LAND BANK MAKES MORE LIBERAL LOAN RULING

Easier Money Indicated by Instructions to Associations—Only Speculators Barred

The following letter addressed to Jas. K. Green, secretary-treasurer of the Floydada National Farm Loan Association from the Federal Land Bank of Houston under date of April 28th, gives reason to believe that money conditions the country over are improving. It is reproduced in full:

"For the past several months we have asked you to prefer loans for the benefit of the actual farmers who were in distress, namely, those who had pressing past due land paper or agricultural debts. You were asked to postpone other loans until this class of borrowers could be first accommodated.

"We have now reached the time when the needs of these borrowers have been largely met and the discrimination in favor of those whose needs were greatest can be widened into the more comprehensive group to include any farmers who are suffering for the lack of funds for any purpose authorized under the Farm Loan Act. We request only that the funds be directed to farmers of whose eligibility there is clearly no question; that there may be care taken that the present farmer be first served and that the funds do not go, at the expense of the permanent farmer, to speculators of announced farming intentions.

"You may now receive applications to the extent of the blanks that will be sent you, for purposes of taking up or extending purchase money debts against farms where such paper is now due or where payment can be anticipated, saving the farmer the burden of unfavorable terms and higher interest rate; to purchase land, where the land is needed by an actual farmer; to purchase equipment, fertilizer and livestock necessary for the proper and reasonable operation of the mortgaged farm; or to provide buildings and improvements of the farm, or to liquidate indebtedness of the owner of the land mortgaged, where such indebtedness was incurred for agricultural purposes.

"In taking these applications, where selection is necessary, preference should be given to the farmer who may be hard pressed and whose farm or farm property may be in jeopardy. Applications may be taken in advance of the needs, but not more than the period of time that may be reasonably required to close the loan—not more than approximately four months ahead of the time this money is required.

"Please bear in mind that loans may be made only to actual farmers and that you are wasting your time to take applications from those who are landlords or from those who do not own stock and farm equipment to evidence their farming occupation. The man who has his land worked on the third and fourth is not eligible, and the applicant who operates it on the halves is regarded as a farmer only under certain conditions. Unless the applicant's principal business is farming and his principal income derived from the farming operation, he does not qualify as a farmer under the rulings of the Farm Loan Board."

CATTLE SHIPPING MAKES FLOYDADA LOOK LIKE OLD TIMES

Approximately two thousand head of cattle have been shipped out of Floydada in the past week, the two largest herds being a shipment of 418 head going out from the TM Bar Ranch last Thursday to market, and a shipment of 1,000 head from Armstrong & Jenkins to Nebraska buyers, with other small shipments between.

In a former day the principal activity of all the country was the selling and shipping of their cattle and the movement of the past week has been a reminder of these by-gone days.

CULLEN F. THOMAS FOR SENATOR CLUB IS ORGANIZED

Local admirers of Cullen F. Thomas, candidate for U. S. Senator, organized a "Cullen F. Thomas for Senator Club" in Floydada Monday night following the distinguished citizen's visit to Floydada Monday afternoon.

While the advisory committee had not been completed Tuesday several strong supporters of Mr. Thomas will be included on the list. J. C. Gaither is chairman of the club, Mrs. E. C. Nelson, vice chairman, and Glad Snodgrass secretary.

TEXAS PIONEER DIES AT HOME OF GRANDDAUGHTER

Grandma Walker Moved to Texas in Days of Republic—Lived to See Fifth Generation

Grandma Walker, of Lehigh, Oklahoma, who came out to Floyd County two weeks ago to visit her grandchildren, died at the home of her granddaughter, Mrs. A. E. Tinnin, last night, at Sand Hill, of old age. She would have been 106 years of age on August 15th next.

Arrangements are being made for the funeral to be held at Floydada Cemetery tomorrow, where burial will be made.

Born in Pope County, Ark., in 1816, Mrs. Walker moved to Texas in 1842, three years before Texas was granted statehood in the Union, and lived in the pioneer counties, then known as the border counties of Palo Pinto and Parker. Before leaving Arkansas she was a resident of Fort Smith, at the time Indian raids were a daily occurrence and after her removal to Texas saw many stirring days. She and her family took refuge in a fort in Parker County at the time of the historic raid in which Cynthia Ann Parker was captured by the Indians and taken into captivity. She lived to see her fourth generation of descendants, her great, great, grandchildren, some of whom live in this county.

She has two sons living, both over 80 years of age, and one daughter, who is 56. They are F. M. Goodman, of Hood County, Texas, Jim Goodman, of New Mexico and Mrs. S. T. Johnson of Dallas. Her grandchildren who reside in this county are: T. M. Goodman, Mrs. G. W. Ingram, E. F. Johnson and Mrs. A. E. Tinnin. She had a number of sons in the Civil War.

She had remarkable vitality up to the minute of her death, retaining all her faculties to the last. Although bedridden the past twelve months following an accident in which she sustained a broken limb, she had been active until that time and was able, when she came to visit her grandchildren here, to make the journey from Lehigh in Coal County, Oklahoma, to Floydada in a Ford Sedan.

FILLING IN SQUARE WITH DIRT AND GRAVEL

The inside portion of the city square, which since the paving of the downtown section, has been allowed to remain unfilled or paved for the past several years and has proven a very unsightly nuisance is being filled in under an arrangement with the Commissioners' Court, by which half of the cost is being paid by the county and half by private subscriptions. The order approving the matter was entered by the court at its regular session in April, but the work was delayed until the subscription list could be completed which was done last week. Approximately half of the dirt is in place. It will be rolled and covered with a layer of gravel. Whether crushed gravel will be available is not known as yet. An effort is being made to obtain this material. Geo. A. Linder, City Engineer and County Surveyor, with Commissioner J. L. King, has the work in charge.

The estimated cost of the improvement is \$1,200.

The congestion of traffic was one of the principal considerations in making the improvement. It will increase the space over which travel may safely be spread on the downtown blocks by approximately one-third.

COURT HOUSE AT OLTON IS DESTROYED BY FIRE

The court house at Olton, in Lamb county, was totally destroyed by fire of unknown origin on Monday morning of this week, most of the valuable records of the county being saved, however, by heroic work of the residents of Olton.

Considerable property of highway engineers and contractors at work in the county was lost in the fire.

An investigation of the fire is under way. A general merchandise store on the square at Olton will likely be used as a court house temporarily.

C. M. WILSON AT HOT SPRINGS, SHOWS IMPROVEMENT

C. M. Wilson, who is at Hot Springs for the baths following a severe attack of rheumatism, is showing marked improvement, he has written friends here. He has been at that place some ten days and will remain about two weeks longer.

Mrs. Wilson is with him at the Arkansas health resort.

CULLEN F. THOMAS GREETED BY LARGE CROWD MONDAY

Crowd Fills District Court Room to Hear Senatorial Aspirant—Rain Breaks his Schedule

Cullen F. Thomas, candidate for senator, was greeted in Floydada Monday afternoon at the district court room by a crowd which filled the auditorium, completely. He was almost an hour behind schedule in arriving because of heavy roads but the crowds remained to hear him notwithstanding.

Launching into statements of his position on various questions of the day immediately after taking the floor Mr. Thomas left no doubt in the minds of his hearers as to his opinions on questions of state. He declared himself at the outset against the division of the state, for a West Texas A. & M. College, and for the 18th and 19th Amendments as adopted, with added teeth in the laws enforcing the 18th amendment to the national constitution. The issues of the present-day he declares are largely economic and financial, the basic question being "who shall own America?" "A few are fixing the prices of the necessities of life," he declared, and stated that 2 per cent of the people of the United States owned two-thirds of the nation's wealth. He denounced the "big five" group of packers and said he wanted to help "curtail their power over the breakfast table." Declaring himself sympathetic with the coal strikers he alleged the coal workers are not seeking shorter hours and more pay but are really asking for sufficient number of hours work per day per week to maintain themselves and families.

Rev. J. Pat Horton introduced the speaker as a red-blooded man of broad vision, and the highest type of citizen produced in the southland, the only fault to find with the visitor being that he should have his residence in Floydada, not Dallas. The speaker was met at the train by a committee of friends including Mr. and Mrs. Glad Snodgrass, Maury Hopkins, R. E. and R. F. Fry and others, who escorted him to the auditorium.

"While all may not follow along with me in their beliefs in this campaign," Mr. Thomas declared, "There are none who will be able to say they could not find out my position on any question." He is strongly for the income tax and the inheritance tax, and would vote to maintain a high rate of sur taxes on swollen incomes.

Discussing the causes of present economic conditions the speaker said he is convinced the Federal Reserve System, which saved the country financially during the war, has been operated badly since the war. The men who issued the orders which precipitated the unprecedented slump in commodity prices are guilty of crime, and the time has come to change the personnel, he averred.

High freight rates as at present in force are highway robbery, he declared, denouncing the Esch-Cummings Bill and its guarantees of income on what he alleged to be seven billion dollars worth of watered stocks and bonds. Concrete illustrations of actual occurrences coming under the observation of the speaker were given to give point to his statements concerning excessive rates.

Economy in government operations got some attention from the speaker. The country is government-ridden, he declared. Dizzy millions are being spent unnecessarily through governmental channels and Roger Babson was quoted as saying a billion a year is going to waste through the federal government. "I won't swap appropriations," said the speaker, "If I am elected your senator. Instead of attempting to see how much I can get for my constituents out of the treasury I will endeavor to keep them from putting so much into the treasury." He repeatedly asked for an expression from his audience throughout the address and always got a large majority of the hands.

The long line of petty taxes including 3-cent postage, tax on gas, tax on autos, the sales tax, the tax on light wines and beers were all declared to be nuisances and wrong as money-raising expedients for the treasury. The only strictly partisan references made during the hour and forty minutes of the address were those made to the tariff and the League of Nations. The tariff walls should be lowered, the Farmers' Emergency Tariff being an indication of the worthlessness of the tariff to the farmer, the speaker said. And the failure of America to go into the League of Nations he said was the greatest blunder in the history of the country's life.

SUDDEN DOWNPOUR DOES DAMAGE MONDAY NIGHT

Row Crop Will Be Heavy Following Thorough Season—4 or 5 Inches Rain at Center in 2 Hours

A tremendous rain which fell in two hours or less Monday evening about six-thirty, damaged roads, and fences and washed out one or more culverts in road dumps immediately north and east of Floydada, the greatest precipitation being in the neighborhood of Center school house, according to reports. The downpour was not so heavy in Floydada but more than an inch of rain fell the first forty minutes and 1.7 inches fell in the two hours here. The rain in the neighborhood of Center was gauged at four or five inches.

A large scope of country was covered by Monday's rains, showers falling intermittently through the day over two or three counties. As a result the season is perhaps the most thorough known at this period in the season in a number of years. The lightest rainfall reported throughout April was in the immediate vicinity of Floydada, Monday's rain making the season here most thorough, while in most sections of the county the season has been very deep for two weeks or more.

The total rainfall at Floydada during the last week in April was 1.75 inches. The total in the two weeks to date has been 3.45 inches here and from four to eight inches in much of the county. In these sections much delay has been occasioned in the preparation of land for planting of row crops.

The row crop will be very heavy from present indications. Planting and preparation of land, with fair weather, will begin the latter part of this week over the entire section and great activity will feature farm operations throughout the county.

FORGERY CHARGED AGAINST MAN IN THREE COUNTS HERE

Names of L. H. Lewis and J. B. Downs Alleged to Have Been Used to Get Money From Banks

A young man, giving his name as J. E. Kinsby, and the place of the residence of his father as Kansas City, is being held in the jail at Floydada on charge of forgery in three counts, preferred against him Saturday by J. A. Grigsby, sheriff of Floyd County. The examining trial was held Wednesday before Justice J. C. Gaither. Kinsby is alleged to have obtained \$125 while at Clovis, New Mexico and \$125 at Amarillo last week by means of telegrams to the First State Bank here to which telegrams the name of L. H. Lewis, prominent rancher of this county, was signed. The bank forwarded money to both points on receipt of the telegrams only to learn two or three days later Mr. Lewis had not been out of the county. Kinsby is also alleged to have obtained \$70 from a bank at Lockney by the same means at West, McLennan County, using the name of J. B. Downs, real estate dealer of Lockney.

Sheriff J. A. Grigsby had the man arrested at Lubbock Saturday, took him to Amarillo Sunday where a cashier of the Amarillo Bank & Trust Company identified Kinsby as the man who had received the money on the Lewis telegram, returning to Floydada Monday.

Kinsby worked here during the season of 1920 as a harvest hand for A. T. Swebston.

CEMETERY ASSOCIATION ELECTION OF OFFICERS SAT.

Officers for the year of the Cemetery Association will be chosen on Saturday afternoon of this week at the first meeting of the association to be held this year.

The meeting is set for 3:30 and will be held at the office of Geo. A. Linder.

Following his address a long line of friends and admirers shook his hand.

Mr. Thomas was to have left immediately from Floydada for Plainview for an eight o'clock date there but a downpour of rain made the roads impassible and he spent the night in Floydada, speaking in Lockney Tuesday morning instead of the afternoon, speaking only to the schools at Plainview in the afternoon, and resuming his schedule at Tulia on Tuesday night. He had addressed large audiences at Post, Tahoka, Lubbock, Slaton, Hale Center and Crosbyton before coming to Floydada. His panhandle tour is being made in one day.

SAND HILL WINS BI-COUNTY SCHOOL BASEBALL CONTEST

Team Will Represent Floyd, Motley, Crosby and Dickens Counties at District Meet

Thursday afternoon of last week Sand Hill Hi and Midway Hi met at the Crosbyton grounds for an interscholastic game of baseball, Sand Hill representing Floyd and Motley Counties and Midway Dickens and Crosby Counties. The score was 8 to 7, with Sand Hill the winner. At the end of the seventh the score was tied 7 and 7 when it began to rain. Although the grounds were in bad shape after the rain both teams wanted to play the two remaining innings. Neither side scored until the last of the ninth when Sand Hill put the winning man over the plate. Many hard falls resulted from the slippery grounds and several players finished the game minus shoes and socks.

Midway scored one in the second and six in the fourth, changing ends with Sand Hill's battery in this inning. From that inning Sand Hill played good ball and Midway did not score. Sand Hill did not score until the fifth when a homer by Lewis with the bases full accounted for four scores. They scored twice in the sixth, one in the seventh and another in the ninth. Lewis for Sand Hill started at the bat, having a single, a triple and a homer to his credit. The home run came in the fifth with the bases full and his triple drove home the winning run in the last of the ninth. Although Midway led in the hitting they made several errors and Sand Hill's hits were bunched.

This is the seventh interscholastic game played by Sand Hill Hi this year, of which they have won six. As the result of this game Sand Hill will represent this four-county district at the interscholastic tournament to be held at Lubbock the 12th and 13th of this month.

LEASE BIDS OPEN TO MAY 15 FOR HOUSING POST OFFICE

The post office department has advertised for bids for quarters for the Floydada Post Office, a minimum of 1,344 square feet being set as the lowest space which will be considered. That is the size of the present quarters of the office in The First National Bank.

The bids will be received until May 15th. Bids based on five and ten-year leases will be considered. The present lease will expire on October 1st of this year.

F. H. S. STUDENT WINS ESSAY WRITING OVER DISTRICT

Saturday afternoon Chauncey Garrison, essay writer from F. H. S., received the news that he had won first place over the district in his writing which means something like twenty points for Floydada in the district championship.

Chauncey wrote at the county meet but as there was no opposition at Lockney he won by forfeit. As he was prepared to write that day he decided to write for the district championship which he immediately did getting first place when the essays were judged. The subject chosen was "The meaning of the flag."

Chauncey is a member of the senior class and will graduate this year as honor graduate.

FIRE DESTROYED RESIDENCE AT SIX THIS MORNING

Fire originating from an oil stove this morning at six o'clock destroyed the home of J. W. Conway in southwest Floydada, both the building and all its contents burning.

The house was ablaze all over within a very few minutes after the fire started. The alarm was turned in but the department was unable to cope with the fire with chemicals.

House and contents were partially covered by insurance.

NEBRASKAN SHIPS 1,200 HEAD OF FLOYD CO. CATTLE

Lewis Smithberger, of Stratton, Nebraska, received 1,200 head of yearlings and two-year-old cattle from Jenkins & Armstrong and Lee Montague in Floydada Monday of this week, the shipment going out over the Santa Fe to Nebraska grass. The bulk of the cattle were bought sometime ago for May 1 delivery, but the cattle looked so good that Mr. Smithberger bought two or three more not already contracted for by Jenkins & Armstrong and bought one from Mr. Montague.

A. D. WHITE TO BUILD BRICK POULTRY PLANT

Produce Concern Will House Business in 50x100 Foot Brick Building

What it is believed will be the largest building erected in the plains country devoted exclusively to the produce business was contracted for by the A. D. White Produce Company this week, plans for which were made public by A. D. White, the head of the firm, Tuesday of this week. The building will front on Main Street immediately south of the location of the Harmon Furniture Store and will extend 100 feet deep on the block. H. E. Cannaday was awarded the contract.

In the plan for the building is included a store room for retail merchandising in seeds and other lines included in the produce business, a ladies' rest room also being provided for to accommodate visitors in Floydada.

A large storage room for the heavier merchandise, poultry, feed and seeds, together with ample room for a drive-way through the building from front to back is contemplated in the plans, and a creamery station equipped with all modern testing, sterilizing and sanitation apparatus will be installed for cream customers. Solid concrete floor will be laid throughout the building and many special features will mark the poultry and egg departments where contrivances for rapid handling of products will be installed. A departure for this point will be the addition of a room for dressing fowls for market.

The entire plant will represent an outlay of several thousand dollars, and the fact that the construction of the building will be undertaken at an early date is an indication of the tremendous growth of the poultry and produce business at Floydada during the past few years.

"I have believed for many years that Floyd County is the greatest potential poultry producing center in Texas. That the industry is only in its infancy here is my present belief," Mr. White said. "I expect to have the most modern and conveniently arranged building for the poultry, cream, produce and seed business it is now possible to build, and while it does represent a considerable outlay of money we are of the belief that present and future outlook of the business amply justifies it."

The structure will be completed during the summer according to present plans.

"FLOYDADA" NAME PLATES FOR AUTOS BEING DISTRIBUTED

The Chamber of Commerce has just received one thousand Floydada name plates for automobiles. All owners of automobiles are urged by the Chamber to buy a pair and in that way advertise the town and also distinguish the car. The plates fit over the regular state number plates and come in black and white. They are on sale at the following business houses: Floydada Drug Co., Woody Drug Co., Motor Supply Co., Barker Bros., Day & Night Garage, Triplett & Sparks Garage, Quick Service Garage, B. & T. Tire Co., F. F. F. Service Station, Brown Bros., Mitchell Hardware, C. Surginer & Son, J. U. Borum Hardware. The price of the plates is twenty-five cents per pair.

RIDGEWAY WILL GIVE FLOYD COUNTY ANOTHER WEEK

J. W. Ridgeway who was dairy specialist for ten years at A. & M. College will be back in Floyd County another week during May 15 to 20. Mr. Ridgeway was so much impressed with the prospects here he has decided to come back and help us get our dairy cattle and cream business on a better basis. Mr. Ridgeway gives illustrated lectures and is a very interesting speaker. The following is a tentative program for the week, but is subject to change.

Lockney, Monday night, picture show, May 15th;
Tuesday night, Meteor school, May 16th;
Wednesday night, Campbell school, May 17th;
Thursday night, Allmon school, May 18th;
Friday afternoon, Lakeview, May 19th;
Friday night, Antelope, May 19th;
Saturday afternoon, 20th Floyd County meet demonstration on irrigation.

A total of 125 feet of brick frontage is under construction or contracted for the business district in Floydada. Not much indication of business stagnation in that.

The reception given Cullen F. Thomas on his visit in Floydada Monday afternoon when standing room only was available for late comers in the district court room, was probably the most cordial a candidate has had here in some years. While many were present doubtless for the purpose only of seeing the future senator in action, others came in serious mood to measure his calibre. His reception was all that a Thomas partisan could ask, and apparently his opponents will have to make heavy inroads into his vote to keep him from getting a majority of the vote in this section.

As many as possible of the citizenship of Floydada should attend the annual election of officers of the Cemetery Association announced for Saturday afternoon. This should then be followed up with financial and moral support for the officers chosen in carrying forward a further program of beautifying and improving the Floydada Cemetery. The shameful condition of the cemetery before the matter got on the consciences of a few of the leading spirits among the men and women—especially the women—of the community, must never be allowed to happen again.

"Get ready for tax increase," says a Lockney Beacon headline, over a story telling why there must be more money in the school treasury or a school of less efficiency and shorter term be held in that district next year. The wonderful work the school board and patrons of Lockney have done in the past few years in spite of handicaps, to maintain their school is worthy of commendation. And now that the year of 1922-23 is looming in the near future financial arrangements must be made for "the long pull and the strong pull" not only in Lockney Independent School District but in nearly every other community as well. The critics of the present school system should offer something better before we take their advice and abandon the ship. The free school system is the bulwark of civilization. It must be maintained at high efficiency at any cost.

A story in some newspapers a day or two ago carried the information that hard times have invaded the ranks of the actors and to bridge the gap they are going to invade the tank towns and country America in general, appearing on chautauqua and lyceum platforms, and that much mediocre talent will thus be palmed off on the smaller towns and cities this year. This may be true. We are of the belief that the talent has already reached the bottom of the ladder, and the mediocre actors and actresses couldn't make matters much worse. With year after year of guaranteed income the lyceum and chautauqua

companies have grown more careless of the talent they give, so that a few of the more able cities buy mighty good talent, guaranteed to please, while others get talent not nearly so good, guaranteed only to get the money. Plains towns and cities have been victimized in this manner until the worm has turned and the promoting companies are finding their "suckers" few and far between.

9-MONTH-OLD BABY VERY ILL FROM TETANUS

The nine-month-old baby of Mr. and Mrs. I. I. Isbell, of Lone Star, was quite ill for several days last week suffering from tetanus, the first case reported in the county in a number of years.

The baby was reported much better this mid-week.

THE CUMBERLAND PRESBYTERIAN CHURCH

Preaching at the Cumberland Church 11 A. M. Subject: Vision.

There will not be any preaching Sunday night on the account of the revival meeting in progress at the Methodist Church.

Christian Endeavor meets at 6:30 P. M.

Sabbath School Meets at 9:45 A. M. Missionary Society meets Monday 2:30 P. M.

O. N. BAUCOM, Pastor.

OLYMPIC MAKES STAGE CHANGES AND ADDS SCENERY

Considerable changes have been made in the stage accommodations at the Olympic Theatre, the management having completed last week additional floor space so as to accommodate with greater ease vaudeville and home talent plays.

Three drop curtains and side wings have been added to the stage equipment, too.

BAPTISTS "GET BACK" AT METHODISTS' EVENING GAMES

The Baptist Sunday School team Thursday afternoon "got back" at their Methodist rivals in a very substantial way in the fourth game of their series and evened the games won by taking the game 10 to 6.

The brilliant field work of the Baptists, coupled with the good pitching of Frank Moore in the first seven innings, won the game. The infield worked on a muddy diamond without a bobble throughout, accepting many chances and making four double plays. Randerson for the Methodists had two bad innings, the first and the fourth, the Baptists getting the ad-

POLITICAL ANNOUNCEMENTS

The following named persons have authorized announcement by The Hesperian of their candidacies for the offices indicated over their respective names, subject to the Democratic Primaries:

INTERSCHOLASTIC FOOTBALL ARE MADE

Make Schedule for Schools to be Held Not Later Than May 15th

and Lockney High Schools are in Section Two of the University Interscholastic League High School Football Plan, Season of 1922, according to announcement made by a committee chosen for the purpose from over the state, who have recently notified J. C. Wester, coach of Floydada. Hi of the rules which will govern competition in high school football this fall. Section Two consists of the counties of Andrews, Bailey, Borden, Cochran, Cottle, Crosby, Dawson, Dickens, Floyd, Gaines, Garza, Hale, Hockley, Kent, King, Lamb, Lubbock, Lynn, Motley, Scurry, Stonewall, Terry, Yoakum. Section One will be the nearest neighboring district on the north. It will be composed of the counties of Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, Wheeler.

Eligibility rules, rules governing playing schedules, etc., have been announced as follows, together with a rule setting forth the manner of determining the schedules:

1. Each team shall play at least five games with different high school teams within its designated section not later than November 11th, sectional championships all to be decided not later than the Saturday following. All bi-sectional games to be played during the week ending with the 4th Saturday in November.
2. Only schools which have paid their League membership fees and accepted the plan by October 1st shall be allowed to participate under this plan.
3. Any defeat by a non-member high school shall be counted against a team's record so defeated. A defeat by a high school of another section shall be counted in determining state championship, but not district championship.
4. Teams eligible for championship agree to play games of elimination as suggested by League. (Teams out of the running to arrange games as they see fit).
5. The League retains the right to eliminate from the state championship series a team that fails to play a representative schedule judged on the basis of strength shown last season.
6. Each team shall report every game to the League office as soon as possible, or arrange for the home team to do so.
7. Each team shall observe faithfully Interscholastic League rules.
8. By accepting this plan, individual members, as well as the coach of each team, pledge themselves to act in the spirit of the "Football Code."
9. Each player shall fill out an eligibility blank furnished by the League, these blanks to be signed by superintendent or principal and mailed to the state office before the contestant is allowed to take part in any game. At the end of the season the principal or coach of each school shall send to the State Office a list of all players who have participated in football during the season as representatives of the school.
10. A guarantee demanded in excess of 50 per cent of the net gate receipts for any game shall, upon ac-

tion of the State Executive Committee, disqualify offending team from further participation.

(Note).—In this connection, expenses of visiting team shall be considered as expenses of the game. Number of men allowed upon expense account to be agreed upon by coaches or managers of teams involved.

11. In each of the sections and subsections some person shall be designated by the State Executive Committee as Chairman of the football schedule committee of the particular section whose duty it shall be to call a meeting of the schools interested not later than May 15th.

(Note).—It is suggested that the body assembled under this rule cause to be published a list of approved officials in the district.

Each school is urged to have a representative at this meeting in its section as this is unquestionably the best method of arranging schedules, but where a school is unable to do so it should be remembered that it does not forfeit any rights or privileges under the plan, although it may experience some difficulty in securing games.

ROY EUBANK HOME

Roy Eubank, who has been with Lewis Hancock, official marker for the Automobile Club of Texas on various highways of Texas, for the past two months, returned home last mid-week. During his absence Roy crossed the state from east to west and north to south. Mr. Hancock visited him here from Thursday to Monday on a brief rest. Mr. Hancock has his car equipped with all conveniences including electric lights for the camp and radio set. When night falls he strikes camp wherever he may be. While the work is hard he declares he finds it has its recompenses. Roy will remain in Floydada for the present and help his father in the Eubank Cafe.

SHERIFF'S SALE

Notice is Hereby Given, that by virtue of certain Order of Sale and issued by the Clerk of the Justice of the Peace of Precinct No. 7, Dallas County, on the 9th day of February, 1922, in a certain cause wherein Sears, Roebuck and Company, of Dallas, Texas, plaintiff, and C. W. Smith, defendant, in which cause a judgment was rendered on the 18th day of March, 1922 in favor of the said plaintiff Sears, Roebuck and Company, of Dallas, Texas, against said defendant C. W. Smith, for the sum of \$143.65 One Hundred Forty-three and 65-100 Dollars, with interest thereon at the rate of 6 per centum per annum from date of judgment, together with all costs of suit, I have levied upon, and will, on the Second Saturday in May, 1922, it being the 13th day of said month, at Court House Door in Floydada, Texas, within legal hours, proceed to sell for cash to the highest bidder all the right, title and interest of the said C. W. Smith, in the following described personal property, levied upon as the property of the said C. W. Smith, to-wit: One Silvertone Phonograph, and (14) fourteen, records.

The above sale to be made by me to satisfy the above described judgment for \$143.65 One Hundred Forty-three and 65-100 Dollars, in favor of Sears, Roebuck and Company of Dallas, Texas, together with the costs of said suit, and the proceeds applied to the satisfaction thereof.

J. A. GRIGSBY,
Sheriff Floyd County, Texas.
By J. R. Maddox, Deputy.
Floydada, Texas, May the 2nd, 1922.
9-2tc.

Drs. Smith & Smith have an office in the balcony of the Floydada Drug Co., the company having completed the office the latter part of last week. J. B. Downs, of Lockney, was among the out-of-town visitors in Floydada Monday afternoon.

"Do your overalls pull and bind when you stoop?"

Interurban Special Overalls

HAVE ROOM WHERE YOU NEED IT.

They are made to give you plenty of room when you stoop. Do not bind or rip when put to test. They are made for comfort, full through the seat and best possible material and workmanship throughout. We have your size—Try just one pair and be an INTERURBAN SPECIAL BOOSTER. More Wear, Less Repair.

Children's Strap Pumps and Oxfords

We have just received a shipment of boys and girls strap slippers and oxfords in Patent, Calf and Kid, with low flat heel. Sizes from 3 to 2. Prices to suit.

WHEN BETTER AUTOMOBILES ARE BUILT, BUICK WILL BUILD THEM

**RECOMMENDATION OF THE
FLOYD CO. ADVISORY BOARD**

We the advisory board of Floyd County do hereby heartily endorse and recommend the following program to the farmers of Floyd County:

Diversified Farming

Diversified farming is not only necessary for the success of farming but is the safest plan to follow. Nearly every farmer diversifies his cropping system when forced to it and should do so every year without being forced to it by necessity. Every farmer is urged to raise plenty of feed for his stock. Milo maize, kafir, and other grain sorghums, barley, sudan, oats, millet should be grown for feeds and not to sell for money crops alone. Only the surplus should be sold of the feed crops. Every farmer should be well stocked with hogs, both for meat and breeding purposes, dairy cows, plenty of poultry, few sheep, and enough beef cattle to consume the surplus feed. All these things should be done first and then plant a money crop. A one crop system is considered unsafe. Do not plunge into the one crop system simply because some times good money is made on a certain crop during favorable years. No one can choose his year for growing a certain crop in this country for he may choose the wrong year. By this method you may lose two crops in succession as some have done in the last two years on cotton and wheat. If one intends to grow cotton he should grow some every year and if he likes to grow wheat he should plant wheat every year. Raise plenty of feed first and then your money crop. Feeds can be marketed to a greater advantage through hogs and poultry than in the raw state. Marketing of feed is much more expensive than marketing it through live stock. It costs seven times as much to market maize in the raw state than through hogs. Wheat and cotton are good money crops but one should not try to put in too much. Many farmers would make a great deal more and better crops if they did not try to put in too many acres.

Live at Home

A living should be made at home as nearly as possible by every farmer. A farmer should raise his own meat hogs. A good sized garden should be planted and well cared for and the surplus products should be canned. There should be a home orchard to furnish necessary fruits for home use. The health of the family requires fruits and vegetables to make out a balanced ration. A farmer should think as much about a balanced ration for his family as he does for his livestock. Fruits and vegetables are necessary for the health and if they are not raised they should be bought but it is a crime for a farmer to buy in the grocery store something which he can raise at home. It is urged that more time be spent in the gardens and save buying so much and at the same time keep away the doctor. Grapes, plums, strawberries, and blackberries are especially recommended for this country. Apples, peaches, apricots and other tree fruits may make occasionally. It is a good plan to plant some of these trees around the place to help beautify the premises and if they are not raised some times it is well.

Shade Trees

We urge every farmer to plant some shade trees on his place for shade and wind breaks. A Wood lot is worth planting and caring for and when it is large it will be found useful about the place. There is plenty of ground to spare for woodlots and shade trees. Elm, ash, sycamore, locust, walnut and blackberry are good shade trees for this country. Osage orange (bois deark), locust and catalpa make good wood lot trees. If trees are cultivated they can be grown without irrigation. At the Lubbock Experimental Station all their trees are grown by cultivation without irrigation.

Legumes

We advise the growing of some legumes such as sweet clover, alfalfa, soy beans, and peas. These crops are not only good for feed but are good soil builders.

Crop Rotation

Rotation is recommended for the maintenance of the soil fertility and for the improvement of the yield of the crops. Farmers are urged to not

plant one crop than two years in succession. This continuous crop system will not only tend to deplete the soil of fertility but will help pests to propagate. For example green bugs on wheat and oats will thrive better when the same soil is planted to wheat and oats year after year. As a rule a pest which attacks one crop will not attack another. Green bugs will not attack cotton or maize. The boll weevil will not work on corn, maize, or wheat etc. Every farmer is urged to rotate his crops as much as possible.

Good Seeds

We recommend that all farmers as nearly as possible grow nothing but pure seed and try to improve their seed. Field selection is the best means of getting seed for planting for the next year. Seed should be chosen only from the stalks which show the true characteristics of the kind of plant grown.

Livestock Improvement

Hogs, dairy cattle and poultry are our best livestock industries for the average farmer. On account of the scarcity of hogs and the demand for them as grown here we advise the growing of good hogs as a good means of marketing feed and for a money maker. Dairying is a very important business from the standpoint of selling cream. Every farmer should have some good milk cows for furnishing cream for sale instead of selling cheap butter. The skimmed milk is excellent for hogs and chickens. The poultry business is getting to be one of our best industries and should be improved by culling out non-layers and by proper feeding and housing methods.

Pure Bred Sires

Every herd of livestock and flock of poultry should be headed by a pure bred sire. The sire is much more than half, some people say, he is many times more than that. Common stock can be built up to a much higher plane by the use of good sires. The scrub bull, scrub boar, scrub ram, scrub horse, or scrub rooster should be disposed of for they are a detriment to a herd.

Care of Farm Machinery

Farmers are urged to use more care in handling farm machinery. The habit of leaving farm machinery in the field where it was last used is a wasteful practice. A shed should be built for this machinery. It should be kept oiled to prevent rust of parts. This should not only save great loss to the farmers every year but would prevent a great deal of inconvenience in getting machinery in working order when needed.

Dry Farming

Every farmer should try as nearly as possible to follow dry farming methods for this country. Some years a crop can be made successfully when an unfavorable year comes. Every farmer should try to use the best known methods of farming for conserving the moisture and storing it up for the time it is to be needed by some crop.

Cooperative Marketing

As nearly as possible farmers should market as much of their crops cooperatively as possible. By pooling their crops and marketing each commodity according to the best methods farmers can get more profit from their labors. By the right kind of co-operative marketing the farmers can get themselves established on a cash basis and enjoy a much more prosperous life.

Home Account

It is especially urged that every farmer as nearly as possible establish some sort of bookkeeping in order that he may know whether he is making or losing money throughout the year. It may be that one often would change his plans and plant some other crop if he would keep an account and see what he is doing.

Home Improvement

When consistent with economy and conditions farmers are urged to make home improvements, such as lights, running water and other conveniences. If you have some money on which you are paying income taxes you would well use some of it in this kind of improving and avoid paying taxes on it. The women and children of the family are entitled to these improvements when possible. There is no better way of keeping boys and girls

these con-

Boys and Girls Agricultural Club Work

There is no better way of introducing better methods of farming and caring for livestock than by getting the boys and girls interested in some kind of club work. This is a good method of distributing better hogs and poultry. Besides the boys and girls can learn something which will be of use to them. They can accumulate some property of their own and learn the value of a dollar. This is another good method of keeping them on the farm. Teach them to trade and make money and have a bank account.

Floyd County Agricultural Advisory Board.

Signed:

BLANCO NEWS

Blanco, May-3.—This part of Floyd County has been blessed with a fine rain and the lakes have water in them again after being dry for several months.

G. Scott King and family moved to Floydada Monday. We hated to see this good family move but wish them prosperity.

Alva Smith, who is attending school at Floydada, spent the week-end with his parents, Mr. and Mrs. S. F. Smith, a few miles south of here.

Some laymen from the Methodist Church at Floydada will be at the school house on the third Sunday afternoon in this month at 3 o'clock. Everybody cordially invited to attend.

The young people were entertained at the home of Mrs. Nora E. Jones Saturday night.

Mrs. Will Snell spent several days in Floydada visiting friends and attending the revival the past week.

Mr. and Mrs. Tom W. Deen were business visitors to Floydada Wednesday.

We are glad to have Mr. and Mrs. J. D. Christian back with us after spending several months at Rosston, Texas.

**CAMPBELL SCHOOL CLOSURES
AFTER SUCCESSFUL YEAR**

Campbell School closed Friday of last week and a play, "The Light House", presented by the students, was used as the closing exercise of the year.

Frank Farmer was principal of the school and Mrs. Ross assistant. The school closed one of the most successful years in its history.

BORN—To Mr. and Mrs. E. C. Corcoran, of Cone, May 1st, a daughter.

**BOND ON FORGERY CHARGE
SET AT \$1,000 FOR DODD**

The bond of L. E. Dodd, charged with forgery, was set at \$1,000 by Justice J. C. Gaither presiding at an examining trial last Saturday.

The case will come up for trial at the September term of District Court.

RABBIT DRIVE FRIDAY
Rabbits are getting so thick in fields they are going in herds and are doing a great deal of damage to the wheat in the county and other crops are in danger of being damaged. It is planned to have every one meet at the Court House Friday morning at 9 o'clock and complete arrangements and then form two lines of men, one along the Lakeview road and one along Ralls road, forming a vertex at south side of town. The two lines are to close in at south sides and drive toward town where the rabbits will be driven into a pen and killed. No guns or dogs will be allowed. If we can get enough people we can take care of the rabbits. We hope to get a large crowd from town to help in the final drive. Every one is urged to help us as we need to make several drives of this kind. N. A. Armstrong stated that he would pay \$50.00 for 1,000 rabbits. If we can get this number we can create a fund for more drives.
COUNTY AGENT.

KOOKKEEPING AN AID TO SUCCESS IN FARMING
One successful farmer who has kept books for many years has said that he would no more try to farm without keeping books than he would try to run a bank without a key. His statement is a striking one, but there is much truth in his philosophy. The farmer who keeps no record of his work and never attempts to analyze his farming operations has no means of guiding his future actions by his experience.
"Experience is a dear school," says an old proverb. Unhappy indeed is the man who does not learn, even as the result of dearly-bought experience. While experience is a dear school, it is also the best school, provided we so attend to our business that it will never be necessary to learn the same lesson twice.
Record-keeping is a great aid to success in farming. How is a farmer to know whether it is his cotton or his corn, his oats or his hay, his livestock or his poultry that is bringing him a profit if he keeps no record of any of them? How is he to know on what enterprise he is losing and on what ones he is gaining? If gaining on all of them, how is he to know how to so conduct his business as to make yet greater profits on any or all?
Granting that he makes a financial success with all of his crops one year, how is he to judge what crops or portions of crops will make a profit another year under different conditions? A little investigation among one's neighbors will show that those who have kept their operations analyzed, at least mentally, and as a rule that those who have kept books have been most successful in making the most satisfactory annual analysis.—Dallas Semi-Weekly Farm News.

J. C. Hugh, Jack and Tom Fortenberry, of Cedar, were in Floydada Wednesday afternoon on business.

Irvin Bishop is in Hillsboro attending district court as a witness.

A. N. Gamble returned Saturday from a stay of several days in Amarillo and other north plains points on business for the Gamble Land & Cattle Company.

J. S. Callihan, of McAdoo, visited here with his father, J. A. Callihan the latter part of last week.

J. E. Vickers, attorney, of Lubbock, was in Floydada on business the first of this week.

Distributed Cares.
"Why are June weddings so popular?"
"Because of the natural tendency of conditions to adjust themselves. People shouldn't be expected to buy wedding presents and Christmas presents all at the same time."

RADIO AND THE TELEPHONE
Interest in the application of radio to the practical development of the telephone business has been such that the following appearing as a statement from H. B. Thayer, president of the American Telephone & Telegraph Company, will prove of interest:
"The great activity in radio telephone broadcasting of music, entertainment and news has aroused a wide interest. The American Telephone and Telegraph Company has kept and is keeping at the forefront in the development of radio telephony and by its own inventions and by the acquisition of licenses and patents it has a clear field in the application of radio to the telephone service of the Bell System. Radio, however, is so inherently limited that we cannot extend the hope that it will be substantially helpful to the service of telephone intercommunication between our many millions of subscribers.
"We have made an installation for radio broadcasting in connection with our wire service, with a view to determining whether there is a commercial value in such service independent of the sale of receiving sets. The development of wireless communication with ships at sea in connection with our wire service is now in progress and we look forward to its successful operation."

We Want to Get Acquainted!

Since opening our business in Floydada we have enjoyed a very liberal patronage from the people of this trade territory, which we thoroughly appreciate.

There are many people, however, whom we have not had the pleasure to meet, quote prices and show our goods. We want to meet you and let you get acquainted with our way of doing business.

We have a good stock of groceries—much above the average, we think. We pay highest prices for eggs and butter, in cash or trade. Our stock is fresh because we turn it often.

Be sure to come to see us when in town.

MONTHLY MAGAZINE SECTION OF THE HESPERIAN

Will be issued May 11th. Watch for it. Eight full pages of good reading. Note the contents below:

"Battle between Texas Rangers and Lipan Indians" By A. J. Sowell, an old Texas Ranger.

"What is the Balcones Fault?" Geologists trace it as the old shoreline of the Gulf of Mexico, traversing Central East Texas northeast and southwest.

"Current Comment" By J. H. Lowry. "What do Movie Actors Earn?" Chaplin receives less money than is generally supposed; Mary Pickford, a millionairess.

"A Little Fun" Jokes with pep and punch.

"Auto Hints" They will help to keep your car in order.

"Texas Farm News" Just pure news items of the Toilers of the Soil.

"Stories for Boys and Girls" "Heroic Feats of a Life-Saving Dog" and other good stories.

"Woman's Department" May Fashions and Patterns; Household Helps, Etc.

LOCAL MEN SEE FORT WORTH'S FLOOD AT HIGH STAGE

Glad Snodgrass and O. P. Rutledge, who were in Dallas and Fort Worth on business last week and returned home by auto, left the latter city just a few minutes before the detours from the highways leading westward were covered with water too high to be passable.

The flood waters covered a tremendous area in the lower business and residence sections in Fort Worth and business, especially transportation, was paralyzed for more than forty-eight hours.

PARENT-TEACHERS MEETING ON FRIDAY, MAY 12

Following is the program for the Parent-Teachers' Association meeting on Friday afternoon, May 12th, to be held at the North Side School:

Value of kindergarten work—Mrs. Hicks, Mrs. Truitt.

Uniform grading—Miss Ivey. Reading—Mrs. Shockey.

N. B. STANLEY FOR WEAIGHTER

N. B. Stanley, at present deputy waighter at Floydada for precincts one and four, this week announced his candidacy formally for the office of waighter, subject to the democratic primaries.

Mr. Stanley's residence in precinct one for a number of years and his connection with the waighter's work for the past fifteen months, has given him wide acquaintance with the people of this territory.

His qualifications for the office for which he is asking are unquestioned and if elected he will make the public a good official.

(Political Advertisement)

TRUITT BUILDING

F. S. Truitt has under construction a very pretty residence on West Crockett Street, which will be completed June first.

It will be occupied by Sam Berry and family.

JAIL RUNNING OVER

The Floyd County jail is full to the brim and running over. Confined within its walls Monday were ten men, some serving jail sentences and others recently ensnared in the meshes of the law awaiting hearings or trial.

CITATION BY PUBLICATION

THE STATE OF TEXAS.

To the Sheriff or any Constable of Floyd County Greeting:

You are hereby commanded to summon A. E. Shelton by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Justice Court of Precinct No. 1, Floyd County, Texas, to be holden at the court house thereof on the 27th day of June, 1922, then and there to answer a petition filed in said court on the 20th day of October, 1920, in a suit numbered on the docket of said court No. 237, wherein Mitchell Bros. are plaintiffs and A. E. Shelton is defendant, said petition alleging that said defendant is indebted to plaintiffs in the sum of \$110.30 on open account. In which

cause plaintiff has garnisheed moneys of said defendant in the First State Bank of Floydada, Texas, which moneys are before the court.

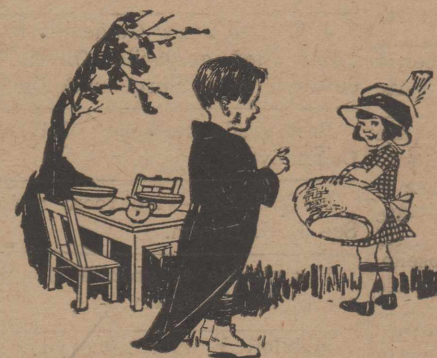

Herein fail not but have before the court on the said 27th day of June, 1922, this writ with your return thereon showing how you have executed the same. Witness my hand this 18th day of April, 1922.

J. C. GAITHER,
Justice of the Peace Precinct No. 1,
Floyd County, Texas.

Issued this 18th day of April, A. D. 1922.

J. C. GAITHER,
Justice of the Peace Precinct No. 1,
Floyd County, Texas. 7-4tc

Mrs. R. M. McCauley, who returned several days ago from Lubbock, where she had an operation following a serious illness, is continuing to show an improvement in health since her return home.

"An' Missus Johnson, you be sure to get Kellogg's Corn Flakes, because the children won't eat any other kind. Kellogg's have the goody flavor and they are never tough and hard to eat!"

Children are quick to know Kellogg's superior goodness

Little folks instantly recognize Kellogg's Corn Flakes from imitations! They know the delicious Kellogg flavor and they know that Kellogg's are never tough or leathery or hard to eat!

Kellogg's Corn Flakes are so superior in flavor and in wonder crisp crunchiness that once you know Kellogg's you will always serve Kellogg's.

And, Kellogg's should be best because they are the original Corn Flakes—the most delightful cereal ever made! Insist upon Kellogg's—the kind in the RED and GREEN package, because none are genuine without the signature of W. K. Kellogg, originator of Corn Flakes!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

BUYING AND SHIPPING HATCHING EGGS

By F. W. Kazmeier, Former Poultry Husbandman, A. and M. College

The question of getting a start with standard bred stock is always an important one. One way that has been a long time practiced, is the buying of eggs for hatching.

In buying eggs for hatching, the first thing to do is to investigate the responsibility of the breeder, that you may be assured you will get eggs from the pen you order from. Like in any other business, we always find a few people who are not responsible.

Studying the advertising columns of agricultural papers, newspapers, and poultry journals one finds three kinds of poultry advertisers; claiming three accomplishments for their chickens; viz, one the strictly fancier, claiming wonderful show records, blue ribbon and silver cup winnings; the second, Market poultryman, claiming meat and egg production, and perhaps great egg records from famous egg laying contests; and thirdly, the poultry breeder who realizes the possibility of combining utility and fancy and has bred his stock along these lines for several years. Naturally he claims both, egg production and show records for his stock. As a general rule for the average person, the last breeder is the most apt to be able to produce what you want. Some people want strictly show stock. Some, strictly utility stock, and some the happy combination—of both of these in the same bird—all three of these are offered and extensively advertised.

In buying eggs for hatching, bear in mind that one should be willing to pay for quality; too many people are still trying to buy a good rooster or a setting of eggs for \$1.00. Remember times have changed, and nowadays, a man must pay for quality. Do not expect to get your eggs the following day you send in your order.

The chances are other orders are ahead of you. Plan your work and send in your order at least 10 days or 2 weeks before you wish the eggs. Do not expect more than value received. Remember that the shipper cannot be responsible for the eggs, after they leave his hands. Transportation companies, are in a hurry and too often handle eggs as if they were iron or rock. Not long ago the National Farm Bureau wrote me requesting information and recommendations on how to reduce breakage in eggs, shipped by Express. My reply was "have the Railroad or Express companies put in a school for all employees teaching them the fact that eggs must be handled as eggs and not like as many bricks."

Allow for the fact that rough handling in transit usually affects the hatching of eggs, even though they are not broken. Shipped eggs seldom hatch as well as eggs produced at home; by this I do not mean to discourage the buying of hatching eggs but I do wish to show why people who buy for the fact that "the egg were shipped." The better they are packed the less the shipping affects them.

Shipping Hatching Eggs

Select perfectly fresh eggs; if possible not older than 3 days so that by the time they reach their destination, they are not more than 5 days old. Too few people realize the importance of shipping only perfectly fresh eggs. Old eggs will hatch late and many of the germs will be so weak, they die during the period of incubation and many more will die fully developed in the shell at hatching time. Remember that the care and feeding of the breeding stock has much to do with the eggs. Free range stock with plenty of green food, and not fed too heavily for egg production—will produce the best hatching eggs.

There are two ways to ship hatching eggs: (1) By express, and (2) Parcel Post. We have found parcel

post shipments the cheapest and best excepting in special cases. The eggs shipped by parcel post are delivered by the rural carrier, where in the care of express shipments they remain in the express office until they are called for by the owner who must be notified by the Express Agent. In the shipping of small numbers, we have found parcel post the most satisfactory. In the shipping of several hundred, we find express very satisfactory. It is possible to collect damages on eggs shipped by express which get to their destination in bad shape, broken, or lost; This does not apply in the case of parcel post shipments. The only chance for collecting damages is, should the package be insured and become lost. Parcel post shipped eggs are not insured against breakage.

Packing

It is a real art to pack hatching eggs for shipment by express. We recommend strong wooden boxes, wrapping the eggs individually first in paper, and then excelsior. Wooden baskets also are very satisfactory. The eggs should be packed so snugly that they will not shake in the package when the package is handled. All packages should be properly labeled with the sign "Eggs—Handle with Care." Some Express employees actually pay some attention to these warnings. If possible fix the package with a handle since all packages should be handled by handling from one person to another. While boxes may be handled any old way. That is one reason baskets are better than boxes. For shipment by parcel the paper or regular egg-shipping cartons are quite satisfactory. These cartons are very convenient and facilitate packing but also add to the expense of the package. The eggs should be packed as carefully as possible, not only to prevent breakage, but also to prevent the unnecessary shaking up of the contents. It is the shaking up in transit that injures or at least affects their hatching power. Frequently eggs are left in a cold place, or too near a fire.

Receiving The Eggs

If shipped by express and any are broken, have the same fact noted on the express receipt, and immediately put in a claim for damages, based on the stated value of the eggs by the shipper. If the package is in very bad shape, do not accept it. Turn it down and notify your shipper. If shipped by parcel post, and the shipment is insured, you are entitled to damages, if any of the packages are missing or a part of the package. You cannot collect for breakage, however.

Care of Eggs After Receiving

Place in a room with a temperature close to 60 degrees as possible. Allow the eggs to rest for 24 hours. This gives the eggs time to settle and for the yolk to locate its normal position. Candling shipped eggs that have been roughly handled, it will be noted that in many eggs the air sack has been ruptured.

Percentage of Hatch

We consider a 50 per cent hatch in incubators, of shipped eggs about a fair average. That means one chick from two eggs. Too many people expect all or nearly all the eggs to hatch. A 70 to 80 per cent hatch of all eggs is exceptionally good. It must be remembered that some chicks die in the various stages of development all through the hatching period, just like they do after they are hatched.

Fertility

The question is often asked what is a good fertility per cent to expect. That, to a very large degree depends upon the season of the year. In the winter a lower fertility should be expected. We are inclined to believe that an 80 per cent fertility is a good average. If the fertility goes much below that percentage it indicates something wrong with the breeding stock.

"AND THEY SHALL BEAT THEIR SWORDS INTO PLOWSHARES"

It's a prophecy which has already come to pass. Already the mighty forces of this mighty nation have been turned from the destructive unto constructive pathways and works of peace.

For "they have beat their swords into plowshares" and the plowshares are turning the fertile fields and valleys of America into garden spots that will yield up an abundance of food and feed.

To the farmers of this community we extend our earnest well wishes for a successful year, and a desire to help in every way that lies within our power.

F. H. S. SWATTERS BATTLE ROARING SPRINGS IN DOUBLE HEADER

Saturday, April 29th, the F. H. S. Swatters met, played and defeated the Roaring Springs High school team one game out of two played the same afternoon. The Roaring Springs team were scheduled to play the Swatters here Friday afternoon at four o'clock and Saturday at two o'clock but owing to the condition of the roads they were unable to reach here until late Friday afternoon. Two games were arranged for the following day to start at one o'clock and to be played with thirty minutes intermission between games.

The first game started at one o'clock promptly with something like fifty or seventy five fans seated in the grand stand. A very snappy game was played from the time the first ball left the pitchers hand until the end of the ninth inning.

At the end of the first half of the eighth inning the score was three and nothing in favor of Floydada, which looked favorable for victory but by splendid coaching Roaring Springs managed to plant two men on bases. The next man to the bat was Mitchell who parked the ball. This tied the score with only one inning to play. Floydada was shut out the next inning and Roaring Springs scored two runs, making them the winners by a score of five and three.

The batteries for the first game were: Roaring Springs: Mitchell and Scham. Floydada: Evans and Moore.

The second game started with as much and possibly more pep than the first. This was a "shut out" game until the first half of the eighth inning when Roaring Springs managed to cross home plate. The last half of the eighth inning the F. H. S. boys started a hitting rally, after two outs were made scoring two runs. The Roaring Springs were shut out in the first half of the ninth inning and F. H. S. was the winner by a score of 3 and 1.

The box score for Floydada was: First game:

	AB	R	H	E
Burke ss	4	0	1	0
Gilbert lb	4	1	1	1
Evans pe	4	1	0	0
H. Moore pe	4	0	2	0
McDonald lf	4	0	0	0
L. Moore 2b	4	0	0	1
Daily 3b	4	1	1	0
Splawn cf	3	0	0	0
Eubank rf	4	0	1	1
	35	3	6	3

Second Game

	AB	R	H	E
Burke ss	4	0	1	1
Gilbert lb	3	1	1	0
Evans p, c	4	1	0	0
Moore p, c	4	0	2	0
McDonald lf	3	0	1	1
Cott rf	4	0	1	1
Moore 2b	3	0	1	0
Daily 3b	3	0	0	1
Splawn cf	3	0	0	0
	31	3	6	4

Only who have Pleasant last three Wyo.

INTER-CLASS TOURNAMENT STARTS AT HIGH SCHOOL

The Inter-class tournament in baseball started Friday when the Juniors met the Seniors of F. H. S. in the first game on the grounds near the school building. The game started at four thirty promptly. The first inning the Seniors scored five runs and the Juniors were "shut out" entirely. This was rather discouraging to the Juniors but they were determined to win if possible and went into the second game with more determination than before. A batting rally was started by the juniors and at the end of the seventh inning which was the time limit, the score stood sixteen and ten with the Juniors the victors.

The Juniors will play the Sophomores the latter part of the week and the winners of the game will play the Freshman to determine the inter-class championship of the high school.

SANDHILL DEFEATS MIDWAY SCORE OF SEVEN AND EIGHT

Thursday afternoon, April 27th the Floyd County champions of baseball competed against the Midway team at the Crosbyton grounds. A very snappy game was played by these two teams and was very interesting to the fans present. After a play of nine innings the score stood 7 and 8 with Sandhill the winners. Sandhill has one of the best baseball teams of any school in the Panhandle, having been defeated only once, at the first of the season. Lockney is the only team that has been fortunate enough to win even one game from Sandhill out of three.

BAKER vs FLOYDADA

Wednesday afternoon a mixed team of men and boys from the Baker community visited Floydada for a baseball game. A team was at once gathered and a game was started. Although the game was rather onesided, it was very amusing and entertaining. Floydada took the lead from the beginning and continued to stay in the lead until the end of the game. The final score was 12 and 1.

The batteries for Baker were Farmer and Horn; for Floydada, Harris, Burke and Colville.

CHRISTIAN ENDEAVOR PROGRAM

Sunday, May 7th, at 6:30. Subject, "Better Sabbath Keeping." (Consecration meeting.) Leader—Miss Campbell. Song, "Stand up, Stand up, for Jesus." Prayer. Scripture lesson, Jer. 17:19-27. Sentence prayers. "My Sabbath-keeping; how it influences others."—Mrs. Bain. Song, "More Like the Master." Do I keep the Sabbath holy?—Pierce King. Solo—Miss Sanders. Five-minute talk by pastor. Business. Benediction.

BORN—To Mr. and Mrs. Willie Hulsey, of Blanco, May 3rd, a son, Frank Tye, who is drilling in the Moran oil field, was home last week for a visit with his family.

WILSON, OF LOCKNEY, ON SUMMER NORMAL FACULTY

John J. Wilson, superintendent of the Lockney Public School, will be a member of the summer normal faculty at Canyon this summer, according to an announcement made last week from the normal.

NEW WAREHOUSE ON INDUSTRIAL SWITCH GOING UP

Boothe Bros., coal and grain dealers, are increasing the storage capacity of their plant on East California Street by the addition of a sheet iron warehouse adjoining the industrial track on their property there.

The new warehouse is going up this week. It is to be 24 by 32 feet in size.

REVIVAL MEETING

Keen interest is being manifested in the revival services now in progress at the Methodist Church in spite of the very unfavorable weather conditions that have prevailed during the entire meeting. Several services have been completely rained out, but when conditions have been so that people could attend at all, the services have been attended by large crowds.

Rev. Patterson is a masterful preacher. His sermons are full of power and ring with no uncertain indictment of sin in all its phases. He adheres strictly to the Bible for all his themes and while he takes a firm stand against sin in all forms he exhibits the warmest feelings for the sinner and those in the church who are not living up to their profession.

Daily prayer services by the women in the four parts of the city begin Thursday evening and will continue daily till the close of the meeting Sunday. The men of the town will have a prayer service at the same time each day up town in some business house to be announced daily.

Mrs. Delaney, of Memphis, who has been assisting Bro. Patterson in conducting the meetings has been leading the children's and young people's services each evening just before the regular preaching services.

Rev. C. B. Meador, the pastor, expects the meetings to be well attended both morning and evening from now till the close of the meeting.

PLAY POSTPONED

The Chamber of Commerce Play that was to have been given by the Plains Dramatic Club Friday night, May 12th, has been indefinitely postponed because of unavoidable circumstances. However a play will be given at a future date for the benefit of the Chamber of Commerce.

CHRISTIAN CHURCH SERVICES

Sunday 10 a. m., bible school. 11 a. m., preaching, subject, "The creed of the New Testament Church." Further services will be announced at the 11 o'clock service. A cordial invitation is extended to all to attend our services.

W. T. COCHRAN, Pastor.

G. J. Hardy, of Arp, Texas, was here from Friday last until today visiting his sister, Mrs. W. W. Ryals.

ESTABLISHING HURRY UP SERVICE FOR CAR OWNERS

The Motor Supply Company is building a specially-designed service truck for their hurry up service to automobile owners on the highways about Floydada and will soon have it ready for use. It will be equipped with air tank and other first aid appliances for the motorist temporarily in trouble.

C. OF C. REGULAR MEETING TO BE HELD NEXT WEEK

The next meeting of the Chamber of Commerce will be Friday night, May 12th, at 8 p. m. at the County Court Room. It is especially urged that all members will be present as there has been no meeting for some time on account of the revival meetings that have been going on.

This meeting will mark the closing of the Slogan Contest. The secretary hopes to have over five hundred slogans at that time to select from. If you have not turned in any suggestions yet it is urged you do so within the next week.

Other matters of importance will be discussed and a more complete announcement made next week.

Col. W. H. Seale spent last Friday at Afton in an auction sale and with Col. Nash conducted a sale Tuesday west of Plainview.

SOUTH SIDE SINGERS WILL MEET SUNDAY AT LAKEVIEW

The South Side Singing Convention will meet Sunday afternoon at two o'clock at Lakeview, according to announcement made this week.

All lovers of music are invited to attend the convention and carry their songbooks.

COUNTY BOARD MEETS

The Floyd County School Board in its organization meeting held Monday afternoon had a full membership present. L. B. Maxey, elected from the county-at-large, presided. I. I. Isbell, from Precinct 2, and W. N. Jones from Precinct 4, were the new members present. J. H. Upton and W. C. Hanna are the hold-overs from 3 and 1 respectively. Judge W. B. Clark is ex-officio clerk of the board. Routine matters came in for the major portion of the board's consideration during the afternoon.

MONROE HOPKINS PLAYERS PLAY HERE NEXT WEEK

The Monroe Hopkins Players, featuring Mr. and Mrs. Monroe Hopkins as leading lady and leading man, will show in Floydada next week under canvas.

The company has been proving popular at other points in the panhandle.

District Attorney Chas. Clements, of Plainview, was in Floydada Saturday and represented the state in a hearing in Justice Gaither's court.
