

A. L. Henson New M. E. Pastor at Floydada

Rev. C. B. Meador Named N. W. Texas Conference Evangelist; Moves to Abilene

Rev. C. B. Meador, who has been pastor of Floydada charge of the Methodist church the past two years, has been transferred to Abilene, and named conference evangelist of the Northwest Texas Conference. With his family he will move to Abilene soon to take up his new work.

Rev. A. L. Henson, who comes to this conference from the New Mexico Conference, will be pastor of the Floydada church this year.

Floydada Circuit is to be supplied. The appointments above were among those announced at the closing service of the Northwest Texas Conference at Quanah Sunday night. They were read by Bishop J. E. Dickey. Among other appointments which will interest Floydada people are: The naming of Rev. G. W. Shearer as presiding elder of the Amarillo District and re-appointment of Rev. J. T. Huckabee to remain at McLean in the Amarillo District; J. J. McNeely to Zybach circuit.

Plainview and Lubbock District appointments are as follows:

Jenkins; Tulia, O. E. Fike; Vigo Park, J. W. Griffin, supply; conference Sunday school secretary, W. H. Terry; professor S. M. U., John H. Hicks.

AMERICAN LEGION WILL BANQUET ARMISTICE NIGHT

McDermott Post American Legion and the Ladies' Auxiliary of the Post will hold their second annual Armistice Day Banquet on Saturday night of this week, and a program for the occasion is being prepared which is expected to prove a delight to those members who attend.

That the Legion and friends are anticipating a very enjoyable evening is indicated by the fact that the sale of more than seventy tickets was announced at Wednesday noon. It is expected that 100 or more Legionnaires, or members of the Auxiliary, will be seated around the banquet board.

Special music will be furnished for the occasion, and the banquet will be served by the ladies of the Christian church. R. A. Underwood, prominent business man of Plainview, will make the principal address of the evening.

One of the Montgomery buildings on south side is being seated and arranged for the feast. A patriotic program will be rendered.

HAMMONDS' DISPERSION SALE LARGELY ATTENDED

John I. Hammonds' Dispersion Sale of Duroc Jerseys and farm sale yesterday was attended by a large crowd of people, approximately 500 people attending the sale.

The sale was conducted by Coles, Seale & Nash and L. N. Gould, the latter of Sulphur Springs. Pathfinder's Equal, the herd book, brought \$205 and the top sow and litter brought \$250. Practically everything was disposed of.

Mr. Hammonds plans to retire from the farm for a year or more.

Mr. and Mrs. Lon M. Davis spent Monday in Plainview.

Mayfield Overwhelming Winner For Senator

Democrats Make Big Inroads on Republican Majorities, Interest Lags Here

Earle B. Mayfield, Democratic nominee for United States Senator, was an easy winner over George Peddy, Republican and "fusion" candidate, in the Texas election Tuesday. This race furnished practically all the interest manifested in the general election. Even the excitement of this contest, however, failed to pull out anything like a half-vote in the state. In Floyd County the total vote was less than 1,000, the total of 16 boxes out of 17, being 886 votes in the senatorial contest.

It is probable that the Republican vote in the county will reach above 100. There were 79 reported Republican votes late yesterday afternoon with nine boxes officially in. The unofficial report is well above 100.

Perhaps the biggest surprise furnished locally was the heavy vote cast for Peddy. The dopesters gave Mayfield a majority of possibly two to one, but reports from 16 out of 17 boxes give him a lead of only 8 votes on the face of unofficial returns. Only five boxes out of the 16 gave him a majority. They were Lockney, Sand Hill, Sunset, Center, and Harmony. Floydada gave Peddy a majority of 8 votes. Goodnight is the box from which no returns had been received at a late hour yesterday afternoon.

Mayfield's majority in the state will exceed 100,000.

Democrats Gain
 Taking the country over the Democratic gains were the cause of jubilation among Democrats and somewhat of a surprise to Democrats and Republicans alike. Some of the more notable gains made or probably made by the Democrats in the senatorial contests are: Indiana, Ralston; Missouri, Reed; New Jersey, Edwards; New York, Copeland; North Dakota, O'Connor; Rhode Island, Gerry; Tennessee, McKellar. States in doubt are Delaware, Maryland, Montana, Utah, West Virginia and Wyoming. The Democrats lost with Hitchcock in Nebraska, Pomerene probably in Ohio, and most of the western states were in doubt or had made no returns Wednesday noon.

In congress the Democrats made considerable gains, getting at least twenty seats which were contested or in doubtful territory.

A report given The Hesperian late Wednesday indicated that these gains on complete returns might even be more marked.

In the county races all Democratic nominees were easy winners, the only serious opposition being in Precinct 3, where R. L. Orman was opposed by Bradley Yeary, Republican. Orman had 47 to Yeary's 21 votes from 3 out of 4 boxes reported. Goodnight probably did not cast enough votes to change this result if Yeary should receive all of the votes cast.

AMARILLO HOTEL WILL FORMALLY OPEN SATURDAY

The Amarillo Hotel will be completed this week and will be formally opened on Saturday, November 11th.

The hotel, thus enlarged, will be equal to any in the west part of the state. In some respects it will be a remarkable hotel, with numerous exclusive features. Its owner and manager is Ernest O. Thompson, an Amarillo-raised boy who won fame in the World War and returned home as a colonel.

ELECTION BALLOTS OVER STATE NOT UNIFORM

The general election ballots for Tuesday's election were not uniform, some of them bearing the name of Mr. Mayfield as a candidate and some not. The reason for this, it is said, is that as an election board would arrive at the conclusion they had waited as long as they could on printing the ballots they would follow whatever instructions they had at the time.

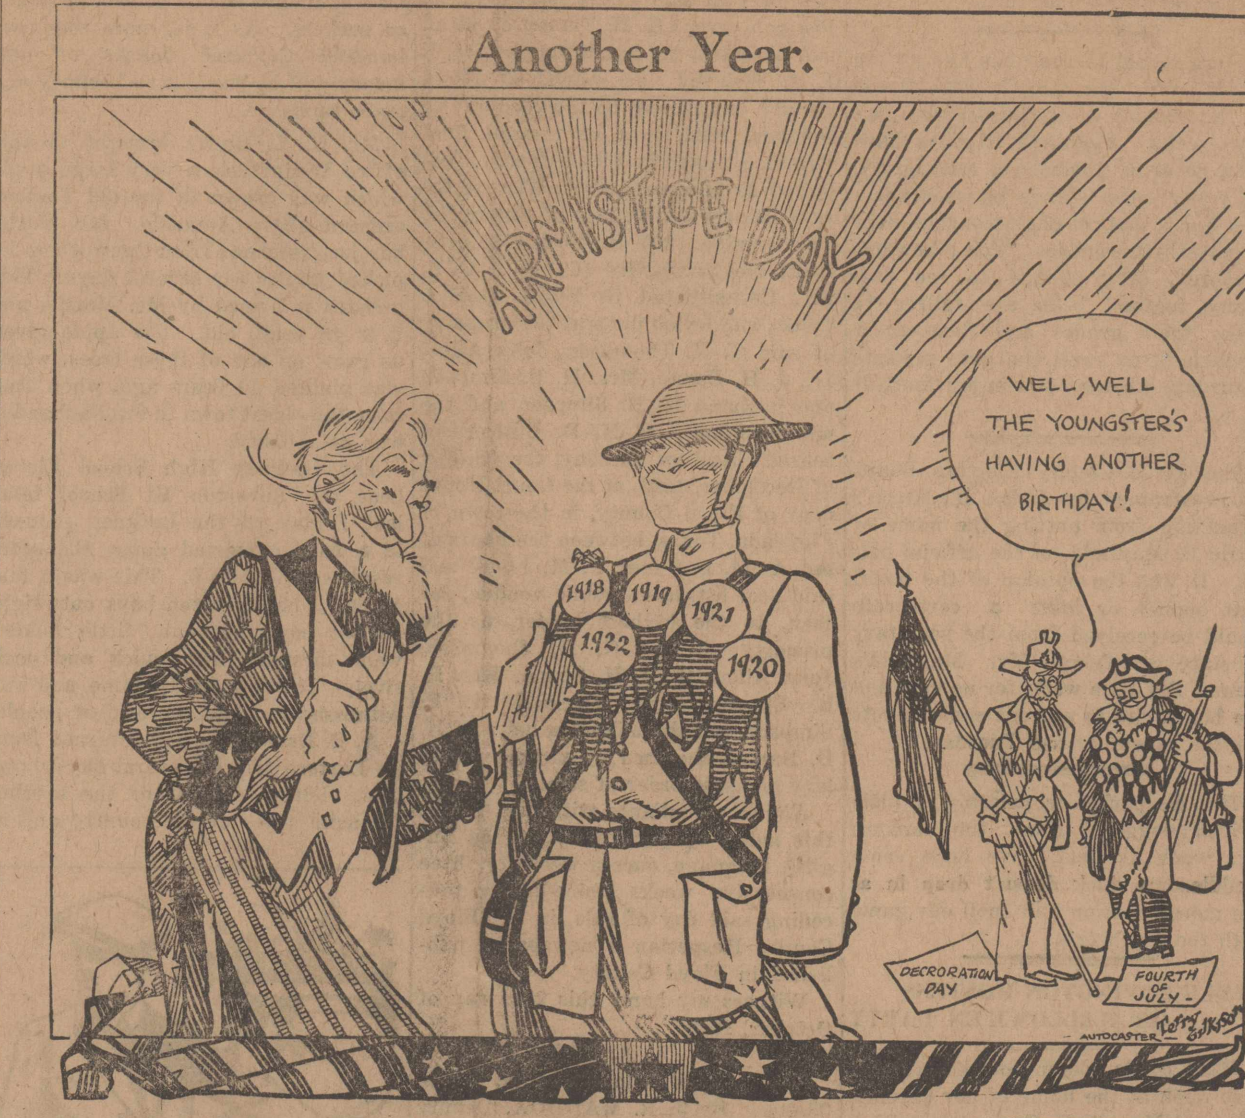

That legal controversy over the results will follow seems sure.

ALLEN-PARKER

Miss Mary D. Allen and J. C. Parker, both of this city, were married Saturday night of last week at eight thirty in Albuquerque, New Mexico.

Miss Allen is a daughter of Mr. and Mrs. W. I. Allen and was reared here. Mr. Parker is a son of Mr. and Mrs. R. P. Parker and has resided here a number of years.

Mr. and Mrs. Parker will make their home temporarily in Albuquerque.

Floydada Hi to Meet Plainview Hi Here

Floydada's "Whirlwind Team" is scheduled to meet the Plainview Hi "Bulldogs" here next Saturday, November 11th. This game is to decide the championship of this district, district No. 1. Plainview and Floydada Hi remain as the only undefeated teams. The game will be a battle from start to finish and will go far toward determining the team that is to represent west Texas in the state championship race.

The two teams are evenly matched in speed and weight and are experts at the passing game. Floydada has defeated the Lubbock eleven, previously considered the strongest team in the Panhandle and was "doped" to win. Floydada also defeated the strong Paducah delegation that Plainview held to a 13-13 tie.

The local boys have the fight in them and will give their best to make this another victory to be added to their list. If you want to see the best football game of the season be present at a Saturday's battle.

MRS. N. J. SHANDS, 73, OF WHITEFLAT, DEAD

Mrs. N. J. Shands, for more than twenty years a resident of Motley county, was buried Friday noon in the cemetery at Matador following her death on Thursday, at her home near Whiteflat.

Rev. G. W. Tubbs, of this city, who was for a number of years, pastor of the church attended by the deceased, conducted the funeral service.

Mrs. Shands was the widow of a prominent stock-farmer of Motley county, who was former sheriff of Erath county, where he gained fame as a peace officer. She was 73 years 10 months and 2 days of age.

Eight children survive her, seven daughters and one son.

NEW CARRIERS SILVERTON AND ROARING SPRINGS ROUTES

Two new carriers began service on the star routes out of Floydada during the past week.

They are J. N. Smithee, who succeeds Scott Smithee on the Silvertown Route; and Scott Smithee who succeeds J. M. Johns on the Roaring Springs Route. Scott Smithee formerly had the Lockney-Quitque Star Route contract.

J. D. Perkins and family of Whiteflat were among the out-of-town shoppers in Floydada yesterday.

Judge W. N. Stoakes of Vernon visited with R. P. Parker and family last Thursday.

E. W. Holmes left Tuesday to be gone several days on a business trip to Spur.

Attorney A. C. Hatchell, of Plainview, was in Floydada Tuesday on business.

J. F. Blanton was in town over Sunday.

Mr. and Mrs. F. S. Truitt were in Lockney Friday.

900 Head of Cattle Shipped to California

Will Gill, of Long Beach, Calif., Wednesday morning received approximately nine hundred head of cattle from Jenkins and Armstrong and shipped them out in 19 cars for the San Joaquin Valley where the livestock will be wintered.

The receipt of the cars for this shipment was hailed as a real event by local cattle raisers and buyers, who have been having more difficulty getting cattle cars for their outgoing shipping contracts than the wheat dealers had getting grain cars in the latter part of 1919 and the earlier part of 1920. The order for the 19 cars received for the Wednesday shipment was placed near the first of October.

Mr. and Mrs. Will Gill spent several days here before the arrival of the stock cars.

JUDGE A. B. DUNCAN IS IN MARLIN FOR REST

Judge Arthur B. Duncan and wife left last Friday for Marlin, where they will spend some three weeks or a month, while the judge takes an extended rest.

He has been suffering from rheumatism and accompanying maladies and expects to remain at that health resort until his condition is improved.

REV. TUBBS OFFICIATED AT WEDDING OF MCCOY COUPLE

Rev. G. W. Tubbs officiated Wednesday afternoon at 4 p. m., of last week at the marriage of Curtis Wilson, son of O. F. Wilson, and Miss Areta Berry, daughter of Mr. and Mrs. W. J. Berry, of McCoy community.

The ceremony was said at Rev. Tubbs residence in northwest Floydada.

ECHO FROM THE OKLAHOMA CITY AGRICULTURAL EXHIBIT

In a letter addressed to the Chamber of Commerce of Floydada under date of November 2nd, Porter A. Whelan, manager of the West Texas Chamber of Commerce, at Stamford says:

"We consider that the work Hopkins did for us at Oklahoma City was very high class. He kept his expenses down nicely and handled everything carefully and satisfactorily. We feel under obligations to him and to the people of Floydada for the work that he did."

Mr. Hopkins' services were loaned to the West Texas C. of C. by the Floydada Chamber of Commerce.

GAS PRICE REDUCED

Local filling stations and garages announced a reduction of one cent in the price of gasoline last week. Gas is now selling in Floydada at 24 cents.

A. R. McClure from Crosbyton was in town Wednesday on business.

Make and Operate Successful Radio Set

Floydada is keeping abreast of the times in the radio field. J. R. and Theodor Borum, the thirteen and fifteen year old sons of E. R. Borum, have completed and perfected a home made radio set. The boys constructed three sets previous to the one they now have but were unable to get results from them. They made the fourth set some few days ago and have since been rewarded for their efforts.

The set receives clearly and as perfectly as the large expensive ones made by the radio manufacturing concerns. Concerts, lectures and reports have been received from Mexico City and stations in all parts of the United States. Some of the stations picked up were: Denver, Colorado; Los Angeles, California; Youngstown, Ohio; St. Louis, Mo.; Ft. Worth, Texas, and New Orleans, Louisiana.

The boys made and assembled all of the parts of the set they now use with the exception of the variable condenser which they purchased. They plan to make this part themselves and have it installed in a few days.

HIGH SCHOOL STUDENTS HAVE LIVELY PEP MEETING

A large number of the students of the F. H. S. met at the city park auditorium Tuesday night for a pep meeting. They practiced yells and exercises for the game next Saturday. The whole school is behind their team and they are making plans and preparations for a mammoth parade at two o'clock next Saturday afternoon.

A prize is to be given to the person having the best decorated car. The decoration contest is open to all fans and everybody is invited to "fall in line" and take part in the parade.

SIDE LINE PEP

Every game of athletics is won or lost in a number of instances as a result of the attitude of the spectators on the side lines or in the grandstand. If the players are backed by a good live bunch of "rooters" they will fight to the finish to try to win.

If Floydada Hi is to win the game with Plainview next Saturday there will have to be a good crowd on the sidelines to cheer them on.

The boys work hard in practice every day in the week to be prepared for the coming fray. They have worked hard all the season and have been rewarded with victory after victory. They deserve to win next Saturday. Surely the people will help their boys to win this, the championship game. Give a few minutes of your time, be on the side lines and yell 'till you give out, and Floydada's "Whirlwind Team" will be given the old spirit that has swept them on to victory before and will sweep them to victory again. Now all together, let's go!

E. N. Burrus and family, of Olton, were in Floydada Monday afternoon and Tuesday visiting the family of A. C. Goen.

Many Stores Will Close Sat. Afternoon

Armistice Day Observance Limited Because of Demands of Out-of-Town Customers

Although stores, banks, garages and other places of business in Floydada will not close for the entire day Saturday, because of the extreme inconvenience it will cause to long distance week-end trading and cotton business in general, practically the entire town will be closed for two hours and a half Saturday afternoon, as an observance of Armistice Day. Such action is considered fitting as honoring the veterans of the World War, living and dead, as well as to celebrate the cessation of hostilities on that memorable day in 1918. The entire day might have been given over to observance of the occasion had sufficient notice been given the trade over the territory.

In order that clerks in the stores might be given an opportunity to see the High School football game between F. H. S. and Plainview, and to see the game, the hours decided upon are from 2:30 to 5 o'clock in the afternoon. Fifty-one signatures were appended to a statement which says: "The following stores and business firms of Floydada will close from two-thirty p. m. to five p. m., Saturday, Armistice Day, and will not be open for business during that time."

Signatures to the list included the following:

O. P. Rutledge, T. C. Russell, Electric Shoe Shop, Glad Snodgrass, Mitchell Hardware, C. H. Davis, Jeweler, Woody Drug Co., Floydada Drug Co., City Meat Market, P. & Q. Market, B. & T. Tire Co., Motor Supply Co., F. Thompson Garage, E. S. Randonson, F. F. Service Station, Day & Night Garage, Barker Bros., Gullion & Son, Ward Filling Station, Star Battery Station, Sam McCleskey Top Shop, City Cafe, J. E. Eubanks Cafe, Quick Lunch Cafe, Curley's Cafe, Morgan's Hamburger Stand, Joe E. Pitts Transfer Co., A. M. Allen Tin Shop, Ben Roberts Shoe Shop, W. R. Johnson Gro. Co., Collins Gro. Co., Star Cash Gro. Co., W. C. Williams Gro. Co., J. U. Borum Hardware, Wilson Kimble, Clark-Wood Dry Goods Co., Frank Harmon, J. E. Swinson Barber Shop, Eubanks Barber Shop, Palace Barber Shop, Brown Electric Co., Skeet Tailoring Co., C. Surginer & Son, B. B. King, Kirk & Sons, Willson & Son Lumber Co., McAdams Lumber Co., E. E. Boothe, C. D. Hopkins Tailor, First State Bank, First National Bank, Wooldridge Lumber Company, Floydada Lumber Co., Floydada Variety Store, Baker-Campbell Co., Berry's Cash Store, Stephens' Store.

KING WILL BE IN LINE-UP SATURDAY WITH F. H. S.

Captain L. M. King of the F. H. S. gridgers who has been out of the lineup for some time due to a badly sprained ankle, will be in the lineup next Saturday in the game against Plainview.

All of the regulars are in good shape for the game. Coach Wester is giving the squad a workout this week on every angle of the game. He expects and is preparing for the hardest game of the season.

STUDY CLUB ON MEMBERSHIP DRIVE LIBRARY ASSOCIATION

The Nineteen Twenty-Two Study Club met with Mrs. W. J. Burke on Thursday afternoon of last week. The lesson for the afternoon was the study of Edith Wharton, American novelist.

The review of the "Age of Innocence" was a feature of the program and was greatly enjoyed by all present.

Committees were appointed to begin work immediately on the membership drive for the Library Association.

Corresponding secretary reported that the "Blue Bird" could be procured. The club will present this screen production at the Olympic Theatre in the near future.

HOME AND STATE

Home and State, that stalwart publication sponsored so many years of the past several years of fighting over prohibition in Texas, edited by Rev. Atticus Webb, has found itself in an anomalous position during the campaign before the general election.

Rev. Webb, through the Home and State, conducted a fight for Earle B. Mayfield, candidate for the United States Senate, in the second primary against Jas. E. Ferguson. This is as was expected, inasmuch as Mr. Ferguson is an avowed and aboveboard anti. One could hardly expect a man of the Rev. Webb's temperament not to do that. But in the general election fight he has found himself fighting the better prohibitionist and waging a relentless fight on a strictly partisan political basis.

With this thought in mind we wonder just how long Rev. Webb is going to be able to continue to get donations from prohibition Democrats. There are prohibitionists in plenty who will dig up to fight for prohibition through any channel. We have our doubts about any great number doing much more digging until Mr. Webb shows signs of genuine repentance.

THE MORNING AVALANCHE

The Lubbock Avalanche began its first effort as a daily on November 1st, the publication being a morning newspaper, eight pages, six columns.

In some respects the Avalanche has been the most remarkable newspaper in this section of the state. That it will prosper as a daily is our belief. At least, we fervently hope that such will be the case.

Some forty-five or fifty democrats in Hale county met at Plainview last week and adopted resolutions asking that the name of Meade F. Griffin, democratic nominee for county judge of Hale county, be removed from the ballot by the Democratic Executive Committee because of Griffin's announced intentions of voting for George Pedy. The thing is now a matter of history, the election and all, but we can hardly see the consistency of such an action. A nominee is a nominee whether he be for county judge or for senator, and we cannot see why one pledge-breaker is worse than another. If the protestors hold to themselves the right to bolt the party and write another name instead of Mr. Griffin's in the county judge's space, which they evidently did by their resolutions, they had to give Mr. Griffin the right to do the same thing. Which figures them out of any cause for meeting and resolving. But the silly part about their proceeding was that they should ask an Executive Committee of a party to erase a name from the ballot after this name had been chosen in an election by the people. We do not lay much stress on that old saw about consistency being a jewel, but we do wonder why grown men will waste their valuable time like those did at Plainview.

Floyd County's cotton crop is just about doubling the biggest production figures set by the most optimistic at the opening of the season this year. And the price is quite a bit more than the most optimistic could reasonably have hoped. Floyd County will have considerably more cotton this year than last. And it is doing a whole lot more debt-paying than a like amount of money has done in many a day. Likewise it has improved the morale of the farmer wonderfully.

High school football has had all the attention in the athletic department of the schools of the plains the past few weeks. Floydada Hi boys have been covering themselves with glory. Only one team stands between them now and a district championship, over twenty-three counties. You lukewarm brethren, drop around to see how many football boys are failing to make their grades and then assist financially to swell the gate receipts Saturday, whether you enjoy football or not.

The Floyd County Election Board was restrained by Judge Blackmon's injunction from putting the name of Earle B. Mayfield on the official ballot. It was the opinion of the board that sooner or later a certificate would be received from the secretary of state certifying Mr. Mayfield's name. But time waits for no man and the board had to get out some ballots for the voters to use Tuesday.

The Hesperian is printing a little swiped doggerel about the bankers this week or next. We hope some meddlesome duck doesn't drop in at the money station and spoil our game with too much talk.

SYBLE COVINGTON HOSTESS AT HALLOWE'EN PARTY

Miss Syble Covington entertained last week at the home of her parents, Mr. and Mrs. R. C. Covington, with a Halloween party.

The house was beautifully decorated with Halloween colors. Several interesting games were played, after which, refreshments of hot chocolate and devils' food cake were served.

Those present at the happy occasion were: Misses Mildred Carter, Clara Tubbs, Johnnie Courtney, Helen McKinney, Louise Jackson, Avie Gamble, Audrey Felton, Anna Maud Garrison, Raye Parker, Evelyn Kizzair, Veda Wooten, Pauline Stovall, Cleo Norman, Jacque Tumlinson, Jean Ayres; Messrs. Bonner Baker, Vernon Abbott, Parker Shipley, Martin Brown, Clyde Norman, A. G. Hopkins, Darnell Ayres and Hershel Green. —Contributed.

MRS. D. G. MONTAGUE 73 YEARS OLD LAST WEEK

Silverton Star: Wednesday afternoon of last week Mrs. W. H. Smith entertained in honor of the 73rd birthday of her mother, Mrs. D. G. Montague. An amusing contest furnished delightful entertainment.

Delicious refreshments of cake, coffee, and sandwiches and chicken salad were served to Mesdames Longmoor, A. P. Donnell, Ray, Fulgham, Morton and the honoree.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Floyd.

By virtue of a certain order of sale issued out of the Honorable District Court of Floyd County, on the 21st day of October, 1922, by G. C. Tubbs clerk of said court against G. H. Thompson, et al. for the sum of six thousand fifty six and 73-100 (\$6,056.73) Dollars and costs of suit, in cause No. 1417 in said Court, styled H. C. Pearson versus G. H. Thompson et al. and placed in my hands for service, I, J. A. Grigsby as sheriff of Floyd County, Texas, did, on the 23rd day of October, 1922, levy on certain Real Estate, situated in Floyd County, described as follows, to-wit: The northwest quarter (N.W. 1-4) of survey No. Twenty-nine (29) in block C, Certificate No. Sixty-Nine (69) H. & O. B. RY. Co. situated in Floyd County, Texas, and levied upon as the property of said G. H. Thompson, John Allen, Jr., J. H. Spann, Mrs. H. B. Simpson and husband H. B. Simpson and the unknown heirs of H. D. Burton deceased. And on Tuesday, the 4th day of December, 1922, at the Court House door of Floyd County, in the town of Floydada, Texas, between the hours of ten A. M. and four P. M. I will sell said real estate at public vendue, for cash, to the highest bidder, as the property of said G. H. Thompson, John Allen, Jr., J. H. Spann, Mrs. H. B. Simpson and Husband H. B. Simpson and the unknown heirs of H. D. Burton deceased by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian a newspaper published in Floyd County.

Witness my hand, this 23rd day of October, 1922.

QUILTING CLUB

The quilting club met last Thursday with Mrs. E. C. Henry at her home in northwest Floydada. There were thirty-nine members present. Six quilts were completed.

Mrs. A. P. Barker and Mrs. E. P. Thompson of Lockney were present at the meeting.

LOCKNEY NEWS BRIEFS

From The Beacon:

Lockney cotton receipts is seventeen hundred bales and the total receipts will reach more than two thousand bales. This is the report that comes from Public Weigher Dewey Floyd.

The cotton crop this fall has been a blessing to the people of this section and the town of Lockney in general. Had it not been for our cotton we would have been a blowed up bunch of suckers. As it is, more than two hundred thousand dollars of new money will be brought to Lockney and trade territory.

Mr. C. L. Busby brought to this office Wednesday a very large apple which was grown in the old Tascosa orchard above Amarillo. Mr. Busby has just returned from there where he picked apples for several days. This orchard is owned by Mr. Morris, and it is 40 years old. The apple given us grew on one of these trees, which was planted 40 years ago, when Tascosa, the oldest town in the Panhandle, was established.

The Lockney High School Eleven beat the Silverton Hi School team last Friday on the Lockney grounds in a hard contested game, the score resulting in 12 to 0. This was a fast game. The Silverton boys outweighed our boys, but our little fellows went through them quick and decisively. It was a pretty game, and was witnessed by a good crowd of people.

A. B. Brown has just returned from an Eastern trip of several days duration, visiting several of the leading financial cities of the country and in

an interview with a representative of the Beacon made the following statement which sounds very encouraging to us:

"While I had the opportunity I took every occasion to look into the prospects for the future and I am very glad to state that there has never been a time when the future outlook was as promising for another period of prosperity as at the present time." Ralph Ashworth has leased the tail-

or shop of John W. Sams. In turn Mr. Ashworth leased the City Tailor Shop to Floyd Huff, who will conduct the business in connection with his other business.

Mr. Sams will try California, leaving in a few days with his family for the land of sunshine and prunes.

BORN—To Mr. and Mrs. W. F. Wigginton, Jr., of Fairview, November 6th, a son.

Fifty Cheers For the Boys Who Survive!

All hats off to the mothers and fathers of the fellows who died on Flanders' Field.

Most of you fellows agree:

IT PAYS TO BUY GOOD CLOTHES.

Get all the style and quality you can when you buy. You can't have too much of either one. If you know you'll get the proper fit—the right style. It makes you feel better, makes you look better, take more pride in yourself.

Your father had the right idea. Remember how your dad used to test the wool in a suit or overcoat? Pull out a thread, stick a match to it. If it burned like wool it passed. Very good idea. The fine wool quality gives you satisfactory wear, saves you money in the end.

You will know your clothes are right when your friends inquire: "Who's your clothier?" and you answer

Prominent Educator Says Rural
Schools Handicapped Because
Texas on Wrong Basis

(By Texas Educational News Service)
Dallas, Texas, October 31.—"Will
Texas provide adequate support for
public schools," Dr. H. T. Musselman,
whom Governor Neff sent to study
California's support of schools com-
pared with Texas' support of schools,
answered; "Yes, when the Lord gives
Texas an educational statesman. In
California they think of educational
needs in right relations. In Texas
most of the thinking on school sup-
port is single-track thinking—how in
the name of all Heaven can I get the
money for my work?"

"In California they think every
child and youth should have an Ameri-
can chance, and have it first. So there
is nine months of schooling for every
child, and high schools within reach of
all boys and girls. In Texas we have
hardly a six month school term for all,
and there are some six hundred thou-
sand boys and girls without an oppor-
tunity to get a high school education.
"In California they believe the chil-
dren should have as good teachers as
the few who go to college. Ninety
percent of the teachers in her public
schools have had training to teach. In
Texas nearly forty percent of those
teaching rural schools have had no
training at all and hold second grade
certificates.

"In California they believe the coun-
try children should have good books
to read and use in school. (So there is
the county library from which books
can be obtained for all. In Texas
there are thousands of rural schools
without anything like a real collection
of books for the use of the children.

"How did California come to pro-
vide the support for such an adequate
school system? For a number of years
the state has been blessed with educa-
tional statesmanship. This support
was not provided because the Califor-
nian loved his children better than the
Texan. Nor was it because the Califor-
nian loved a square deal for all the
children of all the people more than
the Texan. There is just as much love
for children and just as much regard
for a square deal in Texas as there
is in California.

"All Texas needs to get her to pro-
vide an adequate support for the pub-
lic schools is enlightenment as to her
real school needs and the sources from
which support may be justly obtained
to meet those needs. This means wise
educational leadership. I repeat; all
Texas needs is an educational states-
man, a Jim Hogg, if you please, labor-
ing with heart and brain for justice
for Texas children. And a bit of
praying for such a leader is eminently
in order."

THE BANKER

In looking through the country
town for men of prestige and renown,
who build and advertise a place, we
find the banker sets the pace. There
are some slant-eyed money kings who
keep small towns from doing things,
but they are scarce—death seals their
doom and then their towns enjoy a
boom. When you've a chance to make
a haul by buying pickles in the fall
and peddling pickles in the spring and
thus become a pickle king, you do not
seek your maiden aunt and spring
your coin extracting chant; you don't
salaam and meekly rend your robes
before some wealthy friend; they'd
help you, but—they've spent their last
jack for camisoles and brac-abrac. The
only chance to make that deal is at
the bank; they hear your speal and
pave the way with gold stacks, you
to pay an income tax. When some
subscription project lags committees
call on "money-bags"; they smoke his
twenty cent cigars attend conventions
in his cars and corkscrew ducats from
his vault to care the lame the blind
the halt. In time, however, you will
learn that banking worms will turn,
and there's no penance that compares
with bearding bankers in their lairs.
You seek their den with faltering step

without your usual nerve and pep and
meekly stammer that you've "got
some money coming—but you're not—
at present—fixed to meet that note,
you'd like—" the words won't pass
your throat. The banker lays aside
his pen and says: "Well, Bill" we'll
let it ride." Outside the bank you
fairly dance and go and buy your
kids some pants and several books
about the yanks and get your wife a
brand new ax. That chap in there
behind the bars helps head off half
your family jars. Oh, when I leave
this earthly sphere, I hope some bank-
er will be near to supplement my
stingy roll in case I can't pay Charon's
toll.—Clipped.

their former home near Gatesville,
Texas, having left the earlier part of
last week.

**DRILLING RENEWED AT
ECHOLS NO. 1, IN MOTLEY**

Motley County News:

Once again the faithful have demon-
strated their faith in the Echols well
No. 1, in the Whiteflat field, by com-
ing through with the necessary finan-
cial backing to further push the de-
velopment and barring unforeseen ac-
cidents or conditions the test will be
made complete under the present
plans.

The sum of \$10,000 has already been
advanced to carry on the renewed ef-
forts, and active operations were re-
sumed last Monday morning. If the
prospects improve, or continue as good
as at present, it is reasonable to as-
sume that operations will not cease
even though this sum become exhaust-
ed, but it is firmly believed that some-
thing definite will be determined be-
fore that time, as all indications point
to this end before the hole is put down
to a very much greater depth.

While a bunch of genuine, modern
cowboys were rounding up a bunch of
yearlings belonging to Fred Bourland,
out at Russellville, one day last week,
preparatory to shipment, it was decid-
ed to give a real roping and tying
exhibition for the benefit of the Ohio
stock shippers and dealers who are
here making extensive purchases from
the local raisers.

Ernest Gaines was to do the roping
and Bert Edmondson, a champion of
no mean repute, was to do the tying.
Ernest selected a likely, active and
unruly subject, of about one summer
and equally as many winters and with
unerring aim brought him to the
ground, when Bert applied the tie with
the expertness of an Ellison Carroll,
but after it was all over it was dis-
covered that the steer had sustained
fatal injuries in the fall and Bert had
really tied "a dead one."

D. J. Brandon and family, and El-
mer Thompson and Miss Grace Woods
were Floydada visitors, Sunday.

Miss Opal Bradley spent Saturday
night and Sunday with her mother,
Mrs. C. O. Bradley, in Floydada.

Fred Daily and family, who have
been making their home near Rus-
sellville, Ark., the past six years,
reached Floydada last Thursday to
make this their home. They formerly
resided here.

J. G. Wood returned Friday from
Houston, Texas, where he had been at
a convention of agents of the South-
western Life Insurance Company. He
returned by way of Olney, visiting at
that place with relatives.

Wreath For Our Dead in France.

When the American Steamship, George Washington, swung its prow to the East from New York last week it carried a huge wreath to be placed on the grave of our soldier dead in France, Armistice Day, November 11th. Thos. V. Fields, representing the American Legion, was this year commissioned to make the annual pilgrimage, and place the tribute on the grave of America's Unknown Soldier buried in Paris. Photo shows Mrs. Shanahar of the War Mothers' Association giving the wreath to Fields on board ship at sailing time.

Intermediate and Junior B. Y. P. U's. 5:00 p. m.

Senior B. Y. P. U. 6:00 p. m.

We are altogether in sympathy with Armistice Day celebrations by patriotic organizations, in fact we need some more of the old time "Fourth of July" spirit to keep us fit, but is it more necessary to be glad for a day than it is to be thankful for the giver of the day?

Our subject for the morning hour will be "God in History." Come and help us praise the God of nations.

We are sorry to lose Bro. Meador from our town. He is pure gold and will be missed by the whole community.

We welcome his successor to the best little city in the panhandle.

INCREASE IN EACH DECADE

Despite Heavy Emigration and Constant Wars the Number of Britons Continues to Grow.

The Briton can read the 1921 census returns without discouragement, though he does ponder over the problem of an excess of 2,000,000 women. Up to the present the shadow of a diminishing birth rate has not seriously darkened the future prospects of the English people, although there was a decline between 1915 and 1919. The total population of the far-flung empire, nearly 1,500,000,000 souls, including many millions of dark-skinned races and hearty pioneers on three continents, shows no sign of diminution.

But what about the homeland? It might be expected that a people who have been sending their sons to America, Australia, India, Africa and the isles of the sea for upward of 200 years should begin to show the effect of the drain in the census figures. But despite the emigration and the losses suffered in two great wars and many small ones, the population of the United Kingdom of Great Britain and Ireland has shown a steady increase, decade by decade, since the beginning of the Nineteenth century.—Literary Digest.

VERY ECONOMICAL

Hubby—Does the new cook make the food go as far as possible?

Wife—Yes; some of it goes all the way from our house to hers.

ITALY NEEDS SMALL CHANGE

The scarcity of small change in Italy has reduced the population to using postage stamps instead. These, however, are not a success, for after passing from horny hand to horny hand, foul pocket to foul pocket, they become even more black and greasy and germ-laden than the two-penny-halfpenny bank notes. And indelicate people are seizing the opportunity to palm off stamps that have already passed through the post. Ingenious tradesmen have accordingly combined advertisement with utility by issuing postage stamps in metal disks with a transparent front and the name of their wares on the reverse. Conditions illustrate the recklessness of the government, which deliberately neglects one of the easiest avenues of profit at a time when the national finances are in the shakiest condition.—Scientific American.

WHAT HE SAW

A rather foolish young man went to the doctor and told him that he had seen a ghost.

"Piffle!" said the doctor. "Where did you see it and what was it like?"

"Well, I was walking through the churchyard last night," blurted out the trembling fellow, "and right beside the wall I saw the ghost."

"Well, and what was this delusion like?"

"It had very long ears and looked like an ass."

"Go home, my good fellow," advised the doctor. "You have been frightened by your own shadow."

FAR-SIGHTED BROTHER

"My brother insists on my buying a suit of knickerbockers," remarked Miss Cayenne.

"He wants you to wear that kind of togs?"

"I don't think so. He probably wants to borrow them to play golf in."

MAINTAINING NEUTRALITY

Madge—What did you say to him when he found you under the mistletoe with his rival?

Marjorie—I just told him he was next.—Life.

"De trouble wif a loafer," said Uncle Eben, "is dat he allus wants fo' or five hardworkin' folks to wait on him."

SHERIFF'S SALE

THE STATE OF TEXAS, County of Floyd.

By virtue of a certain order of sale, issued out of the Honorable District court of Floyd County, on the 7th day of November, 1922, by G. C. Tubbs, clerk of said court against J. C. Newsom et al, for the sum of ten thousand nine hundred eighty nine and 35-100 (\$10,989.35) Dollars and costs of suit, in cause No. 1407 in said court, styled M. Dora Minton, vs. J.C. Newsom, et al and placed in my hands for service, I, J. A. Grigsby, as sheriff of Floyd County, Texas, did, on the 7th day of November, 1922, levy on certain real estate, situated in Floyd County, described as follows, to-wit:

All that certain tract of land containing 320 acres lying and being situated in Floyd County, Texas, the same being the north one half (N 1-2) of survey No. twenty four (24) located for the state school fund by virtue of Certificate No. 448 issued to Adams Beaty & Moulton and designated as Abstract No. 1774 and patented to S. F. Minton January 9th, A. D. 1907 by patent No. 191 Vol. 33 which patent is recorded in Vol. 2, on page 68 patent records of said Floyd County, Texas, and for a complete description of the whole of said Survey No. 24, reference is here made to said patent and the said record thereof the north one-half of said survey No. 24, hereby conveyed being bounded as follows, beginning at a stake set in northeast corner of said survey No. 24 for the northeast and beginning corner of the 320 acre tract hereby conveyed. Thence west 1900 varas to a stake set in the northwest corner of said survey No. 24 for the N. W. corner of the tract hereby conveyed, thence south 950 varas to a stake set in the center of the west boundary line of said survey No. 24 for the S. W. corner of said tract hereby conveyed, thence east 1900 varas to a stake set in the center of the east boundary line of said survey No. 24 for the S. E. corner of the tract hereby conveyed, thence north 950 varas to the place of beginning, and levied upon as the property of said J. C. Newsom, W. M. Windsor, and D. F. Tabor, and on Tuesday, the 5th day of December, 1922, at the Court House door of Floyd County, in the town of Floydada, Texas, between the hours of ten A. M. and four P. M. I will sell said real estate, at public vendue, for cash, to the highest bidder, as the property of said J. C. Newsom, W. M. Windsor and D. F. Tabor, by virtue of said levy and said order of sale.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Floyd County Hesperian a newspaper published in Floyd County.

Witness my hand, this 7th day of November, 1922.

J. A. GRIGSBY,
36-4tc Sheriff Floyd County, Texas.

FAMILY REUNION
The Stribling family enjoyed an old fashioned family re-union at the home of R. B. Calhoun east of Floydada last week. Mrs. Calhoun is a daughter of Mr. and Mrs. C. M. Stribling.

All of the Stribling family were present for the occasion with the exception of one daughter, Mrs. J. B. Cass of Allas, Texas.

Those present were: C. W. Stribling and family of McCauley, Texas; C. C. Stribling and family of Merkel, Texas; Mr. and Mrs. C. M. Stribling; R. T. Stribling and family and W. H. Stribling and family.

BUY FOUNDATION BREEDING STOCK

By F. W. Kazmeier
(All rights reserved)

The past year, as well as now, many people every day are starting in the poultry business on a small scale. First, let us call your attention to the fact that it is not wise to start on a large scale. Those that do, soon meet with grief. It is always best to start small and grow up with the business. It is also unwise to spend any great sum at one time in improvements or on stock, because some of it is sure to be wasted. The kind of foundation stock that is purchased in the majority of cases will mean failure or success. The foundation stock is the most important part of the investment, and for this reason do not invest all of your available capital in improvements, and then have to save when it comes to buying the foundation flock. Many people do that, but it is a very great mistake. It pays to start where the other fellow left off. If we could only get all beginners to truly believe that and then put it in practice, and would have very few, if any, failures. It is important that you buy the best you can get and that your finances will allow. It is better to buy a small flock of good stock, than a large flock of poor stock.

Scrub or Mongrel Stock

Many people believe that it is well to start with mongrel hens. We wish to be very plain, by saying that is the greatest mistake that you can possibly make. If you buy mongrel stock, you will find it money wasted and you will become discouraged in the poultry business because the mixed or scrub hens can not and do not yield a profit. It takes net profit to make things go in the poultry business and mongrel hens do not have the reputation of yielding anything but losses. Mongrel stock may be a little cheaper in the beginning but will certainly be the most expensive in the long run. We would not try to keep mongrel stock and feed them for a profit if some one would be kind enough to give them to us for a present. We would not be willing to have them on the place. Mongrel hens produce a mixed and inferior lot of eggs. Mongrel stock lay but a few eggs, and most of these, when eggs are cheap and anything that has feathers is laying. Mongrel stock as a whole are very poor layers. You can not enter exhibitions with mixed chickens, they do not want them, and further won't take them. Mongrel stock lacks uniformity, in meat and egg-production. You can not hope to sell eggs-for-hatching or breeding stock from mongrel stock. If mongrel stock is so good and profitable, why don't some of these keeping mixed, duke's mixture, crazy quilt, just eating chickens, dung hills or cross bred chickens advertise them in such leading farm papers as Semi-Weekly Farm News, and Farm and Ranch, both published at Dallas. You can look all thru the advertising columns and not see a single mongrel advertised for sale. If those mongrels are so good why don't you enter some in a poultry show and see how far you will get with them. Really, the mongrel chicken is a bad investment from every standpoint. Don't you think that some of the people that are making a living from poultry, and that get their entire income from chickens would have discovered before now that there was more money in mongrels than standard-breds? You cannot find a single poultry farm, a farm where they make the entire living from chickens, in the entire state of Texas or any where else, that keep mixed or mongrel chickens. We shall have more to say about this in a future article. Let it be sufficient: The wise man keeps standard-bred chickens, and the other man keeps mongrel chickens.

Breed to Select

We hold no brief for any particular breed. We do not think it wise to recommend any particular breed. We know that there are a good many profitable breeds. The old saying that the breed that you like the best is the best for you is partly true, but not entirely so. The way to select a breed is to make up your mind as to what product or products you want to produce and then study the popular breeds. In so doing, you will find that some breeds are better adapted for some things than others. Study the breeds and varieties very closely and thoroughly, and then let your likes help you select your choice. We have every color and color combination, many types and sizes, many plumage patterns, and varied dispositioned, standard-bred fowls. We are in position to please the most fastidious. Remember that there are good and poor layers in all breeds. After you select your breed, then select the best strain in that breed. The money in the poultry business is made keeping chickens for egg production, meat production or both. Raising show chickens is more or less of a side line and not as profitable as it used to be. People that are interested in poultry keeping now days are interested from a business standpoint. Use judgment

in the selecting of your choice of chickens. Do not let fancy, imagination, or oddity influence you. Remember that such breeds, as the Houdans, Silkies, Buttercups, Games, and others of similar characteristics and peculiarities are unprofitable breeds to select. If egg production is the primary object, then select one of the small varieties, like the Leghorns, Anconas, etc. If a combination of egg-production and meat production is desired, the Rocks, Reds, Orpingtons, and Wyandottes, etc are good. If meat production is the sole object which does not appear to be profitable in Texas, then the Brahmas, Cochins and Langshans should fill the bill. The small and medium breeds are today the most profitable in Texas. Our advice would be to confine your selection from among those breeds, namely the small or medium weight breeds.

As a strictly egg farm breed, the Leghorn heads the list, especially the White Leghorn, followed closely by the Anconas. As an all around general purpose or dual purpose breed, the Reds and Rocks are today the most popular especially the Barred Rocks of the Rock class. The Reds are perhaps more popular in Texas today than the Rocks. This does not mean they are more profitable. Other varieties like the White Rocks are very beautiful and profitable. The White Wyandotte is also a very beautiful and profitable breed. You cannot make a mistake to select any of these popular money making breeds. After you have selected the breed, then investigate the strain you want.

The Strain or Family of Fowls

As previously stated, there are good and poor individuals in all varieties of standard bred fowls. Some Leghorns may not be as good layers as some Rocks. In the Texas National Egg-Laying Contest, at College Station, this year, a single comb R. I. Red established a new state egg record, she has already laid more than 230 eggs and is still laying and the year is not up until the first of November. She is a wonderful layer. No doubt, she is from a good laying strain. A strain is a family all of the same variety, having established race character distinguishing it from other stock of the same variety. If a line of fowls have been selected and bred for egg-production, as an example by one breeder for a long time, in fact so long that egg-production is so well established in the family of the variety that the offspring as a general

rule are prepotent in that they transmit the egg-producing power to the offspring to a very large extent. A 180 egg strain, is a family of fowls, in which the largest number of the offspring will produce 180 eggs or more in a year. The family is noted and has been for a long series of years to produce better than 180 eggs per hen per year. Careful selection for many years for this purpose has succeeded in establishing that strain. In buying eggs, chicks or stock from such a strain, the buyer would be expected to get many 180 egg producers in the offspring.

Advertising Merits

Beginners that study advertising columns of poultry journals and farm papers can only become confused, because many breeders make exaggerated claims for their stock. It is too bad this is true, yet breeders in other kind of stock are subject to the same weakness. We do not believe that there is today a 300 egg strain, although some such are advertised. We know that there are only very few 200 egg strains. We read an advertisement of a Texas breeder one time, in which he claimed to have a yard full of 200 egg hens, when we feel reasonably sure after examining the flock that it did not contain one single individual that had ever laid 200 eggs in a year or is ever going to. The work or performance of one hen does not make a strain, any more than one swallow makes a summer. Egg records are something that too much guess work is being indulged in. We have observed that those that do not have trap nests are always the ones that make the most remarkable egg records. The number of eggs is not as important as the cost of producing the eggs. The hen that can produce a dozen of eggs the most economically is the most profitable.

Color of Plumage Means Very Little

In selecting a breed do not place too much emphasis on the color of the feathers. Many breeders have spent more time adding color to the plumage than eggs or meat producing ability. That is a great and fundamental error, from which it takes the poultry business along time to recover. The varieties that have a complicated plumage pattern as a rule are not as popular today as the one with a simple plumage pattern. That explains why the White Leghorn is today more popular than the Brown Leghorn. The same applies in most other varieties and breeds, but strangely enough it does not apply in

Rocks, because the Barred Rock is more popular than the White Rocks. The White Rocks are rapidly gaining in popularity. The fanciers have almost ruined some breeds, because they have made an effort to breed extreme, either color or type. It does not pay to breed extremes in either for egg-production, or fancy points.

Constitutional Vigor

The breed that possesses the most constitutional vigor is the most profitable in the long run. The same applies to strain. In buying your foundation stock, buy from a responsible farm, that recognizes the importance of preserving the health and vitality in all breeding operations. Constitutional vigor is the foundation of profitable poultry keeping. Stock that has year after year been bred in a small back yard, under more or less unnatural conditions, or more or less artificial conditions and surroundings is not healthy, strong or as vigorous as farm raised stock. This is important and every beginner is urged to bear it in mind.

FLOYDADA HI WINS OVER LOCKNEY SCORE 30-0

Floydada's team added another victory to their list of wins for this season when they defeated the Lockney eleven at Lockney last Friday. The Lockney boys fought like demons all the way but after the first quarter were unable to check the onslaught of the heavier "Whirlwind team." In spite of the fact that they lost two of their best players, Campbell and Gilbert, when they had to leave the field on account of injuries received, Lockney Hi put up a good game.

Very few passes were attempted, both teams resorting to line plunges and end runs throughout the greater part of the game.

The local boys played their usual steady game. They did not get into their stride until the last quarter but were on the offensive the greater part of the entire game. Lockney had the

ball in five yards of a touchdown at one time during the second quarter but Floydada tightened up and they lost their best chance of the game to score.

Floydada scored in the first quarter when Nelson carried the ball over on a line plunge. He failed to kick goal. Macyl Burke made the second counter on an off tackle run in the third quarter. Maurice Burke failed to kick goal. Bill Daily, on a sensational 15 yard run around left end, made Floydada's third touchdown. McDonald failed to kick goal. Henry raced 35 yards for a touchdown after recovering when Lockney fumbled in the fourth. McDonald failed to kick goal. Nelson scored the last counter for Floydada when he made a long right end run for 15 yards.

Mrs. E. P. Thompson and Mrs. A. P. Barker, of Lockney, visited at the home of Mrs. E. C. Henry in Floydada Thursday last.

Non-Metallic Minerals of Texas

IN THE MAGAZINE SECTION OF

The Floyd County Hesperian

Which will be published November 9th, Mr. E. H. Sellards, geologist of the University of Texas, writes of the non-metallic minerals of Texas. He tells in this series of our resources in minerals, such as, fullers earth, potash, salt, sulphur, copper, lead, zinc, iron, gold, silver, quicksilver, graphite, etc. Texas and Louisiana mines produce ninety-nine per cent of all the sulphur mined in the United States, the greater production coming from Texas. Our state is full of valuable minerals, and when fully developed, will rival the world in production of mineral richness.

Automobile Theft Mysteries in Hereford Country May be Solved by One Confession

Hereford Brand:

It is said that law breakers very rarely operate individually, or single handed. True, an occasional "Lone Wolf" pops up in the annals of crime. But such cases are rare. The usual understanding among peace officers is that when a man is caught in connection with a violation of the law it is almost invariably true that he has an accomplice somewhere. Therefore, persons arrested are usually put through the "third degree" in an effort to persuade them to loosen up and divulge information that may lead to the arrest of the others connected with the offense. Some prisoners are "hard boiled" and close-mouthed and give little information in return for a lot of hard work on the part of the officers. On the other hand there are many cases where a man, under pressure for days, will break down and talk.

And it is also a fact well known to officers that when a man does slip and start talking he usually reveals a lot of information about a lot of other devilment.

A startling case in point is now being handled by the city and county officers at Amarillo, aided by Federal officials, and by Sheriff Purcell of Deaf Smith county. And the whole investigation started through the arrest of Joe Talmadge by Mr. Purcell, charged with purloining the car of George Turner of Friona last summer. It will be remembered that the sheriff brought Talmadge here in the car with the last whiskey still he and deputies Hill and Phillips located in Oldham county. Talmadge made appearance bond in the case and was released. At the recent term of district court in Parmer county Talmadge was indicted, re-arrested and again made bond.

In the study of this case Mr. Purcell came into certain information that another man was implicated, and asked the Amarillo officers to keep a lookout for him. Last week this man was picked up by Amarillo city officers and Sheriff Purcell notified. He went to Amarillo and joined the city and county officers in pumping this man. After a lot of hard work they finally got him to talking: Once started he unwound like a ball of yarn. The officers had a long list of missing cars from this section and asked him about them, one after the other. The result was that the man gave names and information about several car thefts in this section that have puzzled the officers for months. In all it is now figured by the officers that they can trace and locate twelve different automobiles that have been stolen within the past few months, all through scraps of information furnished by this man. Each scrap was traced down, or is being traced down, and already several additional arrests have been made, with more to follow.

The investigations under way are being handled through Federal sources and the officers believe that when completed a more or less organized gang of car thieves will have been effectually broken up.

It seems that these men operate at different points, swipe several cars, meet in the "breaks" on the Canadian river, and proceed to tear down the cars and swap parts and bodies so as to conceal the identity of each machine. They have operated from Oklahoma City to Juarez, Mexico, according to the information secured in this investigation. Different men work together at different times, apparently, but they all seem to know what the others are doing, more or less.

FILM FIRE CONFINED TO PROJECTION ROOM

Few people in Floydada knew that a fire occurred last Friday night at the Olympic Theatre. It was a terribly stinking fire and there was lots of smoke, enough to burn up a whole row of buildings.

But a little tin box contained all the fire there was and this inside an asbestos lined, tin covered room made the fire's chance of spreading a slim one. The fire started when Bill Hayes, the operator, was testing out a reel of film. It is next to the impossible to stop a film burning after it ignites, and so the only thing for an operator to do is to shut the lids and the doors and leave until the smoke and smell clear away.

HARMONY NEWS WEEKS
ENDING NOV. 1 AND 7th

Nov. 1.—Mrs. Erx Williams was taken to Plainview to the sanitarium for an operation for appendicitis last Tuesday. She is reported doing nicely. Mrs. M. W. Heard is in Plainview for a few days to be near her daughter, Mrs. Williams.

D. T. Scott and family went to Plainview Saturday afternoon to attend the funeral services for their cousin, Mr. Wofford.

Will Hilderbrand, a former resident of this community, came in Saturday for a visit with old friends here.

Frank Baird started Saturday on a trip to El Paso.

The Children's Missionary Society, under the leadership of Mrs. W. C. Hanna, gave a special program at the church Sunday afternoon. There was a good attendance. At the close of their program Rev. Davis gave the children an interesting talk.

Mr. and Mrs. Guila Snodgrass entertained the young folks and many friends with a Halloween party Tuesday night, October 31. At an early hour the masked guests began to arrive and were met at the front porch by a ghost and invited to remain there while the other guests were coming. By the time all had come there was a varied assortment of ghosts, witches, demons, mother goose characters and even the up-to-date Gold Dust Twins. The guests were then invited into the house which was appropriately decorated for the occasion and lighted inside and out with pumpkin and Japanese lanterns. Games and jokes suitable for this "eve" were played, which furnished much amusement to all. At a late hour refreshments of pumpkin pie and hot cocoa were served and the guests departed feeling that they had indeed spent a pleasant evening.

Nov. 7.—The Woman's Missionary Society met in business session at the church last Thursday.

Friends of Sim Burrows were sorry to hear that he had undergone an operation at the Plainview sanitarium last week. He was formerly of this community but now lives in Plainview.

Albert Clubb was a Plainview visitor the latter part of last week.

Earnest Bagwell and Ralph Thomas were in Plainview Saturday. Mr. Thomas has recently come from Southern Texas to make his home here.

Quite a number from here went to Ralls Saturday night to the movies.

M. D. Ramsey made a trip to Wichita, Kansas, and return last week.

The young people had charge of

the service Sunday night. They gave a short home mission program.

Our new pastor for the coming year is Rev. Blevins. Our former pastor, Rev. L. H. Davis, goes to Abernathy.

Mrs. George Finkner is visiting relatives in Kansas. She has mother, sister and brothers living there.

L. E. Williams, Robert Gary and Rev. and Mrs. L. H. Davis returned from the annual conference of the Methodist church at Quanah, Monday.

CENTER

Center, November 7.—I'm afraid that bluster Saturday blew all the news away. For some reason I don't have much.

Mrs. N. R. Austin has been sick for the past three weeks. She is taking daily treatments.

Mrs. Carr Scott is having quite a lot of trouble with her right hand. First, she stuck something under the thumb nail that inflamed and was very sore, then a runaround on a finger of the same hand.

Quite a shower and wind at Mr. Noland's Saturday. Blew wagons and things around promiscuously.

Misses Sophia and Glennie Austin spent the week-end with home folks.

Mr. and Mrs. C. Foster were Floydada visitors today.

We had a great time at Center Saturday night and Sunday. The Wayland College Volunteer Band came down. Twelve came Saturday night and we had a great service, then again Sunday a greater service.

The sincere and earnest devotion to the cause they represent was enough to convert the hardest sinner and many of them made as strong a plea to the unsaved as we ever heard. The spiritual blessings that came to us were so many that we can never thank the band enough for coming our way, but we can pray God's richest blessings and guidance in all their undertakings in His name. There was one conversion at the afternoon service. The house was crowded almost to its capacity. Fairview and Floydada were both well represented. Sunday morning Mr. Clements (one of the faculty) and Arthur Jordan came down for the day.

Those of the band from Floyd County were Clay Muncy, Louise Wright and Virgil Lemons.

Mr. and Mrs. J. H. Foster and sons spent Saturday in Floydada shopping.

Miss Tivis spent the week-end with her sister, Mrs. Weems.

Miss Eula Wright spent Saturday with Miss Effie Noland.

Tom Lemons and family attended

services here Sunday afternoon.

Mrs. W. C. Spence has been real sick again.

No school today on account of it being election day and having to use the school house, so Miss Sophia Austin is spending the day with Mrs. Cozby.

EXERCISE GIZZARD MUSCLES

Soft-Feed Idea Can Be Overworked by Poultryman—Time of Feeding Will Vary.

Many of the most successful poultry men feed a part of the daily grain ration ground. Many of these feed the ground grain moistened with milk or water, although more feed it dry. A fowl's gizzard can grind all kinds of grain, but it is considered more economical to have a part of the grinding done by steam or water power.

However, the soft-feed idea should not be overworked. Beginners often reason it is cheaper for the miller than for the fowl to grind the grain; but the powerful muscles of the gizzard are there to be used, and experience has shown the balance of power of functions in the fowl's economy makes the vigorous exercise of the gizzard beneficial. When feeding moistened ground feed, have it a comparatively dry, crumbly mash, and not a thin slop. Give what they will eat readily in 15 to 20 minutes.

Poultrymen do not agree as to the time of day when soft feed should be fed. Some say it should be fed in the morning, others at noon, and still others at night. Many give the ground feed in the morning, a large number at noon, and a few at night. The number who feed at noon, however, is becoming larger. In the egg-laying experiment in West Virginia reported to the United States Department of Agriculture, the egg production was practically the same whether mash was fed in the morning or at night.

NOT FIRST TO SPLIT PANAMA?

Discovery Seems to Show That Present Canal Had a Predecessor in the Long Ago.

A recently completed study of a large collection of marine fishes collected on both the Atlantic and Pacific shores of Panama before the canal was dug, indicates quite conclusively that in comparatively recent geologic time there was a passageway from ocean to ocean, where the isthmus now stands. Of 640 different species of fishes taken in the investigation, 72 were found on both sides of the narrow strip of land.

Many of the fishes on both sides of the isthmus which are considered scientifically distinct, are nevertheless very closely related, and doubtless have been derived from common ancestral species. The modifications in external appearance, habit or anatomy which have been sufficient to cause them to be recognized by the systematist as different species, have probably resulted from the different manner of life each assumed after the throwing-up of the dividing land. On the Atlantic coast the bottom is deep and rocky, while in the Pacific the shore is shallow and sandy. The adaptation of the fish to a new environment would be sufficient to cause the modifications noted in the closely related species.

ENDS SMOKER'S WORRIES

A French physician, Doctor Ambial, told a medical association that all deleterious effects of tobacco smoking may be prevented by adding to the tobacco the stamens of the little plant known as "colt's-foot." Doctor Ambial declares that he can smoke 30 cigarettes a day of this mixture without inconvenience. The only change noticeable in the tobacco, which retains its aroma perfectly, is that it seems to acquire some resemblance to oriental tobacco.

ANNOUNCEMENT

To all my friends and members of the Floydada Circuit:

The pastor who succeeds me on the circuit requests me to announce through The Hesperian that he will fill the appointments as established, and earnestly desires the attendance and sympathetic co-operation of all the members and friends in the charge.

As the retiring pastor, I bespeak for my successor, Rev. Brotherton, a prayerfully loyal and sympathetic co-operation of the church throughout the charge.

Whereto we have attained, let us walk by the same rule; let us mind the same thing.

M. L. MOODY.

INDUSTRIAL EXPOSITION AT AMARILLO NOVEMBER 23-25

The Jobbers & Manufacturers' Association of Amarillo will on November 23, 24 and 25, stage in Amarillo what is conceded to be the greatest industrial exposition ever attempted in the Southwest. Amarillo made articles, together with commodities handled by jobbers who have distributing houses there will be displayed, and thousands of visitors representing all sections of the Panhandle, Oklahoma and New Mexico will be there to see the display, it has been announced by officials of the organization.

The exposition will be held in the J. I. Case Threshing Machine Company's building, and display booths are being arranged to accommodate the showings.

Amarillo is conceded to be one of

the fastest growing manufacturing and jobbing centers in the Southwest, and being in the heart of the world's greatest gas field, a tremendous growth of the manufacturing and industrial enterprise is believed inevitable.

Texas made products are rapidly becoming very popular, and the demand is growing greater every day, according to the local wholesale interests, and for that reason, the exposition at Amarillo is attracting wide attention.

Amarillo jobbers and manufacturers are urging the retail merchants of the entire Panhandle to lend their co-operation in making the exposition truly representative of the industrial activities there, and many of the merchants and business men are responding, and will urge their customers to attend the display.

The financial budget for the enterprise has been assured and committees from the association are at work arranging the details. In connection with the showing of manufactured products and merchandise jobbed through this point, a program of music and entertainment of exceptional merit is being arranged, including band music, orchestra music, vaudeville performances, dancing and other forms of entertainment.

Amarillo's hotel accommodations have been greatly increased within the past few months, but reservations for rooms should be made early, it was announced by officials of the association. For full information concerning accommodations, those who expect to come to Amarillo should get in touch with E. B. Sanders, secretary of the Jobbers & Manufacturers Association, National Bank of Commerce Building Amarillo.
