Winners will be eligible to compete in the regional Roader, where finalists will be selected for the State contest.

Attends Funeral Of Relative In Goldthwaite

Miss Jessie Vick, county school superintendent, attended the funeral services in Goldthwaite Sunday of her aunt, Mrs. Jennie Vick Randolph, 90, a Goldthwaite resident since 1895 who died Saturday. She owned an interest in Randolph Lumber Company for many years after the death of her husband, J. H. Randolph, in 1936. A sister and brother survive.

Scott Greene Sr. Funeral Service Held In Vera

Funeral service for Scott W. Greene Sr., 91, former Haskell resident who died April 5 at his home six miles southeast of Vera, were held at 2:30 p. m. Friday from the Vera First Baptist Church.

Officiating was the Rev. Douglas Crow, pastor of the church, assisted by Rev. Pettit. Following the service, the body was brought to Haskell and interment was in Willow Cemetery.

Mr. Greene was a retired rancher. He was a resident of Haskell County for a number of years before moving to Vera 12 years ago. He was born Aug. 15, 1869, in Sparta, Tenn. He married Mary Ella Williams of San Angelo on March 26, 1896. Mr. Greene was an early-day ranchman in Howard and Mitchell Counties. He moved to Haskell County in 1917 and lived here about 30 years and in the surrounding area since.

After the death of his wife in 1950, he had made his home with his daughter, Mrs. Harry Beck of Vera.

Mr. Greene was a deacon in the Vera Baptist Church. He was active in all services of the church until ill health prevented his attendance.

Survivors include one daughter, Mrs. Harry Beck of Vera; one son, Walter M. Greene of Albuquerque, N. M.; one sister, Mrs. L. E. Dantzer of Hollywood, Calif.; two grandchildren and three great-grandchildren.

A son, Scott W. Greene Jr., of Haskell, died in 1957.

Sara Lees, Haskell High School Senior, has been selected as "Student Guest of the Month" of the Rotary Club. The popular and talented student is reporter for the HHS Indian Band, is a member of the Warwhoop staff, and president of the Haskell chapter, Future Teachers of America. She is the daughter of Mr. and Mrs. Douglas Lees.

Fly Kites Safely!

Warm spring weather will be the rule soon, and with it comes kite-flying season. So some "flight instructions" issued by electric companies to "kid kite pilots" who will soon be racing across fields towing their "paper aircraft" into the "wild blue yonder" are very much in point now.

- Here they are:
1. Don't fly a kite with metal in the frame or tail.
2. Don't use tinsel string wire, or any twine with metal in it.
3. Don't fly a kite in the rain.
4. Don't pull on the string or climb a power pole to loosen a snagged kite.
5. Don't fly a kite over TV or radio aeriels.
6. Don't fly a kite near electric or power lines.
7. Don't run across streets or highways while flying kites.
8. Don't touch fallen electric wires.

Paste A Dollar Bill on the Wall

We are now feeling the effects of a generation of extravagance and inflation which is politely called a recession. The causes of it are paying for work not done, paying for over-production of crops which could not be sold, higher and higher taxes, federal and state debt, and skyrocketing peacetime federal spending above defense needs.

It doesn't take a Sherlock Holmes to discover that our national policies are penalizing savings, pricing our products out of world markets and constantly increasing the cost of living, as the purchasing power of the dollar is driven down.

Paste a dollar bill on your wall and mark off half of it with a red line for purchasing power already lost. Then as taxes and government debt, local and federal, go higher and higher, mark off more of it with red lines as the dollar value decreases. Also depreciate the purchasing power of your insurance, your savings account, your pension or any other fixed dollar asset as you add red lines to the dollar bill on your wall.

The future value of the dollar rests with the people through the interest they take in politics, labor, industry and economic policies.

Something to Think About

From the Wall Street Journal: "... We wonder what a vista would open up for the American economy if, every single year, the Government let the people keep a few more billions of dollars to spend on their homes, their cars, their clothes and their pleasures. Might we not find that this enlargement of the private-income stream would not only speed up the factories but keep them humming?"

People, Places & Things

By A. PATE

We find it difficult to understand some trends in thinking indicated in recent news items. A Fort Worth legislator is ousted from the church in which he has been serving as deacon and Sunday School superintendent, because of his vote on a controversial bill.

Presumably, the fact that the man voted his honest conviction made no difference. The second news item told of a high official in the American Legion endorsing an organization which has classified former President Ike Eisenhower as a Communist.

For the life of us, we can't figure out the line of thinking that would lead anyone to acts and conclusions such as the above.

Brooks Middleton relates that during the war, he and several Army buddies went into a pub in Australia. Only table available was near the piano. The pianist had a pet monkey perched on his shoulder, and the simian's long tail arched out until the tip was resting in a bowl of pretzels on the table where Brooks and his buddies seated themselves.

Brooks eased over to the pianist, who was banging out a request number, "Gertie from Bizerte," and asked the Aussie "Say, buddy, do you know your monkey's tail is in the pretzel bowl?"

Shaking his head, the Aussie replied, "No, Yank, but if you'll hum a few bars I'll try to play it."

Southwest Coaches bus lines officials in charge of traffic and routing probably thought they'd become mixed up in the Miller Creek water controversy recently, when they started receiving complaints thick and fast from Haskell people.

In re-arranging schedules, the first daytime bus from Haskell to Abilene was timed to depart at 4 p. m., with no southbound morning bus.

When the new schedule became effective, squawks came fast and furious. And, instead of lessening after a few days, as is usually the case, there were more and louder complaints over the inconvenience caused by the changed timetable.

As a result, the bus company quickly made plans to rearrange the schedule, but such a change takes time and the new

timetable did not go into effect until Monday.

Now, Haskell people can leave here at 8:30 a. m., be in Abilene at 9:55 a. m. Returning, they can leave there at 1:55 p. m. and be home at 3:15 quite an improvement over any previous schedule.

One of the bus company's top executives happened to be Haskell when complaints over the schedule were at their peak. He was talking to Hotel Haskell Manager Virgil Bailey when the telephone rang about 9 a. m. Bailey was busy with a report and the bus company executive answered the phone.

Some woman wanted to know about a bus to Abilene, and was told very courteously that the next southbound would leave at 4 p. m. The telephone started crackling, the bus company executive's face began reddening as a torrent of words poured out of the receiver before the man could hang up.

"Whew!" he said weakly when the receiver was back on the hook. "If there's any way to speed up that change in schedule, Virgil, I'll do it to keep you from getting any more calls like that!"

The Haskell County Sheriff's Posse is considering, seriously, organizing a trip to California and riding in the Rose Bowl parade in Pasadena next New Year's Day.

Inaugurating a President (the Roby riding club went to Kennedy's inaugural) might be a bit too decorous for the local riders, but they'd fit perfectly in the California picture, movie stars, football stars and Western glamor.

No kidding, with the possible exception of Vernon's Santa Rosa Club, there's not a riding club in Texas that will outclass our Sheriff's Posse. Give them a few practice sessions to get in shape, and the colorful group that'll be tops anywhere.

We're keeping our fingers crossed and hoping another event materializes which will also give Haskell national publicity.

We want our HHS Nine Teens to be selected to represent Texas at the Lions International Convention in Atlantic City, N. J. June 23. Try-outs will be held at Breckenridge June 3, and the State representatives will be selected at that time.

Mining operations for gold, silver and copper in Stonewall County remained at a standstill last weekend, reportedly due to high water on the Salt Fork of the Brazos as the result of recent rains.

Discovery of rich deposits of gold, silver and copper, was widely publicized a few weeks ago after the information was given out by one of the owners of the mining venture.

Reports of the "gold find" spread throughout the country and to other parts of the world.

Last week a Haskell couple whose daughter is in Germany with her husband, an armed forces officer, sent her parents

NEWS OF INTEREST TO WOMEN

O'Brien Couple Honored On Anniversary

Mr. and Mrs. David T. Elmore were honored on their 50th Wedding Anniversary Sunday, April 2. At noon, Mr. and Mrs. Mason Elmore of El Paso were host and hostess at a luncheon in the dining room of Roddy's Cafe at Knox City. The honored couple and mem-

bers of the family were present.

In the afternoon they were honored at an open house in their home near O'Brien. Hostesses for the occasion were their sons and daughters.

Alternating at greeting the guests were the three daughters, Mrs. Preston Manley, Mrs. Lawton Self and Mrs. Kenneth Williams, who in turn presented them to the honored couple and their sons.

Miss Janice Sue Elmore, a

granddaughter, presided at the register.

The refreshment table was covered with a lace cloth over gold. It was centered with a three-tiered white cake, decorated in white with gold metallic leaves and topped with a mature bride and groom in gold. Yellow gladioli were placed on the table flanked with gold candles in crystal candleabras. The buffet held an arrangement of gold mums in a crystal bowl and napkins were inscribed Vonna-David 1911-1961 in gold lettering.

Four granddaughters, Misses Judy Elmore, Dianne Elmore, Connie Elmore and Patricia Manley served punch and cake to the guests. They were assisted by Kathy Elmore, Beth Manley and Susan Elmore.

On display in the gift room was the fifty-year-old wedding picture of the honored couple.

Members of the family attending were Mr. and Mrs. Mason Elmore of El Paso; J. B. Elmore, Janice Sue and Donald of Carlsbad, N. M.; Mr. and Mrs. Truman Elmore, Dianne, Connie and Susan of Johnson, Ark.; Rev. and Mrs. Preston Manley, Patricia and Beth of Oklahoma; Rev. and Mrs. Ray Elmore, Judy, David and Joe of Jayton; Mr. and Mrs. Otis Elmore, Kathy, Otis Jr. and Debbie of Abilene; Mr. and Mrs. Burton Elmore and Vonna Beth of Odessa; Mr. and Mrs. Lawton Self, Tommie and Carol of Wichita Falls; Bill Elmore of San Angelo and Mr. and Mrs. Kenneth Williams, Kenny, Terry and Vicki of Fort Worth. Mr. and Mrs. Woodrow Elmore of Tempe, Ariz.; Mr. and Mrs. Kenneth Elmore and sons of Sunnyside, Wash.; and Mr. and Mrs. Buddy Elmore and Kathleen of El Paso, who were unable to attend.

The next meeting will be with Zada Smith.

Rainbow Sewing Club Meets With Mrs. Rogers

The Rainbow Sewing Club met in the home of Mrs. Flossie Rogers Tuesday, April 4. The house was decorated with beautiful flowers, and the meeting began by members singing the club song, Let Me Call You Sweetheart.

Stella Josselet installed the new officers: President, Annie Pearl Lusk; vice president, Eddie Johnson; secretary, Zada Smith; reporter, Ethel Edwards; song leader, Sallie Patterson; recreation chairman, Stella Josselet; food committee, Ann Thomas, Essie Bland and Florence Larned; g.f. committee, Sue Peavy and Cora Pitman; needlecraft reporter, Ann Taylor; historian, Ethel Edwards.

Committee report was given on cards sent to the sick and bereaved. Annie Pearl Lusk gave the Thought for the Day. Florence Larned sponsored an Indian game, and Ethel Edwards gave a reading, "On Easter Morn." Zada Smith drew the hostess gift, and gifts were presented to the outgoing officers. The meeting closed by singing the closing song, Willing Workers.

Refreshments were served to Mesdames Florence Larned, Eva Pearsey, Stella Josselet, Eddie Johnson, Zada Smith, Sallie Patterson, Ann Taylor, Cora Pitman, Essie Bland, Annie Pearl Lusk, Ethel Edwards, Sue Peavy and the hostess, Flossie Rogers.

The next meeting will be with Zada Smith.

flameless ELECTRIC COOKING —

COOL as an April shower

Electric cooking is cool cooking because heat goes directly into the food, not out into your kitchen. And this direct contact of surface unit and utensil is possible only on an electric range.
 That's why electric cooking is clean too. With no flaring flame, there's no dirt or soot to soil range surface, kitchen utensils, kitchen walls and curtains.
 And with automatic electric controls, time and temperatures are exact. No guess work. Heats are measured for you—to assure precise cooking.
 Ask your appliance dealer to show you the wide variety of new electric ranges that set the pace for tomorrow's better cooking.

...thrifty too
 The average family, served by WTI, can cook a complete meal for less than 3¢ with modern flameless electricity and enjoy all the other advantages of an electric range.

Divided into three phases, "Green Light" will involve more than 50,000 men, 150 ships and 300 Navy and Marine Corps aircraft and will cover a two-month period from April 3 to June 3. All elements of Navy and Marine Corps striking power will be exercised during this period.
 This series of operations is a part of the continuing program to keep ships and men of the Pacific Fleet in a high state of training and readiness. In addition, these exercises are designed to further increase the readiness and mobility of the U. S. First Fleet

Special Handling Fee Speeds Up Parcel Post
 "Contrary to popular belief, payment of a "Special Handling" fee does not mean that parcels will be processed more carefully than other mail, nor does it provide for "Special Delivery" at the office of address," says Postmaster Harold Spain.
 According to Postmaster Spain, payment of a "Special Handling" fee provides only that fourth-class mail (parcel post) will receive the same fast transportation as first-class mail when traveling between post offices. So those who are anxious for their parcel post to go quickly to its destination may pay a "Special Handling" fee and receive first-class transportation at less cost than would be involved by mailing a parcel at the first-class rate of postage.
 Both "Special Handling" and "Special Delivery" mail receive the most expeditious surface transportation possible between post offices. "Special Delivery" mail is delivered immediately upon arrival at the office to which it is addressed. "Special Handling" parcels are not delivered until the next scheduled trip of the regular carrier.
 "These two special services have other distinguishing features that are not generally known," says Postmaster Spain. All classes of mail may be sent by "Special Delivery," but only parcel post may be sent by "Special Handling." When it is necessary to forward "Special Handling" mail to another post office, this mail continues to receive first-class transportation without payment of an additional fee; however, forwarding postage at the fourth class rate is collected on delivery. "Special Delivery" mail does not continue to receive "Special Delivery" service at the office to which it is forwarded unless a forwarding order has been left by the addressee at the original office of address in advance of arrival of the mail.
 Answers to questions regarding fees for "Special Delivery" and "Special Handling" and other postal matters can be obtained quickly by calling UN 4-2811.

Three Aldermen Re-Elected By Rule Voters
 In the annual city election last week, Rule voters re-elected three aldermen whose terms expired this year. All were unopposed on the ballot.
 The vote was: Jack Wilcox 106, Scott White 101, Don Davis 99.
 Accounting for 13 write-in votes were four persons who received two votes each, and five persons who received one vote each.

Spring Is Here: Check Snakes, Birds and Boats
 Spring is here in full bloom. Birds are pairing off, snakes are coming out and boats are being put into the water.
 These things are of especial significance to the Game and Fish Commission, according to Howard Dodgen, executive secretary.
 Concerning birds, he suggests every person who is interested in bird life get a copy of the Field Guide to the Birds of Texas by Roger Tory Peterson, who prepared this handbook especially for bird lovers of Texas. It contains pictures and descriptions of 592 Texas birds. There also are many color plates. These books are available now from the Game and Fish Commission in Austin at the publication price of \$3 each, postpaid. Fewer than 7,000 copies remain of the first printing of 25,000. After they are gone, the book will be published again for retail trade at \$4.95 each. If you are interested in a book on The Mammals of Texas, the Commission has one for 50 cents postpaid. It was prepared by Dr. William Davis of Texas A&M College.
 The subject of snakes and boats also brings a warning from the secretary. Not all snakes are poisonous, but extreme care should be used when going into the woods. And as to boats, every person getting into a boat should be certain there is an adequate life preserver in it for his personal use. This one bit of caution might save a life.

Time To Start Fertilizing of Fish Ponds
 Applying fertilizer to the farm fish pond not only increases the amount of food in the water, it is also one of the best practices for controlling submerged mosses. The first application should be made in early spring, he continues.
 Since the pond water is usually deficient in the same nutrients as the soil over which it flows, use the same commercial mixture that is used for the farm crops. An initial application of 100 pounds per surface acre of water is suggested. This amount should cause an extension development of plankton, resulting in a change in the color of the water. The plankton is used for food by the fish and organisms upon which the fish feed.
 Periodic checks of the pond will determine when additional fertilizer applications are needed. Submerge the arm into the water to elbow depth and if the thumb can be seen plainly, more fertilizer should be applied. Only the amount required for plankton development, or bloom, should be applied. This may be about half of the initial application.
 Pond fertilization should be stopped during the summer months, because fertilizer can cause a shortage of oxygen. This is especially true during the periods when the wind is not strong enough to cause wave action. If oxygen depletion is too great, the fish will die.
 Finally, the fertilizer to be used during the year should not be applied all at one time. Start in the spring and make enough applications to maintain the desired bloom. The shading from the bloom will control submerged mosses, thus making fishing and swimming more enjoyable.

VISITORS FROM WASHINGTON, D. C.
 Mr. and Mrs. Frank Morrell of Washington, D. C. were visitors last week in the home of her brother, Bob Culberth, and with other relatives and friends here.

gas brain ranges!

... let you cook smarter than ever!

Two brains are better than one. Only GAS ranges have both: oven-with-a-brain and burner-with-a-brain!
 The brain-iest ranges in town are gas.
 Automatic gas ranges built to Gold Star Award standards are smarter than the average range.
 Smart, because they're designed for modern homes — and modern homemakers — in looks, economy, performance and automation. Smart, because they lead the field: preferred by 85 out of 100 homemakers. More people pay less to cook with the best — modern gas.

***burner-with-a-brain**
 Foods won't burn. Set it, forget it. Holds pre-set temperature exact. Makes all pans automatic.

***oven-with-a-brain**
 Gives precision accuracy from high down to a keep-warm 140° with no fluctuation. Keep foods serving-hot for hours without over-cooking.

Letters From Our Readers ...

The Women Speak

(Ed. Note: All communications submitted for publication must be signed. On request, signatures will be omitted if valid reason is given.)

EDITOR, THE FREE PRESS:

We understand that a new member is to be appointed by the City Council to serve on the North Central Texas Municipal Water Authority Board. We understand also that each person appointed in this capacity takes an oath of office that they will do everything in their power to promote the Authority.

May we, as citizens, know what this oath is? Could it be published in the paper so that we all might know more about this? We are anxious to know what it says. Is it possible that a person can remain on this Authority and still be against what it stands for?

Is any oath better than a man's word? The more recently appointed member from Haskell was heard to express himself on the street concerning this oath, when questioned about his actions: "Oh, it was not any more than a Boy Scout oath, it didn't mean anything." How many people would be little the "Boy Scout Oath" in such a way? What would our Scouts think of a person representing the community with no more respect? Isn't a man's word as good as his bond?

It is our duty to select men and women who will be up-

right, trustworthy, dependable people to represent us. Have we done that? Can that be said of some of our community leaders?

We as women are interested in this project and cannot understand how any right thinking person can appoint or serve in a particular office knowing full well they do not aim to function in the manner in which it was originally intended.

Do people lose their conscience when they stoop to the point where their word means nothing—"nothing more than a Boy Scout oath"?

People need to be concerned with the happenings of the community and as women we would like to know just what is taking place.

We want to see people who represent us as people of whom we can be proud. People whose word can be trusted, people in whom we can have confidence—who will not belittle an oath—much less a Boy Scout oath!

It is time for everyone to be concerned and interested in this appointment to the Water Authority. We want the right person who will be loyal to the oath to serve in this capacity. It is the duty of the leaders of this community to appoint such a person who can qualify for this position and will be loyal to the oath. The State Legislature is responsible for this oath—who are we to go against it? The Court has ruled on two different occasions in favor of the Water District, besides a majority vote in three elections.

Even we mothers can see this better than some of our male citizens. This is the same principle as if a Sheriff were elected by majority vote, then after a time something happened that made a few people decide they did not want him, and try to have another election to get rid of the Sheriff... what happens to majority rule? Isn't this a democracy where majority rules? When your vote has been cast how then can you expect to change your vote in case you later change your mind?

Why then has this group who proclaim they want to save money, done things deliberately that have cost the taxpayer more money at every turn? By their actions they are still causing money to be spent uselessly, such as these court procedures and the trip to Austin (lawyer fees, telephone calls, trips in cars, buses, etc.) They are responsible for the loss of time, many useless hours wasted as well as many extra dollars spent.

Maybe we women don't know a lot of legal terms—but we do know even in building a house it involves more expense to start something and get it partially finished, then change in the middle of the project. We feel, too, it doesn't take a very smart, or shall we say intelligent, person to see what an injustice is being done to the citizens of this community by a few who are determined to be against everything.

Was it 10 years ago this very same group was fighting going to Stamford, and now they say "Go to Stamford," without even knowing that we can go at any price?

How can anyone put any confidence in their judgment when now by their actions they admit they were wrong in not going to Stamford in the first place? It would have been a much better deal to have gone in with them then than now.

If this NCTMWA were dropped and another started to go to Lake Stamford, would they be against that, too? How can we put any faith or confidence in them? How do we know what they would do?

These "againers" have been questioned as to their plan in the event the Miller Creek project is abandoned. The Representative who introduced HB 116 admitted he "Didn't guess they had one."

Imagine that! Ready to tear something up, but not ready to submit something to replace it.

One other thing that we would like some information on, Can a president of the Water District Dissolvers serve on the NCTMWA, legally?

We say it's about time some women got into government. We at least believe we could be more consistent and know we would be more conscientious. —TWO HASKELL MOTHERS.

Jess Adams Now In Haskell Hospital

The many friends of Jess Adams, Rochester farmer, will be glad to learn that he was brought from the Littlefield Hospital to the Haskell Hospital Monday in a Heb Smith ambulance.

Mr. Adams suffered a severe heart attack which required him to enter the Littlefield Hospital while he was visiting in that section.

Although his condition is improved, he still is not permitted to have visitors.

SUNDAY VISITORS IN J. N. BRADLEY HOME

Visiting in the J. N. Bradley home here Sunday were his sisters, Mrs. F. T. Prather of Fort Arthur, Mrs. Johnny McGinn and Mrs. J. E. Place of Rule; his brother, R. A. Bradley and wife and daughter Eudora; Mrs. Elyse Eastland and daughter, Jan, all of Haskell. Also his son, Capt. and Mrs. B. L. Bradley and children, Michael, Janice, Kathy and Laurie, all of Altus Air Force Base, Altus, Okla. Capt. Bradley has been a pilot in the Air Force since 1942. He has been pilot on the long-range B-52 bomber for the past three years. Also visiting in the J. N. Bradley home was a great-grandniece from Childress, and Mr. and Mrs. John Davidson of Haskell.

ATTENDS STATE B&PW COMMITTEE MEETING

Mrs. Luther Burkett attended a meeting of the State Nominating Committee for the Texas Federation of B&PW Clubs, held in Fort Worth on April 8th and 9th.

RETURNS FROM HOSPITAL

Mrs. Speck Sorenson has recently returned home after a two weeks stay in Wichita Falls General Hospital. Mrs. Sorenson states that although the doctors and nurses were kind and nice, she is glad to get back home.
