

F. F. F. HIGHWAY CONVENTION DELEGATES ROYALLY ENTERTAINED IN FLOYDADA

Business Sessions Result in Definite Plans for Popularizing Route With Autoists—Crowell and Las Vegas Next Meeting Places

Ending with a barbecue and watermelon feast on Blanco Canyon six miles south of Floydada, the First Annual Convention of the Fort Worth Floydada-Frisco Highway Association drew to a close last Friday afternoon and the delegates, who had been in session for two days left for their homes.

At the morning session of the closing day Crowell, Texas, was chosen for the spring business meeting of the Association to be held on the third Monday and Tuesday of April, 1922, just before the opening of the summer tourist season next year, and Las Vegas, New Mexico, was chosen as the place for the general annual convention to be held at a date to be set sometime in the advanced part of the summer season, possibly early August.

H. E. Ferguson, druggist, of Crowell, presented the name of his town and asked for the spring business meeting there. He declared his city would be proud to have the association at this business meeting and would make the stay of delegates a pleasure throughout.

Following the unanimous vote to hold the spring meeting at that place, Robert J. Taupert, jeweler, of Las Vegas, presented his town's name and invited the Second Annual Convention there. "Our idea is to have the people along the entire route attend this convention, making it a regular jollification and vacation of several days, a day or two of which should be given over to the business of the association," he said.

Shook Presides The sessions of the first annual convention of the highway opened at two o'clock Thursday. As a large crowd as had been expected by citizens of Floydada was not present but the representation was general and the meetings enthusiastic throughout.

Banquet a Success The banquet tendered on Thursday night by the Mothers' Club of Floydada in the basement of the Methodist Church, was declared by many visitors present to have exceeded anything of its kind ever attempted in the panhandle. Approximately 200 persons were seated and served by the women of the club, and although the affair lasted until past midnight all present remained until the last number.

The banquet was served in three courses. Captains were detailed to each table and so systematic was the plan for handling the service that each guest was served without delay. Sweet peas, nasturtiums and daisies in bouquets with fern were used as favors.

E. C. Nelson, Jr., of this city, presided as toastmaster, and among those who responded to call were Ford Shook, president of the Association, T. Z. Reed of Lockney, C. W. Wilson, of Mineral Wells, G. D. Self of Crowell, E. H. Perry of Plainview, Donald Stewart of Las Vegas, J. L. Boswell, of Plainview, A. Pennington of Lockney, D. W. Jones of Clovis, R. J. Taupert of Las Vegas, Col. R. P. Smyth of Plainview, Joe L. Pope of Amarillo, Judge C. L. Glenn of Matador, Oscar L. Thomas of Paducah, R. H. Nichols of Amarillo, Superintendent J. F. Anton of Slaton, Curtis Hancock of Dallas, H. A. Sammans of Dallas, J. M. Adams of Plainview and Judge F. P. Henry and R. E. Fry, City Music furnished by the Floydada Harmonizing Six, a local orchestra.

RANDOLPH NAMED ON COMMISSION OF APPEALS

Will Accept Place Tendered by Governor Neff—First Plainsman to Be So Honored

Judge H. C. Randolph, of Plainview, has been named as a member of Section A, Commission of Appeals, and will leave for Austin to take up his duties in the earlier part of October.

The announcement of his appointment to the place by Governor Neff the latter part of last week was the signal for rejoicing on the part of many friends of this South Plains attorney, who believe that the appointment recognizes a citizen of real merit and at the same time gives the first representation the bar of the panhandle has had on the supreme court.

Judge Randolph was in Floydada the first of the week. While here he was arranging the disposition of a number of cases in which he is attorney before the court here, the limited time in which he must arrange to be in Austin making it necessary for him to give over his practice in the meantime.

The judge was among the first graduates from the University of Texas law school and distinguished himself in practice in Coleman County before coming to this section a number of years ago, since which time he has been one of the leading attorneys before the courts of this territory.

While accepting a place on the Commission of Appeals Judge Randolph has filed his resignation with the State Executive Committee of the Democratic Party and has recommended that Judge J. N. Stalbird, of Lockney, be named in his stead. The latter has signified his willingness to accept the place, it is said, if tendered him, but will make no effort to get on the committee.

FIRST BALE SOLD HERE BRINGS 20 CENTS POUND

The first bale of 1921 cotton raised in Floyd County and sold on the Floydada market brought 20 cents this week.

The bale was raised by R. E. Warren, southwest of Floydada, was ginned by the Farmers' Gin Company and bought by J. U. Borum. Mr. Warren said that his cotton was opening very satisfactorily.

A premium list is being made up today for the first bale. It is believed quite liberal donations will be made by the business interests for this first bale.

Miss Helen Sharpless of Stonewall, Oklahoma, is here visiting with Mr. and Mrs. L. A. White. She will spend the winter here.

tra organization, came in for high praise as did the great feed provided by the ladies of the Mothers' Club. Rev. C. B. Meador, pastor of the Methodist Church pronounced the invocation, and Messrs. Elmer Wood and Truett Butler sang with Mrs. J. V. Daniel at the piano.

At the final business session held Friday morning at nine o'clock, a contract was let to the Texas Automobile Club for marking, logging and exploiting the F. F. F. Route. This will cost approximately \$4 per mile, it was stated, and the highway association plans to spend directly in publicity and exploitation \$25 per county traversed on the route before the opening of the spring meeting at Crowell. The belief was expressed at the time by officials of the organization that a very heavy increase of travel may be anticipated next season. Two members were added to the board of directors making the total seven. The two new members are C. W. Wilson of Mineral Wells and G. W. DeOlivera of Santa Rosa. All the officers and directors chosen at the re-organization meeting held in Plainview in July were held over for another year.

HEARING HELD ON SCHOOL DISTRICT IN UNIONS

Decision of District Judge Jones Will Likely Not Be Made Until Monday

The injunction suit of W. W. AASBley and others against the Floydada Independent School District was argued by attorneys before District Judge R. C. Jones in District Court here Tuesday afternoon and Wednesday morning, and a decision from the judge is expected about Monday.

The hearing was for the purpose of determining whether a temporary injunction granted, the plaintiffs filed last spring will be made permanent.

At that time the court granted the plea of the plaintiffs for a temporary order restraining the school district from collecting school taxes on land in the south part of the district comprising approximately 5000 acres of land, and also of the bonds totaling \$90,000 worth of bonds voted in an election held earlier in the spring for the construction of a new school building. In the suit the question of liability is also raised, the plaintiffs alleging the district due them \$1000 back taxes collected back to and including the year of 1917. This will amount to several thousand dollars and the decision of the court will also include an opinion on this point.

The question of the liability of the proceedings by which the school district in the south part of the district was added to the district is raised in the suit and should the opinion of the court be adverse to the defendant school district and this opinion be upheld by the higher courts, in case of appeal the land affected in the suit would then be a part of the school district in the county, the \$90,000 bond issue would be nullified as to that part of the district and the \$1000 maintenance tax for the school voted this summer would also be of no effect in that portion of the district.

The school board has apparently conceded the point raised in the hearing that taxes could not be levied and collected on the section sections to meet interest and sinking fund on bonds outstanding at the time the land was added to the district by act of the legislature as the tax rolls for this year are being made up so as to make the original district bear all this burden.

Martin & Williams are attorneys for the plaintiffs and Agnes & Nelson for the defendant school district.

Two other non-jury cases are set for this week by the court. One of these is the case of Wolf & Robbs, involving a boundary in the north part of the county, the other being the plea of W. W. Smith, of McCoy, before the court in which he asks for a restraining order against Floyd County preventing the establishment of a road as ordered and approved by the commissioners' court, and asking for damages. A boundary line is also involved in this case.

WATER WORKS EXTENSION BONDS VOTE OCTOBER 22

The City Council at its regular meeting last week definitely determined to submit to a vote of the people of the City of Floydada the question of making extensions of the water works system of the city. This need has been pressing for more than two years officials of the city declared. Demands for the extension of service to thickly populated sections of the residence districts built up since the last improvements were made on the mains is growing more insistent and many makeshift subs has laying small pipe several hundred feet from the further extremes of the mains have been resorted to in order to take care of some of these while awaiting reductions in prices of materials.

The council are unanimous in the belief that with the increased supply recently guaranteed by the excellent water added on the city's side south of the stand pipe the additional load can be handled with more ease than the present demand has been supplied from the supply heretofore furnished. Last year an estimate of the needed extensions in mains to give better fire protection and supply demand from the city water works can be met total of several thousand feet.

The proposition to be submitted to the voters of the city will be for the issuance of \$15,000 worth of six per cent bonds, which officials think will take care of the immediate needs next spring. Several property owners have expressed the belief that the proposition will carry easily.

HIGH SCHOOL FOOTBALL TEAM GETTING INTO CONDITION

Games Already Scheduled for Season Until Early Part of November

The high school football team began its second week of training Monday with a line up which has exceeded in the history of the school according to the men who are watching the team work out. Practically every position on the team is receiving a good competition besides that of quarterback which is being held by Captain Hillis Moore who was unanimously selected as being the best man for that place.

There are possibly thirty men trying to get into place on the team according to Coach J. C. Westler and from this material a line weighing on an average of 135 pounds per man with a backfield averaging close around 140 pounds can be selected. Some of these are over six feet tall and have already made over half the distance of making their positions.

All the games of the season will be played on Saturdays as is not the custom with the school work. The first game on the present schedule is with the Sabers and will be played at that place Saturday, September 24. Following that game the schedule reads: October 1, Hillis Center at Hillis Center; October 8, Plainview, at Floydada; October 15, Hillis Center at Floydada; October 22, Tulsa Place at Hillis Center; October 29, Lubbock at Lubbock. The Thanksgiving game will be played with Lockney here however, the entire part of November including Armistice Day game is yet to be arranged.

Mr. Westler is being assisted as coach by John Colville and Leland Dawson who are both experienced football men and are viewing the future of the team from a distinctly optimistic viewpoint.

FLOYD COUNTY DISTRICT COURT OPENS FALL SESSION

Grand Jury Empanelled Monday Morning—Appearance Docket Sounded Non-Jury Cases this Week

District Court for Floyd County, Fall session of 1921, opened Monday morning. Following empaneling of the grand jury, the appearance docket was called and was sounded at one o'clock, many of the cases being set for trial.

This week non-jury cases will be heard in open court, having been summoned on the 14th.

District Judge Jones is presiding. He has regained his strength to a large extent, following a severe illness which kept him in his room during the entire part of the sessions of the court in Hall County.

The grand jury for the term is as follows: A. J. White, foreman, J. M. Wilson, L. C. McDonald, N. T. Adams, D. P. Carter, H. D. Hood, W. J. J. C. Garrett, M. S. Riker, J. H. Upp, T. E. Cowart, W. D. Long and G. L. Fryer.

The petit jury, summoned for next week is as follows: P. H. Janey, E. H. Rankin, C. L. Allman, G. W. Ramsey, W. F. Holladay, A. H. Manning, C. R. Veigel, W. F. Borch, D. R. Baggett, J. G. Martin, L. H. Donnelly, W. S. Rexrode, O. W. Kink, J. J. Brown, L. P. Osbun, O. C. Combs, T. R. Milligan, Allan Cook, R. C. Smith, M. Gary, I. S. Webb, N. A. Axman, B. C. Samas, E. D. Kelly, J. W. Jones, C. M. Cahill, H. C. Shurtz, S. Q. Waddell, G. R. Patterson, G. C. Collins, M. D. Ramsey, W. E. McGinnis, O. J. Ladd, C. L. McReynolds, E. T. Pratt, Lee Howard.

FIRST TWO LYCEUM NUMBERS AT PARK TABERNACLE

The first two lyceum numbers on the program for this year, sponsored by the Floydada Lyceum Committee, will be held at the City Park Tabernacle, and G. A. Linder, secretary of the Lyceum committee, is planning the seats in the tabernacle for the sale of season tickets.

The first number will be held on the evening of September 26th, and the second on October 6th. Reservations were made by many people during the season and the committee is arranging for these people to be taken care of during the latter part of this week, when a salesman will be placed at the Woody Drug Company to deliver tickets and make off reserved seats, which are to be priced at \$2 and \$3.50 for these seasons reserved seats.

FEATURES OF SUFFRAGE AMENDMENT ARE EFFECTIVE

Controller Informs Collecting Officials of Legal Procedure in Making Collections

The following letter, which is fully explanatory on the subject of Poll Tax amendments under the Suffrage Amendment to the state constitution, has been received by Tax Collector J. A. C. Gibbs under date of September 13th from L. M. A. Smith, State Controller at Austin:

"The Suffrage Amendment submitted to the qualified electors of this state at the July election 1921 was on the 7th day of this month declared carried, and in accordance with the provisions thereof became self-executing without the necessity of further legislation.

"The Collector is therefore advised that he is to collect the poll tax of the state at the July election of the Ad Valorem Tax assessed there with but no other community property covered by one assessment, with which the poll tax of each is assessed, without also paying both Poll Taxes.

"If the husband and wife are either of them have separate property and score debt, together with their respective Poll Taxes, the Ad Valorem Tax of the husband can be paid with the Poll Tax assessed there with if the wife has not paid her poll tax.

"Any voter subject to the payment of a Poll Tax shall have paid said tax before offering to vote at any election in this State and shall hold a receipt showing that said Poll Tax was paid before the first day of February next preceding such election."

OPPEHUS FOUR WOOD \$3000 GRAND PRIZE

America's Premier Male Quartette to Be Heard Here Soon in Popular Concert

The Oppehus Four Quartette, official organization of the Oppehus Club of Los Angeles and winners of the International Grand Prize of \$3000 at the Panama Pacific Exposition, is to appear here on the evening of Monday, September 20th at the City Park Tabernacle.

The Oppehus Four is undoubtedly America's premier Quartette. It has succeeded as no other and it is former tours of the country, have won the finest newspaper criticisms ever written concerning any similar organization.

The repertoire of the Oppehus Four includes, literally, hundreds of compositions. It is probably the most extensive of any Male Quartette in the world. Ranging from the diling melody of popular songs to the profoundest harmonies of grand opera, every selection discloses clarity of individual tone, delicate blending of voices compass, and thorough command of tonal contrast and coloring.

The coming of the Oppehus Four is arousing considerable interest in musical circles; for it realized that the opportunity is at hand to hear the most popular Male Quartette in America.

JUNIORS WILL PUBLISH "TALKER" THIS YEAR

The school paper, which was originated by the junior class last year and named the "Talker" by the high school students will be published again this school term, being edited and managed by members of the junior class, as usual. It is much desired by the faculty and student body that the paper become a permanent part of the school work, and in fact as the editing of an annual usually falls to the senior class it has been decided that every year the members of the junior class shall have charge of the "Talker" or school publication. However, this paper is to deal with the school work of every member of the high school, the literary and athletic work being stressed.

In a class meeting of the juniors Tuesday the following staff was selected: Otho Harris, editor-in-chief, Robert Ebbank, business manager, Jane Thompson, secretary, Margaret Griggs, treasurer, Evelyn Neill, society editor, and Maurice Boake, athletic editor.

COMMISSIONERS SVOU ISSUE REFUNDING WARRANTS

Contract with Geo. L. Simpson & Co. to Sell \$1,000,000 of Bonds at 85 Cents

The Commissioners' Court by a 4-0 vote Monday of this week contracted with Geo. L. Simpson & Co. for the sale of approximately 800,000 worth of county warrants on the basis of 85 cents on the dollar. If the contract is carried out, refunding warrants totaling the sum named will be issued in serial style, due 1 to 10 years from date of maturity and bearing six per cent interest. The warrants will be dated October 15th.

Under the proposal submitted by Mr. Simpson and accepted by the county Commissioner, R. L. Orman, dissenting, the commissioners are to select their best efforts to make up a list of outstanding warrants, giving their register number, date, to whom payable and the amount of each warrant, furnishing this list to the buyers not later than October 5th. Under this arrangement the usual procedure followed is to get as many as possible of the warrants in the hands of a single depositor or institution, who, which makes a affidavit to the facts named above and who in turn receives the money for the warrants. Some years ago a similar movement was started by a preceding court but this feature of the situation made it impossible to carry out the made as the warrants of certain years in the hands of many different owners.

Foundation of a rumor that an injunction would be filed to prevent the court from carrying out its contract with the Simpson proposal on the sale of the refunding warrants at eighty-five cents on the dollar, could not be found by The Hepparian yesterday. Judge Clark sided with Mr. Orman in objecting to the sale of the warrants and signed the contract as made by the court today, after stating over his signature that he objected to the contract, believed it ill advised and that he advised against it.

NEW LAUNDRY WILL BE OPENED SOON HERE

Building Being Erected by Owners of Plainview Steam Laundry—Fr. W. Anslary in Charge

Margie Hayward and Fr. W. Anslary, proprietors of the Plainview Steam Laundry, the latter part of last week began the construction of a frame building on East Lee Street, which will house a steam laundry in Floydada.

The new enterprise was decided upon recently by Messrs. Hayward and Anslary, who upon establishing a full-time agency, have found the business obtainable in Floydada and in town in adjoining territory amply justified the establishment of the laundry.

Machinery and supplies for the new laundry have been bought and are en route and the new plant will be opening in approximately thirty days, after making allowance for delays, possibly at an earlier date.

Fr. W. Anslary, of the firm, will move to Floydada, with his family, as he can obtain a house and will have charge of the business at this place. The enterprise is expected to prove a success from the beginning, the necessity for the location of a laundry here in order to develop all the available business in Floydada and adjacent territory having been recognized for some time.

SOUTH PLAINS FAIR BOOSTERS COMING SEPTEMBER 29th

Louis F. Moore, former Floydada, now district clerk of Lubbock County, is chairman of the Committee of Boosters Excursions for the South Plains Fair, a movement sponsored by the Junior Chamber of Commerce of Lubbock. Mr. Moore, in a letter sent this week to The Hepparian, says that the Boosters' Special train of routes which will make Floydada on September 29th, will be here in the early forenoon. The itinerary for the day includes Petersburg, Floydada, Plainview, Hale Center and Abilene.

"Our party will include plenty of noise and fun," Mr. Moore says. "And a hearty welcome and a standing invitation is extended to everyone to visit us during the South Plains Fair in Lubbock on October 4th, 5th, and 6th."

BORN—To Mr. and Mrs. H. T. Laughter, September 12th, a daughter.

BORN—To Mr. and Mrs. Cyrus Wright, September 18th, a son, city.

THE AMERICAN PRESS ASSOCIATION

The Plains Stockman-Farmer is the third magazine or farm journal to be established in Amarillo in recent years. It is a weekly devoted to the upbuilding of the panhandle, according to an announcement made by its editor, Lee Satterwhite, formerly of Tullia, later of Panhandle, now of Amarillo, prominent legislator and candidate for speaker of the House of Representatives. The sheet is a sprightly one and judged from the patronage of business houses in Amarillo, will do well.

NEWS OF LOCKNEY

From The Beacon:

Mrs. L. O. Landrum has received a message stating that the body of her son, Willie Landrum, who lost his life in France is being shipped home. It reached the States the 16th, and is expected to reach Lockney about the 21.

Willie Landrum was the only Lockney boy to lose his life in the World War. Landrum Post American Legion of Lockney is named for him. He lived here near Lockney with his mother prior to going over seas, and was a piano tuner and musician by profession. He was a splendid young man, and enjoyed the esteem and respect of all with whom he came in contact. He was only one out of the many who paid the supreme sacrifice and gave his all for his country.

On the arrival of his body in Lockney it will be taken in charge by the Landrum Post American Legion, and will be given a military burial. This will be the first funeral to be held by Landrum Post. The Post will be assisted by the Ray Blakemore Post Plainview, and Legion members from other places. The date for the funeral cannot be announced at this time, owing to the uncertainty of the arrival of the body. It will probably be held on Sunday afternoon following the arrival of the remains.

Mayor John Byington informs the writer that the City of Lockney will erect city jail at once, and that it will be located on East College Street, on the Sam Livingston lots. Two lots have been purchased from Mr. Livingston, and a car of gravel has been ordered, and the work will start as soon as the material can be put on the ground. The jail will be modern and commodious, and will accommodate all the law breakers of this section.

Mr. Byington informs us that it is the intention of the City Council to erect a city hall on this property as soon as they can, and in erecting the hall it will be planned and constructed that it can be built onto and turned

Lockney Public School opened today with an enrollment of 40. This is the largest enrollment in the history of the Lockney school.

The opening services Monday were held in the chapel. Talks were made by Judge E. P. Thompson in behalf of the Board. Prof. Wilson outlined his work and made a short talk to the student body. The opening services were impressive, students and teachers showing their earnestness in the work they were entering upon.

CONGRESSMAN JONES PAYS VISIT TO FLOYDADA

Congressman Marvin Jones, who is spending a three or four week vacation at home during the recess in Congress, was in Floydada last Friday afternoon for a short time. He was on a seven-county tour of the district in company with a friend, meeting his constituency.

Mr. Jones spent Wednesday of last week in New Mexico, filling dates at Portales and Clovis in the senatorial campaign being waged in that state. He is on the north plains this week.

GIRLS' BASKET BALL TEAM IS ORGANIZED

The high school girls have organized their 1921-22 basket ball team with twenty to tryout. They are being coached by Misses Higgs and Haymes.

Earl Wilks and family of Childress, Texas, are here visiting his parents, Mr. and Mrs. T. Y. Wilks. They have been here since Friday of last week.

Miss Pearl Kerlin left Thursday morning of last week for her home in Clayton, New Mexico, following a months visit here with her sister, Mrs. Kent Foster.

Floydada Drug Co.

Local showers continue to fall on Floyd County and are proving of great value to farmers in the preparation of wheat lands for fall sowing. The rains are bringing up weeds and volunteer wheat so they can be turned under and farmers will be very busy at this work in the course of a few days.

At Floydada eight-tenths of an inch of rain fell Saturday night and practically the entire county got some rain during the period of showers, giving ample season for all present needs.

Mr. and Mrs. M. L. Kizziar and daughter, Miss Evelyn, left the latter part of last week for Vernon, Texas, where they are visiting her parents, Mr. and Mrs. J. H. Lloyd.

COLLEGE OF INDUSTRIAL ARTS

(STATE COLLEGE FOR WOMEN) DENTON, TEXAS.

The College of Industrial Arts offers the following advantages to Texas girls: (1) a pleasant, healthful, and accessible location in the State of Texas, (2) an unimpeachable moral and religious environment, (3) freedom distracting internal and external influences which tend to lower the morale of the student body and the value of the work of the College, (4) a standard of living that discourages extravagance, and promotes a democratic spirit in keeping with sound economy and with the best American traditions, (5) courses of study that combine sound culture and accomplishment with preparation for practical, useful living; that chiefly keep in view the needs of the present and the future; and that are flexible enough to allow, within safe limits, conformity with the aptitudes and inclinations of the individual student, (6) a faculty of college and university trained specialists—men and women of maturity, scholarship and demonstrated teaching ability, (7) an administrative system that develops initiative, resourcefulness, and self-control on the part of its students, and fosters the highest ideals of character and conduct.

It is a College of the first class and gives literary, technical, and vocational training of the best quality, designed to develop mental discipline, social culture, spiritual vision, and efficiency. It confers the degrees of bachelor of arts, bachelor of science, bachelor of music, bachelor of business administration, and bachelor of literary interpretation; awards vocational diplomas and certificates, and issues teachers' State certificates.

The next session of the College opens Tuesday, September 20, 1921. For further information or for the latest catalogue, address—
