THE OTHER FELLOW

When there is anything to be done, especially in benefit to the public, there is always somebody ready to show just how it ought to be done and is primed to kick loud and vociferously if it is not done just exactly as that somebody thinks. When it comes time for that somebody to do his part of the work he is fully prepared to pass the buck on to the other fellow. He sits back and suggests that this and that should be done and gets sore because it isn't. Instead of pulling off his coat and doing it himself or helping in the work he stands back and raves about the way it is being done by the other fellow.

A LITTLE CITY

Every day in every way Floydada is becoming a little city. We are beginning to feel the need of street nameplates at the street intersections and the houses numbered. A stranger wants to know where Bill lives and we say, "Over on the next street in a yellow house, east of Hiram's." That doesn't give the desired information. It would be fine if we could say, "406 West Virginia," and that would locate your party.

Attractive and substantial street nameplates would not only render a service but would add to the general appearance of the city.

The astounding revelations contained in the allegations of witnesses in the ouster suit against the sheriff of Titus County are going to wake the people of Texas up to a more careful scrutiny of the conduct of their sheriffs when the latter begin to make alibis instead of catching bootleggers who infest their regions. Whether or not the sheriff of Titus County is guilty of misconduct as alleged, we will leave for the court and the jury to say. But we do believe there is a cog loose somewhere in the counties of Texas when the peace officers profess to be helpless to stop bootlegging and illicit manufacture of liquor. Doubtless, it is impossible to stop these practices entirely. As long as there is money to be made by foul practices somebody will be there to try it. But it is an insult to the intelligence of the people of the state to say that the prohibition laws cannot be enforced better than some Texas sheriffs are enforcing them. Is it possible that there are sheriffs in Texas under oath and bond to enforce the laws who are taking money from illicit distillers and from other crooks and criminals?

The people of Floydada who can't see the idea of aiding in the financing of the new sanitarium here, properly equipped and in position to take care of the hospital needs of our tremendously large territory, are simply wrong. Admitting that the plan of selling notes of their clients, a few hundred dollars here and a few hundred there, is a little unusual it must be admitted that the new hospital, as it nears completion, is giving an addition to Floydada to which residents can "point with pride." We are not satisfied as yet with the amount of financing done. We should like to see an X-ray room in the hospital thoroughly equipped. It will take some more money to finance this. Don't worry about the doctors making too much money out of the sanitarium. That isn't being done these days. If you want to see a well equipped sanitarium in Floydada, fireproof and with necessary equipment, exercise a little more "bad judgment," buy a good note bearing ten per cent interest.

The boys of the Floydada Volunteer Fire Department have been giving this city and its residents a service in time of need that cannot be estimated in dollars and cents. They are always on the job ready for service at every call. They have been doing good work, perhaps you have noticed that. But have you heard of anyone handing them any bouquets? They don't get so much as a plugged nickel for their faithful services and the people as a rule don't break any traces tell-

ing the boys how much they think of their work. They risk their lives to save your property and you let it go at that. W. P. Daily, owner and manager of the Commercial Hotel, has the honor of being the first to display any appreciation whatsoever in a social way toward the work being done by the fire boys. He gave them a free lunch at his hotel last Monday. This is the right spirit. If anyone is doing a public service and its a thankee job, let's at least do our part of the thanking.

That the F. F. F. Highway is practically impassible in some of its lower reaches, notably from Graham eastward toward Mineral Wells is the news motorists are bringing into Floydada. A notable falling off in tourist traffic directly from Fort Worth and eastward points over this route has been noticeable since the season opened this year. Tourists are cutting through from Vernon to come this way. They rarely try to take the F. F. F. until they reach Crowell. Which is food for thought. Although a good highway is one of the best feeders for summer business the cafe, garage, barber shop and grocery store has, the highway must be one which is maintained throughout its reaches if it obtains and holds the business. Floydada interests, under present conditions, must work with Vernon people and hope to get their tourist traffic off the Colorado-to-Gulf.

The Highway Amendment Election which was to have been held on July 28th was formally called off by a proclamation from Acting Governor Davidson Monday. The fact that the publication of the notice of amendment was not made soon enough to comply with the constitutional requirements is given as the reason. Although the amendment should be a part of our organic law, giving Texas a start on a network of good state-maintained highways, it is as well that the amendment was not voted upon. It would have failed of carrying. The amendment cannot be submitted again until the next regular session of the legislature which means it will be 1925 before a vote can be gotten.

President Harding in a speech last week before he "jumped off" for Alaska, declared that every American should know the national anthem, "The Star Spangled Banner" and should be able to sing it as well. The national anthem is one of the most stirring airs. It has wonderful words. But the people are not going to learn to sing it because they can't. Fully 90 per cent of the people in the United States do not have sufficient vocal range to sing The Star Spangled Banner and so they do not attempt it. President Harding himself is an exception if he can carry the tune through its three or four verses. This isn't an argument. It's a statement of fact.

During the Fourth of July in Floydada, with a crowd of several thousand people in town, there was little drunkenness and no brawls, a condition resulting from a lot of hard work on the part of the sheriff's department the past four or six years and an intelligent support of their peace officers by the people of Floyd County. Even a big celebration does not pull the bootleggers to Floydada, while they are said to swarm in other localities in Texas. Viewing the situation here, we become impatient with the sheriffs of Texas who are putting out alibis instead of putting in bootleggers.

S. W. Adams, editor of the Texas Commercial News, complains that neither the Texas Editorial Association nor the Texas Press Association are willing to devote time to the discussion of problems confronting right and wholesome journalism. Therefore Mr. Adams proposes to organize the Association of Texas Journalists. We heartily approve of Mr. Adams' proposition, and suggest that the new association incorporate in its by-laws that seven-eighths of its time be given over to Mr. Adams to air his views on any and all subjects.—Quannah Tribune-Chief.

The value of an adequate water supply with good fire-fighting equipment was never better shown than on Sunday morning when the fire started in the City Barber Shop. Water was pouring on the flames in the building within one minute after the alarm was sounded and the fire was extinguished with a loss which will not exceed two thousand dollars. It would have been mighty easy for the fire to do \$250,000 damage had it gotten out of control.

There is always something about a town that should be attended to and in a number of cases it is no particular person's duty to perform that something. If you see that you can

be of service to your little city, buckle down and help out. It is your town and anything you do for the benefit of it will be of some good to you. Remember, the other fellow is human and is doing all he can, so help the world turn over by doing your share of the "should be."

The Ku Klux Klanners' Imperial Wizards, Kligraphs and Kleagles have been "banishing" each other from the "realm" so fast the past few weeks that the members probably do not know who their Emperor really is. Fortunately Floyd County people are not mixed up in the mess although we have some nearby neighbors who get their orders from Atlanta, Dallas or wherever it is the Imperial Klonecium is now located.

There are getting to be so many laws and amendments to laws in the United States that even the learned men of the law cannot keep up with them. An instance of this kind is found by a New York lawyer who declares that the Supreme Court back in 1855 held the kind of an Income Tax law we now have as unconstitutional.

The Electra News last week had an unusual feature. It was a special section in which all the advertising was done by one firm. Perkins-Timberlake Mercantile Company a large retail merchandising firm of that section used this novel idea in introducing their new quarters to Electra people.

Back the enterprises of your town. A dandy little laundry closed down last week at Hereford. The plant is being moved to another city. Does that scare you? Is every worthy enterprise in Floydada getting the kind of support from you that it should have?

FEW OF US SAVE ANYTHING

The other day a financial writer gave some startling facts about saving. Only 10 persons out of 100 in the United States after reaching the age of 65 are self-supporting. The total absence of any systematic saving is the reason.

He offered some startling figures, ascertainable by anyone, about the results of compounded interest on small, systematic savings over a long period of years.

As an example capable of the emulation of many, he cited the fact that an investment of \$250 every half year, at 6 per cent interest, reaches a total of \$18,000 at the end of 20 years. The important thing for the saver to remember is to invest his money, not speculate with it. Investment was defined as placing one's money in productive channels.—Childress Post.

What's Wanted is the title of a book, put out by the British Institute of Patentees, that lists the inventions that the world really needs. The list includes: Glass that will bend; a smooth road surface that will not be slippery in wet weather; a furnace that will conserve ninety-five per cent of its heat; a process to make flannel unshrinkable; a noiseless aeroplane, and an aeroplane that can be managed safely and easily by a boy or girl; a motor engine of one-pound weight per horse power; methods to reduce friction; practical way of utilizing the tides; a process to extract phosphorus from vulcanized India rubber, so that it can be boiled up and used again; a pipe that can be cleaned easily and effectively; a temperance drink that will peek and yet not pall on the palate.

Weeds make hay fever. We are in favor of lining up all hay fever patients, arming them with a good strong barrell stove each, and passing down the line all of those who do not cut the weeds on their property. Sometimes civilization is at its highest point of efficiency when it reverts to the ways of the cave-man.—Randall County News.

SHOWERS FALL

"Cotton showers" over Floyd County the first of the week helped to cool the atmosphere and where the shower streaks came benefitted the cotton and feed materially.

Sunday evening a little cloud formed over Floydada, .35 inches of rain falling. The strip ran northward rain falling at Lockney and Plainview.

ORDER AND NOTICE OF STOCK LAW ELECTION

The State of Texas, County of Floyd. On this the 15th day of June, A. D. 1923, came on to be considered by the County Judge of Floyd County, Texas, the petition of W. E. Rawlings and seventy-two other freeholders of said County of Floyd, State of Texas, for an order of election to be held throughout the entire County of Floyd, State of Texas, for the purpose of enabling the freeholders of said

County to determine whether or not hogs, goats, and sheep shall be permitted to run at large in said County. And it appearing to the undersigned judge of said County that the aforesaid petition was filed with the Commissioners' Court of said County on the 9th day of June, 1923, and that said Court thereafter, on the 13th day of June, 1923, heard, considered, and granted said petition, and ordered that said election be held on the 28th day of July, A. D. 1923, and that said Court ordered that the County Judge of said County issue an order therefor and cause notice thereof to be given as provided by law;

Now, therefore, by virtue of the authority in me vested by such order and the laws of the State of Texas, I, E. C. Nelson, Jr., County Judge of Floyd County, Texas, do hereby order that on Saturday, the 28th day of July, A. D. 1923, at the usual voting boxes in said County, an election shall be held for the purpose of enabling the freeholders of said County to determine whether or not hogs, goats, and sheep shall be permitted to run at large in said County.

The polls for said election shall be opened at the usual voting places in said County used for the purpose of holding general elections in said County. No person shall vote at said election unless he be a freeholder and also a qualified voter under the constitution and laws of this State. All votes at said election shall be cast by ballot, and voters desiring to prevent the animals designated herein from running at large in said County shall have written or printed on their ballots the words: FOR THE STOCK LAW; and those desiring to permit the animals designated herein to run at large in said County shall have written or printed on their ballots the words: AGAINST THE STOCK LAW. On or before the tenth day after said election, the persons holding said election shall make due return of all the votes cast at their respective voting places for and against said proposition to the County Judge of said County, who will count and tabulate said returns and ascertain and pro-

claim the result of said election in the manner prescribed by law. Public notice of said election shall be given by publication of this order for at least thirty days before the date of said election in some newspaper published in said Floyd County. Witness my hand this 15th day of June, A. D. 1923. E. C. NELSON, Jr., County Judge, Floyd County, Texas. 16-5tc.

Floyd Mercantile Company

AUTOMOBILES TELE TO FLOYDADA FOR 35 MINUTES

With the morning of July 13 he decided all of the people of the South Plains were enroute for the big picnic. He left for Plainview on urgent business. He did not pass through of Lockney enroute. The automobiles heading toward he said he passed a 23 cars in the hour and minutes from 9:15 to 10:50. Ready to believe the state there were 10,000 people on that day.

OF W. S. AND LOU BOOTHE DIES AT ARLINGTON

Boothe and his sister, Miss Lou, left Sunday for Arlington, upon receipt of a message that their brother had dropped his home there Sunday morning. They will be gone several days. Boothe, the deceased, was the member of the Boothe family was employed as a traveling salesman with the Brown Candy Com-

pany. Services were held Monday at Arlington cemetery.

DRACE WAGON BOSS FOR MATADOR RANCH NOW

Drace, former resident of this county, is again in this county, having recently been employed as a range boss for the Matador & Cattle Company on their range in Motley County.

He moved from this county to later going to the border in southwest Texas. He has with the Matadors several

and Mrs. Dell Hatch, of Big Spring, and Mrs. Robert Hatch, of McLennan County, were the guests of Justice and Mrs. J. C. Gaither the week of July 4th, and attended the American Legion celebration. He was the best-appointed and the most enjoyable they ever had.

They left on the morning of July 13 for Big Spring, accompanied by Gaither, who will spend two or three months at Big Spring and possibly visit Waco before returning home.

Mrs. I. W. Hicks had as her guests last week her parents, Mr. and Mrs. A. Foard, and daughters, Isora and Lila, of Abilene; her sister, Mrs. J. Ashford, of Dallas, and her little nephew, Hicksford Mansell, of Desmona. They all returned home Monday with the exception of Miss Lila Foard who will remain for an extended visit.

Mrs. S. W. Hill and Mrs. Gene White, of Russellville, Kentucky, have been the guests the past week of their sister, Mrs. R. C. Covington of this county. Mrs. M. W. Beasley and Miss Lila Covington, nieces of Mrs. R. C. Covington, have also been visiting here with their aunt.

F. A. Weigel and A. M. Kreis, of Knoxville, Tennessee, spent the past week here looking after their land and wheat interests. Mr. Kreis returned home Saturday and Mr. Weigel remained for a few days. They were the guests of Judge A. B. Duncan, who is their local representative.

Professor Victor Tumlinson, superintendent of the schools at Harlingen, Texas, and Mrs. Hiram Rhodes have been visiting here with their parents, Mr. and Mrs. P. C. Tumlinson. Prof. Tumlinson returned home Sunday.

Mrs. W. A. Gound and children left Thursday of last week for Anaheim, California, where they will join Mr. Gound and make their home. They were accompanied by Ted Glover.

Mrs. R. M. Todd and daughter, Hazel, of Fort Worth, came in Saturday of last week for a visit here with Mr. and Mrs. J. E. Stephens. Mrs. Todd and Mrs. Stephens are sisters.

Mr. and Mrs. W. M. Young and son of Spur visited here last week with Judge A. B. Duncan and J. J. Day and other relatives.

Miss Pauline Simmons of Canyon came in Monday for an extended visit with Miss Ethel Houghton.

P. G. STEGALL ATTENDING POLICE CONVENTION AT GALVESTON

P. G. Stegall, city marshal, is in Galveston this week attending the annual Police and City Marshal's Convention which began there Tuesday and will close today.

He will return home the latter part of this week.

LOCAL TECH COMMITTEE MEETS MONDAY MORNING

The local Tech locating committee met Monday morning in the office room of the First National Bank building on special business. Plans were made for the reception of the state Tech Locating Board who will be in this city August 2.

An auto caravan of some ten or fifteen cars will meet the members of the board, state officials and newspaper reporters who are accompanying them, at spur and will arrive here Thursday, August 2 at 9 a. m.

A very informal reception will be given them here. Practically all of the time will be taken in looking over the proposed site offered and discussing various details that will be of influence with the locating board. The local committee is very anxious that Floydada take advantage of the four and a half hours which the board will spend here and do everything possible to make a favorable and lasting impression on them.

The Plainview delegation will be here at 1:30 on the afternoon of August 2, and will carry the locating board to their city.

R. C. Frazier and son, of Comanche, Texas, and daughter, Mrs. Duke Turner, of Hillsboro, were the guests here last Friday of Mr. and Mrs. W. D. Smith.

Bailey Green left Tuesday morning on a business trip to Amarillo.

JAMES W. STRINGER, JR., DEAD AT WICHITA FALLS

James W. Stringer, Jr., of Wichita Falls, died Saturday afternoon at the Stringer home there as a result of injuries Wednesday night of last week when a car he was driving went off a 15-foot bridge. He sustained internal injuries.

He visited in Floydada with W. R. Dooley and family two years ago and had a number of friends and acquaintances here.

Mrs. S. D. Greer, of this city, a cousin, was notified of the death but could not attend the funeral.

WOODY DRUG COMPANY CAR WON SECOND PRIZE

It was the car of the Woody Drug Company, decorated by Mrs. Baird Bishop, which won the second prize in the patriotic parade on July 4th forenoon, and not the car of C. H. Davis, Jeweler, the committee has announced.

Mr. Davis was awarded the ribbon for second place in the decorated cars class, when the prize should have gone to Woody Drug Company. It was a case of mistaken identity, the committee said, the Woody car also carrying a banner for the Davis Jeweler.

MILT GOOD GIVEN 26-YEAR TERM BY JURY

The jury in the case of Milt Good at Lubbock the latter part of last week gave the defendant a 26-year verdict in District Court.

NOTICE OF APPLICATION FOR PROBATE OF WILL

The State of Texas,
To the Sheriff or any Constable of Floyd County—Greeting:

You are hereby Comanded to cause the following notice to be published in a newspaper of general cir-

ulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Floyd, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

Notice of Application for Probate of Will, and Letters Testamentary.

The State of Texas:

To all Persons interested in the Estate of Mrs. Elvira Mullins, deceased, E. B. Mullins has filed in the County Court of Floyd County, an application for the Probate of the Last Will and Testament of the said Mrs. Elvira Mullins, deceased which application will be heard at the next term of said Court, commencing the Third Monday in July, A. D. 1923, at the Court house thereof, in the City of Floydada, Texas, at which time all persons interested in said Estate may appear and contest said application should they desire to do so.

Herein fail not, but have you then and there before said Court this writ, with your return thereon endorsed, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Floydada, Texas, this 22nd day of June, A. D. 1923.

(Seal) LOLA WALLING,
Clerk County Court, Floyd County,
Texas. 17-3tc

Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs."

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the drug trade as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity,—purified and refined from those objectional qualities which have heretofore limited its use.

In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One calotab at bedtime with a swallow of water,—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger.

Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs.—Adv.) 17-5tp.

STOP THAT ITCHING

Use Blue Star Remedy for Eczema, Itch, Tetter or Cracked Hands, Ring Worms, Chapped Face, Poison Oak, Sunburns, Old Sores or Sores on Children. It relieves all forms of Sore Feet. For sale by

TER ORDERS NEW FOOT BALL EQUIPMENT

Wester, head coach of the Whirlwind football team, champions in '22, is going to the field this year one of the best and snappiest looking school football teams in the state of Texas. He placed an order with a representative of Phillips Hardware and Goods Company of Dallas, with the Floydada Drug Company, for eighteen complete suits. A complete suit will be on display August 15.

This is the first year in the history of football in Floydada that the team has been furnished an entire outfit of charge. Last year the boys were given their sweaters, but this year thanks to the business management of J. C. Wester, they are to have their uniforms, with the exception of shoes. This feature of equipment will not only encourage the boys to try to make the team but will give them the proudest bunch of staid young athletes you ever had luck to see.

The uniform will consist of heavy knitted jerseys with elbow pads sewed on and white felt letters on the back; knickerbockers, heavily padded trousers of the best quality duck; shoulder pads; knee caps, half green and half white and leggings of white leather. The best way to get a good look at that team "to wait and see for yourself."

Coach Wester is planning to take his whirlwinds on an outing some time this summer. He will likely take them to the Silver Falls Lake, Dripping Springs or some suitable place where they can have some stiff workouts, learn the fundamental ethics of football, go through drill practice and toughen up in general for the hard schedule they will have to face this fall in their battles for another district championship.

Coach Wester is confident of making an even better record this year than he did during the last season.

Mr. and Mrs. Harlan Deets returned Wednesday to their home in Olney, Texas. They were accompanied home by Miss Lone Wallace who has been here visiting her sister, Mrs. Elmer Wood for the past six weeks.

Mrs. E. E. Brown is convalescing in a sanitarium at Lubbock following a major operation undergone there Monday afternoon. Mr. Brown, who accompanied her to Lubbock, returned home Tuesday afternoon.

Mr. and Mrs. Clarence Tall of Nevada, Mo., were in Floydada Saturday in company with Mr. and Mrs. Geo. W. Smith of Mt. Blanco, with whom the Talls were visiting for a short time. Former residents of this county, Mr. and Mrs. Tall were enroute home from Kerrville, Texas, where they wintered.

Homer Altman, of Aspermont, is visiting his uncle, L. B. Fawver and family, and other relatives here during the harvest season.

Mr. and Mrs. O. B. Rawlings left the first of the week returning to their home in Trinchere, Colorado, after a visit of several days with his parents, Mr. and Mrs. W. E. Rawlings.

Mr. and Mrs. D. M. Willson left

Wednesday morning for Long Beach, Cal., to spend a short time, planning to return for the late summer to Colorado Springs, Colorado.

Edgar Jones, of the firm of Jones & Howard, the latter part of last week went to Crosbyton to take charge of the market the firm has purchased.

Tom Widener and family, of Tarrant County, were here from Friday to this mid-week on a visit with his brother, D. H. Widener and family who reside near Lakeview.

MORNING PARTY HONORS VISITOR FROM CROSBYTON

Mrs. John Ed Johnson was hostess Tuesday morning at 9:30 to a number of friends at an eighty-four party, honoring Mrs. J. A. Parks, of Crosbyton, who is Mrs. Johnson's guest for the week.

The game was played at three tables. Mrs. W. C. Grigsby was high score winner and the guest prize went to Mrs. Parks.

Ice cream and angel food cake were served.

Mrs. Fred Yates, of Healdton, Oklahoma, was an out-of-town guest at the party.

R. C. HENRY, JR., HOST ON FIFTH BIRTHDAY

Mrs. R. C. Henry entertained twenty-two of the little friends of her son, R. C. Henry, Jr., at their home on West California Street Tuesday afternoon from five to seven, celebrating the occasion of the young man's fifth birthday.

Games on the lawn, refreshments, neverthing, were furnished to make the afternoon party an enjoyable affair for the kiddies.

MAN

Take my advice and have your next suit made to your own measure.

It doesn't cost you a penny more and you are sure of something that fits well and looks well.

There's a lot of satisfaction too in saying "this suit was made for me."

First Door West of City Cafe

Mr. and Mrs. W. M. Slinker, of Valley View, Texas, are here on a visit with their daughter, Mrs. M. H. Martin, having arrived last Friday.

Mr. and Mrs. S. A. Neil and two little sons, of Hillsboro, are here on a visit with Mr. Neil's brother, C. E. Neil, and family of this city. They will also visit in Plainview and Amarillo before returning home.

ORDINANCE NO. 65

Be it ordained by the City Council of the City of Floydada, Texas, in regular session July 10th, 1923, that:

Article 1: From and after this date all owners of vacant lots will be required to keep such lots clean of weeds and rubbish of all kinds. If the owners of such lots fail to comply with the provisions of this or-

inance the City will have the work done, charging the expenses to the said property owners and the amount to be added to the annual tax.

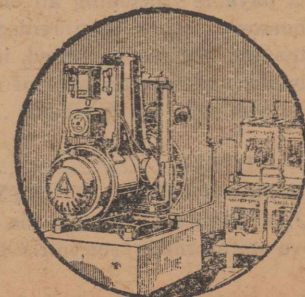

Article 2. All persons having vacant lots or parcels of ground are hereby required to keep same free of weeds, cans, rubbish and decaying matter of any kind, and immediately cleanse said lots of such things when notified by the health officer so to do.

Anyone violating this Article shall be fined not less than \$5.00 and not more than \$100.00 and each day's failure to comply with such notice shall constitute a separate offense.

For good cause shown to the Council therefore, it is ordered that this ordinance take effect and be in force from and after its passage.

Passed and approved July 11, 1923.
19-3tc F. P. HENRY, Mayor
Attest: Burl Bedford, Secretary.

HESPERIAN WANT ADS—QUICK RESULTS

RAPID PROGRESS IN BUILDING LEE HIGHWAY

Great activity is manifested all along the line in the completion of Lee Highway, with work progressing and contracts being let in every state and the marking of the road, which has been carried across Virginia and California, now under way in Tennessee, and other states.

At the dedication of the Zero Milestone in Washington June 4, Lee Highway Association was accorded federal recognition never before given an organization of a similar character. An ex-president, six cabinet officers, state governors and high officials of the national road organizations and the Shriners were in attendance. The ceremony drew the largest assembly ever held near the White House and an amplifier repeated the addresses so that every word could be heard by some 200,000 people, it being the opening of the great Shrine convention.

In his address accepting the Zero Milestone, President Harding said, "There is not in existence at present a single road from coast to coast which can be used unimpeded throughout the entire year. So, in the spirit of patriotic ambition for a national highway unification, Lee Highway Association has planned to connect Washington, Baltimore, Philadelphia and New York, with a boulevard from the Lincoln temple to the Lee mansion by way of the Arlington memorial bridge; thence by way of Manassas battlefields, into the heart of the South, and thence to the Pacific."

Although Lee Highway Association has been functioning only three years, it has succeeded in opening and putting in commission a practical motorway across the continent, which is today in all probability nearer completion than any other road.

When construction now under way or soon to begin is finished, 90 per cent of the entire mileage across the continent will be safe, smooth surfaced road; 53 per cent being hard-surfaced, 30 per cent light surfaced (gravel, rock, a little sand-clay) and 7 per cent graded road of gritty substance across the table land of West Texas always in superb condition and as safe and comfortable as a concrete road. The remaining 10 per cent consists of odds and ends of little improved road, these gaps being found in each of the states.

EARLY PREPARATION FOR WHEAT

Aggressive farmers—those planning for a maximum wheat crop next year—are now turning their attention to the all important question of early preparation of their fields. Officials of the Southwestern Wheat Improvement Association, which organization gives its entire efforts to aid in producing a better quality of wheat, have declared that early and proper preparation for the next crop is the greatest single factor contributing to a successful and profitable yield. Experiment stations and actual practice have clearly proven that land prepared in July for wheat will produce from two to seven bushels more per acre than that on which work is delayed until September.

This is due largely to the fact that early plowing destroys weeds which if allowed to propagate consume the available plant food and moisture. In addition such plowing affords time for the land to settle. It is pointed out that wheat demands a firm seed bed and for that reason it is always wise and profitable to use some sort of a packer immediately after the plow. A disc harrow, with the blades set straight, has proven effective in lieu of a regular packer. Loose soil, especially that which is the result of late preparation, can be depended on invariably to produce a poor wheat crop.

Successful wheat growers find that if time does not permit of early plowing or listing that disking immediately after the binder or header destroys the weeds, saves moisture and renders the soil easy to plow at a convenient time later. July disking, followed by late August or early September plowing or listing, can be followed out with successful results.

Early listing for wheat is especially desirable in sections where the rainfall is limited, and frequently produces better yields than other methods. With listing, a substantial amount of moisture is saved because the ground can be covered rapidly. Experience has shown that best results are obtained by relisting and leveling early so sufficient time will be allowed for the soil to settle before sowing.

In the final analysis, the statement is emphasized that if the ground has been well prepared for the preceding crop, by early plowing or following, the soil should be in sufficiently good condition to "stubble-in" another wheat crop with no additional work.

Miss Thelma Thornton of Matador visited with Miss Ethel Houghton, last midweek.

BLANCO NEWS

Blanco, July 3.—A rain on the gardens and row crops would be fine now but those who are harvesting their wheat would rather have a few more days of sunshine.

J. R. Brewer of Electra spent a few days here on business the past week. His son, Fred, is still here hauling off rent wheat.

Mrs. Fred Locke has gone to St. Mary's, West Va., to be with her husband there. Mr. Locke is at the bedside of his father who is very low with cancer of the stomach.

Rev. J. L. Henson and daughter, Margaret, of Floydada visited at the Will Snell home last Wednesday afternoon.

A. G. Smith and family of McCoy visited at the home of Ham Smith Sunday.

Lucian Wheeler and sister, Nell Jones, are in Cochran County to see after ranch matters.

Roy Conway of Floydada is spending a few days with John Key West.

Mrs. Lucian Wheeler has been employed to teach the Blanco school next term. She comes very highly recommended and we feel sure that we will have a good school.

Miss Daltis Rea and father of Floydada visited at the home of Will Snell and family Sunday afternoon.

Wylie Burns, who has his discharge from the navy, after serving for three years, reached home Sunday afternoon and is enjoying being with his parents, Mr. and Mrs. S. C. Burns. He also received a diploma in music while in the service.

Hugh Alexander who has been here during the harvest season returned Monday to his home in Shreveport.

Mr. and Mrs. Ed Wimberly and daughter, of Hagerman, N. Mexico, visited Mrs. Fannie Montague and other relatives in Floydada last week.

Mr. and Mrs. J. C. Eppler, of San Antonio, have been here the past few days on a visit with his brother-in-law, J. A. Blackwell and family.

REV. W. H. MARLER ACCEPTS CALL OF CHRISTIAN CHURCH HERE

Rev. W. H. Marler, of Florence, North Carolina, has been called to the pastorate of the First Christian Church of this city. Rev. Marler has accepted and will take the pulpit sometime early in August. He left Tuesday morning for his wife who is visiting her sister at Norfolk, Virginia.

They will depart for Floydada after they have completed their business arrangements in their former home.

KENTUCKY VISITORS HONOR GUESTS AT LAWN PARTY

Miss Gladys Covington was hostess at a very delightful lawn party at her home Friday evening of last week honoring her cousins, Mrs. M. W. Beasley and Miss Delia Covington, of Russellville, Kentucky, who have been her guests for the past week.

Games of all kinds furnished the principal diversion for the evening. Refreshments of sandwiches and punch were served the guests.

CAUDLE-HAMILTON

Elmer Caudle and Miss Theresa Hamilton, both of this city, were quietly married in Lockney Saturday evening at 7 o'clock. The ceremony was performed in the parlor of the parsonage of the First Baptist church, Reverend Y. F. Walker officiating.

The bride is a daughter of Mr. and Mrs. Warren Hamilton, of Lockney. She has been a member of the North Side School faculty for the past two years, is well known and has a number of friends here.

The groom is a son of Mr. and Mrs. T. A. Caudle of this city. He has resided here a number of years, is an earnest church and Sunday School worker and stands high in the estimation of his many friends.

Immediately following the ceremony, the young couple left for Plainview where they spent a short honeymoon trip. They returned Sunday afternoon to Floydada to make their home.

ternoon to Floydada to make their home.

LITERACY IN FLOYD COUNTY AND THE PLAINS

The federal census 1920 reveals some prominent facts regarding the literacy of Floyd County and the plains country.

The population of Floyd County is shown to be 9,758, with only 43 unable to read and write. The per cent is only two-fifths of one per cent. There are a few small counties that have a slightly smaller per cent. The scholastic population of Floyd County 1921-2 was 2,952 and the enrollment in the schools was 3,756, or more than 127 per cent.

Floydada last year had a scholastic enrollment of 665, including transfers. The Floydada Public Schools enrolled 795, or 119 per cent. There were only twenty-four pupils who received high school diplomas and only four

hundred twenty pupils in the entire school were promoted. Promotions should increase.

The average salaries paid teachers compares favorably with other counties. In some Panhandle counties salaries are more and in some less than in Floyd County.

There are two outstanding features in the schools of Floyd County and other counties in this section. One is the small per cent of illiteracy and the other the large per cent of enrollment. The people who reside in this section of the state should feel proud of their race, their schools and of their opportunities.

J. N. JOHNSTON

Mr. and Mrs. W. A. Baker and Mrs. S. W. Ross left Wednesday morning for Post, where they are attending the semi-annual meeting of the Bryant stores.

BETTER THAN COUE

A ten-months-old baby girl Louisiana weighs 50 pounds, is 18 inches high and has 16 teeth. Advice to all those desirous of equalling her record is: "Drink a smoke all you like. Take plenty fresh air. And don't worry."—L

Oldfield Cord Tires are race tested—holding all of the track records made in the past three years.

Oldfield Cord Tires are road tested—in the Wichita, Kansas, Economy Road Test, in the winter of 1922, the official record showed a set of Oldfield Cords had traveled 34,525 miles before the first tire gave way. And this is only one of many instances of unusual highway performance.

Oldfield Cords are built by one of the largest tire manufacturers, who must maintain the established reputation of these remarkable cords.

Here are the biggest tire and tube values ever offered by anyone. Come in today. Buy your tires now before our stock is exhausted. Purchase from a regular tire dealer, located near you. We stand behind these tires and are ready at all times to give you prompt service.

PARAGRAPHS OF NEWS OF LOCKNEY

the Beacon: The largest part of Lockney's population attended the Legion celebration and barbecue in Floydada Tuesday and Wednesday one or both days. The celebration was a great success the attendance was very large from all parts of the Plains and below caprock. Seven or eight thousand people attended on the Fourth, and town was packed with visitors. In many cases all harvest machinery available is being used in the fields of this section, in order to get the grain threshed and into barns as soon as possible.

This week A. B. Brown and Cleve Ghee have been keeping three combine threshers busy in their wheat fields northeast of town, using two combine and one of the McCork-Deering type.

W. H. White & sons, we understand, are in their fields of 1700 acres, 3 tractors, a stationary thresher and a combine thresher.

Many other farmers are doing likewise and are getting their wheat to town, and in granaries by the hundreds of bushels.

Upon the completion of the first year of his four-year contract, C. C. Wells, U. S. Mail carrier from Lockney to Estelline, states that during the past fiscal year ending July 1st, he has not failed to make the trip even one day, and that during the time he has never had a substitute.

Word coming to city officials this week is to the effect that the bonds in the amount of \$15,000, which were recently voted for paving and otherwise improving streets in Lockney, have been approved by the attorney general's department.

Mrs. C. R. Wilkinson and daughters Ineta and Nettie Mae, and Mrs. Alford and little grandson, John Alford, Jr., left Tuesday for Willowbrook, California, where they expect to spend several weeks visiting with Mr. and Mrs. John Alford.

Knox Rawlings, who has been employed in the Santa Fe shops at Slaton for the past few months, spent from Friday to Sunday at home here with his parents, Mr. and Mrs. W. E. Rawlings.

Col. W. H. Seale is at home after spending several weeks in Lubbock on business. Mr. Seale is one of the most successful auctioneers in northwest Texas and his services have been largely in demand.

Mr. and Mrs. Harlan Deets of Olney, are visiting here with Mr. and Mrs. H. D. Bloodworth. Mr. Deets is a brother of Mrs. Bloodworth. He is here looking after his wheat interests.

Mrs. Matilda Manning, of Yoakum, Texas, has been here the past few days on a visit with her brother, A. H. Manning. She will visit for several days before returning home.

Miss Anna Maud Garrison, former resident of this city, now of Abilene, came in Thursday of last week for an extended visit here with her aunt, Mrs. J. A. Blackwell.

Mrs. Fred Yates and baby, of Healdton, Oklahoma, are here on an extended visit with her sister, Mrs. M. L. Kizzlar. She arrived the first of last week.

Miss Mary Porter of Plainview visited here last midweek with her sister, Mrs. C. M. Martin. She returned the latter part of the week.

Maurice Leach of Childress, who has been here visiting for the past week with Ira Marshall, returned home last midweek.

Miss Mollie Crum left Monday for Lubbock where she will spend a week on business.

B. P. Woody and M. B. Cavanaugh spent the first of the week in Girard.

N. W. TEXAS METHODIST ENCAMPMENT PLANS

Randall County News: Mrs. Tom C. Delaney of Memphis was here Monday and completed arrangements with Walter Cobb for a lease on his ranch on the canyons southeast of the city for the Annual Camp of the girls from the Northwest Texas Methodist Conference. Mrs. Delaney is Conference Superintendent of Young People, and will move to Canyon at the opening of the fall quarter of the College to have charge of the work among Methodist people attending the College.

The camp will be held for the first ten days of August. One hundred girls attended the camp at the Upchurch place northeast of Canyon last year, and from present indications there will be more than two hundred in attendance this year.

Mr. Cobb is building a fine brush arbor for the camp and will have two swimming pools. The location is ideal for such a camp.

The annual camp is held for religious purposes, but plenty of time is given to recreation and sports. Much time is given to music and the study of Missions and the Bible. A well qualified leader will be in charge of all phases of the work.

Mrs. Joe Moss, Mrs. W. R. Ivey and son, Denny C., of Slaton, returned home Thursday of last week after spending the 3rd and 4th here with Mrs. Ivey's parents, Mr. and Mrs. C. Surginer. They were accompanied by Mr. and Mrs. Isaac Wilhoit, Mrs. C. Surginer and son, Garner, who returned to Floydada Saturday afternoon.

Mr. and Mrs. Jno. A. Hollums and sons returned the first of the week from a short vacation trip through the black land belt, visiting in Collin and Grayson Counties and touching Dallas and Waco in their absence. Their trip was greatly enjoyed, they said.

Mrs. C. H. West and children left Tuesday for St. Vrain, N. Mex., for a visit with her parents, Mr. and Mrs. W. H. Baker. From that place they will go to Wellington, Kansas, joining Mr. West to make that place their home.

Miss Clara Lee Johnson and Mrs. Ruby Young visited in Lockney Thursday evening.

FIRE BOYS GUESTS OF W. P. DAILY AT LUNCHEON

The members of the Floydada Fire Department were guests of W. P. Daily at a specially prepared luncheon at the Commercial Hotel Monday noon. Eleven members of the department were served at the table which was reserved for them.

REPORTS ON THE FOURTH

Silverton people attending the American Legion Barbecue at Floydada on the 3rd and 4th report big days. The town was crowded with people from all the surrounding towns and every convenience and amusement was provided for the visitors. It was a fitting celebration in every way of our glorious independence day, and all those attending enjoyed it to the very fullest.—Silverton Star.

The Fourth of July was observed quietly in Tulia Wednesday. No general celebration was held, but each person observed the day in his own manner.

A large number of Tulia people journeyed to Floydada to the Legion's celebration. This was the only real celebration held in this part of the Panhandle within a radius of a hundred miles. Those attending report a good day.—Tulia Herald.

Many of the citizens of Plainview attended the American Legion Fourth of July celebration in Floydada. Representatives of the Ray Blakemore Post of Plainview took the post's colors down. The color guard was composed of John McVicker, Guy Gibbs, Lynn Pace and A. A. Beery.—Plainview Herald.

Queer Feelings

"Some time ago, I was very irregular," writes Mrs. Cora Robie, of Pikeville, Ky. "I suffered a great deal, and knew I must do something for this condition. I suffered mostly with my back and a weakness in my limbs. I would have dreadful headaches. I had hot flashes and very queer feelings, and oh, how my head hurt! I read of

CARDUI
The Woman's Tonic

and of others, who seemed to have the same troubles I had, being benefited, so I began to use it. I found it most beneficial. I took several bottles . . . and was made so much better I didn't have any more trouble of this kind. It regulated me."

Cardui has been found very helpful in the correction of many cases of painful female disorders, such as Mrs. Robie mentions above. If you suffer as she did, take Cardui—a purely vegetable, medicinal tonic, in use for more than 40 years. It should help you.

It takes less O-Molene for a feed

That's because O-Molene contains the variety

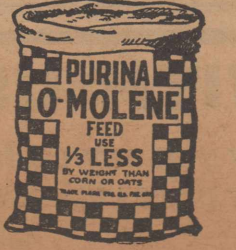

What's the Difference in Mule Feed?

IT'S not the amount of feed you give your mules but the kind. Just a monotonous diet of corn, oats with hay fails to supply work animals with a sufficient variety of diet to keep them in good shape. Mules fed in this fashion get plenty "to fill 'em up."

Picture yourself sitting down to meals of bread and water. You would soon lose your health. If you could have plenty of good meat, and fresh vegetables, your health would soon come back.

You don't need as big a bucket to measure out a feed of O-Molene as you do for a feed of corn and oats. It takes much less O-Molene.

O-Molene contains the variety of foodstuffs necessary to keep mules in perfect condition. You get more work from them. Mules like O-Molene because it is made exceedingly appetizing by a special process of crushing the select grains. O-Molene is being used by many of the biggest mule owners in the country, because it is the cheapest in the long run.

NOTES FROM THE FIRST CHRISTIAN CHURCH

These are days when everybody is talking co-operation. Brother W. H. Marler spoke to the people last Sunday morning about the business side of the Church. He said the Church organization should be made more perfect so that it could effect greater results. The speaker gave an illustration of a negro who was seeking a job driving a team on the plantation. He said: "The land lord gave the negro a large whip and asked him if he understood using it and the negro took it and after twirling it around his head clipped off a butterfly and then a leaf from a weed. Then the land lord asked him if he could clip off a hornet's nest from a tree nearby as they drove along the road. The negro replied: "Ah cud boss, but dey is organized."

Brother Marler is working on a plan to put the Floydada Church upon a first class business basis.

In this same connection Judge L. Gough said in his speech here on the Fourth that every other class of people are organized and working on a business basis except the farmer and the Church.

Brother Marler left last Tuesday morning for Norfolk, Va., where he will join his family. After a few days in Virginia and North Carolina, where he has been teaching and preaching, he will return to Floydada to accept the pastorate of the First Christian Church. The Church tendered him a call, for the next two years at a meeting last Sunday, and it is understood he will return after he has arranged his affairs in his home state.

Rev. Marler preached at the May-view school house last Sunday afternoon to a very good sized crowd and the people seemed greatly interested in his sermon. The meeting was held at 3:30 immediately after Sunday School had adjourned.

A few days ago Brother Marler, in company with County Agent T. Scott Wilson and Mrs. Wilson, drove to the southeast part of the county where the preacher saw his first prairie dogs. He proved himself a crack shot with a gun by killing several rabbits and prairie dogs.

CHRISTIAN REVIVAL

Now being held at the Tabernacle in Floydada, conducted by Evangelist N. L. Clark, of Fort Worth, Texas, a very able preacher.

This series of meetings will continue over to Sunday, July 22nd, A. D. 1923, holding two services daily, beginning at 10:30 A. M. and 8:30 P. M.

Come and hear the Old Jerusalem

Gospel. Motto: "Preach the Word." Everybody cordially invited to attend this series of meetings. No collections taken. Leave your pocket books at home.

CHRISTIAN ENDEAVOR

SANITARIUM NOTES

Frankie Doris Smith, little daughter of Mr. and Mrs. H. T. Smith, of this city, returned home last week after undergoing an operation for appendicitis at the sanitarium some time ago.

Miss Edra Roberson who had an operation for appendicitis returned to her home in Whiteflat Friday of last week.

Miss Lila Christholm of near Matador is convalescing from an operation for appendicitis had Monday at 3 a. m.

Miss Francis Cash, daughter of Mrs. J. S. Cash of this city, had an appendicitis operation Sunday night.

JUNIOR B. Y. P. U. OF FLOYDADA MEETS AT LAKEVIEW

The Junior B. Y. P. U. of Floydada, under the leadership of Miss Lela Windsor, met with the Lakeview Sunday school Sunday afternoon, July 1.

The Juniors rendered an excellent program which was much enjoyed by the Lakeview audience. The subject was, "Discussion of Bible Characters," and the stories of Moses, Elijah, Jonah, Esther and Joseph were told with ease and true originality by these young people.

A piano solo by Miss Clara Tubbs was much enjoyed.

Miss Windsor is doing a great work with these Junior boys and girls and should receive the full co-operation of their parents and the church.

Juniors, we invite you to come again.

—Lakeview Sunday School.

HOME FROM VISIT; SPEED SAVES HIJACKER ATTACK (?)

Mr. and Mrs. R. H. Willis, in company with Mr. Rea and daughter, Miss Daltis, reached home Tuesday afternoon from Vernon, after a two-hour pull through heavy mud from a point 16 miles east of Floydada.

They had been in Vernon since last Friday. The Rea's visited Mrs. Fanning, a sister of Miss Daltis and the Willis' visited Mrs. Willis' sister, Mrs. Eli Johnson.

Enroute they passed a motley crew of several men in a small car in the brakes country east of Matador. In common with many other readers of The Hesperian they had learned of the presence of a hijacker on the road some two weeks ago, a tourist reporting he had been relieved of his

Some People Are Satisfied If They Can Just Barely Keep The Coyote Out of The Yard!

Are you one of them?

If so, how will you provide for yourself and your loved ones, when the time comes (and it is slowly, but surely coming) when you are helpless even to do that?

Five minutes of logical thinking will bring you to the conclusion that the wisest thing to do is to prepare now while the preparing is possible.

First State Bank

valuable by a lone highwayman. Accordingly the driver was careful not to speed up when they passed these men, and when within the next minute a car honked immediately behind them the party began to see themselves by the side of the road with hands up awaiting the pleasure of a bunch of bandits. Fortunately, the second car was merely trying to pass the Floyd-
