### 2007 TREE SALE

Time is here once again for Sherman County Soil and Water Conservation District's annual Tree Sale. If you have any special wants or wishes as far as trees go this year, please call the office at 396-5517 ext. 3 and we will be happy to try and find what you need. We have added a lot of different species of 5 gallon potted trees this year as well as several 10 gallon potted trees, which should keep the landscape interesting. Please keep in mind, that as in years past, several species of evergreen seedlings are in VERY SHORT SUPPLY OR ARE NON EXISTENT and orders should be made as soon as possible. We will do everything possible to see that you get the trees that you want for your specific needs. Order forms can be picked up if you come by, or we can mail it if you give us a call. We can also email the order form if you supply us with an email address. Just call us or email us at swcd@xit.net.

The District can also fill requests for drip irrigation supplies. We do not keep this in stock, but will help in the design of your system and order exactly what is needed for you. Delivery is usually within three working days. On our order sheet you will notice that we can also take care of your needs regarding weed barrier. This is especially important in windbreaks because we do not want the newly planted seedlings to have to fight with weeds and grass for water. The barrier will help prevent the growth of weeds and grass and keep the moisture in the ground. The four and six foot squares are also helpful in the garden for newly planted flower beds and around newly planted landscape trees.

If you need a Tree Order Form, want to place an order for trees, have any questions regarding the trees or need help planning for your particular needs, please do not hesitate to contact the District or the NRCS at 396-5517 ext. 3.

Thank you for your continued support of conservation in Sherman County.

Dear Editor:

I appreciate you putting the story of my Southern Farm Bureau Life Annuity sale in the Stratford Star. This event actually occurred in February 2006 and it set a company record.

I did not say too much about it at the time because it was very conceivable that this record could have been broken before 2006 ended. I felt we needed to wait until December 31, 2006.

However, this annuity is still the largest ever written in the 60 year history of Southern Farm Bureau Life Insurance company. It is also the greatest amount of annuity money ever collected in single or multiple annuity sales in a 12 month period.

Thank you very much!  
Joe Flores, Agent  
Sherman County Farm Bureau

**DO YOU KNOW YOUR OWN MIND—Mrs. Nelda Sheets of Spearman presented the program "Mind Control" Friday afternoon to members of the Prospectus Study Club. The meeting was held in the County Exhibit Building.**  
**"KNOW YOU OWN MIND" IS SUBJECT FOR PROSPECTUS STUDY CLUB MEMBERS**

A thought-provoking program was presented Friday to 23 members of Prospectus Study Club when they met in the County Exhibit Building for their first fall meeting. Mrs. Nelda Sheets of Spearman spoke on "Mind Control". Her talk was based on the course of study taught by Jose Silva of Laredo. Few books are available on how to use one's mind. Nowadays, students are taught how to follow instructions, not particularly how to use his mind. She stated that there are three parts to the mind—outer conscious, sub-conscious, and unconscious. Humans are now using only 1,000th part of the mind capabilities. A lively discussion period followed.

Roll call was answered with "My wish upon Aladdin's TexasWorkshop, reported that all plans were nearing completion for the event.

All local clubwomen of both Contemporary and Prospectus Clubs are urged to pre-register with Mrs. Bill Reed before October 18. Registration fee is \$1.50 and luncheon tickets are \$2.75 for a total of \$4.25.

Mrs. Sam Lasley resigned from the club since she has moved to Amarillo and Mrs. Kenneth Kendrick was placed on the associate list. Mrs. Coy Hargrove was elected to membership.

The club will give \$60 a year to the State for maintenance of the state clubhouse for the next four years or until a total of \$300 is reached.

Mrs. V. O. Lasley, president conducted the business meeting. Hostesses for the day were Mrs. Joe Flores, Mrs. Arthur Stokes, Mrs. Phillip Miller and Mrs. Cotton Jones.

## SCDC Annual Meeting

How does that go? "Neither rain nor snow" - not even a foot of snow kept some people from coming out Saturday night for the Sherman County Development's Annual Mtg. About 40 people enjoyed the warm cozy atmosphere of the Imagination Station as they consumed ribs and brisket prepared by Texas Brand BBQ (Cindy & Lem Russell) and admired table decorations by Acquisitions. No speaker would dare come this direction with the promise of more bad weather but Kathy Allen and the SCDC Board did not let that stop them. Scribbles Designs (Lisa & Duane Mungia) put together a presentation of projects SCDC has worked on the past year. There were scenes of the old Duckwalls store and photos of the grand opening of the new Long's Ben Franklin Store. Pictures of the site where Panda will build their 100-million gallon ethanol plant and a webcam shot of the Hereford plant already under construction; just to give everyone an idea what to expect in Sherman County. There were photos of the Consumers building sometime between 1927-29, and then a bittersweet moment showing the out-of-date facility being demolished in order for a new hotel to be built in the near future. A short business meeting was held in order for the membership to approve the nomination of Jo Hinds as the 9th Member of the SCDC Board. It was a nice evening, weather and all. If you'd like to join SCDC, the dues are \$50 per year, which help with the operations of the office.

## ELK TALES

By Lynda Hauser

James Smith and Evan Haile are students of the week at Stratford High School.

We had a short week last week because of the stock show. We're back in full force now, though.

Elks and Lady Elks play West Texas there on Friday. We will have the Basketball King and Queen Coronation and pep rally at 2:00 p.m.

First grade took the TPRI this week: Texas Primary Reading Inventory. We are encouraged and excited by the growth we are seeing in our students.

7th Grade Reading: We are working on a variety of reading skills that will be tested on the TAKS test. We are not reading a class novel this six weeks. Your student should be reading at home at least 15 minutes every night. AR points will be due on February 15th.

8th Grade Technology Applications: Students are learning how to use a digital camera. This includes downloading them to their computer and then using them with many different programs.

The Conservation office made a presentation to the 5<sup>th</sup> grade on Monday. Three-week reports went out on Tuesday.

## Cards of Thanks

I find myself almost at a loss for words at all the kindness I have been shown during my recent illness. Thank you so much for all of the prayers that were said for me. For you to take the time to intercede on my behalf means the world to me. I am grateful for all of the thoughtfulness that came with all of the wonderful gifts and the delicious food. A special thanks to everyone who was able to come by and visit or send cards. They made my time in the hospital and recuperating at home so much brighter.

Dorothy Haile

Sherman County 4-H would like to extend appreciation to everyone who supported the concession during the County Livestock Show and Sale. Thanks to Connie Burton, Cindy Russell, and Belinda Hamilton for coordinating the concession. Thanks is also extended to all members and parents who donated food and worked the activity. Thanks to Moore's Food Pride, Brown's Meat Locker, Subway, Amarillo Coca-Cola, Allsup's, Miller Paper Company, Express Lanes, Stratford High School Student Council and Dairy Queen for their donations to this successful fundraiser.

We would like to thank all the buyers, contributors and anyone who supported the Sherman County Stock Show. Thank you also to the stock show board and all the parents that helped in the barns. The stock show was a success and it is because of the great community support Stratford has. Thanks again -

## The Churches of Stratford Welcome You

### A PROMISED WORLD

When Jesus preached in ancient Palestine, He was ridiculed and rejected. Why? He proclaimed the establishment of a spiritual kingdom. The Jewish people of old wanted the restoration of their own promised land. They would accept this, and this alone, as the fulfillment of ancient prophecy. As descendants of Abraham, they believed Palestine belonged to them by divine right.

What was really promised to Abraham? Look at what the—Bible says, "The promise to Abraham or to his descendants (was) that he would be heir of the world..." (Romans 4:13). There you have it. Abraham was to inherit a lot more than a little piece of real estate on the eastern shores of the Mediterranean. God promised Abraham: the whole world. Sound too good to be true? Wait a minute.

Who are the true children of Abraham? Look at this. "If you belong to Christ, then you are Abraham's offspring, heirs according to promise" (Galatians 3:29). You see, "It is not the children of the flesh who are the children of God, but the children of promise are regarded as descendants" (Romans 9:8). This means those who believe in and follow Jesus Christ will, one day inherit the world. It also means the Promised Land is the whole world. As Jesus Himself said, "Blessed are the humble, for they shall inherit the earth" (Matthew 5:5).

NOTICE OF RECEIPT OF  
APPLICATION AND INTENT  
TO OBTAIN AIR PERMIT  
PROPOSED AIR QUALITY  
PERMIT NO. 80498L001

APPLICATION XIT Concrete, Inc., has applied to the Texas Commission on Environmental Quality (TCEQ) for issuance of Air Quality Permit No. 80498L001, which would authorize construction of a Concrete Batch Plant located 3 miles west of Highway 287 on County Road Y south side of road on west section, Stratford, Sherman County, Texas. The facility will emit the following contaminants: particulate matter including particulate matter less than 10 microns in diameter. This application was submitted to the TCEQ on December 4, 2006. The application is available for viewing and copying at the TCEQ central office, the TCEQ Amarillo regional office, and the Sherman County Courthouse, 701 North Third Street, Stratford, Sherman County, Texas. The facility's compliance file, if any exists, is available for public review in the Amarillo regional office of the TCEQ.

The TCEQ executive director has determined the application is administratively complete and will conduct a technical review of the application.

**PUBLIC COMMENT/PUBLIC MEETING** You may submit public comments, a request for a public meeting, or request a contested case hearing to the Office of the Chief Clerk at the address below.

The TCEQ will consider all public comments in developing a final decision on the application. The deadline to submit public

comments is 30 days after newspaper notice is published. The purpose of a public meeting is to provide the opportunity to submit comments or ask questions about the application. A public meeting about the application may be held if the executive director determines that there is a significant degree of public interest in the application or if requested by a local legislator. A public meeting is not a contested case hearing.

If only comments are received on the application, the response to comments, along with notice of the executive director's action on the application, will be mailed to everyone who submitted comments or is on the mailing list for this application.

If a hearing request is timely filed, the executive director will complete the technical review, issue a preliminary decision on the application, and a Notice of Application and Preliminary Decision will be published and mailed to those who are on the mailing list for this application. That notice will contain the final deadline for submitting public

comments. After the final deadline for public comments following any required Notice of Application and Preliminary Decision, the executive director will consider the comments and prepare a response to all relevant and material, or significant public comments. If comments are received, the response to

comments, along with the executive director's decision on the application, will then be mailed to everyone who submitted public comments or is on a mailing list for this application.

**OPPORTUNITY FOR A CONTESTED CASE HEARING** You may request a contested case hearing. A contested case hearing is a legal proceeding similar to a civil trial in state district court. Unless a written request for a contested case hearing is filed within 30

days from this notice, the executive director may approve the application. If no hearing request is received within this 30-day period, no further opportunity for hearing will be provided. A contested case hearing will only be granted based on disputed issues of fact that are relevant and material to the Commission's decision on the application. Further, the Commission will only grant a hearing on those issues raised during the public comment period and not withdrawn.

A person who may be affected by emissions of air contaminants from the facility is entitled to request a hearing. If requesting a contested case hearing, you must submit the following: (1) your name (or for a group or association, an official representative), mailing address, daytime phone number, and fax number, if any; (2) applicant's name and permit number; (3) the statement "[I/we] request a contested case hearing"; (4) a specific description of how you would be adversely affected by the application and air emissions from the facility in a way not common to the general public; (5) the location and distance of your property relative to the facility; and (6) a description of how you use the property which may be

impacted by the facility. If the request is made by a group or an association, the one or more members who have standing to request a hearing and the interests which the group or association seeks to protect, must also be identified. You may also submit your proposed adjustments to the application/permit which would satisfy your concerns.

If a hearing request is timely filed, additional notice may be provided. Following the close of all applicable comment and request periods, the executive director will forward the application and any requests for contested case hearing to the TCEQ Commissioners for their consideration at a scheduled Commission meeting. If a hearing is granted, the subject of a hearing will be limited to disputed issues of fact relating to relevant and material air quality concerns raised during the comment period. Issues such as property values, noise, traffic safety, and zoning are outside of the Commission's jurisdiction to address in this proceeding.

**MAILING LIST** In addition to submitting public comments, you may ask to be placed on a mailing list to receive future public notices for this specific application mailed by the Office of the Chief Clerk by sending a written request to the TCEQ Office of the Chief Clerk at the address below.

**INFORMATION** Written public comments or requests for a public meeting or contested case hearing should be submitted to the Office of the Chief Clerk, MC-105, TCEQ, P.O. Box 13087, Austin, Texas 78711-3087. For more

information about this permit application or the permitting process, please call the Office of Public Assistance, Toll Free, at 1-800-687-4040. Si desea informacion en Espanol, puede llamar al 1-800-687-4040.
