In Brief

GNP said up

WASHINGTON (AP) -The U.S. economy started growing again in the spring, the government reported today, but the barely perceptible 0.4 percent annual increase raised new concerns over whether the recession is really over.

The Commerce Department said the gross national output, the country's total production of goods and services, expanded in the April-June quarter following two consecutive quarterly declines.

GNP fell by 1.6 percent in the October-December period and by an even sharper 2.8 percent in the January-March period, meeting the classic definition of a recession as at least two consecutive declines in GNP.

Says Richards...

Take your choice: lottery or tax bill,

AUSTIN (AP) - Gov. Ann Richards says she believes the special session on the budget is going well, but warns that if the Legislature fails to adopt a lottery "a larger tax bill" will be need-

"We have to have that lottery," Richards told reporters Thursday.

"Unless that lottery is voted on affirmatively this session then we're back into talking about a larger tax bill, and that is something that we can avoid if we pass this lottery," she said.

Lawmakers face a projected \$4.8 billion revenue shortfall to continue current services for 1992-93.

A lottery would provide about \$450 million during the two fiscal years, according to budget experts.

Establishing a lottery would require a two-thirds vote in the House and Senate, and approval by Texas voters. Lottery proposals have consistently been killed in the House.

Richards said Texas voters would support the game. "I've always known that the people want it. My hope is that the people will write their legislators and call their legislators, because the opposition is the one that they hear from," she said.

On the progress of the session, Richards said, "We're on track."

Official optimistic over grant application

Things are looking up for customers of the county-owned Hermleigh water works system, Hermleigh residents were told in a public hearing Thursday night.

The hearing, the first of two, was scheduled to discuss a grant application of some \$250,000 through the Texas Department of Commerce to fund updates in the dilapidated water system which services some 350 residents.

"It looks good. We've got our hopes up," Precinct 4 Commissioner Jerry Gannaway said of the grant application.

The grant is part of the Texas Community of Development Program of the state commerce department. The county will apply for the maximum \$250,000. A matching five percent - \$12,500 will be added from system

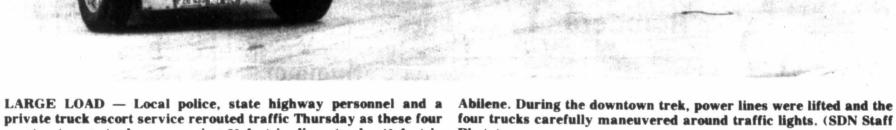

Commissioners were told early this year that the system is in violation of several state codes. The grant application to fund repairs seems to have bought the county some time.

If the grant is approved, Gannaway said the largest portions of the monies would be used to replace existing water lines. "The pipe was laid in 1927 and a lot of the original lines are still there," he explained.

Currently, Todd Engineering of Abilene is conducting an engineering study to accompany the grant application. Gary Traylor and Associates of Lubbock will write the grant.

A second public hearing is scheduled for 7 p.m. Aug. 8 at Hermleigh High School and commissioners are expected to sign a resolution during their Aug. 12 meeting to apply for the grant. The application deadline is Aug.

Gannaway noted that it would be the end of the year before the application is approved or rejected. If approved, construction could begin next summer.

WASHINGTON (AP) — A new a statement. court ruling puts the regional Bell telephone companies a step closer to the day when they may begin providing home shopping, banking, stock prices and geewhiz products such as two-way interactive video, all through the phone.

The seven giant phone companies say consumers and small businesses should welcome the prospect, which was made possible Thursday when U.S. District Judge Harold Greene lifted part of a federal consent decree that had prohibited provision of such services by the Bell companies.

But a consumer advocate said the ruling clears the way for another phone monopoly — one that will prove costly to regular

Asset sales boosts Mesa

DALLAS (AP) — Mesa Limited Partnership lost \$1.3 million in the second quarter, a sharp drop from last year's \$50 million loss largely due to the sale of some of its natural gas

Mesa Thursday said the loss amounted to 20 cents per partner unit and came on revenue of \$44.9 million. During the same quarter last year, Mesa lost 49 cents a unit on revenue of \$66.9 million.

Mesa, led by general partner T. Boone Pickens, finished a \$1 billion restructuring of its longterm debt during the quarter.

> Dr. Gott Peter Gott, M.D.

DEAR DR. GOTT: I take 5 mg of Coumadin per day for blood clots formed in my leg 10 months ago after having broken my ankle. My sister takes 7.5 mg per day for clots in her lung, and a friend takes 10 mg for clots that formed several years ago. My sister's doctor says she can take an occasional drink, my friend's doctor says she can take aspirin and my doctor says no to both - as does the information that comes with the drug. I will continue to follow my doctor's advice but would appreciate your comments on these vastly differing

points of view DEAR READER: Before tackling your question about the interaction of drugs, I'd like to comment on the indication for using Coumadin (warfarin), a potent anti-coagulant.

People who must undergo periods of enforced inactivity, such as bedrest following an operation or curtailed walking because of a fracture, are at increased risk for thrombophlebitis, blood clots that form in the leg veins because of sluggish circulation. This situation is dangerous because pieces of the clot can break away and be carried to the lungs, leading to chest pain, shortness of breath and - in extreme cases — death.

Therefore, many doctors routinely administer anticoagulant drugs to post-operative patients and those individuals recovering from severe fractures of the lower extremities.

However, once the fracture has been casted or surgically corrected or healed, usually about eight weeks - the risk of thrombophlebitis diminishes and the drugs can be stopped. Patients with pulmonary embolism (blood clots in the lungs) are usually required to take medicine, such as

Coumadin, for a year or so. Those people who simply have blood clots in the leg veins can ordinarily discontinue medicine after a few weeks, or once

they are back on their feet. In your case, the doctor apparently has you on long-term anticoagulation. The reason for this is unclear but is something about which you might

With respect to drug interactions, not all the physicians you mention are correct. Aspirin will accentuate the anticoagulant properties of Coumadin and should be avoided by any patient on this drug.

The case against alcohol is less compelling. True, excess alcohol can interfere with clotting (and the effect of Coumadin) by affecting the liver. But an occasional drink should not. Therefore, while I respect each doctor's opinion about aspirin/alcohol-/Coumadin interaction, I believe that an across-the-board prohibition about alcohol is unjustified. Again, you should question your physician about

Once the acute thrombophlebitis has subsided and a person has returned to a normal, active life, one aspirin every day or two may retard clotting enough to provide a safe and inexpensive alternative to Coumadin, in the rare instance when continued anticoagulation is advisable.

Tex Schramm to be inducted

Schramm isn't sure what his legacy will be, but he knows what his proudest achievement is.

'Twenty winning seasons, 18 playoffs and doing it with an organization that was looked upon as having style and class," he said. "The Cowboys per-sonified what winning and what the National Football League is all about."

Schramm, a contributor to the NFL for 43 years, heads a fiveman class that will be inducted into the Pro Football Hall of Fame Saturday. Joining him will be guard John Hannah, running back Earl Campbell, offensive and defensive lineman Stan Jones and placekicker Jan

of fame means so much to him. "This is something that's very,

very special," he said. "When you're working through the league, as I did for 40 years, you see people who in your mind are great, who you put on a pedestal. They're your idols, your heroes. Then all of a sudden, you come to the realization you'll be joining them and that there are people in this league who are going to be looking at you like I looked at

Schramm will be presented by the man he hired as the Cowboys' first coach, Tom Landry. Two other players who Schramm brought to Dallas and played pivotal roles in the team's success - Bob Lilly and Roger Staubach - already are Hall of Famers.

Hannah spent all 13 seasons of his NFL career with the New England Patriots. The former University of Alabama lineman was named All-Pro for 10 straight years, 1976-85. He's the first Patriot to be inducted.

Campbell came out of the University of Texas to lead the league in rushing with 1,450 yards, winning Rookie of the Year and Most Valuable Player honors. In eight years with the **Houston Oilers and New Orleans** Saints, Campbell ran for 9,407 yards and 74 touchdowns.

Stenerud, the second-leading scorer in NFL history, is the first pure placekicker to be inducted. He scored 100 or more points seven times during his 19-year career with the Kansas City Chiefs, Green Bay Packers and Minnesota Vikings and finished with 1,699 points, trailing only George Blanda.

Induction will take place on the front steps of the Pro Football Hall of Fame.

UT QB seeks BYU transfer

DALLAS (AP) - Redshirt quarterback Steve Clements, the state's 'all-time leading passer and one of the country's mostly highly recruited players as a senior at Huntsville High School, intends to transfer from Texas to Brigham Young, a Dallas newspaper reported today.

The newspaper reported that Clements, a 6-3, 185-pound freshman, made the decision after meeting Thursday afternoon with Longhorns coach David McWilliams concerning his playing time. Clements' father, Huntsville coach Joe Clements, also attended the meeting.

A source told the newspaper that Steve Clements was upset because the preseason depth chart listed him behind junior starter Peter Gardere and sophomore Jimmy Saxton and ahead of only fellow redshirt freshman Chad Lucas, a converted linebacker.

The source also said McWilliams reportedly doesn't plan to release Clements from his scholarship. Texas baseball coach Cliff Gustafson would not release Reid Ryan, Nolan Ryan's son, when the younger Ryan wanted to transfer to Texas Christian University.

"I can't talk about the (possibility of McWilliams' blocking the transfer) because that would be confirming it," Joe Clements said.

Steve Clements set a Texas high school career passing record of 8,204 yards at Huntsville, including 3,712 yards and 35 touchdowns as a senior in 1989 while leading the Hornets to the Class 5A state quarterfinals.

Stoudt, Blake impress coaches in scrimmage

AUSTIN (AP) - Controlled scrimmages are drudgery to most players but Cliff Stoudt and Ricky Blake could be gainfully employed in the NFL this fall because of one.

The job-seekers for the Dallas Cowboys shined in a controlled scrimmage against the Houston Oilers Thursday night.

Stoudt boosted his chances to be the backup quarterback. His 40-yard scoring pass to rookie Damon Mays, a ninth-round pick from Missouri, gave the Cowboys a 30-30 tie with the Oilers in the Stoudt is a 12-year veteran who has been a backup for Terry

Bradshaw and Dan Marino in his long career. Dallas got him from Miami last year when the Dolphins gave Stoudt his release.

"Cliff performed well under pressure and I'm very impressed with him," said Dallas coach Jimmy Johnson.

Stoudt hit 11 of 16 passes for 134 yards and had two touchdown Stoudt said he needed a good game as a confidence builder.

"It gives me motivation and it's a big confidence boost," he said. "I wanted a game with no mistakes. We made some crucial plays and it felt good being in a game." Stoudt sat on the bench last year and didn't play a down.

"I like this offense," he said. "You can make some big plays." Houston coach Jack Pardee was pleased.

He said "the guys looked like they did in practice. Warren Moon was great. We got what we were looking for.'

Moon said "we executed well. Our offense is far ahead of where we were last year at this point." Moon was eight of eight for 127 yards.

Dallas trailed 30-18 but rookie linebacker Reggie Cooper returned an intercepted pass 62 yards for a touchdown off the arm of Mike Norseth

Moon directed Houston's first team to two quick touchdowns. Gary Brown, rookie eighth round draft pick from Penn State, scored on a 16-yard run for a 6-0 Oiler lead as Moon took control.

Moon hit Ernest Givens on a six-yard pass on Houston's next possession for a 12-0 lead. Starting Dallas quarterback Troy Aikman retaliated after Dee Thomas intercepted his first pass of the night. Aikman completed

a 27-yard pass to tight end Jay Novacek and followed it with a 23yarder to rookie Alvin Harper, the first round pick from Ten-Then 245-pound Blake, who was the leading rusher in the World

League of American Football for the San Antonio Riders, scored on a four-yard run. "Blake has been impressive from his first run in practice,"

Johnson said. "He just kind of jumps out at you. He has an excellent shot of making this team. Blake rushed nine times for 37 yards.

Houston's second-string quarterback Reggie Slack completed passes of 17 and 15 yards before hitting Cedric Jones with a 2-yard scoring pass, completing a 65-yard drive in 12 plays.

Stoudt ignited the Cowboys second team with an 80-yard drive climaxed by a 6-yard scoring pass to Kelvin Martin to trim the Oiler deficit to 18-12.

Former Baylor quarterback Tom Muecke got the Oilers their fourth touchdown with a 14-yard scoring toss to Frank Miotke of Grand Valley State, building Houston's edge to 24-12. Aikman came back into the game and immediately took Dallas

on a 65-yard scoring drive. Rookie Curvin Richards, a fourthround pick from Pittsburgh, scored the touchdown on a one-yard

Aikman had 8 of 14 passes for 122 yards. But Houston stretched its lead to 30-18 on a one-yard touchdown pass from Norseth to rookie Shawn Jefferson of Central Florida.

The touchdown was setup on a 44-yard Norseth to Jefferson pass. The Oilers and Cowboys scrimmage again Sunday night in Alamo Stadium where Houston has been training.

The two teams meet in the preseason on Aug. 18 at the Astrodome and a during the regular season on Nov. 10 in Houston. A crowd of 10,116 fans paid \$16 each to attend the scrimmage in Burger Center Stadium.

Del Rio ends camp holdout

AUSTIN (AP) — Holdout Southern California was to report linebacker Jack Del Rio has sign-to training camp Friday. ed a three-year contract with the Dallas Cowboys worth an estimated \$1.8 million, it was announced Thursday night.

Cannibalism, murder paint portrait of 'very sick young man

MILWAUKEE (AP) — The portrait emerging in the "Milwaukee Massacre" grows more bizarre and chilling by the hour.

A convicted child molester who has confessed to murdering and mutilating his victims is believed to be responsible for 17 killings dating back 10 years, police said. Some were stalked at gay bars or on city streets, then lured back to a tiny apartment where they were drugged, strangled and dismembered.

Jeffrey L. Dahmer, 31, engaged in homosexual acts with at least three victims, including one who was already dead and whose heart he saved "to eat later," according to a criminal complaint filed Thursday in court.

"This is a very sick young man who has many kinds of mental probler s," said Gerald P. Boyle, Dahmer's lawyer. Dahmer's father, Lionel, put it more bluntly.

"There's no doubt he's insane," he told the Milwaukee Sentinel.

So far authorities have charged Dahmer with four counts of murder, based on the first four victims they had identified by Thursday morning. Three more victims have since been identified.

A college dropout and a loner with a troubled

past since his high school days in Ohio, Dahmer joined the Army in the late 1970s but was discharged early because of alcohol problems, said his stepmother, Shari Dahmer.

He was on probation after 10 months in prison for molesting a 13-year-old boy in 1988. Police said Thursday the boy's 14-year-old brother was among 11 people dismembered in Dahmer's apartment.

Dahmer worked at the Ambrosia Chocolate Co. until July 15. Fellow workers said he was fired because of absenteeism.

It wasn't the first of his life's failures. The 6-foot, 175-pound, sandy-haired Dahmer

joined the Army in 1978 after dropping out of Ohio Joyce Wiesner, a spokeswoman at the Army

Reserve Personnel Service in St. Louis, said Dahmer was discharged after two years of a three-year enlistment, but she would not say why.

"He was stationed in Germany but got in trouble there because of his drinking," Shari Dahmer told The Plain Dealer of Cleveland in an interview published Thursday. "He has a terrible drinking problem. It makes him a different person.'

Dahmer had a criminal record of alcohol offenses and indecent exposure going back to the

In 1968 he was convicted of fondling the 13-yearold boy. Prosecutors said the youth was lured to Dahmer's apartment with a promise of \$50 if he posed for pictures.

Dahmer expressed remorse in seeking early release from prison. He wrote to a judge: "What I did was deplorable. The world has enough misery in it without my adding more to it. It'll never hap-

"Something happened to him in prison that he would never talk about," Dahmer's stepmother told The Plain Dealer. "We all know what can happen to a child molester in prison."

She added that Dahmer also came out of prison

"appearing to hate black people."

A street minister who befriended Dahmer about a month ago noticed a bias against homosexuals and blacks. "He hated the gay community with a passion and most gay people," said John Paul

Police said Dahmer met one victim at a gay pride parade in Chicago and encountered another at a gay bar there. They came to Milwaukee by

Another man, Oliver Lacy of Milwaukee, came to Dahmer's apartment on July 15 to pose for pictures and engage in nude body rubs. As he did with the others, Dahmer spiked Lacy's drink. He said he then strangled Lacy and had anal sex with the

"Morales plans to meet with the legislative leadership and discuss it with them to determine what the options are, whether to appeal it or not first, and then there probably are a multitude of legislative options," Dusek said.

"That's all we know so far. There's been absolutely no decision made so far as to what's going to be done next."

The appeals court's ruling said the judges were compelled to send the case to the district court because fact-finding is an area for the district court.

Other radical reformers and former party members, such as Moscow Mayor Gavriil Popov and Leningrad Mayor Anatoly Sobchak, were criticized by various speakers, the news agency said.

Gorbachev earlier said the meeting had been deluged with mail protesting Yeltsin's decree against Communist Party cells in the workplace, Interfax reported.

A commission to draft a resolution condemning Yeltsin's decree has been formed, and Gorbachev told the meeting he would take steps "up to a decree of the president of the country" to reverse it.

Yeltsin's decree ordered the dismantling of Communist Party cells in factories, schools, government offices and other workplaces in Russia, the largest of the 15 Soviet republics.

The decree strikes at the heart of the party's power, and it was roundly attacked at Thursday's

Mom Fears Chernobyl Letters May Carry More Than News

My teen-age daughter has been receiving pen-pal letters from a girl in Ukraine (U.S.S.R.) who happens to live a few hundred miles from the Chernobyl disaster in a city called Dnepropetrovsk. Because I'm a natural worrier, mother of five and pregnant again, every time she receives a letter, I can't help but wonder if it is safe (non-radioactive).

I realize it has been five years since that tragedy, and cleanup has taken place, but I don't know whom to ask. Please help me.
LOUISIANA WORRIER

DEAR WORRIER: Put your mind at ease. According to William Curtis, project leader at the Environmental Protection Agency's Office of Radiation Programs, there is nothing to worry about. (Mr. Curtis is an oceanographer who journeyed to Chernobyl last year to conduct surveys for the EPA on radiation levels in the Black Sea.) He assured me that if his word isn't enough to ease your worry, you may take the envelopes to be analyzed at any university that has a radiation department.

House has approved a billion- said Rep. Chet Edwards, Ddollar plan to help farmers who Waco. "We cannot in good conlost crops to flooding or drought, science turn our backs on our but funding the disaster neighbors working in this vital segment of our economy.'

Texas farmers lost \$618 million last year in three crops alone cotton, corn and sorghum, according to Sen. Lloyd Bentsen, D-

De la Garza said action to fund the legislation was still uncertain, but that it was necessary for the House to act on the bill now "so that the parameters of a disaster payment program are clearly defined if funding becomes a reality."

Whitten, D-Miss., included the \$1.75 billion in farm aid for crop losses in 1990 and 1991 in a \$5.3 billion dire emergency spending plan that also sets aside money for Operation Desert Storm and the Federal Emergency Management Agency.

But White House Budget Director Richard Darman said last week that the money in the bill for agricultural disasters is unwarranted and "goes far beyond what is necessary to address severely affected areas.'

Under Whitten's plan, the farm losses are declared an emergency, which allows the government to simply borrow the needed

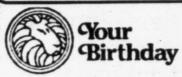

money, driving up the deficit. Whitten discussed the plan Thursday with Agriculture Secretary Edward Madigan. Whitten was not immediately available for comment, and ducers throughout the state of Madigan had no comment, said his spokesman, Roger Runnigen.

Do not make changes merely for change sake in the year ahead. If thing: are going well where your career is concerned, don't rock the boat.

LEO (July 23-Aug. 22) It might be very difficult for you to be complimentary toward others today. Rather than praise, there is a possibility you'll use sarcasm or put-downs. Get a jump on life by understanding the influences governing you in the year ahead. Send for Leo's Astro-Graph predictions today by mailing \$1.25 plus a long, self-addressed, stamped envelope to Astro-Graph, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428. Be sure to state your zodiac sign.

VIRGO (Aug. 23-Sept. 22) Your chances for fulfilling your ambitious intentions are a bit slim today. This is because you may first have to resolve problems you previously created for

LIBRA (Sept. 23-Oct. 23) You're likely to feel comfortable in places where friends and acquaintances are familiar with your credentials today. If you have to associate with strangers, you may

SCORPIO (Oct. 24-Nov. 22) Try to be grateful and appreciative today of who you are and what you have. The grass isn't as green in the other guy's garden, as you've led yourself to believe

SAGITTARIUS (Nov. 23-Dec. 21) You tend to have a somewhat Pollyanna view of life today. This is well and good provided you don't have to deal with cold, hard developments. Reality could CAPRICORN (Dec. 22-Jan. 19) Even

though you'd like to collect what you feel you're entitled to from others today, this might not be the right time to tighten the screws. Wait until conditions are more receptive. AQUARIUS (Jan. 20-Feb. 19) Instead of

trying to remake friends into your own image today, be appreciative of their individuality. Any other approach could create unnecessary friction

PISCES (Feb. 20-March 20) If your attitude is negative today, the end results of what you attempt could lead to a depression based more on fantasy than on fact. Be realistic, as well as optimistic ARIES (March 21-April 19) Although

you'll be inclined to treat others in a friendly, generous manner today, your good intentions might go by the boards when you have to deal with difficult TAURUS (April 20-May 20) In order to

achieve important objectives today, you

must take into consideration all the contributing factors. Treating them indifferently will lessen your chances for GEMINI (May 21-June 20) Your judgment is usually predicated upon conclu-

sions you arrive at after sober thought. However, under pressure today, you may make rash moves as a result of fear

CANCER (June 21-July 22) If you do not think well of yourself today, and should you have to deal with someone who makes you feel poor in the realm of accomplishments, you'll humble yourself unnecessarily.
