can be as much as \$200, plus being required to register in the home county with a 20 percent penalty of the annual fee. Refunds cannot be granted for the illegal plates.

Owners registering illegally in 1961 can expect to face court charges.

"Don't risk an illegal registration," Greer urged. "Remember, too, that a portion of all registration fees stays in your home county to benefit your local community."

Seven Plentiful Foods Listed For February

Cabbage pretty well leads the pack of foods expected to be in plentiful supply in February. The winter cabbage crop is moving in volume from an acreage quite a bit larger than a year ago, reports the Texas Agricultural Extension Service.

While cabbage is the feature, six other foods will be available in more than normal supply this month. These are dry onions, rice, canned ripe olives, peanuts and peanut products, cranberry products and small white beans.

The February plentifuls can provide color, nutrition, flavor, variety and economy to family meals or special occasions.

These foods have been selected for special promotion this month by the food distribution division of the Agricultural Marketing Service.

Grocery stores, newspaper, radio and TV features will make special efforts to encourage wide use of the plentifuls, in efforts to reduce the "burdensome" supplies.

Consumers will find it to their advantage to serve plentiful foods often because lower prices usually accompany abundance.

ON COOKING EELS

Eels make great eating—once you get over the idea that they are kin to snakes.

You'll be won over the first time if you prepare them this way: Skin eel with pliers, then cut into inch-thick chunks (as you slice bread). Fry until meat is flaky and white.

Legend has it that cooked eel meat will turn raw again if laid aside to cool. Experiment proves this to be at least partially true.

farmstead, according to J. C. Yearly Jr., Soil Conservationist, Haskell, Texas. This windbreak will consist of one row of Arizona Cypress and one row of flowering Desert Willow.

Tree windbreaks around the farmstead serve two purposes: They greatly beautify the farmstead by providing Mrs. John Q. Farmer a beautiful scene from her kitchen window; Serious erosion of the farmstead is reduced and the velocity of the wind about the farm home and other buildings is decreased considerably.

Mrs. Keller will receive assistance under the Great Plains Conservation Program with 70 percent of the cost of trees and 50 percent of the cost of protecting fencing shared by the Federal Government, Yearly said.

February-March Renewal Period For Car Tags

February-March is the renewal period for motor vehicle license plates in Texas, State Highway Engineer D. C. Greer of Austin has announced.

Texas will notice a newly designed license plate for 1961. A different style of letters and numerals have been used to make the plate more readable from a distance. Black letters and numerals on a white background is the color scheme for 1961.

A new numbering system will be used for some classifications such as trailers, truck tractors and buses. The classifications will have a one-letter prefix with from two-to-five digit numerals. For example: A trailer number could be A-10 or A-12345. The numbering system for other classifications will remain the same as 1960. The change in the system was

National Beauty Salon Week Will Be Observed

"Every woman can be made more beautiful" will be the theme of the beauty salons of Haskell for the observance of National Beauty Salon Week Feb. 12-18.

Beginning the observance of the week, Christene Greene of Christene's Beauty Salon will entertain the Seniors girls of Haskell High School with a hair dressing party in her salon Monday evening, Feb. 13, at 6:30 o'clock. Co-hostesses will be Geraldine Hise, Quillie Lackey, Della Medford, Mary Sue Guess, Margaret Rainey and Frances Arend.

Tuesday, Feb. 14, will be dedicated to welfare work. Those who would like to receive a free hair cut on this date should get in touch with the P-TA welfare committee. Each child asking for a hair cut will need a written permit from her parents.

Salons taking part in this service will be Christene's Beauty Salon, Geraldine's Beauty Service, Criterion Beauty Service, Rainey's House of Beauty, Lottie's Beauty Shop, Kirkpatrick Beauty Shop, Della's Beauty Salon, and the Beauty Bar.

Also during the week, operators from each salon will visit rest homes and give free work. And Margaret Rainey of Rainey's House of Beauty will visit the Weinert Homemaking Class during the week and give tips on beauty.

Haskell Student In Tech Group Touring Valley

John Haskell Stone of this city was in a group of nine Texas Tech students who made a week-long tour of the South Texas vegetable industry Jan. 30-Feb. 4. They returned to Lubbock Saturday.

The group, all agriculture majors enrolled in advanced vegetable production, visited vegetable, marketing and processing facilities in San Antonio and the Rio Grande Valley. The class is conducted by Dr. George Elle, professor of horticulture.

After touring the San Antonio Terminal Market, the students visited vegetable farms and Texas Agricultural Experiment Station near Weslaco, as well as the Texas A&I Vegetable and Citrus Research Center at Kingsville.

Also visited were wholesale vegetable and storage facilities and processing plants for frozen vegetables.

Production of Fish Bait May Offer Profit

Texasans love to fish. There are over 1 1/2 million fishermen in our state and they spend an average of 123 million dollars annually in pursuit of this popular sport. A sizeable amount of this money is spent for bait, especially minnows. Many of these minnows are raised in Texas, but the demand is so much higher than the domestic supply that millions must be imported annually, says Ed Cooper, extension wildlife specialist.

Since this deficiency in the supply of home-grown minnows does exist, there is some opportunity to make a profit in the commercial minnow business. Minnow raising is not a "get-rich-quick" operation, Cooper warns. It has been the experience of those in the business that a considerable investment in time, labor and capital is necessary for a successful operation.

In order to be successful, you must have minnow ponds of the correct size and depth. There must be an adequate, dependable water supply available, and you must have pumps, water lines, drainage structures and other equipment to completely control the movement of this water. Cooper says that the use of well water instead of runoff or stream water usually assures a more uniform chemical composition and reduces the likelihood of introducing undesirable fish, minnow diseases and parasites. In general, the initial cost of equipment and engineering is rather high.

A person interested in going into the commercial minnow business must have or acquire some knowledge of water chemistry and the biology of minnows and other aquatic animals. Experience in fish cultural methods is vital to success, thus you must be prepared

to accept some failures and even financial losses the first few years. For these reasons it usually pays to visit successful minnow farms to learn techniques and obtain advice instead of plunging into the business ill prepared, Cooper points out.

Information on licenses required for commercial bait operations can be obtained from the Texas Game and Fish Commission, Austin, Texas. Cooper also says that a booklet entitled "Raising Bait Fishes" can be obtained from the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C. This publication sells for forty-five cents per copy.

Curtis Forehand To Receive ACC Degree

Curtis Forehand, Abilene Christian College student from Knox City, has completed the requirements for a Bachelor of Science degree from ACC.

Forehand is the son of Mr. and Mrs. C. B. Forehand. He graduated from Weimert High School in 1956.

He majored in education. The degree will be conferred during the graduation exercises in May.

Don't guess about social security questions; write your social security office.

The Paini Creek Pirates girls basketball team took part in the Hardin-Simmons Invitation High School Girls tourney at Abilene last week. The Pirates lost to Duncenville, in the opening game, then won the consolation crown with a 58-34 defeat of Eula. Members of the Pirates team are: Kneeling, (left to right): Judy Medford, Margie Earles, Janette Trussell, Wanda Medford, Paullette Fischer, Jane Earles, Helen Pusztovicsky. Standing: Manager Mary Ballard, Willie Petrich, Carolyn Livengood, Rita Wood, Belya Jones, Jo Ann Griffith, Mary Lou McLennan, Ina Bittner, Coach H. P. Morrison. Misses Petrich and Trussell left the squad at mid-term. (Abilene Reporter-News photo).

Reached age 72 and still working? Social security becomes an annuity at age 72, so be sure to file your claim.

National Electrical Week

February 5-11, 1961

MAKE
Electricity

WORK FOR YOU

ELECTRICITY, probably more than any other source of energy, has been responsible for the high standards of living enjoyed by millions of Americans today. The nation is more productive, healthier, wealthier, and more secure—thanks in large part to the number of tasks electricity performs.

Today's people live longer because electricity accomplishes the labor that formerly drained their strength and impaired their health. Mass production would be impossible without electricity. At the touch of a button or switch, electricity goes to work in factories, homes, on farms, on the land, in the air, and under the sea—doing the work of millions of people and enabling millions more to enjoy more ease and convenience than ever before. In medicine and in science, electricity enables man to study areas as yet unexplored. Today's children can look forward to a future in which electricity will make even greater contributions to their health, comfort and security.

Electricity stands ready to do even more in the way of improving the world in which we live, whether it is the world of business, science, medicine, research, entertainment. Electricity is ready to create more jobs and whole new industries. It is ready to take on increased tasks on the job, in homes, on farms and in factories. Electricity and its abilities are boundless—they need only to be called upon to serve. This is the electrical industry's message during National Electrical Week, a message to its own employees and to the public: **MAKE ELECTRICITY WORK FOR YOU.**

Hey Kids... a Free pamphlet

"How to Make An Electric Motor"

... a four-page pamphlet prepared through the courtesy of the National Electrical Contractors Assn., Inc. This pamphlet contains easy-to-follow instructions for making a simple electric motor.

S. G. Cobb Wins Trip to Europe From Hobbs, N. M.

A former Haskell man now living in Hobbs, N. M., has won a four-day trip to Europe for himself and his wife.

Cobb was one of nine leaders of sales teams for the Rich Plan in the United States to receive the award on the basis of sales over quota.

Mr. and Mrs. Cobb will leave Hobbs on Monday, Feb. 25, for New York, arriving there on April 3. They will fly to London, from there they will go to Rome by air, where they will remain several days.

Mr. and Mrs. Cobb moved to Hobbs in August, 1909, from Seymour, where he was a land appraiser for the Texas Highway Department.

Organization Completed, House of Representatives Begins Business

By JOHN GUNFORD, Texas Press Association

Organization completed, but in some respects, highly disgruntled, the Texas House of Representatives is down to business.
