J. M. Diggs, 68, veteran postal employee and carrier on Rural Route 2, is recovering in the Haskell Hospital from serious injuries received when the light jeep he was driving was involved in collision with a Dodge pick-up truck last Friday morning.

The accident happened about 10 a. m. on a farm road 14 miles southeast of Haskell. There is an abrupt turn in the road at that point, near the farm home of John R. Watson. Carrier Diggs was making his mail deliveries on the route, traveling south and east. At the turn in the road, the mail carrier's jeep was struck about the left front wheel by a Dodge pick-up truck, driven by a Marion Dewie Parsons, 62, of Shamrock. Parsons had been fishing at Lake Stamford, and was towing a trailer house behind the pick-up.

Front of the jeep was "tel-escaped" by the impact, and Diggs seriously injured. His left leg was badly crushed, cut and bruised, and he received cuts on his face and ear and his nose was fractured. His right thumb was torn or cut off, and he suffered bruises about the body.

Parsons, driver of the pick-up, was unhurt, it was reported. A Holden ambulance was summoned to bring the injured mail carrier to the hospital.

The Diggs vehicle was virtually demolished, while damage to the pick-up was estimated at about \$300. The accident was investigated by Highway Patrolman Jesse Priest.

## J. G. Vaughter Residence Has Damaging Fire

The two-story residence of Dr. and Mrs. J. G. Vaughter at 606 North 2nd Street was heavily damaged by fire last Saturday afternoon and the adjoining Vaughter Dental Clinic had considerable damage from smoke and heat.

Although flames had barely spread from one downstairs room when the fire was reported, heat and smoke had accumulated throughout all rooms in the large two-story structure. Excessive heat virtually ruined all furniture in the seven-room house, charred wallpaper and blistered woodwork throughout the structure.

Olin Ashley New Editor of Odessa Newspaper

Announcement was made last week of the appointment of Olin Ashley, son of County Commissioner and Mrs. Claude Ashley of Haskell, as managing editor of The Odessa American.

The appointment is effective Oct. 30. Ashley has been city editor of the American for the past four years. Before going to Odessa he worked in the editorial department of newspapers at Monahan, Pecos, Plainview and Pampa, Texas.

As managing editor of the Odessa daily he replaces Brad Carlisle, who will join the editorial staff of the Nashville (Tenn.) Banner.

Ashley, 35, was born in Haskell County and attended grade school and high school there. Following graduation from high school he served three years in the Marine Corps during World War II.

## Stamford Man Is Guest Speaker At Rotary Club

An interesting outline of the Rotary Foundation and its tremendous influence for building good will among free countries of the world, was given members and guests of the Rotary Club at their noon meeting and luncheon last week.

The speaker was Jim McCulloch of Stamford, a past district governor of Rotary International. He told of the first contributions to the Foundation, and traced its growth to 1947, when he said, "The Foundation really started on its way."

Club president Thos. B. Roberson announced that Haskell Rotarians had been invited to a meeting in Eastland Nov. 21, when President-elect for 1961-62 of Rotary International, Joe Ahey of Pennsylvania, would be a guest of Eastland Rotarians.

Bill Ratliff gave a brief talk on Rotary Information and in conclusion said that today there were 10,532 Rotary clubs in the world.

## Lions View Film; Push Ticket Sales

At the Tuesday noon-day luncheon meeting, Lions viewed a very informative and educational film, "My Friend the Atom." The film, in color, showed the discovery of the atom, and the ways in which it is now used.

E. W. Pruitt was in charge of the program, and High School Principal W. P. McCollum showed the film. Lions stepped up action on the sale of tickets to the pancake supper which is to be held Friday, Nov. 11, from 5 to 7:15 p. m., at the High School lunch room. Money raised from the pancake supper will be used for the Christmas Goodwill Fund.

Dr. T. W. Williams announced that the United Fund Drive was moving very slow, and too many of the smaller donations were coming in. He urged workers to complete their assignments as soon as possible.

Bob Bradberry was introduced as a new member at Tuesday's meeting.

## Indians Meet Spur Here Friday, After District Loss to Hamlin

The Haskell Indians prepared this week for their second conference game when they host the Spur Bulldogs here Friday night after losing a hard-fought district tilt to Hamlin, 23-6, last week.

Friday night's game, to be played at Iridian Stadium, will get underway at 7:30 o'clock, game time having been moved up for October and November contests.

In last week's game at Hamlin, the Indians chilled the highly-rated Pied Pipers when the Redskins took the kick-off and pushed it to the Hamlin nine. However, the tribe stalled on downs and lost their scoring opportunity.

The Indians TD came in the second quarter, the climax to a 43-yard drive in nine plays, with halfback Dwight Stone going around right end from the five. Try for extra points failed.

Scoring for Hamlin in the second was Dan Newberry, while the Pipers final two TDs were made by quarterback Mike Bond in the fourth period.

In Friday night's game, the Tribe will be facing a highly rated Bulldog squad which had been considered potential champions before their 14-6 defeat by Anson last week.

Damage estimated at between \$25,000 and \$30,000 was caused by fire which swept through the Junior High School gym last Thursday night and for a time threatened the entire Junior High School building.

Fast work on the part of volunteer firemen resulted in blocking the flames from the main building, although the blaze had inched within a few feet of the open roof section connecting the two structures before being stopped.

The blaze was discovered about 9:15 p. m. by Woody Frazier, who lives near the school building. Firemen sent two pumps and a booster truck to the fire, which had spread through most of the gym by the time they arrived.

Firemen had the blaze under control within 45 minutes, but remained at the building for several hours checking against further out-break of fire and mopping up water and debris from the building interior.

Origin of the fire was not determined. However, Fire Marshal R. A. Lane said all indications pointed to the stands on the north side of the gymnasium as starting point for the blaze.

Classrooms and offices in the main building suffered some damage from heat and smoke. However, the regular schedule of classwork was followed Friday, Junior High Principal Hubert Bell said.

Board Employs Architect At a meeting of the school board Tuesday night, trustees employed the Abilene firm of Luther & Tittle as architects to plan and supervise repair and replacement of the fire-damaged structure.

The architects, accompanied by an engineer, began their survey of the damaged building Wednesday. After damage is assessed, a cost estimate along with plans and specifications for the necessary work will be prepared, school officials said. When this is completed, contracts for the needed work can be awarded.

The gym was an east wing of the former elementary school building, erected in the early 1940's after fire had destroyed the school plant at that site.

## More Than 300 Visitors Inspect Newspaper Plant

More than 300 persons, including visitors and newspaper men and women from neighboring towns visited The Free Press Saturday afternoon during open house held in the new home of the newspaper at the corner of South First and Avenue D.

These Wonderful People

Community action in some way affects the lives of all who live in our town.

We have seen it happen many times—like the time the grocery truck spilled a basket going around the corner. Things went flying everywhere; apples, oranges, tin cans—in every direction.

That's community action. In a small way, it's true. But, it works the same at the higher level where community leaders join hands to create and promote projects which make our town a better place to live.

Right now, the United Fund finance campaign is at a critical point—it needs and must have the full support of every person able to assume his share of the humanitarian program.

That is why we say they're wonderful people, and why we are immensely proud to be a part of this community.

A Dependable Community Organization

Like the truism that we cannot see the forest because of the trees, we sometimes fail to appreciate services to the community rendered by our volunteer fire department.

Despite the fact that the department is composed of volunteer members with the exception of one paid City Fireman, the organization operates with the efficiency and dependability of a fully-paid department.

Efficiency of the department was well demonstrated at two major fires during the past week.

Inspectors who have checked fire damage at the junior high school gym praised the work of firemen in extinguishing the blaze and preventing destruction of the main building.

The second incident occurred Saturday when firemen quickly controlled a stubborn fire that had spread almost through the large two-story residence of Dr. and Mrs. J. G. Vaughter.

That the work done in controlling these two fires was that of expert fire-fighters is readily apparent to anyone inspecting the property involved.

Citizens can take justifiable pride not only in the efficiency of their volunteer fire department, but in the economy of its operation and maintenance as well.

The entire annual budget of the fire department costs taxpayers less than 75 cents per hour. That small sum—75 cents per hour—represents the total cost of all fire-fighting equipment, its upkeep and operation, and the services of 33 firemen at any hour of the day or night.

Misses Fannie Hudson and Rob Lindsey went to Stamford Tuesday evening to attend a performance of a traveling opera company and remained for the night with friends there.

proved for all applications which had been filed last week. Stamford beer drinkers will have an advantage over their Haskell companions, insofar as convenience is concerned.

Haskell guzzlers will have to drive some six miles or so to reach the nearest oasis, while thirsty Stamfordites will have four outlets right at their front door.

Only town in the precinct, Sagerton, is entirely "wet" insofar as the licensed sale of beer for off-premises consumption is concerned.

As far as we can determine, officers here and in Stamford do not look for any serious outbreak of enforcement problems as a result of the precinct going "wet."

Apparently they have adopted a wait-and-see policy and are prepared to crack down immediately if there is a rash of trouble.

Biggest headache will be created for highway department workers whose job it is to clear up beer cans and bottles and other rubbish along the highway right-of-way.

Although the law imposes a stiff fine for littering up highways, it next to impossible to catch violators in the act. One beer can looks exactly like another, so unless the brew-sipping motorist actually is seen to throw a can from his car, it's hard to make a case.

Sometimes, however, one of these litterbugs is caught red-handed and given a hefty slap in the pocketbook.

Rather than a court fine, however, we personally like the way Highway Maintenance Foreman Ray Lusk is reported to have handled a case of this kind a year or so ago.

It was a hot August day, and Ray was driving along the highway in the west part of the county, when he saw a beer can thrown from a car about a half mile ahead.

Speeding up gradually in order to overtake the car without arousing suspicion, his idea was to give the driver a friendly warning and ask his cooperation in the future.

Then, just as he started to pull around the car and ask the driver to stop, another empty beer can whizzed out of the lead car and bounced off the hood of Ray's car.

The beer-drinking driver then shot the gas to his car

and took off, with Ray in pursuit. After about a mile, and across the line in Stonewall County, the beer-drinker pulled into a pasture road and stopped as Ray skidded up behind him.

As the better than 6-foot highway boss started getting out of his pickup, the driver of the other car, his bravado bolstered by beer, told Lusk: "Mister, you can't do a thing to me now. I'm in Stonewall County, and on my own property here."

"It doesn't matter what county you're in, Bud, or whose land you are on," Ray told the startled man. "You're going to get the worst licking you ever had unless you go back and pick up those beer cans."

That ended the conversation. The man took Ray at his word, and in a few minutes the two cars were back-tracking down the highway until the two empties had been picked up.

The report that a panther or Mexican lion frequents the area around Haskell received additional support during the past week by several people who have seen the animal.

Most recent report came two weeks ago, when Stamford parties told officers of seeing the animal near the highway "Y" between Stamford and Sagerton.

Since that story was published last week, others have told of seeing a large animal resembling a panther or lion.

A Haskell woman tells of seeing what she firmly believes was a panther, early one morning recently in front of her home on North 6th Street.

Mrs. Richard Riley, 901 N. 6th, relates she was awakened at 3 a. m. by the frightened barking of the family dog. Looking out a window, she saw the huge, long-tailed animal standing in the center of the street, plainly visible in the glare of a nearby street light.

"Our dog, barking excitedly, would not get within 10 feet of the animal, which stood there moving its head from side to side as it watched the dog," she said.

Mrs. Riley awakened her husband, and as they got back to the window they saw the animal going east in a cat-like trot. "We both noticed its tail, much too long for a dog," she said.

"It was a wild animal of some kind, because our dog was still quivering with fear after the animal had left, and I have

never seen him act frightened, even by large vicious dogs," she commented.

Many people believe that a few panthers still inhabit the rough country east of Haskell and along the breaks of Clear Fork. They say it would not be unusual for one of the big cats to stray off to other areas occasionally.

Oscar Oates tells of seeing a panther near Scott's Crossing about two years ago, and other animals in that section. Mr. and Mrs. Oates and a

## Mrs. Clyde E. Williams, Knox City, Guest Speaker at B&PW Club Meeting

"With the Principles of freedom upon which our country was founded well in mind, vote November 8 for the candidate you think best for us individually, for our state and for these United States," urged Mrs. Clyde E. Williams of Knox City as she addressed the Haskell Business and Professional Women's Club Tuesday evening in the Community Room of the Haskell National Bank, Mr. and Mrs. Williams and their sons, Phil and Eddie, attended the Democratic National Convention where Mr. Williams served as an official delegate from the 15th District and Mrs. Williams as a worker. Many events and insights of the Convention were related as the speaker displayed literature, placards, buttons, badges, earrings, cuff links, tickets, hats, and cane used for gaining entrance to the main floor, for distribution or used in the demonstrations.

Lois Jones, vice president, called the meeting to order and conducted the business session. Opal Smith introduced the guest speaker. Other members of the legislative committee in charge of the program were Bertha Humphrey and Artie May Burkett.

Tables were most attractive with gold outlines of Texas centered by the Democratic symbol atop each. Napkins featured the elephant associated with the Republican party. Cake, topped with whipped cream and cherries, was served with coffee to the members and guests. Mrs. Clyde Williams, Mr. Chas. M. Conner and Mr. Alvin Sherman. The meeting place was decorated with posters featuring the candidates and notices of election. Dried arrangements in gold tones were used as centerpieces on speaker's table and on table displaying literature. Announcement was made that

the next meeting, Tuesday, Nov. 8, at 7:30, will be held in Christene's Beauty Salon, with Bud Hall of Wichita Falls as guest hair stylist. The Telephone committee, with Pauline Norman as chairman, will act as hostess for this affair.

## Paint Creek FHA Chapter Hosts Buffet Supper

The Paint Creek FHA chapter hosted a Buffet Supper in honor of the Fifteenth United Nations anniversary, Oct. 24, at the Paint Creek homemaker cottage.

The menu was selected by a committee consisting of Jo Ann Griffith, Ann McLennan, Dorothy Coleman and Charlotte Cook. For a guide they used the menu suggested by Mrs. Mamie Eisenhower, and the United Nations cookbook.

The program was presented by Jane Earles and Mary Ballard. Customs of the countries were presented to the members in walnut shells, which were read aloud.

The centerpiece consisted of a map showing members of the United Nations. Ribbons were used as guide lines from the map to the food served of that country.

Members attending were: Charlene Alexander, Mary Ballard, Patsy Bischofhausen, Ina Bitner, Carolyn Carlton, Billie Cockerell, Charlotte Cook, Dorothy Coleman, Jane Earles, Marjorie Earles, Jo Ann Griffith, Belva Jones, Marva Jones, Carolyn Livengood, Ann McLennan, Mary Lou McLennan, Judy Medford, Willie Petrich, Helen Pustejovsky, Margie Scheets, Janette Trussell, Rita Wood, and Miss Billie Boshier, chapter sponsor.

## Mr. and Mrs. A. J. Josselet To Observe Golden Wedding Sunday

MR. AND MRS. A. J. JOSSELET—Oct. 30, 1910

MR. AND MRS. JOSSELET TODAY

Mr. and Mrs. A. J. Josselet of this city will observe their Golden Wedding anniversary on Sunday, Oct. 30.

Honoring their parents on this occasion, their children will host open house from 2 to 5 p. m. Sunday at the family home, 107 North 2nd Street, with friends invited to call during those hours.

The well-known Haskell couple will observe their anniversary within a few blocks of the Methodist Parsonage, 604 North 2nd, where they were married 50 years ago.

Officiating for the ceremony Oct. 30, 1910, was Rev. C. B. Meador, pastor here when the present Methodist Church was built.

Attending the couple at the wedding were several close friends, they recall.

Mr. and Mrs. Josselet recall they attended church that evening, and in his words: "We've been attending church regularly ever since." Both are Methodists and Mr. Josselet gives his wife credit for starting him on regular church attendance.

Mrs. Josselet was the daughter

settled on a farm in what was the Plainview and Sayles section, later moved to Haskell and were living here when she married.

Mr. Josselet came with his parents, Mr. and Mrs. V. J. Josselet, to Haskell County in 1890 from Cook County, near Gainesville. Theirs was one of the first farm families to settle here, and were closely identified with early day development of this section.

After their marriage, Mr. and Mrs. Josselet lived in the old Ballew settlement for two years, then moved to the Whitt Chapel section, near Paint Creek.

In 1928 they moved to Haskell where they have lived since, in addition to looking after his farming interests Mr. Josselet did livestock trading and in 1931 opened a grocery store on the east side of the square. His venture in the grocery business ended when fire destroyed the store, along with several adjoining businesses.

The disastrous fire brought him the worst scare and closest call of his life, he remembers. He and Clay Smith, a fireman, were playing a fire hose on the front of the building when the entire front was blown out by an explosion, and the two men were showered with bricks. Luckily, both men were blown backwards by the blast and only slightly bruised. Josselet's hat, however, sailed upward and settled back down on the pile of smoldering debris, causing momentary fears that he might have been trapped under the falling bricks.

Mr. and Mrs. Josselet have three daughters. Their only son, Herbert, died in 1915 at the age of 16 months.

Their daughters are Mrs. Estelle (Jewel) Gilleland of Tulsa, Mrs. James (Ruth) Ferguson of Lubbock, and Mrs. Roy E. (Dorothy) Thompson of Lubbock.

## Dinner Honors Birthdays of Four in Family

Judge and Mrs. Dennis Ratliff had their children and grandchildren as guests in their home Sunday for a birthday dinner honoring Mr. Ratliff and three members of the family whose birthdays also come in October.

Present for the occasion were Mrs. Bob Smith and children Becky and Kathy of Midland, Mr. and Mrs. Lon McMillin and Brian of Abilene, Mr. and Mrs. Lon Dennis McMillin of Abilene, Dr. and Mrs. Joe Thigpen and children Joseph, Anita, Peggy Jane and Emily of Haskell.

They also have six grandchildren and three great-grandchildren.

ATTEND BAYLOR HOMECOMING

Mr. and Mrs. Dugan Starr and daughter, Carolyn, accompanied by Pamela Baird, spent the weekend in Waco and visited Rob Starr, student in Baylor and member of the Baylor Bears football team. The Haskell people attended the Baylor-A&M football game in which Rob, Bears fullback, scored a Baylor touchdown on a pass interception and 36-yard run. He also turned in a 23-yard run during the first half. The Haskell people also took part in the Baylor homecoming celebration.

After One Crop, Peach Tree Starts All Over Again

M. R. (Ross) Hemphill of this city has either the world's most ambitious peach tree or one of the craziest, worst, mixed-up trees on the globe. In August, Ross gathered a normal yield of peaches from a tree in his back yard that is 3 or 4 years old. Later, all leaves dropped from the tree. One day last week, Ross noticed that the tree had put on a full complement of green leaves. Now the tree is in full bloom, Ross reported Tuesday. Neighbors who have noticed the phenomenon declare they've never seen anything like it before, and neither has Ross. The Hemphills live at 903 N. Avenue E, and the blossoming peach tree can be seen in the back yard at their home.

Who's going to help the farmer?

America's farmers are having a rough time in the midst of Republican "prosperity." Low prices—high costs. Big overhead—small profit. Costly investment—staggering bills and debts. Who's to blame? It isn't just Ezra Taft Benson. The Republican administration that appointed Benson and for eight years praised his policies is equally to blame. The "experienced" Mr. Nixon has called Benson "one of the greatest Secretaries of Agriculture in our history." The best way to get sympathetic action for farmers' problems is to elect Democratic leadership to the White House. It's time for the realistic leadership of Senator John F. Kennedy as President.

### LETTERS . . . To The Editor

Haskell Free Press, Gentlemen and Ladies: We were delighted to be guests at your "Open House Party" Saturday. It is indeed commendable of you that you have made such outstanding civic improvement to our City. That building will serve many generations, and your institu-

tion will furnish a livelihood for many families living in Haskell in future years. It will serve as a testimony of the character and good citizenship of its builders. It will stand as a challenge, not only to the employees to do a better job, but all civic minded citizens to build for the future welfare of our community. We have been on your subscription list and otherwise patrons of your paper for thirty-five years. We have enjoyed watching your continual growth and improvement

through this period. We congratulate you on your chosen professions as editors and publishers. As such it seems to us that you will always hold a most enviable position among the people whom you serve. Perhaps your greatest privilege and obligation as publishers is to print each week, such news, such editorials, historical data, bits of philosophy, and gospel quotations as will incite our youth to search for the better way of life. It is certain that their mental and social life will be nurtured through the columns of the Haskell Free Press. Therefore you will feel the challenge to "improve your merchandise" each week. Your ads must be displayed to give the best results to your patrons and their customers. The news items must be enough facts to permit printing and enough "gossip" to keep the required subscription list for your circulation. We tell the people: "If you want to buy a better small town paper than the Haskell Free Press, you will not find it by going to some neighboring town, but you can just wait for the next issue of The Free Press."

**NOW FOR '61... 2 TOTALLY DIFFERENT TYPES OF CHEVY TRUCKS!**

**1. REAR-ENGINE CORVAIRE 95's—THE TRUCKS THAT BEGAN WITH 4 WHEELS AND A FRESH IDEA!**

Here are high-capacity haulers that offer the most accessible load space you ever saw. Think of up to 1,900 pounds of whatever you haul riding on a highly maneuverable 95-inch wheelbase. This design's a beauty. Features 4-wheel independent suspension, integral body-frame build, thrifty air-cooled rear engine—all kinds of fresh new ideas about truck efficiency and economy.

**2. TORSION-SPRING CHEVROLETS—WORTH MORE BECAUSE THEY WORK MORE!**

You actually feel the advantages of independent front suspension in the almost total absence of I-beam shimmy and wheel fight. The driver rides easy, the load's better protected, tires take less abuse, the whole truck is subjected to far less damaging road shock and vibration. Efficiency goes up. Profits follow. Look over the whole line—both types of Chevy trucks.

**IN TEXAS YOU PAY 90¢ TAX ON TEN GALLONS OF GASOLINE**

**How Do You Vote?**

I Believe Gasoline Taxes Are Too High!

YES  NO

**HOW DID YOU VOTE?**  
No matter how you voted, these facts on gasoline taxes are important to you!

National Increase 1950-1959	Gasoline Tax 51%
Living Costs 21%	
Gasoline Prices 5.5%	

**GASOLINE TAXES UP 51% IN TEN YEARS**

- Everywhere in Texas, car owners pay 90¢ tax on every 10 gallons of gasoline they buy!
- Gasoline taxes across the nation amount to a 50% sales tax—and that's five times as high as the tax rate on luxuries like diamonds and mink coats!
- Since World War II, there have been three increases in the Federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 5 cents a gallon!
- In the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period!
- Each year the average motor vehicle owner in this state pays \$78 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

**HIGHWAYS AND GASOLINE TAXES**  
Your gasoline retailer, naturally favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxes on gasoline but feels that the special taxes on gasoline have now risen to unreasonably high levels. He believes that all special taxes on gasoline should be used only for highway purposes. Yet last year of every automobile tax dollar collected by the Federal Government from highway users, more than 50 cents went for non-highway purposes. If these automotive revenues were dedicated for highway purposes, there would be no need for the latest increase in federal gasoline tax.

**The Gasoline You Buy Is Taxed Too HIGH!**

BY MRS. DELBERT LEFEVRE

Mr. and Mrs. J. A. Hertel spent last weekend in Las Cruces, N. M., with their son and family, Mr. and Mrs. Kenneth Hertel.

Rev. Flug, pastor of the Zion Lutheran Church, is attending a pastors' conference in Midland the first part of this week.

Ben Hess has been on the sick list this past week.

Visitors in the home of Mr. and Mrs. August Stremmel Saturday were William Reber of Rule and his son Carl of Miami, Fla.; Mrs. Melvin Thane and sons of Abilene and Tom Thane, who recently came home from Hendricks Hospital in Abilene where he had surgery. He is getting along nicely and is spending a few days in Haskell with Mr. and Mrs. Leland Thane and sons until he is able to be up and about again.

Open house will be held between the hours of 2 p. m. and 5 p. m. Sunday, Oct. 30 in the home of Mr. and Mrs. August Stremmel in honor of their Golden Wedding anniversary.

Mr. and Mrs. Cliff LeFevre and Mrs. Reece Clark, accompanied by Mrs. J. C. Harwell of Tuxedo made a trip to San Antonio where they visited T-

Sgt. and Mrs. Ted Terrell and children, and Mrs. Harwell visited with her relatives.

The members of the Sagerton Eagles six-man football team, their fathers, members of the faculty and other guests enjoyed a Football Banquet Saturday night in the school lunchroom.

Wendell Gomez was named the Football Hero, and Patsy Clark was selected as the Football Sweetheart. Coach Boles, head coach at Rule High School was the speaker. Those present were Coach and Mrs. Boles, Mr. and Mrs. L. B. McNeil, Mr. and Mrs. Hollis Haynes, Bob Clark, and Jim New, Rule High boys who were referees, Wendell Gomez, Steve Clark, Ray Clark, Roy Bell, Gary Spitzer, J. C. Spitzer, Larry LeFevre, Delbert LeFevre, Kip Pointer, G. W. Pointer, Rickey Letz, Bueford Letz, Sammy Bell, and their coach, Miss Irene Stewart.

Mothers of the boys prepared the food.

Sagerton will have its annual Halloween Carnival on Thursday evening, Oct. 27. The main attraction of the evening, the crowning of the carnival queen will climax the evening's entertainment. The following girls are candidates: Ruth Hertel, escorted by Terry Stremmel; Vicki Teichelman, escorted by Rickey Letz; and Janice Hertel, escorted by Larry LeFevre. Crown bearers and flower girls are Calvin Segemoeller, Randy Lehmann, Jane Spitzer and Norma Lehmann.

Guests in the home of Mr. and Mrs. August Stremmel Thursday evening, Oct. 20, were Mr. and Mrs. Emil Kainer, Mrs. Ola Lipps of Goldthwaite, Mr. and Mrs. Otto Lehmann, Mr. and Mrs. Otto Schaake, Mr. and Mrs. August Angeman, Emil Stremmel, Mr. and Mrs. Herbert Stremmel and Larry, Mr. and Mrs. Adolph Helm, Mr. and Mrs. Edwin Stremmel and boys, Mr. and Mrs. Leland Thane and boys of Haskell. The occasion was Mr. Stremmel's birthday.

Many friends and relatives attended funeral services Sunday afternoon for Miss Mary Wolsch in the Trinity Lutheran Church in Haskell. She had been an invalid all her life. She was 59 years of age. She lived with her sister, Mrs. Paul Neina, and Mr. Neina for the last few years.

Guests in the home of Mr. and Mrs. W. A. Bell last weekend were Mr. Bell's brother and his family from Floydada.

Mrs. Ola Lippe of Goldthwaite is here visiting with Mr. and Mrs. Emil Kainer.

Mr. and Mrs. Jack Tabor and family of Fort Worth visited with Mrs. John L. Brooks and Miss Buehla Mae Summers last weekend.

## Dallas Oil Man Socked for Tax Evasion

F. L. McClanahan, Dallas, 71 year old oil man and gambler, was found guilty today for the second time on a one-count indictment charging him with attempt to defeat and evade his Federal income taxes for the fiscal year ended March 31, 1951.

McClanahan was charged with omitting \$49,225 of gambling income from his return on which additional taxes of \$19,008.20 was due. McClanahan's earlier conviction was reversed by the Court of Criminal Appeals for the Fifth Circuit and the case was ordered retried.

Judge T. Whitfield Davidson sentenced McClanahan to 13 months in prison and fined him \$10,000. This was the same sentence that Judge Davidson had imposed on McClanahan at the end of the first trial.

## PARENTS OF DAUGHTER

Mr. and Mrs. J. D. Johnson, 3812 Laurel Drive, Abilene, are the parents of a daughter, Lisa Kaye, born Oct. 21 at Hendricks Hospital in Abilene. The little girl weighed 7 pounds, 16 ounces. Mrs. Johnson is the former Sarahbeth Arbuckle. Paternal grandfather of the new arrival is City Secretary T. J. Arbuckle of Haskell.

Most Important The presidential election campaign is fast drawing to a close. The issues are clear cut—they are peace and progress under Democracy or an inflationary socialistic program with a serious threat of war on Matsu and Quemoy. Mr. Kennedy would like very much to have this subject dropped. He started it now let him stew. Mr. Roosevelt would never send our boys to fight on foreign soil. We know what happened. President Eisenhower said he would bring our boys home and this is exactly what he did. I believe in all sincerity if we had had the wise leadership in the past we have had in the last seven and one-half years we would not have the East Germany and Berlin headache that we now have. The Democrats have been in power 28 years in this century and almost one-third of that time our country was at war of their own making. The Republican party has been in power 32 years in this century and not guilty of one single day of war. Mr. John E. Wilson, D.V.M., Needham, Mass., said "true courage, firmness and strength has not yet led to war. Weakness, softness, vacillation and fear had led to war at least three times in this century." When this administration took office in 1953, 61 million people had jobs. Today there are more than 68 million with jobs and more take home pay than ever before. There has been over 300,000 removed from the payrolls of the government under this administration. You farmers "who see the pie in the sky" in Kennedy's program take a look at what AFL-CIO have done in California. Their pickets have gone into the orchards and destroyed their equipment and fruit that has been harvested. Mr. Kennedy and Mr. Reuther are agreed on each other's program of destroying every safe guard the farmer has against labor racketeers. They are doing all they can to prevent migrant labor from entering the U. S. Russia and Science. Under Truman's administration, whether through carelessness or otherwise, many of our scientific secrets were stolen by the Russians. These include technique in making "A" bomb as well as others. Most of her other achievements were made by enslaved scientists from other satellite countries. Dr. Kieper of the McDonald observatory of the University of Texas, says the Russian astronomer told him where he was going to hit the moon and he said he hit at this place. Dr. Kieper took a picture and looked at this spot on the moon through the telescope before the hit and after the so-called hit. The picture was the same after the so-called hit as it was before. Russia is not trustworthy in the least way. "Nixon and Lodge are as far above their opponents as the blue sky is above the bottom of the sea." (Paid Republican announcement by Republican County Committee)

PAINT CREEK . . . COMMUNITY NEWS BY MRS. GENE OVERTON

The rains Monday were just wonderful although they messed up the roads and perhaps the commissioner doesn't think they were so wonderful. But the oats and wheat that had been sowed are all coming up and will make good grazing. There never is a time when a good rain isn't needed, even though people with cotton ready to harvest may argue about it. It did seem a shame for the rains to come when the cotton was being gathered. It would have done so much more good two months ago. But for next year's crop maybe this rain did the most good. Cotton harvest should be in full swing by the middle of this week. Three planes have been busily defoliating fields in the community for the past several days, and the bracers are just marking time until they can get back into the fields where farmers want their cotton pulled. The weather, for the most part has really cooperated with the farmer this fall. Most of the grain is sowed, the hay is cut and baled and except for the cotton, which always takes all fall anyway, by the time we pull over twice, or pull once and then strip, we are all pretty well caught up. The army worms damaged some of the grain in the southeastern part of the community, but I haven't heard of any other grain being hurt. Several farmers said that they will have to sow over to have enough grazing since the army worms ate the grain. The hail missed most Paint Creek farms. Some places in the northeastern part of our community had some damage, but there were no complete losses. Some Mattson cotton looks as if it had been stripped. The hail beat it right down into the ground until one can't even see the cotton, and just stalks are left. That's when a farmer needs all the patience and faith he can muster to keep trying. Mr. and Mrs. Howard Montgomery, W. A. Montgomery, Mrs. W. S. Cox, Mr. and Mrs. H. B. Montgomery and Mr. and Mrs. Clyde Gordon of Petersburg attended the funeral of Ed Stodgill at Rising Star Sunday afternoon. Mrs. Stodgill is a cousin to Howard and W. A. Montgomery and Mrs. Cox, Mr. Stodgill died of a heart attack Friday afternoon. The Montgomery's and Stodgills have always been very close, and Arthur and Gomery and Mr. and Mrs. Stodgill were married at the same time in a double wedding ceremony. Mr. and Mrs. Vaughn Cox and baby Lyle Vaughn of Lubbock spent the weekend here visiting his parents, Mr. and Mrs. W. S. Cox and her mother, Mrs. Frierson. Mr. and Mrs. Jess Cook and children attended the State Fair of Texas this past weekend in Dallas. Cadets Dub Sims, son of Mr. and Mrs. Frank Sims, Jimmy Griffith, son of Mr. and Mrs. Bill Griffith and Dan Riley Griffith, son of Mr. and Mrs. Sammy Griffith, all students of Texas A&M spent the weekend with home folks. Judy Earles, student nurse at Hendrick's School of Nursing in Abilene spent the weekend with her parents, Mr. and Mrs. R. V. Earles and Bob. She brought as her guest, Sylvia Untz, another student nurse. Mr. and Mrs. Clyde Gordon of Petersburg spent Saturday and Sunday night with W. A. Montgomery and then they all attended the funeral of Ed Stodgill at Rising Star Sunday. Mr. and Mrs. Pat Morrison and their children attended a Homecoming of the Methodist Church in Newcastle Sunday afternoon. Pat and Van Morrison's father was once pastor of the church from 1940 to 1944. Rev. and Mrs. Bud Moore and daughters, Sheryl and Jeanie, Mr. and Mrs. Dale Middlebrooks and Phyllis, Mr. Bill Tate and the following R.A. boys, Bob Earles, Larry Walton, Donnie Green, Ricke Green, Steve Livengood, Bob Tate, and Dudley Cockrell attended Homecoming activities at Hardin Simmons and saw the football game between H.S.U. and West Texas State Saturday afternoon. Cadet Waller Overton of Texas A&M recently completed the Agronomy Tour the college offers each year to Agronomy senior students. They attended the State Fair agricultural exhibits, and went to Wichita Falls from which they toured the Waggoner Ranch and its operations, and then visited the Chillicothe Seed farm. They went on to Amarillo from where they toured the Bush Estate farms and agricultural projects around the Amarillo area. They went to Hereford and then back to Texas Tech where they had a joint meeting and dinner with the Tech Agronomy Society. They spent two days in and around Lubbock touring the Tech experiment station and farms, and visited farms under the supervision of the County Agent there. On

Funeral Rites Held Sunday for Mary Wolsch, 59

Funeral service for Miss Mary Wolsch, 59, of Sagerton, was held at 2 p. m. Sunday at the Trinity Lutheran Church in this city. Officiating was the Rev. Ernest Pfug, pastor of Zion Lutheran Church in Sagerton. Burial was in Fairview Cemetery at Sagerton under direction of Holden Funeral Home. Miss Wolsch, a resident of Haskell County most of her life, died at 2 a. m. Saturday at the Haskell Hospital. She had been hospitalized since Tuesday and underwent an emergency operation Thursday. She lived with a sister and brother-in-law, Mr. and Mrs. Paul Neinst, near Sagerton. Born August 5, 1901, in Williamson County, she was the daughter of the late Mr. and Mrs. August Wolsch. She came to Haskell County in 1906 with her parents. She was a member of Zion Lutheran Church in Sagerton. She is survived by two brothers, Emil Wolsch of Old Glory and Curtis Wolsch of Sagerton; two sisters, Mrs. Neinst of Sagerton and Mrs. Lillie Russell of Austin; and several nieces and nephews. Pallbearers were Jimmy Dippel, Edward Wolsch, Ernest Lowack, Leroy Neinst, R. Q. Wolsch, Ken Wolsch, Melvin Vohlenkamp and Joe Ray Baltz.

Gaston Hattox Has Worms

The old saying nobody loves me, so I will go off and eat worms . . . is not exactly the theme song of Gaston Hattox . . . but if you have dropped by Service Cleaners lately and strolled to the building in the back, you perhaps have noticed that Gaston does have worms . . . that is, he is raising worms as a hobby. The bins in which Gaston keeps "his worms" are made of wood with tin bottoms and strips around the top to keep the wiggly worms from seeking new quarters. Gaston built the bins in his spare time, and about one-fourth of the floor space in the back part of his large building is already filled with "homes for the worms," and Mr. Hattox plans to add more. Gaston got into the worm business as a sort of hobby, but plans to sell the worms wholesale. However, a fisherman without bait could probably wrangle a deal for enough worms from Hattox's hobby to tide him over. A good point about his hobby is that when the problems of the business world gets to pressing too much . . . friend Hattox can get away from it all with his worms!

Classes in Kindergarten I am now qualified to give your child that pre-school training he needs. If interested in enrolling children in kindergarten, please contact me at my home. Classes will begin Nov. 1, 1960. Ages 4 and 5 years. Mrs. Charles Yost 1402 N. Avenue G

their way back to College Station they visited the cotton compress and oil mills in Sweetwater and Abilene. Don Perry, son of Mr. and Mrs. Hoyt Perry, has been transferred to Victoria where he will work in the PFA office. He has been in the Abilene office. Margaret and Clara Ann Fischer surprised their sister, Paulette, with a birthday party Friday night on her 16th birthday. Guests met at the Durward Livengood home and all went to the Fischer home together. Guests enjoyed games of charades and cards and a refreshment plate of birthday cake. Mr. and Mrs. Joe Bob Earles and baby daughter, Lori of Weirnet, spent Sunday visiting in the community. They visited his parents, Mr. and Mrs. Jolie Earles and family and Mr. and Mrs. R. V. Earles. Joe Bob was driving a new black Renault. Mr. and Mrs. Bill Tate and family spent Saturday in Abilene visiting their parents, Mr. and Mrs. Elmer Tate and Mr. and Mrs. L. A. Bryan. Rev. Jimmy True of McMurray brought the sermon on Sunday morning at the Methodist church. He had as his guest, his roommate. They had dinner with Mr. and Mrs. John Kuenstler. Paint Creekers must buy their TB seals this year if at all possible because we and Mattson are the only schools where every child was given a T.B. patch test last year. Since we had two cases of T.B. last year in the community the patch tests were given to every child in both elementary and in high school. This year we have had a family of five to be sent to the T.B. Sanatorium, and this should make us conscious of the disease and of what it costs to test for and to treat it. Mr. and Mrs. Palacios and three of their children developed T.B. after an aunt came and stayed with them until her death, and they didn't know she had T.B. The other children are staying with their grandmother. But there has been no vaccination developed for T.B. and it is terribly contagious. As clean and healthy as the little Palacios family were they took T.B. when they came into close contact with it. So keep your stamps when they come Christmas and send your \$3, or even \$2 back to the T.E. fund so we may keep Sanatorium for T.B. patients, and may be able to test school children to keep a check on this dreadful disease. Mattson people should also buy their seals because even the adults were tested there when a case of T.B. was discovered in their community. Only these two schools were tested in Haskell County. The other schools only had a few tested in every room.

Mattson Harvest Festival Slated Friday Night

The Mattson Harvest Festival will be held Friday evening, Oct. 28 beginning at 6 o'clock. Through error, the date was listed last week as Oct. 29. Plans have been completed and the booths sponsored by the classes and organizations will be in readiness for Friday's event. The Festival is held each year to supplement the Mattson Activity Fund. The Activity Fund is used to purchase library supplies, play ground equipment, award jackets, teaching aids, athletic supplies and many others. The money raised from the Festival therefore is a very important contribution in helping the school.

Haskell Student Is Elected to NTSC Fraternity

Robert Andrew Sego of Haskell is one of ten new members of Pi Omega Pi, national honor fraternity for undergraduate business education students, at North Texas State College, Denton. Sego, son of Mr. and Mrs. Robert H. Sego, 903 N. Ave. G., is a senior business education major.

FIRE DAMAGES FARM TRACTOR

Firemen were called to the Howard Redding farm about 5 miles northeast of Haskell at 7:10 a. m. Wednesday to extinguish the blazing gas tank of a farm tractor. The tractor was virtually ruined by flames and heat, and for a time it was feared the blaze might set fire to a nearby overhead gasoline storage tank.

The submarine was not generally recognized as a legitimate instrument of warfare until the Civil War.

The SPENDERS and Inflationists

THE REPUBLICAN RECORD

Table with columns: Year, Deficit (In Billions of Dollars), Year, (In Billions of Dollars). Rows: 1953 (9.4), 1954 (3.1), 1955 (4.2), 1956 (Balanced), TOTAL (31.9 Billion). This means that the Republicans have spent a billion dollars more than they have collected in the last 4 years. This is inflation, and the erosion of the dollar. It is the biggest and longest peacetime deficit in American history.

The Republican claim that these deficits were the work of the Democratic Congress is false. During the period Congress appropriated less money than the President asked for in his budget messages. (Political Adv. Paid for by Oliver C. ...)
