Dealing With Viruses and Spyware - Part 2

A study done by USA Today and Avantgarde, a San Francisco tech marketing and design firm, demonstrated that a freshly loaded computer with no protection can be compromised in as little as 200 seconds after being connected to a broadband Internet connection. Scary, eh?

While I was writing this article, a client contacted me with a brand new computer that had already been compromised and infected to the point that it was unusable, only days after taking it out of the box.

How does it happen? Here's one of several ways: Your computer's operating system, typically one or another flavor of Microsoft Windows, is a massive piece of software, written by humans, and prone to mistakes. When some ne'er-do-well discovers a flaw that allows them to pop into your computer via the Internet, they will often place programs on your computer without your approval. These programs typically serve the purpose of utilizing your computer's resources to send out tons of "Spam" to other users on the Internet. Otherwise, these unwanted programs could contain a virus or a "back door" for the person to access deeper areas of your computer, including your personal data. These programs aren't just unwelcome pests, they can damage your computer and software as well.

Microsoft and other vendors regularly discover these software mistakes and release "patches" to prevent them from being taken advantage of by miscreants who have nothing better to do than ruin your day. In recent years, operating system and software patches have become easier to manage for end users, but you still have to make sure that you've *allowed* your computer to get them. I would venture to guess that most people reading this article are running Microsoft Windows XP on their computers. Here are two easy steps to check and be sure that you're protected:

- Make sure you are using "Service Pack 2" - a major "patch" from Microsoft. If you're not sure, *right-click* your "My Computer" icon and select "Properties" from the menu that pops up. This will open a box with some information about your computer. Look for the words "Service Pack 2" under the "System" area.
- Got Service Pack 2? Good. Go to your **Control Panel** and find the Security Center. *All three areas* - "Firewall," "Automatic Updates," and "Virus Protection" should be "On." If not, and you don't know of a really good reason why they're not, turn them on!

If you've got an older or newer version of Windows, these instructions vary a bit. Long story short: You need a firewall, a way for your operating system to update itself, and virus protection.

We'll continue our discussion next week. Feel free to write with your questions!

Ivory Leroy Walker was born Dec. 18, 1917, in Baird, the son of the late Arthur and Mary Walker. Leroy married Stella Wheat in Brownwood, Texas, at the courthouse. They married April 13, 1937 and they have stood together for more than 70 years. He started out in the Pittsburgh Steel Mills during the war and became a pastor for various Assembly of God Churches. He founded the First Assembly of God Church in Stratford, Texas after 12 years of pioneer work in Stratford they moved to Floydada, Texas, and pastured the First Assembly of God eventually moving to the farm in Bangs.

He worked for 3M, retiring in 1980. Living at the farm, he pastured the Coleman Assembly of God church and served as interim pastor for many of the churches in Brown County. His grandchildren and great grandchildren knew him as "Pops"; he will be missed.

Survivors include his wife, Stella Walker, who resides at the farm in Bangs; son, Jack Walker, who resides with his wife at the farm in Bangs; son, Dennis Walker, who resides with wife Jean ell in Richardson; sister, Billie Mae Palino of Albuquerque, N.M.; six grandchildren; and 12 great grandchildren.

He was preceded in death by his parents; and two sisters, Bernice Parrack and Ann Carney.

Chamber news

By: Cindy Jackson

The chamber would like to take this opportunity to thank, everyone that helped to create a great Jamboree, Parade and Celebration.

Again, the Chamber finds itself without a Director. There are contact numbers on the door and an answering machine. Please be patient with us as we restructure our entity. The Stratford Chamber of Commerce has always been a positive, nurturing body in this community. The Chamber is well aware of the negatives from, the past and the present. The next time the Chamber has a project, we would like for everyone in this community to do* one thing. Instead of offering us criticism would you offer us your hand? You don't have to be on the board, just volunteer for one thing. If you look at all the wonderful organizations we have in this area, you will notice that a lot of the same people are the volunteers. Unfortunately, we lose those people and we have no-one to take their place. If you (and do-mean you) would like something worthwhile to do-, we can help. The Director leads the projects and works with the Board to execute them. So-, if you find your self saying; I would like to help, then do-it

Next Chamber Project is the Craft fair on September 22, 2007 at the county barn, in conjunction with Stratford Driving Days.

We need volunteers We Need you!!!!

Call one of the following Chamber Members:

Jolie Asher 366-5521

Cindy Jackson 366-5581

Shannon Sellers 396-5681

Thank you,
The Stratford Chamber of Commerce

Auto

(NU) - As Autumn approaches, the Car Care Council reminds drivers to prepare for fall driving conditions by having their vehicles' tires, brakes and wipers checked before heading out.

Leaves can cause a hazard, whether in dry piles — obscuring potholes, curbs or street markings — or in a wet layer — making braking, steering and stopping difficult. So, checking tire tread and pressure, and brake components and fluid, are vital safety measures. It is equally important to check wiper blades and fluid to ensure good visibility.

For more information or to receive a copy of the council's new Car Care Guide for motorists, visit www.carcare.org.

Marriage Announced

Amanda Lanalle DeMent and Joseph (J.B.) Presley were united in marriage on May 11, 2007, a wedding celebration was held for the couple in Milford, Missouri July 7, 2007. Parents of the happy couple are Liz DeMent of Missouri and Terry and Gail Wells of Griggs, Oklahoma. J.B. is a 1997 graduate of Stratford High School has a SES degree from West Texas A&M University and is currently employed by the U.S. Border Patrol, stationed in Fort Hancock Texas.

Health

(NU) - According to a Physical Activity Survey conducted recently by AARP, 50 percent of people aged 18 years and older said that lack of time prevents them from being active. The good news is that, today, many companies are helping employees integrate healthy lifestyle habits into their workday.

One such company is Roche, whose program, Choosing Health, allows employees to participate in onsite health education sessions, and offers a variety of screenings and personalized health-risk assessments. Additionally, an Exercise Reimbursement Program encourages regular exercise by rewarding employees who meet annual participation criteria. The Churches of Stratford Welcome You

Today is an Adventure in Joyous Living

I set forth on the adventure of today with an expectant spirit. I expect the plans I have made to turn out well. And I leave room in today for the unplanned, the unexpected. I look for and welcome happy surprises. I set forth on the adventure of today in a spirit of faith and enthusiasm. I will make this a special day, a blessed day, by my outgoing attitude, by my enhanced interest in persons and events, by my appreciation for all the ways, large and small, in which I am continually blessed. Today is an adventure in joyous living, an adventure that leads me on the path of peace, an adventure that makes every hour a shining one that transforms every task into a labor of love. Today is an adventure in joyous living because prayer accompanies me on my way, because love, God's love in my heart, makes this a day of caring and sharing.

Shout for joy, all you upright in heart!—Psalms 32:11

Kerrick News

By Marylou McDaniel

Descendents of Mr. and Mrs. B.R. Crabtree had their family reunion August 12. There were 72 who gathered at the community building.

Pat Boren celebrated her birthday the weekend of August 12 as her family came. Granddaughter eight year old Callie decorated a cake. She had taken a cake decorating class. Here for the weekend were Joe Bill, Jennifer, Brice, Will, Ryan of Canyon and Kerry, Kelly, Kevin & Kole Carlisle of Abernathy.

Pat had expected to be in New Hampshire this week for a Roman Tynan concert, but the airline she was to go on messed things up!

Betty Henry, Stratford and Marylou McDaniel enjoyed five days in Colorado at "Fred's Spread". The weather was nice and cool! Patti McDaniel joined them for the weekend.

Donna Baker of Colorado City has had radiation and now on chemo.

Cargill Elevator hosted a hamburger/hot dog supper for Stratford Fire Dept. and EMT's August 16 at the community center. They also toured the elevator. Heath Collums was host.

Donna Gillenwaters is battling sciatic nerve problems. She doesn't know if she can teach this fall or not.

Penny Whitson, Clayton, retired from working with A & I Parts with a part at Stratford County Club on Aug. 11. He had worked with them for 28 years. Sister Jo June McDaniel and John McDaniel were among those attending.

Two with Stratford connections met in Balad, Iraq, for lunch recently! Major Kara Neuse, U.S.

Air Force, and Private Nicholas McDaniel had lunch together! Kara is Ann Johnson's daughter and Nicholas is John McDaniel's son.

Clifford Abbott, Lubbock, spent the weekend with Marylou and Mike McDaniel.

Phil Plunk and Patti McDaniel had dinner together in Denver last week. Sunday he spoke at a church about his mission work. Patti and Sharon Martensen Powell attended the service.

Sometimes It's A Small World

Private Nicholas McDaniel, U.S. Army and Major Kara Neuse, U.S. Air Force are both serving in Balad, Iraq and recently met for lunch. Even though serving in the same area, it took them a few weeks to be at their respective bases at the same time, but they finally met. They both have Stratford ties, Nicholas is the son of John McDaniel and Teri McDaniel and Kara is the daughter of Ann Johnson, daughter of Ann Johnson and the late Jim Johnson, all of Stratford.

The construction carpentry class at the TDCJ Dalhart Unit under the direction of teacher, Joe Sangster, did an outstanding job of creating a unique, small scale, Southwest-style casa. The spacious, two-story playhouse, with a rawhide colored "stucco look" exterior and natural finished wooden windows and doors make this playhouse a child's "dream-come-true." Materials for the playhouse were donated by Bartlett's Lumber and Hardware in Dalhart and Denman Building Products in Amarillo.

Entertainment

(NU) - Little did Jim Davis know — when he started sketching a fat, grouchy cat, named after his gruff, but lovable, grandfather, James Garfield Davis — what a sensation he was creating.

Fans of the "Garfield" series have certainly seen a lot of firsts, including a mention in the "Guinness Book of World Records." Today, Garfield is the most widely syndicated comic strip in the world, with more than 263 million readers daily, according to the Web site, www.garfield.com.

To celebrate the feisty feline's popularity, Fox Home Entertainment is releasing a new DVD titled "Garfield: Dreams and Schemes," featuring 15 humorous adventures — presented in English and Spanish — showcasing Garfield's classic cattitude.
