utes of play. The Whirlwinds kicked panic. Some twenty windows were off and after three downs Canyon turned with them. punted to safe territory. On the second down a backfield mixup caused a the ball and raced to the goal line for cotton knocked out on the ground. a touchdown and made the score 7 to 0 when Canyon kicked from place-business visitor in Floydada Satur-

The score was protested by Captain Henry, who maintained the fumble was on an attempted double pass. The referee held that the play had an element of fake play in it and a fumble made it a scrimmage ball.

The Whirlwinds scored within a few minutes when Burke punted and F. H. S. recovered. This was followed by completing three downs with line bucks and end runs and Rogers went over. Place kick was blocked-by

As the quarter closed Canyon had the ball on Floydada's 6 yard line, after Floydada had been penalized 15 yards for interference on a forward pass play. In the second quarter Canyon lost several yards on the first two downs but on the third completed a long, pretty pass perfectly and made the score 14 to 6 when they kicked

Floydada's next score came in the same quarter when after a punting duel and see-sawing across the field, F. H. S. completed two long passes and Daily carried a pass over for a touchdown. Ml. Burke kicked goal.

Followed more see-sawing across the field, the half closing with Canyon in possession of the ball on F. H. S. 35 yard line.

In the second half the Whirlwinds scored in the first 8 minutes of play. On the kick off it was Canyon's ball on their 20-yard line. On a punt F. H. S. returned the ball to the 14 yard line. On a fumble Canyon recovered the ball on the 22-yard line. Blocking attempted passes and holding for downs the ball went over and F. H. S. scored in seven downs with line bucks and end runs. Loran carried the ball over and Maurice Burke kicked goal. F. H. S. attempted two field goals, one each in the third and fourth quarters. Both failed. Toward the latter part of the third quarter the Canyon coach and players became highly dissatisfied with the decisions, and much time was spent in squabbling. Coach Webb sent his men back in after they left the field practically in a body after a penalty of 15 yards was assessed, and in the fourth the visitors began desperate playing with the sun in their favor. Practically every play was a long pass, the line forming a perfect defense for their pass thrower, while two men went down field. In this way they completed two long passes, one for 25 yards and another for 20 yards in rapid succession. With only 4 yards to go and two downs in which to make it a penalty of five yards for offside made the distance 9 yards. Attempting apass the ball was caught behind the lines by Ml. Burke and the ball belonged to F. H. S. on the 20yard line. This play was protested by the Canyon boys on the ground of player-interference. On the next downs came the punt which F. H. S. recovered and the Canyon players left the field in protest of the decision.

Floydada High used its regular line up at the beginning of the game with one change. Loraine Nelson was out from injuries, and his place was filled very acceptably by Herschel Green, who played end opposite Terrell Lo-

ran, with Bill Daily in the back field. Allen, Coach of Plainview High was referee, Lockhart of W. T. S. T. C. being unable to come; Dawson was

umpire and Colville head lineman. The game will go as a practice rame. Coach Wester said he had a

Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

It it isn't Thedford's it isn't Liver Medicine.

Young Man!

Remember that time long ago when mother and you went to the photographer's? How you have grown since that day! You're a big little boy now, aren't you?

Confidentially, now, wouldn't you like to make another visit to "see the birdie"? And then you can place that cute baby picture alongside of the new one and say proudly, "Look! me when I was a baby—and me—now."

You and mother come around the next nice day you can. Mother will be delighted and so will you, especially in the years to come.

The photographer in your town

> FRANK NORFLEET CATCHES LAST OF SWINDLING GANG

> Perseverance of Hale Center Rancher Bags Last Man and Gains International Repute

Frank Norfleet , Hale Center rancher, wired Tuesday to the bank at Hale Center that he had captured the last of the gang of swindlers who several IN BUYING ANY THING YOU years ago fleeced him out of \$45,000 in Fort Worth. The capture was effected in Utah, where a man by the name of Spencer was taken in tow. This cleans up the gang, Norfleet keeping on the heels of the various members of the gang all over the United States, Canada and England ike a nemesis until he accomplished his purpose.

Once before he and his son, Pete, nad Spencer in custody in Canada. By ruse the latter made his escape as Norfleet was afraid to use his gun in

The Norfleet swindle has attracted nationwide attention and the resulting and capture of the "bunco" artists by Norfleet and his son while niswife cared for the ranch home in Hale county, involved many sacrifices on the part of the little family which would require volumes to reveal.

Joe Fury, one of the leaders of the gang sought by the ranchman, was captured in Jacksonville, Florida, following a chase throughout the large centers of North America. Fury was sentenced to a term in the Texas prison for his part in the swindling of Norfleet and died in that institution. Following his death, the body was forwarded to California where it was positively identified as the remains of Joe Fury, by officers of that state.

Ward and Geber, other members of the "bunco" party captured by Norfleet, have been disposed of. Ward suicided in Washington, D. C., while n the custody of Federal authorities.

Two other men identified wtih the windling of Northfleet at Fort Worth were captured at Denver in 1922 by Norfleet and his son, together with 15 other "bunco" artists who operated "shell games" in a number of large cities by the aid of a suggestion of police protection which seriously hanlicapped Norfleet in his four years.

NO COFFEE

On a Woodward avenue street car recently, a passenger slept peacefully crouched up in a side seat. When the car neared the end of the line the conductor awakened the rider. "We are nearing the end of the line, haven't you passed your stop?" the conductor asked. The passenger woke but still half asleep, replied, 'Yes, dear, put on the coffee. I'll be . . ." But he stopped suddenly when he discovered it was a masculine voice.—Detroit Free Press.

of the stable business men of your community. He offers a clean, fresh stock, backed by a well organized service. He wants you as a permanent customer.

That is the reason he sells Firestone tires. He knows and has plenty of proof that they are the best tires on the market. He can give you the greatest value and thereby retain your trade for years.

Every day you find new proof of this unequalled value. On the 15th of this month, Firestone Tires set two new dirt track records at Syracuse when Tommy Milton slid around four turns at every mile and covered the 100 miles in 75 minutes, 33 hundredths seconds. He also established a new world's record for one. mile by covering it in 42 and 28 hundredths seconds. The next four cars to finish were also equipped with Firestone Gum-Dipped Cords. Each one of them

You will find the Firestone Dealer one went the entire race without a stop. This and every other important race this year was won on Firestone Gum-Dipped Cords and Steam-Welded Tubes. Such performance gives you conclusive proof of their strength and durability.

Not only do race drivers use Firestone Tires as protection to their lives and the surest way to victory, but the largest tire buyers in the world insist on and buy Firestone Tires for economy and service. These buyers include the leading car manufacturers, the biggest commercial car operators and the taxicab and motorbus operators. 57,639,714 tire miles were sold to taxicab and motorbus operators in the month of August.

Think this over. You cannot afford to accept anything less than Firestone service and economy. You can buy this service and economy from any of the

THE AMERICAN PRESS ASSOCIATION

MEET THIS MAN

he's had a little harder and longer sailing than you have and he still has his head in the air and his face turned toward the sun.

A fellow he is who has been pounded by the hazards of ill fortune and mischance for almost three lives as long as yours or mine, if you're moderately young. Veteran of an army which held a flame so high aloft that they did without and fought when they had nothing to eat, and fired log chains when they ran out of shells, more than sixty years ago.

Grit enough sixty years ago, he had, to begin all over again with nothing with which to make a start; hardy enough fifty years ago before there toward the plains; and still looking on equal terms and asks no odds of a world that travels in fleet chariots on the earth and in the air.

of human kindness, his right hand

Wouldn't you enjoy being around a man like that some? And maybe country, talking about things in gen- ing arrived last week. eral as you looked over the crops.

Well, if you would you have been overlooking a bet. Such a man lives right in Floydada. He has never had his picture in the rotogravure section of your favorite magazine, but he might as well have as some of the fellows you have read about. He has his faults and he may not belong to your church ,but we assure you of an enjoyable visit if you'll drop around the corner and make yourself acquainted with Uncle John Callihan.

There is much need for more cotton pickers in Floyd County. One way of getting relief, we suggest, is to write "back east" where you came from, and tell the folks about the cotton crop and how much picking there is to be done and how many hands you can use, etc, etc, including the living conditions, and tell them to tell the neighbors. If you do not the price cotton picking has been started at, \$1.50 to \$2.00, is only a starter. Do this and you'll help keep the situation from getting worse. \$1.50 a hundred is good wages for cotton picking and there is a tremendous territory over which the shortage is acute. No danger of getting more pickers than this county or some of the neighboring counties can use. Write while you think of it. The cotton picking season is practically over in the country you came from, maybe, or perhaps the crop was light. At any rate, there'll be somebody who will come out and help you pick your crop if you scatter the news. Do a little writing now and save breath you might waste later on street corners decrying the outrageous high prices for cotton picking.

"We have met the enemy and we e theirs, temporarily',, a statement the legislators of Oklahoma who convene last week declared governor won the first

lands" to "Equal Rights for Women"

The Hesperian is impelled to believe that the citizenship of Floydada must do something about its sanitary were cowtrails in Floyd County, to problem, that something being a sewpioneer. Still looking forward when er system. We do hope that Henry the first settlers trekked westward Ford does not get this news, because it means issuing more bonds and forward in 1923 when he, a blind man pledging posterity's income to foot while school system for the school for twenty years , meets competition the bill, and Henry-is highly indignant over the public debt in the cities ent School District. All of which is and communities of America. Well just about like most any other commuhe might be, but we wonder if Henry nity would do, but at the same time Still courses in his veins the milk would like to live in a community remarkable, in a way. The way we where the citizens wouldn't go in debt crawl over insurmountable difficulties aiding many a "down and outer" of for a sewer system. Henry's home when we have it to do. Floydada Inwhom his left hand never knows. And city of Detroit has a tremendous debt dependent School District citizens may still cheerful, asking no odds ,although for every kind of paternalistic folderol have to pay too heavy a tax. A good except a square deal, and sometimes example yet. The tax problem is a school district has enough wealth and tabs. (Adv.) not getting that, the same as you and serious one and the issuance of bonds enough public spirit and ambition for and warrants, with the interest cou- our boys and girls that we ought to be pons working day and night, have ashamed not to have the very best cept for the gray hairs and the sight- made up a big part of the bill. Buick four-wheel brakes not only double the braking efficiency of the new 1924 Buicks by doubling the braking surface, but for the same reason lessen the wear on each brake mechanism in proportion. Buick four-wheel brakes last longer. They require less adjustment and the linings do not wear down

Simple in construction and positive in action, Buick four-wheel brakes give added safety under all circumstances. They are of the Buick external contracting type and each brake has a three-quarter wrap or grip instead of the usual half-way grip.

Buick four-wheel brakes are operated with a slight pressure on the service brake pedal. They act quickly, smoothly and easily.

All 1924 Buicks (both fours and sixes) have these new four-wheel brakes. In addition, the 1924 Buicks embody further advancements in power, in construction and in beauty that make Buick more than ever "the Standard of Comparison"

In China there is a wheelbarrow which climbs stairs. Some distance ahead of the regular wheel there is another smaller one. In climbing over flagstone steps or bridges the handles of the barrow are lowered until the auxiliary wheel rises above the next higher step. Then the wheelbarrow, which often carries as much as 400 pounds, seesaws from wheel to wheel until the next level stretch of flagstone is reached.

Mr. and Mrs. B. L. Williamson, of

RANDALL COUNTY ROADS W. H. Perry returned Sunday from

Randall County News:

Randall county received another big rain Sunday night of two and a quart- BORN—To Mr. and Mrs. Willie OFFER 19. Address Draughon's Coler of the wettest rain that has fallen Wisdom, of Antelope, September 25th, lege at either place below. 31-2tp in the county this year. The rain a son. poured down so long so hard that the down fall was variously reported from Lorenzo, were here Saturday to atperfectly good box of cigars on his bet tend the funeral for C. M. Stribling. four to six inches, one man losing a as to the latter measure.

Rain since August 16 has amounted to 13.82 inches in Canyon. There is little doubt about the rain having measured much more west of the city, as the Umbarger community has received heavier down-pours practically every time it has rain.

The roads of the county are in bad condition since the heavy rains, and a great deal of work will have to be done to put them back in good con-

The highway south of the city is especially hard hit by the high water. The banasters of the bridge on this highway was just sticking out of the water Monday, and water continued to run across the highway all day Tuesday. It is stated that the water was the highest in a number of years on the south creek. The north creek did not get so high.

Commissioner W. C. Baird put a large crew of men hauling rock to the damaged highway Tuesday and the road will be repaired as quickly as possible. Great holes were washed out so that is was necessary to detour to the Bishop place east of town in order to get south of the city.

The rains this year have been very destructive to the roads of Randall county and the damage done is costing the county a great deal of money.

O. P. Rutledge, who has been in the Plainview Sanitarium for an appendicitis operation, was dismissed Monday and returned home He is convalescing satisfactorily.

"FISHIN' TALES of ME AND JIM"

Jack Maxwell is well known as one of the best fishermen in Texas. He was induced to tell in his own peculiar way a few of his fishing experiences in Texas lakes, rivers and creeks. The first installment of these stories will start in our October Magazine Section, to be issued October 11th. Jack is a good, truthful story teller and we are not "editing his copy," but have passed it on to the printer just the way he has composed and spelled his words. By so doing we think his story will have more of originality and humor and be more characteristic of Jack Maxwell, the quaintest and oddest character in Texas.

Don't put off your subscription to the
