

THE FLOYD COUNTY HESPERIAN

VOLUME 30

FLOYDADA, FLOYD COUNTY, TEXAS, THURSDAY, JANUARY 24, 1924

NUMBER 47

Reports on C. Of C. Activities For 1923

Organization "Takes Stock" and Makes Plans for Another Year of Work

Determination to put forth a more aggressive effort for the growth and development of Floydada and Floyd County in 1924 than during any previous year of its existence, was in evidence at the last meeting of the fiscal year of the Floydada Chamber of Commerce last Friday evening, when sixty members heard the report of the secretary and executive committee and the talks of various members concerning a program for the new year.

New officers and directors of the body are to be named at the next regular meeting.

Some of the concrete ways in which a more aggressive effort will be made this year are being discussed and will probably be launched in February and March.

A report which gratified the Chamber of Commerce was that telling of an understanding having been reached by the Commissioners' Court and the State Highway Department as to the condition in which Highway No. 28 would be turned over to the state. The court is now working on the road and will turn it over to the highway department, if weather permits, during the next 30 days, after expending probably \$1,500 on the roadbed. The state is also contracting with the court for the maintenance of the 38 miles of state highway through the county.

G. A. Linder, now first assistant highway engineer in the fifth district, gave an idea of the magnitude of the work the Highway Department is undertaking. He answered a number of questions concerning the workings of the new highway law. Mr. Linder believes that West Texas counties will have an advantage in the administration of the new law over counties further east having greater populations.

I. D. Gamble made a brief talk in which he emphasized the value of personal work of residents of the county in interesting residents of other sections in coming here to make their homes. "A Double Up Club" for each community, in which every member would pledge himself to obtain one new citizen for Floyd County by the means of letter writing, was suggested by Mr. Gamble.

New year resolutions for the chamber of commerce, as outlined by L. G. Mathews should include: Determination of members to get behind their city and county officials, and help them, laying aside petty ideas and personal schemes; a broader program that will include closer relations with other communities of the county; a resolution to double the population of the county and a determination to be on better terms professionally with competitors and contemporary business interests. Two ambitious efforts which he said chamber of commerce members should resolve to see done during the year are the laying of an adequate sewer system and the opening of direct rail connections east, giving Floydada the position as a gateway now not enjoyed. Two state highways across Floyd County should be among the resolutions adopted, he said.

J. J. Day made a brief talk lending encouragement to the members. "Set your pegs away out yonder, all work together and just do things," was his

Center Baptist Church To Be Built This Spring

The Baptist Church at Center will build a church house near Center School House soon, according to the plans of the church made last spring, which are now practically ready for consummation. A conference of the church will be held Saturday to determine the matter definitely.

Meanwhile subscriptions of members of the church at Center have totaled more than \$1,300, proceeds from several acres of cotton having been used to swell the funds. Pledges made last spring of two to five acres among different members of the church have resulted in some material increases in the funds. One of these is that of W. C. Spence, who gave the net proceeds from two acres of cotton, which amounted to \$50 an acre.

A committee from the church got quite a bit of encouragement in Floydada Monday, several firms subscribing to the building fund.

Between \$2,000 and \$3,000 will be expended by the church on the building and seats, if present plans are carried out.

LEE SHROPSHIRE BURIED TUESDAY AT PLAINVIEW

Lee Shropshire, prominent citizen of Plainview and the panhandle, died at his home in that city Friday afternoon of last week of pneumonia, after a brief illness, and funeral services were held Tuesday afternoon of this week at the Methodist Church. Dr. E. E. Robinson, of Lubbock, a former pastor of the deceased, conducted the funeral, assisted by members of the masonic order, of which deceased was a prominent member.

Mr. Shropshire is survived by his wife, two sons and two daughters. They are: Otis and Cameron, sons, the former of Plainview, and the latter a student in a Virginia school; Mrs. F. M. Butler, and Mrs. C. B. Harder, of Plainview.

Mr. and Mrs. H. D. Butler, Mr. and Mrs. J. G. Martin, Mr. and Mrs. J. G. Wood, Mr. and Mrs. D. F. Butler and Mrs. J. V. Daniel, of this city, attended the funeral services.

500 AT PLAINVIEW C. OF C. ANNUAL BANQUET

At the annual banquet of the Plainview Chamber of Commerce Tuesday night, besides a large number of the citizens of that community, there were a number of out of town visitors, Lockney, Floydada, Lubbock, Petersburg and other points furnishing delegations to attend the feed.

Some 500 persons attended, and heard T. O. Walton, head of the Extension Service of A. & M. College, and the Hired Hand of WBAP, the Fort Worth Star-Telegram, the feature speakers of the evening.

Maury Hopkins, Homer Steen, C. A. Shockey and J. M. Hughes attended from Floydada.

Committee appointments made at the meeting: L. G. Mathews, F. P. Henry and C. C. Wright to confer on highway designation on route from Post through Ralls and Floydada north; Roy L. Snodgrass, O. P. Rutledge and R. E. Fry to confer on better tourist route from Crosbyton to Floydada; and J. U. Borum, F. S. Truitt and E. L. Norman, auditing committee, to check the finances of the organization during 1923.

Nutrition Worker Com- pliments School Spirit

Miss Alva Morrow, nutrition specialist with the American Red Cross, who is doing work with the school children of Floyd County under the direction of the Floyd County Chapter, visited Carr's Chapel and Sand Hill Schools this week.

On her visit to Sand Hill she was accompanied by a doctor, a dentist and an optometrist from Floydada who conducted medical, dental and optical examinations of the children of that school Tuesday afternoon.

On Tuesday morning Miss Morrow addressed the student body at Harmony on health practices.

Miss Morrow was delighted with her reception by the teachers and student body at both these places, where she found the utmost in co-operation and excellence of school and community spirit, she said.

MRS. W. E. ALEXANDER DEAD

Mrs. Nannie Alexander, wife of W. E. Alexander, recently here from Roswell, N. Mex., whose permanent home was at Loving, Texas, died Saturday morning last and was buried in Floydada Cemetery on Sunday afternoon, following funeral services held at the Church of Christ at 2 o'clock, conducted by Elder E. B. Mullins.

The deceased was 24 years of age, and was quite ill when the family moved here two months ago for her health. Mr. Alexander has been with oil department of the J. E. Stephens business since coming here.

Two brothers of the deceased from Young County were here for the funeral as were Mr. Alexander's brother, Rufus Alexander, of Littlefield, and his mother.

S. L. BOONE BURIED IN LOCKNEY MON. AFTERNOON

S. L. Boone, of Springdale, Ark., one time resident of Floyd County, died Wednesday of last week and the remains were shipped to Lockney for burial, where interment was made in Lockney Cemetery Monday afternoon.

Deceased came to Floyd County in 1890 and resided here until about 1913. During the early days he was a widely known resident and business man of Lockney.

A number of former friends of the Boone family from over the county attended the funeral service.

WORTH OF NUTRITION STUDY EVIDENT IN STATISTICS

Worth of the study of nutrition for growing boys and girls, as undertaken by the Red Cross in Floyd County, is indicated as being very great, in a comparison of the physical condition of students of the Floydada Public Schools as found by Miss Katherine Mitchell, Red Cross Nutrition Specialist, two years ago, and as found in the school by Miss Alva Morrow, Nutrition Specialist during this term. Miss Morrow has just completed a statistical table showing the results of the examinations conducted by her, compared with the figures for the examinations made when Miss Mitchell was specialist here under the direction of the Red Cross.

According to the statistical tables made the results of Miss Mitchell's work here are still evident, for she found, when she came to North Side, Floydada, to weigh the school boys and girls, that 42 per cent of them were 9 to 10 per cent or more underweight. Miss Morrow found only 17 per cent ten per cent or more underweight in the North Side School two weeks ago.

This indicates that the lessons learned by parents three years ago are being remembered, as to the nourishment of their children and relative food values.

An interesting fact was brought to light last week in the dental examinations, conducted by dentists of Floydada at the request of the Red Cross. Among the facts developed, which are alarming in some instances, are the following:

Of 331 children examined in the North Side School 283 have at least one decayed tooth needing attention, or 70 per cent; 119 need extractions, and 164 need teeth cleaned. Only one child was found, however, with a broken tooth and two have pyorrhea. The figures are given and vouched for by the Red Cross, the examinations having been made at that organization's request by the dentists.

Floydada High Wins Basketball Championship

Floydada High School boys' team won the basketball championship of Floyd County in the tournament at the Floydada Baseball Park last Saturday, conducted under the auspices of the Interscholastic League.

J. C. Wester, coach of the local school, is director of athletics in the county interscholastic league organization and had charge of the tournament.

In winning their way to leadership in the county this school eliminated three teams by play Saturday. A very cold day made it impossible for spectators to enjoy the games and the crowd was very limited.

When the teams chose for competitors Saturday morning, play was begun, four games being played during the day.

In the first game F. H. S. eliminated Baker by the close score of 15 to 12.

In the second game Prairie Chapel eliminated Lakeview by the even closer score of 11 to 10. The Lakeview school boys were county champions last year.

In the third game Floydada Hi eliminated Lockney Hi 15 to 6, and in the fourth game beat the Prairie Chapel boys, preliminary winners, 25 to 6. Dean of Ralls, who officiated, gave entire satisfaction to all teams.

DEAF SMITH COMMISSIONERS INSPECT HOSPITAL HERE

A body of Deaf Smith County officials and business men, representing the Commissioners Court of that county, were in Floydada last Thursday on a tour of plains points, studying the types of sanitariums in this section of the state, gathering ideas for a \$50,000 County Hospital, recently voted for by the property owners of that county.

In the party were W. M. Megert, County Judge of Deaf Smith County, C. J. Paddock, H. A. Gray and J. E. Hill.

These gentlemen made an inspection of the Smith & Smith Sanitarium here, coming from Lubbock. They were highly complimentary in their remarks concerning the local institution, and expressed the belief that, if this type of sanitarium be followed in their construction plans at Hereford, their needs could be met adequately in all respects, within the limits of their proposed expenditure.

LAST LYCEUM NUMBER OF SEASON MONDAY NIGHT

The last lyceum number of the season will be given Monday night, January 28th, at the Olympic Theatre, it is announced by the Senior Class of Floydada High School, who are sponsoring the lyceum.

Henry Black Burns, lecturer, will give an address, "Chords and Discords," which has proven immensely popular in other sections of the country.

MARRIAGE LICENSES

The following were granted licenses to marry from the office of Miss Clara Lee Johnson, County Clerk, during the past week:

January 18th, Shirlee Smith and Josie Reeder;
January 19th, Leo Frizzell and Clyde Carpenter;
January 19, J. E. Warren and Ola Mae Huckabee.

GIRLS WIN FROM LAKEVIEW LOSE TO LOCKNEY

The girls basket ball team of the Floydada High School played the Lakeview team on the Lakeview grounds last Thursday. The score was 32 and 8 in favor of Floydada.

F. H. S. line up was, Audrey Felton and Audrey Stiles, forwards; Evelyn Kizziar and Arie Gamble, centers; and Mildred Carter and Syble Covington, guards. The game was refereed by Miss Ida Mae Jarvis.

The girls basket ball team of the Lockney High School lost to the Floydada High School team, in a game played on the local grounds last Friday. The score was Floydada 18, and Lockney 20.

The line up was Audrey Felton and Audrey Stiles, forwards; Evelyn Kizziar and Arie Gamble, centers; and Adalaid Scott and Cleo Norman, guards. Miss Sue Brazil of Lockney refereed the game.

Work On Highway No. 28 Showing Progress

Work on Highway No. 28 through Floyd County, which is being done by the county preparatory to turning it over to the State Highway Department under an agreement reached by the commissioners and the highway department ten days ago, is progressing with as much speed as possible. The work is in charge of R. C. Covington.

The plans of the court in preparing the road to turn over to the Highway Department include an expenditure of approximately \$28 per mile for 38 miles. Additional work in low places where fresnos will be necessary will also be done. The Department, however, is going to bear one-fourth of this expense, which will reduce the county's expenditure to as low as \$1,000 or \$1,200 possibly.

The court, under the agreement reached with the department, will maintain the highway until about July 1st, acting for the highway department and at a figure agreed upon, that will be paid by the state.

TERRACING DEMONSTRATIONS FEBRUARY 8 AND 9

M. R. Bentley, Farm Engineering Specialist of A. & M. College has a date with County Agent T. Scott Wilson to spend February 8th and 9th in Floyd County in a practical demonstration of farm terracing.

The farm or farms for the demonstrations have not been named yet, but they will be a little later, Mr. Wilson says.

County Agent Wilson has recently received a terracing level, which he will use when his services are called for, in terracing work over the county. Much interest has been shown by quite a number of farmers in the county in the matter of terracing, Mr. Wilson says. Terracing can be done easily and is worth a great deal in increased production he states.

URGES WOMEN OF COUNTY TO PAY POLL TAX

As president of the County Federation of Women's Clubs Mrs. Lon Smith urges every woman in the county to pay her poll tax.

The purpose of the organization of a County Federation is to help in making Floyd a better county, she says, and one of the certain ways of doing this is to elect progressive and efficient county and city officers.

Since franchise has been granted women, she declares it is the duty of every woman to pay her poll tax and to vote.

FIRST "CULLUD" WEDDING IN COUNTY HELD MONDAY

The first colored couple ever to wed in Floyd County, were married Monday night in Floydada. The dusky couple gave their residence as Plainview. They were married in the tax collector's office Monday night.

J. Pat Horton, pastor of the Baptist church, officiated with J. A. Grigsby, L. B. Maxey, A. L. Bishop, J. R. Maddox and others as witnesses.

A. N. Gamble returned the latter part of last week from Dallas and other down state points, where he had been on business two weeks or more.

Mr. and Mrs. W. R. Johnson were at home over Sunday from their new home at Meadow.

Floyd County Included In School Survey

Secretary Maury Hopkins, of the Chamber of Commerce, received advice yesterday from Geo. A. Works, director of the Texas Educational Survey, authorized by the last legislature that Floyd County will be included as a "type" county in the educational survey.

The survey is under way in portions of Texas this week and Mr. Works advises that the workers will be in this county to begin work probably next Monday.

Two representatives of the Commission will spend a week in Floyd County.

Advices do not advise what phase of the survey will be undertaken in this county.

PETERSBURG SCHOOL TO GIVE PLAY AT LAKEVIEW

The Petersburg High School will give a play Saturday night at Lakeview.

"An Early Bird" is the title of the play, which is a three-act comedy.

Advance information is to the effect that the play is a good one and well-presented by the students of the Petersburg school.

PROGRAM P. T. ASSOCIATION FOR FRIDAY, JANUARY 25th

Subject, "The Well Planned Meal." Leader—Miss Morrow.

Roll Call—Members respond by the First National Bank building, vafood.

Why should a child's diet differ from that of a grown up?—Mrs. Harry Snodgrass.

What should a school lunch contain and how should it be packed?—Mrs. E. C. Henry.

Entertainment will be furnished by pupils of the South Side School, where the meeting will be held.

Every one interested in school work is urged to be present.

HALL MILLINERY MOVED

When the Clark-Wood Dry Goods Company this week changed their location to the White Building on West Side, the Hall Millinery also moved to the same location, and is now installed on the main floor with them at the new location.

OFFICE MOVES

While the business firms in the retail section of Floydada are changing about considerably, the professional men have also caught the fever and several changes are being made or have been made.

Among these are the removal of Kenneth Bain to rooms 11 and 12 in the iFirst National Bank building, vacated by Dr. W. M. Houghton when the latter moved to the Mitchell Building.

W. M. Massie & Bro. get one of the rooms in the suite vacated by Bain and the Floydada Insurance Agency the other.

The First National Bank has spent several hundred dollars in the past ten days remodeling and repairing on their second floor to accomodate their lessors.

Geo. M. Finkner returned last Thursday from Adams, Nebr., where he had been for some four weeks.

Educational Rally And Banquet To Be Held Here February 16

President J. A. Hill of W. T. S. T. C. Principal Speaker for Ex-students Gathering Here

The ex-Students of the West Texas State Teachers College are sponsoring what is to be the biggest rally and banquet of its kind ever held in this part of Texas. It is to be given Saturday night, February 16th. All ex-students and friends of the college in this county are given a hearty welcome, as well as a number of people from outside the county who are expected.

Dr. J. A. Hill, president of the college, and who is one of the foremost educators in Texas, will be the principal speaker. He will be sure to bring to us a message that will be of vital interest to every loyal citizen who is interested in the betterment of his community and state.

Several other members of the college faculty have been invited and have likewise signified their intentions of being with us.

We are glad to acknowledge the receipt of several nice letters of encouragement concerning our work, which we appreciate very much. President Hill says, "I feel that there is much that you can do for yourselves and for your Alma Mater, and I hope you will feel free to call upon us for such services as you feel we can render."

The ex-students are urged to give as many of the friends of the W. T. S. T. C. their own personal invitations as is possible. Let us all be actively engaged in the work that is now before us, for our success is measured in terms of actual service well rendered.

Signed: The Floyd County Ex-Students Association, by the President.

How Floyd County Population May Be Doubled By 1930

(A paper read by I. D. Gamble before the Chamber of Commerce Friday night.)

What would it mean to Floyd County and her people to double its present population by 1930? Can it be done? I think that it can and here is my idea.

Let every person now a citizen of the county use his or her influence by writing letters to friends living in other parts of the country, telling them of the great opportunities awaiting development in this county. It makes no difference how many new citizens a person can be the means of getting to come to Floyd County. The more the better, but if each person can secure one new citizen then our population is sure to be doubled.

Let each town and community have its "Double Up" club and when a person induces a friend to move here, he

or she would notify their district club and state where the new person is located, in order that they may be enlisted to help. There are lots of men and women too, who could be the cause of five, ten or even more new citizens to move to Floyd County within the next six years with a little time, and a few cents spent for postage.

We have the largest state in size and Floyd County has a greater amount of good farm land than any county east of the cap rock.

It is my firm belief that if we as a Chamber of Commerce will take the time, and go to the trouble to get each community to organize a "Double Up" club, for the purpose as above outlined, that we will see a great improvement in the development of Floyd county in the near future.

NEW BLOOD

During the past eighteen months or two years there has been added to Floydada's population a considerable number of new business and professional men who are today among the better workers for the upbuilding and progress of the community and the county in general.

This new blood in the veins of the community's system has been of invaluable worth to the town, these men having made themselves part and parcel of the city's business and social fabric with little fuss and acclaim—simply the matter of rolling up their sleeves and getting to work. To such men we owe much. We need to recognize their worth to the community in so many words. Furthermore, it may be possible that we are overlooking some good talent among the newer new business and professional men (meaning farmers, too, of course), talent that should be working in all lines of endeavor for the upbuilding of the community. The first requirement of a good citizen is that he shall get busy doing something for himself and his own family; then he should get busy helping carry the general burdens of the community—the burdens that are nobody's particular business unless some stout heart is willing to get under them.

Sometimes "newcomers" are backward taking hold until they have lived long enough in a community to feel perfectly at home. The "old timers" should see that these new men are made to feel at home "right off the bat."

When a citizen who accepts some responsibility as due the community at large, comes to Floydada, the best way to get him to work is to hand him a part of the load.

ENCOURAGEMENT

The publishers of the Amarillo Globe, a new newspaper which is scheduled to make its appearance in that city about February 15th, will get much encouragement out of the following comment of The Lockney Beacon:

"We trust the new paper will make good in Amarillo, as several such enterprises have failed in the town heretofore."

Enough money has been wasted in the newspaper business in Amarillo, lost forever and a day, to start a half a dozen country banks and then have enough left to start a country newspaper. A country negro preacher once said "we hopes for what we don't expect," after repeated disappointments having to do with his salary check. Most of the fraternity over the panhandle have somewhat of the parson's attitude toward two newspaper organizations subsisting and making a financial go of the matter in Amarillo.

DUE TO COTTON

The Hereford Brand tells of the visit of the Commissioners of Deaf Smith County to Plainview, Lubbock, Floydada and Ralls on an inspection tour of south plains sanitariums, and gives cotton credit for a great deal of activity in this section. It says:

"Members of the court also reported an amazing activity in the towns visited due to cotton. The hotels were all crowded and even parking space for the cars was at a premium. J. E. Hill suggested upon his return that the Hereford Chamber of Commerce ought to run a two-day automobile excursion down into that country when the weather settles in order to acquaint the people of that district about Hereford's opportunity as well as inform the Hereford business men about what their neighbors are doing."

We suggest that when we elect our next representative to the legislature we have a "gentlemen's" agreement with him that he will do all he can to have the auto tax money converted strictly into a county affair, so that all the money paid for license on automobiles will be left at home. As it now stands about half of the coun-

ties of the state get no good from the auto tax money that is sent the state each year. It is all spent on the larger counties for building their roads and the thinly settled portions have to get out of the ruts the best they can. It would be nothing but fair for this tax to remain in the county where it is paid. It would certainly be a just distribution of it.—Paducah Post.

Without discussing the value of the new Highway Law to the state in its final analysis, The Hesperian is almost positive that West Texas newspapers are incorrect in taking the position that the thinly settled counties of this state will suffer from this law and the heavily settled portions of the state grow fat on it. Our first impression of the probable effects of the highway law is that it will give back to west Texas in some form of road aid a lot of money it will take out of the big cities and thickly settled portions of the state where the road construction work has been completed in a large measure. This contention is borne out by the fact that Dallas County, one of the biggest taxpayers in the state, raised a lot of Cain about the mis-treatment they anticipated. The officials of that county began figuring and found that whereas their automobile owners would pay in to the highway fund considerably over a million dollars they couldn't expect to get back a great deal for maintenance. After a demonstration of considerable political power the best the Dallas folk could do was to get a promise of something over \$200,000 during the calendar year for the upkeep on their roads. Since that county, for an instance, has already gotten nearly a million dollars of state and federal aid for road-building they are ready to do away with the system entirely and let the more thinly settled counties do as best they can. Most of the West Texas newspapermen are playing into their hands, it appears to us. It might be well to stand by and watch the effects of the new law, and its application, for a few months before we get too hostile. The most rabid partisan will have to admit that Texas wouldn't have a state system of highways in a thousand years of the unsystematic road-building programs as followed by ninety per cent of the counties of the state the past ten years. The argument depends upon whether we want roads built with the state as a unit or with the county or precinct as a unit. The questions of the constitutionality of the law, and the ability and willingness of the taxpayers to foot the bill are other angles of the matter.

That truth serum discovered by an obscure Texas doctor appears to be generally coming into service by officers and prison authorities over the country. That this treatment makes a man tell the truth even about his own criminal activities appears no longer to be in doubt and if there are found no legal obstructions to its general use, it ought to make the world a lot better. What criminal would be so foolhardy as to commit secret murder, arson or any other crime once it became a certainty that all the details will be extorted from him by means of the truth serum? With this drug in general use and inquisitorial methods highly perfected there ought not to be any crimes left in this world except those committed by crazy people, or those under great passion and anger, which is not materially different from insanity.—Childress Post.

The world still has and will always

have a considerable number of men and women who think they are smarter, meaner and tougher, or smarter, better and holier than any of their fellow beings. As long as there are those of the former class there'll be crime of all kinds the same as though there were no "truth serum" to find them out. Without detracting from the wonderful discovery of the Texas physician, it may be taken for granted that the crime average will run about the same as ever, getting better or worse according as human nature is getting better or worse.

"Childress County will soon have a brand new jail," a headline in The Childress Post this week says. Perhaps in all the United States no greater per centage of sorry jails can be found than in West Texas. This is principally due to the fact that the West Texas folks don't pay much attention to matters that call into need a jail house, and the idea of spending a big lot of money for a jail doesn't work up any enthusiasm, somehow. Very few, if any of the jailers in this section of state, can boast of having held prisoners without some of them escaping. In fact in some West Texas counties, the sheriff doesn't have to have his back turned over twenty minutes for a jailbird to be out and gone. Childress County's new jail is the result of a recent inspection by the State Health Department. Following the inspection the jail was condemned and the county had to keep its prisoners down at Quanah. It is proving very unsatisfactory and the commissioners of the county decided to build a jail was cheapest.

The Plains Journal, of Lubbock, carried a story this week to the effect that Oklahoma City railroad circles give the Frisco credit with having plans for an extension of their lines westward. The Lubbock paper, of course, gives Lubbock as the objective of the railroad construction, and says that an official statement as to the plans of the railroad (the owners of the Q. A. & P.) may be expected within the next few weeks.

many crops will be lost this year and several nice little businesses neglected while the woods are being shelled with the bombs of the candidates.

The editor of The Hesperian and the other two walkers in the county are having lots of fun watching these bloated plutocrats pay their automobile taxes. That's taxation with representation.

CARD OF THANKS

As we are leaving for Clovis, N. Mex., we desire to leave behind a remembrance to the people of Floydada who were so good to Mrs. Shepherd during her illness here.

Mr. and Mrs. E. D. Shepherd.

CHRISTIAN ENDEAVOR ENTERTAINED

Members of the Christian Endeavor were very pleasantly entertained at the home of Mrs. R. I. Teeple, last Friday evening. Games and contests were the diversions of the evening. Refreshments of sandwiches, banana salad and tea were served.

R. M. HAVERTY A CANDIDATE FOR COMMISSIONER NO. 3

The Hesperian is authorized to announce R. M. Haverty, of Mountainview, Sunset Community, for the office of Commissioner of Precinct No. 3, subject to the action of the Democratic Primary in July.

Mr. Haverty makes the following statement concerning his candidacy:

"Will say to the voters of Precinct 3, after receiving the proper encouragement from capable citizens, I present myself before you with the desire of the above office. I have been a resident of this precinct for 8 1-2 years, am 41 years of age, and have had quite a bit of experience with

- 3:50 p. m. 20 Minutes Round Table on Methods—G. W. Tubbs, leader.

WAYLAND COLLEGE STUDENTS NOT AMONG "FLEEING" GANG

Several people residing in Floydada and adjacent territory were "fleece" for small amounts recently by a gang of persons who represented themselves to be students of Wayland College at Plainview.

In the conduct of an investigation of the matter Maury Hopkins, secretary of the Chamber of Commerce, discussed the matter with Jno. L. Boswell, secretary of the Plainview Board of City Development.

Mr. Boswell's report furnishes ample exoneration for the Wayland student body and in addition gives a moral which may be worth something to the public in general.

"After making a most thorough investigation," He says, "The Wayland College authorities are unable to get any information on Mr. Steel and his alleged gang of Wayland College students who fleeced some of your citizens with a magazine proposition. "As you know, there is probably a good magazine agent at one or both

WHY NOT BUY A DIAMOND ON OUR EASY PAYMENT PLAN?

Make your own selection from our big stock—see what you are buying—and have the satisfaction of wearing while you pay.

PAY NO MORE—

We don't charge you a fancy price just because we are selling you on terms. We sell you a diamond at the established price, whether you pay cash or buy on terms.

DROP IN AND LET'S TALK IT OVER

C. H. DAVIS
LOCATED WOODY DRUG COMPANY

of your Floydada drug stores and if your people choose to deal with transient solicitors rather than their own home town agents, they can have but little sympathy if they get stung. This is the response I usually give local citizens who now and then get stung by some travelling grafter.

"To say the least, I am sure Wayland College and its student body had nothing to do with the affair and I trust that you will inform your victim clients of this fact."

MANY FRIENDS AT FUNERAL FOR MRS. MARY L. GRAHAM

Despite the severe cold of Saturday, January 19th, many friends attended the funeral and burial services held Saturday afternoon in Floydada for Mrs. Mary L. Graham, whose death occurred on Thursday evening, January 17th, at 7 p. m.

Her death came as the result of an illness of several weeks, during which time an operation was performed in an effort to save her life.

Funeral services were held at the First Baptist Church, conducted by J. Pat Horton, pastor of the church, and interment made in Floydada Cemetery under the direction of F. C. Harmon.

Profuse floral offerings bespoke the esteem in which the deceased was held, both by individuals and organizations of the community with which she had been identified during her period of residence here.

Mrs. Graham was a native of Calhoun County, Ala., where she was born April 20th, 1859. With her parents, she moved to Waco, Texas, in 1871. In 1902 she was married to Jas. A. Graham. Mr. Graham died in 1914 and Mrs. Graham moved to Floydada in 1915, and had been a resident here

You cannot find it in your title deeds

You may own a large business.

You may own property, real estate, oil fields.

You may own whole fleets of ships at sea.

BUT—

You do not own a single moment of tomorrow.

You cannot find tomorrow in your title deeds.

TOMORROW—

belongs to no man. Neither present wealth nor future profits can give you rights to security tomorrow.

Glycerine Mixture for Gas on Stomach

Simple glycerine, buckthorn bark, etc., as mixed in Adlerka, helps any case gas on the stomach in TEN minutes. Most medicines act only on lower bowels, but Adlerka acts on BOTH upper and lower bowels and removes all gasses and poisons. Brings out matter you never thought was in your system. Excellent for obstinate constipation. Guards against appendicitis. By all leading druggists.

until the time of her death last week.

At the age of 19 the deceased became a member of the Baptist Church and was a loyal church worker. She had been a teacher in the primary department of the Sunday School practically all of her religious life.

She leaves a sister and four brothers, the sister residing at Chillothe. Two brothers live in Waco, one in New Mexico and one in Floydada. W. I. Allen, the brother residing here, and Sam Allen, of Waco, were the only members of the immediate family who could attend the funeral.

B. L. Williamson, of Lorenzo, was a business visitor in Floydada last Friday.

G. C. Collum and family of Jayton and Willis Collum and family of Matador visited last week end in Floydada with Mr. and Mrs. Tom Collum.

ED GRIFFIN OF MUNCY FOR SHERIFF AND COLLECTOR

We are authorized to announce the candidacy of Ed Griffin of the Muncy community for the office of Sheriff and Tax Collector of Floyd County, subject to the action of the Democratic Primary in July.

Mr. Griffin is an old timer in the

Miss Clara Lee Johnson

Candidate for County Clerk of Floyd County will appreciate your vote and influence.

Western part of the State, having been born in the Old West and moved with the country to the New West as it developed. He served as a policeman at Pasadena, California, where he spent six years of his life, returning to Floyd County four years ago, and settling on a farm near Muncy switch.

Mr. Griffin is well qualified to care for the tax collection part of the office, as well as the sheriff's department. He believes in the strict enforcement of the law, and if elected will bend every effort in his power to see that the law is enforced. He is 42 years of age and a settled man.

He will appreciate the investigation of his character and ability to care for the office, and wants the vote and influence of the voters of Floyd County.

HESPERIAN WANT ADS—QUICK RESULTS

The Cost of a Car
is no measure of its value

These are the things to consider

THE cost of a car depends in large part on volume and efficiency. It is no criterion of value. Studebaker builds 150,000 fine cars yearly. All of them are Sixes. The main costs are divided by that enormous output. Thus at prices of \$975 and up we offer the utmost in quality. We offer maximum values. Don't judge these cars by prices. Under other conditions they might cost twice as much, yet offer less than these.

Some major costs

Quality cars require costly facilities. Studebaker has \$50,000,000 invested in modern plants and equipment. \$8,000,000 in drop forge plants alone. \$10,000,000 in body plants, to carry out the Studebaker standards. There are 12,500 up-to-date machines employed to build these cars. Some are enormously expensive. Few outputs justify such facilities. Then parts must be bought outside, and profits paid to others.

Studebaker engineering costs \$500,000 per year. That to us is \$3.33 per car.

Our Department of Research and Experiment employs 125 skilled men. It makes 500,000 tests per year to maintain our standards.

Our Bureau of Methods and Standards fixes the requirements for every part and detail. 12,000 inspections are necessary for each car to insure against flaws and mistakes. We employ 1,000 men to make them. Cars like the Studebakers cannot be built without such facilities, such research, such care. Yet enormous output alone makes them possible at Studebaker prices.

The best we know
Studebakers represent the best we know. And with our army of en-

gineers, with our wealth of experience, we probably know what is best. We use 35 formulas for steels. Each is best suited to certain parts, as proved by years of tests. On some steels we pay the makers a bonus of 15% to get them exactly right. There is no room to excel us there. * * *

We machine the entire surface of each crank shaft, as was done on Liberty Airplane Motors. That extra cost is heavy. But thus we get

Just Go and See

Studebaker is today the leader in the fine-car field.

Studebaker builds more quality cars than any other concern in the world.

Buyers of fine cars last year spent over \$200,000,000 for Studebaker models.

The demand for Studebakers has almost trebled in three years—as people found them out.

Then go see them. Compare them with any car you will. Don't spend \$1,000 or over without knowing what Studebaker offers. You owe that to yourself.

that perfect balance, that absence of vibration. We use more Timken bearings than any other car which costs under \$5,600. They cost considerably more than ball bearings.

These facts apply to all Studebakers, of all styles and sizes. The materials used in all chassis are alike.

Beauty—Luxury—Finish

The Studebaker coach work has been famous for decades. No one can excel it. The finish is produced by 26 oper-

ations, including 15 coats of paint and varnish.

Open cars have real leather cushions. They cost, over imitation leather, about \$25 per car.

No closed cars could be more luxurious. That lining of Chase Mohair is made from the soft fleece of Angora goats. A velour lining would save about two-thirds that cost—up to \$100 per car.

Note how every detail denotes infinite care. That, as you know, is expensive.

Note the completeness of our larger models. The nickel-plated bumpers, extra disc wheels with cord tires, a steel trunk, a courtesy light. These are rare extras, even on the costliest cars.

Nothing is stinted

Compare part by part with any rival cars. Studebaker will show you some scores of advantages.

Then consider Studebaker history. For 72 years this name has stood for quality. When people rode in carriages, Studebaker built the best. Now those same traditions are applied to motor cars alone.

Consider Studebaker records. Mark how these cars in service have multiplied demand, until people last year paid \$200,000,000 for Studebaker cars.

Consider their service records. One Studebaker car, built in 1918, has run 475,000 miles. It is still in active service. It lately made a mid-winter trip from Los Angeles to New York. That means 80 years of average service, of 6,000 miles per year.

What more can you dream of in a motor car than the Studebakers offer?

PERIL OF "STINGING TREE"

Shrub in Australia of Pleasing Appearance Causes Maddening Pain When Touched.

Among the curious plants of Queensland, Australia, is the "stinging tree," a luxuriant shrub, pleasing to the eye, but dangerous to the touch, says the Detroit News.

CAUSE AND EFFECT

"She's the coolest proposition I've ever met." "Perhaps that's why you froze onto her so quick."

TIME TO GO

A close-fisted man was invited by a friend, who had recently installed a receiving set in his house, to come and listen in.

WORLD MYSTERY

The disappearance of the great Table diamond, which weighed about 242 carats, is one of the world's great mysteries.

LIFE ON THE OCEAN WAVE

A ship was lying in the harbor of a town in the north of England, when a visitor went on board and addressed the cook, who was Irish.

CAN'T BE DONE

Mistress (annoyed)—How do you manage to make so much noise in the kitchen, cook?

SWOLLEN ROLL

Doctor—Are you sure the patient is unconscious? Nurse—Yes, doctor.

POSITIVE

Rub—Why are you so sure that you can't afford a car? Dub—Because I have one!

PROFITABLY EMPLOYED AT LAST

"What became of that young speculator who was always getting tips?" "Oh, he's still getting them. He's a waiter now."

"THOUSAND AND ONE NIGHTS"

Galland the First to Bring to Western World the Famous Arabian Tales.

The four great names associated with the bringing of "The Thousand and One Nights" from the east to the western world are Galland, Edward William Lane, John Payne and Richard Burton.

OLD GERMAN RIP VAN WINKLE

Peter Klaus, Goatherd of Tradition, Wakes Up After Sleep of Twenty Years.

Peter Klaus is the hero of an old German tradition, whose experiences—almost identical with those of Rip Van Winkle—are related in Otmar's Volks-Sagen.

WHICH WAS IT?

In New Hampshire they tell of a young widow who, in consulting a tombstone maker with reference to a monument for the deceased, ended the discussion with:

TO MY HUSBAND IN AN APPROPRIATE PLACE FOR THE NURSERY

A gay little elf with outstretched arms and wings will prove a happy addition to the nursery, particularly as its mission is both practical and decorative.

WHAT A PITY!

The village magistrate was examining the victim of a motorcar accident. "You say you didn't see his number," remarked the magistrate.

AGE OF ADVERTISING

"He always looks queer and feels sick." "Naturally," replied Miss Cayenne. "He's one of those people who are too willing to take advice."

NOT FOR HER

He—They say that in time people who live together get to look exactly alike.

A MYSTERY

"I hear that Jones is going south for his health." "Is he? How did it get down there?"—Boston Transcript.

WOMAN'S QUICK TONGUE

Mr. Grump—(feeling his chin)—You've left some stubble here. Woman Barber—Well, it's autumn, isn't it?—Boston Transcript.

IN MEMORY OF MRS. GRAHAM

Mrs. Mary L. Graham departed this life Thursday evening, January 17, 1924.

She had lived in Floydada several years and will be greatly missed by her loved ones, her friends and her church.

She was ever ready to lend a helping hand to those who were sick or in distress, and always had a word of cheer for those with whom she came in contact.

She has talked with me many times about her religion and her savior whom she loved better than all things else, and many are the times she has been in my home and how her visits always cheered my heart.

But, like Paul, she has fought a good fight, she has finished her course, and has gone to receive that crown of righteousness which is laid up for her.

For "precious in the sight of the Lord is the death of his saints." Her body is sleeping in the church yard.

Ever there beneath the sod: But her spirit has ascended, Ever more to live with God.

Written by her friend, MRS. J. A. WYMAN.

Mr. and Mrs. Clyde Meador who for the past few months have been residing at Fayetteville, Arkansas, returned last week to make their home in Floydada.

LEIF THE LUCKY SAW GRAPES

Norseman and His Crew, in Year 1000, First to View Them in America.

The "grape festival" was a name first given thirty-three years ago to public demonstrations in honor of Leif the Lucky (Leif Ericson) and his open-boat cruise from Norway to North America in the year 1000.

The first of these monuments was the one erected in Boston by a committee which included James Russell Lowell, Henry Wendell Holmes, Thomas S. Appleton and Prof. E. B. Horsford.

The ancient mariner whom they were imitating steered entire by instinct, courage and experience. And it was because of this fact, perhaps, no less than by reason of heavy northeast winds, that he came upon the fruited shores of Wineland instead of into the Greenland fjord at which he was aiming.

MAIN STREAM OF WHITE NILE

Victoria Nyanza, Its Source, Discovered by Grant and Speke in 1858.

The question of the source of the Nile is at once the oldest and the most recent of geography. The first European to lay claim to having discovered the true source was James Bruce.

The ancients believed that the westernmost branch, called the White Nile, was the true Nile. The ancients were right and Bruce was wrong.

Many explorers sought to trace the White Nile to its source, but the greatest discovery of all, that the Nile really rises in south latitude and crosses the equator, was made by Captains Grant and Speke, who in 1858 discovered Victoria Nyanza.

Remington Portable. Take any user's advice. Anyone who uses a Remington Portable will tell you how indispensable it is. It makes writing swifter—likewise easier. And—without any reflection on your penmanship—it makes reading easier. Compact—fits in a case only four inches high. Easy to pick up and carry around, or tuck away in a desk drawer. Convenient—can be used anywhere—on your lap, if you wish. Complete—with four-row keyboard, like the big machines, and other "big machine" conveniences. Price, complete with case, \$60. Easy payment terms if desired. Hesperian Publishing Company Telephone No. 8

WOMANLESS WEDDING NETS \$42.88 FOR BAKER SCHOOL

Miss Rosebud Delicatessen Faints in Arms of Her Intended as Ceremony Starts

Receipts of the womanless wedding at Baker Friday evening totalled \$42.88 and will be used for Baker School. The Parent Teachers' Association wish to thank all members of the wedding party, also C. A. Shockey, Avel Shockey, C. D. Hopkins and Herbert Hicks for their part in the highly successful event.

The marriage of Miss Rosebud Delicatessen, daughter of Mr. and Mrs. X. Z. Delicatessen, to Mr. Archibald Hercules Headlight, solemnized Friday evening in Broadway Baker School Auditorium, was one of the prettiest of the season.

The auditorium was beautifully decorated, the color scheme of red being carried out in a very artistic way. The altar, where the ring ceremony was read by Rev. Johnny Harteaway, was not banked. A red bell and canopy of red hung over the altar and tall baskets were tied with filmy red calico.

Preceding the ceremony a musical program was given with Madam Khowantchina as pianist and Miss Walkiire at the drums. Madam Pavlowa gave a beautiful solo dance. A musical dialogue was also given by Madam Khowantchina and Ann G. Fields and was followed by a pipe organ solo, "I Love You Truly." Miss Fayfield Hartbroke sang this in such a touching manner that the house was brought to tears.

The wedding party entered to the strains of Lohengrin's "Hail, Hail, the Gang's all Here." The bride's maids were lovely in pastel shades of cambric. Their corsages were dainty sunflowers. Little Jimmy Cornucopia, in white calico, carried the wedding ring on a pillow. He was followed by the matron of honor, Mrs. Cora Mae Pferdenig and the honor maid, Miss Ima Lovetoo, in flaming green percale.

Little Cordelia Budwiser and Carry Nation scattered red roses before the bride. They were the essence of daintiness in pink cotton flannel. Tiny caps enhanced their cherubic faces.

The fragile bride, who came in on the arm of her father, Mr. X. Z. Delicatessen, was charming. She wore a gown of white cheese cloth with lace cheape. Her veil was of mosquitore barre, caught with lemon blossoms, and she carried a bouquet of paper chrysanthemums with a shower of leaves.

The frail bride swooned in the arms of the groom when a former lover, O. U. Taker, appeared at the crucial moment and objected to the ceremony being performed. The bride's father, however, settled with Mr. Taker and the wedding proceeded.

To the strains of "There'll be a Hot Time," (Saint-Saens) the bridal party left the auditorium.

Immediately after the ceremony Mr. and Mrs. Archibald Hercules Headlight left for Plainview in a wagon for a brief honeymoon. They will be at home to their friends after January 25th, Riverside Drive, Baker Community.

BRIDGE CLUB

The Wednesday Bridge Club met at the home of Mrs. Homer Steen. High score was won by Mrs. Thurmon Bishop.

Delicious refreshments were served to the club members.

The club will meet next with Mrs. W. B. Henry.

CITATION BY PUBLICATION

The State of Texas,
To the Sheriff or any Constable of Floyd County—Greeting:

You are hereby commanded, that you summon, by making publication of this citation in some newspaper published in the county of Floyd if there be a newspaper published therein, but if not, then in the nearest county where a newspaper is published once each week for four consecutive weeks previous to the return day hereof, S. H. Dollahite, his unknown heirs and legal representatives whose residence is unknown, to be and appear before the Hon. District Court, at the next regular term thereof, to be holden in the County of Floyd, at the Court House thereof, in Floydada, on the 3rd day of March, A. D. 1924, then and there to answer a Petition filed in said Court, on the 19th day of Jan., A. D. 1924, in a suit numbered on the docket of said Court No. 1592, wherein A. E. Johnson is plaintiff, and S. H. Dollahite, his unknown heirs and legal representatives are defendants.

The nature of the plaintiffs demand being as follows, to-wit: Plaintiff comes now and shows to the court that on the 1st day of January, A. D. 1924, that he was lawfully seized and possessed of the following described land and premises claiming the same in fee simple, to-wit: All that certain lot, tract or parcel of land, situated in Floyd County, Texas, being Lot No. 18, in Block No. 93, as shown by the official plat of Floyd City, of record in deed records of Floyd County, Texas, Vol. 22, page 294. That on the day and year aforesaid, defendants unlawfully entered upon said premises and ejected plaintiff therefrom; and defendants unlawfully withhold from plaintiff the possession thereof, to his damage in the sum of \$800.00.

Plaintiff further shows to the court that he and those under whom he claims have had possession of the land and premises above described, under fence, using and enjoying the same for a period of more than ten years prior to the institution of this suit, that the defendants and each of them are barred by the ten year statute of limitation from claiming or asserting any claim to the land and premises hereinabove described. Plaintiff further pleads the five years statute of limitation. Plaintiff further alleges that he holds the premises above described

by and through a general warranty deed from T. F. Houghton and wife Bertha Houghton dated March 7, 1913, recorded in deed records Floyd County, in Vol. 34, page 61, that each of defendants herein are setting up some claim to the land and premises above described, the nature of which is unknown to plaintiff.

Wherefore, premises considered, plaintiff prays that the defendants, and each of them be cited by publication in the manner prescribed by law to appear and answer this petition; and that upon final trial hereof plaintiff have judgment for his said land and premises with his writ of restitution confirming his title to the land and premises with his writ of restitution and that it be decreed that the defendants and each of them have no right, title, interest or claim in or to said land or premises or any part thereof; and that all clouds cast upon his title to said land and premises by reason of the pretended claim of defendants be cancelled and removed and that he be forever quieted in his title to and possession of said land and premises, and for such other and further relief, to which he may be entitled, either in law or in equity.

Herein fail not, and have you before said court, on the said first day of the next term thereof, this writ, with your endorsement thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office in Floydada, Texas, this the 23rd day of January, A. D. 1924.

(Seal) G. C. TUBBS,
Clerk District Court, Floyd County,
Texas. 47-4tp

CENTER

Center, Jan. 22.—The weather continues cold though no falling weather this week. The snow of Tuesday and Thursday of last week only lasted a few hours.

Mr. King lacks a little being through picking cotton, and possibly a few more that lack a little, but the most of the cotton pulling for this past crop is over and practically all feed is in the stack.

Rev. Virgil Lemons preached here Sunday night. We are always glad to have him with us.

We hear Mr. Leo Frizzell and Miss Clyde Carpenter were married Saturday afternoon. We have no particulars as to where etc., but wish them all that's good with just enough shadow

to make them know and appreciate God's dealings with his own.

Miss Vera Meredith spent Sunday with home folks.

The prospects are fine for starting a church building here soon. The building committee have plans perfected for the house and have almost finished the financial canvas and they certainly appreciate the hearty response to their appeal. If the church accept their plans, possibly work on the foundation will begin next week.

Mr. Austin has purchased a horse and buggy after the main winter months are passed Miss Nova will drive to school from home.

Mrs. Goodman was to have come home last Saturday but it was so cold don't think she came until Sunday.

Mrs. Paul Lloyd was to leave for her home in Colorado yesterday morning. She came home in response to the message that her mother was very sick.

Mrs. Montgomery made a business trip to Plainview last Tuesday.

All the measles patients are well and have been up several days at the Jordan home.

Mr. Tivis is moving house out from town today which will be occupied by Mr. Shannon and family. We understand Mr. Tivis will not stay on the farm this year.

Mr. Ratliff and family have moved to the Snodgrass place where Mr. Meredith moved from.

Remember next Sunday is our regular preaching day, also Saturday before. Business of importance pertaining to the church building will be taken up so we hope to have a good crowd out. Conference will be held at 11 o'clock.

PROVIDENCE

Providence, Jan. 22.—Harvy Oliver and family have moved to Lubbock to live. Oliver is a carpenter and will work at the trade.

Mr. and Mrs. Kennedy were the guests of Mr. and Mrs. S. D. Irwin Sunday last at Fairview community.

Mrs. Allgood has started a sewing club at the school for the girls. Several have joined.

A little snow fell here Tuesday forenoon.

Mr. and Mrs. Allen have moved to a place near Plainview.

Mr. and Mrs. Allcock and family from Aiken have moved into our community.

A number of new scholars have been

enrolled the past week here.

J. A. Zimmerman was a Lockney caller Monday.

Miss Flo Pullen was at Lockney Monday evening.

Mable and Jake Turner are absent from School this week, picking bolls.

The Parent Teachers Association met last Friday night and held their meeting.

MR. AND MRS. WOODY HOSTS

Mr. and Mrs. B. P. Woody entertained a few friends with an informal dinner, at their home on California street, a week ago last Thursday evening.

The guests enjoying the evening were: Mr. and Mrs. Clyde Davis, Mr. and Mrs. H. O. Pope, Mr. and Mrs. J. E. Dickey, and Mr. and Mrs. Baird Bishop.

Word has been received by friends of Mr. and Mrs. C. E. Swalwell of Dallas, of the arrival of a son, born January 1. Mrs. Swalwell was Miss Virginia Rucker before her marriage.

Mrs. E. P. Nelson left Tuesday for the millinery market in St. Louis and Kansas City.

BAKER P. T. ASSOCIATION

The Parent Teachers' Association of Baker will hold the next regular meeting Friday evening of this week at 7:30.

After the business session the following program will be given:

Discussion of malnutrition—Miss Alva Morrow.

Pianologue, "Mary Jane,"—Mrs. T. R. Webb.

Federated club work—Mrs. T. R. Webb.

Duet, "O, that we two were maying,"—Mrs. Webb, Mrs. Calvin Steen.

MATADOR VS. FLOYDADA

The girls basket ball team of the Floydada High School played the Matador High School team on the local grounds. The score was 15 and 20 in favor of Matador.

Miss Riddle of Matador was referee the first half and Miss Jarvis of Floydada the second half of the game.

Mesdames Geo. Wilson and Guy Bogard and little daughter, Mary Lynn of Amarillo, visited in Floydada last week with Mr. and Mrs. C. M. Wilson.

Giving the Telephone Life

WHEREVER your thought goes, your voice may go. You can talk across the continent as if face to face. Your telephone is the latch which will open any door in the land, to you.

There is the web of wires; the many switchboards; the maze of apparatus; the millions of telephones. All are parts of the great system which provides nation-wide telephone service. The equipment has cost over two billion dollars. But more than equipment is needed.

There must be the guardians of the wires to keep them vital with speech-carrying electrical currents. There must be the thousands of operators to watch the millions of tiny switchboard lights. There must be skilled workers of every sort to construct, repair and operate.

A quarter of a million men and women are united to give nation-wide telephone service. With their brains and hands they make the Bell System live.

High Lights in Report of Chamber of Commerce Work Here for 1923

(The report of the secretary and executive committee of the Floydada Chamber of Commerce for the year of 1923, read at the organization's regular meeting on January 18th, bears upon many subjects which have had the attention of the general public during the year. Excerpts from this report are given herewith in the belief that it will be of general interest to the readers of The Hesperian.)

Following we have given a brief survey of some of the leading activities of this organization, not for the purpose of justifying its existence but to acquaint the membership as a whole with what has been attempted and what has been done. It is hoped that the information given will be of value in that suggestions will arise that will be useful during the new year we are now entering.

Membership Statistics

At present your Chamber of Commerce has one hundred and ninety eight one dollar members and nineteen business firms that pay from two dollars per month to twelve dollars and fifty cents per month. The monthly income of the organization is now two hundred and ninety five dollars per month. We have had a net increase in individual members during the past twelve months over and above the dropped members of sixty three. Our business memberships were increased in February, 1923, by fifty six dollars and fifty cents. During the year just closed our monthly income averaged around two hundred and forty dollars.

Financial Statement

Receipts:	
Dues and subscriptions to general fund	\$2,876.50
C. S. Nusbaum Special subscription	199.50
Exhibit fund, special subscription and premium	889.00

Total	\$4,064.34

Newspaper Publicity

A total of sixty thousand words of Floydada news matter has appeared in the six daily papers of Texas to which your secretary is correspondent. This is an increase over that of 1922.

In addition to the news matter written by your secretary Floydada has obtained during this year a vast amount of newspaper publicity by virtue of several activities directly and indirectly sponsored by this organization.

The Technological College Fight, the radio program at Fort Worth, The Floyd County Exhibit all came in for their part of unsolicited newspaper publicity.

Several articles prepared by this organization were printed in various commercial publications of the country, and Mrs. Phebe K. Warner gave Floydada quite a bit of publicity through the Star Telegram in a splendid article entitled "The Spirit of Floydada," this article was written in connection with some activity of this organization.

C. S. Nusbaum Community Service

Meetings

In February of this past year, this organization invited Captain C. S. Nusbaum to Floydada to conduct his series of Community Service lectures. Captain Nusbaum is a chamber of commerce organizer. His lectures were well received and a drive for members was made during his campaign that added twenty new members to the rolls of this organization. Texas Technological College Location

This is a familiar subject.

On February 23rd following the passage of the bill that created the Texas Technological College, the directors of this organization had a

meeting at which the question of whether or not Floydada should make a fight for the location of this college came up for consideration. After much discussion, the directors voted unanimously that the Chamber of Commerce was not financially strong enough to finance such a fight and that if Floydada made a fight it would have to be financed by the subscription plan and the directors did not feel that Floydada's chances were such as to warrant action at the time.

However a mass meeting was held and the citizens instituted the fight. Following the organization of the steering committee, the Chamber of Commerce gave aid and assisted in every way. The Secretary spent a greater part of his time for several weeks in the fight.

Our fight was not without beneficial results to Floydada. Besides getting the school on the plains, and we believe we helped in a measure, as outlined under the subject of newspaper publicity in another section of this report, you will note that we obtained considerable publicity that was worth the time and money spent.

In addition to the newspaper publicity, an expensive brief was prepared by the steering committee and presented to the board. This book was well received and fifteen hundred copies were distributed. It has been revised and reprinted under the caption "Floydada and Floyd County." Five thousand copies of this revised work has been printed and is being used for general distribution purposes.

The compilation of this book was the work of the Technological Steering Committee, and in casting about for argument for the location of the school, we found out many things about Floydada and Floyd County that we did not know. These are now compiled in a book that if you haven't read you should.

Radio Program at Fort Worth

One of the most unique advertising stunts ever sponsored by this organization was the program of the Society Novelty Four Orchestra which was broadcasted from the Fort Worth Star Telegram station on March 20th.

This organization is indebted to Mr. C. A. Shockey for handling this proposition and putting it over. This program received a total of two hundred and seventy five acknowledgements from all over the United States and Canada.

Agricultural Exhibit Program

This year as last, this organization authorized the assembling and handling of an exhibit at the State Fair of Texas. In accordance with this wish, an agricultural exhibit was assembled and taken to Dallas and in the competition won first place for decoration and attractiveness and second place on the other points of judging. Fifteen hundred copies of the book,

"Floydada and Floyd County were distributed at the fair.

Through the courtesy of the West Texas Chamber of Commerce this organization through its secretary handled the All West Texas Exhibit at the Oklahoma State Fair again this year. Thus we were able to exhibit Floyd County products there without any cost to this organization other than the salary of your secretary.

Through co-operation with the West Texas Chamber of Commerce Floyd County products were shown at practically all the leading fairs of the southwest.

Tourist Camp Grounds and House

The Chamber of Commerce has maintained a tourist park this year as last. It has been abused and a change in the policy of handling it is contemplated this year.

Fourth of July Celebration

This organization gave its full cooperation to the American Legion Post of Floydada in putting over their big celebration here July 4th and 5th. The affair was highly successful and brought something like ten to twelve thousand people to Floydada, many of whom had never been here. The free barbecue is reputed one of the most successful affairs of its kind ever staged.

As a part of the advertising of the celebration a very successful trade trip was made by the business men of Floydada in an auto caravan to all the neighboring cities of this section. This was sponsored by your Chamber of Commerce.

Band

Following a growing sentiment favoring a Chamber of Commerce Band for Floydada, we now have a band organized with Thos. Collum as director. The band has thirty members and is now two weeks old. At present the band is costing this organization a maximum of thirty five dollars per month.

Tree Planting Day

One hundred twenty five trees were planted on Chamber of Commerce Tree Planting Day in Floydada the past year. By a trade made with a responsible nursery, trees were obtained at a reduced cost by making one big order.

The day will be repeated this year and it is hoped to get at least five hundred shade trees planted on that day.

Clean Up Programs

For the past two years this organization has sponsored several clean up programs, declaring a day off for this purpose. These programs have not been successful, for the reason that people did not take the proper attitude about them. We would ask everybody to get their places cleaned up by a certain date and get their rubbish in shape to haul off and then meet down town or at some place with trucks and other conveyances and assist in hauling it off to the dump grounds.

The results were that everybody waited until the day set to get their own premises cleaned up, then a few

loyal fellows would meet down town with trucks and the balance of the town would expect those few to act as scavengers and some people got real sore because their rubbish was not hauled off by these generous souls.

The plan is a mistake.

This year we have a different plan to suggest which is presented in another part of this report.

Highways and Good Roads

a. Lee Highway:
This highway follows what is now State Highway No. 28 through Floyd County. This organization spent seventy five dollars this year on getting the Lee Highway designated through Floydada and in getting the road definitely established as a State Highway in the seven per cent system.

The Lee Highway is a big proposition and if the plans of the promoters are ever realized it will be a big asset to our town but regardless of that, what work we have done and what money we have spent has been wise in our opinion and we have the results for it in that the road is definitely established as a seven per cent road in the State system.

b. Good roads:
Not much work has been accomplished by this organization in promoting good roads in Floyd County this year. In line with a general economy program there has not been any road work done in the County this past year to amount to anything, and excessive rains the last part of the year rendered such work impossible as could have been done. This organization has at several times during the past year tried to use its influence in getting certain pieces of road work done in various parts of the County where it was needed and where the business welfare of the town was to some degree concerned.

Railway Rates

Early in this year a committee was appointed from this organization to see what could be done about the differential freight rates on the Floydada branch that are more or less burdensome. This committee stayed on the job for several months. A trip was made to Amarillo to see the proper officials of the Santa Fe and they assured us that nothing could be done

If you drive a motor car try our station one month.

until certain litigation then before the Interstate Commerce Commission could be disposed of.

Nothing further has ever come of our efforts.

Office Correspondence

The correspondence of the Chamber of Commerce office just about doubled itself this year over last. This correspondence covers a multitude of subjects. People looking for locations for business enterprises, others seeking jobs, others merely wanting information about the country, farmers seeking new locations, all these constitute the more important enquiries that have been received and answered by this office.

Suggestions and Recommendations

(Under this head the report given dwelt at length upon the following suggestions: An Agricultural Program for the Chamber of Commerce; Community Meetings in Floyd County; Extension of the Exhibit Program; A Beautiful Homes Contest; Building

Model Homes; and Improvement of the Tourist Camp situation.)

Conclusion

This concludes this report. We as your secretary and your executive committee have tried during the past year to handle the business entrusted to us in a manner satisfactory to all concerned. A Chamber of Commerce cannot always be right, but it can always be fearless, and we believe the organization merits your continued cooperation. Towns are not built in a day. They are not built by knockers. They are not built by destructive criticism. It takes a lot of hard work. This Chamber of Commerce can't expect all of its efforts to bring immediate results. There are some things that it will take years to work out here. But we believe in Floydada and Floyd County, and we believe these things can be done.

W. A. Brewster, of Lockney, was a business visitor in Floydada Friday.

Today Some Thoughtful Mother Is Having

a photograph recorded of her Little Tot. Tomorrow you may do the same.

Children grow up—but photographs never. How happy are those mothers who have portraits that record for all time the ever-changing sweetness of youth.

One never regrets the expenditure for a good portrait. There is no better time than now to visit the studio.

TELEPHONE 88, FLOYDADA

Another Reason Why

The Buick Third Member

Buick cars drive through a third member, not the springs. The springs only support the body and assure easy riding. A Buick rear spring accidentally broken cannot misalign the axle and prevent driving the car. The Buick axle remains in fixed position. Consequently the adjustment of Buick four-wheel brakes is not affected by the deflection of the springs.

LOCKNEY COUPLE CELEBRATE GOLDEN ANNIVERSARY

Citizens to Petition for Sunday Mail
—Knox-Patterson to Build New Gin

From The Beacon:

At the luncheon of the Lockney Chamber of Commerce Monday a committee was appointed to circulate a petition among the people of the Lockney country to ask the Santa Fe railroad to run the train on Sundays from Plainview to Floydada in order to have a Sunday mail service, and the petition will also ask that the schedule be changed so the train will leave Plainview each afternoon after the arrival of the mail train from the south, thereby putting the mail into Lockney 22 hours earlier than it arrives at present. There will also be a petition circulated asking for a Sunday mail service from Estelline to Lockney on the service car line. Floydada will be asked to get up a petition to the Santa Fe for the Sunday train to be presented with the Lockney petition.

At the home of Mr. and Mrs. Tom Cope in this city, on January 13th, the Golden wedding anniversary of Mr. and Mrs. T. J. Thornton was celebrated, the wedding anniversary being the 14th day of January.

The affair was a surprise to Mr. and Mrs. Thornton, as their children had kept the event a secret from them.

Mr. and Mrs. Thornton are the parents of ten children, all of whom are alive and married. The children are Mrs. Tom Cope, Claude, Claude Thornton, Willie Thornton, Burton Thornton, Mrs. Clyde Bennett, Mrs. Lydia Cope, Fred Thornton, of Lockney, Ed Thornton of Tulsa, Mrs. Ross Cope of Vigo Park, and E. Thornton of Hereford. All the children were present except E. Thornton of Hereford, who was snow bound on that date.

A new business to be known as the Lockney Feed & Coal Company has been organized with Messrs. M. P. McCleskey, L. A. Gunn, J. D. Griffith and B. J. Smith as owners, and have opened a general feed, coal and field and garden seed business, in the old Ayres building at the corner of Main and College Streets in Lockney. The Ayres building will be used for feed and field and garden seed and the Gunn building, east of the Ayres building, will be used for feed and coal.

Knox-Patterson Gin Company of Lockney have just purchased from the Continental Gin Company, of Dallas, a 5-stand gin complete, including boll extractors.

The new gin equipment will be installed on the lots where the present Knox-Patterson gin is located, and will be in readiness in time to handle the 1924 cotton crop.

The new gin will be able to handle 100 bales of picked cotton every twenty-four hours during the cotton season.

Mrs. John C. Tucker and Mrs. Arch Crager will open a Millinery and gift store in the E. P. Thompson building in Lockney within the next week or ten days.

Mrs. C. D. Hopkins, who has been visiting in Munday with relatives returned to Floydada Friday.

METHODIST NOTES

I wish to announce the following series of sermons to be delivered from Sunday to Sunday at the 11 o'clock hour. The General Theme is: "What Must the Church Do to Be Saved?" The list of several sermons are:

1—A Saved Man, or the Nature of Salvation.—January 27.

2—A Saved Preacher or the Restoration of the Layman to His Fundamental Function.—Feb. 3.

3—A Saved Teacher or the Church School Restored.—Feb. 10.

4—A Saved Servant or the Churchman Who is Missing His Mission.—Feb. 17.

5—A Saved Steward—The Consecration or Conspiration of Cash.—February 24.

6—A Saved World or Salvation Triumphant.—March 2.

"The Gospel in the Ten Commandments" is the title of a series of sermons to be delivered at the Methodist Church on the Ten Commandments. The sermon on the First Commandment to be delivered next Sunday at 7:15 P. M.

"Like Teacher, Like Pupil." The New Superintendent of the S. S., Brother J. V. Daniel is counting on every officer and teacher being on time next Sunday at 9:45 A. M.

I preach at McCoy at 3:00 P. M. J. L. HENSON, Pastor.

HUCKABEE-WARREN

Mr. J. E. Warren and Miss Ola May Huckabee, both of the Center Community, were married last Sunday afternoon at 3 o'clock at the home of Rev. G. C. Tubbs, Rev. Tubbs officiating.

The young couple will make their home in the Center Community.

1922 STUDY CLUB

The 1922 Study Club met last Thursday afternoon at the home of Mrs. F. S. Truitt. An interesting program was given.

They will meet Thursday, January 31st, at the home of Mrs. T. R. Webb.

B. Y. P. U. PROGRAM

For Sunday, January 27th. Purpose of B. Y. P. U.:

(a) Social environment—Miss Robertson;

(b) Intellectual development—Miss Reeves.

(c) Spiritual growth—Mr. Bond. Solo—Miss Windsor. Reading—Mrs. Webb.

Mrs. W. D. Smith left Monday for Lubbock where she was called by the illness of her daughter, Mrs. P. T. Rucker.

FARM LOANS AND INSURANCE
PHONE 42
G. C. TUBBS

DISTRICT WARDEN ASKS AID IN PROTECTING GAME

Notice to Hunters:

The Texas Game, Fish and Oyster Commission is placing a branch office in Plainview and from this place will cover this county in the protection and preservation of game and fish, and it is the desire of this department to assist farmers in the protection of their quails and chickens and any other game bird that comes under the law. It is not the aim of the department to be oppressive and enforce the law by any unclean or unscrupulous method and the men that will be in the field are a fine bunch of men and sincerely want the cooperation of the farmer, sportsman and tourist alike.

It is no doubt known by everyone that the law requires a party hunting outside of his home county to have a hunting license; which can be secured from this office or from any game warden for two dollars. This law will be rigidly enforced. Parties living outside of the state are required to obtain a non-resident license which may be obtained for \$15.

Where duck, prairie chickens or any game birds or animals of Texas are seriously damaging any crops, farms or homes of any resident of Texas; if a sworn statement of such damage and what is causing the damage is made and sent to the Commission, a permit will be issued such party allowing them to kill certain numbers of such birds, or animals causing the damage; but unless this law is complied with no one is permitted to kill over the bag limit or to kill out of season, such birds or animals without being guilty of violating the laws.

The federal law closed the duck and geese season in Texas January 15 at sundown, and it will continue a federal offense to kill any wild duck, goose, brant, water tern or any other wild game bird or fowl enumerated in the Game Laws of Texas after that date.

It is a violation of the law to sell, purchase or barter any bird, fowl or

animal enumerated in the Game Laws of Texas.

Any information pertaining to the Game, Fish and Oyster Laws of Texas may be obtained by writing the Game, Fish and Oyster Commissioner at Austin, Texas, or by writing the District Commissioner at Plainview.

A Deputy Warden may be appointed in each county or town of any size and upon approval of the District Commissioner will be commissioned, and those desiring such appointment will write the District Warden at Plainview. None other than clean, law abiding citizens will be commissioned.

HENRY B. MADDUX,
District Warden.

TO BRIDGE TOM BALL

As will be noted in another column of this issue of the News, the Commissioners' Court is advertising for bids for the building of a bridge of substantial dimensions across Tom Ball creek, on the State Highway, between Whiteflat and Flomot.

The old bridge, which had long outlived its usefulness, went in its entirety during the high water in October, and has seriously interfered with travel upon this important highway.

This is one of the most needed bridges in Motley county, and it is the intention of the court to close the contract and have the bridge constructed with the least possible delay, and it is to be one that will accommodate the travel for years to come.—Motley County News.

J. A. Carruth made a business trip to Plainview Saturday.

BAKER BOYS' BASKETBALL TEAM A GOOD ONE

The Baker School Boys' Basketball Team had some of the strongest talent this year of any school in the county, and had they had more practice might have changed the outcome of the county championship tournament here Saturday.

Tom Hart, center, Tate Jones, goal pitcher and Marvin Fawver, guard, have the makings of stars. Milton Fawver and Saylers Mobley, other members of the school's first string quintet, are also steady and dependable players.

Among the games recently played by this team were one each with Mt. Blanco, which school they defeated 32 to 14, and Lakeview, winning from the latter 33 to 23.

Inactive Liver

"I have had trouble with an inactive liver," wrote Mrs. S. Nichols, of 4412 Spencer St., Houston, Texas. "When I would get constipated, I would feel a light, dizzy feeling in my head. To get up in the morning with a lightness in the head and a trembly feeling is often a sign that the stomach is out of order. For this I took Thedford's Black-Draught, and without a doubt can say I have never found its equal in any liver medicine. It not only cleans the liver, but leaves you in such a good condition. I have used it a long time, when food does not seem to set well, or the stomach is a little sour."

MAY MONTAGUE ASST. CASHIER FIRST STATE BANK

No changes, save one addition, were made in the official family of the First State Bank of Floydada by the stockholders and directors of the institution held Thursday of last week. Miss May Montague was elected assistant cashier of the bank. All other officers and directors were retained as last year.

Officers of the bank are T. S. Stevenson, president; C. Surginer, vice president; S. A. Greer, vice president; N. G. Jackson, active vice president and cashier; Marvin Gilley, Asst. cashier; J. Clements, Asst. cashier; May Montague, assistant cashier. Directors: T. S. Stevenson, C. Surginer, W. I. Allen, S. A. Greer, N. G. Jackson, R. E. L. Muney and Mrs. W. D. Long.

Only brief business sessions were held for the transaction of business; on account of the serious illness of Mrs. Mary L. Graham, sister of W. I. Allen, a member of the directorate of the bank.

CHRISTIAN CHURCH

Sunday School, 10:00 a. m., J. C. Wester, superintendent.

Preaching 11:00 a. m., by the pastor, Rev. W. H. Marler. Second of a series of seven sermons on the subject, "The Prophet's Vision."

Christian Endeavor 6:30 p. m. Sermon by pastor, 7:15 p. m., subject, "Man".

Progress in the building of the new parsonage is being made rapidly, much work having been done this week.

JUNIOR RED CROSS ORGANIZED IN HIGH SCHOOL

Bonner Baker was elected president, Herbert Sims vice president, Ina Faulkner, secretary treasurer and Margaret Henson reporter of the Junior Red Cross organization started in Floydada High School Monday of this week.

Some definite tasks for the juniors to undertake were discussed and some results are expected from this organization which is a live one, according to Miss Alva Morrow, Nutrition Specialist of the American Red Cross.

CARD OF THANKS

The kindly thoughtfulness of our friends and neighbors during the illness and at the time of the death of our wife and mother, is deeply appreciated by all of us.

M. P. Sparks, Mrs. Robert Robinson, and family Geo. W. Sparks and family, A. L. Sparks and family, H. S. Sparks and wife, Wallace W. Sparks, Ed N. Sparks and family, Miss Wilma Sparks.

Sam Allen, who was called to Floydada by the illness and death of his sister, Mrs. Mary Graham, left Monday for his home in Waco.

H. L. Skinner, special representative of the South Western Life Insurance Co., was a business visitor in Floydada Monday.

Elmer Burns of Lockney was a business visitor in Floydada Tuesday.

TO THE VOTERS OF FLOYD CO.

I wish to announce that I will be a candidate for Sheriff and Tax Collector.

I will vote this for the benefit of those who do not know me: I am 33 years old and have a family, and am married at Floydada at present.

I am running on my own accord and not by any special solicitations. I want the office because I feel that I can make a sheriff such as the good people of this county may expect.

I will appreciate any support given me. My intentions are to see as many voters personally as possible.

The bank that says: "Thank You."

FLOYDADA, TEXAS

TACKY PARTY

Mr. and Mrs. W. R. Dooley entertained with a "tacky party" at their home southwest of Floydada a week ago.

The evening was spent in games and prizes were awarded Mrs. J. M. Gamblin and W. M. Merriott for the "tackiest costume."

Refreshments of hot chocolate and cake were served to the following guests: Mr. and Mrs. W. B. Henry, Mr. and Mrs. Roy Snodgrass, Mr. and Mrs. J. M. Gamblin, Mr. and Mrs. John Hainie, Mrs. T. B. Triplett, Miss Mary Elizabeth Triplett, and Messrs. John Reagan and W. M. Merriott.

L. E. Cearly, of Canyon, who is having the Lewis & Davis Gin Company turn out some fifty bales of cotton for him, shipped from Randall County, was in Floydada the latter part of last week.

W. Z. Hawkins, of Flomot, was in Floydada Tuesday on business.

Douglas Earthman of Plainview was visiting in Floydada last Monday evening.

E. C. HENRY CANDIDATE FOR SHERIFF AND TAX COLLECTOR

E. C. Henry, for the past thirty-three years a resident of Floyd County, this week announces himself as a candidate for sheriff and tax collector.

Coming here as a young man, Mr. Henry's interests have been allied with the interests of Floyd County during all this period. At one time he served the county as its sheriff and tax collector and he asks that the voters of the county investigate this record, while he was a peace officer of the county, his official acts being a part of the records of the county.

For the past 19 years he has been farming near Floydada, and during that time he has been foreman of numerous grand juries, which have aided the sheriff's department in the enforcement of the laws.

He is well qualified for the duties of the office and if he is elected he promises to give the county faithful service to the best of his ability.

Respectfully, MRS. ELDER MORRIS. (Political Advertisement 47-2tp)

F. H. S. CAGERS PLAY PLAINVIEW

The boys basket ball team of the Floydada High School played the Plainview High School team at the Wayland Gym, last Thursday evening. The score was 16 and 12 in favor of Plainview. The game was witnessed by a large crowd and a number of the Floydada fans attended.

The lineup for Floydada was: Bill Daily and Revis Gilbert, forwards; Leonard Holmes, center; and Joe Breed and Vernon Abbott, guards.

Marvin Jones has exchanged 34 acres of farm land southwest of Floydada to Mrs. R. M. Barton, of Amarillo, for the latter's residence property near City Park, and has moved into the residence. A. H. Manning handled the trade.

MRS. ELDER MORRIS A CANDIDATE FOR RE-ELECTION

I take this opportunity to announce my candidacy for re-election to the office of County Treasurer, subject to the Democratic Primaries. I have been your County Treasurer for a little over a year, and during this time have put forth my best efforts to discharge the duties of this office and the interest of the people of Floyd County has been uppermost in my mind.

If you see fit to elect me for the second term I will continue to discharge the duties of County Treasurer to the very best of my ability. I feel that for this second term I can serve you better, since I am now familiar with the work.

I also want to use this chance to thank my personal friends, as well as all the people of Floyd County for the generous aid and kindness that's been accorded me since taking my place as a county officer, without which I could not have succeeded.

I now ask for your support in the coming election, and I assure you that if appreciation and effort will express my thanks you will have no cause to regret supporting me.

Respectfully, MRS. ELDER MORRIS. (Political Advertisement 47-1tp)

REMOVAL NOTICE

We are preparing to move from our present location to the Clark-Wood Dry Goods Company stand, the second door east of where we are now located.

In our new quarters we will have double the room we now have and will be in position to serve you better than heretofore.

We plan to increase our present lines of merchandise materially, and perhaps add another new line. Our aim is to have one of the best stocked and most up-to-date stores in Floyd County.

We invite you to come and see us in our new quarters. You are always welcome in our store.

BROWN BROS.
