**CLEAN UP, PAINT UP**

Besides the great value to a community to have a shot of the Clean Up and Paint Up virus every spring in the added attractiveness of the homes and premises, added civic pride and added dollars and cents value to property, a thorough-going, aggressive purpose of the people of Floydada this particular spring will pay big dividends in more work for the unemployed. In some cities and states the communities have a well-defined program which is being worked in connection with the American Legion, whereby more work is made for the unemployed in general, but particular stress is laid upon the idea of making work for the ex-service men. "Clean Up and Paint Up and Keep it Up," as a slogan will appeal to many practical men and women who have begun to look askance at campaigns, drives and "weeks" and "days." The Hesperian is unqualified in its belief that to Clean Up and Paint Up this spring means much more than just the thing of having something in common for the community to do and talk about. It will add more dollars to the value of property, it will make more jobs, it will put more money into circulation, will give greater civic pride and make Floydada more attractive to the man who is seeking a citizenship in a good country with whom to cast his lot. Clean Up and Paint Up this spring. At least do or have done those odd jobs you have been putting aside until a more favorable time. And don't forget the alleys and vacant property about you.

We are reminded by approach of the warm days of spring and summer that the campaign-thunder will soon be rolling and state politics will be sizzling. If our folks would only get half as hot about cleaning up and making the old town hum with industry by having done the hundred and one odd jobs which should have been done before, as they do about their pet political aspirant it would be a great thing indeed. And that's no re-

flection on the many good men who are offering for state, district and county offices, either. It's just a statement of fact.

The bunk days have arrived. Every state candidate is grooming himself a hobby, and the newspapers are beginning to warm up, sharpening their pencils for the battle of words.

Floydada is a thorough-going little city. It is a good place to live. What are you doing to make it a better one? Money in your pocket and satisfaction in your mind to keep things humming.

Every citizen of Floydada should get this: You can't spend too much money on municipal improvements if you get your money's worth. This is apropos to the declaration that Floydada's greatest present need is a sewerage system, followed by more paving. Both will pay big dividends.

Hundreds of shade trees have been planted in Floydada this spring, many lawns set and the city is tying on many new water customers. This means more attractive homes in Floydada. If you haven't just the home you want to keep or if the building's "run down" somewhat you can at least do the things you can afford to do. You can keep it clean and you can plant grass and trees and flowers.

SCHOOL NOTES

SPANISH CLUB ORGANIZED

Tuesday morning of last week two classes of the Floydada high school met and organized a Spanish club. The purpose of this club is to encourage conversation in Spanish. This organization will have programs twice a month. These programs will be given altogether in Spanish, not an English word will be used during the entire program. We hope that by having these programs arranged in this form we will obtain ease in the speaking of Spanish. Miss Cora Campbell will arrange the program in any way that she sees fit that will be of any benefit to us. This is the first year that we have had the Spanish department in our school and as a whole the student body are well pleased with the course. Miss Campbell has done splen-

did training in her Spanish classes and the result is a high school that is well instructed in first year Spanish.

The following officers were elected for the club:

President, Kenneth Henry; vice president, Roy Holmes; secretary and treasurer, Hazel Felton; Sargent at arms, Roy Baker; reporter, Gladys Covington.

Motto, "El trabajo hace la vida agradable." (Work and life is pleasant.)

Colors, Crimson and white.  
Flowers, Red rose.

CROSBYTON GIRLS DEFEAT  
F. H. S. IN CHAMPIONSHIP GAME

The Floydada girls bowed in defeat to the Crosbyton girls Friday afternoon when they visited that team for the championship game of this district. The Floydada girls left Floyd-

ada at one thirty and the game started immediately upon their arrival at Crosbyton. Luck seemed to be against the F. H. S. girls from the beginning and the score rose in Crosbyton's favor.

During the last half they seemed

score was evened somewhat. The last five minutes of the game was a real battle and the result was a score of thirteen and ten when the whistle blew with Crosbyton the winners. The Crosbyton girls admitted that if the game had lasted a few minutes longer that they would have been defeated as Floydada's score was gradually rising.

This is the first defeat in an official game the Floydada girls have played this year. They had good prospects of representing this district at Lubbock but since the game Friday the Crosbyton girls will be the representatives. Although the F. H. S. girls would have been proud to have represented this district they have the consolation of knowing that it is represented by a clean athletic basketball team, and one which has defeated them by the strictest rules of basketball.

The lineup for Floydada was: Guards, Emma Della Summerville and Pauline Simmons; centers, Dutch Viles and Ethel Houghton; forwards, Ora Slaughter and Joyce Hopkins.

F. H. S. DEFEATED BY  
LOCKNEY IN TWO BALL GAMES

The F. H. S. Swatters met two defeats Friday and Saturday of last week when they played Lockney two games in succession. The game Friday was played on the Lockney grounds and was a very easy victory for that team. The game was called about four thirty and Lockney took the lead at once. Several scores were run in from the very first of the game and Lockney High was the victor by a score of 17 to 6. Maurice Burke was probably the outstanding star of Friday's playing for F. H. S. He plays the position of shortstop with the Swatters and cut down several runners during Friday's game. After the game Friday a game was matched for the next day to be played at the City Park in Floydada. After the victory of the day before, Lockney was sure they had a very easy game to play Saturday. The game started about four thirty with Lockney batting. At the end of the second inning the score stood two and three in favor of Floydada. This looked favorable to the Swatters and they played real baseball. Several innings were played with neither side scoring. At the end of the first half of the eighth the score was eight and six in favor of Lockney. Floydada ran in two scores this inning making a tie score. Lockney came in to the bat and ran in seven scores. This made the score fifteen and 8 with Floydada one bat coming. Although a batting rally was started this inning the home team was unable to run in seven scores and the game ended with a score of fifteen and eleven. Baseball that did credit to the rules of the game was played Saturday by both teams.

The batteries for Floydada were

SERVICES CONDUCTED BY ROY  
BAKER WELL ATTENDED

Thursday night Roy Baker held his regular Thursday night's services at the high school building with the largest attendance he has had since he began his series of sermons.

Miss Sanders favored the audience with a splendid song entitled "In the good old bible way." Something like fifty or seventy five enjoyed the sermon as well as the music. Roy will continue his sermons every Thursday night as long as the school term will permit and extends a cordial invitation to the people of Floydada to attend.

DISTRICT CLERK TUBBS  
WANTS OFFICE AGAIN

G. C. Tubbs, Floyd County's first district clerk, is a candidate for reelection. The formal announcement of his candidacy was made last week. Mr. Tubbs was elected at the general election of 1920 to the office, follow-

ing its creation by the constitutioners' Court when the census disclosed the fact that Floyd County's population had increased to the point where a separation of the offices of District and County Clerk would be required as compliance with the laws of the state. He will have completed his first term in office on December 1st of this year.

Mr. Tubbs' qualifications are well known to the voters over the county generally. He is competent to fill the office, as his record will disclose, and promises careful attention to its duties during the ensuing term if he is chosen to fill it. At present he has no opponent.

His candidacy is subject to the action of the Democratic Primaries this summer.

### CLEAN UP, PAINT UP

Throughout this broad land, fostered by civic organizations, state and municipal governments, and by the National Clean-up and Paint-up Bureau of St. Louis, the Clean Up, Paint Up movement has gained a tremendous momentum.

It is no idle scheme on the part of gentle uplifters just to do something nice, but is, in fact, a concerted annual spring movement on the part of the best citizens in America to establish civic sanitation and beautify as the real mark of progress and the badge of prosperity. The city or town that does not fall in line with some sort of organized movement is simply a moss-grown back number. More than 7,000 towns and cities are so organized this spring.

**Matador News:**

Not for many years has there been as much interest evidenced in a city election in Matador, as that which characterized the contest held here on the 4th, at which a mayor, city marshal and two aldermen were chosen.

The race for mayor, which was a very good natured one and free from personalities or the extensive use of money, was a close one. A. Lee Young receiving 94 votes to 90 for E. A. Nolte the only other candidate in whose behalf any effort was made.

In the City Marshal's race, which was the real big issue of the contest, things waxed rather warm, and really resolved itself into a test between Fred Simpson and W. J. Whitworth, the other candidates making no special effort to win out and it would seem that most of their strength went to Simpson, as he received 120 votes against 42 for Whitworth.

### PROF. G. A. WRIGHT HELD UP AND ROBBED LAST WEEK

Prof. G. A. Wright, director of the Plainview Boys' Band, was held up and robbed by two men of approximately \$270 in currency last Friday night about 11:30, five miles out of Hale Center on the Plainview road, as he was returning from a trip to Post City and Lubbock. Prof. Wright says that he was driving along in his car, by himself, when one of the men jumped on the running board of his car and ordered him to stop the car. He was then made to put up his hands, and to get out, when the other man proceeded to go through his pockets for his money.

Prof. Wright had in his pockets about \$260 in bills and about \$10 in silver, he says. His gold watch and some valuable medals which have been awarded him and which he was then wearing, were not taken. After going through his pockets, the men told him to get into the car and to go on. He said that they walked away into the darkness, and that was the last thing he saw of them. After he had driven ahead for a short distance, he stopped to see if he could hear a car, but the men evidently had walked away or had hidden in the vicinity, for he could hear nothing.

As soon as he arrived in Plainview he woke the sheriff up and told him about the robbery. To date nothing has been learned as to the whereabouts of the men who perpetrated the hold-up.

Prof. Wright had sold some band instruments in Post City and had collected for them in currency, and the banks being closed, he could not get it changed into cashier's checks, as is his habit. Evidently, he says, someone saw him as he was paying his hotel bill at Post, for he had his entire wallet out at that time. He left Post City at 6 p. m., or shortly afterwards, he says, and he only stopped in Lubbock for a short time. The robbery required only a few minutes of time, and Prof. Wright says that only a few words were spoken during the entire proceedings.—Plainview Herald.
