A number of well-known quartets and singing groups are expected for this year's program. One of the most popular in this area, the Stamps-Baxter Quartet of Dallas has been featured at the convention here for a number of years.

"If weather is favorable, we expect more than 1,000 singers and visitors here for the April 24 program," Chapman said.

Plenty of free parking space is available on grounds surrounding the Legion Building.

Safety in Areas of Road Construction Discussed at Meet

Measures to improve the current road program were discussed at a conference held in the Haskell County Highway Department.

W. F. (Bill) Dixon, Anson, resident engineer for the Highway Department, conducted the conference. Representatives of contractor, along with Sgt. Jirick and highway maintenance men took part in a round table discussion.

Dixon explained that since the current construction projects were on routes of present roads, traffic would constitute a major problem.

"Since the safety and convenience of the public is of prime importance, certain traffic control measures are necessary," the engineer explained.

Cooperation of all motorists in observing necessary precautions where construction work is underway is desired. Contractors and highway department engineers and maintenance workers will do everything possible to prevent any unnecessary interference with traffic, Dixon said.

Construction work on the three Haskell County F-M projects is due to start this week. First job will be F-M 2183 north of Haskell.

Another project is between Rule and Rochester, and the third is an extension from F-M 618 to the access road leading to the Pain Creek WTU plant.

T. O. Kean, superintendent for Younger Construction Co., said that construction work would require approximately 100 working days, with completion due around the latter part of August.

Conner Speaks to Lions; Date of Broom Sale Set

With Theron Cahill in charge of the program, Haskell Lions had a busy schedule on the agenda at the Tuesday noon luncheon session, at which time Charlie Conner, County Democratic Executive Committee Chairman, spoke to the group, and the date of the club's broom sale was set for Friday, April 22.

Residents are asked to keep in mind that the Lions Broom Sale is to be held on Friday, April 22, at which time members of the club will canvass the city to sell brooms, mops, clothes hangers and clothes brushes.

The Texas Lighthouse for the Blind, make and furnish the brooms, mops, and brushes, and the sale of these items will not only help the blind, but funds subscribed by Lions from the project will be used by the Haskell Lions Club for local worthwhile projects such as purchasing glasses for some child, etc.

In his talk Mr. Conner pointed out the workings of the political party, such as precinct conventions, procedure of county and state conventions, etc.

Mr. Conner also told of the new voting laws, and emphasized that persons voting must show their poll tax receipt or exemption certificate to the election judge when they go to the polls. Absentee voting in the first Democratic Primary begins April 17 and ends May 3, Conner said. He also informed Lions as to the other important dates on the political calendar.

"Day of Triumph" To Be Presented In Haskell During Easter Season

The Progressive Study Club of Haskell will sponsor several showings at the Texas Theatre in this city Thursday, April 21 of "Day of Triumph."

Proceeds of the show will be used for the Youth Center fund being raised by the study club.

It has taken a man of the cloth to rectify one of the talk-show screen's greatest omissions until now—a full-scale portrayal of Christ with voice and color.

Entitled "Day of Triumph," the Biblical spectacle is a Jack K. Friedrich production for Century Films.

Though "The Day of Triumph" is the Rev. Dr. Friedrich's first theatrical screen production, he is no tyro at film-making. As founder-president of Cathedral Films, he has made a total of 52 short religious films for exhibition in churches of many denominations. But he took leave from Cathedral to make the new picture for the major theatre circuits.

Through all of the 16 years since he came to Hollywood from his native Red Wing, Minn., he has dedicated himself to the eventual project of doing the Christ story on a scale commensurate with the significance of the subject.

Dr. Friedrich found no inconsistency between the demands of entertainment and his principal story source, the Holy Bible. It is not far and away the world's consistently greatest best seller without good reason.

To do the screenplay Dr. Friedrich assigned one of the industry's leading scenarists, Arthur T. Horman.

Horman did the exquisite exhaustive research over a period of five years—three of them before putting pen to paper.

It will be seen from all this that not only does "Day of Triumph" fill a long void on the talking screen, but in doing so may also do what "King of Kings" has done be-

Some West Central Water Bonds Will Pay 6 Per Cent

Sale Tuesday of \$9 million bonds of the West Central Texas (Abilene) Municipal Water District revealed that some of the first maturing bonds, from 1961 to 1975, will pay 6 per cent interest.

The 6 per cent rate compares with the 4 1/2 per cent interest to be paid on the \$3,800,000 issue of North Central Texas Municipal Water Authority, according to the application now pending with State and Federal Agencies.

New City Officials Take Office; Byrd Resigns

A new city administration, headed by Mayor J. E. Walling, took office Tuesday night and moved quickly in carrying out their avowed platform by adopting a resolution asking the board of directors of North Central Texas Municipal Water Authority to take immediate steps toward disbanding the water district.

The smooth-moving session was opened by outgoing Mayor Ira Hester and Alderman Jim Byrd, Myron Beard and Barney Frazier present. After canvass of the April 5 election returns, Mayor Hester declared the results and the new officials, Mayor Walling, Aldermen R. L. Stephenson and Otho Nanny along with Jim Byrd, re-elected, took office.

Mayor Hester, in retiring, expressed his appreciation to Council members for the pleasant relations and extended his best wishes to the incoming officials.

As first item of business of the new Council, time for regular meetings was set at 7:30 p. m. each second and fourth Tuesday. Then, Mayor Walling announced commission appointments as follows:

Water and Finance Commissioner, Jim Byrd; Sanitation, Myron Beard; Street, Barney Frazier; Police and Fire, R. L. Stephenson; Park, Otho Nanny.

A discussion concerning leasing of the municipal swimming pool in Rice Springs Park followed, with the matter being left to Park Commissioner Nanny for his decision. He might recommend a Resolution asking the NCTMWA directors to take steps to disband the district was presented by Mayor Walling, who explained that this action was recommended by an organized group of citizens.

Byrd Resigns

Discussion of the resolution brought out the fact that Alderman Jim Byrd, just starting a new term, had presented his resignation effective May 1, which was accepted later in the night's session.

Resolution against the water district was adopted on a motion by Alderman Stephenson, seconded by Nanny, voting for were Nanny, Stephenson, and Beard, with Alderman Frazier voting against adoption and Byrd not voting.

A copy of the resolution is to be furnished the water district directors.

A pending request of Lone Star Gas Company for a small rate increase, was tabled until a meeting can be arranged with company representatives.

A special election will be necessary to choose a successor to Alderman Byrd. Mayor Walling suggested that the matter be referred to City Attorney Dennis P. Bailiff for an opinion as to when the election could be held.

Annual Pinkerton-Whitman Reunion Will Be Held on May 14 This Year

The annual Pinkerton-Whitman Reunion will be held this year on May 14—second Saturday in the month—at the American Legion auditorium in this city, according to Claude Ashley, president of the reunion and homecoming association.

Change of the reunion date from the first to the second Saturday was made necessary because the American Legion reserves every other Saturday night for a Legion event, and it happened that the first Saturday in May was so scheduled. Also, the first Saturday is date for this year's First Primary.

All old-timers and former residents of the Pinkerton, Whitman and Foster communities are reminded to mark May 14 on their calendar and make their plans to attend this year's reunion and homecoming.

No set program is planned, and visiting, renewing acquaintances, group singing will be the order of the day. The event brings together friends who have not seen each other in years, with many persons coming long distances to attend.

A basket dinner will be spread at 5 p. m. as one of the reunion highlights. Everyone attending is asked to bring a basket for their family.

Former students of Texas A&M College of Texas who live in North Central West Texas will gather at the exhibit building at the fair grounds in Haskell at 7:00 p. m. All former students regardless of duration of attendance are urged to retrace old acquaintances on that date.

The Haskell Muster will be one of the more than 500 similar ceremonies held all over the world where Texas A&M College former students pay homage to their fellow classmates who have passed on, and a humble tribute to the Texans who won freedom of the State at the Battle of San Jacinto near Houston some 124 years ago. The April 21 Muster is one of the greatest traditions to be found in American colleges and universities, and thousands of A&M men participate in the program each year. A special invitation to all A&M ex-students living in this area is extended. Food will be served.

Clean Up Vacant Lots

Is your neighborhood short on play space? With the closing of school not many weeks away, youngsters are going to need playing room.

The National Board of Fire Underwriters, in offering suggestions for Spring Clean-Up Week, reminds that cleaning up vacant lots will provide more play space for children, and eliminate the fire hazard that goes hand-in-hand with empty lot rubble.

A few good men with rakes in a single Saturday morning can convert an empty lot into a place for softball batting practice.

What Wise Men Have Said

Plato: The penalty good men pay for indifference to public affairs is to be ruled by evil men.

Apostle: To him that knoweth to do good and doeth it not, to him it is a sin.

Dante: The hottest places in Hell are reserved for those who in a period of moral crisis maintain their neutrality.

Burke: All that is necessary for the triumph of evil is that good men do nothing.

Lincoln: To sin by silence when they should protest makes cowards of men.

Bryce: There is no influence in any community more potent and powerful for the accomplishment of good than that of the business and professional men unselfishly banded together for the purpose of promoting the general welfare of the entire citizenship.

Tall Task for Texas

A 30-member committee appointed by Gov. Price Daniel will meet May 16 to begin work on a tall task.

Assignment of the State Finance Advisory Committee will be to suggest every possible economy in state government and recommend a tax program to put the state on a sound financial basis.

For the immediate future the tax program is to wipe out the general revenue fund deficit, which the governor estimates will be \$40,000,000 at the end of this fiscal year, and provide \$35,000,000 for teacher pay raises.

Gov. Daniel said he would ask the committee to search for revenue sources other than a general sales tax or state income tax.

He hopes, said the governor, that the committee will work out some recommendations soon so that a special session can be called this year to pass teacher pay raises. Under Texas' requirement for pay-as-you-go financing, the Legislature would have to pass taxes to wipe out the deficit before it could vote funds for the school improvement program.

PEOPLE, PLACES AND THINGS

By A. PATE

The first Easter Parades weren't the fashion shows Irving Berlin wrote about, but the celebration of a "new life."

The custom of wearing new clothes on Easter Sunday dates from the early days of Christianity, when newly baptized Christians were clothed in garments of white linen.

Researchers with World Book Encyclopedia report that baptism has always been closely associated with Easter. Just as the Resurrection of the believer into a new life.

In the early Church, Lent was the annual season of preparation for baptism, and the sacrament was celebrated on Holy Saturday during the Easter Vigil.

Eventually all Christians began to dress up for a joyful parade through town—much to the joy of today's clothing manufacturers.

In fact, it might have been an early advertising executive who coined the English rhyme "At Easter let your clothes be new, or else be sure you will rue!"

A custom that has almost disappeared in the old-fashioned Easter Egg hunt, a major event each spring in the lives of school children of an older generation.

Most popular site for the hunt was on Spring Branch in the vicinity of the old South Ward school. Youngsters from all over town would congregate and in the excitement of hunting for the brightly colored eggs, school rivalry was forgotten momentarily.

At all other times there was an intense rivalry, sometimes bordering on outright hostility, between student bodies of the South Ward, North Ward, and East Ward schools.

Clay Smith tells about the Australian bushman who's wife gave him a new boomerang. The fellow almost wore himself out trying to throw the old one away.

District Clerk Carrie McAnulty is vacationing in California this week and next visiting in the home of Mr. and Mrs. Ed Steenson and Mrs. May Kinnison in Los Angeles. The three women are sisters.

By pure coincidence, of course, the popular court official timed her visit on eve of opening of the major league baseball season. As a result, she will be in the Los Angeles stands Saturday for the pre-season game between the Dodgers and Braves.

Mrs. Williams, employed in the Los Angeles office of a major air line, came last week for a visit here with Mrs. McAnulty and other relatives and friends.

Tuesday, the two women left Abilene by plane for Dallas. At that point they boarded a jet airliner for the trip to Los Angeles, arriving at their destination three hours later.

Persons coming to town around 7 a. m. Thursday were surprised to see a small herd of goats trotting down Avenue G, heading south. The goats, paying no attention to passing cars, stopped occasionally to nibble a tender flower or weed from someone's lawn.

No telling where the goats would have ended up had not someone got word to Brooks Middleton. Cowboy Brooks rounded up the herd and penned them inside the fence around the city wells and water tower where they remained until the owner was located.

Brooks had a ready explanation for the goats migrating southward. Said the herd had just learned the outcome of Tuesday's election here. "Those goats reasoned that Miller Creek was going to be dried up and were heading south for water—a follow the leader situation," Brooks explained.

A fellow who grew up in the old Cottonwood community told us the other day that Stanley Furrh was one of the top basketball players in this section of the country during his school days. Naturally, that's been a good many years back.

Checking with Stanley, he admitted that he did play quite a bit of basketball when a youth. Then got around to an incident when he got his first basketball suit.

He and another young man, both about 17, were "baching" on one of his dad's farms, looking after the livestock and taking care of the place. Stanley had ordered a basket-

ball suit from Sears-Roebuck and the mail carrier brought it one cold February day.

Stanley could hardly wait to try it on, and that night after he and his buddy had finished milking the cows and feeding the livestock, Stanley tried on his new playing suit.

His partner, looking on admiringly, remarked: "Bet you can't run around the house while I count to 20."

"Start counting," Stanley answered as he darted out the door. Circling the house in almost nothing flat he found the door closed and locked and heard his friend laughing. Almost freezing, he had to plead for several minutes before his friend would relent and let him inside.

But it wasn't long until Stanley had his inning.

The two boys did their own cooking and laundering. One wash day they had hung their clothes on the line to dry, including a pair of "long handled" underwear belonging to Stanley's buddy.

About dusk when the two youth started to the lot to milk, a flock of ducks came over

and circled a nearby tank. Stanley told his friend, "You go ahead and milk, and I'll get my gun and get us a duck."

Luckily, he bagged a mallard and returning to the house, noticed his friend's "long handled" and an idea struck him. Firing from about 50 yards, he made a perfect shot.

Then going to the cow lot, he told his friend "Just shot at a hawk, but missed. While you finish milking, I'll take in the clothes from the line."

He folded the clothes nicely and put them away. A few

days later his a change of his look, and he looked blankly at my clothes!

Story of the Resurrection

not hold Him for as the Bible says "since by one man came death, by man also cometh the resurrection of the dead."

The Real Truths And Meaning of Easter

Easter and spring are so closely associated in time that we have come to associate them in meaning as well, comparing the awakening of things of nature to the awakening of men's hope and faith through the resurrection of Jesus.

The Hope of Easter!

More than 1900 years ago, in the early light of the first day of the week after Jesus was crucified, the Risen Christ gave to Mary, and through her to the world, a glad message of hope.

ANNUAL SPRING SALE OF GOLD STAR AWARD GAS RANGES AT GAS RANGE DEALERS AND LONE STAR GAS

It is a message sorely needed in these distressing days. For still there are men and women whose hearts have been broken by cruel circumstances. Still there are men and women whose hopes are faint. Still there are men and women whose courage is in danger.

A new dawn broke over the world when those troubled women, in the first rays of that morning light, found life and an open tomb when they expected a sealed tomb and death. A Messenger in white spoke the most glorious word ever uttered to mankind: "He is not here! He is risen!"

That hope has been the imperishable faith of the Christian Church since that day. Our Lord, having risen as the first fruits from the dead, revealed the mansions of greater glory for Him, and likewise for us all. "Because I live, ye shall live also."

This is our faith; this is the great hope that EVERY FIRST DAY OF THE WEEK brings to the world of true Christians. The true Christian will want to be in the Lord's house every Lord's day to bear witness that Christ Jesus LIVES! He lives in the hearts of all those who love and obey Him.

By Guy I. Harris, Minister of the Christian Church.

"Be Still and Know..."

Like many of our holidays Easter has become so commercialized that we must pause in our busy life in order to see the real meaning of this blessed occasion. We think of the words of the Psalmist when he said "Be still and know..."

Easter is a reminder not only of the resurrection but also of the miraculous life which our Lord lived among men. As we look at that life which is our example, we see that it was one spent entirely in service of others. He was completely unselfish. The scripture tells us that He went about doing good, healing the sick, restoring sight to the blind, raising the dead, and preaching the gospel of the kingdom.

Not only do we think of His marvelous life at this season, but especially do we think of His substitutionary death. Each of us should remember if justice should take its course, that upon the cross instead of Christ would hang you and me. It should have been your hands and mine that the nails pierced. It should have been your feet and mine that were nailed to the cross.

Most of all on Easter we think of the resurrection of our Lord. After He had lived the sinless life and died the vicarious death He came forth to proclaim that salvation was free to all who would come in simple child-like faith. May the Lord bless each one of you with the joy of the new life in Christ and the happiness of this Easter season.

Anyone who's looked around knows the majority of Chevrolet models—6's and V8's together—list for less than comparable models of other low-priced cars. But the price tag alone is only one of a whole raft of reasons a Chevy does better by your dollars. Nothing near Chevy's size and price can match the Full Coil cushioning of its ride, or the fine, finished workmanship of its Body by Fisher. That even applies to some cars that cost a lot more. You're up in the higher price brackets before you find a car that moves as quietly as a Chevrolet or offers the inner space that Chevrolet does. Or look at the extras Chevy gives you—at no extra cost—that others in its class can't offer at any price. Shock-cushioned steering, Safety Plate Glass in every window. Keyless locking of all doors. Carolyn Sue Josselet, James M. Norman Repeat Nuptial Vows In Church Rites

MRS. JAMES M. NORMAN

Against a background of greenery and candle arrangements flanked on either side with tall baskets of white gladiolus, wedding vows were exchanged by Carolyn Sue Josselet of Brownfield and James Melvin Norman of this city Sunday afternoon at 3 o'clock in the First Baptist Church. Pews were marked with candles and white ribbon streamers.

Officiating for the double ring ceremony was the Rev. M. D. Rexrode, pastor.

Wedding music was presented by Mrs. F. W. Martin, organist, and Clyde Childress of Abilene, cousin of the bridegroom as soloist.

The bride, given in marriage by her father, wore a formal gown of ivory beau de soie and Chantilly lace. The moulded bodice, with a scalloped neckline, long tapered sleeves, and buttoning down the back with tiny covered buttons was of all lace. The bouffant skirt had an overskirt of the same lace. Jetton Family Reunion Held In Jacksboro

Descendants of the late Mr. and Mrs. W. R. Jetton met Sunday, April 10, at Jacksboro, Texas, for a family reunion. This was the second year the family met at old Fort Richardson where the original hospital building of an old Army post has been kept repaired and is the scene for many reunions, judging from the register book.

Many old war relics, as well as many other interesting articles are kept there. The building is well equipped with kitchen, dining room, and comfortable seating for large gatherings.

Since last year's reunion, part of a Western movie had been filmed on the grounds. Some of the "props" were still there, including a saloon and Wells Fargo office building. All these were quite fascinating to the youngsters as well as adults.

A bountiful lunch was served at the noon hour and plans were made to meet there next year on Easter Sunday.

Of the eight children in this family, seven have attended the reunion each year. Last year Mrs. Ruth Gilbreth of Taft, Calif., was unable to attend. This year a son, Roy Jetton of Denver City, Texas, was not present. There are 87 living descendants. Only three in-laws, four grandchildren and great-grandchildren have died.

Those present Sunday were: Mr. and Mrs. M. H. Jetton of Fort Worth and their children; Mrs. Lee Bolles and daughters, Mrs. Barbara Scott, Debbie Bolles, a grand-daughter, Vickie Scott, all of Fort Worth.

Weldon Jetton and children, Gloria Ann, Weldon Jr., Kenneth and Jerry Don of Petrolia.

Mr. and Mrs. Ralph Jetton and children, Reese, Charlie, Judy, Robert and Nancy of Ft. Worth.

Mr. and Mrs. T. F. Phegley, Sandra and Mary Gail of Fort Worth.

Mr. and Mrs. T. W. Jetton of Weintert; a daughter, Mr. and Mrs. R. H. Jennette and Patti of Wichita Falls, Mr. and Mrs. Ted Jetton and Bill of Weintert; their daughters Mr. and Mrs. Tom Clark and Wade of Electra, Mr. and Mrs. Ernie Frantz and Kelly of Mesquite, Texas, Mr. and Mrs. Don Stafford and Kim of Haskell.

Mrs. Ruth Gilbreth of Taft, Calif., Mrs. F. E. Hickey and children, Mr. and Mrs. Hugh Hickey, Mr. and Mrs. Bill Morrow, Forrest and Scott of Gainesville; Mrs. Joe Bill Collins, Eddie Mark and Reba of Lubbock; Mr. and Mrs. Joe Hix and Sherry of Weintert; Mr. and Mrs. J. L. Savage and Kenneth of Roby.

AMARILLO VISITORS
Mr. and Mrs. Howard Montgomery and Mrs. J. L. Dilbeck of Haskell visited in Amarillo over the weekend with Mr. and Mrs. Billy Alton Dilbeck and the couple's new daughter, Lisa Ann. While there Mr. and Mrs. Montgomery also visited Mr. and Mrs. Horace Ammons of Amarillo. On their return trip Sunday they visited Mrs. Catherine Terry of Petersburg, Texas. She is a sister of Mrs. Laura Overton of Paint Creek.

This observance gave all members a special opportunity to acquaint others with the significance and functions of the FHA organization.

On Sunday the chapter attended church together as a group at the Orient Street Church of Christ in Stamford.

Tuesday night the chapter sponsored a FHA-PFA Hayride. A large majority of members of both organizations attended. The hayride was held on the R. V. Earls place on Lake Stamford. The chapter parents and others friends helped to prepare and serve the food, supplied trailers, tractors, and drivers.

One evening, Wednesday, was spent enjoying each other's company and talking over good times through FHA at a Coke party in the Homemaking Department.

The other days of the week were spent telling others of the national organization. Members of the Paint Creek chapter wore ribbons, displayed flowers and displayed an exhibit.

Fire Prevention Speaker's Topic At H-D Club

County Judge Jim Alvis and City Fireman Floyd Lusk were speakers at the regular meeting of the Home Demonstration Club Tuesday afternoon in the home of Mrs. Carl Bailey.

Mrs. Paul Cothron read a poem as the opening number, and the group sang "Easter Parade." Mrs. Martin Rueffer presided and roll call was answered with the telephone number of the fire department.

In their talks, Judge Alvis and Mr. Lusk stressed fire prevention in the home. Carelessness is the major cause of all home fires, and the majority of these could be prevented, they explained. Grass fires are the most common threat in rural areas during the winter months, the firemen pointed out.

Refreshments were served to Mrs. J. P. Perrin, Thurman Howeth, Layton Robertson, J. L. Toliver, C. A. Thomas Sr., Martin Rueffer, Stella Holt, Miss Barbara McAnelly and the hostess, Mrs. Carl Bailey.

The farm-to-market road from Sagerton to Tuxedo has been completed, and the contractor who did the work is now paving south and west of St. Paul's Lutheran Church and on the school tennis courts.

Mr. and Mrs. Zenor Summers and Mike went to Fort Worth last weekend.

Mrs. Henry Laughlin, who has been living in a rest home in Fort Worth, was taken to All Saints Hospital there last week and is very ill. Her sister, Mrs. Oscar Neinst and Mr. and Mrs. Bill Stanhope went to visit at her bedside last week and Mr. and Mrs. Cliff LeFevre and Delbert LeFevre went to see her Sunday, and she was slightly improved Sunday. Mr. and Mrs. Laughlin lived here for many years, and Mr. Laughlin is a retired mail carrier. They moved to Fort Worth last summer.

The pre-school clinic was held at the Sagerton School Monday, April 11 and four children attended who will be in the first grade next year. They are Diane Monse, Ruth Hertel, Rickey Lehmann, and Stella Gomez. There may be others to join them in the first grade next fall.

Eighth Grade Banquet
Members of the eighth grade class and teachers of Rule Elementary School were honored with a Shangri-La Banquet Saturday evening, April 9, in the school cafeteria. Decorations were on the Oriental theme, with wind chimes, lanterns and crepe paper streamers suspended from the ceiling. A dragon, fans, and a Buddha and temple added to the beauty of the banquet room.

Students entered the room in a promenade for parents and guests, as Mrs. Mary Gibson played "Japanese Sandman." Following the invocation by David Verner, Eddie Jones, class president, gave the welcome and introduced the program. Judy Gibson sang "In the Garden of Tomorrow;" Judy Marquis read the class prophecy; and Annette Higgs and Sharon Fischer sang "Moments to Remember."

After the reading of the class will by Douetta Barbee, Richard Mathis introduced the speaker for the evening, Mrs.

Joe W. Cloud of Rule. Mrs. Cloud holds a Masters degree in Far Eastern and Russian History and Language from Stanford University in California, and spent several years in the Orient as a member of the Foreign Service of the U. S. Dept. of State. She gave a most interesting talk on customs and places of interest in the Orient.

The class then promenaded and each of them received a large coolie hat as a favor. After the school song, Connor Horton, school superintendent, gave the benediction. Mothers of the class members prepared the banquet, and were assisted in serving by seven girls from the 7th grade wearing Chinese dresses: Carol Gann, Kenny Ross, Pat Thompson, Jana Kille, Linda Simpson, Claire Wright and Charlene Wood.

We realize the laudable part our churches play in community life, their contribution in both a spiritual and material sense toward community welfare and common good. These churches, their teachings and membership exert a tremendous influence that touches every home every business. This function they have in common with our schools, civic bodies and other organizations all of whom through various methods perform services for the good and benefit of all. In recognition of splendid ideals and achievements of the Haskell churches, we urge everyone to attend an Easter church service.

Dr. Middleton Installed Head Of T-B Assn.

Dr. Robert Middleton was installed as president of the Haskell County Tuberculosis Association on Monday evening, April 11 in an impressive ceremony.

Mrs. R. C. Couch Sr., was installing officer. The theme she used was "Hands." Each incoming officer was presented with a hand painting of "Praying Hands." Mrs. Couch began with the old art of palmistry and of reading the lines in the hand. Three outstanding were: the life line, the head line and the heart line. These three should be especially strong in the hands of the officers of the TB Association.

The line of life would indicate the individual is intensely interested in his own health and the health of those about him.

The line of the head should be strong in the hands of our officers for it is on their clear thinking and planning of the year's work and program that the success of the association depends.

Third, the line of the heart, we think of love, sympathy and mercy.

The president's hands will be the guiding hands for the whole organization. It will be through his leadership and example that all hands will be kept busy and useful.

Friendly and creative hands are needed for the 1st vice president and cooperative hands are needed for the first vice president and cooperative hands.

Installed with Dr. Middleton were Wallace Cox Jr., first vice president; Mrs. Fred Monke, second vice president; Mrs. C. O. Holt, secretary; Mrs. C. V. Payne, treasurer.

The outgoing officers gave their yearly report. Mrs. Marvin Hicks as president, Mrs. Dan Wadzeck, treasurer, and Mrs. R. A. Shaver, secretary, all of Rochester, Mrs. Fred Monke, who is on the State TB Board, reported on the State meeting held in Abilene in March.

During the past year's work the association sponsored the TB patch tests, approximately 1000 were given to children and adults.

There have been 25 actual cases of tuberculosis in Haskell County this year who have been sent to the Hospital. There were eight in one family that was detected and all have been hospitalized.

Dr. Middleton said we could completely eradicate tuberculosis in one generation with complete isolation.

One of the objectives for the coming year is to do all that is possible to detect and hospitalize those who are found to have tuberculosis.

Years ahead in style... that's why Ford is far ahead in sale

The "bug" bites thousands of people every week. They've been driving high-priced cars year after year. But suddenly they sprout out in 1960 Ford Galaxies, pleased and proud as punch. They're switching to Galaxie because they want that years-ahead Thunderbird look, with a glamour and grace that won't ever wear thin. They want that Thunderbird engine—that Thunderbird eagerness—those undistilled Thunderbird thrills.

They're going for Galaxie because Galaxie gives them—in look and in deed—an elegance denied to all but costlier cars. And Galaxie gives them all this for far less than what they've paid in the past... plus a high resale value! And these selfsame values are crafted into every car we sell—from Thunderbird to new Ford Falcon!

Come let us prove it!
