Iraq Extends Siege Ring...

Iran Hits Baghdad

BASRA, Iraq (AP) — Iran bombed Baghdad and other cities in Iraq today and threatened to mine the Persian Gulf and the Strait of Hormuz. Iraqi warplanes retaliated by bombing the oil refinery in Iran's northern city of Tabriz, the Baghdad command said.

Meanwhile, Iraqi forces extended their siege ring north and east of Abadan, leaving only one highway open into the Iranian oil refinery city. An Iraqi field commander said his advancing troops and armor were only

three or four miles from the city overlooking the Shatt al-Arab estuary.

The Iraqi military command claimed 52 Iranian and nine Iraqi soldiers were killed in 12 hours of fighting Tuesday night and today near that highway.

Persian Gulf and the Strait of Hormuz, through which much of the oil to the West flows, and the commander of the Iranian navy was quoted by Tehran Radio as saying, "If it becomes necessary, we will mine the Strait of Hormuz and the Gulf."

He did not say how Iran would determine the conditions that might necessitate mining, a relatively complex operation for Tehran's armed forces, which have been greatly weakened by defections and problems with supplies, maintenance and spare parts since the revolution 20 months ago.

Tehran Radio said Iranian defenders of Abadan shot down four Iraqi fighter-bombers in a mid-morning attack on the city.

A communique broadcast by Baghdad Radio said 14 civilians, including seven children, were killed and 25 wounded in the Iranian air strikes in the Iraqi capital and four other cities in northern and central Iraq.

It was the second straight day of air raids on Baghdad after a 10-day pause. The communique claimed two Iranian jets were shot down near Baghdad, and said Iraqi jets struck back, setting afire the oil refinery in Tabriz, only 70 miles from Iran's border with the Soviet Union.

The Shatt al-Arab on the southern front leads to the

Wednesday update

Promises Female Justice

By TIM AHERN Associated Press Writer

Ronald Reagan is pledging to appoint a woman to the Supreme Court, something President Carter says he would consider but not flatly promise. Carter's wife, though, says "I can assure you" he would choose a woman.

While the two major party candidates were talking about the Supreme Court on Tuesday, independent candidate John B. Anderson was thinking about how to finance a late-hour television ad campaign now that his hopes of borrowing money have fallen through.

Reagan, apparently trying to win over women and critics of his opposition to the proposed Equal Rights Amendment, said at a news conference in Los Angeles he would name a woman to "one of the first" vacancies on the Supreme Court. There has never been a woman justice.

Steel Trigger Price Told

WASHINGTON (AP) — The Commerce Department today announced new minimum prices at which imported steel can be sold in this country. As expected, the "trigger price" is 12.1 percent above the level of seven months ago.

The higher price, promised by President Carter as part of his effort to help the ailing U.S. steel industry, is based on increased costs of Japanese steel production — the benchmark for the trigger price mechanism.

Generally, the trigger price will apply to all steel mill products that enter the United States on or after Oct. 21. That means imported steel products may not be sold for less than \$401.73 per ton.

Economics Prize Awarded

STOCKHOLM, Sweden (AP) — The 1980 Nobel Memorial Prize in Economics was awarded today to Lawrence R. Klein of the University of Pennsylvania.

Klein was cited by the Swedish Academy of Sciences "for the creation of economic models and their application to the analysis of economic fluctuations and economic policies."

7 Skeletons Discovered

ROCKPORT, Texas (AP) — A shallow grave containing at least seven skeletons will be examined by anthropologists to determine if the coastal gravesite could be an ancient Indian burial ground, officials said.

Seven skeletons were unearthed by a construction crew Tuesday before a University of Texas anthropology team was called in to check the grave for more bones and determine their age, said a spokesman for the Aransas County Sheriff's office.

CLOUDY WEATHER

SNYDER TEMPERATURES: High Tuesday, 87 degrees; low, 56 degrees; reading at 7 a. m. today, 66 degrees; precipitation, none; total precipitation for 1980 to date, 23.38.

WEST TEXAS: Partly cloudy through Thursday with widely scattered showers and thunderstorms today. Windy Panhandle today and north Thursday. Cooler tonight and Thursday. Highs 80s except 70s mountains. Lows mid 40s Panhandle to mid 60s south. Highs Thursday mid 60s Panhandle to low 80s south.

HELPING ORGANIZE - Among the persons helping put together a meeting to gauge interest in forming a local Latin American Lions Club last night were, from left on the front row, Basilio Rendon Jr. of Lamesa, Mac McCown, Tony Luna, deputy district governor of Region II, and Howard Harrington. From left on the back row are Max von Roeder of Snyder and Jim Jones of Littlefield. The meeting was held last night at K. Bob's Steakhouse. (SDN Staff Photo)

GOING UP—Residential construction students at Western Texas College are framing another duplex on the college campus. This will be the third duplex constructed by the construction students for campus housing. Shown at work, from left, are R. C. Burditt, Johnny Brasuell, Wade Wallace, Larry Bass, Carla Beard and Bob Beard. Abel Garza is instructor for the course.

Unions Okay Salary Cuts

DALLAS (AP) — Two unions have approved a pay cut proposal that could save financially-strapped Braniff Airways \$18 million, but implementation of the plan depends on the outcome of a Teamsters union vote.

Homecoming Activities To Begin With Parade

The Black and Gold Snyder High School Band will lead a parade down College Ave. and circle the courthouse square Thursday as Snyder gears up for its bi-annual homecoming. Floats and other entries for the parade will form in the parking lot of Varsity Square Shopping Center, report officials, and from there will circle the courthouse. Once at

the courthouse, a pep rally will be held. The parade is scheduled to begin at 6 p.m. and will feature floats, cars, and decorated bicycles. In the float division, three winners will be announced. First place winner will receive \$50, second place winner will get \$25, and the third place prize consists of \$15. Prizes will also be awarded in the bicycle contest.

Following the game, all exes may attend a reception in the Snyder High School library sponsored by the National Honor Society. A dance will also begin immediately after the game and will last until 12:30 a.m. The dance will be at the high school's student center. Admission is \$1.50 per person and is open to all present and past SHS students.

Ask Us

Q—Why is Northeast Elementary School allowed to be different from all the other elementary schools, such as during the open house when their schedule was different and also their teachers were wearing buttons saying Northeast is first?

A—Planning and scheduling for events such as open house are left up to the principals, and none is required to follow the same schedule as others, says Jack Gorman. Also, they provide their own special materials such as the buttons the teachers were wearing—they are not provided by the school. However, the administration encourages all schools to promote pride in their respective buildings, which apparently was the objective of the buttons.

Friday, a pep rally is planned at Snyder High School gym at 2:05 p.m. The public is invited to attend it, too. Tiger band parents will hold a turkey supper in the high school cafeteria preceding the game. Serving will begin at 5 p.m. and continue until 7:30 p.m. At 8 p.m., the Snyder Tigers will host the Pecos Eagles, and the homecoming queen will be crowned during

Garwood Backed AUSTIN, Texas (AP) — The Dallas Times Herald has endorsed Associate Justice Will Garwood for re-election to the Texas Supreme Court, Garwood's campaign office said Monday. The editorial said that in statewide balloting Garwood received 82 percent of support of Texas attorneys.

Rental Housing To Get High Chamber Priority

Snyder Chamber of Commerce directors Tuesday afternoon unanimously approved a proposal to put rental housing high on their priority list for 1981.

Bill Warner, chamber manager, told the board that rental housing is in greatest demand now, based on inquiries received at the chamber office and reports from real estate firms. Warner said he had been in contact with chamber and city officials in several other area cities and had compiled some information on various methods of financing construction of apartment projects. He distributed materials to members of the board on his findings.

The chamber manager said that inquiries about rental housing are received daily by telephone, by mail and by personal visits to the chamber office. Most are associated with oil-related firms, he said. "Many of these people are going to neighboring towns when we cannot provide them with places to live," said Warner. "This means that Snyder is losing potential population, retail sales and taxes."

A substantial resurgence up of mortgage interest rates has slowed interest among potential builders at a time when facilities are needed most here, the

chamber board was told. Also during its session Tuesday afternoon, the chamber board approved a report from its nominating committee. The names of Ernie Armstrong, Morris Light, Brian

Boswell and David Hines were approved to go on the ballot in the chamber's election this fall. The organization's membership will fill four places on the board of

See Chamber, Page 11

No Suspect Yet In Bus Shooting

DALLAS (AP) — Investigators are filtering through dozens of interviews today, trying to determine who pumped at least one high-powered shot into a crowded city bus Tuesday morning, striking an 8-year-old girl in the head and wounding two other commuters.

"We don't have any good, solid suspects," Youth Lt. John Reed said after investigators talked with at least 40 witnesses to the early morning sniping.

However, he downplayed reports that the sniping was related to a two-week-old walkout against the city's only mass transit system.

"I couldn't say that in a hundred years," Reed said. "We haven't talked to everybody, yet. We haven't

got enough to say anything just yet. There's not really anything outstanding."

But one official said privately that the strike was still the focus of the investigation. "I can't lay it off on anything but that," the high-ranking official told The Dallas Morning News.

Elisa Williams of Dallas was in critical condition today at Children's Medical Center with a gunshot wound to the back of the head. Two of the other 64 passengers were wounded either by flying glass or bullet fragments.

Lots Are Sold By School District

Snyder School Trustees last night accepted bids for several lots the school district had acquired in delinquent tax suits and approved four personnel appointments in their regular meeting.

A bid of \$705 for three lots in Chambers Addition by James E. and T. Griggs was accepted, along with a bid for six more lots in the same addition for \$1,010 by W. H. Godwin. Several other lots in Chambers addition and one in Wilmeth Addition remain to be sold. No bids were received on the Wilmeth Addition offering, and the only other bid received was for all of the Chambers Addition lots at \$1,506.50.

New personnel contracts formally approved include Dixie Briggs, fourth grade teacher at Northeast Elementary School; Scherlene Brown, fourth grade teacher at Central Elementary School; Jacquelyn Sealy, kindergarten teacher at West Elementary School, and

Brenda Smith, science teacher at the junior-high school. The board also gave its approval to the proposed 1981 budget for the Scurry County Appraisal District, and authorized the assistant superintendent-business to seek liability insurance covering non-school use of school facilities by out-of-school groups and individuals. A proclamation was approved designating Nov. 10-15 as Industrial Arts Education Week. This is a special week observed nationally to focus attention on industrial arts education. The board agreed to hold a special session at noon Oct. 22 to consider bids for the purchase of a portable classroom for use at Northeast Elementary School. Ted Crenwele, president of the board, presided over the meeting. Other board members attending were Bill Eiland, Mike Reed, Lillie Sullivan, G. A. Parks Jr. and Bill Seale.

The SDN Column

This is National Newspaper Week, a time set aside for the press to pause and remind the populace of its importance. The chief function of the newspaper, of course, is to provide its constituency with information. Contrary to what many people may think, members of the working press have no more right to the news they gather and publish than any other citizen. They merely make a full-time job of gathering the information, assembling it for publication and delivering it to the subscribers of the newspaper. As purveyors of information, newspaper people are subject to criticism, heckling and just plain second-guessing. One complaint that eventually reaches the ears of every newspaper employee is "you didn't tell the whole story," or "you didn't tell it like it was" in such and such story.

- 1. John Coyle, local grocer, is doing a poor business for a good reason. His prices are high, his store is dirty and his clerks are insolent. How can he expect much?
- 2. The Rev. Bob Jones preached Sunday night on "Charity." He'll need all the charity he can get from his congregation because his sermon was so poor.
- 3. David Conley died at his home here Tuesday night. His doctor called it heart failure, but those who knew him said whiskey killed him.
- 4. Married-Miss Sylvia Rhodes and James T. Colvin, last Sunday at the Baptist parsonage by Rev. Gordon. The bride is a very ordinary town girl who doesn't know any more about cooking than a jackrabbit and never helped her mother three days in her whole life. She is not a beauty by any means, and she has a gait like a duck. The groom is an up-to-date loafer. He has been living off "the old man" at home all of his life, and is not worth having. A dim future for the couple is predicted.
- 5. Died—aged 56 years, six months and 13 days. Deceased was a mild-mannered pirate who came here in the night with another man's wife and joined the church at the first chance. He owed us several dollars for his paper, was indebted to almost everyone in town, but you could hear him praying six blocks away. He died singing "Jesus Paid It All" and we think he is right because he never paid anything himself. He was buried in an asbestos casket and his friends threw palm leaf fans in his grave because he'll probably need them.

Altrurian Meeting Features China

The Altrurian Daughters met Oct. 8 for a program by Ruth Shirley of Sonora on her travels in China. Irene Smith served as chairman of the program while Billie Bumpus and Gussie Gray acted as hostesses. Mrs. Shirley told the group that China had only recently been opened to tourists and that she would not want to travel there except in a tour group. Her group spent three weeks in China with the help of guides and interpreters. She said that her group had been advised not to take jewelry into the country and to take few clothes since the laundry facilities were excellent. The group was required to register every item that they took into China, including money, and they had to account for each of these items as they left the country. They were also required to write a statement about how they spent their money—a procedure to prevent their giving gifts or rewards, thus upsetting the equality of all people under the communistic regime. The China tourist discussed the places she stayed and the food she ate. She told the group that the Chinese did not eat beef. Rice was served with every meal. Mrs. Shirley said that she enjoyed Peking the most and that she stayed in the same guest house as former President Richard Nixon. While in Peking, she visited the Great Wall, the ballet and the opera. Her presentation included a discussion of the Chinese people themselves. She pointed out that the country was very crowded, that housing was limited and salaries were small. She added that most of the people dressed very similar. The guest speaker also visited the schools in China and discussed some of the differences between American schools and theirs. The tour group shopped in "Friendship" stores designed specifically for tourists. Items offered in these stores were not available to the general public, Mrs. Shirley added. She discussed the religion and the government in China, and noted recent improvements in the people's living conditions by the government. Mrs. Shirley's only negative comment was the fact that China was messy and cluttered. She said that there were many parks but that they were littered. The special feature of Mrs. Shirley's presentation was her snapshots and items she had bought in China.

COMMUNITY CALENDAR

- WEDNESDAY**
Sparkle City Squares, National Guard Armory, workshop at 8 p.m.; dance lessons at 8:30 p.m.
- THURSDAY**
Hope for Tomorrow Weight Control Class, community room of Snyder National Bank, 6:30 p.m.; enrollment at 6 p.m.
Weight Watchers of West Texas, basement of First Presbyterian Church, 6:30 p.m. New members welcome and should register at 6 p.m.
Women's Tennis Association, Snyder Country Club, 9:30 a.m.
Eastern Star stated meeting, Masonic Hall, 7:30 p.m.
Cogdell Memorial Hospital Auxiliary, conference room, 10 a.m.
Snyder Coin Club, community room of West Texas State Bank, 7:30 p.m.
Honey Do's Extension Homemakers Club meeting, coliseum annex, 9:30 a.m.
- FRIDAY**
Duplicate Bridge Club, Snyder Country Club, 1:30 p.m.
"Turkey Supper," high school cafeteria, before the game, 5 p.m.-7:30 p.m.; proceeds go to scholarship fund.
Beta Sigma Phi western dance, National Guard Armory, 9 p.m.-1 a.m.
- SATURDAY**
People Without Partners, 41 at Inadate Community Center, 6:30 p.m.
Twentieth Century Club, district workshop, in Albany.
Promenaders Square Dance Club, First Anniversary Dance, National Guard Armory, 8 p.m.-11 p.m.
- SUNDAY**
Scurry County Museum will be open at 1-5 p.m.; WTC campus.

Promenaders To Host Dance

The Promenaders Square Dance Club will host their first anniversary dance at the National Guard Armory from 8 p.m.-11 p.m. Saturday. The grand march begins at 8 p.m. The dance will feature Don Fletcher from Dallas, and Burt Whitaker, club caller, from Big Spring. The event will have door prizes, refreshments and an after party with Whitaker at 11:30 p.m. Tickets are \$2.50 per person. The government of Italy gave final approval to divorce in 1970.

Margaret's Shows Fashions To Atheneum Club Members

Atheneum Study Club had their meeting at Margaret's Inc. Monday night. In addition to club members, the meeting was attended by guests Dolly Hollis and Betty Percival. Margaret Drum, store owner, presented models Valerie Drum, Carolyn Green, Mozelle Parks and Janice Cox in a variety of fashions.

Suits, skirts and pants in wool and velvet were shown, as well as imported loungewear items. A question and answer session followed the show. Club members were told to buy items that mix and match with the present wardrobe. Also, reversible all weather coats and capes are practical as well as pretty.

New accessory items included lace collars to be worn with sweaters or blouses and dickeres with matching fabric belts. In the business meeting which followed the fashion show, Rosie Floyd was appointed Woman's Club representative. Plans were made for a club garage sale at the Towle Park Barn Oct. 18. Refreshments were served by the hostess, Mrs. L. C. Harber.

Wet leaves on the road can often be as slippery as ice. Drivers should follow the same precautions as they would when driving on ice — try to avoid jamming on the brakes, which could throw the car into a skid.

their unlucky expert opponent who always managed to get the worst out of his good cards. The play was short and snappy. Holmes led his ace of diamonds and continued with the queen. Dummy's five was overruled by Watson's six. Back came the three, which South won. South cashed his ace of spades, led and ruffed his last diamond. He hoped that East would not hold the last trump, but East overruled for the third defensive trick. Then East led a club. The queen finesse worked for South, but he had to lose his club four spot. South complained about bad luck, but his loss was due to bad play. All he had to do was to refuse to ruff any diamonds in dummy. West would start with three tricks, but now there would be no way for the defense to score a fourth. South would discard two losing clubs from dummy on West's second and third diamond tricks. (NEWSPAPER ENTERPRISE ASSN.)

Union Busting Charge Levied

AUSTIN, Texas (AP) — The Texas State Employees Union says a state agency is using taxpayers' money to teach administrators how to stop unionization attempts.

The Employees Union said Tuesday the Texas Department of Human Resources had hired the Management Center of the Southwest, Inc., to conduct 12 one-day sessions for \$800 a day, plus expenses.

"The express purpose of these sessions is union-busting," said Mary Kieke, union organizer.

She said an outline for the sessions includes such topics as "Why should administrators oppose unions?" and "What to do to make unions unnecessary."

"At a time when DHR is in turmoil over staff cutbacks, it is irresponsible for the department to spend taxpayers money to fight its own employees," she said. "It appears that DHR is more concerned with preserving its own bureaucracy than with serving its employees or clients' needs."

D.W. Bond, personnel director for DHR, said, "The sessions are not for union-busting as the union would like to have everybody believe."

He said they had been requested by DHR's regional administrators, who claimed they to employees were "asking questions they did not know how to answer. They wanted to know what to do."

Bond said Frank Parker, former business manager for operating engineers at Big Spring and former vice president in the Texas AFL-CIO, had conducted 10 sessions as part of his consulting business.

Bond said two more sessions are tentatively scheduled in November for personnel in the state office in Austin.

"There are a lot of untapped dues among state employees," said Bond, "and the union is trying to get their share of them."

Damages Awarded To Fired Teacher

HOUSTON (AP) — A federal court jury has awarded \$71,000 in back pay and damages to a former La Grange home economics teacher fired in 1976 after giving Ann Landers' quiz on sex and dating to her class.

Jurors determined that Melanie Peck's freedom of speech and civil rights were violated. Ms. Peck said she was fired by the La Grange Independent School District after a "concerned parent" complained.

The board claimed the syndicated columnist's purity test was too explicit and improper for high school students.

However, attorney Mark Waterman noted Tuesday that the questionnaire appeared in a Houston newspaper received at the La Grange High School library.

"We thought when we removed your desk, Jenkins, that you might get the idea."

Amarillo Keeps Chief Of Police

AMARILLO, Texas (AP) — The police chief who narrowly missed being ousted by the city commissioners in this Panhandle town says he is "deeply grateful" and "humble."

Commissioners voted 3-2 Tuesday to retain Police Chief Lee Spradlin, 45, after a seven-hour meeting instigated by a local newspaper's allegations that his department bungled two murder cases.

Spradlin attended the closed-door meeting.

"When I came here this morning, I thought the chief

must go. However, visiting with him today, he has convinced me he will take care of the problems," Commissioner Houston Deford said.

The dissenting votes were cast by Mayor Jerry Hodge and Commissioner Jerry Ammerman.

The commissioners stipulated that the police department would be carefully monitored for improvement for 90 days.

Bill Quackenbush, a former FBI and CIA agent hired in June to aid officers in building legal cases, will report to commissioners.

Firemen Douse Blaze In Auto

Snyder firefighters were dispatched to Bob O'Day's 4502 El Paso St. home this morning to extinguish a car fire.

The fire occurred in a 1976 Chevrolet. Firefighters reported the back seat in the auto was burned.

The call was received at 7:30 a.m.

Tanks were first used in modern warfare during the World War I battle of Fleurs-Courcelette in 1916. This was the last successful attack of the British Somme campaign.

Believe Two Scientists...

Dinosaurs May Still Walk Earth

By WARREN E. LEARY
AP Science Writer
WASHINGTON (AP) — Persistent reports of strange creatures in remote, swampy jungles of western Africa lead two scientists to believe that dinosaurs still may walk the earth.

Both historical reports from Westerners and firsthand accounts from natives indicate dinosaur-like creatures

may exist today in a virtually unexplored part of the People's Republic of the

Hurt In Fall At AM Plant

Sustaining head injuries in a fall at American Magnesium this morning, Danny Tovar was transferred to a Lubbock hospital by Palmer EMS. He was injured about 9:30 a.m. and taken first to Cogdell Memorial Hospital.

Hermleigh Group To Meet Thursday

The Hermleigh Community Organization will meet Thursday at 7:30 p.m. in the community center. There will be a civil defense program. A covered dish supper will be served.

Ted Bigham

Congo, the researchers said Tuesday.

Dr. Roy Mackal, a research associate at the University of Chicago, said he believes the animals may be elephant-sized dinosaurs.

"Our conclusion at this time is that the reports refer to real animals, but they may be rare or even extinct by now," Mackal said in a telephone interview.

Mackal and James Powell, a crocodile expert who lives in Plainview, Texas, were in Africa earlier this year and had 30 interviews with natives who had firsthand accounts of the creatures, they said.

In an article in Science 80 magazine, published by the American Association for the Advancement of Science, the researchers say natives call the creature "Mokele-Membe."

The men say they will try to return to the area in August and head for a lake where one of the creatures was reportedly killed 20 years ago.

There they hope to find physical evidence necessary

to convince more skeptical scientists that the creatures exist, or at least were around until recently.

There are precedents, for creatures long thought extinct

to turn up. In 1939, off the coast of Africa, fishermen caught a prehistoric fish called a coelacanth that was believed to have died out millions of years ago.

Politics Discussed At NAACP Meeting

The local chapter of the NAACP met for a short business meeting last night followed by a round table political discussion.

Ricardo Corrales emphasized the importance of participation by all minority

Jury Selected For DWI Case

A four-woman, two-man jury was selected yesterday to try the county court case of Benito Gauna Ortegón, 811 32nd St., charged with driving while intoxicated.

Serving on the jury are Barbara Jones, Donald Chandler, Mrs. George Stewart, Diah Greer, Lella Kay Roemisch, and Mrs. R.H. Stewart.

groups and individuals at all levels of government.

Mrs. Vernest Tippens reported on her trip to the Texas Democratic Convention in Houston in September.

The group discussed the responsibility of the NAACP to get its people to the polls on Nov. 4. The group agreed it was its responsibility to help with transportation, baby-sitting, etc. on election day.

New purchases of life insurance in 1979 totaled \$489 billion, a record high. They increased the total life insurance coverage of Americans with U.S. legal reserve life companies to \$3,222 billion, according to the American Council of Life Insurance.

BANDSMEN—The RSVP Kitchen Band, which is observing its seventh year of organization, performed in the Senior Center Tuesday. Pictured are, front row from left, Dean Cochran, Mildred Lewis, Laura Holliday, Esther Weaver, Blanche Arnold, Lizzie Webb and Olin Johnson; second row, June and Andy Deen, Rosa Kennedy, Lida Rhoades, George Montandon, Virginia Whitson and Frances Swanson, a former band member; back row, Owen Miller, Edna Harris, M. W. Pilcher, Opal Evans, Ora Ussery, Mae Brush, Marsha Krenek, RSVP director, and Swede Swanson.

RSVP Kitchen Band Begins Seventh Year

The Kitchen Band of the Retired Senior Volunteer Program is beginning its seventh year and looking forward to another season of performing for audiences of all ages.

The band was featured in the pre-luncheon program at the Senior Center on Tuesday, and Marsha Krenek, RSVP director, used the occasion to extend special recognition to present and past members.

She presented corsages to Mildred Lewis, the band's director, Virginia Whitson, the accompanist, M. W. Pilcher and George Montandon, who also serve as directors of the group, and to Dean Cochran, whose off-beat antics may add an element of surprise to any performance.

The RSVP Kitchen Band made its debut at the group's

Christmas party in 1974 when Betsy Duncan was RSVP director. Jane Womack served as accompanist for the band at that time. The band has always had 15 to 20 members, enough to make a lively sound and small enough to perform in almost any location.

The band has appeared at senior center in Stanton and Big Spring as well as the local center, and has performed at nursing homes here and in Roscoe. They have performed for many local service clubs, and are asked to play each year in Snyder elementary schools. When they played at the Snyder Child Day Care Center last year, the children and their adult supervisors sat on the floor as near the band as they could get and giggled with glee when bird warbles from special whistles came out strong in "Listen to the Mockingbird."

Tumbleweed Smith brought the band state-wide fame when he taped a performance at the Scurry County Fair one year. Smith's programs were carried on the Texas State Network and are heard locally on KSNV.

Band members now range in age from 60 to 91 years. Many of their instruments are straight from the kitchen, while others have been modified and some are more along conventional lines.

RSVP is an organization for men and women 60 years of age and older who enjoy doing volunteer work for the community. While the band may not be considered work, it has brought pleasure to many listeners and provides group activity for the members.

RSVP is sponsored by Western Texas College.

"The Kitchen Band is the ambassador of lively fun for RSVP," Mrs. Krenek said.

Information about Kitchen Band performances may be obtained by calling Mrs. Krenek's office in the Senior Center at 573-0144.

HEALTH

Lawrence E. Lamb, M.D.

Help your doctor help you

By Lawrence Lamb, M.D.

DEAR DR. LAMB — Six months ago my husband came down with five symptoms of being a diabetic. He weighed 236 and the doctor asked him to lose weight so he wouldn't have to put him on pills or shots. I kept him on a strict diet and he lost to 187. Well, he's gained back to 190 and won't stay on a diet and won't return to the doctor.

He piles on the sweets and fried foods and fusses when I try to exchange foods and measures. At one time he had an ulcer and now he lives on soda, belches a lot and does lots of vomiting by sticking his fingers down his throat. During a 24-hour period he takes between two and eight doses of soda. I'm so afraid it could be a heart attack instead of indigestion.

He also drinks lots of coffee and is a chain smoker.

I told the doctor about his gaining weight and eating sweets. She told him she would have to put him on shots and he won't even go back to her now. His kidneys act all the time and his legs and feet stay cold. Sometimes he can't feel his feet.

He tests his urine which shows negative but I feel he needs blood tests every so often but he listens to no one and seems to be digging his own grave. He's only 58 years old. What do you think?

DEAR READER — I think your letter is an excellent example of how impossible it is for a doctor to do anything for a patient who doesn't want to do anything for himself. Modern medicine can often do almost miraculous things for people but it takes two to get up at night because he urinates a lot because of his diabetes, he is a reasonably advanced case.

He certainly does need blood glucose tests to determine his status. He certainly does need to get as thin as he can and stay that way. If things are progressing in the manner your letter suggests, this won't be a problem for him too long because he will start losing so much sugar

through his kidneys that he will not be able to maintain his weight. That's a little late in the game.

Diabetics are more inclined to have heart disease than non-diabetics so you have reason to be concerned about whether he has indigestion or heart disease. I'm sending you The Health Letter number 3-11, Diabetes: Diagnosis, Prevention and Management. It will give you a lot more information about how diabetes produces symptoms and what your husband should be doing. Others who want this issue can send 75 cents with a long, stamped, self-addressed envelope for it to me, in care of this newspaper, P.O. Box 1551, Radio City Station, New York, NY 10019.

As long as a person's diabetes is mild enough to be controlled without medicines, weight control is the most important aspect of a diet. For a person who requires insulin, the meals have to be regulated in a very strict manner to maintain proper balance for insulin and blood glucose.

Your husband's weight, diabetes and being a chain smoker all indicate that he has a very high risk of having serious problems. Complications, such as a heart attack, can occur suddenly and in an unpredictable manner. The results, as you know, can be fatal. If your husband wants to improve his health, he must cooperate to the fullest extent with his doctor.

"Well, I'll say this: his noise is better than the noise your other friend makes!"

No Oil Tax Hike Seen In 1981 Legislature

AUSTIN, Texas (AP) — Gov. Bill Clements says Texas' top state officials have agreed not to seek an increase in gasoline or oil production taxes during the 1981 legislative session.

Increases had been considered to ease the financial pressure on the Legislature for major spending items such as teacher pay raises and higher welfare costs.

Clements said Tuesday after "extensive discussions" with Lt. Gov. Bill Hobby, Speaker Bill Clayton and House and Senate leaders, "it has been decided that it would not be appropriate to increase either of these taxes."

In July the governor raised the possibility of increasing oil production taxes by about \$2.6 billion a year and blaming it on Congress for enacting the Windfall Profits Tax.

He said in a letter to Attorney General Mark White the federal tax would "invade the sovereign power of the state by 'coercing Texas' to increase its own oil tax from 4.6 percent to 15 percent of market value.

The Windfall Profits Tax allows oilmen to deduct up to 15 percent for state taxes before computing what they owe the federal government.

"By not raising the rate in Texas to 15, the state would deprive its citizens of tax dollars which would otherwise go to the federal government for distribution to the other states," he told White.

Clements said in a statement Tuesday the federal tax would siphon off \$13 billion a year in Texas for the next 10 years, but he added:

"All options were explored to find a method by which these funds could be kept in

Large Sales Reported Of Detroit's Little Cars

By GUY DARST Associated Press Writer

DETROIT (AP) — A big reception for Detroit's new compacts helped boost early October car sales and put a rosy glow on the troubled U.S. auto industry. Analysts are watching to see if the first blush lasts.

The five major U.S. companies reported Tuesday they sold 223,402 cars in the first 10 days of October, up 12 percent from the 200,141 sold in the corresponding period last year.

It was the first time since

Jan. 21-31 that car sales exceeded those in the year-ago period for the five automakers. And for the Big 3 automakers alone, it was the first year-to-year rise during a 10-day selling period in 33 months.

The comparison was

distorted by differing introduction dates — since sales generally bulge when new models are introduced.

Last year, almost all new cars were introduced in the second 10-day reporting period in October. This year, Ford Motor Co. and Chrysler Corp. held early-October introductions and General Motors Corp. and American Motors Corp. had late-September unveilings. Only Volkswagen of America has yet to introduce new models.

The annual selling rate was estimated to be the same as it was in September. The five companies expect to sell 6.6 million cars this year. Imports, now around 27 percent of the U.S. market, report sales at month-end.

Chrysler showed a 21 percent increase from 23,017 cars to 27,860, the best improvement of any company. Chrysler said Monday the 10,217 "K-car" compacts it sold in the period was the best first-period showing of any model in the company's history.

General Motors enjoyed a 15

percent increase from 111,399 cars to 127,573. Ford had an increase of 8.6 percent from 56,172 to 61,029, including 11,020 of its new front-wheel drive subcompact Escort-Lynx line.

AMC, which provides figures only at month-end, sold an estimated 4,200 cars. Volkswagen had a 40 percent decline from 4,553 cars to 2,740.

The K-car and Escort-Lynx figures included an unstated number of cars sold on orders written before the introduction dates.

"The proof of the strength of these new models is that our dealers delivered close to half of their available cars (on the first day), all equipped with manual transmission," said Bennett E. Bidwell, vice president in charge of the car and truck group for Ford.

The first balloon ascent in the Western Hemisphere was made by French showman Jean Pierre Blaghard at Philadelphia in 1793.

DR. JAY COLLIE FISH

Surgeon Honored

Jay Collie Fish, M.D., professor of general surgery, has been honored as holder of the Granville T. Hall Chair in General Surgery by Dean of Medicine George T. Bryan, M.D., at The University of Texas Medical Branch.

Dr. Fish is the son of Mrs. J. Collie Fish and the late J. Collie Fish of Snyder.

He is a member of the transplantation team involved in renal disease research at UTMB. For the past 15 years he has been involved in the international effort to comprehend immune responses and suppress them in organ transplantation.

"Therefore, I am opposed to increasing the gasoline tax," Clements said.

Tigers Smack 'Stangs; Try Denver City Next

SWEETWATER—Snyder took another step in its quest towards a District 2-AAAA volleyball championship here last evening, defeating Sweetwater, 15-5 and 15-7.

Tiger junior varsity and freshman teams also won. The trio will travel to Denver City for Thursday night games beginning at 5 o'clock.

The victory was the third in district round-two action for the Tigers, now 23-0 for the season. Snyder had earlier won round-one, assuring Coach Joyce Elrod's charges of a berth in any district playoffs, if necessary.

"It was a pretty good offensive game for us," noted Coach Elrod. "Everybody on the team hit well."

Serving for points were Shana Koonsman and Shauna Pate, 6 points each, Kelly Dryden 5, Lisa Cobb 4, and Sherry Mayes, Ann Melton and Sherri Rich, 3 each. Also seeing action were Toni Elrod and Kerstin Selmon. Kathy Northcott - sidelined with a minor injury - is the only Tiger that did not play.

Snyder junior varsity downed the Mustangs in similar fashion, 15-6 and 15-8, pushing its record to 15-3 for the season. Sabrina Robinson served up 11 points, while Lisa Loyola had 8, Susie Lee and Lisa Waller 5 each, and Becky Pylant 1. Becky Harrell also played.

Earlier in the evening, Snyder freshman dumped the hosts 15-6 and 15-5. Susan

Brim led in serving for 10 points, followed by Robin Huntsman with 7, Cari Walker with 6, Wendy Hodges with 5 and Mona Green with 2. Also playing were Tracy Fortune, Lisa McNew, Melinda Guiterrez, Shalaha Blair, Anna Arezmezendi and Susan Hamlett.

The freshman record is 6-2.

Snyder plays the visitors' role again Thursday, traveling to Denver City for games at 5 (freshman), 6 (JV) and 7.

Softball Playoffs

Tex-Mex and CA White take the field beginning at 8 p.m. Thursday for a best-of-three playoff series to determine the Fall League Slowpitch Softball Championship here.

The two teams played off a first-half tie last night, with CA White winning 11-6.

Thursday's possible triple-header will be held at Winston Park.

Final standings for the second half of the Fall League are as follows: 1. Tex-Mex, 8-0; 2. CA White, 7-1; 3. Weaver, 5-2; 4. Midwestern, 3-4; Penny Lane, 3-4; 6. Mac Shack, 2-5; 7. Hands Off, 1-6, Walton, 1-6.

Win Pleases Akers, But Not Turnovers

AUSTIN (AP) — A Longhorn Club member who was delighted with Texas' victory over Oklahoma introduced Coach Fred Akers on Tuesday as the greatest coach in the nation but one who was too modest to accept such a title.

Club members gave Akers a standing ovation, and he responded, smiling, "What's he mean I wouldn't like it. Nobody's that modest."

Texas raised its record to 5-0 with a 20-13 victory over the Sooners at the Cotton Bowl in Dallas on Saturday.

"I wish in some way I could share the real excitement ...

that is part of everything about that game," Akers said. He told of players from both teams lining up on the same ramp "elbow-to-elbow" leading to the field, "and when you burst on to that field, I tell you, your heart is flying — it's a great feeling."

Akers said the game "didn't turn out exactly the way we felt it could have with the opportunities our defense gave us."

Oklahoma had eight turnovers - four fumbles and four pass interceptions - but Texas had six.

"I'll take a win over

Injuries Plague Westerners; Cramping Team Scrimmages

A rash of injuries and illnesses have wrecked Coach Larry Dunaway's workout plans the last few weeks, but he's hoping the problems will pass soon so his Westerners can get on with business as usual.

Injuries have forced the team to cancel all of its recently scheduled intra-squad scrimmages, including last week's workout with Odessa. Yesterday, five team members were unable to work out.

"It's been that way for the last week," noted Dunaway, in his first year as Westerner

coach. "We're trying to use some P.E. kids right now to help us work out. As soon as we get one guy over the flu, another comes up with an injury."

Most of the injuries are minor sprained ankles and sore knees, but at least one athlete will miss several weeks. Troy Stevenson, guard, strained ligaments in

an ankle last week and will be out at least another week, reported the coach.

"It's really unfortunate for Troy. He was playing real well. This will set him back a couple of three weeks. It will take a while for it to heal, then a while longer before he can go full speed," relayed Dunaway.

The season opens in two weeks, which compounds the problem for the team.

"Two weeks is not much time when you are trying to get people healthy. There are still some things we haven't put in (offensive and defensive plays or techniques) yet. Normally, we would have done that the past two weeks, then had these next two weeks to polish everything," Dunaway explained. "Now

we're having to wait until we get people healthy to put the things in.

"Everything that could happen has happened. It's crazy. As long as I've been coaching I've never had anything like this happen. Hopefully we'll get it out of our system. Then maybe when the season starts some of these things that have been happening to us will happen to the other teams," he joked.

"We just have to pick up the pieces and keep moving forward. Hopefully we'll get through this soon and get going."

The Westerners are hoping to schedule a scrimmage with McMurry College in the near future. The first game of the season is slated for Nov. 3 against Cisco Junior College here.

Cats Meet Steers, Home And Away

Snyder's underclassmen pick up football action again this week, meeting Big Spring here and on the road.

In the only local tilts on tap Thursday, Snyder seventh graders entertain Big Spring in two games at Travis Field, beginning at 5:30 p.m.

At Big Spring, local freshman and eighth graders will play. Snyder frosh take on

the Steers at 5:30 Thursday in a game to be held at Memorial Stadium. The eighth grade will play the hosts in two games, beginning at 5:30, at the old high school field, near Big Spring High School.

Snyder concludes the week of football, not with Big Spring, but with Pecos, as the Eagles become the Tiger varsity's homecoming guests 8 p.m. Friday.

sports in brief

TENNIS

CANTON, China (AP) — Jimmy Connors topped Rick Fisher 6-1, 6-0 in the second day of the \$50,000 Canton Tennis Classic. In other action, Jim Delaney beat Alejandro Cortes of Colombia, 4-6, 7-6, 6-2; Patrick Proisy of France, defeated Richard Lewis of Britain, 7-6, 6-2; and Patrice Dominguez of France, downed Rolf Reininger of Austria, 7-5, 6-1.

DEERFIELD BEACH, Fla. (AP) — Chris Evert Lloyd eliminated Renee Richards 6-4, 6-0 in the opening round of a \$100,000 tournament.

In other matches, Andrea Jaeger defeated Jeanne DuVal 6-1, 6-1; Pam Shriver scored a 6-1, 6-1 victory over Diane Morris; Kim Sands outlasted Candy Renolds 6-4, 3-6, 6-2; and Sue Barker scored a 6-2, 6-3 victory over Kathy Rinaldi.

BOWLING

ROCHESTER, N.Y. (AP) — Mark Roth converted a key split in the eighth frame to beat Ed Ressler 217-210 to win a PBA tournament and a \$7,000 first prize.

Oklahoma anyway I can get it, just as I'm sure they would," said Akers.

"It was a great, great step for our defense," said Akers, "but our offense wasn't up to normal, wasn't up to our average."

Texas' Donnie Little broke clear on quarterback draws four times in the fourth quarter — leading to a field goal and keeping the ball away from Oklahoma — and one spectator shouted, "That was like stealing on that last drive."

"Well, not exactly," said Akers, "but it sure was nice."

The Longhorns have a weekend off before playing Southern Methodist on Oct. 25, and Akers said, "The open date came at a great time. We need to heal a little bit."

The American frigate Old Ironsides was launched in 1797.

"BECAUSE WE CARE"

Casper Rejoins Throwing Partner At Oilers Camp

HOUSTON (AP) — Quarterback Ken Stabler and All-Pro tight end Dave Casper, one of the National Football League's most respected passing combinations, have reunited to bolster the Houston Oilers aerial attack.

The Oilers acquired Casper from the Oakland Raiders just before the NFL trading deadline Tuesday in exchange for future draft choices.

"We are thrilled to be able to get a player of Dave's ability," said Oilers Coach O.A. "Bum" Phillips, who plans to unveil a new offense utilizing Casper in Sunday's game with Tampa Bay.

"Casper is a quality, clutch receiver that should fit in with what we want to do here," Phillips said.

The Raiders presumably will receive at least one first-round draft choice in the deal, although officials for both clubs refused to disclose any details.

Casper, 29, fills a spot on the lineup vacated by linebacker Thomas Henderson, who was placed on the injured reserve list after suffering a pulled hamstring muscle in Sunday's game against Kansas City.

Raymond Chester, an 11-year veteran, moves into the starting tight end job, Raiders Coach Tom Flores said.

Chester was the team's starting tight end at the beginning of last season, when Casper reported to training camp late because of a contract dispute.

The Raiders also have a promising young tight end, three-year pro Derrick Ramsey, on their roster, Flores said.

Casper, a 6-foot-4, 230-pounder considered one of the NFL's best blocking tight ends, admitted the trade was a surprise.

"I'm really not sure what to say right now, other than it puts me a little bit closer to Willie Nelson," he said. "I really enjoy some of those entertainers that live in that part of the country. It also seems that they have some guy down there playing quarterback that I've heard of before."

In his seventh pro season, Casper has been an All-Pro the last four years, catching at least 48 passes in each of those seasons.

He was selected by the Raiders in the second round of the 1974 NFL draft and became a starter in 1976, the Raiders' Super Bowl championship season.

His most productive season as a receiver was 1978, when he caught 62 passes for 852 yards and nine touchdowns. In the first six games of this season, he caught a team-leading 22 passes for 270 yards and one touchdown.

Casper expressed no specific feelings about being reunited with Stabler, who played 10 years with the Raiders.

"It makes the same difference to me as it does to him. He's got to throw the ball to somebody and I've got to catch it from somebody," he said.

Stabler was traded to the Oilers last winter for quarterback Dan Pastorini, who broke his leg two weeks ago and will miss the rest of the NFL season.

Oilers officials hope Casper's addition will help Stabler, who has thrown more than a dozen interceptions this season, strengthen the club's passing game.

McBride Belts Key Home Run As...

Phillies Win First Series Game

PHILADELPHIA (AP) — Tug McGraw...Bob Walk...Bob Boone...Bake McBride. They were a slightly improbable cast of characters performing their heroics in a slightly improbable way, but they gave the Philadelphia Phillies their first victory in a World Series in 65 years.

It was a weary McGraw and a rookie pitcher named Walk, of all things, who pitched the Phillies to a 7-6 victory over the Kansas City Royals in the first game of the 1980 World Series Tuesday night.

And it was the bats of Boone and McBride that spoke so loudly for a team which has not won a World Series game since 1915. McBride slugged a three-run homer, and Boone drove in two runs with a pair of doubles.

The rookie Walk, who will be 24 next month and only a year ago was pumping gas in California, handed the ball to McGraw with two runs in and none out in the eighth. McGraw's job was to protect a one-run lead.

The 36-year-old veteran of three World Series allowed

just one hit, a meaningless single in the eighth by Amos Otis, who had homered earlier, and struck out the last two batters of the game, U.L. Washington and Willie Wilson. "Certainly I was tired," he said, "but there's always room to reach back for a little extra."

After walking Darrell Porter on a 3-2 pitch to lead off the second inning, Otis came to bat. Otis had hit only 251 this season, but he worked the

count to 2-1, then teed off on a Walk fastball that sailed over the left-center field fence for a 2-0 lead.

Kansas City struck again in the third when Hal McRae singled with one out, and one out later, Willie Aikens hit the first of his two homers. The Royals led 4-0.

Walk then walked Porter for the second time in two innings, and Otis beat out an infield hit.

With Royals at first and

second, Clint Hurdle lashed a single to left, but Phils left fielder Lonnie Smith threw out Porter easily at the plate. Porter came in standing, and Walk was out of the inning.

"I don't like to say this with him in the room, but Bob came within one out of joining me on the bench right then," Green said later.

Walk retired the next nine batters in the row, giving Boone and McBride their shot at Royals starter Dennis

Leonard, a 20-game winner.

Leonard, a hard-throwing right-hander, had set the Phils down in order in the first and second innings. He got Manny Trillo to ground out to lead off the third before the dam burst.

Larry Bowa singled to left, and Boone ripped a run-scoring double down the left-field line. Smith, the Phils' leadoff hitter, singled to left, but it wasn't enough to score Boone, who had hurt his foot in a home-plate collision Sunday in the final game of the playoffs.

Then, fate seemed to take a hand. Smith slipped rounding first, and third baseman George Brett, the cutoff man, had him trapped. He looked once toward Boone at third, then again.

"Brett looked at me just as I committed myself to go to the plate," Boone said. "I thought for a second he had me, but I guess he had just started to throw."

Boone scored, and Smith

was out in the rundown.

Leonard then hit Pete Rose with a pitch and walked Schmidt on a 3-1 pitch, bringing up McBride, who had hit only nine home runs all season. Leonard threw him a strike, then a ball, and McBride sent the third pitch high over the fence in right-center.

It wasn't until the eighth inning that the Royals once again got to Walk, who had begun to turn the ball over to try to get some action on it.

Brett led off with a double, slapped to the gap in left-center, and Aikens followed with his second homer, bringing on McGraw.

Boone hit another RBI double in the fourth inning, and Garry Maddox added what turned out to be the winning run with a sacrifice fly in the fifth.

The rest is history. Steve Carlton will face left-hander Larry Gura in the second game here tonight (7:30 p.m. Snyder time).

Spurs Are Digging In; Out-Defense KC Kings

SAN ANTONIO (AP) — San Antonio, the NBA's highest-scoring team since it joined the league four years ago, never has been known for its defense — until now coach Stan Albeck came along.

But this season is different as the Spurs, known in the past for their fourth quarter

collapse against physical teams, battled the boards to preserve a 109-103 triumph over the tenacious Kansas City Kings.

"It was a war zone," complained dejected Kings center Sam Lacey. "The Spurs put some bodies on people tonight."

San Antonio, riding the fire power of George Gervin and James Silas, took command of the contest early with the two guards combining for 27 points in the first period.

San Antonio built the lead to as high as 17 points midway through the third period and were not seriously threatened until Otis Birdsong led a fourth-quarter Kansas City surge that cut a once 17-point Spurs lead to 95-93 with three minutes left.

But the Kings were able to get no closer and burly Mark Olberding iced the game with 16 seconds left by bounding into the lane to rebound his own missed shot and slam dunk it for the final margin.

The Spurs outrebounded the Kings 41-37 and rejected 11 Kansas City shots in the battle for the boards.

Gervin racked up a game-high 39 points while Silas contributed 27 and guarded Phil Ford, who had a 16-point average, to only 4 Tuesday

night. Olberding was the only other Spur in double figures with 14 points. San Antonio's starting guards won the scoring contest against their counterparts, 66-31.

Birdsong paced the Kings with 33 points, while Scott Wedman scored 17, Reggie King hit 14 and Hawkeye Whitney contributed 11.

The result of the game, matching two teams expected to battle for the championship of the newly aligned Midwest Division, upped San Antonio to a 2-1 record and dropped Kansas City, the defending champion, to 1-2.

Australian Tournament

SYDNEY, Australia (AP) — John McEnroe eliminated Sandy Mayer 6-3, 6-3 at the \$150,000 Custom Credit Australian Indoor championships.

In other matches, Tim Gullickson beat Australian Kim Warwick 2-6, 6-3, 6-4; Phil Dent of Australia, edged Tom Gorman 6-3, 4-6, 6-4; Austria's Peter Feigl surprised Wojtek Fibak of Poland, 1-6, 6-4, 7-6; Australian Rod Frawley

downed Vince Van Patten 6-1, 6-2, and South African Johan Kriek overcame Australian John Alexander 6-2, 7-5.

Cougars Lose Another QB

HOUSTON (AP) — There have been seasons when Houston Coach Bill Yeoman was knee deep in experienced quarterbacks and never needed them.

But this season, when he needs someone who has taken his snaps in the heat of a pressure game, Yeoman will go into Saturday's Southwest Conference game against Southern Methodist with a freshman starter for the first time in the school's history.

Sophomore Brent Chinn, who replaced injured starter Terry Elston earlier in this

season, suffered a deep thigh bruise UH's 17-13 victory over Texas A&M and will be out two to three weeks.

That leaves Yeoman with Carthage freshman Audrey McMillian to face the Mustangs and if McMillian should get hurt, another freshman, Lionel Wilson of Houston Jones, will be waiting to take McMillian's place.

Who would there be behind Wilson, Yeoman was asked? "The alumni," Yeoman deadpanned. "Oh, we have a walkon, but that's about all he can do, walk on."

Chinn had led the Cougars to a 17-7 fourth quarter lead against the Aggies, running 13 yards for one touchdown and setting up a field goal for three more points before his leg struck a headgear.

"This is not a situation I asked for," Yeoman said. "But McMillian will take care of the running game real well. The only thing you worry about with a young quarterback is the passing game, whether or not he'll pick up the cuts or finding the opening."

Yeoman praised the Cougar defensive unit for its performance against the Aggies. It was UH's first game with Hosea Taylor shifted from defensive tackle to nose guard and Yeoman liked the possibilities.

complex. The amateurs also play a best-ball competition, including their handicaps, and the pro-am scoring is based on the best ball of the five players.

George Burns and Ben Crenshaw are the defending champions and can expect major competition from the teams of Jerry Pate and Andy Bean, Hubert Green and Fuzzy Zoeller, Larry Nelson and Arnold Palmer, Tom Kite and John Mahaffey, and Peter Jacobsen and D.A. Weibring.

Tour Concludes This Week With Walt Disney Tourney

LAKE BUENA VISTA, Fla. (AP) — The 10-month PGA Tour schedule ends this week in a relaxed, casual atmosphere with the biggest field of the season and the most complicated format.

The official name of the season-ending event is the Walt Disney World National Team Championship Pro-Am. It offers a total of \$390,000 in prize money to 252 pros competing over three courses and on two levels.

The principal competition is in the 4-day, 72-hole team championship beginning Thursday in which 126 teams of two pros each play a better-

ball competition, with scoring on each hole determined by the better score of either pro. The bulk of the prize money, \$350,000, is up for grabs in that area of competition. The money is unofficial, however, and does not count on the official money winning list.

The format has been expanded this season to include a 3-day pro-am competition, with a total purse of \$40,000.

Each of the 2-man pro teams will play with a different 3-man team of amateurs the first three days of competition, each day on a different course at this vast, sprawling amusement
